HEARING ON PENSIONS FOR ALL CITY EMPLOYEES.

The Mayor's Pension Commission will hold a general hearing on the subject of pensions for all City employees, in the Board of Estimate chamber on April 2nd, at 4 p. m. Employees are requested to arrange for appearances in order to present fully their views as to pensions. Hearings have already been held on existing funds.

On April 2nd, it is hoped, suggestions will be received from the general body of City employees not participants in existing funds.

HENRY BRUERE, Secretary, Mayor's Pension Commission.

EXECUTIVE DEPARTMENT.

HEARINGS BY THE MAYOR ON LEGISLATIVE MEASURES.

Pursuant to statutory requirement, notice is hereby given that an act, Assembly Bill No. 544, Int. No. 129, has been passed by both branches of the Legislature, entitled:

An Act to amend the Greater New York charter, in relation to the proceedings prior to grant of a franchise.

Further notice is hereby given that a public hearing upon such bill will be held at the Mayor's office in the City Hall in the City of New York, on Friday, April 3, 1914, at 10 o'clock a. m.

Dated City Hall, New York, April 1, 1914.

PETITIONS AND COMMUNICATIONS.

No. 444.

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau st., New York, March 27, 1914.

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City:

Dear Sir—With reference to your letter of March 21, transmitting a copy of the following resolution adopted by the Board of Aldermen March 17, 1914:

"Whereas, The Interborough Rapid Transit Company have for some years past during the rush hours been running 2d ave. trains from the Canal st. station in the Borough of Manhattan, north through 2d ave., over the viaduct to the Borough of The Bronx, over the West Farms division of the subway to Freeman st.; and

"Whereas, The Interborough Rapid Transit Company has been repeatedly requested to continue the running of said 2d ave. trains during the entire day over said route, and the demands of the citizens of the Borough of The Bronx in this regard have been ignored; and

"Whereas, The running of 2d ave. trains over this route will be of great convenience to the general traveling public and will considerably relieve the congestion caused by transferring at 149th st. and 3d ave. elevated and subway stations; and

"The members of the Board of Aldermen of The City of New York, seeing the necessity for said train service; therefore, be it

"Resolved, That the Public Service Commission for the First District be and is hereby requested to order the said Interborough Rapid Transit Company to run 2d ave. trains over said route during the entire day from Canal st. to the terminus at West Farms, in the Borough of The Bronx."

I beg to advise you as follows:

Upon complaint of the Woodstock Taxpayers' Association, Arthur Rosenberg, Esq., Secretary, 667 E. 164th st., New York City, an investigation covering the same matter was made in the month of January, 1914. Under date of January 22 I informed the Woodstock Taxpayers' Association as follows:

"Acknowledging receipt of your letter of January 13, 1914, making complaint of the service on the 2d ave. elevated line, and requesting that the Commission require the company to operate through service throughout the day, I have to advise you that an investigation has been made and submitted to the Commission.

"The report of our Engineer shows that the inspection was made at the 129th st. station covering a period from 9 a. m. to 5 p. m. During that period the greatest number of passengers that transferred southbound between the Bronx trains and the 2d avenue trains was during the 15 minute period from 10 to 10.15 a. m., and amounted to 218 persons. The greatest number of passengers that transferred northbound between 2d ave. and Bronx Park trains was 340 persons and occurred between 4.45 and 5 p. m. The nearest approach to this number was during the preceding period, when 220 passengers transferred. This count was made for the purpose of ascertaining how much through service would have to be operated to take care of the traffic.

"Taking the average of the 15 minute periods, it appears that about one train per 15 minutes would have to be operated to handle the traffic. Our Engineer states that it is his conviction that comparatively few persons would be willing to wait for 15 minutes for a through train merely to avoid the slight inconvenience of transferring, the average saving to those who would transfer being some 10 minutes. The 2d ave. service during the non-rush hours is on a 4 minute interval and the Bronx Park-3d ave. service is on a 3 minute interval.

"Upon the facts as reported to the Commission by our Engineer, there would seem to be no ground upon which the Commission could justify an order upon the company to operate through traisn as requested."

The count showed that the total number of passengers transferring from 2d ave. elevated trains to Bronx trains for the entire period from 9 a. m. to 5 p. m. on January 19 was 3,991. The total number of passengers transferring from Bronx trains to 2d ave. trains during the same period was 4,196.

I would add that another factor entering into the problem is the proposed reconstruction of the whole elevated layout around 129th st. and through to 143d st., as provided for under the pending contract between the Interborough Rapid Transit Company and the City, and that every additional train operated during non-rush hours would tend to embarrass and delay the prosecution of the work.

Further, the trains that are operated between Canal st. and Freeman st. during rush hours are stored along the connecting structure between 149th st. and the subway junction during the day time, and it is difficult to see how they can be disposed of in any other manner until additional storage facilities have been provided. It should, of course, be understood that any organization or individual who desires to press a complaint has a right to appear and be heard by the Commission.

Very truly yours, TRAVIS H. WHITNEY, Secretary.

No. 445.

Office of Felix A. Muldoon, Attorney and Counselor at Law, 304 Broadway, New York City, March 30, 1914.

To the Honorable Board of Aldermen of The City of New York, City Hall, Manhattan:

Gentlemen—As the attorney for the Bathgate ave. property owners I hereby protest against the issuance of any permits during the Jewish holidays or the suspension of any ordinance during that period for the use of Bathgate ave., from Wendover ave. to 172d st.

The present state of affairs is an intolerable nuisance and open defiance of the law. The property owners, fifteen of whom I represent, are unalterably opposed to the granting of special privilege to unlicensed plumbers on this street, because of the fact that they have invested their money in a legitimate business, and also because it is impossible for fire apparatus to pass through this street under the present conditions.

Very truly yours, FELIX A. MULDOON.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 446.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, Municipal Building, New York, March 24, 1914.

Hon. GEORGE McANENY, President, the Board of Aldermen, City of New York:

Sir—This Department for several years past has had a contract with Columbia University by which the Department can obtain the services of the University Laboratory in testing electric meters for private consumers, in order to check the charges of the companies and also for testing electrical appliances submitted for use in electrical installations throughout The City of New York; further, for testing lighting apparatus for the City.

This contract enables the Department to obtain the services of an impartial referee with only academic affiliations in matters which are apt to cause dispute and possible contentions between the manufacturing and contracting interests and this Department.

Advertising for bids in this case would not prove beneficial to the City. I would therefore apply for permission to let this contract without public letting. This has

been the procedure for several years past, and the Board of Aldermen has acceded to our request in each instance.

The amount of the fee we pay the University is $1,500. A copy of the proposed form of contract is forwarded with this letter.

I am, very truly yours, WILLIAM WILLIAMS, Commissioner.

The City of New York, Department of Water Supply, Gas and Electricity.

Contract for Testing Electrical Meters for Private Consumers Who May Complain to the City, and for Testing Other Apparatus for the Use and Control of Electricity.

This agreement, made and entered into this ..... day of ....., in the year one thousand nine hundred and fourteen, by and between The City of New York, by the Commissioner of Water Supply, Gas and Electricity, William Williams, party of the first part, and the Trustees of Columbia University in The City of New York (hereinafter called the University), party of the second part, pursuant to the provisions of the Greater New York Charter;

Witnesseth, That the parties to these presents, each in consideration of the agreements on the part of the other, herein contained, have mutually agreed and hereby mutually agree:

That the University will render to the City for the period of 365 days, from January 1, 1914, to December 31, 1914, the services of its electrical testing laboratory for the purpose of testing electrical meters for all private consumers who may complain to the City, and of testing such other apparatus for the use and control of electricity as may be selected by the Commissioner of Water Supply, Gas and Electricity, and will furnish reports and certification of the electrical testing laboratory on such tests to the Department of Water Supply, Gas and Electricity. The apparatus shall be deemed to include appliances for lighting, power, insulation, safety and such other appliances as may be agreed upon between the University and the Commissioner of Water Supply, Gas and Electricity.

That the City will pay to the University the sum of fifteen hundred dollars ($1,500) for such testing, reports and certification.

In witness whereof the Commissioner has hereunto set his hand for and on behalf of the City, and the University has also hereunto set its hand, the day and year herein first above written; and the Commissioner and the Contractor have executed this agreement in triplicate, one part of which is to remain with the Commissioner, one to be filed with the Comptroller of The City of New York, and the third to be delivered to the University.

....., Commissioner of Water Supply, Gas and Electricity;
THE TRUSTEES OF COLUMBIA UNIVERSITY IN THE CITY OF NEW YORK, by ....., Treasurer.

County of New York, ss.:

On the ..... day of ....., 1914, before me personally appeared ....., to me known and being by me duly sworn, deposed and said that he resided in The City of New York and was the Treasurer of the Trustees of Columbia University in The City of New York, one of the corporations described in and which executed the above instrument; that the seal affixed to such instrument was its Corporate Seal; that it is so affixed thereto by order of the Board of said corporation, and that he subscribed his name thereto by like order.

City and State of New York, County of New York, ss.:

On this ..... day of ....., 1914, before me personally came ....., to me known and known to me to be the Commissioner of Water Supply, Gas and Electricity of The City of New York, the person described as such in and who, as such, executed the foregoing instrument, and he acknowledged to me that he executed the same, as such Commissioner, for the purposes therein mentioned.

....., Commissioner of Deeds, New York City.

Estimated Cost of Contract Made With Columbia University for Testing Electric Meters for Private Consumers and for Making Tests Required by the City on Different Kinds of Apparatus.

From January 1, 1914, to December 31, 1914, both inclusive, 12 months at $125 per month, total cost..... $1,500 00

Commissioner's Certificate.

In conformity with the provisions of section 149 of the Greater New York Charter, it is hereby certified that the estimated cost of the foregoing contract, amounting to fifteen hundred dollars ($1,500), is chargeable to the appropriation of the Department of Water Supply, Gas and Electricity for the year 1914, entitled "Contract or Open Order Service, General Plant Service, Illumination, Power and Heat Control," 1914—2299.

The President laid before the Board the following communication from the President of the Borough of The Bronx:

No. 447.

City of New York, President of the Borough of The Bronx, Third avenue and 177th street, office of the President, March 25, 1914.

Hon. GEORGE McANENY, President Board of Aldermen, City Hall, New York City.

Dear Sir: The bridge across the tracks and yard of the New York Central and Hudson River Railroad Company at E. 153d st. is in a very bad condition and has been closed to traffic for several months because its use would be liable to give rise to a serious accident at any moment.

Many of the truss members, as well as the floor system, has been seriously injured by corrosion. It is desired to replace such members and restore the structure to substantially its original condition.

On account of the great number of continually used railroad tracks under the two easterly spans, which spans are in most urgent need of repair, it is believed that it will be exceedingly expensive, if not entirely impracticable, to repair these spans in place, and the following estimated cost contemplates taking down and reconstructing the trusses:

Steel, 261,000 lbs., at $0.10	$26,100
Cleaning and painting	3,000
	$29,100
Engineering and contingencies, 15%	4,365
	$33,465

The exact condition of the structure and the extent to which repairs will be necessary will be developed only in the course of the work of restoring it, and I would therefore recommend that the Board of Aldermen adopt a resolution recommending that the Board of Estimate and Apportionment authorize the Comptroller to issue special revenue bonds to the amount of thirty-five thousand dollars ($35,000), to be applied to the restoration of this bridge to its original condition.

This bridge was built under the terms of a special act, known as Chapter 650 of the Laws of 1897, which authorized the Commissioner of Street Improvements to construct a bridge and approaches in accordance with plans to be approved by the Board of Estimate and Apportionment and the entire cost of construction to be defrayed by bonds or stock of the Mayor, Aldermen and Commonalty of the City of New York, the Commissioner being authorized to acquire any easement, right of way, over, under or through, any land that might be required by law for the purposes of this act; the costs of same to be paid out of the fund for street and park openings. No provision was made for the maintenance of the bridge.

In accordance with advice from the acting Corporation Counsel, dated September 26, 1913, notice was served upon the railroad company to repair the bridge. The company disclaimed responsibility, and in further compliance with the advice of the Corporation Counsel it is desired to proceed with the work, and the city can then make claim against the railroad company.

Enclosed herewith is a copy of the opinion of the Acting Corporation Counsel, together with a copy of the form of notice served upon the railroad company, and copies of letters received from the railroad company in response to such service.

In view of its urgency I would request that immediate attention be given this matter. Yours very truly,

DOUGLAS MATHEWSON, President of the Borough of The Bronx,

(Copy.)

New York Central & Hudson River Railroad Co., New York, October 9, 1913.

Hon. CYRUS C. MILLER, Preesident of the Borough of The Bronx, 3d ave. and 177th st., New York City:

Dear Sir—I have your letter of October 3d, which was served upon Mr. D. W. Pardee, Secretary of this company, at 4.40 P. M. on October 9th, in regard to the condition of the bridge crossing the tracks in the yard of this company at E. 153d st., between Park ave. and Sheridan ave., Borough of The Bronx.

I attach for your information copy of a letter I wrote to you on July 21st, 1913, on this same subject, and I beg to state that our opinion to-day is the same as our opinion at the time that letter was written. Yours respectfully,

GEO. W. KITTRIDGE, Chief Engineer.

(Copy.)

Law Department, Office of Corporation Counsel, September 26, 1913.

Hon. CYRUS C. MILLER, President of the Borough of The Bronx.

Dear Sir: I am in receipt of a communication from Acting President Whittle making inquiry as to the matter of having the New York Central & Hudson River Railroad Company repair the bridge across the tracks and yard of the railroad at 153d st. and informing me that the railroad company has done nothing toward making the repairs.

The railroad claims that as the city built the bridge under a special act of the Legislature it is under no legal obligation to make the repairs.

Irrespective of how the cost will ultimately be paid, it is of course important that the bridge be repaired and opened for traffic.

I advise you therefore to serve a final notice upon the New York Central Railroad Company and also upon the New York and Harlem Railroad Company substantially in the form enclosed herewith and have affidavit made of the service of such notice on one of the officers of each company.

If the repairs be not then made it will be necessary for the city to proceed with the work and make claim against the railroad companies for the amount expended.

Respectfully yours, LOUIS H. HAHLO, Acting Corporation Counsel.

(Copy.)

New York Central & Hudson River R. R. Co., July 21, 1913.

Hon. CYRUS C. MILLER, President Borough of The Bronx, 177th st. and 3d ave., New York:

Dear Sir—I beg to acknowledge the receipt of your favor of July 2d, enclosing a copy of opinion of Acting Corporation Counsel Louis H. Hahlo in regard to the maintenance of the bridge across the New York Central Railroad Co.'s tracks and yard at 153d st., Borough of The Bronx.

Our position as to the maintenance of this structure is the same as set forth in my letter of June 11th. The statement in the Acting Corporation Counsel's letter that this bridge was built under the agreement between the Department of Parks and the railroad company, executed June 11, 1888, is incorrect. The structure was authorized and built pursuant to a special act of the Legislature by and wholly at the expense of the city, and therefore it is not a bridge governed by the provisions of the contract of 1888 nor by the provisions of the railroad law. Respectfully yours,

GEO. W. KITTREDGE, Chief Engineer.

(Copy.)

To New York Central & Hudson River Railroad Company and New York & Harlem Railroad Company:

You will please take notice that the bridge crossing the tracks and yard of your railroad at E. 153d st., between Park ave. and Sheridan ave., Borough of The Bronx, is in a dangerous condition and in neeed of immediate repair. This condition has necessitated the closing of the bridge to traffic.

This condition has existed for over three months.

You are accordingly required to place same in repair without delay.

In case of your failure to repair said bridge so that it may be opened for traffic or commence the repair work thereon within thirty days from date I shall proceed with the work and charge the cost thereof to you. Respectfully,

....., President of the Borough of The Bronx.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Bridges.

No. 448.

Department of Bridges, City of New York, Municipal Building, Manhattan, N. Y., March 25, 1914.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On January 18, 1913, the Commissioner of Bridges executed a contract with Mr. William P. Seaver for the improvement of the Manhattan Plaza of the Manhattan Bridge.

On June 23, 1913, the Commissioner of Bridges executed a contract with the North-Eastern Construction Company for the improvement of the Brooklyn Plaza of the Manhattan Bridge.

Each of these contracts provides for the furnishing and laying of a certain amount of bluestone flagging. The specifications for this flagging as given in paragraph 247 of the specifications of the Manhattan Plaza contract and paragraph 231 of the specifications of the Brooklyn Plaza contract read in each case as follows:

"The bluestone flagging shall be of sound, first quality Wyoming Valley bluestone, of a light color, satisfactory to the architects, and equal to the sample in Engineer's office. The surface shall be sawed, and a sample shall be submitted for approval. Flagging shall not be less than 4 inches thick."

After the execution of the contracts it developed that the conditions at the quarries were such that Wyoming Valley bluestone could not be obtained in sufficient quantities within the time required for the work. Samples of flagging stone other than Wyoming Valley bluestone were submitted by the contractors on both the above mentioned contracts.

Concerning the samples submitted by the North-Eastern Construction Company, the architects retained by the City, Messrs. Carrere & Hastings, sent a communication dated September 5, 1913, to this Department, a part of which reads as follows:

"We are very glad to express our approval of the Colimer stone, which seems to us to be in every way satisfactory for the purpose. Mr. Hastings has examined it personally, and is very glad that it is possible to obtain it. We suggest that if agreeable to you the North-Eastern Construction Company be allowed to substitute this stone for the stone called for under the specifications, as we consider it a satisfactory equivalent."

The Commissioner of Bridges on the recommendation of the architects and the Chief Engineer of this Department notified the North-Eastern Construction Company in a letter dated September 24, 1913, that Colimer stone was approved for use as equal to the Wyoming Valley bluestone.

Of the samples submitted by Mr. William P. Seaver, the Commissioner of Bridges, on the recommendation of the architects and the Chief Engineer of this Department notified Mr. Seaver on December 16, 1913, that the Colimer stone was approved for use.

It was not the intention in the wording of the specifications to limit the kind of flagging to any controlled article, and it was believed that under the provisions of paragraph 19 of the specifications of both contracts the Commissioner might approve the use of some other flagging stone equal to Wyoming Valley bluestone. Paragraph 19 of the specifications of both contracts reads in part as follows:

"Whenever or wherever an article of any class of materials is specified by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intended to mean and specify the article or materials described, or any other equal thereto in quality, finish and durability, and equally as serviceable for the purpose for which it is (they are) intended."

I am in receipt of an opinion of the Corporation Counsel, dated March 2, 1914, in which he states in part as follows:

"In my view section 19 of the specifications above quoted has no application to the flagging in question and does not permit the substitution for the flagging prescribed therein of flagging of equal or even better quality, and, therefore, I am of opinion that authority was lacking to order the substitution to be made."

I am in receipt of a further opinion of the Corporation Counsel dated March 17, 1914, in which he states in part as follows:

"You should present all the facts in the matter to the Board of Aldermen and apply to the Board for permission, under section 419 of the City Charter, to modify the contracts by the substitution of first quality Colimer stone for "first quality Wyoming Valley bluestone," prescribed by the specifications."

The Colimer stone I believe is equal in quality, finish and durability and equally as serviceable as the Wyoming Valley bluestone for flagging purposes.

In accordance with the above opinion of the Corporation Counsel in order to make valid the acts of my predecessor in approving the use of Colimer stone, I beg to request your Honorable Board to adopt two resolutions authorizing the Commissioner of Bridges to modify the two contracts above mentioned by substituting first quality Colimer stone for the first quality Wyoming Valley bluestone. I beg to enclose herewith proposed forms for the two resolutions. Copies of the two opinions of the Corporation Counsel above mentioned are enclosed for your information.

Yours truly, F. J. H. KRACKE, Commissioner.

First Resolution.

Resolved, That the Commissioner of Bridges is hereby authorized, with the consent of the contractor and his sureties, to modify paragraph 247 of the specifications accompanying the contract dated January 18, 1913, between The City of New York, by the Commissioner of Bridges, and Mr. William P. Seaver, for the improvement of the Manhattan plaza of the Manhattan Bridge, so that the said paragraph shall read as follows:

The bluestone flagging shall be of sound, first quality Colimer stone, of a light color, satisfactory to the architects and equal to the sample in Engineer's office. The surface shall be sawed, and a sample shall be submitted for approval. Flagging shall not be less than 4 inches thick.

Resolved, That the Board of Aldermen hereby approves the action of the former Commissioner of Bridges, Mr. Arthur J. O'Keeffe, in approving on December 15, 1913, on the recommendation of the architects, Messrs. Carrere & Hastings, and the Chief Engineer of the Department of Bridges, the use of Colimer stone in place of Wyoming Valley bluestone for the flagging specified under paragraph 247 of the specifications accompanying the contract dated January 18, 1913, between The City of New York, by the Commissioner of Bridges, and Mr. William P. Seaver, for the improvement of the Manhattan plaza of the Manhattan Bridge.

Second Resolution.

Resolved, That the Commissioner of Bridges is hereby authorized, with the consent of the contractor and his sureties, to modify paragraph 231 of the specifications accompanying the contract dated June 23, 1913, between The City of New York, by the Commissioner of Bridges, and the North-Eastern Construction Company, for the improvement of the Brooklyn plaza of the Manhattan Bridge, so that the said paragraph shall read as follows:

The bluestone flagging shall be of sound, first quality Colimer stone, of a light color, satisfactory to the architects, and equal to the sample in the Engineer's office. The surface shall be sawed and a sample shall be submitted for approval. Flagging shall not be less than 4 inches thick.

Resolved, That the Board of Aldermen hereby approves the action of the former Commissioner of Bridges, Mr. Arthur J. O'Keeffe, in approving on September 24, 1913, on the recommendation of the architects, Messrs. Carrere & Hastings, and the Chief Engineer of the Department of Bridges, the use of Colimer stone in place of Wyoming Valley bluestone for the flagging specified under paragraph 231 of the specifications accompanying the contract dated June 23, 1913, between The City of New York, by the Commissioner of Bridges, and the North-Eastern Construction Company, for the improvement of the Brooklyn plaza of the Manhattan Bridge.

City of New York, Law Department, Office of the Corporation Counsel, New York, March 17th, 1914.

Hon. F. J. H. KRACKE, Commissioner of Bridges:

Sir—I have received your letter dated March 6, 1914, which reads as follows:

"I beg to acknowledge receipt of your communication of the 2d inst., replying to mine of the 17th ult., concerning the matter of bluestone flagging to be furnished under contracts for the improvement of the Manhattan plaza of the Manhattan Bridge and the improvement of the Brooklyn plaza of the Manhattan Bridge.

"I judge by the wording of your communication that the decision contained therein is based upon an assumption that the Department of Bridges wishes to substitute for a flagging prescribed in the contracts a flagging different but equal to or even better than that prescribed. By referring to my communication you will, however, find that this is not the situation, that the substitution of one kind of flagging for another, referred to, has already been ordered by the Commissioner of Bridges, viz., on September 24, 1913, and that this substitution was ordered and deemed proper on the recommendation of the architects, Messrs. Carrere & Hastings, and of the Chief Engineer of the Bridge Department.

"I specifically desire advice, not only as to whether there was authority for the order issued by the Commissioner of Bridges, but also as to the procedure necessary now to give such an order validity."

In your letter of February 17, 1914, you made the following request for advice:

"I beg to be advised if the Commissioner of Bridges, under any terms of the contracts above mentioned, or the terms of the Greater New York Charter, or the terms of any general laws or decisions thereon, was justified in acting as he did in this matter."

You were thereupon advised that such action on the part of your predecessor was unauthorized.

You desire additional advice "as to the procedure necessary now to give such an order validity."

You should present all the facts in the matter to the Board of Aldermen and apply to the Board for permission, under section 419 of the City Charter, to modify the contracts by the substitution of first quality Colimer stone for "first quality Wyoming Valley bluestone," prescribed by the specifications. Respectfully yours,

FRANK L. POLK, Corporation Counsel.

City of New York, Law Department, Office of the Corporation Counsel, New York, March 2, 1914.

Hon. F. J. H. KRACKE, Commissioner of Bridges:

Sir—I have received your letter dated February 17, 1914, which reads as follows:

"On January 18, 1913, the Commissioner of Bridges executed a contract with Mr. William P. Seaver for the improvement of the Manhattan Plaza of the Manhattan Bridge.

"On June 23, 1913, the Commissioner of Bridges executed a contract with the North-Eastern Construction Company for the improvement of the Brooklyn Plaza of the Manhattan Bridge.

