PETITIONS AND COMMUNICATIONS.

No. 467.

Office of the Central Federated Union,
University Settlement Building, No. 184 Eldridge Street,
New York, March 20, 1906.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—By direction of the Central Federated Union, I transmit the following resolution which has been adopted unanimously.

Very truly,

ERNEST BOHM, Corresponding Secretary.

"Whereas, It would be a great benefit and advantage to all those using street cars in this City that the lines now operated by the old-fashioned horse-power be changed so as to be operated by the modern electric power, as such change will result in the saving of much time in going to and coming from their work; and

"Whereas, The actual change of the tracks used by street car lines and the equipment of said lines with new and suitable cars would result in the giving of much work to a number of persons engaged in various trades; be it

"Resolved, By the Central Federated Union that the Board of Aldermen of The City of New York be and hereby is requested to pass a resolution calling on the proper street railroad companies to make the changes above referred to and to take such other steps as will result in the change from the old-fashioned horse car line to that of the modern electric lines; and be it further

"Resolved, That the attention of said Board of Aldermen be and hereby is especially directed to the following lines as being those on which the change should first be made in the Borough of Manhattan: The Twenty-eighth and Twenty-ninth Street Lines; the East and West Side Belt Lines, and the Dry Dock System."

Which was referred to the Committee on Streets, Highways and Sewers.

No. 468.

Office of the Central Federated Union,
University Settlement Building, No. 184 Eldridge Street,
New York, March 13, 1906.

To the Honorable President and Members of the Board of Aldermen:

Gentlemen—Pursuant to the instruction of the Central Federated Union, your body is hereby requested to favor the building of a municipal ice plant and to select a site and appropriate money for this purpose.

The consensus of opinion of our representatives on the matter was that the Ice Trust has begun to raise the price of ice, and will increase the price to such an extent that the poor people cannot buy any.

Again, the product of the trust is unclean and unsanitary.

Hoping that your body will give this the consideration it deserves, in the interest of the whole people,

I am very truly,

ERNEST BOHM, Corresponding Secretary.

Which was referred to the Committee on Laws and Legislation.

No. 469.

Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway,
New York, March 23, 1906.

To the Honorable Board of Aldermen, City Hall, New York:

Gentlemen—I am directed by the Rapid Transit Board to inform you that the resolution of your Honorable Board, adopted the 28th of February, 1906, requesting the Rapid Transit Board to take under consideration the establishment of a station at or about One Hundred and Twenty-second street and Broadway, was considered by the Rapid Transit Board at its meeting on the 22d of March, 1906, together with a report thereon by the Chief Engineer of the Board. A copy of the said report was ordered transmitted to you. Please find a copy of the same inclosed.

Yours respectfully,

BION L. BURROWS, Secretary,

New York, March 16, 1906.

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

Dear Sir—I am in receipt of a resolution adopted by the Board of Aldermen on February 28, 1906, in reference to the establishment of a station at about One Hundred and Twenty-second street and Broadway.

At One Hundred and Twenty-second street the Rapid Transit Railroad runs out of the subway construction into an open cut as it approaches the viaduct. It is impracticable to construct a station at this point without encroaching seriously upon the roadway of the street either side of the portal.

A station might be constructed at One Hundred and Twenty-first street under the street surface, or at One Hundred and Twenty-fifth street over the roadway. In the former case, however, such station would be too near the One Hundred and Sixteenth street station, within four blocks, and in the latter case too near the present Manhattan station, within three blocks. One Hundred and Twenty-first street would also be particularly objectionable as a point for the location of a station, because the subway tracks are descending approximately on a 2 per cent. grade at this point; in consequence of this it would be difficult to stop and start the trains properly.

In conclusion therefore, in my opinion, it is impracticable to construct any additional subway station between the One Hundred and Sixteenth and Manhattan street stations.

Very truly yours,

(Signed) GEORGE S. RICE, Chief Engineer.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Board of Estimate and Apportionment.

No. 470.

Board of Estimate and Apportionment,

March 20, 1906.

Hon. P. J. SCULLY, City Clerk:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 16, 1906, approving of an issue of Special Revenue Bonds to the amount of \$2,500, to provide means for the Committee on Privileges and Elections of the Board of Aldermen to secure the services of additional Clerks and Stenographers to properly and fully investigate the claims of various persons protesting against the right and title of several members to seats in the Board of Aldermen.

Yours very truly,

JOSEPH HAAG, Secretary.

Which was ordered on file.

The President laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting resolution.

No. 471.

Board of Estimate and Apportionment,
Financial Branch, No. 280 Broadway,
March 23, 1906.

Hon. PATRICK F. McGOWAN, President Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 23, 1906, relative to an issue of \$1,050,000

Special Revenue Bonds to meet the requirements of the General Repairs Accounts, Special School Fund, 1905 and 1906, etc., and requesting the Board of Aldermen to adopt a resolution calling for the issue of Special Revenue Bonds to the amount of \$80,000, to be applied to the payment of claims for goods furnished and services rendered during the year 1905 by persons acting in good faith and at the request of the Board of Education, but to the payment of no other indebtedness.

