THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

[From the Proceedings of the Board of Aldermen, March 4, 1902.]

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Chairman laid before the Board the following Departmental Estimate:

No. 314G.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13-21 Park Row,
City of New York, March 17, 1902.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—In compliance with sections 10 and 56 of the revised Greater New York Charter I have the honor to transmit to you herewith a copy of the new or revised estimate of the amounts required to conduct the public business of this Department for the year 1902, which I have transmitted to his Honor the Mayor, as Chairman of the Board of Estimate and Apportionment.

Very respectfully,

J. HAMPDEN DOUGHERTY,
Commissioner of Water Supply, Gas and Electricity.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13-21 Park Row,
New York, March 1, 1902.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

Dear Sir—In accordance with instructions given in your circular letter of January 6 ultimo, and the resolution of said Board, dated 6th ultimo, and set forth in the circular letter of the Comptroller of The City of New York, dated the 15th ultimo, and in compliance with the provisions of sections 10 and 56 of the Revised Greater New York Charter, I have the honor to present herewith a new or revised estimate of the amounts required to conduct the public business of the Department of Water Supply, Gas and Electricity, for the year 1902.

In making up this estimate I have carefully examined and considered the one presented by Hon. William Dalton, Commissioner of Water Supply, to the former Board of Estimate and Apportionment in September last, and the estimate presented by Hon. Henry S. Kearny, Commissioner of Public Buildings, Lighting and Supplies, so far, especially as it appertains to the part of the business of that former Department, which has been transferred to this Department, and have availed myself of such information as, in the brief space of time accorded, I have been able to obtain in regard to the innumerable details of the work to be covered by this year's appropriations.

The appropriations for this Department may be classified as follows:

ESTIMATE FOR WATER SUPPLY, BOROUGH OF MANHATTAN AND THE BRONX.

Appropriations for Wages, Materials and Supplies—

Maintenance, Croton Water System.
Bronx River Works, Maintenance and Repairs.
Repairing and Renewal of Pipes, Stopcocks, etc.
Public Drinking Hydrants.
Rentals of Fire Hydrants.
Water Supply, Twenty-fourth Ward.
Additional Hydrants on requisition of the Fire Department.

Borough of Brooklyn.

Rentals of Fire Hydrants.

Borough of Queens.

Pumping Stations, Fuel and Supplies.
Maintenance and Repairing of Water Pipes, etc.
Supplying Water to Long Island City.
Rentals of Fire Hydrants.

Borough of Richmond.

Pumping Stations, Salaries and Supplies.
Rentals of Fire Hydrants.
Relaying Water Mains.

GAS AND ELECTRICITY.

Boroughs of Manhattan and The Bronx.

Lamps and Lighting Streets, Parks, Bridges, etc.
Lighting Public Buildings.

Borough of Brooklyn.

Lamps and Lighting Streets, Parks, Bridges, etc.
Lighting Public Buildings.

Borough of Queens.

Lamps and Lighting Streets, Parks, Bridges, etc.
Lighting Public Buildings.

Borough of Richmond.

Lamps and Lighting Streets, Parks, Bridges, etc.
Lighting Public Buildings.

ESTIMATE FOR SALARY APPROPRIATIONS.

General Administration.

Salaries—Commissioner's Office.
Salaries—Central Office.

ESTIMATE FOR WATER SUPPLY.

General Accounts for Work and Materials, Boroughs of Manhattan and The Bronx.

Maintenance—Croton Water System—

Departmental estimate presented in September, 1901.....	\$334,000 00
Final estimate of late Board of Estimate and Apportionment.....	310,274 50
Present departmental estimate for 1902.....	300,000 00

There are to be provided for in this appropriation:

The care, maintenance and repair of sixty-one miles of old and new aqueducts, with their appurtenances, embankments, retaining walls and lands; of the storage reservoirs in the Croton Watershed, which have an aggregate capacity of forty billion gallons; of the bridges required in consequence of reservoir construction (see section 512 of the Charter); of the receiving and distributing reservoirs in the Borough of Manhattan; the maintenance and operation of the three High Service Pumping Stations, which now pump and distribute fifty-five million gallons of water per day; the constant patrolling of the Croton Watershed to prevent pollution of the water, and the operation of plants for the disinfection and disposal of the sewage in two of the villages which formerly drained into certain tributary streams.

A further charge on this appropriation is the payment of taxes on aqueduct and reservoir property in the Counties of Westchester and Putnam. Under section 480 of the Revised City Charter, it is claimed by the local assessors that buildings and structures, as well as the land to which taxation has heretofore been confined, are subject to assessment for purposes of taxation. This would add about \$3,000 to the taxes of 1902.

The items which make up the present estimate, and which are taken from Commissioner Dalton's estimate of September last, with modifications and reductions, amounting to \$34,000, are as follows:

Wages of Working Force.

1 Foreman	\$1,800 00
4 Foremen, 365 days, at \$5 per day each.....	7,300 00

Final Estimate of late Board of Estimate and Apportionment.....	32,000 00
Present Departmental Estimate for 1902.....	32,000 00

This appropriation for The Bronx and Byram River System is of similar nature to the preceding one for maintenance of the Croton Water System. It involves the care and repair of three storage reservoirs, of fifteen miles of pipe and tunnel conduits, and of the receiving reservoir at Williamsbridge, with all their appurtenances; also the sanitary patrol of the water sheds.

The following are the items of the estimate:

Wages of Maintenance Force.

3 Teams, 320 days at \$4 per day each.....	\$3,840 00
2 Horses and Wagons, 365 days at \$2.50 per day each.....	1,825 00

2 Caulkers, 365 days at \$3 per day each.....	2,190 00
1 Mason, 320 days, \$4 per day.....	1,280 00

\$32,000 00**Repairing and Renewal of Pipes, Stopcocks, etc.**

Departmental Estimate presented in September, 1901.....	\$307,055 00
Final Estimate of late Board of Estimate and Apportionment.....	260,000 00
Present Departmental Estimate for 1902.....	262,055 00

This appropriation is for the maintenance and repair of the entire system of water mains, stopcocks and hydrants, in the Boroughs of Manhattan and The Bronx. At the date of the estimate in September last, this system, according to the report of the Chief Engineer of the Department of Water Supply, included 803 miles of water mains, 9,008 stopcocks and 11,650 fire hydrants. The paramount importance of providing adequate appropriation to maintain the safety and efficiency of this distributing system is obvious. I am informed that in the past, from year to year, the Departmental Estimate for this purpose has been cut down in the Final Estimate, to an extent which in each year required supplemental appropriations by transfers of available balances in other accounts. In the Departmental Estimate of last September particular stress was laid on the necessity of replacing the old style and obsolete hydrants, which were brought into use more than forty years ago, and are subject to frequent derangement and leakage, with new hydrants of improved pattern. This seems to be a desirable and necessary improvement.

For purposes of maintenance and repairs, the distributing system is divided into six districts—four in the Borough of Manhattan and two in the Borough of The Bronx. For each district there is a repair shop or station, and a repair force of mechanics and laborers, under the charge of a Foreman and Assistant Foreman. For several years past two repair companies at large have also been employed.

The following are the items of the present estimate:

Wages for Repair Force.

8 Foremen, \$1,800 per annum each.....	\$14,400 00
8 Assistant Foremen, 365 days, at \$3 per day each.....	8,760 00
8 Horses and Wagons, 365 days, at \$2.25 per day each.....	6,570 00
16 Horses and Carts, 320 days, at \$3 per day each.....	15,360 00
24 Caulkers, 320 days, at \$3 per day each.....	23,040 00
150 Laborers, 320 days, at \$2 per day each.....	96,000 00
1 Tapper, \$1,320 per annum.....	1,320 00
3 Assistant Tappers, 320 days, at \$3 per day each.....	2,880 00
3 Horses and Wagons, 320 days, at \$3 per day each.....	2,880 00
3 Tappers' Helpers, 320 days, at \$2 per day each.....	1,920 00
1 Gate Keeper at Pipe Yard, 365 days, at \$3 per day.....	1,095 00
2 Watchmen at Pipe Yard, 365 days, at \$3 per day each.....	2,190 00
1 Blacksmith at Pipe Yard, 320 days, at \$3.50 per day.....	1,120 00
1 Blacksmith's Helper, 320 days, at \$2.50 per day.....	800 00
1 Team and Truck at Pipe Yard, 320 days, at \$6 per day.....	1,920 00
2 One-horse Trucks, 320 days, at \$3.75 per day each.....	2,400 00

\$182,655 00**Materials and Supplies.**

Including cast iron pipes, stop-cocks, stop-cock boxes and covers, tapping cocks and boxes, hydrant boxes and boxes, hydrant caps, bolts, etc., miscellaneous materials, and special repairs to hydrants and stop-cocks.....	60,400 00
Rental of offices, workshops, and telephones.....	4,000 00
Restoration of asphalt and concrete pavements, over street openings made for repairs.....	15,000 00

Total.....\$262,055 00**Public Drinking Hydrants.**

Departmental Estimate presented in September, 1901.....	\$5,000 00
Final Estimate of late Board of Estimate and Apportionment.....	5,000 00
Present Departmental Estimate for 1902.....	2,500 00

The amount of this estimate is required for the care and repairs of three hundred existing drinking hydrants, now in use.

Rentals of Fire Hydrants.

Departmental estimate presented in September, 1901.....	\$19,600 00
Final Estimate of late Board of Estimate and Apportionment.....	19,600 00
Present Departmental Estimate for 1902.....	19,600 00

This is to pay for hydrant service which the New York and Westchester Water Company claims the right to furnish under unexpired contracts with former villages and towns, which became incorporated with the city under the Greater New York Charter.

Water Supply—Twenty-fourth Ward.

Departmental Estimate presented in September, 1901.....	\$15,600 00
Final Estimate of late Board of Estimate and Apportionment.....	15,000 00
Present Departmental Estimate for 1902.....	15,000 00

The high grounds on the west side of the Borough of The Bronx, which are above the elevation at which water can be delivered from the Croton Water System, have for twenty-eight years past been supplied from the Yonkers City Water Works, under contract between this city and the Yonkers Water Commissioners. The Yonkers system is the only available source from which this section can be supplied, though this service may be superseded by the city's own supply when the High Service Pumping Station at Jerome avenue shall have been completed.

For Additional Hydrants on Requisition of the Fire Department.

