No. 607.

Bronx Chamber of Commerce—Communication Relative to the Establishment of a Branch Office of the Department of Licenses in the Borough of The Bronx.

Bronx Chamber of Commerce, 3208 Third Avenue, New York City, June 11th, 1918.

The Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—I am enclosing herewith copy of a resolution adopted by the Bronx Chamber of Commerce.

Thanking you for an early consideration of the matter and hoping that you will grant a hearing, I remain, very respectfully yours,

EMIL L. NEWMAN, Secretary, 944 Kelly Street, Bronx.

At a meeting of the Bronx Chamber of Commerce, held on May 15th, 1918, the following resolutions were presented and referred to a Committee for further action:

Whereas, The Borough of The Bronx with a population of over 750,000, equals that of some of the largest cities of the United States; and

Whereas, The volume of business transacted makes it necessary that as much time as possible be conserved to the business men of The Bronx; and

Whereas, The daily issue of licenses in the Borough of The Bronx, for various purposes, are considerable; therefore be it

Resolved, That the Board of Aldermen and the Board of Estimate and Apportionment be requested to establish a Branch Office similar to those established in other boroughs, and that as many Clerks as may be necessary to transact said business be transferred to said branch.

Resolved, That the Board of Aldermen and the Board of Estimate be requested to grant a hearing, at which time the facts may be presented in support of the above request.

Resolved, That copies of these resolutions be sent to the Board of Aldermen and the Board of Estimate and Apportionment.
New York City, June 8th, 1918.
ANTHONY J. GRIFFIN, President; EMIL L. NEWMAN, Secretary, 944 Kelly Street, Bronx, New York City.
Which was referred to the Committee on Salaries and Offices.

No. 608.
R. W. Burchell—Petition for Ordinance Requiring Footboards to Be Closed When Vehicles Are in Motion.
745 Hancock Street, Brooklyn, N. Y., June 6, 1918.

Hon. A. E. SMITH, President, Board of Aldermen:
Dear Sir—Noting the enclosed, I refer same to you, thinking it possible to have caused an ordinance to be passed by your Honorable Board, an act requiring all vehicles having a footboard on end of wagon, same as venders, icemen and others, to cause said footboards to be closed when wagons are in motion; in other words, be no place for children to cut behind, so-called.
You are thoroughly conversant with nature of children when standing on the footboard when the driver from front seat call out to them, they jump off in alarm and scatter in all directions and run into vehicles from opposite directions, the drivers of the latter not being aware of their presence.
I claim if there were no lodgment for the feet, children would not be there.
Trusting this will meet your approval, I remain, yours,
R. W. BURCHELL.

Communication from American Carpatho-Russian and Slavonian Office for Permission to Use the Aldermanic Chamber on Saturday Evening, June 28, 1918.
To His Honor the President of the Board of Aldermen and the Members of the Honorable Board:

Honorable and Dear Sir—The most patriotic Russians are the Carpatho-Russians, who for six hundred years have been oppressed by the Austrian-Hungarian and late by the thousands have been massacred.

I have had the personal pleasure of placing their pledges of loyalty and their appeals for interest in their cause in the hands of his Excellency the Honorable President Wilson, Secretaries Lansing, Daniels and Baker, having presented delegates to such eminent men and also the Premier of Canada, Sir Robert Borden.

Secretary Daniels has given me a permit, that through me only the Carpatho-Russians may purchase an aeroplane and present it to the United States Navy.

We have had meetings in several different places, but we want a grand rally of the chief city in America, which your honors govern, and the interest which the United States takes in preparing all peoples for true democracy. I hereby petition your honorable body for the use of the Aldermanic chambers at the City Hall for the evening of Saturday, June 29th. We will have many leading men to speak from the United States officials.

Secretary Daniels, of Navy, and Secretary Baker, of War, will be represented. The Department of Justice will also be represented. The Archbishop of the Russian Church in America, with all his Consistory, will come in his state. The Red Cross will be represented also and I am going to ask one of your honorable Board to make us a short address.

I have the honor to be the wife of an officer in the United States Army Aviation Corps, who at present is on "overseas duty abroad." I am trying to do my bit, with the help of Washington, to help the Government with the unwieldy proposition of the Russians in this country.

