The Committee on Law Department, to whom was referred the annexed "ordinance to amend chapter 6, article 4, sections 52 and 53, of the Revised Ordinances of 1880, relating to signs, obstructions and other purposes," respectfully

REPORT:

That the ordinance proposes to increase the facilities for merchants and others, to display goods, etc., in front of their stores, by increasing the limit of extension from one to three feet outwardly from the walls of the buildings, and as the concession is one greatly desired by, and in the interest of, business men, and can be granted without the slightest detriment to the public, by interfering with the free uses of the sidewalks, your Committee respectfully recommend the adoption of the said ordinance, arranged as follows:

AN ORDINANCE to amend sections 52 and 53 of article 4 of chapter 6 of the Revised Ordinances of 1880, relating to signs, obstructions and other purposes.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

(G. O. 550.)

To the Honorable the Board of Aldermen:

The Committee on Finance, to whom was referred the assessment rolls of the estates, real and personal, subject to taxation, of and within the City and County of New York, for the year 1889, and a communication from the Comptroller of the City of New York, transmitting to the Board of Aldermen the Final Estimate made and adopted by the Board of Estimate and Apportionment for said year 1889, with his certificate of the amount of the appropriations authorized by law to be raised by tax in and for said year, respectfully submits the following

REPORT:

The assessed valuation of the real and personal estates subject to taxation within the City and County of New York for the year 1889, as shown by the assessment rolls submitted to the Board of Aldermen by the Commissioners of Taxes and Assessments, July 1, 1889, amounts to the sum of one thousand six hundred and three million eight hundred and thirty-nine thousand one hundred and thirteen dollars (\$1,603,839,113), which sum is a net increase of fifty million three hundred and ninety-six thousand six hundred and eighty-two dollars (\$50,396,682), over the amount of the assessed valuation for the preceding year, 1888.

As shown by the Comptroller's certificate, submitted to the Board of Aldermen, May 28, 1889, the aggregate amount of the appropriations included in the Final Estimate for the year 1889, made and adopted by the Board of Estimate and Apportionment, on the 27th day of December, 1888, is thirty-seven million six hundred and thirty-seven thousand and sixty-nine dollars and ninety-one cents (\$37,637,069.91), from which sum is deducted the sum of four million six hundred and two thousand seven hundred and sixty dollars and seventy-four cents (\$4,602,760.74), for and on account of the estimated revenues of the General Fund available for the reduction of taxation in said year 1889, as also certified by the Comptroller, leaving the sum of thirty-three million thirty-four thousand three hundred and nine dollars and seventeen cents (\$33,034,309.17).

As stated in the communication of the Comptroller submitted to the Board of Aldermen with said certificate, a further reduction of the sum of two million six hundred and fifty-three thousand six hundred and eighty-four dollars and fifty-six cents (\$2,653,684.56) was made by the Board of Estimate and Apportionment, by resolutions adopted on the 26th day of April, 1889, in pursuance of the provisions of chapter 178 of the Laws of 1889, under resolutions adopted on the same day by the Commissioners of the Sinking Fund, leaving the sum of thirty million three hundred and eighty thousand six hundred and twenty-four dollars and sixty-one cents (\$30,380,624.61), as the amount of the Final Estimate for the year 1889, which resolutions of the Board of Estimate and Apportionment making said reduction in the Final Estimate are as follows, to wit:

"Whereas, Section 3 of the foregoing statute (chapter 178, Laws 1889) authorizes the Board of Estimate and Apportionment, by the concurrent vote of all the members of the said Board, to reconsider, revise and amend the Final Estimate of the City of New York, made pursuant to law, for the year 1889, as therein provided; and

"Whereas, The Board of Estimate and Apportionment on the 27th day of December, 1888, appropriated and included in the Final Estimate for the year 1889, the sum of \$6,625,633.90 for the payment of interest accruing and becoming due in said year on bonds and stocks of the City and County of New York, previously issued, and outstanding on January 1, 1889, which interest is by law made payable from annual taxation; and

"Whereas, The interest accruing and becoming due in the year 1889, upon the bonds and stocks of the City and County of New York, held for investment by the Commissioners of the Sinking Fund, except "Revenue Bonds," amounts to the sum of one million six hundred and seventeen thousand nine hundred and fifteen dollars and fifty-four cents (\$1,617,915.54); and

"Resolved, That, pursuant to the provisions of section 1 of the foregoing statute, the sum of one million six hundred and seventeen thousand nine hundred and fifteen dollars and fifty-four cents (\$1,617,915.54) be and is hereby deducted from the sum of six million six hundred and twenty-five thousand six hundred and thirty-three dollars and ninety cents (\$6,625,633.90), so appropriated by the Board of Estimate and Apportionment on the 27th day of December, 1888, and included in the Final Estimate for the year 1889; and the sum of five million seven thousand seven hundred and eighteen dollars and thirty-six cents (\$5,007,718.36) is hereby appropriated for "Interest on the City Debt (including interest on the debt of the annexed territory of Westchester County), for bonds and stocks issued and outstanding on January 1, 1889," due and payable from taxation in the said year 1889, exclusive of the funded debt held by the Commissioners of the Sinking Fund."

"Whereas, The Board of Estimate and Apportionment also appropriated and included in the Final Estimate for the year 1889 the sum of \$293,415 for the payment of interest on bonds and stocks to be issued, as estimated, after January 1, 1889, which shall accrue and become due in said year, and which by law was made payable from annual taxation; and

"Whereas, The Commissioners of the Sinking Fund will probably invest in and during the year 1889, the sum of 4,000,000 in stocks and bonds to be issued after January 1, 1889, the interest upon which, for six months, at three per cent. per annum, amounts to the sum of \$60,000, and which interest may become due and payable in the said year 1889; therefore

"Resolved, That, pursuant also to the provisions of section 1 of said foregoing statute, the sum of \$60,000 be and is hereby deducted from the sum of \$293,415 so appropriated by the Board of Estimate and Apportionment and included in the Final Estimate for the year 1889; and the sum of \$233,415 is hereby appropriated for the payment of interest which may become due in the year 1889 upon bonds and stocks estimated to be issued after January 1 of said year 1889."

"Whereas, The Board of Estimate and Apportionment also appropriated and included in the Final Estimate for the year 1889, the sum of \$995,769.02 to provide for installments payable in the year 1889, raised by taxation annually, sufficient, with the accumulation of interest thereon, to pay the bonds and stocks payable from taxation, issued after June 3, 1878, pursuant to section 192 of the New York City Consolidation Act of 1882; therefore

"Resolved, That, pursuant to the provisions of section 2 of the said foregoing statute, the sum of \$975,769.02 so appropriated by the Board of Estimate and Apportionment, and included in the Final Estimate for the year 1889, for said purpose, be and the same is hereby stricken out from the said Final Estimate for the year 1889, in accordance with a resolution of the Commissioners of the Sinking Fund certifying to the Board of Estimate and Apportionment that the amount would be paid out of the Sinking Fund for the Redemption of the City Debt."

By section 830 of the New York City Consolidation Act of 1882, the Board of Aldermen is directed to provide for deficiencies in the actual product of taxes which may arise from insolvencies, discount or rebate for prompt payments, errors in valuation, etc., as follows:

"It shall be the duty of the said Board of Aldermen of the City of New York to include in any and every ordinance or resolution passed by them imposing and levying taxes for any purpose or purposes authorized by law, such sum, in addition to the aggregate amount required for such purposes, as they shall deem necessary, not exceeding three per cent. of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Having conferred with the Comptroller in relation to the amount which will be required to provide for such deficiencies in the actual product of the taxes to be imposed and levied in and for the year 1889, your Committee has concluded to recommend that the sum of seven hundred and sixty-four thousand seven hundred and forty-five dollars and forty-four cents (\$764,745.44) be added to and included in the amount required to be raised by tax for the support of the Government of the City and County of New York, and for other purposes, as authorized and provided by law, which sum is less than three per centum of the amount required to

be raised by tax, after deducting the estimated revenues of the General Fund, and also the amount deducted from the Final Estimate for the year 1889, under resolutions adopted by the Board of Estimate and Apportionment, on the 26th day of April, 1889, in pursuance of the provisions of chapter 178 of the Laws of 1889, as hereinbefore stated, the addition of which sum makes the total amount of taxes to be imposed and levied in and for the year 1889, thirty-one million one hundred and forty-five thousand three hundred and seventy dollars and five cents (\$31,145,370.05).

Section 11 of article VIII. of the Constitution of the State of New York, as amended in 1884, provides as follows:

"The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debts, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt."