Departmental Estimate presented in September, 1901.....	\$50,000 00
Final Estimate of late Board of Estimate and Apportionment.....	40,000 00
Present Departmental Estimate for 1902.....	20,000 00

For the four years, 1894 to 1897, inclusive, there was an annual issue of Fire Hydrant Stock to the amount of \$50,000 for this purpose, under chapter 510, Laws of 1894, such issue being limited to the four years. For the years 1899, 1900 and 1901 an annual appropriation of \$25,000 was included in the city budget. I believe that the expenditure for additional fire hydrants on requisition of the Fire Department should again be provided for by bond issue, in accordance with section 178 of the Revised City Charter, but I present this estimate of \$20,000 for the current year to make temporary provision for continuing the work of placing additional hydrants, leaving it to your Board to determine whether the expense of these hydrants is a proper charge against bond issues, under the provisions of section 178 of the Charter.

BOROUGH OF BROOKLYN.

The estimates for the Borough of Brooklyn embrace only appropriations payable out of the tax levy. Under section 242 of the Revised Greater New York Charter, your Board is authorized to appropriate, for the maintenance, improvements and extensions of the system of water supply of that Borough, the moneys received from water rents, subject, however, to the charges now imposed by law upon said revenues. An appropriation of \$1,281,905.25 for such maintenance, improvement and extension, was requested by me from your Honorable Body in my

communication of January 13 ultimo. Details as to this appropriation will be submitted whenever your Board comes to act upon this particular subject, but further reference to it is unnecessary at this time.

Rentals of Fire Hydrants.

Departmental Estimate presented in September, 1901.....	\$30,000 00
Final Estimate of late Board of Estimate and Apportionment.....	30,000 00
Present Departmental Estimate for 1902.....	25,000 00

Between January 1, 1898, and December 31, 1901, the Departmental and Final Estimates for hydrant rentals or hydrant service, furnished by the Flatbush Water Works Company, in the Twenty-ninth Ward, Borough of Brooklyn, were made at \$30,000 annually, in accordance with the conditions of a contract made by the former City of Brooklyn, which remained in force until December 31, 1900, and of a renewal at the same price for 1901. When the subject of a further renewal of the contract came before me, I succeeded in inducing the company to accept a reduction of \$5,000 a year in the price to be paid by the city for the service, for a term of three years from January 1, 1902, or until the acquisition by the city of the company's plant in condemnation proceedings.

The only other accounts concerning the Brooklyn water supply which are payable from appropriations in the annual budget and tax levy, and not from Brooklyn water revenue, are for salaries, Deputy Commissioner's Office, Chief Engineer's Office, Bureau of Water Registrar and Laboratory, and for Supplies and Contingencies, all of which will appear in another part of this estimate.

BOROUGH OF QUEENS.**Pumping Stations, Fuel and Supplies.**

Departmental Estimate presented in September, 1901.....	\$28,500 00
Final Estimate of late Board of Estimate and Apportionment.....	28,500 00
Present Departmental Estimate for 1902.....	28,500 00

The actual appropriation in the Final Estimate for 1901 was \$23,000, but this had to be supplemented by a transfer of \$5,000 to meet increased expenses for fuel, oils, etc., caused by greater demands on the water service furnished from the six Pumping Stations in the First Ward (Long Island City) and the Third Ward (Flushing, College Point and Whitestone). Complaints of the inefficiency of the existing service have been received since January 1, hence, as greater calls upon the capacity of the pumps, requiring additional outlay for fuel, etc., are to be expected the full amount of the present estimate should be appropriated.

The items of the estimate are:

4,200 tons of coal at \$5.10 (this price including delivery at stations).....	\$21,420 00
5,000 gallons machinery oil at 60 cents.....	3,000 00
Repairs to engines, boilers and buildings.....	2,000 00
Repairs to wells, etc.....	2,080 00

\$28,500 00**Maintenance and Repairs of Water Pipes, etc.**

Departmental Estimate presented in September, 1901.....	\$35,416 00
Final Estimate of late Board of Estimate and Apportionment.....	30,000 00
Present Departmental Estimate for 1902.....	25,000 00

From the records I find that the Final Estimate for 1901 fixed the appropriation at \$23,000, and that it was supplemented by a transfer of \$3,000, making a total of \$26,000. The Departmental Estimate of the Commissioner of Water Supply, made in September last, asked for an increase of \$10,416. I have concluded that it may be possible to maintain the distributing system from the City's Pumping Stations in the First and Third Wards of the Borough without increase over the appropriation for 1901, as supplemented by transfer; and have, therefore, fixed the amount in this estimate at \$25,000.

The items embraced in the present estimate are:

1 Engineer, in charge of repairs.....	\$1,200 00
2 Tappers, \$1,000 each.....	2,000 00
2 Foremen, 312 days at \$3 per day each.....	1,872 00
3 Caulkers, 312 days at \$3 per day each.....	2,808 00
4 Horses and Wagons, 312 days at \$2 per day each.....	2,496 00
15 Laborers, 312 days at \$2 per day each.....	9,300 00

Total wages of Working Force.....\$19,736 00**Materials for repairs, hydrants, stop-cocks, pipes, etc.....5,264 00****Total estimate.....\$25,000 00****Supplying Water to Long Island City.**

Departmental Estimate presented in September, 1901.....	\$118,625 00
Final Estimate of late Board of Estimate and Apportionment.....	100,000 00
Present Departmental Estimate for 1902.....	100,000 00

On May 16, 1898, the Commissioner of Water Supply, after due authorization by the Board of Public Improvements and the Board of Estimate and Apportionment, made a contract with the Citizens' Water Supply Company of Newtown, by which it was to furnish a supply of water not exceeding a maximum of three million gallons per day for the First Ward (formerly Long Island City). The supply under this contract began June 4, 1898, at the rate of seven hundred thousand gallons per day, and in less than two years the demands on the service increased at a rate which required the full limit of three million gallons per day. On the expiration of this contract a renewal was made for one year, terminating May 29, 1902, requiring the Company to furnish as much water as should in the judgment of the Commissioner become necessary, but not less than five hundred thousand gallons per day. The estimate of \$118,625 in the Departmental Estimate of September last allows for a service of five million gallons per day for the entire year. Under my present estimate of \$100,000 the daily supply would have to be diminished, unless the price per million gallons is reduced to a more equitable figure.

The Company has had a profitable contract with the city for four years, without reduction in price during all this period, and inasmuch as the cost of water delivered in Brooklyn is only \$57 per million gallons, and public maintenance is always more expensive than private, I see no reason why it should not in any new contract abate its price, and I shall hope to succeed in inducing it to do so, especially as the Borough will be likely to require more water than during the past year.

Rentals of Fire Hydrants.

Departmental Estimate presented in September, 1901.....	\$44,550 00
Final Estimate of late Board of Estimate and Apportionment.....	40,000 00
Present Departmental Estimate for 1902.....	44,500 00

Under existing contracts between the four private water companies in the Borough of Queens and the several former villages and towns, the cost of hydrants in use under each contract would for the present year be as follows:

Queens County Water Supply Company, 302 hydrants at \$20.....	\$6,040 00
Jamaica Water Supply Company, 81 hydrants at \$18.....	1,458 00
Jamaica Water Supply Company, 542 hydrants at \$20.....	10,840 00
Citizens' Water Supply Company, 100 hydrants at \$18.....	1,800 00
Citizens' Water Supply Company, 100 hydrants at \$25.....	2,500 00
Citizens' Water Supply Company, 300 hydrants at \$20.....	6,000 00
Woodhaven Water Company, 410 hydrants at \$20.....	8,200 00
478 additional hydrants placed in 1899, 1900 and 1901 at \$20 per year, distributed among the four companies.....	9,560 00

Total.....\$46,398 00**Deduct for estimated interrupted service.....1,898 00****\$44,500 00**

Some of these contracts will expire during the year, but others will outlive the year. The prospect of reduction can therefore hardly be considered in this year's appropriations, although diligent efforts will be made to secure new contracts in all cases at lower rates.

BOROUGH OF RICHMOND.

Pumping Stations, Salaries and Supplies.

Departmental Estimate presented in September, 1901.....	\$13,530 00
Final Estimate of late Board of Estimate and Apportionment.....	7,100 00
Present Departmental Estimate for 1902.....	13,530 00

Last year a bond issue of \$10,000 was authorized for the construction of additional wells at the Tottenville Pumping Station, the only water plant owned by the city in the Borough of Richmond. A contract for the work was made and it is now in progress. The Commissioner of Water Supply also made a contract in December last for extending the water mains and the water service from this plant into several new streets. When these two works are completed it will be necessary to operate the pumping machinery for at least sixteen of the twenty-four hours each day. This requires the services of one additional Engineer and two additional Firemen, which, together with the increased amount of coal and other supplies required for the Pumping Station, account for the increase in the estimate over the appropriation of \$6,950 for 1901, and the advance over the Final Estimate of December last. It is always to be borne in mind that increased demands upon the pumps mean increased expenditure for coal and other supplies, and repairs, in a disproportionately larger ratio.

Rentals of Fire Hydrants.

Departmental Estimate presented in September, 1901.....	\$30,052 50
Final Estimate of late Board of Estimate and Apportionment.....	30,052 50
Present Departmental Estimate for 1902.....	30,052 50

The estimate is based on existing contracts between the two private water companies in this Borough (the Crystal and the Staten Island Water Supply Company) and the former village and town authorities, at prices therein fixed, and the number of hydrants in use. Some of these contracts will expire this year, and upon their termination I shall use my best efforts to obtain lower prices, as the existing prices seem to me to be high. In all cases of hydrant service, in whatever Borough, this Department will aim to see that no payments are made beyond those due for hydrant service actually given.

Relaying Water Mains.

Departmental Estimate presented in September, 1901.....	\$1,000 00
Final Estimate of late Board of Estimate and Apportionment.....	1,000 00
Present Departmental Estimate for 1902.....	1,000 00

Under a still existing contract between the Crystal Water Company and the former town and village authorities, now constituting the Second and Fourth Wards of the Borough of Richmond, the city is obliged to bear one-half the cost of relaying water mains, where such relaying is made necessary by changes in the grades of streets, avenues or roads ordered by the city authorities.

No provision for this was made in the Final Estimate for 1901, in consequence of which accrued bills against the Department of Water Supply on this account remain unpaid, and others will accrue during the current year. The appropriation, therefore, appears to be necessary.

It will be observed that the present estimate does not contemplate any appropriation out of the tax levy for laying new water mains to extend the water service in any of the boroughs. Estimates for such appropriations for the boroughs of Manhattan, The Bronx and Queens appear in the estimate submitted to the late Board of Estimate and Apportionment by Commissioner Dalton in September last, which in making up its budget reached the conclusion that, under the provisions of section 178 of the Revised Charter, the expense of laying additional mains and extending the water service into new streets should properly be charged against bond issues. Therefore, the Board omitted from its budget any appropriation for laying water pipes in any of the several boroughs.

Gas and Electricity.

The Departmental Estimate of September last, the Final Estimate made in December and the present estimate include the expense of lighting, with gas and electricity, during the current year, the streets, highways and public buildings of the several boroughs. The estimated aggregate of this expense is \$2,907,245.57.

The law devolves upon this Department the duty of auditing bills for public lighting, but it is extremely desirable that it shall be clearly understood that this expense is no part of the expense of maintaining and operating this Department. A distinction is to be drawn between expenses required for maintenance and operation of a particular department of the city administration and an expense relating to all the departments, but which is audited through a particular department.

It is obvious that the lighting of the streets and avenues of the city and of its public buildings, the expense of which is audited through the Department of Water Supply, Gas and Electricity, is not a genuine expense of that Department. It seems to me proper, in presenting the first annual estimate for this Department, to call attention to the fact that the estimate includes a contemplated expense for such lighting, of \$2,907,245.57, which, in reality, forms no part of the expense of maintaining the Department itself, but which must be provided for in this Department's estimates.

It may be proper in this connection to remark that the two subjects (lighting and water) are in no sense cognate. The only possible analogy between them lies in the fact that water distribution is through underground pipes—gas distribution through sub-surface mains, and distribution of electricity, in a large measure, by wires placed in subways under the street surface. In all really important features these subjects are widely divergent, and there seems to be no logic in uniting them under one department.

The difficulty of analyzing the appropriations for the former Department of Public Buildings, Lighting and Supplies, of determining what portion is incident to the subjects of gas and electricity alone, and of contrasting the salaries of preceding years with the salaries proposed in this estimate, is, of course, readily evident.

In the estimate which follows, I have separated lighting public buildings from lighting streets, highways, parks, bridges and docks, believing that the two should not be confounded with each other.

LAMPS AND LIGHTING, BOROUGH OF MANHATTAN AND THE BRONX.

Departmental estimate presented in August, 1901.....	\$1,288,270 50
Final estimate of late Board of Estimate and Apportionment.....	1,288,270 50
Present Departmental estimate for 1902.....	1,298,270 75

The Departmental estimate of August last states that it shows an increase of \$51,513.50 over the appropriation for 1901, based on the cost of lighting for one year as it existed July 31, 1901; \$10,683.25, cost of relighting lamps in 1902, that, owing to insufficient appropriation, were extinguished in 1901, and for additional lamps and fixtures for lighting new parks, bridges, streets, etc., amounting to \$40,830.25.

The following are the items of the estimate:

Final estimate of late Board of Estimate and Apportionment.....	930,838 60
Present Departmental estimate for 1902.....	930,838 60

This estimate, like that for Manhattan and The Bronx, is based on the number of street lamps in use on July 31, 1901, and the prices at which the contracts for 1902 were awarded and executed. It shows an increase of \$10,838.60 over the appropriation made in the final estimate for 1901, \$12,838.60 of which is chargeable to increased cost of lighting under the contracts for 1902, and \$28,000 for additional lights and fixtures required in the course of the present year.

The following are the items of the estimate:

This estimate shows a substantial advance over the Departmental estimate presented in August, 1901, which is the amount allowed by the late Board of Estimate and Apportionment. The explanation is that, Commissioner Kearny's estimate of August, 1901, was based upon street lighting as it was on July 1, 1901.

The Departmental Estimate presented by Commissioner Kearny, in August, 1901, the Final Estimate of the late Board of Estimate and Apportionment, and the present Departmental Estimate, are based upon the prices bid and awarded for the contracts for 1902, for gas light and electric light, and upon the estimated quantities of gas and electric light required.

ESTIMATE FOR SALARY APPROPRIATIONS.

I deem it proper to precede the actual estimate for salary accounts by a general statement explanatory of the increases asked for over final estimate made by the late Board in December last. The statement may aid your Board in forming its judgment and determining its action, on the estimate.

It is not to be denied that a large addition is proposed to the salary list in the Water Register's Office, Borough of Manhattan.

The opening of a Water Register's office in the Borough of The Bronx is naturally accompanied by the employment of Clerks and Inspectors in that borough.

It is unnecessary here to argue for the establishment of a Water Register's Bureau in the Borough of The Bronx, because your honorable Board has by resolution already approved of such establishment. The unanimous opinion of the people of the borough upon most substantial grounds favors the opening of such an office.

In defense of the large augmentation of the force of Water Meter Inspectors in the Borough of Manhattan, it is to be said that this additional corps is required in order to render the Bureau efficient in the discovery of frauds upon water meters. The numerous instances of frauds which, since January 1st, have come to light, show that the Water Register's office has need of an adequate number of Inspectors. No one, unless familiar with the water meter service and the variety and ingenuity of the methods employed to prevent full registration of the water supplied to consumers by the city, and of the various schemes and devices used to defeat the city of just water dues, can have an adequate conception of the importance of arming the Water Register's Office with a sufficient body of Inspectors. With a competent and adequate corps of Inspectors I should hope that the water revenues of the city should be enhanced a million dollars a year. The salaries of the new Inspectors should be returned to the city many times over.

The following is a statement of the aggregate of each appropriation asked for, and comparison with the payrolls as they came by transfer to the present Department on January 1, 1902:

	Payroll for January, 1902.	Present Estimate for Salary Accounts.
Salaries—General Administration (combining former appropriations for Central Office and General Administration).....	\$38,200 00	\$69,600 00

The statement required by the Comptroller's circular letter of January 15, in pursuance of the resolution adopted by your Board on January 6, of the salaries paid all officers, clerks and subordinates, according to the last pay-roll of the Department, with names and official titles of the persons receiving such salaries, and in a parallel column, in corresponding detail, the amounts of each of said salaries proposed to be paid during the ensuing year, is hereto appended.

For further elucidation of the subject I give the following statement explanatory of the changes and increases in the several salary appropriations:

Salaries—General Administration.

Present estimate for 1902.....	\$69,600 00
Pay-roll for January, 1902.....	38,200 00
Increase.....	<u>\$31,400 00</u>

Items of Increase.

Salary of Chief Engineer increased from \$7,000 to \$10,000.....	\$3,000 00
Secretary to the Department, new position.....	3,000 00
Stenographer to the Commissioner, vacancy.....	1,200 00
2 Stenographers and Typewriters, additional, required, \$1,000 each.....	2,000 00
1 Clerk to Deputy Commissioner, additional, required.....	1,200 00

3 Messengers (2 provided for in Final Estimate of December, 1901, and in previous annual estimates, but never employed, and 1 additional Messenger required), \$1,000 each.....	3,000 00
1 Consulting Engineer of Water Supply.....	5,000 00
1 Consulting Engineer of Electricity.....	5,000 00

1 Clerk.....	1,000 00
1 Clerk.....	800 00
1 Inspector.....	1,200 00
1 Inspector.....	1,000 00
1 Stenographer and Typewriter.....	1,000 00

Increase \$31,400 00

The positions of Secretary to the Department and Stenographer to the Commissioner are provided for in the Municipal Civil Service rules and classification.

The services of two additional Stenographers and Typewriters, and one Messenger in addition to the two provided for in the Final Estimate of December last, and a Clerk to the Deputy Commissioner are necessary for the conduct of the increased business of the Department.

Section 455 of the Revised Charter authorizes the Commissioner of Water Supply, Gas and Electricity, when authorized by the Board of Estimate and Apportionment and the Board of Aldermen, to employ a Consulting Hydraulic Engineer and a Consulting Engineer of Lighting and Electricity. It is my present intention to apply to your Board and to the Board of Aldermen for such authority, and I therefore, deem it proper that the salaries for such Consulting Engineers be allowed in the revised Final Estimate.

Salaries—Bureau of Water Register, Manhattan.

Present estimate for 1902.....	\$158,328 00
Pay-roll for January, 1902.....	100,428 00

Increase \$57,900 00

The arguments in support of the increase of the force of Water Meter Inspectors to secure to the city a just return of revenue for water supplied through meters are given in a preceding part of this estimate. They apply in like manner to the proposed increase in the force of Clerks by the appointment of eight additional Clerks, at \$900 each.

The items of increase are:

2 General Inspectors of Meters, \$1,500 each.....	\$3,000 00
4 Inspectors of Meters, \$1,300 each.....	5,200 00
13 Inspectors of Meters, \$1,100 each.....	14,300 00
28 Inspectors to read meters, \$1,000 each.....	28,000 00
8 additional Clerks, \$900 each.....	7,200 00
Increase in salary of Stenographer and Typewriter, from \$900 to \$1,000.....	200 00

Total increase \$57,900 00

Salaries—Gas and Electricity, Manhattan.

Present estimate for 1902.....	\$61,785 00
Payroll for January, 1902.....	52,413 00

Increase \$9,372 00

The necessary items of increase are:

6 Inspectors of Electrical Conductors, at \$4 per day each (313 days).....	\$7,512 00
1 Chemist at laboratory.....	2,000 00
Increase in salary of Stenographer from \$1,200 to \$1,300.....	100 00
Increase in salary of Stenographer from \$1,040 to \$1,100.....	60 00

Increase \$9,672 00

Reduction in salary of Private Secretary from \$1,500 to \$1,200..... 300 00

Net increase \$9,372 00

By section 522 of the Revised Greater New York Charter the duty is imposed upon this Department of making inspections of the illuminating gas furnished for public lighting in the city. The Charter says that such inspections may be made as frequently as the Commissioner may think desirable, but not oftener than once a week. Although repeated complaints have for a number of years been made by the public regarding the quality of illuminating gas furnished for private consumption, which is obviously the same illuminant supplied by the gas companies in the public streets and in public buildings, I am informed that no appropriation has ever been made to enable proper tests of the quality of illuminating gas to be made. In my estimate I have included the salary of a chemist and supplies for a laboratory to permit of photometric examination of gas supplied. The additional expense of these tests is for salary of the chemist, \$2,000, and for equipment of a laboratory, \$4,500; total, \$6,500, a very moderate sum. In my judgment it will be wisely expended if it tends to insure the furnishing of such gas illuminant as the Charter requires.

