K. Monitoring Standards and Procedures

Pursuant to 24 CFR Part 91.230, the City of New York monitors on an ongoing basis its entitlement program subcontractors, subrecipients, and project sponsors to ensure compliance with the statutory provisions of the National Affordable Housing Act. The fiscal and programmatic procedures of federally-funded programs already are audited or monitored by several entities: the City agencies which administer the federally-funded programs; an independent auditor, pursuant to the federally-mandated "Single Audit"; and, the City Comptroller's Office through its Charter mandate to investigate all matters relating to the City's finances. Therefore, it is not the intent of this plan to duplicate but to augment the City's monitoring procedures currently in place for its Consolidated Plan-related programs.

Each of the respective formula entitlement grants have separate and distinct regulations and statutory requirements. Therefore, the monitoring processes used by New York City's respective grant administering departments vary based on the type of entitlement grant. However, in general, the respective departments monitor their subcontractors, subrecipients, and/or project sponsors for timeliness of expenditure; the meeting of predetermined accomplishments/milestones; and, the compliance with the applicable federal requirements.

A brief description for the grant-specific monitoring procedures follows:

COMMUNITY DEVELOPMENT BLOCK GRANT

The Community Development Task Force (CD Unit) of New York City's Office of Management and Budget (OMB) is responsible for the administration of New York City's annual CD award. The CD Unit is comprised of the Fiscal Unit and the Program Unit. Their responsibilities are highlighted throughout this narrative. The following sections detail the processes and procedures employed by the City of New York to ensure that all federal regulations applicable to CD funds are followed.

Eligibility Determinations

In order to qualify for CD-funding, a prospective program must meet two criteria. Firstly, the activity must fall into one of 22 eligibility categories listed in the CD regulations, sections §507.201-205. Secondly, the program must meet one of three national objectives: benefit to low- and moderate-income persons, aid in the prevention or elimination of slums or blight, or meet an urgent need. The CD Unit's Program Unit is tasked with ensuring that all programs are eligible (and remain eligible) and in compliance in accordance with the criteria set forth above.

Awarding and Monitoring of Contracts and Grants by City Agencies

Agencies that award contracts primarily do so through a competitive Request for Proposals (RFP) process that must comply with the City of New York's Procurement Policy Board (PPB) rules and regulations. A copy of the PPB rules and regulations can be found by visiting the City's website at <http://www.nyc.gov/html/mocs/ppb/html/rules/rules.shtml>. These rules are in place to safeguard the integrity of the procurement system and protect against corruption, waste, fraud, and abuse. Agencies awarding contracts review contractors' track records, skills, and staffing levels to determine the contractor's capacity to carry out the stated objectives of the contract. Agencies perform background checks on contractors and vendors using several sources of data such as LexisNexis and Vendex which provide information on past contractor performance. Some programs are required to award contracts to the lowest bidder while others are allowed to award the contract to the entity they feel is most qualified, not necessarily the lowest bidder. Entities that are awarded contracts that are not competitively bid are known as subrecipients. An example of a CD-funded subrecipient is the New York City Housing Authority.

Some agencies which award grants do so through a competitive application process. Others do so on a first-come, first-served basis provided the applicant meets eligibility criteria.

All CD-funded contracts and grants must include a document entitled “Appendix B”, which states all applicable federal laws.

Minority- and Women-Owned Business Enterprises and Section 3 Compliance

HUD mandates that all localities make a reasonable effort to procure goods and services through Minority- and Women-Owned Business Enterprises (MWBE). The City also has requirements regarding the participation of MWBEs in the contracting process. In cases where an agency helps facilitate a provider or an individual in selecting a contractor, most ensure that MWBEs are in the pool of prospective bidders. Each CD-funded program is required to itemize contracts of \$25,000 or more and document the race/ethnicity of the owner(s) of the business being awarded the contract. The agencies report this information on HUD Form 2516 to the CD Program Unit on a quarterly basis. The Program Unit staff reviews the forms and then forwards them to the Community Planning and Development Office at the local HUD headquarters.

HUD Form 2516 also allows for identifying which contractors qualify as Section 3 concerns. A Section 3 contractor is one who provides economic opportunities to low- and moderate-income residents of the metropolitan area. Section 3 contracts related to housing and public construction projects which have a CD-funded allocation of \$100,000 or greater are applicable. The CD Program Unit collects Section 3 data (how many low- and moderate-income persons were hired and their job classifications) on a calendar year basis and forwards the information to HUD as part of the City’s Consolidated Plan Annual Performance Report (APR).

Costs and Expenditures

Allowable costs are governed by the rules and regulations found in Federal OMB Circulars A-87 and A-122. Methods for determining the most reasonable costs vary from program to program. Salaries for CD-funded City employees are often set by the civil service system. All staff paid with CD funds must first undergo an eligibility review from the CD Unit to determine whether their job responsibilities are CD-eligible.

City agencies generally require contractors to submit bills on a monthly or a milestone basis, depending on the nature of the contract. Payments are generally made no later than 30 days after the receipt of the invoice (see exception for rehabilitation activities described in the preceding section). The CD Fiscal Unit monitors expenditures on a daily basis through the City’s Financial Management System (FMS). All programs must comply with the policies found within Federal OMB Circulars and HUD Administrative Requirements regarding audits, cost principals, and grant administration requirements.

Agency Monitoring

Agencies are responsible for monitoring their CD-funded programs. Monitoring includes both fiscal and programmatic oversight. Many agencies have created specific tracking systems for overseeing their beneficiaries. For those agencies that are involved in rehabilitation activities, monitoring includes on-site evaluation to determine the initial scope of work and periodic inspections on the progress. At the end of construction, agencies will complete a final inspection. Final payment is withheld until any outstanding work is completed to the agency’s satisfaction. Federally-funded rehabilitation of residential properties must be in compliance with HUD’s Housing Quality Standards.

OMB CD Fiscal Unit Monitoring

The CD Fiscal Unit is responsible for budgeting CD funds, drawing CD funds from the Federal Treasury, and monitoring expenditures. The staff monitors each CD-funded agency very closely utilizing a number of different tools at their disposal. First and foremost, each analyst maintains a good working relationship with their agency contacts and OMB Task Force contacts through meetings, phone calls and e-mails. Budgets are fluid and it is important that each analyst can call or e-mail a contact with questions, concerns etc. Changes to CD-funded agencies’ budgets cannot happen without OMB approval so the analysts are constantly viewing and reviewing the budgets and needs of the agencies for which they are responsible.

The main software tool that is used to monitor CD-funded agencies is the City’s Financial Management System (FMS). Through the utilization of FMS Control Categories, Budget Codes, and Object Codes, each CD-funded

program is distinct and unique in FMS. Control Categories and Budget Codes are four digit numbers assigned by each individual agency. Object codes are three digit numbers that are standard citywide. This aids in monitoring an agency's budget. By looking at the object code that funds are budgeted in, the Fiscal Unit can determine what the funds are being used for (ex. object code 109 is for fuel expenses, 600 is for contracts etc.). Due to this budgeting structure, an analyst can research a program in FMS and easily see the fiscal status, such as how much is budgeted, pre-encumbered, obligated to contracts, and liquidated. CRYSTAL is a software program that can extract summary information from FMS for each CD-funded program. CRYSTAL reports are run almost daily to keep track of the progress of each CD-funded program.

The CD Fiscal Unit also produces a number of reports that aid in monitoring the CD-funded agencies. The Unit produces among other things, a monthly report by city fiscal year (CFY), an inception-to-date status report (generally five times a year), budget cycle reports, surplus/needs exercises, CFY "close-out" reports, and the Annual Performance Report (APR). The very nature of preparing these reports requires a constant review of agencies' budgets.

Program Income

The CD Fiscal Unit is also responsible for monitoring CD Program Income, which is the primary supplemental revenue to the CD Entitlement. Program income can be generated from the receipt of fees and fines, repayment for work done by the City and through the sale of City-owned land that lies within a federal urban renewal area. The CD Fiscal Unit does general oversight and monitoring of all CD Program Income. This is accomplished through the utilization of FMS and verbal/e-mail communication with contacts. The CD Program Income Revenue Source codes are unique in FMS and therefore can be easily monitored. CRYSTAL reports can also be produced isolating the fiscal data for these revenue source codes.

Environmental Reviews

Environmental Review procedures for all federal programs were established by the National Environmental Policy Act of 1969 (NEPA). The HUD environmental regulations which followed can be found at 24 CFR Part 58: Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities. The CD Program Unit is responsible for ensuring that environmental reviews are completed for each CD-funded project and that there is written documentation of environmental compliance on file at OMB. The CD Program tends not to fund new construction so when rehabilitation is funded, the primary environmental issues are historic and floodplain reviews.

Certifications

At the beginning of each city fiscal year (July 1), the Program Unit sends out certification packets to Assistant Commissioners or Directors of CD-funded programs. Each certification packet includes the specific regulatory citations applicable to that program's CD-funded activities, a list of the general ineligible activities, and (if applicable) a copy of the most recent Section 8 Income Limits, which are used to determine low- and moderate-income beneficiaries. The certification process was created to ensure that administrators of CD-funded programs are knowledgeable about the CD regulations. Certifications must be signed by either the Assistant Commissioner or Director that oversees the CD-funded program. The CD Unit periodically conducts trainings on the CD regulations for agencies when there has been significant personnel turnover or there are compliance issues.

Monitoring of Program Performance

In July of each year, CD Program Unit staff request calendar year accomplishment projections from CD-funded programs. The proposed accomplishments are based on a HUD Performance Measurement Indicator that is identified for each program (excluding Planning and Administration programs). The City selects the indicator that most closely reflects the primary activities funded by the program. Along with providing their upcoming calendar year projections, programs are asked to revise their previous year's projections. Initial projections are published in the City's Consolidated Plan; revised values are posted in the City's Amended Consolidated Plan. At the end of the calendar year actual accomplishments are reported in the APR. The receipt of the revised projections and actual accomplishments gives the CD Program Unit the opportunity to evaluate the progress of

programs and consult with a program if it is not on track to meet its projections. The Program Unit also reviews the program expenditure reports produced by the Fiscal Unit to identify those programs that are not spending as they should. The Program Unit staff then determines the cause of the delays which could be related to the bidding or registration of a contract, the historic review process, contractor non-performance, the hiring of City staff that will assist in administering a program, etc. The Program Unit staff will intervene and assist whenever possible.

Equipment Purchases

Rules guiding the purchase of equipment can be found in OMB Circulars A-87 (15) and A-122 (15), §570.207 of the CD regulations, and §84.34 and §85.2 of the HUD Administrative Requirements. Generally, equipment purchases are not allowed unless the activity falls within the following categories: Special Economic Development Activities, Special Activities by Community-Based Development Organizations, or Public Services. The OMB Circulars define “equipment” as a tangible property having a useful life of more than one year and an acquisition cost of at least \$5,000. Items below this amount are considered “supplies”. However, the OMB CD Unit employs a policy in which all purchases exceeding \$150 per unit must be tracked on a Property Register Form. The form must also include all electronic devices regardless of cost.

The Property Register is a cumulative list. Equipment that appeared on a previous year’s list must also appear on the current year’s list unless the item was identified as disposed during the period covering the last Property Register. Agency staff must conduct a physical inventory of all CD-funded equipment and reconcile the results with the Property Register.

The CD Program Unit is responsible for collecting all Property Registers and for ensuring that all charges are eligible. Program Unit staff performs one or two on-site audits of a CD-funded program’s property each year to ensure that the items are located where the Property Register indicates they are and to guarantee that all property purchased with CD funds is labeled as such.

Other Monitoring Actions

CD Programs may also be monitored or audited by the Department of Housing and Urban Development, the New York City Comptroller and by independent auditors under the federal Single Audit and the A-133 audit requirements.