My permits from Washington may be seen at my office at the above address at any time. I remain, truly yours,
A. CHAPIN.

In connection with the foregoing communication the Vice-Chairman offered the following resolution:

Resolved, That permission be and the same is hereby given to the American Carpatho-Russian and Slavonian Office of New York City to use the Aldermanic Chamber on Saturday evening, June 28th, 1918, provided there is no disturbance of books, papers or furniture located therein.

Which was unanimously adopted.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the County Clerk, Richmond County:

No. 610.
County Clerk, Richmond County—Request for Special Revenue Bonds, \$2,400, for the Purpose of Relabeling, Rebinding, Etc., of Libers.

County Clerk's Office, Richmond County, Richmond, N. Y., June 17th, 1918.
Hon. ALFRED E. SMITH, President of Board of Aldermen, New York City, N. Y.:

Dear Sir—In pursuance of the provisions of section 188, subdivision 7 of the Greater New York Charter, I respectfully ask that special revenue bonds for the sum of \$2,400 be issued for the purpose of finishing the rebinding, resewing and relabeling of old and worn libers, which is now going on in my office.

In the budget for the year 1918 an appropriation of \$800 was given for the above purpose, which is totally inadequate, as was shown the sub-Committee at the time of recommending the several appropriations for my office.

In anticipation of the removal of my office to the new County Court House at St. George, a distance of over 6 miles, it is very dangerous to remove these libers in the present condition, as some of the leaves would in all probability be lost, thereby making the records incomplete.

I respectfully refer you to section 1196, chapter 424, Laws of 1913, which relates to the safeguarding of public records, and also to section 1198 of the same chapter, which inflicts a penalty upon any public officer who refuses or neglects to comply with this chapter, which is binding upon your Board as well as myself.

The following are the items which require attention:

Relabeling 240 books, 3 labels each.....	\$144 00
Relabeling 100 books, 1 label each.....	30 00
Resewing and rebinding 75 libers of deeds, full canvass.....	450 00
Resewing and rebinding 30 miscellaneous books.....	150 00
Rebinding 600 libers in full canvass.....	2,400 00
Total.....	\$3,174 00

For the sum of \$800, which has already been appropriated, the following items will be completed:

Resew and rebind 75 libers of deeds.....	\$450 00
Resew and rebind 30 miscellaneous books.....	150 00
Rebind 50 of the 600 libers in full canvass.....	200 00
Total.....	\$800 00

There is therefore left the following items:

Relabeling 240 books, 3 labels each.....	\$144 00
Relabeling 100 books, 1 label each.....	30 00
550 libers to be rebound in full canvass.....	2,200 00
Total.....	\$2,374 00

The reason for requesting \$2,400 is on account of the increase in material which may have taken place since the above estimate was given in December, 1917.

I would therefore request that this sum be allowed for the proper transaction of the business of my office as soon as possible, as the continued use of these libers makes them worse every day. Yours respectfully,
C. L. BOSTWICK, County Clerk.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the College of the City of New York:

No. 611.
College of the City of New York—Request for Authority to Contract, Without Public Letting, for Alterations to 23d Street Building of the College.

The College of the City of New York, Office of the Curator, St. Nicholas Terrace and 139th Street, June 17, 1918.

Resolved, That, pursuant to section 419 of the Greater New York Charter, as amended, the Board of Trustees of the College of the City of New York be and they are hereby authorized and empowered to let contracts in the open market without public letting, in the amount of eleven thousand two hundred and forty-four dollars (\$11,244), for alterations and improvements to the Twenty-third Street Building of

the College of the City of New York, on the southeast corner of Twenty-third street and Lexington avenue.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 612.
Commissioner of Street Cleaning—Request for Authority to Purchase Forage Without Public Letting.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, June 12, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City of New York:

Dear Sir—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request that the Board of Aldermen adopt a resolution authorizing the purchase by this Department, without public letting, of a quantity of forage consisting of 600 tons of bran at a total expenditure not to exceed the sum of \$20,112.

On June 6, 1918, after due advertisement, as required by law, bids for furnishing forage—including bran—for the period expiring July 31, 1918, were opened at this office. The following prices were quoted upon bran:

Borough of Manhattan, \$46 per ton; Borough of Brooklyn, \$46 per ton; Borough of Bronx, \$45 per ton.

