Steers, President, Borough of Brooklyn; Cyrus C. Miller, President, Borough of The Bronx; Lawrence Gresser, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. William J. Gaynor, presided.

The minutes (Financial and Franchise Matters) of the meeting held November 18, as printed in the CITY RECORD November 22, 1910, were approved.

## FRANCHISE MATTERS.

*Mutual Life Insurance Company of New York.*

In the matter of the consent granted to the Mutual Life Insurance Company of New York to continue to maintain and use an existing branch tunnel under and along Cedar street, from 62 to 64 Cedar street, to the main tunnel crossing the street from the main building of the Company, on the northerly side of said street, known as 58 and 60 Cedar street, Borough of Manhattan.

This consent was granted by resolution adopted by this Board June 24, 1910, approved by the Mayor July 1, 1910, and, by resolution adopted September 16, 1910, approved by the Acting Mayor September 22, 1910, the Company was granted an extension of time in which to accept the consent as provided therein. The Secretary presented the following:

Report No. F-231. Board of Estimate and Apportionment, The City of New York, Division of Franchises, Room 801, 277 Broadway, November 16, 1910.

Mr. NELSON P. LEWIS, Chief Engineer:

Sir—The Board of Estimate and Apportionment adopted a resolution on June 24, 1910, which was approved by the Mayor on July 1, 1910, granting permission to the Mutual Life Insurance Company of New York to continue to maintain and use an existing branch tunnel constructed by the Company under and along Cedar street, in the Borough of Manhattan, from 62-64 Cedar street to the main tunnel crossing the street from its main building on the northerly side to 58-60 Cedar street opposite. This consent provided that the Company make payment to the City of the sum of seven thousand eight hundred and sixteen dollars and forty-six cents (\$7,816.46) for the past use and occupation of Cedar street by the tunnel and in addition the sum of one thousand two hundred and sixty dollars (\$1,260) per annum for the privilege, file an altered form of lease of the premises 62-64 Cedar street with the Board of Estimate and Apportionment, deposit a security fund of twenty-five hundred dollars (\$2,500) with the Comptroller and file a certificate of acceptance with the Board, all within thirty days of the date of approval by the Mayor.

Subsequently the Company presented a petition dated August 25, 1910, to the Board, reciting that payment of the sum of seven thousand eight hundred and sixteen dollars and forty-six cents (\$7,816.46) for past use and occupation of Cedar street by the tunnel had been made to the Comptroller, but as yet it had been unable to complete negotiations with the lessees of 62-64 Cedar street for the signing of a new form of lease as required by the consent. The petition therefore requested an extension of time to October 1, 1910, in which to make the annual payment, file the new form of lease, deposit the security fund and file the certificate of acceptance with the Board.

Acting upon this petition the Board adopted a resolution on September 16, 1910, which was approved by the Acting Mayor on September 22, 1910, granting the requested extension of time to October 1, 1910.

I am now in receipt of a communication from the Company dated November 11, 1910, reciting that the lessees of 62-64 Cedar street have declined to agree to the modification of their lease, and in consequence use of the tunnel will be discontinued after November 30. The Company has stated its willingness to pay the proportionate part of the annual charge due for the period from July 1, 1910, to November 30, 1910, and comply with all other requirements of the Board.

In view of the fact that the Company has found it impossible to secure the modification of the lease necessary to make the use of the tunnel legal, the decision of the Board to discontinue its operations by means of the tunnel seems to be the only possible course. The resolution granting consent for the tunnel adopted by the Board on June 24, 1910, should be rescinded and the Company should be required to entirely remove the tunnel from within the lines of Cedar street.

Resolutions are herewith submitted for adoption, revoking the said consent upon payment for the privilege to November 30, 1910, and providing for the removal of the tunnel on or before July 1, 1911. Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Approved: NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, By resolution adopted by the Board of Estimate and Apportionment on June 24, 1910, approved by the Mayor July 1, 1910, the Mutual Life Insurance Company of New York was granted permission to continue to maintain and use an existing branch tunnel constructed by the Company under and along Cedar street, in the Borough of Manhattan, from 62-64 Cedar street to the main tunnel crossing said street, connecting the main building of the Company on the northerly side of Cedar street and its property opposite on the southerly side known as 58-60 Cedar street; the said tunnel to be used for the purpose of containing pipes for the conveyance of steam and electricity from the said main tunnel to 62-64 Cedar street; and

Whereas, In accordance with the terms and conditions of the aforesaid consent the said Mutual Life Insurance Company of New York paid into the treasury of The City of New York the sum of seven thousand eight hundred and sixteen dollars and forty-six cents (\$7,816.46) for the past use and occupation of Cedar street by said branch tunnel; and

Whereas, By resolution adopted by this Board September 16, 1910, approved by the Acting Mayor September 22, 1910, the said Mutual Life Insurance Company of New York was granted an extension of time up to and including October 1, 1910, in which to make the annual payment for the privilege, file a modified form of lease of the premises 62 and 64 Cedar street with this Board, deposit the security fund with the Comptroller and file the certificate of acceptance with the Board, all as required by the said consent; and

Whereas, The said Mutual Life Insurance Company of New York has stated its intention of discontinuing the use of the said branch tunnel after the 30th day of November, 1910, all as more fully recited in a report from the Engineer in charge of the Division of Franchises to the Chief Engineer, presented to the Board at the meeting held this day; now therefore be it

Resolved, That the hereinabove mentioned resolution adopted by this Board on June 24, 1910, approved by the Mayor July 1, 1910, as amended by resolution adopted September 16, 1910, approved by the Acting Mayor September 22, 1910, be and the same is hereby rescinded; and be it further

Resolved, That the Comptroller of The City of New York be and he hereby is authorized and requested to make formal demand upon the Mutual Life Insurance Company of New York for the payment to the City of the amount due for the said tunnel for the period from July 1, 1910, to November 30, 1910, and advise the Board within thirty days of such demand whether the same has been paid; and be it further

Resolved, That the Mutual Life Insurance Company of New York be and it hereby is directed to entirely remove the said branch tunnel from within the lines of Cedar street, under the supervision and to the satisfaction of the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and restore the street pavement to its original condition, and complete the said work on or before July 1, 1911.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

#### *The Excelsior Brewing Company.*

In the matter of the consent granted to the Excelsior Brewing Company to construct, maintain and use a conduit under and across Pulaski street, east of Throop avenue, Borough of Brooklyn.

The Secretary presented the following:

Report No. F-258. Board of Estimate and Apportionment, The City of New York, Division of Franchises, Room 801, 277 Broadway, November 10, 1910.

Mr. NELSON P. LEWIS, *Chief Engineer*:

Sir—By resolution adopted by the Board of Estimate and Apportionment October 14, 1910, approved by the Mayor October 21, 1910, the Excelsior Brewing Company was granted permission to construct, maintain and use a conduit under and across Pulaski street, east of the easterly line of Throop avenue, Borough of Brooklyn, connecting properties of the grantee on opposite sides of said street, and to contain pipes for the conveyance of steam, electricity and water between the said premises. Section 15 of the consent provides as follows:

"This consent shall not become operative until said grantee shall duly execute an instrument in writing wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all of the terms, conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty days after the approval of this consent by the Mayor."

Under and pursuant to the above quoted section, the Excelsior Brewing Company presented an agreement dated November 1, 1910. This agreement has been approved as to form by the Acting Corporation Counsel and returned to this office with a communication dated November 7, 1910, and is now on file.

The Departments interested, likewise the grantee, have been furnished with certified copies of the approved resolution, and the grant is now in full force and effect. Respectfully,

Approved: NELSON P. LEWIS, Chief Engineer.

Which was ordered filed.

#### *Kirkman & Son.*

In the matter of the application of Kirkman & Son to construct, maintain and use a tunnel under and across Bridge street, north of Water street, Borough of Brooklyn, connecting the properties of the grantee on opposite sides of said street, and to be used for the purpose of containing pipes to convey electric wires, steam and other materials between said premises.

This application was presented to the Board at the meeting of October 28, 1910, and was referred to the Chief Engineer. The Secretary presented the following:

Brooklyn, N. Y., October 8, 1910.

Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—We hereby respectfully make application for a franchise to construct and maintain a tunnel under and across Bridge street, at a point 116 feet (centre line of tunnel) northerly of Water street, Borough of Brooklyn, said tunnel to connect properties owned by us and described as follows: Beginning at a point at the intersection of the building lines on the northwesterly corner of Water and Bridge streets and extending northerly and parallel with Bridge street 133 feet 4 inches; thence westerly and parallel with Water street 83 feet 4 inches; thence southerly and parallel with Bridge street 7 feet 10 inches; thence westerly and parallel with Water street 6 feet 6 inches; thence southerly and parallel with Bridge street 25 feet 6 inches; thence westerly and parallel with Water street 155 feet 6 inches; thence southerly and parallel with Bridge street 100 feet; thence easterly and parallel with Water street 245 feet 3 inches to the point or place of beginning, which property is to be connected with property on opposite side of street bounded and described as follows: Beginning at a point on the easterly side of Bridge street distant 75 feet northerly of Water street; running easterly and parallel with Water street 100 feet; thence northerly and parallel with Bridge street 50 feet; thence westerly and parallel with Water street 100 feet; thence southerly and parallel with Bridge street 50 feet to the point or place of beginning. The properties to be connected consist of two brick buildings used for the manufacture of glycerine and soap. The tunnel to be used to contain a system of pipes for the conveyance of electric wires, steam, air and materials necessary in the manufacture of glycerine and soap.

We are sending herewith one original tracing and nine prints thereof, showing location and method of construction, as per your requirements.

Hoping that it may please your Honorable Board to grant the privilege requested, and thanking you for your early consideration, we are,

Very respectfully yours,

KIRKMAN & SON,  
By S. A. KIRKMAN, Vice-President.

Report No. F-90. Board of Estimate and Apportionment, The City of New York, Division of Franchises, Room 801, 277 Broadway, November 11, 1910.

Mr. NELSON P. LEWIS, *Chief Engineer*:

Sir—Kirkman & Son has presented a petition dated October 8, 1910, to the Board of Estimate and Apportionment for permission to construct, maintain and use a tunnel under and across Bridge street, at a point about 116 feet north of the northerly line of Water street, in the Borough of Brooklyn. The tunnel is designed to be 6 feet wide and 7 feet 6 inches high, inside dimensions, and is to be used to connect properties of Kirkman & Son on the opposite sides of Bridge street for the purpose of conveying electric wires, steam, air and materials necessary in the manufacture of glycerine and soap.

At the meeting of the Board held October 28, 1910, the matter was referred to the Chief Engineer for investigation and report.

I caused an examination to be made, and no objections were found to the project. Copies of the application and accompanying plan were sent to the President of the Borough of Brooklyn and to the Commissioner of Water Supply, Gas and Electricity, with the request that examinations be made by the various bureaus having jurisdiction with a view to ascertaining if there are any objections to the project or any particular conditions which should be incorporated in the form of consent heretofore used by the Board for similar privileges.

Replies to said communications dated November 7, 1910, state that there are no objections to the proposed tunnel and no particular conditions necessary to be inserted in the form of consent.

As there are no objections to the tunnel, I can see no good reason why the requested permission should not be granted, and would suggest that consent be given during the pleasure of the Board of Estimate and Apportionment, but in no case to extend beyond a term of ten (10) years from the date of the approval of the consent by the Mayor and revocable upon sixty days' notice in writing, and that it be made a condition of the consent that a security deposit in the sum of \$2,500 be required, said deposit to be in the form of either money or securities to be approved by and deposited with the Comptroller for the faithful performance of the terms and conditions of the consent.

The plan area of the tunnel between building lines is 500 square feet. The average assessed valuation of the properties to be connected has been estimated to be \$1.62 per square foot. On the basis of charge heretofore used by the Board in similar cases, viz., 4 per cent. of the assessed valuation of the land occupied by the tunnel, the charge in this case would be less than the minimum of \$100 heretofore fixed by the Board for similar privileges. The charge for the tunnel should therefore be during the first term of five years an annual sum of \$100; during the second term of five years an annual sum of \$105. Such sum should be paid into the City Treasury in advance on November 1 of each year.

As the winter season is about to set in, it has been made a condition of the consent that the tunnel be completely constructed by July 1, 1911.

The customary form of resolution granting the consent is herewith submitted for adoption. Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Approved: NELSON P. LEWIS, Chief Engineer.

*Plan of Proposed Tunnel  
for  
Kirkman & Son.*

#### *DIVISION OF FRANCHISES.*

The following was offered:

Whereas, Kirkman & Son has presented a petition dated October 8, 1910, to the Board of Estimate and Apportionment of The City of New York for its consent to the construction, maintenance and use of a tunnel under and across Bridge street at a point 116 feet north of the northerly line of Water street, in the Borough of Brooklyn; said tunnel to connect the properties of the petitioner on opposite sides of said street, and to be used to contain pipes for the conveyance of electric current, steam, air and materials necessary in the manufacture of glycerine and soap; now therefore be it

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to Kirkman & Son, a domestic corporation, and the owner of certain properties on the easterly and westerly sides of Bridge street, in the Borough of Brooklyn, City of New York, to construct, maintain and use a tunnel 6 feet in width and 7 feet 6 inches in height, inside dimensions, under and across said Bridge street at a point 116 feet north of the northerly line of Water street, connecting the said properties of the petitioner; the tunnel to be used to contain pipes for the conveyance of electric current, steam, air and materials necessary in the manufacture of glycerine and soap between the said properties, for the exclusive use of the petitioner, and for no other purpose; all as shown on the plan accompanying the application, and entitled:

"Plan showing location of proposed tunnel to be constructed on Bridge Street—116 feet nor. of Water Street—Borough of Brooklyn, to accompany application of Kirkman & Son to the Board of Estimate and Apportionment of the City of New York—Oct. 8, 1910"

—and signed Kirkman & Son, by S. A. Kirkman, vice-president, a copy of which is annexed hereto and made a part hereof, upon the following terms and conditions:

1. Said consent shall continue only during the pleasure of the Board of Estimate and Apportionment, or its successors in authority, and shall be revocable upon sixty (60) days' notice in writing to the said grantee, its successors or assigns, but in no case shall it extend beyond a term of ten (10) years from the date of the approval of this consent by the Mayor, and thereupon all rights of the said Kirkman & Son in or under said Bridge street by virtue of this consent shall cease and determine.

2. The said Kirkman & Son, its successors or assigns, shall pay into the treasury of The City of New York, as compensation for the privilege hereby granted, during the first term of five years, the annual sum of one hundred dollars (\$100), and during the second term of five years the annual sum of one hundred and five dollars (\$105). Such payments shall be made in advance on November 1 of each year; provided, however, that the first payment shall be made within sixty (60) days of the approval of this consent by the Mayor, and shall be only such proportion of the annual payment of one hundred dollars (\$100) as the time between the approval of this consent by the Mayor and November 1 following bears to a whole year. Such payments shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid under any ordinance of The City of New York, or by any law of the State of New York.

3. Upon the removal of the said grantee from either of the buildings to be connected by the tunnel, or upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns, shall, at its own cost, cause the tunnel to be removed and all that portion of Bridge street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives. If the tunnel to be constructed by the said grantee under this consent shall not be required to be removed, it is agreed that it shall become the property of The City of New York.

4. The consent hereby given is for the exclusive use of the grantee, and shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment or its successors in authority.

5. The said grantee shall pay the entire cost of:

- The construction, maintenance and removal of the tunnel.
- The protection of all surface and subsurface structures which shall in any way be disturbed by the construction or removal of the tunnel.
- All changes in sewers or other subsurface structures made necessary by the construction or removal of the tunnel, including the laying or relaying of pipes, conduits, sewers or other structures.
- The replacing or restoring of the pavement in said street which may be disturbed during the construction or removal of said tunnel.
- Each and every item of the increased cost of the installation of any future structures or repairs or alterations to any existing or future subsurface structures caused by the presence of said tunnel under this consent.
- The inspection of all work during the construction or removal of the tunnel as herein provided, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction or removal shall be begun the grantee shall obtain permits to do the work from the President of the Borough of Brooklyn and from the

Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed upon it by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans which shall include and show in detail the method of construction of the tunnel and the mode of protection or changes in all subsurface structures required by the construction or removal of the tunnel.

