Extract of Minutes of the Meeting of the Local Board of Chester, 23rd District.

Pursuant to call by President Bruckner the members of the Local Board of Chester, 23rd District, met at Borough Hall, Tremont and 3rd aves., on Tuesday, March 5, 1918, at 8 p. m.

Present—Thomas J. Flynn, Commissioner of Public Works, Acting as President, Borough of The Bronx; Peter Schweickert, Alderman, 29th District, and Robert L. Moran, Alderman, 30th District.

Extract of minutes of the meeting of Feb. 5, 1918, as published in the City Record of Feb. 20, 1918, was approved.

Public hearing held, pursuant to advertisement in the City Record of Feb. 23, 1918:

1764. Laying out on the Map of The City of New York discontinuance of the Public Park lying southerly of Layton ave. and fronting on Long Island Sound. The petition states: “This has been indicated on the Map of The City of New York for many years as a public park, and by the zoning of New York it was put in the residential section by reason of its being on the map as a public park. The property is totally unfit for residential purposes and so much of same as is built upon is occupied by a hotel and bath houses, and the zoning of same as a residential property utterly destroys its value unless it be immediately taken by the City as a park.” The petitioners allege that they are the owners of the entire area proposed to be discontinued as a Public Park. Laid over until April 2, 1918.

1766. By Alderman Moran—Whereas, the corporation known as the Bronx Gas and Electric Company has petitioned the Public Service Commission for permission to increase the cost of gas to the consumer from \$1 per 1,000 cubic feet (the present rate) to \$1.50 per 1,000 cubic feet; and Whereas, this proposed increase would cause an unjust hardship upon the already over-burdened citizens of the East Bronx, therefore be it Resolved, That the

Local Board of Chester, by resolution adopted this 5th day of March, 1918, strongly opposes any increase and urgently requests the Public Service Commission to deny the said petition. Be it further Resolved, That a certified copy of this resolution be forwarded to the Public Service Commission and to the Corporation Counsel. Unanimously adopted.

On motion, seconded, the Board adjourned.

BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes of Special Meeting of Board of Estimate and Apportionment Held in Room 16, City Hall, Thursday, February 28, 1918, at 4 o'clock P. M.

The Board met in pursuance of the following call:

City of New York, Office of the Mayor, February 27, 1918.

A special meeting of the Board of Estimate and Apportionment is hereby called for Thursday, February 28, 1918, at 4 o'clock P. M., in Room 16, City Hall, for the

purpose of considering the subject matter of Senate Bill No. 657, having relation to the assessment for Queens Boulevard.

ALFRED E. SMITH, Acting Mayor.

Present—Alfred E. Smith, Acting Mayor; Charles L. Craig, Comptroller; Robert L. Moran, Acting President, Board of Aldermen; Frank L. Dowling, President, Borough of Manhattan; Edward Riegelmann, President, Borough of Brooklyn; Henry Bruckner, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and Calvin D. Van Name, President, Borough of Richmond.

The Acting Mayor, Hon. Alfred E. Smith, presided.

Queens Boulevard, from Vandam Street to Hillside Avenue, Borough of Queens—Authority to Include in Tax Levies, Borough of Queens Share of the Cost and Expense of Proceeding for Acquiring Title (Cal. No. 1).

(On October 19, 1911 (Cal. No. 21), and June 26, 1914 (Cal. No. 140), the Board adopted resolutions authorizing the proceedings in this matter and determining that 20 per cent. of the cost and expense be placed upon local areas of benefit, 30 per cent. upon the Borough of Queens and 50 per cent. upon the City.)

The Chair announced receipt of a telegram from Edward J. McGoldrick, Assistant Corporation Counsel, representing The City of New York at Albany, stating that the Governor had approved Senate Bill No. 657, entitled "An Act to amend the Greater New York Charter in relation to payment of cost of public improvements" (constituting chapter 15 of the Laws of 1918).

After discussion, on motion, the Board adjourned, to meet Friday, March 1, 1918, at 10 o'clock A. M.

JOSEPH HAAG, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes of Special Meeting of Board of Estimate and Apportionment Held in Room 16, City Hall, Friday, March 1, 1918, at 10 o'clock A. M.

The Board met in pursuance of an adjournment.

Present—Alfred E. Smith, Acting Mayor; Charles L. Craig, Comptroller; Robert L. Moran, Acting President, Board of Aldermen; Frank L. Dowling, President, Borough of Manhattan; Edward Riegelmann, President, Borough of Brooklyn; Henry Bruckner, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and Calvin D. Van Name, President, Borough of Richmond.

The Acting Mayor, Hon. Alfred E. Smith, presided.

Queens Boulevard, from Vandam Street to Hillside Avenue, Borough of Queens—Authority to Include in Tax Levies, Borough of Queens Share of the Cost and Expense of Proceeding for Acquiring Title (Cal. No. 1).

(On October 19, 1911 (Cal. No. 21), and June 26, 1914 (Cal. No. 140), the Board adopted resolutions authorizing the proceedings in this matter and determining that 20 per cent. of the cost and expense be placed upon local areas of benefit, 30 per cent. upon the Borough of Queens and 50 per cent. upon the City.)

(On February 28, 1918 (Cal. No. 1), this matter was considered and adjourned for further consideration until this date.)

The Secretary presented a communication dated February 24, 1918, from the Glen Morris Civic Club, enclosing copy of letter addressed to the President, Borough of Queens, expressing disapproval of the plan to include the cost of this improvement in the tax budget, which was ordered filed.

Joel J. Squier, Assistant Corporation Counsel, appeared and addressed the Board.

The President of the Borough of Queens offered the following resolution:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 247 of the Greater New York Charter, as amended by chapter 15 of the Laws of 1918, hereby determines that the share of the cost and expense of the opening and extending of Queens Boulevard, from Van Dam Street to Hillside Avenue, Borough of Queens, heretofore determined to be paid by the Borough of Queens, shall be levied and collected with the taxes upon the real property within said Borough, subject to taxation, in five equal yearly instalments, the first instalment to be collected with the taxes for the year 1918, the second with the taxes for the year 1919, the third with the taxes for the year 1920, the fourth with the taxes for the year 1921 and the fifth instalment with the taxes for the year 1922, together with interest as in said section provided.

The Comptroller made the following statement:

I ask leave to offer as a substitute or amendment to that resolution that the share of Queens be levied in two equal yearly instalments, the first to be in the tax levy of 1918, and the second to be in the tax levy of 1919, and I would like to put on the record what my reasons for it are.

Section 174 of the Charter provides that "From the said fund for street and park openings, and not otherwise, shall be paid all damages awarded by the commissioners of estimate and assessment in reports hereafter or heretofore confirmed in proceedings taken to open any street, road, avenue, boulevard, public square or place, park or parkway, or to acquire title to land required for any bridge, tunnel, or approach thereto in the City of New York, as hereby constituted."

It further provides: "Whenever the amount of the damages awarded in any report, together with the costs of the commissioners and the charges and expenses, shall exceed the balance remaining in said fund after deducting all outstanding claims against said balance, the Comptroller is authorized to raise by the issue and sale of certificates of indebtedness and other evidences of indebtedness to be redeemed out of the tax levy for the year next succeeding the year of their issue such amounts as shall be necessary to pay such damage, costs and expenses."

Section 187 of the Charter, among other things, provides: "Whenever the Comptroller may be authorized by the provisions of this act or by laws heretofore or hereafter enacted, to issue revenue bonds, certificates of indebtedness or other evidences of indebtedness for purposes other than to meet expenditures under the appropriations for each current year, such certificates of indebtedness or other evidences of indebtedness shall be redeemed out of the tax levy for the year next succeeding the year of their issue, and the necessary appropriation therefor shall be made by the Board of Aldermen and the Board of Estimate and Apportionment in the budget for such year. Such last mentioned certificates of indebtedness or other evidences of indebtedness may be designated and known as 'Special revenue bonds,' 'Special revenue bills' or by such other name or title as may be approved by the Comptroller and shall be in such form as may be designated by the Comptroller."

Section 188, in subdivision 6, provides that the Comptroller is authorized to issue certificates of indebtedness or other evidences of indebtedness to be redeemed out of the tax levy for the next year succeeding the year of their issue, and among other things it provides for deficiencies in the fund for street and park openings as provided in section 174 of the act.

If the amount taxed against the Borough of Queens for the cost and expense of acquiring Queens Boulevard, namely, \$1,236,818.43, should be spread over a period of three years, this would hold back or exclude from the levy of 1918 the sum of \$824,545.62, which could not be provided for by the issue of revenue bonds or tax notes, because the tax levy of 1918 against real estate in the Borough of Queens would only contain \$412,272.81, wherewith to pay the amount of the awards of \$1,236,818.43, chargeable against the said Borough as its share of the cost and the expense of acquiring title to Queens Boulevard.

Under the statutes as existing to-day, the Comptroller could not lawfully issue special revenue bonds redeemable from the budget of 1919 wherewith to pay the sum of \$412,272.81, which would still be unprovided for in 1919 by any tax upon the real estate in the Borough of Queens.

Such a course in effect and in reality would be to transfer one-third of the cost charged against the Borough of Queens, or \$412,272.81, from the tax levy against real estate in said Borough to a tax upon the taxable realty in the city as a whole.

If the costs and expenses chargeable against the Borough of Queens for the Queens Boulevard acquirement should be spread over a period of three years, and the strongest reasons from every point of view could be adduced showing that distribution should not be over a greater period of time, the city would have no other way, either under existing statutes, or in the legislative bill under which it is contemplated such distribution could be authorized by the Board of Estimate and

Apportionment of raising the deficiency of \$824,545.62, which would be cut off and excluded from the 1918 tax levy upon real estate in the Borough of Queens than by issuing special revenue bonds which would be redeemable by the city from the tax levy of 1919. One-half of this amount, or \$412,272.81, would be included in the 1919 tax levy as the second instalment upon realty in the Borough of Queens, and the other half, or \$412,272.81, would be required to be included in the 1919 tax upon real estate within the city as a whole. All the taxable realty within the city would thus be taxed in the levy of 1919, with \$412,272.81 of the costs and expenses for the Queens Boulevard acquisition, which the Board of Estimate and Apportionment has determined shall be a charge against realty in the Borough of Queens; and although the city treasury would be recouped in 1920 by the repayment of \$412,272.81 from the third instalment levied against the Borough of Queens, and which would be contained in the tax of 1920, yet the tax rate for the Borough of Queens in 1920 would be favored by such a recoupment proportionately from every other part of the city, and thus eventually escape some part of the cost of \$1,236,818.43, representing thirty per cent. of the entire cost of the acquirement of Queens Boulevard, which the Board of Estimate and Apportionment has fixed and determined shall be levied against the taxable real estate in the Borough of Queens.

Revenue bonds cannot legally be issued for any portion of the costs and expenses chargeable against the Borough of Queens which may be excluded from the levy of 1918 against said Borough, because revenue bonds can only be issued in anticipation of the collection of taxes; that is, in anticipation of taxes already levied or taxes to be levied within the year in which revenue bonds are issued.

It would therefore seem that the only legal way to pay awards for the Queens Boulevard, should the Board of Estimate and Apportionment determine to distribute or spread the cost as a tax upon the Borough of Queens over a period of two or more years, would be to issue special revenue bonds for that portion excluded from and not contained within the tax levy of 1918.

Now, that is the situation that I want to have you bear in mind when you are voting upon this proposition. The only thing that I want to say in addition is that this situation was called to the attention of Borough President Connolly at least two weeks ago and before the bill was introduced in the form in which it now is, and there was a difference of opinion between us, and in the face of that objection pointed out deliberately and carefully, the bill was passed in this form.

I offer a substitute or amendment for a two-year spread, which is the limit under this bill that can be financed by the City of New York.

The Comptroller then moved the following as an amendment to the resolution offered by the President of the Borough of Queens:

That the share of the cost and expense of the opening and extending of Queens Boulevard, from Van Dam Street to Hillside Avenue, Borough of Queens, heretofore determined to be paid by the Borough of Queens, shall be levied and collected with the taxes upon the real property within said Borough subject to taxation in two equal yearly instalments, the first to be collected with the taxes for the year 1918 and the second to be collected with the taxes for the year 1919.

Which amendment was lost by the following vote:

Affirmative—The Comptroller and the Presidents of the Boroughs of Manhattan and Brooklyn—7.

Negative—The Acting Mayor, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of The Bronx, Queens and Richmond—9.

The resolution as offered by the President, Borough of Queens, was then adopted by the following vote:

Affirmative—The Acting Mayor, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The Comptroller—3.

On motion, the Board adjourned.

JOSEPH HAAG, Secretary.

Approval of Minutes (Cal. No. 1).

The minutes of meeting held February 15, 1918, were approved as printed in the CITY RECORD February 26, 1918.

PUBLIC HEARINGS.

On Changes in the City Map.

Borough of Manhattan.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Grade of 4th Avenue, from East 32d Street to East 34th Street, and East 33d Street, from 4th Avenue to Lexington Avenue, Borough of Manhattan—Fixing Roadway and Sidewalk Widths (Cal. No. 2).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted January 25, 1918 (Cal. No. 125).

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board, held on the 25th day of January, 1918, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the grade of 4th avenue, from East 32d street to East 34th street, and of East 33d street, from 4th avenue to Lexington avenue, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 1st day of March, 1918, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 1st day of March, 1918; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 1st day of March, 1918; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of 4th avenue, from East 32d street to East 34th street, and of East 33d street, from 4th avenue to Lexington avenue, in the Borough of Manhattan, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated December 10, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby establishes a width of 15 feet for the easterly sidewalk of 4th avenue and a width of 22 feet for

the westerly sidewalk in the block between East 33d street and East 34th street, Borough of Manhattan, and assigns to the surface railroad in 4th avenue, between East 33d street and East 34th street, a position as shown on a map or plan dated December 10, 1917, bearing the signature of the Secretary of the Board of Estimate and Apportionment and adopted by the Board of Estimate and Apportionment on March 1, 1918, changing the grades of 4th avenue between East 32d street and East 34th street and changing the grade of East 33d street between 4th avenue and Lexington avenue.

Hearing on the Proposed Area of Assessment in the Matter of Acquiring Title to Lurting Street, from 51st Street to the Junction of Maple Avenue and Sanford Avenue, Borough of Queens (Cal. No. 12).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted January 25, 1918 (Cal. No. 134).

No one appearing in opposition to or in favor of the proposed area of assessment, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the real property required for the opening and extending of Lurting street, from 51st street to the junction of Maple avenue and Sanford avenue, in the Borough of Queens, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the compensation to be made to the owners of the real property to be acquired shall be ascertained and determined by the Supreme Court without a jury.

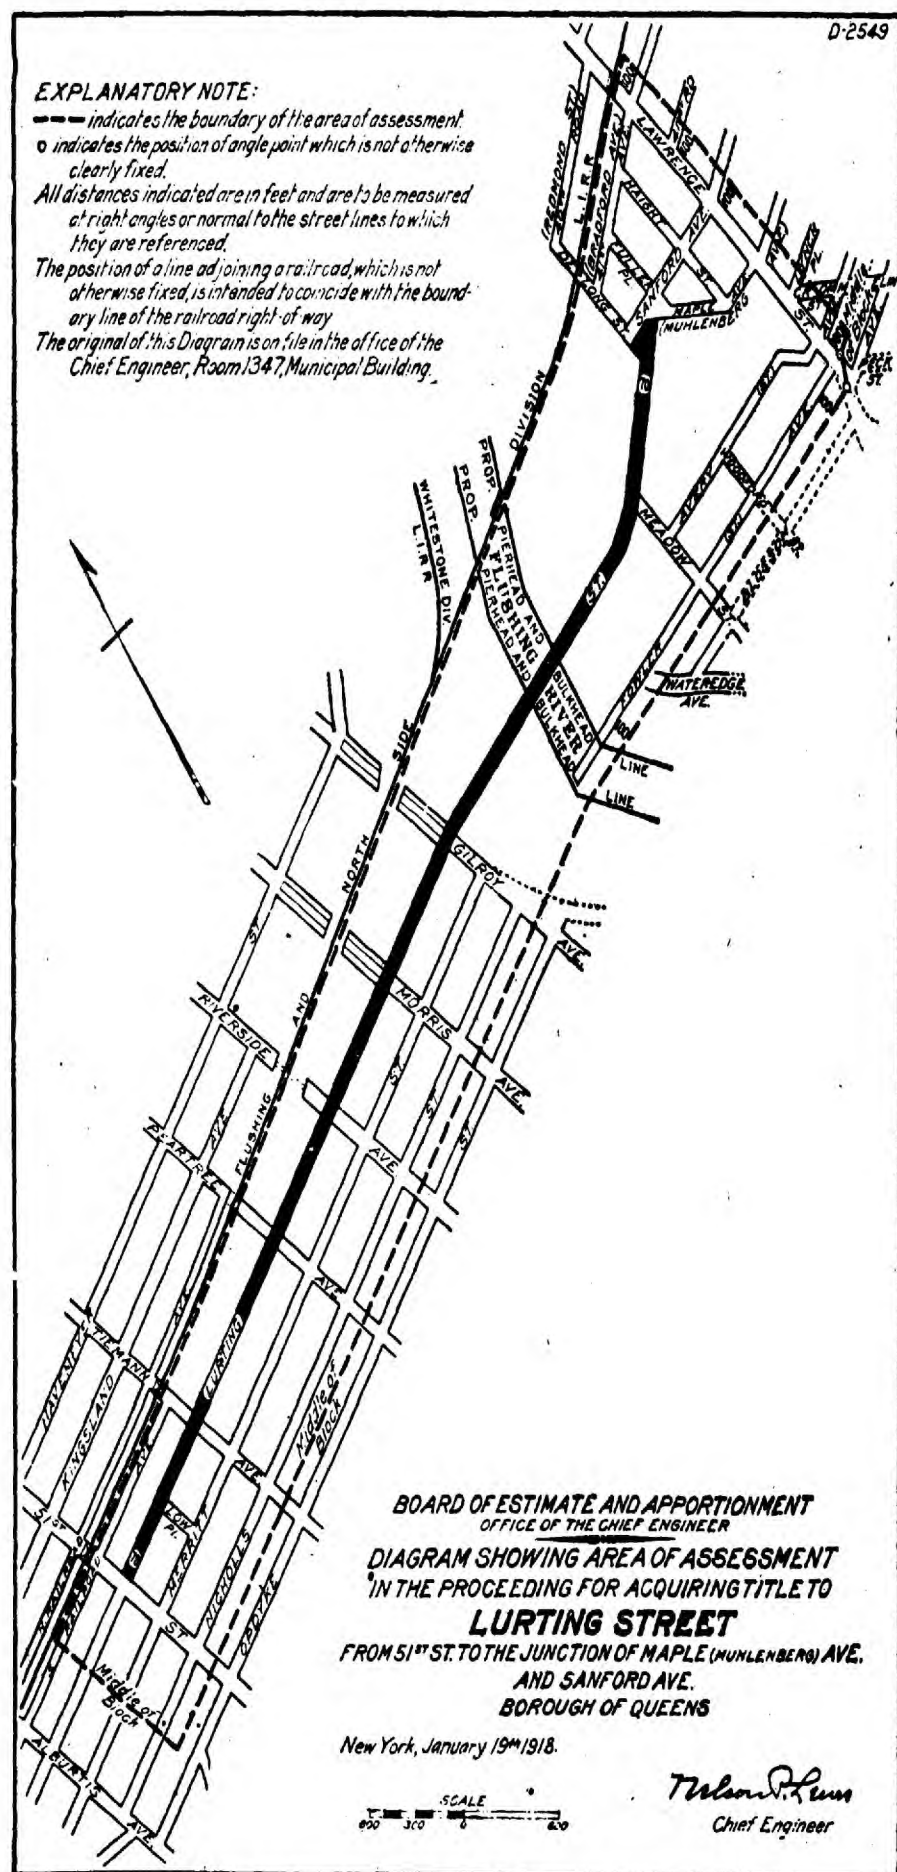

Resolved, That the Board of Estimate and Apportionment hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court to have the compensation, which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the Supreme Court without a jury, and to have the said Court assess the cost and expense of the proceedings upon the real property within the area of assessment hereinafter determined, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the purpose, to the real property that shall or may be required for the purpose of opening and extending Lurting street, from 51st street to the junction of Maple avenue and Sanford avenue, in the Borough of Queens, City of New York, upon the receipt by him of a rule map and damage map, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17 of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Queens in the preparation of rule, damage and benefit maps for the use thereof; and all other expenses and disbursements authorized by section 977 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the real property required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described, and would give a public hearing thereon upon the 1st day of March, 1918; and

Whereas, At the aforesaid time a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as shown on the following diagram:

This communication was presented to the Board at the meeting of February 21, 1918 (Cal. No. 81), when, by resolution duly adopted, this day was fixed as the date for consideration and the communication was referred to the Committee on Transit.

An affidavit of publication of the notice of consideration was received from the City Record.

Hon. Martin Saxe, Counsel for A. Ahren, Inc., appeared in opposition.