HOME INVESTMENT PARTNERSHIP (HOME) PROGRAM

Affirmative Marketing—HOME-funded Rental and Homeownership Housing

The New York City Department of Housing Preservation and Development (HPD) reserves the right to conduct periodic inspections and spot-checks of the Developer’s tenanting process. HPD conducts site visits to assure records are properly collected and reserved.

Where there is suspicion of fraud HPD conducts an investigation

Monitoring Procedures for Affordable Housing Units – HPD

Affordable housing developments assisted with HOME Program funds are monitored in two phases: during construction and afterwards, when the property is occupied by low income residents. Before any funds can be released, loan agreements and related documents must be signed by the Borrower and approved by the City.

Besides repayment terms, the promissory note, and loan agreement, the City contract may include additional terms agreed to by the borrower, including requirements related to habitability standards, owner residency, tenant eligibility, and/or rent affordability guidelines.

Low-income tenancy and affordable rents are effectuated through a covenant, which is signed by the owner, recorded against the property title, so it ‘runs with the land’. Covenants have provisions that require annual tenant re-certification and periodic physical inspections when required by the grant. These additional provisions

are no less important than the repayment terms, and a material breach thereof may result in acceleration of the loan and/or foreclosure action against the collateral property.

The development cycle begins with the HPD commitment of HOME funds, and ultimately culminates into a finished housing development. HPD utilizes certain milestones as indicators to determine if the project is on track.

The construction phase is monitored by the HPD HOME-funded program staff. They perform inspections at each milestone of the process; their approval is required before funds can be released.

After construction, HPD's Tax Credit and HOME Compliance Unit takes over the monitoring responsibility as it checks for the required occupancy ratios, and also determines if clients meet income requirements. Compliance monitoring is accomplished through the regular monitoring of a borrower-provided management plan. Owners must provide HPD with reports on the current tenants and the rent schedule. These are reviewed for compliance by HPD staff.

When HUD issues revised income or maximum rent levels, all property owners are notified of the changes by the Occupancy Monitoring section.

Monitoring Community Housing Development Organizations (CHDOs)

- To ensure that organizations continue to meet all of the CHDO requirements, CHDOs are evaluated and re-certified by HPD every year or, at a minimum, are requalified as a CHDO each time it receives additional set-aside or operating funds.
- The minimum CHDO set-aside of 15% is calculated annually by HPD, and allocated to CHDO-sponsored housing development projects.
- CHDO oversight by HPD includes an evaluation of compliance with the HOME maximum purchase price/after-rehab value limits, the FHA 203(b) limits, for owner-occupied and homebuyer properties.

Other HOME Program Monitoring Activities

- HPD reviews the status of the HOME grant to ensure that the 24-month deadline to commit and 5-year deadline to expend funds are complied with.
- HPD monitors and reports back on the HOME match requirements to ensure that the 12.5% match requirement is met. An annual report is sent to HUD along with the Consolidated Annual Performance and Evaluation Report (CAPER).
- HPD also ensures compliance with the minimum HOME subsidy amount of \$1,000 per rental unit as well as the maximum 221(d)(3) per-unit limit subsidy amounts.
- HPD ensures that HOME-assisted rental units are inspected at the required frequency of inspections, as stated in the HOME regulations, and ensures compliance with the required HOME property standards.

Section 3 of the Housing and Urban Act of 1968

The City of New York, to the greatest extent feasible, is committed to directing job training and employment opportunities to low- and very low-income New Yorkers, and its programs have increased opportunities for these groups. The Department of Housing Preservation and Development (HPD) has undertaken various affirmative efforts to realize the benefits of Section 3 for local residents and local businesses:

- HPD includes information on Sec. 3 requirements in the equal opportunity packages provided to HPD developers, contractors and their sub-contractors.
- HPD reviews these requirements at weekly Pre-Award conferences with developers, contractors and sub-contractors.
- HPD includes the Section 3 clause in its HUD-funded contracts, alerting each entity of the program and its obligations. The clause also requires its placement in every subcontract subject to Section 3 regulations.

- HPD has implemented a quarterly review process for the efficient monitoring of Section 3 activity.
- HPD has created and posted a new HUD Section 3 webpage at the HPD website. The webpage contains an explanation of the regulations, reporting forms, a Section 3 Business Concern application, a directory of Business Concerns and a listing of employment/training referral sources. The webpage provides firms working with the agency easy access the information they need to comply.
- HPD has developed relationships, memorialized by Memorandums of Understanding, with local construction employment and training agencies (including YouthBuild programs) that offer formal training, job readiness and pre-screening programs. Our Section 3 webpage lists referral sources for firms seeking qualified candidates for any construction trade or management related job opportunities that may arise.
- HPD has a Memorandum of Understanding with the NYC Department of Small Business Services (DSBS) under which firms that certify with HPD as Section 3 Business Concerns will obtain business counseling and networking opportunities sponsored by DSBS by enrolling in their Emerging Business Enterprise Program. This partnership expands business opportunities and technical assistance for local firms. To date we have referred 6 firms.

HPD collects data to be used to report annual accomplishments regarding employment and other economic opportunities provided to low- and moderate-income persons under Section 3 of the Housing and Urban Development Act of 1968.

Recipients or contractors subject to Section 3 requirements must maintain appropriate documentation to establish that HUD financial assistance for housing and community development programs were directed toward low- and moderate-income persons. HPD ensures that all back-up documentation be appropriately filed and maintained by the agency for five (5) years.

Compliance Monitoring of Occupancy During the HOME Program Affordability Period

During the affordability period, all HOME projects are subject to Compliance Monitoring. The purpose of monitoring is to ensure adherence to the income and rent affordability requirements of the HOME program. Specifically, all newly vacated HOME units must be rented to tenants with qualifying incomes, the owner/managing agent must comply with the annual income certification requirements for all tenants in HOME assisted units and the owner/managing agent must comply with the HOME program's various rent restrictions. In addition, all HOME units are subject to an annual inspection to ensure compliance with the required HOME property.

Each year, the owner must submit to HPD's Compliance Unit the following information:

- A certified rent roll showing: (a) names and rents for tenants in all units, (b) tenant incomes and household sizes for tenants in HOME assisted units, and (c) dates of income certification for tenants in home assisted units,
- An initial income certification for each new tenant who has moved in during the prior calendar year and,
- A certification by the owner that the project is in compliance with all requirements of the HOME Written Agreement (form to be provided by HPD).

These documents will be reviewed by HPD for compliance. Concurrently, the results of the property inspections will be reviewed to determine if there are any uncorrected violations. A written report will be prepared which describes any findings and issues, along with details of any required follow-up. Projects with any pending findings or issues will remain in the active workload until all outstanding problems are resolved.

In addition to HOME Monitoring described above, which applies to all projects annually, HOME projects will also be subject to a more intensive file review on a less frequent basis. Such reviews may either be conducted at the owner's office or at HPD's office. In general the review will involve an in-depth review of income

certification documents, as well as other procedures used by the owner to ensure compliance with the HOME Written Agreement.

Certificate of Consistency with this Consolidated Plan

Developers' proposed projects must be consistent with New York City's Strategic Plan goals. Examples of such projects generally meet this goal when they include one or more of the following activities:

- Newly constructed housing targeting low- and moderate-income households.
- Rehabilitation of the existing housing stock in a manner that is sensitive to the need for accessibility by persons with disabilities.
- Supportive housing.

EMERGENCY SOLUTIONS GRANT (ESG)

The NYC Department of Homeless Services (DHS) receives Emergency Solutions Grant Program (ESG) grant money to increase the number and quality of emergency shelters and transitional housing facilities for homeless individuals and families, to operate these facilities and provide essential social services, to help prevent homelessness, and to rapidly re-house those who have entered shelter .

The Budget and Finance Units of DHS is responsible for the fiscal administration of the ESG grant. These units allocate the ESG funding and ensure that payments and claims are made in accordance with the approved uses of the grant for eligible activities, in consultation with DHS Program staff.

As part of ESG monitoring plan, DHS revised its standards according to the requirements set forth in 24 CFR 576.400(e) (1) and (e) (3). The purpose of the ESG monitoring plan is to determine if the ESG-funded programs have administered and implemented ESG-funded activities in accordance with applicable Federal requirements.

Program monitoring activities include review of conformance to grant agreement, record keeping and documentation, periodic progress reports, and monitoring site visits. As the result of monitoring review, DHS may conclude a program is in compliance with applicable regulations or may make a finding or concern. A finding is defined as a program element that does not comply with a Federal statute or regulation, whereas a concern is either a potential finding or a program weakness that should be improved to avoid future problems.

If any findings or concerns are identified after a program monitoring review, DHS works with the program staff in implementing corrective actions and making improvements, and produces a schedule for any needed technical assistance and training.

In order to monitor and report on the second allocation of ESG funds, DHS intends to hire one staff person in the Prevention, Policy and Planning Unit.

DHS will utilize its experience from its successful implementation of HPRP to evaluate the new ESG activities. DHS shared this framework with the Continuum of Care Steering Committee and will review periodically with the NYC CCoC Data Management Committee. DHS will utilize its HMIS to monitor performance through the following indicators:

- Number of individuals/households served by prevention and rapid re-housing activities
- Exit destinations (temporary and permanent) of individuals/households served
- % of clients served who avoid shelter entry
- Length of time served by ESG program

ESG funds will be used in DHS's existing homelessness prevention and rapid re-housing contracts that are currently funded by HPRP. This requires some internal processing with our Budget department but does not

affect the contracts or contracting process. Some of the funds will be used directly by DHS for its staff who perform prevention and rapid re-housing activities.

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS (HOPWA)

To ensure compliance with federal, state, and local regulations and guidelines, the New York City Department of Health and Mental Hygiene (DOHMH) conducts routine monitoring activities of its HOPWA-funded sub-grantees and projects sponsors. Monitoring activities are conducted on-site and remotely on an annual basis. Monitoring activities include, but are not limited to, the following areas:

- Eligibility
 - HIV status
 - Income
- Assessments/Reassessments
 - Client and household
- Housing Plans
- Organizational Policies and Procedures
 - Confidentiality
 - Termination of Participant Assistance
 - Conflict of Interest
 - Faith-based Organizations and Religious Activities
 - Fair Housing and Equal Opportunity
 - Documentation/Record Retention
 - Annual Reporting and Measurement of Outcomes
 - Performance and Outcomes
- Eligible Services
 - Tenant-Based Rental Assistance
 - Short-Term Rent, Mortgage, and Utility Assistance
 - Short-Term Housing Assistance
 - Facility/Project-Based Housing
 - Support Services
 - Housing Information
 - Permanent Housing Placement
 - Resource Identification
 - New Construction/Rehabilitation
- Leases/Tenancy Agreements
- Fair Market Rents
- Resident Rent Calculation
- Prohibition Against Fees
- Housing Quality Standards
- Environmental Review
- Audits Management
- Financial Management
 - Internal Controls
 - Financial System and Fund Tracking
 - Salaries and Wages
 - Cost and Allocation Principles
 - Record-keeping and Documentation
- Procurement Management and Methods
- Property/Equipment Management

Based on findings identified during monitoring activities, DOHMH may require sub-grantees and project sponsors to develop corrective action plans that outline activities that will be taken to resolve issue(s) identified and timeline for resolution. DOHMH monitors these plans closely to ensure timely resolution.

L. Certificate of Consistency Chart

The Cranston-Gonzalez National Affordable Housing Act enacted in 1990 requires that any application for federal housing, homeless assistance, supportive housing services, or community development programs must have a certificate of consistency with the Consolidated Plan, and in some cases as specified in the regulations a certificate of consistency with local plans and zoning. A certificate of consistency is denied if an applicant proposes activities that are not consistent with the Consolidated Plan.

In order to streamline this process, the following chart identifies: 1) the lead agency responsible for providing the certificate of consistency letter to an applicant; and 2) the Agency contact persons along with their telephone numbers, and FAX numbers.

