## DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

### REPORT FOR QUARTER ENDING SEPTEMBER 30, 1903.

December 31, 1903.

Hon. SETH LOW, Mayor:

Sir—In accordance with section 1544 of the Greater New York Charter, I submit the following report of the transactions of this department for the quarter ending September 30, 1903.

#### WATER SUPPLY.

##### MANHATTAN AND THE BRONX, QUEENS AND RICHMOND.

Attached hereto and marked "Document I" is the report of Chief Engineer Nicholas S. Hill, Jr.

The waste of water over the old Croton dam varied from 75,000,000 gallons in August to 2,731,000,000 gallons in July, and aggregated for the quarter 5,448,000,000 gallons. The total daily average consumption of water from all sources was lowest in August, 282,600,000 gallons, and highest in July, 286,100,000 gallons.

The progress in the work of protecting the supply by cleaning up and fencing lands, acquiring protecting strips, planning sewage disposal works and abating nuisances is very gratifying. It is also fortunate that in spite of the great demand for water on the high service levels, very necessary repairs to pumps and engines have been able to be completed, resulting in increased efficiency.

In Richmond, during the quarter 12,840,242.60 gallons were pumped from the City's wells at Tottenville, to the standpipe, at an average cost of \$13.45 per million gallons. The average daily consumption was 139,560 gallons. The mains, stopcocks and fire hydrants in use were the same as during the previous quarter.

### Water Revenue for the Quarter Ending September 30, 1903—Department of Water Supply, Gas and Electricity.

	Manhattan.	The Bronx.	Brooklyn.	Queens.	Richmond.	Total.

## BOROUGH OF BROOKLYN.

The report of Chief Engineer I. M. DeVarona is hereto annexed and marked "Document II."

The average daily consumption increased to 105,061,291, being greatest in September and least in August. There was a net loss in storage of 107,480,200 gallons, but the amount of water on hand largely exceeded at the end of the quarter the amount on hand at the same time last year. The total wasted from the ponds east of Millburn was 196,348,600 gallons.

One of the new engines at Millburn was put under steam for the first time in August.

The report of Henry Hawkes, Superintendent of Distribution and Repairs, is hereto annexed and marked "Document IIA."

## LIGHTING.

The Committee of the Board of Estimate and Apportionment to which my recommendation of the rejection of all bids for lighting for 1903 was referred, made no report during the quarter. The absence of contracts for all but a very few districts, prevented the ordering of new lights and the payment of the bills rendered by the companies, except that the Comptroller made payment on account to some companies under stipulations reserving all rights of both the City and the companies. The Consolidated Gas Company and its affiliated concerns declined to receive such partial payments.

The details of the lighting in Manhattan and The Bronx will be found in the report of Charles F. Lacombe, Engineer of Surface Construction, hereto annexed and marked "Document III"; those of the lighting of Brooklyn in the report of A. E. Allen, Assistant Engineer, hereto annexed and marked "Document IV," in Queens, in the report of G. A. Roullier, Deputy Commissioner, hereto annexed and marked "Document V."

In Richmond at the close of the quarter the following public lamps were in service:

Electric arc lamps .....	561
Electric incandescent lamps.....	3,517
Oil lamps .....	100
Total .....	4,178

## ELECTRICITY.

The reports of the electrical bureaus in Brooklyn and in Manhattan and The Bronx are hereto attached and marked respectively "Document VI" and "Document VII."

In Queens, the electrical work of the quarter may be summarized as follows:

Exterior wiring, permits issued.....	651
Interior wiring, applications .....	313
Interior wiring, certificates.....	303
Interior wiring, certificates, covering incandescent lights.....	10,801
Interior wiring certificates covering arc lights.....	60
Interior wiring certificates covering thirty-six motors, horse power.....	61.75
Interior wiring certificates covering generators, k. w. capacity.....	139.00
Complaints issued .....	310
Complaints attended to .....	312
Inspections .....	5,711
Poles removed.....	78
Wires removed (miles).....	33.25

In Richmond, during the quarter, 253 exterior wiring applications were received. Permits for such wiring were issued as follows:

Richmond Light and Railroad Co.....	114
New York & New Jersey Telephone Co.....	104
American Telephone & Telegraph Co.....	3
Staten Island Midland R. R. Co.....	3
Fire Department .....	7
Milliken Bros.....	1
Total .....	232

Fifty-nine interior wiring applications and 69 certificates were issued. Inspections were made as follows:

Exterior wiring .....	511
Interior wiring .....	116
Total .....	627

Seven motors were installed having an aggregate horse power of twelve and one-eighth.

During the quarter the New York & Richmond Gas Company received 61 permits to open the streets for the purpose of laying service pipes, making repairs, etc.

## WATER REVENUE.

The following is a statement of the revenue for the quarter as reported to me by the various Water Registers:

The report of J. Edward Eastmond, Brooklyn Water Registrar, is hereto annexed, and marked "Document VIII."

## CONTRACTS.

The report of Edmund Beardsley, General Bookkeeper, and Frederick W. Shepard, in charge of Central Office, hereto annexed and marked "Document IV," shows the contracts entered into during the quarter, both those for which bids were advertised and those made without such advertisement.

Respectfully,

ROBERT GRIER MONROE, Commissioner.

## DOCUMENT "I."

Department of Water Supply, Gas and Electricity,  
Bureau of Chief Engineer,  
New York, December 17, 1903.

Hon. ROBERT GRIER MONROE, Commissioner:

Dear Sir—Herewith please find report of the operations of the Bureau of Chief Engineer of Manhattan, The Bronx, Queens and Richmond for the quarter ending September 30, 1903.

## BOROUGH OF MANHATTAN AND THE BRONX.

The total amount of Corporate Stock issued to this Department for extensions and improvements up to July 1, 1903, as stated in the last quarterly report, was \$1,539,501.74, and there was also issued \$70,725 of Revenue Bonds, making a total appropriation of \$1,610,226.74 outside of the regular annual Budget for the operation of this Bureau. During the present quarter, in response to an application made for additional money, the following amounts of Corporate Stock were issued for the purposes named, under a resolution of the Board of Estimate and Apportionment adopted July 22, 1903:

1. Filter beds at Mahopac Falls.....	\$120,000 00
2. Meter testing apparatus, etc.....	20,000 00
3. Additional fire hydrants.....	50,000 00
4. New pumps at Ninety-eighth street and One Hundred and Seventy-ninth street stations.....	100,000 00
5. Additional water mains.....	500,000 00
	<hr/>
	\$790,000 00
Previous issues.....	1,539,501 74
Total.....	<hr/>
	\$2,329,501 74

Plans for the filter beds are well under way, the necessary surveys and measurements having been already made. A number of contracts for additional water mains, as provided for in the above, have also been prepared.

## BOROUGH OF QUEENS.

Under a resolution of the Board of Estimate and Apportionment dated July 22, 1903, \$200,000 was appropriated for laying additional mains in Long Island City. This included the laying of a force main to connect the pumping stations of the Citizens' Water Supply Company at the head of Flushing creek with Long Island City. As stated in the last quarterly report, Corporate Stock has been issued for improvements to the amount of \$200,000 and Revenue Bonds for \$10,000 for rentals of additional fire hydrants, making a total of \$410,000 for the first three quarters of 1903.

## BOROUGH OF RICHMOND.

No additional appropriations were received for the Borough of Richmond during the present quarter.

## BOROUGH OF MANHATTAN AND THE BRONX.

## Daily Consumption of Water.

Following will be found table giving statistics with relation to the flow of water in the Croton river, daily consumption, rainfall and waste over Old Croton Dam:

1. Observed Average Daily Flow of Croton River—			Gallons.
Sum of aqueduct flow and waste over dam, with no correction for lowering or refilling of storage reservoir.	July ...	356,000,000	
	Aug. ...	268,500,000	
	Sept. ...	353,100,000	
Average per day in third quarter.....		325,900,000	
2. Natural Average Daily Flow—			
Computed from observed flow by deducting the quantity corresponding to lowering of storage reservoir or adding the quantity taken to refill, without allowing for evaporation loss from storage reservoir.	July ...	293,400,000	
	Aug. ...	298,000,000	
	Sept. ...	255,700,000	
Average per day in third quarter.....		313,700,000	
3. Average Daily Flow of Croton River at New Croton Dam, Exclusive of Storage—			
Computed from natural flow at old dam for the given year and month by adding 6.4 per cent. for increase in drainage area and deducting an allowance for the evaporation loss caused by substituting water surface for land surface in the new reservoir.	July ...	306,500,000	
	Aug. ...	305,900,000	
	Sept. ...	369,500,000	
Average per day in third quarter.....		327,300,000	
4. Computed Natural Flow of Croton River at Site of New Croton Dam—			
Total number of gallons delivered in each month, exclusive of storage draft. The figures here are the monthly aggregates of the daily flow given under No. 3.	July ...	9,517,000,000	
	Aug. ...	9,486,000,000	
	Sept. ...	11,100,000,000	
Total for third quarter.....		30,103,000,000	
5. Average Daily Flow per Square Mile of Total Drainage Area at New Croton Dam—			
Computed by dividing quantities of No. 3 by 360.4 square miles in gallons per twenty-four hours.	July ...	852,000	
	Aug. ...	849,000	
	Sept. ...	1,027,000	
Average per day in third quarter.....		909,000	
6. Average Daily Consumption of Croton Water for Each Month—			
	July .....	272,000,000	
	August .....	268,000,000	
	September .....	270,000,000	
Average per day in third quarter.....		270,000,000	
7. Waste of Water Over Old Croton Dam—			
	July .....	2,731,000,000	
	August .....	75,000,000	
	September .....	2,642,000,000	
Total for third quarter.....		5,448,000,000	
8. Rainfall on Croton watershed, in total inches, depth each month, being the average of the rain gauges recorded at Croton Dam, Boyds, Carmel, Muscote, Middle Branch, Titicus and East Branch reservoirs.		Inches.	
	July ...	2.90	
	Aug. ...	7.74	
	Sept. ...	3.03	
Total in third quarter.....		13.67	

In the Bronx and Byram shed the rainfall was:

July .....	1.93
August .....	9.05
September .....	7.79
Total for third quarter.....	18.77

The average daily consumption of water from the Bronx system was:

	Gallons.
July .....	12,000,000
August .....	12,500,000
September .....	13,000,000

Adding to the amounts drawn from the Croton and Bronx system water obtained from the City of Yonkers and the New York and Westchester Water Company, the total daily consumption in the two boroughs is:

## Consumption for Third Quarter of 1903.

	July.	Aug.	Sept.
Croton water (million gallons per day).....	272	268	270
Outflow from Kensico Reservoir .....	12.0	12.5	13
Westchester Water Company, Pelham Park Station.....	0.5	0.5	0.5
Yonkers Water Company .....	1.6	1.6	1.6
Total consumption.....	286.1	282.6	285.1

## Water Waste Prevention.

Considerable progress has been made with the water waste determinations, and a number of districts have been surveyed, and the results so far obtained are sufficiently extensive to enable some conclusions to be drawn. I will not refer to these at this time, but will take up the matter of water waste prevention in the Annual Report for the year.

## County Division.

The property of the Department in the Croton Basin has been much improved and maintained in good order, and the effect of the cleaning and grubbing in the first and second quarters is apparent throughout the watershed.

The work of fencing the land recently acquired about the Cranberry Pond outlet has progressed, and many buildings removed.

Contract was also let in August for repairs to the spillway and to raise the lip of the East Branch Reservoir by 2 feet. This spillway was badly damaged by the floods of December, 1901. The contract for flashboards has also been completed, and the flashboards are in place on the Middle Branch and West Branch Reservoirs.

Repairs have been made to the electrozone plant at Brewster, and an additional tank put in and tests made to determine the amount of electrozone required to sterilize the effluent from the sewage system of the town. It was found that much more was being used than was necessary, and, as a result, the cost of operating this plant will be reduced. The tests also showed that the plant was very efficient in the removal of bacteria.

Plans have been prepared for a sewage disposal plant for the village of Mt. Kisco.

A survey has been started with a view to obtaining lands about the Middle Branch Reservoir, together with a protective strip on each side of the Middle Branch from the Dam up to Ludingtonville. There are several settlements which cause bad nuisances on this stream, particularly about the old Tilly Foster mine. Surveys for the protection of the East Branch of the Croton have been completed, and it is intended to start proceedings for the acquirement of a protective strip along Cross River to its head waters.

The sanitary patrol is now in good working order, and the Katonah Laboratory thoroughly established, and the results very gratifying. Several serious nuisances have been abated, among which may be mentioned the Montefiore Home. This institution had a so-called sewage disposal plant, which was found, upon inspection and analysis of the water in the Croton River near the head water of the Croton Lake, to be inefficient. The authorities in charge of this institution were notified, and the nuisance has been abated. The reports of nuisances are being forwarded to the Health Department for action, and arrangements have been made with the office of the Corporation Counsel whereby offenders maintaining nuisances, who do not abate the same after proper notice, will be prosecuted.

A contract for fencing the property about the East Branch Reservoir has also been let.

The work of straightening and cleaning out the Byram River has been started and will be pushed rapidly. In addition, the property about the reservoirs and streams in the Bronx and Byram watershed has been put in much better condition.

The following is a report of the work done along the Aqueduct:

## Third Quarter, Aqueduct Repairs and Maintenance, 1903.

	Filling and Grading, Cubic Yards.	Brick Masonry, Cubic Yards.	Concrete Masonry, Cubic Yards.	Cement Masonry, Cubic Yards.	Pointing Masonry, Square Yards.	Fence Built, Linear Feet.	Fence Repaired, Linear Feet.	Fence Painted, Linear Feet.	Fence-posts Set.

N. S. HILL, Jr., Chief Engineer, Department of Water Supply, Gas and Electricity, New York City:

Dear Sir—The above is a summary of the work performed along the line of the aqueducts during the past quarter, and in addition I would report the following:

First Division—The work performed on this division has been concrete work on apron of dam, clearing driftwood from lake, repairing screens in gate houses, cleaning floor gratings in gate house, cutting grass, making a sanitary inspection of streams emptying into the lake, and cleaning up line of aqueduct.

Second Division—The work on this division has been rebuilding head house on the New Aqueduct at Shaft No. 5, cutting grass and cleaning up line of aqueduct.

Third Division—The work performed on this division has been building and repairing fences, and painting same, hauling lumber and posts for fencing, cutting grass and cleaning up line.

Fourth Division—The work performed on this division has been repairing fences, repairs to aqueduct banks, cleaning cross walks, culverts and drains, cutting grass and cleaning up line of both aqueducts.

Fifth Division—The work on this division has been building, repairing and painting fences, filling and grading, cleaning the machinery at Dunwoodie, cleaning and overhauling Old Aqueduct gate house, cutting grass, cleaning culverts and gutters and line of aqueduct.

Sixth Division—The work on this division has been building and repairing fences, filling and grading, setting telephone poles, weeding and repairing roadway, cleaning the machinery in gate house, cleaning around the head houses on New Aqueduct, and the gutters, drains and walks on Old Aqueduct, cutting grass and cleaning up line of the aqueduct.

Seventh Division—The work performed on this division has been cutting grass, cleaning culverts, drains and cross walks, the reservoir has been cleaned and the sidewalks scrubbed, cleaning tower and gate houses, hoisting coal and cleaning line.