William G. Fullen, on behalf of the Public Service Commission for the First District, appeared in favor.

The Acting Mayor announced the Committee on Transit would hold a meeting on Monday, March 11, 1918, at 9:30 A. M., in City Hall, Borough of Manhattan, to consider this matter.

On motion of the Comptroller the consideration was continued until March 15, 1918.

Manhattan and Queens Traction Corporation (Cal. No. 16).

Hearing on the order to show cause why a resolution declaring forfeited the contract dated October 29, 1912, granting a franchise to the South Shore Traction Company, and subsequently assigned, with the consent of this Board, to the Manhattan and Queens Traction Corporation, and the contracts dated July 23, 1913, and January 21, 1916, by and between the City and the Manhattan and Queens Traction Corporation, amending said contract dated October 29, 1912, should not be adopted, and why such resolution shall not provide that the railway constructed and in use by virtue of said contracts shall thereupon become the property of the City without proceedings at law or in equity.

(The hearing was fixed for November 2, 1917, by resolution adopted October 19, 1917 (Cal. No. 127), and was continued from time to time until February 8, 1918 (Cal. No. 11), when the hearing was continued until this day.)

(On November 15, 1917, temporary receivers for this Company were appointed by the Federal Court. On December 19, 1917, the receivers were made permanent and on the same day a temporary injunction was issued by the Federal Court restraining the Board from passing any resolutions declaring the franchise forfeited or affecting the franchise in any way. This injunction was presented at the meeting of the Board on December 21, 1917 (Cal. No. 14), and was referred to the Corporation Counsel.)

(At the meeting of January 18, 1918 (Cal. No. 2), the Board was advised the hearing on the temporary injunction was fixed for January 21, 1918.)

(At the meeting of February 8, 1918 (Cal. No. 11), the Corporation Counsel was requested to furnish the Committee on Franchises with a digest of the papers in the matter and to pay special attention to the pending action.)

The Secretary presented the following:

The City of New York, Law Department, Office of the Corporation Counsel, New York, March 1, 1918.

Gas and Electric Securities Co., Plaintiff, against Manhattan and Queens Traction Corporation, Defendant; In the Matter of the Petition of William R. Begg and Arthur C. Hume, Receivers of Defendant, Relative to the Franchise and Property of the Defendant.

Board of Estimate and Apportionment of The City of New York:

Sirs—I received a communication from your Board, dated February 8, 1918, signed Joseph Haag, Secretary, reading as follows:

"At the meeting of the Board of Estimate and Apportionment on February 8, 1918, two proposed hearings affecting the franchise of the Manhattan and Queens Traction Corporation were continued to March 1, 1918, and the Secretary was directed to request the Corporation Counsel to present to the members of the Committee on Franchises of the Board a digest of the papers in the matter of the temporary injunction issued by the Federal Court restraining the Board from passing any resolutions affecting in any way the franchise of the Manhattan and Queens Traction Corporation.

"The Committee on Franchises consists of the Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan and the President of the Borough of Queens."

The papers in the matter of the temporary injunction in the above-entitled action consist of a petition and order, bill of complaint, answer and preliminary report of the financial condition of defendant, as shown by its books November 15, 1917. The petition was verified December 19, 1917, by William R. Vegg and Arthur C. Hume, Receivers of the Manhattan and Queens Traction Corporation.

This petition shows that these Receivers were appointed November 15, 1917, in a judgment creditor's suit to administer the franchises, property and assets of the Manhattan and Queens Traction Corporation; these Receivers qualified as such and are now operating this railway in accordance with the order appointing them. That the South Shore Traction Corporation entered into the contract with The City of New York on October 29, 1912, and on November 21, 1912, this franchise contract was in the hands of Receivers appointed by the United States District Court for the Eastern District of New York December 30, 1910; that on December 27, 1912, with the consent of the Board of Estimate and Apportionment, Public Service Commission and this District Court, it was assigned to the Manhattan and Queens Traction Corporation. This franchise contract was later amended on July 21, 1913, and January 21, 1916.

Under this franchise this company had constructed on or before April 26, 1916, its railroad from Jackson Avenue to Sutphin Road and Lambertville Avenue and was operating it together with a bridge service when these Receivers were appointed. This franchise provides:

"and the remainder of its said railway between said intersection of Sutphin Road (Guildford Street) and Lambertville Avenue (Pacific Street) and the City Line at Central Avenue within such time or times as may be directed by resolution of the Board upon recommendation of the president of the borough, provided that title to the streets involved has been vested in the city and that said streets have been regulated and graded."

The unconstructed part of the route of this company from Sutphin Road to the City Line is as follows:

Lambertville Avenue to Spangler Street; Spangler Street to Brinkerhoff Avenue; Brinkerhoff Avenue to Smith Street; Smith Street to Ulster Avenue; Ulster Avenue to 117th Avenue; 117th Avenue to Dearborn Avenue; Dearborn Avenue to City Line.

On February 16, 1917, the Board of Estimate and Apportionment adopted a resolution vesting title in the City of New York to certain damage parcels "of the said streets involved." At the same meeting of the Board of Estimate and Apportionment, and by its unanimous consent, but without notice to the Traction Corporation, a resolution was introduced by the President of the Borough of Queens and adopted by the Board directing the Manhattan and Queens Traction Corporation to commence within three months and complete within six months, after the approval of the resolution by the Mayor, the construction of its railway to Springfield Road.

The Mayor approved this resolution February 23, 1917.

This petition of the receivers attempts to show that this resolution of the Board was illegal and void on the following grounds, to wit:

1. Title was not on February 23, 1917, vested in "all portions of said streets."
2. Said streets were not on February 23, 1917, regulated and graded to their "legal grade and full width."
3. The City had not taken title on February 23, 1917, to the roadbed of the Long Island Railroad where it crosses Lambertville Avenue.
4. The Public Service Commission on November 9, 1912, determined that the tracks of the Long Island Railroad should be carried over Lambertville Avenue, and that at this point this avenue has been regulated and graded only to a temporary grade, and the right of way of the Long Island Railroad Company is here fenced in, admitting of no passage across its roadbed.
5. The City has not taken title to the roadbed of the Long Island Railroad Company where it crosses Westchester Avenue.
6. Central Avenue ("composed of Ulster, Westchester, 117th and Dearborn Avenues") has title vested in the City only to the "traveled roadway" and not to "full legal width of street."
7. Title to Dearborn Avenue is not in The City of New York.
8. Westchester and 117th Avenues have not been graded.
9. On each side of the asphalt line on Central Avenue, about 33 feet apart and 6 feet from the edge of the asphalt, is a line of poles which would interfere with the construction of a railroad line on Central Avenue unless it were constructed on said asphalt roadway.
10. The resolution of the Board was adopted without notice to the Traction Corporation.

11. The Traction Corporation has not obtained the legal right to cross the right of way of the Long Island Railroad Company.

12. It was physically impossible for this corporation to procure steel rails and other material for building this extension, and putting it in operation in six months and on or before August 23, 1917.

13. The Traction Corporation ordered from the Loraine Steel Company 600 tons of steel rails on April 29, 1916, and same were not delivered until September, 1917.

14. On November 1, 1917, the Traction Corporation paid to the City \$17,175.44 as percentages of gross receipts, bridge tolls for contract and terminal privileges for the year ending September 30, 1917, and also further paid the City \$200 for crossovers and turnouts.

15. The Traction Corporation is in default only as to the resolution of the Board and not as to the terms of the franchise contract.

16. The right to direct a further extension of the route of the Traction Corporation is now vested in the Public Service Commission, and not in the Board.

17. The proposed resolution of the Board violates the 5th and 14th amendments of the Constitution of the United States and article first, sections VI and VII of the Constitution of the State of New York.

18. The proposed action of the Board of Estimate and Apportionment, both in respect to the provisions of the contract and the declaration of forfeiture is *ultra vires* and, therefore, null and void and unauthorized by the Greater New York Charter.

The Traction Corporation did, after the passage of said resolution, order material, make surveys and procure consents of property owners, and ties and rails were laid and poles erected on Lambertville Avenue.

On August 18, 1917, the Traction Corporation filed a petition with the Board showing it was impossible to comply with its direction; on October 19, 1917, this resolution had also appeared on the calendar of the Board, accompanied with a resolution to notify the Traction Corporation that it was in default, and that a hearing would be had on this default only. The Traction Corporation filed another petition asking to be heard on the former one. On October 26, 1917, both these resolutions were restored to the calendar, and November 2, 1917, appointed for a hearing on them.

These hearings were adjourned to November 9, November 16 and December 21, 1917.

On October 20, 1917, the Traction Corporation received a copy of the proposed resolution purporting to forfeit its franchise and to take over its roadway.

The extension directed involves about 3.3 miles of construction and the reasonable costs of such construction would amount to \$300,000.

The petitioners pray for an order restraining the Board of Estimate and Apportionment as a body, the members thereof, The City of New York and all public officials, agents, employees, servants, etc., etc., of the City of New York and of the Board, from moving, considering, voting on, amending, adopting or in any manner passing a resolution of any kind, or in any form whatsoever on December 21, 1917, and at any time thereafter, until further order of this court, declaring forfeited or purporting to forfeit, impairing or vacating the franchise contract of the Manhattan and Queens Traction Corporation, and from calling the roll of the Board of Estimate and Apportionment on said motion, and from printing, typewriting or otherwise preparing such a resolution in any form, etc.

The order to show cause granted a temporary stay as prayed for and directed "that the receivers by this application shall not be deemed to have accepted the terms of said franchise, but may have a reasonable time, and until further order of this court, to determine what course they will recommend should be taken relative to the franchise of the Traction Corporation," and further ordered that The City of New York serve on the receivers and file with the court an answer to their petition, and show cause before the Court why the restraining order should not be continued "during the time the receivers are in possession and control of the franchise of the Traction Corporation."

The bill of complaint of the Gas and Electric Securities Company, filed in the United States District Court for the Eastern District by Messrs. Hornblower, Fuller, Garrison and Potter, shows that this company was organized under the laws of Delaware, and obtained judgment against the Traction Corporation November 14, 1917, for \$1,158,506.84, an execution was issued November 14, 1917; the only property owned by the company was a street surface railroad, the Traction Corporation owns 10.4 miles of double street railway; there is no mortgage on this property and no bonds were issued except two hundred of the par value of \$100. The Traction Corporation has outstanding indebtedness, exclusive of the above judgment, of \$520,000. This bill refers to the proposed resolution of the Board of Estimate and Apportionment of February 16, 1917, and states that William W. Lowe has been appointed manager of the Traction Corporation.

The answer of the Traction Corporation filed by Messrs. Frueauff, Robinson & Sloan admits the allegations of the Traction Corporation's bill and joins in its prayer for the appointment of a receiver.

The City of New York by its answer shows that the streets involved are: Lambertville Avenue, Spangler Street, Brinkerhoff Avenue, Smith Street, Ulster Avenue, Westchester Avenue, 117th Avenue.

Lambertville Avenue was on February 16, 1917, and has since been, a city street physically existing on the ground. Title to this avenue from Sutphin Road to Merrick Road, as it physically exists, was vested in the City of New York by resolution of the Board of Estimate and Apportionment on December 10, 1915, except as to damage parcels numbered 5, 24, 25, 33, 94, 107, 115, 119 and 175. Parcels numbered 5, 24 and 175 are not within the above described part of Lambertville Avenue. This avenue was graded to its legal grade as fixed on the final city map, except as to the aforesaid damage parcels, and except that it was graded between Freehold and Medford Street to a temporary grade so as to bring this part of the avenue to the grade of the roadbed of the Long Island Railroad. Lambertville Avenue, as it now exists, is about 75 feet wide and has a roadway of 40 feet, the sidewalks being 17½ feet wide. The damage parcels above mentioned lie within the sidewalk area of Lambertville Avenue, and not within its roadway. Therefore, the failure of the City to take these parcels or to regulate and grade them would not in the least interfere with the construction of the railroad.

The temporary grade of this avenue was fixed, as above stated, for the reason that the Public Service Commission determined that the tracks of the Long Island Railroad Company should be carried over it. This order of the Public Service Commission fixed lines and grades so as to enable the City to plan its final map. The Railroad Company has no intention at present of carrying its tracks over Lambertville Avenue by an overhead crossing. Such an elimination would cost \$100,000, and the City sees no reason why the actual work of eliminating this grade should be done for many years to come.

The Traction Corporation has the right to cross the roadbed of the Long Island Railroad Company under the Railroad Law, without its permission. Moreover, the Long Island Railroad Company has offered to allow the Traction Corporation to construct such a crossing whenever it desires so to do.

Title to Spangler Street, Brinkerhoff Avenue, Smith Street and Ulster Avenue out to Merrick Road to the full width of those streets and avenues was on February 16, 1917, vested in the City of New York, and on that day those streets were regulated and graded to their full width.

Title to Westchester Avenue and 117th Avenue, which took in old Central Avenue, so far as they are involved here, was on February 16, 1917, vested in the City of New York, to the full width of those avenues so far as they are physically existing as official and legal streets. These avenues as they physically exist on the ground were 50 feet wide, and title to them was taken on February 16, 1917, by the City of New York to the full width of 50 feet.

The grades of Westchester Avenue and 117th Avenue, as finally fixed, are practically the same as the physically existing grades of those avenues, and old Central Avenue antedates the construction of the Montauk Division of the Long Island Railroad.

On Lambertville Avenue, Spangler Street, Brinkerhoff Avenue, Smith Street and Ulster Avenue out to Merrick Road all poles have been moved back to the curb lines of those streets and avenues.

On Westchester and 117th Avenues the only poles standing are owned by the New York and New Jersey Telephone Company and the New York and Queens Gas and Electric Light Company, which have always been and now are willing to allow their poles, wherever the same may interfere with the construction of this Traction Corporation, to be removed back to the new curb line where they may be permanently placed.

The City of New York also contends:

1. That the District Court of the United States was without jurisdiction to stay or enjoin the passage of the proposed resolution for the reason that in passing or attempting to pass said resolution the Board was acting in a legislative capacity.

2. That said Court was without authority to stay the passage of the proposed resolution in a summary manner, and in a proceeding entitled in the original action in which the receivers were appointed to preserve the assets of the Traction Corporation, and that such a stay could only have been granted in a plenary suit in equity where the necessary jurisdictional facts appeared in the complaint.

3. The petition of the receivers did not show the necessary jurisdictional facts permitting them to sue in the District Court of the United States, and their sole remedy was an action in equity for an injunction in the State Courts.

The Corporation Counsel applied on notice to the District Court of the United States for the Eastern District of New York for an order vacating the temporary stay obtained herein, and on the papers upon which same was granted, which was denied. An order was entered denying this motion. No appeal can be taken to the Circuit Court of Appeals from such an order.

The argument on this motion to make the stay permanent has been adjourned to the 6th day of March, 1918. I will advise your Board of the Court's decision on this motion as soon as it is rendered. Respectfully yours,

GEO. P. NICHOLSON, Acting Corporation Counsel.

The hearing was continued until March 15, 1918.

Manhattan and Queens Traction Corporation (Cal. No. 17).

Hearing on the application of the Manhattan and Queens Traction Corporation for an extension of time of six months from the date when it shall receive the necessary material with which to complete and put into operation that portion of its street surface railroad from the intersection of Sutphin Road and Lambertville Avenue to the intersection of Central Avenue and Springfield Road, in the Borough of Queens.

By resolution adopted October 26, 1917 (Cal. No. 61), the hearing was fixed for November 2, 1917, and was continued from time to time until February 8, 1918 (Cal. No. 12), when it was continued until this day.

The hearing was continued until March 15, 1918.

APPROVAL OF MAPS AND PLANS.

Sewerage and Drainage Plans.

Borough of The Bronx.

Sewerage District No. 43-N-3, Borough of The Bronx—Modification in Drainage Plan (Cal. No. 18).

The Secretary presented a communication dated August 3, 1917, from the Commissioner of Public Works, Borough of The Bronx, transmitting map; and the following report of the Chief Engineer:

Report No. 17360.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of August 3, 1917, requesting approval of a modification in the drainage plan of Sewerage District No. 43-N-3.

Under this modification a temporary connection is to be provided between proposed sewers in Bussing Avenue and Digney Avenue, thereby making it practicable to install drainage facilities in portions of these streets without constructing all of the permanent trunk sewer which will ultimately be required.

The plan appears to be a proper one, and its approval is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves modified drainage plans for Sewerage District No. 43-N-3, Borough of The Bronx, showing the location, sizes and grades of the sewer in the block of Digney Avenue, between Bussing Avenue and Edenwald Avenue, bearing the signature of the President of the Borough and dated July 14th, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Borough of Queens.

Sewerage Districts Nos. 24-16 and 27-A-3, Borough of Queens—Modification in Drainage Plan (Cal. No. 19).

The Secretary presented a communication dated September 20, 1917, from the Secretary to the President, Borough of Queens, transmitting map; and the following report of the Chief Engineer:

Report No. 17362.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of September 20, 1917, presenting for approval a map showing a proposed modification in the drainage plan for Sewerage Districts Nos. 24-16 and 27-A-3.

These changes relate to the territory bounded approximately by Roosevelt Avenue, 37th Street, Hunt Street, Luydig Place, the Long Island Railroad, Corona Avenue, Junction Avenue, Martense Street, Hanover Avenue, Jennings Street, Toledo Street, Corona Avenue, Card Place, Kingsland Avenue and Van Dine Street, comprising an area of about 120 acres in the Elmhurst section.

The modifications proposed under this plan are designed in part to harmonize with changes made in the lines and grades of the streets within this territory which have been made at a date subsequent to that on which the drainage plan was originally approved, and in part to provide for high-level lateral sewers in the two blocks of Maurice Avenue between Toledo Street and Junction Avenue, the trunk sewer in this street having an abnormal depth below the established grade.

The sewers in District No. 27A will ultimately outlet through the 51st Street trunk, but will temporarily be made tributary to the Elmhurst disposal plant which is designed to care only for sanitary flow; for the latter reason it is understood that the receiving basins shown on the plan will not be connected with the system until such time as the permanent outlet is available.

I see no reason why the plan should not be approved and would recommend such action. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves modified drainage plan for Sewerage Districts Nos. 24-16 and 27-A-3, Borough of Queens, showing the location, sizes and grades of the sewers within the territory bounded approximately by Roosevelt Avenue, 37th Street, Hunt Street, Luydig Place, the Long Island Railroad, Corona Avenue, Junction Avenue, Martense Street, Hanover Avenue, Jennings Street, Toledo Street, Corona Avenue, Card Place, Kingsland Avenue and Van Dine Street, bearing the signature of the President of the Borough and dated September 14, 1917.

REPORTS.

From Standing Committees.

Committee on Finance and Budget.

President, Borough of The Bronx—Appropriation to Complete Construction of the Transverse Road in East 161st Street (Cal. No. 20).

(On February 1, 1918 (Cal. No. 45), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a report of the Committee on Finance and Budget returning for filing communication from the President of the Borough of The Bronx dated January 26, 1918, requesting an appropriation of \$150,000 to complete the construction of transverse road in East 161st Street, as this matter has been withdrawn by the Borough President, in order that he may submit a new plan, with estimate of cost, etc.

The papers were ordered filed.

East 161st Street, Between Jerome Avenue and Sherman Avenue, Borough of The Bronx—Changing Lines and Grades (Cal. No. 21).

(On February 8, 1918 (Cal. No. 94), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a report of the Committee on Finance and Budget returning for filing communication dated January 30, 1918, from the President, Borough of The Bronx, submitting for approval map showing change in lines and grades of East 161st Street, between Jerome Avenue and Sherman Avenue, and of intersecting streets and avenues necessitated thereby, as this matter has been withdrawn by the Borough President.

The papers were ordered filed.

Bolton Avenue, from Ludlow Avenue to Lafayette Avenue, and Additional Strips on Westerly Side of Bolton Avenue, Between Pugsley's Creek and a Point About 168 Feet North of Story Avenue, The Bronx—Acquiring Title (Cal. No. 22).

(On February 8, 1918 (Cal. No. 93), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a report of the Committee on Finance and Budget returning for filing communication dated January 31, 1918, from the President, Borough of The Bronx, requesting that a date be fixed for a public hearing in the matter of acquiring title to Bolton Avenue, from Ludlow Avenue to Lafayette Avenue, and to additional strips on the westerly side of Bolton Avenue, between Pugsley's Creek and a point about 168 feet north of Story Avenue, The Bronx, as the same has been withdrawn by the Borough President.

The papers were ordered filed.

President, Borough of Richmond—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 23).

