

**DHS Adult Services
Shelter Performance Ranking
CY 2011 Q3 (July - September 2011)**

The Performance Incentive Program - the PIP - holds shelter providers accountable on four primary indicators: permanent placements, recidivism, 9-month stayers, and long term stayers placed (clients who have been in shelter for two out of the past four years). Providers returned almost 9,000 clients to permanent housing in the community in 2011. Six thousand of these clients returned to private housing, 1,600 left for supportive housing, 300 obtained subsidized housing, and 800 entered residential rehabilitation facilities. The recidivism rate for these clients was under 15%.

We congratulate our top ten performers this quarter:
