Whereas, The East River Bridge Company is a corporation duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York, designated as chapter 101 of the Laws of 1892, and entitled "An act to incorporate the East River Bridge Company," passed March 9, 1892; and

Whereas, By said act said company is authorized to construct, maintain and operate "A bridge commencing at a point at or near Broadway, in the City of Brooklyn, and between the present pier-line and Marcy avenue, in the City of Brooklyn, which said bridge shall be constructed so as to cross the East river as directly as possible to a point between Delancey and Rivington streets, in the City of New York, continuing thence westwardly over, through and across private property between Delancey and Rivington streets, and across intervening streets, so that the entrance and exits of said bridge for vehicles other than cars and for pedestrians and equestrians shall be at a point at or near Sheriff street, in the City of New York"; and

Whereas, By said act said company is also authorized to construct, maintain and operate an approach to said bridge, so as to provide facilities for its use by the public, from a point on said bridge at or about Cannon street, in the City of New York; thence extending westwardly over, through and along private property, and across intervening streets to the Bowery, and thence across the Bowery to Spring street, and that said approach is also authorized to be extended, if, in the judgment of a majority of the stockholders of said company, it should be deemed for the public convenience so to do, from its termination at the Bowery and Spring street westerly, above, through and along Spring street to or near the Hudson river, in the City of New York; and

Whereas, All of the stockholders of said company have duly determined that they deem it for the public convenience that such extension be made, and have certified that fact in writing to the said company, which has thereupon duly determined that said approach shall be so extended; and

Whereas, Said company is also authorized to build, maintain and operate "a second bridge which shall commence at a point between the pier-line of the East river and Fulton street in the City of Brooklyn; the limits of said locality shall be Bridge street on the west and Little street on the east in said city. From the point of beginning said bridge shall extend as nearly northwardly as possible across private property, and across and along intervening and intersecting streets and avenues to the East river; thence across the East river as directly as possible to a point or place between Jackson and Scammel streets, in the City of New York; thence northwardly through private property between Jackson and Scammel streets and across the intervening streets to Grand street; thence across Grand street and over private property between Sheriff and Ridge streets and across the intervening streets to a point or place on private property between Delancey and Rivington streets, in junction with the line or route of said bridge hereinbefore first described"; and

Whereas, Said company is also authorized by said act "to construct all necessary approaches other than those hereinbefore specified, and all necessary connections between the said bridge or bridges and approaches, and any railroad or railroads in the cities of New York and Brooklyn, so as to enable passengers to be transferred to and from the same"; and

Whereas, Said company also possesses the other powers and privileges granted by said act and the other laws affecting it; and

Whereas, In pursuance of the power and authority vested in it by chapter 101 of the Laws of 1892, said company has duly located the following as the necessary approaches to the two bridges which it is by said act authorized to construct, and has duly declared (what is the fact) that the same and each thereof are necessary approaches to said bridges respectively, and that the connection between said bridge or bridges and such approach or approaches and the railroad or railroads in the cities of New York and Brooklyn therein specified are necessary so as to enable passengers to be transferred to and from the same.

(For convenience of reference, the bridges which this company is authorized to construct will be designated as Bridges No. 1 and No. 2.)

#### Location of Bridge No. 1 and Approaches.

"Bridge No. 1 shall extend from a point between South Fifth and South Sixth streets, in the City of Brooklyn, located between the present pier-line and Marcy avenue, thence across the East river to a point at or about Cannon street between Delancey and Rivington streets, in the City of New York, upon private property, having piers and anchorages as hereinafter set forth.

(4) In the City of Brooklyn an approach to connect the structure of the bridge with the elevated railroads in Hudson, Myrtle and Fulton avenues. And

Whereas, Thereafter the Board of Directors of said company, in pursuance of the power and authority vested in it by said act, and also by chapter 102 of the Laws of 1892, entitled "An act to amend chapter 4 of the Laws of 1891, entitled 'An act to provide for rapid transit railways in cities having over one million inhabitants,'" passed January 31, 1891, did duly determine, in lieu of constructing the approach or approaches to the said bridge or bridges as heretofore located by said East River Bridge Company (other than those located for pedestrians, vehicles and equestrians, which last-named approaches are approaches hereinabove described as Nos. 4 and 5 of Bridge No. 1, and approaches Nos. 2 and 3 of Bridge No. 2), to build, maintain and operate an elevated railroad, the routes of which shall be as follows:

#### Route of Proposed Elevated Railroad.

(1) From a point in the line of Bridge No. 1, at or about Cannon street, in the City of New York, situated in a block bounded between Delancey and Rivington and Columbia and Cannon streets; thence westwardly, over, through and along private property, and across intervening streets to the Bowery, connecting with the Second Avenue Elevated Railroad at Allen street, and across the Bowery to Spring street, connecting with the Third Avenue Elevated Railroad on each side of the Bowery. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

(2) From the Bowery at Spring street; thence westwardly over, through and along Spring street to West street, connecting with the Sixth Avenue Elevated Railroad at South Fifth avenue and with the Ninth Avenue Elevated Railroad at Greenwich street. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

As a connection with the Dry Dock, East Broadway and Battery Railroad and other railroads, and with the ferry at Desbrosses street, and also to provide a proper terminal for the operation of said elevated railroad, there shall be constructed therefrom a curve from its terminus at West and Spring streets, extending southerly into West street, and thence along the same to or near Vestry street.

(3) From a point in the line of Bridge No. 1, between Delancey and Rivington streets, on the block between Columbia and Cannon streets, being the point of commencement of Approach No. 1, and thence over, along and through private property and across intervening streets to and across Delancey street, to connect with Bridge No. 2 at a point on its line situated in the block bounded by Sheriff, Willett, Broome and Grand streets.

(4) Beginning at a point in the line of Bridge No. 2, situated in the block between Sheriff and Willett streets and between Grand and Broome streets; thence over, across and through private property to Grand street; thence eastwardly along, over and through Grand street upon a descending grade to the southerly side of East street, connecting with the Dry Dock, East Broadway and Battery Railroad, the Forty-second Street and Grand Street Ferry Railroad and with other railroads and with the ferry at the foot of Grand street.

(5) In the City of Brooklyn, from the structure of the bridge to the elevated railroads in Hudson, Wythe and Fulton avenues. And

Whereas, Thereafter, in pursuance of said act, the Board of Directors of said company, duly adopted a general plan for the construction of the elevated railroad which they had determined to build, maintain and operate in lieu of constructing the approaches hereinbefore mentioned to the several bridges which said company had been authorized as aforesaid to construct. That the said Board of Directors also determined that said general plan shows the general mode of operation and contains all the details as to the manner of construction as in the judgment of said Board was necessary to show the extent to which any street, avenue, or public place in the City of New York and in the City of Brooklyn is to be encroached upon and the property abutting thereon is affected; that said plan also contains all the details as to the mode of operation and construction which it is practical to make in advance of the making of detailed surveys and drawings, which it is impracticable to make at the present time, and until the consent of the local authorities and of the property holders, or of the Supreme Court in lieu thereof, is obtained. That by resolution of said Board of Directors a copy of the said plan, with maps accompanying the same, was directed to be transmitted to this Common Council and an application made to it for the consent of the local authorities in the City of New York for the construction and operation by said company of the elevated railroad hereinabove mentioned; and

Whereas, In pursuance of said resolutions, a copy of said plan, with the maps accompanying the same, were duly transmitted to this Board and have been duly received; it is therefore

Resolved, That this Common Council, in pursuance of the acts hereinabove mentioned and of the provisions of chapter 4 of the Laws of 1891, entitled "An act to provide rapid transit in cities having over one million inhabitants," and of the other existing provisions of law, does hereby appoint the twenty-second day of November, 1892, at one o'clock P. M., at the Chamber of the Board of Aldermen, for the consideration of such plans and conclusions.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

That in order to avail itself of said convenient buildings, stations, fixtures and machinery for the accommodation and use of its passengers, freight and business, as it is empowered to do by the railroad law, it desires to lay down, construct, maintain and pass over double tracks on Fiftyth and Fifty-first streets, from a connection with said Sixth avenue; and the tracks of said company on Sixth avenue, by suitable curves and appliances to, along, over and upon said Fiftyth and Fifty-first streets, west by double track for a distance of about eight hundred feet, there to enter said buildings by suitable curves and appliances as will enable said Sixth Avenue Railroad Company to enter and leave said buildings and stations by means of said tracks hereinafter described, and to use and maintain them as fixtures and machinery for the operation of said road and for the accommodation of its passengers and business;

Wherefore, petitioner prays that the Honorable Common Council consent to the laying of said tracks on said streets in the manner herein applied for, and from said Fiftyth and Fifty-first streets into said buildings and stations in a manner that will accommodate the passengers of petitioner and will enable it to maintain, use and enjoy said buildings, stations, fixtures and machinery to the extent that said business requires the same.