Prior to the reception of the bids, I was informed that there was some doubt about the ability of the contractors to furnish any bran, and I immediately communicated with the Hon. Herbert Hoover, Director of the United States Food Administration, to permit this Department to be furnished with sufficient bran for its use, and he notified me that he had authorized the Washburn-Crosby Company, of Buffalo, N. Y., to supply our demands in this respect. The latter company offered to furnish bran at the rate of \$32.85 per ton f. o. b. New York, which represents a saving of \$7,690 under the prices quoted by the bidders on June 6, 1918, providing such prices continue for the balance of the year—and it is probable that they will not be less than that. Yours truly,
A. B. MacSTAY, Commissioner.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President, Borough of Richmond:

No. 613.
President, Borough of Richmond—Request for Authority to Purchase Coal Without Public Letting.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, Staten Island, June 11, 1918.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—Owing to the present condition of the coal situation and our inability to secure bids by public letting, I ask the adoption of the following resolution by the Board of Aldermen:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to purchase coal in the open market, without public letting, in such quantities as may be required. Very truly yours
JOHN E. BOWE, Acting President of the Borough.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 614.
President, Borough of Brooklyn—Request for Authority to Purchase Tar Road Oil Without Public Letting.

The City of New York, Office of the President of the Borough of Brooklyn, June 14, 1918.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—Owing to the extraordinary condition of the market, we find it difficult to secure a supply of road oil, the United States Government having advised that this material has been commandeered and will be required by the Government for fuel purposes.

We expect to be able to obtain, however, a limited amount of road oil on open market order, and I would request that the following resolution be introduced by your Board by unanimous consent at its next meeting and given favorable consideration:

"Resolved, That, acting in pursuance of section 419 of the Charter, the President of the Borough of Brooklyn is hereby authorized to purchase, without public letting, road oil or tar, for the preservation of the macadam roads in the Borough of Brooklyn, in an amount not exceeding 100,000 gallons."

Thanking you for your prompt attention to this matter, I am, yours very truly,
JOSEPH FENNELLY, Assistant Commissioner of Public Works, and Acting Borough President.

Which, on motion of Alderman McCann, was made a Special Order for the day. The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:
Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Vladeck, Walsh, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

The President laid before the Board the following communication from the Commissioner of Public Works, Queens:

No. 615.
Commissioner of Public Works, Queens—Communication Relative to the Operation of Steam and Other Plants in the City of New York.

The City of New York, Offices Commissioner of Public Works of the Borough of Queens, Long Island City, June 13, 1918.

To the Honorable the Board of Aldermen, City Hall, New York, N. Y.

Gentlemen—I transmit herewith for your consideration a copy of a communication received by this office from Matthew A. McConville with reference to the operation of steam and other plants in the City of New York:

"An examination discloses the fact that at this time there are many places in the City of New York where refrigerating machinery is in operation not in charge of duly licensed engineers. In view of the hazard involved, we regard it as a public duty to call your attention to this fact and submit to your Board a resolution which we believe provides for a solution to the situation.

"I have found further that there are many buildings in the City where there are congregated or employed from five hundred to several thousand people where boilers are used with sufficient pressure as to require skillful operation in order to safeguard life and property which at the present time are not tested by the Police Department Boiler Inspection Bureau nor operated by skilled engineers.

"A further investigation discloses the fact that thousands of lives of pedestrians are constantly endangered by the fact that other than licensed engineers are operating electric and gasoline hoisting machinery, cable-ways and other machinery on construction work.

"I therefore request that you transmit to the Board of Aldermen for its consideration resolutions as follows:

"Prohibiting others than licensed engineers to take charge of or operate any ice machine or gas compressor of five (5) tons or greater capacity in any building or buildings in the City of New York.

"That in any building or buildings in the City of New York where there is employed or assembled at one time 500 or more persons, all boilers or other machinery used for heating or motor power shall be in direct charge of a duly licensed engineer.

"That it shall be unlawful for any person or persons other than a duly licensed engineer to take charge of or operate any machine used for hoisting purposes or cable-ways, irrespective of motive power, used for construction work.

"All such licenses to be issued by the Police Department in accordance with the section of the ordinances governing the licensing of engineers in the City of New York.

