HUGH J. GRANT, Mayor;
THEO. W. MYERS, Comptroller;
J. H. V. ARNOLD, President of the Board of Aldermen;
M. COLEMAN, President of the Department of Taxes and Assessments.

Present—All the members, viz.:

Hugh J. Grant, the Mayor; Theo. W. Myers, the Comptroller; John H. V. Arnold, the President of the Board of Aldermen; Michael Coleman, the President of the Department of Taxes and Assessments.

The minutes of the meeting held December 31, 1889, were read and approved.

The Comptroller moved that the President of the Department of Taxes and Assessments be elected Secretary to this Board.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller and President of the Board of Aldermen—3.
The President of the Department of Taxes and Assessments declined to vote.

The Comptroller presented the following :

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, December 31, 1889.

CHARLES V. ADEE, Esq., Clerk, Board of Estimate and Apportionment :

SIR—I have received your communication of October 16, 1889, enclosing the following resolutions adopted by your Board :

"Resolved, That the Counsel to the Corporation be and is hereby requested to take proceedings for the condemnation of lands required for the construction of a viaduct in One Hundred and Fifty-fifth street, from St. Nicholas place to McComb's Dam Bridge, pursuant to the provisions of chapter 576 of the Laws of 1887."

"Resolved, That the plan for the proposed viaduct, from St. Nicholas place to McComb's Dam Bridge, in the City of New York, as provided by chapter 576, Laws of 1887, prepared by the Department of Public Works and submitted to this Board, be and is hereby approved, provided that no work shall be performed nor expense incurred for the construction of said viaduct until the proceedings for the condemnation of the land, if required, shall have been reported and confirmed by the Court, and land damages or easements, if any, shall have been ascertained and determined."

"Resolved, That the costs and damages in the matter of proceedings that may be taken for the condemnation of land required for the construction of a viaduct in One Hundred and Fifty-fifth street, from St. Nicholas place to McComb's Dam Bridge, pursuant to the provisions of chapter 576 of the Laws of 1887, be provided for and paid by assessment in equal amounts upon the Corporation of the City of New York and the property benefited by said improvement, including all land damages and easement rights."

1. The first resolution requests me to take proceedings for the condemnation of lands required for the construction of the viaduct authorized by chapter 576 of the Laws of 1887.

The act in question contains no provision for the ascertainment and award of damages, if any, which may be suffered by the owners of adjacent property on One Hundred and Fifty-fifth street in consequence of the construction of the viaduct in that street in front of their property.

No lands are required to be taken for the actual location of the viaduct. I am, therefore, of the opinion that there is no authority given for a procedure looking to the condemnation of lands or easements therein, and that such procedure was not contemplated by the statute in question.

Section 873 of the Consolidation Act makes provision for damages to be awarded to the owners of land fronting on the street or avenue affected by change of grade, which damages shall be included in the expense of the proceedings.

If instead of the building of the viaduct the grade of this street was changed by solid filling the provisions of this section would be applicable, and it is possible that if the creation of the elevated roadway by means of the viaduct be deemed to be a change of grade the contention might plausibly be made that compensation for damages sustained in consequence of the building of the viaduct might be estimated by the Board of Assessors and included in the assessment to be laid, under the act, pursuant to the resolution of the Board of Estimate and Apportionment. It, however, seems to me to be doubtful whether the section in question was intended to apply to such a case as the one under consideration inasmuch as the grade of the street beneath the viaduct remains unchanged, and the surface of the street is still to be used as a public thoroughfare. It is not, however, necessary to decide at this time whether the Board of Assessors have power to award damages; that question can arise only when the duty of laying the assessment has become incumbent upon that Board. My conclusions therefore are as follows :

1. That no procedure for the condemnation of lands or easements is authorized by the act, chapter 576 of the Laws of 1887, and therefore the proceedings contemplated by your first resolution cannot be undertaken.

2. That if an award of damages is proper under existing laws it can be made only by the Board of Assessors when the assessment shall be laid.

Very respectfully,

WM. H. CLARK, Counsel to the Corporation.

F. A. Thayer, C. L. Fleming, S. Moses, J. Whalen, J. J. Faye and others, owners of property on the line of the proposed viaduct, from McComb's Dam Bridge to St. Nicholas place on One Hundred and Fifty-fifth street, appeared before the Board and made statements in explanation thereof.