(On February 8, 1918 (Cal. No. 100), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated February 2, 1918, from the President, Borough of Richmond, transmitting contracts, plans, specifications and estimate of cost for electric clocks in the County Court House, Richmond County; and the following report of the Committee on Finance and Budget relative thereto:

February 20, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On February 8, 1918 (Cal. No. 100), your Board referred to its Committee on Finance and Budget a communication dated February 2, 1918, from the President of the Borough of Richmond requesting the approval of contracts, plans and specifications for electric clocks in the County Court House, Richmond County, at the estimated cost of \$1,800. On February 14, 1918, this Committee requested a report upon this matter from an Engineer of Contract Supervision, Board of Estimate and Apportionment. Under date of February 18, 1918, such a report was made to this Committee recommending that the form of contracts, plans and specifications and estimated cost in the sum of \$1,650 be approved. The reduction in cost results from a modification of the specifications, involving zinc backs with enamelled faces for the twenty secondary clocks, instead of copper and porcelain faces. This modification has been accepted by the Borough President and the architects.

At its meeting on February 18, 1918, your Committee adopted and approved the recommendations contained in such report.

The adoption of the annexed resolution will give effect to the recommendations.

Respectfully submitted, CHARLES L. CRAIG, Chairman, Committee on Finance and Budget.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans and specifications and estimate of cost in the sum of one thousand six hundred and fifty dollars (\$1,650) for an electric clock system for the Richmond County Court House, Borough of Richmond, using enameled on zinc dials with hand painted numerals thereon for the twenty twelve-inch secondary clocks, under the jurisdiction of the President of the Borough of Richmond, the cost of the work to be charged to the corporate stock fund entitled "C. P. R. 12, Acquisition of Site and Construction of New County Court House, at New Brighton, Borough of Richmond"; provided that if no bids are received for said work within the estimated cost the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment, or any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Public Charities—Transfers of Appropriations (Cal. No. 24).

The Secretary presented a report of the Committee on Finance and Budget referring to the request of the Commissioner of Public Charities presented to the Board on February 15, 1918 (Cal. No. 45), and referred to the Committee on Finance and Budget, for approval of the transfer of all accruals in budget appropriations for the Department of Public Charities for salaries regular employees to the appropriations for salaries temporary employees, and stating the Committee determined at its meeting on February 18, 1918, that this matter should properly come before the Committee on Salaries and Grades.

The matter was referred to the Committee on Salaries and Grades.

The Secretary presented a communication dated February 14, 1918, from the President, Municipal Civil Service Commission, requesting modification of schedule; and the following report of the Committee on Salaries and Grades recommending approval thereof and filling of vacant positions:
February 23, 1918.

To the Board of Estimate and Apportionment:
Gentlemen—The Committee on Salaries and Grades recommends approval of a request made by the President of the Municipal Civil Service Commission for modification of a personal service schedule for 1918, as follows:

	Item No.	Code No.	Proposed Action.
Calendar of Feb. 15	124	190	To increase positions of Clerk, 1 from \$1,560 to \$1,740, 1 from \$1,320 to \$1,500 and 1 from \$840 to \$960; Typewriting Copyist, 1 from \$600 to \$660; Physical Examiner, 1 from \$1,800 to \$2,100; Stenographer and Typewriter, 2 from \$1,500 to \$1,680 and 1 from \$1,020 to \$1,140; Investigator, 1 from \$1,560 to \$1,620. To decrease one position of Stenographer and Typewriter from \$1,320 to \$1,020 and 1 from \$780 to \$720; Clerk, 1 from \$600 to \$540 and 1 from \$660 to \$600; Stenotypist, 1 from \$900 to \$840; Investigator, 1 from \$1,560 to \$1,500; Telephone Operator, 1 from \$1,050 to \$900. To eliminate positions of Clerk, 2 at \$360; Stenographer and Typewriter, 1 at \$720, and Medical Examiner, 1 at \$2,400; and to add positions of Clerk, 3 at \$960. These changes provide increases in salaries from Edward G. Dobbins, James J. McMahon, Frances Friedland, Sylvester Connolly, Joseph A. Ruddy, Frances Eckstein, Helen J. Higgins, Sophia Hahn, John J. McBenette and Loretta D. Tighe. Permission to increase rates for Clerks, Francis W. Lichte, from \$840 to \$960, and Emil A. Metz, from \$360 to \$420, is also recommended. Both of these Clerks are now charged against the higher rates.

The Committee on Salaries and Grades recommends the adoption of the attached resolutions granting the request. Respectfully,
ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Department of Health for permission to fill a vacant position of Laboratory Assistant at \$840 in Code 1828 by the promotion of Lawrence A. Kohn.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Public Charities—Authority to Fill Vacancies; Transfer of Appropriation and Modification of Schedules (Cal. No. 47).

(On February 8, 1918, these requests were referred to the Committee on Salaries and Grades (Cal. Nos. 128-G-1 to 6, inclusive), and on February 9 and 13, 1918, by the Secretary of the Board direct to said Committee.)

The Secretary presented 12 communications, dated January 26, 28, 29, 31, February 1, 5, 6, 13 and 14, 1918, from the Commissioner of Public Charities, requesting permission to fill certain vacancies in his department, and modification of schedules involving transfer of funds within appropriation; and the following report of the Committee on Salaries and Grades recommending approval thereof:

February 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of requests made by Department of Public Charities for modification of Personal Service schedules and permission to fill vacant positions, as follows:

Vacancies.

	Item No.	Code No.	Proposed Action.
Direct reference.	17A	1896	Clerk at \$840, by appointment from Civil Service List.
Direct reference.	17B	1900	Clerk at \$600, by appointment from Civil Service List.
Direct reference.	27A	1896	Stenographer at \$840, by appointment at \$840 from Civil Service Eligible List.
	10B	1884	Position of Draftsman at \$1,680, to be filled by appointment from Civil Service List at \$1,320.
	11	1896	Position of Clerk at \$840, by promotion of Hannah C. Engelhaupt, Clerk at \$660.
	44A	1886	Position of Clerk at \$1,200, to be filled by transfer of Louis Silverman, Clerk, \$1,200, Office of President, Borough of Brooklyn.
	44B	1884	Position of Clerk at \$960, to be filled by reinstatement of Frank Hamilton.

Modification of Schedules.

Calendar of:	Item No.	Code No.	Proposed Action.
February 8	128G3	1896	It is proposed to change the rate for Elevator Mechanic from \$1,200 per annum to \$5.52 per diem. It was intended in the preparation of the 1918 budget that all positions of mechanics should be allowed at per diem rate, but this position was overlooked. The additional funds necessary for the change, \$329.04 will be provided from balance unassigned in Code 1886.
February 8	128G1	1935	A new position of Carpenter is recommended at \$5.50 per diem. This position is necessary to take care of the buildings in the City Home District, Blackwells Island. There are 44 buildings included in this district, most of which are in need of constant repairs. The necessary funds, \$1,523.50, to be transferred from balance unassigned in Code 1886.
February 8	128G4	1887	To substitute the position of Butcher at \$960 for a vacant position of Food Inspector at \$1,260, for meat inspection. The \$300 saving is to be set up as unassigned balance.

Calendar of:	Item No.	Code No.	Proposed Action.
February 8	128G5	1890	To fix the salary rate of one Pilot at \$1,920 instead of \$1,620, and of one Engineer at \$1,500, instead of \$1,440, to agree with the rates approved by this Board Nov. 9, 1917, for these incumbents.
		1887	To decrease the rate for one Clerk from \$660 to \$600, to agree with the rate paid a newly appointed incumbent. The difference of \$60, added to an unassigned balance of \$300, is to be transferred to Code 1890 to provide for the above increases.
February 8	128G6	1886	Position of Cashier at \$1,440 to be changed to Clerk at \$1,320, and the difference of \$120 set up as unassigned balance.
February 8-18	128G2	1893	To change title of Assistant Institutional Clerk to Senior Hospital Helper. This change is recommended in order that the present incumbent, Arthur M. Stewart, be retained in his position.
February 8-18	128G2	1895	To drop a position of Stenographer at \$720, provided in the 1918 Budget, and substitute therefor a position of Typewriter Copyist at \$600. A saving of \$120 is to be scheduled in balance unassigned.
February 8-18	128G2	1897	To change title and salary of Ester Meyerowitz, Typewriter Copyist at \$660, to Stenographer and Typewriter at \$720 per annum. The additional \$60 secured in this same Code.
February 8-18	128G2	1899	To drop a position of Assistant Physician at \$600 and substitute therefor a position of Laboratory Assistant at the same rate. It is impossible for the Department to obtain a competent Physician to do this work at \$600 per annum.
February 8	128G2	1904	To change the number of Hospital Helpers at \$240-360 with maintenance, \$480-600 without maintenance, so as to permit discretion for the department to appoint Hospital Helpers with or without maintenance.
February 8	128G2	1892	To increase the number of Chief Nurses from three to four, in order to provide for the operating room Nurse at the above institution. The money necessary for this increase is obtainable in the nursing Code by changing line of Chief Nurse from \$1,440 to \$1,320, as that is the salary paid to the new incumbent.

The Committee on Salaries and Grades recommends the adoption of the attached resolution granting the requests. Respectfully,
ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; Edward RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.
The following resolution was offered:

Bellevue and Allied Hospitals—Transfer of Appropriation (Cal. No. 49).

(On January 25, 1918 (Cal. No. 114), this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated January 16, 1918, from the Board of Trustees, Bellevue and Allied Hospitals, requesting modification of the terms and conditions of the Budget for 1918 to permit the transfer of salary accruals of regular employees to salary accruals of temporary employees for said year; and the following report of the Committee on Salaries and Grades recommending denial thereof:

January 29, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 16, 1918, the Board of Trustees of Bellevue and Allied Hospitals submitted a request that the terms and conditions of the budget for 1918 be modified to permit the transfer of salary accruals of regular employees of Bellevue and Allied Hospitals to appropriations for salaries of temporary employees of that department for 1918. This was referred to the Committee on Salaries and Grades, Item No. 114, Calendar of January 25th. The Committee reports as follows:

“Under the ‘Terms and Conditions’ of the budget as adopted funds may be transferred from the general accrual fund—City Fund for Salary and Wage Accruals from schedule-supported appropriations to be expended as provided in the budget resolutions herewith—‘to the divisions of government * * * from which the credits were originally transferred’ by the unanimous vote of all the members of the Board of Estimate and Apportionment. A modification of the terms and conditions of the budget is therefore unnecessary in the case of Bellevue and Allied Hospitals. There were deducted from the tentative appropriations for that department for 1918 anticipated accruals amounting to twenty thousand dollars (\$20,000). Any accruals in the salaries and wages appropriations for regular employees of that department, which, by reason of paragraph ‘second, f,’ of the terms and conditions of the budget shall be transferred to the general accrual fund, may therefore be transferred from the general accrual fund to the salaries and wages appropriations for temporary employees of Bellevue and Allied Hospitals, upon application of that department, as required, by the unanimous vote of all the members of the Board of Estimate and Apportionment.”

Recommendation—In view of the foregoing the Committee on Salaries and Grades recommends that the request be denied and the Board of Trustees of Bellevue and Allied Hospitals be advised to submit to the Board of Estimate and Apportionment requests for the transfer of such accruals from the general accrual fund as may be required, in accordance with the provisions of paragraph “second, f,” of the “Terms and Conditions” of the budget. Resolution to that effect is submitted herewith for adoption. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:
Resolved, That the request of the Board of Trustees of Bellevue and Allied Hospitals, that the terms and conditions of the 1918 Budget be modified so as to permit of the transfer of salary accruals of regular employees to appropriation for salaries of temporary employees, be and hereby is *denied*, and the Board of Trustees of Bellevue and Allied Hospitals be advised to submit to the Board of Estimate and Apportionment requests for the transfer of such accruals from the general accrual fund—City Fund for Salary and Wages Accruals from schedule-supported appropriations—as may be required by that department, in accordance with the provisions of paragraph Second (f) of the terms and conditions of the Budget.

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

City Departments—Establishment of Additional Grade of Position and Compensation of Ship Caulker (Cal. No. 56).

(On January 25, 1918 (Cal. No. 120), the request of the Commissioner of Docks herein was referred to the Committee on Salaries and Grades.)
The Secretary presented a communication dated January 17, 1918, from the Commissioner of Docks, submitting for the consideration of the Board petition of the Ship Caulkers in the Department of Docks and Ferries for an increase in wages; and the following report of the Committee on Salaries and Grades relative thereto:
February 23, 1918.

To the Board of Estimate and Apportionment:
Gentlemen—The Department of Docks and Ferries on February 11, 1918, presented a request from six Ship Caulkers for increase in wages from \$4 to \$4.50 per diem, to be effective from July 1, 1917. This was referred to the Committee on Salaries and Grades, Item 120, Calendar of January 25, 1918. The Committee reports as follows:

The 1918 budget provides \$5,996 for the temporary employment in the Dock Department of Ship Caulkers for 1,499 days at \$4 per day. The request involves an increased cost of \$374.75 for 1917, and \$749.50 for 1918, or a total increased annual cost of \$1,124.50. A Ship Caulker at \$4 per diem for 277½ days is employed in the Fire Department. An increase of his wage to the \$4.50 rate, based on the request, would increase the total cost to \$1,332.25.

The prevailing rate for Ship Caulkers was \$4.50 a day from July 1, 1917, to January 1, 1918. On the latter date, the prevailing rate became \$4.75 through agreement entered into between the shipbuilding and dry dock firms employing 75 per cent. of Caulkers in the Greater City, and the Caulkers Trade Union. The following firms are among those now paying the \$4.75 per day rate:

Theodore A. Crane Sons, Erie Basin; W. J. Cokey Co., Erie Basin; Schuyler & Caddell, Erie Basin; Shields & Moran, Atlantic Basin; Bushey & Sons, 20th and Court St., Brooklyn; Morse's Dry Dock Co., foot of 48th St., Brooklyn; James Shewan & Son, foot of 27th St., Brooklyn; Frederick Furman, foot of Conover St., Brooklyn.

These firms employ in the aggregate over 500 Caulkers. They state that they would at present employ a larger number if they could obtain them. The demand for Caulkers is far in excess of the supply. Many of the Caulkers are earning more than \$4.75 per day by working overtime. The City Caulkers, however, are not entitled to overtime pay, although they are often called upon in emergencies to work overtime.

The Ship Caulkers employed in the Dock Department have been in continuous service for from 15 to 30 years, and are skilled workmen, familiar with departmental requirements for the caulking of ferryboats, tugs, launches, pile-drivers, deck-scows and other floating equipment. They have received no increase in wages for over ten years.

Authority to establish a new rate for Ship Caulkers is vested in the Board of Aldermen under section 56 of the Greater New York Charter.

The rate of \$4.50 a day requested for Caulkers employed by the City is 25 cents a day less than now paid in private employ.

In view of the claim that a rate of \$4.50 a day was paid before January 1, 1918, and the probability that a rate paid in private employ of \$4.75 from January 1 will later be demanded by City Caulkers, who now receive \$4 a day, it would be advisable to concede a rate of \$4.75 a day for Caulkers in City departments, beginning January 1, 1918.

Recommendation—The Committee recommends that a rate of \$4.75 per diem be fixed for Ship Caulkers, by the adoption of the attached resolutions. Respectfully,
ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Ship Caulker	\$4 75	Unlimited.

Rate to be effective as of January 1, 1918.
Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Comptroller and the Presidents of the
Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby requests the heads of City Departments in which Ship Caulkers are employed to provide for the compensation of such employees at the rate of four dollars and seventy-five cents (\$4.75) per diem, by the transfer of funds or by application for an authorization of special revenue bonds in the necessary amount, rate to be effective as of January 1, 1918.

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Comptroller and the Presidents of the
Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

From the Department of Finance.

Armory Board—Transfer of Appropriation (Cal. No. 67).

(On February 15, 1918 (Cal. No. 42), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated February 4, 1918, from the Secretary, Armory Board, requesting transfer of funds within appropriation; and the following report of the Comptroller recommending approval thereof:

February 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On February 15, 1918 (Cal. No. 42), your board referred to the Comptroller a communication dated February 4, 1918, from the Secretary of the Armory Board, requesting a transfer between appropriations for the year 1918, to provide additional funds in the various segregated accounts for telephone service for the National Guard and Naval Militia and the office of the Armory Board.

An examination, made to determine the reason and necessity for the transfer of funds, discloses that the Armory Board, up to January 1, 1918, was located in the Hall of Records and the telephone contract for that building included such calls as were made by the Armory Board. Since then the Armory Board has been located in the Municipal Building and it is to enable it to execute a contract for telephone service for its new quarters that this transfer is requested, no allowance for telephone service having been provided for in the budget appropriations of the Armory Board for 1918.

When the telephone contracts for certain of the National Guard organizations were prepared, it was found that small deficits would exist in the budget appropriations for these organizations.

The adoption of the attached resolution will enable the Armory Board to execute these contracts. Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves the transfer of funds within appropriations made to the Armory Board for the year 1918, as follows:

Board of City Record—Transfer of Appropriation and Modification of Schedules (Cal. No. 68).

(On February 8, 1918 (Cal. No. 116), the requests herein were referred to the Comptroller.)

The Secretary presented two communications, dated February 4, 1918, from the Supervisor of the City Record, requesting transfer of funds within appropriations; and the following report of the Comptroller recommending approval thereof and modifications of schedules:

February 16, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication to your Board under date of February 4, 1918, the Supervisor of the City Record, No. 116, Calendar of February 8, 1918, referred to the Comptroller, requests two transfers of funds within appropriations made to his office for the year 1918.

One request is for the transfer of \$336.95 from Code 2999—Printing, Stationery, Blank Books and Publication of The City Record to Code 2995—Office Equipment. The purpose of this transfer is to provide funds to be used as a cash payment on the exchange of five typewriting machines now owned by the City for five new machines. The machines, which it is proposed to exchange, are from three to eight years old and are in such condition as to require considerable repair. The Supervisor has had an arrangement for a monthly inspection of these machines at an annual cost of \$45, but the Division of Inspection of the Finance Department believes it will be better policy to exchange the old machines for new ones, in which case, the typewriting company assumes the repairs to the new machines for three years without expense to the City. When the 1918 budget was proposed it was not known that an exchange proposition would arise and the budget, therefore, included in the Contingency account an item of only \$45 for the usual inspection. Account 2995, Office Equipment, from which it is desired to purchase the machines, has not now a sufficient available balance to permit of the required payment and the balance there is desired

for other purposes. Prior to placing the order for the exchange the Division of Inspection will approve of the basis of the proposed exchange. The cash difference, however, will not exceed but may be less than the amount stated herein.

The other transfer requested is \$300 from 3048—City Fund for Salary and Wage Accruals to 2992—Salaries Temporary Employees. Inasmuch as there are no funds now available for transfer in Code 3048, the Supervisor has orally suggested the amount desired be temporarily transferred from Code 2999—Printing, Stationery, Blank Books and Publication of the City Record. The budget for 1918 contained an appropriation of \$225 under Code 2992—Salaries Temporary Employees, for the employment of stenographer and typewriter, three months at \$900 per annum. During the first month of the year there is a considerable amount of extra typewriting usually performed in the office of the City Record due to the placing of contract orders for miscellaneous stationery supplies for each Department. This temporary help is used in part for this work. Since the first of the year, however, it is stated there has been an abnormal increase in the quantity of correspondence emanating from the Supervisor's office with the result that the above referred to contract orders have not all been prepared and temporary stenographers have been employed under Code 2992 for the three months scheduled. These extra employees were, however, paid \$60 per month instead of \$75. The request for transfer now made includes a modification of the schedule of Code 2992 and a transfer thereto of \$300 to provide for stenographers and typewriters for four months at \$900 per year in addition to that included in the original 1918 budget.

The transfers requested appear to be reasonable and necessary and the funds to be transferred are provided from appropriations made to the Board of City Record. Attached hereto are two resolutions providing for the desired transfers and one resolution approving the schedules as revised. The adoption of these resolutions will effect the transfers, as requested. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Surrogates, New York County—Transfer of Appropriation (Cal. No. 69).

(On February 8, 1918 (Cal. No. 119), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated January 24, 1918, from the Surrogates of New York County, requesting transfer of funds within appropriation for 1917; and the following report of the Comptroller recommending approval thereof:

February 18, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication to your Board dated January 24, 1918, No. 119, Calendar of February 8, 1918, referred to the Comptroller, the Surrogates of New York County requested a transfer of \$25.84 within the appropriations to that office for the year 1917.

It is proposed to transfer this sum from Code 3208, Equipment, to Code 3207, Supplies. The appropriation for 3207, Supplies, was \$975.00, increased by a transfer of \$14.18 on December 7, 1917, making an available total of \$989.18. The charges against this code, including unpaid claims, amount to \$1,015.02, leaving a deficit of \$25.84.

There remains an available balance of \$176.53 in Code 3208, Equipment, from which the requested transfer can be made.

The adoption of the attached resolution, providing for the desired transfer, is therefore recommended. Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within appropriations to the Surrogates, New York County, for the year 1917, as follows:

FROM	
3208 Equipment	\$25 84
TO	
3207 Supplies	\$25 84

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Commissioner of Jurors, Kings County—Transfer of Appropriation (Cal. No. 70).