Eighth Division—The work performed on this division has been repairing the lagging on pumps, Ninety-eighth Street Station, keeping surface of water clean in the reservoirs, repairing reservoir banks, repairing wire fence and setting fence posts, repairs to and cleaning gate houses and chambers, pointing gable ends of coal house, Ninety-sixth street, building pump room and foundation for pumps, laying brick walk in front of boilers, setting coping and pointing brick work, patrolling Central Park reservoirs, and cutting grass on reservoir banks.

Respectfully,

(Signed) JOHN E. McKAY, Principal Assistant Engineer.

October 1, 1903.

#### Pipes and Distribution.

I submit herewith a statement of the contracts let for pipe laying, linear feet of pipe laid, stop-cocks set, hydrants set, etc.

Contracts for laying and relaying water mains in the following streets and avenues have been completed during the quarter:

One Hundred and Thirty-eighth street, from Park to Rider avenue; Belmont avenue, from One Hundred and Eighty-third street to a point 250 feet north; Twenty-first avenue, from White Plains road to Catherine street.

Linear Feet of Pipe Laid—36-inch, 2,346; 20-inch, 15,496; 12-inch, 22,278; 6-inch, 24,847; total, 64,967.

Stop-cocks Set—36-inch, 1; 20-inch, 6; 12-inch, 57; 6-inch, 79; total, 143.

Hydrants Placed—Double nozzle "New York," 77; single nozzle "New York," 64; "No. 1," 5; total, 146.

In addition to the above, the following amount of work has been done in relaying mains on account of grading of streets, etc.:

Linear Feet of Pipe Laid—12-inch, 896; 6-inch, 652; total, 1,548.

Stop-cocks Set—12-inch, 1.

Hydrants Placed—Double nozzle "New York," 1; single nozzle, "New York," 3; total, 4.

#### Pipe Laid by Repair Gangs.

69 linear feet 12-inch pipe laid.

97 linear feet 6-inch pipe laid.

3 new 12-inch stop-cocks and boxes set.

7 new 6-inch stop-cocks and boxes set.

3 new 4-inch stop-cocks and boxes set.

16 additional New York hydrants set.

3 additional Matthews hydrants set.

2 additional Eddy hydrants set.

13 New York hydrants set in place of defective ones.

2 12-inch stop-cocks placed.

1 48-inch stop-cock repaired.

3 20-inch stop-cocks repaired.

2 6-inch stop-cocks repaired.

1 48-inch main repaired.

1 20-inch main repaired.

10 48-inch stop-cocks cleaned, greased and oiled.

6 36-inch stop-cocks cleaned, greased and oiled.

8 30-inch stop-cocks cleaned, greased and oiled.

6 24-inch stop-cocks cleaned, greased and oiled.

1 16-inch stop-cock cleaned, greased and oiled.

5 12-inch stop-cocks cleaned, greased and oiled.

2 6-inch stop-cocks cleaned, greased and oiled.

Note—7 "A" hydrants abandoned; 2 Case hydrants abandoned; 1 Cayuta hydrant abandoned; 2 "B" hydrants abandoned; 3 No. 1 hydrants abandoned.

#### Additional New York Hydrants.

1 East side Second avenue, between One Hundred and Twenty-eighth and One Hundred and Twenty-ninth streets.

1 North side One Hundred and Second street, between Second and Third avenues.

1 Northwest corner One Hundred and Sixteenth street and Second avenue.

1 Northeast corner One Hundred and Sixteenth street and Third avenue.

1 Northeast corner One Hundred and Second street and Amsterdam avenue.

1 West side Seventh avenue, between One Hundred and Forty-fourth and One Hundred and Forty-fifth streets.

1 Northeast corner One Hundred and Sixteenth street and First avenue.

1 Northwest corner One Hundred and Sixteenth street and Pleasant avenue.

1 North side Seventy-first street, between West End avenue and New York Central Railroad.

1 Northwest corner One Hundred and Sixteenth street and Third avenue.

1 Northwest corner One Hundred and Sixteenth street and Lexington avenue.

1 Northwest corner One Hundred and Sixteenth street and Eighth avenue.

1 Northwest corner Fifty-sixth street and Eighth avenue.

1 West side Bradhurst avenue, between One Hundred and Fiftieth and One Hundred and Fifty-first streets.

1 South side Spring street, between West Broadway and Thompson street.

1 South side Spring street, opposite Macdougall street.

#### New York Hydrants in Place of Defective Hydrants.

1 northwest corner One Hundred and Second street and Second avenue.

1 northwest corner One Hundred and Second street and Columbus avenue.

1 south side Thirtieth street, between Lexington and Third avenues.

1 northeast corner Twenty-eighth street and Third avenue.

1 south side Thirty-first street, between Sixth and Seventh avenues.

1 southeast corner Twenty-eighth street and Tenth avenue.

1 intersection of Broadway, Fifth avenue and Twenty-fourth street.

1 west side Sylvan place, between One Hundred and Twentieth and One Hundred and Twenty-first streets.

1 northeast corner One Hundred and Twenty-first street and Park avenue.

1 southwest corner Nineteenth street and Fifth avenue.

1 northwest corner One Hundred and Thirty-first street and Park avenue.

1 south side Warren street, between West Broadway and Greenwich street.

1 northeast corner Third street and First avenue.

#### Miscellaneous Hydrants (Additional).

1 west side White Plains avenue, 200 feet south of Olin avenue, 2-nozzle Matt.

1 Bronxwood Park, Williamsbridge, 2-nozzle Eddy.

1 east side Main street, 100 feet south Armour place, 2-nozzle Matt.

1 Kinsella avenue, 500 feet west of Bear Swamp road, 2-nozzle Eddy.

1 Kinsella avenue, 150 feet west of Bear Swamp road, 2-nozzle Matt.

#### Mechanical Division.

The work on the erection of the second 15,000,000-gallon pump has progressed very slowly, owing to the delays of the Worthington Company, but the pump is now nearing completion. The repair work has progressed very satisfactorily, considering that the demand for water is nearly equal to the capacity of the pumps, and great difficulty was met in obtaining the use of the pumps for repair purposes. The duty, however, on all the old pumps has been largely increased and their efficiency improved. Repairs have been started on the 7,500,000-gallon pump at Ninety-eighth street, and changes have also been made in the feed water piping which will improve the efficiency of the plant.

At the Jerome Park Pumping Station the station proper is nearly complete, with the exception of the masonry work on the standpipe tower, which is now rapidly progressing. The building will soon be roofed. The boilers are about ready for shipment and we are advised by the foundry that the engines will be ready for shipment the latter part of October.

#### Complaints and Services.

Below will be found statement of work done in this division in addition to the regular work of investigating complaints and inspections to determine the illegal use of water:

Old hydrants replaced by new ones.....	152
Old hydrants repaired.....	3,471
Old stop-cocks replaced by new ones.....	16
Old stop-cocks repaired.....	470
Croton mains repaired (leaking at joint or burst).....	189
Taps shut off at main (service broken or leaking).....	293
Hydrants found improperly closed after use.....	526
Linear feet of pipe used in repairs to mains.....	1,055
Permits issued to tap on City mains, Manhattan.....	421
Permits issued to tap on City mains, Bronx.....	233
	654
New horse troughs set.....	1
Old horse troughs repaired.....	22

Permits to place Smith or Ely connections on City Mains—2-inch connection, 36; 3-inch connection, 4; 4-inch connection, 3; 6-inch connection, 1.

#### General Inspection.

Below will be found summary of the gates inspected and used in the boroughs of Manhattan and The Bronx:

40 4-inch gates; 1,366 6-inch gates; 6 8-inch gates; 7 10-inch gates; 580 12-inch gates; 2 16-inch gates; 137 20-inch gates; 8 24-inch gates; 20 30-inch gates; 35 36-inch gates; 14 48-inch gates; total, 2,215.

#### Accounting Division.

The following is a statement of the summary of expenditures for the quarter ending September 30, 1903:

Summary of Expenditures for the Quarter Ending September 30, 1903.

## BOROUGH OF QUEENS.

## Pipes and Distribution.

During the present quarter an additional contract for laying mains has been completed.

The following is a statement of work done:

	First Ward.	Third Ward.
Number of taps .....	121	47
Number of leaks repaired .....	4	3
Number of stop-cocks repaired .....	12	12
Number of gate boxes repaired .....	.....	1
Number of hydrants repaired .....	83	35
Number of hydrants removed .....	11	3
Number of hydrants reset .....	2	5
Number of stop-cocks reset .....	.....	.....
Number of gate boxes reset .....	23	15
Number of new stop-cocks set .....	6	4
Number of new gate boxes set .....	8	1
Number of new hydrants set .....	7	3
Private connections made .....	1	.....
Water pressures taken .....	1	.....
Linear feet of water main laid .....	47,302	21,751
Linear feet of water main lowered .....	.....	.....
Men at work at various times during the quarter at Corporation yards and pumping stations .....	.....	.....

During the quarter contracts have been prepared and advertised for laying mains, as follows:

In Thomson, Betts and Woodside avenues, in Hoffman Boulevard and in Union turnpike.

Contract has been let to Clinton Beckwith for furnishing, delivering and laying water mains in Jamaica, Jackson, Nott, Hopkins, Ely and Borden avenues, in Woolsey and Van Dam streets and in Broadway, First Ward, Borough of Queens.

## Mechanical Division.

The work of repairing the pumping stations has progressed rapidly, and now all the stations have at least one pump running in good order. During the quarter contracts for repairs to the pumping stations have been let, as follows:

For furnishing materials, building and installing new boilers and appurtenances at Pumping Stations Nos. 1 and 3, in the First Ward, Borough of Queens.

For furnishing materials, building and installing new boilers at the Bayside and Flushing Pumping Stations, in the Third Ward, Borough of Queens.

For furnishing and installing a feed-water heater and purifier in Pumping Stations Nos. 1 and 3, First Ward, Borough of Queens.

For furnishing materials and driving wells at Pumping Station No. 3, in the First Ward, Borough of Queens.

Contracts and specifications have been prepared and advertised for the following:

For furnishing materials and building a brick chimney at Flushing and Bayside Pumping Stations, Third Ward, Borough of Queens.

For furnishing materials, building a foundation and dismantling and removing standpipe from College Point to Flushing, Third Ward, Borough of Queens.

For furnishing materials, building and installing a pumping engine at Flushing Pumping Station, Third Ward, Borough of Queens.

For furnishing materials, driving wells and installing an air lift system at Flushing Pumping Station, Third Ward, Borough of Queens.

## BOROUGH OF RICHMOND.

During the quarter contract was let to Clinton Beckwith for laying mains in Lehigh Station, Pleasant Plains, Prince's Bay, Seguine, Sharrott, Woodvale, Maguire, Bay View and Huguenot avenues, in Church street and in Amboy, Mill and Bloomingdale roads.

## Mechanical Division.

During the quarter contract was let for furnishing materials and building a storehouse and boiler-house at Tottenville Pumping Station.

Respectfully submitted,

NICHOLAS S. HILL, Jr., Chief Engineer.

## DOCUMENT "IL."

City of New York, Borough of Brooklyn,  
Department of Water Supply, Gas and Electricity,  
Chief Engineer's Office, Room 25, Municipal Building,  
Brooklyn, N. Y., November 16, 1903.

ROBERT VAN IDERSTINE, Esq., Deputy Commissioner:

Sir—The following report shows the condition of the water supply in the Borough of Brooklyn, the work done in connection with the same for the quarter ending September 30, 1903, the receipts for metered and unmetered water, and the expenditures provided for under the Water Revenue Budget prepared by this Bureau, as well as those items of the Tax Levy Budget chargeable to engineering work.

## FINANCIAL.

## Receipts and Expenditures.

Receipts—	
Regular water rates .....	\$807,805 14
Metered water rates .....	60,664 53
Default, arrears, etc. ....	46,441 29

Total receipts..... \$914,910 96

## Expenditures (Water Revenue Budget).

Chief Engineer's Bureau—	
Salaries and wages .....	\$117,853 90
Materials and supplies .....	99,621 33

\$217,475 23

Repairs to Distribution and Complaints—	
Salaries and wages .....	\$57,087 52
Materials and supplies .....	4,723 93

61,811 45

## Expenditures (Tax Levy Budget).

Salaries—	
Laboratory .....	1,765 45
Supplies and contingencies.....	68 86

## Average Daily Consumption, United States Gallons.

System.	July.	August.	September.	Three Months.
Ridgewood supply—				
Ridgewood low service.....	89,911,876	86,166,124	90,896,138	88,974,675
Mount Prospect low service.....	5,208,703	4,901,768	5,728,630	5,274,821
Mount Prospect high service.....	2,952,193	2,847,419	3,066,700	2,954,227
Total Ridgewood.....	98,072,772	93,915,311	99,691,468	97,190,723
Gravesend .....	3,328,077	2,946,610	2,909,703	3,063,113
New Utrecht .....	1,560,509	1,895,630	1,143,904	1,540,014
New Lots .....	3,758,168	3,586,581	3,617,533	3,654,491
Total.....	105,159,017	102,009,011	108,114,334	105,061,291

## Storage and Reservoirs, United States Gallons.

Reservoir.	July 1, 1903.	Oct. 1, 1903.	Gain.	Loss.
Ridgewood Basin No. 1.....	61,449,400	65,041,800	3,592,400	.....
Ridgewood Basin No. 2.....	73,735,200	76,204,000	2,468,800	.....
Ridgewood Basin No. 3.....	122,215,500	71,462,500	.....	50,753,000
Mount Prospect .....	20,895,100	18,330,600	.....	2,564,500
Hempstead .....	841,039,000	780,742,000	.....	60,297,000
New Lots .....	3,331,600	3,404,700	73,100	.....
Total.....	1,122,665,800	1,015,185,600	.....	107,480,200

## Rainfall—Inches.

Location.	July. 1902.	July. 1903.	August. 1902.	August. 1903.	September. 1902.	September. 1903.	Total. 1902.	Total. 1903.
Municipal Building .....	2.69	3.46	3.68	6.36	4.19	2.77	10.56	12.59
Hempstead Reservoir .....	2.42	3.16	3.34	7.67	5.54	2.05	11.30	12.88

## General Condition of the Supply.

The heavy rainfall of the summer months and comparatively low temperature made it possible to provide for the consumption without practically drawing on the stored water, with reduced pumping from the driven well stations on the old watershed, and without having to bring into service the driven well stations on the new watershed. Thus, of the latter, the Agawam station was only run for three days in August and fourteen days in September, and the Wantagh station for two days in August. Pumping at these stations took place at the request of the Commission on Additional Water Supply, to facilitate certain experiments. Water was drawn from the Hempstead Storage Reservoir only on August 25, 26 and 27, and the total amount in storage at the end of the quarter was 552,490,000 gallons more than the corresponding date of last year. This large increase in storage has been due mainly to the increased supply obtained from the watershed east of Rockville Centre. The total amount pumped at Millburn during the quarter was 4,665,476,755 gallons, and for the corresponding quarter of 1902 it was 3,723,068,710 gallons, being a total increase of 942,408,045 gallons, or 10,243,566 gallons per day. Even with this increased pumping water wasted from the ponds east of Millburn during the quarter was as follows:

	July.	August.	September.	Total.
Massapequa .....	3,170,200	32,926,000	.....	36,096,200
Wantagh .....	1,061,800	48,233,800	.....	49,295,600
Newbridge .....	.....	8,676,400	1,061,800	9,738,200
East Meadow .....	25,713,400	67,976,000	.....	93,689,400
Millburn .....	1,220,500	6,308,700	.....	7,529,200
Total .....	31,165,900	164,120,900	1,061,800	196,348,600

The Ridgewood reservoirs have been kept nearly full and there has been very little special complaint from lack of pressure, although the pressure, owing to other causes, is poor in many sections of the distribution system, as has frequently been stated. In the latter part of the quarter Basin No. 3 of the Ridgewood Reservoirs was lowered as a safeguard against accident during the laying of the new 48-inch main on Cypress and Myrtle avenues.

