HART'S ISLAND, April 1, 1879.

Hon. TOWNSEND COX, President Board of Commissioners of Public Charities and Correction:

SIR—Permit me to place before your Honorable Board the following report of the operations of this institution for the months of January, February, and March last past:

On the 31st day of December, 1878, there were of—

Patients under treatment..... 162

Admitted later..... 3

Total under treatment..... 165

Discharged..... 1

Died..... 3

Total remaining at this date..... 161

The patient discharged had mentally recovered. Of the three who died the death causes were: Pneumonia..... 2  
Fatty Degeneration of Heart..... 1

Total..... 3

The three patients admitted came from the New York City Lunatic Asylum, on Blackwell's Island.

The patients have, during the period covered by this report, accomplished the work set forth in the following table:

Much other work has been effected, the attendants understanding that they are to occupy, under direction, as many of the inmates as possible. All the sweeping, scrubbing, bedmaking, and dining room work devolve upon patients.

Walks, restricted or extended, have been taken, as weather and individual conditions have permitted. Nearly the entire island has been sometimes embraced in a single walk, participated in by about thirty patients.

There have been nearly daily gatherings in the Amusement Hall on the part of certain of the patients.

Attendance upon religious services has been encouraged, but, for several reasons, has not yet been practiced to a degree that would be both practicable and desirable.

A limited amount of reading has been done by the patients, but very much remains to be accomplished in this direction.

The general health of the inmates has been remarkably good. No serious injury has been inflicted by patients upon each other, neither has any damaging accident occurred to any one in the institution.

The new, commodious, and generally well-appointed pavilion, completed and occupied early in last December, has given cheerful and entirely comfortable accommodation to its seventy patients during a most rigorous winter.

The second new pavilion, upon the same plan, will probably be opened about the third week of the present month. Into these two structures, must then, for a time, be crowded all our patients and attendants, while some of the older pavilions are being fitted up for the temporary occupation of the overplus, together with one hundred and fifty insane women now in certain wards of the Homoeopathic hospital on Ward's Island. These last were crowded out from the Blackwell's Island institution last summer.

Thus, three hundred and twelve patients will shortly be in this institution; more than one half of them in buildings inadequate to their needs.

Under these circumstances, and in view of the pressure for further admissions, it is greatly to be regretted that two some time contemplated new structures could not have been early begun.

Earnestly hoping that the praiseworthy efforts of your Honorable Board to acquire the ability to prosecute this work may very soon be crowned with success,

I remain, sir, very respectfully,

Your obedient servant,

T. M. FRANKLIN, Medical Superintendent.

## Resolutions.

Whereas, The premises known as No. 415 East Twenty-second street, in the city of New York, are, in respect to the drainage thereof and by reason of the accumulation of water in and about the cellar of the building thereof, in the opinion of this Board in a condition and in effect dangerous to life and health; and

Whereas, This Board has taken and filed among its records what it regards as sufficient proof to authorize the declaration hereinafter made;

Resolved, That the defective drainage of said premises and the accumulation of water in and about the cellar of the building thereof, is, in the opinion of this Board, a nuisance and dangerous to life and health; and it is hereby

Ordered, That the same be entered in the records of this Board as a nuisance, and that the same be ordered abated by the owner of said premises on or before the 1st day of July, 1879, and that a copy of this order be duly served upon such owner.

Whereas, The experience of the past three summers has shown that the most effective method of preventing sickness and mortality among the children dwelling in tenement houses has been the employment of an extra corps of fifty visiting physicians for five weeks during the hot season, and the employment of an extra corps of inspectors for the examination of the fruit and vegetables brought into the city; and

Whereas, This Board is unable to ask the transfer of any portion of the appropriation for this year, because first, the amount appropriated for salaries for this Department for the year 1879 is inadequate to meet any extraordinary expenses, such as those of an extra corps; and second, the unexpected necessity of the transfer of the sum of \$5,000 from the appropriation for the care of contagious diseases for 1879, for the building of a reception hospital at the foot of East Sixteenth street, for the reason that the appropriation for the building of such a hospital at the foot of East Twenty-eighth street in the year 1877 was set aside to meet the claims of contractors; and at the same time there has been a recent increase of small-pox, such as to require the use of the appropriation for its care. In view of the great importance of these preventive measures, and of the present contingency; therefore,

Resolved, That the Board of Estimate and Apportionment be respectfully requested to transfer from the unexpended balances of this Department for previous years, which amount to \$30,000, the sum of \$7,500 for the employment of an extra corps of physicians and fruit inspectors.

