

OFFICIAL JOURNAL.

NUMBER 347.

The total number of births registered in the last quarter amounts to 5,964. This is a decrease of 301, as compared with the number registered in the previous quarter, and 1,036 more than were registered in the corresponding quarter of the previous year. The ratio of publicly registered births to the estimated population of the city the last six months is equivalent to 23.51 per 1,000 annually. The birth rate the last quarter was equal to 22.93 per 1,000. This increased faithfulness of physicians and parents in reporting births for registration, has been greatly promoted by the service of two canvassers, who in the past four months have thoroughly canvassed and obtained returns of births from persons who had neglected their duty in this matter.

The Register of Vital Statistics states that about 75 per cent. of all births are non-regularly reported and registered, and that at the present rates of birth and mortality there was a natural increase in the population during the past six months amounting to about 4,000 in excess of the deaths.

Orders of the Board.

The orders of this Board for the abatement of nuisances are issued upon the facts and evidence contained in the written reports of Sanitary Inspectors, the result of personal inspection of the premises complained of. During the three months ending June 30, 1874, the number of orders issued by the Board was six thousand, one hundred and ninety-four. Of this number, 2,813 were issued under the first sub-division of section 14, chapter 74, Laws of 1866, by the terms of which the party sued is allowed three days in which to demand a hearing by the Board of the testimony which may be presented to show that the order should be modified or revoked. In cases where no hearing has been asked for, and the orders have not been complied with, final orders in the original or an amended form to the number of six hundred and forty-two have been issued, and the Board has directed the attorney to commence actions for penalties for non-compliance with such orders. All other written orders, in number three thousand three hundred and eighty-one, have been issued under the second sub-division of section 14, chapter 74, Laws of 1866, and are of a peremptory character, requiring that the nuisance be abated within five days, and if not complied with, directing the Sanitary Superintendent to enforce the same without further notice, unless the Board shall elect to commence a suit for penalty in lieu of the execution of the order by its officers or agents.

PROPOSALS FOR BUILDING A STEAM FIRE PROPELLOR.

SEALED PROPOSALS FOR BUILDING A STEAM
Fire Propellor, endorsed as above, will be received at the office of the Fire Department, until 10 o'clock A. M., of August 19, 1874, at which time the bids will be publicly opened and read. The award of the contract will be made as soon as practicable after the opening of the bids.
The time allowed for doing the work is ninety (90) days from the date of signing the contract.

Any bidder for this contract must be known to be well prepared for the business, and must have satisfactory testimonials to that effect, and also shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance.

Bidders are required to state in their proposals their names and places of residence; also that the bid is made without any connection with any other person making any estimate for the same work; and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, who must justify in double the amount of the bid, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the bid, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to any higher bidder to whom the contract may be awarded at any subsequent letting; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, taken before a Judge of any Court of Record in this county, that each is a householder, or freeholder in the City of New York, and is worth the amount of the security required for the above work, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith.

The adequacy and sufficiency of the sureties offered to be approved by the Comptroller of the City of New York.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.
The bid will be understood to cover all expenses necessary for the complete fulfillment of the contract.

Should the lowest bidder or bidders neglect or refuse to accept this contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid, he or they shall be considered as having abandoned it, and as in default to the Corporation; and this contract will be re-advertised and re-let, and so on until it is accepted and executed.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Commissioners of the Fire Department.

The Commissioners of the Fire Department reserve the right to decline any and all proposals, if deemed to be for the public interest, and no proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.