The commencement of the test of the Springfield filter has added about 3,000,000 gallons a day to the supply, and if the test of both this plant and the Baiseley's plant proves successful it will increase the daily supply by about 8,000,000 gallons. A further increase in the supply will be obtained upon the completion of the filter beds at the lower end of the Hempstead Storage Reservoir, to filter the waters from Horse brook. These beds should be ready for use by the middle of November.

## Extension of Distribution.

The contract covering all the extensions of distribution mains reported on favorably up to June 4 has been advertised, and was awarded to Mr. Isaac Harris, who was the lowest bidder, for \$111,816.50. This contract covers the extension on 75 streets and avenues, requiring 82,350 feet of 20, 16, 12, 8 and 6-inch pipe, and the time allowed for the work is 150 working days.

The following work has been done in laying additional distribution pipe:

Water Mains Laid.	20-Inch.	12-Inch.	8-Inch.	6-Inch.	Total.
Linear feet.....	486	4,181	17,405	7,730	29,802
Water gates set.....	1	10	44	28	83

Fire hydrants set (with 683 feet of hydrant branches), 92.

Favorable reports were made on petitions for 67 streets and avenues, covering a total distance of 103,201 feet, and petitions for mains on 31 streets and avenues were reported on unfavorably. Among the streets on which favorable reports were rendered there was a large number in the Thirtieth and Thirty-first wards which the Fire Department had requested should be provided with water mains. Separate contracts for furnishing and laying pipe for this work will be made as soon as the approved contract forms prepared by this Bureau are printed.

Work on the contract awarded to Mr. Harris early in this year has been actively prosecuted, and the work will be nearly completed by the end of the coming quarter.

Contract forms have been prepared and forwarded for approval for purchasing pipe, special castings, stop cocks and hydrants separately and having them delivered at the storage yard, corner of Butler and Nevins streets. Blank forms have also been prepared for the laying of the pipe and setting of stop cocks and hydrants, space being left for filling in the streets in which the work is to be done and the amount of the various items of work. These forms have been in accordance with the recommendations I made in the report for the quarter ending March 31, 1903, in which the advantages to be derived were detailed. It is to be hoped that the system of buying and laying the pipes and appurtenances separately can be commenced next quarter.

## Removal of Old Pipe.

The contract for removing and relaying water mains along the river front and in the Dry Goods District was advertised and bids opened on August 13. The lowest bidder for this work was M. J. Dady, his total bid amounting to \$213,626.15, and the contract has been awarded to him. Work is about to commence on casting the pipe and it is hoped that a portion of the pipe can be laid before the cold weather sets in. This contract will provide for a large main running along the river front from the corner of Harrison and Columbia streets to Kent avenue and South First street, with connections to the various trunk mains. It also provides for relaying mains in the Dry Goods District, bounded by Fulton street, Nevins street, Atlantic avenue, and Boerum place.

To further carry out the general plan of removal of old mains and increasing the large distribution service mains, an appropriation was asked for \$650,000, which was authorized by the Board of Estimate and Apportionment on July 15, and approved by the Board of Aldermen on July 31 and by the Mayor on August 12. A contract has been prepared for removing and relaying mains under this appropriation and is now in the hands of the printer. This contract, together with the contract previously referred to, will provide for the removal and replacing of mains as follows:

Size of Main.	Length to be removed. Feet.	Length to be laid Feet.
6-inch .....	60,560	.....
8-inch .....	42,800	4,900
12-inch .....	13,000	9,200
20-inch .....	.....	88,200
24-inch .....	.....	22,100
30-inch .....	.....	6,450

These two contracts provide for the laying of practically all the mains 20 inches and larger in diameter, which are to be laid in the older section of the City. They should secure adequate pressure for ordinary consumption in all the districts therein comprised, and, with the smaller mains to be laid, should also give adequate fire service.

#### PUMPING STATIONS.

Mount Prospect, Gravesend and New Utrecht.

The average amount of water pumped per day at the Mount Prospect Station during the quarter was as follows:

	1902.	1903.
Reservoir .....	5,425,000	5,274,800
Tower .....	3,241,500	2,954,200

This reduction in pumping has been due to the careful supervision of the gates along the boundaries between the Mount Prospect Tower and Reservoir services, and between the Mount Prospect and Ridgewood Reservoir services, and has been secured although the area supplied by the Mount Prospect Reservoir has been increased by the addition of the Clinton avenue district. The engines at this station need overhauling, Engine No. 5 having been run constantly since March, 1898. An effort will be made to reduce the Tower district sufficiently to allow this engine to be shut down for repairs, which will take about ten days.

The Gravesend Station has run continuously during the quarter and such repairs as have been required to keep the boilers in fairly good condition have been made.

At the New Utrecht Station no pumping was done from the beginning of the quarter until August 4. One hundred and sixteen 2-inch wells at this station have been pulled up and redriven with new single gauze strainers and points. The old 6-inch wells have been disconnected and pulled, the pipe being stored at the Jameco Station for use as required. A large amount of pipe, gates and special castings have been removed and will be used as required at other stations.

#### Ridgewood.

Minor repairs have been made to the engines on the north side. It has not been necessary to operate the Davidson plant, these engines pumping a few strokes once a week to keep them in good condition. On the south side, Engines Nos. 1 and 2 were in constant operation, while Engines Nos. 3, 4 and 5 have been overhauled and repaired. The engines of this plant are worn and are not very economical. The Morris boilers are to be retubed, and a contract has been made for this work, but so far no work has been done under the contract. General repairs have been made to the other batteries of boilers, as required. The inside of the dynamo room and the woodwork of the engine room on the south side was painted. The scrap iron was advertised for sale, but no bids were received. This iron heap is unsightly; it is to be hoped that it may soon be disposed of and removed.

#### New Lots.

Two additional 8-inch deep wells have been driven and a test will be made during the coming quarter. These wells have 5-inch suction pipe, with strainers, and are driven to a depth of 136 and 137 feet respectively. Should these deep wells prove successful, they will be utilized to increase the supply when the plans for remodeling this station are carried into effect.

#### Line Stations.

At the Spring Creek Station the old plant has been operated, the wells of the temporary plant being connected to the old plant.

The Shetucket Station has been operated for only eight hours daily, as the water from this station is of poor quality.

The Oconee Station has pumped at the rate of 3,000,000 gallons daily, which is about 1,200,000 gallons more than it was able to pump previous to the installation of the shallow wells.

The wells at the Baiseleys Station are being pulled up, cleaned and redriven with new points. So far, thirty-four of these wells have been redriven.

At Jameco the Davidson engine has been completely overhauled and the wells of the deep plant are being washed out, as the yield has been greatly reduced by the filling in of the wells.

At Watts Pond two of the 6-inch wells have been disconnected, pumped and cleaned and reconnected to the mains.

Extensive repairs to Boiler No. 1, at the Smiths Pond Station, have been completed and the boiler is now in good condition.

At the Millburn station the contractors have been working on the new engines and boilers, detailed reference to which will be made later.

At the other stations minor repairs have been made as required.

#### Ponds, Conduits and Reservoirs.

The general work of patrolling and cleaning the streams on the watershed has been carried on. A careful watch has been kept of the work on the race track at Elmont, as it is on the upper part of the watershed of the Simonson's stream. The use of water form this stream has only been allowed when examination showed it to be safe and the use of the stream was discontinued from July 1 to July 24 and from August 6 to August 25.

The following schedule gives a summary of the work of cleaning closets and cesspools on the watershed:

Near Foster's Meadow stream .....	429
Near Springfield stream .....	589
Near Valley stream .....	169
Near Pines stream .....	117
Near Hempstead .....	2,367
Near Schodack brook .....	105
Near Millburn stream .....	78
Near East Meadow stream .....	114
Near Wantagh stream .....	161
Along conduit line .....	719

The total cost of this work during the quarter was \$961.22.

#### Protection from Pollution.

A map of nuisances on the watershed has been made and they have been divided into three classes, based on their relative importance as sources of pollution. As soon as a force is available for making the surveys a map will be prepared showing the land to be purchased under the present appropriation available for that purpose.

#### Filter Plants at Baiseleys and Springfield.

The reconstruction of these filters has been completed and the test of the Springfield plant was commenced on September 21. The contract for the controllers, which were to be furnished by the City, was awarded to the New Jersey Foundry and Machine Company on June 3. This contract provided for five controllers for Springfield and ten for Baiseleys, at a total price of \$3,495. The controllers were delivered during the month of August and have worked satisfactorily.

#### Water Analyses.

The usual work of examining, both chemically and bacteriologically, the water supply has been continued and 900 samples of the Brooklyn supply were collected. The average condition of the water during the quarter is shown by the following table:

Locality.	Turbidity.	Color.	Alb. Am.	Free Am.	Chlorine.	Micro-organisms.	Bacteria.
Ridgewood—							
Average influx .....	3	19	.062	.015	11.0	236	377
Basin 1, efflux .....	2	19	.067	.018	....	538	348
Basin 2, efflux .....	2	19	.071	.021	....	366	238
Basin 3, efflux .....	2	21	.064	.016	....	814	294
Mount Prospect Reservoir .....	3	13	.113	.037	8.4	2,817	191
Average taps .....	2	19	.061	.008	....	641	251

#### Contracts.

The following contracts have been prepared and forwarded during the quarter: July 3, 1903—For furnishing, delivering and laying water mains in Provost, Grove, Aetna, Dean, Powell, Warwick, etc.

July 23, 1903—For furnishing, delivering and laying the 16-inch trunk water main in the Borough of Brooklyn.

July 17, 1903—For furnishing and erecting a wrought iron fence with gates at the new Ridgewood pumping station.

July 17, 1903—For furnishing and installing steam engines, generators and wiring at the Jameco and Springfield stations, etc.

September 4, 1903—For furnishing and delivering cast iron pipe and special castings.

September 4, 1903—For furnishing, handling and laying water mains and appurtenances.

September 24, 1903—For furnishing, delivering and laying water mains and removing existing water mains in Conover, Williams, Imlay, Van Brunt, Harrison, etc.

The following are the contracts for which bids were received, together with the names of the lowest bidders and the total amount of the bid, on the basis of the Engineer's estimate of work to be done:

For furnishing, delivering and laying water mains in Provost, Grove, Aetna, Dean, Powell, Warwick, etc.

Isaac Harris, \$111,816.50.

For furnishing, delivering and laying the 16-inch trunk main in the Borough of Brooklyn.

Isaac Harris, \$89,885.

For furnishing, delivering and laying water mains and removing existing water mains in Columbia, Furman, Fulton, Water, Gold, Nassau, etc.

M. J. Dady, \$213,626.15.

#### Infiltration Galleries.

An appropriation of \$350,000 was made on July 15 for the Massapequa Infiltration Gallery, and plans and specifications for this gallery are practically completed.

The work of construction on the Wantagh Gallery has been commenced by the New York Continental Jewell Filtration Company, the outside wall of the central well having been completed and 150 feet of 36-inch vitrified pipe laid. The delay in acquiring the necessary lands by the City has somewhat retarded this work, and the difficulties of construction have been considerably increased by the heavy rainfall.

#### Filter Beds.

The contract for the two filter beds below Hempstead Storage Reservoir was awarded to the only bidder, Mr. Frederick Lewis, for \$9,120. The contractor commenced work in the latter part of August and has now completed the excavation on the site of the beds, the laying of the main drain pipes, and the greater part of the embankments. These filter beds will solve the long standing problem of the pollution of Horse Brook and probably add about 2,000,000 gallons per day to the supply.

The contract for the Forest Stream Filter Beds was awarded to Isaac Harris, the lowest bidder, for \$50,000. Notice to commence work has not yet been given.

#### New Trunk Mains.

Field work was commenced in the latter part of September on both the 48-inch force main from the Ridgewood Engine House to the Mount Prospect Reservoir and Tower, and on the 48-inch distribution main from the Ridgewood Reservoir to Park avenue and Broadway. Up to date 220 feet of pipe have been laid on the force main line and 498 feet on the trunk distribution main. The contractor in each case commenced work at the eastern end of the line.

Bids were received for the extension of the trunk mains from Park avenue and Broadway, down Park avenue to Throop avenue, and along Broadway, through Humboldt street to Devoe street. The contract has been awarded to Mr. M. J. Dady, the lowest bidder, at \$60,302.50.

The contract for the 16-inch fire main along Flatbush avenue, from Park place to Livingston street, along Livingston street to Boerum place, along Boerum place to Fulton street, along Fulton street to Main street, along Main street to Water street, along Water street southerly to Fulton street, and along Front street northerly to Gold street, has been printed and is now ready to be advertised. This main when laid will provide high pressure for fire sprinkle service in the dry goods district and a portion of the water front district. Provision will also be made for connection at the river front, so that it can be utilized as a salt water service main, if required.

#### Removal of 48-inch Main on Atlantic Avenue.

Field work was commenced on September 8 on laying the 36-inch main on Atlantic avenue, between Carlton and Fourth avenues, to allow the removal of the existing 48-inch pipe over the line of the tunnel. Up to date 117 lengths of pipe have been delivered and 64 lengths laid from Station 1+61.6 to Station 9+38.9. This pipe is laid under the sidewalk and it has been necessary to relay some of the house sewer connections which have been in the line of the trench. This work should be completed early in the next quarter.

#### Engines and Boilers at Millburn Station.

The work of installing two new 12,500-gallon engines at the Millburn station has been carried on by the International Steam Pump Company, the contractors for this work. The east engine is practically completed and was put under steam on August 26. The foundations for the water end of the west engine is complete and some of the castings are on the ground. The new 8-inch steam main has been completed, with the exception of the connection to the new east boiler.

The two boilers being placed by Edwin Burhorn are complete as far as possible, as the work has been delayed by the contractor for the engines, the steam fitting coming under his contract. As soon as the connections are made the boilers will be ready for testing.

#### Pitometers.

The work of determining the actual amount of water consumed in various sections of the City has been carried on by the use of the Cole-Flad pitometer. Tests were made at two points along the river front in the sections where water was used largely for commercial purposes and in one typical residential section. The following are the boundaries of the districts tested:

District No. 1. (Section of Mt. Prospect High Pressure District)—On the north-east by Prospect avenue and Prospect Park, on the southeast by Terrace place and Eleventh avenue, on the southwest by Greenwood Cemetery, and on the northwest by Eighth and Ninth avenues.

District No. 3—On the north by Montrose avenue, on the east by Bushwick avenue, on the south by McKibbin street, and on the west by Graham avenue.

District No. 4 (Heights Section)—On the north by Cranberry and Pineapple streets, on the east by Fulton street, on the south by Grace court, Remsen street and Montague street, and on the west by Columbia Heights.