Very truly yours,
JOSEPH HAAG, Secretary.

Whereas, The Board of Education has requested the Board of Estimate and Apportionment to recommend to the Board of Aldermen its application for an issue of Special Revenue Bonds to the amount of \$1,050,000 to reimburse Corporate Stock account to the amount of \$550,000, and to provide for a possible deficiency of \$500,000 in the General Repairs Accounts of the Special School Fund, 1906; and

Whereas, A Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, have made examination into the facts concerning the said application of the Board of Education; and

Whereas, The said Select Committee of the Board of Estimate and Apportionment have requested the Corporation Counsel to prepare and cause to be introduced in the Legislature, in behalf of The City of New York, a bill to enable the Board of Aldermen and the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$1,050,000 for the purposes above specified; and

Whereas, There are now outstanding and unpaid claims against the City to the amount of \$80,000 for goods furnished and services rendered during the year 1905 by persons acting in good faith and at the request of the Board of Education; be it

Resolved, That the Board of Estimate and Apportionment hereby requests the Board of Aldermen to adopt a resolution calling for the issue of Special Revenue Bonds to the amount of \$80,000, to be applied to the payment of said claims for goods furnished and services rendered, as aforesaid, during the year 1905, but to the payment of no other indebtedness.

March 22, 1906.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—The undersigned, a Select Committee appointed by your Honorable Board at the meeting held on March 16, 1906, to consider the subject matter of a communication from the Board of Education requesting the Board of Estimate and Apportionment to recommend to the Board of Aldermen an issue of Special Revenue Bonds for \$1,050,000, find that of the said amount \$550,000 is asked for to be applied in substitution for an issue of Corporate Stock for the same amount authorized by the Board of Aldermen January 17, 1905, and for the further purpose of anticipating a deficit in the Special School Fund, General Repairs Accounts, 1906, the estimate of the Board of Education for this item having been reduced \$500,000 in the allowance made in the annual Budget.

Your Committee have examined into the facts in connection with this situation and find that the Board of Estimate and Apportionment in 1904, in considering the departmental estimates for Budget purposes, after a conference with representatives of the Board of Education, appropriated the full amount asked for by the Board of Education for repairs to school buildings, but, basing their action upon information to the effect that certain of the contemplated repairs might properly be regarded as permanent betterments, allowed \$550,000 of the amount in Corporate Stock (see section 47 of the Charter, as amended by chapter 409 of the Laws of 1904), the balance, \$641,126.40 being included in the annual tax Budget for the year 1905.

In November of 1905 a number of small claims for repair work, ranging from \$1 to \$500 in amount, were transmitted to the Finance Department for audit and payment. Upon examination of these claims by Mr. Francis R. Clair, Auditor of Accounts, it was found that the character of the work performed, as described in the bills accompanying the claims, was not such as should be charged to Corporate Stock, as directed by the Auditor of the Board of Education. Hon. Edward M. Grout, former Comptroller, then caused an examination to be made, the result of which is fully set forth in the report of the Investigations Division, Department of Finance, dated December 28, 1905, which was presented to the Board of Estimate and Apportionment at the meeting held December 29, 1905. Copies of said report and subsequent correspondence had between the Comptroller and the Board of Education relating to the matter may be found attached to this report.

From the said report of December 28, 1905, it appears that the action of the Board of Estimate and Apportionment in 1904 in making allowance for repairs to school buildings to be made during 1905 partly out of Appropriation Account and partly out of Corporate Stock Account, was in error, and probably based upon a misapprehension of the facts. As no question was raised as to the propriety of charging the cost of repairs of the character described to the Corporate Stock issue provided by the Board of Aldermen and the Board of Estimate and Apportionment until November, 1905, similar action was taken by the Board of Estimate and Apportionment with regard to the estimate of the Board of Education for general repairs for 1906, when the 1906 Budget was prepared in October, 1905.

Your Committee are of the opinion that the General Repairs Accounts of the Board of Education for 1905 should be reimbursed to the extent of \$550,000, so that the moneys thus far expended from Corporate Stock Account for these purposes may be ascertained and restitution made to the Corporate Stock Account to this amount, and, further, that an allowance should be made to the Board of Education for General Repairs, 1906, in whatever amount may appear to be necessary. To this end your Committee have requested the Corporation Counsel to prepare, in behalf of the City, a bill for presentation in the Legislature enabling the Board of Aldermen and the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount asked for, this issue to in no wise affect the provisions of section 188, subdivision 8 of the Charter, which places a limitation of \$2,000,000 upon the amount of Special Revenue Bonds to be issued in one year.

In the meantime, in order that the claims of contractors, builders and others who have rendered service to the Board of Education, accepting the orders of said Board in absolute good faith, may be liquidated, we hereby recommend that the Board of Aldermen be forthwith requested to pass a resolution favoring an issue of Special Revenue Bonds, as provided in section 188, subdivision 8, of the Charter, to the amount of \$80,000, a schedule of the unpaid claims of the Department of Education for General Repairs, 1905, submitted to the Comptroller on January 24, 1906, by Hon. Henry N. Tift, President of the Board of Education, showing that approximately that amount is now due said contractors, builders and others.

