BOROUGH PRESIDENT - BROOKLYN

PUBLIC HEARINGS

Office of the Brooklyn Borough President gives notice of a public hearing, via Webex virtual meeting, on Tuesday, September 6, 2022, at 6:00 P.M., with remote public participation, on the following:

IN THE MATTER OF an application submitted by the New York City Economic Development Corporation ("NYCEDC"), pursuant to the New

York City Uniform Land Use Review Procedure and Section 384(b)(4) of the New York City Charter, for the disposition of City-Owned property, located at, 1502 Surf Avenue, in the Borough of Brooklyn (Block 7074, Lot 190) (the "Property"); The Property is approximately 41,445 square feet, consisting of amusement uses.

The proposed disposition would allow for an extension of the current lease of the Property between the City of New York and the NYCEDC, for an additional ten (10) years, extending it from January 1, 2028 through December 31, 2037. NYCEDC's application states that it proposes such a lease extension to help businesses recoup significant losses experienced during the COVID-19 pandemic and government mandated closure of amusements.

Persons wishing to testify live can register <u>here</u> or <u>https://tinyurl.com/</u> <u>bdfmdth9</u>, until 3:00 P.M., on September 6, 2022. COMPELLING NEEDS FOR THE RACIAL JUSTICE COMMISSION - Negotiated Acquisition - Other - PIN#02522N0041001 -AMT: \$46,758.53 - TO: Languagers Inc., 2 Park Avenue, Suite 2018, New York, NY 10016-5675.

For interpreter to translate the Racial Justice Commission's Final Report.

There was an urgency to contract with the contractor in order complete the translations of the Final Report of the RJC as soon as possible after they were approved by the Commission and submitted to the City Clerk was to permit the Commission to meet its obligations under both the Municipal Home Rule Law and the Voting Rights Act, as explained to us by the Law Department. It is true that in order to be voted on, the translations will be needed by the time the ballot is printed by the Board of Elections in the fall, but given the Commission's statutory obligation (under the MHRL), to educate New Yorkers about the ballot measures, these translations needed to be done in a much more expedited time frame than the fall. The education campaign has been underway since almost immediately after the Commission submitted its report to the City Clerk, thereby ensuring that their proposed ballot questions will be on the ballot in November 2022, and that campaign must be conducted and materials made available to New Yorkers who are from the 5 (soon to be 7) protected Voting Rights Act language communities just as they are to English-speaking voters. Specifically the Law Department has advised the Commission that under the VRA we must provide "any registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots, ... in the language of the applicable minority group as well as in the English language." They have told us that this obligation is broadly interpreted by the DOJ to apply to all stages of the electoral process, including, for example, "the issuance, at any time during the year, of notifications, announcements or other informational materials concerning the opportunity to register, the deadline for voter registration, the time, places and subject matters of elections, and the absentee ballot process.'

The Law Department has further advised us that they interpret the statute and DOJ guidance to mean that the RJC's ballot-related informational materials, flyers, advertisements, meeting documents, etc., must all be translated and provided in both English and the VRA languages in order to ensure that we are meeting our VRA obligations, regardless of how far away the actual election is. We understood this to mean that there was an urgency for us to translate all promotional and other materials relating to the ballot measures and abstracts into the 5 VRA languages, and into the likely 2 additional VRA languages that are expected to be added prior to the election so that they can be used in all materials, flyers, brochures, on the website, etc. In addition, the RJC's stated policy of being as inclusive as possible to all New Yorkers requires that we translate the materials into all of the languages identified in Local Law 30 (which include the VRA languages). As a result, the expedited translation request to our vendor included a request to translate the ballot questions and abstracts for us into all of the LL30 languages.

REQUEST FOR QUALIFICATION AND EXPRESSION OF INTEREST FOR PROFESSIONAL CONTINGENT AND TEMPORARY STAFFING - Request for Information -PIN# 23-000XXR - Due 9-9-22 at 2:00 P.M.

This is a preliminary survey to ascertain your firm's interest in performing Staff Augmentation/Contingent Staffing services for the SCA. Our goal with this latest outreach is to determine our ability to enter into direct contract with more firms, reducing our need for the sub-consultant relationship. We are hopeful that this direct contract relationship will give us an opportunity to meet our MWBE goals at the prime level rather than relying on the sub-consultant percentage achievement. We are excited for this potential opportunity and hope to receive responses from enthusiastic partners as well! Interested firms should respond by submitting all requested information and a completed Attachment A, no later than 2:00 P.M., on September 9, 2022.