Resolved, That Dr. Emanuel Hockheimer be and is hereby continued in the service of the Board for one month from June 22, 1879, with salary at the rate of \$100 per month.

Resolved, That notice No. 3,302, on 507 West Fiftieth street, be and is hereby suspended for one week.

Resolved, That the application to change the record of birth in the Birth Record in the case of Peter Fuchs be and is hereby denied.

Resolved, That the application to change the name of Sophie Peterson on the Death Record, to Sophie Theodora Peterson be and is hereby approved.

Resolved, That the application to record the birth of Hudson Warren Murray be and is hereby granted.

Whereas, The Board of Health has this day been informed that a claim is made under lease of the Department of Docks, said to have been sold on the 1st of May, 1878, of Pier 61 East river, which has always been assigned to and used for night-soil boats, and a portion of which is now occupied for that purpose; and

Whereas, Under the contract for the removal of night-soil, the city is required to provide suitable docks, two on the East and one on the North river, and such docks have been so provided from the beginning of the work of this Department, and the subject has at several times been brought to the notice of the Department interested; and

Whereas, No notice has been received by the Department of Health, that any change was intended;

Resolved, That the Department of Docks be respectfully requested to communicate to this Department the facts relating to the alleged leases of the docks mentioned, and if any change is desired, to inform this Department, and to assign other docks in place of those heretofore used.

FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE, June 13, 1879.

To the Board of Estimate and Apportionment :

Herewith I submit a communication from the Counsel to the Corporation, dated June 13, 1879, giving an opinion relative to the authority now existing for the issue of stock for the payment of the damages awarded by the Commissioners of Estimate and Assessment appointed by the Supreme Court, September 5, 1874, in the matter of the application by the Department of Public Works, for and on behalf of the Mayor, Aldermen, and Commonalty of the City of New York, in the proceeding instituted for the opening of Inwood street, from the westerly side of Kingsbridge road to the Hudson river, confirmed May 15, 1879, and of the expenses, charges, and disbursements in the premises, as provided by section 7 of chapter 565 of the Laws of 1865, and also an order of the Commissioner of Public Works, dated May 20, 1879, directing the issue of city stock in conformity with the said opinion of the Counsel to the Corporation, to an amount not exceeding \$56,346.39 for said purpose.

A resolution is also presented for the adoption of the Board of Estimate and Apportionment to authorize the Comptroller to issue said stock, as provided by law.

Respectfully submitted,

JOHN KELLY, Comptroller.

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, June 13, 1879.

Hon. JOHN KELLY, Comptroller :

SIR—In your letter to me of the 12th instant, you state that in the assessment for opening Inwood street, from the westerly line of Kingsbridge road to the Hudson river, confirmed May 15, 1879, the sum of \$28,173.19 was charged against the Mayor, Aldermen, and Commonalty of the City of New York. You request to be informed under what statute such charge is made, and what provision, if any, is made for means with which to pay the same.

Inwood street was laid out under chapter 565 of the Laws of 1865, and the proceedings to acquire title to the land required for the same were taken pursuant to section 4 of that act. Said section 4 provides as follows :

"The said commissioners of estimate and assessment, who may be appointed as herein provided, may assess for such opening all such parties and persons, lands and tenements as they may deem to be benefited by such improvement, to the extent which said commissioners deem such parties, persons, lands, and tenements benefited thereby ; provided that as to streets or roads more than one mile in length, not more than one-half of the amount awarded for damages, and of the expenses attending such opening, shall be so assessed ; the amount of such damages and expenses not so assessed being hereby made a charge upon the county of New York, to be paid as herein-after provided."