Upon completion of the work the grantee shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structure installed; also the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structures and substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb line intersection.

7. The grantee, its successors or assigns, shall allow to The City of New York a right of way through, under or above any part of the tunnel constructed under the consent hereby granted for any and all subsurface structures which are now or may be hereafter placed by The City of New York in that portion of Bridge street occupied by said tunnel.

If at any time it shall become necessary to repair or alter any substructure in said street, the City shall have the right to break through or remove all or any portion of the structure hereby authorized, and the grantee shall pay to the City the expense incurred by such removal.

8. The said tunnel and any fixtures laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. The said tunnel shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to Bridge street.

10. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of the consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. This consent is upon the express condition that the said grantee, within sixty (60) days after the approval of this consent by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of twenty-five hundred dollars (\$2,500), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge, the repairs of the street pavement and the removal of the tunnel. In case of default in the performance by said grantee of any of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten (10) days' notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or, in case of default in the payment of the annual charge, shall collect the same, with interest, from such fund, after ten (10) days' notice in writing to the said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty (30) days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of twenty-five hundred dollars (\$2,500), and in default of the payment thereof the consent hereby given may be cancelled and annulled, at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

13. Said grantee shall give notice to the President of the Borough of Brooklyn and to the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin the work hereby authorized at least forty-eight hours before such work commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work is commenced, and also the date on which the same is completed, not later than ten (10) days after such dates.

14. Said grantee, its successors or assigns, shall commence the construction of the tunnel hereby authorized and complete the same on or before July 1, 1911; otherwise this consent shall be forfeited forthwith, and without any proceedings, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding one month.

15. This consent shall not become operative until said grantee shall duly execute an instrument in writing wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms and conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty days after the approval of this consent by the Mayor.

And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless for all damages to persons or property which may result from the construction or operation of the tunnel hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

#### F. Wesel Manufacturing Company.

In the matter of the application of the F. Wesel Manufacturing Company for permission to install, maintain and use a 16-inch iron pipe under and across Henry street, south of Cranberry street, Borough of Brooklyn, connecting properties of the grantee on opposite sides of said street and to contain smaller pipes for the conveyance of water, heat and electric current.

This application was presented to the Board at the meeting of October 28, 1910, and referred to the Chief Engineer. The Secretary presented the following:

Brooklyn, N. Y., September 23, 1910.

The Honorable Board of Estimate and Apportionment, City of New York:

Dear Sirs—We herewith petition your Honorable Board for permission to lay and maintain one connecting pipe from the building line on the westerly side of Henry street, at a distance of 19 feet southerly from the corner of Cranberry and Henry streets, Borough of Brooklyn, City of New York, said pipe to be 16 inches in diameter and 57 feet long, as indicated on the annexed plan. The accompanying plan provides for a pipe line to connect the water supply from water tanks on our factory building, on the west side of Henry street, to our automatic sprinkler service in our factory building directly opposite, on the east side of Henry street. The accompanying plan shows the location of proposed connection and that the same does not interfere with any of the existing sewers, gas or water mains. The plan further provides for a pipe to run through the 16-inch pipe to supply the steam heating; also the wiring for electric light and telephone wire from our factory building on the west side of Henry street to the building on the east side of Henry street, Borough of Brooklyn. The two buildings are owned and occupied by your petitioners, and the pipe to be laid is to be for the sole use of the F. Wesel Manufacturing Company only. The proposed pipe lines are for the buildings as indicated and are known as Block 222 on the northeast corner, and Block 221 on the southwest corner. We expect to furnish the necessary bond and security for the execution of the work necessary.

Respectfully,  
[SEAL.] F. WESEL MANUFACTURING COMPANY,  
EMIL STEPHANY, Secretary and Treasurer.

Report No. F-270. Board of Estimate and Apportionment, The City of New York, Division of Franchises, Room 801, 277 Broadway, November 14, 1910.

Mr. NELSON P. LEWIS, Chief Engineer:

Sir—The F. Wesel Manufacturing Company, a domestic corporation, has presented a petition dated September 23, 1910, to the Board of Estimate and Apportionment for permission to install, maintain and use a 16-inch iron pipe under and across

Henry street at a point 19 feet south of the southerly line of Cranberry street, in the Borough of Brooklyn, the said pipe to connect buildings of the petitioner on opposite sides of Henry street for the purpose of containing smaller pipes for the conveyance of water for an automatic fire protection service, and for the conveyance of steam, heat and electric current for lighting and telephone purposes.

At the meeting of the Board held October 28, the matter was referred to the Chief Engineer for investigation and report.

I caused an examination to be made, and the facts were found as stated in the petition.

The building of the Company on the westerly side of Henry street is used for the manufacture of machinery and supplies for printers, electrotypers, etc., and the building on the easterly side of the street is used as a storage building and show-room for completed machines.

Copies of the application and accompanying plan were sent to the President of the Borough of Brooklyn, and to the Commissioner of Water Supply, Gas and Electricity, with a request that examinations be made by the various Bureaus having jurisdiction, with a view to ascertaining if there are any objections to the project or any particular conditions which should be incorporated in the form of consent heretofore used by the Board for similar privileges.

Replies to said communications dated respectively November 7 and November 11, 1910, state that there are no objections to the proposed pipe, and no special conditions necessary to be inserted in the form of consent.

As there are no objections to the proposed pipe, I can see no good reason why the requested permission should not be granted, and would suggest that consent be given during the pleasure of the Board of Estimate and Apportionment, but in no case to extend beyond a term of ten (10) years from the date of the approval of the consent by the Mayor, and revocable upon sixty days' notice in writing, and that it be made a condition of the consent that a security deposit in the sum of five hundred dollars (\$500) be required, said deposit to be in the form of either money or securities to be approved by and deposited with the Comptroller for the faithful performance of the terms and conditions of the consent.

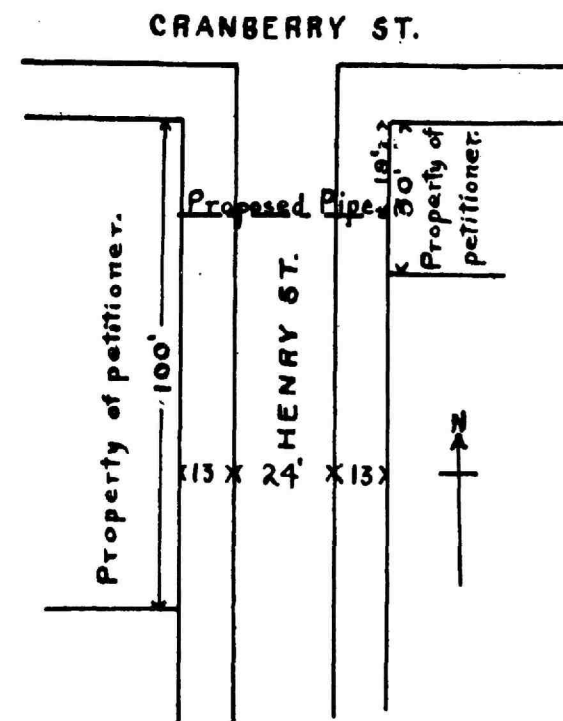

The length of the pipe between building lines is 50 feet. On the basis of charge heretofore adopted by the Board for private pipes in the City streets, viz.: two dollars per linear foot for pipes 16 inches in diameter or less, the charge for the proposed pipe should be one hundred dollars per annum. Such sum should be paid into the City Treasury in advance on November 1 of each year.

It has been made a condition of the consent that the pipe be completely installed within two months from the date of the approval of the consent by the Mayor.

The customary form of resolution granting the consent is herewith submitted for adoption. Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Approved: NELSON P. LEWIS, Chief Engineer.

DIVISION OF FRANCHISES.

The following was offered:

Whereas, The F. Wesel Manufacturing Company has presented a petition dated September 23, 1910, to the Board of Estimate and Apportionment of The City of New York for its consent to the installation, maintenance and use of a 16-inch iron pipe under and across Henry street at a point 19 feet south of the southerly line of Cranberry street, in the Borough of Brooklyn, the said pipe to connect the properties of the petitioner on opposite sides of said street, and to be used to contain smaller pipes for the conveyance of water, steam, heat and electric current for lighting and telephone purposes; now therefore be it

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the F. Wesel Manufacturing Company, a domestic corporation, and the owner of certain property on the easterly and westerly sides of Henry street, in the Borough of Brooklyn, City of New York, to install, maintain and use a 16-inch iron pipe under and across said street at a point 19 feet south of the southerly line of Cranberry street, connecting the said properties of the petitioner, the pipe to be used to contain smaller pipes for the conveyance of water, steam, heat and electric current for lighting and telephone purposes for the exclusive use of the petitioner, and for no other purpose, all as shown on the plan accompanying the application and entitled:

"Plan showing location of connecting pipe laid under Henry st. 19 ft. south of Cranberry St., Borough of Brooklyn for Wesel Mfg. Co. accompanying application of Sept. 23rd 1910 to the Hon. Board of Estimate & Apportionment."

—and signed F. Wesel Manufacturing Company, by Emil Stephany, Secretary and Treasurer, a copy of which is annexed hereto and made a part hereof, upon the following terms and conditions:

1. Said consent shall continue only during the pleasure of the Board of Estimate and Apportionment, or its successors in authority, and shall be revocable upon sixty (60) days' notice in writing to the said grantee, its successors or assigns, but in no case shall it extend beyond a term of ten (10) years from the date of the approval of this consent by the Mayor, and thereupon all rights of the said F. Wesel Manufacturing Company in or under said Henry street by virtue of this consent shall cease and determine.

2. The said F. Wesel Manufacturing Company, its successors or assigns, shall pay into the Treasury of The City of New York, as compensation for the privilege hereby granted, the annual sum of one hundred dollars (\$100). Such payments shall be made in advance on November 1 of each year, provided, however, that the first payment shall be made within sixty (60) days of the date of the approval of this consent by the Mayor, and shall be only such proportion of one hundred dollars (\$100) as the time between the approval of this consent by the Mayor and November 1 following, bears to the whole year. Such payments shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid under any ordinance of The City of New York, or by any law of the State of New York.

3. Upon the removal of the said grantee from either of its said premises on Henry street, or upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns, shall at its own cost cause the pipe to be removed and all that portion of Henry street affected by this permission to be

restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives. If the pipe to be installed by the said grantee under this consent shall not be required to be removed, it is agreed that it shall become the property of The City of New York.

4. The consent hereby given is for the exclusive use of the grantee, and shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment or its successors in authority.

5. The said grantee shall pay the entire cost of:

- The installation, maintenance and removal of the pipe.
- The protection of all surface and subsurface structures which shall in any way be disturbed by the installation or removal of the pipe.
- All changes in sewers or other subsurface structures made necessary by the installation or removal of the pipe, including the laying or relaying of pipes, conduits, sewers or other structures.
- The replacing or restoring of the pavement in said street which may be disturbed during the installation or removal of said pipe.
- Each and every item of the increased cost of the installation of any future structures or repairs or alterations to any existing or future structures caused by the presence of said tunnel under this consent.
- The inspection of all work during the installation or removal of the pipe, as herein provided, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction or removal shall be begun, the grantee shall obtain permits to do the work from the President of the Borough of Brooklyn and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed upon it by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans, which shall include and show in detail the method of installation of the pipe and the mode of protection or changes in all subsurface structures required by the installation or removal of the pipe.

Upon completion of the work the grantee shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structure installed; also the location and dimensions of all structures encountered during the progress of the work. The depth below the street surface of the new structures and substructures encountered must be shown, also their location with reference to the nearest curb line and the nearest curb line intersection.

7. If at any time it shall become necessary to repair or alter any substructure in said street, the City shall have the right to break through or remove all or any portion of the structure hereby authorized, and the grantee shall pay to the City the expense incurred by such removal.

8. The said pipe and any fixtures laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. The said pipe shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to Henry street.

10. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the installation and operation or maintenance of said pipe, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of the consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee, its successors or assigns, shall commence the installation of said pipe under this consent, and complete the same, within two months from the date of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding one month.

13. This consent is upon the express condition that the said grantee, within sixty (60) days after its approval by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge, the repairs of the street pavement and the future removal of the pipe. In case of default in the performance by said grantee of any of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten days' notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, in case of default in the payment of the annual charge, shall collect the same, with interest, from such fund, after ten days' notice in writing to the said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty (30) days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and, in default of the payment thereof, the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

14. Said grantee shall give notice to the President of the Borough of Brooklyn and to the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin the work hereby authorized, at least forty-eight hours before such work commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work is commenced, and also the date on which the same is completed, not later than ten (10) days after such dates.

15. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms and conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless for all damages to persons or property which may result from the construction or operation of the pipes hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

#### New York and North Shore Traction Company.

At the meeting of November 11, 1910, the New York and North Shore Traction Company filed copies of consents of abutting property owners under and pursuant to contracts dated February 1, 1909, and April 14, 1909, granting franchises to said Company to construct, maintain and operate railways from Flushing to Whitestone and from Flushing to Bayside, Borough of Queens, and the matter was referred to the Chief Engineer.

The Secretary presented the following:

Report No. F-147. Board of Estimate and Apportionment, The City of New York, Division of Franchises, Room 801, 277 Broadway, November 19, 1910.

Mr. NELSON P. LEWIS, Chief Engineer:

Sir—Under dates of February 1 and April 14, 1909, contracts were entered into between the City and the New York and North Shore Traction Company for extensions

to Bayside and Flushing, and to Whitestone, respectively. Each of these contracts provided that copies of the consents of the owners of half in value of the property bounded on the routes of the extensions should be obtained and filed with the Board within six months of the signing of the contract by the Mayor, or in the event that such consents could not be obtained, the Company should within one month thereafter make application to the Appellate Division of the Supreme Court for the appointment of commissioners to determine if the railway ought to be constructed.

Pursuant to these provisions, the Company on July 10, 1909, filed property owners' consents covering all the streets of the Whitestone extension and all but three of the streets of the Bayside and Flushing extension, and also consents covering in part two of these three streets.

Reports in relation to the above consents presented to the Board at its meetings of September 17 and October 8, 1909, recommended that the time for the commencement and completion of the railway on the streets for which consents had been obtained be computed from the date of filing the same and fixed at January 10, 1910, and January, 10, 1911, respectively.

Application was subsequently made by the Company to the Appellate Division of the Supreme Court for the appointment of Commissioners under section 94 (now section 174) of the Railroad Law to determine whether a street surface railway ought to be constructed on the streets for which consents were not obtained. Commissioners were appointed by an order of the court dated May 9, 1910, and in a report dated and filed with the Clerk of the Appellate Division June 29, 1910, they recommended that the petition of the Company be granted upon its signing an agreement to comply with the following conditions:

First—That it purchase from the Long Island Railroad a strip of land at the southerly end of Bayside boulevard for the purpose of widening the highway and removing dangerous curves at this point.

Second—That the Company would not use the existing bridge over the tracks of the Long Island Railroad at 10th street, but would erect at this point a bridge suitable for street railway purposes.

Third—That the Company would lay its tracks on the easterly side of Bayside boulevard north of the bridge over the Long Island Railroad Company's tracks and upon the westerly side of 10th street south of said bridge.

Pending the confirmation of the report, the Company in order to gain time obtained the necessary property owners' consents on the streets in question, and filed the same with the Board on November 1, 1910, and, in consequence, has abandoned the proceedings before the Appellate Division. An examination of these consents in connection with those filed in part for two of the streets on July 10, 1909, reveals the following:

Street.	Fifty Per Cent. of Assessed Valuation.	Consents Obtained.
Bayside boulevard .....	\$19,360 00	\$34,250 00
10th street .....	39,700 00	48,850 00
Farrington street .....	30,100 00	31,800 00

One of the consents filed for 10th street for property having an assessed valuation of \$13,500, and one for Bayside boulevard, representing property having an assessed valuation of \$32,000, are given upon conditions similar to the first and third conditions recommended by the Commissioner, as noted above. The Company in a communication dated November 18, 1910, states that it has complied with these conditions and has in addition constructed an independent trestle over the tracks of the Long Island Railroad Company at 10th street. It would appear that the necessary consents of the owners of abutting property have now been obtained and filed for all of the streets of the two grants, and the conditions imposed in said consents complied with.

