THE CITY OF NEW YORK.

FOR CHARITABLE INSTITUTIONS.

Conditions Governing Payments to Charitable Institutions.

All appropriations made in this Budget for the use of charitable institutions are hereby declared subject to the following conditions, and the acceptance of a payment of money made from the City treasury, in pursuance of these appropriations, shall be deemed to be an acceptance by such institutions of the conditions under which the appropriations are herein made:

1. The accounts and records of all institutions shall be so kept as to show the receipts of the institution from all sources, and all its expenditures, and shall in other respects be in such form as the Comptroller of The City of New York may require, except that a record shall be maintained in which expenses shall be recorded under the following classification:

A. Expenses incurred in the operation of the institution as follows:

- Food stuffs.
- Clothing.
- Linen and bedding.
- Fuel.
- Magazines and newspapers.
- Educational supplies.
- Other supplies.
- Salaries and wages.
- Professional services.
- Light.
- Forage and care of animals.
- Telephone.
- Printing, stationery and advertising.
- Postage and telegrams.
- Hospital and sanitarium charges.
- Funerals.
- Recreation expense.
- Miscellaneous expense.
- Expense for boarded-out children.

B. Expenses incurred in the maintenance of plant and equipment, as follows:

- Repairs and renewals of plant and fixed equipment.
- Repairs and renewals of furniture and movable equipment.

All accounts of institutions shall, so far as practicable, be kept on an income and expense basis.

2. All payments made to charitable institutions in pursuance of the following appropriations shall be used by such institutions only for the recurring expenses incurred by the institution for the care, support, maintenance and education of inmates duly committed by the courts or the Commissioner of Charities or accepted by the Commissioner as public charges. Expenses for care, support and maintenance as herein used shall be taken to mean all expenses incurred by the institution for food, clothing, attendance upon, medical service to, and other expenses properly incurred in behalf of inmates committed or accepted by the City, as shown in the classification set forth in Condition 1 governing these appropriations. Such expenses shall not include any expense incurred for improvements or additions to plant or equipment, nor insurance, taxes, rent, interest on loans or mortgages, or repayments of the principal thereof. Recurring expenses for education shall be taken to mean expenses incurred in providing suitable education for properly committed or accepted inmates, and shall include the salaries of instructors, and expenses incurred for supplies for use in instruction.

3. All institutions receiving payments of public moneys in pursuance of appropriations made in this Budget and all their books of record and all their accounts relating to all institutional funds, from whatsoever source received, shall at all reasonable times be open to the visitation, inspection and examination of duly authorized representatives of the Department of Finance and the Board of Estimate and Apportionment. The Department of Public Charities shall be deemed to have the right to visit and inspect any institution receiving City funds at any time whatsoever and at all proper times have access to all the records of such institution.

4. All institutions shall in each year, at a time to be designated by the Comptroller, submit in a manner and form prescribed by him, a statement of their financial operations, and they shall state specifically in their printed annual reports the amount of money received by them from the City treasury.

5. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments to any charitable institution, he shall, in his discretion, suspend payments and give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to cease making further payments, and, upon the determination of said board that such payments shall terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon end.

6. Where apportionments are made to private charitable institutions upon a per capita basis of payment for services to inmates, the bills of the institutions for such services shall show the names of the inmates and the period of service for which payment is claimed, and no payment shall be made for any inmate who has not been accepted by the Commissioner of Public Charities as a proper charge against the City. Except in emergency cases the Commissioner of Public Charities shall not accept as proper charges persons capable of paying for their own support, or for whose care adequate provision can be made in the public hospitals. No case shall be regarded as an emergency case unless there shall have been made a certificate to that effect by a properly authorized and informed representative of the institution by which such case was received.

7. The City shall not be liable for any claim for services rendered committed inmates by any charitable institution which shall be in excess of the amount apportioned to such institution in this Budget, notwithstanding the acceptance of the Commissioner of Public Charities or any per capita rates of payment that may have been fixed for various classes of inmates thereof.

8. No money shall be paid to any institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its board of managers.

9. Child-caring institutions not sending their inmates to the public schools, and not sharing in the corporate school fund, and not receiving Teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions for five (5) hours daily for a period equal to the public school year, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of five years of age and over, except that for abnormal or atypical children a special ruling may be made by the Comptroller. Institutions receiving a per capita allowance for the education of their inmates shall be under the general supervision of the Board of Education, as required by the general conditions relating to institutions receiving corporate school money, as provided in section 1154 of the Charter of The City of New York.

10. No dependent child under 16 years of age shall be accepted as a proper charge upon the City, and no money will be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children, under the supervision of the State Board of Charities and placed in this Budget by the Board of Estimate and Apportionment.

11. All child-caring institutions shall maintain for each inmate accepted as a public charge by the Commissioner of Charities a complete physical and health record in which shall be recorded the name, age, sex, height and weight, time of admission, general physical condition, including the presence or absence of defects in eyesight, breathing, teeth or any organic defect, in a manner to conform as nearly as practicable with the records maintained by the Department of Health for children in the public schools of The City of New York.

All such institutions shall examine and make a record of the physical condition of each of their inmates for whose care or education City money is received, at least once in every six months, noting the presence or absence of defects, as stated in the preceding paragraph of this condition.

12. All child-caring institutions shall submit quarterly to the Comptroller and to the Commissioner of Charities, and oftener if required, a sworn statement of the dietary actually employed for the feeding of their inmates for the preceding quarterly period, together with a statement of the approximate quantities of each kind of food allowed each inmate.

13. Each institution shall submit to the Comptroller on forms prescribed by him notice of all persons, for whose care City or county funds are received, within twenty-four hours after their arrival at or discharge from the institution.

14. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows: Provided that where the Comptroller finds, after proper investigation, that any per capita rate hereinafter stated is too high, he is hereby authorized, on the approval of the Board of Estimate and Apportionment, to reduce such per capita rate for any or all institutions.