Responses must be submitted as a single PDF file via email, to Roxane Pacheco, at rpacheco@nycsca.org, AND rfp@nycsca.org. Proposers are responsible for the timely submittal of their response and must comply with all provisions set forth herein. The SCA shall not be held liable for any pre-award activity or costs incurred by your firm for preparation and delivery of its response, negotiating a fee, producing materials, or any labor, in connection therewith. All questions shall be emailed to Ms. Pacheco no later than September 2, 2022. Although proposing firms need not be pre-qualified by the SCA at the time of proposal, each firm must be pre-qualified prior to contract award. The SCA is not making any commitment as a result of this preliminary survey.

In addition to a completed Attachment A, please provide a detailed response to the following questions in your submittal:

- 1. Summary of the functional capabilities of your firm, including your firm's size both in staff and number of placements (annually) and any other services your firm provides (including services ancillary to placing staff).
- 2. Provide two (2) references from past or present clients (with at least one being within the last year) for which you have provided Staff Augmentation (collection and distribution of resumes) services. Include background information, contact person, and telephone number.
- 3. Describe any government agency your firm has had as a client.
- 4. Describe your experience working with or as a Minority Owned, Women Owned or local New York City enterprises to deliver your product or services.

- 5. Describe steps taken to place staff (such as trainings, searches, preliminary interview(s), background checks, etc.).
- 6. Describe the typical benefits package offered to placed staff. This should include paid time off, holidays, medical coverage, etc. Current benefit packages are of particular interest to the SCA and we are eager to partner with firms that offer solid benefits to their employees.
- 7. For 2019, 2020 and 2021, provide your (1) net income, (2) direct costs or cost of revenue, (3) cost of goods sold and (4) total deductions. The SCA will be hosting a Town Hall (likely via Teams) for all interested and qualified respondents. We will discuss the current staffing environment as well as provide an overview of typical Staffing Firm benefit packages that have been implemented by successful SCA counterparts. More information about this event will be shared in coming weeks.

SCA ESTIMATING REQUEST FOR EXPRESSIONS OF INTEREST - Request for Information - Due 9-6-22 at 5:00 P.M.

SCA Estimating Request for Expressions of Interest

I. BACKGROUND:

The New York City School Construction Authority (SCA), is seeking qualified consulting (Consultant) firms interested in responding to an Expression of Interest (EOI) to provide the SCA's Architecture & Engineering Department with cost estimating services for school construction projects throughout the New York City area in connection with its General Construction, HVAC, Plumbing and Electrical work. This EOI is intended to not only identify interested firms that meet the SCA's required expertise and experience to perform construction cost-estimating services for projects, but to also demonstrate their ability to provide such cost estimates for such construction projects by applying industry rates, units and standards to sample mock projects that are typical within the SCA.

II. PROJECT DESCRIPTION:

The standard course-of-work for estimating services at the SCA for any selected Consultant may involve reviewing the drawings and specifications and preparing detailed independent cost estimates for various capital projects (new and renovation/modernization projects) at all prescribed stages of a project. The Consultant may also be required to review and comment on cost estimates prepared by another consultant of the SCA.

When reviewing estimates, the Consultant will also be asked to notify the SCA of any omissions or discrepancies that may impede accurate estimating or bidding.

The Consultant may also be required to perform special cost analyses or cost studies and recommend cost reduction measures to control project costs.

III. MOCK PROJECT METHODOLOGY:

Attached are two sample projects typical of work performed at the SCA (Exhibit A and B). You are asked to apply your assessed cost estimating values to each project using industry standards in both principles and format.

In preparation of the mock project estimates, it is assumed that all project labor costs follow current New York City construction prevailing wage rates and benefits and, all material costs are based on current market conditions.

IV. ADDITIONAL INFORMATION:

PLEASE NOTE THAT THIS IS NOT A REQUEST FOR PROPOSAL BUT A REQUEST FOR EXPRESSION OF INTEREST (EOI), THE SCA WLL NOT AWARD A CONTRACT(S) BASED ON THIS EOI NOR PAY FOR INFORMATION SOLICITED.