We would respectfully urge that prompt action be taken in this matter in common justice to the parties who furnished material and rendered services to the City during 1905, many of whom have submitted evidences of the fact that they are on the verge of financial distress by reason of the withholding of the moneys due them.

Respectfully,
(Signed) H. A. METZ,
Comptroller.
P. F. MCGOWAN,
President, Board of Aldermen.

Whereas, The Board of Education has requested the Board of Estimate and Apportionment to recommend to the Board of Aldermen its application for an issue of Special Revenue Bonds to the amount of \$1,050,000 to reimburse Corporate Stock account to the amount of \$550,000, and to provide for a possible deficiency of \$500,000 in the General Repairs Accounts of the Special School Fund, 1906; and

Whereas, A Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, have made examination into the facts concerning the said application of the Board of Education; and

Whereas, The said Select Committee of the Board of Estimate and Apportionment have requested the Corporation Counsel to prepare and cause to be introduced in the Legislature, in behalf of The City of New York, a bill to enable the Board of Aldermen and the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$1,050,000 for the purposes above specified; and

Whereas, There are now outstanding and unpaid claims against the City to the amount of \$80,000 for goods furnished and services rendered during the year 1905 by persons acting in good faith and at the request of the Board of Education; be it

Resolved, That the Board of Estimate and Apportionment hereby requests the Board of Aldermen to adopt a resolution calling for the issue of Special Revenue Bonds

to the amount of \$80,000, to be applied to the payment of said claims for goods furnished and services rendered, as aforesaid, during the year 1905, but to the payment of no other indebtedness.

Which was referred to the Committee on Finance.

Subsequently, on motion of Alderman Davies, the Committee on Finance was discharged from further consideration of the subject, and the paper was made a Special Order for 2.30 o'clock p. m.

Subsequently, the hour of 2.30 having arrived, Alderman Davies called up the Special Order and moved its adoption.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Freeman, Fried, Gunther, Haggerty, C. Hahn, J. J. The President laid before the Board the following communication from the Fire Department:

No. 472.
Headquarters, Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, March 24, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—The large area of territory coming under the jurisdiction of this Department, the paid system of fire protection, which formerly embraced the boroughs of Manhattan and The Bronx, Brooklyn, and Long Island City, Borough of Queens, having, during the past six months, been extended to include Rockaway, Far Rockaway and Arverne, Borough of Queens, and a considerable portion of the Borough of Richmond as well, renders it necessary to enable the Fire Commissioner to maintain a proper degree of supervision of the Department in the various boroughs, and to keep closely in touch with the condition and needs of the service, that there should be provided for his official use an automobile, at the earliest practicable day.

I have, therefore, the honor to request that the Board of Aldermen, pursuant to the provisions of section 419 of the Greater New York Charter, authorize the purchase of such automobile in the open market, instead of by contract at public letting, at an expense not to exceed the sum of five thousand five hundred dollars (\$5,500).

I inclose draft of resolution designed to accomplish the object in view, with the request that it receive early and favorable consideration.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Fire Commissioner to purchase in the open market, instead of by contract at public letting, for the official use of his Department, one automobile, at an expense not to exceed the sum of five thousand five hundred dollars (\$5,500).

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Salaries and Offices—

No. 372—(G. O. 65).

The Committee on Salaries and Offices, to whom was referred on March 6, 1906 (Minutes, page 943), the annexed resolution in favor of fixing salary of Male Probation Officer, Court of Special Sessions, at \$1,500 per annum, respectfully

REPORT:

That Magistrate Zeller appeared before the committee in support of the resolution and stated that it was the desire of the court to promote to the position as an employee of the City a gentleman who has heretofore acted as Probation Officer in that court as an employee of the Children's Aid Society. He stated that the position was an important one and the duties onerous and that better service would probably be secured if the Probation Officer of the court became a City employee. Mr. Calkin, the Clerk of the Court, in response to inquiries, advised the Committee that Mr. Graveur was not a City pensioner and had never held a salaried office under the City government and would sever his connection with the Children's Aid Society and all other societies.

The Committee therefore recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 2, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Male Probation Officer under the jurisdiction of the Court of Special Sessions, First Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 46 of the Greater New York Charter, that the salary of said position be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Male Probation Officer under the jurisdiction of the Court of Special Sessions, First Division, at the rate of fifteen hundred dollars (\$1,500) per annum.

FRANK D. STURGES, MICHAEL J. CARTER, CHARLES KUNIZE, LEONARD L. JACOBSON, ARTHUR H. MURPHY, JOHN J. CRONIN, Committee on Salaries and Offices.

Which was laid over.

No. 434.

The Committee on Salaries and Offices, to whom was referred on March 20, 1906 (Minutes, page 1054), the annexed resolution in favor of fixing salary of Stationary Engineman, under jurisdiction of President, Borough of Brooklyn, at \$4 per diem, respectfully

REPORT:

That Mr. Lawrence, the Superintendent of Public Buildings of the Borough of Brooklyn, appeared before the Committee and stated that the purpose of the resolution was to pay the Enginemen under the jurisdiction of the President of that borough the prevailing rate of wages as required by law. He informed the Committee that the Enginemen had charge of the engines in the public buildings and as such held responsible positions.

