ARTICLE VII: ADMINISTRATION

Special Permits by the City Planning Commission

Special provisions for bulk modification

- For a #general large-scale development#, the City Planning Commission may permit:
- (1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage# and total required #open space# under the applicable district regulations within a #general large-scale development# without regard for #zoning lot lines# or district boundaries subject to the following limitations:
 - no distribution of #bulk# across the (i) boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts:
 - a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3 or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3 or C4-1 District from other districts shall be permitted;
- (2)location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;
- (3)variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries:
- (4) the maximum #floor area ratio# permitted pursuant to Section 23-142 (In R6, R7, R8 or R9 Districts) for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large-scale development# is located partially in a C6-1, C6-2 or C6-3 District within the boundaries of Community District 7 in Manhattan and that a minimum of 50 percent of the required #open space# is provided within the #general large-scale development#. Required #open space# for the purposes of this

paragraph, (a)(4), shall be calculated by utilizing the smallest #open space ratio# at the maximum #floor area ratio# pursuant to Section 23-142 for the applicable district;

- in an #Inclusionary Housing designated area# in a (5)C4-6 or C5 District:
 - a portion of the #lot area# that contains a wholly #commercial building# to be excluded from the calculation of #floor area# for any other #buildings# on the remainder of the #zoning lot#; or
 - community facility #floor area #located(ii) above the ground floor to be excluded from the calculation of the amount of #affordable housing# required pursuant to Section 23-95; or
- (6)modification of the requirements of Section 23-86 (Minimum Distance Between Legally Required Windows and Walls or Lot Lines) for #developments# or #enlargements#, where:
 - the required minimum distance as set (i) forth in Section 23-86 is provided between the #legally required window# in the new #development# or #enlargement# and a wall or #lot line # on an abutting property; and
 - (ii) the required minimum distance is provided by a light and air easement acceptable to the Department of City Planning and recorded in the County Clerk's office in the county in which such tracts of land are located.
- (7)modification of the definition of #outer court# in Section 12-10 (DEFINITIONS) and the provisions of Section 23-84 (Outer Court Regulations) to include any open area that is bounded on all sides but one by building walls and is not otherwise a #yard# or an #inner court#, provided that:
 - such modifications are permitted only for #general large-scale developments# previously approved by the City Planning Commission in a C4-7 District within the boundaries of Manhattan Community District 7; and
 - the minimum distance between a #legally <u>(ii)</u> required window# facing onto such #outer court# and a building wall shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to such window for the full width of the rough window opening.
- In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:
 - the distribution of #floor area#, #open (1) space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding #development#, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;
 - the distribution of #floor area# and (2)location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#;
 - (3) where a #zoning lot# of a #general largescale development# does not occupy a frontage on a mapped #street# appropriate access to a mapped #street# is provided;
 - (4) considering the size of the proposed #general large-scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom:
 - (5)when the Commission has determined that the #general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable;
 - where the Commission permits the maximum #floor area ratio# in accordance with the provisions of paragraph (a)(4) of this Section, the #open space# provided is of sufficient size to serve the residents of new or #enlarged buildings#. Such #open space# shall be accessible to and usable by all residents of such new or #enlarged

buildings#, have appropriate access, circulation, seating, lighting and paving, and be substantially landscaped. Furthermore, the site plan of such #general large-scale development# shall include superior landscaping for #open space# of the new or #enlarged buildings#;

- (7) where the Commission permits the exclusion of #lot area# or #floor area# in accordance with the provisions of paragraph (a)(5) of this Section, such modification will facilitate a desirable mix of #uses# in the #general large-scale development# and a plan consistent with the objectives of the Inclusionary Housing program; and
- (8) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

The Commission may prescribe additional conditions and safeguards to improve the quality of the #general large-scale development# and to minimize adverse effects on the character of the surrounding area.

For a phased construction program of a multibuilding complex, the Commission may, at the time of granting a special permit, require additional information, including but not limited to a proposed time schedule for carrying out the proposed #general large-scale development#, a phasing plan showing the distribution of #bulk# and #open space# and, in the case of a site plan providing for common #open space#, common open areas or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

Additional requirements for compensated developments

- Height and setback in #Inclusionary Housing designated areas#
 - In #Inclusionary Housing designated (1)areas#, except within #Special Mixed Use Districts# and #general large-scale developments# in C4-7 Districts within the boundaries of Manhattan Community District 7, subject to the provisions of a $\underline{\text{restrictive declaration}},\, \text{the \#compensated}$ development# must comply with the height and setback regulations of Sections 23-633 (Street wall location and height and setback regulations in certain districts) or 35-24 (Special Street Wall

General Large-Scale Development

For #general large-scale developments# involving several #zoning lots# but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and #bulk# controls. For these #developments#, the regulations of this Section are designed to allow greater flexibility for the purpose of securing better site planning, while safeguarding the present or future use and development of the surrounding area.

No portion of a #general large-scale development# shall contain any #use# not permitted by the applicable district regulations for such portion, except as otherwise provided in Section 74-744 (Modification of use regulations). When an

existing #building# in a #general large-scale development# is occupied by a #non-conforming use#, any #enlargement# of such existing #building# shall be subject to the requirements set forth in Section 52-00 (NON-CONFORMING USES: DEFINITIONS AND GENERAL PROVISIONS).

74-744 Modification of use regulations

a) <u>Use modifications</u>

(1) Waterfront and related #commercial uses#

In a C4 District, the City Planning Commission may modify applicable district regulations to allow certain boating and related #uses# listed in Use Group 14A, not otherwise allowed in such district, provided the Commission shall find that:

the #uses# are appropriate for the location and blend harmoniously with the rest of the #general large-scale development#; and

(2)(ii) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

(2) Automotive sales and service #uses#

For #general large-scale developments# previously approved by the City Planning Commission in a C4-7 District within the boundaries of Manhattan Community District 7, the City Planning Commission may modify applicable district regulations to allow automotive sales and service establishments that include repair services and preparation for delivery, provided the Commission shall find that:

- (i) the portion of the establishment used for the servicing and preparation of automobiles is located entirely in a #cellar# level and below grade or established curb level, and the ground floor level of such establishment is used only for showrooms and sales:
- (ii) sufficient indoor space for storage of vehicles for sale or service has been provided; and
- (iii) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic or adversely affect pedestrian movement.

(b) Location of #commercial uses#

For any #general large-scale development#, the City Planning Commission may permit #residential# and non-#residential uses# to be arranged within a #building# without regard for the regulations set forth in Section 32-42 (Location within Buildings), provided the Commission shall find:

- (1) the #commercial uses# are located in a portion of the #mixed building# that has separate access to the outside with no opening of any kind to the #residential# portion of the #building# at any #story#;
- (2) the #commercial uses# are not located directly over any #story# containing #dwelling units#; and
- (3) the modifications shall not have any adverse effect on the #uses# located within the #building#.

NOTICE

On Wednesday, September 15, 2010, at 10:00 A.M., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Supplemental **Environmental Impact Statement (DSEIS) concerning** a proposal to modify the southernmost portion of the previously approved Riverside South development project. The proposed project site, known as Riverside Center, is bounded by West End Avenue, the alignment of Riverside Boulevard, and West 59th and West 61st Streets in the Lincoln Square neighborhood of Manhattan Community District 7. The proposed project requires CPC approval to modify the previously approved general large-scale development (GLSD) special permit and restrictive declaration to reflect the current proposal; amendments to the text of the Zoning Resolution; a new special permit relating to court, distance between buildings, and height and setback regulations, a new special permit to allow automobile sales and service uses (Use Group 16B) on the project site; a new special permit to allow development within a railroad or transit right-of-way; six new special permits associated with a public parking garage(s); an authorization to allow a curb cut; and certifications to permit curb cuts and to modify certain Streetscape regulations of the Zoning Resolution.

The proposed actions would facilitate a proposal by the applicant to redevelop their project site (Block 1171, Lots 155 and 165) with a complex of five mixed-use buildings that would include residential (including market-rate and affordable housing), commercial (including hotel, retail, office, cinema, and automotive showroom and service uses), a public elementary and intermediate school, public parking, and approximately 2.75 acres of privately owned, publicly accessible open space.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 09DCP020M.