Section 519 of the Charter imposes an obligation upon the head of this department to make tests of electric lighting. The importance of such tests is as obvious as is the importance of tests of illuminating gas. Owing to the fact that no appropriation has heretofore been made, I am informed that no tests of electric light were ever made by the Department of Public Buildings, Lighting and Supplies. Unless this provision of the Charter is to be a dead letter, it will be necessary that a reasonable sum shall be set apart to pay the salaries of Inspectors of Electrical Conductors and the expense of furnishing and equipping an electrical laboratory for the testing of the electric current. It is proposed to employ six Inspectors of Electrical Conductors, at \$4 per day, total annual salary, \$7,512, and to expend for laboratory purposes, \$7,488, or an aggregate of \$15,000.

As to the wisdom of the contemplated expenditures, I entertain no doubt; in fact, unless appropriation is made for such purposes, it will not be possible for this Department to discharge its duty in making tests of gas and electric light.

As the expense of equipping a laboratory for testing gas and one for testing electrical current does not come under this division of the present Departmental estimate, the estimate of these laboratories will follow below.

Salaries—Deputy Commissioner, Clerks and Inspectors.

Payroll for January, 1902.....	7,552 00

Increase \$26,804 00

The largest item of this increase is for the establishment of a Bureau of Water Register in the Borough of The Bronx, alluded to on page 32 of this document, where the necessity for such Bureau is explained.

For this Bureau the following is required:

Water Register.....	\$2,500 00
Cashier.....	2,000 00
1 Clerk.....	1,200 00
3 Clerks at \$1,000.....	3,000 00
3 Clerks at \$900.....	2,700 00
5 Inspectors of Meters and Water Consumption at \$1,000.....	5,000 00
1 Stenographer and Typewriter.....	1,000 00
1 Messenger.....	1,000 00

On account of gas and electricity the following additions are made in this estimate:

2 Electrical Inspectors, \$4 per day, 313 days.....	\$2,504 00
3 Inspectors of Lamps and Gas, \$1,000 each.....	3,000 00

3 Clerks, \$900 each.....	2,700 00
Increase in salary of Stenographer and Typewriter from \$800 to \$1,000.....	200 00

8,404 00

Total increase..... \$26,804 00

Salaries—Deputy Commissioner's Office, Brooklyn.

Payroll for January, 1902 (including Deputy Commissioner, vacant).....	\$15,100 00
Present estimate for 1902.....	12,600 00

Reduction \$2,500 00

The reduction has been made by abolishing the position of Secretary, who received a salary of \$2,500.

Salaries—Laboratory, Brooklyn.

Present estimate for 1902.....	\$5,600 00
Payroll for January, 1902.....	5,200 00

Increase \$400 00

The increase is for the proposed advance in the salary of the Biologist in charge of the Laboratory, from \$2,000 to \$2,400.

Salaries—Deputy Commissioner, Cashier, Inspectors, etc., Richmond (Water Supply).

Present estimate for 1902.....	\$7,700 00
Payroll for January, 1902 (including salary of Deputy Commissioner, vacant).....	6,366 66

Increase..... \$1,333 34

The item of increase is solely in the salary of the Deputy Commissioner. Prior to January 1 there was a Deputy Commissioner, combining the necessary functions under the Departments of Water Supply, Highways and Sewers, each Department paying him one-third of his salary of \$5,000—viz., \$1,666.66. It is proposed to appoint a Deputy Commissioner in the borough for this Department, at a salary of \$3,000, when authority for the appointment is obtained from the State Legislature by amendment of section 468 of the Revised City Charter, which now limits the appointment of Deputies in this Department to one at the Central Office, one for the Borough of Brooklyn and one for the Borough of The Bronx.

I bespeak, also, an increase of appropriation to enable me to establish what may be denominated "A Bureau of Supplies." My purpose in establishing such a bureau is to secure the purchase of all minor supplies for use in the various boroughs through a central bureau. There are many supplies required in the various Pumping Stations and elsewhere which, inasmuch as they do not aggregate \$1,000, are purchased upon requisitions or orders and are not the subject of public bidding. The Department has aimed to establish a system of competition by requesting various manufacturers and dealers to send in bids.

The experience of two months has shown that large economies are possible if such a bureau should be established. There is no reason why a particular article required in the various bureaus should be purchased in each borough separately, when a supply for all the boroughs might be bought of a wholesale dealer or manufacturer at a liberal discount. The custom has heretofore prevailed of having an article required at the Pumping Stations in Manhattan and The Bronx bought at one place, while a similar article, when needed for use in the Pumping Stations of the Brooklyn Water Department, might be purchased at an entirely different place; and the same thing has happened in the boroughs of Queens and Richmond.

If these supplies are purchased in larger lots they can ordinarily be bought at lower figures. I may add that the articles in this category purchased this year are similar in quality to, if not better, than the articles purchased last year. The total of this class of small supplies (under \$1,000) bought for use in the various boroughs during the year 1901 was about \$157,000. The percentage of saving, taking the experience of the last two months as a basis, is about 23 per cent. on the average. If the saving should amount to 23 per cent. of the total expenditure, the city, for an outlay for the establishment of the bureau of, say, \$8,000, will save the difference between 23 per cent. of \$157,000 and \$8,000, or \$28,000.

There will be required for the organization of the bureau 1 Chief Clerk, a Stenographer, 2 Inspectors, 3 Clerks, at an estimated cost of \$8,000, which I have included in "Salaries, General Administration."

Not only will the supplies thus be bought at closer figures, but a system will thus be established whereby the articles purchased will be examined and the delivery of the same ascertained and checked. Under the method heretofore prevailing there has really been no plan for ascertaining either that the articles purchased conformed in quality with those required or that the articles were in fact delivered.

ESTIMATE FOR SUPPLIES AND CONTINGENCIES.

The appropriations asked in this estimate for "Supplies and Contingencies" are necessarily larger than those requested in September last, and probably larger than they will be next year, for the following reasons:

The consolidation of the Bureaus of Gas and Electricity with the former Water Department makes it necessary that the business of the Department be systematized upon a new basis. New accommodations are needed and have been obtained in this building by arrangement with the President of the Borough of Manhattan, through the initiative of the Comptroller. New quarters for this Department in the Municipal Building, Borough of The Bronx, have been approved by resolution of your Board and will be assured as soon as the Board of Aldermen shall have concurred in such resolution. Additional rooms in the Municipal Building, Borough of Brooklyn, are also required, not only for the transaction of departmental business, but for sanitary reasons as well. The furnishing and fitting up of new quarters in the boroughs of Manhattan and Brooklyn and the opening of a Water Register's office in the Borough of The Bronx, with necessary furnishings and fittings, as well as changes in other boroughs caused by the consolidation of new bureaus with the Department of Water Supply, partially explain the increase in the estimate for "Supplies and Contingencies."

I also include in the estimate the necessary amounts for equipping a laboratory for gas tests and a laboratory for testing electrical current, alluded to in a preceding part of this document.

Upon the request made in my communication of February 10, your Board transferred to the appropriation of this Department for "Supplies and Contingencies, 1902," the sum of \$1,500 from the appropriation made to the President of the Borough of The Bronx, entitled "Bureau of Public Buildings and Offices, Supplies and Repairs," and the further sum of \$2,587 from the like appropriation made to the President of the Borough of Manhattan, making a total of \$4,087 for the specific purpose of furnishing, fitting up and altering offices assigned to this Department on the 13th, 15th, 17th and 19th floors in this building. It remains, therefore, to provide for the current expenditures for supplies and contingencies for the year, with proper allowance for furnishing and fitting up additional offices to be assigned to the Department in the Municipal Building, Borough of Brooklyn. The larger part of the expense involved is to be provided for by transfers from appropriations made in the final estimate of December last to Borough Presidents for supplies to public buildings and offices, and to that extent the present estimate will add nothing to the budget for 1902 and should not figure as an increase in this estimate over the final estimate of December last.

With these explanations I present the following estimate:

SUPPLIES AND CONTINGENCIES.

Central Office and Boroughs of Manhattan and The Bronx.

Departmental Estimates Presented in August and September, 1901—	
Water Supply, Contingencies only.....	\$5,000 00
Gas and Electricity, Supplies.....	5,000 00
Gas and Electricity, Contingencies.....	1,500 00

\$11,500 00

Final Estimate of late Board of Estimate and Apportionment—	
Water Supply, Contingencies.....	\$5,000 00
Allotment to this Department from appropriation for Supplies made to former Department of Public Buildings, Lighting and Supplies, out of a total of \$53,000.....	5,000 00
	<u>\$10,000 00</u>

Present Departmental Estimate for 1902—	
Appropriated in Final Estimate of late Board.....	\$10,000 00
Additional amount required.....	9,087 00
	<u>\$19,087 00</u>
Less amount already provided by transfer.....	\$4,087 00
	<u>\$15,000 00</u>

LABORATORIES FOR GAS AND ELECTRICITY.

For equipment of laboratory for testing gas (new appropriation).....	\$4,500 00
For equipment of laboratory for testing electrical current (new appropriation).....	\$7,488 00

Borough of Brooklyn.

Departmental Estimates presented in August and September, 1901—	
Water Supply, contingencies, including \$2,500 for laboratory.....	\$7,000 00
Gas and Electricity, contingencies.....	1,000 00
	<u>\$8,000 00</u>

Final Estimate of late Board of Estimate and Apportionment.....	\$6,000 00
Present Departmental Estimate for 1902 (Contingencies)—	
Deputy Commissioner's Office.....	\$1,000 00
Chief Engineer's Office.....	2,500 00
Water Registrar's Office.....	1,500 00
Laboratory.....	4,000 00
Gas and electricity.....	5,500 00
	<u>\$14,500 00</u>

Required for office furniture and supplies, to be provided for from the appropriation of \$140,000 for "Supplies and Repairs" made to the President of the Borough of Brooklyn.....	\$20,000 00
---	-------------

The late Board of Estimate and Apportionment in its Final Estimate for 1902 made no allotment to this Department for office furniture and supplies out of the appropriation of \$140,000 for "Supplies and Repairs" made to the President of the Borough of Brooklyn, but inserted the proviso, "this appropriation to be subject to drafts by transfers to be made by the Board of Estimate and Apportionment to Departmental appropriations for the purchase of supplies."