The Committee therefore recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held March 16, 1906, as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Stationary Engineman, under the jurisdiction of the President of the Borough of Brooklyn, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of four dollars (\$4) per diem."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Stationary Engineman, under the jurisdiction of the President of the Borough of Brooklyn, at the rate of four dollars (\$4) per diem.

FRANK D. STURGES, MICHAEL J. CARTER, CHARLES KUNTZE, LEONARD L. JACOBSON, M. D., ARTHUR H. MURPHY, JOHN J. CRONIN, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred. Subsequently President Coler moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Callahan, Carter, Clifford, Cole, Cronin, Davies, Doull, Downing, Ellery, Falk, Freeman, Fried, Grifenhagen, Haggerty, C. Hahn, J. J. Hahn, Hann, Hatton, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Linde, Markert, Meyers, Moffitt, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Richter, Rowcroft, Schneider, Smith, Stapleton, Sturges, Torpey, Wafer, Wentz; President Bermel, President Haffen, President Coler and the Vice-Chairman—56.

No. 435.

The Committee on Salaries and Offices, to whom was referred on March 20, 1906 (Minutes, page 1055), the annexed resolution in favor of fixing salary of position of Telephone Operator in office of President, Borough of Manhattan, at \$1,050 per annum, respectfully

REPORT:

REPORTS:

That this is an application for money with which to repair the police station houses, a list of which is furnished in the annexed statement. The Police Commissioner appeared before your Committee and urged the passage of this resolution, stating in addition that many citizens and civic bodies were constantly complaining to him of the condition of the stations, especially of the men's quarters and the cells. The chairman of this committee, as a special committee, personally visited about a dozen houses on the lower end of Manhattan, and found that not only were these repairs necessary, but that these houses are in such condition that he believes the City should take under very early consideration some plan for replacing these old buildings with modern structures on plans which will be better suited for modern police conditions. Your committee, therefore, recommends the adoption of the resolution.

Resolved, That in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred and twenty-five thousand dollars (\$125,000), the proceeds to be applied to enable the Police Commissioner to execute the work of general repairs, alterations and painting station houses.

The Fire Commissioner appeared and urged this application; and in doing so explained, as a matter of information, that the apparatus was all purchased by open bidding, in which there were generally three or four bidders; that, as regards to cost, a first class engine cost about \$9,000, a hose truck about \$2,500 and the hook and ladder trucks from \$5,000 to \$6,000. The Committee on Finance, to whom was referred on March 20, 1906 (Minutes, page 1052), the annexed resolution in favor of an issue of Corporate Stock, \$10,000, for purchase of two boilers for use at the incinerating plant at Delancey street and East river, Borough of Manhattan, respectfully

REPORT:

That this appropriation is required to purchase two boilers to be used as reserve boilers in the municipal lighting plant under Williamsburg Bridge. Commissioner Woodbury appeared and explained that in the event of an accident to one of the present boilers the lighting of the bridge, etc., would be hampered, and perhaps stopped, and that the alternative to the purchase of these boilers would be a storage battery plant, which would cost about \$60,000 and not be so efficient. Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906:

"Whereas, The Commissioner of the Department of Street Cleaning, in a communication to the Board of Estimate and Apportionment, dated March 9, 1906, has made

Reports of Committee on Railroads—

No. 326.

The Committee on Railroads, to whom was referred on February 20, 1906 (Minutes, page 867), the annexed resolution in favor of the betterment of conditions at the railroad station at One Hundred and Forty-ninth street and Third avenue, Borough of The Bronx, respectfully

REPORT:

That at the two well attended public hearings on this matter no one appeared in opposition to the resolution, whilst it had the support of the Federated Improvement Associations and other civic bodies of the Borough of The Bronx, who urged the crying necessity for the relief sought. Your Committee therefore recommend the adoption of the resolution.

Whereas, The traffic at the subway station at One Hundred and Forty-ninth street and Third avenue is the heaviest of any station on said rapid transit route, with the exception of the Brooklyn Bridge station, and all other large stations on said route are provided with separate exits and entrances; and

Whereas, The Rapid Transit Commission and the operating company in control of said railroad have failed to provide such necessary exits and entrances at One Hundred and Forty-ninth street station aforesaid, and the conditions thereat owing to the immense traffic and large number of passengers transferring at this point to and from the elevated railroad are such that during the rush hours there is considerable unnecessary delay, and the confusion resulting is dangerous to the life and limb of the residents of the Borough of The Bronx using said station;

Resolved, That the Rapid Transit Commission be called upon to remedy these conditions by causing the erection of separate exits and entrances at this station without delay.

Reports of Committee on Laws and Legislation—

Nos. 53 and 237.

The Committee on Laws and Legislation, to whom was referred, on January 9, 1906 (Minutes, page 223), and on February 6, 1906 (Minutes, page 717), the annexed matters, Introductory Number 53 and Introductory Number 237, respectfully

REPORT:

That the committee has considered the matters referred to in said introductory numbers and, believing that the same require no further consideration, the committee asks to be discharged therefrom, and that said matters be placed on file.