"That any violation of such ordinance shall be a misdemeanor, punishable by a fine of not less than \$25 or 25 days in jail.

"Such fines to be placed to the credit of the Pension Fund of the Police Department."

Very truly yours, FRANK X. SULLIVAN, Commissioner of Public Works.

Which was referred to the Committee on Buildings.

The President laid before the Board the following communication from the Commissioner of Health:

No. 616.

Commissioner of Health—Request for Authority to Purchase an Automobile Without Public Letting.

City of New York, Department of Health, Office of the Secretary, June 14, 1918.
Hon. P. J. SCULLY, City Clerk, Municipal Building, New York City:

Dear Sir—The Department of Health is desirous of purchasing an automobile for the use of the Commissioner and other officials of the Department of Health to be used for departmental work.

A proposition has been received from an automobile company who offers a first class car which has been slightly used for a reasonable figure.

The Board of Aldermen is hereby requested to authorize the purchase of this automobile without public letting at a cost not to exceed \$1,975, to be purchased from budget appropriation for the year 1918.

Very truly yours,

FRANK J. MONAGHAN, Secretary.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President, Borough of Manhattan:

No. 617.

President, Borough of Manhattan—Request for Authority to Contract for Paving 44th Street, from Lexington Avenue 75 Feet East, Without Public Letting.

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, June 14, 1918.
Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, Borough of Manhattan:

Dear Sir—I respectfully request permission from your Honorable Board to contract for repaving the roadway of 44th street from Lexington avenue to a point 75 feet east, amounting to about 250 square yards, at a cost not to exceed \$1,375, without public letting. The reasons for this request are contained in a report of the Chief Engineer of this Department, copy of which is attached hereto.

Yours very truly, FRANK L. DOWLING, President, Borough of Manhattan.

(Copy)

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, June 13, 1918.

Hon. FRANK L. DOWLING, President, Borough of Manhattan, Municipal Building, New York City:

Dear Sir—In July, 1917, this Department entered into a contract with the Davney Asphalt Company to repave with sheet asphalt the roadway of 44th street from the west side of First avenue to a point 75 feet east of Lexington avenue which was completed August 10, 1917.

At the time this work was under construction the paving of the area from Lexington avenue to 75 feet east, amounting to about 250 square yards, was omitted on account of subway construction, which has since been completed.

The Davney Asphalt Company has agreed to complete the repaving of this area and maintain the pavement until the expiration of their guarantee of above mentioned contract, which expires in September, 1922.

Therefore, in order that this Department may issue an open market order to the Davney Asphalt Company, I would suggest that the Board of Aldermen be requested to exempt from public letting the sum of \$1,375.

Yours very truly,

C. M. PINCKNEY, Chief Engineer.

In connection with the foregoing communication Alderman McCann offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President, Borough of Manhattan, is hereby authorized and empowered to contract for repaving roadway of 44th street and Lexington avenue, to a point 75 feet east, amounting to 250 square yards, at a cost not to exceed \$1,375, without public letting.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Vladeck, Walsh, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 619.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Engineer (Pile Driver) in the Dock Department.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Docks and Ferries of the grade of position, in addition to those heretofore established, effective as of May 1, 1918, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Engineer (Pile Driver)	\$6 00	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment June 14, 1918.

JOSEPH HAAG, Secretary.

June 5, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Commissioner of Docks, on May 17, 1918, presented a petition from Local Union No. 184 of the International Union of Steam and Operating Engineers, stating that the prevailing rate for Engineer Pile Drivers had been fixed at \$33 per week, of 44 hours work, and \$7.50 per diem, broken time, and requesting consideration of the matter by the Board.

This matter was referred to the Committee on Salaries and Grades (No. 123, Calendar of May 24, 1918).

The prevailing rate for Engineer Pile Drivers in private employ has been at the rate of \$33 per week, 44 hours work, since May 1, 1918. This is at the rate of 75 cents per hour.

The Secretaries of the General Contractors' Association and the Building Trade Employers' Association and the President of the Dock Builders Employers' Organization state that the \$33 per week rate was agreed to between the employers and the local Union of Steam and Operating Engineers, and that over 90 per cent. of Engineer Pile Drivers employed in Greater New York are being paid that rate. Investigation shows that 34 individuals and firms engaged in dock building and other construction work are paying the \$33 per week rate.