This estimate shows an increase of \$500 for contingencies, Engineer's Office, and \$1,000 for contingencies, Water Registrar's Office, Borough of Brooklyn, over the amounts allowed in the Final Estimate of the late Board, it having been found in the course of the past year that the allowances in the Final Estimate were then inadequate and would be inadequate for the current year. My estimate also shows an increase of \$1,500 for contingencies, Laboratory. This becomes necessary by reason of the greatly increased work which will be performed in the Laboratory of analyzing gas and analyzing water supply in the Borough of Queens, this work being added to the ordinary work heretofore done.

No provision for contingencies for the Bureaus of Gas and Electricity was made in the Final Estimate of the late Board. When these Bureaus were part of the Department of Public Buildings, Lighting and Supplies they shared in the appropriation for "Contingencies" made to that Department.

Borough of Queens.

Departmental Estimates presented in August and September, 1901—	
Water Supply, contingencies only.....	\$3,000 00
Gas and Electricity, contingencies.....	
Gas and Electricity, supplies.....	
	<u>\$3,000 00</u>

Final Estimate of late Board of Estimate and Apportionment—	
Water Supply, contingencies.....	\$2,500 00
Gas and Electricity, contingencies.....	
Gas and Electricity, supplies.....	
	<u>\$2,500 00</u>

Present Departmental Estimate for 1902.....	\$2,500 00
---	------------

As in the case of the Borough of Brooklyn, no allotment was made in the Final Estimate of the late Board to this Department from the appropriation of \$35,000 for "Supplies and Repairs" to the President of the Borough of Queens, but the same proviso for drafts by transfers to Departmental appropriations is included. No provision for contingencies on account of gas and electricity was made in either the Departmental or Final Estimate.

BOROUGH OF RICHMOND.

Departmental Estimates presented in August and September, 1901—	
Water supply, contingencies only.....	\$500 00
Gas and electricity, contingencies.....	500 00
	<u>\$1,000 00</u>

Final Estimate of late Board of Estimate and Apportionment.....	\$500 00
---	----------

Present Departmental Estimate for 1902—	
Water supply, contingencies.....	\$500 00
Gas and electricity, contingencies.....	500 00
	<u>\$1,000 00</u>

The increase of \$500 over the Final Estimate of the late Board is required for contingencies for account of the Bureaus of Gas and Electricity, added to this Department.

A brief comparison of the present estimate with the Departmental Estimates of August and September last, and with the Budget as fixed by the late Board of Estimate and apportionment may be instructive. The totals of the Departmental Estimates presented by the Commissioner of Water Supply and the Commissioner of Public Buildings, Lighting and Supplies, so far as they are applicable to this Department are.....

This included laying water pipes in the boroughs of Manhattan and The Bronx and Queens, items, which, as heretofore explained in this estimate, the late Board of Estimate and Apportionment proposed to make the subject of bond issues under section 178 of the Charter.....

Net amount of former Departmental Estimate.....	\$4,504,087 65
---	----------------

Totals of final estimate made by the late Board of Estimate and Apportionment in December last.....	\$4,341,741 90
---	----------------

Total of present estimate.....	\$4,506,697 57
--------------------------------	----------------

The present estimate contemplates certain new expenditures which are distinctly in the public interest, viz., for additional Water Meter Inspectors in the Borough of Manhattan, Water Register's Bureau in the Borough of The Bronx, Inspectors and Laboratories for testing gas and for testing electric light. There is also absolutely required an advance of \$18,217 over Commissioner Kearny's estimate for lighting in the Borough of Queens, and \$10,000 for additional lighting in The Bronx over his estimates for such additional lighting, made last August.

The water revenue of the city can be greatly augmented if additional Water Meter Inspectors are employed. With the present force in Manhattan, which is not only relatively but even actually smaller than the force in Brooklyn, meter inspections cannot be frequently made, and frequency of inspection is a sure method of testing irregularities in a meter.

The quality of the gas supplied for city uses and the intensity of the electric current furnished for public lighting have never been tested for the simple reason that no appropriation has been made for such purpose. This policy of inaction should cease; appropriations should be made so as to qualify the Department to obey the law as to testing gas and electric light, or the law should be abrogated.

It is to be remembered that the great bulk of the expenses of maintaining the Brooklyn water system is payable out of the Brooklyn Water Revenue Fund, and that the appropriations for such maintenance do not appear in the present estimate. A comparison between the final estimate, made by the late Board of Estimate and Apportionment, in December last, and the present revised estimate, cannot be completely made unless the difference between the proposed cost of the maintenance for 1902 of the Brooklyn water system, on the basis of the December payroll of last year, and the estimate set forth in my letter to your Board of January 15, 1902, be considered. To make the comparison perfectly complete, it should be stated also that the proposed expense of \$21,567.50 for surveys of the Catskill watersheds, has been dispensed with by me.

The following tabular comparison illustrates the justice of the foregoing statement:

Appropriation made December, 1901, to the Department (payable out of the tax levy).....	\$4,341,741 90
Appropriation requested for the maintenance of the Brooklyn water system, estimated upon the basis of the payroll for December, 1901.....	1,394,429 05
Proposed expenditure for engineering and surveying force employed on surveys in the watersheds of the Catskill and Esopus Rivers.....	21,567 50
	<u>\$5,757,738 45</u>

Departmental Estimate for the revision of the 1902 appropriations (payable out of tax levy).....	\$4,506,697 57
--	----------------

Departmental Estimate of January 15, 1902, of moneys required from Brooklyn Water Revenue Fund to defray cost of maintenance of Brooklyn water system.....	\$1,281,905 25
	<u>\$5,788,602 82</u>

The water supply of this metropolis cannot be managed upon a parsimonious basis. The water system is of vital importance; it is conducted not only so as to be self-sustaining but even profitable, for a reasonable margin of the water revenue remains, after expenses of maintenance and interest charges for the creation of a sinking fund. In the few instances where slight increases in appropriations are sought, the city will, it is believed, be amply compensated for the outlay. Every expense contemplated in the estimate will be conducive to the greater efficiency of the Department, and is, in my judgment, necessary for its proper operation.

Very respectfully,

J. HAMPDEN DOUGHERTY,
Commissioner of Water Supply, Gas and Electricity.

Which was ordered on file.

POLICE DEPARTMENT.

Report for Quarter Ending September 30, 1901.

Honorable SETH LOW, Mayor, New York City:

Sir—Pursuant to section 1544, chapter 466, Laws of 1901, the Police Commissioner of the Police Department of The City of New York hereby submits the following report of the operations and transactions of the Police Department and force for the three months ending September 30, 1901.

REPORT.

On the 30th day of September, 1901, the number of the force of all grades (including those on probation) was 7,565.

Sick Time.

The time lost by members of the force by reason of sickness, disability and injuries received for the quarter, and the details thereof, will be found in schedule annexed marked "A," from which it will be seen that the sick time lost was 20,020½ days; the sick time paid, 10,010½ days, and sick time unpaid, 10,010½ days. Total days' time of the force was 673,906 days. Per cent. of sick to full time, 2.97; for preceding quarter, 2.74.

Arrests.

The total number of arrests by the police force during the quarter was: Males, 28,245; females, 7,243; total, 35,488. Number arrested for principal felonies, 2,584; number discharged without trial, 746; number acquitted, 264; number convicted, 307; number sent to other authorities, 61; number died, 4; number pending, 1,202.

Lost Children.

Males, 507; females, 244; total, 751. Restored to parents or guardians, 720; other dispositions, 30. Of this number there were disposed of from Central Office 561.

Note.—In Felony Report the Nineteenth Precinct is omitted, the records being in possession of the District Attorney.

Schedule "B" contains a valuable collection of miscellaneous statistics, to which attention is respectfully called.

Note.—The discrepancy existing between the number of arrests for particular offenses in Felony Report and General Report (in Schedule "B") is accounted for by the fact that the General Report is made up from the Daily Returns from the station houses and the Felony Report is made from the Quarterly Returns. An offense charged in the station house at the time of the arrest is liable to be, and often is, changed to a greater or less offense on evidence elicited before the Magistrate.

Police Department of The City of New York,
No. 300 Mulberry Street, New York,
October 1, 1901.

MICHAEL C. MURPHY, Esq., Commissioner and Chief of Police:

Sir—In conformity with the rules of the Department, I herewith respectfully submit a report of the service of this bureau for the quarter ending September 30, 1901.

The report contains the number of steam boilers examined, tested hydrostatically, and their condition; together with the number of applicants examined as to their qualifications as engineers and firemen to take charge of and operate stationary and portable steam boilers and engines in The City of New York; the number of arrests made for violation of the Steam Boiler Law, and the disposition of the same by the City Magistrates. Also the amount of money paid to the Treasurer of the Police Pension Fund collected from the owners of steam boilers for certificates of inspection, as provided by chapter VIII. of chapter 378 of the Laws of 1897 (Charter).

Respectfully submitted,

FRANK MANGIN, Jr., Sergeant in Command Sanitary Company.

BOARD OF ELECTIONS.

Adjourned meeting of the Board of Elections, held Friday, March 21, 1902, at 12 o'clock m.

Present—Commissioners Voorhis, Page and Dady.

The reading of the minutes of the meeting held on the 19th instant was, on motion, dispensed with.

The resignation of William Fox, Clerk, assigned to duty at the Branch Office, Borough of The Bronx, dated the 20th instant, was received, and accepted, to take effect from and after the date of said resignation. Resignation filed.

Duplicate contract duly executed by the Board of Elections of The City of New York and the New York and New Jersey Telephone Company, for telephone service in the Branch Office, No. 44 Court street, Borough of Brooklyn, for \$150 per annum; and supplemental contract, for telephone connection and service with police wire from Police Headquarters in Brooklyn to said office, for \$30 per annum; also supplemental contract for telephone connection between the Police Station House in Stapleton and the Branch Office, in Savings Bank Building, Borough of Richmond, for \$25 per annum, were received and ordered on file.

A communication was received from P. J. Scully, City Clerk, inclosing letter from John Boma, Rochester, N. Y., the latter inclosing pamphlet in relation to the "Boma Ballot Machine," and asking for information as to the size and character of the ballot voted in this city at the last election, was received and referred to the Chief Clerk of the Board to answer. Filed.

