After hearing the candidate the Commission questioned Mr. O. Schwarz, of No. 1774 Washington avenue, City, the monitor who was accused by the candidate of having given him the erroneous instructions. The matter was laid over for further consideration.

The Secretary stated in connection with the requisition that he had received a letter from one T. H. Graham, of No. 7 East Forty-first street, whose name appeared first on the preferred list of Inspector of Iron and Steel "waiving his right to the position of Inspector of Supplies in the Department of Finance in favor of Mr. James M. Fagan, second grade Clerk, be transferred from the promotion list for the Law Department to the list for the Bureau of Street Openings, and recommending, as it had not been the practice of the Commission to allow transfers from one promotion list to another, that the request should be denied. The recommendation was adopted.

Snyder, Superintendent of School Buildings, Department of Education, who stated that he had received an application from Mr. Ward Cunningham, an Inspector of Carpentry and Masonry, to be admitted to the examination for promotion from Inspector of Repairs to General Inspector of Repairs in his Bureau. The Examiner stated that in mental equipment and practical knowledge there was no difference in the men bearing the titles of Inspector of Repairs and Inspector of Carpentry and Masonry, and recommended, therefore, that all men serving under the title of Inspector of Masonry and Carpentry be admitted to the examination. The report stated that Miss Abrams had been occupied as a Visiting Nurse in tuberculosis work among the poor for the past six years; that the examination had shown that she had good lung expansion and was otherwise well, and that he could find nothing in her physical condition to interfere with her work or activity, or sufficient to justify her rejection.

The Secretary stated that the records showed that Mr. Isaac had been appointed a Topographical Draftsman in the office of the President of the Borough of The Bronx on March 22, 1906, and transferred on April 1, 1907, to the Department of Bridges, from which time he had served continuously. The Commission then considered the application of Owen Boyhan, of No. 254 Berry street, Brooklyn, an applicant for the position of Fireman, who had given June 2, 1884, as the date of his birth in his application, while in his medical sheet he had given May 2, 1884. Y., explaining the discrepancy in the names appearing in his application for Junior Clerk and in the birth certificate furnished, and stating that while he had been christened Charles Henry he had been confirmed under the name of Charles Francis, which latter name he had given in his application. It appeared further that the candidate had given the date of birth in his application as September 27, 1884, and in the preliminary and declaration sheets as September 27, 1886; that in the baptismal certificate furnished the date of birth was given as September 26, 1886. The Secretary called the attention of the Commission to the fact that Philip C. Hughes, John A. Conway and Herman Neuschtat, first grade Clerks in the Department of Finance, whose applications for promotion to the second grade had been rejected in the month of October for the reason that they were under eighteen years of age, had since become eligible. After consideration of the matter, it appearing that the examination had not yet been held, the applications were accepted.

A letter was presented from Leslie Stephens, of No. 1846 Cruger avenue, Van Nest, Borough of The Bronx, submitting a life insurance policy taken out when he was two years of age as proof that he was born on May 22, 1886. At the conclusion of the hearing, the Secretary was directed to communicate with the Police Commissioner and state that there was not sufficient evidence to justify the Commission in taking action in the matter.

After consideration of the matter the Commission ruled:

First—That the Assistant Superintendent of the company was eligible to take the examination, as under the statute the term Superintendent might be deemed to apply also to the Assistant Superintendent.

Second—That the eligible list for Superintendent be announced.

Third—That the candidate for the position of Assistant Superintendent be given a supplemental oral examination.

Fourth—That the eligible list of Foreman be announced and that Mr. Perry be marked "not qualified" on such list, pending the receipt of an affidavit from him showing by whom he had been employed each month from July 1, 1907, to the present date.

A report was presented from Mr. Thomas C. Murray, Assistant Chief Examiner in Charge of Promotions, dated December 21, 1909, in relation to the appeal of James F. Flynn, a Keeper in the Department of Correction, that he be granted a special examination for promotion to the grade of Head Keeper. After consideration of the matter the appeal was denied.

Bennett that they be permitted to compete in the promotion examination for Assistant Foreman in the Bureau of Highways, Borough of Queens. It appeared that on Monday, December 20, 1909, Mr. Cahill had called at the office of the Commission and informed the Examiner that he and Mr. Joseph H. Bennett had not received notices to appear for the examination on December 22, 1909; that Mr. Cahill had personally filed all the applications for his Department on November 1, 1909, and that these had included his and Mr. Bennett's applications; that in view of the statements of the applicants they had been directed to file duplicate applications, and notices for the examination had been given them subject to the approval of the Commission. The action of the Examiner was approved.