District No. 5, or Kent Avenue District—Comprises all that part of Kent avenue between Grand street and Division avenue.

District No. 6—On the north by DeKalb avenue, on the east by Adelphi street, on the south by Lafayette avenue, and on the west by Raymond street.

District No. 8—On the north by the East river, on the east by Little street, on the south by Plymouth street, and on the west by Main street.

District No. 9—On the north by Lafayette and DeKalb avenues, on the east by Clinton and Waverly avenues, on the south by Fulton street, and on the west by Adelphi street and Carlton avenue.

District No. 10—On the northeast by Hamilton avenue, on the southeast by Columbia street and Dwight street, on the southwest by Erie basin, and on the northwest by New York bay.

District No. 11—Comprises all that part of the Greenpoint section north of Greenpoint avenue.

In the investigations in District No. 5 the original observations showed a night flow of about 5,000,000 gallons per day, while the metered flow was at the rate of a little over 1,000,000 gallons per day. An examination of all the metered connections in the district was made and a subdivision of the district showed that nearly all the flow was into the 12-inch main between South Third and South Sixth streets and into the 8-inch main between South First and South Fourth streets. Meter connec-

tions were inspected and the meters read frequently, and it was found that the meter rate increased on or about July 19 from an average daily rate of about 1,400,000 gallons to a rate of 2,800,000 gallons, and the supply to the district had decreased, so that in the latter part of August the amount unaccounted for by the meters was slightly under 400,000 gallons per day as compared with a little more than 3,000,000 gallons per day on July 18. These figures indicated that water had been used which was not shown by the meters, and investigations are being carried on to determine all connections on the 12-inch main on Kent avenue between South First and South Fifth streets. Detailed tables are being prepared of the results in all the districts and a special report will be made on this work.

#### Monumenting of Old Conduit Line.

The desirability of a base line along the conduit line led to the staking out of all the points of tangent and points of curves on the centre line of the conduit, together with intermediate points. These points have been marked by concrete monuments about eight inches in diameter and having a copper nail imbedded in the concrete and set exactly on the line. They have been referenced to the nearest manhole and set slightly below the surface of the ground. They can thus be readily found, and a permanent base line is now available from Spring creek to Smith's pond.

#### Records.

No opportunity has been given to bring our records up to date and it has been found impossible to do more than keep the card index of reports complete. It is hoped to make a new card index of the maps during the coming Winter.

#### Law Suits.

Four cases for damages against the City have been brought to trial, in two cases it being alleged that the Spring Creek Pumping Station had damaged adjoining farm lands, and in the other two cases damage was claimed for alleged flooding during the freshet of February, 1902. Surveys and examinations were made for the Spring creek cases and maps were prepared showing the relation of the farms to the Pumping Station, and the elevation of the ground and water table. No decision has yet been rendered in any of the cases brought to trial.

#### Soil Studies and Development of Underground Supply.

The results of the observations, measurements and analyses made to determine the velocity of the underground flow, as well as the purifying effect of the soil on the percolated water, will be duly tabulated and included in the annual report.

Yours very truly,

I. M. DE VARONA, Chief Engineer.

Laid new 12-inch main on Neptune avenue, from West Twenty-third street to West Thirty-sixth street; 3,250 feet of pipe; continued from Bulkhead to Sea Gate with 342 feet of 8-inch pipe; total number of feet of pipe laid, 3,592.

Laid 200 feet of 6-inch main on Bay Tenth street north toward Benson avenue.  
Laid 237 feet of 8-inch main on Mermaid avenue, from West Fifteenth street to Stillwell avenue.

Respectfully submitted,

HENRY HAWKES, Superintendent of Repairs.

## DOCUMENT III.

Department of Water Supply, Gas and Electricity,  
Bureau of Lamps and Gas,  
October 20, 1903.

Hon. ROBERT GRIER MONROE, Commissioner Department of Water Supply,  
Gas and Electricity, No. 13-21 Park Row, New York City:

Dear Sir—I herein submit a report of the transactions of the Bureau of Lamps and Gas for the quarter ending September 30, 1903.

In Exhibit "A" will be found a statement showing the amount drawn on vouchers for the expenditures of the Bureau for the quarter and for the lighting of the public lamps and public buildings (exclusive of the Board of Education) for the three quarters ending September 30. As explained in former quarterly reports made you, there being no contract for lighting for the year 1903, no vouchers were drawn for such lighting. At the beginning of the third quarter you directed that the vouchers should be drawn on the basis of the prices paid in 1902, which was accordingly done, and are herein enumerated.

Exhibit "B" is a summary of the appropriation for "lamps and lighting, 1903," and this shows an expenditure during the quarter of the Bureau of "fourteen thousand three hundred and seventy-four dollars and sixty-eight cents (\$14,374.68), which includes fifty-nine hundred and eighty-seven dollars and seventy cents (\$5,987.70), balance due Bronx Gas and Electric Company on contract, to which I referred in my last quarterly report. Vouchers have been drawn for lighting public lamps and buildings for the first nine months of the year, aggregating one million sixty-eight thousand two hundred and thirty-eight dollars and seventy-six cents (\$1,068,238.76), which includes the entire cost of lighting for the nine months at the prices of 1902, except bills of the electric companies for lighting public buildings for July, August and September, 1903, which are in process of settlement. They aggregate as rendered fourteen thousand and eighty-four dollars and ninety-eight cents (\$14,084.98), which sum is placed among the liabilities. Outstanding liabilities on contracts for supplies aggregate fourteen thousand three hundred and sixty-nine dollars and thirty-nine cents (\$14,369.39). The lighting of public school buildings under control of the Board of Education, is not included in this statement.

Exhibit "C" is a summary of the lamp account showing the number of new lamps lighted, old lamps relighted, and lamps discontinued by each gas and electric light company during the quarter: 37 new gas lamps, 3 new naphtha lamps and 1 Welsbach naphtha lamp, have been lighted, 438 old gas lamps and 4 old naphtha lamps have been relighted, 302 gas lamps, 22 naphtha lamps and 1 electric lamp have been discontinued during the quarter. The total number of public lamps lighted September 30 was 32,139, of which 18,640 were regular gas lamps, 4,744 were single Welsbach gas lamps, 302 double Welsbach gas lamps, 978 street sign gas lamps, 1,427 naphtha lamps, 855 Welsbach naphtha and 5,193 electric lamps.

Exhibit "D" is a statement showing the candle power of the gases supplied to the City by such of the gas companies as are within reach of our photometric stations.

The following statement will show the average maximum and minimum pressure on the mains of such companies as connect with our photometric stations, as recorded on the pressure registers during the quarter, the average being for the time during which the lamps are required to be kept lighted:

Of What Company.	Average Maximum Pressure.	Average Minimum Pressure.	Where Taken.	Distance from Gas Works.
Consolidated Gas Company, Branch 1 ..	2.53	2.00	Corner Bowery and Grand....	1.66
Consolidated Gas Company, Branch 2 ..	3.16	2.22	Corner Bowery and Grand....	1.66

The following statement shows the average amount of impurities found in the gases of such of the companies as have gas mains on the lines of our photometric stations, as determined by the analyses of Dr. E. G. Love, Ph. D., our Gas Examiner, in the laboratories of this Bureau:

Of What Company.	Sulphur (Grains in 100 Cubic Feet).	Ammonia (Grains in 100 Cubic Feet).	Sulphuretted Hydrogen.
Consolidated Gas Company, Branch 1.....	10.04	0.14	Trace
Consolidated Gas Company, Branch 2.....	14.60	1.04	.....
Consolidated Gas Company, Branch 3.....	8.32	0.12	.....
Consolidated Gas Company, Branch 4.....	12.64	1.10	.....
Consolidated Gas Company, Branch 6.....	8.46	0.18	.....
New York Mutual Gas Light Company.....	7.14	0.10	Trace
New Amsterdam Gas Company, Equitable Branch.....	8.04	0.08	.....
Standard Gas Light Company.....	7.68	0.09	.....
New Amsterdam Gas Company.....	8.10	0.14	.....

The following will show the specific gravity of the gases:

Consolidated Gas Company, Branch 1.....	.644
Consolidated Gas Company, Branch 2.....	.573
Consolidated Gas Company, Branch 3.....	.646
Consolidated Gas Company, Branch 4.....	.640
Consolidated Gas Company, Branch 6.....	.648
New York Mutual Gas Light Company.....	.664
New Amsterdam Gas Company, Equitable Branch.....	.654
Standard Gas Light Company.....	.642
New Amsterdam Gas Company, East River Branch.....	.655

Very respectfully,  
C. F. LACOMBE.

#### EXHIBIT "A."

Showing amounts on vouchers drawn for gas and electricity, etc., to the public buildings, etc., and for fitting up, lighting and maintenance, etc., of public lamps for the first, second and third quarters of the year ending September 23, and the expenditures of the Bureau of Lamps and Gas for the third quarter of the year ending September 30, 1903.

For First, Second and Third Quarters, Lighting Public Buildings.

E. P. Drummond & Co., balance contract supplies.....	6,205 00

Total.....\$28,454 28

On the subject of outstanding liabilities, it is proper to add that this Bureau has not audited any bills for electric power furnished the different public offices and buildings since the beginning of the year by the different electric light companies. When the Corporation Counsel first expressed the opinion that this Department should audit and pay the lighting bills of the various City departments it was understood that power bills were not included in the lighting; consequently when bills for power were sent they were promptly returned to the electric companies, with the statement that this Department could not pay same. No amount for power was included in the estimate for lighting for 1903. If this Department is now to pay for all the power furnished public buildings during the year, it may materially reduce the available balance for lighting public buildings, lamps, etc.

#### EXHIBIT "C."

Summary of the lamp account, showing the number of new lamps lighted, old lamps relighted and lamps discontinued by each gas and electric light company during the quarter ending September 30, 1903.

Consolidated Gas Company, Hester Street Branch—	
Number of lamps lighted June 30, 1903.....	2,711
Number of new lamps lighted during the quarter.....	2
Number of old lamps relighted during the quarter.....	39
Less lamps discontinued during the quarter.....	2,752
Number of lamps lighted September 30, 1903.....	2,731
Consolidated Gas Company, Fortieth Street Branch—	
Number of lamps lighted June 30, 1903.....	2,699
Number of old lamps relighted during the quarter.....	166
Less lamps discontinued during the quarter.....	2,865
Number of lamps lighted June 30, 1903.....	2,721
Consolidated Gas Company, One Hundred and Eleventh Street Branch—	
Number of lamps lighted June 30, 1903.....	8,464
Number of new lamps lighted during the quarter.....	8
Number of old lamps relighted during the quarter.....	114
Less lamps discontinued during the quarter.....	8,586
Number of lamps lighted September 30, 1903.....	8,507

## "DOCUMENT IV."

Department of Water Supply, Gas and Electricity,  
Brooklyn, N. Y., October 29, 1903.

## Report of Bureau of Lamps and Lighting for Quarter Ending September 30, 1903.

There were received in general relation to gas and electric lamps, lighting, etc., 633 complaints and requests, of which 425 were made by citizens and others and 208 by the Department Inspectors.

The number of lamps of each kind in service September 30, 1903, was as follows:

Gas lamps, plain .....	10,244
Welsbach lamps, gas .....	4,313
Welsbach lamps, naphtha .....	389
Electric lights, 1,200 candle power.....	4,761
Electric lights, 600 candle power.....	210
Naphtha lamps, plain .....	12
Total.....	19,929

Changes were made in the lighting system during the quarter as follows:

Gas lamps added .....	8
Gas lamps capped .....	1
Welsbach lamps added .....	33
Welsbach lamps capped .....	1
Electric lights relighted .....	2
Electric lights extinguished .....	9
Total changes .....	54

The companies supplying street lighting and the number of lamps maintained by each company September 30, 1903, are as follows:

Brooklyn Union Gas Company, gas lamps.....	5,971
Brooklyn Union Gas Company, Welsbach.....	4,313
Kings County Gas and Illuminating Company, gas lamps.....	4,273
Flatbush Gas Company, electric lights, 1,200 candle power.....	613
Edison Electric Illuminating Company, electric lights, 1,200 candle power.....	4,148
Edison Electric Illuminating Company, electric lights, 600 candle power.....	210
Welsbach Street Lighting Company of America, Welsbach.....	389
New York and New Jersey Globe Gas Light Company, naphtha.....	12
Total.....	19,929

There were received 5,704 reports from the Department of Police, in the matter of lamps and lighting, from which were tabulated 2,943 instances of electric lights not burning, and 233 instances of gas lamps not burning, from which tabulation deductions are made from the bills of the company supplying the lighting.

The following repairs were made to gas lamp posts, upon order to gas companies:

Removed .....	157
New standpipes .....	20
Reset .....	54
Releaded .....	40
New columns refitted.....	1
New services installed.....	21
Posts straightened.....	8
New posts set.....	6

Received at the Department Storehouse from gas companies during the quarter, incident to changes in the system, lamp stock as follows:

Square lanterns.....	9
Square frames.....	12
Gas lamp posts.....	132
Lamp post columns.....	15
Street sign frames.....	46
Old street signs.....	13

Delivered to gas companies lamp stock as follows:

Square lanterns.....	10
Square frames.....	26
Boulevard globes.....	52
Boulevard domes.....	4
Boulevard canopies.....	3
Boulevard frames.....	4
Gas lamp posts.....	19

Lamp post butts.....	1
Cock stems and burners.....	7
Police globes, green.....	2
Reflector .....	1

Work accomplished by the Storehouse Employees in the matter of repairs to lanterns, frames, etc., during the quarter:

Square lanterns, painted and repaired.....	271
Square frames, painted and repaired.....	194
Boulevard frames, painted and repaired.....	219
Sign frames, painted and repaired.....	332

Respectfully submitted,  
A. E. ALLEN,  
Assistant Engineer in Charge of Lighting.

## "DOCUMENT V."

New York and Queens Electric Light and Power Company, incandescent .....	25	160	.....	6.	Expired
Total.....			9 acres	397.87	

\*Removed or discontinued—None.

17 arc lamps were transferred to new locations.

1 gas lamp reset.

368 complaints sent to the various companies.

Note—The Newtown Gas Company was ordered to discontinue use of the above naphtha lamps on and after May 1, 1901, and 200 on and after May 5, 1901. The order was ignored by the gas company. 67 open-flame gas lamps and 25 Welsbach gas lamps were lighted by the Newtown Gas Company, on quarterly orders. The last order expired on December 31, 1901, but the lamps are still lighted.

G. A. ROULLIER,

Deputy Commissioner, Department of Water Supply, Gas and Electricity, Borough of Queens.

## "DOCUMENT VII."

Department of Water Supply, Gas and Electricity,  
Electrical Bureau, Boroughs of Manhattan and The Bronx,  
No. 21 Park Row,  
New York, October 1, 1903.

Hon. ROBERT GRIER MONROE, Commissioner:

Sir—I submit herewith a report of work done by the Electrical Bureau of this Department for the quarter ending September 30, 1903.

Applications received for inspection of interior wiring..... 4,886

Applications closed .....

Balance open .....