The Board then adjourned.

CHARLES B. PAGE, Secretary.

JOHN McG. WOODBURY, Commissioner.

BOROUGH OF MANHATTAN.

MINUTES OF BOARD OF LOCAL IMPROVEMENTS, WASHINGTON HEIGHTS.

At a meeting of the Board of Local Improvements of the Washington Heights District, held March 3, 1902, the following members were present: Aldermen Florence, Klett, Meyers and Goodman, and President Cantor.

The President submitted a petition signed by William A. McQuade and twenty-four others, requesting that crosswalks be laid across Broadway at Dyckman street and in front of Public School No. 52.

On motion, it was resolved to send the matter to the Superintendent of Streets and Roads and that he be requested to lay a temporary crosswalk at these locations.

The President submitted a petition from Joseph A. Hayden and two others, requesting that One Hundred and Sixty-seventh street, from Amsterdam avenue to Broadway, be regulated, graded, curbed and flagged.

On motion, the following resolution was introduced and adopted:

Resolved, That, pursuant to section 433, chapter 466, of the Laws of 1901, the President of the Borough of Manhattan be authorized, with the consent of the Board of Estimate and Apportionment, to proceed to regulate and grade, curb and flag One Hundred and Sixty-seventh street, from Amsterdam avenue to Broadway.

The President submitted a petition from Robert H. Newman and ten others, requesting that One Hundred and Seventy-first street, between Amsterdam avenue and Broadway, be regulated and graded, curbed and flagged.

On motion, the following resolution was adopted:

Resolved, That, pursuant to section 433, chapter 466, of the Laws of 1901, the President of the Borough of Manhattan be authorized, with the consent of the Board of Estimate and Apportionment, to proceed to regulate and grade, curb and flag One Hundred and Seventy-first street, from Amsterdam avenue to Broadway.

The President submitted a communication from Fred, Grasmuck, requesting that another course of flagging be laid on both sides of Edgecombe avenue, between One Hundred and Forty-second and One Hundred and Forty-third streets.

The following resolution was introduced and adopted:

Resolved, That, pursuant to section 435, chapter 466, of the Laws of 1901, the Board of Local Improvements of the Washington Heights District recommends to the President of the Borough of Manhattan that another course of flagging be laid on both sides of Edgecombe avenue, between One Hundred and Forty-second and One Hundred and Forty-third streets.

The President presented to the Board petitions from John Baker, requesting that the grade of One Hundred and Thirty-fifth street, from Broadway to Riverside Drive extension, be changed so as to conform to the grade of said extension of Riverside Drive, and lay out upon the official maps of the city West One Hundred and Thirty-sixth street, from Broadway to Riverside Drive extension, and establish a grade therefor.

On motion, the following resolutions were introduced and adopted:

Resolved, That the Board of Local Improvements of the Washington Heights District recommends to the Board of Estimate and Apportionment that the grade of One Hundred and Thirty-fifth street, from Broadway to Riverside Drive extension, be changed so as to conform to the grade of said Riverside Drive extension.

Resolved, That the Board of Local Improvements of the Washington Heights District recommends to the Board of Estimate and Apportionment that One Hundred and Thirty-sixth street, from Broadway to Riverside Drive extension, be laid out on the official map of The City of New York.

The President presented a petition from John O. Baker, requesting that proceedings be taken to acquire title to West One Hundred and Thirty-sixth street, between Broadway and Riverside Drive extension.

The petition was laid over, because no action could be taken until the map or plan of The City of New York was changed in accordance with the foregoing resolution in reference to One Hundred and Thirty-sixth street, between Broadway and Riverside Drive extension.

The President submitted a petition from Hon. John L. Florence praying that two additional tracks be laid on Lenox avenue, between One Hundred and Tenth and One Hundred and Forty-first streets. Mr. Charles Dayton appeared before the Board in support of this project.

The following resolution was introduced and adopted:

Resolved, That the Board of Local Improvements of the Washington Heights District recommends to the Board of Rapid Transit Commissioners the construction of two additional tracks on Lenox avenue, between One Hundred and Tenth and One Hundred and Forty-first streets.

On motion, the meeting adjourned.

GEORGE W. BLAKE, Secretary.

MINUTES OF BOARD OF LOCAL IMPROVEMENT, RIVERSIDE.

At a meeting of the Board of Local Improvements of the Riverside District, of the Borough of Manhattan, held March 3, 1902, the following members were present: Aldermen Holmes and Jones and President Cantor.

The President submitted a petition signed by S. D. Brewster and twenty-three others, requesting that the roadway of Eightieth street, from Manhattan to Columbus avenue, be repaved with asphalt.

On motion, the following resolution was introduced and adopted:

Resolved, That the Board of Local Improvements of the Riverside District, of the Borough of Manhattan, recommends to the President of the Borough of Manhattan that Eightieth street, from Manhattan to Columbus avenue, be repaved with asphalt.

The President submitted petitions signed by J. L. Brower, of the West End Association, asking that Ninetieth street, between Broadway and Riverside Drive, be asphalted, and that Eighty-ninth street, between the same points, be asphalted.

On motion, the following resolutions were introduced and adopted:

Resolved, That the Board of Local Improvements of the Riverside District, of the Borough of Manhattan, recommends to the President of the Borough of Manhattan that Ninetieth street, between Broadway and Riverside Drive, be asphalted.

Resolved, That the Board of Local Improvements of the Riverside District, of the Borough of Manhattan, recommends to the President of the Borough of Manhattan that Eighty-ninth street, between Broadway and Riverside Drive, be asphalted.

The President submitted a communication from the Commissioner of Public Works, recommending the repair of sidewalk at the northwest corner of Central Park West and Seventieth street.

On motion, the following resolution was introduced and adopted:

Resolved, That the Board of Local Improvements of the Riverside District, pursuant to the provisions of section 433, chapter 466, of the Laws of 1901, recommends to the President of the Borough of Manhattan that sidewalk on the northwest corner of Central Park West and Seventieth street be repaired.

On motion, the meeting adjourned.

GEORGE W. BLAKE, Secretary.

in order that the name of the former Mayor may be given, as originally intended by the Commissioners of the Fire Department, to the fireboat now known as the "Robert A. Van Wyck," said boat having been built during the administration of Mayor Strong, "with an appropriation secured as the result of his personal exertions," and completed, launched and regularly christened the "William L. Strong," but name subsequently changed by Fire Commissioner to "Robert A. Van Wyck." Request granted, and Commissioner of the Fire Department requested to attend to the matter of changing the name of the "Strong" to "The Bronx."

From Board of Estimate and Apportionment, transmitting copy of a resolution which reads as follows:

"Resolved, That, pursuant to the provisions of section 3, chapter 626, of the Laws of 1896, as amended by chapter 642, of the Laws of 1897, the Board of Estimate and Apportionment hereby approves of the extra work and changes in the contract and specifications of P. J. Carlin & Co., for extra work in the new City Prison, in heating prison, repairing caisson and keeping water out of pit in boiler room while repairs to caisson are in progress, at a cost of one thousand five hundred dollars (\$1,500), as requested by the Commissioner of Correction, under date of February 17, 1902, subject, however, to the consent thereto, in writing, of the contractor and his sureties. This approval is given on the express understanding that the plans and specifications for the repairs to caisson shall be approved by the Consulting Architect, Mr. George B. Post, and the city reserves the right to charge the expense of the repairs to caisson to P. J. Carlin & Co., if it is finally determined, after taking up the present caisson, that it was not built as per specifications of general contract of P. J. Carlin & Co." Proposal of P. J. Carlin & Co. to do the work for the sum of \$1,500 accepted, provided the requirements of the Board of Estimate and Apportionment are complied with.

Report of Acting Captain Cray, Eighteenth Precinct, as to absence without leave of Patrolman Patrick Smith.

Communication from Corporation Counsel relative to proposal of Communipaw Coal Company to supply the Police Department with coal for steamboat, with insertion therein of "strike" clause.

Whereas, in the Departmental Estimate of the Police Department of The City of New York, for the year 1902, application was made for an appropriation for account entitled "Supplies for Police" in the sum of \$440,193.55, including therein the sum of \$60,000 for the item "Gas and Light for Station Houses and Central Department."

Whereas, The Board of Estimate and Apportionment appropriated for the year 1902, for account entitled "Supplies for Police" including such item, the sum of \$312,000, leaving a deficit of \$128,193.55, which would leave for expenditure for item "Gas and Light for Station Houses and Central Department" approximately the sum of \$42,600.

Whereas, The Commissioner is informed that under the Greater New York Charter the Commissioner of Water Supply, Gas and Electricity shall have cognizance and control of the making and performance of contracts, and for the execution of the same in the matter of furnishing the city or any part thereof with gas, electricity or other illuminant, etc., and

Further, That the Commissioner of Water Supply, Gas and Electricity, under and in conformity to the ordinances regulating contracts, shall prepare the terms and specifications under which the contract shall be made for lighting public buildings; therefore,

Ordered, That the opinion of the Corporation Counsel be and is hereby respectfully requested as to whether in the meaning of the Charter station houses and buildings assigned to and occupied by the Police Department shall be considered public buildings, and that for such purpose whether the said buildings come under the jurisdiction of the Commissioner of Water Supply, Gas and Electricity, so far as the lighting of the same is concerned, and whether it is the duty of the Police Commissioner to request the Board of Estimate and Apportionment to transfer to the Department of Water Supply, Gas and Electricity the said sum of \$42,600 for the disbursement by Commissioner of said Department of the expense of lighting said buildings.

Referred to the Comptroller.

Requisition No. 566, deductions from payrolls for February, sick time, etc., \$32,589.90.

Requisition No. 567, deductions from payrolls, Health Department, Manhattan, \$63.02.

Dismissed from the Force.

Patrolman Frank P. Carter, Fifth Precinct, neglect of duty, absent without leave five days and more.

Patrolman Patrick J. O'Sullivan, Seventh Precinct, neglect of duty, absent without leave five days and more.

On reading and filing opinion of the Corporation Counsel dated March 13, 1902, wherein it appears that the bid of the Communipaw Coal Company is informal, in that the bidder has inserted conditions and stipulations not required or desired by The City of New York.