If your organization intends to apply for funds, you must contact the appropriate agency at least two (2) weeks prior to the HUD deadline for applications. Your request for a certificate should be in writing on the applicant organization's letterhead and signed by the executive director of the organization. The letter should include: a brief history of the organization applying for funds; the name of the funding source; the amount of funds requested; what you intend to do with the funds; if appropriate, the number of people to be served; and if appropriate, the neighborhoods to be served.

M. Certifications

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it has completed an analysis of impediments to fair housing choice within the jurisdiction, is taking appropriate actions to overcome the effects of any impediments identified through that analysis, and maintains records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted –

- (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Bill de Blasio
Mayor, City of New York

Date

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570).

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available;
2. Overall Benefit. The aggregate use of CDBG funds including Section 108 guaranteed loans during program year(s) 2011, 2012, and 2013, shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its notification, inspection, testing and abatement procedures concerning lead-based paint will comply with 24 CFR Part 35.

Compliance with Laws -- It will comply with applicable laws.

Bill de Blasio
Mayor, City of New York

Date

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Bill de Blasio
Mayor, City of New York

Date

ESG Certifications

The Emergency Solutions Grantee certifies that:

Major rehabilitation/conversion -- It will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 10 years. If the jurisdiction plans to use funds for rehabilitation (other than major rehabilitation or conversion), the applicant will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 3 years.

Essential Services and Operating Costs -- Where assistance involves essential services or maintenance, operation, insurance, utilities and furnishings, it will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure as long as the same general population is served.

Renovation -- Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services -- It will assist homeless individuals in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living, and other Federal State, local, and private assistance.

Matching Funds -- It will obtain matching amounts required under 24 CFR 576.51.

Confidentiality -- It will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement -- To the maximum extent practicable, it will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, operating facilities, and providing services assisted through this program.

Consolidated Plan -- It is following a current HUD-approved Consolidated Plan or CHAS.

Discharge Policy ---- It has established a policy for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons.

HMIS – It will comply with HUD’s standards for participation in a local Homeless Management Information System and the collection and reporting of client-level information.

Bill de Blasio
Mayor, City of New York

Date

HOPWA Certifications

The HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under that program shall be operated for the purpose specified in the plan:

1. For at least 10 years in the case of assistance involving new construction, substantial rehabilitation or acquisition of a facility.
2. For at least 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

Bill de Blasio
Mayor, City of New York

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance was placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplace under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

All locations have been filed with the Department of Housing and Urban Development and can be obtained from the HUD Area Office, at 26 Federal Plaza.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C.812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are not on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

N. Summary of Citizens' Comments

1. Testimony from the Public Hearing to Formulate the Proposed 2014 Consolidated Plan, April 15, 2013

No testimony regarding the Proposed 2014 Consolidated Plan was provided at the public hearing.

2. Testimony from the Public Hearing on the Proposed 2014 Consolidated Plan, November 8, 2013

No testimony regarding the Proposed 2014 Consolidated Plan was provided at the public hearing.

3. Comments Received During the Public Comment Period on the Proposed 2014 Consolidated Plan, October 10, 2013 through November 8, 2013

No comments regarding the Proposed 2013 Consolidated Plan were received during the Public Comment Period.

Appendix 1:

DEFINITIONS

Accessibility: CDBG funds can be used for the removal of material and architectural barriers which restrict the mobility and accessibility of elderly or persons with disabilities.

Affordable Housing: Affordable housing is generally defined as housing where the occupant is paying no more than 30 percent of gross housing costs, including utility costs.

AIDS and Related Diseases: The disease of acquired immunodeficiency syndrome or any conditions arising from the etiologic agent of acquired immunodeficiency syndrome.

Alcohol/Other Drug Addiction: A serious and persistent alcohol or other drug addiction that significantly limits a person's ability to live independently.

Assisted Household or Person: For the purpose of specifying one-year goals for assisting households or persons, a household or person is assisted if, during the coming Federal fiscal year, they will benefit through one or more programs included in the jurisdiction's investment plan. A renter is benefitted if the person takes occupancy of affordable housing that is newly acquired, newly rehabilitated, or newly constructed, and/or receives rental assistance. An existing homeowner is benefitted during the year if the home's rehabilitation is completed. A first-time homebuyer is benefitted if a home is purchased during the year. A homeless person is benefitted during the year if the person becomes an occupant of transitional or permanent housing. A non-homeless person with special needs is considered as being benefitted, however, only if the provision of supportive services is linked to the acquisition, rehabilitation, or new construction of a housing unit and/or the provision of rental assistance during the year. Households or persons who will benefit from more than one program activity must be counted only once. To be included in the goals, the housing unit must, at a minimum, satisfy the HUD Section 8 Housing Quality Standards (see 24 CFR section 882.109). See also, instructions for completing Table 3B of the CHAS and Table 1 of the Annual Performance Report.

At risk of homelessness (For the Emergency Solutions Grant, and Continuum of Care program): An individual, family or youth may be considered as at risk of homelessness if they meet one of the following criteria:

An individual or family who: has an annual income below 30 percent of median family income for the area, as determined by HUD; does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the "Homeless" definition; and, meets one of the following conditions: (A) has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance; (B) is living in the home of another because of economic hardship; (C) has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance; (D) lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low-income individuals; (E) lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau; (F) is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or (G) otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan;

A child or youth at risk of homelessness is one who does not qualify as “homeless” as per the definition, but qualifies as “homeless” under section 387(3) of the Runaway and Homeless Youth Act (42 U.S.C. 5732a(3)), section 637(11) of the Head Start Act (42 U.S.C. 9832(11)), section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e– 2(6)), section 330(h)(5)(A) of the Public Health Service Act (42 U.S.C. 254b(h)(5)(A)), section 3(m) of the Food and Nutrition Act of 2008 (7 U.S.C. 2012(m)), or section 17(b)(15) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(b)(15));

A child or youth at risk of homelessness is one who does not qualify as “homeless” as per the definition, but qualifies as “homeless” under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), and the parent(s) or guardian(s) of that child or youth if living with her or him.

Chewable surface: An interior or exterior surface painted with lead-based paint that a young child can mouth or chew. A chewable surface is the same as an “accessible surface” as defined in 42 U.S.C. 4851(b)(2). Hard metal substrates and other materials that cannot be dented by the bite of a young child are not considered chewable.

Chronically Homeless (For the Emergency Solutions Grant, and Continuum of Care program): An individual, family or youth may be considered as chronically homeless if they meet one of the following criteria:

Chronically homeless individual is an individual who: is homeless and lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and, has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least one year or on at least four separate occasions in the last 3 years, where each homeless occasion was at least 15 days; and, can be diagnosed with (one or more of the following conditions:) substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from brain injury, or chronic physical illness or disability.

A chronically homeless individual may also be an individual who has been residing in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and who has met all of the criteria indicated above, before entering that facility.

Chronically homeless family is defined as a family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in the first paragraph of this definition, including a family whose composition has fluctuated while the head of household has been homeless.

Committed: Generally means there has been a legally binding commitment of funds to a specific project to undertake specific activities.

Consistent with the CHAS: A determination made by the jurisdiction that a program application meets the following criterion: The Annual Plan for that fiscal year's funding indicates the jurisdiction planned to apply for the program or was willing to support an application by another entity for the program; the location of activities is consistent with the geographic areas specified in the plan, and the activities benefit a category of residents for which the jurisdictions five-year strategy shows a priority.

Continuum of Care (Coalition): The group composed of representatives of relevant organizations, which generally includes nonprofit homeless providers, victim service providers, faith-based organizations, government agencies, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, hospitals, universities, affordable housing developers, law enforcement, organizations that serve homeless and formerly homeless veterans, and homeless and formerly homeless persons that are

organized to plan for and provide, as necessary, a system of outreach, engagement, and assessment; emergency shelter; rapid re-housing; transitional housing; permanent housing; and prevention strategies to address the various needs of homeless persons and persons at risk of homelessness for a specific geographic area.

Cost Burden greater than 30 percent: The extent to which gross housing costs, including utility costs, exceed 30 percent of gross income, based on data published by the U.S. Census Bureau. (Cost burden consists only of gross rent/income ratio for renters.)

Cost Burden greater than 50 percent (defined as Severe Cost Burden): The extent to which gross housing costs, including utility costs, exceed 50 percent of gross income, based on data published by the U.S. Census Bureau.

Disabling Condition: For the purposes of Consolidated Plan-defined chronic homelessness, a disabling condition is a diagnosable substance use disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions. A disabling condition limits an individual's ability to work or perform one or more activities of daily living.

Economic Development: The acquisition, disposition, construction or rehabilitation of commercial or industrial land and/or buildings, infrastructure development, assistance to private businesses including grants, loans, loan guarantees, interests supplements and technical assistance.

Economic Independence and Self-Sufficiency Programs: Programs undertaken by Public Housing Agencies (PHAs) to promote economic independence and self-sufficiency for participating families. Such programs may include Project Self-Sufficiency and Operation Bootstrap programs that originated under earlier Section 8 rental certificate and rental voucher initiatives, as well as the Family Self-Sufficiency program. In addition, PHAs may operate locally-developed programs or conduct a variety of special projects designed to promote economic independence and self sufficiency.

Elderly Household: For HUD rental programs, a one or two person household in which the head of the household or spouse is at least 62 years of age.

Elderly Person: A person who is at least 62 years of age.

Emergency shelter: Any facility, the primary purpose of which is to provide a temporary shelter for the homeless in general or for specific populations of the homeless, and which does not require occupants to sign leases or occupancy agreements.

Existing Homeowner: An owner-occupant of residential property who holds legal title to the property and who uses the property as his/her principal residence.

Family: See definition in 24 CFR 812.2 (The National Affordable Housing Act definition required to be used in the CHAS rule differs from the Census definition). The Bureau of Census defines a family as a householder (head of household) and one or more other persons living in the same household who are related by birth, marriage or adoption. The term "household" is used in combination with the term "related" in the CHAS instructions, such as for Table 2, when compatibility with the Census definition of family (for reports and data available from the Census based upon that definition) is dictated. (See also "Homeless Family.")

Family Self-Sufficiency (FSS) Program: A program enacted by Section 554 of the National Affordable Housing Act which directs Public Housing Agencies (PHAs) and Indian Housing Authorities (IHAs) to use Section 8 assistance under the rental certificate and rental voucher programs, together with public and private resources to provide supportive services to enable participating families to achieve economic independence and self-sufficiency.

Federal Preference for Admission: The preference given to otherwise eligible applicants under HUD's rental assistance programs who, at the time they seek housing assistance, are involuntarily displaced, living in substandard housing, or paying more than 50 percent of family income for rent. (See, for example, 24 CFR 882.219.)

First-Time Homebuyer: An individual or family who has not owned a home during the three-year period preceding the HUD-assisted purchase of a home that must be used as the principal residence of the homebuyer, except that any individual who is a displaced homemaker (as defined in 24 CFR 92) or a single parent (as defined in 24 CFR 92) may not be excluded from consideration as a first-time homebuyer on the basis that the individual, while a homemaker or married, owned a home with his or her spouse or resided in a home owned by a spouse.

FmHA: The Farmers Home Administration, or programs it administers.

For Rent: Year round housing units which are vacant and offered/available for rent only. (U.S. Census definition)

For Sale: Year round housing units which are vacant and offered/available for sale only. (U.S. Census definition)

Frail Elderly: An elderly person who is unable to perform at least one activity of daily living (i.e., eating, dressing, bathing, grooming, and household management activities). (See 24 CFR 889.105.)

Friction surface: An interior or exterior surface that is subject to abrasion or friction, including, but not limited to, certain window, floor, and stair surfaces.

Group Quarters: Facilities providing living quarters that are not classified as housing units. (U.S. Census definition). Examples include: prisons, nursing homes, dormitories, military barracks, and shelters.

