Gravesend Board of Trade,
No. 1788 Gravesend Avenue,
Brooklyn, N. Y., May 6, 1910.

Board of Aldermen, City Hall, New York City:

Dear Sirs—At a meeting of the Gravesend Board of Trade, held on the 5th inst., the Secretary was instructed to forward to the Board of Aldermen the following resolution:

“Democracy,”
No. 23 Duane Street, New York City,
May 10, 1910.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—In view of the excessive prices members of the Police Force have to pay for their uniforms and supplies, as told in the accompanying clipping taken from “Democracy” of May 7, we would respectfully suggest the establishment of a tailoring shop at which all City employees requiring uniforms may have them made at cost price; or if this be too paternal or socialistic, it might be advisable to let a yearly contract for making such uniforms to the lowest responsible bidder.

Investigation leads us to the belief that a price of from \$38 to \$45 for winter coat and trousers for a Policeman is excessive. The cloth used in police uniforms is not as durable and as good a cloth as that used by the United States sailors, and naval uniforms cost fully 25 per cent. less than those of our police.

Trusting that your honorable body will take this matter up in justice to 8,000 decent, hardworking men, we remain

Yours very truly,

EDGAR MELS, Managing Editor.

“Democracy,”
No. 23 Duane Street, New York City,
May 11, 1910.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—Yesterday I took the liberty of writing to you to call your attention to the excessive cost of police uniforms and stated in that letter that I had enclosed a clipping from “Democracy” of May 7, relative to the subject in question. Carelessness on my part resulted in mailing the letter without the clipping, which I enclose herewith.

Very respectfully yours,

EDGAR MELS, Managing Editor.

Patrolmen Forced to Pay Exorbitant Prices for Uniforms and Supplies.

The rank and file of the Police Department is much wrought up over the excessive prices charged by the Department for uniforms, caps, belts, pistols and all other supplies and more especially over the fact that they must buy their supplies from certain contractors, whereas members of the Fire Department can buy their supplies anywhere they please and at prices far below that charged to the police. While there is no hint or suspicion of graft on the part of anybody, the prices charged to the police are so unreasonable that the whole matter will probably be laid before Mayor Gaynor before long for a complete investigation. His attention will be called to the fact that where a Policeman has to pay for everything, no matter how trivial, the Fireman receives everything, except his uniform and cap, free of all cost. The police will ask the Mayor why this should be so and why one Department should be favored at the expense of another.

A comparison of the prices shows that a Fireman can buy a flannel uniform anywhere he pleases at a cost of about \$13.80 and a cloth suit for about \$4 more. A Patrolman must buy cloth for summer coat and trousers at \$2.20 a yard; cloth for winter trousers at \$3.20 a yard; cloth for winter overcoats at \$3.60 a yard; for dress trousers at \$3.05 a yard and cloth for dress coats at \$4.30 per yard. These cloths must be bought from one firm of contractors, with whom the Police Department has an arrangement for

this purpose, but any tailor can make the uniform. As a result, a summer uniform costs the Patrolman \$18, a winter uniform from \$40 to \$50 and a dress coat and trousers from \$32 to \$38.

But the expenses of outfitting a Patrolman do not end here. He must buy buttons at three cents each; precinct numbers at the rate of two for seven cents; straps for clubs, five cents each and stripes signifying years of service, for eight cents each. A Fireman has none of these expenses, for the coats, coat and cap badges, insignia of rank, hat numbers with leather straps and belts, are furnished free of charge. The belts worn by a Policeman cost \$1.50 each and this is undoubtedly excessive, for the United States Army has a much better belt for which they pay \$0.82 each.

Another source of complaint on the part of the police is in the sleeping arrangements. The police have to furnish their own mattresses, bedding and linen, whereas in the case of the Fireman all this is furnished free of charge by the Department.

The police pay from \$3 for Inspectors' caps down to \$2 for Patrolmen's caps. The gold braiding and insignia on the Inspector's cap brings the price up to \$7 whereas the Battalion Chief, who has a cap very similar, pays only \$2.75 and the Fireman only \$1.15.

About two years ago the Police Force was armed with Colt's .38-calibre revolvers, which are considered among the best of small firearms. Then Commissioner Bingham issued an order, replacing this style of weapon with Smith & Wesson's, for which each man had to pay \$13. The United States Army is armed with a .38-calibre Colt, which is the standard arm used by the United States troops. The Federal Government pays only \$11.60 apiece, as against the \$13 by the Police Department.

These exorbitant prices for police supplies constitute one of the chief reasons why it is impossible to get more applications for Patrolmen's examinations. The first year Patrolman, who receives \$800, must spend between \$200 and \$250 before he can become a full-fledged member of the force, so that if he be a married man, his income for the first twelve months will be only from \$10 to \$12 a week.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 959.

Department of Finance,
Bureau of Municipal Investigation and Statistics,
May 13, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held on May 6, 1910, there was presented for your consideration the report of your Committee on Corporate Stock Budget recommending the construction of a municipal bathing house at Coney Island, which report your Board approved.

Your Committee respectfully suggests that at this time the most important element in the progress of the project is the immediate appropriation of funds with which to proceed with the construction and equipment of the building. If the matter is held over and considered with the Corporate Stock Budget, as a whole, a delay of at least two weeks will result, which might mean that the baths would not be ready for the public this season. Your Committee therefore asks that immediate action be taken upon the resolution transmitted herewith.

Respectfully,

WM. A. PRENDERGAST, Comptroller,
JOHN PURROY MITCHEL, President, Board of Aldermen,
GEORGE McANENY, President, Borough of Manhattan,
Committee on Corporate Stock Budget.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of one hundred and seventy-five thousand dollars (\$175,000), to provide means for the construction and equipment of a municipal bath house at Concourse Park, Coney Island.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 13, 1910, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), for the purpose of providing means for the construction and equipment of a Municipal Bath House at Concourse Park, Coney Island, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), the proceeds whereof to be applied to the purposes aforesaid.

No. 960.

Board of Estimate and Apportionment,
Office of the Secretary,
May 16, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment May 13, 1910, recommending the issues of corporate stock as follows:

To provide means for the use of the Topographical Bureau of the Borough of Richmond in preparing and completing maps and monumenting all territory within said Borough, \$13,000.

To provide means for the construction and equipment of a municipal bath house at Concourse Park, Coney Island, \$175,000.