Whereas, Studebaker Brothers Company of New York, between the 30th day of April, 1904, and the 2d day of August, 1904, sold and delivered certain merchandise to the Department of Parks of The City of New York, Borough of The Bronx, without obtaining contract for same after competitive bidding; and

Whereas, It appears that said merchandise was furnished upon the verbal orders of William P. Schmidt, at that time Park Commissioner for the Borough of The Bronx, and were in excess of the allowance made to such Commissioner by section 618 of the Charter of The City of New York; and

Whereas, The merchandise furnished was exactly as ordered, and was reasonably worth four hundred and twenty-five dollars and forty cents (\$425.40), and was duly received by the Department of Parks, Borough of The Bronx; therefore be it

Resolved, That the Commissioner of Parks of the Borough of The Bronx be and he hereby is authorized to pay to Studebaker Brothers Company of New York the said sum of four hundred and twenty-five dollars and forty cents (\$425.40), the reasonable value of the goods furnished as aforesaid to the Department of Parks, Borough of The Bronx.

Whereas, It is the policy of most of the large cities of this State and of the United States to exact by ordinance the payment of a license fee from every person conducting the business of a public auctioneer within their respective boundaries, including the agents and servants of such auctioneers who conduct such business for and in the place of such auctioneers, as instanced by the cities mentioned in the schedule hereto annexed; and

Whereas, Such policy is just and equitable in view of the privileges and immunities enjoyed by such public auctioneers; and

Whereas, The City of New York has no general ordinance requiring the payment of a license fee by persons conducting such business in said city; and

Whereas, It is desirable that ways and means should be provided for enabling the City government of The City of New York to meet its constantly increasing expenditures;

Resolved, That the Committee on Laws and Legislation is requested to consider with care the accompanying proposed ordinance and to report its conclusions to the Board with all convenient speed.

No. 423—(G. O. No. 75).

The Committee on Laws and Legislation, to whom was referred on March 13, 1906 (Minutes, page 1032), the annexed ordinance amending section 721 of the Revised Ordinances of The City of New York of 1897, designating places at which firearms may be discharged, by adding thereto the grounds occupied by James A. Henderson, on the westerly side of Pelham Bay, 1,500 feet southerly of the new road dock, respectfully

REPORT:

That it has considered the matter, and believes that the grounds in question may properly be included among those designated in said section.

The attention of the committee has also been called to the resolution adopted by this Board March 22, 1906 (Minutes, page 1097), permitting clay pigeon shooting on the grounds of D. J. MacLeod, known as Greenfield Park, on Coney Island avenue and Avenue L, in the Thirty-first Ward, in the Borough of Brooklyn.

In view of the fact that certain grounds named in section 721 of said Revised Ordinances, namely, Jones Wood Coliseum, Lion Park, Jerome Park, Fleetwood Park, the grounds of Pilkington & Nagle, at Oak Point on the East river, and the grounds of the Metropolitan Baseball Park, corner of First avenue and One Hundred and Seventh street, are no longer used as shooting grounds, the committee has deemed it advisable that the said section be so amended as to omit the said places from its provisions.

The committee therefore recommends the adoption of the following substitute ordinance.

AN ORDINANCE to amend section 721 of the Revised Ordinances of The City of New York of 1897, relating to the use of firearms.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

SPECIAL ORDERS.

Alderman Dowling called up Special Order 12, being a report and resolution, as follows:

No. 316—(S. O. No. 12).

The Committee on Public Letting, to whom was referred on February 20, 1906 (Minutes, page 864), the annexed resolution in favor of authorizing the Commissioner of Bridges to purchase two automobiles without public letting, respectfully

REPORT:

That having examined the subject, they recommend that the said resolution be adopted.

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Bridge Commissioner to purchase in the open market, instead of by contract at public letting, for the official use of the Department of Bridges, two (2) automobiles, at an expense not to exceed the sum of six thousand five hundred dollars (\$6,500) for both of said automobiles, viz., one not to exceed the sum of four thousand dollars (\$4,000) and the other not to exceed the sum of two thousand five hundred dollars (\$2,500).

A. L. KLINE, JACOB BARTSCHERER, FRANCIS J. O'NEILL, MAX S. LEVINE, JOSEPH SCHLOSS, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Cole, Collins, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, Hann, Harnischfeger, Herold, Higgins, Jacobson, Kenneally, Kline, Kuck, Lawlor, Levine, Linde, Markert, Morris, Murphy, Potter, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Wafer, Wentz, Wright, President Bermel, President Haffen, President Coler and the Vice-Chairman.

Negative—Aldermen Clifford, Cronin, Freeman, J. J. Hahn, Krulish, Kuntze, Mulligan, O'Neill and Peters—9.

On motion of Alderman Dowling, the above vote was reconsidered and the paper made a Special Order for the next meeting at 2.30 o'clock p. m.

Alderman Harnischfeger called up Special Order 15, being a report and resolution as follows:

No. 264.