HOME: The HOME Investment Partnerships Program, which is authorized by Title II of the National Affordable Housing Act.

Homeless: (For the Emergency Solutions Grant, and Continuum of Care program) An individual, family or youth may be considered as homeless if they meet one of the following criteria:

An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; or an individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low-income individuals); or an individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution.

An individual or family who will imminently lose their primary nighttime residence, provided that the primary nighttime residence will be lost within 14 days of the date of application for homeless assistance; no subsequent residence has been identified; and the individual or family lacks the resources or support networks needed to obtain other permanent housing.

Unaccompanied youth under 25 years of age, or families with children and youth, who do not otherwise qualify as homeless under this definition, but who are defined as homeless under section 387 of the Runaway and Homeless Youth Act (42 U.S.C. 5732a), section 637 of the Head Start Act (42 U.S.C. 9832), section 41403 of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2), section 330(h) of the Public Health Service Act (42 U.S.C. 254b(h)), section 3 of the Food and Nutrition Act of 2008 (7 U.S.C. 2012), section 17(b) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(b)), or section 725 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a); have not had a lease, ownership interest, or occupancy agreement in permanent housing at any time during the 60 days immediately preceding the date of application for homeless assistance; have experienced persistent instability as measured by two moves or more during the 60-day period immediately preceding the date of applying for homeless assistance; and can be expected to continue in such status for an extended period of time because of chronic disabilities, chronic physical health or mental health conditions, substance addiction, histories of domestic violence or childhood abuse (including neglect), the presence of a child or youth with a disability, or two or more barriers to employment, which include the lack of a high school degree or General Education Development (GED), illiteracy, low English proficiency, a history of incarceration or detention for criminal activity, and a history of unstable employment.

Any individual or family who is fleeing, or is attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return to their primary nighttime residence; has no other residence; and lacks the resources or support networks to obtain other permanent housing.

Homeless Assistance: Funds used for support services, rental assistance, or shelters to aid those who qualify as homeless.

Homeless Management Information System (HMIS): The information system designated by the Continuum of Care to comply with HUD's data collection, management, and reporting standards and used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness.

Homeless Prevention: Funds used for support services, such as, social workers, advocacy, landlord relations, court system assistance, reuniting the family, and rental assistance to prevent homelessness.

Homeless Youth: The United States Code (42 U.S.C. 5732a) defines a Homeless Youth as follows: An individual who is not more than 21 years of age, and not less than 16 years of age, for whom it is not possible to live in a safe environment with a relative; and who has no other safe alternative living arrangement.

HOPE 1: The HOPE for Public and Indian Housing Homeownership Program, which is authorized by the Title IV, Subtitle A of the National Affordable Housing Act.

HOPE 2: The HOPE for Homeownership of Multifamily Units Program, which is authorized by Title IV, Subtitle B of the National Affordable Housing Act.

HOPE 3: The HOPE for Homeownership of Single Family Homes Program, which is authorized by Title IV, Subtitle C of The National Affordable Housing Act.

Household: One or more persons occupying a housing unit (U.S. Census definition) See also "Family".

Households with a member with a disability: (for Section 811 Supportive Housing for Persons with Disabilities eligibility) A household composed of one or more persons at least one of whom is an adult (a person of at least 18 years of age) who has a disability. A disabled household may also be defined as two or more persons with disabilities living together, or one or more such persons living with another person who is determined by HUD, based upon a certification from an appropriate health-care professional, to be important to their care or well being. The term also includes the surviving member or members of any household described in the first sentence of this paragraph who were living in an assisted unit with the deceased member of the household at the time of his or her death.

Housing Problems: Households with housing problems include those that: (1) occupy units meeting the definition of Physical Defect; (2) meet the definition of overcrowded; (3) (for renter households) meet the definition of cost burden (gross rent/income ratio) greater than 30%. The data include nonduplicative counts of households that meet one or more of these criteria. Housing Problems for owners consists only of overcrowding or physical defects, not cost burden data.

Housing Unit: An occupied or vacant house, apartment, or a single room (SRO housing) that is intended as separate living quarters. (U.S. Census definition)

Impact surface: An interior or exterior surface that is subject to damage by repeated sudden force, such as certain parts of door frames.

Income Type - For each category, the household's income is less than or equal to the maximum income level as defined below. Income definitions are based on Federal Fiscal Year 2013 Section 8 median family income limits, as determined by HUD for the New York, NY PMSA with adjustments for smaller and larger families and for areas with unusually high or low incomes or where needed because of prevailing levels of construction costs or fair market rents. According to HUD, the Federal FY 2013 Median Family Income for the New York, NY PMSA was \$63,000. (Please note: this income definition is for HUD's required table of housing assistance needs of low and moderate income households by household income category and housing problems by tenure, household type and race/ethnicity.) Very Low, Low and Moderate Income are defined as follows:

VERY LOW (0 TO 50% MFI) -- [equivalent with CDBG's low-income category]

A household with an income less than or equal to 50 percent of the area's median family income. (Less than or equal to \$42,950 for a family of four, with adjustments for household size.) Two sub-groups (0 to 30% and 31 to 50% of MFI) are distinguished in the tables. The Very Lowest Income category, 0 to 30% MFI, includes households with incomes less than or equal to \$25,750 for a family of four. The 31 to 50% of MFI subgroup includes households with income greater than \$25,750 but less than or equal to \$42,950 for a family of four.

LOW (51 TO 80% MFI) -- [equivalent with CDBG's moderate-income category]

A household with an income greater than 50 percent and less than or equal to 80 percent of the area's median family income. (Greater than \$42,950 and less than or equal to \$68,700 for a family of four.)

MODERATE (81 TO 95% MFI)

A household with an income greater than 80 percent and less than or equal to 95 percent of the city's median family income. (Greater than \$68,700 and less than or equal to \$81,600 for a family of four.)

Infrastructure Improvements: The upgrading of public infrastructures including: solid waste disposal facilities; water facilities; streets; sidewalks; tree planting; sewer facilities; and asbestos removal.

In Rem: A legal action (usually foreclosure) taken against real property for nonpayment of real estate taxes or water and sewer charges.

Institutions/Institutional: Group quarters for persons under care or custody. (U.S. Census definition)

Large Related: A household of 5 or more persons which includes at least one person related to the householder by blood, marriage or adoption.

Lead-based paint: Paint or other surface coatings that contain lead equal to or exceeding 1.0 milligram per square centimeter or 0.5 percent by weight or 5,000 parts per million (ppm) by weight.

Lead-based paint hazard: Any condition that causes exposure to lead from lead-dust hazards, soil-lead hazards, or lead-based paint that is deteriorated or present in chewable surfaces, friction surfaces, or impact surfaces, and that would result in adverse human health effects.

Lead-dust hazard: Surface dust that contains a lead-dust loading (area concentration of lead) at or exceeding the levels promulgated by the EPA pursuant to section 403 of the Toxic Substances Control Act or, if such levels are not in effect, the standards in 24 CFR 35.1320.

LIHTC: (Federal) Low Income Housing Tax Credit.

Limited Clientele: An activity which benefits a limited clientele, at least 51 percent whom are, or are presumed to be, low and moderate income persons.

Low and Moderate Area: At least 51 percent of the residents are low and moderate income persons.

Low-Income: See Income Type.

Minority Concentration: A census tract in which the percentage of non-White and Hispanic population (total number of persons of all races less White, non-Hispanic persons divided by the tract's total population) is greater than or equal to 85 percent. According to the U.S. Census Bureau, persons of this population may be comprised of: American Indian or Alaska Native, Asian, Black or African-American, Native Hawaiian or Other Pacific Islander, Persons more than one race, Persons of Some Other (single) race not previously listed, and Hispanic Persons of all races.

Moderate Income: See Income Type.

Non-Elderly Household: A household which does not meet the definition of "Elderly Household," as defined above.

Non-Homeless Persons with Special Needs: Includes frail elderly persons, persons with AIDS, disabled families, and families participating in organized programs to achieve economic self-sufficiency.

Non-Institutional: Group quarters for persons not under care or custody. (U.S. Census definition used)

Non-residential Historic Preservation: The rehabilitation, preservation or restoration of historic non-residential properties, whether privately or public owned.

Occupied Housing Unit: A housing unit that is the usual place of residence of the occupant(s).

Other Household: A household of one or more persons that does not meet the definition of a Small Related household, Large Related household or Elderly Household.

Other Income: Households whose incomes exceed 80 percent of the median income for the area, as determined by the Secretary, with adjustments for smaller and larger families.

Other Low-Income: Households whose incomes are between 51 percent and 80 percent of the median income for the area, as determined by HUD, with adjustments for smaller and larger families, except that HUD may establish income ceilings higher or lower than 80 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes. (This term corresponds to moderate-income in the CDBG Program.)

Other Vacant: Vacant year round housing units that are not For Rent or For Sale. This category would include Awaiting Occupancy or Held.

Overcrowded: A Housing unit containing more than one person per room. (U.S. Census definition)

Owner: A household that owns the housing unit it occupies. (U.S. Census definition)

Person with a disability: The Section 811 Supportive Housing for Persons with Disabilities Program defines a person with a disability as follows: A person shall be considered to have a disability if he or she has a developmental disability as defined in section 102(7) of the Development Disabilities Assistance and Bill of Rights Act (42 U.S.C. 6001.6006) if the person has a chronic disability which: 1) is attributable to a mental or physical impairment or combination of mental and physical impairments; 2) is manifested before the person attains twenty-two years of age; 3) is likely to continue indefinitely; 4) results in substantial functional limitation in three or more areas of major life activities including self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, economic self-sufficiency; and 5) reflects the person's need for a combination and sequence of special, interdisciplinary or generic care, treatment or other services which are of lifelong or extended duration and are individually planned and coordinated. A persons may also be defined as having a disability if the person has a chronic mental illness, i.e. a severe and persistent mental or emotional impairment that seriously limits the persons ability to live independently, and which impairment could be improved by more suitable housing conditions. The term may also apply to a person infected with the human acquired immunodeficiency virus (HIV) and a person who suffers from alcoholism or drug addiction, provided the person meets the definition as provided in Section 811 (42 U.S.C. 8013(k)(2)). A person whose sole impairment is a diagnosis of HIV positive or alcoholism or drug addiction who does not meet Section 811 (42 U.S.C. 8013(k)(2)) qualifying criteria is not considered eligible for the Section 811 Supportive Housing program.

The New York City Human Rights Law defines a person with a disability as follows: A person shall be considered to have a disability if the person has any physical, medical, mental or psychological impairment, or a history or record of such impairment. In the case of alcoholism, drug addiction or other substance abuse, the term shall only apply to a person who 1) is recovering or has recovered and 2) is currently free of such abuse.

Physical Defects: A housing unit that is dilapidated, lacking complete kitchen and/or bath for exclusive use, has 4 or more maintenance deficiencies, or in a building with 3 or more types of building condition defects, based on data published by the U.S. Census Bureau.

Planning and Administration Activities: Activities which make more effective use of physical, economic and human resources, policy, planning and management capacity building are as follows: general management, oversight, and coordination; public administration; fair housing activities (if part of 20% cap); submissions or applications for federal programs; and administrative expenses for other HUD housing programs.

Primary Housing Activity: A means of providing or producing affordable housing -- such as rental assistance, production, rehabilitation or acquisition -- that will be allocated significant resources and/or pursued intensively for addressing a particular housing need. (See also, "Secondary Housing Activity".)

Project-Based (Rental) Assistance: Rental Assistance provided for a project, not for a specific tenant. Tenants receiving project-based rental assistance give up the right to that assistance upon moving from the project.

Public Facilities: CDBG funds are used for the acquisition, construction, rehabilitation or installation of public facilities such as: senior centers, homeless facilities, handicapped centers, homeless facilities, youth centers, neighborhood facilities, parks, recreational facilities, parking facilities, child care centers, health facilities, abused and neglected children facilities, and facilities for AIDS Patients.