I also transmit copies of reports of the Comptroller and of the Committee on Corporate Stock Budget relative thereto, together with forms of ordinances for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

Department of Finance,
Bureau of Municipal Investigation and Statistics,
May 11, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—In the matter of a request to your Board of the President of the Borough of Richmond, under date of May 10, 1910, for an issue of corporate stock to the amount of \$13,000, to replenish the "Fund for Topographical Bureau," I would report as follows:

The issue is requested in view of the probability that the Corporate Stock Budget will not be reported by the Special Committee of the Board of Estimate and Apportionment in time to make the general appropriations for the year 1910 available for the month of June. The funds on hand at present, it is stated, will be exhausted by the end of the present month, or within a few days thereafter, and the issue of \$13,000 is requested to meet early liabilities.

In view of the foregoing, I would recommend that the request be approved through the adoption of the resolution hereunto attached.

Respectfully,

WILLIAM A. PRENDERGAST, Comptroller.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of thirteen thousand dollars (\$13,000), to provide means for the use of the Topographical Bureau of the Borough of Richmond in preparing and completing maps and monumenting all territory within said Borough.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 13, 1910, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding the sum of thirteen thousand dollars (\$13,000), to provide means for the use of the Topographical Bureau of the Borough of Richmond in preparing and completing maps and monumenting all territory within said Borough, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding thirteen thousand dollars (\$13,000), the proceeds whereof to be applied to the purposes aforesaid.

Which were severally referred to the Committee on Finance.

No. 961.

Board of Estimate and Apportionment,
Office of the Secretary,
May 16, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment on May 13, 1910, recommending the establishment, in the Fire Department, of the grade of position of Deputy Chief of Department in charge of the Boroughs of Brooklyn and Queens, with salary at the rate of \$7,500 per annum for the present incumbent.

I also transmit copy of report of the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, relative thereto, together with form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
May 13, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—In the matter of a resolution of the Board of Aldermen, adopted April 5, 1910, relative to fixing the salary of the Deputy Chief of the Fire Department in charge of the Boroughs of Brooklyn and Queens at \$7,500 per annum, which was presented to the Board of Estimate and Apportionment at a meeting held April 15, 1910, and referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, for consideration, we would report as follows:

The purpose of the resolution is the advancement in salary of Thomas Lally, Deputy Chief in charge of the Boroughs of Brooklyn and Queens, from \$5,000 to \$7,500 per annum.

Deputy Chief Lally has been a member of the Fire Department for nearly forty years, having entered the service August 15, 1870. The dates of his promotion to different positions in the service are:

Assistant Foreman, April 21, 1873; Foreman, November 1, 1881; Chief of Battalion, May 1, 1884; Deputy Chief, September 18, 1900.

Upon his appointment as Deputy Chief Mr. Lally was placed in charge of one of the Brooklyn fire districts, his previous service of thirty years having been in Manhattan in districts south of Houston street. On January 14, 1904, he was placed in charge of the Boroughs of Brooklyn and Queens. On December 27, 1905, his title was changed to Deputy Chief of Department in charge, Brooklyn and Queens, and his salary increased from \$4,200 to \$5,000 per annum.

Previous to consolidation the salary paid to the Chief of the Brooklyn Fire Department was \$6,000 per annum. The territory embraced by the fire service of the Boroughs of Brooklyn and Queens covers about 200 square miles, an area greater than the other Boroughs of the City combined, and the demands upon the Department have greatly increased since Deputy Chief Lally was placed in charge, as may be seen from the following statistics:

Population in 1904, 1,510,049; in 1910, 1,844,907.

New buildings erected, 57,894.

Fire companies in service in 1904, 82; in 1910, 113.

Members of uniformed force January, 1904, 1,293; May, 1910, 1,692.

Number of fire alarms in 1904, 3,599, with an average loss of \$871.

Number of fire alarms in 1909, 4,606, with an average loss of \$478.18.

During the six years of Mr. Lally's supervision the paid fire system has been extended to Far Rockaway, Rockaway Beach, Jamaica, Richmond Hill, Flushing and College Point, and the high pressure system has been installed in Brooklyn and Coney Island. The general conduct of the Department has been excellent.

In view of the great increase in the number of buildings and in population in the Boroughs of Brooklyn and Queens in the past few years, involving additional responsibilities in the protection of life and property placed upon the man in charge, we are of the opinion that the salary of the position of Deputy Chief in charge of those Boroughs should be increased, and therefore recommend approval of and concurrence in the resolution of the Board of Aldermen.

Respectfully,

WM. A. PRENDERGAST, Comptroller;
JOHN PURROY MITCHEL, President, Board of Aldermen;
Select Committee.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held May 13, 1910:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of an additional grade of the position of Deputy Chief of Department, in charge of the Boroughs of Brooklyn and Queens, with salary at the rate of seventy-five hundred dollars (\$7,500) per annum, for the present incumbent.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Which was referred to the Committee on Salaries and Offices.

No. 962.

Board of Estimate and Apportionment,
Office of the Secretary,
New York, May 14, 1910.

Hon. P. J. SCULLY, Clerk, Board of Aldermen:

Dear Sir—I beg to notify you that at a meeting of the Board of Estimate and Apportionment on May 13, 1910, a resolution of the Board of Aldermen recommending to the Board of Estimate and Apportionment the appointment of a committee to hold hearings and investigate the conditions with regard to the beach front at Coney Island, with a view to acquiring the necessary property on the beach front for the construction and maintenance of a boardwalk, to begin at Nortons Point and to end at Brighton Beach, was referred to a committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn.

The resolution referred to was adopted by the Board of Aldermen on May 3, 1910.

Respectfully,

JOSEPH HAAG, Secretary.

Which was ordered on file.

The President laid before the Board the following communication from the Commissioner of Docks:

No. 963.

Department of Docks and Ferries, City of New York,
Pier "A," North River,
New York, May 11, 1910.

Hon. JOHN PURROY MITCHEL, President of Board of Aldermen:

Sir—The Budget appropriation for this Department for the current year allows under the heading Bureau of Superintendence, Special Contract Obligations, Item 164, Music, \$34,344.

The Department maintains nine recreation structures located at the foot of Albany street, North River; at the foot of Barrow street, North River; at the foot of West Fifth street, North River; at the foot of West One Hundred and Twenty-ninth street, North River; at the foot of Market street, East River; at the foot of East Third street, East River; at the foot of East Twenty-fourth street, East River; at the foot of East One Hundred and Twelfth street, Harlem River, and at the foot of Metropolitan avenue, East River, Borough of Brooklyn.

Heretofore bands have been maintained on all of the structures each night throughout the entire recreation pier season. On the larger piers, namely, at the foot of Barrow street, West Fifth street, East Twenty-fourth street, nineteen men and leader are necessary, fourteen men and leader being sufficient for the remaining piers, these being the same assignments as have been in force in former years.