Under this section, the amount to be assessed upon private individuals (except as to streets more than a mile in length) is in the discretion of the Commissioners appointed by the Supreme Court, and the amount not so assessed is made a charge upon the county. As to streets more than a mile in length, not more than one-half can be assessed upon such private individuals. Inwood street is less than a mile in length, and the Commissioners have exercised their discretion by dividing the expense of the opening, placing one-half upon private individuals and the other half upon the city, which, as to all liabilities created on behalf of the county prior to the passage of the Consolidation Act, now stands in the place of the county.

Section 7 of said chapter 565 provides that for the payment of the damages awarded by the Commissioners of Estimate and Assessment in any proceeding by virtue of said act, and the expenses, charges and disbursements, the Comptroller is authorized and directed to create and cause to be issued county stock, payable not more than forty years from the date of issue thereof, and to be issued at such time or times, and in such manner, of such description, and in such amounts as may be directed by resolution of the Commissioners of the Central Park.

These provisions, taken in connection with the act consolidating the City and County of New York, now authorize the issue of city stock ; and all the powers and duties of the Commissioners of the Central Park, and of the Department of Public Parks, having been transferred to the Commissioner of Public Works by section 7 of chapter 872 of the Laws of 1872, the Comptroller can now, upon the direction of the Commissioner of Public Works, issue such amount of city stock as shall be necessary to pay the expense of opening Inwood street.

Yours respectfully,

WM. C. WHITNEY, Counsel to the Corporation.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,  
NEW YORK, June 20, 1879.

Hon. JOHN KELLY, Comptroller :

SIR—In compliance with your request of the 17th instant, I herewith transmit to you a paper signed by me, directing the issue of stock authorized by section 7, chapter 565, Laws of 1865, to the

amount of fifty-six thousand three hundred and forty-six 39-100 (\$56,346.39) for the payment of awards and costs in the matter of opening Inwood street, from Kingsbridge road to the Hudson river. I also return the opinion of Counsel to the Corporation relative to the matter.

Respectfully,

ALLAN CAMPBELL, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,  
NEW YORK, June 20, 1879.

Whereas, According to the report of the Commissioners of Estimate and Assessment in the matter of opening Inwood street, from Kingsbridge road to the Hudson river, confirmed by the Supreme Court May 15, 1879, the award for damages for land and buildings, and the costs of said proceeding, amount to the sum of fifty-six thousand three hundred and forty-six 39-100 dollars (\$56,346.39).

Now, therefore, I, Allan Campbell, Commissioner of Public Works, under and by virtue of section 7, chapter 365, Laws of 1865, and of section 7, chapter 872, Laws of 1872, do hereby direct that the public fund or stock authorized to be issued by said section 7, chapter 565 of Laws of 1865, shall be issued at such time or times, and in such manner, of such description, and in such amounts, not exceeding the said sum of fifty-six thousand three hundred and forty-six 39-100 dollars, as the Comptroller of the City of New York, in compliance with the provisions of said section, shall from time to time find to be necessary to provide funds for the payment of the said awards and costs in the said proceedings for opening Inwood street, from Kingsbridge road to the Hudson river.

ALLAN CAMPBELL, Commissioner of Public Works.

Whereas, In the matter of the application of the Department of Public Works, for and in behalf of the Mayor, Aldermen, and Commonalty of the City of New York, relative to the opening of Inwood street, from the westerly side of Kingsbridge road to the Hudson river, in which proceeding the report of the Commissioners of Estimate and Assessment was confirmed by the Supreme Court on the 15th day of May, 1879, the Counsel to the Corporation has given his opinion, dated June 13, 1879, as to the authority for the issue of stock under the provisions of section 7 of chapter 565 of the Laws of 1865, and other existing laws, for the payment of the expense incurred in the aforesaid proceeding, as follows, to wit :

"These provisions, taken in connection with the act consolidating the City and County of New York, now authorize the issue of City Stock ; and all the powers and duties of the Commissioners of the Central Park, and of the Department of Public Parks, having been transferred to the Commissioner of Public Works by section 7 of chapter 872 of the Laws of 1872, the Comptroller can now, upon the direction of the Commissioner of Public Works, issue such amount of City Stock as shall be necessary to pay the expense of opening Inwood street ;" and

Whereas, The Commissioner of Public Works has, by an order dated on the 20th day of June, 1879, directed the issue of stock for the purpose aforesaid, as follows, to wit :

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
NEW YORK, June 20, 1879.