(On February 8, 1918 (Cal. No. 120), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated February 1, 1918, from the Commissioner of Jurors, Kings County, requesting transfer of funds within appropriation for 1917; and the following report of the Comptroller relative thereto:

February 16, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication to your Board dated February 1, 1918, No. 120, Calendar of February 8, 1918, referred to the Comptroller, the Commissioner of Jurors of Kings County requested a transfer of \$18 from Code 3414, "Contingencies," to Code 3412, "Communication."

The Commissioner states that the 1917 appropriation for telephone service was insufficient and that the transfer requested is necessary in order that the telephone bill for December may be paid.

Investigation shows, however, that there is an unencumbered balance in the Communication Account of \$35.29 and that the telephone bill for December amounts to \$36.00. In view of the foregoing it will be necessary to transfer only seventy-one cents instead of \$18.00, the sum requested.

The adoption of the attached resolution, providing for the transfer of 71 cents, is therefore recommended. Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves the transfer of funds within the appropriations to the Commissioner of Jurors, Kings County, for the year 1917, as follows:

FROM	
3414 Contingencies	\$0 71
TO	
3412 Communication	\$0 71

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Register, Bronx County—Transfer of Appropriation (Cal. No. 71).

(On February 15, 1918 (Cal. No. 59), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated February 8, 1918, from the Register, Bronx County, requesting transfer of funds within appropriation for 1917; and the following report of the Comptroller relative thereto:

February 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication to your board dated February 8, 1918, No. 59, Calendar of February 15, 1918, referred to the Comptroller, the Register of Bronx County requested a transfer of \$24 within the appropriation to that office for the year 1917.

It was proposed to transfer this sum from Code 3271, Personal Service, Wages, Temporary Employees to Code 3274, Communication, Telephone Service. The appropriation for 3274, Telephone Service, for the year 1917, was \$303, and the liabilities amount to \$326.72, leaving a deficit of \$23.72, for which provision is to be made.

There remains in Code 3271, Wages Temporary Employees, an available balance of \$1,007.61 from which this amount can be transferred.

The adoption of the attached resolution providing for the desired transfer is therefore recommended. Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves transfer of funds within appropriations to the Register, Bronx County, for the year 1917, as follows:

FROM	
<i>Personal Service.</i>	
3271 Wages, Temporary Employees	\$23 72
TO	
<i>Communication.</i>	
3274 Telephone Service	\$23 72

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Sheriff, Queens County—Transfer of Appropriation (Cal. No. 72).

(On February 8, 1918 (Cal. No. 121), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated January 31, 1918, from the Sheriff, Queens County, requesting transfer of funds within appropriation for 1917; and the following report of the Comptroller recommending approval thereof:

February 16, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication to your Board dated January 21, 1918, No. 121, Calendar of February 8, 1918, referred to the Comptroller, the Sheriff of Queens County requested a transfer of \$60.00 from Code 3567, "Carfare," to Code 3568, Telephone Service.

The Sheriff states that because of the war the business of his office so increased that it was necessary to use many telephone calls in addition to the number allowed in the contract, that the 1917 appropriation for telephone service at \$275 was exhausted in the early part of November and that it is necessary that the sum of \$60.00 be transferred in order that the outstanding telephone bills may be paid.

The adoption of the attached resolution, providing for the transfer desired, is therefore recommended. Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves the transfer of funds within the appropriations to the Sheriff of Queens County for 1917, as follows:

FROM	
3567 Transportation—Car Fare.....	\$60 00
TO	
3568 Communication—Telephone Service	\$60 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

District Attorney, Richmond County—Transfer of Appropriation (Cal. No. 73).

(On February 15, 1918 (Cal. No. 62), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated February 8, 1918, from the District Attorney, Richmond County, requesting transfer of funds within appropriation for 1917; and the following report of the Comptroller recommending approval thereof:

February 20, 1918.

The Honorable Board of Estimate and Apportionment:

Gentlemen—In a communication to your Board, dated February 8, 1918, No. 62, Calendar of February 15, 1918, referred to the Comptroller, the District Attorney of Richmond County made an application for the transfer of \$11.84 to provide for a deficiency in Code 3665, 1917 Contract or Open Order Service—Communication, Telephone Service.

The cost of this service during 1917 amounted to \$211.84, while the amount allowed in the Budget for 1917 was but \$200. The bill for telephone service for the month of December, 1917, amounting to \$27.53 is unpaid since the balance available for its payment is but \$15.69.

There is an unincumbered balance in Code 3660, Salaries Regular Employees, available for this transfer.

The adoption of the attached resolution is therefore recommended.

Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves the transfer of funds within the appropriations to the District Attorney, Richmond County, for the year 1917, as follows:

FROM	
<i>Personal Service.</i>	
3660 Salaries Regular Employees	\$11 84
TO	
<i>Contract or Open Order Service, Communication.</i>	
3665 Telephone Service	\$11 84

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Department of Education—Acquisition of Sites for School Purposes (Cal. No. 74).

(On November 23, 1917 (Cal. No. 84), the resolution of the Board of Education in this matter was presented to the Board and referred back to the Board of Education.)

(On December 21, 1917 (Cal. No. 134), a communication, dated December 13, 1917, from the Secretary of the Board of Education, requesting the Board to recon-

sider its action of November 23, 1917, was presented and laid over until January 11, 1918, and on the latter date (Cal. No. 142) the matter was referred back to the Board of Education for further consideration.)

(On February 8, 1918 (Cal. No. 103), this matter was referred to the Comptroller and Chief Engineer.)

The Secretary presented a communication dated January 28, 1918, from the Secretary of the Board of Education, advising that said Board, at its meeting held January 23, 1918, adopted a resolution, selecting as a site for school purposes the block bounded by East 53d street, Linden avenue, East 54th street and Lenox road, Brooklyn; and the following report of the Chief Engineer:

Report No. 17352.

February 20th, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment, held on February 8th, 1918, there was presented a communication from the Secretary of the Board of Education advising that the Board of Education had selected as a site for school purposes the block bounded by East 53rd Street, Linden Avenue, East 54th Street and Lenox Road, in the Borough of Brooklyn.

Under the provisions of Rule 35 of the Board this matter was referred to the Chief Engineer in order that a report might be prepared showing the relation of this property to the City Plan. The proposed site comprises a rectangular block having dimensions of 200 feet by 475 feet. It is bounded on the west by East 53d Street, 80 feet wide, on the east by East 54th Street, 60 feet wide, on the south by Linden Avenue, 100 feet wide, and on the north by Lenox Road, 70 feet wide. No buildings have been erected upon the property and the land ranges from the level of the adjoining streets to about 3 feet above the same. All of these streets were laid out in 1874 on the Town Survey Commissioner's map of the former City of Brooklyn. Title has been legally acquired to Lenox Road and the Corporation Counsel has advised that in his opinion Linden Avenue is dedicated to public use. Title has not been formally acquired nor has any opinion been received as to the dedication to public use of East 53d Street and East 54th Street, but these streets are also freely used by the public and their dedication can undoubtedly be established. All four streets are graded, curbed and flagged, apparently with respect to the mapped lines in which no changes are contemplated. The project is, therefore, consistent with the City Plan. While there can be no question as to the location of the property affected by the resolution adopted by the Board of Education, it should be noted that the description as incorporated in the resolution incorrectly defines the length of the block between Linden Avenue and Lenox Road as 480 feet instead of 475 feet.

In the report of the Commissioner of the Board of Education accompanying the papers, reference is made to the probability of securing sewage facilities for this site in not less than two years; assuming that this would constitute an important factor in the selection of the site, it might be noted that this locality is dependent upon the Remsen Avenue trunk sewer and its continuing outlet in Ralph Avenue to Paerdegat Basin, where a treatment plant and pumping station will be required. A part of this system has been granted final authorization and placed under contract, a part was given preliminary authorization during the year 1917, and the remainder is now before the Board awaiting preliminary authorization. If all of these improvements are advanced as originally planned, it should be possible to realize the completion of the system within the period stated in the Commissioner's report. Respectfully,

NELSON P. LEWIS, Chief Engineer.

89th (Ridgewood) Avenue, East of Spruce Street, Borough of Queens—Deed from the Long Island Railroad Company Conveying to City Strip of Land Within Lines (Cal. No. 75).

The Secretary presented a communication dated July 19, 1917, from the Acting President, Borough of Queens, relative to a deed to certain land within the lines of 89th (Ridgewood) Avenue, just east of Spruce Street, tendered to the City by the Long Island Railroad Company; and the following report of the Chief Engineer:

Report No. 17354.

February 20, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—In a communication bearing date of July 19, 1917, the Acting President of the Borough of Queens advised that a deed to certain lands within the lines of Ridgewood Avenue just east of Spruce Street had been tendered to the City by the Long Island Railroad Company, but had been returned by the Corporation Counsel for the reason that the deed was not accompanied by a release from the general mortgage given by the Railroad Company and request was made that consideration be given to a suggestion made by the Engineer in charge of the Topographical Bureau to the effect that the deed might be accepted by the Board of Estimate and Apportionment subject to the mortgage, thus clearing the way for carrying out desired surface improvements.

Upon receipt of this communication the Corporation Counsel was requested by this office to advise whether power rested in the Board to follow the course suggested by the Borough President, but the desired advice has not yet been received. Under date of February 11, 1918, a new deed, executed by the President and the Secretary of the Long Island Railroad Company and bearing date of July 30, 1917, has been presented by the Acting President. This deed is offered pursuant to the agreement entered into between the City and the Railroad Company on July 21, 1911, relative to the elimination of grade crossings between Woodside and Jamaica. The deed purports to convey to the City such title as the Railroad Company may have, but subject to its right to maintain and operate the railroad.

No provision seems to have been made for obtaining a release of mortgage, but it would appear that the instrument as drawn is intended to meet the objection of the Corporation Counsel through the application of certain provisions of the agreement of 1911.

I would recommend that the deed be referred to the Corporation Counsel and that he be authorized to accept it pursuant to the provisions of the agreement, provided it is found satisfactory, and with the further understanding that in case concurrent action is required on the part of the Sinking Fund Commission it be sent to that body for ratification.

I would also suggest that the Corporation Counsel be requested to advise the Board at the earliest date practicable as to the action taken in the matter.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The matter was referred to the Corporation Counsel, with the request that he carry out the recommendations contained in the report of the Chief Engineer.

Wave Street, from Front Street to Bay Street, Borough of Richmond—Laying Out (Cal. No. 76).

The Secretary presented a communication dated December 14, 1917, from the President, Borough of Richmond, transmitting for approval map showing proposed change; and the following report of the Chief Engineer:

Report No. 17355.

February 21st, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Richmond, bearing date of December 14th, 1917, presenting for approval a map showing lines and grades proposed for Wave Street between Front Street and Bay Street.

Wave Street, with a length of two blocks or a little less than 1,000 feet, was shown on a tentative plan for the Stapleton section of the Borough which was approved by the Board on November 4th, 1910, at which time it was proposed to give the street a width of 60 feet. Front Street, its easterly terminal and for which it is designed to serve as an outlet, was planned to have a width of 80 feet, while Sands street, the westerly terminal, was to be made 65 feet wide. From information then at hand it appeared that the street was intended to include within its lines an old highway having a width of about 45 feet, the widening of which was located wholly on the southerly side.

The plan now submitted relates to a length of one block of the street to which it is proposed to assign a width of 45 feet, this through nearly the entire distance affected being apparently made identical with the width to which the street is now in use. The abutting property on the northerly side is largely improved and most of it has been subdivided into lots having an irregular depth ranging from nothing near Front Street to about 165 feet at Bay Street. On the southerly side, where one building has been erected, the block as now subdivided has a depth of only 150 feet. It is evident that

any widening of the existing street would result in building damage, and that a widening on the southerly side as indicated on the tentative plan would be seriously prejudicial to the value of the abutting property owing to the resulting shallow depth of all of the lots on this side of the street. I have informally suggested to the Borough President that by taking advantage of the statute enacted last year, under which provision was made for laying out courtyards and for acquiring title to them under conditions such as to avoid interference with the buildings during their reasonable life, the objections which might be presented against increasing the street width to 60 feet through the laying out of a courtyard on the northerly side of the existing street might be largely removed. It has also been pointed out to him that an increase in the width indicated on the plan would seem necessary in order that an adequate outlet might be provided for Front Street.

I am informed, however, by the Acting President that the treatment shown on the plan is favored by him, partly on the ground of avoiding building damage, and partly to avoid undesirably shortening the depth of abutting lots.

I am unable to modify the views which I have heretofore presented to the Borough President concerning this plan and would recommend that it be referred back to him for revision by the laying out of a courtyard on the northerly side of the street with a depth of 15 feet, and in this connection I would suggest that his attention also be called to what would seem to be an extravagant width for Front Street, to the end that the tentative plan as heretofore approved may also be modified provided the widening contemplated by it should be found after investigation to be impracticable. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Approved Papers—On Changes in the City Map (Cal. No. 77).

The following report of the Secretary was ordered printed in the minutes and filed:

February 26, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—I beg to inform you that on February 23, 1918, his Honor the Acting Mayor approved the resolutions adopted by the Board of Estimate and Apportionment on February 8, 1918, changing the map or plan of The City of New York by:

Cal. No. Apvl. No.

- 2 1 Laying out a Public Park within the lines of Plaza Lafayette, between Haven avenue and the Service street adjoining Riverside Drive on its easterly side, Borough of Manhattan.
- 3 2 Decreasing the width of Van Nest avenue, from Williamsbridge road to Elberon avenue, and adjusting the grades of the intersecting streets affected thereby, Borough of The Bronx.
- 4 3 Changing the grades of 130th street (Maure avenue), between Kew Gardens road and Hillside avenue, Borough of Queens.
- 5 4 Changing the lines of Penelope street, from Everton street to Queens (Hoffman) Boulevard, by establishing the lines and grade of Penelope street, from Woodhaven avenue (Trotting Course Lane) to Everton street, and by laying out a Public Park at the intersection of Woodhaven avenue and Penelope street, Borough of Queens.
- 6 5 Changing the block dimension on the westerly side of 7th street, between Polk avenue and Broadway, Borough of Queens.
- 7 6 Changing the grades of the street system within the territory bounded by 108th street (Guion avenue), Myrtle avenue, 85th avenue (Ashland street), Bessemer street, Jamaica avenue, 115th street (Hamilton avenue), 86th avenue (Brandon avenue), 110th street (Bedford avenue) and 85th avenue (Emerson street), Borough of Queens.

Yours very truly,

JOSEPH HAAG, Secretary.

Central Park West, Between Columbus Circle and Cathedral Parkway, Borough of Manhattan—Relocation of Tracks of New York Railways Company (Cal. No. 96).

(On June 29, 1917 (Cal. No. 89), the Board, in pursuance of chapter 692 of the Laws of 1917, authorized the Mayor to file a complaint with the Public Service Commission for the First District relative to the dangerous condition resulting from the operation of the street surface railroad on Central Park West and to request said Commission to determine the proportionate cost of removal and relocation of the tracks, which should be borne by the railroad company and by the City.)

(On December 7, 1917 (Cal. No. 111), a communication was presented from the Public Service Commission to the effect that the complaint of the Mayor had been dismissed by the Commission, without prejudice to any action or proceeding by The City of New York or the Board of Estimate and Apportionment thereof, or the institution of any new proceeding before the Commission, which communication was referred to the Corporation Counsel for such action as he may deem necessary to further the proceeding.)

The Secretary presented the following communication from the Corporation Counsel:

City of New York, Law Department, Office of the Corporation Counsel, New York, February 25, 1918.

Board of Estimate and Apportionment of The City of New York:

Sirs—I am in receipt of a communication from the Mayor's office, dated February 9, 1918, signed Grover A. Whalen, Secretary, reading as follows:

"The Mayor directs me to forward to you memorandum adopted by the Public Service Commission on December 3rd, 1917, relative to street surface operation by the New York Railways Company along Central Park West.

"This proceeding, instituted by the City of New York, was found to be defective, and Chairman Straus requests that new proceedings be instituted by the City in accordance with the statute."

By chapter 692 of the Laws of 1917 a new section, known as section 242-c, was added to the Greater New York Charter, which reads as follows:

"Whenever in the judgment of the board of estimate and apportionment the operation of the street surface railroad located on Central Park West shall by reason of the operation of such railroad on the surface of such street constitute a menace to life or to the safety of persons or property, the board of estimate and apportionment may authorize the mayor of the city to file a complaint with the public service commission for the first district setting forth the dangerous condition resulting from the operation of said street surface railroad; and if the said commission shall be of opinion after a hearing had upon notice of not less than ten days to the city and to the street railroad company affected, that the operation of such railroad constitutes a menace to life or to the safety of persons or property, the board of estimate and apportionment shall have power to require the railroad corporation operating such street surface railroad to relocate its tracks upon said street in such manner as said board shall designate, and the corporation owning or controlling the tracks shall, partly at its own expense and partly at the expense of the city, in such proportions as the public service commission for the first district may determine, remove and relocate them pursuant to the order of said board. The board of estimate and apportionment may, without a determination of the public service commission, relocate and narrow the sidewalk on the eastern side of Central Park West, and cause to be constructed a roadway between the tracks of the street railroad on such street and such sidewalk as so relocated and narrowed, and for the purpose of such improvement, may take such land along the western side of Central Park outside of the western wall and now constituting a part of the sidewalk as may be needed for such purposes but not to exceed fifteen feet."

"§2. This act shall take effect immediately."

Pursuant to the provisions of this law, your Board on June 29, 1917, adopted the following resolution:

"Whereas, In the judgment of the Board of Estimate and Apportionment, the operation of the street surface railroad located on Central Park West, by reason of the present position of the tracks, constitutes a menace to life and safety of persons and property; be it

"Resolved, That the Board of Estimate, pursuant to the provisions of chapter 692 of the Laws of 1917, hereby authorizes the Mayor of the City to file a complaint with the Public Service Commission for the First District, setting forth the dangerous condition resulting from the operation of the said street surface railroad, and to request the said Public Service Commission for the First District, provided it is of the opinion that the operation of the railroad constitutes a menace to life or to the safety of persons and property, to determine the proportion of the cost of removal and relocation of the said tracks which shall be borne by the railroad company and by the City of New York."

Under authority of the above resolution, Hon. John Purroy Mitchel, then Mayor of The City of New York, filed a complaint with the Public Service Commission for the First District, and, after various hearings on this complaint by the Public Service Commission and the production of evidence in support of same by The City of New York, this complaint was dismissed on December 3, 1917, by the Public Service Commission without prejudice to any action or proceeding by The City of New York or the Board of Estimate and Apportionment thereof, or the institution of any new proceeding before the Commission.

The Public Service Commission for the First District, in dismissing this complaint, rendered an opinion, in part as follows:

"The City of New York, through its Mayor, Board of Estimate and Apportionment, and Corporation Counsel, has not done that which chapter 692 of the Laws of 1917 says must be done, before the Public Service Commission can make the determination which is sought in this proceeding. The jurisdictional basis for a hearing before the Commission is thus set forth, with greater explicitness than clarity, in chapter 692:

"Whenever in the judgment of the Board of Estimate and Apportionment the operation of the street surface railroad located on Central Park West shall be reason of the operation of such railroad on the surface of such street constitute a menace to the life or to the safety of persons or property, the Board of Estimate and Apportionment may authorize the Mayor of the City to file a complaint with the Public Service Commission for the First District, setting forth the dangerous condition resulting from the operation of said street surface railroad."

"Did the Board of Estimate and Apportionment certify its judgment to be that 'the operation of the street surface railroad located on Central Park West' was, 'by reason of the operation of such railroad on the surface of such street' a menace, etc.? It has never done that, but has instead certified its judgment to be that 'the operation of the street surface railroad located on Central Park West' constitutes 'a menace,' etc., 'by reason of the present position of the tracks.' The resolution of the Board of Estimate and Apportionment, which was the first

step requisite for setting in motion the procedure and giving the jurisdictional basis authorized by chapter 692, stated the matter as follows:

"Whereas, in the judgment of the Board of Estimate and Apportionment, the operation of the street surface railroad located on Central Park West by reason of the present position of the tracks, constitutes a menace to life and safety of persons and property.

"Resolved, etc."

"The Board of Estimate and Apportionment had no right or power, under chapter 692, or otherwise, to substitute 'the position of the tracks' for 'the operation of the railroad' as the basis for finding surface operation along this thoroughfare to be a menace. The legislature has not empowered the City to deal with the situation arising merely from 'the position of the tracks.'"

In the above communication, Hon. Oscar S. Straus, Chairman of the Public Service Commission, suggests that new proceedings be instituted by the City. To carry out this suggestion the first step necessary is a new resolution by your Board in strict conformity with the above act. Such resolution should read as follows:

Whereas, in the judgment of the Board of Estimate and Apportionment, the operation of the street surface railroad located on Central Park West by reason of the operation of such railroad on the surface of such street constitutes a menace to life or to the safety of persons or property, be it

Ordered that the Board of Estimate and Apportionment of The City of New York, pursuant to the provisions of chapter 692 of the Laws of 1917, hereby authorizes the Mayor of The City of New York to file a complaint with the Public Service Commission for the First District, setting forth the dangerous condition resulting from the operation of such street surface railroad, and requesting said Public Service Commission to determine that the operation of such railroad constitutes a menace to life or to the safety of persons or property, and further requesting that in the event the said Public Service Commission shall be of opinion after a hearing had upon notice of not less than ten days to The City of New York, and the street railroad company affected that the operation of such railroad constitutes a menace to life or to the safety of persons or property, and after the Board of Estimate and Apportionment of The City of New York designates the manner in which such street surface railroad shall relocate its tracks, that said Commission determine the proportion of the cost of removal and relocation of said tracks, which shall be borne by the railroad company and by The City of New York.