Public Housing CIAP: Public Housing Comprehensive Improvement Assistance Program.

Public Housing MROP: Public Housing Major Reconstruction of Obsolete Projects.

Public Services: CDBG funds can be used for the provision of services including: senior services, handicapped services, homeless services, youth services, transportation services, substance abuse services, battered and abused spouses, employment training, crime awareness, fair housing activities, tenant and landlord counseling, child care services, health services, services for abused and neglected children, and AIDS Patients.

Racially Mixed Area: A census tract in which the percentage of its non-White and Hispanic population (total number of persons of all races less White, non-Hispanic persons divided by the tract's total population) is greater than or equal to 65 percent and less than 84.9 percent. According to the U.S. Census Bureau, persons of this population may be comprised of: American Indian or Alaska Native, Asian, Black or African-American, Native Hawaiian or Other Pacific Islander, Persons more than one race, Persons of Some Other (single) race not previously listed, and Hispanic Persons of all races.

Rapid re-housing assistance: The provision of housing relocation and stabilization services and short- and/or medium-term rental assistance as necessary to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing.

Rental Assistance: Rental assistance payments provided as either project-based rental assistance or tenant-based rental assistance.

Rent Burden greater than 30 percent (Cost Burden): The extent to which gross rents, including utility costs, exceed 30 percent of gross income, based on data published by the U.S. Census Bureau.

Rent Burden greater than 50 percent (Severe Cost burden): The extent to which gross rents, including utility costs, exceed 50 percent of gross income, based on data published by the U.S. Census Bureau.

Renter: A household that rents the housing unit it occupies, including both units rented for cash and units occupied without cash payment or rent. (U.S. Census definition)

Renter Elderly Household: A one or two person household in which the head of household or spouse is at least 62 years of age, and rent their housing unit.

Renter Small Related Household: A two to four person household including at least 1 person related to the householder by birth, marriage or adoption and rent their housing unit.

Renter Large Related Household: A five or more person household including at least 1 person related to the householder by birth, marriage or adoption and rent their housing unit.

Renter Occupied Unit: Any occupied housing unit that is not owner occupied, including units rented for cash and those occupied without payment of cash rent.

Residential Historic Preservation: Rehabilitation, preservation or restoration of historic non-residential properties, whether privately or public owned.

Secondary Housing Activity: A means of providing or producing affordable housing -- such as rental assistance, production, rehabilitation or acquisition -- that will receive fewer resources and less emphasis than primary housing activities for addressing a particular housing need. (See also, "Primary Housing Activity".)

Section 215: Section 215 of Title II of the National Affordable Housing Act. Section 215 defines "affordable" housing projects under the HOME program.

Service Needs: The particular services identified for special needs populations, which typically may include transportation, personal care, housekeeping, counseling, meals, case management, personal emergency response, and other services to prevent premature institutionalization and assist individuals to continue living independently.

Severe Cost Burden: Severe Cost Burden (gross rent/income ratio) is defined as the extent to which gross housing costs, including utility costs, exceed 50 percent of gross income, based on data published by the U.S. Census Bureau.

Severe Mental Illness: A serious and persistent mental or emotional impairment that significantly limits a person's ability to live independently.

Sheltered: Families and persons whose primary nighttime residence is a supervised publicly or privately operated shelter, including emergency shelters, transitional housing for the homeless, domestic violence shelters, residential shelters for runaway and homeless youth, and any hotel/motel/apartment voucher arrangement paid because the person is homeless. This term does not include persons living doubled up on in overcrowded or substandard conventional housing. Any facility offering permanent housing is not a shelter, nor are its residents homeless.

Single-family Housing: A one -to four-family residence, condominium unit, cooperative unit, combination of manufactured housing and lot, or manufactured housing lot (American Dream Downpayment Initiative Program).

Slums and Blight: An activity will be considered to address prevention or elimination of slums and blight in an area if:

a) The area, delineated by the recipient meets a definition of slum, blighted deteriorated or deteriorating area under State or local law; b) Throughout the area there is a substantial number of deteriorated or deteriorating buildings or the public improvements are in a general state of deterioration; c) Documentation is maintained by the recipient on the boundaries and conditions of the area at the time of its designation; and d)The assisted activity addresses one or more of the conditions which contributed to the deterioration of the area; or e) Activities which addresses the elimination of specific conditions of blight or physical decay on a spot basis not located in a slum or blighted area. Activities to address slums and blight on a spot basis are limited to extent necessary to eliminate specific conditions detrimental to public health and safety.

Small Related: A household of 2 to 4 persons which includes at least one person related to the householder by birth, marriage, or adoption.

Special Needs Supportive Services: Supportive services provided to one or more of the following special needs populations: 1. Domestic Violence- Services for victims of domestic violence; 2. Female-headed household with children- Services for female-headed households with children under 18; 3. Mentally Impaired- Services for persons mentally impaired; 4. Physically Disabled- Services for persons physically disabled; 5. Substance Abuse- Services for substance abusers; 6. Tuberculosis- Services for persons who have tuberculosis; 7. AIDS/HIV Related Diseases Services include: a) Rental Assistance - A program to provide rental payments to eligible residential tenants; b) Supportive Services (including home care) to facilitate independent living; and c) Securing Housing.

Substandard Condition and not Suitable for Rehab: By local definition, dwelling units that are in such poor condition as to be neither structurally nor financially feasible for rehabilitation.

Substandard Condition but Suitable for Rehab: By local definition, dwelling units that do not meet standard conditions but are both financially and structurally feasible for rehabilitation. This does not include units that require only cosmetic work, correction or minor livability problems or maintenance work.

Substantial Amendment: A major change in an approved housing strategy. It involves a change to the five-year strategy, which may be occasioned by a decision to undertake activities or programs inconsistent with that strategy.

Substantial Rehabilitation: Reconstruction of completely or primarily vacant residential structure where there is replacement of at least two or more building systems, as well as substantial interior renovation. The estimated cost of rehabilitation is more than 75 percent of the total estimated cost of replacement after rehabilitation.

Supportive Housing Services: Services provided on-site in housing units and group quarters where a supportive environment includes a planned service component.

Supportive Service Need in FSS Plan: The plan that PHAs administering a Family Self-Sufficiency program are required to develop to identify the services they will provide to participating families and the source of funding for those services. The supportive services may include child care; transportation; remedial education; education for completion of secondary or post secondary schooling; job training, preparation and counseling; substance abuse treatment and counseling; training in homemaking and parenting skills; money management, and household management; counseling in homeownership; job development and placement; follow-up assistance after job placement; and other appropriate services.

Supportive Services: Services provided to residents of supportive housing for the purpose of facilitating the independence of residents. Some examples are case management, medical or psychological counseling and supervision, child care, transportation, and job training.

Tenant-Based (Rental) Assistance: A form of rental assistance in which the assisted tenant may move from a dwelling unit with a right to continued assistance. The assistance is provided for the tenant, not for the project.

Total Vacant Housing Units: Unoccupied year round housing units. (U.S. Census definition)

Unsheltered: Families and individuals whose primary nighttime residence is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings (e.g., streets, parks, alleys).

Vacant Awaiting Occupancy or Held: Vacant year round housing units that have been rented or sold and are currently awaiting occupancy, and vacant year round housing units that are held by owners or renters for occasional use. (U.S. Census definition)

Vacant Housing Unit: Unoccupied year-round housing units that are available or intended for occupancy at any time during the year.

Very Low Income: See Income Type.

Victim service provider: A private nonprofit organization whose primary mission is to provide services to victims of domestic violence, dating violence, sexual assault, or stalking. This term includes rape crisis centers, battered women's shelters, domestic violence transitional housing programs, and other programs.

Worst Case Needs: Unassisted, very low-income renter households who pay more than half of their income for rent, live in seriously substandard housing (which includes homeless people) or have been involuntarily displaced.

Year Round Housing Units: Occupied and vacant housing units intended for year round use. (U.S.Census definition) Housing units for seasonal or migratory use are excluded.

APPENDIX 3:

MAPS

1. Community Development Eligible Census Tracts

The attached revised Community Development Block Grant Eligibility maps show those 2000 census tracts in which Community Development (CD) funds may be used for an activity, the benefits of which are available to all the residents in a particular area, where at least 51% of the residents are low- and moderate-income persons ("CD area benefit" or "CD eligible area") according to the 2000 Census. Low- and moderate-income persons are defined as persons living in households with incomes below 80 percent of the median household income (\$47,100 for a 4-person household in 2000) of the Primary Metropolitan Statistical Area (PMSA), which includes the five boroughs, and Putnam County.

The U.S. Department of Housing and Urban Development (HUD) released the revised New York City CD Eligible Census Tracts data based on the 2000 Census at the end of March 2007. The revised data supersedes the CD Eligible Census Tract data for New York City originally released in February 2003. As a result of the data revision, the City of New York has generated updated CD Eligible Census Tract maps to replace the maps previously created in March 2003.

The revisions to the CD Eligible Census Tract data are the result of changes in the metropolitan area definitions used to calculate HUD median family income limits and estimates. The new definitions are based on the current U.S. Office of Management and Budget metropolitan statistical area (MSA) definitions.

HUD encouraged local municipalities which receive Community Development Block Grant funds to begin using the new data to determine area eligibility as early as possible. The City of New York began to use the revised 2000 Census data to determine CD area eligibility commencing with City Fiscal Year 2008 (CFY08) CD-funded activities, which began July 1, 2007.

Therefore, City Agencies and not-for-profit organizations who intend to request CD monies to fund area wide activities which will be undertaken in the current and future City Fiscal Years should use the updated 2000 Census Tract Eligibility data to determine their respective programs' area eligibility.

2. Minority Population

The attached Minority Population maps depict the percentages of the City's minority population¹ within 2010 census tracts by three (3) intervals: 1) greater than or equal to 85 percent minority population; 2) 65 to 84.9 percent; and 3) Less than 65 percent.

The percentage of minority population within the census tracts was computed by dividing a tract's population that was not white, non-Hispanic (total population less white, non-Hispanic persons) by its total population.

In addition to enumerating persons as White, non-Hispanic for the 2010 Census, the U.S. Census Bureau continued to enumerate persons by the expanded race categories that were first used for the 2000 Census: American Indian or Alaska Native; Asian; Black or African-American, Native Hawaiian or Other Pacific Islander; some other (single) race not previously reported; two or more races; and, persons of Hispanic origin (of any race). The data depicted represents persons who comprise these categories.

¹Minority Population excludes White, non-Hispanic persons.

Community Development Eligible Census Tracts*

The Bronx, 2000

*Community Development Block Grant (CDBG) eligible census tracts are areas where at least 51% of the residents are low- and moderate-income persons (less than 80% of the 2000 Census Median Family Income, or \$47,100 for a family of four).

APPENDIX 4:

DICTIONARY OF PROGRAM DESCRIPTION VARIABLES

This dictionary defines the required HUD variables found in the Action Plan. These required HUD elements include: the administering agency, funding sources, type of accomplishment, program activities, household type, income level, objective, outcome, and outcome statement.

FUNDING PREFIX -- Activity is funded by one of the four United States Department of Housing and Urban Development Entitlement/Formula Programs.

- C Community Development Block Grant (CDBG) funded.
- E Emergency Solutions Grant (ESG) funded.
- H HOME Investment Partnerships (HOME) funded.
- P Housing Opportunities for Persons with AIDS (HOPWA) funded.