The 10 Engineer Pile Drivers employed in the Dock Department are paid at the rate of \$5.50 per diem and are classed as temporary employees. They work 6 days a week, 8 hours a day, or a total of 48 hours a week. The compensation at \$5.50 per diem amounts to \$33 per week, while the prevailing rate for men of the same trade who work only 44 hours a week, or 4 hours less, is also \$33 per week.

The per diem rate for Engineer Pile Driver employed at private work is really \$6 per diem, as they are employed 44 hours a week, or 5 days of 8 hours at 75 cents an hour and Saturdays 4 hours. The Dock Department men work full time Saturdays.

The fact that Dock Builders and other mechanics in the Dock Department are paid at per diem rates and work 8 hours a day, 6 days a week, would seem to necessitate that the Engineer Pile Drivers, who work in conjunction with Dock Builders, should continue to work the same number of hours, namely, 48 hours a week.

The rate per hour really paid the Dock Department Engineer Pile Drivers at the present time is 68¾ cents, which is 6¼ cents an hour and 50 cents a day less than the prevailing rate when compared with the \$33 per week for 44 hours work paid by private employers. There is no broken time rate of \$7.50 per diem in operation in the Dock Department.

The increase in wages of the Engineer Pile Drivers from \$5.50 to \$6 per diem is mandatory. The cost will be \$833.50, and as there are no funds in the department available to meet the increase, it is recommended that the Comptroller provide the necessary amount by issue of special revenue bonds, under subdivision 7 of section 188 of the Greater New York Charter.

Authority to establish a new rate for Engineer Pile Drivers is vested in the Board of Aldermen under section 56 of the Greater New York Charter.

The Committee recommends that the compensation of Engineer Pile Drivers employed in the Dock Department be fixed at \$6 per diem, effective as of May 1, 1918, by adoption of the attached resolutions. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

No. 620.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Third Deputy Clerk in the Office of the County Clerk, New York County.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of grades of position in the office of the County Clerk, New York County, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Third Deputy County Clerk	\$3,000 00	One

A true copy of a resolution adopted by the Board of Estimate and Apportionment, June 14, 1918.

JOSEPH HAAG, Secretary.

June 5, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades hereby recommends approval of request of the County Clerk of New York County for modification of schedule No. 3085 and for permission to fill vacant positions, as follows:

Modification of Schedule.

Meeting of:	Calendar No.	Schedule No.	Proposed Action.
May 31, 1918	141E	3085	To change the lines, Third Deputy County Clerk, \$2,820, to read, \$3,000; General Clerk, at \$2,400 to read two at \$2,400; Clerk, two at \$1,800, to read three at \$1,800, and to eliminate line General Clerk at \$1,680, in order to provide for an increase in rates of Third Deputy County Clerk Frank H. Warden from \$2,820 to \$3,000, General Clerk Clarence Irving from \$2,160 to \$2,400, and General Clerk Joseph Moss from \$1,680 to \$1,800. Funds will be provided by using \$420, Balance Unassigned, and \$120 by reducing the line Custodian from \$1,320 to \$1,200. It will be necessary to establish the grade of position of Third Deputy Clerk at \$3,000 for one incumbent, pursuant to provisions of section 56 of the Charter. The Committee further recommends approval of request to fill vacant position of Custodian, reduced from \$1,320 to \$1,200, in foregoing modification by appointment from an eligible list.

The Committee recommends adoption of attached resolutions granting the request. Respectfully, ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

No. 621.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Ship Carpenter in the Dock Department.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Docks and Ferries of the grade of position, in addition to those heretofore established, effective as of April 1, 1918, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Ship Carpenter	\$5 60	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment June 14, 1918.

JOSEPH HAAG, Secretary.
June 5, 1918.

To the Board of Estimate and Apportionment:
Gentlemen—The Commissioner of Docks on May 8, 1918, presented a petition from the Ship Carpenters employed in the department for an increase in wages from \$4.50 to \$5.60 per diem, and requesting consideration of the matter by the Board.

This was referred to the Committee on Salaries and Grades. (No. 100, Calendar of May 17, 1918.)