A letter was presented from Mr. Thomas C. Murray, Assistant Chief Examiner in Charge of Promotions, dated December 18, 1909, in relation to a requested change in the title of the position in the promotion examination to Chief Inspector of Repairs in the Department of Education. It appeared from a communication of the Secretary of the Board of Education that the title Chief Inspector of Repairs had not been used in the Department of Education since January 2, 1905, and that there was no provision in the Budget for such a position. It was further stated that the position to be filled was General Inspector of Repairs, for which reason it was recommended by the Examiner that the examination ordered by the Commission on November 24, 1909, for Chief Inspector of Repairs, Department of Education, be amended to read General Inspector of Repairs, Department of Education. The recommendation was adopted.

Loughman, Deputy Commissioner of the Department of Water Supply, Gas and Electricity, for permission to change the title of John J. Flannery, a Bookkeeper in his Department (Central Office, Borough of Manhattan), at a salary of \$2,850 per annum, to that of General Bookkeeper, at a salary of \$3,000 per annum. It was stated that Mr. Flannery had been employed in the Department for the past eighteen years and had held the title of Bookkeeper since August 1, 1905; that there was but one other Bookkeeper employed in the Central Office, who had waived whatever right he possessed in the matter in favor of Mr. Flannery; that Mr. Flannery was at present in the highest grade of Bookkeeper and for that reason his salary could be raised to \$3,000 per annum without further examination. As to the change of title, the Examiner stated that in his opinion there would be no objection to the same, provided the title General Bookkeeper had been established for the Department. After consideration of the matter the increase in salary to \$3,000 per annum was approved, and the change of title to General Bookkeeper was also approved, with the understanding that the same had been established for the Department under section 56 of the Charter.

It appeared that Mr. Cords had entered the third grade as Stenographer and Typewriter on August 15, 1907, when he was promoted to a yearly salary of \$1,200; that he was, therefore, ineligible for examination for promotion, having served less than three years in the third grade. The request for a promotion examination was denied for lack of power, and the matter of allowing Mr. Cords' promotion to a salary of \$1,800 per annum, without examination, was referred to the Chief Examiner for a report.

Jervois, a Clerk in the Chief Clerk's office, Department of Finance, from \$2,350 to \$2,400 per annum, without further examination. It appeared that Mr. Jervois has been employed by the City for over forty years; that on February 6, 1891, he had passed an examination for promotion to the then third grade; that there were less than three Clerks in the Chief Clerk's office who were eligible to enter a promotion examination for fifth grade Clerk, and that in the examination taken by Mr. Jervois in 1891 the same questions had been given candidates for the third and fourth grades, the latter covering a salary of \$2,500 per annum. The promotion was approved in accordance with paragraph 12 of Rule XV.

Murray, Assistant Chief Examiner in Charge of Promotions, dated December 17, in relation to the request of the Comptroller that a non-competitive examination be held through which Mr. Joseph Foley, a Watchman employed in the office of the City Paymaster, might qualify for promotion

After consideration of the matter, the Secretary was directed to restore Miss O'Neill's name to the eligible list of Nurse and certify it in the order of percentage.

A report was presented from Doctor James P. Warbasse, Chief of the Bureau of Physical Examinations, in relation to the case of Charles E. Field, a candidate for promotion to Battalion Chief in the Fire Department, who had been passed in the physical examination notwithstanding the fact that he had but one arm. In conjunction with the Examiner's report, the Commission considered an appeal from the candidate that his papers in the mental examination be rated, he having been advised by the Chief Examiner that owing to the fact that he had signed his examination number to the said papers he had been disqualified. The matter was laid over.

A letter was presented from the Board of Water Supply, dated November 29, requesting authority to continue the services of Daniel Shefflin, of No. 5 East One Hundred and Sixth street, as first grade Clerk, pending the holding of the non-competitive examination ordered by the Commission under the provisions of paragraph 3 of Rule XII. —and inserting in lieu thereof the following:

—also by placing the position of Inspector, Board of Water Supply Police, in the competitive class. Blackett to the position. The Secretary stated that under date of December 14, he had notified the Park Commissioner that Mr. Blackett's name appeared upon the eligible list of Foreman of Mechanics; that he was a veteran of the Civil War, and that the payroll of the person who had been performing the duties of the position in question could no longer be certified. The Secretary stated that Miss Young's name had appeared on the eligible list of Nurse when announced; that the words "not qualified" had been placed opposite her name, however, as she had only been passed conditionally by the Medical Examiners because of a slight affection of the heart. On motion, the Commission directed that all the persons whose names appeared upon the eligible list of Nurse with the words "not qualified" opposite their names, because of some physical disability, be re-examined by the Chief of the Bureau of Physical Examinations of the Commission, in order to ascertain whether any error had been made by the Examiners who conducted the physical examination.

The Secretary stated that vouchers in the amount of \$1,440 covering the employment of Mr. Kleb had been forwarded to the Commission, but that he had declined to certify them in view of the fact that the consent of the Commission had not been obtained. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