The amount of taxes to be raised in and for the year 1889, for city and county expenses, exclusive of the State Tax, and the principal and interest of the existing City and County Debt, does not exceed two per centum of the assessed valuation of the real and personal estate of the City and County of New York, for the year 1889, which is shown by the following explanatory statement:

The assessed valuation of the real and personal estate of and within the City and County of New York, for the year 1889, as previously stated, is one thousand six hundred and three million eight hundred and thirty-nine thousand one hundred and thirteen dollars (\$1,603,839,113), and two per centum of this sum is thirty-two million seven hundred and eighty-two dollars and twenty-six cents (\$32,076,782.26), while the amount of the tax to be raised in 1889, exclusive of the State Tax and the principal and interest of existing city and county debt to be so raised, is twenty million two hundred and ninety-nine thousand three hundred and forty dollars and sixty-nine cents (\$20,299,340.69), as follows:

Sections 3 and 8 of chapter 361, of the Laws of 1881, provide as follows:

"Section 3. * * * Every corporation, joint stock company or association whatever, now or hereafter incorporated or organized under any law of this State, or now or hereafter incorporated or organized by or under the laws of any other State or country, and doing business in this State, except savings-banks and institutions for savings, life insurance companies, banks and foreign insurance companies, and manufacturing corporations carrying on manufacture within this State, which exception shall not be taken to include gas companies or trust companies, shall be subject to and pay a tax, as a tax upon its corporate franchise or business, into the treasury of the State, annually, to be computed as follows, etc.:"

"Sec. 8. * * * That each and all of such corporations, joint-stock companies or associations doing business within the State of New York shall hereafter be exempt from assessment and taxation for State purposes, except upon their real estate and as herein provided; but they shall in all other respects be liable to assessment and taxation as heretofore."

The total amount of the assessed valuations of the personal estate of corporations, joint-stock companies or associations doing business in the City of New York, which, under this statute are exempt from assessment and taxation on their personal estate for "State purposes," in the year 1889, is forty-nine million one hundred and six thousand and forty-five dollars (\$49,106,045), as appears by statements thereof presented to your Committee and filed in the office of the Comptroller of the City of New York, specifying in detail the assessed valuations of such corporations of their personal estate, as shown upon the Tax Rolls. The valuations of such personal estate are, therefore, subject to taxation for city and county purposes only, and it is therefore necessary to impose and levy taxes for the present year under two tax rates, one of which shall be the general rate of tax to be imposed and levied upon real and personal estate for both State and city and county purposes, and also a special rate to be imposed and levied on the personal estate of corporations, joint-stock companies and associations which are exempt from taxation on their personal estate for State purposes, the assessed valuations of both classes of property being as follows:

Amount of the assessed valuations of real and personal estate subject to taxation for both State and city and county purposes.....	\$1,554,733,068 00
Amount of the assessed valuations of the personal estate of corporations, etc., which are exempt from taxation on their personal estate for State purposes.....	49,106,045 00
Total assessed valuations.....	\$1,603,839,113 00

As hereinbefore stated, the total amount of taxes required to be raised in 1889 is thirty-one million one hundred and forty-five thousand three hundred and seventy dollars and five cents (\$31,145,370.05).

This sum cannot be raised exactly without extending the decimal fractions of the two rates of taxation beyond the point of practicability, on account of the immense number of items of valuations upon which calculations are required in extending the taxes upon the tax-books against each separate piece of property which is assessed.

The two rates of tax, therefore, which can be most conveniently fixed to raise, approximately, the amount of taxes required to be raised in and for the year 1889, is 1.95 per centum upon the valuations of real and personal estate, subject to taxation for both State and city and county purposes, amounting to one thousand five hundred and fifty-four million seven hundred and thirty-three thousand and sixty-eight dollars (\$1,554,733,068), and 1.6863 per centum on the valuations of the personal estate of corporations, etc., which are exempt from taxation for State purposes, amounting, as above stated, to forty-nine million one hundred and six thousand and forty-five dollars (\$49,106,045).

The following statement shows how these two rates of taxation produce the amount of taxes required to be raised in the year 1889, as hereinbefore stated:

Valuations.	Taxes.
\$1,554,733,068, at 1.95 per cent.....	\$30,317,294 82
49,106,045, at 1.6863 per cent.....	828,075 23
\$1,603,839,113 Total amount of Taxes, 1889.....	\$31,145,370 05

An ordinance to impose the taxes and to fix the rates of taxation which will produce the total amount of taxes required to be raised in and for the year 1889, for the objects and purposes as set forth therein, is respectfully submitted herewith for the approval and adoption of the Board of Aldermen.

