No. 227.

AN ORDINANCE amending section 179 of the Revised Ordinances of The City of New York of 1897 by adding a section providing for the issuing of permits for ornamental projections on certain buildings beyond the building line.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 179A.

Section 1. The Borough Presidents and the Park Commissioners having jurisdiction shall, subject to the restrictions of this ordinance, issue permits for the construction of ornamental projections which project beyond the building line, provided, in the opinion of the officer having jurisdiction, no injury will come to the public thereby. Permits for the construction of such projections, lying within any park, square or public place, or within a distance of three hundred and fifty feet from the outer boundaries thereof, shall be issued by the Park Commissioner having jurisdiction, as provided in section 612 of the Charter, as amended by section 1, chapter 723, of the Laws of 1901. Permits for the erection of all other ornamental projections shall be issued by the Borough President having jurisdiction.

For the purposes of this ordinance, "an ornamental projection" shall be taken to mean and include all decorative projections on the face of a building beyond the building line, in the nature of porches, arches, porticos, pedestals, free-standing statuary, columns and pillars, which are erected purely for the enhancement of the beauty of the building from an artistic standpoint.

Sec. 2. Before the erection of any such ornamental projections shall be commenced the owner of the building or his duly authorized agent shall make application in writing to the said Borough President or Park Commissioner having jurisdiction, on suitable blanks furnished by him, for the permit herein provided for, and shall file a plan and drawings showing the nature of the proposed ornament with the dimensions thereof, the number of stories through which it is intended to be carried, and the number of square feet of area covered by that portion of the ornamentation projecting beyond the building line.

Each application shall be accompanied by the amount of compensation due the City for the privilege of erecting said ornamentation, as hereinafter provided.

Sec. 3. Each application for the erection of an ornamental projection, which projects more than one foot beyond the building line, shall be accompanied by a certified copy of the last assessed valuation of the property on which said ornamental projection is to be erected which appears upon the books of the Department of Taxes and Assessments. Except as hereinafter provided, the amount that shall be paid as a compensation to the City for the privilege of erecting each ornamental projection shall be, for each and every square foot or fraction thereof of area extending more than one foot beyond the building line, at the rate of ten per cent. per square foot of the assessed value of the property on which the said ornamental projection is to be erected.

Sec. 4. Ornamental projections which shall extend not more than two feet beyond the building line may hereafter be erected on buildings in the Borough of Manhattan, situated on Broadway to the south of Fifty-ninth street; on Fourteenth street, between Broadway and Sixth avenue; on Twenty-third street, between Third and Sixth avenues; on Thirty-fourth street, between Third and Ninth avenues; on Fifty-ninth street, between Third and Ninth avenues, and on Fifth avenue, between Fourteenth street and Fifty-ninth street, and on all other streets in The City of New York ornamental projections may be erected, provided they shall extend not more than one-fifteenth part of the width of the street they are upon, nor in any case more than five feet beyond the building line.

Sec. 5. The permits mentioned herein shall be issued in duplicate, one of which will be retained by the applicant and kept at the building during the erection of the projection, and the other shall be filed by him with the plans for the building in the Bureau of Buildings. If it shall appear upon completion that the ornamental projection occupies a greater number of square feet than shall have been paid for, the applicant shall pay twice the sum previously paid for each square foot of area occupied by said projection over and above the number of square feet paid for originally, but in no case shall said ornamental projection exceed the limit allowed by law.

Sec. 6. Permits granted pursuant to the provisions of this ordinance are revocable permits, and shall have the following clause printed thereon, viz.: "This permit is issued subject to revocation thereof, at any time hereafter by the Board of Aldermen of The City of New York, upon the recommendation of the officer having jurisdiction, when the space occupied by said ornamental projection or any portion thereof may be required for any public improvement, or upon any violation of any of the terms or conditions upon which this permit is issued." A permit for the erection of an ornamental projection shall be deemed to have expired when such projection is taken down, and the space formerly occupied thereby shall no longer be used for the purpose for which the permit was issued, unless a permit for its reconstruction shall have been granted, as provided in section 8 of this ordinance. In case it is thereafter desired to erect an ornamental projection on the said property, the applicant shall comply with all of the provisions of this ordinance.

Sec. 7. Permits as hereinbefore described, and subject to the conditions therein attached, may be issued to the owners of all buildings having ornamental projections, which buildings have been erected or are being erected, and have ornamental projections thereon beyond the building line, without any authorization therefor.

Sec. 8. No fees shall be charged for granting a permit to reconstruct an ornamental projection within the limitations imposed by an original permit therefor.

Sec. 9. Nothing herein contained shall be deemed to conflict with the provisions of the Building Code. No plans for the construction of a building having ornamental projections thereon, beyond the building line, as defined in this ordinance, shall be approved by the Superintendent of Buildings until the permit therefor is filed, as provided by section 5 of this ordinance.

Sec. 10. All fees received by the Borough Presidents or Park Commissioners for the issuing of permits provided by this ordinance shall be accounted for in proper books kept for that purpose and shall be turned over by them to the City Chamberlain and credited to the General Fund.

Sec. 11. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and shall in addition thereto be liable to a penalty of ten dollars for each offense and ten dollars for each and every day that such offense shall continue.

Sec. 12. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.