In the Budget appropriations for this year a reduction was made in the amount allowed for music on the piers and with the amount available, as noted above, \$34,344, arrangements cannot be made for daily programs, and two or three days of each week on each of the piers would not be provided for.

Recognizing the good that these recreation piers do for the public during the summer season, I am anxious to provide music each night on all of the piers, and to do this it will be necessary to have one additional band of nineteen men and leader and two additional bands of fourteen men and leader to each band. The cost of these three additional bands would amount to \$16,695, at the rate of \$3 per night for each player, and \$6 per night for each leader.

I respectfully request that pursuant to provisions of subdivision 8 of section 188 of the Charter a resolution be adopted by you requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the sum of \$16,695 for the purposes stated, namely, to meet the cost of employing the three additional bands.

Yours truly,

CALVIN TOMKINS, Commissioner of Docks.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Education:

No. 964.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, May 12, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on the 11th inst., relative to the issue of special revenue bonds, to the amount of \$9,650, to provide means for the erection of a fence, etc., and forming and maintaining a playground and athletic field on the school site on Clinton, Cherry and Water streets, Manhattan.

Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of a communication from the Secretary, stating that the Committee on Buildings has had under consideration the matter of the necessity and advisability of erecting a fence and forming a playground and athletic field on the site on Cherry, Clinton and Water streets, Borough of Manhattan, which was acquired for school purposes on June 19, 1907.

The plot has a frontage of 181 feet 4 inches on Cherry street, and on Water street, and of 116 feet on Clinton street, and the Committee on Buildings is of the opinion that the same should be utilized at the earliest possible date as a place of recreation for the children of this congested locality. The work will involve an approximate expenditure of \$9,650, and will comprise the erection of a two-story building for locker and bathing accommodations, furnishing fifty lockers, heating and plumbing, drainage of field, grading of field and track, laying concrete curb, erecting an iron fence 6 feet high, laying a sidewalk 4 feet wide on three streets, and furnishing electric lighting, pole vaults, basketball courts, etc., and a caretaker, with salary at the rate of \$600 per annum, will be needed. The Board of Education has no funds for the purpose, and it will, therefore, be necessary to ask for the issue of special revenue bonds.

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds, to the amount of nine thousand six hundred and fifty dollars (\$9,650), pursuant to the provisions of subdivision 8 of section 188 of the revised Charter, for the purpose of providing means for erecting a fence, etc., and forming and maintaining a playground and athletic field on the school site on Cherry, Clinton and Water streets, Borough of Manhattan, and that the Board of Estimate and Apportionment be, and it is hereby respectfully requested to authorize such issue upon the request of the Board of Education.

A true copy of a report and resolution adopted by the Board of Education on May 11, 1910.

A. E. PALMER, Secretary, Board of Education.

Which was referred to the Committee on Finance.

No. 965.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, May 13, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to advise you that at a meeting of the Committee on Buildings held on the 9th inst., consideration was had on a communication from your Secretary under date of May 6, 1910, transmitting a copy of preamble and resolution adopted by the Board of Aldermen on May 3, 1910, asking the reason for the delay in beginning the construction of a new school building on the site acquired for school purposes on Forty-first and Stryker streets, Borough of Brooklyn, for Public School 81.

I was instructed to inform you that requests for funds for the construction of school buildings are based on statements from the City Superintendent of Schools as to the relative degrees of urgency therefor, that no statement as to the immediate necessity for the erection of a school building on the site above referred to has been received, and that, in consequence, no funds for the purpose have as yet been requested.

The records in the office of the City Superintendent of Schools show that there are 126 children on register in Public School 81, and that there are no part time classes.

Respectfully yours,

FRED H. JOHNSON, Assistant Secretary, Board of Education.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 922.

The Committee on Finance, to which was referred on May 10, 1910 (Minutes, page 407), the annexed request from the Commissioner of Public Charities for

\$9,235.42 special revenue bonds for additional help at new tuberculosis pavilions, respectfully

REPORTS:

That the details of this application are set forth in the letter from the Commissioner. The money for the completion of these pavilions has been allowed from corporate stock, and to carry out the work this appropriation is necessary. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of nine thousand two hundred and thirty-five dollars and forty-two cents (\$9,235.42), the proceeds whereof to be used by the Commissioner of Public Charities for the purpose of providing means for the payment of help at tuberculosis pavilions, Blackwells Island.

FRANK L. DOWLING, CHARLES P. COLE, JOHN DIEMER, FRANCIS P. KENNEY, JOHN F. WALSH, DANIEL EHNTHOLT, MICHAEL STAPLETON, Committee on Finance.

Department of Public Charities, City of New York,
Foot of East Twenty-sixth Street,
May 6, 1910.

To the Honorable the Board of Aldermen:

Gentlemen—The undersigned, Commissioner of Public Charities, very respectfully requests the issue of special revenue bonds to the amount of nine thousand two hundred and thirty-five dollars and forty-two cents (\$9,235.42), to provide the means to employ the following additional help, from June 15, 1910, due to the contemplated opening on that date of the two additional tuberculosis pavilions at the Metropolitan Hospital, Blackwells Island. These pavilions will increase the capacity for patients by about 350. No provision for these employees was made in the estimate for 1910, submitted July, 1909, because it was not definitely known at that time when the buildings would be ready for occupancy.

This request is made because we understand that no accruals in the salary appropriations for the different institutions allowed to this Department for the current year can be utilized for this purpose and which would be sufficient to meet this expense.

I beg to submit the following schedule of employees required:

5 Trained Nurses, at \$600 per annum each.....	\$3,000 00
1 Supervising Nurse	850 00
20 Hospital Helpers, at \$300 per annum each.....	6,000 00
30 Hospital Helpers, at \$240 per annum each.....	7,200 00
	<hr/>
	\$17,050 00

Amount required for six and one-half months, \$9,235.42.

Of the five Trained Nurses at \$600 per annum, four are required for day duty and one for night duty. The Supervising Nurse, at \$850 per annum, will assist the second Deputy Superintendent of the Training School in the Tuberculosis Division when these new tuberculosis buildings are opened.

Twenty Hospital Helpers, at \$300 per annum, are necessary to perform the duties of Nurses. Thirty Hospital Helpers, at \$240 per annum, are required as Orderlies and Ward Maids and for the increased work in the Infirmary Nurses' Home, due to the additional Nurses employed.

Respectfully yours,

M. J. DRUMMOND, Commissioner.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Becker, Brady, Brush, Callaghan, Campbell, Cole, Coleman, Cornell, Cunningham, Davis, Delaney, Desmond, Diemer, Dowling, Downing, A. S. Drescher, W. No. 924.