AN ORDINANCE to provide the necessary means for the support of the Government of the City of New York and the Board of Education, and for the payment of the quota of the State taxes, and for other purposes, pursuant to the provisions of law, in and for the year 1889.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Section 1. There shall be and is hereby imposed and levied upon the estates, real and personal, subject to taxation of and within the City and County of New York, the sum of thirty million three hundred and eighty thousand six hundred and twenty-four dollars and sixty-one cents (\$30,380,624.61), to pay the expenses of conducting the public business of the said city and county, in each department and branch thereof, and of the Board of Education, for the next ensuing financial year, to wit, for the year 1889; also to pay the sum which is necessary for the payment of the principal and interest of stocks and bonds of said city and county, and of the territory annexed from Westchester County, becoming due and payable in and during the said year 1889, and not otherwise provided for; also to pay the amount to be raised by tax annually, which will be sufficient, with the accumulations of interest thereon, to pay the stocks and bonds payable from taxation issued after June 3, 1878, pursuant to section 192 of the New York City Consolidation Act of 1882; also to pay the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued as provided by section 11 of

Article VIII. of the Constitution of the State of New York, as amended in 1884; and also to pay the amount fixed as the quota of the State taxes assessed upon the City and County of New York and payable in said year; which sum of thirty million three hundred and eighty thousand six hundred and twenty-four dollars and sixty-one cents (\$30,380,624.61), so imposed and levied by this ordinance, is the aggregate amount estimated by the Board of Estimate and Apportionment of said city and appropriated for such objects and purposes in the Final Estimate for said year 1889, made and adopted on the 27th day of December, 1888, after deducting from thirty-seven million six hundred and thirty-seven thousand and sixty-nine dollars and ninety-one cents (\$37,637,069.91), which is the total amount of appropriations made therein, the sum of four million six hundred and two thousand seven hundred and sixty dollars and sixty-four cents (\$4,602,760.64), which is the amount of the estimated revenues of the General Fund available for the reduction of taxation in said year, 1889, and also the sum of two million six hundred and fifty-three thousand six hundred and eighty-four dollars and fifty-six cents (\$2,653,684.56), which is the amount of certain appropriations included in the said Final Estimate for the year 1889, to be deducted therefrom by resolutions adopted by the Board of Estimate and Apportionment on the 26th day of April, 1889, in pursuance of the provisions of chapter 178 of the Laws of 1889, as stated by the Comptroller of the City of New York, in a communication dated May 28, 1889, submitted to the Board of Aldermen on the same day, together with his certificate of the amount of the appropriations made in the Final Estimate for the said year 1889, copies of which communication and certificate, and of the said Final Estimate, are as follows:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
May 28, 1889.

To the Honorable the Board of Aldermen of the City of New York:

Section 212 of the New York City Consolidation Act of 1882 provides as follows: "It shall be the duty of the comptroller of said city to prepare and submit to the board of aldermen at least four weeks before their annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, on account of the corporation of the city of New York, or for city purposes within said city, and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt; and the said board of aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

In pursuance of the foregoing provision of law, I have the honor to submit to your Honorable Body a statement setting forth in detail the amount by law authorized and required to be raised by tax in and for the year 1889, on account of the Corporation of the City of New York, or for city purposes within said city, as follows, to wit:

The Final Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each department and branch thereof, and of the Board of Education, for the fiscal year 1889, as adopted by the Board of Estimate and Apportionment on Thursday, December 27, 1888, for which appropriations were made, aggregating the sum of thirty-seven million six hundred and thirty-seven thousand and sixty-nine dollars and ninety-one cents (\$37,637,069.91), which estimate includes the sums necessary to be raised by tax to pay the principal and interest of all stocks and bonds becoming due and payable by said city during said fiscal year, not otherwise provided for; also the amounts required to be raised by tax and paid into the Sinking Fund annually, to provide for the payment of the stocks and bonds of the City and County of New York, payable by law from taxation, and issued after June 3, 1878, pursuant to section 192 of the New York City Consolidation Act of 1882; also the amounts to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued as provided by section 11 of article VIII. of the Constitution of the State of New York, as amended in 1884; also the amounts required by law to be appropriated to various charitable institutions; and also the amount fixed and required by law to be paid as the quota of the State tax for the City and County of New York in said year 1889.

From the aggregate amount of the Final Estimate for said year 1889, is to be deducted the sum of four million six hundred and two thousand seven hundred and sixty dollars and seventy-four cents (\$4,602,760.74), supplied by the General Fund for the reduction of taxation, that sum being the total amount of the estimated receipts of said fund payable into the City Treasury during the said year 1889, derived from all sources of revenues applicable to and available for this object, including unexpended balances of appropriations of previous years and surplus moneys in the Excise Fund, transferred to the General Fund, as follows:

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from His Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 9, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 15, 1889, worded as follows:

"Resolved, That farmers and market gardeners be and are hereby permitted to stand with their wagons in the public streets adjacent to all the public markets in the City of New York, for the sale of vegetables, etc., the products of their own farms and gardens, until 8 o'clock A. M., each market day, subject to regulations to be established by the Comptroller.

"Resolved, That all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and are hereby repealed.

"This act to take effect immediately."

