Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held at Bellevue Hospital on Thursday, Sept. 19, 1918, at 2.30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. O'Keeffe, Farley, Stern and Wright, Trustees, and Mr. Coler, Commissioner of the Department of Public Charities, ex-officio. Excused: Mr. Paulding and Mr. Sachs, Trustees.

The minutes of the meeting of Sept. 9, 1918, a copy of which had been sent to each member, were held as read and approved.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows:

A letter has been received from Mr. Lemke, Supervising Engineer at Bellevue, who is on military leave, asking that his name be taken from the payroll from Sept. 1, as he has recently been promoted to a Lieutenant, and his pay is in excess of what he was receiving at Bellevue, with further request that his leave of

absence be continued for the duration of the war.

Mr. O'Neil, as Assistant Superintendent at Harlem Hospital, is allowed by the City the service of one maid; during the absence of Mr. O'Neil's family in the country for the past two months they had the maid with them. As the service was rendered away from the hospital they have raised the question whether it was proper for her to be paid by the City, no precedent ever having been established so far as I am aware.

Miss Stowers, Assistant Superintendent of Gouverneur Hospital, expects to go on her annual vacation on Saturday, the 21st inst.

An itemized report submitted by Mr. Meinzer, Acting Supervising Engineer at Bellevue, for the boat Southfield, estimates that \$6,050 would be required to make this boat habitable this winter.

The plumbing at the Nurses' residence at Bellevue is very much out of order, and we have had great difficulty in getting the same repaired. One contractor

has an order since July 19, the work of which is partly done, and the contractor being unable to get any workmen is now completing the contract himself. Five slop sinks that have been cracked as a result of carelessness have been ordered, but it is very difficult to get deliveries. We have only one plumber to cover the whole hospital and one day recently 21 hoppers required his attention, so it left him no time to give the residence. The prices we are having to pay for plumbers' supplies, such as sinks, etc., are exorbitant, and priority orders have had to be secured on some materials to get them at all. We are having great difficulty in securing any bids on contract work of this character. We have considered changing some of the patterns; to do this would be very expensive and would involve a changing of much of the supply pipes behind the walls.

The daily average census at the various hospitals during the month of August, 1918, was as follows: Bellevue, 1,090; Gouverneur, 166; Harlem, 236; Fordham, 230; Neponsit, 111.

On separate motion, duly seconded and carried in each instance action was taken upon the report of the General Medical Superintendent as follows:

The application of Mr. Lemke, Supervising Engineer at Bellevue, for an indefinite leave of absence, without salary, on account of military service was approved.

Action was deferred on the payment of the maid for Mr. O'Neil's family during his absence for two months during the summer, pending the receipt of an opinion from the Corporation Counsel.

After discussion, it was moved, seconded and carried to authorize the repairs for the boat "Southfield."

The need of the plumbing repairs for the Nurses' residence was considered, and the Building Committee was requested to investigate and report.

COMMITTEE REPORTS.

Dr. Brannan and Mr. O'Keeffe reported on their attendance at the budget hearings for Bellevue and Allied Hospitals before the sub-committee of the Board of Estimate on Thursday, Sept. 12, and

Sept. 18, and that the budget was still under consideration.

Dr. Brannan referred to the fact that the sub-committee of the Board of Estimate in considering the departmental estimate for 1919 refused to allow any new and additional places or increases in salaries of employees receiving over \$1,800 a year. After consideration, it was moved, seconded and carried to make appeals to the Board of Estimate on such requests set forth in the departmental estimate for 1919 as originally presented to the Board of Estimate.

Dr. Brannan referred to a letter under date of September 12th from the Mayor, directing that no positions be filled, no increases in salaries allowed or transfer of funds for personal or other service until after the adoption of the budget. The General Medical Superintendent was instructed to comply with this request.

Commissioner Coler referred to a report he made to the Board of Estimate under date of August 14 regarding the Trustees' request for permission to use as much of the \$40,000 as may be necessary from the corporate stock appropriation for the roof ward of Fordham Hospital for the construction of five wooden buildings to be used for wards. After consideration, it was moved, seconded and carried to amend the request to the Board of Estimate upon the receipt of a report of the action taken by the Board of Estimate on the subject.