Ordered, That upon the approval of the sureties by the Comptroller, the contract for supplying eight hundred tons (2,240 pounds) of anthracite coal for use of the steamboat of the Police Department of The City of New York, in pursuance of specifications, stipulations and agreements be and is hereby awarded to Bacon &

Co., at \$4.75 per ton, they being the lowest bidders, such coal to be Wyoming coal, mined by the Lehigh Valley Coal Company, to be delivered at the foot of North Ninth street, Brooklyn, East river, at Lowell M. Palmer's dock.

On reading and filing the opinion of James McKeen, Assistant Corporation Counsel, Brooklyn, relative to case in the Supreme Court, Kings County, of the People ex rel. Antonio F. Vachris against John N. Partridge, Police Commissioner, etc.,

Ordered, That the name of Antonio F. Vachris, the above-named relator, be placed upon the roll of Detective Sergeants of Police, in the Police Force of The City of New York, with the rank and pay of Sergeant of Police, with such rank and pay as of the 1st day of March, 1902, and that return be made to writ.

On reading and filing communication from Thomas B. Leahy, contractor for the building of the station house for the Thirty-seventh Police Precinct, requesting assignment for the sum of \$31,472.50 in favor of the Mutual Bank, being the final estimate on contract due in thirty days from March 14, 1902, which is the date of final warrant.

Ordered, That such assignment be approved.

Meeting called to order at 3 p. m.

Present—Messrs. F. C. Moore, W. J. Fryer, W. A. Conover, W. C. Smith, C. O'Reilly, Chief Croker and A. F. D'Oench, Chairman.

Minutes of the meeting of the 11th instant read, and on motion duly made and seconded, approved.

Appeal No. 44 of 1902, New Building 1680 of 1901 (previous Appeal No. 34 of 1902), premises No. 210 Fifth avenue, through to No. 1132 Broadway, John B. Snook & Sons, architects and appellants: "To omit additional line of stairs and offering amendment to original plans as follows: The main hall partitions enclosing entrance on Fifth avenue to be solid fireproof terra cotta blocks without access from hall and main stairway of apartments to basement. The elevator enclosing throughout to be solid fireproof terra cotta blocks with metal covered doors, casings and jambs, and all glazed openings to be wire glass. The lower two stories (store and second story) to be shut off from floors above, so as to prevent spread of fire or smoke. The fire escapes in court afford two continuous lines of stairs, with access to each apartment and main hall at each story, and to roof of adjoining building on the north." Mr. Weekes appeared in explanation.

On motion duly made and seconded, approved.

Appeal No. 45 of 1902, New Building 1042 of 1901, Oscar Hammerstein, appellant, William E. Mowbray, architect, premises north side of Thirty-fourth street, 175 feet west of Eighth avenue, through to West Thirty-fifth street: "It is claimed that an equally good or more desirable form of construction can be employed for the construction of the proscenium wall of theatre, for the following reasons:

"1. Owing to the clear span of 67 feet 6 inches and the clear height of 55 feet of proscenium opening, the architect, after three lengthy consultations with Mr. Bowman, engineer in chief of the Phoenix Steel and Iron Company of Phoenixville, Pa., preferred to use the steel truss and the steel columns which are imbedded in brickwork, in connection with two partitions constructed of 6-inch 13-pound steel I beams with cross braces and filled in with 6-inch thick hollow burned clay terra cotta fireproof blocks set in pure Portland cement mortar, and with an intervening space 1 foot four inches wide, filled in to top with mineral wool, or asbestos packing, or other fireproof materials approved by the Superintendent of Buildings, in preference to a brick arch built of rowlock brick courses laid in cement mortar over box girder with skewbacks. Complete drawings in detail will be filed for this construction, as shown, by Mr. Bowman, engineer in chief Phoenix Steel and Iron Company of Phoenixville, Pa.

"2. The thrust resulting from a brick arch of such a great span and at such a great height above the earth surface will require an excessive strength in skewback, and in the box girder underneath the brick arch, to support the wall and arch.

"3. The principal duty of the brick wall and the brick arch over the proscenium is that of a fire stop or fire-resisting material between the stage and the auditorium, as well as to support a small section of the roof.

"4. The method of construction as proposed is the first known example of applying to the necessities of theatre construction the principles of modern steel construction, such steel construction not being thought a possibility at the time the law regarding the construction of proscenium walls in theatres was first passed.

"5. The construction as shown, of a truss supporting two six inch I beam partitions filled in with 6-inch hollow burnt terra cotta blocks, and with the intervening space filled in with mineral wool, asbestos fibre or other fireproof materials, as approved by the Superintendent of Buildings, will provide an equally good and more desirable form of construction."

Mr. Mowbray appeared before the Board in explanation, and was directed to prepare detailed drawings of the arch construction; the matter, on motion duly made and seconded, being laid over for two weeks.

Appeal No. 46 of 1902, Alteration 196 of 1902, premises Nos. 529 to 545 East Sixty-eighth street, The Rusling Company, architects and appellants. "The Central Brewing Company have a system of pipes on the roof for storing beer, over these pipes water is continually running to keep the same cool. It is proposed to inclose these pipes to keep the direct rays of the sun from them, at the same time to have the inclosure open as much as possible for a circulation of air. The frame of the house will be constructed of steel and covered with galvanized iron louveres about three inches apart, as per detailed plans."

A representative of the Rusling Company appeared before the Board in explanation of the appeal.

On motion duly made and seconded, approved.

The Chairman presented a communication from Messrs. Clinton & Russell, requesting a reconsideration of Appeal No. 21 of 1902, Matter of Iron Shutters, premises Nos. 69 and 71 East Eighth street. Mr. McDonald appeared in explanation.

On motion duly made and seconded, reconsideration granted; referred to Chief Croker for examination and report.

Appeal No. 43 of 1902, Matter of Iron Shutters, premises No. 59 East Eighth street, F. R. Walker, owner and appellant.

On motion duly made and seconded, referred to Chief Croker for examination and report.

Appeal No. 37 of 1902, Matter of Iron Shutters, premises No. 42 West Ninety-ninth street, H. F. Bindseil, appellant. On presentation of report made by Chief Croker, dated March 15th instant appeal was denied.

Appeal No. 30 of 1902, Matter of Iron Shutters, premises No. 411 West Seventeenth street, Charles H. Peckworth, appellant. On presentation of report made by Mr. W. A. Conover, dated March 18th instant, appeal was granted.

The Chairman presented a communication from George McAneny, Esq., Secretary of the Municipal Civil Service Commission, authorizing and confirming the transfer of Mrs. Minna M. Dyke Clark, Stenographer and Typewriter, from the Bureau of Buildings for the Borough of Manhattan to the Board of Examiners of The City of New York, said transfer to take effect March 17, 1902. Ordered on file.

Adjourned.

BOROUGH OF THE BRONX.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX, MUNICIPAL BUILDING, CORNER 3D AVENUE AND 177TH STREET, CROTONA PARK, March 19, 1902.

NOTICE OF SALE AT PUBLIC AUCTION. On Wednesday, April 2, 1902, at 10 o'clock a. m., the President of the Borough of The Bronx will sell at public auction, by James McCauley, Auctioneer, the following buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of East One Hundred and Sixty-first street, from Mott avenue to Elton avenue, East One Hundred and Eighty-fourth street, from Third avenue to Park avenue, Hoffman street from Belmont place to East One Hundred and Ninety-first street, White Plains road from Morris Park avenue to City line.

For further information apply at the office of the President of the Borough of The Bronx, Third avenue and One Hundred and Seventy-seventh street.

TERMS OF SALE.

The sale will begin with and in front of lot No. 1, and will continue in the order enumerated. Only those parts of any building or buildings, or fences, standing within the limits of the street as acquired by the City and shown on the maps will be sold.

The sale is on the condition that the buildings, fences, etc., sold, shall be removed by the purchasers within thirty days from the date of sale. For failure to do so, the purchasers' money may be forfeited and the President, at the expiration of that time, may enter and remove the buildings or structures, or cause a resale thereof. Purchasers will be held liable for any or all damage of any kind whatsoever by reason of the occupancy or removal of said buildings, etc.

Purchase money must be paid in bankable funds at the time and place of sale.

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

Department Yard, 177th street and Mt. Hope Place.

Department Yard, White Plains avenue, near Elizabeth street.

The amount of security required is \$700.00.

No. 2. FOR FURNISHING AND DELIVERING 2,500 CUBIC YARDS OF

CLEAN STEAM BOILER ASHES

EAST OF THE BRONX RIVER.

To be delivered as directed, at such times and in such quantities as required within a radius of one and one-half (1½) miles of the depot at which it is furnished, east of the Bronx river, prior to November 30, 1902.

The amount of security required is \$1,500.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

The President reserves the right to reject all bids or estimates if he deems it to be for the interest of the City so to do.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed by the President.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the supplies for which the bid or estimate is made, with his or their name or names and the date of presentation to the said President, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the said President and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications on file in the office of the President.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor, at the office of the President.

BOARD OF TRUSTEES OF BELLEVUE AND ALLIED HOSPITALS.

BELLEVUE AND ALLIED HOSPITALS OF MANHATTAN AND THE BRONX, FOOT OF EAST TWENTY-SIXTH STREET, BOROUGHS OF MANHATTAN AND THE BRONX, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Trustees of Bellevue and Allied Hospitals at the above office of Bellevue and Allied Hospitals until 3.30 o'clock p. m., on the

31ST DAY OF MARCH, 1902.

Boroughs of Manhattan and The Bronx.

NO. 1. FOR FURNISHING AND DELIVERING MEDICAL SUPPLIES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is two hundred and seventy-five days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item and awards made to the lowest bidder on each item.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

The Board of Trustees reserve the right to reject all bids or estimates if they deem it to be for the interest of the city so to do.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed by the President.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed with the title given above of the supplies for which the bid or estimate is made, with his or their name or names and the date of presentation to the President, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the President and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications on file in the office of the President.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Board of Trustees, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor, at the office of the said Board, and any further information can be obtained at the office of the Board, foot of East Twenty-sixth street, boroughs of Manhattan and The Bronx.

CONTRACT FOR THE FINAL DISPOSITION OF ALL GARBAGE AND KINDRED REFUSE IN THE BOROUGH OF BROOKLYN.