Celeste Evans, Deputy Director (212) 720-3321 Environmental Assessment and Review Division New York City Department of City Planning

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991 and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Final Environmental Impact Statement (FEIS) has been prepared for the action described below. Copies of the FEIS are available for public inspection at the office of the undersigned. The proposal involves actions by the City Planning Commission and Council of the City of New York pursuant to Uniform Land Use Review Procedures (ULURP). A public hearing on the Draft Environmental Impact Statement (DEIS) was held on July 28, 2010. Written comments on the DEIS were requested and were received by the Lead Agency until August 9, 2010. This FEIS $\,$ incorporates responses to the public comments received on the DEIS and additional analysis conducted subsequent to the completion of the DEIS.

The Applicant, Broadway Housing Communities (BHC) is seeking a set of actions intended to facilitate the redevelopment of a site in the Hamilton Heights North neighborhood of West Harlem, in Manhattan Community District 9 (refer to Figure ES-1 for project location). The requested actions include: (1) a zoning map change from C8-3 $\,$ and R7-2 to a R8A residential zoning district; (2) acquisition/disposition of City-owned property, in the form of an exchange of easements between the applicant and the NYC Department of Citywide Administrative Services (DCAS); (3) construction financing from the NYC Department of Housing Preservation and Development (NYCHPD), an Involved Agency for CEQR purposes, which will likely be comprised of federal funding from the U.S. Department of Housing and Urban Development (HUD); and (4) other financing from the New York State Division of Housing & Community Renewal (DHCR), and the New York State Office of Temporary Disability Assistance for the residential component of the Proposed Development These actions, collectively, comprise the "Proposed Action". Broadway Housing Communities (BHC, a.k.a., "the applicant") is the applicant for the proposed rezoning and funding actions; applicants for acquisition/disposition action are BHC, DCAS (for acquisition and disposition), and NYC Department of Environmental Protection (NYCDEP) (for acquisition).

The Proposed Action would enable the applicant, BHC, to construct a mixed-use building on a parcel within the proposed rezoning area, consisting of one privately owned lot (Block 2069, Lot 21) located at 404-414 West 155th Street (the "Proposed Development Site"). The Proposed Development Site, which currently contains a two-story plus cellar public parking garage, is an approximately $21,685 \mathrm{\ sf}$ lot on the northern portion of the block bounded by West 155th Street to the north, St. Nicholas Avenue to the west, St. Nicholas Place to the east, and West 153rd Street to the south, and is comprised of Lot 21 in its entirety.

The Proposed Development Site and rezoning area are located within the State and National Register-listed (S/NR) Sugar Hill Historic District, and the existing 2-story garage building on the Proposed Development Site has been identified as a contributing building in that district. Lot 14, which falls partially within the rezoning area, also falls within the New York City Landmarks Preservation Commission (NYCLPC) designated Hamilton Heights/Sugar Hill Historic District.

The Proposed Action would facilitate construction of an approximately 169,333 gsf 13-story mixed-use building (140,934 zsf, excluding parking and mechanical deductions) on the Proposed Development Site (the "Proposed Development"). The existing 300-space garage structure currently on the site would be demolished to allow construction of the new building. The Proposed Development would include:

- approximately 124 residential units, all of which would be affordable:
- an approximately 18,036 sf Faith Ringgold Children's Museum of

Art and Storytelling;

- a 12,196 sf day care facility and early childhood center for approximately 100 children;
- ullet 2,350 sf of non-profit program and office space; and • a 114-space below-grade accessory parking garage

It is expected that construction on the Proposed Development

Site would commence in late 2010 with the demolition of the existing structure and site excavation, and the Proposed Development is expected to be completed by late 2012.

Absent the Proposed Action, the rezoning area would continue to be zoned C8-3 and R7-2. None of the properties within the proposed rezoning area would be expected to be redeveloped, and the existing land uses would remain. The Proposed Development Site would continue to be occupied by a public parking garage (Lot 21). Therefore, for CEQR analysis purposes, the No-Action condition would be identical to the existing conditions.