Certificates issued for interior wiring..... 4,355

Temporary certificates issued for interior wiring..... 181

Total certificates issued for interior wiring..... 4,536

Permits issued for signal wires..... 721

Permits issued for electric lighting..... 845

Permits issued for pole lines..... 61

Permits issued for resetting poles..... 4

Permits issued for City lamp posts..... 91

Permits issued for underground conductors..... 1,492

Permits issued for subsidiary connections..... 1,163

Permits issued for subways..... 426

Total permits issued for outside electrical work..... 4,803

Complaint notices issued..... 1,216

Complaint notices attended to..... 1,350

Balance open .....

Number of incandescent lamps covered by certificates..... 97,777

Number of arc lamps covered by certificates..... 940

Number of motors covered by certificates..... 1,950

Horse power capacity of motors covered by certificates..... 4,243.953

Number of generators covered by certificates..... 32

Number of photometric tests of illuminating gas, 30.

H. S. WYNKOOP, Electrical Engineer.

Kilowatt capacity of generators covered by certificates..... 5,119.5

Total number of inspections made by eighteen men..... 20,167

The inspectors have removed 52,625 feet, or 9.777 miles, of overhead wires without any additional expense to the City.

Respectfully submitted,

FRANK E. BROWN, Chief Inspector.

## "DOCUMENT VIII."

City of New York,  
Department of Water Supply, Gas and Electricity,  
Borough of Brooklyn, Bureau of Water Rates,  
October 1, 1903.

Hon. ROBERT VAN IDERSTINE, Deputy Commissioner:

Dear Sir—Herewith I submit report of the operations of the Bureau of Water Rates for the third quarter of 1903.

Being the dull period of the year, there was but an increase of \$13,418.96 over the corresponding period of 1902.

It will be noted that while there was a decrease in the receipts for metered water, there was an increase of \$84,083.46 in that for regular rates.

During the quarter the question of sealing meters and changing the regulations in regard to their connections was taken up, and report on that has been separately forwarded.

On July 27 Isadore Heilbrunn was convicted before the Court of Special Sessions for violation of section 651a of the Penal Code, and fined \$100, though one of the presiding judges wished to give him the full penalty. This, I believe, is the first trial or conviction under this section, and establishes a precedent which will be of considerable value in the Department.

Arrests have been caused from time to time for illegal use of fire hydrants for various purposes, and some trials for these violations will probably take place in the near future.

A number of large buildings in the Borough have been discovered to be unmetered when they should properly have been, and this work is being prosecuted as fast as possible.

The work of this Bureau in regard to the investigation of the American Sugar Refining Company is before you in separate form.

In the early part of August investigation was commenced of all property of alleged charitable institutions which were entered upon the books as exempt from water rates. After investigating but a short time several instances of illegal exemption were found, especially in the cases of dispensaries which had long ceased to exist. All property claiming exemption is now being investigated, and evidence in the form of affidavits and otherwise, as to whether they are properly exempt, collected, and such information will be made a record of the Department.

In the early part of September I found that the Coney Island Jockey Club had an unmetered connection, and a bill for nearly six thousand dollars for arrearage on account of that was sent to them.

In the early part of September an arrest was made for tampering with a water meter and attempting to bribe an Inspector, and this case will shortly come before the Court of Special Sessions.

The following exhibits are attached hereto and form a part of this report:

- "A." Water Rates Collected During the Quarter Ending September 30, 1903, and During the Same Period of 1902, for Comparison.  
 "B." Schedule Showing Increases and Decreases in Receipts During the Quarters Ending September 30, 1903, and 1902.  
 "C." Statement of Permits Issued and Approximate Revenue Therefrom.  
 "D." Statement of Water Meters in Use and Set During Quarter Ending September 30, 1903.  
 "E." Statement of Settings, Discontinuances and Meters in Use During Quarter Ending September 30, 1903.  
 "F." Schedule Showing the Nature of Business for Which Meters Were Set During Quarter Ending September 30, 1903.  
 "G." Schedule of Repair Permits Issued to Plumbers During the Quarter Ending September 30, 1903.  
 "H." Changes in Force During Quarter Ending September 30, 1903.  
 "I." Summary of Changes in Force During Quarter Ending September 30, 1903.

Respectfully,

J. E. EASTMOND, Water Registrar.

Present—President Cromwell, Alderman Maloy, Alderman Gillies and Alderman Shea.

The minutes of the meeting of December 3 were approved.

Belmont street and Vine street, First Ward. Petition (380) to open. Resolution adopted recommending that the streets named be placed on the map of The City of New York.

Gordon street and Hudson street, Second Ward. Temporary storm water sewer.

The following resolution was moved by Alderman Gillies and was adopted:

Resolved, That a certain resolution, No. 112, adopted by the Local Board of the Staten Island District at a meeting on July 23, 1903, to wit:

To construct a temporary storm water sewer, with appurtenances, in Gordon and Hudson streets, in the Second Ward of the Borough of Richmond, from the culvert in Gordon street, north of Elm street, to the open brook in Hudson street, east of Gray street, in accordance with section 394 of the Greater New York Charter, and to do such other work as may be necessary to the completion of the work described, —be and the same hereby is rescinded; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea and President Cromwell.

Negative—None.

The following resolution was moved by Alderman Gillies and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To construct a temporary storm water sewer and necessary appurtenances in Gordon street, from the culvert about 270 feet north of Elm street to Hudson street, and in Hudson street from Gordon street to the open brook on the east line of Gray street, pursuant to section 394 of chapter 466 of the Laws of 1901, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea and President Cromwell.

Negative—None.

Forest avenue, from Brooks avenue to Manor road, First Ward. To macadamize, etc.

The following resolution was moved by Alderman Maloy and was adopted:

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To regulate and grade Forest avenue, from Brooks avenue to Cherry lane, in the First Ward of the Borough of Richmond, as shown on a map or plan entitled "Plan and profile showing the location and laying out and the grades of Forest avenue, from Brooks avenue to Cherry lane, at the Manor road, in the First Ward, Borough of Richmond, The City of New York," and to pave the roadway thereof with macadam pavement, and to build the necessary bridge, abutments and wing walls, and to reset curbs and relay gutters on adjoining streets wherever affected by the new grade, and to do

such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea and President Cromwell.

Negative—None.

College avenue, First Ward. To close a portion thereof.

The map or plan of The City of New York having been changed, on the recommendation of the President of the Borough, by eliminating the portion of College avenue, in Westerleigh, in the First Ward, known as the Circle, and by extending College avenue in a straight line on the line of a diameter of the Circle, President Cromwell, in order to initiate legal proceedings to vacate the title of the City in the Circle, proposed the following resolution, which was moved and adopted:

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To close certain portions of College avenue, in the First Ward of the Borough of Richmond, described as follows:

## Parcel A.

Beginning at a point on the northerly line of College avenue distant 557.43 feet easterly from the intersection of the northerly line of College avenue with the easterly line of Jewett avenue;

1. Thence northeasterly, curving to the left on the arc of a circle of 20 feet radius and tangent to the northerly line of College avenue for 25.26 feet.

2. Thence still northeasterly, curving to the right on the arc of a circle of 145 feet radius and tangent to the preceding course, for 158 feet;

3. Thence southerly along the westerly line of a proposed street perpendicular to College avenue for 51.18 feet;

4. Thence southwesterly, curving to the left on the arc of a circle of 95 feet radius and concentric with second course, for 93.41 feet to the northerly line of College avenue;

5. Thence westerly along the northerly line of College avenue for 67.10 feet to the place of beginning.

## Parcel B.

Beginning at a point on the northerly line of College avenue distant 65.14 feet easterly from the intersection of the northerly line of College avenue and the easterly line of a proposed street perpendicular to College avenue, to centre of which is about 715 feet east of the east line of Jewett avenue;

1. Thence easterly along the northerly line of College avenue for 67.10 feet;

2. Thence northwesterly, curving to the right in the arc of a circle of 20 feet radius and tangent to the preceding course, for 25.26 feet.

3. Thence still northwesterly, curving to the left on the arc of a circle of 145 feet radius and tangent to the preceding course, for 158 feet to the easterly line of the above-mentioned proposed street;

4. Thence southerly along the last-mentioned line for 51.18 feet;

5. Thence southeasterly, curving to the right on the arc of a circle of 95 feet radius and concentric with the third course, 93.41 feet to the point of beginning.

## Parcel C.

Beginning at a point on the southerly line of College avenue distant 65.14 feet easterly from the intersection of the southerly line of College avenue and the easterly line of a proposed street perpendicular to College avenue, the centre of which is about 715 feet east of the east line of Jewett avenue;

1. Thence easterly along the southerly line of College avenue for 67.10 feet;

2. Thence southwesterly, curving to the left on the arc of a circle of 20 feet radius tangent to the preceding course, for 25.26 feet;

3. Thence still southwesterly, curving to the right on the arc of a circle of 145 feet radius and tangent to the preceding course, for 158 feet to the easterly line of the above-mentioned proposed street;

4. Thence northerly along the last-mentioned line for 51.18 feet;

5. Thence northeasterly, curving to the left on the arc of a circle of 95 feet radius and concentric with the third course, for 93.41 feet to the place of beginning.

## Parcel D.

Beginning at a point on the southerly line of College avenue distant 556.26 feet easterly from the intersection of the easterly line of Jewett avenue and the southerly line of College avenue;

1. Thence southeasterly, curving to the right on the arc of a circle of 20 feet radius and tangent to the southerly line of College avenue, for 25.26 feet;

2. Thence still southeasterly, curving to the left on the arc of a circle of 145 feet radius and tangent to the preceding course, for 158 feet to the westerly line of a proposed street perpendicular to College avenue;

3. Thence southerly along the last-mentioned line for 51.18 feet;

4. Thence northwesterly, curving to the right on the arc of a circle of 95 feet radius and concentric to the second course, for 93.41 feet to the southerly line of College avenue;

5. Thence westerly along the last-mentioned line for 57.10 feet to the point of beginning.

The above-mentioned "proposed street," College avenue and Jewett avenue, being shown on a map entitled "Map or plan showing layout and grades of certain streets in the First Ward, Borough of Richmond, The City of New York," dated August 20, 1903, and approved September 30, 1903; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea and President Cromwell.

Negative—None.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

## CHANGES IN DEPARTMENTS.

## DEPARTMENT OF BRIDGES.

February 23—James Clark, of No. 467 West One Hundred and Sixty-sixth street, Manhattan, has this day been promoted from Fireman to Steam Engineer in the Department of Bridges, in accordance with certificate of the Municipal Civil Service Commission bearing even date, and his compensation fixed at \$1,277.50 per annum.

February 23—The temporary appointment of Frederick Van Z. Lane, of No. 159 Sidney avenue, Mount Vernon, N. Y., for three months, as Inspector of Masonry in the Department of Bridges, at 61 5-8 cents per hour, will terminate at close of day on Thursday, the 25th instant.

The minimum age is 18.

HENRY BERLINGER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF ALL competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing, or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the "City Record" for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Postoffice and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated the minimum age requirement for all positions is 21.

HENRY BERLINGER, Secretary.

SEVENTH AVENUE—LAYING CEMENT SIDEWALKS, east side, between Eighty-third and Eighty-fourth streets. Area of assessment: East side of Seventh avenue, between Eighty-third and Eighty-fourth streets, on Block 579.

—that the same were confirmed by the Board of Assessors on February 16, 1904, and entered on February 17, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessment and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 109 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest

thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. until 12 M., and all payments made thereon on or before April 18, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

EDWARD M. GROUT,  
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, February 17, 1904.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX:

#### TWENTY-FOURTH WARD, SECTION 11.

WYSE STREET—OPENING from Boston road to the Bronx Park. Confirmed December 18, 1903; entered February 17, 1904. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the northerly side of East One Hundred and Seventy-fourth street with a line drawn parallel to the northerly side of Wyse street and distant 100 feet northerly therefrom; running thence northerly along said parallel line and its prolongation northerly to its intersection with the southwesterly prolongation of the middle line of the block between Boston road and Wyse street on the southeast and Daly avenue on the northwest; thence northerly along said southwesterly prolongation and middle line of the block to its intersection with the middle line of the block between East One Hundred and Seventy-ninth street and East One Hundred and Eightieth street; thence northerly along said middle line of the block to the southeasterly side of Daly avenue; thence northerly along said southeasterly side of Daly avenue and its prolongation northerly to its intersection with a line drawn parallel to the northerly side of East One Hundred and Eighty-second street and distant 100 feet northerly therefrom; thence southeasterly along said parallel line to its intersection with the northerly side of Bryant street; thence southeasterly along said northerly side of Bryant street to the middle line of the block between East One Hundred and Seventy-ninth street and East One Hundred and Eightieth street; thence northerly along said middle line of the block to its intersection with the middle line of the block between Wyse street and Bryant street; thence southwesterly along said middle line of the block to the northerly side of Boston road; thence southerly to the intersection of the southerly side of Boston road with the northerly side of Bryant street; thence southwesterly along said northerly side of Bryant street to its intersection with a line drawn parallel to the southwesterly side of East One Hundred and Seventy-sixth street and distant 100 feet southwesterly therefrom; thence northwesterly along said parallel line to its intersection with a line drawn parallel to the southeasterly line of Wyse street and distant 100 feet southeasterly therefrom; thence southwesterly along said parallel line to the northerly side of East One Hundred and Seventy-fourth street; thence westerly along said northerly side of East One Hundred and Seventy-fourth street to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments, and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. until 12 M., and all payments made thereon on or before April 18, 1904, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

EDWARD M. GROUT,  
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, February 10, 1904.

#### NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

#### TWELFTH WARD, SECTION 6.

ONE HUNDRED AND SECOND STREET—SEWER, alteration and improvement, at Harlem river, with new curves in Marginal street. Area of assessment: Both sides of One Hundred and First, One Hundred and Second, One Hundred and Third and One Hundred and Fourth streets, from First avenue to Marginal street; west side of Marginal street, from One Hundred and First to One Hundred and Fourth street.

#### TWELFTH WARD, SECTION 8.

ONE HUNDRED AND EIGHTY-FIRST STREET—SEWER, between Boulevard Lafayette and Fort Washington avenue; FORT WASHINGTON AVENUE—SEWER, between One Hundred and Eighty-first street and Summit North. Area of assessment: Both sides of One Hundred and Eighty-first street, from Boulevard Lafayette to Fort Washington avenue; both sides of Fort Washington avenue, extending about 700 feet north of One Hundred and Eighty-first street; both sides of Northern avenue, extending about 766 feet north of One Hundred and Eighty-first street; east side of Boulevard Lafayette, extending about 468 feet north of One Hundred and Eighty-first street.

—that the same were confirmed by the Board of Assessors on February 9, 1904, and entered on February 10, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before April 18, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became liens to the date of payment.

EDWARD M. GROUT,  
Comptroller.

#### POLICE DEPARTMENT.

POLICE DEPARTMENT—CITY OF NEW YORK, 1899.

OWNERS WANTED BY THE PROPERTY Clerk of the Police Department of The City of New York, No. 300 Mulberry street, Room No. 9, for the following property, now in his custody, without claimants: Boats, rope, iron, lead, male and female clothing, boots, shoes, wine, blankets, diamonds, canned goods, liquors, etc., also small amount of money taken from prisoners and found by Patrolmen of this Department.

THOMAS F. O'CONNOR,  
Property Clerk.

POLICE DEPARTMENT—CITY OF NEW YORK, BOROUGH OF BROOKLYN.

OWNERS WANTED BY THE DEPUTY Property Clerk of the Police Department of The City of New York—Office, No. 16 Smith street, Borough of Brooklyn—for the following property, now in his custody, without claimants: Boats, rope, iron, lead, male and female clothing, boots, shoes, wine, blankets, diamonds, canned goods, liquors, etc., also small amount of money taken from prisoners and found by Patrolmen of this Department.

JOSEPH J. CAREY,  
Deputy Property Clerk.

#### DEPARTMENT OF PUBLIC CHARITIES.

DEPARTMENT OF PUBLIC CHARITIES, FOOT OF EAST TWENTY-SIXTH STREET, NEW YORK.

#### TO CONTRACTORS.

PROPOSALS FOR BIDS OR ESTIMATES. SEALED BIDS OR ESTIMATES WILL BE received by the Department of Public Charities at the above office until 12 o'clock M., on

MONDAY, FEBRUARY 29, 1904.

FOR FURNISHING AND DELIVERING HOSPITAL SUPPLIES.

The time for the performance of the contract is during the year 1904.

The amount of security required is fifty (50) per cent. of the amount of the bid or estimate. The bidder will state the price per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder on each line or item, as stated in the specifications.

Blank forms and further information may be obtained at the office of the General Drug Department, Bellevue Hospital Grounds, East Twenty-sixth street, Borough of Manhattan.

JAMES H. TULLY,  
Commissioner.

THE CITY OF NEW YORK, February 15, 1904.

fr6,29

See General Instructions to Bidders on the last page, last column, of the "City Record."

#### BOROUGH OF BROOKLYN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of Borough of Brooklyn, at the above office until 11 o'clock A. M., on

WEDNESDAY, MARCH 9, 1904.

FOR REPAIRING AND MAINTAINING ASPHALT PAVEMENTS IN VARIOUS STREETS, IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

2,500 square yards of asphalt pavement, including binder course in plumbers' cuts.
61,000 cubic feet of asphalt wearing surface, delivered and laid, in place of old wearing surface, destroyed or removed.
15,500 cubic feet of binder, delivered and laid.
500 cubic yards of Portland cement concrete.
5,000 cubic feet of asphalt wearing surface, delivered and laid, in repairing surface defects, by the Burner method.

Time allowed for the completion of the work and the full performance of the contract is until January 1, 1905.

The amount of security required is Twenty Thousand Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per cubic feet, square yard, cubic yard or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained at the office of the Assistant Commissioner of Public Works, Room No. 15, Municipal Building, Borough of Brooklyn.

MARTIN W. LITTLETON,  
President.

Dated FEBRUARY 23, 1904.

See General Instructions to Bidders on the last page, last column, of the "City Record."

fr24,m9

#### NOTICE OF SALE BY PUBLIC AUCTION.

ON FRIDAY FEBRUARY 26, 1904, AT 1 o'clock P. M., the Commissioner of Public Works, Borough of Brooklyn, will sell at public auction the buildings, or parts of buildings, within the lines of Clarkson street, between East Forty-eighth street and East Forty-ninth street, and within the lines of Clarkson street, between Rockaway parkway and East Ninety-eighth street, Borough of Brooklyn.

The sale will take place on the ground. Plan and description of the buildings may be examined at the office of the Assistant Commissioner of Public Works, Room 15, Municipal Building, Borough of Brooklyn.

#### TERMS OF SALE.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, or parts of buildings, from the street by the purchaser or purchasers within twenty days after the sale. If the purchaser or purchasers fails or fail to effect the removal within that time, he or they shall forfeit his or their purchases and the ownership of the buildings, or parts of buildings.

JAMES S. REGAN,  
fr16,26

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock A. M., on

WEDNESDAY, MARCH 2, 1904.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A SEWER THROUGH THE NORTHERN PORTION OF DYKER BEACH PARK, from Fourteenth avenue to Eleventh avenue, in the Borough of Brooklyn.

The Engineer's estimate of the quantities is as follows:

984 linear feet 120-inch brick sewer, section "A."
1,366 linear feet 120-inch brick sewer, section "B."
50 linear feet 102-inch brick sewer.
80 linear feet 90-inch brick sewer.
45 linear feet 36-inch brick sewer.
3 manholes, class "A."
8 manholes, class "B."
330,000 feet B. M. foundation planking and pile capping.
500,000 feet B. M. sheeting and bracing.
18,000 linear feet piles.
25 cubic yards brick masonry.
5 cubic yards concrete.
16,000 cubic yards embankment.
2,480 linear feet 12-inch vitrified stoneware pipe, subdrain.

The time allowed for the completion of the work and full performance of the contract is two hundred (200) working days.

The amount of security required is Seventy Thousand Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, foot board measure, cubic yard or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained at the office of the Assistant Commissioner of Public Works, Borough of Brooklyn, Room 15, Municipal Building, Borough of Brooklyn.

MARTIN W. LITTLETON,  
President.

Dated FEBRUARY 10, 1904.

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM NO. 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock A. M., on

WEDNESDAY, FEBRUARY 24, 1904.

No. 1. FOR GRADING LOTS ON THE SOUTH SIDE OF LINCOLN ROAD, between Nostrand avenue and Rogers avenue; also on the WEST SIDE OF NOSTRAND AVENUE, between Lincoln road and Maple street, known as Lots Nos. 42 to 50, inclusive; Block 340, Twenty-ninth Ward Map.

The Engineer's estimate of the quantities is as follows:

1,256 cubic yards of filling, to be furnished.
Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Four Hundred Dollars.

No. 2. FOR GRADING LOTS ON THE SOUTH SIDE OF FIFTEENTH STREET, between Seventh and Eighth avenues, known as Lots Nos. 11, 12, 13, 16 and 16, Block 1104, Twenty-second Ward Map.

The Engineer's estimate of the quantities is as follows:

1,765 cubic yards of earth excavation.
Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Five Hundred Dollars.

No. 3. FOR GRADING LOTS ON THE WEST SIDE OF FIFTH AVENUE, between Fifty-eighth and Fifty-ninth streets, known as Lot No. 37, Block 855, Eighth Ward Map.

The Engineer's estimate of the quantities is as follows:

651 cubic yards of earth excavation.
45 cubic yards of filling, not to be bid for.
Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Seventy-five Dollars.

No. 4. FOR GRADING LOTS ON THE SOUTH SIDE OF FORTY-EIGHTH STREET, between Fifth avenue and Sixth avenue, known as Lots Nos. 12 and 13, Block 775, Eighth Ward Map.

The Engineer's estimate of the quantities is as follows:

1,799 cubic yards of earth excavation.
Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Hundred and Fifty Dollars.

No. 5. FOR GRADING LOTS ON THE SOUTH SIDE OF SIXTIETH STREET, between Third and Fourth avenues, known as Lots Nos. 44, 45, 48 and 71, Block 951, Thirtieth Ward Map.

The Engineer's estimate of the quantities is as follows:

14,485 cubic yards of earth excavation.
Time for the completion of the work and the full performance of the contract is one hundred (100) working days.

The amount of security required is Two Thousand Dollars.

No. 6. FOR GRADING LOTS ON THE SOUTH SIDE OF FORTY-FIRST STREET, between Third avenue and Fourth avenue, known as Lots Nos. 33, 34, 35, 39 and 42, Block 718, Eighth Ward Map.

The Engineer's estimate of the quantities is as follows:

1,817 cubic yards of earth excavation.
160 cubic yards of filling, not to be bid for.
Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Five Hundred Dollars.

No. 7. FOR GRADING LOTS ON THE NORTHWEST CORNER OF FOURTH AVENUE AND FORTIETH STREET, known as Lot No. 44, Block 708, Eighth Ward Map.

The Engineer's estimate of the quantities is as follows:

644 cubic yards of earth excavation.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Two Hundred Dollars.

No. 8. FOR GRADING LOTS ON THE NORTHEAST CORNER OF FIFTY-SEVENTH STREET AND FOURTH AVENUE, known as Lot No. 1, Block 839, Eighth Ward Map.

The Engineer's estimate of the quantities is as follows:

6 cubic yards of earth excavation.

463 cubic yards of filling, to be furnished.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Hundred Dollars.

No. 9. FOR FURNISHING AND DELIVERING 6,000 CUBIC YARDS OF CLEAN, SHARP SAND AT THE VARIOUS CORPORATION YARDS, BOROUGH OF BROOKLYN.

Time for the delivery of the sand and the performance of the contract, on or before December 31, 1904.

The amount of security required is Two Thousand Dollars.

WEDNESDAY, FEBRUARY 24, 1904.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN BATH AVENUE, from Bay Sixth street (Fourteenth avenue) to Bay Twenty-seventh street (Twenty-first avenue), and outlet, etc., etc.

The Engineer's estimate of the quantities is as follows:

1,715 linear feet 90-inch brick sewer.

2,955 linear feet 84-inch brick sewer.

1,725 linear feet 78-inch brick sewer.

180 linear feet 18-inch vitrified stoneware pipe sewer laid in concrete.

220 linear feet 15-inch vitrified stoneware pipe sewer laid in concrete.

220 linear feet 12-inch vitrified stoneware pipe sewer laid in concrete.

41 manholes.

25 receiving-basins.

600,000 feet, board measure, foundation planking and pile capping.

1,375,000 feet, board measure, sheeting and bracing.

100 linear feet piles.

5 cubic yards brick masonry, other than shown in sewer section.

5 cubic yards concrete, other than shown in sewer section.

6,390 linear feet 12-inch vitrified stoneware pipe sub-drain.

The time allowed for the completion of the work and full performance of the contract is 300 working days.

The amount of security required is One Hundred and Twelve Thousand Dollars.

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN FRANKLIN AVENUE, from Montgomery street to Union street, and outlet sewer in Montgomery street, etc.

The Engineer's estimate of the quantities is as follows:

1,088 linear feet 36-inch brick sewer.

332 linear feet 30-inch brick sewer.

332 linear feet 24-inch vitrified stoneware pipe sewer laid in concrete.

See General Instructions to bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, FIRST NATIONAL BANK BUILDING, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE RECEIVED BY THE PRESIDENT OF THE BOROUGH OF RICHMOND, AT THE ABOVE OFFICE UNTIL 3 O'CLOCK P. M., ON

FRIDAY, FEBRUARY 26, 1904.

Borough of Richmond.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A TEMPORARY STORM WATER SEWER IN GORDON AND HUDSON STREETS, IN THE SECOND WARD.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

329 linear feet fifteen-inch vitrified stoneware pipe.

270 linear feet twelve-inch vitrified stoneware pipe.

1 receiving-basin.

2 manholes.

2 cubic yards cement rubble masonry.

48 linear feet cast-iron pipe, 16 inches in diameter.

The time for the completion of the work and the full performance of the contract is 15 days.

The amount of security required is Five Hundred Dollars (\$500).

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING, GRADING AND PAVING WITH MACADAM PAVEMENT FIRST STREET, from York avenue to Franklin avenue.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

450 cubic yards excavation.

1,375 square yards macadam pavement.

125 square yards new granite block pavement.

550 square yards new Belgian block pavement.

20 square yards old stone block relaid.

260 square feet new bridgestone.

1,730 linear feet new curbstone.

30 linear feet old curbstone reset.

7,000 square feet new flagstone laid.

300 square feet old flagstone relaid.

The time for the completion of the work and the full performance of the contract is 45 days.

The amount of security required is Two Thousand Five Hundred Dollars (\$2,500).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING, GRADING AND PAVING WITH MACADAM PAVEMENT HATFIELD AVENUE, from Richmond avenue to Nicholas avenue, and LAFAYETTE AVENUE, SHARP AVENUE AND ELM STREET, from Harrison avenue to Hatfield avenue.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

600 cubic yards excavation.

6,650 square yards macadam pavement.

200 square yards new Belgian block pavement.

60 square yards old stone blocks relaid.

50 square yards old cobble gutters relaid.

2,050 square feet new bridgestone laid.

200 square feet old bridgestone relaid.

The time for the completion of the work and the full performance of the contract is 60 days.

The amount of security required is Three Thousand Five Hundred Dollars (\$3,500).

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

The bidder will state the price of each item or article contained in the specifications for schedules herein contained or hereto annexed, per linear foot, per square yard, per barrel or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner of Public Works. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Richmond Building, New Brighton, Borough of Richmond.

GEORGE CROMWELL, President.

FEBRUARY 17, 1904.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue so much of the public park in the block bounded by Water, Broad and Pearl streets and Coenties slip as is not occupied by the building known as Fraunces' Tavern, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 24th day of February, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 29th day of January, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing so much of the public park in the block bounded by Water, Broad and Pearl streets and Coenties slip as is not occupied by the building known as Fraunces' Tavern, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point on the northerly side of Water street 102.28 feet westerly from the intersection of the northerly line of Water street with the westerly line of Coenties slip; running

Thence westerly along the northerly side of Water street for a distance of 131.75 feet to the intersection of the northerly line of Water street with the easterly line of Broad street; running

Thence northerly along the easterly side of Broad street 71.64 feet, more or less, to the southerly side of the lot occupied by Fraunces' Tavern; running

Thence easterly along the southerly line of the said Fraunces' Tavern 37.25 feet, more or less; running

Thence northerly along the said Fraunces' Tavern 3.7 feet, more or less; running

Thence easterly along the southerly side of the said Fraunces' Tavern 26.08 feet, more or less, to the southeasterly corner of the said Fraunces' Tavern; running

Thence northerly along the easterly side of the said Fraunces' Tavern 37.42 feet, more or less, to the southerly side of Pearl street; running

Thence easterly along the southerly side of Pearl street 57.5 feet, more or less, to a point on the southerly side of Pearl street distant 102.94 feet westerly from the intersection of the southerly side of Pearl street with the westerly side of Coenties slip; running

Thence southerly a distance of 108.05 feet to the point or place of beginning.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

JOHN H. MOONEY,  
Assistant Secretary.  
f11,25

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of streets in the territory bounded by Thatford avenue, Newport street, Amboy street and Blake avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 22, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of streets in the territory bounded by Thatford avenue, Newport street, Amboy street and Blake avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

**Rockaway Avenue.**

Beginning at the intersection of Blake avenue and Rockaway avenue, the elevation to be 31.46 feet as heretofore;

Thence southerly to the intersection of Dumont avenue, the elevation to be 25.88 feet;

Thence southerly to a summit, distant 225 feet from the northerly line of Livonia avenue, the elevation to be 27.35 feet;

Thence southerly to the intersection of Livonia avenue, the elevation to be 26.13 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 23.85 feet;

Thence southerly to a summit, distant 208 feet from the southerly line of Riverdale avenue, the elevation to be 24.98 feet;

Thence southerly to the intersection of Newport street, the elevation to be 23.43 feet as heretofore.

**Chester Street.**

Beginning at the intersection of Dumont avenue and Chester street, the elevation to be 28.73 feet as heretofore;

Thence southerly to a summit, distant 143 feet from the northerly line of Livonia avenue, the elevation to be 30.60 feet;

Thence southerly to the intersection of Livonia avenue, the elevation to be 29.80 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 27.55 feet;

Thence southerly to the intersection of Newport street, the elevation to be 23.64 feet as heretofore.

**Bristol Street.**

Beginning at the intersection of Blake avenue and Bristol street, the elevation to be 35.25 feet as heretofore;

Thence southerly to the intersection of Dumont avenue, the elevation to be 30.00 feet;

Thence southerly to a summit, distant 138 feet from the northerly line of Livonia avenue, the elevation to be 31.90 feet;

Thence southerly to the intersection of Livonia avenue, the elevation to be 31.15 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 28.87 feet;

Beginning at the intersection of Dumont avenue and Chester street, the elevation to be 28.73 feet as heretofore;

Thence southerly to a summit, distant 143 feet from the northerly line of Livonia avenue, the elevation to be 30.60 feet;

Thence southerly to the intersection of Livonia avenue, the elevation to be 29.80 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 27.55 feet;

**Eighth Street.**

Beginning at the intersection of Third avenue and Eighth street the grade to be 15.83 feet as heretofore; thence to the intersection of Second avenue and Eighth street the grade to be 8.50 feet; thence to the intersection of Eighth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

**Ninth Street.**

Beginning at the intersection of Third avenue and Ninth street the grade to be 18.00 feet as heretofore; thence to the intersection of Second avenue and Ninth street the grade to be 7.45 feet; thence to a point distant 620 feet westerly from the westerly building line of Second avenue the grade to be 4.40 feet; thence to the intersection of Ninth street and the bulkhead-line of Gowanus canal the grade to be 10.00 feet.

**Tenth Street.**

Beginning at the intersection of Third avenue and Tenth street the grade to be 20.17 feet as heretofore; thence to a point distant 140 feet easterly from the eastern building line of Second avenue the grade to be 11.90 feet; thence to the intersection of Second avenue and Tenth street the grade to be 10.60 feet; thence to the intersection of Tenth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

**Eleventh Street.**

Beginning at the intersection of Third avenue and Eleventh street the grade to be 22.33 feet as heretofore; thence to the intersection of Second avenue and Eleventh street the grade to be 11.30 feet; thence to the intersection of Eleventh street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

**Twelfth Street.**

Beginning at the intersection of Third avenue and Twelfth street the grade to be 24.50 feet as heretofore; thence to the intersection of Second avenue and Twelfth street the grade to be 10.40 feet; thence to the intersection of Twelfth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

**Thirteenth Street.**

Beginning at the intersection of Third avenue and Thirteenth street the grade to be 24.50 feet as heretofore; thence to the intersection of Second avenue and Thirteenth street the grade to be 12.30 feet; thence to the intersection of Thirteenth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

**Fourteenth Street.**

Beginning at the intersection of Third avenue and Fourteenth street the grade to be 22.33 feet as heretofore; thence to the intersection of Fourteenth street and Second avenue the grade to be 13.75 feet; thence to a point distant 50 feet easterly from the intersection of the northerly building line of Fourteenth street and the easterly building line of Hamilton avenue the grade to be 8.50 feet; thence to the intersection of Fourteenth street and Hamilton avenue the grade to be 10.80 feet as heretofore.

**Fifteenth Street.**

Beginning at the intersection of Third avenue and Fifteenth street the grade to be 20.17 feet as heretofore; thence to the intersection of Second avenue and Fifteenth street the grade to be 11.90 feet; thence to the intersection of Fifteenth street and Hamilton avenue the grade to be 9.00 feet as heretofore.

All grades are referred to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn, City of New York.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

JOHN H. MOONEY,  
Assistant Secretary.  
11,25

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines of Jay street, between Hamilton avenue and Stuyvesant place, First Ward, Borough of Richmond, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolution, adopted by the Board on the 29th day of January, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the lines of Jay street, between Hamilton avenue and Stuyvesant place, First Ward, in the Borough of Richmond, City of New York, more particularly described as follows:

**Additional Property Included in the Layout of Jay Street.**

Beginning at a point on the westerly line of Jay street 111.21 feet northerly from the intersection of the above line with the northerly line of Hamilton avenue.

1. Thence northerly along the first-mentioned line for 64.08 feet.
2. Thence northwesterly deflecting 32 degrees 27 minutes 14 seconds to the left for 64.08 feet.
3. Thence southeasterly curving right, on the arc of a circle of 220.17 feet radius, and tangent to both above-mentioned courses for 124.71 feet to the point of beginning.

**Property to Be Abandoned in the Layout of Jay Street.**

Beginning at a point on the easterly line of Jay street, 111.21 feet northerly from the intersection of the above line with the easterly prolongation of the northerly line of Hamilton avenue.

1. Thence northerly along the first-mentioned line for 93.18 feet.
2. Thence northwesterly deflecting 32 degrees 27 minutes 14 seconds to the left for 93.18 feet.
3. Thence southeasterly, curving to the right, on the arc of a circle of 320.17 feet radius, and tangent to both above-mentioned courses for 181.35 feet to the point of beginning.

Resolved, That the President of the Borough of Richmond cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets,

roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

JOHN H. MOONEY,  
Assistant Secretary.  
11,25

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out and establish grades of East Two Hundred and Forty-first street (Becker avenue) from the New York and Harlem Railroad to the center line of the Bronx river, as an approach to the bridge over the Bronx river, opposite Wakefield, City of Yonkers, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 29th day of January, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out and establishing grades of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the center line of the Bronx river, as an approach to the bridge over the Bronx river, opposite Wakefield, City of Yonkers, in the Twenty-fourth Ward, in the Borough of The Bronx, City of New York, more particularly described as follows:

**I.—Location of Bridge Approach.**

The center line of the bridge approach to be the prolongation westerly of the center line of Becker avenue (or East Two Hundred and Forty-first street) as the same is located on the ground, from White Plains road to First street, the width of the bridge approach to be 50 feet, extending 25 feet on each side of the said prolongation of the center line of Becker avenue (or East Two Hundred and Forty-first street).

**II.—Grades of the Bridge Approach Within the Lines of East Two Hundred and Forty-first Street (or Becker Avenue).**

The elevation of the bridge approach at the westerly property line of the New York and Harlem Railroad to be 68 feet above mean high-water datum.

The elevation at the intersection of the northerly line of the said bridge approach with the easterly line of the Bronx river to be 71 feet above mean high-water datum.

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

JOHN H. MOONEY,  
Assistant Secretary.  
11,25

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines of streets in the territory bounded by Coney Island avenue, Church avenue and Ocean parkway, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 29th day of January, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of streets in the territory bounded by Coney Island avenue, Church avenue and Ocean parkway, in the Borough of Brooklyn, City of New York, more particularly described as follows:

**A.—Locating and Laying Out.**

1. Montgomery street, from Coney Island avenue to East Seventh street; Montgomery street to be 50 feet wide, and to agree with the street as at present in use.

2. Johnson street, from Coney Island avenue to Ocean parkway; Johnson street to be 60 feet wide, and to agree with the street as in use at present from Coney Island avenue to Bowne street. Thence to be prolonged westerly in a straight line to Ocean parkway.

3. Henry street, from East Eighth street to Ocean parkway; Henry street to be 50 feet wide, and to agree with the street as in use from East Eighth street to Bowne street. Thence to be prolonged westerly in a straight line to Ocean parkway.

4. Caton place, from Coney Island avenue to Ocean parkway; Caton place to be 70 feet wide, and to agree with the street as in use.

5. East Eighth street, from Church lane to Johnson street, and from Johnson street to north line of former Caton avenue; East Eighth street to be 50 feet wide, and to agree with the street as in use.

**B.—Striking from the Map of the City.**  
East Seventh street, from Henry street to Ocean parkway; East Eighth street, from Church lane to Caton avenue; Caton avenue, from Coney Island avenue to Ocean parkway.

The lines of these streets to be taken from the City map as indicated on the accompanying map.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

**DEPARTMENT OF TAXES AND ASSESSMENTS.**

THE CITY OF NEW YORK, DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, NO. 280 BROADWAY, STEWART BUILDING, JANUARY 8, 1904.

**NOTICE IS HEREBY GIVEN, AS REQUIRED BY THE GREATER NEW YORK CHARTER,** that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, comprising The City of New York" will be open for examination and correction on the second Monday of January, and will remain open until the FIRST DAY OF APRIL, 1904.

During the time that the books are open to public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the main office of the Department of Taxes and Assessments, No. 280 Broadway.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hun-

and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Masonic Building, Stapleton.

Corporations in all the Boroughs must make application only in the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the Borough where such person resides, and in the case of a non-resident carrying on business in The City of New York, at the office of the Department of the Borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

**SEALED BIDS OR ESTIMATES WILL BE RECEIVED BY THE COMMISSIONER OF STREET CLEANING AT THE ABOVE OFFICE UNTIL 2 O'CLOCK P. M., ON**

**THURSDAY, FEBRUARY 25, 1904.**

**Boroughs of Manhattan and The Bronx.**  
CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR TOWING SCOWS AND UNLOADING THEM AT RIKER'S ISLAND.

The time for the completion of the work and the full performance of the contract is one year.

The amount of security required is Thirty Thousand Dollars.

Bids will be compared and the contract awarded at a lump or aggregate sum.

Each bid must state the price per scow load (per "small" scow, per "large" scow, per "extra large" scow, and per "special extra large" scow), and these prices must be written out, and must also be given in figures.

Each bid must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller of The City of New York, for five per centum of the amount for which the work bid for is proposed in one year to be performed.

From the bids received the Commissioner of Street Cleaning may select the bid the acceptance of which will in his judgment best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park row.

JOHN McGAW WOODBURY, Commissioner of Street Cleaning. f10,25

**See General Instructions to Bidders on the last page, last column, of the "City Record."**

**ASHES, ETC., FOR FILLING IN LANDS.**

**PERSONS HAVING LANDS OR PLACES** in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park Row, Borough of Manhattan.

JOHN McGAW WOODBURY, Commissioner of Street Cleaning.

## SUPREME COURT.

### SECOND DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly side of STUYVESANT STREET, and the westerly side of JAY STREET, between DeKalb street and South street, in the First Ward of the Borough of Richmond, in The City of New York, duly selected as a site for a public building according to law.

**NOTICE IS HEREBY GIVEN THAT THE REPORT** of Charles L. Hubbell, Frank H. Moffatt and Lewis J. Rabbage, the Commissioners of Estimate and Appraisal duly appointed in the above-entitled proceeding, which report bears date the 15th day of February, 1904, was filed in the office of the Board of Estimate and Apportionment of The City of New York, at their office in the City Hall, in the Borough of Manhattan, in The City of New York, on the 23d day of February, 1904, and a duplicate of said report was filed in the office of the Clerk of the County of Richmond on the same day.

Notice is further given that said report will be presented for confirmation to the Supreme Court, at a Special Term thereof for the hearing of motions, at the County Court-house, Borough of Brooklyn, on the 10th day of March, 1904, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, February 23, 1904.

JOHN J. DELANY, Corporation Counsel, No. 2 Tryon Row, Borough of Manhattan, New York City. f24,m5

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to the acquiring of title for the use of the public to lands and premises bounded by VERNON AVENUE AND EAST RIVER AND PIERCE AVENUE AND SANFORD STREET,

First Ward, Borough of Queens, City of New York, required for the opening of a public park.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate, and that all persons interested in this proceeding, or in any of the lands, tenements, hereditaments and premises affected thereby, and having objections thereto, to present their said objections in writing, duly verified, to us at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of March, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of March, 1904, at 3 o'clock in the afternoon of that day.

Second—That the abstract of our said estimate, together with our damage map, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, at the office of said Bureau, Nos. 90-92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 25th day of March, 1904.

Third—That our report herein will be presented to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court-house in the Borough of Brooklyn, in The City of New York, on the 5th day of April, 1904, at the opening of the Court on that day; and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated BOROUGH OF MANHATTAN, CITY OF NEW YORK, February 23, 1904.

LUCIUS N. MANLEY, Chairman, JOHN A. LEACH, HERMAN WIENCKE, Commissioners.

JOSEPH M. SCHENCK, Clerk. f24,m5

### FIRST JUDICIAL DISTRICT.

In matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges necessary to be taken for the improvement of the water front of The City of New York on the North river between WEST FIFTEENTH AND WEST EIGHTEENTH STREETS, and the easterly side of the marginal street, wharf or place, adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund, and the North river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

**NOTICE IS HEREBY GIVEN THAT WE, THE UNDERSIGNED,** were appointed by two certain orders of the Supreme Court, one bearing date the 13th day of November, 1903, and filed in the office of the Clerk of the County of New York on the same day, and the other bearing date the 8th day of January, 1904, and filed in the office of the Clerk of the County of New York on the 10th day of January, 1904, Commissioners of Estimate and Assessment in the above-entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges hereinafter described, and not now owned by The City of New York, and situated in the Borough of Manhattan, in The City of New York, to be taken herein for the improvement of the water front on the North river, and which said uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges are as follows:

#### PARCEL NO. 1.

All the rights of wharfage, incorporeal hereditaments, terms, easements, emoluments, privileges or other appurtenances of any kind whatsoever appurtenant to the bulkhead along the westerly side of Thirteenth avenue, extending from the northerly side of West Fifteenth street to the southerly side of West Sixteenth street.

#### PARCEL NO. 2.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly side of West Fifteenth street, the southerly side of West Sixteenth street, the easterly side of Eleventh avenue and the easterly side of the marginal street, wharf or place as shown on the map or plan adopted by the Board of Docks on May 20, 1897, and approved by the Commissioners of the Sinking Fund on June 14, 1897, as altered and amended by the Board of Docks on January 14, 1898, and approved by the Commissioners of the Sinking Fund on March 11, 1898, as again altered and amended by the Board of Docks on July 19, 1901, and approved by the Commissioners of the Sinking Fund on July 31, 1901.

#### PARCEL NO. 3.

All the rights of wharfage, incorporeal hereditaments, terms, easements, emoluments, privileges or other appurtenances of any kind whatsoever appurtenant to the bulkhead along the westerly side of Thirteenth avenue, extending from the northerly side of West Sixteenth street to the southerly side of West Seventeenth street.

#### PARCEL NO. 4.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly side of West Sixteenth street, the southerly side of West Seventeenth street, the easterly side of Eleventh avenue and the easterly side of Thirteenth avenue.

#### PARCEL NO. 5.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly side of West Sixteenth street, the southerly side of West Seventeenth street, the easterly side of Eleventh avenue and the easterly side of the marginal street, wharf or place as shown on the map or plan adopted by the Board of Docks on May 20, 1897, and approved by the Commissioners of the Sinking Fund on June 14, 1897, as altered and amended by the Board of Docks on January 14, 1898, and approved by the Commissioners of the Sinking Fund on March 11, 1898, as again altered and amended by the Board of Docks on July 19, 1901, and approved by the Commissioners of the Sinking Fund on July 31, 1901.

#### PARCEL NO. 6.

All the rights of wharfage, incorporeal hereditaments, terms, easements, emoluments, privileges or other appurtenances of any kind whatsoever appurtenant to the bulkhead along the westerly side of Thirteenth avenue, extending from the northerly side of West Seventeenth street to the southerly side of West Eighteenth street.

#### PARCEL NO. 7.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the

northerly side of West Seventeenth street, the southerly side of West Eighteenth street, the westerly side of Eleventh avenue and the easterly side of Thirteenth avenue.

#### PARCEL NO. 8.

All the uplands and lands, terms, easements, emoluments and privileges of and to the uplands and lands, with the buildings and structures thereon, in the block bounded by the northerly side of West Seventeenth street, the southerly side of West Eighteenth street, the easterly side of Eleventh avenue and the easterly side of the marginal street, wharf or place, as shown on the map or plan adopted by the Board of Docks on May 20, 1897, and approved by the Commissioners of the Sinking Fund on June 14, 1897, as altered and amended by the Board of Docks on January 14, 1898, and approved by the Commissioners of the Sinking Fund on March 11, 1898, as again altered and amended by the Board of Docks on July 19, 1901, and approved by the Commissioners of the Sinking Fund on July 31, 1901.

All parties and persons interested in the said uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges taken or to be taken for the said improvement of the water front of The City of New York on the North river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401 on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our said office above specified on the 22d day of March, 1904, at 10:30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, or at such other or further times and places, as we may appoint we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs or allegations as may be then offered by such owners, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, CITY OF NEW YORK, February 24, 1904.

HENRY THOMPSON, JOHN H. JUDGE, EMANUEL W. BLOOMINGDALE, Commissioners.

JOSEPH SCHENCK, Clerk. f24,m19

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EIGHTY-SEVENTH STREET, between Fifth avenue and Narrows avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT AN APPLICATION** will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 3d day of March, 1904, at the opening of court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Eighty-seventh street, between Fifth avenue and Narrows avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Eighty-seventh street, between Fifth avenue and Narrows avenue, as aforesaid, are shown on a map entitled "The General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings," prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming a part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by William C. Redfield, Commissioner of Public Works; George W. Tillson, Chief Engineer, and George J. Bischof, Assistant Engineer in charge, and dated December 12, 1903, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 16th day of December, 1903.

Dated Borough of Brooklyn, City of New York, the 18th day of February, 1904.

JOHN J. DELANY, Corporation Counsel, No. 166 Montague Street, Brooklyn, N. Y. f18,mr.

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening AVENUE S, between Coney Island avenue and Ocean parkway, in the Thirty-first Ward, in the Borough of Brooklyn, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT AN APPLICATION** will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 3d day of March, 1904, at the opening of the court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Avenue S, between Coney Island avenue and Ocean parkway, in the Thirty-first Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Avenue S, between Coney Island avenue and Ocean parkway, as aforesaid, are shown on a map entitled "The General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings," prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming a part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, Chief Engineer, and George J. Bischof, Assistant Engineer in charge, and dated December 8, 1903, which map was filed in

the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 10th day of December, 1903.

Dated Borough of Brooklyn, City of New York, the 18th day of February, 1904.

JOHN J. DELANY, Corporation Counsel, No. 166 Montague Street, Brooklyn, N. Y. f18,mr.

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of locating and laying out an addition to SUNSET PARK, between Forty-third street and Forty-fourth street and Fifth avenue and Seventh avenue, in the Eighth Ward, in the Borough of Brooklyn, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT AN APPLICATION** will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 3d day of March, 1904, at the opening of court on that day, or as soon thereafter as counsel can be heard, for an appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the purpose of locating and laying out an addition to Sunset Park, between Forty-third street and Forty-fourth street and Fifth avenue and Seventh avenue, in the Eighth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of locating and laying out an addition to Sunset Park, as aforesaid, were laid out and placed upon the map or plan of The City of New York pursuant to a resolution passed by the Board of Estimate and Apportionment on the 12th day of December, 1902, adopted by the Board of Aldermen of The City of New York on the 31st day of March, 1903, and approved by the Mayor of The City of New York on the 6th day of April, 1903, and are also shown on a map of those portions of said streets and lands affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, Chief Engineer, and George J. Bischof, Assistant Engineer in charge, and dated September 15, 1902, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 28th day of November, 1903.

Dated Borough of Brooklyn, City of New York, the 18th day of February, 1904.

JOHN J. DELANY, Corporation Counsel, No. 166 Montague Street, Brooklyn, N. Y. f18,mr.

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening SILLIMAN PLACE, between Second avenue and Third avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT AN APPLICATION** will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 3d day of March, 1904, at the opening of the court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Silliman place, between Second avenue and Third avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Silliman place, between Second avenue and Third avenue, as aforesaid, are shown on a map entitled "The General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings," prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming a part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, Chief Engineer, and George J. Bischof, Assistant Engineer in charge, and dated November 27, 1903, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 30th day of November, 1903.

Dated Borough of Brooklyn, City of New York, the 18th day of February, 1904.

JOHN J. DELANY, Corporation Counsel, No. 166 Montague Street, Brooklyn, N. Y. f18,mr.

### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening BENSON AVENUE, from Fay Thirty-fifth street to Stillwell avenue, in the Thirty-first Ward, in the Borough of Brooklyn, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT AN APPLICATION** will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 3d day of March, 1904, at the opening of court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Benson avenue, from Fay Thirty-fifth street to Stillwell avenue, in the Thirty-first Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Benson avenue, from Fay Thirty-fifth street to Stillwell avenue, as aforesaid, are shown on a map entitled "The General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings," prepared by the Town Survey Commissioners

pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming a part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by William C. Redfield, Commissioner of Public Works; George W. Tillson, Chief Engineer, and George J. Bischof, Assistant Engineer in charge, and dated December 8, 1903, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 10th day of December, 1903.

Dated Borough of Brooklyn, City of New York, the 18th day of February, 1904.

#### FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the westerly side of ALLEN STREET, one hundred and sixteen (116) feet and eight (8) inches south of Rivington street, in the Borough of Manhattan, in The City of New York, duly selected as a site for a public bath, according to law.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate and Appraisal in the above-entitled matter, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, at their office in the City Hall, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may within ten days after the first publication of this notice, February 13, 1904, file their objections to such estimate, in writing, with us, at our office, Room No. 401, No. 258 Broadway, in the Borough of Manhattan, in the said city; and that we, the said Commissioners, will hear parties so objecting, at our office, on the 26th day of February, 1904, at 3 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Dated New York, February 11, 1904.

ADAM WIENER,  
AUGUST H. STEBBINS,  
CHARLES W. DAYTON, Jr.,  
Commissioners.

JOSEPH M. SCHENCK,  
Clerk. f13, 25

#### FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands, lands under water, lands under water filled in, wharf property, wharfage rights, terms, easements, emoluments and privileges necessary to be taken for the improvement of the water front of The City of New York, on the North river, BETWEEN WEST FORTY-FIRST AND WEST FORTY-SECOND STREETS, extended, pursuant to the plan heretofore adopted by the Board of Docks, and approved by the Commissioners of the Sinking Fund.

**NOTICE IS HEREBY GIVEN THAT WE, THE** undersigned, were appointed by an order of the Supreme Court bearing date the 30th day of December, 1903, and filed and entered in the office of the Clerk of the County of New York on the same day, Commissioners of Estimate and Assessment in the above-entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the lands, lands under water, lands under water filled in, wharf property, wharfage rights, terms, easements, emoluments and privileges to be taken herein for the improvement of the water front on the North river, and which said lands, lands under water, lands under water filled in, wharf property, wharfage rights, terms, easements, emoluments and privileges which are to be taken, are described as follows:

Beginning at a point formed by the intersection of the westerly side of Twelfth avenue with the northerly side of West Forty-first street; running thence westerly along the northerly side of West Forty-first street, extended, to the easterly side of Thirteenth avenue, as the same was established by chapter 18 of the Laws of 1837; running thence northerly along said easterly side of Thirteenth avenue to the southerly side of West Forty-second street, extended; running thence easterly along the southerly side of West Forty-second street, extended, to the westerly side of Twelfth avenue, and running thence southerly along the westerly side of Twelfth avenue to the northerly side of West Forty-first street, to the point or place of beginning;

Together with all wharfage rights, terms, easements and privileges and appurtenances or emoluments of any kind whatsoever in and to the above-described premises, including the bulkhead westerly of the westerly side of Twelfth avenue, between West Forty-first and West Forty-second streets.

All parties and persons interested in the said lands, lands under water, lands under water filled in, wharf property, wharfage rights, terms, easements, emoluments and privileges taken, or to be taken for the improvement of the water front of The City of New York on the North river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our office above specified on the 11th day of March, 1904, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, or at such other or further times and places as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs or allegations as may be then offered by such owners, or on behalf of The City of New York.

Dated, BOROUGH OF MANHATTAN, CITY OF NEW YORK, February 11, 1904.

BENNO LEWINSON, Chairman;  
JOHN C. COLEMAN,  
FREDERIC C. WAGNER,  
Commissioners.

JOSEPH M. SCHENCK,  
Clerk. f11, m8

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to EXTERIOR STREET (although not yet named by proper authority), from East One Hundred and Thirty-fifth street to Girard avenue at Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York, by excluding from said proceeding certain property not required for said street.

**PURSUANT TO THE STATUTES IN SUCH** cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1904, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding entitled "In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to Exterior street, from East One Hundred and Thirty-fifth street to Girard avenue at Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York," and the petition and order appointing Commissioners of Estimate and Assessment therein, heretofore duly entered and filed in the office of the Clerk of the County of New York, in the Borough of Manhattan, City of New York, on the 8th day of May, 1899, by excluding therefrom certain property not required for said street, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the western line of Exterior street (as now being acquired) distant 51.67 feet southerly from the intersection of said line with the southern line of East One Hundred and Thirty-eighth street as legally opened;

1st. Thence easterly parallel with the southern line of East One Hundred and Thirty-eighth street for 20.67 feet;

2d. Thence southerly deflecting 75 degrees 24 minutes to the right for 743.30 feet;

3d. Thence northwesterly deflecting 135 degrees 8 minutes 30 seconds to the right for 54.05 feet;

4th. Thence southwesterly deflecting 73 degrees 34 minutes to the left for 21.81 feet;

5th. Thence southwesterly deflecting 1 degree 49 minutes 20 seconds to the right for 53.16 feet;

6th. Thence southwesterly deflecting 2 degrees 10 minutes 40 seconds to the right for 8.22 feet to the pierhead and bulkhead-line of the Harlem river;

7th. Thence northerly along said line deflecting 104 degrees 36 minutes 5 seconds to the right for 77.15 feet;

8th. Thence northerly still along said line deflecting 0 degrees 57 minutes 28 seconds to the left for 62.85 feet;

9th. Thence easterly deflecting 90 degrees to the right for 119.35 feet;

10th. Thence northerly deflecting 79 degrees 13 minutes 7 seconds to the left for 587.71 feet to the point of beginning.

The land excluded from Exterior street is shown on a map entitled "Map or plan showing change of lines of Exterior street, between East One Hundred and Thirty-eighth street and East One Hundred and Thirty-fifth street, and change of grades of East One Hundred and Thirty-fifth street and Exterior street, between Park avenue and Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901," which was filed in the office of the President of the Borough of The Bronx, in the office of the Counsel to the Corporation of The City of New York, and in the office of the Register of the City and County of New York on or about the 6th day of October, 1903.

Dated New York, February 4, 1904.

JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
New York City.  
f4, 17

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WESTCHESTER AVENUE (although not yet named by proper authority), from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT WE, THE** undersigned, were appointed by an order of the Supreme Court, bearing date the 31st day of December, 1901, and duly entered in the office of the Clerk of the County of Kings, at his office in the Borough of Brooklyn, in The City of New York, on the 6th day of January, 1902, and in the office of the Clerk of the County of New York, at his office in the

Borough of Manhattan, in The City of New York, on the 17th day of January, 1902, and in the office of the Clerk of the County of Westchester at his office at White Plains, Westchester County, in the State of New York, on the 17th day of January, 1902, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, No. 172, Annexed Territory, Commissioners of Estimate and Assessment, for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of January, 1902, in the office of the Clerk of the County of Kings on the 6th day of January, 1902, and in the office of the Clerk of the County of Westchester on the 17th day of January, 1902, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

Notice is hereby further given that by an order of the Supreme Court, duly filed and entered in the office of the Clerk of the County of Westchester on January 6, 1904; in the office of the Clerk of the County of Kings on January 6, 1904, and in the office of the Clerk of the County of New York on January 7, 1904, and a copy of which order was filed in the office of the Register of the County of New York on the 7th day of January, 1904, the above-entitled proceeding was duly and regularly amended by excluding therefrom the property not required for the opening of said avenue and by including therein certain additional pieces of land, which, together with the lands to be excluded, are more particularly described and bounded in the petition attached to said order.

All parties and persons interested in the real estate taken or to be taken under this order for the purpose of acquiring said street or avenue or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned, Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 3d day of March, 1904, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owners or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, CITY OF NEW YORK, February 3, 1904.

JOHN F. COFFIN,  
Chairman;  
EDWARD L. GODFREY,  
M. J. MACK,  
Commissioners.

JOHN P. DUNN,  
Clerk. f3, 29

#### FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to Pier, old No. 18, East river, in the Borough of Manhattan, The City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof not now owned by The City of New York, for the improvement of the water front of The City of New York on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

**NOTICE IS HEREBY GIVEN THAT WE, THE** undersigned, were appointed by an order of the Supreme Court, bearing date the 19th day of November, 1903, and filed and entered in the office of the Clerk of the County of New York on the 1st day of December, 1903, Commissioners of Estimate and Assessment in the above-entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the wharf property, wharfage rights, terms, easements, emoluments and privileges to be taken herein for the improvement of the water front on the East river, in the Borough of Manhattan, and which said wharf property, wharfage rights, terms, easements, emoluments and privileges so to be taken, are described as follows:

All the interest in the pier known as Pier, old No. 18, East river, near the foot of Maiden lane, in the Borough of Manhattan, City of New York, not now owned by The City of New York, said interest being an undivided half interest; said pier is situated about 7 feet westerly of Maiden lane, and is bounded and described as follows, to wit:

Beginning at a point in the old bulkhead at the foot of Maiden lane, between Piers, old No. 18 and old No. 19, East river, distant 12.5 feet westerly from that point in said bulkhead where the southerly extension of the westerly line of Maiden lane intersects the same, and running thence southerly along the easterly side of Pier, old No. 18, a distance of about 139.5 feet;

Thence deflecting to the west and running still southerly along the easterly side of said pier a distance of 75 feet;

Thence deflecting to the west and running still southerly along the easterly side of said pier a distance of 125 feet;

Thence deflecting to the east and running still southerly along the easterly side of said pier a distance of 50 feet;

Thence deflecting to the east and running still southerly along the easterly side of said pier a distance of 59 feet to the outer end of said pier;

Thence westerly along the outer end of said pier 35 feet to the westerly side of Pier, old No. 18;

Thence northerly along the westerly side of said pier a distance of 60 feet;

Thence deflecting to the east and running still northerly along the westerly side of said pier a distance of 175 feet;

Thence deflecting to the west and running still northerly along the westerly side of said pier a distance of about 211 feet to the present bulkhead between Piers, old No. 17 and old No. 18;

Thence easterly along the present bulkhead or northerly end of said pier 33.75 feet to the point or place of beginning.

All parties and persons interested in the said wharf property, wharfage rights, terms, easements, emoluments and privileges taken or to be taken for the said improvement of the water front of The City of New York on the East river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our office above specified on the 25th day of February, 1904, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, or at such other or further times and places as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs or allegations as may be then offered by such owners, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, THE CITY OF NEW YORK, January 29, 1904.

EMANUEL BLUMENSTIEL,  
WILBUR LARREMORE,  
HERMAN ALSBERG,  
Commissioners.

JOSEPH M. SCHENCK, Clerk.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, inscribed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