The Company also on November 1, 1910, filed with the Board additional consents for property abutting on several of the streets for which the requisite amount of consents had previously been obtained, thereby still further increasing the surplus on these streets over the necessary fifty per cent. of the assessed valuation, as previously reported.

There were also filed on November 1 consents on 23d and State streets in substitution for some previously filed, in order to conform with a change of ownership of property, and on Farrington street a renewal of a consent filed July 1, 1909, which was given for a limited period and conditioned upon the railway being commenced within one year from the date of such consent. The new consent does not contain this restriction.

The consents filed with the Board on November 1 were obtained at various times between July, 1909, and August, 1910, and recorded in the office of the Clerk of Queens County on January 11 and November 17, 1910. The Company has since constructed and put in operation its railway on Bayside boulevard and 10th street.

In a communication under date of October 7, 1910, I am advised by the Vice-President and Secretary of the Company that operation of various portions of the railway of the New York and North Shore Traction Company was commenced on the following dates:

August 12, 1910, from the corner of State and Farrington streets, Flushing, to Bayside boulevard, Bayside.

August 13, 1910, from the corner of State and Washington streets, Flushing, to the bridge over the tracks of the Long Island Railroad Company on 8th avenue, Whitestone.

August 24, 1910, the Whitestone line was extended from the bridge on 8th avenue to its terminus at the foot of 11th street.

September 20, 1910, from the City Line at Little Neck to the easterly side of Alley Creek at Bayside.

September 26, 1910, from the corner of State and Farrington streets, along State and Prince streets to Broadway.

I have since been informed by a representative of the Company that it has put in operation the remaining portion of line on Broadway from the westerly side of Alley Creek to Bell avenue, Bayside. Cars on the various routes are operated on a half-hourly schedule.

From the foregoing it will be seen that the Company has put in operation from three and one-half to five months in advance of the time required by its contracts with the City the entire route covered by the two grants with the exception of a connection across Alley Creek and that portion of the single track loop on Farrington street and Broadway, Flushing. The bridge over Alley Creek is now being strengthened to make it suitable for street railway purposes, and the Company expects to have the work completed about December 1 next. It will then be able to operate from the City Line at Little Neck to Bell avenue, Bayside, without change of cars. Before operation can be begun on Broadway it is necessary that arrangements be perfected with the New York and Queens County Railway Company for the use of its existing tracks in that street. The property owners' consents for this portion of Broadway were filed with the Board July 10, 1909, and the date for the commencement of operation subsequently fixed as January 10, 1911. I am informed by the Vice-President of the Company that negotiations are now under way with the New York and Queens County Company for the use of one of its tracks in Broadway, and that upon reaching an agreement the North Shore Company expects to begin construction of the remaining portion of the loop as soon as the necessary special track work can be procured. Inasmuch as the Company is running its cars over the other two streets of the loop to Broadway and Prince street, no great inconvenience is caused by the remainder of the loop not being in operation.

The Company should be advised that its road is required by the contracts to be completely finished and in operation prior to January 10, 1911, and in case of failure so to do an application for an extension should be filed prior to January 1, 1911.

It is recommended that the consents submitted no November 1, 1910, be filed.

Respectfully, HARRY P. NICHOLS, Engineer in Charge.

Approved: NELSON P. LEWIS, Chief Engineer.

The report was ordered filed and the Secretary directed to advise the Company of the required date for completion of the railway.

*New York Life Insurance Company.*

At the meeting of September 30, 1910, a report was received from the Division of Franchises, approved by the Chief Engineer, calling attention to certain unauthorized structures maintained by the New York Life Insurance Company from 346-348 Broadway to 49 Lafayette street, Borough of Manhattan, together with certain proposed resolutions granting consent to maintain and use said structures upon the usual terms and conditions governing such grants, should the Company desire to continue to maintain and use same, or directing the President of the Borough of Manhattan to close the pipes and requesting the Comptroller to make formal demand for payment of moneys due, should the Company decide to discontinue the use of the pipes, and the matter was referred to a committee consisting of the Acting Mayor and the President of the Borough of Manhattan. The Secretary presented the following:

November 14, 1910.

*To the Board of Estimate and Apportionment:*

Gentlemen—On September 30, 1910, there was presented to the Board a report of the Division of Franchises upon the application of the New York Life Insurance Company for the right to maintain and operate certain existing pipes under Lafayette street, between Leonard street and Catherine lane.

Objection was made to the report by counsel for the Company, who submitted a letter setting forth such objections, and the matter was thereupon referred to a committee consisting of the President of the Board of Aldermen and the President of the Borough of Manhattan.

Your Committee has taken this matter under consideration and fails to sustain the points made by the counsel for the Company, both in his communication and in his statements before the Board, to wit: that as the Company has vault rights it should be permitted to use such structures for pipes, etc., without charge therefor. Your Committee believes that the purpose for which vault space was granted is entirely different from that now applied for, to wit: to connect two buildings by pipes, and that the opinion of the Corporation Counsel in which he stated that such structures as connect buildings on opposite sides of the street should be considered as through structures by the Board is the policy that the Board should follow out.

We therefore recommend the adoption of the resolution as presented by the Division of Franchises. Respectfully,

JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan.

The Mayor announced that the Board would hear the counsel for the Company if present. No one appeared on behalf of the Company.

The following was offered:

Whereas, The New York Life Insurance Company heretofore installed seventeen pipes under and across Lafayette street, between Leonard street and Catherine lane, in the Borough of Manhattan, connecting its premises on opposite sides of said street; and

Whereas, It appears, as more fully recited in a report from the Engineer in Charge of the Division of Franchises to the Chief Engineer, presented to the Board of Estimate and Apportionment at the meeting held September 30, 1910, that six of the pipes were maintained and used under color of the authority of a resolution adopted by the Board of Aldermen and the Council on September 5, 1899, and approved by the Mayor September 12, 1899, and that four of the pipes were used without proper authorization; and

Whereas, In compliance with the resolution adopted by the Board of Estimate and Apportionment at the meeting held April 1, 1910, the New York Life Insurance Company presented a petition dated May 2, 1910, to the said Board for permission to continue to maintain and use eight of the said existing pipes under and across Lafayette street for the purpose of conveying water, steam, air and electric current for lighting, power, fire alarm and private telephone system between its said premises; now therefore be it

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the New York Life Insurance Company, a mutual life insurance company, and the owner of certain property known as Nos. 346-348 Broadway, the rear of which fronts on the westerly side of Lafayette street, and also the owner of certain property on the easterly side of said Lafayette street, known as No. 49 Lafayette street, to continue to maintain and use eight certain pipes heretofore installed under and across the said Lafayette street in two groups of four pipes each, to wit:

Group A—One 10-inch pipe, one 6-inch pipe, one 5-inch pipe, one 12-inch pipe, containing one 4-inch pipe, and

Group B—One 12-inch pipe, two 10-inch pipes, one 2-inch pipe.

The said groups being respectively about 7 feet 9 inches and 50 feet 6 inches south of the southerly line of Leonard street. The said pipes to be used for the purpose of conveying water, steam, air and electric current for lighting, power, fire alarm and private telephone system between the said buildings, to be used exclusively in the premises of the petitioner, all as shown on the plan submitted in connection with the application entitled:

"Plan submitted in connection with the application of the New York Life Insurance Company dated May 2, 1910, to the Board of Estimate and Apportionment of the City of New York, for permission to continue to maintain and use certain pipes under and across Lafayette street between Leonard street and Catherine lane, in the Borough of Manhattan."

—a copy of which is annexed hereto and made a part hereof on the following terms and conditions:

1. Said consent shall continue only during the pleasure of the Board of Estimate and Apportionment, or its successors in authority, and shall be revocable upon sixty (60) days' notice in writing to the said grantee, its successors or assigns, but in no case shall it extend beyond a term of ten (10) years from the date of the approval of this consent by the Mayor, and thereupon all rights of the said New York Life Insurance Company in or under said Lafayette street by virtue of this consent shall cease and determine.

2. The said New York Life Insurance Company, its successors or assigns, shall pay into the treasury of The City of New York, as compensation for the privilege hereby granted, the annual sum of six hundred and forty dollars (\$640). Such payments shall be made in advance on November 1 of each year, provided, however, that the first payment shall be made within thirty (30) days of the approval of this consent by the Mayor, and shall be only such proportion of the sum of six hundred and forty dollars (\$640) as the time between the date of the approval of this consent by the Mayor and November 1 following bears to a whole year. The grantee shall also pay into the treasury of The City of New York within thirty days of the date of the approval of this consent by the Mayor the sum of four thousand five hundred and seventy dollars (\$4,570) for the past use and occupation of Lafayette street by the said four unauthorized pipes from November 1, 1904, to October 1, 1910.

Such payments shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid under any ordinance of The City of New York or by any law of the State of New York.

3. Upon the removal of the said grantee from either of its said premises on Lafayette street, or upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns, shall, at its own cost, cause the pipes to be removed and all that portion of Lafayette street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives. If the pipes to be maintained by the said grantee under this consent shall not be required to be removed, it is agreed that they shall become the property of The City of New York.

4. The consent hereby given is for the exclusive use of the grantee, and shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment or its successors in authority.

5. The said grantee shall pay the entire cost of:

(a) The installation, maintenance and removal of the pipes.

(b) The protection of all surface and subsurface structures and particularly the subway railroad which shall in any way be disturbed by the installation or removal of the pipes.

(c) All change in the subway railroad or sewers or other subsurface structures made necessary by the installation or removal of the pipes, including the laying or relaying of pipes, conduits, sewers or other structures.

(d) The replacing or restoring of the pavement in said street which may be disturbed during the installation or removal of said pipes.

(e) Each and every item of the increased cost of any future substructure caused by the presence of said pipes under this consent.

(f) The inspection of all work during the installation or removal of the pipes as herein provided, which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity.

6. It is made a particular condition of this consent that the nine existing pipes which the company does not desire to use shall be permanently closed by the grantee with concrete or other satisfactory material within three months of the date of the approval of this consent by the Mayor.

Before the construction or removal shall be begun, the grantee shall obtain permits to do the work from the President of the Borough of Manhattan and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed upon it by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans, which shall include and show in detail the method of installation of the pipes and the mode of protection or changes in all subsurface structures required by the installation of the pipes.

7. The grantee, its successors or assigns, shall allow to The City of New York a right of way under or above any part of the pipes constructed under the consent hereby granted for any and all subsurface structures which are now or may be hereafter placed by The City of New York in that portion of Lafayette street occupied by said pipes.

8. The said pipes and any fixtures laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. The said pipes shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to Lafayette street.

10. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, and particularly including the subway railroad by reason of the construction and operation or maintenance of said pipes, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of the consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. This consent is upon the express condition that the said grantee, within thirty (30) days after its approval by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of one thousand five hundred dollars (\$1,500) either in money or in securities, to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge, the repairs of the street pavement, and the future removal of the pipes. In case of default in the performance by said grantee of any such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten days' notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or in case of default in the payment of the annual charge, shall collect the same with interest from such fund, after ten days' notice to the said grantee.

In case of any drafts upon the security fund the said grantee shall, upon thirty (30) days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of fifteen hundred dollars (\$1,500), and in default of the payment thereof the consent hereby given may be cancelled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

13. This consent shall not become operative until said grantee shall duly execute an instrument in writing wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms and conditions and requirements in this consent fixed and contained; and file the same with the Board of Estimate and Apportionment of The City of New York within sixty days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless for all damages to persons or property which may result from the construction or operation of the pipes hereby authorized.

The Secretary presented the following communication from the Commissioner of Docks requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted June 3, 1910, of the plans, specifications and estimate of cost (\$12,700) for regulating, grading and paving the South Street Ferry approach and for constructing subway ducts at the St. George Ferry terminal, in the Borough of Richmond.

On November 11, 1910, the request of the Commissioner of Docks for approval of the above plans, etc., was referred to the Comptroller.

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, November 5, 1910.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—I transmit herewith plans, specifications and form of contract 1243, for regulating, grading and paving the South Street Ferry approach and for constructing subway ducts at the St. George Ferry terminal, Borough of Richmond. It is estimated that this work will cost \$12,700.

Pursuant to the provisions of the resolution adopted June 3, 1910, the plans, specifications and estimate are submitted for approval. Yours respectfully,  
CALVIN TOMKINS, Commissioner of Docks.

City of New York, Department of Finance, Comptroller's Office, November 17, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Hon. Calvin Tomkins, Commissioner, Department of Docks and Ferries, in communication dated November 5, 1910, forwarded to the Board of Estimate and Apportionment for approval, pursuant to resolution adopted by the Board on June 3, 1910, plans, specifications and estimate of cost (\$12,700) for regulating, grading and paving the South Street Ferry approach and for constructing subway ducts at the St. George Ferry terminal, Borough of Richmond.

A new ferry house and terminal has recently been completed at great expense at St. George, Staten Island.

Extensive improvements to the roadways in the immediate vicinity of this new ferry house at St. George are at the present time being proceeded with, a great concrete wall along Jay and South streets being now nearly completed.

The roadway and sidewalk which it is proposed to pave and construct under this contract is on the descending approach which leads from the new concrete viaduct to the lower deck of the ferry house.

This portion of the wall is completed and the approach has been graded and is ready for paving. Before the pavement is laid, it is requisite that the conduits should be placed, as it is necessary that conduits should be placed for carrying electric wires and cables for lighting, etc. The work is therefore necessary.

The estimate of cost, \$12,700, is based on the following estimated quantities of labor and materials necessary to complete the work.

1, granite block pavement, 1,976 square yards; 2, sand, 83 cubic yards; 3, granite curb, 413 linear feet; 4, granolithic sidewalk, 2,500 square feet; 5, concrete, 384 cubic yards; 6, steel reinforcement, 300 square feet; 7, steel bars and angles, 4,725 pounds; 8, conduit complete, 910 linear feet; 9, manholes, 6; 10, junction boxes, 8; 11, excavation, 850 cubic yards; 12, expansion bolts, 252.

The contract value of above, based on prevailing prices, is estimated to be \$12,040.45; incidentals, 5 per cent, \$602.02; total, \$12,642.47, or, in round numbers, \$12,700.

I therefore recommend that the Board of Estimate and Apportionment, pursuant to the resolution adopted by the Board on June 3, 1910, approve the plans, specifications and estimate of cost (\$12,700) for regulating, grading and paving the South Street Ferry approach and for constructing subway ducts at the St. George Ferry terminal in the Borough of Richmond. Respectfully,

WILLIAM A. PRENDERGAST, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment, on June 3, 1910, adopted a resolution directing all boards, departments, bureaus, commissions or offices of the City or County government authorized to incur obligations and execute contracts payable out of corporate stock to submit to this Board for approval plans, specifications and estimates of cost prior to advertising for bids upon public works funds for which have been released since January 14, 1910, or may be released hereafter, etc.

Whereas, The Commissioner of Docks, on November 5, 1910, submitted for approval plans and specifications for regulating, grading and paving the South Street Ferry approach and for constructing ducts at the St. George Ferry terminal, Borough of Richmond, at an estimated cost of twelve thousand seven hundred dollars (\$12,700).

Resolved, That the Board of Estimate and Apportionment hereby approves of the plans, specifications and estimate of cost for said work as above set forth.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller referring to the petition of August Rathkamp, filed pursuant to section 246 of the Charter, for the sum of \$15,854.03, damages alleged to have been sustained from a legislative enactment relating to the sale of liquors in Wallabout Market, Brooklyn, and stating that in view of the opinion of the Corporation Counsel, dated November 11, 1910, and the reports of the Division of Law and Adjustment of the Department of Finance, this claim does not come within the purview of said section of the Charter.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the petitioner.

(On November 4, 1910, the above matter was referred to the Comptroller.)

The Secretary presented a report of the Comptroller recommending approval, pursuant to resolution adopted June 3, 1910, of the revised plans and modified specifications for steel file cases and furnishings in the office of the County Clerk of New York County, County Court House, Borough of Manhattan, at an estimated cost of \$39,000.

Which was laid over one week—December 1, 1910.