Mr. Alfred Skitt appeared before the Board and offered to procure the consent of the property-owners on Eighty-fifth street, between Fifth and Madison avenues, to the construction of a railroad connecting the existing railroad in Transverse Road No. 3 with the Madison Avenue line, pending the settlement of the question as to the extension of said Transverse Road railroad eastward and westward, under the act of the Legislature of 1892.

Mr. Ashley W. Cole, Secretary of the Ericsson Monument Committee, made application for the payment to J. Scott Hartley, sculptor, of one thousand dollars, on account of work on the statue of John Ericsson.

On motion, the matter was laid over pending the receipt of an opinion from the Counsel to the Corporation.

The following communications were received:  
From the Board of Estimate and Apportionment, transmitting copies of resolutions of said Board, as follows:

From A. P. Boller, Engineer, recommending that William F. Stone and James A. Fitzgerald, Inspectors on the One Hundred and Fifty-fifth Street Viaduct be employed, when required, on the masonry work of the new McComb's Dam Bridge, their time to be charged between the two structures as used.

On motion, Engineer Boller was authorized to employ the two Inspectors when necessary, in the manner recommended by him.

Commissioner Gallup reported as follows concerning matters referred to him:

1st. Widening of the sidewalks on Sixth avenue, between Fifty-eighth and Fifty-ninth streets. The Commissioner of Public Works, with whom he conferred recently, was of the opinion that the cost of the improvement would not be justified by the benefit resulting, and was not inclined to view the idea favorably.

2d. The resolution requesting the Sinking Fund Commissioners to withdraw permission granted the Dock Department to lease the platform in front of Castle Garden.

Commissioner Gallup conferred with the Dock Department at a recent meeting, and was told that they had withdrawn their consent to tug-boats and other vessels landing there, and that the only vessels using the platform with their authority were the Fire-boat and the Mail-boat. That they intend to repair the platform in front of Castle Garden in the spring if this Department does not do so.

In spite of the action of the Dock Board, three tug-boats were moored to this wharf on the day on which this conference was held, and the Dock Commissioners said that it was difficult to keep them away as they are moored at every unoccupied place.

Under the circumstances it is questionable whether it will be wise for this Department to maintain the platform, and whether it would not be preferable to remove it entirely, leaving the sea-wall as it originally was, with chains between the posts, thus making the westerly edge of the Battery similar in appearance to the southerly part of it.

Commissioner Gallup offered the following:

Resolved, That the Commissioners of the Sinking Fund be notified that it is the intention of this Department to proceed forthwith with the construction of an aquarium at Castle Garden and the improvement of the grounds adjacent thereto, in accordance with plans submitted to and approved by the Board of Estimate and Apportionment, and that they be requested to withdraw any permission or consent that may have been granted the Department of Docks, by reason of which the use is made of the dock at Castle Garden for landing purposes by steamboats and tugs.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

The Board then proceeded to consider evidence taken in the trials of Park Policemen.

Thomas Smith, charged with violation of rules and conduct unbecoming an officer.  
On motion, charge dismissed.  
William C. Zwiesler, charged with violation of rules and conduct unbecoming an officer.  
On motion, charge dismissed.  
On motion of Commissioner Dana, the Comptroller was requested to return the security deposits to all the bidders on the work of constructing retaining-walls on Riverside Park, excepting the lowest, Robert Hanna & Co.

The matter of proposed regulations, requiring tugs passing the draws of bridges over Harlem river to have drop smoke-stacks and flagpoles was discussed, and

On motion, referred to Commissioner Tappen for conference with the United States Customs authorities and report thereon.

The matter of proposed regulations, permitting equestrians the use of the drives in Central Park north of One Hundred and Second street only, and south of that point restricting them to the use of the bridle paths, was referred to Commissioner Straus.

Commissioner Gallup moved the following amendments to the By-Laws:

To amend section 3 of article I. by striking out the hour of 11 o'clock and inserting 9.30 o'clock, so as to read as follows:

Sec. 3. The hour of meeting shall be 9.30 o'clock A. M., except as the Board may from time to time otherwise order.