The Committee on Finance, to whom was referred on February 14, 1906 (Minutes, page 740), the annexed communication from the Commissioner of Parks, Borough of The Bronx, requesting an issue of Special Revenue Bonds, \$200,000, for maintenance and construction, respectfully

REPORT:

That Commissioner Walgrove appeared before your committee and urged the adoption of the resolution, and while the sum of \$433,900 had been asked for in last year's estimate, only \$246,450 had been allowed for maintenance. This sum is only \$1,500 more than in 1905, in spite of the increase in the Department in those six years. As set forth in the accompanying letter, and from the Commissioner's statement, the increase in the Bronx Park system, of which the entire City is justly proud, seems to warrant a large increase. The Department was allowed \$70,000 additional last year in Revenue Bonds, and the Commissioner states that this was not enough for six months, and that upon this basis, and taking into consideration the many improvements contemplated, including the restoration of the park which his predecessor used for laying out a horse race track, etc., he believes that the sum of \$200,000 is necessary.

Your committee make the same observation in this as in the Manhattan application with reference to compelling the issuance of Revenue Bonds to necessarily maintain City departments, but as this sum seems to be necessary, your committee report favorably upon the application.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred thousand dollars (\$200,000), the proceeds to be applied to meet the deficiency in the appropriation for Maintenance and Construction, Department of Parks, Borough of The Bronx.

Alderman Peters moved that this report lie over one week.

Which motion was lost.

After some time spent in the discussion of the measure, Alderman Olvany moved the previous question.

The President put the question "Shall the main question be now put?"

Which was decided in the affirmative.

The President then put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Cole, Collins, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Hatton, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuck, Lawlor, Levine, Linde, Markert, Meyers, Moffitt, Morris, Murphy, Olvany, Potter, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Smith, Stapleton, Sturges, Wafer, Wentz, Wright, President Bermel, President Haffen, President Coler, President Ahern, the Vice-Chairman and the President—61.

Negative—Aldermen Carter, Cronin, Kuntze, Mulligan, O'Neill, Peters and Torpey—7.

On motion of Alderman Downing, the courtesies of the floor were extended to Hon. John Wirth, formerly Alderman from the Borough of Brooklyn.

Alderman Kline called up Special Order No. 10, being a report and ordinance.

No. 191.

The Committee on Laws and Legislation, to whom was referred on January 30, 1906 (Minutes, page 608), the following proposed ordinance to amend "A general ordinance in relation to business requiring a license and the regulation thereof in The City of New York," so as to include under the title "Common Shows" the exhibition of moving pictures, respectfully

REPORT:

That the exhibition of moving pictures has developed into a business of considerable importance; that it is of the same general character as other business designated as a common show, and very properly should be included under that title, and that a license should be required for its conduct.

The Committee therefore recommends the adoption of the following ordinance:

AN ORDINANCE to amend "A general ordinance in relation to business requiring a license and the regulation thereof in The City of New York."

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Section 40 of "A General Ordinance in relation to business requiring a license and the regulation thereof in The City of New York," approved May 22, 1899, hereby is amended so as to read as follows:

Common Shows.

Section 40. Nos. 238 and 239.

The Committee on Finance, to whom was referred on February 6, 1906 (Minutes, page 721), the annexed resolutions in favor of refunding certain moneys to Philip V. Meyers for alleged illegal assessments, respectfully

REPORT:

That Mr. Noyes, attorney for said Philip V. Meyers, appeared before the Committee and urged that action be taken upon these two applications.

Your Committee, after hearing said attorney, believe that whatever right he may have to recover said taxes is based upon very technical grounds, which could be better adjudicated by a judicial proceeding, and they therefore report against the adoption of said resolutions and recommend they be placed on file.

Whereas, A petition was made to the Board of Aldermen by Philip V. Meyers on the 24th day of February, 1905, asking the refund of the sum of \$538.77, that being the amount paid on a certain tax levied by the Town of Hempstead in the year 1896 upon premises described in said assessment roll as owned by Philip V. Meyers and bounded north by Jamaica Bay, south by the ocean, east by lands of Jessie Ward and west by land of Charles Shilling, the said amount having been paid upon the said tax on August 21, 1899; therefore

Resolved, That the said petition be granted and that the amount of \$538.77 be refunded to the said Philip V. Meyers, together with interest thereon from February 24, 1905, and that the Comptroller of The City of New York be directed to pay said amount to the said Philip V. Meyers.

Whereas, A petition was made to the Board of Aldermen by Philip V. Meyers on the 24th day of February, 1905, asking the refund of the sum of \$610.73, that being the amount paid on a certain tax levied by the Town of Hempstead in the year 1896 upon premises described in said assessment roll as owned by Jessie L. Ward and L. Judson and bounded north by Jamaica Bay, south by the ocean, east by Jamieson and Bond and west by Myers and others, the said amount having been paid upon the said tax on August 21, 1896; therefore

Resolved, That the said petition be granted and that the amount of \$610.73 be refunded to the said Philip V. Meyers, together with interest thereon from February 24, 1905, and that the Comptroller of The City of New York be directed to pay said amount to the said Philip V. Meyers.