The SCA is implementing a two-step procurement process, first requiring prospective consultants to share relevant information as set forth above and then, for those deemed qualified, by soliciting proposals through a Request for Proposal (RFP) selection process. Although proposing firms need not be pre-qualified by the SCA at the time of bid, each firm must be pre-qualified prior to contract award.

Firms must be registered with the NYS Division of Corporations as a NY entity, or qualified to transact business in the State of New York in order to be considered for prequalification by the SCA. Selected firms will be required to successfully complete the prequalification process, if not currently prequalified with the SCA. Statement of Basis and Purpose

In response to falling driver earnings, TLC commissioned a study of the economics of New York City's for-hire vehicle (FHV) industry. Based on the study results,¹ TLC adopted rules in 2018 to require minimum per trip driver pay for trips dispatched by high-volume for-hire services, which currently includes Lyft and Uber.²

Based on TLC, driver, and industry experience with the implementation of the 2018 rules, and following a hearing held on May 24, 2022, at which the Commission received evidence and testimony regarding driver pay and utilization rates, TLC is now proposing several amendments to its high-volume driver pay rules. These amendments are based on the testimony and written comments received at the May hearing, reviews of driver compensation and passenger fares, analysis of trip data, and changes in inflation as reflected in the Consumer Price Index (CPI) and the transportation costs component of that index, and industry and driver feedback, among other considerations.

2 That rule package is available here: https://www1.nyc.gov/assets/tlc/ downloads/pdf/driver_income_rules_12_04_2018.pdf Specifically, the Commission is proposing the following amendments to Section 59D-22 of its rules:

- Adjustments to the per minute and per mile rates:
 - The per minute rates would be adjusted to reflect previous CPI adjustments already adopted and posted on the Commission's website as well as an additional 7.82% increase to reflect the CPI-W NY-NY-PA metro area percentage change from the 2021 average to June 2022.
 - The per mile rates would be adjusted to reflect the change in the transportation costs component of the CPI-U NY-NJ-PA metro area from January 2019, when driver expenses were last calculated for the pay rates, as implemented in February of 2019 and June of 2022. The transportation costs component of the CPI over this time increased 34.04%.
 - For a 30-minute, 7.5-mile trip in a standard vehicle, these new rates would require drivers to be paid a minimum of more than \$28, up more than \$5 from the original rates and up about \$3.50 from the current rates.
- Changes to the way utilization rates are calculated and considered:
 - The Utilization Rate for the prior calendar year for each High-Volume For-Hire Service would be assessed every January.
 - The Initial Utilization Rate would be 58% for each High-Volume For-Hire Service unless a High-Volume For-Hire Service's average Utilization Rate for a calendar year decreases below 52% or increases above 64%.
 - Specifying that "multi-apping" time—time a driver is available to be dispatched on multiple high-volume forhire services—will be allotted in full to each company.
- Additional changes including:
 - Clarifying that future CPI adjustments will use the percentage change in the annual average Consumer Price Index for Urban Wage Earners and Clerical Workers for the NY-NJ-PA metro area instead of 12-month Percentage Change, with the exception of the next two CPI adjustments, which in January of 2023 will compare December 2022 with June of 2022, and in January of 2024 will compare the annual average for 2023 with December of 2022.
 - Repealing the shared ride bonus, which was never specified or implemented.
 - Repealing the evaluation of the rates by the Commission as it is no longer necessary in view of the annual CPI adjustments.

The Commission's authority to promulgate this rule is found in sections 2303 of the New York City Charter and section 19-503 of the New York City Administrative Code. The rules that the Commission is seeking to amend are contained within Subchapter 59D of Chapter 59 of Title 35 of the Rules of the City of New York.

New material is underlined.

[Deleted material is in brackets.]