The subject with which this ordinance deals is important and I have given it most careful consideration. I have received numerous letters from persons doing business in the neighborhood of the markets, some favoring and others opposing the resolution. In view of the importance of the subject and the conflict of opinion which seemingly existed as to the expediency of the passage of the resolution, I caused the matter to be referred to the Comptroller for his opinion. I have received a report from that officer which I herewith enclose and make part of this my veto.

Upon the receipt of this report I caused printed copies of it to be sent to all persons who had communicated with me in reference to the resolution. In reply I have received but two answers which do not, in my judgment, controvert any of the material assertions in the report of the Comptroller.

I, therefore, feel compelled, in view of the statements made by the Comptroller, to return this resolution without my approval.

HUGH J. GRANT, Mayor.

Resolved, That farmers and market gardeners be and are hereby permitted to stand with their wagons in the public streets adjacent to all the public markets in the City of New York, for the sale of vegetables, etc., the products of their own farms and gardens, until 8 o'clock A. M., each market day, subject to regulations to be established by the Comptroller.

Resolved, That all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and are hereby repealed.

"This act to take effect immediately."

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, July 25, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 15, 1889, permitting the Messrs. Foley Brothers to keep a watering-trough at No. 745 Second avenue, on the ground that such a watering trough is not necessary. The Commissioner of Public Works reports that there is now an improved drinking-fountain, for man and beast, at the premises mentioned.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to Foley Brothers to place and keep a watering-trough on the sidewalk, near the curb, in front of No. 745 Second avenue, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, July 25, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 15, 1889, authorizing the paving of One Hundred and Fourth street, from First avenue to the bulkhead-line on the East or Harlem river, on the ground that, as sewers have not yet been laid, the resolution is premature.

HUGH J. GRANT, Mayor.

Resolved, That the carriageway of One Hundred and Fourth street, from the crosswalk near the intersection on the easterly side of First avenue, to the bulkhead-line on the East or Harlem river, be paved with granite-block pavement, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, July 30, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 23, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to John Branagan to keep a wagon for the sale of milk by the glass on the south side of Maiden lane, near Broadway; such permission to continue during the pleasure of the Common Council."

—on the ground that the Police Department reports that Maiden lane is a narrow and very busy thoroughfare and to permit any wagon to stand in that street, during business hours, would greatly interfere with public travel.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to John Branagan to keep a wagon for the sale of milk by the glass, on the south side of Maiden lane, near Broadway; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 21, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 23, 1889, which provides for the regulating, grading, curbing and flagging of One Hundred and Sixty-ninth street, from Vanderbilt avenue, east, to Franklin avenue, changing the width of sidewalks, rebuilding receiving-basins, etc., without any expression of opinion as to its merits. My action in this matter is based to a large extent up in the report of the Park Department that "the wording of the resolution is not so clear and distinct as to place its meaning beyond all question, and this is a most important matter in cases such as this."

HUGH J. GRANT, Mayor.

Resolved, That One Hundred and Sixty-ninth street, from the easterly line of Vanderbilt avenue to the westerly line of Franklin avenue, be regulated and graded, the curb-stones set and the sidewalks flagged a space four feet wide through the centre thereof, that the width of the sidewalks be established at ten (10) feet and that new receiving-basins be built where required; that all existing rights or privileges of property-owners to the use of any portion of the sidewalks hereby relinquished and added to the width of the street proper for stoops, areas, etc., be and the same are hereby revoked and annulled, the work to be done under the direction of the Commissioners of the Department of Public Parks; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, July 30, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 23, 1889, worded as follows:

"Resolved, That the carriageway of One Hundred and Seventeenth street, from Seventh avenue to Manhattan avenue, be paved with trap-block pavement, except that crosswalks of three courses of bridge-stone be laid across said street within the lines of the sidewalks of each intersecting and terminating avenue, and crosswalks of two courses of bridge-stone be laid across each intersection and at each terminating avenue, within the lines of the sidewalks of said street, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted."

—on the ground that the Commissioner of Public Works reports that this street is regulated and graded and provided with sewers, water-mains and gas mains; that the street is partly built up and the pavement necessary, but that, as there are no curb-stones between Seventh and St. Nicholas avenues, the ordinance should be amended to provide for the setting of curb-stones on that block.

HUGH J. GRANT, Mayor.

Resolved, That the carriageway of One Hundred and Seventeenth street, from Seventh avenue to Manhattan avenue, be paved with trap-block pavement, except that crosswalks of three courses of bridge-stone be laid across said street, within the lines of the sidewalks of each intersecting and ter-

minating avenue, and crosswalks of two courses of bridge-stone be laid across each intersecting and at each terminating avenue, within the lines of the sidewalks of said street, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, July 30, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 23, 1889, worded as follows:

"Resolved, That One Hundred and Second street, from Ninth to Tenth avenue, be paved with granite-block pavement, and that crosswalks be laid at terminating avenues, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted."