The Committee on Finance, to which was referred on May 10, 1910 (Minutes, page 409), the annexed request from the Board of Education for \$80,000 special revenue bonds to restore salaries of Janitors from January 1, 1910, cut because of reduction of appropriation, respectfully

REPORTS:

That, having examined the subject, it believes the proposed restoration of salary to be just. Commissioner Polk stated that no reason was advanced by the Board of Estimate and Apportionment for making this cut in the Budget for 1910, but under such reduction the salaries had to be decreased to keep within the allowance. The Committee recommends that the accompanying resolution be adopted, and also that the request for \$3,000 for transportation of crippled children be laid over for further consideration.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eighty thousand dollars (\$80,000), the proceeds whereof to be used by the Department of Education for the purpose of restoring the amounts deducted from the compensation of Janitors during 1910, and re-establishing the rates paid for years prior to January 1, 1910.

Board of Education.
Park Avenue and Fifty-ninth Street,
New York, May 3, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith certified copies of reports and resolutions adopted by the Board of Education at a meeting held on April 27, 1910, as follows:

1. Relative to providing \$80,000, through the issue of special revenue bonds or otherwise, for the purpose of restoring the amounts heretofore deducted from the compensation of Janitors and re-establishing former rates.

2. Relative to the issue of special revenue bonds to the amount of \$3,000 for the purpose of providing means for the transportation of crippled and blind children.

Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it has received the following preamble and resolution from the Committee on Care of Buildings:

Whereas, The appropriation for "Compensation of Janitors" for 1910 was but \$1,393,141.41, which, based upon the rates of compensation paid for many years, and making due allowance for anticipated enlargement of the summer and evening activities, including a small reservation for contingencies, was approximately \$80,000 less than the amount required for 1910 for cleaning, heating, ventilating and efficient care of the school plant generally; and

Whereas, In order to offset the anticipated deficit the Committee on Care of Buildings reluctantly presented a report which was adopted by the Board of Education February 7, 1910 (see "Journal," pages 328-329), which report indicated the condition of the fund for "Compensation of Janitors," and recommended that certain

graded percentage deductions be made in such manner as appeared to be the least onerous; and

Whereas, In accordance with the action of the Board of Education in approving such report, the Auditor is now causing the prescribed deductions to be made from the monthly payrolls of Janitors, and the Janitors in accordance with the terms of such report, are accepting such reduced installments "as on account of compensation"; and

Whereas, The Committee on Care of Buildings believes that the rates paid prior to January 1, 1910, were not excessive, in fact, in many instances might be considered otherwise, in that such rates were established many years ago and have remained unchanged while the cost of living has constantly increased; and

Whereas, So far as is known to this Committee the public school Janitors are the only class of public servants to suffer a reduction in compensation; and

Whereas, The public school Janitors are thus placed in the predicament of either suffering such deduction from the amount left over for their own use after paying their help, or else reducing the number or calibre of subordinate help, or both, and since the first expedient works a hardship upon a worthy class of public servants, and the second, and more probable expedient, will result in unclean school buildings, with attendant evils; therefore be it

Resolved, That the Committee on Finance be requested to take the necessary steps to secure sufficient funds to restore the amounts already deducted from the compensation of Janitors, and to maintain, for the balance of the year, the same rates as paid prior to January 1, 1910.

The Committee on Finance is cognizant of the situation outlined in the report of the Committee on Care of Buildings, and heartily agrees with the recommendations contained therein.

The following resolution is therefore submitted for adoption:

Resolved, That the Board of Estimate and Apportionment, the Board of Aldermen and the Comptroller be and they hereby are requested to take the necessary steps to provide the sum of \$80,000 through the issue of special revenue bonds or otherwise, for the purpose of restoring the amounts heretofore deducted from the compensation of Janitors and re-establishing the rates paid for many years prior to January 1, 1910.

A true copy of reports and resolutions adopted by the Board of Education, April 27, 1910.

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of the following communication from District Superintendent Strachan, under date of April 20, 1910:

"Your communication of April 14 received. I did gather from the remarks at the meeting of the Committee on Finance on March 9, that there was insufficient money for hiring at least one stage to carry children in Districts 33 and 35 to Public School 162, but I hoped that your Committee would ask the Board of Estimate and Apportionment for the necessary funds, and I respectfully request you to advise me what further steps to take toward getting these afflicted children in Districts 33 and 35 to Public School 162, where they may receive a common school education."

The Board has no funds wherewith to carry out the proposed request. It is therefore respectfully recommended that the Board of Aldermen and the Board of Estimate and Apportionment be requested to take the necessary action to secure the issue of special revenue bonds for the purpose, pursuant to subdivision 8 of section 188 of the Charter.

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be and it hereby is requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of three thousand dollars (\$3,000), pursuant to subdivision 8 of section 188 of the revised Charter, for the purpose of providing means for the transportation of crippled and blind children in Local School Board Districts 33 and 35, Borough of Brooklyn, or any other districts where necessity may arise; and that the Board of Estimate and Apportionment be and it hereby is respectfully requested to authorize such issue upon the request of the Board of Aldermen.

Reports of Committee on Public Letting—

No. 832.

The Committee on Public Letting, to which was recommended, on May 10, 1910 (Minutes, page 432), the annexed resolution, in favor of authorizing the President of the Borough of Brooklyn to contract, without public letting, for work in connection with the East Ninety-eighth street sewer, with the Brooklyn Rapid Transit Company, at Vienna avenue, respectfully

REPORTS:

That, having carefully re-examined the subject, it sees no reason to change its opinion as expressed in the report and resolution which was recommended, and accordingly reiterates its recommendation that the said resolution be adopted.

FRANCIS P. BENT, ALEXANDER S. DRESCHER, PERCY L. DAVIS, JOHN F. WALSH, EDWARD BRADY, THOMAS F. BARTON, JAMES J. SMITH, Committee on Public Letting.

The Committee on Public Letting, to which was referred, on April 26, 1910 (Minutes, page 261), the annexed communication from the President, Borough of Brooklyn, asking for authority to contract with the Brooklyn Rapid Transit Company for supporting tracks at Vienna avenue, at a cost not to exceed \$2,550, without public letting, respectfully

REPORTS:

That Commissioner Pounds and Engineer Fort appeared in support of this proposition; it appears that the estimate of the cost is made by the engineers of the railroad, which insists on doing the work with its own force. Engineer Fort states that the work will be done under his supervision, but as the railroad owns the right of way, the City cannot insist on doing the work with City employees. The cost is assessed on the property benefited and any delay will add to the cost. The details of the work are set forth in the application. The Committee recommends that the accompanying resolution be adopted.