"Whereas, According to the report of the Commissioners of Estimate and Assessment in the matter of opening Inwood street, from Kingsbridge road to the Hudson river, confirmed by the Supreme Court May 15, 1879, the award for damages for land and buildings, and the costs of said proceeding, amount to the sum of fifty-six thousand three hundred and forty-six 39-100 dollars (\$56,346.39).

Now, therefore, I, Allan Campbell, Commissioner of Public Works, under and by virtue of section 7, chapter 565, Laws of 1865, and of section 7, chapter 872, Laws of 1872, do hereby direct that the public fund or stock authorized to be issued by said section 7, chapter 565, of Laws of 1865, shall be issued at such time or times, and in such amounts, not exceeding the said sum of fifty-six thousand three hundred and forty-six 39-100 dollars, as the Comptroller of the City of New York, in compliance with the provisions of said section, shall from time to time find to be necessary to provide funds for the payment of the said awards and costs in the said proceedings for opening Inwood street, from Kingsbridge road to the Hudson river.

(Signed) "ALLAN CAMPBELL, Commissioner of Public Works."

Therefore Resolved, That in pursuance of the authority conferred upon the Board of Estimate and Apportionment by the provisions of section 112 of chapter 335 of the Laws of 1873, and as provided by section 7 of chapter 565 of the Laws of 1865, the Comptroller be and he is hereby authorized to issue stock from time to time as may be required, and at such rates of interest as he may determine, not exceeding five per cent. per annum, to an amount not exceeding the sum of fifty-six thousand three hundred and forty-six 39-100 dollars (\$56,346.39), for the purpose of paying the damages awarded by the Commissioners of Estimate and Assessment, and the expenses, charges, and disbursements in the matter of opening Inwood street, from the westerly side of Kingsbridge road to the Hudson river ; of which said stock, so authorized to be issued, a portion amounting to the sum of twenty-eight thousand one hundred and seventy-three 19-100 dollars (\$28,173.19), charged to the Mayor, Aldermen, and Commonalty of the City of New York, for and on account of the expense of said opening of Inwood street, shall be issued under the authority also of section 1 of chapter 322 of the Laws of 1871, and chapter 304 of the Laws of 1874, and shall be denominated "Consolidated Stock of the City of New York," the payment of which shall be provided for by annual tax, to be paid into the Sinking Fund for the Redemption of the City Debt, under the authority of section 8 of chapter 383 of the Laws of 1878 ; and a portion of said stock, amounting to the sum of twenty-eight thousand one hundred and seventy-three 20-100 dollars (\$28,173.20) assessed upon private property for and on account of said proceeding, shall be issued, or so much thereof as may be required, under the authority also of the assessment laws applicable to street improvements begun and not completed prior to June 3, 1878, and shall be denominated "Assessment Fund Stock," payment of which shall be provided for by collections of assessments.

The Comptroller presented the following communication :

HEADQUARTERS SEVENTH REGIMENT,  
NATIONAL GUARD, S. N. Y.,  
NEW YORK, June 16, 1879.

To the Honorable the Board of Estimate and Apportionment :

SIRS—I respectfully call your attention to the provisions of chapter 57, Laws of 1879, as follows :

I. Section 5 of said act, which requires for a limited period the appropriation and payment to the Trustees of the Seventh Regiment New Armory Fund, Robert Lenox Kennedy, Royal Phelps, and W. W. Astor, the sum of \$7,500 semi-annually, "as an equivalent and in lieu of a rental for an armory for said regiment and in lieu of the appropriation of \$350,000 heretofore made by the Mayor and Common Council of New York, for the erection of an armory for this regiment, under the provisions of chapter 223, section 34, Laws of 1875."

The first payment under this section will be due and payable September 1, 1879.

II. Section 6, which requires the appropriation and payment to the Trustees of the New Armory Fund as above, during the present year, of the "amount of money necessary to purchase and pay for the proper heating and lighting apparatus for said armory as required by law (especially as required by chapter 275, Laws of 1878), and also the amount necessary to pay for the laying of suitable sidewalks and curb and gutter around said building according to plans and specifications approved and pursuant to contracts made by the Building Committee, and the payments first required under this section shall be provided for and made in such season as not to delay the work or use of said armory."