"Each of these contracts provides for the furnishing and laying of a certain amount of bluestone flagging. The specifications for this flagging as given in paragraph 247 of the specifications of the Manhattan Plaza contract, and in paragraph 231 of the specifications of the Brooklyn Plaza contract, read in each case as follows:

"'The bluestone flagging shall be of sound, first quality Wyoming Valley bluestone, of a light color, satisfactory to the architects, and equal to the sample in Engineer's office. The surface shall be sawed, and a sample shall be submitted for approval. Flagging shall not be less than 4 inches thick.'

"It was not the intention in the wording of this paragraph to limit the kind of flagging to any controlled article. Paragraph 19 of the specifications of both contracts provides in part as follows:

"'Whenever or wherever any article of any class of materials is specified by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intended to mean and specify the article or materials described, or any other equal thereto in quality, finish and durability, and equally as serviceable for the purpose for which it is (they are) intended.'

"Clause (D) of both contracts provides that the Engineer shall decide every question which may arise relative to the execution of the contracts on the part of the contractors. After the execution of the contracts a communication dated August 26, 1913, was received from the architects retained by the City, Messrs. Carrere & Hastings, which reads in part as follows:

"'Some days ago we had a conference with Mr. Hawley of your office with regard to the Wyoming Valley bluestone flagging called for in connection with the Manhattan and Brooklyn Approaches. At that time, we stated to Mr. Hawley that we believed that the amount of the material required for this work could be obtained in a shorter time than the reports from the general contractors indicated. After careful investigation we conclude, however, that the conditions at the quarries, from which this material is gotten, are such as to make it very difficult to secure this amount of stone, as much of the stock available at the time the selection of this stone was decided upon has been used and a much smaller amount is being quarried than we had expected. We believe, therefore, that the present condition of the quarries furnishing the material specified makes it inadvisable to insist on its use.'

"Samples of bluestone other than Wyoming Valley bluestone were submitted by the contractors on both the above mentioned contracts. Of the samples submitted by the North-Eastern Construction Company, the architects sent a communication dated September 5, 1913, to this Department, a part of which reads as follows:

"'We are very glad to express our approval of the Colimer stone which seems to us to be in every way satisfactory for the purpose. Mr. Hastings has examined it personally, and is very glad that it is possible to obtain it. We suggest that if agreeable to you the North-Eastern Construction Company be allowed to substitute this stone for the stone called for under the specifications, as we consider it a satisfactory equivalent.'

"The Commissioner of Bridges on the recommendation of the architects and the Chief Engineer of this Department notified the North-Eastern Construction Company, in a letter dated September 24, 1913, that Colimer stone was approved for use as equal to the Wyoming Valley bluestone.

"Of the samples submitted by Mr. William P. Seaver, the Commissioner of Bridges on the recommendation of the architects and the Chief Engineer of this Department notified him on December 16, 1913, that the Colimer stone was approved for use.

"A letter dated January 28, 1914, has been received by the Commissioner of Bridges from the Bluestone Dealers' Association of Greater New York, which reads as follows:

"'The undersigned, the Bluestone Dealers' Association of Greater New York, respectfully submit this protest against the installation of Ohio soft stone or any other stone than Wyoming bluestone or North River bluestone for the purpose of flagging the walk on both sides of the approach to the Manhattan Bridge.

"'We are informed and believe that the specifications, upon which the contract for this work was based, provided for the use of Wyoming bluestone or North River bluestone for such walks, and that since the making of the contract a change has been permitted, and that Ohio soft stone, or some stone other than Wyoming bluestone or North River bluestone is now to be used instead of the kind of stone originally contracted for.

"'Our protest is based upon the fact, which we are ready to prove to the proper authority, that no stone can be procured that will render the same service as Wyoming bluestone or North River bluestone on work such as is to be constructed under the contract in this case.'

"In connection with this protest of the Bluestone Dealers' Association of Greater New York, I beg to be advised if the Commissioner of Bridges, under any of the terms of the contracts above mentioned, or the terms of the Greater New York Charter, or the terms of any general laws or decisions thereon, was justified in acting as he did in this matter.

"Copies of the two contracts above mentioned are herewith enclosed for your information."

On September 24, 1913, former Bridge Commissioner Arthur J. O'Keeffe notified the North-Eastern Construction Company and William P. Seaver, the contractors for the improvements of the Manhattan and Brooklyn plazas of the Manhattan Bridge, that Colimer stone was approved for use, and the question submitted is whether he was justified in this action under the contracts.

The specifications in the contracts for bluestone flagging are similar, except so far as the location is concerned, and provide as follows:

"Bluestone Flagging.

"Location.

"227. (243) The sidewalks on each side of plaza from and connecting with the sidewalks on approach spans at the Sands st. abutment to Nassau st., shall be paved with bluestone flagging, laid as shown on plans and herein specified.

"Bluestone.

"231. (247) The bluestone flagging shall be of sound, first quality Wyoming Valley bluestone, of a light color, satisfactory to the architects, and equal to the sample in Engineer's office. The surface shall be sawed, and a sample shall be submitted for approval. Flagging shall not be less than 4 inches thick."

The general specifications of the contracts also contain this clause:

"Patents.

"19. Whenever or wherever an article of any class of materials is specified by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intended to mean and specify the article or materials described or any other equal thereto in quality, finish and durability, and equally as serviceable for the purpose for which it is (they are) intended. Nothing in these specifications shall be interpreted or taken to violate the provisions of section 1554 of the Greater New York Charter, which provides that 'except for repairs, no patented pavement shall be laid, and no patented articles shall be advertised for, contracted for or purchased, except under such circumstances that there can be a fair and reasonable opportunity for competition, the conditions to secure which shall be prescribed by the Board of Estimate and Apportionment.'"

The architects' communication of September 5, 1913, to the Bridge Department approves of Colimer stone, and states that

"We suggest that if agreeable to you the North Eastern Construction Company be allowed to substitute this stone for the stone called for under the specifications, as we consider it a satisfactory equivalent."

In Merrill's book, an authority on "Stones for Building and Decoration," I find at page 162 the following:

"Aside from the Triassic stones the most important sandstones at present quarried in the State are from the Devonian formations. In several towns in Pike, Carbon, Luzerne, Wyoming, Susquehanna and other counties stones belonging to this formation, of a fine, compact texture and dark blue-gray color, are quite extensively quarried. So far as can be judged from the material examined, this is one of the most valuable stones in the State for building as well as for flagging purposes. The Wyoming County stone is known to the trade as 'Wyoming Valley stone,' and is in considerable demand. It agrees very closely in general appearance with much of the New York bluestone already described."

The Colimer stone comes from the State of Ohio. Ohio stone is described as follows:

"The limestones and dolomites of this State are almost altogether of a dull, uninteresting color, and though in many cases durable and strong, are entirely unfit for any sort of fine building and ornamental work. They are therefore used chiefly for the rough work of foundations, street paving and *flagging*, and to a very large extent for making quicklime. In many instances they have been used locally for building purposes, but their qualities are not such as to cause them to be sought from a distance.

* * * * * * * * *

"The stone is of a dull, bluish-gray color and is used for building, flagging and making lime."

It appears that from this authority that "Wyoming Valley bluestone," described by the specifications for flagging, is well known and characterized in the trade as "Wyoming Valley stone."

Unless section 19 of the specifications permits of this substitution in my judgment it cannot be justified under the Charter and the contracts.

The language of the Court of Appeals in Becker vs. City of New York, 176 N. Y., 441, 446, is appropriate here.

"The ordinance of the defendants contemplated that the work was to be done under a written contract. The basis of that contract was the proposal or specification issued by the proper head of department, inviting estimates. When they were received and the award made to the lowest bidder, and that award confirmed by the Common Council, all the materials for the written contract were provided. When the contract finally became perfected, signed and executed, no officer of the defendants had any authority to change its provisions unless expressly authorized by the Common Council. No such authority has been shown in this case, or any acquiescence by the defendants in the departure from the terms of the contract made by the plaintiff's assignor with the acquiescence and pursuant to the directions of the City Surveyor. Such departure had, therefore, no legal justification and the plaintiff has, therefore, himself shown a non-performance on his part of what he claims was his contract with the defendants.

* * * * * * * * * *

"The direction of the Superintendent of Street Improvements to the contractor to proceed and conform the street to the grades given by the City Surveyor is incon-

sistent with these provisions of the contract and is a material variation of its terms. The question thus arises as to whether this officer had the power to modify or change the contract in this regard. He was a subordinate officer in the Department of Public Works. His duties required him to watch the work of contractors and see that their work was done in accordance with the requirements of the contract and upon the completion of the work to give a certificate. We think he had no power to change or modify the contract, or to relieve the contractor from the provisions in question. This question was disposed of in this court as early as the case of Bonesteel vs. Mayor, etc., of N. Y. (22 N. Y. 162)."

In my view section 19 of the specifications above quoted has no application to the flagging in question and does not permit the substitution for the flagging prescribed therein of flagging of equal or even better quality, and therefore I am of opinion that authority was lacking to order the substitution to be made.

Respectfully yours, FRANK L. POLK, Corporation Counsel.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 449.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, March 25, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment March 20, 1914, relative to the issues of corporate stock as follows:

Calendar No. 61. Authorizing the issue of $50,000 corporate stock for improving the grounds between Convent and Amsterdam aves., between 136th and 138th sts., upon which the Lewisohn stadium is to be erected, etc., under the jurisdiction of the College of The City of New York.

Calendar No. 64. Authorizing the issue of $250,000 corporate stock for the construction and equipment of a new County Court House at New Brighton, Borough of Richmond.

I also enclose copies of reports of the Committee on Corporate Stock Budget relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars ($50,000), to provide means for improving the grounds assigned to the College of The City of New York, and located at Convent and Amsterdam aves., between 136th and 138th sts., upon which the Lewisohn stadium is to be erected, and for equipping the pavilions of the stadium with shower baths and toilets, said improvement of site to include the removal of earth and rock, the drainage of the field, the excavation of trenches and other work necessary to make the field ready for use, also for building a retaining wall upon which to place the fence, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate has approved forms of contracts, plans, specifications and estimates of cost pertaining to the same and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Trustees of the College are directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and the Trustees are also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargable against corporate stock herein authorized.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 18, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On March 13, 1914, the Chairman of the Committee on Use of College Property, College of The City of New York, requested $50,000 corporate stock to lay out, enclose and make ready for use the site adjoining the college grounds, on Convent and Amsterdam aves., between 136th and 138th sts., upon which Mr. Adolph Lewisohn is to erect a stadium building. In connection therewith we report as follows:

These premises were assigned to the College on April 10, 1912, by the Commissioners of the Sinking Fund. On September 24, 1913, the Board of Trustees of the College formally accepted the offer of Mr. Lewisohn to construct a stadium thereon at a cost to him of $200,000 or thereabouts. On September 30, 1913, the Board of Estimate and Apportionment approved this action of the Board of Trustees with the understanding that cost of regulating, grading and sodding of the grounds, building the cinder running track and the fence wall, which items were not included in the contract executed with Mr. Lewisohn, was to be borne by the City. In the report of the Comptroller to your Board in relation to the matter, under date of September 30, 1913, the cost of completing the stadium was estimated at from $30,000 to $40,000, so that the sum now requested for this purpose is $10,000 in excess of the outside figure considered at that time. The request of the Board of Trustees was based upon the estimates of cost prepared by Mr. Arnold W. Brunner, the architect in charge of the erection of the Lewisohn stadium. The items to be provided for are removal of earth and rock, excavation of all trenches and the installation of tile drains, preparing the ground for these trenches; the installation of tile drains, together with water piping, sewer connections, etc.; filling up trenches with gravel to sub-grade, filling, ramming and rolling of cinders, filling in and rolling sandy loam and finishing and rolling cinder track; furnishing and erecting iron picket fence together with footing block to enclose the field.

Mr. Brunner has secured several estimates of cost for the work, the three lowest of which were $47,000, $47,690 and $55,435, respectively. In addition to the foregoing, he suggests that the end pavilions of the stadium be equipped with showers and toilets at an estimtaed cost of $2,500, that the iron fence be placed upon a low retaining wall at a cost of $5,000, and that a new sidewalk be provided at a cost of $5,000. The architect's commission of six per cent. is to be added to the total cost. The $50,000 resquested will in all probability not be sufficient, therefore, to cover the cost of the new fence and sidewalk. These items are not proper corporate stock charges because they are replacements. The retaining wall is not a replacement.

The adoption of the attached resolution will grant the request, exclusive of provision for the new fence and sidewalk.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; DOUGLAS MATHEWSON, President, Borough of The Bronx; ....., President, Borough of Brooklyn; Corporate Stock Budget Committee.

No. 450.

Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred and fifty thousand dollars ($250,000), to provide additional means for the construction and equipment of a new County Court House at New Brighton, in the Borough of Richmond, under the jurisdiction of the President of the Borough of Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans, specifications and estimates of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the President of the Borough of Richmond is directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and said President is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

A true copy of resolution adopted by the Board of Estimate and Apportionment March 20, 1914. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 16, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On July 17, 1911, your Board adopted a resolution concurred in by the Board of Aldermen on July 31, 1911, authorizing $250,000 corporate stock for the acquisition of a site and construction of a new County Courthouse at New Brighton, Richmond County.

On November 6, 1913, a second resolution was adopted by your Board and concurred in by the Board of Aldermen on November 25, 1913, authorizing $229,973.22 corporate stock for the payment of awards, interest thereon and costs, charges and expenses in connection with the acquisition of a site for the new County Courthouse of Richmond County.

The total authorizations to date are $479,973.22. After payment of the awards and expenses, fees of architects for preliminary work, etc., a balance of $232,546.69 remained in the fund on March 13, 1914. The architects estimate that $448,000 will be required for the general construction of the building exclusive of interior finish and equipment. This figure can be reduced by eliminating features that are unnecessarily elaborate.

The plans and specifications call for granite to the water table level and limestone for the remainder of the facades. A building with granite to the water table level and brick with limestone trimming above, will, we believe prove sufficiently ornamental and impressive. The treatment proposed is similar to that employed on the Borough Hall, Borough of Richmond. There are other features not specified but shown on the drawings—bronze doors and the like, which may be eliminated and the entire construction made attractive and substantial at a cost less than that estimated by the architects.

We believe that an appropriation of $250,000 will, with the available balance, be sufficient to provide for the general construction of the building, and may include some interior finish and equipment; and recommend the adoption of the attached resolution authorizing $250,000 corporate stock; further, that the Secretary be directed to transmit a copy of the report to the President of the Borough of Richmond that the plans and specifications may be modified as herein suggested to simplify the building. Respectfully,

WM. A. PENDERGAST, Comptroller; GEORGE McANENY, President Board of Aldermen; ——————, President Borough of Brooklyn; DOUGLAS MATHEWSON, President Borough of The Bronx, Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the President of the Borough of Richmond:

No. 451.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 23, 1914.

Hon. GEORGE McANENY, President Board of Aldermen, City Hall, New York City:

Dear Sir—I would request that special revenue bonds to the amount of $1,500 be authorized for replacing damaged and missing street signs and for erecting new signs where needed in this borough. About five years ago street signs were erected from funds furnished by the Board of Aldermen and since then several hundred of these signs have been mutilated and some destroyed by vandals, and there have been accumulating for several years requests for signs where new streets have been opened since the signs were put in position.

We estimate that we would need for repairing the present ones $800 and for erecting new ones $700, a total of $1,500.

Will you kindly bring this matter to the attention of the Board of Aldermen?

Very truly yours, C. J. McCORMACK, President of the Borough.

Which was referred to the Committee on Finance.

No. 452.

City of New York, Board of Estimate and Apportionment, office of the Secretary, 277 Broadway, March 27, 1914.

Hon. GEORGE McANENY, President Board of Aldermen:

Dear Sir—I transmit herewith for the information of the Board of Aldermen certified copy of resolution adopted by the Board of Estimate and Apportionment March 13, 1914, establishing widths for the roadway and sidewalk spaces in Haven Esplanade, between Barrett Boulevard and Castleton ave, and in Castleton ave., between Portland place and Glen ave., Borough of Richmond. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

Resolved, by the Board of Estimate and Apportionment of the City of New York, That the treatment of the roadway and sidewalks of Haven Esplanade, between Barrett Boulevard and Castleton ave., and of Castleton ave., between Portland place and Glen ave., Borough of Richmond, shall be as follows:

A centrally located mall is hereby provided for Haven Esplanade, from Frelinghuysen road to Castleton ave. The lines separating this mall from the roadway space and the lines separating the roadway space from the sidewalk space in Haven Esplanade from Barrett Boulevard to Castleton ave. and in Castleton ave. from Portland place to Glen ave. are hereby fixed as shown upon a map or plan laying out these streets, which was adopted by the Board of Estimate and Apportionment on March 13, 1914.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on March 13, 1914. JAMES MATTHEWS, Assistant Secretary.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—I transmit herewith for the information of the Board of Aldermen certified copy of resolution adopted by the Board of Estimate and Apportionment March 27, 1914, providing for the removal of encroachments on 38th st. for a distance of 100 feet east and west of 6th ave., Borough of Manhattan.

Respectfully, JOSEPH HAAG, Secretary.

Resolved, by the Board of Estimate and Apportionment of The City of New York, That all ordinances, resolutions, permits or licenses heretofore adopted, issued or granted by The City of New York, or by any board, body, council or officer thereof, or by any department, division, bureau or officer thereof, permitting, licensing or allowing any stoop, steps up or down, courtyard, area, platform, porch, fence, railing, show-case, show-window, bay-window, ornamental entrance, storm door, news stand, flower stand or any other projection or encroachment of whatsoever nature or description, either temporary or permanent, or signs which extend more than one foot from the building line on 38th st. from a point 100 feet west of the westerly building line of 6th ave. to a point 100 feet east of the easterly building line of 6th ave., in the Borough of Manhattan, between levels ten (10) feet above the curb grade and a sufficient depth below said curb to provide proper support for the street and walk surfaces, and for necessary and proper subsurface structures, be and they are hereby in all respects repealed, cancelled and revoked; and be it further

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized to remove, or cause to be removed, all said encroachments or encumbrances in accordance with the foregoing resolution.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on March 27, 1914. JOSEPH HAAG, Secretary.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At the meeting of the Board of Estimate and Apportionment held

March 27, 1914, resolutions were adopted denying request contained in resolution of the Board of Aldermen adopted December 9, 1913, for the issue of $6,100 special revenue bonds (subdivision 8, section 188 of the Charter) to provide for the payment for equipment and furnishings for the court rooms and offices of the Court of Special Sessions and Children's Court, Bronx County and Borough of The Bronx, and authorizing the issue of $4,091.23 special revenue bonds (chapter 659, Laws of 1910) for said purpose.

I was directed to so notify the Board of Aldermen and the Chief Clerk, Court of Special Sessions.

Very truly yours, JOSEPH HAAG, Secretary.

No. 455.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, March 27, 1914.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At the meeting of the Board of Estimate and Apportionment held March 27, 1914, a resolution was adopted denying the request contained in the resolution adopted by the Board of Aldermen on December 9, 1913, for the issue of $12,000 special revenue bonds for the purpose of completing repairs to the pavement on White Plains road, between Morris st. and the City line, under the jurisdiction of the President of the Borough of The Bronx, for the reason that this appropriation is intended to provide for repaving that portion of the avenue lying within the railroad area, and the railroad company has not defaulted in making the repairs required by the notice served upon it by the Borough President. Should this notice be disregarded the City can recover the money expended for the work.

I was directed to so notify the Board of Aldermen and the President of the Borough of The Bronx.

Very truly yours, JOSEPH HAAG, Secretary.

Which were severally ordered on file.

The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond:

No. 456.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, March 30, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall, Manhattan:

Dear Sir—On February 16th I asked for the authorization of your Board to obtain an automobile for the use of this Department, to be purchased in the open market without public letting, at a cost not to exceed $2,500. This matter was referred to the Committee on Public Letting without having first passed through the Finance Committee, and at the hearing yesterday I understand that the Committee on Public Letting is disposed to grant the necessary authority to purchase, provided the Finance Committee will arrange for the funds necessary through the issue of revenue bonds or otherwise, for such purchase.

As the need is urgent, in view of the fact that the only automobile now at the disposition of the Commissioner, the Landscape Architect and the Chief Engineer is out of commission and has been so for nearly ten days, and is beyond possibility of repair within the funds at the disposition of this Department, I trust that immediate action may be taken by the Finance Committee so as to permit the purchase of this automobile. Yours very truly,

CABOT WARD, Commissioner of Parks, Manhattan and Richmond.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 457.

Office of the Commissioner of Street Cleaning, New York City, March 28, 1914.

Hon GEORGE McANENY, President, Board of Aldermen, City of New York:

Dear Sir—During the winter season, when snow and ice are on the ground, it has been a common practice in some sections of the city to throw garbage and refuse upon the sidewalks and roadways, particularly when the usual daily collections of the Department are impeded on account of heavy snowfalls.

Section 404 of chapter 9, Part 1 of the Code of Ordinances, relating to the cleaning of streets and sidewalks, apparently was intended to prevent this practice, but it is impossible to enforce this provision unless the testimony of an eye witness is obtainable. This section does not place any responsibility upon the owner, lessee, tenant, occupant or other person in charge of a building or lot, in front of which said refuse is thrown, either in preventing said practice or in removing refuse from the sidewalk or roadway after it has been thrown there.

At my request the Corporation Counsel has drafted a proposed amendment to section 404, copy of which I transmit herewith. The purpose of it is to make the owner, lessee, tenant, occupant or other person in charge of any building, responsible for the removal of garbage or refuse which may be thrown or placed upon the sidewalk or roadway in front of his premises, so that in the event of his failure or refusal to remove such refuse after his attention has been called to it by employees of this Department, he may be successfully prosecuted. In its present condition the ordinance is difficult to enforce for the reason above stated.

Will you kindly present the amendment to your Board for action, and oblige,

Yours respectfully, J. T. FETHERSTON, Commissioner.

AN ORDINANCE to amend section 404 of chapter 9 of Part 1 of the Code of Ordinances of The City of New York, relating to "Cleaning streets and sidewalks."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 404 of chapter 9 of Part 1 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

Section 404. No person or persons shall throw, cause or lay any ashes, offal, vegetables, garbage, dross, cinders, shells, straw, shavings, paper, dirt, filth, rubbish or refuse of any kind whatsoever in any street in The City of New York, either upon the roadway or sidewalk thereof, except that in the morning before 8 o'clock or before the first sweeping of the roadway by the Department of Street Cleaning, in the Boroughs of Manhattan, Brooklyn and The Bronx, dust from the sidewalk may be swept into the gutter, if there piled, but not otherwise, and at no other time; *and the abutting owner, his lessee, tenant, or the occupant or other person in charge of any building shall not place or permit to be placed or to remain in any street, either upon the roadway or sidewalk thereof, any such article or thing, except as hereinbefore expressly excepted.*

A person violating any of the provisions of this section shall be subject to a fine of not less than one dollar and not more than ten dollars, to be imposed by any City Magistrate, or by imprisonment for a term of not less than one nor more than five days.

Section 2. This ordinance shall take effect thirty days after its approval by his Honor the Mayor.

Which was referred to the Committee on Public Thoroughfares.

The President laid before the Board the following communication from the County Clerk of Queens County:

No. 458.

Queens County Clerk's Office, Jamaica, N. Y., March 30, 1914.

Board of Aldermen of The City of New York, City Hall, New York City:

Gentlemen—Application is hereby made for an issuance of special revenue bonds, under subdivision 8 of section 188 of the Charter of The City of New York, for the sum of $750, the proceeds of which are to be used to defray the expenses of moving this office to temporary quarters assigned on the same street. In order to remove furniture and fixtures so as to allow the contractors to proceed with their work under the contract for altering and reconstructing this building it will be necessary to spend at least $500 for the removing of partitions, shelving, bookcases, etc., and reconstructing them in the temporary quarters. In addition to that the several metal cases, cabinets and so on will have to be moved and electric lights will have to be installed. The additional expense has been estimated at an amount not to exceed $250.

I have received estimates for the carpenter work, and $500 is the figure for the lowest estimate.