To amend article III. by striking out all of sections 2 and 4 and by changing section 7 so that the same shall read as follows:

He shall also be responsible for all tools and materials, and in January and July of each year shall submit an inventory thereof. He shall receive from the police and care for all animals and articles found on the parks, keep the time of all the employees, and prepare and certify to the pay-rolls. He shall perform such other duties as the Board or the President may from time to time direct.

On motion, at 12.50 P. M., the Board adjourned to meet November 2, at 10 A. M.

WEDNESDAY, NOVEMBER 2, 1892—ADJOURNED MEETING, 10 A. M.

Present—Commissioners Dana (President), Straus, Tappen.

The following communications were received:

From the Superintendent of Parks, calling attention to the importance of lighting the Circle at Fifty-ninth street and Eighth avenue and enclosing a plan showing proposed location of lights.

On motion, the Superintendent's recommendation was approved, and ordered communicated to the Gas Commission.

From the Secretary of the Metropolitan Museum of Art, in relation to the claim of John H. O'Rourke for extra work in connection with his contract for mason and granite work at the Museum.

Filed, with directions to the Secretary to obtain more definite information respecting the claim.

From Fernando Miranda, sculptor, submitting details and photographs of the model of a statuary group for a Columbus fountain, proposed to be presented to the City by the Circulo Colon-Cervantes. Referred to the Art Committee for report as to the merits of the group as a work of art.

Mr. L. Laffin Kellogg, representing Robert Hanna & Co., appeared and asked that the contract for building retaining-walls at Riverside Park, be awarded to them, they being the lowest bidders, and also stated his willingness to go over the claim embodied in their suit against the City and make a fair settlement of the same, and that said suit was for a remission of penalties on a contract and was brought because there was no way to settle such questions except by suit.

Commissioner Dana offered the following:

Resolved, That the contract for retaining-walls at Riverside Park, for which proposals were received on 19th ultimo, be awarded to Robert Hanna & Co., the lowest bidders; that their proposal be sent to the Comptroller for his approval of sureties and when so approved that the President be authorized to sign the contract for and on behalf of the Department.

Which was adopted by the following vote :

Ayes—Commissioners Dana, Straus, Tappen—3.

Mr. James A. Deering, representing Messrs. Isidor and Simon Wormser, presented a petition to revoke the permit heretofore given the Trustees of Sophia Augusta Sherman, to erect projecting windows on premises at the corner of Fifth avenue and Sixty-fifth street, the said Wormsers being owners of adjoining property, and said permission having been granted without their consent.

Commissioner Dana offered the following :

Resolved, That inasmuch as it is represented to the Department by the petition of the adjoining owners that the house on the corner of Sixty-fifth street and Fifth avenue is being built in violation of the usual regulations under which permits for bay-windows are granted, that the permit heretofore granted to the Trustees of Sophia Augusta Sherman be hereby revoked pending investigation and until further order of this Board.

Which was adopted by the following vote :

Ayes—Commissioners Dana, Straus, Tappen—3.

Mr. Fordham Morris presented resolutions adopted by the High Bridge Improvement Organization, relative to the proposed Ogden avenue approach to the new McComb's Dam Bridge.

Commissioner Tappen offered the following :

Resolved, That the Consulting Engineer be requested to report the situation of the Ogden avenue approach in connection with the new Central Bridge, and probable cost of construction, also as to right of way.

Which was adopted by the following vote :

Ayes—Commissioners Dana, Straus, Tappen—3.

Commissioner Tappen offered the following :

Whereas, The city bridge known as the Third Avenue Bridge over the Harlem river is a great public thoroughfare, the free passage of which is necessary to accommodate the crowds of people and great numbers of vehicles using the bridge every hour in the day and especially in the morning and evening hours ;

Resolved, That the draw of the bridge shall be open at all hours for the usual navigation of the river, except between the hours of six and nine in the morning and five to seven o'clock in the evening, and that between those hours the draw shall not be opened for transient or other vessels.

It is further ordered that this regulation shall not apply to the regular transportation boats of the New York and Northern Railway, but such boats shall have the right of passage as heretofore.

This regulation shall go into effect November 10, 1892.

A further modification of this rule will be considered in favor of tugs and boats having drop-pipes and low flagstuffs to facilitate passage through the draws.