Section 1. Subdivision (a) of section 59D-22 of Subchapter 59D of Chapter 59 of Title 35 of the Rules of the City of New York is amended to read as follows:

- (4) Consumer Price Index Adjustments. Beginning [January 1, 2020] January of 2025, and continuing each calendar year thereafter, the dollar amounts in the per mile rates and per minute rates contained in this subdivision will be adjusted using the [12-month Percentage Change] percentage change in the <u>annual average</u> Consumer Price Index for Urban Wage Earners and Clerical Workers for the NY-NJ-PA metro area. The Consumer Price Index adjusted per mile and per minute rates will be posted on the Commission's website. <u>Such new rates shall be effective February 1 of each year</u>.
 - (i) The rates effective February 1, 2023 will be the rates adjusted according to the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers for the NY-NJ-PA metro area from June of 2022 to December of 2022. The rates effective February 1, 2024 will be the rates adjusted according to the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers for the NY-NJ-PA metro area from December 2022 to the annual average for 2023.
- (5) Hourly Payments. If a High-Volume For-Hire Service subject to this section pays drivers on an hourly basis, the payment the Driver receives for each hour the Driver accepts dispatches from the High-Volume For-Hire Service must be at least the sum of the Per Mile Rate for all miles the Driver transported Passengers during the hour[,] and the Per Minute Rate for all minutes the Driver spent transporting Passengers during the hour[, and the Shared Ride Bonus for each applicable pick up performed during the hour].

\$59D-22(a)	Fine: \$500 per instance of under payment. In addition to the penalty payable to the Commission, the Hearing Officer must order the High-Volume For-Hire Service to pay restitution to the Driver, equal to the amount not paid to the Driver in violation of this rule.	Appearance REQUIRED
-------------	--	------------------------

§ 2. Subdivisions (b) and (c) of section 59D-22 of Subchapter 59D of Chapter 59 of Title 35 of the Rules of the City of New York are amended to read as follows:

(b) *Utilization Rate:* The Commission will assess, and post on its website, the Utilization Rate <u>for the prior calendar year</u> for each High-Volume For-Hire Service subject to this section every [six months] <u>January</u>.

(1) Initial Utilization Rate. [Prior to the Commission assessing and posting on its website the Utilization Rate for each High-Volume For-Hire Service and notifying each High-Volume For-Hire Service of such High-Volume For-Hire Service's Utilization Rate, the Utilization Rate for all High-Volume For-Hire Services will be the aggregate Utilization Rate of all High-Volume For-Hire Services, as calculated by the Commission to calculate a Utilization Rate specific to that High-Volume For-Hire Service prior to the expiration of the Initial Utilization Rate period, but in no event will a High-Volume For-Hire Service have a Utilization Rate lower than the aggregate Utilization Rate of all High-Volume For-Hire Services for the Initial Utilization Rate of 58% for each High-Volume For-Hire Service unless a High-Volume For-Hire Service's average Utilization Rate for a calendar year decreases below 52% or increases above 64%, in which case the High-Volume For-Hire Service's pay rate from February 1 to the following January 31 will be based on that Utilization Rate, not the Initial Utilization Rate of 58%, until the next reassessment. What authorizes the Commission to make this rule? Sections 1043, 2303 and 2304 of the City Charter and Section 19-503 of the New York City Administrative Code authorize the Commission to make this proposed rule. This proposed rule was included in TLC's regulatory agenda for fiscal year 2023.

Where can I find the Commission's rules? The Commission's rules are in Title 35 of the Rules of the City of New York.

What rules govern the rulemaking process? TLC must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the City Charter.

Statement of Basis and Purpose

The last modification to the taximeter rate of fare and the Kennedy Airport flat fare came into effect on September 4, 2012. Since then, the yellow taxi and street hail livery ("SHL") industry in New York City has gone through marked changes, including a growth in the number of For-Hire Vehicles on the road, shifting driver availability, and the impacts of a global pandemic. The proposed taximeter rate of fare increase, creation of a new LaGuardia Airport surcharge, the Kennedy Airport flat fare increase and other increases to surcharges will help address the challenges of the evolving taxicab and street hail livery sectors and their need for revitalization by putting more money in the pockets of drivers.

In 2014 the TLC issued rules creating the Taxicab Improvement Fund (TIF) and the Street Hail Livery Improvement Fund (SHLIF). These funds were created as part of an overall strategy by the agency to increase the number of accessible taxicabs. The funds are financed through a 30-cent surcharge on every yellow and green taxicab trip. In May 2018 the TLC increased the driver incentive payment from \$0.50to \$1 per trip, and in June 2019, the TLC introduced a \$100 signing bonus which benefited six thousand five hundred drivers when they enrolled in the program. The TLC did not make changes to the amount of the surcharge at the time, but increased the TIF and SHLIF benefits to drivers to ensure owners of wheelchair accessible vehicles could keep them in service. TLC must now increase the existing surcharge of \$.0.30 to \$1.00 in order to finance increased disbursements to owners and drivers of accessible taxicabs and ensure that TIF and SHLIF remain sustainable.