SEALED BIDS OR ESTIMATES FOR THE above work, indorsed with the title, also the name of the person or persons making the same, and the date of presentation, will be received at the main office of the Department of Street Cleaning, Nos. 13 to 21 Park row, Borough of Manhattan, until 1 o'clock p. m., of

TUESDAY, THE 15TH DAY OF APRIL, 1902,

at which time and place the bids will be publicly opened by the head of the Department and read. The amount of the security will be one hundred thousand (\$100,000) dollars.

The period of the contract will be for five (5) years, beginning September 1, 1902.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed with the title given above of the supplies for which the bid or estimate is made, with his or their name or names and the date of presentation to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made according to law, as soon thereafter as practicable.

Each bid or estimate shall contain the name

and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise, in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller for five per centum of the amount for which the work bid for is proposed in any one year to be performed.

Each bid or estimate must be accompanied by a complete description of the methods to be pursued by the contractor, said description to be accompanied by complete plans and specifications, said plans and specifications to be sufficient fully to set forth the method or methods to be used and the results to be secured, and to refer to any patent or patents intended to be used by the contractor.

From the bids or estimates received the Commissioner may select the bid or estimate, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, and containing the terms and conditions approved by the Board of Estimate and Apportionment, by its resolution of March 14, 1902, can be obtained upon application therefor at the office of the said Commissioner.

The time for the completion of the work and the full performance of the contract is by or before December 31, 1902.

The amount of security required is three hundred dollars.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deems it to be for the interest of the city so to do.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed by the Commissioner.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed with the title given above, of the supplies for which the bid or estimate is made, with his or their name or names and the date of presentation to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications on file in the Department.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said Commissioner, in the Borough of Manhattan Nos. 13-21 Park Row.

THURSDAY, MARCH 27, 1902.

Boroughs of Brooklyn and Queens.

No. 1. FOR FURNISHING AND DELIVERING GROCERIES, PROVISIONS, VEGETABLES, FLUID AND CONDENSED MILK, FRESH MEATS, FISH, FLOUR, COAL, FODDER, DRY GOODS, ETC., AND FOR OTHER MISCELLANEOUS SUPPLIES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is ninety (90) days.

The amount of security required is fifty per cent. (50 per cent.) of the amount of the bid or estimate.

No. 2. FOR FURNISHING AND DELIVERING CHEMICALS, PHARMACEUTICAL PREPARATIONS, DRUGS, SUPPLIES AND SUNDRIES, SURGICAL DRESSINGS AND INSTRUMENTS, OPERATING ROOM SUPPLIES, BRANDY, WHISKY, ETC.

The time for the delivery of the articles, materials and supplies and the performance of the contract is ninety (90) days.

The amount of security required is fifty per cent. (50 per cent.) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item or class and awards made to the lowest bidder on each item or class.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deems it to be for the interest of the city so to do.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed by the Commissioner.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed with the title given above, of the supplies for which the bid or estimate is made, with his or their name or names and the date of presentation to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check or money to the amount of 5 per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications on file in the Department.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor, at the office of the Second Deputy Commissioner, Nos. 126 and 128 Livingston street, Borough of Brooklyn.

EDWARD M. GROUT, Comptroller.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, March 1, 1902. m13,ap1.

BRYAN L. KENNELLY, Auctioneer.

SALE OF LEASE OF CITY PROPERTY.

THE COMPTROLLER OF THE CITY OF New York will sell at Public Auction to the highest bidder of yearly rental, at his office in the Stewart Building, No. 280 Broadway, on

WEDNESDAY, MARCH 19, 1902,

at 12 o'clock m., a lease for the term of three years from the date of sale, of the buildings and premises belonging to the Corporation of The City of New York, described as follows, viz.:

The premises on the southeasterly corner of Amsterdam avenue and West One Hundred and Fifty-second street, being 58 feet and 1/4 of an inch, on West One Hundred and Fifty-second street, by 98 feet and 5/8 of an inch along the westerly line of the old Croton Aqueduct, by 78 feet and 10 inches on Amsterdam avenue, together with the buildings thereon.

The minimum, or upset, price for which said lease shall be sold is hereby appraised and fixed at \$400 per annum, and the sale is made upon the following

TERMS AND CONDITIONS OF SALE:

The highest bidder will be required to pay the Auctioneer's fee, and twenty-five per cent. of the amount of the yearly rental bid at the time and place of sale.

The amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution. He will also be required to give a bond in double the amount of the annual rent bid, with two sufficient sureties, to be approved

by the Comptroller, conditioned for the payment of the rent quarterly in advance, and for the performance and fulfillment of the covenants and terms of the lease.

No person will be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid will be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the corporation, as provided by law.

No alteration shall be made in any of the premises except with the consent of the Comptroller, and all alterations made are to be made at the expense of the lessee.

The lessee shall be required to make all repairs necessary to keep the premises in good tenable condition, including repairs to the roofs, at his own expense.

The lease will be in the usual form of leases of like property, a copy of which may be seen at the Bureau for the Collection of City Revenue and of Markets, Department of Finance, Room 139, Stewart Building, corner Chambers street and Broadway, Borough of Manhattan.

The lease will contain, in addition to other terms, a covenant or condition reserving to the corporation the right to cancel the same whenever the premises may be required by it for public purposes, upon thirty days' notice.

The Comptroller shall have the right to reject any bid, if deemed to be for the best interest of the city.

By order of the Commissioners of the Sinking Fund.

EDWARD M. GROUT,

Comptroller.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

EAST ONE HUNDRED AND SIXTIETH STREET (formerly DENMAN PLACE)—OPENING, from Caudwell avenue to Prospect avenue. Confirmed February 10, 1902; entered March 20, 1902. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northerly side of East One Hundred and Fifty-eighth street with the easterly side of Eagle avenue; running thence northerly along said easterly side of Eagle avenue to the southerly side of Prospect avenue and distant 100 feet easterly to East One Hundred and Sixty-first street; thence easterly along said southerly side of East One Hundred and Sixty-first street and its prolongation eastwardly to its intersection with a line drawn parallel to the northwesterly side of Westchester avenue and distant 100 feet northwesterly therefrom; thence northeasterly along said parallel line to the southerly side of East One Hundred and Sixty-second street; thence easterly along said southerly side of East One Hundred and Sixty-second street to the northwesterly side of Westchester avenue; thence southwesterly to the intersection of the easterly side of Stebbins avenue with the southerly side of Prospect street; thence easterly along said southerly side of Prospect street to its intersection with a line drawn parallel to the easterly side of Stebbins avenue and distant 115 feet easterly therefrom; thence southerly along said parallel line and its prolongation southwardly to its intersection with a line drawn parallel to the southeasterly side of Dawson street and distant 100 feet southeasterly therefrom; thence southwesterly along said parallel line to its intersection with a line drawn parallel to the southeasterly side of Longwood avenue and distant 100 feet southwesterly therefrom; thence northwesterly along said parallel line to its intersection with a line drawn parallel to the easterly side of Prospect avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to the northeasterly side of Macy place; thence northwesterly along said northeasterly side of Macy place to the easterly side of Prospect avenue; thence westerly on a straight line to the intersection of the northwesterly side of Westchester avenue with the northerly side of East One Hundred and Fifty-eighth street; thence westerly along said northerly side of East One Hundred and Fifty-eighth street to the point or place of beginning.

The above-entitled assessment was entered on the date hereinabove given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section one hundred and fifty-nine of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon, on or before May 10, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

MARTENSE STREET from New York avenue to Matbush avenue, in the Twenty-ninth Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by order of the Supreme Court made and entered

herein on the 5th day of November, 1900, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 12th day of November, 1900, and indexed in the Index of Conveyances in Sections 15 and 16, Blocks 5086, 5087, 5088, 4868, 4869, 5089, 5090, 5091, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of the City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by Title 4 of Chapter XVII. of the Charter of The City of New York, and the acts or parts of acts supplemental thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified by us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 7th day of April, 1902, at 1.30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated, Borough of Brooklyn, The City of New York, March 10, 1902.

JOHN B. LORD, JAMES A. MURTHA, JR., PHILIP D. MEAGHER, Commissioners.

CHAS. S. TABER, Clerk. m13,a4.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of UNDERCLIFF AVENUE, (although not yet named by proper authority), where the same joins Boscobel Place, as laid out under chapter 640 of the Laws of 1897, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of April, 1902, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 17th day of April, 1902, at 2 o'clock p. m.

Second.—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 22nd day of April, 1902.

Third.—That the limits of our assessment for benefit include all of those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point 100 feet southeasterly from the southeasterly line of Undercliff avenue and 200 feet southwesterly from the southwesterly line of a street lying between Undercliff and Aqueduct avenues, opposite the intersection of Aqueduct avenue with Merriam avenue; running thence northwesterly at right angles with Undercliff avenue to an intersection with a line drawn parallel to and distant 100 feet northwesterly from the northwesterly line thereof; thence northeasterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of the park at Washington Bridge; thence northwesterly along said parallel line to the easterly line of Sedgwick avenue; thence northerly along the easterly line of Sedgwick avenue to its intersection with a line drawn parallel to and distant 100 feet northeasterly from the northeasterly line of the park at Washington Bridge; thence southeasterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet westerly from the westerly line of Undercliff avenue; thence northerly along said parallel line to its intersection with a line drawn at right angles to Undercliff avenue through a point distant 81.50 feet northerly from the northerly line of Washington Bridge, measured along the easterly line of Undercliff avenue; thence easterly along said right-angled line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Undercliff avenue; thence southerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet northeasterly from the northeasterly line of Washington Bridge; thence southeasterly along said parallel line to its intersection with the northwesterly line of Aqueduct avenue; thence southwesterly along the northwesterly line of Aqueduct avenue to its intersection with a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of Boscobel place; thence northwesterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of Undercliff avenue; thence southwesterly along said line to the point or place of beginning, as such streets are shown upon the Final Maps and Profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area, as shown upon our Benefit Maps, deposited as aforesaid.

Fourth.—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 17th day of June, 1902, at the opening of the Court on that day.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening BATTERY AVENUE, from One Hundred and Seventh street to Eighty-sixth street, in the Thirtieth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 5th day of January, 1901, and duly entered in the office of the Clerk of the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 5th day of January, 1901, a copy of which order was duly filed in the office of the Register of the County of Kings, and indexed in the Index of Conveyances, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Kings, on the 5th day of January, 1901; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, in the office of the Law Department, Room 22, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 9th day of April, 1902, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated, Borough of Brooklyn, The City of New York, March 22, 1902.