Will you therefore, at your earliest convenience, pass a resolution in the above form and transmit a certified copy thereof to this department,

Respectfully yours, WILLIAM P. BURR, Corporation Counsel.

Henry Smith, representing the New York Railways Company, appeared in opposition.

The following resolution was offered:

Whereas, in the judgment of the Board of Estimate and Apportionment, the operation of the street surface railroad located on Central Park West, by reason of the operation of such railroad on the surface of such street constitutes a menace to life or to the safety of persons or property, be it

Ordered, That the Board of Estimate and Apportionment of the City of New York, pursuant to the provisions of chapter 692 of the Laws of 1917, hereby authorizes the Mayor of The City of New York to file a complaint with the Public Service Commission for the First District, setting forth the dangerous condition resulting from the operation of such street surface railroad, and requesting said Public Service Commission to determine that the operation of such railroad constitutes a menace to life or to the safety of persons or property, and further requesting that in the event the said Public Service Commission shall be of opinion after a hearing had upon notice of not less than ten days to the City of New York, and the street railroad company affected that the operation of such railroad constitutes a menace to life or to the safety of persons or property, and after the Board of Estimate and Apportionment of The City of New York designates the manner in which such street surface railroad shall relocate its tracks, that said Commission determine the proportion of the cost of removal and relocation of said tracks, which shall be borne by the Railroad Company and by the City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Which was referred to the Committee on Finance and Budget.

Department of Plant and Structures; Public Service Commission for the First District—Transfer of Corporate Stock Funds to Appropriation for Contract with American Iron and Steel Manufacturing Company (Cal. No. 130).

The Secretary presented a communication, dated February 18, 1918, from the Commissioner of Plant and Structures, requesting that the sum of \$84.50 be deducted from the corporate stock fund for the improvement of the southerly portion of the Manhattan Plaza of the Manhattan Bridge and credited to the appropriation for carrying out the contract between the City of New York, acting by the Public Service Commission for the First District, and the American Iron and Steel Manufacturing Company, for the supply of screw spikes and lag screws, authorized September 24, 1915 (Cal. No. 89).

Which was referred to the Comptroller.

Department of Docks and Ferries—Extension of Transfer System to Lexington Avenue Surface Line of New York Railways Company (Cal. No. 131).

The Secretary presented a communication, dated February 20, 1918, from the Commissioner of Docks, referring to an agreement with the New York Railways Company, providing for the exchange of transfers between the Municipal Ferry operating to Staten Island and the surface lines of said company terminating at the foot of Whitehall Street, Borough of Manhattan, and to the extension of this transfer system to the Lexington Avenue cars now running through to South Ferry which is not provided for under the contract between the Railway Company and the City.

In connection therewith the Commissioner of Docks submits a memorandum giving statistics compiled from the records of his Department in regard to this exchange of transfers, submits copy of communication from the Public Service Commission, dated January 19, 1918, in relation to this subject, and states that he sees no objection to the extension of the transfer system to the Lexington Avenue line, but a careful study of the subject has convinced him that the issuance of transfers should be stopped on Sundays and holidays, as the system was inaugurated for the benefit of the residents of Staten Island, and only a small percentage of these travel to and from Manhattan on such days.

Which was referred to the Committee on Transit.

Department of Docks and Ferries; Department of Plant and Structures; Department of Water Supply, Gas and Electricity—Obstruction to Navigation in Harlem River; Highbridge Piers (Cal. No. 132).

(On November 30, 1917 (Cal. No. 59), a resolution was adopted by the Board expressing its belief that the City of New York should do its part toward the improvement of the navigation of the Harlem River by removing one or more of the piers of High Bridge, but that the City cannot in justice be asked to undertake this improvement until it shall have been assured that the obstructions to navigation at the northerly

and southerly ends of the Harlem River are also to be removed, and that the proper Federal and State authorities shall have taken action to this end.)

The Secretary presented a communication dated February 21, 1918, from the Commissioner of Docks, relative to the serious menace to navigation in the Harlem River of the High Bridge piers, and submitting in connection therewith report of the Commissioner of Water Supply, Gas and Electricity for the consideration of the Board to the end that this matter may be taken up and disposed of as soon as may be convenient.

Hon. Murray Hulbert, Commissioner of Docks, appeared in support of the communication.

The matter was referred to the Committee on Port and Terminal Facilities.

Department of Docks and Ferries—Wages and Working Conditions of Employees Engaged in Operating Transportation Equipment (Cal. No. 133).

The Secretary presented a communication, dated February 15, 1918, from the Commissioner of Docks submitting list of employees of the Department of Docks and Ferries, affected by the award, promulgated in October, 1917, by the Board of Arbitration of the United States Shipping Board, relative to wages and working conditions of employees engaged in the operation of tugs, barges, lighters, ferryboats and other harbor marine equipment in the Port of New York.

The Department has been notified by the Board of Arbitration that complaints have been filed with that body by employees of the Department, to the effect that the provision for a day off in each week is not being observed.

In connection with this matter the Commissioner of Docks states that if the Board should determine to comply with the law the ferry employees of the City must be allowed one day off per week. The employees of privately operated ferries will probably insist that the precedent thus established be followed by their employers; some of these ferries are now running on a very close margin of profit, which may necessitate their being taken over and operated by the City.

(On December 14, 1917 (Cal. No. 148), and December 21, 1917 (Cal. No. 138), petitions of the employees on the Municipal Ferryboats, that they be accorded the privileges as fixed in the award of the Board of Arbitration, of the United States Shipping Board, were referred to the Committee on Salaries and Grades.)

The matter was referred to the Committee on Salaries and Grades.

Department of Docks and Ferries—Transfer of Appropriation and Modification of Schedule (Cal. No. 134).

The Secretary presented a communication dated February 21, 1918, from the Commissioner of Docks, recommending that the salary of Charles J. Farley, Chief Clerk in the Department of Docks and Ferries, be increased from \$4,000 to \$5,000 per annum, to take effect January 12, 1918, necessitating the establishment of the position, the transfer of \$970.43 and the modification of salary schedule No. 2800 accordingly.

Which was referred to the Committee on Salaries and Grades.

Court of Special Sessions; Children's Court—Establishment of Additional Grades of Positions and Appropriation Therefor (Cal. No. 135).

FIXING DATES FOR FUTURE HEARINGS.

On Changes in the City Map.

Borough of Manhattan.

44th Street, from Madison Avenue to Times Square, Borough of Manhattan—Changing Grade (Cal. No. 144).

The Secretary presented a communication dated October 25, 1917, from the Secretary of the Borough of Manhattan, transmitting for approval map showing proposed change; and the following report of the Chief Engineer:

Report No. 17357.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Manhattan, bearing date of October 25, 1917, presenting for consideration a map showing a proposed change in the grade of East 44th Street from Madison Avenue to Fifth Avenue and of West 44th Street from Fifth Avenue to Times Square.

On March 30, 1917, a resolution was adopted by the Board of Estimate and Apportionment providing for removing sidewalk encroachments and for widening the roadway of 44th Street between the limits affected by the proposed map change from 30 feet to 34 feet.

It is now proposed to legalize the grade of the curb in its new position. While in general the grade proposed conforms very closely with that to which the sidewalk has been laid, the plan indicates that in a few sections inconsistencies exist, in one case reaching a maximum of about 2½ inches.

The departures from the proposed grade appear, however, to be of such a nature that the required adjustments can be made without seriously disturbing the sidewalk area.

I would recommend that the plan be approved after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposed to change the map or plan of The City of New York by changing the grade of East 44th street, from Madison Avenue to 5th Avenue, and of West 44th street, from 5th Avenue to Times Square, in the Borough of Manhattan, in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated September 27th, 1917.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 5, 1918, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of April, 1918.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

45th Street, from Madison Avenue to Times Square, Borough of Manhattan—Changing Grade (Cal. No. 145).

The Secretary presented a communication dated October 27, 1917, from the Secretary of the Borough of Manhattan, transmitting for approval map showing proposed change; and the following report of the Chief Engineer:

Report No. 17358.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Manhattan, bearing date of October 27, 1917, presenting for consideration a map showing a proposed change in the grade of East 45th Street from Madison Avenue to 5th Avenue and of West 45th Street from 5th Avenue to Times Square.

On March 30, 1917, the Board adopted a resolution providing for removing sidewalk encroachments and widening the roadway of 45th Street between the limits now under consideration from 30 feet to 34 feet, and the elevations which it is proposed to establish are designed to relate to the curb in its new position.

From information accompanying the plan and an investigation made on the ground it appears that, in general, the proposed elevations conform very closely with that to which the flagging has been laid. In several instances it is proposed to remove slight irregularities in the present grade ranging up to a maximum of 2½ inches, but it would appear that the discrepancies can be adjusted without involving serious damage.

It is recommended that the plan submitted by the Secretary of the Borough be approved after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter,

as amended, deeming it for the public interest so to do proposed to change the map or plan of The City of New York by changing the grades of East 45th street, from Madison Avenue to 5th Avenue, and of West 45th street, from 5th Avenue to Times Square, in the Borough of Manhattan, in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated October 16, 1917.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 5, 1918, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of April, 1918.

46th Street, from Madison Avenue to Times Square, Borough of Manhattan—Changing Grade (Cal. No. 146).

The Secretary presented a communication dated October 25, 1917, from the Secretary of the Borough of Manhattan, transmitting for approval map showing proposed change; and the following report of the Chief Engineer:

Report No. 17356.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Manhattan, bearing date of October 25, 1917, presenting for consideration a map showing a change proposed in the grade of East 46th Street from Madison Avenue to Fifth Avenue, and of West 46th Street from Fifth Avenue to Times Square.

On March 30, 1917, a resolution was adopted by the Board providing for the removal of sidewalk encroachments and for increasing the width of the roadway of 46th Street between the limits described from 30 feet to 34 feet.

In carrying out this improvement it has been considered advisable to observe the formality of establishing grades for the curb in its new position and this opportunity is availed of to remove a number of slight irregularities as shown upon the plan now presented, in anticipation of the approval of which the curb has already been set through a very large portion of the distance affected. In the remaining section the proposed grades conform very closely with the elevation of the sidewalk or can be adapted thereto without seriously disturbing the present surface.

It is recommended that the plan submitted by the Borough authorities be approved after a public hearing. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York by changing the grade of East 46th street, from Madison Avenue to 5th Avenue, and of West 46th street, from 5th Avenue to Times Square, in the Borough of Manhattan, in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated September 27, 1917.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, April 5, 1918, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of April, 1918.

Street System Within the Territory Bounded by 18th Avenue, 65th Street, 21st Avenue, 67th Street, Bay Parkway and 70th Street, Borough of Brooklyn—Changing Grades (Cal. No. 147).

The Secretary presented a communication dated December 15, 1917, from the Commissioner of Public Works, Borough of Brooklyn, transmitting for approval map showing proposed change; and the following report of the Deputy Chief Engineer:

Report No. 17364.

February 26, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of Brooklyn, bearing date of December 15, 1917, presenting for approval a map showing a change proposed in the grades of the street system within the territory bounded by 18th Avenue, 65th Street, 21st Avenue, 67th Street, Bay Parkway and 70th Street.

It is proposed to regulate and grade the block of 67th Street from 18th Avenue to 19th Avenue, a resolution for which has been initiated by the Local Board of the Flatbush District. In the investigation made relative to the carrying out of this improvement it was disclosed that under the elevations heretofore established the street would have a gradient of less than 0.2 per cent, the correction of which is desired in order to adequately provide for the removal of surface drainage, and at the same time it is proposed to make a similar adjustment in a large adjoining area where modifications are required of the same character but which have not been already provided for as has been the case in the sections to the north and west of that included within the scope of the plan now presented. With the exception of the westerly portion of the block of 68th Street, between 18th Avenue and 19th Avenue, all of the streets are in use, some of them have been graded, one block of 19th Avenue and two blocks of 20th Avenue have been paved, and in a number of blocks the abutting property is partially or fully improved. To accomplish the desired result it is proposed to insert intermediate summits within block limits wherever practicable or to modify the elevation of summits previously planned. At the same time provision is also made for a few adjustments needed to legalize the grade to which improvements have been carried out as well as for referencing all of the grades to the datum plane now in use in the Borough. The changes reach a maximum of about 18 inches and have been extended as far as practicable to insure a suitable gradient for the removal of surface run-off, this generally being placed at a minimum of 5 inches per 100 feet. In several instances, however, it has not been found possible to provide this rate and in one instance a gradient as flat as 0.2 per cent. is proposed for a short distance.

From the information at hand it would appear that the grades now planned can be legalized without damage to buildings, but that the replacement of curbing and flagging will be required, this generally being confined to short sections in many of which these improvements are in bad repair.

In my judgment the plan may properly be approved, and such action is recommended after a public hearing. Respectfully,

ARTHUR S. TUTTLE, Deputy Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York by changing the grades of the street system heretofore laid out within the territory bounded by 18th Avenue, 65th Street, 21st Avenue, 67th Street, Bay Parkway and 70th Street, in the Borough of Brooklyn, in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment and dated December 12, 1917.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 5th day of April, 1918, at 10.30 o'clock a. m.

Resolved, That the Secretary of the Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of April, 1918.

Furman Avenue (Concord Street), from Nereid Avenue to East 240th Street, and East 239th Street (Kossuth Avenue), from White Plains Road to Byron Avenue, Borough of The Bronx—Changing Grade (Cal. No. 148).

The Secretary presented a communication dated March 3, 1917, from the Commissioner of Public Works, Borough of The Bronx, transmitting for approval map showing proposed change; and the following report of the Chief Engineer:

Report No. 17359.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of March 3rd, 1917, presenting for adoption a map showing a proposed change in the grade of Furman Avenue (Concord Street), from Nereid Avenue to East 240th Street, and of East 239th Street (Kossuth Avenue), from White Plains Road to Byron Avenue.

This plan relates to two long blocks of Furman Avenue and to two short blocks of East 239th Street. Under it provision is to be made for raising the grade of both streets at their intersection 2.5 feet, for introducing a summit in the block of Furman Avenue, between Nereid Avenue and East 239th Street, and for changing the location of a summit in the block of Furman Avenue, between East 239th Street and East 240th Street.

East 239th Street and portions of Furman Avenue, on each side of East 239th Street, have been roughly graded and several buildings have been erected upon the abutting property on Furman Avenue in the southerly block, where the grade change reaches a maximum of about 6.1 feet, while two buildings front on East 239th Street.

From information presented, it would appear that the changes now proposed are designed to conform as closely as practicable with the changes now proposed of the buildings have been erected, and at the same time will have the effect of removing what would otherwise be a steep grade in the block of East 239th Street, between Furman Avenue and White Plains Road.

I see no reason why the plan should not be approved and would recommend such action after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Weirfield Street, from Wyckoff Avenue to the Borough Line, Borough of Queens—Changing Grade (Cal. No. 149).

The Secretary presented a communication dated November 13, 1917, from the Secretary to the President, Borough of Queens, transmitting for approval map showing proposed change; and the following report of the Chief Engineer:

Report No. 17363.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of November 13, 1917, presenting for approval a map showing a change proposed in the grade of Weirfield Street between Wyckoff Avenue and the Borough Line.

This change relates to a length of a little over 500 feet of Weirfield Street which through the northerly portion is roughly graded, while through the remaining length it has been paved. The changes reach a maximum of about 0.3 feet and are desired for the purpose of making the legal grade conform more closely with the improvements which have been carried out than does the grade heretofore fixed.

I see no reason why the map should not be approved and would recommend such action after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

On Areas of Assessment for Benefit in Condemnation Proceedings.

Borough of Queens.

Peartree Avenue, from Jackson Avenue to Pell Street, Borough of Queens—Acquiring Title (Cal. No. 150).

The Secretary presented a resolution adopted August 16, 1917, by the Local Board of the Newtown District, Borough of Queens, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17361.

February 23, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on August 16, 1917, initiating proceedings for acquiring title to Peartree Avenue from Jackson Avenue to Pell Street.

This resolution affects three blocks or about 1,100 feet at the northerly end of

Peartree Avenue, which has been laid out upon the City Map to have a width of 60 feet. The street is not in use and the abutting property is entirely unimproved.

In a communication bearing date of September 24, 1917, the Secretary to the Borough President has requested that this proceeding be immediately instituted to clear the way for the construction of a sewer in the block adjoining Jackson Avenue. The sewer here constitutes the trunk serving a considerable adjoining area, and information is presented to show that its construction was made the subject of a resolution recently adopted by the Local Board. South of Pell Street the street is in use for its full width and provision is now apparently made for acquiring all of the section at the northerly end where a dedication cannot be established.

I would recommend the approval of the resolution; that title to the land be acquired in fee; that all of the cost and expense be assessed upon the property benefited, and that a district of assessment be laid out to include the area a description for which is herewith presented. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the real property required for the opening and extending of Peartree Avenue, from Jackson Avenue to Pell Street, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the real property required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 973 of the Greater New York Charter, as amended, hereby gives notice that the proposed area of assessment for benefit in these proceedings is as follows:

Bounded on the north by the southerly line of Jackson Avenue; on the east by a line midway between Peartree Avenue and Riverside Avenue; on the south by the northerly line of Pell Street; and on the west by a line midway between Peartree Avenue and Wilcox Street.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on Friday, April 5, 1918, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the CITY RECORD for ten days, exclusive of Sundays and legal holidays, prior to Friday, April 5, 1918.

Penelope Street, from Juniper Avenue to Queens Boulevard, Borough of Queens—Amending Proceeding for Acquiring Title by Omitting Section Between Juniper Avenue and Tremont (LaForge) Street and Reapportioning the Cost Thereof (Cal. No. 151).

(On February 9, 1911, a proceeding was instituted for acquiring title to Penelope Street, from Juniper Avenue to Queens Boulevard.)

(On November 10, 1916 (Cal. No. 13), the proceeding was amended to relate only to the section from Tremont (LaForge) Street to Queens Boulevard.)

The Secretary presented the following report of the Chief Engineer:

Report No. 17353.

February 21, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Pursuant to the provisions of a resolution adopted by the Board of Estimate and Apportionment on February 9, 1911, a proceeding was instituted for acquiring title to Penelope Street, from Juniper Avenue to Queens Boulevard, in the Borough of Queens, with provision for placing the entire cost and expense upon a local area of benefit. The Commissioners of Estimate and Assessment filed their oaths of office on June 21, 1912.

Under a map adopted on April 28, 1916, the portion of the street originally laid out west of LaForge (Tremont) Street was discontinued and the street was here deflected northwardly along radically different lines, and at the same time provision was made for giving the street in the section between the Long Island Railroad and Queens Boulevard a position about 30 feet east of the one it originally occupied. In order to bring the proceeding into harmony with the plan thus legalized, it was amended on November 10, 1916, in such a way as to relate only to the section extending from Tremont (LaForge) Street to Queens Boulevard, but at the same time the Corporation Counsel was requested to advise the Board before confirmation as to the amount of the expense incurred chargeable to that portion of the street which had been eliminated, in order that steps might be taken to prevent the inclusion in the assessment of moneys expended which might not be properly chargeable to the property left within the modified district of assessment then determined upon.

An opinion subsequently presented by the Corporation Counsel and a court decision handed down in connection with a similar amendment of the proceeding for acquiring title to Nagy Street resulted in establishing the fact that expenses incurred relative to the discontinued portion of a street cannot be included in the assessment levied in the proceeding, that no specific authority is vested in the Board of Estimate and Apportionment to make an amendment in a proceeding, but that its power is limited to a discontinuance in whole or in part, and that all such expense as related to a discontinued section would have to be assumed by the City.

I have heretofore refrained from placing the matter of again amending this proceeding as required to conform with the legal requirements upon the calendar for the consideration of the Board because other changes in the street alignment were under advisement. Through the adoption of a map on February 8, 1918, it is understood that the final adjustment of the street lines has been accomplished and the consideration of the amendment necessary not only in the scope of the opening proceeding but in the proportion of the expense to be borne by the City would appear to be timely. Under the map to which reference has been made the street, which was originally designed to have a uniform width of 60 feet, was given a width generally of 80 feet in the section north of Everton Street, and a fork was introduced at Woodhaven Avenue to include a triangular area designated as a public park. The land needed for this park, which has an area of .04 acre, is unimproved, and from such information as is available it appears to have an assessed valuation of approximately \$1,000. When the proceeding is amended it would seem that provision should be made for acquiring the new connection into Woodhaven Avenue as well as the land needed for the public park. The property owners have already ceded to the City the property needed for the street as originally laid out from Burford Street to the Long Island Railroad, and I am informally advised that they have signified their willingness to similarly transfer to the City all land here needed for the widening as well as for the park. If such adjustment is ultimately made, the properties affected will be automatically excluded from the proceeding.