In accordance with section 2304 of the New York City Charter, the Commission held a hearing on May 23, 2022 at which it received evidence and testimony regarding rates of fare. These rule amendments are based on testimony and written comments received at the hearing, reviews of driver compensation and passenger fares, average wait times for drivers, average metered fares, and changes in the Consumer Price Index since the previous fare adjustment, among other considerations. Based on the industry feedback and the Commission's analysis of industry needs, the Commission proposes the following amendments to Sections 51-03, 58-26 and 82-26 of its rules

- The initial unit charge would be increased from \$2.50 to \$3.00
- The Taxicab Improvement Surcharge and Street Hail Livery Improvement Surcharge would be increased from \$0.30 to \$1.00.
- The additional unit charge would be increased from \$0.50 to \$0.70.
- The rush hour surcharge would be increased from \$1.00 to \$2.50.
- The nighttime surcharge would be increased from \$0.50 to \$1.00.
- The taxi flat fare for trips between Manhattan and Kennedy Airport, and the SHL flat fare for trips from Manhattan to Kennedy Airport, would be increased from \$52.00 to \$65.00.
- The rush hour taxi and SHL flat fare surcharge for Kennedy Airport trips would be increased from \$4.50 to \$5.00.
- A new surcharge of \$5.00 would be created for all taxi trips to and from LaGuardia Airport, and all SHL trips to LaGuardia Airport hailed outside of the Hail Exclusionary Zone.
- The taxi surcharge for all trips to Newark Airport would be increased from \$17.50 to \$20.00.

The changes to the metered rate, not including changes to surcharges and flat fares, are projected to result in the following changes for passengers, drivers, and medallion owners, using 2019, the most recent full year before the COVID-19 pandemic, as the baseline:

- An increase in average passenger fares of 22.9%
- An increase in driver revenue of 33.3% •
- An increase in medallion revenue of 29.5%

The Commission's authority to promulgate this rule is found in sections 2303 and 2304 of the New York City Charter and section 19-503 of the New York City Administrative Code. The rules that the Commission is seeking to amend are contained within Chapters 58 and 82 of Title 35 of the Rules of the City of New York.

ENVIRONMENTAL PROTECTION

■ NOTICE

Federal Emergency Management Agency In accordance with 44 CFR §9.8 for Executive Orders 11988 & 11990 Proposed Tide Gate Installation Canarsie, Kings County, New York

NOTIFICATION IS HEREBY GIVEN to the public of the intent of the Department of Homeland Security-Federal Emergency Management Agency (DHS-FEMA), to provide Federal funding to the New York City Department of Environmental Protection (NYCDEP) (Subapplicant), for the proposed installation of a new tide gate chamber on an existing storm sewer outfall in Canarsie, Brooklyn. Funding will be provided through the Pre-Disaster Mitigation (PDM) grant program. The purpose of the PDM grant program is to implement sustainable, cost-effective measures designed to reduce the risk to individuals and property from future natural hazards while reducing reliance on federal funding from future disasters. This notification is given in accordance with Executive Order (EO) 11988 (Floodplain Management), EO 11990 (Protection of Wetlands), the Coastal Zone Management Act (CZMA), and the implementing regulations for EO 11988 & 11990 in 44 CFR Part 9.

The proposed project entails the installation of a tide gate chamber for a 9'-6"W x 5'H storm sewer outfall. This action will serve to complete a line of flood protection as originally intended through a separate project known as the Fresh Creek Coastal Protection Project by the Governor's Office of Storm Recovery (GOSR) and the Dormitory Authority of the State of New York (DASNY), which included the installation of five tide gates on existing outfalls in Canarsie; however, this project did not include an outfall adjacent to the intersection of E 108th Street and Avenue K. Therefore, the installation of a new tide gate chamber on this remaining outfall will fulfill the goal of protecting this low-lying neighborhood from backflow flooding. This action area and flood mitigation approach were included in a previous consultation to the New York State Department of State (NYSDOS) and received general concurrence with no objection to funding.