Will you please give this your early consideration, so that I may be prepared to have the work done, so as not to delay any longer the work of reconstruction of this building. Yours very respectfully, LEONARD RUOFF, County Clerk.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 459.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, March 31, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment March 27, 1914, authorizing the issue of $37,500 corporate stock to provide means for the reconstruction and equipment of the interior of the court house of the Municipal Court of The City of New York, First District, situated at the northwest corner of Grand and Lefayette sts., Manhattan, under the jurisdiction of the president of the Borough of Manhattan.

I also transmit copy of report of the Committee on Corporate Stock Budget relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding thirty-seven thousand five hundred dollars ($37,500), to provide means for the reconstruction and equipment of the interior of the court house of the Municipal Court of The City of New York, First District, situated at the northwest corner of Grand and Lafayette sts., Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan, and, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds therefor to the amount of the par value of the stock to be applied to the purposes aforesaid; provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans, specifications and estimates of cost pertaining to the same and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for payment of any salary or wage of departmental employees except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the President of the Borough of Manhattan is directed to submit to this Board, for its approval, forms of contracts, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and the President of the Borough of Manhattan is also directed to submit to this Board, for its approval, all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 27, 1914. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1914, the Board of Justices of the Municipal Court requested $45,000 corporate stock, to provide means to construct and equip, under the jurisdiction of the President of the Borough of Manhattan, a court plant in the building at the northwest corner of Lafayette and Grand streets. In connection therewith we report as follows:

The building which it is proposed to remodel has been vacant for about two years. It was assigned by the Commissioners of the Sinking Fund in the spring of 1913 to the use of the First Municipal Court. This court occupies leased quarters, aggregating 10,136 square feet, at No. 54 Lafayette street, at an annual cost to the City of $14,000 for rent and approximately $1,500 for service and repairs; one part of the court occupies about 5,000 square feet upon the second floor of the Jefferson Market building at 6th avenue and 10th street. The area available in the Grand street building will approximate 20,000 square feet.

An Engineer of the Department of Finance estimates the cost of necessary work as follows:

Building alterations (mason work, carpentry, plumbing, etc.)	$10,000 00
Heating work	2,000 00
Electric work	5,000 00
Painting	1,500 00
Elevators	13,000 00
Equipment and miscellaneous	6,000 00
	$37,500 00

This estimate contemplates the use in the new quarters of the present equipment of three parts of the court.

The approximate annual cost of the court in the new quarters, if a corporate stock allowance of $37,500 is made, will be as follows:

Assessed valuation, $90,000; income, if sold, at 3 per cent.	$2,700 00
Assuming sale and the erection of a building upon the property, with a total assessed value of $150,000; tax loss, at 1.78 per cent.	2,670 00
Corporate stock amortization; interest, $37,500, at 4½ per cent.	1,687 50
Annual installments at .0088	330 00
Estimated cost of operation, annually	8,010 00
	$15,397 50

There would also be released for other purposes 5,000 square feet of space in the Jefferson Market building.

The present quarters are inadequate and inconvenient and new quarters are necessary. More space, better accommodations and a separate building for the court will be provided by a $37,500 corporate stock expenditure, without additional annual cost.

We, therefore, recommend the adoption of the attached resolution granting the request to the extent of $37,500. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

No. 460.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, March 31, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment March 27, 1914, relative to issues of special revenue bonds, as follows:

Cal. No. 35A. Approving of and concurring in the resolution adopted by the Board of Aldermen February 17, 1914, relative to the issue of $14,295 special revenue bonds, the proceeds to be used by the President of the Borough of The Bronx for paying salaries and wages in the Bureau of Public Buildings and Offices as set forth therein, to the extent of $11,370; provided, however, that the Board of Aldermen concur in the distribution of the $11,370 as set forth therein.

Cal. No. 50A. Approving of and concurring in the resolution adopted by the Board of Aldermen February 17, 1914, relative to the issue of $3,400 special revenue bonds, the proceeds to be used by the Surrogate of Queens County for moving office furniture and records to temporary quarters and for proper custody of same, as set forth therein, to the extent of $3,025; provided, however, that the Board of Aldermen concur in the distribution of the $3,025 as set forth therein.

I also transmit copies of reports of the Comptroller relative thereto.

Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the resolution adopted by the Board of Aldermen on February 17, 1914, as follows:

"That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fourteen thousand two hundred and ninety-five dollars ($14,295), the proceeds whereof to be used by the President of the Borough of The Bronx for the purposes of paying salaries and wages in the Bureau of Public Buildings and Offices, as follows:

	$11,790 00

"Court of Special Sessions.

Watchman at $2.50 per day (334 days)	$835 00
2 Laborers at $2.50 per day (334 days)	1,670 00
	$2,505 00
	$14,295 00"

—be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent of eleven thousand three hundred and seventy dollars ($11,370), as follows:

County Court House.

Male Attendant at $900 per annum (10 months)	$750 00
Female Attendant at $600 per annum (10 months)	500 00
Watchman, 2 at $2.50 per day (306 days)	1,530 00
Cleaners, 8 at $600 per annum (10 months)	4,000 00
Engineer, 1 at $4.50 per day (306 days)	1,377 00
Fireman, 1 at $3 per day (306 days)	918 00
	$9,075 00

Court of Special Sessions.

Watchman, 1 at $2.50 per day (306 days)	$765 00
Laborers, 2 at $2.50 per day (306 days)	1,530 00
	$2,295 00
Total	$11,370 00

—and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding eleven thousand three hundred and seventy dollars ($11,370), redeemable from the tax levy of the year succeeding the year of their issue, *and provided that the Board of Aldermen concur in the modification of the distribution as stated herein.*

A true copy of resolution adopted by the Board of Estimate and Apportionment March 27, 1914. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 5, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On January 9, 1914, the President of the Borough of The Bronx, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, requested the Board of Aldermen to recommend that the Board of Estimate and Apportionment authorize the Comptroller to issue $27,072.50 special revenue bonds, the proceeds whereof to be used for the payment of salaries and wages in the Bureau of Public Buildings and Offices, Borough of The Bronx, for the year 1914, made necessary by the opening of the new Bronx County Court House and Court of Special Sessions (Children's Court) in the County of The Bronx. In connection therewith I report as follows:

It is proposed to employ a force sufficient to operate, clean and watch the new Court House at 161st street and 3d avenue, all the offices of which are occupied; and the building at 137th street and Alexander avenue occupied by the Children's Court of Special Sessions and leased from the parish of St. Jerome. This court was created by chapter 659 of the Laws of 1910, known as the Inferior Criminal Courts Act.

The force necessary to care for and operate the Court House, to be employed from March 1, 1914, is as follows:

One male Attendant at $900 per annum (10 months)	$750 00
One female Attendant, at $600 per annum (10 months)	500 00
Two Watchmen at $2.50 per day (306 days)	1,530 00
Eight Cleaners at $600 per annum (10 months)	4,000 00
One Engineer at $4.50 per day (306 days)	1,377 00
One Fireman at $3 per day (306 days)	918 00
Total	$9,075 00

The force necessary to care for and operate the Court of Special Sessions, to be employed from March 1, 1914, is as follows:

One Watchman at $2.50 per day (306 days)	$765 00
Two Laborers at $2.50 per day (306 days)	1,530 00
Total	$2,295 00

On February 17, 1914, the Board of Aldermen requested $14,295 special revenue bonds for this purpose. The schedule lines of the resolution read as follows:

Court of Special Sessions.

Watchman at $2.50 per day (334 days)	$835 00
Two Laborers at $2.50 per day (334 days)	1,670 00
	$2,505 00

County Court House.

Male Attendant, $900 per annum (11 months)	$825 00
Two Watchmen, at $2.50 per day (334 days)	1,670 00
Thirteen Laborers, at $2.50 per day (286 days)	9,295 00
Total	$11,790 00
Grand total	$14,295 00

The correct floor space to be cleaned in the Court House is about 45,000 square feet; the first estimate by the President of the Borough was about 79,500 square feet. This will require the services of eight Cleaners, instead of thirteen Laborers originally requested and allowed by the Board of Aldermen.

The additional positions needed and not approved by the Board of Aldermen are as follows:

Engineer, at $4.50 per day (306 days)	$1,377 00
Fireman, at $3 per day (306 days)	918 00
Female Attendant, at $600 per annum (10 months)	500 00
Total	$2,795 00

The Engineer and Fireman requested are necessary to care for pumps, motors, etc., installed and working since the date of the original request.

The female Attendant was not allowed in the original report, as the grade had not been established.

I recommend the adoption of the attached resolutions granting the request of $11,370, and providing for the following force to be employed from March 1, 1914:

County Court House.

Male Attendant, at $900 per annum (10 months)	$750 00
Female Attendant, at $600 per annum (10 months)	500 00
Watchman, 2 at $2.50 per day (306 days)	1,530 00
Cleaners, 8 at $600 per annum (10 months)	4,000 00
Engineer, 1 at $4.50 per day (306 days)	1,377 00
Fireman, 1 at $3 per day (306 days)	918 00
	$9,075 00

Court of Special Sessions.

Watchman, 1 at $2.50 per day (306 days)	$765 00
Laborer, 2 at $2.50 per day (306 days)	1,530 00
	$2,295 00
Total	$11,370 00

Respectfully, WM. A. PRENDERGAST, Comptroller.

No. 461.

Resolved, That the resolution adopted by thee Board of Aldermen on February 17, 1914, as follows:

"Resolved, That in pursuance of thte provisions of subdivision 8 of section 188 of the Greater New York Charter the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand four hundred dollars ($3,400), the proceeds whereof to be used by the Surrogate of Queens County for the purpose of providing means for moving office furniture and records to temporary quarters and for proper custody of same, as follows: Carpenter work, $500; expense of moving, $600; 2 Watchmen at $2.50 per day, 8 months, $1,050; 2 Custodians at $3 per day, 8 months, $1,250; total, $3,400."

—be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent tof three thousand and twenty-five dollars ($3,025) for the following purposes:

Contract or Open Order Service.

Moving records and furniture to temporary quarters, returning of same to permanent quarters and for expenses incident thereto	$625 00

Personal Service, Wages, Temporary Employees.

Laborer, Custodians and Watchmen, 4, at $2.50 per day (8 months each)	2,400 00
	$3,025 00

—and that the Comptroller be and he is hereby authorized to issue special revenue bonds to the amount of three thousand and twenty-five dollars ($3,025), the proceeds whereof to be used by the Surrogate of Queens County for the purposes as stated herein, *provided that the Board of Aldermen concur in the modification of purposes as above set forth.*

A true copy of resolution adopted by the Board of Estimate and Apportionment March 27, 1914. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On January 14, 1914, the Surrogate of Queens County applied to the Board of Aldermen for $4,000 in special revenue bonds, to provide for the removal of the records of the Surrogate's Court to temporary quarters, for their temporary care and for return to permanent quarters. In connection therewith I report as follows:

The building at Jamaica, occupied by the Surrogate and the County Clerk, is to be remodeled and in part rebuilt. Both offices will be equipped with new steel filing cases. For these purposes $100,000 corporate stock has been authorized in an account entitled "C. P. Q.—2E." Contracts for building, and for the installation of plumbing, electric light, steam heat, elevator and steel filing equipment have been awarded. During the progress of the work it will be necessary for the Surrogate's Court to occupy temporary quarters elsewhere.

On January 21, 1914, the Commissioners of the Sinking Fund adopted a resolution requesting the Corporation Counsel "to prepare a lease for the City from the Jamaica Post Office building of Rooms 27, 29, 31, 32, 44 and 46 in the Jamaica Post Office building, located at Nos. 302-304 Fulton street, Jamaica, Borough of Queens, for the use of the Surrogate of Queens County, for a period of six months, from February 1, 1914, with the privilege of renewal from month to month thereafter, for a period not exceeding six months, at a rental at the rate of two thousand four hundred dollars ($2,400) per annum, payable quarterly; the lessor to pay taxes and water rates and furnish heat, light, elevator and janitor service;" and authorizing and directing the Comptroller "to execute the same when prepared and approved by the Corporation Counsel." The lease has been executed.

During the occupation of temporary offices by the Surrogate, the sessions of the Surrogate's Court will be held in the Children's Court, No. 19 Flushing avenue, Jamaica.

The records and furniture to be moved to the rented premises are approximately as follows: 1,300 law books, 400 heavy libers of records, 1,600 wooden document files, 150 feet of wall cases containing books and documents, 3 stationery supply cabinets, 30 feet of office partition, 11 record strong boxes, 11 flat top desks, 6 roll top desks, 2 standing desks, 3 long tables, 7 typewriters with desks, 1 wardrobe, 1 small bookcase, 40 chairs, 1 large safe, etc.

The book and file cases must be taken apart, transferred to, and set up in the new quarters.

Of the rooms, to be occupied by the Surrogate in the Post Office building, two are located on each of the second, third and fourth floors.

The time allowed the contractors in which to alter and equip the permanent quarters is 150 working days. It is estimated, however, that eight months will elapse before the work is completed.

The Surrogate estimates that $1,000 will be required for the removal and return of the records and $3,000 for caring for them in the temporary quarters. He proposes to employ three custodians at $3 per day each and two watchman at $2.50 per day, for eight months. The principal records are to be kept upon the third floor, the older records upon the fourth. It is proposed to station two custodians on the third floor and one on the fourth and to employ them in transferring will cases and miscellaneous records, of which there are about 50,000 units, now in wooden files, to the new steel drawers, that they may be ready to be filed in the new steel cases to be erected upon the third floor in the new quarters.

It appears that the work made necessary by the occupation of temporary quarters can be done by two individuals and that two more should be employed to guard the records outside of office hours. As the grades of watchmen and custodians are not established under section 56 of the Charter it will be necessary to provide laborers for the work.

On February 17 the Board of Aldermen recommended granting $3,400 as follows: Carpenter work, $500; expense of moving, $600; 2 Watchmen at $2.50 per day, 8 months, $1,050; 2 Custodians at $3 per day, 8 months, $1,250.

As the Watchmen and at least one Custodian will have to work seven days a week, it is not apparent how the amounts mentioned would be sufficient to provide for eight months' employment.

From an examination of the effects to be moved, it appears that the estimate of cost is excessive.

I recommend an authorization of special revenue bonds in the sum of $3,025, to be divided as follows:

For the removal of the records and furniture of the Surrogate's Court to temporary quarters, the return of same to permanent quarters and for expenses incident thereto, $625.

For the payment of the salaries of four laborers at $2.50 per day each for a period of eight months, $2,400.

The laborers are recommended as a temporary expedient to avoid delay. The positions of laborer are established and they can be appointed at once, whereas, the positions of watchman and custodian cannot be established for several weeks. The Surrogate has been notified of the legal requirements and has been asked to make request for the establishment of the necessary positions.

The adoption of the attached resolutions will grant the request as indicated and provide the necessary schedule changes.

Respectfully, WM. A. PRENDERGAST, Comptroller.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, March 31, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment March 27, 1914, recommending the *establishment* in the office of the President of the Board of Aldermen of the position of Assistant to the President at $5,000 per annum, for one incumbent, and the *abolishment* of the position of Chief Examiner at $5,000 per annum.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto.

Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter hereby recommends to the Board of Aldermen the establishment in the office of the President of the Board of Aldermen of the grade of position in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant to the President	$5,000 00	1

—and that the following grade of position in the office of the President of the Board of Aldermen be and is hereby abolished:

Title.	Rate Per Annum.	Number of Incumbents.
Chief Examiner	$5,000 00	1

—the abolishment not to become effective until after the position of Assistant to the President has been exempted by the Municipal Civil Service Commission.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 26, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On March 19, 1914, the President of the Board of Aldermen requested the establishment in his office of the additional grade of position of Assistant to the President at the rate of $5,000 per annum for one incumbent, and the abolishment of the grade of position of Chief Examiner at the rate of $5,000 per annum. In connection therewith we report as follows:

The President of the Board of Aldermen states that the request involves no additional appropriation and merely proposes to change a title that will properly describe the duties of the position.

We recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

ANNOUNCEMENT BY THE PRESIDENT.

The President announced that, pursuant to the terms of Resolution No. 199, adopted March 17, 1914, he appointed as a Special Committee to confer with the Trustees of the Metropolitan Museum of Art, the Vice-Chairman and Alderman Hannon, in addition to himself.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 303—(S. O. No. 12).

The Committee on Finance, to which was referred on February 24, 1914 (Minutes, page 660), the annexed request for $9,180 special revenue bonds for operation of new morgue, under Department of Public Charities, respectfully

REPORTS:

That, having carefully examined the subject, it believes the help asked for this purpose to be necessary. Inasmuch as the funds cannot well be furnished until May 1, the Committee has made the resolution so that it covers the necessary salaries from that date, and it recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven thousand two hundred dollars ($7,200), the proceeds whereof to be used by the Department of Public Charities for the purpose of paying help for the new morgue, situated on the grounds of Bellevue Hospital, from May 1 to December 31, 1914, as follows:

Department of Public Charities of The City of New York, foot of E. 26th St., February 21, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall, New York City:

Dear Sir—We would respectfully request that special revenue bonds to the amount of $9,180 be issued to provide the necessary funds to pay the following help for the new Morgue situated on the grounds of Bellevue Hospital:

Functions.	Number.	Salary.	Total.
Morgue Keeper	1	$1,080 00	$1,080 00
Assistant Morgue Keeper (day)	1	600 00	600 00
Assistant Morgue Keeper (night)	1	600 00	600 00
Clerk	1	720 00	720 00
Hearse Service, Driver (day)	1	600 00	600 00
Hearse Service, Helper (day)	1	480 00	480 00
Hearse Service, Driver (night)	1	600 00	600 00
Hearse Service, Helper (night)	1	480 00	480 00
Boat and Dock Service (day)	1	600 00	600 00
	1	480 00	480 00
Boat and Dock Service (night)	2	480 00	960 00
Elevator Attendant, Basement to Ground Floor (day)	1	480 00	480 00
Elevator Attendant, Basement to Ground Floor (night)	1	480 00	480 00

	1	360 00	360 00
To Handle Bodies on Ground Floor (night)	2	480 00	960 00
To Handle Bodies, Second Floor (day)	2	480 00	960 00
Cleaners	1	360 00	360 00
	23		$12,480 00
Less the amount available for the present Morgue in the appropriation for 1914			3,300 00
			$9,180 00

This request is made because the present Morgue, located at the foot of E. 26th st. and which under the law is under the jurisdiction of this Department, is inadequate both in size and facilities.

The new Morgue, ample in capacity and splendidly equipped, has been constructed in connection with the Pathological Building at Bellevue Hospital.

We have not sufficient help to operate this new Morgue which the Trustees of Bellevue Hospital are willing to turn over to this Department with the approval of the Sinking Fund Commissioners. Should this money be granted and this new Morgue put in operation, the present Morgue—which is built on the pier just outside the bulkhead at the foot of E. 26th st.—can be demolished or used for other purposes.

Very truly yours, JOHN A. KINGSBURY, Commissioner.

No. 417—(S. O. No. 13).

The Committee on Finance, to which was referred on March 24, 1914 (Minutes, page 937), the annexed request from the Trustees of the Brooklyn Public Library for $8,320 special revenue bonds for operation of two new branches, respectfully

REPORTS:

That, having carefully examined the subject, it believes the proposed appropriation to be necessary. No Budget allowance was made for this purpose because it could not be determined at the time when these branches would be ready. The date is now fixed as the 1st of July. The amounts asked for seem to be reasonable, and the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight thousand three hundred and twenty dollars ($8,320), the proceeds whereof to be used by the Trustees of the Brooklyn Public Library for the purpose of operating two branch libraries, as follows:

Brownsville Children's Library	$4,430 00
Eastern Parkway Branch	3,890 00
	$8,320 00

All obligations contracted for hereunder to be incurred on or before December 31, 1914.

Brooklyn Public Library, 26 Brevoort Place, March 20, 1914.

The Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—In accordance with the custom the Trustees of the Brooklyn Public Library made application on December 19 to the Board of Estimate and Apportionment for an appropriation of $8,320, to be used for the operation of two new branches (Eastern Parkway and Brownsville Children's Library), in connection with the library system.

Under date of March 6 the Board of Estimate and Apportionment passed the following resolution:

"At the meeting of the Board of Estimate and Apportionment held March 6, 1914, a report was presented from the Comptroller relative to the request of the President of the Brooklyn Public Library for an appropriation of $8,320, to be used for the operation of two new branch libraries, and recommending that provision for this purpose should be made by transfer of funds, if possible, but if no funds can be obtained from the 1914 Budget appropriations, by the issue of special revenue bonds under subdivision 8 of section 188 of the Greater New York Charter."

In accordance with that resolution the Trustees of the Library desire to say that there are no Library funds from which a transfer can be made, and in accordance with the accompanying resolution the Trustees ask that the Board of Aldermen authorize the issue of special revenue bonds for the purpose named

Respectfully yours, NATHANIEL H. LEVI, Secretary Pro Tem.

Brooklyn Public Library, 26 Brevoort Place, March 20, 1914.

At a meeting of the Trustees of the Brooklyn Public Library held Wednesday, March 18, it was voted, in accordance with the resolution of the Board of Estimate and Apportionment of March 6, 1914, to make application to the Board of Aldermen for an appropriation of the following amounts of money for the maintenance of the Brownsville Children's Library and the Eastern Parkway Branch, from July 1 for the balance of the year:

	Brownsville Children's Library.	Eastern Parkway Branch.
Number of Assistants	10	8
Salaries	$3,330 00	$2,640 00
Periodicals	100 00	250 00
Binding	100 00	100 00
Janitor's supplies	100 00	100 00
Office supplies	300 00	300 00
Light and heat	500 00	500 00
	$4,430 00	$3,890 00

Permit us to state that the Eastern Parkway Branch will be ready to open in May and the Brownsville Branch in July, but neither can be opened until the funds for their maintenance have been supplied by the City.

NATHANIEL H. LEVI, Secretary Pro Tem.

The Committee on Finance, to which was referred on January 20 and March 24, 1914 (Minutes, pages 214 and 935), certain requests for special revenue bonds, known as Introductory Nos. 163 and 415, respectfully

REPORTS:

That No. 163, which is $1,800 for an auto for the Coroner of Richmond, has been heretofore disapproved by the late Mayor, and in the opinion of the Committee is unnecessary.

The Corporation Counsel states that the $5,000 asked for will not be needed until late in the year.

The Committee recommends that the said documents be placed on file.

The Committee on Finance, to which was referred on March 24, 1914 (Minutes, page 933), the annexed request from the President of the Borough of Queens, asking for an amendment to the approval of a site for a refuse destructor, respectfully

REPORTS:

That the letter of request explains the reasons for this application. In accordance with the opinion of the Corporation Counsel the Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE selecting a site to be acquired for use as a refuse destructor in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby selects as a site to be acquired for use as a refuse destructor in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, the following lands situate and lying in the Borough and County of Queens, State of New York, described in metes and bounds as follows, to wit:

Beginning at a point on the northerly side of old Wainwright ave. (now known as Wainwright court), at the intersection of the northerly side of Wainwright ave. with the easterly side of Thetis ave. (now known as Beach 109th st.); thence running northerly 606.82 feet in the continuation of the said easterly side of Thetis ave. to the bulkhead line as established by the Jamaica Bay Improvement Commission and as approved by the Secretary of War; thence easterly along said bulkhead line 250.23 feet; thence southerly in a continuation of the easterly line of Undine ave. (now known as Beach 108th st.), 625.26 feet to the northerly line of said old Wainwright ave. at its intersection with the said easterly line of Undine ave.; thence westerly 250.12 feet along said northerly side of Wainwright ave. to the point or place of beginning.

Sec. 2. The Corporation Counsel is hereby authorized and directed to institute condemnation proceedings for the acquisition of said lands and premises.

Sec. 3. This ordinance shall not preclude the acquisition of the above described lands and premises, or any part thereof, by purchase from the owner or the respective owners thereof, at a price authorized by the Board of Estimate and Apportionment.

Sec. 4. The Clerk of this Board is hereby directed to prepare two similar surveys, maps or plans of said lands and premises and file the same—one in the office of this Board and the other in the office of the Clerk of the County of Queens, in accordance with the provisions of section 1436 of the Greater New York Charter.

Sec. 5. This ordinance shall take effect immediately.

HENRY H. CURRAN, D. M. BEDELL, C. AUGUSTUS POST, F. H. STEVENSON, F. H. WILMOT, FRANCIS P. KENNEY, Committee on Finance.

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 27, 1914.