In a communication bearing date of October 8, 1917, which appeared on the calendar of October 19th and was at that time referred to the Chief Engineer, the Acting Corporation Counsel has advised as follows:

1. That the expense which has been incurred and which related to the portion of the proceeding in the section south of La Forge Street, which has been discontinued, amounted to \$2,242.47.

2. That the proportional part of the building damage which would have been borne by the City, had the proceeding not been amended, amounted to \$6,698.53.

3. That by reason of the amendment the amount to be assessed upon the local area had been decreased by \$38,028.35.

4. That the assessments in the portion of the street where the proceeding was to be continued had been decreased by reason of the amendment by the amount of \$8,373.62.

5. That the amount of the claims which might be presented by property owners against the City for disbursements, pursuant to the provisions of section 1000 of the Charter, could not be even estimated.

From this statement it seems clear that the property owners of the locality would obtain a very substantial relief from assessment as a result of the amendment, even though they had been obliged to meet the expense of that portion of the proceeding which will have to be excluded from it. As noted, however, there is no method by which the Street Opening Fund can be reimbursed for these charges other than through their assumption by the City at large.

I would recommend that the resolution of November 10, 1916, under which provision was made for amending the Penelope Street opening proceeding in such a way as to make it relate to the section of the street extending from Tremont (La Forge) Street to Queens Boulevard, be rescinded.

I would also recommend that, after a new public hearing has been given concerning a district of assessment, modified as required by the changes which have been made in the street lines, as well as to permit of including in it the adjoining public park, the opening proceeding be modified in such a way as to relate to Penelope Street, from Tremont (La Forge) Street to Queens Boulevard, as this street is now laid out, subject to the easements of the Long Island Railroad Company, together with the public park located at the junction of this street with Woodhaven Avenue, with provision for the assumption by the City at large of \$2,242.47, as representing the cost and expense originally included in the proceeding chargeable to the portion of the street omitted from the Final Map or Plan of the City by a map adopted on April 28, 1916, and that the remainder of the cost and expense be assessed against a local area.

As now proposed, the proceeding will affect a total length of about 26 blocks, or about one and one-half miles. The street is in use for a portion of its width at the northerly end, but through most of the distance it is not upon the ground and the area traversed is largely under cultivation. From information at hand it is believed that four houses, together with a number of out-buildings, fall within the street lines. Near Austin Street the street is crossed by the Main Line Division of the Long Island Railroad and a railroad bridge has already been here erected.

A diagram, showing the suggested modified district of assessment, is herewith presented, the boundary of which at the northerly end has been prepared with the understanding that both Omega Street and Hackett Place are to be discontinued.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment, by resolution adopted on February 9, 1911, authorized a proceeding to acquire title to Penelope street, from Juniper avenue to Queens Boulevard, Borough of Queens, in which it was determined that the entire cost and expense of the proceeding be borne by the property deemed to be benefited; and

Whereas, By resolution adopted on November 10, 1916, the Board of Estimate and Apportionment amended the proceeding so as to conform to a map or plan adopted by the Board of Estimate and Apportionment on April 28, 1916, and approved by the Mayor on June 22, 1916, in which the section of Penelope street originally laid out west of LaForge (Tremont) street is omitted from the final map or plan of the City; and

Whereas, No provision was made in said resolution of November 10, 1916, that the costs incurred in the proceeding chargeable to the section of the street omitted from the final map should not be assessed on the land included within the area of assessment for benefit adopted by the Board of Estimate and Apportionment by said resolution of November 10, 1916;

Resolved, That the said resolution of November 10, 1916, be and it is hereby rescinded.

Which was adopted by the following vote:

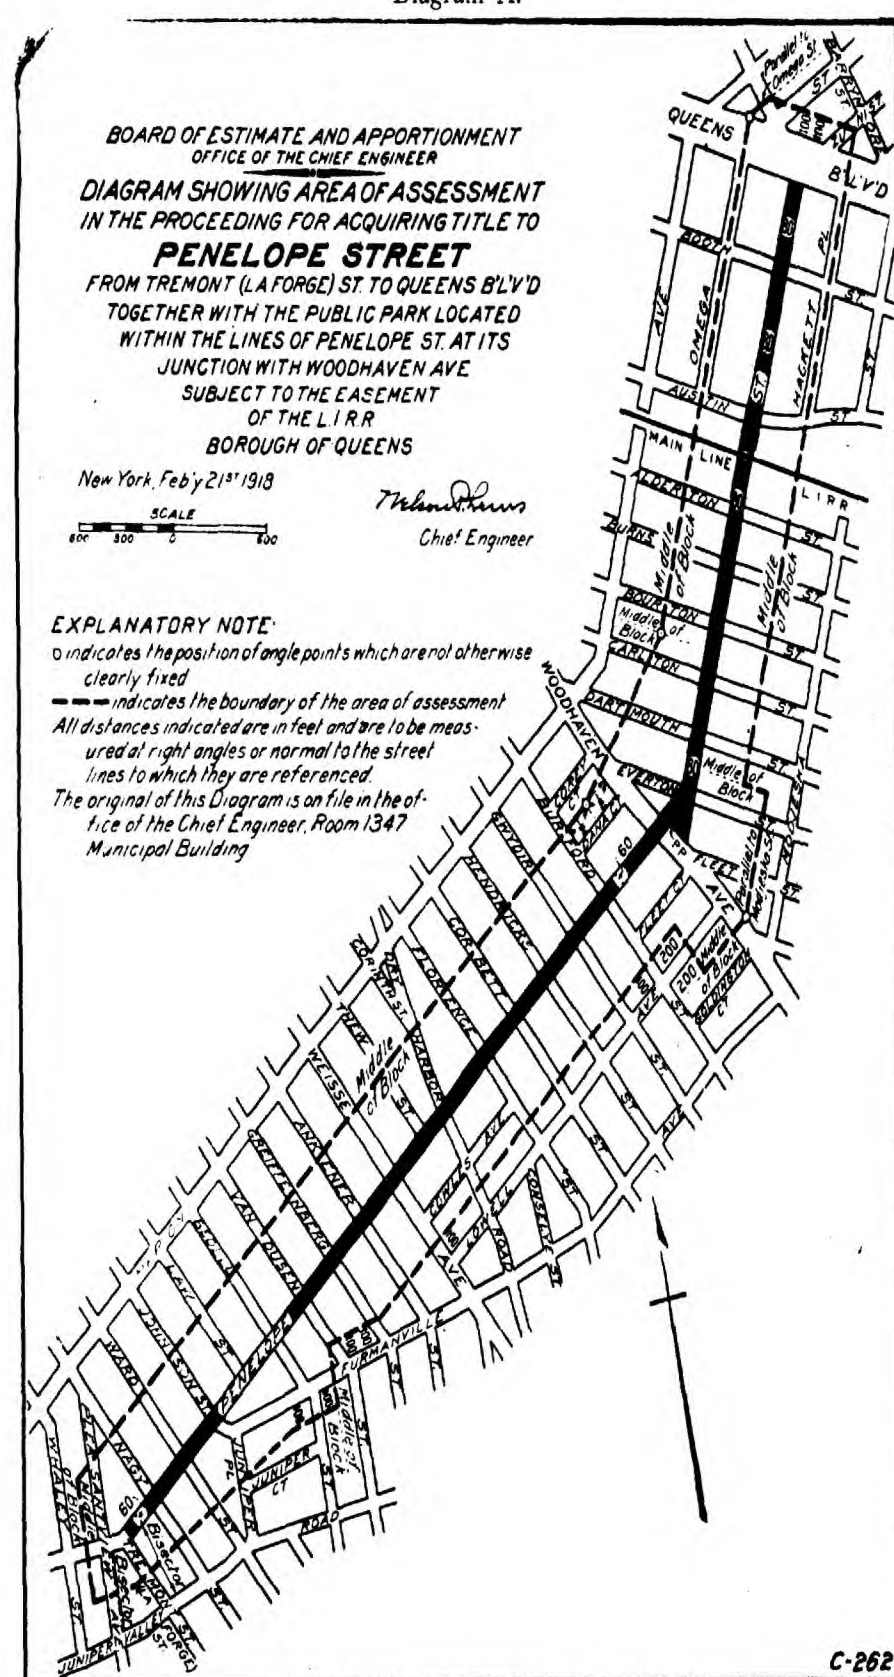

Affirmative—The Acting Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

30 feet east of the one it originally occupied; and

Whereas, By resolution adopted on February 8, 1918, the Board of Estimate and Apportionment changed the map or plan of The City of New York by changing the lines of Penelope street, from Everton street to Queens (Hoffman) Boulevard, establishing the lines and grade of Penelope street from Woodhaven avenue (Trotting

Course Lane) to Everton street, and by laying out a public park at the intersection of Woodhaven avenue and Penelope street;

Resolved, That the Board of Estimate and Apportionment of The City of New York proposes to discontinue the proceeding as to the part of the section of Penelope street originally laid out west of LaForge (Tremont) street, and to include within the scope of the proceeding the public park located at the junction of Penelope street with Woodhaven avenue, and to request the Corporation Counsel to apply to the Supreme Court to have the proceedings amended so as to relate to Penelope street, from Tremont (LaForge) street to Queens Boulevard as now laid out, subject to the easements of the Long Island Railroad Company, together with the public park located at the junction of Penelope street with Woodhaven avenue.

Resolved, That the Board of Estimate and Apportionment of The City of New York, pursuant to the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is a proposed modified district of assessment for benefit for the proceeding as proposed to be amended:

See Diagram A.

Resolved, That this Board consider the proposed modified district of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on Friday, April 5, 1918, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had; and

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Public Service Commission for the First District—Approval of Contract with the New York, New Haven and Hartford Railroad Company for Necessary Material and Performance of Work to Raise the Power and Other Wires of Said Railroad Where the Same Crosses the Railroad Company's Right of Way; and Issue of Corporate Stock Therefor (Cal. No. 152).

The Secretary presented a report of the Comptroller recommending that the Public Service Commission be authorized to enter into a contract with the New York, New Haven and Hartford Railroad Company for the supply of necessary materials and the performance of work required to raise the power wires and other wires of the railroad company in order to permit of the construction of section No. 2, Routes Nos. 19 and 22, of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad where said railroad crosses the right-of-way of the New York, New Haven and Hartford Railroad Company in the Borough of The Bronx, at an estimated cost of \$6,871, provided that it be stipulated and agreed upon by and between the Commission and the Railroad Company that the latter shall abide by the decision of the Corporation Counsel in the matter and shall carry out the contract in all of its essential requirements without cost to the City should the Corporation Counsel's opinion so determine.

Pending the receipt of this opinion, the Comptroller recommends an issue of \$6,871 in corporate stock to carry out the City's obligations in the performance of the work.

The Comptroller reports that the cost of the work provided for in the proposed agreement was included in the contract for the construction of this section of the rapid transit railroad and will therefore be a charge against the remainder of the total amount authorized for the work.

The Comptroller states that from his Engineer's report it would appear that there is some question as to whether the cost of moving and relocating these wires should not be borne by the railroad company, and it is suggested meanwhile that this question be submitted to the Corporation Counsel for an opinion as to where the cost properly lies.

(On January 25, 1918 (Cal. No. 74), the request of the Public Service Commission for the First District for the consent of the Board to this proposed contract and for an appropriation of \$6,871 for the purpose of providing means to meet the City's obligations thereunder was referred to the Comptroller.)

(On February 8, 1918 (Cal. No. 57), the matter was laid over until February 15, 1918, under Rule 19, and referred to the Corporation Counsel for an opinion.)

(On February 15, 1918 (Cal. No. 70), a communication dated February 8, 1918, from the Public Service Commission for the First District, requesting that there be set aside from the unexpended balance of the appropriation for the construction of Section 2, Routes 19 and 22 of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, the sum of \$6,871 for the purpose of carrying out this agreement was presented and the matter was laid over to February 21, 1918.)

(On February 21, 1918 (Cal. No. 83), the matter was laid over until this meeting.)

William Fullen, representing the Public Service Commission, appeared in favor. The matter was laid over one week (March 8, 1918), and the Secretary was directed to request the Corporation Counsel to submit the opinion to the Board on or before that date, if possible.

Coney Island Drainage Canal, Borough of Brooklyn—Acquiring Title (Cal. No. 153).

(On December 22, 1916 (Cal. No. 162), this matter was referred to the Committee on Port and Terminal Facilities and the Committee on Assessments.)

(On December 7, 1917 (Cal. No. 26), a report of the Committee on Assessments was presented and a resolution adopted discharging the Committee from further consideration of the subject. The matter was then laid over until the first meeting in January, 1918. Report of Committee printed in minutes of December 7, 1917.)

(On January 4, 1918 (Cal. No. 14), the matter was referred to the President of the Borough of Brooklyn.)

(On January 25, 1918 (Cal. No. 86), a communication of the President, Borough of Brooklyn, dated January 21, 1918, was presented and the matter was laid over until February 1, 1918.)

(On February 1, 1918 (Cal. No. 85), the matter was referred to the Corporation Counsel for advice as to whether in view of the order of the Court under which the Corporation Counsel was requested to continue the proceeding, the Board is in a position to ask for the suspension of the proceeding pending the enactment of the bill now before the Legislature; and also in the event of the proceeding being discontinued and the property appropriated for a Barge Canal Terminal under the legislation now pending, what action the Board should take in order to recover the amount expended by the Bureau of Street Openings in the proceeding.)

The Secretary presented an opinion of the Corporation Counsel dated February 18, 1918, in response to the inquiry of the Board in this matter, which

was referred to him February 1, 1918 (Cal. No. 85), for advice as to whether, in view of the order of the Court under which the Corporation Counsel was requested to continue the proceeding, the Board is in a position to ask for the suspension of the proceeding pending the enactment of a bill now before the Legislature; and also in the event of the proceeding being discontinued and the property appropriated for a Barge Canal Terminal under the legislation now pending, what action should be taken in order to recover the amount expended by the Bureau of Street Openings, etc.

The Corporation Counsel advises that in view of the provisions of the order referred to he is of the opinion that it would not be proper for the Board to request him to suspend hearings in the proceeding, but that upon application and presentation of the facts the Court would, he believes, modify its order so as to permit the suspension of the proceeding until such time as the Legislature shall adjourn. If the Legislature should appropriate the property for Barge Canal Terminal purposes prior to the time title vests in the City the proceeding would be rendered inoperative and the City prevented from reimbursing itself by assessment for expenses incurred by it.

The Corporation Counsel also advises that the Board should avoid adopting a resolution discontinuing the proceeding for the reason that such action would render the City liable for claims in the proceeding.

(On February 21, 1918 (Cal. No. 35), the opinion of the Corporation Counsel was presented and the matter was laid over until this meeting. Opinion of the Corporation Counsel is printed in the Minutes of meeting of February 21, 1918.)

The matter was laid over two weeks (March 15, 1918).

Map Y, District 45, Borough of Brooklyn—Modification in Drainage Plan (Cal. No. 154).

The Secretary presented a communication dated November 27, 1917, from the Commissioner of Public Works and Acting President, Borough of Brooklyn, transmitting for approval map showing proposed modification; and a report, dated January 5, 1918, from the Chief Engineer relative thereto.

(On January 11, 1918 (Cal. No. 5), and February 8, 1918 (Cal. No. 140), the matter was laid over; on the latter date until this meeting. Report of the Chief Engineer is printed in the minutes of meeting of January 11, 1918.)

The matter was referred to the Committee on City Plan and Public Improvements.

Affirmative—The Acting Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Docks and Ferries—Issue of Corporate Stock (Cal. No. 156).

The Secretary presented a resolution adopted February 28, 1918, by the Commissioners of the Sinking Fund, recommending the authorization of \$80,000 corporate stock for the payment of salaries and wages in the Department of Docks and Ferries,

the construction and improvement of piers, etc., communications, dated January 10 and February 1, 1918, from the Commissioner of Docks, and the following report of the Comptroller relative thereto:

February 28, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On January 10, 1918, the Commissioner of Docks and Ferries requested the Commissioners of the Sinking Fund to recommend to your Board that the Comptroller be authorized to issue corporate stock in the sum of \$169,081.33 to meet the needs of the Department of Docks and Ferries for salaries and wages for the year 1918 of the force engaged on construction work, properly chargeable to corporate stock. On February 1, 1918, a similar request for an additional sum of \$2,284.35 was transmitted by the Commissioner of Docks, such additional sum being necessary to meet increases in the wages of laborers, watchmen and storekeepers' helpers, granted by the Board of Estimate and Apportionment at its meeting held on January 15, 1918.

The total of these two requests is \$171,365.68, the details of which are shown on the subjoined tabulation:

At a meeting held on February 28, 1918, the Commissioners of the Sinking Fund, by resolution, recommended the authorization of the issuance of corporate stock to the extent of \$80,000, being a partial allowance of the sum requested by the Commissioner of Docks.

This action was taken in order that the work now in progress may be carried on without interruption and in order that new work may not be unduly delayed because of the lack of funds, pending the outcome of an examination now being made by the Comptroller.

The adoption of the resolution submitted herewith, concurring in the action of the Commissioners of the Sinking Fund, is recommended, in order to provide funds to meet the immediate requirements of the Department of Docks and Ferries.

Very truly yours,

CHARLES L. CRAIG, Comptroller.

Hon. Murray Hulbert, Commissioner of Docks, appeared in support of the request.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that, pursuant to the provisions of section 180 of the Greater New York Charter and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted February 28, 1918, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eighty thousand dollars (\$80,000), the proceeds whereof to the amount of the par value thereof to be used for the payment of salaries and wages for the construction and improvement of piers, bulkheads, wharves and other construction work (Code CDD 26A, "Payrolls for Construction and Improvement of Docks"), under the jurisdiction of the Department of Docks and Ferries, properly chargeable to corporate stock, the said amount to be disbursed in accordance with the schedules approved by the Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Docks and Ferries—Transfer of Appropriation (Cal. No. 157).

The Secretary presented the following communication from the Commissioner of Docks:

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A. North River, February 28, 1918.

Hon. JOHN F. HYLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

Dear Sir—In Code 2852, Hire of Horses and Vehicles, with Drivers, the amount provided in the 1918 budget is insufficient for the purpose, owing to the fact that after advertising of contracts, it is found the work cannot be done at the rate upon which the budget allowance was based. Additional funds in the sum of \$2,036.10 will be necessary to cover the work for the remainder of this year.

It is requested that the sum of \$2,036.10 be transferred to Code 2852 from Code 2825, Fuel Supplies, in which code there is at the present time a balance of over \$375,000.

In this connection I feel that attention should be called to the fact that the recommendation herein contained is a temporary expedient only to transfer sufficient funds to Code 2852 to cover the immediate necessity. The balance at the present time in Code 2825 is far short of the amount that will be required for the purchase of coal for the Municipal Ferry service and other floating equipment of the Department this year, and later on a recommendation will be submitted to you for additional funds for Code 2825. Yours respectfully,

MURRAY HULBERT, Commissioner of Docks.

Hon. Murray Hulbert, Commissioner of Docks, appeared in support of the request.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the Department of Docks and Ferries for the year 1918, as follows:

FROM		
2825	Fuel Supplies	\$2,036 10
TO		
2852	Hire of Horses and Vehicles with Drivers.....	\$2,036 10

Which was adopted by the following vote:

Department of Docks and Ferries—Increased Estimate of Cost (Cal. No. 158).

(On February 21, 1918 (Cal. No. 9), the Board approved the estimate of cost for this work at \$3,060.)

The Secretary presented the following communication from the Commissioner of Docks:

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A. North River, February 28, 1918.

Hon. JOHN F. HYLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

Dear Sir—I am to-day in receipt of a copy of the resolution adopted by the Board of Estimate and Apportionment on the 21st inst., approving form of contract, specifications and estimated cost in the sum of \$3,060 on Contract No. 1590, Class 1, for carting coal to and removing ashes, etc., from the Municipal Ferryboats and Ferry Terminals in the Boroughs of Manhattan, Brooklyn and Richmond.

The form of contract referred to in the resolution fixed the time for the performance of the work at 200 days, beginning March 2, 1918, and continuing up to and including September 17, 1918. It is impossible to advertise, award and execute the contract to cover the period stated.

I request that the resolution of the 21st inst. be modified by approving the form of contract and specifications for a period beginning April 1 and continuing up to and including December 31, 1918, at an estimated cost of \$4,207.50. Yours respectfully,

MURRAY HULBERT, Commissioner of Docks.