—on the ground that the Commissioner of Public Works reports that this street is regulated and graded and that there are several houses on its line, but that there are no sewers, water-mains or gas-mains, which should be provided for before the street is paved.

HUGH J. GRANT, Mayor.

Resolved, That One Hundred and Second street, from Ninth to Tenth avenue, be paved with granite-block pavement, and that crosswalks be laid at terminating avenues, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The two Engineers are required to run the boilers, elevator and electric lighting apparatus in the Headquarter building, and the Messenger is required in the office of the Board.

The Stenographer and Type-writer has demonstrated the value of his services to the Department, and the salary asked for is less than the average paid in other branches of the City Government for the same services.

The increase is for the following new organizations: Engine Company No. 56, Eighty-third street, near Ninth avenue (recently organized); new Engine in West One Hundred and Thirtieth street, near Tenth avenue; the new Floating Engine Company and a Hook and Ladder Company in West Thirty-sixth street. These companies will be required for the coming year at an average cost of \$15,700 per company, or \$62,800 in the aggregate.

\$7,100 00

The records of the Department show that since the reorganization of this Bureau, fourteen years ago, when the appropriation for it was fixed at \$12,300, its business has increased forty per centum, while the appropriation has been increased to \$13,200, or a little over eight per centum. During this year, at the instance of his Honor the Mayor, to more effectually prevent accidents resulting from the use of explosives in blasting, etc., stringent regulations governing the transportation, sale, storage and use of explosives, were adopted by the Fire Commissioners which, to make them effective, require an addition to the force of the Bureau. This branch of its duties involves the serving of a large number of notices, for which the two new messengers are mainly needed, and the two additional surveyors and two additional clerks are principally required for the same general purposes. The increase of salary of the Inspector of Combustibles, who has acceptably filled this position since 1877, is well deserved, and the increase of salary of one clerk should also be allowed.

Bureau of Fire Marshal Pay-roll—

1 Inspector of Buildings.....(secs. 48 and 428, chap. 410, 1882)	2,000 00

106,900 00

The amount asked for the current year was \$110,600, and the amount allowed was \$100,800. The additions required to the appropriations are one Inspector at \$2,000 and four Inspectors at \$1,100 each, \$4,400. The Inspector at a salary of \$2,000 is needed for purposes requiring a high order of technical knowledge and superior practical experience. The additional Inspectors are necessitated by the large increase of general work throughout the city, requiring a further subdivision of districts.

For 1 Assistant Batteryman.....	1,100 00

69,005 50

For the current year, \$65,510 were asked, and \$61,878 allowed. The increase now requested is made up as follows:

4 Machinists, at \$3 per day.....	\$3,744 00
1 Machinist's Helper and Messenger, at \$2.50 per day.....	780 00
1 Wheelwright's Helper, at \$2.25 per day.....	702 00

\$6,931 00

The increase, as will be seen, is in the mechanical force, the demands upon which to keep the apparatus of the Department in proper order are, year by year, increasing.

Hospital and Training Stables Pay-roll (secs. 48 and 428, chap. 410, 1882)—

Foreman.....	\$1,500 00
9 Stablemen, at \$2 per day.....	6,570 00

8,070 00

For the current year \$5,150 was asked and allowed. The increase requested is represented by 4 Stablemen, at \$2 per day, being \$2,920 in the aggregate. This is rendered necessary by the occupation at the beginning of the coming year of the New Hospital and Training Stable in West Ninety-ninth street, which is now in course of erection, and will give greater and better accommodations for the treatment of sick and injured horses, and in which it is also proposed to locate the Training-stables for new horses on probation.

Repairs to fire steamers.....	5,000 00

406,000 00

For these items \$340,000 were asked for the current year and \$335,000 were allowed. The increase is made up mainly by the item "Buildings and Repairs," and amounts to \$64,000. A thorough inspection of the buildings of the Department, with estimates in detail of the cost of the work required in each to put them in order, shows that this amount is necessary.

The Department is required to care for and keep in repair more than eighty buildings and it has been found impossible, with the appropriation allowed for the purpose, to keep them in proper condition.

The remainder of the increase asked for is \$3,000 on the item "Telegraph Supplies and Repairs," which is required for the improvement of the fire-alarm system in the way of providing new outer boxes with keyless doors for the street alarm boxes, etc.