Per the applicable Preliminary Flood Insurance Rate Map (PFIRM) and the National Wetlands Inventory (NWI), the project area is in the 100-year floodplain and mapped wetlands, respectively, which means that it has the potential to affect, and be affected by, the floodplain and wetlands. Alternatives considered include: 1) taking no action or 2) the proposed alternative, which is installation of the new tide gate chamber at its current location. FEMA has determined that installation at the current location is the most practicable alternative. This alternative meets the PDM grant program goals to protect property and human lives from future natural hazards. Potential impacts to water quality or aquatic habitat will be minimized through the application of best management practices and adherence to all applicable local, state, and federal laws, regulations, and ordinances.

Comments about this project, potential alternatives, and floodplain and/ or wetland impacts may be submitted in writing within 15 days of the date of this publication to: FEMA Region 2, Attn: Environmental Planning and Historic Preservation, 26 Federal Plaza, New York, NY 10278, or via email, to FEMAR2COMMENT@fema.dhs.gov. If substantive comments are received, FEMA will evaluate and address the comments as part of the environmental documentation for this project.

PUBLIC NOTICE

Notice of Availability of Environmental Assessment Report Regarding World's Fair Marina Project Flushing Meadows Corona Park, Queens County, New York

FEMA-4085-DR-NY

Notification is hereby given to the public of the intent of the Department of Homeland Security-Federal Emergency Management Agency (DHS-FEMA), to provide Federal financial assistance to New York State Division of Homeland Security and Emergency Services (NYSDHSES), as Recipient, and New York City Department of Parks and Recreation (NYCDPR), as Subrecipient, address damage that the Marina sustained during tidal surges and waves associated with Hurricane Sandy and thereby improve the resiliency of the marina to withstand future flooding and coastal storms. The proposed action will also improve the safety and security of the marina, including utility upgrades to bring them up to current codes, and to address ADA accessibility. On October 29, 2012, Hurricane Sandy caused storm damage to several areas of New York State. President Barack H. Obama declared the storm incident period a major disaster on October 30, 2012 (FEMA 4085-DR-NY). This declaration makes Federal Disaster Assistance available to affected communities and certain nonprofit organizations in accordance with the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (Stafford Act; 42 U.S.C. 5172), as amended

The proposed action will remove and relocate the park's eastern-most Pier 1 and associated floating docks to a new location, approximately 1,000 feet to the west. The new location will align to the existing boat launch and landward parking area and be closer to Marina concessions. Some materials will be re-used including the western-most floating docks and the pump-out and refueling dock. New pier supports will be concrete pilings with a cast-concrete deck to provide increased strength. New timber decking will maintain the appearance of the existing pier and docks. In a similar layout as the current but with slightly less mooring capacity, floating docks will attach to the pier along with new flotation devices. Commercial docks for ferry service and recreational boat tours will be accessed by aluminum gangways similar to those in use before the storm. A floating dock will also be dedicated for the use of human-powered vessels (i.e. kayaks, SUPs, etc.) A timber wave attenuation screen extending into Flushing Bay will provide for a calmer docking environment and protect the pier and floating docks against future storm events.

In accordance with the National Environmental Policy Act (NEPA), an Environmental Assessment (EA) has been prepared to assess the potential impacts of the proposed action on the human environment. DHS-FEMA's requirement of addressing floodplain management and wetlands protection in accordance with 44 CFR Part 9 is incorporated within the EA. The EA is available for public comment, and comments can be sent via email, to FEMAR2COMMENT@fema.dhs.gov. The EA will be available for download from the website, https://www. nycgovparks.org/facilities/marinas/13 and can be viewed in hard copy at NYC Parks, The Arsenal, Central Park, 830 Fifth Avenue, Room 401, New York, NY 10065. The EA is also available on FEMA's website, https://www.fema.gov/emergency-managers/practitioners/ environmental-historic/nepa-repository.

The comment period will end 30 days after the date of this legal notice publication in the Queens Chronicle newspaper. Written comments on the EA can be mailed or emailed to the contact below. If no substantive comments are received, the EA will become final and a Finding of No Significant Impact will be signed. Substantive comments will be addressed as appropriate in the final documents. Contact: Federal Emergency Management Agency, Region II, Environmental Planning and Historic Preservation, 26 Federal Plaza, Suite 1802, New York, NY 10278, or via email, at FEMAR2COMMENT@fema.dhs.gov.