Hon. Murray Hulbert, Commissioner of Docks, appeared in support of the request.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on February 21, 1918, approving the form of contract, specifications and estimate of cost in the sum of three thousand and sixty dollars (\$3,060) for the hiring of horses with harness and drivers for carting coal to and removing ashes, etc., from the municipal ferryboats and ferry terminals in the Boroughs of Manhattan, Brooklyn and Richmond, under the jurisdiction of the Department of Docks and Ferries, be and the same is hereby amended to make the estimate of cost read "four thousand two hundred and seven dollars and fifty cents (\$4,207.50)"; and further

Resolved, That the contract therein approved be and is hereby amended to provide for a period of cart days beginning April 1, 1918, and continuing up to and including December 31, 1918, instead of from March 2, 1918, up to and including September 17, 1918, as provided in the resolution of February 21, 1918.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Service Commission for the First District—Appropriation for Alterations and Repairs to "New York Life Annex Building" for Occupancy by Said Commission (Cal. No. 159).

(On February 8, 1918 (Cal. No. 66), the Board authorized an issue of \$25,000 Special Revenue Bonds, to provide for alterations and equipment for certain parts of the building known as 49 Lafayette Street, for the use and occupancy of the Public Service Commission for the First District.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 120 Broadway, New York, February 26, 1918.

Board of Estimate and Apportionment, City Hall, New York City:

Gentlemen—Under date of January 30, 1918, this Commission made request that there may be made available for the improvement and reconstruction of the building to be occupied by it at 49 Lafayette Street, New York City, an appropriation of fifty thousand dollars (\$50,000), to be later treated as an offset of what would otherwise be an appropriation for rent for the eight-month period beginning May first next, and on the 8th ultimo your Board adopted a resolution appropriating twenty-five thousand dollars (\$25,000) of this amount.

Now that we have removed our Division of Designs to this building and have started the reconstruction, alteration and repair thereof, it is essential that there be appropriated at this time an additional seventy-five thousand dollars (\$75,000), to be likewise treated as an offset to our rental appropriation for the last eight months of this year, and to be available for the alteration and reconstruction of this building, and for moving and other expenses incidental to the relocation of the offices of the Commission.

That the progress of such removal of our offices may not be interfered with, it is requested that such appropriation be made available at the earliest practicable date. Respectfully submitted,

TRAVIS H. WHITNEY, Acting Chairman.

February 28, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—In the latter part of January there were a number of conferences between myself and members of the Public Service Commission for the First District with respect to the occupancy by the Commission of the New York Life Annex Building, No. 49 Lafayette Street, which is a part of the property acquired for the purposes of a court house site; a notice having been served by the landlord that the lease covering the space now occupied by the Commission in the Equitable Building will be terminated on May 1, 1918, and that the Commission must thereupon obtain other quarters.

The desirability of making use of the court house property so as to obtain some return therefrom and avoid the necessity of paying rent to private property owners for public offices is obvious. The New York Life Annex Building, however, was not originally constructed for office purposes, but rather for the printing and bindery work of the New York Life Insurance Company. Accordingly the interior of the building was never arranged or finished in the manner required for office occupation. In order to make it fit for occupancy considerable expenditure will be required.

An understanding has been tentatively reached with the Public Service Commission, pursuant to which, and subject to proper action by the Commission and the municipal authorities, the Commission will occupy the New York Life Annex Building under a lease for a period of five or more years, at a rental of about \$1.50 per square foot. This figure compares favorably with other space in the vicinity and will be sufficient to carry the investment the City now has in the property, including the loss of taxes resulting from City ownership.

\$30,000 of the rental of the Public Service Commission is paid by the State of New York. The balance of the rental is part of its rapid transit expenses and as such is subject to capitalization as a part of the cost incurred under the rapid transit contracts. Provision must also be made for other incidental expenses covering maintenance and cleaning of the building, an obligation which under the lease will be upon the Public Service Commission. Appropriations for this purpose, as well as to enable the Commission to pay its rent, will have to be made by the Board of Estimate and Apportionment, but will be included in the rapid transit expenses of the Commission, as aforesaid, and capitalized accordingly.

There has been and continues to be much urgency for the speedy preparation of the building for occupancy by the Public Service Commission because of the fact that the Federal Reserve Bank in its preparations for the Third Liberty Loan imperatively requires the use of the space heretofore occupied by the Commission in the Equitable Building. As a result, necessary alterations in the New York Life Annex Building will have to be made under circumstances that naturally tend somewhat to increase their cost. It has been understood, however, that the expense of such alterations will be borne by the Public Service Commission and proper provision made therefore in the lease hereafter to be made, in consideration of which the rental has been tentatively fixed at the above rate. The appropriation necessary for making such alterations and changing the location of the present offices of the Commission from the Equitable Building to the New York Life Annex Building is also a part of the necessary expenses of the Commission for rapid transit purposes, which in the first instance, must be provided by the Board of Estimate and Apportionment and later capitalized as a part of the cost of subway construction under existing contracts.

On February 8 (Cal. No. 66) the Board referred to me a communication dated January 30, 1918, from the Chairman of the Public Service Commission, requesting an appropriation of \$50,000 to provide for the above work; on said date and upon a report then made by me to the Board, stating in substance that which is above set

forth herein, a resolution was adopted appropriating the sum of \$25,000 on account of such request and for such purposes.

At my instance the Public Service Commission arranged to have one of their engineers (Mr. Griest) make a survey of the New York Life Annex Building in collaboration with Mr. Tigner, one of the engineers taken over from the Bureau of Contract Supervision and attached to the Secretary's office, and Mr. Codet of the Department of Plant and Structures. After such survey they reached the conclusion that the necessary expenditures of the Commission for the purposes in question would amount to \$88,200, which sum does not include the cost of making the necessary changes in the elevators and equipment. Their estimate on this subject is as follows:

"Commissioners' floor	\$10,000 00
Electric wiring, remaining floors	12,500 00
Toilet rooms, other floors	15,000 00
Toilet fixtures and partitions, in addition to those in the building which may be in a condition to reset	5,500 00
Painting floors other than Commissioners' floor	3,300 00
Boiler repair	1,000 00
Hearing room	2,000 00
Partitions	25,900 00
Awnings	1,500 00
Shades	1,500 00
Moving	6,000 00
Moving electrical laboratory	3,000 00
Removing stairways, refooring, stairwells and contingencies	1,000 00
	\$88,200 00

"The above estimates do not include the cost of changing the elevators for passenger service. The Otis Company has estimated the cost of fitting the present freight elevators for passenger service at \$2,750. At present the elevators are operated from pumps located in the New York Life Building. The Otis Company has given us a rough figure of \$10,000 as the cost of pumps to operate the four elevators. If an electric elevator were installed in place of the present system of pumps, the elevators could be operated at approximately 400 feet per minute, which would thus greatly relieve the elevator congestion. The Otis Company is preparing an estimate of cost of changing over to electrically operated elevators."

On February 25, 1918, I received a communication from Commissioner Whitney, asking that an appropriation of \$100,000 be made in addition to that of \$25,000 already made, as above stated, on February 8. The details of this estimate are given by Commissioner Whitney, as follows:

"Electric wiring and fixtures	\$13,500 00
Plumbing and fixtures	12,525 00
Partitions (wooden)	25,000 00
Heating and boiler repair	1,000 00
	General Contract.
Painting	\$4,350 00
Carpenter work	2,760 00
Mason work	5,270 00
Tile	2,460 00
Plaster	3,680 00
Odds and ends	1,170 00
	19,690 00
Hollow metal work	2,885 00
	Other Items.
Moving	\$9,000 00
Shades and awnings	3,000 00
Hearing room chairs, etc.	1,600 00
	13,600 00
Removal of tank and construction of new tank to meet the fire requirements	1,000 00
Hot water supply for lavatories	700 00
New pump for water supply to the tank for both fire and house supply	700 00
	Total
	\$90,600 00

It is to be observed that this does not include the expense required for making the necessary changes in the elevators. Owing to the limited time in which the work must be completed, it is not feasible to advertise for bids and the Commission intends to have this work done without public letting; none of the contracts that are to be made exceeding the sum of \$25,000.

It has also been the understanding that the Federal Reserve Bank will pay rent for the premises surrendered by the Public Service Commission at the same rate that the bank is to pay under its own lease after May 1, 1918. Such rent is about 75 per cent. higher than that provided for in the present lease by the Public Service Commission, and this increase will inure to the benefit of the city.

In view of the situation thus presented, I recommend that an additional appropriation of \$75,000 be made at this time for the purposes aforesaid. This is \$25,000 short of what the Commission has asked, but a further appropriation will be necessary to cover the changes in the elevators.

The adoption of the annexed resolution will give effect to this recommendation. Respectfully submitted,

CHARLES L. CRAIG, Comptroller.

On motion, Rule 19 was waived in this matter, and the Comptroller offered the following resolution:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 10, chapter 4, of the Laws of 1891, and section 14, chapter 429, of the Laws of 1907, as amended, hereby approves of an issue of special revenue bonds of The City of New York to an amount not exceeding seventy-five thousand dollars (\$75,000), the proceeds thereof to be used for alterations of and equipment for certain parts of the building known as 49 Lafayette Street, for the use and occupancy of the Public Service Commission for the First District, the said amount to be made a part of and included in and allowed on account of the rental to be paid by the said Public Service Commission for the use and occupancy of said premises, and that the Comptroller be and he is hereby authorized, pursuant to the provisions of section 10, chapter 4, of the Laws of 1891, and section 14, chapter 429, of the Laws of 1907, as amended, to issue special revenue bonds of The City of New York to an amount not exceeding seventy-five thousand dollars (\$75,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds to be applied to the purposes aforesaid; provided, however, that no portion of said sum of seventy-five thousand dollars (\$75,000) shall be used by said Public Service Commission for regulatory expenses; the seventy-five thousand dollars (\$75,000) so authorized is in addition to the twenty-five thousand dollars (\$25,000) authorized by this Board on February 8, 1918, for the same purpose, and subject to the same restriction.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

72nd Avenue, from the Head of the Vleigh Road to a Point About 1,710 Feet Westerly Therefrom, Borough of Queens—Amending Proceeding for Acquiring Temporary Sewer Easements (Cal. No. 160).

(On December 8, 1916 (Cal. No. 14), the Board adopted a resolution authorizing proceedings in this matter.)

(On June 29, 1917 (Cal. No. 16), the Board adopted a resolution amending its resolution adopted December 8, 1916 (Cal. No. 14), so as to include two adjoining parcels in which temporary easements were required.)

(On September 21, 1917 (Cal. No. 127), the Board adopted a resolution amending its resolution adopted June 29, 1917 (Cal. No. 16), providing that the temporary easements should be for a period of 138 days, beginning on the date of entry of the court order ratifying said resolution of September 21, 1917, amending the proceeding.)

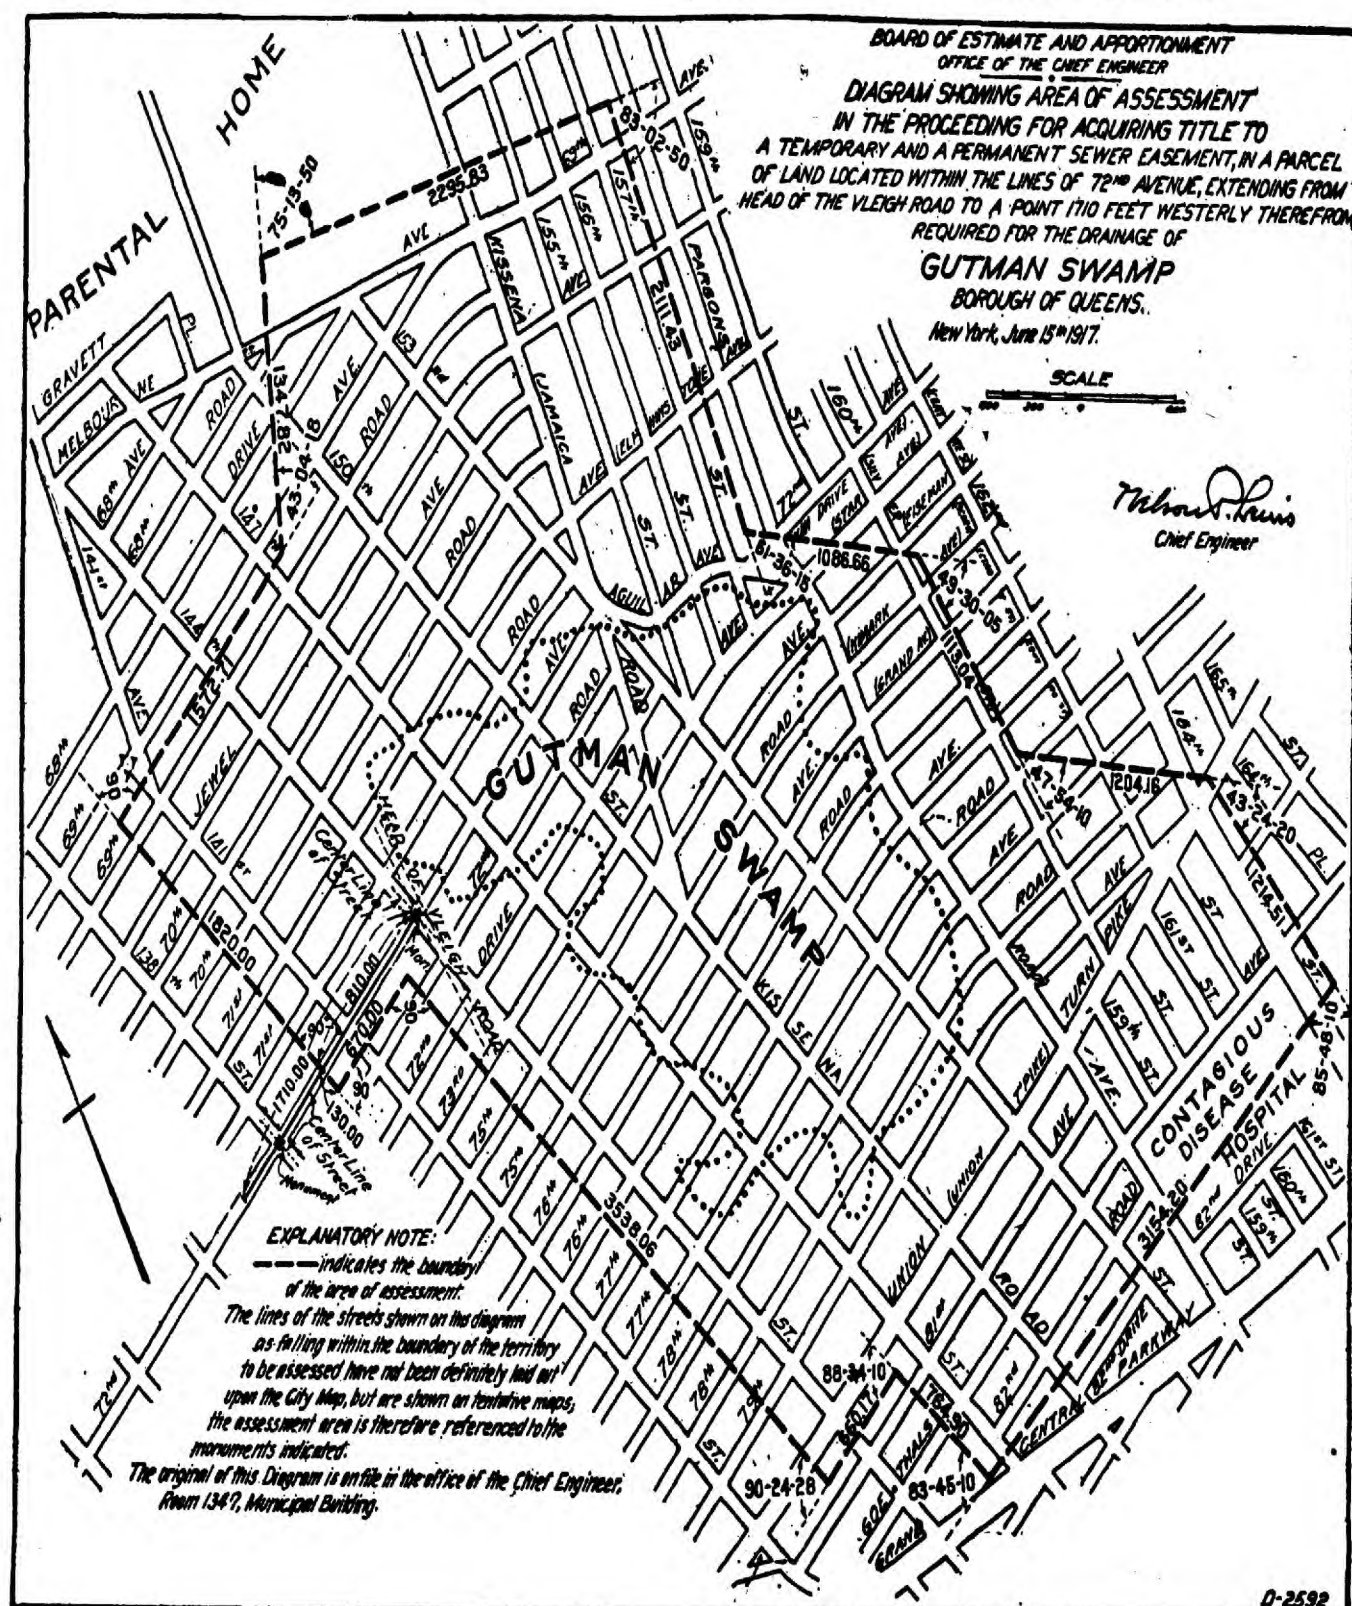

The President of the Borough of Queens offered the following:

Whereas, the Board of Estimate and Apportionment is considering the advisability of requesting the Corporation Counsel to apply to the Supreme Court for the amendment of the proceeding authorized by the Board on December 8, 1916, for acquiring title to an easement for sewer purposes in a parcel of land 10 feet wide, located within the lines of 72nd Avenue and extending from the head of the Vleigh Road to a point about 1,710 feet westerly therefrom, as amended by the resolution of the Board June 29, 1917, by including in the proceeding to acquire title the acquisition of temporary easements in two parcels of land, each 10 feet wide, adjoining and bordering on each side, the parcel being acquired under the authorization of December 8, 1916, and as further amended by resolution of the Board September 21, 1917, providing that the temporary easements should be for a period of 138 days, beginning on the date of the entry of the court order ratifying the resolution of the Board of September 21, 1917, amending the proceeding; and

Whereas, the resolution adopted on September 21, 1917, was ratified by an order of the Supreme Court, entered in the office of the Clerk of the County of Queens on November 20, 1917, on which date, pursuant to the provisions of said resolution, the title to said temporary easements vested in the City of New York; and

Whereas, the period of 138 days from the date of the entry of said order, to wit, November 20, 1917, is not a sufficient period in which to complete the work necessary for the construction of said sewer;

Resolved, that the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice of its intention to amend the above entitled proceeding by extending the temporary easements in the additional 10-foot strips bordering on the 10-foot strip in which the sewer easement is being acquired to July 1st, 1918, and hereby gives notice that the proposed amended area of assessment for benefit in this proposed amended proceeding is as shown on the following diagram:

Resolved, that this Board consider the proposed amendment of the proceeding at a meeting of the Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, the 15th day of March, 1918, at 10.30 a. m.

Resolved, that the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days continuously, exclusive of Sundays and legal holidays, prior to Friday, the 15th day of March, 1918.

Board of Estimate and Apportionment—Proposed Legislation Affecting the City of New York (Cal. No. 161).

(On February 15, 1918 (Cal. No. 23-B), a communication, dated February 4, 1918, from Edward J. McGoldrick, Assistant Corporation Counsel, representing the City at Albany, transmitting for an expression of opinion by the Board Senate Bill No. 278, Int. No. 268, entitled, "An Act to provide for railroad terminal improvements and creation of a Terminal Commission," was referred to the Committee on Finance and Budget.)

The Secretary presented the following report of the Comptroller, Chairman of the Committee on Finance and Budget:

February 28, 1918.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—On February 15, 1918, your Board referred to its Committee on Finance and Budget a communication from Assistant Corporation Counsel Edward J. McGoldrick, in regard to Senate Bill No. 278, Int. No. 268, creating New York City Terminal Commission. That Committee, upon consideration, determined the bill to be highly objectionable and detrimental to the City's interests, and requested that I communicate its views to the Assistant Corporation Counsel at Albany for the purpose of opposing and defeating the measure.

Accordingly, on February 26, 1918, I sent to Edward J. McGoldrick, Assistant Corporation Counsel, Albany, a communication, a copy of which is set forth in the annexed resolution.

Those who are interested in the passage of this bill have manifested considerable activity. The bill has been openly supported before the Joint Committee on Cities of the Senate and Assembly by the New York Central Railroad.

Vigorous action is required to protect the City's interests. I suggest that the Board adopt a resolution ratifying and confirming the action of the Committee on Finance and Budget and directing the Secretary to send to each member of the Legislature a copy of the communication sent by me to Mr. McGoldrick on February 26th.