For Placing and Connecting Fire-alarm Electrical Conductors Underground..... 100,000 00

All the appropriations hitherto made for this purpose have been exhausted, the contract for \$50,000 for 1888 having been completed and the contract for the same amount for the current year being under way. The work accomplished thus far has mainly been the placing of conductors in the subways constructed on main routes as directed by the Board of Electrical Control, but to reach desired points not located upon these routes subsidiary connections must be provided. Owing to the small amount allowed for this purpose for the last two years, being only one-half of the appropriation asked for, work of the character referred to could not be done; and to continue the placing of conductors in the main subways already provided, and to make the requisite subsidiary connections, which are absolutely necessary, the full amount asked for is needed.

For New Houses for Engine and Hook and Ladder Companies, etc..... 100,000 00

For quarters for the following: Engine Company No. 7 and Hook and Ladder Company No. 1 and Water Tower No. 1, now located at the corner of Chambers and Centre streets (or in lieu thereof, Engine 29 and Hook and Ladder Company No. 10, corner of Fulton and Church streets) Engine Company No. 35, at No. 233 East One Hundred and Nineteenth street, Engine Company No. 41, at No. 501 North Third avenue, and for Engine Company No. 42, on Fulton avenue, between One Hundred and Sixty-seventh and One Hundred and Sixty-eighth streets.

The Department has been notified that the Commissioners designated by chapter 81 of 1889, have taken steps to erect a municipal building on that portion of the City Hall park partly occupied by the present quarters of Engine Company No. 7 and Hook and Ladder Company No. 1. The location is deemed advantageous for fire apparatus, because it is quite central to a section of the city in which there are many fires and is on a corner, but if the new municipal building

project is carried out, the removal of these organizations will be necessary and new locations and buildings will be required. In the event that this change should not be made the substitution of the quarters of Engine Company No. 29 and Hook and Ladder Co. No. 10, at Fulton and Church streets, is desired. The building at Fulton and Church streets is old and should be rebuilt to fit it for these important companies.

The house of Engine Company No. 35 was referred to in the estimate for the current year in these terms: "The condition is such that it must be rebuilt. To repair and alter it would be throwing money away. The house was built for the volunteer service thirty years ago."

The house for Engine Companies Nos. 41 and 42 were built for the volunteer service of the towns of Mott Haven and Morrisania respectively, before their annexation to this city, and both are in a very bad and unsuitable condition for the service. The last-named house was also asked for in the estimate for the current year, in which it was described as follows:

"It is only two stories high and the walls of the second story, being only eight inches thick, will not bear the weight of an additional story. The building is very narrow, twenty feet, too small in every way for its present purposes. It has no cellar, the floor beams are rotting, and its condition generally is such that it would be unwise to expend money upon it for alterations to make it suitable and for repairs to make it habitable."

To Complete the New Floating Engine..... 43,000 00

For this purpose \$75,000 were asked in the Departmental Estimate for this year and \$65,000 were allowed. This amount has been found to be entirely inadequate. Upon advertising for proposals the lowest bid that was obtained for building the boat entire, exclusive of the fire pumps (for which the lowest bid was \$22,000) was \$72,000, in all \$94,000, thus exceeding the appropriation by \$29,000, without allowing for the naval architect's commissions, which are chargeable to this appropriation. For building the hull of the boat the lowest bid, amounting to \$34,800, was accepted, and the contract awarded thereon. The engine and auxiliary machinery was subsequently awarded for \$24,832.50. The balance of the appropriation will therefore be about \$3,000.

On the basis of the estimates received, it is safe to say, that the boat cannot be completed for less than the amount above called for.

The foregoing estimate, amounting to two millions three hundred and sixty thousand four hundred and ninety-two $\frac{8}{10}$ (\$2,360,492.50) dollars, is adopted as the sum of money which will be required for the expenses necessary to the administration and conduct of the Fire Department of the City of New York for the year 1890.

To the Honorable the Board of Aldermen:

GENTLEMEN—As provided in section 189 of the New York City Consolidation Act of 1882, the accompanying duplicate Departmental Estimate of the amount required for conducting the business of the Common Council during the ensuing year is respectfully submitted, the original having been transmitted to the Comptroller for the Board of Estimate and Apportionment.

FRANCIS J. TWOMEY, Clerk Common Council.

OFFICE OF THE BOARD OF ALDERMEN, No. 8 CITY HALL,
NEW YORK, August 20, 1889.