The Chairman requested a statement from the property-owners along the line of the proposed viaduct, as to their opinion regarding the effect upon the value of the land, if the proposed viaduct should be built.

Whereupon the following was presented :

NEW YORK, January 9, 1890.

We, the undersigned, state to the Board of Estimate and Apportionment that, in our opinion, all the property bordering on the Harlem river, on the low land fronting on Eighth avenue, and more particularly the land on One Hundred and Fifty-fifth street, fronting on the proposed viaduct, will be benefited by the construction of the proposed viaduct bridge over One Hundred and Fifty-fifth street, from McComb's Dam to St. Nicholas place, and we will be at all times prepared to sustain our opinion by competent testimony.

JOHN WHALEN.
FRANCIS A. THAYER.
SOL. MOSES.
C. L. FLEMING.
JAMES J. FAYE.

Which was received and placed on file.

The Chairman then requested an expression of opinion from the property-owners present, as to whether the proposed viaduct, as represented by the plans before the Board, would be wide enough. Which was unanimously decided in the affirmative.

T. F. Gilroy, Commissioner of Public Works, and A. L. Webster, Engineer, appeared before the Board and made statements relative thereto.

The Comptroller offered the following resolution :

Resolved, That the Comptroller be requested to prepare the necessary resolutions to authorize the construction of the viaduct at One Hundred and Fifty-fifth street, and for authority to issue the necessary bonds for such purpose; said resolution to be submitted to this Board at the next meeting.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, January 7, 1890.

Hon. HUGH J. GRANT, Mayor and Chairman, Board of Estimate and Apportionment :

DEAR SIR—In my letter of the 27th ultimo, I requested that the sum of \$3,000 be transferred to the appropriation for "Public Buildings—Construction and Repairs," from the appropriation for "Free Floating Baths," for the purpose of enabling this Department to extend the reconstruction and repairs of heating and ventilating apparatus to the court-rooms and offices of the Superior Court and the Court of Common Pleas, in the manner in which such reconstruction and repairs have been made in the court-rooms and offices of the Supreme Court. Upon this request, your Board, on the 28th ultimo, transferred said sum of \$3,000 to the appropriation for "Public Buildings—Construction and Repairs," for 1889. As the amount so transferred to an appropriation for 1889 is not now available, and no expenditure has yet been incurred under it, I respectfully ask that the amount, \$3,000, be now transferred from the appropriation for "Public Buildings—Construction and Repairs," for 1889, to the appropriation for "Public Buildings—Construction and Repairs," for 1890, so that the same may become available for the purpose for which it is intended and required.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

And offered the following preamble and resolution :

Whereas, A resolution was adopted on December 28, 1889, transferring the sum of \$3,000 from the appropriation to the Department of Public Works, entitled "Free Floating Baths," for 1889, to the appropriation entitled "Public Buildings—Construction and Repairs," for 1889; and

Whereas, The amount so transferred to an appropriation for 1889 is not now available, for the reason that no expenditure has been incurred under it, and the Commissioner of Public Works has asked that a transfer thereof be made to the same entitled appropriation for the year 1890, to provide for the same work to be done as originally intended;

Resolved, That the sum of three thousand dollars (\$3,000) be and is hereby transferred from the appropriation entitled "Public Buildings—Construction and Repairs," for 1889, for which the amount is not required, to the appropriation entitled "Public Buildings—Construction and Repairs," for 1890, which is insufficient for the purpose thereof.

Which were adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following resolution :

Resolved, That the sum of two hundred and six dollars and thirty-three cents be and the same is hereby transferred from the appropriation for 1889 to the Finance Department entitled "Salaries—Finance Department: Salaries of Officers, Clerks, etc.," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation "Sheriff's Fees," 1889, the amount of said appropriation being insufficient.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

NEW YORK, December 30, 1889.

To the Honorable the Board of Estimate and Apportionment :

On the 28th day of October last I transmitted to your Board, in pursuance of the provisions of section 5 of chapter 173 of the Laws of 1885, a list of all proceedings in which reports of Commissioners of Estimate and Assessment had been up to that time, and since the 1st day of January, 1889, confirmed, with a statement of the amount of the awards and taxed costs in each proceeding. Since the said 28th day of October, two proceedings have been consummated, one by confirmation and the other by discontinuance. I transmit herewith a list of such proceedings, with a statement showing the amount of the awards and taxed costs in each case. The amount of such awards and taxed costs should be included in the Final Estimates for the year 1890.