To the Honorable Board of Aldermen, City of New York, City Hall, Borough of Manhattan:

Gentlemen—On July 15, 1913, your Board adopted a resolution approving of the selection of a site to be acquired by the President of the Borough of Queens for use as a refuse destructor in the Bureau of Street Cleaning, described as follows:

"The following described lands located in Ward 5, in the County of Queens, in the City of New York, and known on the tax map as Block 15, Plate 38, Lots 132 and 132½, facing to the south a distance of 150 feet on Wainwright ave., including Undine ave.; between Wainwright ave. and Jamaica Bay; continuing thence on straight lines to the said Jamaica Bay."

I am advised by the Corporation Counsel that the ordinance heretofore approved does not describe the premises as to metes and bounds. Transmitted herewith are two copies of survey of the property sought to be acquired, and which is described as follows:

"Beginning at a point on the northerly side of old Wainwright ave. (now known as Wainwright court), at the intersection of the northerly side of Wainwright ave. with the easterly side of Thetis ave. (now known as Beach 109th st.); thence running northerly 606.82 feet in the continuation of the said easterly side of Thetis ave. to the bulkhead line as established by the Jamaica Bay Improvement Commission and as approved by the Secretary of War; thence easterly along said bulkhead line 250.23 feet; thence southerly in a continuation of the easterly line of Undine ave. (now

known as Beach 108th st.), 625.26 feet to the northerly line of said old Wainwright ave. at its intersection with the said easterly line of Undine ave.; thence westerly 250.12 feet along said northerly side of Wainwright ave. to the point or place of beginning."

I respectfully request that your Board will amend its previous action so as to include the description herewith transmitted. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The Committee on Finance, to which was referred on March 24, 1914 (Minutes, page 940), the annexed resolution in favor of amending an issue of $22,000 corporate stock for use of the Fire Department, respectfully

REPORTS:

That the $290.30 deducted from this appropriation is to be applied toward another building now being erected for the same Department. It recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held March 20, 1914:

Resolved, That, subject to the concurrence of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment July 17, 1911, and approved by the Board of Aldermen July 25, 1911, which reads as follows:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-two thousand dollars ($22,000), in addition to the amounts heretofore authorized, to provide means for the acquisition of a site and the erection of a new building in the vicinity of Dyckman street and Broadway for the use of the Fire Department of The City of New York, for quarters for engine and hook and ladder companies, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to make the amount read twenty-one thousand seven hundred and nine dollars and seventy cents ($21,709.70).

The Committee on Finance, to which was referred on March 24, 1914 (Minutes, page 940), the annexed resolution in favor of an issue of $290.30 corporate stock for use of the Fire Department, respectfully

REPORTS:

That this amount has been saved in another appropriation for the same Department, and is made necessary because of the unforeseen construction of a sewer to which connection must be made.

The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York to an amount not exceeding two hundred and ninety dollars and thirty cents ($290.30), in addition to the amount heretofore authorized for the purpose of providing means for the erection of a new building at Unionport, Borough of The Bronx, adjoining Engine Company 64 for use of the Fire Department of The City of New York, for quarters for hook and ladder companies.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment March 20, 1914, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding two hundred and ninety dollars and thirty cents ($290.30), in addition to the amount heretofore authorized for the purpose of providing means for the erection of a new building at Unionport, Borough of The Bronx, adjoining Engine Company 64, for the use of the Fire Department of The City of New York, for quarters for hook and ladder companies, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

The Committee on Finance, to which was referred on March 24, 1914 (Minutes, page 1028), the annexed resolution in favor of an issue of $2,500 special revenue bonds for purchase of furniture and fittings by the Sheriff of Kings County, respectfully

REPORTS:

That, having carefully examined the subject, it believes an appropriation to be necessary for this purpose. The Sheriff is about to move to larger quarters and will require additional furniture. Some of the furniture now in use is so dilapidated as to be of no value and must be replaced. The Committee believes, however, that $2,000 will be sufficient, and recommends that the accompanying substitute resolution be adopted.

SUBSTITUTE.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars ($2,000), the proceeds whereof to be used by the Sheriff of Kings County for the purpose of purchasing furniture, filing cabinets and other office fixtures for the fitting out of his new office in the Terminal Building, Borough of Brooklyn, all obligations contracted for hereunder to be incurred on or before December 31, 1914.

Reports of Committee on Public Letting—

No. 146—(S. O. No. 15).

The Committee on Public Letting, to which was referred on January 20, 1914 (Minutes, page 184), the annexed request from the Commissioner of Water Supply, Gas and Electricity for authority to purchase two auto trucks, without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be advisable. The details are fully set forth in the application. Similar permission has been heretofore given to this same department for purchase of such trucks, and this method has worked out satisfactorily in every respect. The Committee recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized to purchase two automobile trucks, one to be assigned to the distribution system, Borough of Queens, and the other to the Brooklyn watershed, the expense thereof not to exceed $2,000 for each automobile truck.

JOHN DIEMER, JOHN KOCHENDORFER, FRANK J. DOTZLER, W. F. QUINN, JACOB WEIL, WILLIAM DUGGAN, Committee on Public Letting.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, January 14, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—In the Budget allowances for this year provision was made for the purchase of two automobile trucks, one to be assigned to the distribution system, Borough of Queens, and the other to the Brooklyn watershed. The amount to be expended is not to exceed $4,000

The truck assigned to the Borough of Queens is to be used for transporting the men between their station and locations where their services are required for the repair of breaks, and for conveying tools, equipment and repair parts of pipes and hydrants. It will also transport material required by the different repair companies.

In the past horses and wagons have been used, but on account of the long distances to be traveled, together with unfavorable weather conditions retarding the progress of the wagons, it is considered advisable that an automobile truck be used for this purpose. It is to the City's interests that where breaks occur they be repaired in the least possible time, in order that claims for damage to private property resulting from escaping water may be avoided or reduced to a minimum.

The automobile truck desired for the Brooklyn watershed is to be used for transporting material and the men assigned to well work on the island. Considerable time is lost by the men assigned to this work being required to wait for material and they are delayed in waiting for railroad trains, which at present are the only means of travel between the different points where their services are required. At present horses and wagons are used, but this means of transportation is very slow.

Owing to the fact that it is impossible to prepare contract specifications for automobiles upon which competitive bidding could be secured, as they would necessarily include certain parts which are now covered by patent rights and which the City could not lawfully appropriate as its own idea of construction, I would respectfully request that you present this matter at the next meeting of the Board of Aldermen. I would request that authority be granted me to purchase these two automobile trucks without public letting. Attached hereto is a draft of resolution relative to this matter.

Yours truly, HENRY S. THOMPSON, Commissioner.

Which was laid over.

The Committee on Public Letting, to whom was referred on March 24, 1914 (Minutes, page 938), the annexed resolution in favor of authorizing the Commissioner of Water Supply, Gas and Electricity to enter into an additional contract for moving the departmental records without public letting, at a cost not to exceed $1,450, respectfully

REPORTS:

That, having carefully examined the subject, it believes the proposed authorization to be necessary. The details of this request are fully set forth in the letter of application, and it appears that the Commissioner pursued the only course open to him under the circumstances.

It, therefore, recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered to expend, without public letting, the sum of fourteen hundred and fifty dollars ($1,450), in addition to fifteen hundred dollars ($1,500) authorized by resolution of the Board of Aldermen December 9, 1913, for the purpose of meeting the expense incurred by the Department of Water Supply, Gas and Electricity in removing its effects from the Park Row Building to the Municipal Building.

JOHN DIEMER, JOHN KOCHENDORFER, FRANK J. DOTZLER, W. F. QUINN, JACOB WEIL, WILLIAM DUGGAN, Committee on Public Letting.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, Municipal Building, New York, March 21, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall:

Dear Sir—In anticipation of the Department's removal from the Park Row Building to the Municipal Building, application was made for an issue of special revenue bonds in the sum of $2,500. This amount was reduced by the Board of Aldermen to $1,500. The Board of Estimate and Apportionment declined to issue these bonds and suggested that the Department charge the expense of moving its effects to money available under its appropriations. Application was then made to the Board of Aldermen for permission to expend $1,500 on an open market order, pursuant to section 419 of the Charter. Invitations to bid were issued to about twenty individuals and companies engaged in the moving business, and their bids ranged from $1,486, the lowest, to $4,070. In accordance with the custom which I had understood prevailed in City Departments, the lowest bid was accepted and a formal order was issued to the Peerless Van Company.

After working several days, it became apparent that the Peerless Van Company did not have sufficient experience and lacked the facilities and organization to properly carry out the Department's order. It was essential that the Department have its entire effects removed from the Park Row Building before March 1st, in order that there might be no question as to the City's liability for an additional month's rent. About noon of February 23, I had a conference with the representatives of the Peerless Van Company. It was explained to them that at the rate the work of moving was progressing it was apparent that they could not fulfill their obligations. They stated they would like to be relieved of the contract. I thereupon ordered that they discontinue the work, stating that the City would pay them what was due.

A very serious situation confronted the Department, as but a few days remained in which to remove our belongings, and I ascertained that the Chelsea Fireproof Storage Warehouses, Incorporated, had been engaged to remove the office equipment and effects of the Board of Water Supply from 165 Broadway to the 22nd floor of the Municipal Building. I learned that they had a well equipped organization and every facility for handling large pieces of furniture. This company had received an invitation to bid with the others, and their bid for the complete job was $2,400. Upon estimating the contents of the Department offices as existing at noon of February 23, the President of this company agreed to remove the entire contents for the sum of $2,200, and to complete the work on or about February 28. I thereupon accepted the company's proposal and entered into an agreement upon this basis.

The Peerless Van Company have filed a claim with the Comptroller for $750, which, they allege, is due them for the removal of the office equipment and other effects from the Bureau of Water Register formerly on the 15th floor of the Park Row Building. The Department will no doubt be able to prove that the company is not entitled to this sum, and, in addition, the claim will further be reduced by the counterclaim of the City for damake done to the office furniture.

By reason of the Board of Aldermen's authorization, limiting the expenditure without public letting to the sum of $1,500, I am unable to certify to the payment due the Chelsea Fireproof Storage Warehouses, Incorporated. I, therefore, respectfully request that the Board of Aldermen adopt a further resolution, authorizing the additional expenditure of $1,500, $700 of this amount to be used in the payment of the bill of the Chelsea Fireproof Storage Warehouses, Incorporated, and the balance for the settlement of the claim filed by the Peerless Van Company.

The adjustment of this claim is a matter solely within the jurisdiction of the Comptroller, and without the consent of the Board of Aldermen I would have no authority to certify to a voucher in a sum to be hereafter agreed upon by the Comptroller, owing to the fact that the total expenditure for moving the Department's effects exceeds $1,000. Yours very truly,

WILLIAM WILLIAMS, Commissioner.

P. S.—I annex hereto a copy of a letter I wrote the Mayor on this subject while all the instances thereof were fresh in my memory.

February 24, 1914.

Hon. JOHN PURROY MITCHEL, Mayor of The City of New York, City Hall, New York:

Dear Sir—This is for the purpose of acquainting you with a very awkward situation which arose on Sunday and yesterday in connection with the contract for moving our effects to the new Municipal Building. I awarded it to the Peerless Van & Express Company, the lowest bidders—$1,486. (The bids were solicited by my predecessor.) I placed Engineer Rugge in charge on behalf of the Department. Sunday he informed me that it looked as if the contractor would be unable to do the work, and yesterday I satisfied myself that this would be the case. Meanwhile, one-fifth of our property had been transferred to our new offices. Unless all of it could be transferred prior to February 28, we would incur liability for the March rent of about $6,000, here, and such transfer could not be made unless work were prosecuted throughout Monday. I had to reach a quick decision as to what, under all the circumstances, was best to do. I dismissed the old contractor (he did not seem unwilling to go) and installed the Chelsea Warehouses Company, one of the original bidders. Over Sunday Mr. Rugge learned of excellent moving work recently done by them both for one of the City Departments and Messrs. Lord & Taylor. They offered to complete the work by Saturday for $2,200, and I then and there drew, and both parties executed, a contract, of which time was made the essence and providing that payment should be made only upon compliance with each term thereof. I told the Peerless Company that the City would pay them whatever it owed them. Since they have damaged some of the property they moved, it may not owe them much in settlement.

I am not yet familiar with City methods in relation to the execution of contracts and may have been guilty of a techincal violation of some Charter provision. If yes, I assume full responsibility therefor. Had I not acted as I did the City would have become liable for about $6,000 rent here March 1, and, in addition, the Department would have been trying to transact business in two places for a great many more days than will now be the case. The new contractor has taken hold with energy, and I am satisfied we will be out of these offices by Saturday night. Very truly yours.

Commissioner.

P. S.—I was careful to inform the new contractor that the Board of Estimate had not made an allotment sufficient to cover the whole of the amount which would be due them under their contract. They were satisfied to await further action.

The Board of Aldermen by resolution adopted on the 17th instant, authorized the expenditure of $1,500 without advertising for competitive bids or proposals. The Department's original request for funds necessary to meet the expense of moving called for $2,500. This amount was reduced by the Board of Aldermen to $1,500.

Alderman Curran moved the adoption of this resolution.

There being no objection, the President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Carroll, Chorosh, Cole, Cunningham, Curran, Delaney, Dixson, Donnelly, Dostal, Dotzler, Duggan, Dujat, Ferguson, Ferrand, Eagan, Fink, Folks, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McNally, Molen, Moore (Chas. The Committee on Public Letting, to which was referred on February 10, 1914 (Minutes, page 452), the annexed request from the President of the Borough of Queens for authority to purchase an automobile without public letting at a cost not to exceed $2,000, respectfully

REPORTS:

That having examined the subject it believes the proposed permission to be advisable. The President, as stated in his letter of request, expects to offer an old machine in part payment. Departmental heads all testify that it is practically impossible to secure results by preparation of specifications for automobiles. The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Queens be and he is hereby authorized and empowered to purchase an automobile in the open market, without public letting, at a cost not to exceed two thousand dollars ($2,000).

JOHN DIEMER, JOHN KOCHENDORFER, FRANK J. DOTZLER, W. F. QUINN, JACOB WEIL, WILLIAM DUGGAN, Committee on Public Letting.

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 3, 1914.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—In the Budget for the year 1914, provision has been made for an automobile for the use of the President of the Borough of Queens. The car now assigned to him is in a state of disrepair, and is, in fact, unsafe for use. It is desirable that a new car be obtained for him as soon as possible.

The Budget allowance provided contemplates an expenditure of $2,000. It is our judgment that there is no advantage in providing for the securing of this car by contract. We believe that it will be possible to effect some sort of an exchange on the car now in use as a part payment on a new automobile.

We therefore respectfully request your approval, in accordance with section 419 of the Charter, for the purchase of an automobile without public letting at a price not to exceed two thousand dollars ($2,000), and would thank your Board if you will dispose of the matter as quickly as possible for the reason stated, namely, that the car now assigned to the Borough President is unsafe for use. Very truly yours,

JAMES A. DAYTON, Commissioner of Public Works, and Acting President of the Borough of Queens.

Which was laid over.

No. 276—(S. O. No. 17).

The Committee on Public Letting, to which was referred on February 17, 1914 (Minutes, page 508), the annexed resolution authorizing the Department of Water Supply, Gas and Electricity to purchase eleven automobiles without public letting, at a cost not to exceed $6,050, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary because of the action of the Board of Estimate and Apportionment in providing for purchase of autos in the Budget, as is set forth in the letter of request, only one style of automobile being available at this price.

It therefore recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized to purchase, without the formality of advertising for competitive bids or proposals, eleven (11) new Ford runabout automobiles with express bodies and equipment, at an expense not to exceed six thousand and fifty dollars ($6,050).

JOHN DIEMER, JOHN KOCHENDORFER, FRANK J. DOTZLER, W. F. QUINN, JACOB WEIL, WILLIAM DUGGAN, Committee on Public Letting.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, February 9, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City of New York:

Sir—The Budget allowances for the hire of horses and wagons belonging to and used by the Foremen of the several repair companies of the different boroughs are sufficient only to pay for this service up to March 1. In lieu of the conveyances used by the Foremen in their tours of inspection of the work being performed in their districts, the Board of Estimate and Apportionment provided a sufficient sum of money for the purchase of Ford automobiles with express bodies. The use of automobiles will make it possible for the Foremen to exercise supervision of their forces at a less cost to the City.

The Ford runabout fitted with express body is the style of car which, in my opinion, is suitable and well adapted for the service required. The Ford automobile is a standard car and the vast number of this make now in use would indicate that it is recognized by private interests as giving a definite satisfactory service. The fact that the Ford car is a recognized standard, both as to price and service, makes it desirable that the Board of Aldermen grant authority to me to procure these automobiles without public letting.

The sum of $6,050 has been appropriated for the purchase of eleven equipped automobiles and I would respectfully request that this communication be presented by you at the next meeting of the Board of Aldermen for their consideration.

I am enclosing a draft of resolution for adoption. Yours very truly,

WILLIAM WILLIAMS, Commissioner.

The Committee on Public Letting, to which was referred on February 24th, 1914 (Minutes, page 658), the annexed request from the Park Commissioner of Manhattan and Richmond for authority to purchase an automobile, without public letting, at a cost not to exceed $2,500, respectfully

REPORTS:

That the reasons for this request are fully set forth in the letter of application. As it is the unanimous opinion of department heads that better results can be obtained in the open market in the purchase of autos, and the Commissioner having promised to find the funds within his own department, the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he is hereby authorized and empowered to purchase an automobile in the open market, without public letting, at a cost not to exceed twenty-five hundred dollars ($2,500).

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, February 17, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

My Dear Mr. McAneny—I am sending you herewith a communication addressed to your Honorable Board, with reference to a matter of considerable urgency to the Park Department, which I hope it will be convenient for you to assist in expediting to a final decision. Very cordially yours,

CABOT WARD, Commissioner of Parks, Manhattan and Richmond.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, February 16, 1914.
To the Board of Aldermen, The City of New York:

Gentlemen—I hereby request that this Department be authorized to purchase an automobile for the service of the Commissioner of Parks, Boroughs of Manhattan and Richmond, to replace an old and unserviceable car which will be sold if this request is granted.

The only service automobiles this Department has are two old second-hand cars, one of them a small rebuilt Chalmers, used by the Superintendent, and an old rebuilt Lozier used by the Commissioner. The latter car is in such condition that it cannot be continued in use more than a very few weeks, possibly less than a month. An estimate has been had from the Lozier Company for the repairs necessary, and these are fixed by them at between $750 and $800, simply on repairs to machinery. The only Budget item which is available for the use of this car is $150, which is only intended for the normal tire, gasoline and supply requirements of the Department. So that even for repairs for this car, an appropriation would have to be asked for for the entire amount.

This Lozier is of a needlessly high power for City street use; is expensive to operate and consumes an unnecessary quantity, both of oil and gasoline, and under City conditions, racks itself so that costly repairs have been constantly necessary in order to keep it running.

The need for a car is urgent, and it is believed that an appropriation of $2,500 will enable the Department to purchase a rebuilt car of first-class make, capable of rendering adequate service to this Department. This car is in constant service, as it must be frequently turned over to the Chief Engineer, the Landscape Architect and Architect for emergency cases.

The amount asked for I believe to be the minimum within which it will be safe to attempt the purchase of a car so that it will fit the Commissioner's needs. I therefore beg leave to submit to your Honorable Board, the following resolution for consideration:

Resolved, That, pursuant to section 419 of the Greater New York Charter, the Park Commissioner for the Boroughs of Manhattan and Richmond be, and he hereby is authorized and empowered to purchase an automobile in the open market, without public letting, at a cost not to exceed twenty-five hundred dollars ($2,500).

As the need is urgent, and at any moment the Department is apt to find itself without any departmental means of transport, it is respectfully asked that this matter be acted upon at the earliest possible moment. Respectfully,

CABOT WARD, Commissioner of Parks, Manhattan and Richmond.

Which was laid over.

No. 353.

The Committee on Public Letting, to which was referred on March 10, 1914 (Minutes, page 813), the annexed communication from the Trustees of Bellevue and Allied Hospitals asking for a correction in resolution to authorize the purchase of fresh fruits and vegetables during 1914, respectfully

REPORTS:

That having examined the subject, it believes the proposed correction to be necessary. The mistake was made in this department, the Committee having approved the original request for $12,000, instead of $2,000.

It recommends that the accompanying resolution be adopted.

Resolved, That the resolution adopted February 10, 1914, and received from his Honor the Mayor February 24, 1914, which reads as follows:

> "Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and it is hereby authorized and empowered to purchase in the open market, without public letting, the fresh fruits and vegetables required during the year 1914, for the employees in the various hospitals of the Department, at a cost not to exceed two thousand dollars ($2,000)."

—be and the same is hereby amended by striking therefrom the words and figures *two thousand dollars* ($2,000) and inserting in lieu thereof the words and figures *twelve thousand dollars* ($12,000).

JOHN DIEMER, JOHN KOCHENDORFER, FRANK J. DOTZLER, W. F. QUINN, JACOB WEIL, WILLIAM DUGGAN, Committee on Public Letting.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th St., New York, March 5, 1914.
Hon. GEORGE McANENY, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request your Board to amend the resolution adopted by the Board of Aldermen on February 10, 1914, authorizing this Department to purchase without public letting the fresh fruits and vegetables required during the year 1914 for its employees in the various hospitals in an amount *not to exceed* $2,000. This is apparently an inadvertence, as the Trustees requested authority for this purpose in an amount *not to exceed* $12,000. This request is an annual one, and the amount is $800 more than last year, due to the increased number of employees and the inadequacy of the funds provided during 1913. Respectfully. J. K. PAULDING, Secretary, Board of Trustees.

Alderman Diemer moved the adoption of this resolution.

There being no objection, the President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Carroll, Chorosh, Cole, Cunningham, Curran, Delaney, Dixson, Donnelly, Dostal, Dotzler, Duggan, Dujat, Ferguson, Ferrand, Eagan, Fink, Folks, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McNally, Molen, Moore (Chas. The Committee on Public Letting, to which was referred on March 17, 1914 (Minutes, page 864), the annexed resolution in favor of authorizing the Commissioner of Water Supply, Gas and Electricity to enter into a contract for installing water mains and appurtenances in and along the Broadway subway route, without public letting, at a cost not to exceed $4,000, respectfully

REPORTS:

That the reasons for this application are fully set forth in the letter of request. It is distinctly a matter of economy in time and money to do the work in the manner proposed and the Committee recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized to expend, without public letting, the sum of four thousand dollars ($4,000), under an agreement to be entered into with the Dock Contracting Company for furnishing and installing water mains and appurtenances in and along the Broadway subway route between Bleecker st. and Union square, the work to be done in accordance with plan of the Department of Water Supply, Gas and Electricity marked "M. B. 429."

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, Municipal Building, New York, March 9, 1914.
Hon. GEORGE McANENY, President, Board of Aldermen, City of New York:

Sir—At the meeting of the Board of Aldermen on January 27 a resolution was adopted concurring in the resolution of the Board of Estimate and Apportionment authorizing the issue of corporate stock in the sum of $4,000, the proceeds whereof to be used in the betterment of the distribution system along portions of the Broadway subway route. By the action of the Mayor in approving the resolution of the Board of Aldermen, the money is now available.

In the Department's application for funds it was explained that by reason of the subway construction the Department could make many valuable improvements in its distribution system at a cost considerably less than if the work were undertaken later or at a time when it would be necessary to remove and replace street pavement.

The Dock Contracting Company are under agreement with the Public Service Commission to build the section of subway along the line where improvements to the distribution system are desired. At the present time this company are in absolute control of the excavation wherein these alterations and changes to the distribution system are desired, and as no other company or individual, under these conditions, could undertake to install the work under the Department's proposed plans, I respectfully request that I be authorized to enter into a contract with the Dock Contracting Company for furnishing the necessary labor and material to improve the distribution system in accordance with Plan M. B. 429, on file in this office, at an expenditure not to exceed $4,000. I attach hereto draft of resolution for adoption.

Yours very truly, WILLIAM WILLIAMS, Commissioner.

The Committee on Public Letting, to which was referred on March 24, 1914 (Minutes, page 943), the annexed request from the Comptroller for authority to contract, without public letting, for labor, material, etc., necessary to arrange exhibit of The City of New York at International Exposition to be held at Lyons, France, respectfully

REPORTS:

That having carefully examined the subject, it believes the proposed authorization to be necessary. This is a case where it is impossible to prepare specifications. The work is to be done at Lyons, and it is impossible to calculate just what will be required.