Hon. THEODORE W. MYERS, Comptroller:

DEAR SIR—In reply to your circular letter of the 20th ultimo, requesting me to prepare and transmit to the Board of Estimate and Apportionment, on or before the first day of September, 1889, estimates, in writing, of the amounts required to pay the expenses of conducting the public business in this office, in and for the year 1890, together with other information, I have the honor to state that the salaries fixed by law are as follows:

President of the Board of Aldermen.....	\$3,000 00
Twenty-five members of the Board, other than the President, at \$2,000 each per annum	50,000 00
(Section 52, New York City Consolidation Act of 1882; chapter 74, Laws of 1884; chapter 292, Laws of 1887.)	
By section 79 of the New York City Consolidation Act of 1882, the sum to be appropriated for salaries for clerks and other officers of the Board of Aldermen, including the Clerk, is limited to \$25,000. The Board of Estimate and Apportionment, last year, specified the officers and fixed their salaries at \$22,100, which will be ample for the ensuing year, and is as follows:	
Clerk of the Board, and ex-officio Clerk of the Common Council.....	5,000 00
Deputy Clerk of the Board of Aldermen.....	2,500 00
Five Clerks, at \$1,200 each.....	6,000 00
Four Clerks, at \$1,000 each.....	4,000 00
Librarian for City Library.....	1,000 00
Sergeant-at-Arms, Board of Aldermen.....	900 00
Three Messengers, at \$900 each per annum.....	2,700 00
City Contingencies.....	1,500 00
Contingencies—Clerk of Common Council.....	200 00
Total for the year 1890.....	\$76,800 00

—and is an exact duplicate, both as to the objects and the amounts of expenditures, asked for and allowed for the year 1889.

Until after the organization of the Board of Aldermen for the year 1890, and the appointment of its officers, their names and designations cannot be given.

As all the appropriations are made to pay fixed salaries, with the exception of the items of contingencies, it is more than probable they will be all expended. The balance unexpended from the appropriation for "Contingencies" cannot, with any degree of certainty, be estimated at this time.

Very respectfully,

FRANCIS J. TWOMEY, Clerk Common Council.

GENTLEMEN—In compliance with the requirement of section 189 of the New York City Consolidation Act of 1882, we have the honor to submit herewith a duplicate of the "Departmental Estimate" of this office for the year 1890, the original of which has this day been sent to the Board of Estimate and Apportionment.

NEW YORK, August 26, 1889.

To the Honorable the Board of Estimate and Apportionment:

In conformity with the circular letter of the Comptroller of date July 20, 1889, we beg to submit as the amount necessary to conduct the office of Commissioner of Accounts during the year 1890:

For salaries of the two Commissioners, as fixed by chapter 516, Laws 1884.....	\$10,000 00
For salaries of Assistants, and to pay contingencies and expenses necessary in the conduct of duties devolving on the Commissioners of Accounts.....	25,000 00
	\$35,000 00

This is the sum that was asked for by our predecessors, and in lieu of which they received \$27,500.

The duties devolving upon and the work performed by us during the present year have required heavy expenditures that were not contemplated when the last estimate was submitted, and as a consequence we have been compelled to reduce our force to a minimum, as is shown by the list herewith submitted, rendering us unable to make examinations that we feel we are called upon to make, and demonstrates to us the necessity of the appropriation asked for.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, and Leather," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until 10 o'clock A. M. of Wednesday, September 4, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Plumbing and Steam Heating, Attendants' Building, Ward's Island, N. Y.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of THREE THOUSAND (\$3,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in

said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default of the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

ESTIMATES FOR REPAIRING THE CRIB-BULKHEAD from about the centre line of East Seventeenth street to the sewer in East Eighteenth street, on the East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 11.30 o'clock A. at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination, of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall

not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the 9th day of November, 1889, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the Contractor, and deposited in all respects according to law, and any material dredged, and not so deposited, shall not be paid for.

All the old material taken from the old cribwork, to be removed under the contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under this contract.

Bidders will state in their estimates a price for the whole of the work to be done, in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in the two classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect to do so, he or they will be considered as having abandoned it, and as in default of the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

NEW YORK, August 21, 1889.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M. Wednesday, September 4, 1889, at which place and hour they will be publicly opened by the head of the Department.

- No. 2. FOR FURNISHING MATERIALS AND PERFORMING WORK IN THE ALTERATIONS AND REPAIRS TO CATHARINE MARKET BUILDINGS.

Each estimate must contain the name and place of residence of the persons making the same, the names of all persons interested with them therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M. Wednesday, September 4, 1889, at which place and hour they will be publicly opened by the head of the Department.

- No. 1. FOR RECEIVING-BASINS ON THE NORTHWEST, NORTHEAST AND SOUTHEAST CORNERS OF ONE HUNDRED AND FIFTY-SEVENTH STREET AND ELEVENTH AVENUE.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for

the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall therefor be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,
THOMAS F. GILROY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, June 1st, 1889.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,
Commissioner of Public Works.