Respectfully yours,

COUNTY CLERK'S OFFICE, NEW COUNTY COURT-HOUSE,
NEW YORK, January 6, 1890.

MR. CHAS. V. ADEE, Secretary, Board of Estimate and Apportionment :

SIR—I beg to inform the Board of Estimate and Apportionment, through you, that there has been received at this office under date of 31st ultimo, an order from his Excellency Governor David B. Hill, suspending William F. Pitshke, a Judge of the City Court, from exercising the duties as a Justice of said court, his compensation ceasing as well, and the said order is now on file in this office.

Respectfully, etc.,

EDWARD F. REILLY, Clerk,
P. JOSEPH SCULLY, Deputy.

STATE OF NEW YORK, EXECUTIVE CHAMBER.

Whereas, It appears presumptively to my satisfaction that William F. Pitshke, a Judge of the City Court of New York, habitually neglects to perform his share of the labors and duties appertaining to his office, and is also incapable of properly discharging the same by reason of the fact that he was stricken with paralysis in November, 1888, while in the discharge of his official duties and such illness has ever since continued, that such neglect to perform his duties and such inability to properly discharge the same have existed since November, 1888, and during most of that period the said Pitshke has been absent in Europe, where he now is; and

Whereas, It further appears that the illness of the said Pitshke is of such permanent character as will probably prevent his ever resuming the duties of his office;

Now, therefore, in pursuance of the authority vested in me by the Constitution and laws of this state, I hereby suspend the said William F. Pitshke from the exercise of the duties of his office, and hereby direct that his compensation shall cease from this date.

Given under my hand and the privy seal of the State at the Capitol, in the City of Albany, this thirty-first day of December, in the year of our Lord one thousand eight hundred and eighty-nine.

[L. S.]

By the Governor.

Private Secretary.

DAVID B. HILL.

State of New York, City and County of New York, ss.:

I, Edward F. Reilly, Clerk of the said City and County, and Clerk of the Supreme Court of said State for said County, do certify that I have compared the preceding with the original order of the

Governor suspending William F. Pitshke, a Judge of the City Court of New York, on file in my office, and that the same is a correct transcript therefrom, and the whole of such original.

Filed January 4, 1890.
In witness whereof, I have hereunto subscribed my name, and affixed my official seal, this 7th day of January, 1890.

[L. S.]

EDWARD F. REILLY, Clerk.

The Comptroller called up the following, referred to him at a meeting held December 28, 1889, and moved that they be referred to the Commissioners of the Sinking Fund:

CASTLE GARDEN, NEW YORK, December 27, 1889.

To the Honorable the Board of Estimate and Apportionment, New York City:

GENTLEMEN—The Commissioners of Emigration respectfully submit the inclosed report of the Health Department in reference to repairs and improvements to the water-closets and urinals at Castle Garden, and as this Board has no funds at its disposal applicable to this purpose, the Commissioners request that your Board will allow a sufficient sum to be deducted from the rent paid the City for the use of Castle Garden to enable them to do so.

In the year 1886 a sum of \$1,500 was allowed by your Board for a like purpose, and the water-closets were repaired under the direction and with the approval of the Board of Health.

Yours, respectfully,

H. J. JACKSON, Secretary.

HEALTH DEPARTMENT, No. 301 MOTT STREET,
NEW YORK, December 19, 1889.

To HENRY J. JACKSON, Secretary of Commissioners of Emigration:

SIR—I am instructed by this Board to transmit herewith for such attention and consideration as may be proper the following complaint:

In respect to water-closets and urinals on premises at Battery Park (called Castle Garden Emigrant Depot).

A true copy.

EMMONS CLARK, Secretary.

(Copy.)

HEALTH DEPARTMENT—CITY OF NEW YORK.

Complaint and Report of Inspection in reference to Premises Castle Garden Emigrant Depot.
By Inspector.