The adoption of the annexed resolutions will give effect to this recommendation.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment does hereby ratify and confirm the action of the Committee on Finance and Budget and the Comptroller in compliance therewith in transmitting to Edward J. McGoldrick, Assistant Corporation Counsel, Albany, on February 26, 1918, the following communication:

"Senate Bill No. 278, Int. No. 268, creating New York City Terminal Commission, should be defeated. The bill is not well considered in its scope or provisions. New York City is suffering too much already from numerous commissions and boards authorized to commit the City to great expenditures.

"Any of the purposes sought to be accomplished by this bill can be more effectively attained through the Board of Estimate and Apportionment and Public Service Commission. The bill contains numerous provisions thoroughly unsound in principle and of far reaching effect.

"In section 7, subdivision 2, the commission is authorized to obligate the City of New York without limitation under an agreement with the New York Central or other railroads for the cost of making changes and furnishing additional facilities.

"The proposed commission is given the power to do this without the consent of the Board of Estimate and Apportionment. Under this the debt margin of the City could be wiped out by this commission and the whole of its available debt-incurring power utilized by the proposed commission to the exclusion of other public purposes, such as schools, hospitals, water supply, etc.

"The proposed commission is also authorized to sell or exchange the City's lands under water, parks, and other public property. Under this authority the City of New York could be stripped of its entire water front. Such provisions are contrary to well settled public policy and the provisions of the Charter. The principle of exchanging parcels of land owned by the City for railroad property so as to consolidate the ownership of the entire water front in the railroad company has been thoroughly condemned and disapproved; yet this bill provides for the repetition of the same operation that has heretofore been condemned as unsound. There are numerous provisions in the bill of similar import.

"The commission is authorized to release the New York Central and other railroads from any obligation heretofore assumed to the City of New York (section 7, subdivision 2).

"The authority to close streets and other public places is so broad and comprehensive as to circumvent the constitutional prohibition against granting of franchises in the streets of New York City except by local authority, for, under the power granted, the commission could close any street where railroad rights are desired, and then sell or exchange the ownership of the land in the street.

"The bill is wholly unnecessary, will serve no good purpose and contains provisions so at variance with sound public policy that it should be defeated.

"I have been authorized by the Finance Committee of the Board of Estimate and Apportionment (consisting of the entire board) to express its disapproval of the bill."

Resolved, That the Secretary be and he is hereby instructed forthwith to send a certified copy of the foregoing resolution to each member of the Legislature.

Department of Licenses—Establishment of Additional Grade of Position (Cal. No. 162).

The Secretary presented the following communication from the Commissioner of Licenses:

City of New York, Department of Licenses, 49 Lafayette Street, March 1, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—Provision was made in the Budget of the Department of Licenses for the year 1918 for the payment of increased salaries of four Clerks, as follows:

	FROM	TO
1 Clerk.....	\$1,080 00	\$1,200 00
1 Clerk.....	1,050 00	1,200 00
1 Clerk.....	960 00	1,200 00
1 Clerk.....	900 00	1,200 00

The increases requested carried the salaries beyond the grades. Promotions were accordingly made amongst within the grades and each Clerk was placed on the payroll at the rate of \$1,140 per annum.

The Civil Service Commission and the Department of Finance are unable to approve the payrolls at the rate of \$1,140 for the reason that the positions at those salaries were never established.

In order to adjust the matter, request is hereby respectfully made for the establishment of the grade of Clerk, with salary at the rate of \$1,140 per annum, and that my request be approved by the Board of Estimate and Apportionment and referred to the Board of Aldermen for approval. Respectfully,

JOHN F. GILCHRIST, Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Commissioner of Licenses of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents
Clerk	\$1,140 00	Four

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

Department of Licenses—Authority to Fill Vacancy (Cal. No. 163).

(On February 23, 1918, this request was referred by the Secretary of the Board to the Committee on Salaries and Grades.)

The Secretary presented a communication, dated February 21, 1918, from the Commissioner of Licenses, requesting permission to fill a vacancy of Stenographer; and the following report of the Committee on Salaries and Grades recommending approval thereof:

February 28, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of a request made by the Commissioner of Licenses for permission to fill a vacant position, as follows:

Vacancy.

Direct Reference No.	Code No.	Proposed Action.
107	259	Stenographer and Typewriter, at \$840, in Division of Licensed Vehicles, to be filled by appointment at \$840, of Anna C. Lyons, formerly employed by the Committee on City Plan.

The Committee on Salaries and Grades recommends the adoption of the attached resolution granting the request. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the request of the Commissioner of Licenses for permission to fill a vacancy, as follows:

Code.	Position and Manner of Filling.
259	Stenographer and Typewriter at \$840 in Division of Licensed Vehicles, by appointment at \$840 of Anna C. Lyons, formerly employed by the Committee on City Plan.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

Board of Estimate and Apportionment—Requests for Leaves of Absence (Cal. No. 164).

The Secretary presented three communications, dated February 1, 14 and 18, 1918, from the following employees in the office of the Secretary of the Board of Estimate and Apportionment, requesting leaves of absence without pay:

(a) Clifford A. Hahn, Examiner, for a period of three months, beginning February 15th.

(b) Albert B. Pacini, Chemist, for a period of six months, beginning March 1, 1918.

(c) Florence M. Hagen, Stenographer, extension of leave, effective from February 15th, 1918.

Which were referred to the Committee on Salaries and Grades.

Fifth Avenue Coach Company (Cal. No. 165).

In the matter of the form of contract for the grant of a franchise to the Fifth Avenue Coach Company to establish, maintain and operate additional omnibus lines for public use in the Boroughs of Manhattan and The Bronx, in connection with the extension of the Company's present operation upon various streets and avenues.

By motion duly adopted at the meeting of February 8, 1918 (Cal. No. 10), the hearing was continued until March 8, 1918, and the matter referred to the Committee on Franchises for such action as it may see fit to take, which may include a public hearing.

The Acting Mayor announced the Committee on Franchises would hold a public hearing in Room 16, City Hall, Borough of Manhattan, on this matter, on Thursday, March 7, 1918, at 10 A. M.

Department of Docks and Ferries—Modification of Schedule (Cal. No. 166).

The Secretary presented a communication, dated February 27, 1918, from the Acting Commissioner of Docks, requesting the modification of salary schedule (No. 2804) for the Department of Docks and Ferries for the year 1918, to be effective March 1, 1918, by changing the title of a Chairman and Rodman at \$1,200 to Hydrographer at \$1,800, the additional amount involved to be transferred from the general accrual fund.

Which was referred to the Committee on Salaries and Grades.

On motion, the Board adjourned to meet on Friday, March 8, 1918, at 10.30 o'clock A. M.

JOSEPH HAAG, Secretary.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE TUESDAY, MARCH 12, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

DEPARTMENTS OF PUBLIC CHARITIES AND CORRECTION.

Proposals.

SEALED BIDS WILL BE RECEIVED BY the Departments of Public Charities and Correction, at the office of the Central Purchase Committee, Room 1237, Municipal Building, Manhattan, until 12.30 p. m., on

MONDAY, MARCH 25, 1918.

FOR FURNISHING AND DELIVERING YEAST.

The time for the performance of the contract is on or before Dec. 31, 1918.

The amount of security required is thirty per cent. of the contract amount awarded. No bid shall be considered unless it is accompanied by a deposit. Such deposit shall be in an amount not less than one and one-half per cent. of the total amount of the bid.

The bidder will state the price per unit, as called for in the schedules of quantities and prices, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards, if made, made to the lowest bidder on each item or class, as stated in the schedules.

Bids must be submitted in duplicate, each copy in a separate envelope. No bid will be accepted unless this provision is complied with.

Specifications referred to in the schedules may be had upon application at Room 1327, Municipal Building.

Blank forms and further information may be obtained at the office of the Central Purchase Committee, 12th floor, Municipal Building.

DEPARTMENT OF PUBLIC CHARITIES.

Sealed bids (blank forms of which may be obtained upon application), will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 25th day of March, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened March 25, 1918," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

PUBLIC IMPROVEMENT MATTERS.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment, at its meeting held on March 1, 1918 (Cal. No. 160), adopted the following resolutions:

Whereas, the Board of Estimate and Apportionment is considering the advisability of requesting the Corporation Counsel to apply to the Supreme Court for the amendment of the proceeding authorized by the Board on December 8, 1916, for acquiring title to an easement for sewer purposes in a parcel of land 10 feet wide, located within the lines of 72nd avenue and extending from the head of the Vlegh road to a point about 1710 feet westerly therefrom, as amended by the resolution of the Board June 29, 1917, by including in the proceeding to acquire title the acquisition of temporary easements in two parcels of land each 10 feet wide adjoining and bordering on each side the parcel being acquired under the authorization of December 8, 1916, and as further amended by resolution of the Board September 21, 1917, providing that the temporary easements should be for a period of 138 days, beginning on the date of the entry of the court order ratifying the resolution of the Board of September 21, 1917, amending the proceeding; and

Whereas, the resolution adopted on September 21, 1917, was ratified by an order of the Supreme Court entered in the office of the Clerk of the County of Queens on November 20, 1917, on which date, pursuant to the provisions of said resolution, the title to said temporary easements vested in The City of New York; and

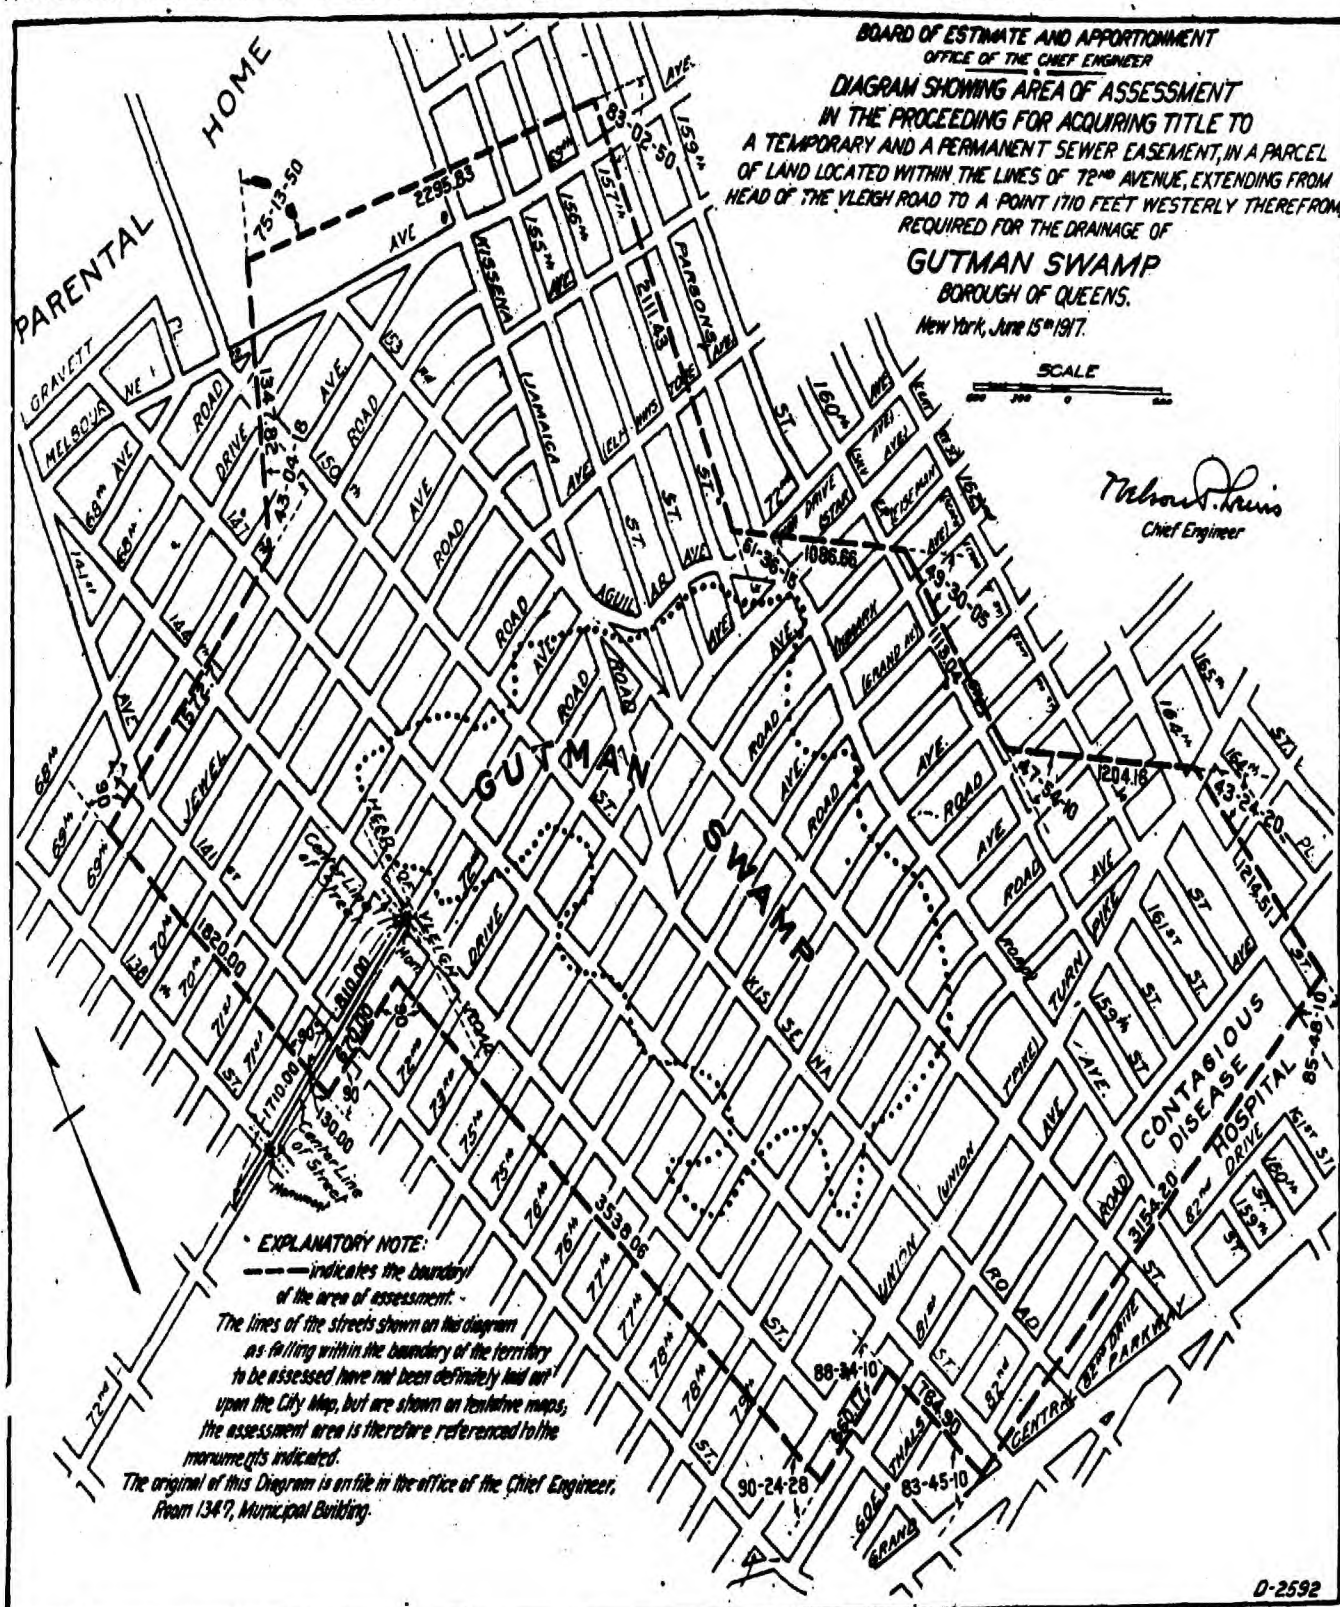

Whereas, the period of 138 days from the date of the entry of said order, to wit: November

20, 1917, is not a sufficient period in which to complete the work necessary for the construction of said sewer.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions

of the Greater New York Charter, as amended, hereby gives notice of its intention to amend the above entitled proceeding by extending the temporary easements in the additional 10-foot strips bordering on the 10-foot strip in which the sewer

easement is being acquired to July 1st, 1918, and hereby gives notice of its intention to amend the area of assessment for benefit in this proposed amended proceeding as is shown on the following diagram:

Resolved, That this Board consider the proposed amendment of the proceeding at a meeting of the Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, the 15th day of March, 1918, at 10.30 a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in The City Record for ten days continuously, exclusive of Sundays and legal holidays, prior to Friday, the 15th day of March, 1918.

Dated, New York, March 4, 1918.

Filing Preliminary Abstracts.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the real property required for the opening and extending of SOTHERN AVENUE, from Queens Boulevard to Corona avenue, in the 2nd Ward, Borough of Queens, City of New York.

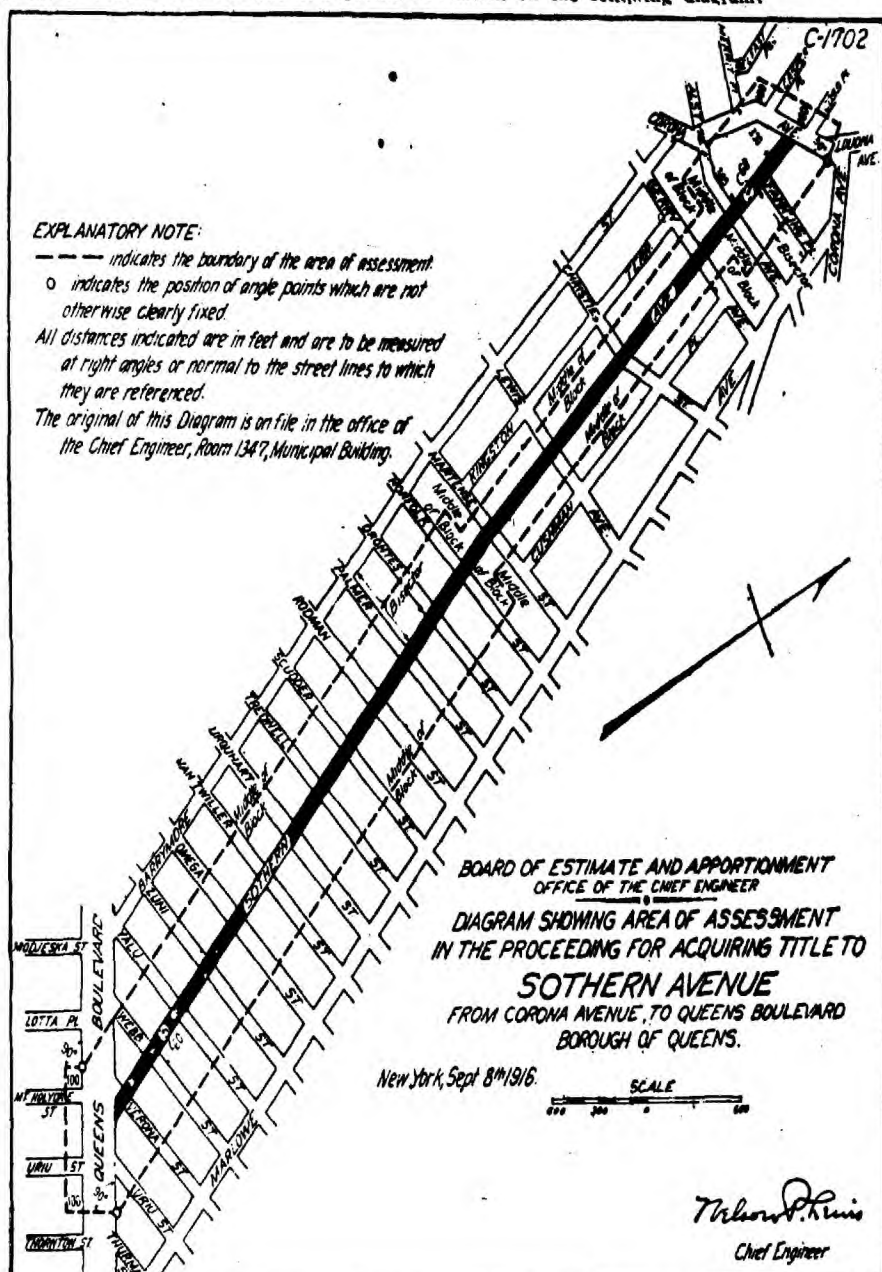

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 18th day of March, 1918, and that the said Commissioners will hear parties so

objecting, and for that purpose will be in attendance at their said office on the 20th day of March, 1918, at 2:30 o'clock p. m.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 18th day of March, 1918, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 21st day of March, 1918, at 2:30 o'clock p. m.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 13th day of October, 1916, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded as shown on the following diagram:

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 20th day of March, 1918.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County

Court House in the Borough of Brooklyn, in the City of New York, on the 7th day of May, 1918, at the opening of the Court on that day. Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in final reports, pursuant to the provisions of the Greater New York Charter, as amended.

Dated, New York, February 18, 1918.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, or rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, or the party or parties making the bid, that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures. Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