(On September 23, 1910, the request of the Commissioner of Records of New York County for approval of the plans, specifications and estimate of cost for the above was referred to the Comptroller.)

(On November 4 the matter was laid over for two weeks.)

(On November 18 the matter was laid over for one week.)

The Secretary presented a report of the Committee of Engineers appointed September 20, 1910, to report upon the proposed agreement of the Public Service Commission with the Bradley Contracting Company for a settlement of the contractor's claims and for the completion of the work on Section 9-O-1 of the Brooklyn-Manhattan Loop Lines.

(This Committee submitted a report on November 4, but the matter was referred back to it for further consideration, while additional information was requested from the Public Service Commission.)

(A report from the Public Service Commission was presented to the Board on November 18, and on the same date a further report from the Committee was presented and ordered placed on the Calendar for November 23.)

The Committee reports that it has re-examined the data which it had when it made its first report and the additional information furnished by the Public Service Commission, and that its former conclusions have been confirmed. There does not appear to be any accurate data upon which to estimate the precise value of work done or damage which the contractor has suffered. The proposed settlement is a compromise involving payments far below the contractor's claims, and the Committee reaffirms its belief that in view of the circumstances, including two changes of plan and a suspension of work for two and a half years, the settlement proposed by the Public Service Commission should be approved, in order that litigation may be avoided and this remaining section of the Loop Line may be completed as soon as possible. This proposed settlement provides for a payment of \$1,150,000 for the completion of work remaining to be done, and of \$275,635.62, covering the balance on the Duane street sewer and other extra work ordered by the Commission, and for damages due to more than two years' delay.

The President of the Borough of Richmond presented copies of correspondence had with Henry B. Seaman, in relation to the proposed agreement which was referred to the Committee of Engineers considering this subject for report at the meeting to be held December 1, 1910.

The Secretary presented the following communication from the District Attorney, Richmond County, requesting, and report of the Select Committee, consisting of the Comptroller and President of the Board of Aldermen, recommending, the establishment of the position of Special Messenger and Subpoena Server, with salary at the rate of \$1,000 per annum, in the office of said District Attorney, as of October 1, 1910.

(On November 11, 1910, the request of the District Attorney of Richmond County for the establishment of the above position, in order to legalize the compensation of the present incumbent, was referred to said Committee.)

District Attorney's Office, Richmond County, New Brighton, N. Y., November 5, 1910.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York City, N. Y.:

Dear Sirs—The salary check for John P. Martinez, Special Messenger and Subpoena Server in this office, for the month of October, 1910, has been held up for the alleged reason that the position was never established or the salary fixed as required by section 56 of the Charter.

The position of Special Messenger and Subpoena Server in this office was created a great many years ago, and carried a salary of \$1,000 per annum. Heretofore no question has ever been raised about the payment of the salary.

At a meeting of the State Civil Service Commission held March 17, 1905, the following resolution was adopted:

Resolved, That, subject to the approval of the Governor, the classifications of positions in the exempt class in the office of the District Attorney of Richmond County, be and hereby is amended by adding thereto the words, "one Special Messenger and Subpoena Server," for the reason that competitive or non-competitive examination is hereby found to be impracticable for filling said position.

I do not know whether the Board of Estimate and Apportionment and the Board of Aldermen ever passed a resolution referring exclusively to the office of Special Messenger and Subpoena Server, but they have in fact established the position and fixed the salary inasmuch as they have each year approved the budget which included the salary for that position.

On November 1, I wrote the Comptroller informing him of these facts, and asking that the salary be paid. Late yesterday afternoon a telephone message was received at my office stating that the salary could not be paid until the Board of Estimate and Apportionment established the position. I therefore request you to establish the position of Special Messenger and Subpoena Server at a salary of one thousand dollars per annum, commencing October 1, 1910. I shall greatly appreciate expedition in the matter for the reason that Mr. Martinez has faithfully performed his services, and is being greatly embarrassed by reason of the delay. Yours respectfully,

SAMUEL H. EVINS, District Attorney, Richmond County, N. Y.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 15, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On November 7, 1910, the District Attorney of Richmond County requested the establishment, in compliance with the provisions of section 56 of the Greater New York Charter of the position of Special Messenger and Subpoena Server in his office at the rate of \$1,000 per annum. In connection therewith your committee reports as follows:

Although this position has been continuously on the payroll of the office since January 1, 1908, it has not been established. John P. Martinez was appointed to the position on January 1, 1908, at \$1,000 per annum, and is the present incumbent at the same salary. The position is provided for in the 1911 Budget at the present rate. Martinez's salary has been withheld by the Comptroller since October 1, 1910, pending establishment. To permit payment of the salary a resolution for establishment as of October 1, 1910, is necessary.

We recommend that the request be approved by the adoption of the resolution hereto attached. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the District Attorney of Richmond County, of the position of Special Messenger and Subpoena Server at \$1,000 per annum, for one incumbent, as of October 1, 1910.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Comptroller, submitting for adoption resolutions relative to the retirement, pursuant to sections 165 and 166 of the Charter, of Henry J. Storrs, Chief Clerk of the Department of Finance, on an annual sum or annuity of \$1,500:

City of New York, Department of Finance, Comptroller's Office, November 18, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—By authority vested in me as Comptroller, under section 165 of the Greater New York Charter, I hereby recommend to your honorable Board the retirement from active service of Henry J. Storrs, Chief Clerk of the Department of Finance. I further recommend that the Board of Estimate and Apportionment grant to Henry J. Storrs the annual sum or annuity of one thousand five hundred dollars (\$1,500), as provided in section 167 of the Greater New York Charter, such payments to continue during the lifetime of the said Henry J. Storrs.

Mr. Storrs has been actively employed in the Department of Finance since December, 1857, and has served continuously since that time under fourteen different Comptrollers, several of them for periods covering two terms of office.

In addition to the duties of Chief Clerk, which position he now occupies, he has served in many branches of the Department of Finance, always with a good reputation for efficiency, honesty and probity.

By reason of advanced age and the physical disabilities incident thereto, Mr. Storrs now finds himself in the position which I believe was contemplated by those who placed the provision in the Charter for the retirement of employees in the Department of Finance after a period of thirty-five years or more. He has submitted to me a request that I make this recommendation to your honorable Board, and that his retirement be made effective December 31, 1910. His request is as follows:

"November 11, 1910.

"Hon. WILLIAM A. PRENDERGAST, Comptroller:

"Dear Sir—I respectfully request that you recommend to the Board of Estimate and Apportionment, in accordance with the provisions of sections 165 and 166 of the Charter, that I be retired from active service as Chief Clerk in the Department of Finance, taking effect December 31, 1910, and that I be granted annuity of \$1,500 per annum.

"I have been in the employ of the City continuously since December 15, 1857. My reason for making this application is that I have become physically incapacitated for the further performance of the duties of my position. Respectfully,

"HENRY J. STORRS, Chief Clerk, Department of Finance of The City of New York."

This request is accompanied by the certificate of his physician, a copy of which is herewith given:

"November 11, 1910.

"This is to certify that I have known Mr. Henry J. Storrs, Chief Clerk of the Finance Department of The City of New York over sixty years, and am of the opinion that by reason of age and impaired hearing he should be retired from said position, which he has held continuously for fifty-three years.

"JOHN H. THOMPSON, M. D."

In making this recommendation, I wish to record my strong personal feeling that this mark of appreciation is justly due to Mr. Storrs from The City of New York, which he has served long and honorably, and from myself. I therefore offer the following resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, November 22, 1910.

To the Board of Estimate and Apportionment:

Gentlemen—I hereby waive the right to notice of the intention to retire me from active service in the Department of Finance, as provided by section 166 of the Greater New York Charter, as follows:

"\* \* \* Reasonable notice of its proposed action shall be given by said board to any person intended to be retired and an opportunity to be heard shall be given to such persons. The board shall state its reasons for retiring any such person and that the interests of the public service requires such retirement." Respectfully,

HENRY J. STORRS, Chief Clerk, Department of Finance of The City of New York.

The following resolutions were offered:

Resolved, That, in compliance with section 166 of the Greater New York Charter, the Board of Estimate and Apportionment does hereby retire from active service Henry J. Storrs, Chief Clerk of the Department of Finance, upon the recommendation of the Comptroller, as provided by section 165 of the Greater New York Charter; and

Resolved, That, as Henry J. Storrs is at present in receipt of a salary of three thousand one hundred and fifty dollars (\$3,150), as Chief Clerk of the Department of Finance, an annual sum or annuity of one thousand five hundred dollars (\$1,500) is hereby granted by the Board of Estimate and Apportionment to him, to continue during his lifetime; and

Resolved, That the Comptroller of The City of New York is hereby directed to pay the said annual sum or annuity to Henry J. Storrs in monthly instalments, out of the receipts of excise money or liquor taxes belonging to The City of New York, as provided in the Greater New York Charter; and

Resolved, That the Board of Estimate and Apportionment does hereby extend to Henry J. Storrs, as an expression of its appreciation of his long, honorable and faithful services as a City employee, the thanks of this Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a resolution of the Board of Aldermen requesting the Board of Estimate and the Board of Education to make provision for better school accommodations in the Washington Heights District of Manhattan.

Which was referred to the Comptroller, the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, and the Board of Education.

The Secretary presented the following communications from the Commissioner of Correction requesting, and report of the Comptroller, pursuant to resolution adopted June 3, 1910, recommending, approval of plans, specifications and estimate of cost (\$5,000) for the lighting and power service and feeder and subsidiary systems for street lighting on Harts Island.

(On October 28, 1910, the request of the Commissioner of Correction for approval of the above plans, etc., was referred to the Comptroller.)

Department of Correction of The City of New York, Commissioner's Office, 148 East 20th Street, New York, October 22, 1910.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Sir—In compliance with resolution adopted by the Honorable the Board of Estimate and Apportionment on June 2, 1910, I beg to transmit herewith, for approval, contract and specifications for furnishing the necessary skilled labor, superintendence, machinery, blocks, tackle and other appliances, to lay, draw into ducts and properly connect up complete, an electric feeder system, including covers for manholes, for the lighting and power service, and a feeder and subsidiary systems for the street lighting, including the furnishing and connecting up mechanically and electrically of the street lamp-post, lanterns, etc., on Harts Island, New York.

These specifications were drawn up under the direction of the Department of Water Supply, Gas and Electricity, and received its approval. Respectfully,

PATRICK A. WHITNEY, Commissioner.

Department of Correction of The City of New York, Commissioner's Office, 148 East 20th Street, New York, November 7, 1910.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—Referring to letter from this Department to the Board of Estimate and Apportionment under date of October 22 asking for approval of contract and specifications for furnishing labor, superintendence, etc., electric feeder system, Harts Island, I beg to say that the estimated cost of such work is five thousand dollars (\$5,000).

Respectfully yours,

PATRICK A. WHITNEY, Commissioner.

City of New York, Department of Finance, Comptroller's Office, November 19, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Hon. Patrick A. Whitney, Commissioner, Department of Correction, with communication dated October 22, 1910, transmits for approval, in accordance with the resolution adopted by the Board of Estimate and Apportionment June 3, 1910, specifications for "Furnishing the necessary skilled labor, superintendence, machinery, blocks, tackle and other appliances, to lay, draw into ducts and properly connect up complete, an electric feeder system, including covers for manholes, for the lighting and power service, and a feeder and subsidiary systems for the street lighting, including the furnishing and connecting up mechanically and electrically of the street lamp-post, lanterns, etc., on Harts Island, New York."

These specifications were drawn up under the direction of the Department of Water Supply, Gas and Electricity, and received its approval.

From an investigation I have caused to be made by the Chief Engineer of this Department, I am advised that the buildings on Harts Island are at present partly lighted by electricity generated by the electric plant on the island and supplied to the different buildings by a two-wire system of conductors run in underground conduits, which were installed by convict labor.

The connections made to the different buildings from time to time have been of a temporary nature and not suitable or safe for a permanent installation.

The present cables are constructed of old material spliced together for temporary use, and are inadequate for the service which will be necessary in the future.

This two-wire system is to be removed from all other than the south conduit in the island, where the present cables are to remain and are to be used as a distinct two-wire power service, or as an auxiliary service in conjunction with the new system for light and power service to four of the buildings. The intent is to install complete a new three-wire system of feeders in the north, south and middle lines of conduits for light and power service with necessary new conduits and wiring for branch connections to the buildings, and a complete feeder system in the north and south conduits with subsidiary branches and connections for street lighting.

The contract has been awarded to the National India Rubber Company for supplying the necessary cables for this work at a cost of \$11,203.05, and charged to the Special Fund, S-12, Department of Correction, City Prisons, Penitentiary and Correction Buildings, chapter 173, Laws of 1905.

It is proposed to charge the contract for the installation of these cables, estimated cost, \$5,000, to the corporate stock fund C-DC-1a, Construction, Alteration and Equipment of Buildings on Harts Island, of which a balance \$23,802.05 was released in the corporate stock Budget adopted by the Board of Estimate and Apportionment June 3, 1910.

This work being necessary and the design satisfactory, I advise that the plans, specifications and estimate of cost, \$5,000, for furnishing the necessary skilled labor, superintendence, machinery, blocks, tackle and other appliances, to lay, draw into ducts and properly connect up complete, an electric feeder system, including covers for manholes, for the lighting and power service and a feeder and subsidiary systems for the street lighting, including the furnishing and connecting up mechanically and electrically of the street lamp-posts, lanterns, etc., on Harts Island, New York, be approved by the Board of Estimate and Apportionment. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment on June 3, 1910, adopted a resolution directing all boards, departments, bureaus, commissions or offices of the City or County government authorized to incur obligations and execute contracts payable out of corporate stock to submit to this Board for approval plans, specifications and estimates of cost prior to advertising for bids upon public works, funds for which have been released since January 14, 1910, or may be released hereafter, etc.;

Whereas, The Commissioner of Correction on October 22, 1910, submitted for approval contract and specifications for furnishing the necessary skilled labor, superintendence, machinery, blocks, tackle, and other appliances, to lay, draw into ducts and properly connect up complete an electric feeder system, including covers for manholes, for the lighting and power service, and a feeder and subsidiary systems for the street lighting, including the furnishing and connecting up mechanically and electrically of the street lamp-post lanterns, etc., on Harts Island, New York, at an estimated cost of five thousand dollars (\$5,000).

Resolved, That the Board of Estimate and Apportionment hereby approves of said contract, specifications and estimate of cost as above set forth.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity, requesting, and report of the Comptroller recommending, a modification of the schedules of salaries supporting the appropriation made in the Budget for the year 1910 for said Department, providing for a reduction in the allowances for a Clerk from \$1,200 to \$1,050, and from \$600 to \$540:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13 to 21 Park Row, New York, October 8, 1910.

The Honorable the Board of Estimate and Apportionment, 277 Broadway, City of New York:

Gentlemen—In order to meet the requirements of this Department, I would respectfully request a further revision and modification of the schedules of salaries and wages supporting the appropriations made for this Department for the year 1910, as follows:

Heat, Light and Power, Bureau of Lamps and Lighting, Borough of Richmond, Salaries and Wages, 1910 (No. 543), the lines which read, "Clerk, \$1,200; Clerk with knowledge of typewriting, \$600," to read, "Clerk, \$1,050; Clerk with knowledge of typewriting, \$540."

The unassigned balance of \$210 for the above lines to be reserved for the use of this Department. Very truly yours,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 17, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On October 8, 1910, the Commissioner of Water Supply, Gas and Electricity requested a modification of a salary and wages schedule supporting the appropriations to his Department for the year 1910. In connection therewith I report as follows:

The request is in account No. 543, Bureau of Lamps and Lighting, Borough of Richmond. It is proposed to reduce the allowance for the position of Clerk from \$1,200 to \$1,050 per annum, and for the position of Clerk (with knowledge of typewriting) from \$600 to \$540. This would increase an unassigned balance of \$450 to \$660. The Commissioner states the decreases are necessary to conform to the salary ratings of the present incumbents in the two positions.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves further modification of the schedule of salaries and wages supporting the appropriations to the Department of Water Supply, Gas and Electricity for the year 1910, as follows:

Dear Sir—In accordance with a resolution adopted by the Board of Education on January 12, 1910, the undersigned request modifications in salary schedule No. 988, Bureau of Buildings, Division of Repairs, as follows:

Strike out "General Inspectors of Repairs, \$6,392.50; Sanitary Inspectors, \$12,305.28," and insert "General Inspectors of Repairs, \$5,519.32; Sanitary Inspectors, \$13,178.46."