Resolved, That the President of the Borough of Brooklyn be and he is hereby authorized to enter into contract, without public letting, with the Brooklyn Rapid Transit Company for the purpose of supporting the embankment and railroad tracks and allow for the construction of a 36-inch and a 10-inch sewer under the right of way of the aforesaid Brooklyn Rapid Transit Company at Vienna avenue, at a cost not to exceed the sum of two thousand five hundred and fifty dollars (\$2,550).

FRANCIS P. BENT, JAMES J. SMITH, ALEXANDER S. DRESCHER, MAX S. LEVINE, THOMAS F. BARTON, JOHN DIEMER, Committee on Public Letting.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, April 26, 1910.

To the Honorable Board of Aldermen, New York City:

Gentlemen—The construction of the East Ninety-eighth street sewer in this Borough (Section 3), amounting to \$152,138, is now under way and nearing completion.

To complete this sewer it will be necessary to cross the right of way of the Brooklyn Rapid Transit Company at Vienna avenue. This right of way consists of an embankment, on which the above Company maintains one track.

The work of supporting the tracks under which sewers are built is generally done by the Railroad Company owning same, which companies are reimbursed by the City. The expense of supporting these tracks must be borne as a part of the expense of building the sewer, inasmuch as the Railroad Company owns its right of way at this point in fee. In the present case the cost of doing this work will amount approximately to \$2,550.

As this work is to be done by the Railroad Company, I would respectfully request your Honorable Body to adopt a resolution authorizing the President of the Borough of Brooklyn to enter into, without public letting, a contract with the Brooklyn Rapid Transit Company, for the purpose of supporting the embankment and railroad tracks and allow for the construction of a 36-inch and a 10-foot sewer thereunder, at a cost not to exceed \$2,550.

In order that the construction of the sewer may not be delayed and the expense to the property owners considerably increased, I would respectfully request that your Board give this matter early attention.

Yours very truly,

L. H. POUNDS, Acting Borough President.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Barton, Becker, Bolles, Boschen, Brady, Brush, Callaghan, Campbell, Cole, Coleman, Cornell, Cunningham, Davis, Delaney, Desmond, Dowling, Downing, A. S. Drescher, W. No. 833.

The Committee on Public Letting, to which was committed on May 10, 1910 (Minutes, page 434), the annexed resolution in favor of authorizing the President of the Borough of Brooklyn to contract without public letting for crossing the right of way of the New York, Brooklyn and Manhattan Beach Railway Company with the East Ninety-eighth street sewer at Vienna avenue, respectfully

REPORTS:

That, having carefully examined the subject, it is convinced that the previous report was entirely justified in every particular, and accordingly repeats its recommendation that the said resolution be adopted.

The Committee on Public Letting, to which was referred on April 26, 1910 (Minutes, page 262), the annexed communication from the President, Borough of Brooklyn, asking for authority to contract with the New York, Brooklyn and Manhattan Beach Railroad Company for supporting tracks at Vienna avenue, at a cost not to exceed \$12,000, respectfully

REPORTS:

That Commissioner Pounds and Engineer Fort appeared in support of this proposition; the estimate of the cost is made by the engineers of the railroad and is in excess of the estimate of Mr. Fort, but as the railroad owns the right of way the City's officers state that it must be done as the company insists, by its own force, of course under the supervision of the Engineer in charge of the Department of Sewers. Any delay will add to the cost, which is assessed on the property benefited. The Committee recommends that the accompanying resolution be adopted.

Resolved, That the President of the Borough of Brooklyn be and he is hereby authorized to enter into contract without public letting with the Long Island Railroad Company, for the purpose of supporting the embankment and railroad tracks, and allow for the construction of a 36-inch and a 10-inch sewer under the right of way of the New York, Brooklyn and Manhattan Beach Railway, at a cost not to exceed the sum of twelve thousand dollars (\$12,000).

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, April 26, 1910.

To the Honorable Board of Aldermen, New York City:

Gentlemen—The construction of the East Ninety-eighth street sewer in this Borough (Section 3), amounting to \$152,138, is now under way and nearing completion.

To complete this sewer it will be necessary to cross the right of way of the New York, Brooklyn and Manhattan Beach Railroad Company, at Vienna avenue. This right of way consists of an embankment on which the above company maintains three tracks.

The work of supporting the tracks under which sewers are built, is generally done by the railroad company owning same, which companies are reimbursed by the City. The expense of supporting these tracks must be borne as a part of the expense of building the sewer, inasmuch as the Railroad Company owns its right of way at this point in fee. In the present case, the cost of doing this work will amount approximately to \$12,000.

As this work is to be done by the railroad company, I would respectfully request your honorable body to adopt a resolution authorizing the President of the Borough of Brooklyn to enter into, without public letting, a contract with the Long Island Railroad Company, for the purpose of supporting the embankment and railroad tracks, and allow for the construction of a 36-inch and a 10-inch sewer thereunder, at a cost not to exceed \$12,000.

In order that the construction of the sewer may not be delayed, and the expense to the property owners considerably increased, I would respectfully request that your Board give this matter early attention.

Yours very truly,

L. H. POUNDS, Acting Borough President.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

The Committee on Public Letting, to which was referred on April 26, 1910 (Minutes, page 263), the annexed request from the President, Borough of Brooklyn, asking for authority to purchase four automobiles without public letting at a cost not to exceed \$6,500, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be necessary to enable the President, Borough of Brooklyn, to replace four machines whose upkeep costs more in a year's time than it would cost to replace them. These machines now in use will be sold at auction, and it is expected that they will bring \$1,600, thus making the actual cost of the four new machines about \$5,000. The Committee recommends that the accompanying resolution be adopted.

Resolved, That in the pursuance of the provisions of section 419 of the Greater New York Charter the President of the Borough of Brooklyn be and he is hereby authorized to purchase in open market without public letting four (4) automobiles for use in the various bureaus under his jurisdiction at a cost not to exceed the sum of six thousand five hundred dollars (\$6,500), to be charged in proper apportionment to the respective amounts of the aforesaid subsidiary divisions of the municipal government immediately under his control.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, April 19, 1910.

To the Honorable, the Board of Aldermen, New York City:

Gentlemen—I hereby make application to your Honorable Body, for permission to purchase without public letting four automobiles for use of this Department, at a total cost not to exceed \$6,500.

The reason for the purchase of these automobiles is because of the fact that four automobiles at present used by this Department have become old in use, are costly to maintain, inefficient for the work which they are supposed to perform, and rapidly becoming useless. It would seem that it would be a cheaper proposition for the City to replace these old and worn automobiles with new cars, and as these cars can be purchased very reasonably, I would respectfully request that your Board adopt a resolution in accordance with the above request.