AGENCY -- the City agency responsible for administering the program is as follows:

- ACS Agency for Childrens' Services
- CHA New York City Housing Authority
- CHR Commission on Human Rights
- DCA Department of Cultural Affairs
- DCAS Department of Citywide Administrative Services
- DCP Department of City Planning
- DDC Department of Design and Construction
- DFA Department for the Aging
- DCAS Department of Citywide Administrative Services
- DJJ Department of Juvenile Justice
- DHS Department of Homeless Services
- DHMH Department of Health and Mental Hygiene
- DOEd Department of Education
- DOE Department of Employment
- DOS Department of Sanitation
- DOT Department of Transportation
- DPR Department of Parks and Recreation
- DYCD Department of Youth and Community Development
- EDC Economic Development Corporation
- HPD Department of Housing Preservation and Development
- HRA Human Resources Administration Department of Social Services
- LPC Landmarks Preservation Commission
- MAY Mayor's Office, please refer to program description.
- NFP Not-for-Profit Organization, please refer to program description.
- NYPD New York Police Department
- NYCHA New York City Housing Authority
- OMB Office of Management and Budget
- OTR (Other) Please refer to program description.
- SBS Department of Small Business Services
- VARIOUS Please refer to program description.

FUNDING SOURCE - Each program is funded by either one or more of the following levels of government and/or a not-for-profit, or private entity. If other is listed refer to the program description.

FEDERAL - The following programs are primarily funded by the United States Department of Housing and Urban Development, unless otherwise stated, refer to the program description for the federal agency:

Entitlement/Formula Programs - Please refer to program description for additional information.

Community Development Block Grant (CDBG)

Emergency Solutions Grant (ESG)

HOME Investment Partnerships (HOME)

Housing Opportunities for Persons with AIDS (HOPWA)

New York City Housing Authority - Please refer to program description for additional information.

Public Housing Capital Fund Program

HOPE VI

Competitive Programs - Please refer to program description for additional information.

Homeless Continuum of Care SuperNOFA

 Supportive Housing

 Section 8 Moderate Rehabilitation SRO

 Shelter Plus Care Program

Section 202 Supportive Housing for the Elderly

Section 811 Supportive Housing for the Disabled

Section 8 Certificates and Vouchers

(Section 8) Mainstream Housing Opportunities for Persons with Disabilities Program

Housing Opportunities for Persons with AIDS (HOPWA Program) – SPNS

Lead-Based Paint Hazard Control

Lead-Based Paint Hazard Reduction Demonstration

STATE - Please refer to program description for additional information.

Affordable Homeownership Development Program

Homeless Housing and Assistance Program

Low Income Housing Tax Credit

Low Income Housing Trust Fund Program

RESTORE Program

CITY - The City of New York funds housing programs with City funds in the following ways:

Article 8, 8A, & 11 of Private Finance Law

City Capital

City Expense

City Property Tax Abatement

City Property Tax Exemption

City Tax-Exempt Bond

PRIVATE/NFP - For programs funded with Private or Not-for-Profit, please refer to program description for the name of the organization.

Not-for-Profit

Private Capital

Private Expense

ACCOMPLISHMENTS - The categories of HUD eligible accomplishments are as follows:

People (Used for Public Service activities)
Youth
Elderly
Households (Used for Housing Activities)
Large households
Small Households
Elderly Households
Businesses
Organizations
Housing Units
Public Facilities (Used for Public Facilities and Public Improvements)
Feet of Public Utilities
N/A (Not Applicable)

PROGRAM ACTIVITIES (Activity Code/Name) - The HUD eligible activities that a program can perform are as follows: (Please note that the HUD codes are often not sequential.)

Acquisition and Disposition

01 Acquisition

Acquisition is frequently used for the acquisition of property on which a public facility or public improvement will be constructed using other funds.

02 Disposition

Disposition can occur through the sale, lease, or donation of property acquired with CDBG funds or under urban renewal. This term is used to describe costs that are incidental to disposing or transferring real property acquired with CDBG funds, and to describe the costs of temporarily maintaining properties pending disposition (for example, legal service, financial service, appraisal survey, and transfer of ownership costs).

Public Facilities and Improvements

This category allows the acquisition of real property and construction or rehabilitation of the following public facilities and improvements to those facilities.

03 Public Facilities and Improvements

This activity should be used, unless the activity falls under a more specific category, listed below.

03A Senior Centers

Construction or rehabilitation of senior citizen centers. A facility described as serving "senior citizens and the disabled" may be classified under this category.

03B Centers for the Disabled/Handicapped

Construction or rehabilitation of group homes or centers for the disabled.

03C Homeless Facilities (Not Operating Costs)

Construction, conversion, renovation, or rehabilitation of shelters for the homeless, including shelters for battered spouses. This includes transitional housing and SROs (single room occupancy units) for the homeless that are funded by CDBG.

03D Youth Centers/Facilities

This refers to facilities that will be used primarily to provide services for teenage youth (ages 13 to 19). This includes playground and recreation facilities that are a part of youth centers/facilities.

03E Neighborhood Facilities

Structures that will be used for social services or for multiple purposes, including recreation, and that are principally designed to serve a neighborhood. Such facilities may include libraries and public schools.

03F Parks, Recreational Facilities

The activity involves developing an open space area or a facility to be used principally for recreation purposes.

03G Parking Facilities

This category is used for off-street parking lots and parking garages.

03H Solid Waste Disposal Facilities

Any activity that describes the construction and/or rehabilitation of solid waste disposal facilities.

03I Flood and Drainage Facilities

Flood control or irrigation (e.g., retention ponds or catch basins) activities do not include storm sewers, street drains, or storm drains.

03J Water/Sewer Improvements

Water/Sewer Improvements include installation or replacement of water lines, sanitary sewers, storm sewers, and fire hydrants.

03K Street Improvements

A street improvement project may include street drains, storm drains, curb and gutter work, tunnels, bridges, and the installation of street lights or signs.

03L Sidewalks

This activity is for the purpose of sidewalk improvements. Sidewalk improvements that include the installation of trash receptacles, trees, benches, and lighting are also included.

03M Child Care Centers/Facilities for Children

Examples of these include daycare centers and Head Start pre-school centers.

03N Tree Planting

Activities limited to tree planting (sometimes referred to as "beautification").

03O Fire Station/Equipment

In addition to the construction or rehabilitation of a fire station, this category includes the purchase of fire trucks, ambulances, and rescue equipment.

03P Health Facilities

This activity includes both physical and mental health facilities.

03Q Abused and Neglected Children's Facilities

This category includes daycare, treatment, or temporary housing for abused and neglected children.

03R Asbestos Removal

The primary goal of this category is to remove asbestos.

03S Facilities for AIDS Patients (Not Operating Costs)

Construction or rehabilitation of buildings for treatment or temporary housing for people who are HIV positive or who have AIDS. Note: "AIDS Patients" is a term required by HUD's National Objectives definitions. The City of New York prefers to use the term "Persons living with HIV/AIDS" to describe individuals who receive HOPWA-funded services.

03T Operating Costs of Homeless "and/or" AIDS Patients Programs

This category funds the operating expenses of ESG-funded emergency shelters. This category includes all costs associated with the operation of facilities (such as utilities, maintenance, and insurance) for homeless persons and/or AIDS patients. Note: "and/or" has been added to HUD's National Objectives definition because the City of New York houses AIDS patients in more appropriate housing arrangements than ESG-funded emergency shelters in order to accommodate their medical needs.

Public Services

Public service activities are the essential supportive services provided to special needs populations and very-low and low-income persons.

05 Public Services (General)

Public service activities include housing referral and counseling services, neighborhood cleanup, homeownership counseling, food distribution (food bank services), health education, or rape prevention education. General or unspecified homeless services, including those described as essential or supportive services, may also be assigned this activity.

05A Senior Services

Services that will be provided to elderly persons (e.g., meals-on-wheels, dial-a-ride) and for services provided for victims of Alzheimer's disease. (Senior Services or Services for the Disabled, may be used for activities that will provide services for both senior citizens and persons with disabilities if the activity is not intended primarily to serve one group rather than the other.)

05B Services for the Disabled (Previously Referred to as Handicapped Services)

Indicate services for persons with disabilities, regardless of age.

05C Legal Services

Includes programs that provide legal aid to low-and moderate-income persons.

05D Youth Services

Services for teenagers (ages 13 to 19) that include, for example, recreational services limited to teenagers or a teen counseling program. If a counseling program is targeted for youth but includes counseling for the family as well, it may still be classified as a youth service if the focus is on counseling for youth.

05E Transportation Services

Transportation services for a specific client group should be classified under this category for that client group; for example, use Senior Services, for transportation services for the elderly.

05F Substance Abuse Services

This program funds substance abuse recovery programs as well as prevention/education activities.

05G Battered and Abused Spouses

This category is for programs serving abused and neglected children, adults or families.

05H Employment Training

This program provides assistance that increases self-sufficiency. This category includes literacy, independent living skills, job training, and employment service activities.

05I Crime Awareness/Prevention

Programs promoting crime awareness and prevention, including crime prevention education programs and paying for security guards.

05J Fair Housing Activities

Fair housing services include counseling on housing discrimination.

05K Tenant/Landlord Counseling

Counseling provided to help prevent or settle disputes that occur between tenants and landlords.

05L Child Care Services

Services that children (generally under age 13) will benefit from, including parenting skill classes. However, services exclusively for abused and neglected children should be classified Abused and Neglected Children.

05M Health Services

Health services activities include operation of neighborhood clinics, post-rape counseling, vermin abatement services (also known as "vector control"), and other activities designed to serve the health needs of the residents. (Exception: Mental health services, which should be classified under Mental Health Services.)

05N Abused and Neglected Children

Daycare or other services are exclusively for abused and neglected children.

05O Mental Health Services

Activities designed to address the mental health needs of residents of the community.

05P Screen for Lead-Based Paint/Lead Hazards Poisoning

Activities designed primarily to provide screening for (not removal of) lead-based paint and other lead poisoning hazards.

05Q Subsistence Payments

This activity should only be used for activities designed to provide one-time or short-term (no more than three months) emergency grant payments on behalf of an individual or family, generally for the purposes of preventing homelessness. Examples include use of CDBG funds to prevent the loss of utilities, or payment of rent/mortgage to prevent eviction.

For other programs, this activity may be used for activities that provide tenant subsidies and other payments for expenses other than rent or security deposits.

05R Homeownership Assistance (Not Direct)

Homeownership, under this category, is limited to only homebuyer downpayment assistance.

05S Rental Housing Subsidies (HOME Tenant-Based Rental Assistance)

Tenant subsidies are exclusively for rental payments, including HOME tenant-Based Rental Assistance.

05T Security Deposits

This category is exclusively for providing security deposits as a form of tenant subsidy.

Housing

Housing includes a variety of categories from new construction to rehabilitation.

12 Construction of Housing

This activity indicates the construction of new housing.

13 Direct Homeownership Assistance

Homeownership assistance provided under the HOME program.

Under the CDBG program, assistance provided to facilitate homeownership may be in the form of subsidizing interest rates and mortgage principal amounts, payment of closing costs and downpayment assistance for low- and moderate-income homebuyers, acquiring guarantees for mortgage financing from private lenders, and financing the acquisition by low- and moderate income persons of housing they already occupy.

14A Rehabilitation: Single-Unit Residential

This category includes loans and grants for the rehabilitation of privately owned one-unit homes.

14B Rehabilitation: Multi-Unit Residential

This category includes the rehabilitation of buildings with two or more residential units.

14C Public Housing Modernization

This type of activity includes the rehabilitation of housing units owned/operated by a public housing authority (PHA) or an Indian housing authority (IA).

14D Rehabilitation: Other Publicly Owned Residential Buildings

This type of activity includes housing that is owned by a public entity other than a PHA. This category may include SROs that are owned by a public entity other than a PHA.

14F Energy Efficiency Improvements

This activity is the rehabilitation for the sole purpose of promoting energy efficiency (e.g., a weatherization program).

14G Acquisition For Rehabilitation

This category is to acquire property in order to rehabilitate for housing. This category may be used to reflect the cost of only the acquisition if the rehabilitation costs will be paid from another source, or it may also include both the costs of acquisition and rehabilitation.