The Superintendent of School Buildings states that these amendments are necessary to provide for the payment of the October salaries.

The above request involves no increase of appropriation and is in addition to the modifications requested in our communication of September 26. A copy of the schedule as modified is enclosed. Respectfully yours,

A. E. PALMER, Secretary, Board of Education; HENRY R. M. COOK, Auditor, Board of Education.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

\$10.95 within the appropriation made for Municipal Courts for the year 1909.

Municipal Court of The City of New York, Board of Justices, New York, October 22, 1910.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—At a recent meeting of the Board of Justices, Municipal Court, City of New York, it was unanimously resolved that the Board of Justices recommend to the Board of Estimate and Apportionment the transfer of \$10.95, from the unexpended balance of the account for Contingencies of the Board of Justices for the year 1909, to the Contingencies account of the Third District Court, Borough of Manhattan, to meet an existing deficit of the amount herein specified. Respectfully,

JAMES J. DEVLIN, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In reference to a request from the Board of Justices of the Municipal Court of The City of New York, under date of October 22, 1910, for a transfer of \$10.95 within 1909 appropriations, I report as follows:

The transfer is from the contingent account of the Board of Justices to the contingent account of the Third District Court, Borough of Manhattan. The \$10.95 is needed to pay a telephone bill for December, 1909.

I recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of ten dollars and ninety-five cents (\$10.95) be and the same is hereby transferred from the appropriation made to the Municipal Courts, City of New York, for the year 1909, entitled Miscellaneous (No. 1277), Contingencies to Board of Justices, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said courts for the year 1909, entitled Borough of Manhattan, Third District Court (No. 1232), Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

\$1,970 within the appropriation made to the President of the Borough of Queens for the year 1910.

The City of New York, Offices of the Commissioner of Public Works of the Borough of Queens, Long Island City, November 3, 1910.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Dear Sir—Pursuant to the provisions of section 237 of the Charter of The City of New York, application is hereby made for a transfer of nineteen hundred and seventy dollars (\$1,970), within the appropriation funds allotted to this office for the year 1910, as follows:

From—	
1646. President of the Borough of Queens, Bureau of Street Cleaning, Special Contract Obligations.....	\$180 00
1649. President of the Borough of Queens, Bureau of Street Cleaning, Repairs and Replacements by Contract or Open Market Order.....	1,550 00
1651. President of the Borough of Queens, Bureau of Street Cleaning, Fuel.....	200 00
1655. President of the Borough of Queens, Bureau of Street Cleaning, Forage, Shoeing and Boarding Horses.....	40 00
\$1,970 00	
—the same being in excess of the amount required or deemed to be necessary for the purposes or objects thereof.	
To—	
1648. President of the Borough of Queens, Bureau of Street Cleaning, Materials for Repairs and Replacements by Departmental Labor.....	\$700 00
1650. President of the Borough of Queens, Bureau of Street Cleaning, Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage.....	1,250 00
1652. President of the Borough of Queens, Bureau of Street Cleaning, Contingencies.....	20 00
\$1,970 00	

—the amount of the appropriation being insufficient for the purposes thereof.

The request for the transfer to Fund No. 1648, Materials for Repairs and Replacements by Departmental Labor, is made necessary in order to purchase material for relining the garbage crematory furnaces of the Bureau of Street Cleaning. Several hundred dollars from this fund were used to purchase material to rebuild

the Far Rockaway Crematory, which was partially destroyed by fire during February, 1910. It was our intention to have this work done on open market order, but on account of the exorbitant bids received it was decided to rebuild with our own force, money being used to purchase material therefor which had been set aside for relining our garbage consuming furnaces.

The request for the transfer to Fund No. 1650, Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage, is made in order to purchase steel and wooden carts, as the Bureau of Street Cleaning is handicapped by an insufficient number of vehicles.

There is a balance of \$180 in Fund No. 1646, Special Contract Obligations, the total charge against this appropriation for final disposition of garbage in the Fifth Ward being \$7,920.

The transfer of \$20 to Contingencies is made necessary by the increased car-fares of the supervisory force. Respectfully yours,

WALTER H. BUNN, Acting President of the Borough of Queens.

City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On November 3, 1910, the President of the Borough of Queens requested the transfer of \$1,970 within appropriations, to the Bureau of Street Cleaning, for the year 1910. In connection therewith I report as follows:

The debit transfer is for \$180 from No. 1646, Special Contract Obligations; \$1,550 from No. 1649, Repairs and Replacements by Contracts or Open Orders; \$200 from No. 1651, Fuel, and \$40 from No. 1655, Forage, Shoeing and Boarding Horses.

The credit transfer is for \$700 to No. 1648, Materials for Repairs and Replacements by Departmental Labor; \$1,250 to Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage, and \$20 to No. 1652, Contingencies.

The Superintendent of the Bureau states it was proposed to rebuild the Far Rockaway crematory destroyed by fire, with funds from No. 1649. Contract bids were considered excessive, and the work was done by departmental labor. This, it is stated, makes possible the transfer of \$1,550. The other debit transfers are in amounts estimated to be in excess of the needs for the remainder of the year.

The \$700 is asked for No. 1648, the Superintendent states, to purchase materials for relining two crematory furnaces. He also states this account has been practically exhausted by the purchase of materials for the rebuilding of the Far Rockaway crematory.

The \$1,250 for No. 1650 is for the purchase of steel and wooden carts from the State Prison. The Superintendent states many of the carts in the Bureau are no longer serviceable, and cannot be profitably repaired. He also states the \$20 is needed in No. 1652 for car-fares for the supervisory force during the remainder of the year.

I transmit herewith for the consideration of this Board, a resolution, which, if adopted, will grant the request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of one thousand nine hundred and seventy dollars (\$1,970) be and the same is hereby transferred from the appropriation made to the office of the President of the Borough of Queens for the year 1910, entitled and as follows:

Bureau of Street Cleaning—	
1646. Special Contract Obligations.....	\$180 00
1649. Repairs and Replacements by Contracts or Open Orders.....	1,550 00
1651. Fuel .....	200 00
1655. Forage, Shoeing and Boarding Horses.....	40 00
	\$1,970 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said office for the year 1910, entitled and as follows:

Bureau of Street Cleaning—	
1648. Materials for Repairs and Replacements by Departmental Labor....	\$700 00
1650. Apparatus, Machinery, Vehicles, Harness, etc., Including Care and Storage .....	1,250 00
1652. Contingencies .....	20 00
	\$1,970 00

—the amounts of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

\$12,500, within the appropriation made to the Department of Correction for the year 1910.

Department of Correction of The City of New York, Commissioner's Office, 148 East 20th Street, New York, October 27, 1910.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I would respectfully ask the honorable the Board of Estimate and Apportionment to authorize the following transfers of appropriations made to this Department for the year 1910, from such as do not need the full amounts assigned to them to other appropriations which are insufficient for the purposes thereof:

From appropriation entitled No. 214, General Supplies, \$12,500, to appropriations entitled:	
215. Materials for Repairs and Replacements by Departmental Labor....	\$2,500 00
216. Repairs and Replacements by Contract or Open Order.....	10,000 00
	\$12,500 00

This request for the transfer of \$10,000 is caused by the fact that no provision was made in the appropriation for the year 1910 for repairing docks, which work was formerly done by the Department of Docks and Ferries without any charge to the Department of Correction. Since January 1, 1910, however, the Department of Docks has refused to make any repairs unless reimbursement is made for the same. As the cribwork at Rikers Island is in urgent need of repairs, I trust this request for transfer will be granted. Respectfully,

PATRICK A. WHITNEY, Commissioner.

Department of Finance, The City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In reference to a request from the Commissioner of Correction, under date of October 27, 1910, for transfer of \$12,500 within appropriations made to his Department for the year 1910, I report as follows:

The Commissioner asks that the \$12,500 be transferred from account No. 214, General Supplies, \$10,000 to go to account No. 216, Repairs and Replacements by Contract or Open Order, and \$2,500 to account No. 215, Materials for Repairs and Replacements by Departmental Labor.

The debit transfer is made possible by decreased expenditure for general supplies. It is stated this is on account of fewer inmates, and the use of a large stock of clothing for prisoners remaining from 1909. The appropriation for general supplies in the 1911 Budget, as approved by this Board, is \$40,000 less than the 1910 appropriation.

The \$10,000 requested for No. 216 is to be used for repairs to docks, racks and cribs. No provision was made in the 1910 Budget for the specific purpose of dock, rack and crib repairing. This work, in former years, was done by the Department of Docks and Ferries without charge to the Department of Correction. Since January 1, 1910, the Commissioner of Docks and Ferries has refused to make the necessary repairs unless reimbursed for the work.

The Commissioner of Correction states that this refusal makes it necessary for his Department to pay \$7,162.69 for repairs already completed, as follows:

Repairs to Workhouse dock.....	\$779 20
Repairs to Harts Island and Rikers Island docks.....	5,545 70
Repairs to ferry rack, 26th street and East River.....	837 79
	\$7,162 69

The Commissioner states the Supervisor of the Harbor has directed him to begin repairs at once on the crib work at Rikers Island. Part of the crib work has been washed away. The Engineers of the Department estimate the cost of the necessary repairs at \$6,000. This would make a total of \$13,162.69 for dock, crib and rack repairing during the year. Against this amount there is an available balance of approximately \$3,200 in No. 216. The \$10,000 now requested is to cover the deficiency.

The transfer of \$2,500 to No. 215 is requested for the reason that the unexpended balance on November 1 was \$17. This amount the Commissioner states is not sufficient for materials needed in work on various improvements during the remainder of the year. The appropriation of \$23,000 to the account has been practically exhausted upon materials for repairs to old buildings, such as reroofing, new water pipes and new partitions.

I herewith transmit for the consideration of this Board a resolution which, if adopted, will grant the request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of twelve thousand five hundred dollars (\$12,500) be and the same is hereby transferred from the appropriation made to the Department of Correction for the year 1910, entitled 214, General Supplies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the same department for the year 1910, entitled and as follows:

215. Materials for Repairs and Replacements by Departmental Labor....	\$2,500 00
216. Repairs and Replacements by Contract or Open Order.....	10,000 00
	\$12,500 00

—the amounts of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communications from the Police Department requesting, and report of the Comptroller submitting without recommendation resolution authorizing the transfer of \$2,000 within the appropriation made to the said Department for the year 1910:

Police Department of The City of New York, October 25, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—The Police Commissioner this day

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of one thousand dollars (\$1,000) from the appropriation made to the Police Department of New York for the year 1910, entitled Police Department, Administration, Contingencies (Code No. 655), which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same Department for the same year, entitled Police Department, Administration, Maintenance of Automobiles, Including Equipment, Care and Storage (Code No. 651), which is insufficient. Respectfully,

JAMES C. CROUSEY, Police Commissioner.

Police Department of The City of New York, October 25, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—The Police Commissioner this day

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of one thousand dollars (\$1,000) from the appropriation made to the Police Department of New York for the year 1910, entitled Police Department, Administration, Contingencies (Code No. 655), which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same Department for the same year, entitled Police Department, Administration, Apparatus, Machinery, Vehicles, Harness, etc., Including Care and Storage (Code No. 648), which is insufficient. Respectfully,

JAMES C. CROUSEY, Police Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In the matter of two requests from the Police Commissioner on October 25, 1910, for two transfers in the sum of \$2,000 within the appropriations to his Department for the year 1910, I report as follows:

Both requests are in Administration accounts. One is for the transfer of \$1,000 from No. 655, Contingencies, to No. 651, Maintenance of Automobiles, Including Equipment, Care and Storage. The other request is for the transfer of an additional \$1,000 from No. 655, Contingencies, to No. 648, Apparatus, Machinery, Vehicles, Harness, etc., Including Care and Storage.

The Budget for 1910 appropriated for Contingencies the sum of \$52,000, of which \$23,981.48 was expended from January 1 to November 1, as follows:

Central Office .....	\$8,679 62
Precincts .....	7,019 36
Detective Bureau .....	8,282 50
Total.....	\$23,981 48

The unexpended balance is \$28,018.52, which is largely in excess of the amount that will be required for contingencies during the remaining two months of the year.

Of the \$9,000 appropriated in the Budget for 1910 for Appropriation 651, Maintenance of Automobiles, etc., the sum of \$6,651.21 was expended in the first ten months, as follows:

Storage .....	\$2,721 33
Repairs .....	1,717 17
Supplies .....	2,212 71
Total.....	\$6,651 21

Unpaid open order liabilities of \$1,636.67, added to the expenditures, leave an unencumbered balance of only \$713.02, which will be insufficient to cover the estimated expenses for the remaining two months of the year.

An unencumbered balance of \$8.76 is all that remains of \$26,480 appropriated in the 1910 Budget for No. 648, Apparatus, Machinery, etc. Unpaid contract liabilities in this account amount to \$10,399.83, and the expenditures to November 1 were \$16,071.41, as follows:

Horse equipment and harness.....	\$2,463 02
Harness repairs .....	512 69
Repairs to wagons and carriages.....	8,103 01
Bicycles .....	995 40
Motorcycles .....	880 00
Cycle supplies and gasoline.....	2,845 80
Cycle repairs .....	216 89
Miscellaneous .....	54 60
Total.....	\$16,071 41

I transmit herewith, without recommendation, for the consideration of this Board, a resolution which, if adopted, will grant the requests.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of two thousand dollars (\$2,000) be and the same is hereby transferred from the appropriation made to the Police Department for the year 1910, entitled 655, Contingencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the year 1910, entitled and as follows:

651. Maintenance of Automobiles, including Equipment, Care and Storage .....	\$1,000 00
648. Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage .....	1,000 00
	\$2,000 00

—the amounts of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller recommending that the request of the County Clerk of New York County for the transfer of \$200 to account No. 1796, Contingencies, 1910, be not approved, as the request does not state any account from which the transfer can be made.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the County Clerk, New York County.

The Secretary presented the following communication from the Acting President, Borough of Queens, requesting, and report of the Comptroller recommending, a modification of the schedules of salaries supporting the appropriation made in the Budget for the year 1910 for the office of the Borough President of Queens, to provide for the substitution of a Clerk at \$540 for a Clerk at \$600:

The City of New York, Offices, Commissioner of Public Works of the Borough of Queens, Long Island City, November 14, 1910.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

This revision is needed to pay the salary of one Clerk at \$540 per annum, to be transferred from the Tenement House Department. Yours respectfully,  
WALTER H. BUNN, Acting President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On November 14, 1910, the President of the Borough of Queens requested the modification of salary schedule No. 1608, Bureau of Highways, Administration, for the year 1910. I report thereon as follows:

This request is for the substitution of a Clerk at \$540, for a Clerk at \$600, leaving an unassigned balance of \$60.

I recommend approval of the request in accordance with the resolution hereto attached. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the modification of the schedule supporting the appropriation made in the Budget for the year 1910 for the office of the President of the Borough of Queens, as follows:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller recommending that the resolution of the Board of Aldermen requesting an issue of \$3,500 special revenue bonds to provide for painting and repairing four bridges crossing the tracks of the New York Central and Hudson River Railroad Company, in the Borough of The Bronx, be not approved, as an appropriation has been included in the Budget for 1911, office of the President of the Borough of The Bronx, to provide for painting and repairing highway bridges.

Which was ordered filed.

(On October 28, 1910, the above resolution was referred to the Comptroller.)

The Secretary presented the following communication from the Department of Public Charities relative to, and report of the Comptroller recommending, the issue of \$50,000 special revenue bonds (subdivision 8 of section 188 of the Charter) to meet deficiencies in the appropriation made to the Department of Public Charities for the year 1910, said amount being allowed pending the final report of the Comptroller upon the resolution of the Board of Aldermen requesting an issue of \$340,272.31 special revenue bonds for this purpose, of which amount \$200,000 has heretofore been allowed:

Department of Public Charities of The City of New York, Foot of East 26th Street, November 16, 1910.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Under date of March 16, 1910, I wrote to the Board of Aldermen requesting them to issue special revenue bonds to the amount of \$340,272.31 to meet anticipated deficiencies in appropriations allowed to this Department for the year 1910. This request was granted on April 5, 1910, by the Board of Aldermen adopting a resolution recommending that bonds to that amount be issued for the use of this Department.