Under this section a contract has been made with Baker, Smith & Co. for the heating apparatus, the contract price being \$15,093. The cost of lighting apparatus is estimated at \$9,000, and of the sidewalk, curb and gutter, at \$8,000. The amount required to be appropriated and paid under and by this section is now needed in part by the Trustees of the fund, and the whole will be needed before the 1st of October next.

I therefore respectfully ask that the sums above named be appropriated as required by law, and that the amount be included in the tax levy for 1879.

Very respectfully, yours, etc.,

EMMONS CLARK,  
Colonel Commanding 7th Regiment, N. G. S. N. Y.

The Comptroller presented a communication from the "Shepherd's Fold," asking for an appropriation from the Excise Fund.

Which was referred to and the original paper sent to the Comptroller.

The Comptroller presented the following communication :

BOARD OF EXCISE,  
299 MULBERRY STREET, NEW YORK, June 17, 1879.

To the Honorable the Board of Estimate and Apportionment :

GENTLEMEN—The Board of Commissioners of Excise present their estimate to your Honorable Board for an appropriation to defray the necessary expenses of said Board of Excise during the year 1879-80.

The Board deem the sum of sixty-five thousand dollars to be required for these purposes.

The appropriation being made from the amount collected from license fees, it may be observed that the expenditure herein will be fully justified and rendered necessary by securing to the city treasury a larger return of license fees from persons who seek to evade the law by avoiding their legal duty to procure licenses.

The results of the labors of the Board during the past year establish this to be reasonably anticipated. The following exhibit shows the number of licenses issued, and fees collected, for the years 1876-7, 1877-8, 1878-9:

Licenses issued from May 1, 1876, to April 30, 1877.....	6,246
" " May 1, 1877, to April 30, 1878.....	4,970
" " May 1, 1878, to April 30, 1879.....	7,754

Amount of license fees collected and paid over to the City Chamberlain during the same period:	
1876-7.....	\$287,258 25
1877-8.....	206,235 00
1878-9.....	390,945 00

The amount collected and paid to the city for 1878-9 exceeds that of the previous year, 1877-8, by \$184,710, and 1876-7 by \$103,686.75.

This has been largely due to increased facilities for accomplishing the work of the Board.

Yours respectfully,

RICHARD J. MORRISON, } Commissioners  
PHILIP MERKLE, } of  
GEO. W. MORTON, } Excise.

The Chairman presented the following communication:

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,  
NEW YORK, June 10, 1879.

Hon. EDWARD COOPER, Mayor, and Chairman Board of Estimate and Apportionment:

SIR—By section 2 of chapter 381 of the Laws of 1879, "the Board of Estimate and Apportionment is authorized and directed to appropriate and include in the final estimate for the year eighteen hundred and seventy-nine the sum of one hundred and fifty thousand dollars," for the purposes of said act, viz.: for materials to be used, and labor and other services to be performed in laying pipes to extend and enlarge the distribution of Croton water through the City of New York, and in furnishing a sufficient supply thereof to the institutions in charge of the Department of Public Charities and Correction, etc., etc.; said amount to be in addition to the amounts heretofore authorized to be expended for said purposes.

The moneys heretofore appropriated for these purposes are exhausted, or covered by existing contracts and orders, leaving no available balance for the further necessary extension and improvement of the Croton water supply. I have to request, therefore, that your Board will make the appropriation as authorized and directed by said act as early as possible.

Very respectfully,

ALLAN CAMPBELL, Commissioner of Public Works.

Which was referred to the Comptroller and ordered to be printed in the minutes.

The Chairman presented the following communication:

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,  
NEW YORK, June 23, 1879.

Hon. EDWARD COOPER, Mayor, and Chairman Board of Estimate and Apportionment:

SIR—In pursuance of the provisions of chapter 508 of the Laws of 1879, passed June 16, 1879, requisition is hereby made upon the Board of Estimate and Apportionment for the appropriation of the sum of nine thousand dollars (\$9,000), for the construction of one additional public floating bath, as provided in said act, and for the maintenance of the same during the year 1879; the said sum being necessary for said purpose, and not in excess of the cost of construction, and the maintenance for the same period, of one of the present public baths belonging to the city.