To the Board of Health:

I, Moreau Morris, M. D., holding the position of a Sanitary Inspector in the Health Department of the City of New York, do report: That on the 12th day of December, 1889, I personally examined and carefully inspected the premises situated on Battery Park, called Castle Garden Emigrant Depot and found the facts as follows: Said premises consist of a Landing and Reception Depot for Emigrants, of which Commissioners of Emigration at Castle Garden are responsible, and in violation of section of the Sanitary Code, were found in a condition dangerous to life and detrimental to health, for the following reasons, viz:

There are four water-closets with a total of twenty-eight hopper closets. Two of these closets are located in the rotunda at the western entrance, having two hoppers in each, one for males and one for females. The flooring is of wood and constantly saturated. The remaining two closets are located on the north and south sides of the rotunda and have twelve hoppers in each with urinal. Each of the twenty-eight hoppers have independent traps, all connected with a common drain-pipe discharging at the water-front into deep water. These traps are constantly becoming obstructed and exceedingly offensive. These hopper closets are very offensive from want of efficient and abundant water supply, and are at times, almost daily, subject to the use of several thousand emigrants, necessarily detained at the rotunda, therefore are inadequate in number as well as inefficient in operation for the use of so large a number, and become exceedingly offensive and dangerous.

Recommend, That porcelain-lined trough closets, with a seating capacity for not less than fifty (50) persons, supplied with adequate flushing tanks, automatically adjusted for flushing the same at frequent intervals, be provided in lieu of the present hopper closets; that porcelain-lined urinal troughs provided with constant running spray of water be constructed at both north and south sides of the rotunda, and that the flooring of the closets be of cement, so as not to be absorbent of fluids.

(Signed)

MOREAU MORRIS, M. D., Sanitary Inspector.

A true copy.

EMMONS CLARK, Secretary.

Respectfully forwarded to the Board, recommending that a copy be sent to the Honorable Commissioners of Emigration.

W. A. EWING, M. D., Sanitary Superintendent.

Which was agreed to.

The Chairman presented the following:

BROADWAY THEATRE, NEW YORK, January 8, 1890.

Mr. HUGH J. GRANT, Mayor, City of New York, City:

MY DEAR MR. GRANT—When the Board of Apportionment meet for the distribution of moneys to the charitable institutions, I sincerely trust that you will give special attention to the Actors' Fund of America. The precedent seems to be established for giving the Actors' Fund one-half of all moneys paid for theatrical licenses for the year. They received that amount last year and within a fraction of that the year before.

If you will give this matter your personal attention, it will be fully appreciated by the Board of Trustees and Mr. A. M. Palmer, President of the Actors' Fund of America.

Yours, truly,

FRANK W. SANGER, Treasurer, Actors' Fund of America.

Which was received and placed on file.

On motion, the Board took up for consideration the matter of the distribution of the Theatrical and Concert License Fund.

After discussion, the subject was laid over until the next meeting of the Board.

On motion, the Board adjourned.

The premises must be taken in the condition in which
 they may be at the commencement of the term of the

 property are not in suitable and tenable condition at
 the commencement of the term will be allowed by this
 Department.

All repairs, maintaining or rebuilding required or
 necessary to be done to or upon the premises, or any
 part thereof, during the continuance of the term of the
 lease, shall be done by and at the cost and expense of
 the lessee or purchaser.

No claim or demand will be considered or allowed by
 the Department for any loss or deprivation of wharfage
 or otherwise, resulting from or occasioned by any delay
 on account or by reason of the premises or any part
 thereof being occupied for or on account of any repairs,
 rebuilding or dredging.

The up-set price of the parcels or premises exposed or
 offered for sale will be announced by the Auctioneer at
 the time of sale.

The Department will do all dredging whenever it shall
 deem it necessary or advisable so to do (excepting Lot
 No. 2, where the lessee must do all the dredging that
 may be required).

The term for which leases are sold will commence at
 the date mentioned in the advertisement, and the rents
 accruing therefor will be payable from that date in each
 case.

Each purchaser of a lease will be required, at the time
 of the sale, to pay, in addition to the auctioneer's fees,
 to the Department of Docks, twenty-five per cent. (25%)
 of the amount of annual rent bid, as security for the
 execution of the lease, which twenty-five per cent. (25%)
 will be applied to the payment of the rent first accruing
 under the lease when executed, or will be forfeited to
 the Department if the purchaser neglects or refuses to
 execute the lease, with good and sufficient surety or
 sureties, to be approved by the Department, within ten
 days after being notified that the lease is prepared and
 ready for execution at the office of the Department of
 Docks, Pier "A," North river, Battery place.

The Department expressly reserves the right to resell

 deficiency resulting from or occasioned by such resale.

Lessees will be required to pay their rent quarterly
 in advance, in compliance with the terms and conditions
 of the lease prepared and adopted by the Department.