14H Rehabilitation Administration

Indicates administrative activities for the delivery costs (including staff, other direct costs, and service costs) directly related to carrying out housing rehabilitation activities. Examples of these include architectural, engineering, appraisal, and other professional services; preparation of work specifications and work write-ups; loan processing and loan origination fees; surveys, site, and utility plans; application processing; and other fees involving housing rehabilitation.

14I Lead-Based Paint/Lead Hazard Test/Abatement

This category applies when the primary goal is housing rehabilitation for lead-based paint and hazard evaluation and reduction.

16A Residential Historic Preservation

This activity should only be used for the rehabilitation of historic residential structures.

Commercial/Industrial Improvements by Grantee or Non-Profit
This list of activities is primarily used to address special economic development activities.

17A Commercial/Industrial Land Acquisition/Disposition

This activity indicates acquiring land, clearing structures, or packaging commercial or industrial property for a special economic development activity, such as creating an industrial park.

17B Commercial/Industrial Infrastructure Development

This activity indicates street improvements, water improvements, parking additions, rail transport improvements, or other improvements to a site for a special economic development activity. This activity may include installation of public improvements in an industrial site or construction of streets/roads to and through commercial/industrial areas.

17C Commercial/Industrial Building Acquisition, Construction, Rehabilitation

This activity indicates the following objectives: to acquire, to construct, or to rehabilitate a commercial/industrial building for a special economic development activity.

17D Other Commercial/Industrial Improvements

Other commercial and industrial improvements undertaken for a special economic development activity that is not covered by Commercial/Industrial Land Acquisition/Disposition, Commercial/Industrial Infrastructure Development, or Commercial/Industrial Building Acquisition, Construction, Rehabilitation.

Direct Economic Development Assistance to Private For-Profits
All activities in this category provide direct assistance to a for-profit entity.

14E Rehabilitation: Publicly or Privately Owned Commercial/Industrial

This rehabilitation will be limited to improvements to the exterior of a commercial building (generally referred to as "facade improvements") or to the correction of code violations.

18A ED Direct: Direct Financial Assistance to For-Profit Business

Financial assistance will be provided to a for-profit business. Examples may include loans, loan guarantees, or grants to acquire property, clear structures, construct or rehabilitate a building, and/or purchase equipment.

18B ED Direct: Technical Assistance

Technical assistance will be provided to for-profit businesses. This includes workshops, marketing, or referrals.

18C Micro-Enterprise Assistance

Financial assistance, technical assistance, or general support services/programs will be provided to owners of and persons developing micro-enterprises. (A micro-enterprise is a business with five or fewer employees, including the owner(s).)

General Administrative and Planning Costs

20 Planning

Planning activities include planning and capacity building, development of comprehensive plans (for example, a consolidated plan), energy strategies, community development plans, environmental studies, area neighborhood plans, and functional plans.

21A General Program Administration

This category includes overall program management, coordination, monitoring, and evaluation. The activities in this category may include (but are not limited to) salaries, wages, and related costs of the recipient's staff or other staff engaged in program administration, which includes (but is not limited to) providing information about the program, preparing program budgets and schedules, preparing reports, and other costs for goods or services needed for administration of the program. This category is used to administer a federally designated Empowerment Zone or Enterprise Community, or to administer the HOME program.

21B Indirect Costs

This activity can indicate costs charged to a program under an indirect cost allocation plan.

21C Public Information

This activity is used for the provision of information and other resources to residents and citizen organizations participating in the planning, implementation, or assessment of activities.

21D Fair Housing Activities

Fair housing activities include General Program Administration activities.

21E Submissions or Applications for Federal Programs

These activities allow for the preparation of documents required for submission to HUD to receive funds under the CDBG program and to prepare applications for other federal programs when the grantee has determined that such activities are necessary to achieve its community development objectives.

21H HOME Administrative/Planning Costs of Participating Jurisdiction

This category includes the administration and planning costs of the HOME grant. It may include program management, coordination, planning, monitoring, and evaluation activities.

21I HOME CHDO Operating Expenses

This category allows for the expenses incurred for operating costs associated with a CHDO carrying out its activities.

Other

04 Clearance and Demolition

These activities involve the clearance or demolition of buildings and improvements, or the movement of structures to other sites.

04A Clean-up of Contaminated Sites/Brownfields

These activities are designed primarily for cleaning toxic/environmental waste or contamination from a site.

06 Interim Assistance

There are two circumstances under which the Interim Assistance code may be used:

- a. When making limited improvements (e.g., repair of streets, sidewalks, or public buildings) to areas with determinable signs of physical deterioration when the improvements are intended to arrest deterioration prior to permanent improvements being made.
- b. When the activity will alleviate an emergency condition threatening public health and safety, such as emergency removal of tree limbs or other debris after a major storm.

07 Urban Renewal Completion

This activity should be used only if the assistance will be used for the completion of urban renewal projects. (This activity refers to the close-out of the urban renewal categorical grant program that preceded CDBG; active urban renewal projects that are now being completed are generally located in large cities.)

08 Relocation

Funds may be used for relocation payments and assistance to displaced persons, including individuals, families, businesses, non-profit organizations, and farms.

09 Loss of Rental Income

This activity involves the use of funds to pay housing owners for the loss of rental income incurred by holding (for temporary periods) housing units to be used for the relocation of individuals and families displaced by CDBG-assisted activities.

10 Removal of Architectural Barriers

This category should be used for public facilities, buildings, or private residences where CDBG funds are used to remove barriers for increasing handicapped accessibility.

11 Privately Owned Utilities

An activity that involves the use of CDBG funds to acquire, reconstruct, rehabilitate, or install the distribution lines and facilities of privately owned utilities, including placing new or existing distribution facilities and lines underground.

15 Code Enforcement

Code enforcement involves the payment of salaries and overhead costs directly related to the enforcement of local codes.

16B Non-Residential Historic Preservation

This activity should be used for any non-residential historic building that will be rehabilitated. Examples include the rehabilitation of an historic building for use by a historic preservation society, the renovation of a historic building for use as a museum, or the renovation of a historic building for use as a neighborhood facility.

19C CDBG Non-Profit Organization Capacity Building

Activities funded under the CDBG program that increase the capacity of non-profit organizations to carry out eligible neighborhood revitalization or economic development activities. Activities that strengthen non-profits may include providing staff with specialized training and technical assistance.

19D CDBG Assistance to Institutions of Higher Education

Use this activity when assistance is provided to institutions of higher education that have demonstrated a capacity to carry our eligible activities.

19E CDBG Operation and Repair of Foreclosed Property

Activities that use CDBG funds to make essential repairs and to pay operating expenses necessary to maintain the habitability of housing units acquired through tax foreclosure in order to prevent abandonment and deterioration of such housing primarily in low-and moderate-income neighborhoods.

19F Repayments of Section 108 Loan Principal

Indicates repayment of principal for a Section 108 Loan Guarantee.

22 Unprogrammed Funds

Identify funds that have not been programmed for use. This category may include funds identified as reserve or contingency funds.

Emergency Solutions Grant-related

With the implementation of the Emergency Solutions Grant (ESG) in 2012, HUD's Integrated Disbursement and Information System (IDIS) no longer used CDBG-based activity matrix codes (legacy codes) to determine ESG-eligible activities. ESG monies may be used fund the following five program components: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and HMIS; as well as administrative activities. The following list converts the activities described in the legacy codes to ESG-related activities.

Administration

Please refer to (Legacy) Activity Code: 21A General Program Administration

Administration: Planning

Please refer to (Legacy) Activity Code: 20 Planning

Administration: Rehabilitation Administration

Please refer to (Legacy) Activity Code: 14H Rehabilitation Administration

Construction of Housing

Please refer to (Legacy) Activity Code: 12 Construction of Housing

Emergency Shelter: Essential Service

Activities undertaken to provide essential services to individuals and families who are in an emergency shelter, including but not limited to case management (including the cost of assessing housing and service needs, arranging, coordinating, and monitoring the delivery of individualized services to meet the needs of the program participant), child care, education services (instruction or training in consumer education, health education substance abuse prevention, literacy, English as a Second Language, and General Educational Development (GED) necessary for the participant to obtain and maintain housing), employment assistance and job training, outpatient health services, legal services, life skills training, as well as mental health services and substance abuse treatment services.

Emergency Shelter: Operation

Activities undertaken necessary for the operation of the emergency shelter including costs of maintenance (including minor or routine repairs), rent, security, fuel, equipment, insurance, utilities, food, furnishings, and supplies. Where no appropriate emergency shelter is available for a homeless family or individual, eligible activities may costs may also include a hotel or motel voucher for that family or individual.

Emergency Shelter: Renovation

Activities related to the renovation (including major rehabilitation of an emergency shelter or conversion of a building into an emergency shelter) of a facility owned by a government entity or private nonprofit organization. Eligible costs include labor, materials, tools, and other related costs.

Emergency Shelter: URA Assistance

ESG Funds may be used for relocation payments and other assistance to persons displaced by a project assisted with ESG funds.

HMIS (Homeless Management Information System)

Activities undertaken to comply with HUD's data collection, management, and reporting standards and used to

collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness. Activities in this category may include (but not limited to) the purchasing or leasing computer hardware and/or software or software licenses; charges for utilities necessary to operate or contribute data to the HMIS; salaries and wages for staff engaged in HMIS operation, data entry, monitoring and reviewing data quality, data analysis, reporting, and training; Hosting and maintaining (back- up, recovery, or repair) HMIS software or data.

Homeless Assistance: Rehabilitation: Other Publicly-Owned Residential Buildings

Please refer to (Legacy) Activity Code: 14D Rehabilitation; Other Publicly-Owned Residential Buildings

Homeless Prevention: Subsistence Payments

Please refer to (Legacy) Activity Code: 05Q Subsistence Payment

Homelessness Prevention

Activities undertaken and assistance (such as short- and/or medium-term rental assistance) rendered necessary to prevent an individual or family from moving into an emergency shelter. The costs of homelessness prevention are only eligible to the extent that the assistance is necessary to help the program participant regain stability in the program participant's current permanent housing or move into other permanent housing and achieve stability in that housing.

Homelessness Prevention: Housing Relocation and Stabilization Services

An activity that involves the use of ESG funds to relocate a homeless or an at-risk of homelessness family or individual into stable permanent housing. Eligible use of funds include: financial assistance, moving and services costs, rental application fees, security and utility deposits and payments, last month's rent, housing search and placement, and mediation.

Homelessness Prevention: Project-Based Rental Assistance

Rental assistance given to help the program participant regain stability in the program participant's current (subsidized) permanent housing or move into other (subsidized) permanent housing and achieve stability in that housing.

Homelessness Prevention: Tenant-Based Rental Assistance

Please refer to (Legacy) Activity Code: 05S Rental Housing Subsidies (HOME Tenant-Based Rental Assistance)

Rapid Re-housing: Project-Based Rental Assistance

Rental assistance subsidies used as part of housing relocation activities necessary to assist a homeless individual or family move as quickly as possible into permanent housing.

Rapid Re-housing: Tenant-Based Rental Assistance

Rental assistance subsidies used as part of housing relocation activities necessary to assist a homeless individual or family move as quickly as possible into permanent housing.

Street Outreach: Essential Services

Essential services necessary to reach out to and engage unsheltered homeless people; connect them with emergency shelter, housing, or critical services; and provide urgent, nonfacility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility.

HOUSEHOLD TYPES (Households) - The HUD defined eligible household categories are as follows:

Renter Households

RENTER ELDERLY

A one or two person household in which the head of household or spouse is at least 62 years of age and rent their housing unit.

RENTER SMALL RELATED

A two to four person household including at least 1 person related to the householder by birth, marriage or adoption and rent their housing unit.

RENTER LARGE RELATED

A five or more person household including at least 1 person related to the householder by birth, marriage or adoption and rent their housing unit.

ALL OTHER RENTER HOUSEHOLD TYPES

1 or more non-elderly, single person household that does not meet the above renter definitions.