Your Board on May 20 authorized the issuance of \$100,000 worth of special revenue bonds on account of this request, and on July 1 another \$100,000 worth of special revenue bonds was issued by your Honorable Board.

On September 19, 1910, I wrote to the Comptroller asking that \$140,272.31 (the balance due on the original request) be granted to this Department. Feeling sure that the Board of Estimate and Apportionment would recognize the necessity for further appropriation to this Department for supplies, we prepared specifications and advertised for necessary supplies to carry us through the rest of this year, bids for which were opened on November 14, for meats, groceries, vegetables, fruit, butter, eggs, clams, milk, cream, laundry supplies, dry goods, notions, rubber goods, crockery, uniforms, horses, cabinets, and other miscellaneous supplies, which would be required for the balance of the current year by this Department. No official award can be made for these items until these special revenue bonds have been authorized, as most of the appropriations have been exhausted.

As these supplies are essential and necessary to the welfare and care of the patients, I shall be obliged to order in supplies against this opening, notwithstanding the fact that I am exceeding my authority; but the inmates of this Department must be fed, housed and clothed. In this connection, I might add that most of the meat in this ad-

vertisement is for our New York City Farm Colony, the census of which has increased from 437 in September to 546 in November, and likely will increase one hundred more before the end of the year.

I therefore respectfully request that the matter be given immediate attention in order that I may be relieved of the embarrassment of ordering in supplies when I have no funds to pay for them. Respectfully yours,

M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1910, the Board of Aldermen adopted a resolution requesting this Board to authorize the Comptroller to issue special revenue bonds, in the manner provided by subdivision 8, section 188 of the Greater New York Charter, to cover deficiencies in the appropriations for the Department of Public Charities for the current year. Since that date this Board, upon examinations made by the Comptroller, has concurred in the request of the Board of Aldermen to the extent of \$200,000. The Commissioner of Public Charities now informs the Comptroller that it is absolutely essential that additional funds be provided at this time to pay for necessary food and other supplies to be used in the institutions of the Department for the remainder of the year. A special examination is now being made in the Bureau of Municipal Investigation and Statistics as to the administration of the several appropriations made available for the Department during 1910, and a complete report relating thereto will be submitted to your Board at an early date.

In order to meet the exigency now existing, the Commissioner of Public Charities having stated that contract bids for supplies have been opened to the extent of \$35,000, and certain open market orders are necessary, I would recommend that the Board of Estimate and Apportionment concur, pending receipt of the Comptroller's final report, in a further issue of special revenue bonds, on account of the sum specified in the resolution of the Board of Aldermen of April 5, 1910, viz., \$340,272.31, to the extent of \$50,000, and transmit herewith for your consideration a resolution to that effect.

Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen April 5, 1910, requesting an issue of three hundred and forty thousand two hundred and seventy-two dollars and thirty-one cents (\$340,272.31) special revenue bonds of The City of New York, to meet deficiencies in the appropriations made to the Department of Public Charities for the year 1910, be and the same is hereby concurred in by the Board of Estimate and Apportionment to the extent of fifty thousand dollars (\$50,000), in addition to the amount of \$200,000 previously authorized, to replenish appropriations made for the year 1910, in amounts as hereinafter specified:

Institutions, Manhattan and The Bronx—	
591. General Supplies .....	\$44,000 00
592. Materials for Repairs and Replacements by Departmental Labor .....	4,000 00
New York City Farm Colony—	
624. General Supplies .....	1,000 00
625. Materials for Repairs and Replacements by Departmental Labor .....	500 00
Miscellaneous—	
635. Clothing for insane patients .....	500 00
	\$50,000 00

—and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to the amount of fifty thousand dollars (\$50,000), redeemable from the tax levy of the year next succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The resolution of the Board of Aldermen requesting an issue of \$340,272.31, referred to herein, is printed in the pamphlet minutes at page 2071.

The Secretary presented the following resolution of the Board of Aldermen requesting, and report of the Comptroller recommending, an issue of \$112.89 special revenue bonds (subdivision 8 of section 188 of the Charter), to be used by the City Clerk for the payment of an increase in salary of the Cashier in his office from July 19, 1910.

(On October 28, 1910, the resolution of the Board of Aldermen requesting this issue was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and twelve dollars and eighty-nine cents (\$112.89), the proceeds whereof to be used by the City Clerk for the purpose of providing means for the payment of increase of salary fixed for the Cashier in the office of the City Clerk, which became effective July 19, 1910, for the remainder of the year 1910.

Adopted by the Board of Aldermen October 4, 1910, three-fourths of all the members voting in favor thereof. Received from his Honor the Mayor October 18, 1910, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—A resolution adopted by the Board of Aldermen on October 4, 1910, requested the authorization of special revenue bonds to the amount of \$112.89 for the payment of an increase of salary of the Cashier in the office of the City Clerk, for which position a new grade at the rate of \$2,500 per annum was established under section 56 of the Greater New York Charter by a resolution recommended by this Board and adopted by the Board of Aldermen, becoming effective on July 19, 1910, when it was received from his Honor the Mayor.

As the resolution requesting an issue of revenue bonds makes effective an action already taken by this Board, I recommend concurrence therein and transmit a resolution to that effect for adoption. Respectfully,  
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution adopted by the Board of Aldermen on October 4, 1910, requesting an issue of special revenue bonds to the amount of one hundred and twelve dollars and eighty-nine cents (\$112.89), the proceeds whereof to be used by the City Clerk for the payment of an increase of salary of the Cashier in the office of the City Clerk, which became effective July 19, 1910, and the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York, to the amount of one hundred and twelve dollars and eighty-nine cents (\$112.89), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following matters not upon the calendar for this day were considered by unanimous consent:

The President of the Borough of Manhattan presented the following communication from the Commissioner of Street Cleaning requesting the Board to approve of the award of contracts for the removal of snow and ice in the Boroughs of Manhattan, The Bronx and Brooklyn for the winter season of 1910-1911 to the lowest bidders:

Department of Street Cleaning of The City of New York, 13 to 21 Park Row, New York, November 22, 1910.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller, on behalf of the Corporate Stock Budget Committee, offered the following:

Whereas, It is essential that, in its consideration of plans for the construction of future subways, the Board of Estimate and Apportionment should have before it the most exact information available with relation to the probable margin of borrowing power of The City of New York under constitutional limitation during the period of subway construction, therefore be it

Resolved, That the Comptroller be requested to prepare and submit to the Board, on or before its meeting of December 1, a statement showing the anticipated margin of borrowing power on June 30, 1911, over and above the amount of outstanding authorizations of Corporate Stock, the annual allowances for repaving, and for the support of topographical work or other mandatory purposes; and be it further

Resolved, That the Department of Taxes and Assessments be requested to submit to the Board, on or before its meeting of December 1, a statement of the prospective increases in the assessed valuation of real estate of The City of New York in the year 1911, and an estimate of the anticipated increases in the years subsequent to the year 1911, to and including the year 1915; and be it further

Resolved, That the several Departments be required to submit to the Board, on or before its meeting of December 15, a statement of the prospective requirements and needs of said departments for the authorization and issue of corporate stock during the year beginning July 1, 1911, and, so far as possible, for the subsequent years to and including the year 1915, showing the amounts that will be required for expenditures during the year 1911, in pursuance of authorizations now existing, and showing separately the additional amounts that will be required or requested in each annually recurring corporate stock budget for the years stated; all of such information to be submitted in a manner and form to be prescribed by the Comptroller

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Department of Docks and Ferries relative to, and report recommending, the transfer of \$3,440 within the appropriation made to said Department for the year 1910:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, November 22, 1910.

Hon. WILLIAM J. GAYNOR, Mayor and Chairman of the Board of Estimate and Apportionment:

Sir—I respectfully request that the sum of \$3,500 be transferred from Item 148, Bureau of Engineering, Repairs and Replacements by Contract or Open Order, Repairs to Piers, Bulkheads and Slips, and that this sum of \$3,500 be applied to Item 175, Bureau of Ferries, Operation, Charter of Ferryboats.

The money is needed in the latter item to meet necessary chartering of ferryboats for the remainder of the year. Additional chartering, other than has been contemplated, is now absolutely necessary owing to recent accident to the ferryboat "Nassau," which boat cannot be placed in condition to go into commission again this year. Yours respectfully,  
CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 23, 1910.

The Honorable Board of Estimate and Apportionment:

Gentlemen—Relative to the request, under date of November 22, 1910, of the Commissioner of Docks, for a transfer of \$3,500 within the appropriation made to that Department for the year 1910, I report as follows:

The requested transfer was from Bureau of Engineering, Repairs and Replacements by Contract or Open Order (No. 148), Repairs to Piers, Bulkheads and Slips, \$3,500, to Bureau of Ferries, Operation (No. 175), Charter of Ferryboats.

Memorandum furnished by the Department of Docks and Ferries gives status of account 148, on November 12, 1910, as follows:

Code No. 148—Net appropriation available, \$67,000; audited vouchers and contract liabilities, \$2,296; unencumbered balance, \$64,704; proposed transfer, \$3,500; showing that the unencumbered balance, as of that date, is ample to permit the transfer requested.

The representative of the Department of Docks and Ferries states that the transfer requested is necessary for the chartering of a ferryboat for the remainder of the year, to take the place of the ferryboat "Nassau," which, owing to its recent accident, cannot be placed in condition to go into commission again this year; also to provide for an additional five days' chartering of the ferryboat "Broadway."

He further states that the cost of chartering ferryboats is \$80 a day.

I would therefore recommend as much of the requested transfer as is required for use up to December 31, 1910, and submit a resolution to that effect herewith.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of three thousand four hundred and forty dollars (\$3,440) be and the same is hereby transferred from the appropriation made to the Department of Docks and Ferries for the year 1910, entitled Bureau of Engineering, Repairs and Replacements by Contract or Open Order (No. 148), Repairs to Piers, Bulkheads and Slips, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department for the year 1910, entitled Bureau of Ferries, Operation (No. 175), Charter of Ferryboats, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Commissioner of Docks requesting, and report recommending, that the Board authorize an increased expenditure of \$3,000 for repairing and removing waiting rooms, etc., at the ferry terminal foot of Broadway, Brooklyn, and that said additional sum be released from the unencumbered balance in the general corporate stock fund of the Department of Docks and Ferries, known as Dock Fund No. 1:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, November 22, 1910.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—The 1910 Corporate Stock Budget allows the sum of \$10,500 for removal of and repairing waiting rooms, etc., at ferry terminal foot of Broadway, East River, Brooklyn, C. D. D-21. Bids received for the work, after due advertisement, show the amount to be inadequate to cover the entire cost. The contract was recently divided into five separate classes, and four of the classes have been awarded at a total of \$8,795, leaving an available balance of \$1,705.

The steam heating work is still to be contracted for, and from the bids received this work will cost in all probability somewhere in the neighborhood of \$2,800. To provide the necessary amount for the steam heating work, and also to leave an available amount to cover other contingent expenses at the terminal, it is estimated an additional \$3,000 will be required over the amount already appropriated.

In the 1910 Corporate Stock Budget, C. D. D-7 allows the sum of \$16,000 for construction work at pier foot of Gold street, East River, Brooklyn. Contract for the work at Gold street has been awarded, and it is apparent there will be a surplus in this item.

I therefore respectfully request that the sum of \$3,000 be canceled in the appropriation for the work at the Gold Street Pier, and that this sum be applied to item for removing and repairing waiting rooms, etc., at the terminal foot of Broadway, East River, Brooklyn. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 23, 1910.

The Honorable Board of Estimate and Apportionment:

Gentlemen—The request of the Commissioner of Docks, addressed to the Chairman of this Board under date of November 22, 1910, for the cancellation of a portion of a \$16,000 corporate stock appropriation, to the extent of \$3,000 authorized for the construction of a pier at the foot of Gold street, Brooklyn, and the application of an equal amount for the completion of ferry terminal improvements at the foot of Broadway, East River, Brooklyn, has been referred to me, as an emergency matter, for consideration and report.

While it is doubtless most desirable that the work of putting into condition for early use the ferry terminal at Broadway, Brooklyn, shall be prosecuted without unnecessary delay, the difficulty presented by the Commissioner cannot be remedied in the manner suggested. The request now before your Board involves an additional appropriation, which legally requires the approval of the Commissioners of the Sinking Fund. I would recommend, therefore, in the event the Board considers it expedient to authorize an increased expenditure for the ferry terminal improvement, that the additional sum of \$3,000 required be provided by releasing that amount from the unencumbered balance in the general corporate stock fund of the Department of Docks and Ferries, known and designated as Dock Fund No. 1. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That there be released for the use of the Department of Docks and Ferries from the unencumbered balance in Dock Fund No. 1 the sum of three thousand dollars (\$3,000), from the provisions of a resolution adopted by the Board of Estimate and Apportionment on January 14, 1910, as amended June 3, 1910, which resolution directed the heads of the various City departments to refrain from incurring any further liabilities against funds provided by the issue of corporate stock without the express authorization of the Board of Estimate and Apportionment, said release to be for the purpose of providing means for the completion of the work of the removal of and repairing waiting rooms, etc., at the ferry terminal foot of Broadway, East River, Brooklyn, the Commissioner of Docks having reported to this Board, in a communication dated November 22, 1910, that the appropriation of ten thousand five hundred dollars (\$10,500) authorized for this purpose by this Board on July 1, 1910, had been found inadequate to cover the entire cost of this improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

On motion of the Comptroller, the Board adjourned to meet Thursday, December 1, 1910, at 10.30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

Whereas, A petition for the local improvement described below has been received by the President of the Borough of Manhattan, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb and flag 142d st., from a point 450 feet east of Lenox ave. to marginal street; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Which was adopted.

The Acting President presented for the consideration of the Board the matter of regulating and grading 140th st. to marginal street. The following resolution was offered by Alderman Davis:

Whereas, A petition for the local improvement described below has been received by the President of the Borough of Manhattan, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb and flag 5th ave., from 140th st. to marginal street; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Which was adopted.

On motion, the Board adjourned.

JULIAN B. BEATY, Secretary.

A meeting of the Local Board of the Greenwich District was held in the Council Chamber of the City Hall on Tuesday, November 22, 1910. Present: Alderman Hannan and President McAneny.

The President presented for the consideration of the Board the matter of laying out the widening of Morris st., from Broadway to West st.

The President announced that a communication had been received from Almy G. Gallatin withdrawing from the petition for this improvement, and also that a communication had been received from the Cruikshank Co. protesting against final action at the meeting to be held on November 22, 1910.

Mr. R. G. Babbage, representing the petitioners, appeared in favor of the improvement. The following appeared in opposition: Robert Flaherty, representing Judge Ward, of the United States Court; Arnold M. Sternfeld, Lemuel E. Quigg, representing the Interborough Rapid Transit Co.; Arthur M. Silver, representing the owners of the Wells Building, 18 Broadway; William H. Maiers, E. A. Eddy; R. L. Brown, representing the Havemeyer Estate; Charles A. Munn, R. B. Lyden, Beverly R. Robinson, representing the Broadway Realty Co.; C. S. Carrington, C. A. Martin, Lloyd Phoenix, representing the Stephen Whitney Estate; A. Leo Everett, of Everett, Clarke, Benedict & Ward, attorneys for owner of 49 Broadway.

William O. Dowd, representing Spencer Aldrich, appeared and stated that if the assessment for the improvement was confined within a small territory Mr. Aldrich desired to be recorded in opposition, and also to withdraw his name from the petition. John J. Halpin appeared in opposition on the same grounds as stated for Mr. Aldrich. At the conclusion of the

hearing the President stated that a definite assessment area would be obtained and that all owners of property within such area would be appraised before the next meeting of the approximate amount of their assessment in the event of favorable action upon the petition.

On motion, the matter was laid over until January 10, 1911.

On motion, the Board adjourned.

JULIAN B. BEATY, Secretary.

JULIAN B. BEATY, Secretary.