It, therefore, recommend that the said resolution be adopted.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby authorized to expend without contract at public letting a sum not in excess of $25,000 for labor, material, supervision and transportation necessary to arrange exhibit of The City of New York at the International Exposition to be held at Lyons, France, during the six months commencing with May 1st, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—I transmit herewith for adoption by the Board of Aldermen a copy of a resolution to authorize the expenditure without a public contract of the sum of ..... for the purpose of arranging and preparing an exhibit for the coming Paris Exposition.

The urgency of the situation will appeal to you, and I would ask that you use every possible means to have the resolution passed at the earliest possible date.

Yours very truly, EDMUND D. FISHER, Deputy and Acting Comptroller.

Reports of Committee on Salaries and Offices—

Nos. 376 and 422.

The Committee on Salaries and Offices, to which was referred on March 17 and 24, 1914 (Minutes, pages 864 and 942), the annexed request and resolution in favor of establishing grade of Confidential Inspector, under President, Borough of Richmond, respectfully

REPORTS:

That President McCormack appeared before the Committee and explained the necessity for this position. Funds for payment of the salary are to be obtained by eliminating a grade of position of Executive Clerk, whose duties will be partially performed by the new officer, in addition to his other work.

It recommends that the accompanying resolution be adopted, and the letter of the President placed on file.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 20, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Richmond of the grade of position in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Confidential Inspector	$2,500 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

The Committee on Salaries and Offices, to which was referred on March 10, 1914 (Minutes, page 817), the annexed resolution in favor of grading Efficiency Engineers, etc., in the office of the Commissioners of Accounts, respectfully

REPORTS:

That the Committee is informed by Commissioner McGinley that the purpose of this resolution is to transfer a bureau from the office of the Board of Estimate and Apportionment to that of the Commissioners of Accounts. As the latter office has no such titles, these grades are necessary. It is not proposed to appoint other incumbents to these places in the Board of Estimate and Apportionment, and no increases in salaries are involved.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 6, 1914:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, the establishment in the office of the Commissioner of Accounts of the grades of positions in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Efficiency Engineer	$6,000 00	1
Efficiency Engineer	5,000 00	1
Efficiency Engineer	4,000 00	1

The Committee on Salaries and Offices, to which was referred on March 17, 1914 (Minutes, page 865), the annexed resolution in favor of grading positions of Expert Accountants and Examiners under Board of Estimate and Apportionment, respectfully

REPORTS:

That a more thorough estimate of the duties to be performed by the two Bureaus of Contracts and Standards about to be added to the Board of Estimate and Apportionment has resulted in an application for these four positions. The Committee accepts the statement made by the Secretary of said Board to the above effect, and recommends that the said accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 13, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Board of Estimate and Apportionment of the positions and grades of positions, in addition to those heretofore established, and in addition to those included in the resolution adopted February 20, 1914, as follows:

The Committee on Salaries and Offices, to which was referred on March 17, 1914 (Minutes, page 866), the annexed resolution in favor of amending a resolution covering certain grades of positions in the Board of Estimate and Apportionment, respectfully

REPORTS:

That this resolution covers but two changes of title, as is shown by the amendatory clause at the end thereof. The reason for these changes is that by making them it gives an opportunity to transfer employees under these titles from the Finance Department, and thus secure experienced men. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 13, 1914:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on February 20, 1914, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the grades of positions, in addition to those heretofore established, as follows:

The Committee on Salaries and Offices, to which was referred on March 17, 1914 (Minutes, page 868), the annexed resolution in favor of establishing grades of positions in the Board of Estimate and Apportionment of Secretary to Committee at $5,000 and $4,000 per annum, respectfully

REPORTS:

That these positions have been created in pursuance of the organization of the Board of Estimate and Apportionment into certain committees. It is anticipated that these officials will prepare the work of the various committees in such form that the Board members will be relieved of all detail, and for this purpose highly trained men are needed. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 13, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the following positions and grades, in addition to those heretofore established:

Secretary to Committee, $5,000 per annum, for three incumbents.

Secretary to Committee, $4,000 per annum, for three incumbents.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

The Committee on Salaries and Offices, to which was referred on March 17, 1914 (Minutes, page 869), the annexed resolution in favor of establishing grade of position of Flagger at $4.50 per diem, under President, Borough of Queens, respectfully

REPORTS:

That, having examined the subject, it believes the proposed grade to be necessary to comply with the prevailing rate of wages established for such workers. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held June 19, 1913:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Queens of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Flagger	$4 50	Unlimited

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

The Committee on Salaries and Offices, to which was referred on March 24, 1914. (Minutes, page 941), the annexed resolution in favor of establishing grade of Clerk, Department of Parks, Brooklyn, at $1,650 per annum, respectfully

REPORTS:

That having examined the subject, it finds that this is merely a change of title and does not carry with it any change in salary rate.

It recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Appointment adopted the following resolution at a stated meeting held March 20, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Parks, Borough of Brooklyn, of the grade of position, in addition to those heretofore established, as follows:

Reports of Committee on General Welfare—

No. 408—(G. O. No. 173).

The Committee on General Welfare, to which was referred on March 17, 1914, (Minutes, page 928), the annexed ordinance in favor of permitting the temporary attachment of United States Mail boxes to buildings, respectfully

REPORTS:

That having examined the subject, it believes the proposed permission to be necessary. In many instances it has been considered advisable for the city authorities to remove the lamp posts to which such boxes were heretofore attached. The proposed plan is in substitution for such service which under the removal of the supporting posts has necessarily ceased. The Committee recommends that the said ordinance be adopted.

AN ORDINANCE providing for the temporary attachment of United States Mail boxes, known as letter boxes, to buildings.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Post-Office authorities of the Federal Government, and owners of property in Greater New York, are hereby given permission, subject to the approval of any Borough President having jurisdiction, to attach temporarily small mail boxes, known as letter boxes, to any building or part thereof; provided, however, the consent in writing of the owner of the property be given and filed with the Borough President having jurisdiction, and further provided the work be done without cost to the city.

Section 2. Application for permission to attach any letter box as provided in Section 1 hereof, must be made in writing to the President of any Borough having jurisdiction, and in the form prescribed by him.

Section 3. This ordinance shall take effect immediately.

Nos. 237 and 443—(G. O. No. 174).

The Committee on General Welfare, to which was referred on February 3 and March 24, 1914 (Minutes, pages 447 and 1030), proposed ordinances containing certain regulations relative to coin-operating machines, respectfully

REPORTS:

That having carefully examined the subject, it believes the proposed ordinance introduced on March 24, known as Introductory No. 443, to be a wise regulation of the multifarious devices which are designed to coax small coins from pockets under the guise of rendering certain services and purveying candies, etc., and which bring to their promoters a revenue which all obtainable data show to be of large proportions. The Committee recommends that the said ordinance (No. 443) be adopted, and that No. 237 be placed on file.

AN ORDINANCE relating to coin-operating machines.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 305 of article I, title II of chapter 7 of Part I of the Code of Ordinances of The City of New York, is hereby amended to read as follows:

Sec. 305. The following businesses must be duly licensed as herein provided, namely, public cartmen, truckmen, hackmen, cabmen, expressmen, drivers, junk dealers, dealers in second hand articles, hawkers, peddlers, venders, *coin-operating machines,* ticket speculators, coal scalpers, common shows, motion picture theatres, open air motion picture theatres, shooting galleries, bowling alleys, billiard tables, dirt carts, exterior hoists and stands within stoop-lines and under the stairs of the elevated railroad stations.

Section 2. Article III of Chapter 7 of Part I of the Code of Ordinances of The City of New York is hereby amended by adding thereto a new subdivision, to be numbered XVII and to read as follows:

XVII. Coin-operating Machines.

Sec. 360A. Any machine or mechanical device erected, located or maintained in any street, avenue, park or public place or place open to the public, operating or intended to be operated by the insertion therein of a coin or coins for the purpose of automatically weighing persons, exhibiting photographs or other pictures, playing music, supplying electricity, making photographs, furnishing opera glasses for temporary use, or for the vending and sale of postage stamps, chewing gum, candy, peanuts, cigars, cigarettes, matches, toilet articles, food, drinks or other commodities, shall be deemed to be included within the terms of this ordinance, and for each such machine so erected, located and maintained there shall be paid an annual license fee of one dollar. The Bureau of Licenses shall provide a license tag, or plate, for each machine or mechanical device licensed under the provisions of this ordinance, and such tag or plate shall plainly show the year for which the license was issued and shall be so constructed that it may be securely attached to the machine and readily seen and inspected at all times. The Chief of the Bureau of Licenses shall cause the removal from any street, public place, or place open to the public, or any subway or elevated railroad station or platform, of any machine, included within the terms of this ordinance, to which a license tag, or plate, for the then current year is not attached. The maintenance and operation of each and every machine included within the terms of this ordinance, and not licensed as provided in this section, shall constitute a separate and distinct violation hereof.

Section 3. This ordinance shall take effect June 1, 1914.

Reports of Committee on Water and Light—

No. 286—(G. O. No. 175).

The Committee on Water and Light, to which was referred on February 17, 1914 (Minutes, page 535), the annexed resolution in favor of approving pattern and prices of King meter, respectfully

REPORTS:

That this meter having passed the tests required by the Department of Water Supply, Gas and Electricity (see letter of Commissioner Williams hereto attached), and having satisfied itself as to same by personal inquiry, the Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of section 475 of the amended Greater New York Charter, and in accordance with the recommendation of the Commissioner of Water Supply, Gas and Electricity, the King meter, sizes from ⅝ to 2 inches, be and the same is hereby approved as to pattern and prices as water meters for use in The City of New York, to wit, as follows:

Size.	Price.	Connections.	Size.	Price.	Connections.
⅝-inch	$8 00	$0 40 per set	1½-inch	30 00	No charge

1-inch	16 00	80 per set			

JOHN S. GAYNOR, JOSEPH W. SPENCER, EDWARD H. TAYLOR, LOUIS JACOBSON, MICHAEL J. HOGAN, ANTHONY J. McNALLY, Committee on Water and Light.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, Municipal Building, New York, March 24, 1914.

Hon. JOHN S. GAYNOR, Chairman, Committee on Water and Light, Board of Aldermen, City of New York:

Sir—This is in response to your inquiry transmitted through Deputy Commissioner F. T. Parsons, who attended a meeting of your committee yesterday, which had before it for consideration action on the approval of the Department's applications for the adoption and use of the Nilo and King meters, manufactured by the Union Meter Company; the Eureka meter, manufactured by the Pittsburg Meter Company, and the Hersey Torrent meter, manufactured by the Hersey Manufacturing Company.

My predecessor recommended to the Board of Aldermen the approval of these meters on the following dates:

King, January 22, 1912; Eureka, January 23, 1912; Nilo, January 20, 1913; Hersey, June 16, 1913.

So far as I have been able to learn, no changes have been made in the construction of these meters since the date of their official test by the Department and, in consequence thereof, there appears to be no necessity for re-testing them. I know of no reason for withdrawing the recommendations of my predecessor concerning same. Yours very truly, WILLIAM WILLIAMS, Commissioner.

Which was laid over.

No. 287—(G. O. No. 176).

The Committee on Water and Light, to which was referred on February 17, 1914 (Minutes, page 535), the annexed resolution in favor of approving Nilo water meter, respectfully

REPORTS:

That, having examined the subject, and said meter having passed the tests of the Department of Water Supply, Gas and Electricity, the Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of section 475 of the amended Greater New York Charter, and in accordance with the recommendation of the Commissioner of Water Supply, Gas and Electricity, the Nilo meter, sizes from 2 to 12 inches, be and the same is hereby approved as to pattern and prices as water meters for use in The City of New York, to wit, as follows: 2-inch, $40; 3-inch, $80; 4-inch, $160; 6-inch, $350; 8-inch, $600; 12-inch, $800.

The Committee on Water and Light, to which was referred on February 17, 1914 (Minutes, page 535), the annexed resolution in favor of approving the Eureka water meter, respectfully

REPORTS:

That, having examined the subject and having been advised that said meter has passed the tests of the Department of Water Supply, Gas and Electricity, the Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of section 475 of the amended Greater New York Charter, and in accordance with the recommendation of the Commissioner of Water Supply, Gas and Electricity, the Eureka meter, sizes from 1½ to 12 inches, be and the same is hereby approved as to pattern and prices, as water meters for use in The City of New York, as follows:

Report of Committee on Health—

No. 38—(G. O. No. 179).

The Committee on Health, to which was referred on January 5, 1914 (Minutes, page 34), the annexed request from the Department of Health for the designation of the premises known as Seton Falls, in The Bronx, as a site for a hospital for contagious diseases, respectfully

REPORTS:

That the Committee has held a number of public hearings and private conferences at which every one interested has had an opportunity to appear. While considerable opposition has developed, it has been of the character which would object to a hospital for this purpose in any locality. The City has a site in Westchester which could be used, but it is only one-quarter the size of the one at Seton Falls, and is incomparably less well adapted for the purpose. After a full and fair consideration of the subject, the Committee believes that the Seton Falls site is an excellent one, and it therefore recommends that the accompanying ordinance be adopted.

AN ORDINANCE selecting a site known as Seton Falls Park for a hospital for contagious diseases, under the jurisdiction of the Department of Health.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby selects as a site to be used as a hospital for contagious diseases, under the jurisdiction of the Department of Health, the following lands and premises situate and lying in the Borough and County of Bronx, State of New York, described in metes and bounds as follows, to wit:

Beginning on the southerly side of a proposed street known as 233d st., at a point distant two hundred (200) feet westerly from a point which would be the intersection of the said southerly side of said proposed 233d st. with the westerly side of Seton ave. if the westerly side of Seton ave., as shown on a map entitled "Map of Edenwald, etc.," made by Josiah A. Briggs, Civil Engineer, filed in the office of the Register of the County of New York March 23, 1898, by the Map Number 393, were extended southerly in a straight line, running thence southerly at right angles to the said southerly side of said proposed 233d st. fifty (50) feet; thence easterly parallel with the said southerly side of proposed 233d st. one hundred (100) feet; thence southerly at right angles to said last mentioned line twenty-five (25) feet; thence easterly again parallel with the said southerly side of said proposed 233d st. one hundred (100) feet to a point which would be in the westerly side of said Seton ave. if the said westerly side of Seton ave. were extended southerly in a straight line; thence southerly along what would be the continuation of the said westerly side of Seton ave., if the same were extended southerly in a straight line one thousand twenty and ten one-hundredths (1,020.10) feet, more or less, to the northerly side of Pratt ave., as shown on said map as a street sixty (60) feet wide; thence southwesterly along the said northwesterly side of Pratt ave. four hundred and thirty-nine (439) feet and eighty-nine one-hundredths of a foot (89.00), more or less, to the northeasterly side of a street or road called Schieffelin's lane; thence along the southerly boundary line of land hereby conveyed the following courses and distances: North forty-one (41) degrees seventeen (17) minutes and fifty (50) seconds west along the said northeasterly side of Schieffelin's lane one hundred and eighty-seven (187) feet and twenty-eight one hundredths of a foot (28-100); thence north forty-three (43) degrees nine (9) minutes and ten (10) seconds west still along the same one hundred and forty-eight (148) feet; thence north forty-seven (47) degrees fifty-six (56) minutes and fifty (50) seconds west still along the same one hundred and twenty-seven (127) feet; thence north fifty-three (53) degrees six (6) minutes and forty (40) seconds west part of the way still along the same and part of the way along the boundary of land now or late of Thomas Fowler two hundred and forty-five (245) feet; thence north forty-four (44) degrees and thirty-one (31) minutes west still along land now or late of Fowler two hundred and twenty-four (224) feet and ninety-two one hundredths of a foot (92-100); thence north seventy-five (75) degrees four (4) minutes and thirty (30) seconds west still along the same sixty-four (64) feet; thence north eighty-four (84) degrees and seven (7) minutes west still along the same one hundred and fifty-nine (159) feet and ninety-five one hundredths of a foot (95-100); thence north seventy-seven (77) degrees eighteen (18) minutes and fifty (50) seconds west still along the same one hundred and ninety-four (194) feet to land now or late of Schieffelin; thence north twenty-eight (28) degrees three (3) minutes and twenty (20) seconds east along said land now or late of Schieffelin two hundred and eighty-five (285) feet and thirty-three one hundredths (33-100) of a foot; thence north forty (40) degrees and twenty-six (26) minutes east still along the same one hundred and thirty-one (131) feet and forty-nine one hundredths (49-100) of a foot; thence north thirty-two (32) degrees twenty-seven (27) minutes and ten (10) seconds east still along the same thirty (30) feet; thence north nineteen (19) degrees forty (40) minutes and forty (40) seconds east still along the same eighty-seven (87) feet and twenty-eight one hundredths (28-100) of a foot; thence

north seven (7) degrees seven (7) minutes and forty (40) seconds west still along the same thirty-eight (38) feet and sixty-eight one hundredths (68-100) of a foot; thence north forty-five (45) degrees ten (10) minutes and forty (40) seconds west still along the same twenty (20) feet and five-tenths (5-10) of a foot; thence north nineteen (19) degrees ten (10) minutes fifty (50) seconds west still along the same seventy-nine (79) feet and one-tenth (1-10) of a foot; thence north twenty-two (22) degrees one (1) minute and ten (10) seconds west still along the same two hundred and seven (207) feet and eighty-four one hundredths (84-100) of a foot, more or less, to a point which would be in the easterly side of Monaghan ave., if the said easterly side of Monaghan ave., as shown on said map, were extended southerly in a straight line; thence northerly along what would be the continuation of the said easterly side of Monaghan ave., if the same were extended southerly in a straight line north forty-five (45) degrees fifteen (15) minutes and twenty (20) seconds, one hundred sixty-six and 38-100 (166.38) feet, more or less, to the southerly side of said proposed 233d st.; thence easterly and along the southerly side of said proposed 233d st. about one thousand and forty (1,040) feet to the point or place of beginning.

Sec. 2. The Corporation Counsel is hereby authorized and directed to institute condemnation proceedings for the acquisition of said lands and premises.

Sec. 3. This ordinance shall not preclude the acquisition of the above described lands and premises, or any part thereof, by purchase from the owner or the respective owners thereof, at a price authorized by the Board of Estimate and Apportionment.

Sec. 4. The Clerk of this Board is hereby directed to prepare two similar surveys, maps or plans of said lands and premises and file the same—one in the office of this Board and the other in the office of the Register of the County of Bronx, in accordance with the provisions of section 1436 of the Greater New York Charter.

Sec. 5. This ordinance shall take effect immediately.

Report of Committee on Markets—

No. 239—(G. O. No. 180).

The Committee on Markets, to which was referred on February 3, 1914 (Minutes, page 448), the annexed ordinance to abandon Fulton Market, respectfully

REPORTS:

That your Committee has thoroughly investigated the Fulton Market, Borough of Manhattan. A personal inspection of the said Market was made by the Committee. A financial report was obtained for the years 1912, 1913 and 1914, a copy of which is hereto attached and a letter was sent to the tenents and former tenents, a copy of same and a summary of replies is hereto annexed.

A public hearing on the matter was held and in view of the information obtatined the Committee has come to the conclusion that it would be to the best interest of the City, owing to the large financial loss it has maintained and still maintaines, in the running of the said Fulton Market, to abandon the same and the Committee further recommends that the proceeds of the sale of the present site be turned into the general fund for the acquisition of real estate for municipal market purposes.

The Committee therefore recommends that the said ordinance be adopted.

HYMAN POUKER, FRANK DOSTAL, Jr., ABRAHAM M. LEVY, ROBT. L. MORAN, JESSE D. MOORE, JACOB BARTSCHERER, EDWARD B. VALENTINE, FREDERICK TRAU, F. H. WILMOT, Committee on Markets.

The City of New York, Department of Finance, Comptroller's Office, March 6, 1914.

Mr. HYMAN POUKER, Chairman, Committee on Markets, Board of Aldermen:

Sir—In accordance with the request of even date from Mr. Charles W. O'Reilly, Clerk, Committee on Markets, I beg to offer the following financial statement concerning receipts and expenditures of Fulton Market:

During the year 1913 the entire receipts from the Fulton Market, from stand rent, wagon fees and permits, amounted to	$29,170 46
The expenses for the same period were as follows:	
Maintenance and Collector's salary	3,015 78
Interest at 4 per cent. on valuation	21,000 00
Loss from exemption from taxation	9,502 50
Making a total cost to the City	$33,518 28

The present amount of rental being received from the Market is $377.66 per week, or at the rate of about $19,600 per year, but that this amount will not be received during the year 1914 is indicated by the fact that four of the present tenants have stated that they will withdraw from the Market on or before May 1st, and the rental paid by these tenants would amount to $2,000 per annum.

In 1912 the receipts from the Market for stand rents were about $37,000.

In 1913, as above stated, the receipts were a little more than $29,000 and it is probable, if the Market is allowed to continue during the year 1914, that the receipts will fall to $17,000 or less for the entire year.

There are at present only 31 permit holders using this Market, which number will shortly be reduced, as indicated above. Yours respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

(Copy.)

February 3rd, 1913.

Honorable WILLIAM R. PATTERSON, Assistant Commissioner of Public Works:

Dear Sir—I herewith submit an estimate covering necessary repairs and alterations to place Fulton Market in a sanitary and up-to-date condition:

New cement floor throughout ground floor of markets	$8,500 00
New cement sidewalk	2,500 00
New curb	500 00
New comfort station	7,500 00
New drainage system	5,000 00
New electric light system	1,000 00
Removing inside and outside stands	1,000 00
Repairs to interior woodwork of burned section	1,500 00
Replacing burned and damaged windows on street faces of market, and window glass throughout building (except skylights)	1,500 00
Repairs to skylights, including glass	2,500 00
New stairways and repairs	1,000 00
Repairs to tin roof	2,000 00
Repairs to slate roof	500 00
Repairs to woodwork and changing partitions and walls	1,500 00

New metal ceilings and walls	2,000 00
Pointing up, removing and new brickwork	2,000 00
Painting	7,500 00
New store fronts	6,000 00
Incidentals, etc. (10 per cent.)	5,500 00
	$60,000

Respectfully, LEROY F. COX, Assistant Engineer.

City of New York, Board of Aldermen, City Hall, March 11th, 1914.

Sir—It is the desire of the Committee on Markets, before reporting on the abolishment of Fulton Market to inquire of the old and former tenants, as to whether they will again rent space in the Fulton Market, in the event that the City would put the said market in a tenantable condition at an expense of about sixty thousand dollars ($60,000).

That would mean that the rental per square foot in the said market would be approximately $1.78.

An immediate reply would be greatly appreciated by the said Committee.

Respectfully, HYMAN POUKER, Chairman, Committee on Markets.

Summary of replies to inquiry sent to all 1912 and 1913 standholders in Fulton Market (copy of letter of inquiry annexed): Favorable (wholesale or retail, not indicated), 4; favorable (wholesalers), 4; apparently favorable (not specific as to rent; possibly evasive; one a wholesaler), 5; unfavorable, 4; in bankruptcy, 1; not found, 8; not heard from, 27. Number of standholders circularized, 53.

Which was laid over.

At this point Alderman Curran moved that General Orders 95 and 96 be recalled from his Honor the Mayor for further consideration.

Which motion was then adopted.

The papers were subsequently received from his Honor and are as follows:

No. 95—(Int. No. 261).

The Committee on General Welfare, to which was referred on February 10, 1914 (Minutes, page 487), the annexed "ordinance relating to places of public amusement," respectfully

REPORTS:

That a public hearing was held thereon at which appeared advocates in favor of the proposition, but none in real opposition thereto. The trend of opinion was all for a suppression of the existing ticket speculating evil, and those in attendance felt that the suggested ordinance will prove a remedy for and abate existing conditions. The ordinance herewith recommended contemplates agreements with licensees of places of public amusement and the Police Department, else no license will issue, and under the provisions of which a license shall become null and void for any infraction of said agreements.

The Committee believes this ordinance a direct step to the suppression of this long complained of infliction on the public, and therefore recommends that the same be adopted.