Homeless Households

A qualifying homeless family, individual or youth is identified as: a) without a place of residence and/or sleeps in public spaces; and b) is found eligible for temporary housing by the Department of Homeless Services.

HOMELESS FAMILY WITH CHILDREN

A qualifying homeless family includes at least one parent or guardian and one child, a homeless pregnant woman, or a homeless person in the process of securing legal custody of a person under the age of 18.

HOMELESS FAMILY WITHOUT CHILDREN

A qualifying homeless family with 2 or more persons.

HOMELESS INDIVIDUAL

A qualifying homeless individual is an unaccompanied adult (18 years or older) without children.

HOMELESS YOUTH

A qualifying homeless youth is an unaccompanied person 17 years of age or younger.

Homeowner Households

HOMEOWNER EXISTING

An owner-occupant who holds legal title to the property and who uses the property as principal residence.

HOMEOWNER FIRST-TIME

An individual or family who has not owned a home during the three-year period preceding the HUD-assisted purchase of a home for principal residence.

SPECIAL NEEDS POPULATIONS

Please refer to program description for details, a special needs household can include a person or persons in any of the following categories: Female headed household with children; Mentally Impaired Persons; Physically Disabled Persons; Substance Abusers; Persons with Tuberculosis; Persons with AIDS/HIV related Diseases; and Survivors of Domestic Violence.

OTHER

Please refer to program description.

N/A

Not Applicable

INCOME TYPES (Income) - A household's income as defined by HUD for New York City, including the five boroughs, adjusted for family size is as follows:

(Income definitions are based on Federal Fiscal Year 2012 Section 8 Median Family Income (MFI) for New York City which is \$63,000.)

VERY LOW (0 to 50% MFI) [Equivalent to CDBG's low-income category]

A household with an income less than or equal to 50 percent of the area's median family income (Defined as less than or equal to \$42,950 for a family of four, or less than or equal to \$30,100 for a single person household.)

LOW (51 to 80% MFI) [Equivalent to CDBG's moderate-income category]

A household with an income greater than 50 percent and less than or equal to 80 percent of the City's median family income. (Defined as greater than \$42,950 and less than or equal to \$68,700 for a family of four; and greater than \$30,100 and less than or equal to \$48,100 for a single person household.)

MODERATE (81 to 95% MFI)

A household with an income greater than 80 percent or less than or equal to 95 percent of the City's median family income. (Defined as greater than \$68,700 or as less than or equal to \$81,600 for a family of four.)

OTHER MODERATE (96 to 133% MFI)

A household with an income greater than 95 percent or less than or equal to 133 percent of the City's median family income. (Defined as greater than \$81,600 or as less than or equal to \$122,750 for a family of four.)

ABOVE MODERATE (Greater than 134% MFI)

A household with an income greater than or equal to 134 percent of the City's median family income. (Defined as greater than \$122,750 for a family of four.)

LIMITED CLIENTELE

An activity which benefits a limited clientele, at least 51 percent whom are, or are presumed to be, low and moderate income persons.

SLUMS AND BLIGHT AREA

An activity will be considered to address prevention or elimination of slums or blight in an area if:

- a) The area, delineated by the recipient, meets a definition of a slum, blighted, deteriorated or deteriorating area under State or local law;
- b) Throughout the area there is a substantial number of deteriorated or deteriorating buildings or the public improvements are in a general state of deterioration;
- c) Documentation is maintained by the recipient on the boundaries of the area and the condition which qualified the area at the time of its designation; and
- d) The assisted activity addresses one or more of the conditions which contributed to the deterioration of the area. Rehabilitation of residential buildings carried out in an area meeting the above requirements will be considered to address the area's deterioration only where each such building rehabilitation is considered substandard under local definition before rehabilitation, and all deficiencies making a building substandard have been eliminated if less critical work on the building is undertaken. At a minimum, the local definition

for this purpose must be such that buildings that it would render substandard would also fail to meet the housing quality standards for the Section 8 Housing Assistance Payments Program-Existing Housing.

LOW/MODERATE AREA

At least 51 percent of the residents in a defined geographic area are low and moderate income persons.

LOW/MODERATE HOUSING

At least 51 percent of the units in a building are occupied by low and moderate income persons.

LOW/MODERATE JOBS

Greater than 51 percent of the jobs are held by persons from low and moderate income households.

SLUM/BLIGHT URBAN RENEWAL

An activity will be considered to address prevention or elimination of slums or blight in an urban renewal area if the activity is:

- i) Located within an urban renewal project area or Neighborhood Development Program (NDP) action area; i.e., an area in which funded activities were authorized under an urban renewal Loan and Grant Agreement or an annual NDP Funding Agreement, pursuant to Title 1 of the Housing Act of 1949; and
- ii) Necessary to complete the urban renewal plan, as then in effect, including initial land redevelopment permitted by the plan.

Note: Despite the restrictions in (b)(1) and (2) of this section, any rehabilitation activity which benefits low and moderate income persons pursuant to paragraph (a)(3) of this section can be undertaken without regard to the area in which it is located or the extent or nature of rehabilitation assisted.

SLUM/BLIGHT SPOT

Acquisition, clearance, relocation, historic preservation and building rehabilitation activities which eliminate specific conditions of blight or physical decay on a spot basis not located in a slum or blighted area will meet this objective. Under this criterion, rehabilitation is limited to the extent necessary to eliminate specific conditions detrimental to public health and safety.

URGENT NEED

Recent activities performed to alleviate existing conditions which pose a serious and immediate threat to the health or the welfare of the community.

PERFORMANCE OBJECTIVE - The HUD defined eligible Performance Measurement System objective categories are as follows:

(DH) DECENT HOUSING

This objective focuses on housing programs where the purpose of the program is to meet individual, family, or community housing needs and not programs where housing is an element of a larger effort, since such programs would be more appropriately reported under Suitable Living Environment. The activities that typically would be found under this objective are designed to cover the wide range of housing possible under HOME, CDBG, HOPWA or ESG.

(SL) SUITABLE LIVING ENVIRONMENT

In general, this objective relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment.

(EO) CREATING ECONOMIC OPPORTUNITIES

This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

PERFORMANCE OUTCOME - The HUD defined eligible Performance Measurement System outcome categories are as follows:

1 (Availability/)**Accessibility**

This outcome category applies to activities that make services, infrastructure, public services, public facilities, housing, or shelter available or accessible to low- and moderate-income people, including persons with disabilities. In this category, accessibility does not refer only to physical barriers, but also to making the affordable basics of daily living available and accessible to low- and moderate-income people where they live.

2 Affordability

This outcome category applies to activities that provide affordability in a variety of ways in the lives of low- and moderate- income people. It can include the creation or maintenance of affordable housing, basic infrastructure hook-ups, or services such as transportation or day care.

3 Sustainability (Promoting Living or Viable Communities)

This outcome applies to projects where the activity or activities are aimed at improving communities or neighborhoods, helping to make them livable or viable by providing a benefit to persons of low- and moderate-income, or by removing or eliminating slums or blighted areas through multiple activities or services that sustain communities or neighborhoods.

PERFORMANCE OUTCOME STATEMENTS - The HUD defined statement which links a program’s intended Performance Outcome to its Performance Objective.

- DH-1** Accessibility for the purpose of providing Decent Affordable Housing
- DH-2** Affordability for the purpose of providing Decent Affordable Housing
- DH-3** Sustainability for the purpose of providing Decent Affordable Housing
- SL-1** Accessibility for the purpose of creating Suitable Living Environments
- SL-2** Affordability for the purpose of creating Suitable Living Environments
- SL-3** Sustainability for the purpose of creating Suitable Living Environments
- EO-1** Accessibility for the purpose of creating Economic Opportunities
- EO-2** Affordability for the purpose of creating Economic Opportunities
- EO-3** Sustainability for the purpose of creating Economic Opportunities
- NA** Not Applicable
- NI** Not Applicable/No Suitable Indicator

PERFORMANCE INDICATOR - The HUD (draft) defined eligible Performance Measurement System outcome indicators are as follows:

1) Public facility or infrastructure activities

This indicator shows the number of persons that have been assisted by public facility or infrastructure activities that provide individuals with new or improved access to the facility or infrastructure. If the activity was used to meet a quality standard or to measurably improve quality, then this indicator will report the number of household units that no longer have access to a substandard service.

2) Public service activities

This indicator shows the number of persons that have been assisted with new or improved access to a service. If the activity was used to meet a quality standard or to measurably improve quality, then this indicator will report the number of persons that no longer have access to a substandard service.

3) Activities are part of a geographically targeted revitalization effort (Y/N)?

This indicator shows a range of outcomes such as jobs created and retained, businesses assisted, low- and moderate-income persons and households served, slum/blight demolition, number of acres of brownfields remediated, etc. in a targeted area.

4) Number of commercial facade treatment/business building rehab (site, not target area based)

This indicator shows the number of commercial façade treatments undertaken and the number of business buildings that were rehabilitated.

5) Number of acres of brownfields remediated (site, not target area based)

This indicator shows the number of acres of brownfields that were remediated.

6) New rental units constructed per project or activity

This indicator shows the number of affordable rental units created, as well as the number of years of affordability, number of units occupied by the elderly, and those units designated for chronically homeless persons and persons with HIV/AIDS.

7) Rental units rehabilitated

This indicator shows the number of affordable rental units rehabilitated, as well as the number of years of affordability, units for chronically homeless persons, elderly persons, and persons with HIV/AIDS.

8) Homeownership Units Constructed, Acquired, and/or Acquired with Rehabilitation (per project or activity)

This indicator shows the total number of homeownership units constructed, acquired, and/or acquired with rehabilitation per activity. This includes total number of affordable units, number of years of affordability, Energy Star qualified units, section 504 accessible units, and number of households previously living in subsidized housing. In addition, data will be collected on the number of units occupied by the elderly, number of units designated for persons with HIV/AIDS, and number of units for the chronically homeless.

9) Owner occupied units rehabilitated or improved

This indicator shows the total number of owner occupied units rehabilitated, including the number of these units occupied by the elderly, number of units designated for persons with HIV/AIDS, and number of units for the chronically homeless.

10) Direct Financial Assistance to homebuyers

This indicator shows the number of homebuyers receiving direct financial assistance, housing counseling, and downpayment assistance/closing costs.

11) Tenant-Based Rental Assistance (TBRA)

This indicator shows the total number of households receiving TBRA as well as the number with short-term rental assistance (less than 12 months) and the number of homeless and chronically homeless households assisted.

12) Number of homeless persons given overnight shelter

This indicator shows the number of homeless persons given overnight shelter.

13) Number of beds created in overnight shelter or other emergency housing

This indicator shows the number of beds created in an overnight shelter or other emergency housing.

14) Homelessness Prevention

This indicator shows the number of households that received emergency financial assistance to prevent homelessness and emergency legal assistance to prevent homelessness.

15) Jobs created

Of the total number of jobs created, this indicator shows the number of jobs that have employee-sponsored health care, the types of jobs created [using Economic Development Administration (EDA) classifications] and the number of persons unemployed before taking the job.

16) Jobs retained

Of the total number of jobs retained, this indicator shows the number of jobs retained, the number of jobs with employer-sponsored health care benefits, and the types of jobs retained (using EDA classifications).

17) Businesses assisted

This indicator shows the total number of businesses assisted. Specifically, it shows the number of new businesses, existing businesses, and the DUNS number of each business so that HUD can track the number of new businesses that remain operational for three years after assistance.

18) Does assisted business provide a good or service to meet needs of service area/neighborhood/community (to be determined by community)?

This indicator shows whether an assisted business provides goods or services to meet the needs of the service area, neighborhood, or community, as determined by the grantee.

N/A Not Applicable

The particular eligible activity cannot be measured and/or properly categorized by one of the eighteen (18) Performance Indicators (e.g., General Program Administration).