A meeting of the Local Board of the Washington Heights District was held in the Council Chamber of the City Hall on Tuesday, November 22, 1910, at 11 a. m. Present: Aldermen Bolles, Boschen, Marx and Acting President Frothingham. The minutes of meetings held on October 11 and 25 and November 7, 1910, were approved as printed.

The Acting President presented for the consideration of the Board the matter of regulating and grading 141st st., from Broadway to Riverside drive. On motion, this matter was laid over.

The Acting President presented for the consideration of the Board the matter of regulating and grading 142d st., at its intersection with Riverside drive. On motion, this matter was laid over.

The Acting President presented for the consideration of the Board the matter of regulating and grading 143d st., at its intersection with Riverside drive. The following resolution was introduced by Alderman Boschen:

Whereas, A petition for the local improvement described below has been received by the President of the Borough of Manhattan, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb, recurb, flag and reflag 143d st., from 331 feet west of Broadway to Riverside drive, and in connection therewith to construct necessary fence and retaining wall; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Which was adopted.

The Acting President presented for the consideration of the Board the matter of laying out 168th st., from Amsterdam ave. to Edgecombe road. The Acting President announced that the Board would hear arguments on the laying out of this street at a width of 80 feet, from Amsterdam ave. to Jumel place only.

The following appeared in favor: William C. Dewey. The following appeared in opposition: Mrs. Susan B. Ormsby, E. J. Dunphy, George F. Gantz. On motion of Alderman Boschen, the hearing was declared closed and the matter was laid over for two weeks.

The Acting President presented for the consideration of the Board the matter of laying out change of grade of 129th st., between Convent and Amsterdam aves.

The following appeared in favor: George C. Wheeler, Hyman Sonn.

The following resolution was offered by Alderman Boschen:

Whereas, A petition for the local improvement described below has been received by the President of the Borough of Manhattan, etc.,

Resolved, That this Board does hereby recommend to the Board of Estimate and

Apportionment an alteration of the map or plan of The City of New York by laying out thereon a change of grade of 129th st., between Amsterdam and Convent aves., as shown on the accompanying diagram; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Which was adopted.

The Acting President presented for the consideration of the Board the matter of constructing a tunnel street from Broadway, near Fairview ave., to the subway station at St. Nicholas ave. and 191st st. On motion of Alderman Boschen, the resolution adopted on November 7, initiating proceedings for the acquisition of an easement for this street was rescinded. Alderman Boschen thereupon offered the following resolution:

Whereas, A petition for the local improvement described below has been received by the President of the Borough of Manhattan, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire a permanent and perpetual right, easement and right-of-way for the construction and maintenance in perpetuity of a tunnel street extending from Broadway, near Fairview ave., to the subway station at W. 191st st. and St. Nicholas ave., as laid out upon a map approved by the Board of Estimate and Apportionment on November 4, 1910, the said easement to relate to all of the space included between planes parallel with the grade line as established, and distant respectively 14 feet above the said grade line and 2 feet below the said grade line, these distances being measured in each case at right angles to the tunnel grade.

This easement is not to be construed as preventing the improvement by owners of abutting property either on the side of or above or below the property to which it relates, provided, however, that such improvement or improvements shall be so designed as to either place no load upon the tunnel structure, or that if such load is placed thereon, the cost of such tunnel reconstruction as may be required shall be borne by the said owners making application therefor, and also provided that any such reconstruction work shall be carried on without interfering with the public use of the said tunnel street, and that any loads placed upon the said tunnel structure or reconstructed tunnel structure shall be made the subject of an agreement to be entered into between the said owners and The City of New York, and shall be placed thereon wholly at the risk of the said owner making application therefor, who shall be obligated to compensate the City for any damage which it may sustain thereby; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Which was adopted.

On motion, the Board adjourned.

JULIAN B. BEATY, Secretary.

**CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN REAL ESTATE AND APPURTENANCES THERETO.**

**UPON THE AUTHORIZATION OF THE** Commissioners of the Sinking Fund, and pursuant to a resolution adopted by them at a meeting held November 16, 1910, the Comptroller of the City of New York will sell by sealed bids on

**THURSDAY, DECEMBER 8, 1910,**

at 11 a. m., in Room K, 280 Broadway, Borough of Manhattan, the lease for a period of five years commencing January 1, 1911, of the premises belonging to the Corporation of The City of New York situated on the easterly side of Clinton st., 100 feet north of Grand st., known as 154 Clinton st., plot 25 feet by 100 feet, with the improvements thereon, in the Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said parcel of land and the improvements thereon for the said period at the minimum or upset price of \$1,740 per annum, payable quarterly in advance, and the said sale will be made upon the following

**TERMS AND CONDITIONS.**

The highest bidder will be required to pay twenty-five per cent. of the amount of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

First—A clause providing that the lessee shall pay the usual rates for water, per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease the lessee shall keep the buildings in proper repair, both inside and outside, and shall comply with all the laws and ordinances of The City of New York.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of The City of New York at the expiration of said lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

#### Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held November 11, 1910, the following petition was received:

To the Board of Estimate and Apportionment:

The petition of Southern Boulevard Railroad Company respectfully shows:

That it is a street surface railroad corporation, operating by an overhead current of electricity, the double-track street surface railroad along the Southern boulevard, from the bridge crossing the Harlem River, at or near 3d avenue, along the Southern boulevard to Boston road, formerly Boston Post road, in the Borough of The Bronx, City of New York.

It desires to obtain and hereby applies to your Honorable Body for grants of two franchises or rights to construct and operate by electricity double-track extensions of its street surface road, in the City of New York, as follows:

First—From the Southern boulevard, in the Borough of The Bronx, connecting with its road thereon, thence westerly in and upon East 149th street across the bridge over the New York Central Railroad Company's tracks to East 149th street; thence in and upon East 149th street to the easterly viaduct of the bridge over Harlem River at 149th street; thence upon and over said bridge and the westerly viaduct thereof to West 145th street; thence westerly in and upon West 145th street to Broadway, in Manhattan Borough, in said City.

Second—From the intersection of Boston road with said Southern boulevard, in the Borough of The Bronx; thence northerly in and upon the said Southern boulevard, including as much thereof as is called Crotona parkway to its intersection with Pelham avenue, there to connect with the road now operated on said avenue.

Your petitioner prays that notice of such application be given and that grants of franchises or rights be made in accordance with the provisions of section 74 of the Greater New York Charter and of the Railroad Law applicable to such proceedings.

New York, November 11, 1910. n28,49

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held November 11, 1910, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of The New York City Interborough Railway Company respectfully shows:

1. Your petition is a street surface railway corporation, duly organized and existing under the laws of the State of New York, and owns and is engaged in operating a street surface railway upon divers streets and avenues in the Boroughs of The Bronx and Manhattan, City of New York.

2. On the 12th day of January, 1910, your petitioner, pursuant to section 90 of the Railroad Law, now known as section 170 of chapter 49 of the Consolidated Laws, filed in the office of the Clerk of the County of New York a certificate of extension of the route of its railroad on, along and over Dongan street, Stebbins avenue and East 163d street, Borough of The Bronx, and duly filed a duplicate original thereof in the office of the Secretary of State on January 14, 1910; and on November 4, 1910, pursuant to section 170 of chapter 49 of the Consolidated Laws, it duly filed a certificate of extension of its railroad on exterior street, from 1-9th street to Ogden avenue, Borough of The Bronx, and a certificate of extension on East 149th street, Timpon place, Austin place and Whitlock avenue, from St. Ann's avenue to Leggett avenue, with the Secretary of State of the State of New York, and a duplicate original thereof in the office of the Clerk of the County of New York.

3. For the purpose of constructing and operating said extensions or branches of its railway, your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for its consent, to the construction, maintenance and operation of a double-track street surface railway as an extension or branch of its existing railway for a public use and the conveyance of persons and property for compensation in, upon, along and over the surface of certain streets, avenues, highways and public places in the Borough of The Bronx, City of New York, of which the following is a description:

(a) Beginning at and connecting with its present tracks on East 149th street, at the intersection of St. Ann's avenue; thence easterly in, along and over East 149th street to the intersection of Timpon place and East 149th street; thence northeasterly by a single track over and along Timpon place to the intersection of Timpon place and Whitlock avenue, and by another single track along East 149th street to the intersection of Austin place; thence northeasterly along Austin place by a single track over Whitlock avenue; thence northerly over and along Whitlock avenue by single and double track to Leggett avenue and connecting with the route of the New York City Interborough Railway Company on Leggett avenue.

Also upon the following route:

(b) Beginning at and connecting with its present route on East 149th street at the intersection of East 149th street and Exterior street and River avenue; thence northwesterly along Exterior street, so called, crossing by overhead tracks of the New York Central and Hudson River Railroad Company to the intersection of Exterior street, Jerome and Ogden avenues and connecting with its present tracks on Ogden avenue.

And also upon the following route:

(c) Beginning at and connecting with its present tracks on Dongan street at the junction of said street with Intervale avenue; thence westerly on Dongan street to Stebbins avenue; thence northeasterly on Stebbins avenue to East 163d street; thence westerly on East 163d street to Washington avenue, crossing such other streets, avenues, highways and public places as may be encountered in said route, together with such connections, turnouts, switches, cross-overs, stands, poles, wires and equipments as may be

necessary for the construction and operation of said railway, by the overhead single trolley system of electricity, or by any other motive power that may be lawfully employed upon the same.

4. That said corporation proposes to operate said extensions or branches by the overhead single trolley system of electricity substantially similar to that now in use upon its other lines, or by any other motive power that may be lawfully employed.

Wherefore, your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered, be given as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

Dated November 4, 1910.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** at a meeting of the Board of Estimate and Apportionment, held October 28, 1910, the following petition was received:

In the matter of the application of the Gotham Electric Service Company for the right to lay wires or other conductors in, over and under the streets and highways of the City of New York.

To the Board of Estimate and Apportionment of the City of New York:

The petition of the Gotham Electric Service Company respectfully shows:

First—That said corporation is organized under Article 9 of the Transportation Corporations Law of the State of New York for the purpose of using wires in electric operation of call boxes in connection with telephone and telegraph and other systems for providing calls and signals for messengers and messages. The certificate incorporating the company was filed and recorded with the Secretary of the State of New York on October 10, 1910, and with the Clerk of New York County October 11, 1910.

Second—That your petitioner was organized to acquire the messenger business of the Bankers and Brokers Messenger Company, a corporation organized under the Business Corporations Law of the State of New York.

Third—That said Bankers and Brokers Messenger Company was organized on the 24th day of April, 1893, and has been engaged continuously since said date in conducting a general messenger business, having offices at No. 48 Broad street and 1434 Broadway, in the Borough of Manhattan and City of New York.

Fourth—That said Bankers and Brokers Messenger Company applied to the Secretary of State for leave to amend its charter to become a Transportation Corporation, but such change was refused.

Fifth—That said Bankers and Brokers Messenger Company has in operation about two hundred call boxes and uses many thousands feet of wire, which it rents from other companies having the right by law to lay wires under the streets and avenues of the City of New York.

Sixth—That the districts in which your petitioner desires permission to lay wires are as follows:

1. That part of Borough of Manhattan lying south of Chambers street, between Pearl and Greenwich streets.

2. That part of the Borough of Manhattan lying between 23d and 59th streets and 3d and 9th avenues.

Wherefore, your petitioner asks that your honorable Board grant it the right to lay wires or other conductors in, over or under the streets and highways of the City of New York.

**GOTHAM ELECTRIC SERVICE COMPANY.**

By **ROBERT LECOUEUR**, President, Petitioner.

County of New York, ss.: Robert Lecoueur, being duly sworn, says that he is president of petitioner herein; that the foregoing petition is true to his own knowledge, except as to the matters which are therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** at a meeting of the Board of Estimate and Apportionment, held October 28, 1910, the following petition was received:

To the Board of Estimate and Apportionment:

The Union Railway Company of New York City respectfully shows:

That it is a street surface railroad company operating a railroad in the Boroughs of Manhattan and The Bronx, in the City of New York.

That it owns a franchise to construct and operate a double track railway upon 138th street, from 3d avenue to the Harlem River, granted by chapter 553 of the Laws of 1874, and of a franchise to operate a line from the southern terminal of the Madison Avenue Bridge through and along Madison avenue to 130th street, and on 135th street, between Madison avenue and 8th avenue, granted by resolution of the Common Council of the City on or about December 27, 1892. That it has for many years operated cars over said lines under its franchises and upon and over the various bridges erected over Harlem River, at or near the terminus of Madison avenue, pursuant to authority conferred by various Departments of the City.

It is contended that the applicant's only right or authority to operate cars upon and over said bridge are contained in resolution of the Board of Estimate, adopted March 22, 1907, and June 30, 1910; are of a temporary character, and expire July 15, 1911.

Your petitioner therefore applies for a grant of a franchise or right to construct, maintain and operate by electricity a double track road upon and over said Madison Avenue Bridge over Harlem River and upon the viaducts leading thereto to enable it to continue the operation of its cars between the Boroughs of Manhattan and The Bronx upon and over said bridge.

**JOSEPH HAAG**, Secretary.

Dated New York, November 18, 1910. n21,d9

**PUBLIC NOTICE IS HEREBY GIVEN** that at the meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The Bronx Traction Company has under date of January 7, 1910, made application to the Board of Estimate and Apportionment for a franchise to construct, maintain and operate a street surface railway as an extension to its existing system, upon and along White Plains road from Morris Park avenue to Gun Hill road, in the Borough of The Bronx; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on February 18, 1910, fixing the date for public hearing thereon as March 18, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Tribune" and the "New York Mail" newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly had on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Bronx Traction Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right to the Bronx Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Bronx Traction Company the franchise or right to construct, maintain and operate a street surface railway as an extension to its existing system, upon and along White Plains road from Morris Park avenue to Gun Hill road, in the Borough of The Bronx; and

Whereas, The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be revalued at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than four thousand two hundred dollars (\$4,200), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of four thousand two hundred dollars (\$4,200).

During the second term of five (5) years an annual sum which shall in no case be less than four thousand six hundred and twenty-five dollars (\$4,625), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of four thousand six hundred and twenty-five dollars (\$4,625).

During the third term of five (5) years an annual sum which shall in no case be less than five thousand one hundred dollars (\$5,100), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of five thousand one hundred dollars (\$5,100).

During the fourth term of five (5) years an annual sum which shall in no case be less than five thousand six hundred dollars (\$5,600), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of five thousand six hundred dollars (\$5,600).

During the remaining term of five (5) years an annual sum which shall in no case be less than six thousand two hundred dollars (\$6,200), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of six thousand two hundred dollars (\$6,200).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided, that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

The intention of this paragraph is to fix an annual charge to be paid by the Company to the City for the rights and privileges hereby granted.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Proposed Form of Contract.

This contract, made this day of \_\_\_\_\_, 1910, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Bronx Traction Company (hereinafter called the Company), party of the second part, witnesses:

Whereas, The Town Board of the formerly existing Town of Westchester did, on June 7, 1892, grant to the Williamsbridge and Westchester Traction Company the right to construct, maintain and operate a street surface railway upon and along the following streets and avenues, namely:

Beginning at the junction of the Bronx river and Olin avenue, in the Village of Williamsbridge; thence easterly along said Olin avenue to the old White Plains road; thence along said road to the Bear Swamp road at Bronxdale; thence along said Bear Swamp road to the West Farms road; thence along said road to Silver lane; thence along Silver lane to Main street in Westchester Village; thence along said Main street to Westchester Creek."