AN ORDINANCE relating to places of public amusement.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. No license shall be granted for any or all of the purposes set forth in section 1472 of the Greater New York Charter unless an application therefor, subscribed by the person or corporation seeking said license, shall first be made to the Police Department upon a printed form of application to be furnished by said department, which said application shall contain plainly printed therein the following agreements on the part of the licensee, to wit:

First—That the price of each and every ticket of admission issued by or on behalf of the licensee herein shall be plainly and legibly printed on such ticket, and no price in excess of that so designated shall be asked or accepted by or on behalf of the licensee.

Second—That no ticket of admission shall be issued, sold or offered for sale by or on behalf of the licensee or by or on behalf of any manager, agent, servant or employee of the licensee at a price in excess to that designated thereon or with the knowledge, purpose or intention that such ticket is to be resold or offered for resale, and no licensee and no manager, officer, agent or employee of any licensee shall, directly or indirectly, receive any consideration of any nature whatsoever upon the sale of any such ticket beyond or in excess of the price designated thereon, or directly or indirectly enter into any arrangement, agreement or understanding for the receipt of any such consideration.

Third—This license shall be and become null and void upon the entry of a judgment for the penalty prescribed in section 3 of this ordinance for a violation of any of the foregoing agreements by such licensee, or his agents or employees.

Section 2. Every such license shall contain plainly printed therein the agreement on the part of the licensee prescribed in section 1 of this ordinance.

Section 3. In addition to any other penalty prescribed by law or ordinance, every person violating any of the provisions of the foregoing section of this ordinance shall be liable to a penalty of $50 for each offense, to be recovered in an action to be brought therefor in the name of The City of New York.

Section 4. This ordinance shall take effect thirty days after approved by the Mayor.

No. 96—(Int. No. 262).

The Committee on General Welfare, to which was referred on February 10, 1914 (Minutes, page 487), the annexed ordinance in favor of regulating the matters provided for in section 1473 of the Greater New York Charter, etc., respectfully

REPORTS:

That, having examined the subject, together with having held a well attended public hearing thereon, it believes the said ordinance should be adopted. It amends in measure the "Second Schedule" of the Greater New York Charter, enlarging the powers of the Police Department with respect to places of public amusement, thereby bringing the owners of such places to a stricter and better account to the public. It therefore recommends that the said ordinance be adopted.

AN ORDINANCE regulating the matters provided for in section 1473 of the Greater New York Charter, as re-enacted by chapter 466 of the Laws of 1901, section 1423 being one of the sections specified under the title "The Second Schedule Sections to Remain in Force Until Changed by the Board of Aldermen."

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Police Department is hereby authorized and empowered to grant licenses required pursuant to the provisions of section 1472 of the Greater New York Charter, for the exhibition to the public in any building, garden or grounds, concert room or other place or room within The City of New York, any interlude, tragedy, comedy, opera, ballet, play, farce, minstrelsy, or dancing, or any other entertainment of the stage, or any part or parts therein, or any equestrian, circus or dramatic performance, or any performance of jugglers, or rope dancing, or acrobats, to continue in force until the first day of May next, ensuing the grant therof, on receiving for each license so granted, and before the issuing thereof, the sum of five hundred dollars; except that in the Borough of Richmond the fee for such license shall be one hundred dollars; and every manager or proprietor of any such exhibition or performance who shall neglect to take out such license, or consent, or cause, or allow any such exhibiton or performance or any single one of them without such license, and every person aiding in such exhibtion, and every owner or lessee of any building, part of a building, garden, grounds, concert room or other room or place, who shall lease or let the same for the purpose of any such exhibition or performance or assent that the same be used for any such purpose, except as permitted by such license, and without such license having been previously obtained and then in force if the same shall be used for such purpose, shall be subject to a penalty of one hundred dollars for every such exhibition or performance, which penalty shall be prosecuted, sued for and recovered in the name of The City of New York, and shall be paid to the Chamberlain of The City of New York, to be paid into the treasury of said City. *Such licenses shall be uniform and may, in the discretion of the office or department charged with the duty of issuing the same, contain provisions and conditions which, in the judgment of such officer or department, may be essential for the welfare of and beneficial to the people of and visitors to The City of New York, including provisions and conditions respecting the tickets or other tokens entitling the holders thereof to admission to such places and respecting the hours of opening and closing.*

Section 2. This ordinance shall take effect immediately.

WILLIAM D. BRUSH, HYMAN POUKER, LAUREN CARROLL, JOHN J. REARDON, ROBERT H. BOSSE, ARNON L. SQUIERS, OSCAR IGSTAEDTER, Committee on General Welfare.

On motion of Alderman Curran, the votes by which these ordinances were adopted were reconsidered, and the papers were ordered replaced on the list of General Orders.

SPECIAL ORDERS.

No. 11—(Int. No. 305).

The Committee on Finance, to which was referred on February 24, 1914 (Minutes, page 661), the annexed request from the President of the Borough of Richmond for $68,000 special revenue bonds for emergent road repairs, respectfully.

REPORTS:

That at the request of the Committee actual surveys of the roads were made (see report attached) and, as is set forth in the second letter of the Borough President, it was found that less than one-quarter of the sum originally asked for would be sufficient. This latter amount the Committee believes to be a necessity, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of sixteen thousand dollars ($16,000), the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of making road repairs in said Borough, as described in schedule "Recommended for 1914" in report of Committee on Tax Budget, unanimously adopted by the Board of Estimate and Apportionment March 20, 1914. All obligations contracted for hereunder to be incurred on or before December 31, 1914.

HENRY H. CURRAN, JOHN DIEMER, JOHN S. GAYNOR, FRANK J. DOTZLER, F. H. STEVENSON, D. M. BEDELL, F. H. WILMOT, JESSE D. MOORE, FRANCIS P. KENNEY, Committee on Finance.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, February 21st, 1914.

To the President of the Board of Aldermen, City Hall, New York City:

Sir—I beg to request that the Board of Aldermen take the necessary action to provide for an issue of special revenue bonds to the amount of $68,000 for repair of roads in this borough, the appropriation for which in this year's Budget being insufficient for the purpose. Very respectfully,

C. J. McCORMACK, President of the Borough.

City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 21, 1914.

Hon. HENRY H. CURRAN, Chairman, Finance Committee, Aldermanic Chamber, City Hall, New York City:

Dear Sir—At the meeting of the Board of Estimate March 20, 1914, it was recommended that my request to the Board of Aldermen for $68,000 special revenue bonds for road repairs be amended so that the amount asked for would be $16,000. This was accepted by me, and I am therefore writing to advise you that I do amend my former request, so that the amount required for making road repairs in this Borough is $16,000. Very truly yours,

C. J. McCORMACK, President of the Borough.

March 19, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On October 30, 1913, the President of the Borough of Richmond asked that provision be made in the sum of $84,680 for the maintenance of certain roads in the Borough of Richmond, for which he stated no funds had been allowed in the Budget for 1914.

His request was referred to a committee consisting of the Chief Engineer of the Board of Estimate and Apportionment, the Consulting Engineers of the five boroughs and a Principal Assistant Engineer of the Department of Finance. This committee of Engineers reported on January 30, 1914, recommending $68,000 for the maintenance of seventeen streets and parts of streets.

The list of streets, the estimated area, the treatment proposed and the estimated cost, as recommended by this committee of Engineers, were as follows:

	Estimated Square Yards.
Waterbound Macadam, 2 to 4 Inches Thick; Estimated Cost 48 Cents Per Square Yard—	
Washington avenue, from Amboy road to Fresh Kills road	16,437
Willowbrook road, from Richmond turnpike to Port Richmond road	5,784
Newark avenue, from near Innis street to Staten Island Railroad	320
Union avenue, from Old Stone road to Richmond turnpike	8,409
Vanderbilt avenue, from Osgood avenue to Van Duzer street	5,684
Clove avenue, from Richmond road to Staten Island Railroad	4,444
Simonson place, from Vanderbilt avenue to Steuben street	2,666
Steuben street, from Richmond road to 800 feet southerly	1,422
Richmond turnpike, from Little Clove road to Manor road	5,100
Pleasant Valley avenue, from Van Duzer street to dead end	1,690
Total	51,956
Total estimated cost, $24,938.88.	
First Grade Bituminous Binder, 4 Inches Thick; Estimated Cost, 85 Cents Per Square Yard—	
Fresh Kills road, from Wynant road to Station 90	10,888
Fresh Kills road, from Old Stone road to St. Michael's Home	3,944
Sand lane, from Fingerboard road to 200 feet southerly	355
Fingerboard road, from Station 72 to Sand lane	3,325
Watchogue road, from Jewett avenue to Wooley avenue	4,625
Total	23,137
Total estimated cost, $19,666.45.	
Bituminous Binder, 2 Inches Thick, Second Grade; Estimated Cost, 50 Cents Per Square Yard—	
Amboy road, from Richmond road, New Dorp, to Bentley street, Tottenville	50,000
Henderson avenue, from Clinton avenue to Bard avenue	5,730
Total	55,730
Total estimated cost, $27,865.	
Total estimated cost, all classes, $72,470.33.	

The committee of engineers recommended that Henderson avenue, Newark avenue, Steuben street and Pleasant Valley avenue be repaved by assessment so that the total estimated cost of all classes recommended was reduced from $72,470.33 to $68,000. The amount requested in the Budget for the year 1914 for the several grades of treatment recommended by the consulting engineers was $84,680. This was eliminated from the Budget, because it was a very expensive treatment amounting practically to repaving, and costing in some cases over twenty-one times as much as maintenance was costing for similar roads in other sections.

The recommendations of the committee of engineers were not based on an actual knowledge of the condition of the roads. The committee did not go over the roads to see if they needed resurfacing or not. After the committee had made its report the matter was referred first to the Committee on Assessments and later on to the Tax Budget Committee. Engineers and Examiners from the Finance Department made a careful study of the conditions of all the streets and found that in most cases they were in good condition and ordinary maintenance would be sufficient. They recommended that $16,000 would be sufficient to maintain the roads in good condition.

Since this recommendation was made the matter has been of conference with the President of the Borough of Richmond, and he has agreed to the $16,000 recommended.

The amount recommended will represent a saving of almost $69,000 under the amount requested and a saving of $52,000 under the amount recommended by the Committee of Engineers. At the same time, it will give more than ordinarily expensive treatment to streets, that for the last several years have been maintained at an annual cost, per square yard, of three cents, four cents, seven cents, eight cents and in some cases have maintained themselves for almost four years without one penny of expense.

The following table shows the amounts, per square yard, recommended in this report for maintenance in 1914, and the amounts per square yard for maintenance in 1912 and 1913:

GENERAL ORDERS.

No. 131—(Int. Nos. 354 and 355).

The Committee on Finance, to which was referred on March 10, 1914, (Minutes, pages 813 and 814), certain requests for special revenue bonds known as Introductory Nos. 354 and 355, respectfully

REPORTS:

That No. 354 is for money for snow which will not be needed until next winter. No. 355 is for equipping new offices of Corporation Counsel in Municipal Building, and has been withdrawn by that official. The Committee recommends that the said papers be placed on file.

The Committee on Finance, to which was referred on March 10, 1914 (Minutes, page 860), the annexed resolution in favor of authorizing the Comptroller to advance the amount appropriated in the Budget for 1914 for Memorial Day Observances to the Army and Navy Union, respectfully

REPORTS:

That this resolution follows the custom heretofore established, and found to be the most feasible way to make these expenditures. It therefore recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, with the concurrence of the Board of Aldermen, has provided in the Budget of 1914 (Code No. 3053), the sum of $1,000 for Memorial Day observances by the Army and Navy Union, in accordance with the provisions of law; and

Whereas, It is deemed necessary that said sum of money be advanced to the Memorial and Executive Committee, Army and Navy Union, for the purpose of defraying expenses as they may arise; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to pay to the Treasurer of the Memorial and Executive Committee, upon his requisition, countersigned by the Secretary, the sum of one thousand dollars ($1,000).

No. 155—(Int. Nos. 132 and 202).

The Committee on General Welfare, to which was referred on January 13 and 27, 1914 (Minutes, pages 174 and 285), the annexed ordinances known as Introductory Nos. 132 and 202, respectfully

REPORTS:

That No. 132, in relation to misleading advertisements, has been superseded by No. 229, and requires no further consideration.

No. 202, calling for the leashing or muzzling of dogs, relates to a subject already covered by a proposed ordinance introduced just prior to this proposed regulation.

The Committee recommends that the said proposed ordinances be placed on file.

AN ORDINANCE Against Misleading and Fraudulent Advertisement.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

1. Any person, firm, corporation or association who, with intent to sell or in any wise dispose of merchandise, securities, service, or anything offered by such person, firm, corporation or association, directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, makes, publishes, disseminates, circulates, or places before the public or causes, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in this City, in a newspaper or other publication, or in the form of a book, notice, hand-bill, poster, bill, circular, pamphlet or letter or in any other way, an advertisement of any sort regarding merchandise, securities, service, or anything so offered to the public, which advertisement contains any assertion, representation or statement of fact which is untrue, deceptive or misleading, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not to exceed five hundred dollars ($500), or imprisonment for a period not exceeding one year, or by both such fine and imprisonment.

2. This act shall take effect immediately.

AN ORDINANCE providing for the muzzling or leashing of dogs in The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. No dog shall be permitted upon any street, highway, or any public place or building, or in the parks, unless it be properly muzzled or leashed.

Section 2. Any dog not so muzzled or leashed shall be taken in charge by a duly authorized representative of the Public Pound to be established by The City of New York. There to be kept for a period of five days, at the end of which time it shall be destroyed, unless during the said interval it has been redeemed by the owner or his duly authorized agent, by the payment of the sum of twenty dollars to the Superintendent of the said Public Pound of The City of New York, who shall forthwith issue a receipt therefor and an order, which order shall contain a description of the dog and shall be immediately honored upon its presentation at the Pound.

Section 3. A book shall be kept by the Poundmaster in which he shall enter the hour and minute of the delivery to him of each dog, and their reclamation.

Section 4. Any person permitting a dog or dogs to go upon any street, highway, or in any public place or building and not properly muzzled or leashed shall be guilty of a misdemeanor punishable by a fine not exceeding twenty-five dollars for the first offense and a fine of one hundred dollars for the second offense, and in default of payment of such fine for either offense may be committed to prison until the fine is paid; but such imprisonment shall not exceed ten days.

This ordinance to take effect immediately.

No. 156—Int. No. 229.

The Committee on General Welfare, to which was referred on February 3, 1914 (Minutes, page 445), the annexed ordinance against false and misleading advertising, respectfully

REPORTS:

That it held several well attended hearings in relation to this proposed ordinance, at which no one appeared in opposition. The officers of various medical societies were particularly active in advocating this measure and they were backed by the Health Department. Representatives of merchants' associations and of advertising men also approved the bill. The Committee believes the ordinance to be a good one, with the single exception of what it considers a somewhat severe penalty. It has amended the act in this respect, and recommends that the accompanying substitute ordinance be adopted.

"SUBSTITUTE."

AN ORDINANCE against false and misleading advertising.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

1. Any person, firm, corporation or association, who, with intent to sell or in any wise dispose of merchandise, securities, service or anything offered, directly or indirectly, by such person, firm, corporation or association to the public for sale or distribution, or with intent to increase the consumption thereof, or induce the public in any manner to enter into any obligation relating thereto, or to acquire the title thereto, or any interest therein, makes, publishes, disseminates, circulates or places before the public, or causes directly or indirectly to be made, published, disseminated, circulated or placed before the public in this city in any newspaper or other publication sold or offered for sale upon any public street, sidewalk or other public place, or on any sign upon any street, sidewalk or public ground, or in any hand bill or advertisement posted upon any street, sidewalk or public ground, or on any placard, advertisement or hand bill exhibited or carried in any street or public ground, or upon any sidewalk, or on any banner or sign flying across the street or from any house, an advertisement of any sort regarding merchandise, securities, service or anything so offered to the public, which advertisement contains assertion, representation or statement which is untrue, deceptive or misleading, shall be fined not less than twenty-five ($25) dollars nor more than two hundred and fifty ($250) dollars, or by imprisonment of not less than five days nor more than six months, or by both such fine and imprisonment.

2. This ordinance to take effect immediately.

"ORIGINAL."

AN ORDINANCE against false and misleading advertising.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

1. Any person, firm, corporation, or association, who, with intent to sell or in any wise dispose of merchandise, securities, service, or anything offered, directly or indirectly, by such person, firm, corporation or association to the public for sale or distribution, or with intent to increase the consumption thereof, or induce the public in any manner to enter into any obligation relating thereto, or to acquire the title thereto, or any interest therein, makes, publishes, disseminates, circulates, or places before the public, or causes directly or indirectly to be made, published, disseminated, circulated, or placed before the public in this City in any newspaper or other publication sold or offered for sale upon any public street, sidewalk, or other public place, or on any sign upon any street, sidewalk or public ground, or in any hand bill or advertisement posted upon any street, sidewalk or public ground, or on any placard, advertisement, or hand bill exhibited or carried in any street or public ground, or upon any sidewalk, or on any banner or sign flying across the street or from any house an advertisement of any sort regarding merchandise, securities, service, or anything so offered to the public which advertisement contains assertion, representation, or statement which is untrue, deceptive or misleading, shall be fined not less than twenty-five dollars ($25) nor more than five hundred dollars ($500), or by imprisonment not to exceed one year or by both such fine and imprisonment.

The Committee on General Welfare to which was referred on March 10, 1914 (Minutes, page 861) the annexed ordinance relating to the maintenance and operation of garages in The City of New York, respectfully

REPORTS:

That having carefully examined the subject, it believes the proposed change in regulations governing the operation of private garages to be equitable. It restores to the old basis the cost of maintaining a garage for private use, and curtails what the Committee considers to be an excessive charge on persons operating their own garage for their own use.

It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE relating to the maintenance and operation of garages in the

Be it ordained by the Board of Aldermen of the City of New York as follows:

Sec. 1. Section 101 of the regulations of the Municipal Explosives Commission as amended by the ordinance effective December 19, 1913, is hereby amended to read as follows:

Sec. 101. For a permit allowing the maintenance and operation of a [private] garage [where volatile inflammable oils are not stored] *as provided for in sections three hundred and seventy-two and three hundred and seventy-three of these regulations,* the applicant shall pay an annual fee of five dollars for a single motor vehicle [so] stored *therein* [; and where volatile inflammable oils are stored the applicant shall pay an annual fee of fifteen dollars for a single storage tank] and an *additional* annual fee of [five] *two* dollars for each additional [storage tank installed] *motor vehicle so stored.*

Sec. 2. This ordinance shall take effect immediately.

The Committee on Water and Light, to which was referred on March 17, 1914 (Minutes, page 864) the annexed ordinance in favor of amending ordinance relating to use of water respectfully

REPORTS:

That the letter of transmittal from the Commissioner of Water Supply, Gas and Electricity explains the reason for this amendment. The object sought is to liberalize the ordinance by extending the hours and giving an extra month to those citizens who desire to flush their sidewalks. The Committee recommends that the said ordinance be adopted.

AN ORDINANCE to amend Article IV of Chapter 6 of Part I of the Code of of New York relating to "Use of Water."

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 294 of Article IV of Chapter 6 of Part I of the Code of Ordinances of The City of New York is hereby amended to read as follows:

Section 294. No person or persons shall wash any street, sidewalk, areaway, steps, building or other place or thing from the first day of December to the first day of April following, by means of hose or piping where the water runs upon a street, sidewalk or other public place. Water may be so used from the first day of April to the last day of November of each year between the hours of 4 p. m. and 8 a. m., but City water shall not be so used until permit therefor shall first have been obtained from the Department of Water Supply, Gas and Electricity. No charge shall be made for such permit when the water used is paid for according to meter registration; where no meter is used there shall be a charge of five dollars for using City water during the period covered by permit. A person violating any of the provisions of this section shall be subject to a fine of five dollars for each offense, to be imposed by any City Magistrate, and in default shall commit such offender to the City Prison for a period not to exceed five days.

Section 2. This ordinance shall take effect thirty days after its approval by his Honor the Mayor.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, Municipal Building, New York, March 10, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, City of New York:

Sir—I transmit herewith a draft of ordinance amending section 294 of the General Ordinances in relation to the use of water for washing sidewalks, stoops, areaways, etc.

The existing ordinance conflicts with the Department regulation so far as affecting the period of the year and the time of the day when water may be used for the above-named purposes.

I ask that you please introduce this proposed ordinance at the next meeting of the Board of Aldermen. Yours very truly,

WILLIAM WILLIAMS, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Carberry, Carroll, Chorosh, Cole. Curran, Delaney, Dixson, Donnelly, Dostal, Ferguson, Ferrand, Eagan, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Lein, Levy, McCann, McCourt, McNally, Molen, Moore (Chas. No. 160—Int. No. 432.

The Committee on Buildings respectfully reports its recommendation that the following resolution be adopted by the Board of Aldermen, in order to expedite the difficult work of preparing a draft for a sound Building Code:

Resolved, That the Board of Aldermen, pursuant to the provisions of section 407 of the Greater New York Charter, and for the purpose of preparing a Building Code, does hereby appoint and employ Rudolph P. Miller for said purpose, at a compensation of $3,000.

JAMES HAMILTON, CHARLES P. COLE, W. D. BRUSH, JOHN H. BOSCHEN, JOHN KOCHENDORFER, LAUREN CARROLL, ALEX. DUJAT, Committee on Buildings.

Alderman Curran offered the following amendment to this resolution:

And be it further

Resolved, That said Rudolph P. Miller be and he hereby is directed to consult and co-operate throughout with the Superintendents of the Bureaus of Buildings of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and said Superintendents are hereby requested to co-operate in the preparation of such code.

Which amendment was adopted.

The President then put the question whether the Board would agree to accept said report and adopt said resolution, as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Carroll, Chorosh, Cole, Curran, Diemer, Dostal, Dotzler, Duggan, Dujat, Gaynor, Hamilton, Hogan, Igstaedter, Jacobson, Kochendorfer, Levy, McNally, Moore (Chas. COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

The President laid before the Board the following communication from the President of the Borough of Richmond:

No. 463.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 30th, 1914.

Board of Aldermen, City Hall, New York:

Dear Sirs—In accordance with resolution adopted by your Board March 24th, 1914, requesting information regarding removal of snow from streets occupied by the railroad companies, I beg to submit the following:

1. Question—What steps have been taken by each of them since January 1st, 1914, to enforce and carry out the provisions of sections 416 and 417 of the Code of Ordinances, and particularly the provisions thereof requiring street railroad companies to defray the cost of the removal of snow and ice from their tracks and the spaces between the same in the street occupied in part by them?

Answer—The work of removing snow from streets occupied by the railroad companies is definitely divided between the City and the companies, in accordance with the provisions of section 416 of the Code of Ordinances, which grant authority to the President of the Borough to enter into such agreements. Accordingly, the railroad companies, in letter dated November 28th, 1913, in answer to our letter dated November 24th, 1913, as per copies attached, agreed to remove snow from a certain area during the winter of 1913-1914. This agreement was carried out and no infractions of the ordinances were reported to my office.

2. Question—The cost of the removal of snow and ice from each street and avenue occupied in whole or in part by a street railroad company since January 1st, 1914, and the proportionate share thereof which should be borne by each such company?

Answer—The cost to the Bureau of Street Cleaning of removing snow and ice from streets occupied by the railroad companies, as shown on attached schedule, since January 1st, 1914, was approximately $19,186, and the proportionate share of this work chargeable against the railroads is approximately $7,200. As against this amount ($7,200) the attached schedule shows the amount of work laid out for the railroads in a prescribed territory, and based upon cost records for snow removal of the Bureau of Street Cleaning, it would have cost the City an estimated amount of $9,900 to remove snow from said area.

3. Question—The sums charged to and the sums received (or other considerations received, if any) from each street railroad company having tracks in streets within the jurisdiction of the said Commissioner, or each such Borough President, respectively, on account of the proportionate share of each such company of the expense of the removal of snow and ice from the tracks of such company since January 1st, 1914, and during each of the years 1910 to 1913, inclusive?

Answer—I submit herewith schedules of work laid out for the railroad companies for the winters of 1910-1911, 1911-1912 and 1912-1913, and would state that the schedules represent a fair and equitable allotment of work of snow removal to the railroad companies, and that the railroad companies performed the work assigned to them. No reason, therefore, existed for charging the railroads in this Borough for snow removal, as would have been the case had the railroad companies not performed their share of the work.

Yours respectfully, C. J. McCORMACK, President of the Borough.