Very respectfully,

ALLAN CAMPBELL, Commissioner of Public Works.

Which was referred to the Comptroller and ordered to be printed in the minutes.

The Chairman presented the following communications:

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,  
NEW YORK, June 13, 1879.

Hon. EDWARD COOPER, Mayor, and Chairman Board of Estimate and Apportionment:

SIR—In the Final Estimate for the year 1879, the Board of Estimate and Apportionment made an appropriation to this Department in the following terms: "Free floating baths, including the sum of \$9,500 for the construction and maintenance of a bath to be located at the Battery, \$19,000."

In accordance with this appropriation a contract was made for the construction of a new bath, and on May 9th ult., I applied to the Department of Public Parks for permission to moor the bath at the Battery, when completed. I inclose a copy of the letter from the President of the Department of Public Parks, declining to grant the permission.

In view of the precise terms of the appropriation it seems to me that the bath, when completed, must be located at the Battery, or the terms of the appropriation must be amended. I therefore respectfully refer the matter to your Board for such action as may be deemed proper.

The bath will be completed and ready for use some time next month.

Very respectfully,

ALLAN CAMPBELL, Commissioner of Public Works.

DEPARTMENT OF PUBLIC PARKS,  
36 UNION SQUARE (EAST),  
NEW YORK, May 26, 1879.

Hon. ALLAN CAMPBELL, Commissioner of Public Works:

SIR—The Department of Public Parks received your communication relative to locating a public bath at the Battery, and at a meeting of the Board a few days since, directed me to inform you that in consideration of the fact of a bath being now anchored at the Battery by permission of this Department, and paying into the city treasury a liberal fee for the privilege, this Department feels disinclined to grant a further privilege, at the same time regretting very much that they are, for the reason stated, unable to comply with your request.

Very respectfully,

JAMES F. WENMAN, President Dep't P. P.

(Signed)

Whereupon the Comptroller offered for adoption the following resolution:

Resolved, That the Commissioners of the Department of Public Parks be and they are hereby requested to set aside a point at the Battery, where a free public bath constructed by the Department of Public Works, under an appropriation made in the Final Estimate for the year 1879, may be located during the present summer, the point set apart for said bath not to interfere with the present private bath now at the Battery.

The Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote, viz.:

Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, the President of the Board of Aldermen, and the President of the Department of Taxes and Assessments—4.

The Chairman offered for adoption the following resolutions as rules of the Board for the year 1879:

Resolved, That hereafter all meetings of this Board shall be convened upon notice of not less than forty-eight hours served personally upon each member of the Board, and that such notice shall specify the business for the consideration of which the meeting is convened, and if for authority to issue bonds, that a copy of the requisition of the Department making application for such issue, and a reference to the laws or ordinance which authorize the issue, accompanying the same.

Resolved, That any resolution, a copy of which has not been sent with the call for the meeting to each member of the Board, shall, at the request of any member of the Board, be laid over until the next meeting.

The Chairman put the question whether the Board would agree with said resolutions.

Which was decided in the affirmative by the following vote, viz.:

Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, the President of the Board of Aldermen, and the President of the Department of Taxes and Assessments—4.

The President of the Board of Aldermen offered for adoption the following preamble and resolution:

Resolved, That the Counsel to the Corporation be requested to furnish this Board with his opinion on the powers of this Board to comply with the request so made by the Commissioners of Parks.

The Chairman put the question whether the Board would agree with said preamble and resolution.

Which was decided in the affirmative by the following vote, viz.:

Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, the President of the Board of Aldermen, and the President of the Department of Taxes and Assessments—4.

## JURORS.

## NOTICE IN RELATION TO JURORS FOR STATE COURTS.

## OFFICE OF THE COMMISSIONER OF JURORS.

NEW COUNTY COURT-HOUSE,  
NEW YORK, June 1, 1879.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,  
County Court-house (Chambers street entrance).

and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department; but the entire quantity will be required to be delivered on or before thirty (30) days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and re-let as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment for the supplies, will be furnished at the office of the Department.