Laid over.

Commissioner Tappen reported that he had granted permission to John H. Keller and John Deisser to cut ice on the Bronx river during the coming winter, the former to pay the sum of \$300 and the latter \$100 for the privilege.

On motion of Commissioner Tappen, the Superintendent of Parks was directed to prepare and submit specifications and form of contract for the construction of a crematory and manure pit in Central Park, as per plan approved January 28, 1891.

M. of the 30th day of November, 1892, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for building a Reception Hospital at the foot of East Sixteenth street, and for building a Boiler-house to be located 676 feet east of Avenue C, and north of East Sixteenth street, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$20,000.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract, and the plan therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and

showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

HEALTH DEPARTMENT—CITY OF NEW YORK,  
No. 301 MOTT STREET,  
NEW YORK, NOV. 15, 1892.

PROPOSALS FOR ESTIMATES FOR THE PLUMBING AND GAS-FITTING OF RECEPTION HOSPITAL AT THE FOOT OF EAST SIXTEENTH STREET, AND OF BOILER-HOUSE TO BE LOCATED 676 FEET EAST OF AVENUE C AND NORTH OF EAST SIXTEENTH STREET.

PROPOSALS FOR ESTIMATES FOR THE plumbing and gas-fitting of Reception Hospital at the foot of East Sixteenth street, and of Boiler-house to be located 676 feet East of Avenue C and north of East Sixteenth street, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 1.30 o'clock P. M. of the 30th day of November, 1892, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for the Plumbing and Gas-fitting of Reception Hospital at the foot of East Sixteenth street, and of Boiler-house to be located 676 feet East of Avenue C and north of East Sixteenth street, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$20,000.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

**ATTENTION IS CALLED TO THE RECENT** act of the Legislature (chapter 449, Laws of 1892), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

**ESTIMATES FOR PREPARING FOR AND** building a Crib-bulkhead, from West One Hundred and Twenty-ninth street to West One Hundred and Thirtieth street, North river, and for dredging thereat, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 1 o'clock P. M. of

FRIDAY, NOVEMBER 25, 1892, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom an award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Four Thousand Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

CLASS I.  
Dredging for the site of the Crib-bulkhead, about 3,000 cubic yards.

- CLASS II.  
1. About 150,800 cubic feet more or less of Cribwork, complete, including Fenders, Mooring-posts and Backing-logs, and measured from the under side of the Backing-log.  
2. One White Oak Fender-pile, about 45 feet long.  
3. Fifteen Yellow Pine, White Pine, Spruce or Cypress Piles, about 20 to 25 feet long.  
4. Materials for Painting and Oiling or Tarring.  
5. Labor of every description for about 215 linear feet of main Crib-bulkhead and about 30 feet of detached Crib, and driving close Piling.

N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for each class of the work before mentioned, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, or within five days from the receipt of a notice from the Engineer-in-Chief of the Department of Docks that the work may be begun, and all the work to be done under this contract is to be fully completed on or before the 1st day of April, 1893, or within as many days thereafter as may elapse after the date of the contract before a notice is given to the contractor by the Engineer that the work may be begun, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done, in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in the two classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in

figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

SEALED BIDS OR ESTIMATES FOR FURNISHING  
About 21,000 pounds of Poultry.

For use on Thanksgiving Day.  
—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 10 o'clock A. M., of Saturday, November 19, 1892. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Poultry, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.  
Delivery will be required to be made of Poultry on Tuesday, November 22, 1892, before 7 o'clock A. M., all in accordance with specifications.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or

they accept, but do not execute, the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.  
Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

## FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,  
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,  
NEW YORK, November 14, 1892.

### TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor and doing the work required for constructing and erecting a building for quarters on the south side of West One Hundred and Thirty-seventh street, one hundred feet east of Seventh avenue, for an Engine Company of this Department, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, November 30, 1892, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.  
For information as to the amount and kind of work to be done, bidders are referred to the specifications and drawings, which form part of these proposals.

The form of the agreement and the specifications showing the manner of payment for the work and forms of proposals may be obtained, and the plans may be seen, at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.  
The work is to be completed and delivered within one hundred and seventy-five (175) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at twenty (20) dollars.  
The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of ten thousand (10,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five hundred (500) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

S. HOWLAND ROBBINS,  
ANTHONY EICKHOFF,  
Commissioners.