The Committee on Finance, to whom was referred on January 23, 1906 (Minutes, page 379), the annexed communication from the Commissioner of Correction, requesting an issue of Special Revenue Bonds, \$35,000, for Reformatory for Male Misdemeanants on Hart's Island, respectfully

REPORT:

That, as the annexed letter shows, this is an application for \$35,000 with which to buy material and carry on the workshop work, etc., at the new Boys' Reform School on Hart's Island. Your Committee, in order to make proper investigations, in addition to hearings, personally visited Hart's Island and inspected conditions. The department is conducting a most excellent work there in its policy of reforming youthful male misdemeanants into useful and intelligent men, and your Committee feel that this should be encouraged and aided by the Board of Aldermen as representatives of the people of this City.

The material to be purchased, besides being used for the instruction of the pupils, when made up is sold and the proceeds turned into the Sinking Fund.

Your Committee believe this to be a proper expenditure and report favorably upon this application, and recommend that the annexed resolution be adopted:

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-five thousand dollars (\$35,000), the proceeds whereof shall be applied so as to enable the Commissioner of Correction to properly carry out the provisions of chapter 305 of the Laws of 1905, in relation to the establishment and maintenance of a Reformatory for Male Misdemeanants on Hart's Island.

JOHN R. DAVIES, THOS. J. MULLIGAN, JAMES W. REDMOND, A. L. KLINE, JOHN DIEMER, B. W. B. BROWN, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Clifford, Cole, Collins, Cronin, Davies, Dinwoodie, Dotzler, Doull, Dowling, Doyle, Ellery, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. No. 263.

The Committee on Finance, to whom was referred on February 14, 1906 (Minutes, page 739), the annexed communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting an issue of Special Revenue Bonds, \$200,000, for maintenance of parks, etc., under his jurisdiction, respectfully

REPORT:

That Commissioner Herrman appeared before your Committee and urged the adoption of this resolution. The Budget allowance was \$360,907.90 less than was requested, and the Commissioner states that this \$200,000 is the least that will do in order to maintain the Manhattan and Richmond parks in any proper condition, and has, at the request of the Committee, submitted the annexed detailed statement showing the items of the maintenance account.

Upon such statements your Committee feels compelled, in the interests of our park service, to report favorably upon this application, but at the same time they question very much the advisability and economy of the alleged action of the last Board of Estimate and Apportionment in cutting from the Budget amounts which Commissioner Herrman states to be absolutely necessary for maintenance, and thereby necessitating an issue of Revenue Bonds, with its incidental high interest and expenses.

Your Committee favor the adoption of this resolution.

The City of New York—Department of Parks,
Arsenal, Central Park,
February 6, 1906.

To the Honorable the Board of Aldermen, The City of New York:

Gentlemen—I beg to request that your Honorable Board will, pursuant to section 188 of the Greater New York Charter, request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred thousand dollars (\$200,000), the proceeds to be applied to meet the deficiency between the sum actually required for the maintenance of the parks, parkways, playgrounds, etc., in the boroughs of Manhattan and Richmond, and the amount allowed for that purpose in the Budget for the current year.

While this sum is considerably less than the deficit, as shown in detail by the Departmental estimate for the year 1906 (which was based on actual requirements of labor and materials calculated from existing conditions and rate of expenditure), I have in mind the fact that the demands upon this source of revenue and the finances of the City make necessary the best economy and distribution of the funds at your disposal under this section of the Charter.

Among the various and numerous items over which it will be necessary to distribute this amount to meet the needs of park maintenance work I have included the item of renovating the Central Park, or such portion thereof as may be reasonable to undertake during the coming season, by means of the application of top soil or mold, with manure and new planting. In the opinion of the experts, who have made a careful study of this subject, the treatment proposed is very necessary to preserve and maintain the park at its present and past standard.

This work is deemed to be more properly construed as maintenance, rather than work of the character ordinarily provided for by the issue of Corporate Stock.

With the sum herein asked for, and with a careful regulation of expenses and the elimination of such items of intended work as it may be possible to dispense with or otherwise adjust for the present year, I am of the opinion that a fairly creditable degree of maintenance may be attained.

Respectfully,

MOSES HERRMAN,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred thousand dollars (\$200,000), the proceeds to be applied to meet the deficiency between the sum actually required for the maintenance of the parks, parkways, playgrounds, etc., in the boroughs of Manhattan and Richmond, and the amount allowed for that purpose in the Budget for the current year.

No. 313.

The Committee on Salaries and Offices, to whom was referred on March 6, 1906 (Minutes, page 830), the annexed resolution in favor of fixing the salary of the position of Female Probation Officer in the Court of Special Sessions, Second Division, respectfully

REPORT:

The Legislature of 1905 has authorized the Court of Special Sessions, Second Division, to employ a female probation officer, and this resolution fixes the salary for the position. The committee has received a letter from Justice Robert J. Wilkin, Chairman of Committee on Clerks and Officers, Court of Special Sessions, Second Division, urging the adoption of the resolution, and the committee thinks the salary a reasonable one and similar to that of probation officers in other courts.