In all cases where it is mentioned in the advertise-
 ment of sale, the purchaser shall be entitled to the
 privilege of occupying any shed upon the pier or bulk-
 head at the commencement of the term or that may
 thereafter be permitted or licensed by the Department,
 and to the rights attached to such permission or license,

 being engaged in the business of steam transportation
 and using and employing the same for the purpose of
 regularly receiving and discharging cargo thereat.

Not less than two sureties, each to be a householder
 or freeholder in the State of New York, to be approved
 by the Board of Docks, will be required under each

 covenants and conditions of the lease, the names and
 addresses of the sureties to be submitted at the time of
 sale.

Each purchaser will be required to agree that he will,
 upon ten days' notice so to do, execute a lease with
 sufficient surety as aforesaid, the printed form of which

No person will be received as a lessee or surety who
 is delinquent on any former lease from this Department

The Auctioneer's fees (\$20) on each lot or parcel
 must be paid by the purchasers thereof respectively at

Each bid or estimate shall contain and state the name
 and place of residence of each of the persons making the
 same; the names of all persons interested with him or
 them therein; and if no other person be so interested, it
 shall distinctly state that fact; that it is made with-
 out any connection with any other person making an
 estimate for the same purpose, and is in all respects fair
 and without collusion or fraud; and that no member of
 the Common Council, Head of a Department, Chief of

 several matters stated therein are in all respects true.
 Where more than one person is interested, it is requisite
 that the verification be made and subscribed by all
 the parties interested.

Each bid or estimate shall be accompanied by the con-
 sent, in writing, of two householders or freeholders in
 the City of New York, with their respective places of
 business or residence, to the effect that if the contract
 be awarded to the person making the estimate, they will,
 on its being so awarded, become bound as his sureties for
 its faithful performance, and that if he shall omit or re-
 fuse to execute the same, they will pay to the Corpora-
 tion any difference between the sum to which he would

be entitled on its completion, and that which the Corpo-
 ration may be obliged to pay to the person or persons to
 whom the contract may be awarded at any subsequent
 letting; the amount in each case to be calculated
 upon the estimated amount of work by which the
 bids are tested. The consent above mentioned shall be
 accompanied by the oath or affirmation, in writing, of
 each of the persons signing the same, that he is a house-
 holder or freeholder in the City of New York, and is

 surety or otherwise; and that he has offered himself as
 surety in good faith and with the intention to execute
 the bond required by section 27 of chapter 8 of the

 and sufficiency of the security offered to be approved by
 the Comptroller of the City of New York.

No bid or estimate will be received or considered
 unless accompanied by either a certified check upon
 one of the National or State banks of the City of New
 York, drawn to the order of the Comptroller, or money,
 to the amount of five per centum of the amount of the se-
 curity required for the faithful performance of the con-
 tract. Such check or money must not be inclosed in
 the sealed envelope containing the estimates, but must
 be handed to the officer or clerk of the Department who
 has charge of the Estimate-box, and no estimate can be
 deposited in said box until such check or money has
 been examined by said officer or clerk and found to be
 correct. All such deposits, except that of the successful
 bidder, will be returned to the persons making the same
 within three days after the contract is awarded. If the
 successful bidder shall refuse or neglect, within five days
 after notice that the contract has been awarded to him,
 to execute the same, the amount of the deposit made
 by him shall be forfeited to and retained by the City of
 New York, as liquidated damages for such neglect or
 refusal; but if he shall execute the contract within the
 time aforesaid, the amount of his deposit will be returned
 to him.

N. B.—The prices must be written in the estimate and
 also stated in figures, and all estimates will be considered
 as informal which do not contain bids for all items for
 which bids are herein called, or which contain bids for
 items for which bids are not herewith called for. Per-
 mission will not be given for the withdrawal of any bid
 or estimate. No bid will be accepted from, or contract
 awarded to, any person who is in arrears to the Corpora-
 tion upon debt or contract, or who is a defaulter, as
 surety or otherwise, upon any obligation to the Corpora-
 tion.

The amount in which security will be required for the
 performance of the contract is \$2,000.

The Department of Public Parks reserves the right to
 reject any or all the bids received in response to this ad-
 vertisement if it should deem it for the interest of the
 City so to do, and to readvertise until satisfactory bids
 or proposals shall be received. But the contract, when
 awarded, will be awarded to the lowest bidder.

Blank forms for proposals and forms of contract
 which the successful bidder will be required to execute,

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

No hydrant will be permitted in a yard or alley, front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, June 1st,

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,
Commissioner of Public Works.