November 28, 1913.

Hon. LOUIS L. TRIBUS, Commissioner of Public Works, New Brighton, S. I.:

Dear Sir—In accordance with our understanding of the snow removal schedule for the coming winter, which we have just received, we notify you herewith of our acceptance of the area as outlined in your letter of November 24th. I understand from our Superintendent that this is practically the same as what we have agreed to in previous years. Yours truly,

S. F. HAZELRIGG, V. P. & G. M., Richmond Light & Railroad Co., and Midland Railroad Co.

City of New York, Office of the Commissioner of Public Works, New Brighton, N. Y., November 24, 1913.

Richmond Light & Railroad Co., Midland Railroad Co., Jay St., New Brighton, S. I.:

Re: Snow Removal Winter 1913-1914.

Dear Sirs—In accordance with City Ordinances and following the practice of previous years, I send herewith a schedule showing street areas proposed for snow removal by the City and the street railways concerned. If this division of work meets with your approval, the street railways would care for snow removal from the following roadways:

A. Richmond Light & Railroad Co.—Richmond terrace from John St., West New Brighton to Jewett avenue Port Richmond; Richmond Terrace, Port Richmond from S. I. R. T. R. R. crossing to Lafayette avenue; Columbia St., West New Brighton from Richmond terrace to Castleton avenue; Richmond avenue, Port Richmond from

City Dock to Post avenue, (including present Bergen Point Ferry entrance); Castleton avenue, West New Brighton from Broadway to Burgher avenue.

B. Staten Island Midland Railroad Co.—Richmond terrace, Port Richmond from mJewett avenue to S. I. R. T. R. R. crossing; Jewett avenue, Port Richmond from Richmond terrace to 100 feet South of Post avenue; Broadway, West New Brighton from Richmond terrace to Cary avenue Castleton avenue, West New Brighton from Columbia st., to Broadway; Columbia st., West New Brighton, from Castleton avenue to Cary avenue.

Kindly inform me before December 1st if the division of snow work as outlined herein is satisfactory.

Yours truly, L. L. TRIBUS, Commissioner.

Richmond Light & Railroad Company, Midland Railroad Company, Jay St., New Brighton, S. I.:

Re Snow Removal Winter 1912-1913.

Dear Sirs—In accordance with City ordinances and following the practice of previous years, I send herewith a schedule showing street areas proposed for snow removal by the City and the street railways concerned. If this division of work meets with your approval the street railways would care for snow removal from the following roadways

A. Richmond Light & Railroad Company—Richmond terrace, from John st., West New Brighton, to Jewett ave., Port Richmond; Richmond terrace, Port Richmond, from Staten Island Rapid Transit Railroad crossing to Lafayette ave.; Columbia st., West New Brighton, from Richmond terrace to Castleton ave.; Richmond ave., Port Richmond, from City Dock to Post ave. (including present Bergen Point ferry entrance); Castleton ave., West New Brighton, from Broadway to Burgher ave.

B. Staten Island Midland Railroad Company—Richmond terrace, Port Richmond, from Jewett ave. to Staten Island Rapid Transit Railroad crossing; Jewett ave., Port Richmond, from Richmond terrace to 100 feet south of Post ave.; Broadway, West New Brighton, from Richmond terrace to Cary ave.; Castleton ave., West New Brighton, from Columbia st. to Broadway; Columbia st., West New Brighton, from Castleton ave. to Cary ave.

By comparison with last winter, the only changes in your schedule consist in the extension of Richmond ave., from Hatfield ave. to Post ave., and the entrance to the new Bergen Point ferry. The City has added Castleton ave., New Brighton, from Jersey st. to Cebra ave., and new pavements in the vicinity of St. George.

Kindly inform me before December 1 if the division of snow work as outlined herein is satisfactory. Your truly, L. L. TRIBUS, Commissioner.

Office of the Commissioner of Public Works, New Brighton, New York, November 23, 1911.

Richmond Light & Railroad Company, Staten Island Midland Railroad Company, Jay St., New Brighton:

Dear Sirs—In accordance with the provisions of City ordinances regarding removal of snow, and following the practice of previous years, I send herewith a schedule showing the proposed area to be cleared by the City with the suggested area to be cleared by the street railway companies. It will be noted that the only change over last year is the inclusion of Jewett ave., from Richmond terrace to a point 100 feet south of Post ave. Following last year's schedule, I would present for approval the following division of work among the two street railway companies concerned:

(1) Area to Be Cleared by the Richmond Light & Railroad Company—Richmond terrace, from John st., West New Brighton, to Jewett ave., Port Richmond; Richmond terrace, from Staten Island Rapid Transit Railroad crossing to Lafayette ave., Port Richmond.; Columbia st., West New Brighton, from Richmond terrace to Castleton ave.; Richmond ave., Port Richmond, from Bergen Point ferry to Hatfield ave.; Castleton ave., West New Brighton, from Broadway to Burgher ave.

(2) Area to Be Cleared by the Staten Island Midland Railroad Company—Richmond terrace, Port Richmond, from Jewett ave. to Staten Island Rapid Transit Railroad crossing; Jewett ave., Port Richmond, from Richmond terrace to a point 100 feet south of Post ave.; Broadway, West New Brighton, from Richmond terrace to Cary ave.; Castleton ave., West New Brighton, from Columbia st. to Broadway; Columbia st., West New Brighton, Castleton ave. to Cary ave.

Will you kindly let me know before December 1 whether the division of work herein proposed is satisfactory? Yours very truly,

L. L. TRIBUS, Commissioner.

Office of the Commissioner of Public Works, New Brighton, N. Y., November 17th, 1910.

Richmond L. & R. R. Company and S. I. Midland Railway Company, Jay st., New Brighton:

Gentlemen—In accordance with the provisions of City Ordinances and following the practice of previous years, I would suggest that your companies agree to remove snow for the full width of the roadway from the following streets:

1. Area to be cleared by the Richmond L. & R. R. Co.—Richmond terrace from John st., West New Brighton, to Jewett ave., Port Richmond; Richmond terrace from Staten Island Rapid Transit Railroad crossing to Lafayette ave., Port Richmond; Columbia st., West New Brighton, from Richmond terrace to Castleton ave.; Richmond ave., Port Richmond, from Bergen Point Ferry to Hatfield ave.; Castleton ave. from Broadway to Burgher ave.

2. Area to be cleared by the S. I. Midland Ry. Co.—Richmond terrace, Port Richmond, from Jewett ave. to Staten Island Rapid Transit Railroad crossing; Jewett ave., Port Richmond, from Richmond terrace to Bennett st.; Broadway, West New Brighton, from Richmond terrace to Cary ave., West New Brighton; Columbia st., West New Brighton, from Castleton ave. to Manor road; Castleton ave., West New Brighton, from Columbia st. to Broadway.

The area to be cleared of snow in the above schedules is the same as for the winter of 1909-1910.

Please let me know on or before November 26th whether the division of work herein proposed is satisfactory. Yours truly, L. L. TRIBUS, Commissioner.

Yours truly, S. F. HAZELRIGG, Vice President and General Manager.

The Staten Island Midland Railway Company, December 2d, 1910.

Hon. LOUIS L. TRIBUS, Commissioner of Public Works, Borough Hall, New Brighton:

Dear Sir—Referring to your communication of November 17th, we hereby agree to carry out the work of cleaning and removal of snow as outlined in your letter.

Yours very truly, S. F. HAZELRIGG, President.

Which was referred to the Committee on Codification.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 464.

Office of Commissioner of Street Cleaning, New York City, March 31, 1914.

Hon GEORGE McANENY, President of the Board of Aldermen:

Dear Sir—In compliance with request contained in the resolution of the Board of Aldermen, dated March 24, 1914, regarding the removal of snow and ice from the tracks of the street railroad companies in the Boroughs of Manhattan, Bronx and Brooklyn, I beg to report as follows:

(1) In response to the question contained in paragraph 1 of the resolution, as to what steps have been taken since January 1, 1914, to enforce and carry out the provisions of sections 416 and 417 of the Code of Ordinances, and particularly the provisions thereof requiring street railroad companies to defray the cost of the removal of snow and ice from their tracks and the spaces between the same in the streets occupied in part by them, I desire to say that during the year 1913, in accordance with the authority contained in section 416 of the Code of Ordinances, agreements in writing were made with seven railroad companies in the Borough of Manhattan, five in the Borough of The Bronx and five in the Borough of Brooklyn for the removal of snow and ice from the entire width of certain streets, avenues or public places along their lines, equivalent in area to that portion of the street occupied by all tracks, for the Winter season 1913-1914; these seventeen (17) railroad companies either own or control all of the street railway lines in the three boroughs mentioned. Attached is a list of their names and of the streets, avenues and public places comprising portions of their lines covered by the said agreements.

In addition each and every one of these companies received a permit to use snow plows along its lines, the said permit being conditioned upon compliance with section 417 of the Code of Ordinances.

Each of the said companies has performed its agreement, and it has not been necessary for the Department of Street Cleaning to remove snow from any of the streets, avenues or public places mentioned in the said agreements. Snow and ice were removed from the streets and avenues containing the remaining portions of the lines of these companies by this department, as stipulated.

(2) In answer to paragraph 2 of the resolution I desire to say that the cost of the removal of snow and ice from the streets, avenues and public places described in said agreements was borne by the respective railroad companies, and was a direct charge against them; the figures are not in my possession on that account. The cost to the city for the removal of snow and ice from the streets and avenues containing the remaining portion of their lines cannot be ascertained from our records without the aid of an additional clerical force, and even then it would take considerable time to compile such figures.

(3) As to the question asked in paragraph 3 of the resolution I beg to say that during the years 1910, 1911 and 1912 similar agreements were made with the same companies and no sums were charged to nor received from any of said railroad companies on account of their proportionate shares of the expense of the removal of snow and ice from their tracks, since in each of said years the respective companies complied with their agreements. Yours very respectfully,

J. T. FETHERSTON, Commissioner.

Resolved, That, pursuant to the provisions of chapter 887 of the Laws of 1911, the Board of Aldermen hereby certifies to the Comptroller for payment, as charges against The City of New York, for medical and surgical treatment, medicines, bandages, etc., rendered and furnished to Owen Eagan, an Assistant Inspector of Combustibles in the Fire Department of The City of New York, during the months of March, April, May and June, 1912, while suffering from injuries sustained in the performance of his official duties in the handling of an explosive sent to the home of a Judge of the Court of General Sessions, two bills, as follows: Dr. John D. Cooney, $268; Eimer & Amend, $22.50—$290.50.

Which was referred to the Committee on Finance.

No. 469.

By Alderman Levy—

AN ORDINANCE relating to public places wherein pool tables or billiard tables are kept and maintained.

Section 1. Section 355, of subdivision XIV, of Title II, of chapter 7 of Part I of the Code of Ordinances of the City of New York is hereby amended to read as follows:

"Section 355. Any pool or billiard table in a place open to the public and not otherwise licensed shall be deemed to be included within the terms of this ordinance and every keeper of a public place where there are pool or billiard tables shall maintain good order and allow no person under [sixteen] *eighteen* years of age to [play therein] *use any such pool or billiard table or enter or remain in any such place.*"

Section 2. Subdivision XIV, of Title II, of chapter 7, of Part I of the Code of Ordinances of the City of New York is hereby amended by adding thereto four new sections, to be numbered Sections 355a, 355b, 355c, and 355d, respectively, to read as follows:

"Section 355a. Every room, place or enclosure, open to the public and containing a pool table or billiard table, shall be provided with such toilet accommodations and facilities for its lighting, heating and ventilation as shall be prescribed by the superintendent of buildings of the appropriate borough. Any such room, and the toilet, and all hallways and stairways connecting therewith shall be kept in a clean and sanitary condition. No license to install or maintain a pool table or billiard table in any public room, place or enclosure shall be granted, issued or reissued except upon a certificate in writing from the appropriate superintendent of buildings that such room, place or enclosure is equipped with adequate toilet accommodations and proper facilities for its lighting, heating and ventilating, together with a like certificate from the board of health that such room, place or enclosure, and the toilet, hallways and stairways connecting therewith are in a clean and sanitary condition."

"Section 355b. No person shall keep open to the public any room or place wherein a pool table or a billiard table is maintained on any day between the hours of 1 and 8 o'clock in the morning, provided, that where the room or place wherein a pool table or a billiard table is maintained is also used for the sale of intoxicating liquors or is connected with a room or place used for the sale of intoxicating liquors, the room or place containing such pool table or billiard table shall be cleared of its occupants and closed to the public after the hour of 12 o'clock midnight on every Saturday night. A special license may be issued, in the discretion of the Chief of the Bureau of Licenses, authorizing any such place to remain open to the public continuously, or for such hours during the ones prohibited above as the Chief of the Bureau of Licenses shall indicate, for which special license an annual fee of $100 shall be paid by each such licensee, in addition to the license fee for each pool table or billiard table contained therein, as provided in Section 308 of this chapter. Proof of the fact that the premises are open to the public or are in use between the above prohibited hours is hereby declared to be presumptive evidence that the owner keeps such place open to the public."

"Section 355c. No proprietor, manager or person in charge of any public place wherein is maintained a billiard table or a pool table shall allow to be covered any part of any window therein, nor shall any such place have in, near to or back of any window or door, any partition, or opaque or colored glass, or other article or thing that obstructs or in any way prevents a person passing from having a full view from the street, roadway or alley in front of, or from the side, or end of the building, of any pool table or billiard table, or of any room in such place or any part thereof; that in case the room containing such pool table or billiard table is above the first or ground floor, an unobstructed view of the interior of the room shall be at all times available from any door or window opening therefrom on any public stairway, or public hallway of the building. No pool table or billiard table shall be used, placed or maintained in any interior room of any public place. No partition, box, stall or any other obstruction, which prevents a full view of the entire room by every person present therein, shall be constructed or maintained in any public place containing a pool table or a billiard table. The principal door or entrance to any place or enclosure containing a pool table or a billiard table shall have a section of such door fitted with clear glass through which an unobstructed view of the entire premises can be had. The principal door or entrance to the place in which a pool table or a billiard table is used, placed or maintained, shall be kept unlocked at all the times when anyone other than the owner and, or, his employees is in the place. The playing of any game of cards, or any game other than pool or billiards or any game of chance, in any part of the said premises is hereby declared unlawful, and shall be deemed sufficient cause for the immediate revocation of the license."

"Section 355d. No pool table or billiard table shall be licensed in a public place where the room in which it is to be placed has other exits than to a hallway [where such hallway is the only entrance to the said premises], toilet [where the only entrance to such toilet is through the said premises], street or other place open to the public. No pool table or billiard table shall be licensed in a public place when such place is in a tenement house. The owner of a pool table or a billiard table installed or maintained in a public place shall not conduct or permit to be conducted in the same room or rooms any business of any nature whatsoever other than that of renting the tables."

"Section 355e. Every application for a license to install and maintain a pool table or billiard table in a public place shall be accompanied by duplicate photographs of the applicant. One of these photographs is to be preserved in the records of the Chief of the Bureau of Licenses until the expiration of the license granted on such application, and the other is to be returned to the applicant, together with the license, when granted, which photograph is to be kept by him annexed to the license."

Section 3. Any person who shall violate or neglect or refuse to comply with any provision of this ordinance shall, upon conviction, be punished by a fine of not more than [50 or 100] dollars, or by imprisonment not exceeding [30] days, or by both such fine and imprisonment.

Section 4. This ordinance to take effect immediately.

Which was referred to the Committee on General Welfare.

Alderman Curran moved that the Board do now adjourn until Tuesday, April 14, 1914.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, April 14, 1914, at 1.30 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, APRIL 1, 1914.

Below is a statement of warrants made ready for payment on the above date showing therein the Department of Finance voucher number, the date or dates of the invoices or bills, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the claim.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given.

All of the warrants mentioned are forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office as to any of the below mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE WEDNESDAY, APRIL 1, 1914.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller

Resolved, That the Art Commission hereby disapproves the designs for a shed extension on Pier 25, North River, for the Old Dominion Steamship Company, represented by Exhibits "789-A" and "789-B," of record in this matter.

Submission 1853. *Savannah Line Shed, Pier* 35. *Certificate* 1768.

Resolved, That the Art Commission hereby disapproves the designs for a shed extension on Pier 35, North River, for the Ocean Steam Ship Company, represented by Exhibits "782-D," "782-E" and "782-F," of record in this matter.

Submission 1856. *Relocation of Statues, City Hall. Certificate* 1769.

Resolved, That the Art Commission hereby approves the relocation of the Jefferson and Washington statues in the City Hall, represented by Exhibits "793-A" and "793-B," of record in this matter.

Submission 1842. *Kingston Avenue Hospital Pavilion.*

The Committee recommended that the designs be given preliminary approval with the suggestion that the small deck at the top be omitted; that three dormers be inserted in place of two and that the intercolumniation be lessened.

On motion the report of the Committee was adopted and the following resolution passed.

Certificate 1770.

Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs and location of a diphtheria pavilion for the Kingston Avenue Hospital, represented by Exhibits "213-BV," "213-BW," "213-BX," "213-BY," "213-BZ" and "213-CA," of record in this matter.

Submission 1843. *Willard Parker Hospital Staff House.*

The Committee recommended that the designs be given preliminary approval with the understanding that the proportion of the cornice and the proportion between the deck and top story be the same as in the measles pavilion; that the break in the front and the circular heads be eliminated; that the outside piers on the rear pavilion be strengthened and that the circular heads there be omitted.

On motion the report of the Committee was adopted and the following resolution passed.

Certificate 1771.

Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs and location of a staff house for Nurses and Doctors for the Willard Parker Hospital, represented by Exhibits "510-AF," "510-AG," "510-AH," "510-AI," "510-AJ," "510-AK," "510-AL" and "510-AM," of record in this matter.

In the cases in which preliminary approval was given the Assistant Secretary was directed to notify the proper authorities that when working drawings have been completed, they should be submitted to the Commission for final approval; also to transmit copies of the reports of the Committees to the proper authorities.

The following Committees reported progress:

Assay Office Facade.

Quarters and Staff.

On motion, the meeting adjourned.

J. Q. ADAMS, Assistant Secretary.

Brooklyn Bridge.

Routine work of inspecting, cleaning, painting, repairs to roadway, etc., was carried on without interruption during the quarter.

During the quarter an automatic train recording device was installed for the registering of all trains crossing the structure. By this mechanism a chart is kept which shows whether the regulation speed of the trains has been exceeded.

Owing to the opening of the Centre Street Loop which permits of trains from the Williamsburg Bridge running into same, the elevated service over the Brooklyn Bridge during the afternoon rush hours have been slightly cut down.

Plans have been prepared and material ordered for the laying of test sections of various paving blocks with a view to substituting same for the plank roadway, and thus reduce the cost of maintaining the roadways of the bridges in the Department.

The annual count of traffic was made on Wednesday and Thursday, October 29th and 30th, showing a decrease of eleven per cent.

The work under the contract for the subway connection under the Manhattan approach proceeded as follows :

Reinforcement of north and south spans of Franklin Square is about ninety per cent. completed.

North Subway Track—Between arches Nos. 5 and 12 is completed; elevated columns, between Rose and Vandewater sts., are reconstructed; Rose st. span is erected, reinforced roof, floor and walls, between Rose and North William sts., are practically completed, and columns and concrete wall in Park row, between columns Nos. 6 and 24, are in place on north side.

Masonry is excavated between Rose and Vandewater sts., and preparations are being made for the erection of track stringers and wall beams at this location. Timber supports have been erected under the roadway beams and arch ring of North William st.

South Subway Tack—Masonry excavation of south subway track, between arches Nos. 5 and 12, is completed; floor between arches Nos. 6 and 11 is in place; girders and floor system over Vandewater st. are erected; Rose st. span is completed; walls, floors and reinforced roof, between Rose st. and arch No. 28, are in place; walls in William st. are erected to underside of arch, permanent columns and girders under old columns Nos. 8 and 9 are in position, and walls, roof and floor of North William st. span are completed. Progress is being made in masonry excavation, between arches Nos. 12 and 17.

Closing William and North William Streets—William st. passageway is practically completed, and sewer, water main and temporary wooden roadway are constructed in new street.

During the quarter, the contractor has worked an average daily force of about one hundred (100) men. There have been no unusual tie-ups or delays in the progress of his work for this period.

Owing to the fact that it was not deemed advisable, in view of the large traffic, to allow the contractor to undermine both sides of the station at once, his operations have been confined to a smaller area than otherwise would have been possible.

About seventy-two per cent. of contract is completed to date.

Williamsburg Bridge.

A contract was let on December 19 to Hansen & McHugh for the construction of the outside platforms for the Bedford Avenue Trolley Station. These platforms are intended to supplement the present center platform by accommodating east-bound passengers on the Brooklyn lines and west-bound passengers on the Manhattan lines.

In connection with the widening of Roebling st., the sidewalks at the statue and at the two plots near Broadway were made to conform with the new street.

A new grass plot has also been constructed on the north side of the Plaza, just east of Roebling st.

On December 14th (Sunday) the north roadway was closed to vehicular traffic from 6:30 A. M. to 3:30 P. M. to allow for the laying of a test section of underflooring, over which were laid equal test sections of different kinds of paving blocks.

Temporary repairs are being made to the footwalks until the necessary appropriation can be obtained for a complete renewal of the footwalk for the full length of the bridge.

A new passenger shelter was erected alongside the tracks of the New York City Railway Company.

Drawings have been completed for the Improvement of the south clearance roadway from Bedford ave. to New st. on the Brooklyn approach.

Strengthening End Spans—Work on this contract continued during the quarter, and is about 99 per cent. complete.

Strengthening Main Span—The following work was completed: Brooklyn side—North truss panels, 36 to 50; south truss panels, 53 to 62. Manhattan side—North truss panels, 49 to 59; south truss panels, 53 to 64.

The annual count of traffic was made on Wednesday and Thursday, October 29th and 30th, showing an increase of thirty per cent. over the previous year.

All routine maintenance requirements were carried on without interruption during the quarter.

Queensboro Bridge.

The New York Edison Company and New York & Queens Electric Light and Power Company have completed the installation of two pipe conduits across the bridge.

During the quarter, the Bradley Contracting Company deposited about 10,500 cubic yards of fill under the Queens approach.

Twenty copper covered circular police shelter houses have been turned over to the Department of Corrections.

Work continued on erecting the steel beams and hangers for the movable platforms used for inspection purposes.

Two old toll houses have been converted into temporary comfort stations at the Manhattan approach, and are now ready for operation. During the quarter, the painting mapped out under the construction plans was completed.

Work was continued on the plans and specifications for the passenger elevator to Blackwell's Island.

Studies were made of train operation over the bridge and of the necessary changes in the Queens approach for subway trains connecting with the station at the Queens plaza.

A count of traffit over the bridge was made on October 29th and 30th and same shows an incrase of 32 per cent. over last year.

Manhattan Bridge.

The Manhattan bridge three-cent line has installed an aerial feeder line on the Brooklyn Plaza.

The painting to be done under the original construction plans was completed during the quarter.

On November 7th, the Fire Department made a test of the water pipe lines on the bridge.

The annual count of traffic was made on October 29th and 30th, same showed an increase over last year of 200 per cent.

Routine maintenance work was taken care of during the quarter.

Improvement of Manhattan Plaza—Work on this contract is progressing satisfactorily and is 53 per cent. complete.

Proposals.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, CENTRAL DEPARTMENT, BOROUGH OF MANHATTAN.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Commissioner of the Police Department of The City of New York, at the Bookkeeper's Office, Headquarters of the Police Department, 240 Centre st., Borough of Manhattan, in The City of New York, until 10 o'clock a. m. on

THURSDAY, APRIL 9, 1914.

FOR FURNISHING AND DELIVERING

1. OFFICE SUPPLIES (Photograph Supplies).

2. OFFICE EQUIPMENT (Stationery, Finger print system and printing office euipment).

The time for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1914.

The amount of the security for the performance of the contract shall be thirty (30) per cent. of the total amount for which the contract is awarded.

No bid will be considered unless it is accompanied by a deposit which shall be in an amount not less than one and one-half (1½) per cent. of the total amount of the bid.

The bidder will state the price of each item or article contained in the specifications or schedules per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item and the Police Commissioner will award the contract to the lowest bidder on each item for all the articles, materials or supplies specified and contained in the specifications and schedule.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which and the specifications can be obtained at the office of the Commissioner, and any further information can be obtained at the office of the Bureau of Repairs and Supplies, Headquarters of the Police Department, 240 Centre st., Borough of Manhattan.