Whereas, Said Williamsbridge and Westchester Traction Company was, on May 12, 1904, consolidated with other street surface railway companies to form the Bronx Traction Company; and

Whereas, Said Bronx Traction Company thereafter constructed and operated a street surface railway upon portions of the above described route, including the old White Plains road and Bear Swamp road, from Olin avenue (now Gun Hill road) to Morris Park avenue; and

Whereas, Proceedings for opening White Plains road, between Morris Park avenue and the City line, as it is now laid out and exists, were instituted by the Board of Estimate and Apportionment September 20, 1899, and said street has since been opened, regulated and graded and otherwise improved, and is now in use; and

Whereas, The lines of said new White Plains road did not include that portion of Bear Swamp road between Morris Park avenue and said new road, and did not in all instances include all portions of the old White Plains road between said Bear Swamp road and Olin avenue, or Gun Hill road; and

Whereas, The Bronx Traction Company did, during the grading of said new White Plains road, construct, and has since maintained and operated a street surface railway upon said new White Plains road, between Morris Park avenue and Gun Hill road, claimed by The City of New York to be without proper authority; and

Whereas, The Bronx Traction Company did, upon the commencement of operation of its cars over the said new White Plains road, between Morris Park avenue and Gun Hill road, abandon the operation of its cars on Bear Swamp road, between Morris Park avenue and White Plains road, and upon those portions of the old White Plains road not included within the lines of the new White Plains road; and

Whereas, The Bronx Traction Company has, by a petition dated January 7, 1910, presented to the Board of Estimate and Apportionment, at its meeting held January 21, 1910, made application to said Board for the right or franchise to operate and maintain a street surface railway as an extension to its existing system upon and along White Plains road, from Morris Park avenue to Gun Hill road, in the Borough of The Bronx, in order that the title of said Company to operate over such route may be perfected and legalized; now therefore

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company at the intersection of Morris Park Avenue and White Plains road; thence northerly in, upon and along said White Plains road to and connecting with the existing tracks of the Company at the intersection of Olin avenue, or Gun Hill road, with White Plains road.

And to cross such other streets and avenues named and named as may be encountered in said route.

The said route, with turnouts, switches and crossovers hereby authorized, is shown upon a map entitled "Map showing proposed extension of the Bronx Traction Company, City of New York, to accompany petition dated January 7, 1910, to the Board of Estimate and Apportionment," and signed by Edward A. Maher, President, and T. F. Mullaney, Chief Engineer, a copy of which is attached hereto, to be deemed a part of this contract, and is to be construed with the text thereof, and to be substantially followed; provided, that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be revalued at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than four thousand two hundred dollars (\$4,200), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of four thousand two hundred dollars (\$4,200).

During the second term of five (5) years an annual sum which shall in no case be less than four thousand six hundred and twenty-five dollars (\$4,625), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of four thousand six hundred and twenty-five dollars (\$4,625).

During the third term of five (5) years an annual sum which shall in no case be less than five thousand one hundred dollars (\$5,100), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of five thousand one hundred dollars (\$5,100).

During the fourth term of five (5) years an annual sum which shall in no case be less than five thousand six hundred dollars (\$5,600), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of five thousand six hundred dollars (\$5,600).

During the fifth term of five (5) years an annual sum which shall in no case be less than six thousand two hundred dollars (\$6,200), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of six thousand two hundred dollars (\$6,200).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided, that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

The intention of this paragraph is to fix an annual charge to be paid by the Company to the City for the rights and privileges hereby granted.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets and avenues hereinafter described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures used in connection therewith, in streets and avenues hereinafter described, shall be permitted by the Company to any individual or corporation to which the City may have granted or may hereafter grant, the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice, and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid by the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any Company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure of the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Ninth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power except locomotive steam-power or horse-power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Eleventh—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Twelfth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Thirteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Fourteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordi-

nances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Fifteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Sixteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Seventeenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours, when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curbs, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Eighteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Nineteenth—The Company shall cause to be paved that portion of the street between its tracks, the rails of its tracks and two feet in width outside of its tracks, upon and along the streets, avenues and highways of the route hereby authorized which are now either unpaved or paved with macadam. The work of such paving shall be done under the supervision of the municipal authorities having jurisdiction in such matters, and such authorities shall designate the character of the pavement to be laid.

Twentieth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structure in the streets required on account of the construction or operation of the railway shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-third—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of such public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fourth—The Company shall, within ninety (90) days from the date on which this contract is signed by the Mayor, take the necessary legal proceedings for the abandonment of that portion of its former road graded by the Town Board of the former Town of Westchester June 7, 1892, described as follows:

Beginning at the intersection of Olin avenue or Gun Hill road and White Plains road, thence southerly along said White Plains road to the Bear Swamp road at Bronxville; thence along said Bear Swamp road to its intersection with Morris Park avenue.

A certified copy of the certificate of abandonment shall be filed with the Board of Estimate and Apportionment within ten (10) days from the date on which the same is obtained by the Company.

Twenty-fifth—The Company shall, within thirty (30) days from the date on which this contract is signed by the Mayor, remove at its own cost and expense all of its tracks, poles, wires and other equipment from those portions of its former route to be abandoned as hereinabove described, and shall thereupon restore the said streets and avenues to their original condition.

Twenty-sixth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.

16. Total receipts of Company for each class of business.

17. Amounts paid by the Company for damage to persons or property on account of construction and operation.

18. Total expenses for operation, including salaries.

—and such other information, in regard to the business of the Company as may be required by the Board.

Twenty-seventh—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company, for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-eighth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-ninth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall be liable to the City for the sum of two hundred and fifty dollars (\$250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund herein after provided for.

Thirtieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either person or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-first—This grant is upon the express condition that any and all sums of money or any securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City for the faithful performance by the Company of the several franchises so granted, shall likewise form a fund for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-second—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction.

Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-third—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 4. This grant is also upon the further and express condition that the provisions of Article 5, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,  
By \_\_\_\_\_, Mayor.

(Corporate Seal.)  
Attest: \_\_\_\_\_ City Clerk.

\_\_\_\_\_ BRONX TRACTION COMPANY,  
By \_\_\_\_\_, President.

(Seal.)  
Attest: \_\_\_\_\_ Secretary.

(Here acknowledge.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That the preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Bronx Traction Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, December 9, 1910, in the City Record, and at least twice during the ten days immediately prior to Friday, December 9, 1910, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the Bronx Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Bronx Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, December 9, 1910, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.  
Dated New York, October 28, 1910. n15,29

Further notice is hereby given that unless such trucks, wagons, etc., are reclaimed and the expenses incurred in connection therewith are paid to the Commissioner of Docks on or before the 31st day of March, 1911, the Commissioner of Docks will, after further advertisement, sell such trucks, wagons, etc., at public auction, to the highest bidder, to pay the expenses which have been incurred in connection therewith.

Dated The City of New York, November 18, 1910.

CALVIN TOMKINS, Commissioner. n21,28

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED ESTIMATES WILL BE RECEIVED BY THE Commissioner of Docks at Pier "A," foot of Battery place, North River, in The City of New York, until 12 o'clock noon on

FRIDAY, DECEMBER 2, 1910.

FOR INSURING THE FERRYBOAT "CASTLETON" TO BE EMPLOYED ON THE SAME SERVICE AS ABOVE, FOR A PERIOD OF TWELVE CALENDAR MONTHS BEGINNING AT NOON ON DECEMBER 7, 1910, AND TO TERMINATE AT NOON ON DECEMBER 7, 1911.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuations:

For the ferryboat "Castleton"..... \$125,000.00  
For the ferryboat "Stapleton"..... 125,000.00

In no case shall the Department be deemed a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hull, deck, equipment and cargo of said vessels, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Hudson and East Rivers, for the year 1911."

The estimates received will be publicly opened by the Commissioner of Docks and Ferries, and the award of the contract made according to the law as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal it be accompanied by a certified check for one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deems it for the interest of the City so to do.

## SUPREME COURT—FIRST DEPARTMENT.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND SIXTY-THIRD STREET, from Ford street to East One Hundred and Eighty-third street (although not yet named by proper authority), in the Twenty-fourth Ward, Borough of the Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 19th day of December, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 21st day of December, 1910, at 3 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 19th day of December, 1910, and that the said Commissioner will hear

parties so objecting, and for that purpose will be in attendance at his said office on the 22d day of December, 1910, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 25th day of September, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the centre line of Brook avenue, where it is intersected by the prolongation of a line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, as laid out between Brook avenue and Park avenue, and running thence westwardly along the said line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, and the prolongation thereof, to a point midway between Sheridan avenue and Mott avenue; thence northwardly and parallel with Sheridan avenue to the intersection with a line which bisects the angle formed by the intersection of the prolongation of the westerly line of Sheridan avenue and the easterly line of Mott avenue, as laid out between East One Hundred and Fifty-eighth street and East One Hundred and Sixty-first street; thence northwardly along the said bisecting line to the intersection with the prolongation of a line midway between Sheridan avenue and Mott avenue, as laid out between East One Hundred and Sixty-first street and East One Hundred and Sixty-fourth street, and the prolongation thereof, to the intersection with a line always distant 100 feet easterly from and parallel with the easterly line of Boston road, the said distance being measured at right angles to the line of Boston road; thence southwardly, parallel with the easterly line of Boston road, Third avenue and St. Ann's avenue, respectively, to the intersection with the prolongation of a line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street, as laid out between German place and St. Ann's avenue; thence westwardly along the said line midway between East One Hundred and Fifty-seventh street and East One Hundred and Fifty-eighth street and the prolongation thereof to the centre line of Brook avenue; thence northwardly along the centre line of Brook avenue to the point of place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of December, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 24th day of January, 1911, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment, to ascertain and determine the compensation which should justly be made to Henry R. Winthrop, individually, and to Henry K. Winthrop, J. Frederick Kernochan and William Jay, as trustees, under the will of Thomas Buchanan Winthrop, deceased, as owners of the premises abutting on the easterly side of DEPEW PLACE, between Forty-second street and Forty-third street, in the City of New York, for the discontinuance and closing of the portion of Depew place, 12 feet in width and 35 feet in length, on its westerly side, and 121.83 feet north of Forty-second street, in the Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 29th day of November, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 1st day of December, 1910, at 1 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 1st day of December, 1910.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of East Forty-second street with the easterly line of Vanderbilt avenue; thence running northerly along the easterly line of Vanderbilt avenue 722.6 feet to the southerly line of East Forty-fifth street; thence easterly along the southerly line of East Forty-fifth street 420 feet to the northerly prolongation of the easterly line of Depew place; thence southerly 461.8 feet to the northerly line of East Forty-third street; thence westerly along the northerly line of East Forty-third street 50 feet to the westerly line of Depew place; thence southerly along the westerly line of Depew place 104 feet; thence easterly and at right angles to the westerly line of Depew place 12 feet; thence southerly along the westerly line of Depew place 35 feet; thence westerly and at right angles to the westerly line of Depew place 12 feet; thence southerly along the westerly line of Depew place 121.10 feet to the northerly line of East Forty-second street, and thence westerly along the northerly line of East Forty-second street 370 feet to the point of place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 29th day of December, 1910, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, the notice of motion to confirm our final supplemental and amended report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, November 14, 1910.

## SUPREME COURT—SECOND DEPARTMENT.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of NURGE STREET, between Metropolitan avenue and the Long Island Railroad, and of WILLIAM STREET, between Metropolitan avenue and Arctic street, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their

said objections, in writing, duly verified, with them at their office, Municipal Building, Court House square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 15th day of December, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 16th day of December, 1910, at 10 o'clock a. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Municipal Building, Court House square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 15th day of December, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 17th day of December, 1910, at 10 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 17th day of May, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the northerly side of Metropolitan avenue midway between the intersection of the said line with the northerly line of Nudge street and the southeasterly line of Flushing avenue, and running thence northeasterly along a line always midway between Nudge street and Flushing avenue to the southeasterly line of the lands of the Long Island Railroad Company; thence easterly and southeasterly and along the said property line of the Long Island Railroad Company to the intersection of the said line with the prolongation of a line midway between William street and Baltic street; thence southwesterly and along a line always midway between William street and Baltic street and along the prolongation of the same to the intersection of the said line with the northerly line of Metropolitan avenue; thence southwesterly at right angles to the line of Metropolitan avenue to a point distant 100 feet south of the southerly line of Metropolitan avenue; thence westwardly and parallel with Metropolitan avenue to the intersection with a line at right angles to the line of Metropolitan avenue, and passing through the point described as the point of beginning, and thence northwardly to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Municipal Building, Court House square, Long Island City, in the Borough of Queens, in said City, there to remain until the 16th day of December, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 24th day of January, 1911, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending of LENOX ROAD, from New York avenue to East Ninety-eighth street, in the Twenty-ninth and Thirty-second Wards of the Borough of Brooklyn, The City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 6th day of December, 1910, at the

opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three Commissioners of Estimate, one of whom shall be appointed Commissioner of Assessment in the above entitled proceeding. The nature and the extent of the improvement hereby intended is the acquisition of title in fee by The City of New York for the use of the public, to all lands and premises, with the buildings thereon, and the appurtenances thereto belonging, required for the opening and extending of Lenox road, from New York avenue to East Ninety-eighth street, in the Twenty-ninth and Thirty-second Wards of the Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz:

Beginning at the intersection of the east line of New York avenue with the south line of Lenox road, as the same are laid down on the map or plan of the City of New York;

1. Thence northerly along the east line of New York avenue 70.0 feet;

2. Thence easterly deflecting 90 degrees to the right 6,479.25 feet to the southwest line of Remsen avenue;

3. Thence northerly deflecting 75 degrees 37 minutes 50 seconds to the left 130.46 feet to the northeast line of Remsen avenue;

4. Thence northeasterly deflecting 39 degrees 57 minutes 18 seconds to the right 2,240.0 feet to the northeast line of East Ninety-eighth street;

5. Thence southeasterly along the northeast line of East Ninety-eighth street 80.0 feet;

6. Thence southwesterly deflecting 90 degrees to the right 2,240.0 feet to the northeast line of Remsen avenue;

7. Thence southerly deflecting 41 degrees 58 minutes 15 seconds to the left 134.50 feet to the southwest line of Remsen avenue;

8. Thence westerly 6,529.51 feet to the point of beginning.

The Board of Estimate and Apportionment on the 19th day of June, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on a line midway between Clarkson avenue and Lenox road distant 100 feet westerly from the westerly line of New York avenue, and running thence southeasterly along the said line midway between Clarkson avenue and Lenox road to the intersection with the prolongation of a line midway between Clarkson avenue and Lenox road as laid out east of Remsen avenue; thence northeasterly along the said line midway between Clarkson avenue and Lenox road and the prolongation of the said line to a point distant 100 feet northeasterly from the northeasterly line of East Ninety-eighth street; thence southwesterly and parallel with East Ninety-eighth street to the intersection with the prolongation of a line midway between Lenox road and Linden avenue as laid out east of Remsen avenue; thence southwesterly along the said line midway between Lenox road and Linden avenue and the prolongation of the said line to the intersection with a line midway between Lenox road and Linden avenue as laid out west of Remsen avenue; thence westwardly along the said line midway between Lenox road and Linden avenue to the intersection with a line parallel with New York avenue, and passing through the point of beginning; thence northwardly along the said line parallel with New York avenue to the point or place of beginning.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of NEWELL STREET, from Meserole avenue to Greenpoint avenue, in the Seventeenth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owners or occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of December, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 9th day of December, 1910, at 10 o'clock a. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of December, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 12th day of December, 1910, at 10 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

One-half block on each side of Newell street, from Meserole avenue to Greenpoint avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 19th day of December, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 29th day of December, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm

the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, November 18, 1910.

#### SUPREME COURT—THIRD JUDICIAL DISTRICT.

##### THIRD JUDICIAL DISTRICT.

##### ULSTER COUNTY.

##### Ashokan Reservoir, Section No. 10.

##### Fourth and Fifth Separate Reports.

In the matter of the application and petition of John A. Benschel, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905, and the acts amendatory thereof, in the Town of Olive, Ulster County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN THAT the fourth and fifth separate reports of the Commissioners of Appraisal in the above-entitled proceeding, dated October 18, 1910, and filed in the office of the Clerk of the County of Ulster on the 18th day of October, 1910, and which said fourth separate report includes Parcels Nos. 479, 480, 481, 482 and 483, and the claim of John C. Hoornbeck, stated to embrace a leasehold interest in certain lands and riparian rights and water power over and upon Parcels Nos. 479, 480, 481, 482 and 483, in Ashokan Reservoir, Section No. 10, and Parcels Nos. 511 and 515, in Ashokan Reservoir, Section No. 11, and which said fifth separate report includes Parcels Nos. 456, 462 and 466, will be presented to the Supreme Court for confirmation at a Special Term thereof, to be held in and for the Third Judicial District, at the Court House in the City of Troy, on the 3d day of December, 1910, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

Reserving to The City of New York the right to oppose the confirmation of any or all of the awards and recommendations contained in said report.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

##### TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department. No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