Yours very truly,

ALFRED E. STEERS, President, Borough of Brooklyn.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Barton, Bolles, Boschen, Brush, Callaghan, Campbell, Coleman, Cornell, Cunningham, Davis, Delaney, Diemer, Dowling, Downing,

The Committee on Public Letting, to which was referred on April 26, 1910 (Minutes, page 289), the annexed resolution, in favor of permitting the Commissioner of Water Supply, Gas and Electricity to purchase seven automobiles, without public letting, at a cost not to exceed \$16,500, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be necessary to allow the Commissioner to secure automobiles to replace those of no further use, having worn out in the service of the Department. The details are set forth in the letter of request. The Department will sell the old machines at auction, thus reducing the cost about \$2,500. The difficulty in making the proper specifications to cover different makes of automobiles is well known, and the Committee recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered to purchase seven (7) automobiles without advertising for competitive bids, to an amount not to exceed sixteen thousand five hundred dollars (\$16,500).

Department of Water Supply, Gas and Electricity,
Commissioner's Office,
New York, April 26, 1910.

JOHN PURROY MITCHEL, Esq., President, Board of Aldermen:

Dear Sir—There are required by the Department for the proper supervision of its works seven (7) automobiles. These machines will be used principally by the Engineers. The Department is responsible for the correct administration of a territory of about 850 square miles, and the only means of transportation over a large section of this area is by horses and wagons.

To illustrate the necessity for these cars I might mention the fact that on Long Island the Engineer who will be in charge of the pumping stations is required to visit about thirty (30) pumping stations, located from Ridgewood to Massapequa, a distance of about 23 miles. This Engineer has to depend on train service and considerable delay is often caused in making connections.

One of the machines will also be used by the Superintendent of Ponds and Conduits, his duty requiring visits to all of the streams and ponds.

On the Croton Watershed there is a considerable stretch of the City's property which must be inspected daily by the Engineer and his Assistants. The means of transportation across country is limited and it is often necessary for the Engineer to go down on the Harlem Railroad and come up on the Hudson River Railroad in order to visit the works under his charge.

One of the cars will be used by the Deputy Commissioner and myself and will replace an old car which is now of little service.

Six (6) of the automobiles which are credited to the Department I propose to sell at public auction.

I believe the Board recognizes that it is impracticable, if not impossible, to prepare specifications and contracts for the purchase of automobiles. Each part of these machines is covered by patents or special designs, I believe, and in the selection of any design one concern would naturally be favored and the Department could not consistently ask for competitive bids. I am satisfied that it would be a clear evasion of section 419 of the Charter, which provides that there should be free competition for the furnishing of supplies where the expense will exceed \$1,000.

To avoid these complications I would respectfully ask the Board's consideration to grant the necessary authority to purchase these machines without advertising for competitive bids or proposals.

Yours very truly,
HENRY S. THOMPSON, Commissioner.

Under Rule 21 consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

On motion of the Vice-Chairman the above vote was reconsidered and the paper was placed on the list of General Orders.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 904.
City of New York, Office of the Mayor,
May 16, 1910.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, disapproved, proposed resolution No. 904, passed by your Honorable Board May 3, 1910, entitled "Resolution to permit a man in uniform to call carriages for Dr. W. S. May."

This resolution is wholly unnecessary. Dr. William Sullivan May may dress his men and also himself in any costume he sees fit without any permission of the Board of Aldermen.

Respectfully,
W. J. GAYNOR, Mayor.

Resolved, That Dr. William Sullivan May, surgeon-dentist, be and he is hereby permitted to station a man in uniform in front of the premises known as the Horton Building, at No. 142 West One Hundred and Twenty-fifth street, in the Borough of Manhattan, for the purpose of calling carriages.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

The President laid before the Board the following communication from the Coroners, Borough of The Bronx:

No. 967.
Coroner's Office, Borough of The Bronx,
No. 531 Tremont Avenue,
New York, May 10, 1910.

Board of Aldermen, City of New York:

Honorable Sirs—Application is hereby made to the Board of Aldermen for the issuance of revenue bonds in the amount of \$150, which amount represents an estimated deficit in the expense of the Coroner's Office, Borough of The Bronx, City of New York, for the year 1909, caused as follows:

1. During the summer vacation it became necessary to engage an extra Clerk, whose salary was paid out of our Contingent Fund.

2. Owing to the small staff at our disposal, it became necessary at times to employ a special investigator to procure witnesses in important cases.

Thanking your Honorable Board for your action in this matter,

Very truly yours,

A. F. SCHWANNECKE.

Which was referred to the Committee on Finance.

GENERAL ORDERS.

Alderman Davis called up General Order No. 32, being a report and resolution, as follows:

No. 385—(G. O. No. 32).

The Committee on Public Letting, to which was referred on March 1, 1910 (Minutes, page 624), the annexed communication from the Commissioner of Water Supply, Gas and Electricity, asking for authority to purchase 225 high pressure hydrants without public letting, at a cost not to exceed \$24,412.50, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be a matter to the advantage of the Department asking the permission. The details are fully set forth in the application, and so far as they relate to previous action by the Board of Aldermen are entirely correct. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized to purchase two hundred and twenty-five high pressure hydrants without public letting, at a cost not to exceed the sum of twenty-four thousand four hundred and twelve dollars and fifty cents (\$24,412.50).

FRANCIS P. BENT, JAMES J. SMITH, ALEXANDER S. DRESCHER, MAX S. LEVINE, THOMAS F. BARTON, JOHN DIEMER, Committee on Public Letting.

Department of Water Supply, Gas and Electricity,
Commissioner's Office,
New York, February 21, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, City:

Dear Sir—At the closing meeting of the Board of Aldermen last year a resolution was passed authorizing the Commissioner of this Department to purchase on open orders 225 high pressure hydrants from the A. P. Smith Manufacturing Company. The resolution, however, failed to receive the approval of the former Mayor.

It is a matter of much importance to the Department that the hydrants for the system be of a standard pattern, and as the hydrants manufactured by the A. P. Smith Manufacturing Company are the only ones which stood the test prescribed in the original contract for the furnishing of hydrants, I beg to renew the application for authority to expend the sum of \$24,412.50 for the purchase of these hydrants without the formality of advertising for competitive bids.