PUBLIC SERVICE COMMISSION.

Proposals.

INVITATION TO CONTRACTORS.

Part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and on behalf of The City of New York (hereinafter called the "City"), invites proposals to construct Section No. 2 of Routes 4 and 36, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section 2. Beginning at a point under Broadway, in the Borough of Manhattan, about one hundred and six (106) feet north of the northerly building line of West 26th street and extending thence northerly under Broadway to a point about ninety-eight (98) feet north of the northerly building line of West 38th street.

The general plan of construction calls for a subsurface railroad having four tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the reconstruction of the comfort station at Greeley Square, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission.

The Contractor will be required to prosecute the work of construction from working shafts located at the points specified in the contract.

Bidders must examine the form of contract and the specifications, including the specifications for the reconstruction of the comfort station at Greeley Square, and the contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this Invitation. Copies of specifications, prepared by the Commissioner of Public Works of the Borough of Manhattan, for the reconstruction of the comfort station at Greeley Square may also be obtained at the said office of the Commission.

Partial payments to the Contractor will be made as the work proceeds.

The Contractor must complete the work within thirty-two (32) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities, in the sum of two hundred and twenty-five thousand dollars ($225,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10)) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 24th day of April, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed *"Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 and 36, Section No. 2."* and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for twenty-five thousand dollars ($25,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in The City of New York. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within five (5) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

INVITATION TO CONTRACTORS.

Part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter called the "Commission") invites proposals to construct Section No. 1 of Routes 4 and 38, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 1. Beginning under Battery Park, in the Borough of Manhattan: The westerly track about four hundred and seventy-five (475) feet south of the northerly building line of Battery place and about one hundred and thirty (130) feet east of the easterly building line of Greenwich street produced; the easterly track at a point about three hundred and five (305) feet south of the northerly building line of Battery place and about ninety-five (95) feet east of the easterly building line of Greenwich street produced; both tracks extending thence northerly under Battery Park and Greenwich street to a point about seventy (70) feet south of the southerly building line of Vesey street.

The general plan of construction calls for a subsurface railroad having two tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications and contract drawings; must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to, which are to be deemed a part of this Invitation. Copies of the form of contract, contract drawings, bond and contractor's proposal may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City.

The City of New York (hereinafter called the "City"), and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City and said Company for additional rapid transit railroads. The liability of Interborough Rapid Transit Company will be limited to an amount equal to ninety-five per centum (95%) of the total estimated amount to be paid to the Contractor under the contract.

Partial payments to the Contractor will be made monthly as the work proceeds.

The Contractor must complete the work within thirty-three (33) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of Three Hundred Thousand Dollars ($300,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City, until the 17th day of April, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed *"Proposal for Constructing Part of Rapid Transit Rail-*

road—Routes Nos. 4 and 38, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for fifteen thousand dollars ($15,000), payable to the order of the Comptroller of the City and drawn upon a National or State bank or trust company having its principal office in the City of New York, and satisfactory to the Commission. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within five days after the contract is executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

INVITATION TO CONTRACTORS.

Part of the Broadway-Fourth Avenue Rapid Transit Railroad.

THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter called the "Commission") invites proposals to construct Section No. 1 of Route No. 33, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 1. Beginning at a point under Trinity place, in the Borough of Manhatean, about fifty (50) feet north of the northerly building line of Morris street, thence extending southerly under Trinity place to the southerly building line of Morris street, thence extending southerly and southeasterly through private property in the block bounded by Morris street, Broadway, Battery place and Greenwich street to Broadway, thence extending southeasterly under Broadway and Bowling Green to Whitehall street, thence extending southerly under Whitehall street to a point about twelve (12) feet south of the northerly building line of South street.

The general plan of construction calls for a subsurface railroad having two and three tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction, unless otherwise permitted by the Commission, will be partly by tunneling and partly by trench excavation under cover.

Bidders must examine the form of contract and the specifications and contract drawings; must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to, which are to be deemed a part of this Invitation. Copies of the form of contract, contract drawings, bond and contractor's proposal may be inspected and purchased at the office of the Commission, No 154 Nassau street, Borough of Manhattan, New York City.

Partial payments to the Contractor will be made monthly as the work proceeds.

The Contractor must complete the work within thirty-two (32) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of two hundred thousand dollars ($200,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISSIONER of Docks, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings, etc., standing upon property owned by The City of New York, acquired by it for dock purposes in the

Borough of Manhattan.

Being the building now located at the outer end of the pier at the foot of E. 25th st., East River, in the Borough of Manhattan, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held March 25, 1914, the sale by sealed bids, of the above described building and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 16, 1914.

at 11 a. m., in lots and parcels and in manner and form as follows:

PARCEL NO. 1. Building and contents situated at the outer end of the pier at the foot of E. 25th st., East River, Borough of Manhattan. The description and special conditions under which removal must be made are as follows: The structure to be sold consists of a one-story frame building covered with corrugated sheet metal, 150′ long, 54½′ wide, 19.6′ high at the eaves and 27′ high at the peak, and is located about 25′ inshore of the outer end of the E. 25th st. pier. The roof of this structure is supported by 11 trusses 7.85′ high of 3″ x 12″ timbers, with a clear span over the shed; these trusses are supported by 8″ x 8″ posts 17′ long. Studding is of 3″ x 4″ scantling on 2′ centres and about 19′ long. There are also six (6) sliding doors on the sides of the shed, 9′ long and 9½′ high; four (4) doors, two at each end of the shed, 6′ wide and 12′ high.

In the above enclosure are located two frame storage lockers covered with corrugated sheet metal each 20.7′ wide, 24.4′ long and 10.6′ high, each with three frame doors 2.65′ wide and 7′ high, sheathed with galvanized sheet iron. Also one frame shed within the same enclosure 15.5′ long, 13.2′ wide and 11′ high to be sold. The roof of the main building is covered with slag and cement roofing. The building and the two small buildings located within the main structure is to be entirely removed, it being a condition that no part of the decking of the pier is to be disturbed, and should it be found necessary to remove any part of the planking or decking of the pier, the portion so disturbed must be replaced by the purchaser. The structures may be removed from the water side, and if removed in this manner no charge will be made for wharfage for the vessels conveying the material from the premises.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m., on the 16th day of April, 1914, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 16, 1914," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 6th day of April, 1914, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 6, 1914," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue," Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

BOARD OF ESTIMATE AND APPORTIONMENT.

Notice of Public Hearing.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the consideration of the communication from the Public Service Commission for the First District transmitting resolutions adopted by said Commission establishing route and general plan of construction for an additional rapid transit railway in the Borough of Brooklyn, to be known as Utica Avenue Route, and requesting the approval and consent of this Board thereto, which was by resolution adopted March 20, 1914, fixed for March 27, 1914, was continued until April 3, 1914, at 10.30 o'clock a. m., in Room 16, City Hall, Borough of Manhattan, at which time and place all citizens interested will have an opportunity to appear and be heard.

JOSEPH HAAG, Secretary.

Dated March 27, 1914. m30,a3

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Union Railway Company of New York City has, under date of March 31, 1913, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate street surface railway extensions to its existing system upon and along the following routes:

First—East 136th street, from 3d avenue to Lincoln avenue, Borough of The Bronx.

Second—From the intersection of Willis avenue and 134th street, Borough of The Bronx, over the Willis Avenue Bridge and its approaches to 125th street, Borough of Manhattan, and upon and along 125th street, Manhattan street, 12th avenue and West 129th street.

Third—From the intersection of the Willis avenue and Southern boulevard approaches to the Willis Avenue Bridge, upon and over said Southern boulevard or easterly approach to Southern boulevard, in the Borough of The Bronx; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 10, 1913, fixing the date for a public hearing thereon, as May 8, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The Evening Mail" and "New York Press," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of the proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This Contract, made and executed in duplicate this day of , 1914, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate double and single track extensions to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Boroughs of Manhattan and The Bronx, in The City of New York, upon the following routes, to wit:

First—Beginning at and connecting with the existing tracks of the Company in Lincoln avenue; thence westerly by double track in, upon and along East 136th street to and connecting with the existing tracks of the Company in 3d avenue, Borough of The Bronx, in order that the title of said Company to operate over such route may be perfected and legalized.

Second—Beginning at and connecting with the existing tracks of the Company in Willis avenue, at or near the northerly side of East 134th street, Borough of The Bronx; thence southerly by double track in, upon and along Willis avenue and upon and over the Willis Avenue Bridge and its approaches to East 125th street, Borough of Manhattan; thence by double track westerly in, upon and along said East 125th street and West 125th street to Manhattan street; thence by double track westerly in, upon and along said Manhattan street to West 129th street; thence westerly by single track in, upon and along said Manhattan street to 12th avenue; thence southerly by double track in, upon and along said 12th avenue to West 129th street; thence easterly by single track in, upon and along said West 129th street to Manhattan street, and there connecting with the existing east-bound track in said Manhattan street.

Third—Beginning at and connecting with the above described tracks on the Willis Avenue Bridge at the intersection of the northerly and easterly approaches to said bridge; thence easterly and northerly by double track upon and over said easterly approach to and connecting with the existing tracks in Southern boulevard, Borough of The Bronx.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said routes. The said routes, with turnouts, switches and crossovers, hereby authorized, are shown upon two maps entitled, respectively:

(a) "Map Showing Proposed Extension of the Union Railway Co. of New York City, in the Borough of The Bronx, City of New York, to accompany petition dated March 31, 1913, to the Board of Estimate and Apportionment."

(b) "Map Showing Proposed Extension of the Union Railway Co. of New York City, in the Boroughs of Manhattan and The Bronx, City of New York, to accompany petition dated March 31, 1913, to the Board of Estimate and Apportionment."

—each of said maps is signed by Edward A. Maher, Vice-President, and T. F. Mullaney, Chief Engineer, a copy of each of said maps is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing descriptions and the other provisions of this contract may be permitted by resolution of the Board.

The first and third routes above described to be operated by the Company as parts of continuous routes in connection with its existing lines in the Borough of The Bronx and the second route above described to be operated by the Company as part of a continuous route in connection with its existing lines in the Borough of The Bronx, to and over the Willis Avenue Bridge and its approaches, to 125th street in the Borough of Manhattan, and by means of trackage agreements with other companies upon and along 125th street and other streets to the intersection of Manhattan street and 12th avenue, and upon failure of the Company to so operate said routes, the rights hereby granted shall cease and determine.

Nothing in this contract shall be construed as permitting the construction of more than one double track street surface railway upon any of the routes hereinabove described.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—That said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until August 2, 1936, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years, and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand dollars ($1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years, an annual sum which shall in no case be less than three thousand eight hundred and seventy-five dollars ($3,875), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand eight hundred and seventy-five dollars ($3,875).

During the second term of five (5) years, an annual sum which shall in no case be less than seven thousand one hundred dollars ($7,100), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand one hundred dollars ($7,100).

During the third term of five (5) years, an annual sum which shall in no case be less than seven thousand eight hundred dollars ($7,800), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand eight hundred dollars ($7,800).

During the fourth term of five (5) years, an annual sum which shall in no case be less than

eight thousand six hundred dollars ($8,600), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight thousand six hundred dollars ($8,600).

During the remaining term, expiring August 2, 1936, an annual sum which shall in no case be less than nine thousand four hundred and fifty dollars ($9,450), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of nine thousand four hundred and fifty dollars ($9,450).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to its whole gross receipts as the length of the extensions hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

(c) For the use of the Willis Avenue Bridge and its approaches during the term expiring August 2, 1916, an annual sum of two thousand five hundred dollars ($2,500); during the succeeding term of five (5) years expiring August 2, 1921, an annual sum of two thousand seven hundred and fifty dollars ($2,750), and during the remaining term of fifteen (15) years expiring August 2, 1936, an annual sum of five thousand dollars ($5,000). The compensation herein reserved shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law, as amended, and such charges as are required under chapter 340 of the Laws of 1892 to be paid by the Company for these extensions, if said act applies to or controls the Company in relation to the rights and privileges hereby granted.

The City does not and shall not demand or require the payment by the Company of a percentage of gross receipts under the provisions of chapter 340 of the Laws of 1892, on the gross receipts earned on the extensions constructed pursuant to this contract.

And any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the routes hereinbefore described, and the Company shall not at any time oppose, but shall, upon request of the Board, consent to the use for street surface railway purposes of the tracks and appurtenances covered by this grant, or any portion thereof, by any such other corporation or individual which may receive a franchise therefor from the City.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the routes herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of the ninety (90) days after the giving of such notice such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract, or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privileges. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues and upon the bridge shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and bridge shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court, made pursuant to section 174 of the Railroad Law, confirming the determination of the Commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues and upon the bridge over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon the bridge and its approaches, or upon private property shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—The portion of said railway in the Borough of Manhattan shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan; provided that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York. The portion of said railway in the Borough of The Bronx and upon the Willis Avenue Bridge and its approaches, may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx; provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, upon giving to the Company one (1) year's notice, may require the Company to operate its railway upon the whole or upon any portion of the routes herein authorized by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and upon the bridge and its approaches, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets, avenues and bridge of the City.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the routes hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway, and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride, from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues or bridge in or upon which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets, avenues and bridge, except when the width of such streets, avenues and bridge shall exceed sixty (60) feet between the curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets, avenues and bridge in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets, aveneus and bridge, upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

And provided, further, that the Company shall, at the option of the Commissioner of Bridges, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of roadway upon the bridge and its approaches.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, or upon the bridge, the Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or bridge in or upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the Company to pave or repair the pavement on the streets after the expiration of twenty (20) days' notice to do so from the President of the Borough having jurisdiction, or in case of the neglect of the Company to pave or repair the pavement on the bridge after the expiration of thirty (30) days' notice so to do from the Commissioner of Bridges, said President or said Commissioner, as the case may be, may pave or repair the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues or upon the bridge, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall keep and maintain the tracks and the electrical equipment upon the bridge and its approaches necessary for the operation of cars thereon in good order and repair and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars, such system to be approved by the Commissioner of Bridges. The Company shall submit to the Commissioner of Bridges plans and specifications for the proposed construction upon the bridge, which plans and specifications shall be approved by said Commissioner of Bridges before any part of said construction shall be commenced and the Commissioner of Bridges may require the Company to make such alterations in the bridge structure as are necessary in order to permit of the safe operation of cars thereon without in any way impairing the usefulness of the bridge. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge, in order to facilitate operation of cars by the Company, said Company must do all the work and furnish all the labor and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

Twenty-sixth—Before beginning the operation of cars the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate and a sketch showing clearance dimensions, weight on axles and wheel spacing, or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution therefor of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platforms and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Twenty-seventh—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge or to affect in any way the control of such Commissioner over such bridge, as provided by the Charter of the City.

Twenty-eighth—The Company shall submit to the Board a report not later than November 1 of each year, for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-ninth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company, for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirtieth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or of the Commissioner of Bridges, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Thirty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment, as herein provided, in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets or

of the bridge shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-second—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-third—This grant is upon the express condition that any and all sums of money or any securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City for the faithful performance by the Company of the several franchises so granted, shall likewise form a fund for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board or of the Commissioner of Bridges acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street and bridge pavement, the repair and maintenance of tracks and equipment upon the bridge and its approaches, and the removal of snow and ice and the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same with interest, from the said fund after (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of a violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal right, remedies or causes of action belonging to the City.

Thirty-fourth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the city, postage prepaid, addressed to the Company at the city. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-fifth—The words "streets or avenues" and "streets and avenues," wherever used in this contract shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-sixth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights, and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. The grant of this privilege to the Company is likewise subject to the following conditions:

This contract shall not become operative until the Company shall procure and cause to be executed and approved in proper form for record and duly delivered to the Board of Estimate and Apportionment.

First—An agreement with the Third Avenue Railway Company, wherein said Company shall agree to permit the use of its tracks on 125th street, between 1st avenue and Manhattan street, by the Company, its successors or assigns, the City or any other company to which the City may, after the termination of this contract, grant or lease rights, and the compensation for such use shall not exceed the terms provided by section 2-Fifth of this contract. Upon the failure of the said Third Avenue Railway Company for any reason at any time hereafter to permit the use of its tracks on 125th street, between 1st avenue and Manhattan street, by the Company, its successors or assigns, the City or any other company to which the City may, after the termination of this contract, grant or lease rights, the rights hereby granted shall cease and determine.

Second—An agreement with the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, wherein said Company shall agree to permit the use of its tracks on Manhattan street, from 125th street to 12th avenue; on 12th avenue, from Manhattan street to West 129th street, and on West 129th street, from 12th avenue to Manhattan street; by the Company, its successors or assigns, the City or any other company to which the City may, after the termination of this contract, grant or lease rights, and the compensation for such use shall not exceed the terms provided by section 2-Fifth of this contract. Upon the failure of the said Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, for any reason at any time hereafter, to permit the use of its tracks on Manhattan street, between West 125th street and 12th avenue; 12th avenue, between Manhattan street and West 129th street, and West 129th street, between 12th avenue and Manhattan street, by the Company, its successors or assigns, the City or any other company to which the City may, after the termination of this contract, grant or lease rights, the rights hereby granted shall cease and determine.

Section 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 5. This grant is also upon the further and express condition that the provisions of article 5, and the other provisions of the Railroad Law pertinent hereto, shall be strictly complied with by the Company.

Section 6. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereaf, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

SUPREME COURT — FIRST DEPARTMENT.

Notice of Appointment.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND SIXTY-SECOND STREET, from Sherman avenue to Sheridan avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court bearing date the 27th day of February, 1914, and duly entered in the office of the Clerk of the County of Bronx, at his office in the Borough of The Bronx, in The City of New York, on the 3d day of March, 1914, a copy of which order was duly filed in the office of the Register of the County of Bronx, we, Edward J. Martin, James A. Milligan and Thomas J. Byrne, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Bronx on the 3d day of March, 1914, and the said Thomas J. Byrne was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Bronx on the 3d day of March, 1914, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the Acts or parts of Acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, Room 1557, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of April, 1914, at 3.30 o'clock in the afternoon of that day to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated New York, April 2nd, 1914.

EDWARD J. MARTIN, THOS. J. BYRNE, JAMES A. MILLIGAN, Commissioners.

JOEL J. SQUIER, Clerk. a2

Filing Preliminary Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the widening of EAST ONE HUNDRED AND SIXTY-SEVENTH STREET, from WEBSTER AVENUE to CLAY AVENUE, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Room 1557, 15th floor, Municipal Building, Centre and Chambers streets, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 17th day of April, 1914, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th floor, Municipal Building, Centre and Chambers streets, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 20th day of April, 1914, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 6th day of March, 1913, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between East One Hundred and Sixty-seventh street and East One Hundred and Sixty-eighth street, as these streets are laid out between Clay avenue and Webster avenue, and by the prolongations of the said line; on the east by the westerly right of way line of the New York and Harlem Railroad; on the south by a line midway between East One Hundred and Sixty-sixth street and East One Hundred and Sixty-seventh street as these streets are laid out between Findlay avenue and Teller avenue, and by the prolongations of the said line, and on the west by a line midway between College avenue and Findlay avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th floor, Municipal Building, Centre and Chambers streets, in the Borough of Manhattan, in said City, there to remain until the 17th day of April, 1914.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 22d day of May, 1914, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated New York, February 26th, 1914.

Notice of Appointment.

SECOND DEPARTMENT.

In the Matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to lands, tenements and hereditaments required for the opening and extending of EAST SEVENTH STREET, from Foster avenue to Canal Avenue North, excluding the right of way of the Manhattan Beach Division of the Long Island Railroad; and also excluding a triangular area on the northerly side of the right of way of the railroad, with a frontage of 10 feet on the easterly side of East Seventh street, extending from the easterly line of East Seventh street along the railroad right of way for a distance of 50 feet, in the Twenty-ninth, Thirtieth and Thirty-first Wards, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 28th day of November, 1913, and duly entered in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn, in The City of New York, on the 29th day of November, 1913, a copy of which order was duly filed in the office of the Register of the County of Kings, we, Hector McG. Curran and William H. White; and by an order duly made the 26th day of January, 1914, and entered on the 27th day of January, 1914, William P. Rae, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Kings on the 29th day of November, 1913; and the said Hector McG. Curran was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Kings on the 29th day of November, 1913, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts or duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the Acts or parts of Acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of April, 1914, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated New York, April 2d, 1914.

Filing Preliminary Abstracts.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of SANFORD STREET, from SHERMAN STREET to VERNON AVENUE, in the First Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 20th day of April, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 22nd day of April, 1914, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 20th day of April, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 23rd day of April, 1914, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 17th day of October, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Broadway and the northerly line of Sanford street as these streets adjoin Vernon avenue on the west, distant 100 feet northwesterly from the northwesterly line of Vernon avenue, the said distance being measured at right angles to Vernon avenue, and running thence eastwardly along the said bisecting line to the intersection with the centre line of the Boulevard; thence southwardly along the centre line of the Boulevard to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Ridge street and the northerly line of Sanford street; thence eastwardly along the said bisecting line to the intersection with the prolongation of a line midway between Marion street and Sherman street as these streets are laid out at Graham avenue; thence southwardly along the said line midway between Marion street and Sherman street and along the prolongation of the said line to the intersection with the prolongation of a line midway between Graham avenue and Sanford street as these streets are laid out between Hancock street and Hamilton street; thence westwardly along the said line midway between Graham avenue and Sanford street and along the prolongations of the said line to a point distant 100 feet northwesterly from the northwesterly line of Vernon avenue, the said distance being measured at right angles to Vernon avenue; thence generally northeastwardly and always distant 100 feet northwesterly from and parellel with the northwesterly line of Vernon avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 18th day of April, 1914.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 22nd day of May, 1914, at the opening of Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment or to either of them the motion to confirm

the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated New York, March 25, 1914.

WILLIAM J. SPALKHAVER, Chairman; HARRY R. GELWICKS, HENRY DOHT, Commissioners of Estimate; WILLIAM J. SPALKHAVER, Commissioner of Assessment.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, in fee, wherever the same has not been heretofore acquired to the lands and premises required for the opening and extending of CYPRESS AVENUE, between Sixteenth street and Broadway, in the Third Ward, Borough of Queens, City of New York, as amended and corrected by an order of the Supreme Court, Second Department, dated December 17, 1912, and entered in the office of the Clerk of the County of Queens on December 19, 1912, so as to relate to CYPRESS AVENUE (California avenue), from Sixteenth street (Dutchess street) to the centre line of Broadway (Jackson avenue), and THIRTIETH STREET (Rattoone street), from Cypress avenue (California avenue) to the centre line of Broadway (Jackson avenue) as now laid out.

The land to be acquired in this proceeding is more particularly bounded and described in the petition thereto attached.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 16th day of April, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 20th day of April, 1914, at 2.30 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 16th day of April, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 21st day of April, 1914, at 2.30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 13th day of June, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly line of Sixteenth street (Dutchess street) where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Cypress avenue (California avenue) as these streets are laid out adjoining Sixteenth street (Dutchess street) on the east, and running thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Cypress avenue (California avenue) as these streets are laid out between Twenty-second street (Joslin street) and Twenty-third street (Kendall place); thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Broadway (Jackson avenue) and the northerly line of Cypress avenue (California avenue) as these streets are laid out east of Twenty-sixth street (Norwood place); thence eastwardly along the said bisecting line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Cypress avenue (California avenue), the said distance being measured at right angles to Cypress avenue; thence eastwardly along the said line parallel with Cypress avenue (California avenue) and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of Thirty-first street (Stiles place); thence southwardly and parallel with Thirty-first street (Stiles place) to the intersection with the prolongation of a line midway between Cypress avenue (California avenue) and Franconia avenue; thence westwardly along the said line midway between Cypress avenue (California avenue) and Franconia avenue and along the prolongation of the said line to the intersection with the easterly line of Sixteenth street (Dutchess street); thence northwardly along the easterly line of Sixteenth street (Dutchess street) to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 20th day of April, 1914.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 28th day of May, 1914, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated New York, March 23rd, 1914.

IRA G. DARRIN, Chairman; FRANK E. LOSEE, Commissioners of Estimate; IRA G. DARRIN, Commissioner of Assessment.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