The committee, therefore, recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held February 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Female Probation Officer in the Court of Special Sessions, Second Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Female Probation Officer in the Court of Special Sessions, Second Division, at the rate of twelve hundred dollars (\$1,200) per annum.

Alderman O'Neill called up General Order No. 63, being a report and resolution, as follows:

No. 341.

The Committee on Finance, to whom was referred on February 28, 1906 (Minutes, page 908), the annexed resolution in favor of authorizing the Comptroller to issue Special Revenue Bonds in the amount of five thousand dollars (\$5,000), the proceeds of which to be expended for the purpose of fitting up the new court rooms of the Twelfth District Municipal Court, respectfully

REPORT:

That Superintendent Walker of the Bureau of Public Buildings and Offices attended before your Committee and itemized the said proposed appropriation as follows:

Necessary partitions, Judges' platform, jury box and bench.....	\$1,000 00
Partitions for Clerk's rooms, desks, etc.....	800 00
Carpets, rugs and linoleum.....	750 00
Document file and pigeon-hole cases and shelving.....	600 00
Electrical work for buzzers' system.....	600 00
State Prison furniture.....	1,200 00
Incidentals.....	50 00
Total.....	\$5,000 00

That your Committee have investigated the question and inspected the premises at No. 2555 Broadway, and find that a more detailed statement may be rendered as follows:

Build shelves from floor to ceiling on four sides of record room.
Linoleum for court room and Clerk's office.
Carpet or rugs for two small private offices.
Build bench, Clerk's desk and jury box in court room.
Build open-work rail around bench and jury box.
Shades for all windows.
Signs on court room windows, on entrance door of court room, on entrance door of building on ground floor, sign in hall indicating location of Clerk's office and sign on door of Clerk's office.
One dozen benches for court room and hall.
Two dozen cane-seated arm chairs for jury box and jury room.
Build standing triangular desk around partition in Clerk's office.
Build standing desk against wall in public part of Clerk's office.
One metal filing case.
One metal document case for pending cases, and one metal docket case with flat top.

Two roll-top desks with revolving chairs.
One oak table for jury room.
About sixty feet of sectional bookcase for Judges' library.

That there appear to be on hand of the above-named articles and necessary material, the Judges' bench, Clerk's desk and jury box, two roll-top desks and about one dozen benches and necessary amount of chairs and partitions. Under the new lease Mr. Jackson, the landlord, is required to partition the premises.

That the present court was fitted up about three years ago at an expense to the City of \$3,750.

That from the investigation made by them, in the opinion of your Committee, with the amount of furniture, equipment and material now on hand, the furnishing and equipping of the present court need not exceed the sum of \$3,000.

Your Committee therefore recommends the adoption of the following substitute resolution:

SUBSTITUTE.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of three thousand dollars (\$3,000), the proceeds of which to be expended for the purpose of fitting up, furnishing and equipping the new court rooms of the Twelfth District Municipal Court, located at the corner of Ninety-sixth street and Broadway, and also for the purpose of the removal to the new quarters of the records, file cases, furniture and all the property belonging to the City, located in the present court room at No. 2628 Broadway.

No. 314—(S. O. No. 17).

The Committee on Public Letting, to whom was referred, February 20, 1906 (Minutes, page 832), the annexed resolution authorizing the President of the Borough of Queens to purchase coal without public letting, respectfully

REPORT:

That it seems to be desirable, on account of the widely scattered public buildings and departments in the Borough of Queens, that coal should be purchased in small quantities, especially is this so in the Bureau of Highways. No permanent supply depot could be established for the storage of the coal which is required for the operation of the steam-rollers used for the paving and repaving of the highways.

They, therefore, recommend that the said resolution be adopted.

Resolved, That pursuant to the provisions of section 419 of the Greater New York Charter, the President of the Borough of Queens be and hereby is authorized to purchase in open market, from month to month, coal for the year 1906, to an amount not to exceed the sum of five thousand dollars (\$5,000).

REPORT:

That this is the usual appropriation made for this purpose, and in order to allow the use of it prior to Memorial Day, your Committee recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment has provided the sum of twenty-five hundred dollars (\$2,500) for Memorial Day observances in the Borough of Brooklyn, pursuant to the provisions of chapter 85 of the Laws of 1893; and

Union League Club, }

New York, March 26, 1906. }

Hon. ELIAS GOODMAN:

My Dear Sir—I have sent to the Librarian of the City library a copy of the codification of the Municipal Laws and Ordinances of the City of Manchester, England. They are contained in six large volumes and are most interesting and instructive. Especially is this so when it is considered that all the municipal laws governing the cities of Great Britain are acts of Parliament, so that when you have those of one municipality you have them for all.

While I regret to part with the set it, nevertheless, appears to me that they might be extremely interesting to the Honorable Board of Aldermen as well as to

the public. I therefore ask you to be so kind as to have the books properly presented and accepted, to the end that they may become the property of the City library, and be accessible to the public for study and reference. There are other books and pamphlets in the box which you will please be so kind as to have accepted in the same manner.

Most sincerely,
COLUMBUS O. JOHNSON.

Which was adopted.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