On several occasions the Department has obtained authority from the Board of Aldermen to purchase on open orders the hydrants of this pattern. Contracts have already been awarded for the furnishing, delivering and laying of water mains in the new districts to which the high pressure service will be extended. No other part of the high pressure system deserved or has received more attention from the Engineering Bureau than the proper selection of a hydrant well adapted for the extraordinarily severe service for which it is intended and on the unfailing record of which the efficiency of the whole system depends. Under the trying conditions of operation the requirements in this case are necessarily much more exacting than in that of the common and much simpler hydrant in use on our distribution system, and can only be made by high, technical skill in the design and excellence of its material and workmanship.

On the Department's invitation for bids for a suitable hydrant for this service in November, 1904, five (5) of the leading manufacturers submitted hydrants for test, and the only hydrant to comply with all the requirements was the one submitted by the A. P. Smith Manufacturing Company. The contract was not awarded until June 27, 1905. This delay was due principally to the claim made by several of the unsuccessful bidders, who requested sufficient time to readjust their hydrants and to have same retested. All the bids were rejected, and on the second bidding several hydrants were submitted, but the A. P. Smith Manufacturing Company's hydrant was the only one which successfully passed the test. An injunction was issued restraining the Commissioner from awarding the contract to the A. P. Smith Manufacturing Company and two years elapsed before the final decision of the Court.

Taking these facts into consideration, as well as the obvious advantage of uniformity in hydrants, and the agreement by the Company to furnish these hydrants at the same rate which governed their bid which was submitted in competitive bidding, I would respectfully ask authority from the Board of Aldermen to purchase these hydrants on open order.

Yours truly,
HENRY S. THOMPSON, Commissioner.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Becker, Boschen, Brush, Callaghan, Campbell, Coleman, Cornell, Cunningham, Davis, Desmond, Diemer, Downing, A. S. Drescher, W. Drescher, Fagan, Finley, Folks, Gaynor, Godwin, Heffernan, Johnson, Kenney, Levine, McAleer, Markert, Marx, Mulhearn, Nicoll, Potter, Schloss, Sheridan, Shipley, Smith, Townen, Volkmann, Weston, White, Willard, President Miller, President Steers, by Lewis H. Pounds, Commissioner of Public Works, and the Vice-Chairman—43.

On motion of Alderman White, the above vote was reconsidered and the paper was replaced on the list of General Orders.

Alderman Davis called up General Order No. 33, being a report and resolution as follows:

No. 463 (G. O. No. 33).

The Committee on Public Letting, to which was referred on March 8, 1910 (Minutes, page 1005), the annexed resolution in favor of authorizing the Commissioner of Water Supply, Gas and Electricity to purchase a motor boat, without public letting, at a cost not to exceed \$5,000, respectfully

REPORTS:

That, some time since the Board of Aldermen appropriated the money for this motor boat, with the understanding that its purchase and use would in time result in a considerable saving to the City. The Commissioner states that better results can be obtained by the purchase of such a boat without public letting. The Committee recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered, pursuant to chapter 149 of the amended Greater New York Charter, to purchase, without advertising for competitive bids or proposals, a motor patrol boat, for an amount not to exceed five thousand dollars (\$5,000).

FRANCIS P. BENT, ALEXANDER S. DRESCHER, JOHN DIEMER, THOMAS F. BARTON, JAMES J. SMITH, PERCY L. DAVIS, JOHN F. WALSH, Committee on Public Letting.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Becker, Bolles, Boschen, Brush, Callaghan, Campbell, Cornell, Cunningham, Davis, Desmond, Downing, A. S. Drescher, W. Drescher, Fagan, Fink, Finley, Folks, Godwin, Hamilton, Heffernan, Johnson, Kenney, Levine, McAleer, Markert, Marx, Meagher, Mulhearn, Nicoll, Schloss, Sheridan, Shipley, Smith, Townen, Volkmann, Van Nostrand, White, Willard; President Miller, President Steers, by Lewis H. Pounds, Commissioner of Public Works; President McAneny, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—44.

On motion of Alderman Dowling, the above vote was reconsidered, and the paper was replaced on the list of General Orders.

At this point the Vice-Chairman took the chair.

Alderman Delaney called up General Order No. 38, being a report and resolution calling for an appropriation of special revenue bonds to the amount of twenty thousand dollars (\$20,000), for rebuilding crib work and repairing sewer at foot of Broadway, Borough of Queens.

Alderman Callaghan moved that this report and resolution be laid over, and that the Corporation Counsel be requested to inform the Board before the next meeting as to whether this work is properly an assessment proposition, or may be considered an emergent matter and be paid for by an issue of revenue bonds.

Which motion was adopted.

Alderman Delaney called up General Order No. 30, being a report and resolution, as follows:

No. 684.

The Committee on Finance, to which was recommended on April 26, 1910 (Minutes, page 308), the annexed resolution in favor of an issue of special revenue bonds for help at new Queens County Court House, respectfully

REPORTS:

That owing to objection raised in the Board upon presentation of this matter, it was recommended to the Committee for additional information. The President of the Borough of Queens submitted the attached statement in relation thereto covering an appropriation of \$15,410, which was the amount to which this estimate was reduced on the floor of the Board. In order to reduce the force to the lowest point possible and yet retain efficiency the Committee has made a further reduction of five female Cleaners, one Watchman and one Telephone Operator, reducing the total appropriation to \$12,610. It recommends that the accompanying substitute resolution be adopted.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twelve thousand six hundred and ten dollars (\$12,610), the proceeds whereof to be used by the President, Borough of Queens, for the purpose of hiring help for the maintenance of the Queens County Court House for eight months during the year 1910, to wit:

12 Female Cleaners, at \$40 per month.....	\$3,840 00
6 Laborers, at \$2.50 per day.....	3,030 00
1 Watchman, at \$900 per annum.....	600 00
2 Elevators, at \$900 per annum.....	1,200 00
1 Telephone Operator, at \$900 per annum.....	600 00
1 Electrician, at \$4.50 per day.....	1,095 00
2 Stationary Engineers, at \$4.50 per day.....	2,245 00
	<u>\$12,610 00</u>

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, April 28, 1910.