A letter, dated Sept. 13, was presented from Joseph H. Freedlander reporting that the contract of Charles J. Daly for the installation of the new areas and ash hoist to the power house at Harlem Hospital is not finished and that no attempt has been made by the contractor to complete the work and also recommending that the contract be declared abandoned, which recommendation was approved by the Inspector of Construction of the department. After consideration and discussion, it was moved, seconded and carried, on the recommendation of the Building Committee to declare the contract abandoned, and to call upon the surety, the Globe Indemnity Company, to complete the work.

The Building Committee presented a certificate of overtime, completion and acceptance on the work of the Eclipse Lighting Company for the installation of lighting fixtures in the building for the Out Patient Department of Gouverneur Hospital.

On motion, duly seconded and carried, the following resolution was adopted:

Resolved, To adopt the above certificate of completion, acceptance and determination pursuant to clause "R" of the contract of the Eclipse Light Company, and that the same be attached to and be made a part of the certificate of acceptance of the work on this contract to be filed in the office of the Comptroller of The City of New York.

A report from the Auditor's Office, dated Sept. 19, setting forth the anticipated deficits in the appropriation of the department, amounting to \$124,500, particularly in the appropriation for fuel supplies was presented as follows:

2072, Fuel Supplies, \$75,000; 2078, Motor Vehicle Supplies, \$1,500; 2079, General Plant Supplies, \$7,000; 2082, Medical and Surgical Supplies, \$2,000; 2084, Wearing Apparel, \$3,500; 2086, Materials, \$2,000; 2087a, Repairs, Bellevue, \$8,500; 2087b, Repairs, Harlem, \$2,300; 2087c, Repairs, Gouverneur, \$1,000; 2087d, Repairs, Fordham, \$1,200; 2087f, Repairs, Miscellaneous, \$1,000; total, \$105,000.

—and the following:
2075, Laundry, Cleaning and Disinfecting Supplies, \$1,500; 2079, General Plant Supplies, \$2,000; 2081, Household Equipment, \$8,000; 2084, Wearing Apparel, \$4,000; 2085, General Plant Equipment, \$2,500; 2089, Motor Vehicle Repairs, \$1,500; total, \$19,500; grand total, \$124,500.

After consideration it was moved, seconded and carried to authorize a request to the Board of Aldermen and the Board of Estimate for an issue of special revenue bonds or the transfer of funds from appropriations of other City departments which may be available.

COMMUNICATIONS.

Under date of Sept. 13, F. R. Andrews, Chief of Survey Party, United States Engineer's Office, asked for permission to construct a small sectional house on the dock at the foot of East 28th st., which house is to be used, for a month as a drafting room in connection with a survey of the river in the vicinity of Bellevue Hospital. On motion, duly seconded and carried, this request was approved.

A letter, dated Sept. 16, was presented from George D. Stewart, asking permission to have Dr. Fluhrer, Consulting Physician at Bellevue Hospital, do some active work in the hospital. On motion, duly seconded and carried, it was resolved to inform Dr. Stewart that the Trustees gladly accept as much of Dr. Fluhrer's services as he is willing to give the hospital, Dr. Stewart to make the ar-

rangements necessary for Dr. Fluhrer to come on duty.

Reference was made to a letter received from the Secretary to the Mayor, under date of Sept. 18, requesting Dr. Brannan to serve on a committee of city and county officials to promote the sale of Liberty Loan bonds among city and county employees, and also to a letter of the same date setting forth that a Liberty Loan parade will be held in the City on October 12th, in which city and county employees are asked to participate. On motion, duly seconded and carried, it was resolved to have Bellevue and Allied Hospitals take part in the parade with as large a delegation as possible, and Dr. Brannan, the President of the Board was requested to take charge of the Bellevue and Allied Hospitals section.

Reference was made to the fact that arrangements were being made in the department to conduct a drive among employees for the sale of the Fourth Liberty Loan bonds.

A motion to adjourn the meeting was moved, seconded and carried.

JNO. G. O'KEEFFE, Secretary, Board of Trustees.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause, or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signals by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.