Hon. FRANK L. DOWLING, Chairman, Finance Committee, Board of Aldermen:

Dear Sir—Referring to application of this office now pending before your Board, for the issuance of special revenue bonds in connection with the care and maintenance of the Queens County Court House, to be opened to the public on May 1, 1910, I beg to transmit herewith enclosed resolution to cover the help absolutely necessary for the proper maintenance of this building for eight months during the year 1910, to wit:

17 Female Cleaners, at \$40 per month.....	\$5,440 00
6 Laborers, at \$2.50 per day.....	3,030 00
2 Watchmen, at \$900 per annum.....	1,200 00
2 Elevators, at \$900 per annum.....	1,200 00
2 Telephone Operators, at \$900 per annum.....	1,200 00
1 Electrician, at \$4.50 per day.....	1,095 00
2 Stationary Engineers, at \$4.50 per day.....	2,245 00
	<u>\$15,410 00</u>

This application is based upon an investigation made by the Superintendent of Public Buildings and Offices, this Borough, of the methods employed and the number of employees in public buildings of a similar size in other Boroughs. There are about 90,000 square feet of floor space, 20 large and 63 small rooms and hallways, 400 windows, 100 glass panel doors, 7 public toilets, 9 private toilets, 1 large and 2 small domes, 150 glass transoms, about 150 cuspidors and all furniture.

We beg to further respectfully submit that the appropriation allowances made to this office for the year 1910, for the Bureau of Public Buildings and Offices, were made on the basis of strict economy, in accordance with the number of buildings and the various other legal functions entailed upon this particular bureau as of June 30, 1909. There was absolutely no consideration given, in the making up of the Budget estimates, to the fact that the Queens County Court House was to be opened during the year 1910, your Committee in charge of the Budget estimates advising us that they would not consider it, and that, at the proper time, this office could apply to your Honorable Board for the necessary funds to maintain this building.

We respectfully submit that the amount requested is on the lines of strict economy and positively essential for the strict performance of the duties devolving by law on this office in connection with this building.

Respectfully yours,

LAWRENCE GRESSER, President, Borough of Queens.

Resolved, That, in pursuance of the provisions of subdivision 8, section 188, of the Charter of The City of New York, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifteen thousand four hundred and ten dollars (\$15,410), the proceeds whereof to be used by the President of the Borough of Queens, for the cleaning and maintenance of the Queens County Court House, Borough of Queens, for the year 1910.

The Committee on Finance, to which was referred on April 5, 1910 (Minutes, page 23), the annexed communication from the President of the Borough of Queens asking for nineteen thousand and thirty dollars (\$19,030), special revenue bonds to pay help for the new Queens County Court House, respectfully

REPORTS:

That the details of this application are set forth in the accompanying letter from the President, Borough of Queens. It could not be foretold last year with any certainty when this building would be ready for occupancy; consequently this appropriation for operation was omitted from the Budget. The Committee recommends that the accompanying resolution be adopted.

(ORIGINAL.)

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifteen thousand four hundred and ten dollars (\$15,410), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of paying additional help required to care for and clean the new Queens County Court House.

FRANK L. DOWLING, WILLIAM J. HEFFERNAN, WM. P. KENNEALLY, JOHN F. WALSH, THOMAS J. McALEER, DANIEL EHNTHOLT, Committee on Finance.

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, April 4, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In accordance with the provisions of section 188 of the Greater New York Charter, it is respectfully requested that your Honorable Board approve of and recommend to the Board of Estimate and Apportionment the necessary authorization for the issue of nineteen thousand and thirty dollars (\$19,030), special revenue bonds for necessary additional help required to care for and clean the new Queens County Court House.

The money requested is intended to be used for the payment of salaries and wages, from May 1, 1910, and as follows:

22 Female Cleaners, at \$40 per month each.....	\$7,040 00
10 Laborers, at \$2.50 per diem each.....	5,050 00
2 Watchmen, at \$900 per annum each.....	1,200 00
2 Elevators, at \$900 per annum each.....	1,200 00
2 Telephone Operators, at \$900 per annum each.....	1,200 00
1 Electrician, at \$4.50 per diem each.....	1,095 00
2 Stationary Engineers, at \$4.50 per diem each.....	2,245 00
	<u>\$19,030 00</u>

The force requested will be required to clean about ninety thousand square feet of floor space, divided into 20 large and 63 small rooms and corridors, 400 windows, 100 glass panel doors, 7 public and 9 private toilets, 1 large and 2 small glass domes, 150 glass transoms, about 150 cuspidors and all furniture.

The appropriation for two additional Stationary Engineers is necessary for the reason that the Municipal Civil Service Commission has directed that it is a violation of the Civil Service law to employ licensed Firemen to care for the boilers and apparatus at any time, and it is therefore absolutely necessary to employ these additional men in order that there may be three shifts of Engineers of 8 hours each.

The Court House will be ready for occupancy on or about May 1, 1910, and it is, therefore, respectfully requested that your Honorable Board take action on this request at as early a date as possible.

Yours respectfully,

LAWRENCE GRESSER, President, Borough of Queens.

Alderman Johnson moved that this resolution be amended by striking therefrom the words and figures "twelve thousand six hundred and ten dollars (\$12,610)," wherever they may occur, and substituting in lieu thereof the words and figures "eight thousand seven hundred and fifty dollars (\$8,750)."

Which motion was lost.

The Vice-Chairman then put the question whether the Board would agree to accept such report and adopt said resolution.

Brooklyn, N. Y., April 19, 1910.

To the Honorable Board of Alderman of New York City:

Gentlemen—We, the undersigned, being citizens of The City of New York and directly interested as property owners, business men or otherwise, in the immediate vicinity of the place hereafter mentioned, desire to call your attention to the fact that the open space or square formed by the junction of Flatbush avenue, Atlantic avenue, Fourth avenue, Hanson place and State street, in the Borough of Brooklyn, is at present without a proper name or means of designation and that owing to the importance which attaches to the locality by reason of recent developments and improvements that some proper name should be given it whereby it may be known.

And that owing to the fact that it is at the terminal of the Long Island division of the Pennsylvania Railroad.

The present terminal of the Interborough Subway. The terminal of several of the streets above mentioned.

That several lines of surface cars are using it at present as a terminal for part or all of their cars and that in the future others will undoubtedly do so, we would suggest that "Terminal Square" is a proper, fitting and descriptive name to be used and do hereby respectfully request that it be designated as such and the above name be entered on the proper city records.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 27, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the appurtenances to be disposed of may be obtained.

The appurtenances will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The appurtenances will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

Failure to remove said appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

The walls shall be made permanently self-supporting, beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the parts of machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids the building and appurtenances thereto standing upon property leased by The City of New York in the

Borough of Brooklyn.

Being the one-story building and all its appurtenances situated on the southeast corner of Atlantic and New York avenues, particulars of which may be obtained at the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held March 16, 1910, the sale by sealed bids of the above described building and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, MAY 26, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. One-story corrugated iron building and appurtenances thereto on the southeast corner of Atlantic and New York avenues.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 26th day of May, 1910, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 26, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the building to be disposed of may be obtained.

Possession of the above building will be given purchaser at once.

The building will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and reg-

ulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or her name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either included in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