The prevailing rate for Ship Carpenters is 70 cents an hour for an eight-hour day, or \$5.60 per diem. This rate was fixed on April 6, 1918, by the Wage Adjustment Board of the United States Shipping and Navy Department Emergency Fleet Corporation and made retroactive as of March 11, 1918. Under its decision all Ship Carpenters employed in the North Atlantic ship yards on government work are entitled to \$5.60 per diem for eight hours' work, with extra compensation for overtime and holiday work from March 11, 1918.

The \$5.60 rate is also the rate now paid to Ship Carpenters employed by ship builders having private contracts. There are at the present time over 6,000 Ship Carpenters employed in and around Greater New York who are receiving the \$5.60 rate. They represent over eighty-five per cent. of Ship Carpenters in Greater New York. Over 40 ship building and boat building firms in Greater New York are paying the \$5.60 rate.

The increased cost involved for advancing the wages of 16 Ship Carpenters employed in the Dock Department from \$4.50 to \$5.60 per diem from April 1 to December 31 will amount to \$3,949.

There are no funds available in the department to meet the mandatory increase and it is recommended that the Comptroller provide the necessary amount by issue of special revenue bonds, under subdivision 7 of section 188 of the Greater New York Charter.

Authority to establish a new rate for Ship Carpenters is vested in the Board of Aldermen, under section 56 of the Greater New York Charter.

The Committee recommends that the compensation of Ship Carpenters employed in the Dock Department be fixed at \$5.60 per diem, effective as of April 1, 1918, by the adoption of the attached resolution. Respectfully,

ALFRED E. SMITH, President of the Board of Aldermen; FRANK L. DOWLING, President of the Borough of Manhattan;, President of the Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

No. 622.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Stonecutter in City Departments.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments of the grade of position in addition to those heretofore established, effective as of May 1, 1918, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Stone Cutter.....	\$5 50	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment, June 14, 1918.

JOSEPH HAAG, Secretary.
June 5, 1918.

To the Board of Estimate and Apportionment:
Gentlemen—The Commissioner of Plant and Structures on May 15, 1918, transmitted a communication stating that the Granite Cutters' International Association had notified him that the prevailing rate for Stone Cutters was \$5.50 per diem (No. 122, Calendar of May 24, 1918). The Commissioner requested consideration of the matter, and if the Board decided that the Stone Cutters employed by the City were entitled to the \$5.50 rate in place of the \$5 rate now paid, be asked for funds and for modification of budget schedules to provide for \$166.25 for the wage increase of Stone Cutters employed in his Department.

The prevailing rate for Stone Cutters is \$5.50 per diem. This rate went into effect May 1, 1918, in accordance with agreement made between 85 individuals and firms employing over ninety per cent. of the Stone Cutters in the Greater City, and the Granite Cutters' International Union.

The Secretaries of the General Contractors' Association and the Building Trade Employers' Association state that all members of those organizations employing Stone Cutters have paid the \$5.50 rate since May 1, 1918.

The Business Agent of the Granite Cutters' International Union states that 97 per cent. of the Stone Cutters in Greater New York are members of the union, and are receiving the \$5.50 rate.

There are no funds available in the Department of Plant and Structures to meet the mandatory increase. The increased cost for fixing the \$5.50 mandatory rate in the other City departments for the last eight months of 1918 will approximate \$600.

The Committee recommends the adoption of the attached resolution granting the request of the Commissioner of Plant and Structures, and fixing the compensation of Stone Cutters employed by the City at \$5.50 per diem, effective as of May 1, 1918.

The Committee also recommends that the Comptroller issue special revenue bonds under the provisions of subdivision 7 of section 188 of the Greater New York Charter, to provide for the increase in the wages of Stone Cutters employed by the City.

Respectfully, ALFRED E. SMITH, President; Board of Aldermen; FRANK L. DOWLING, President, Board of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

No. 623.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Policewoman in the Police Department.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 651 of the Laws of 1917, hereby recommends to the Board of Aldermen that persons employed pursuant to said law as Policewomen be paid compensation, and further recommends that such compensation be fixed at the rate of \$1,200 per annum for ten incumbents.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 14, 1918.

JOSEPH HAAG, Secretary.
June 5, 1918.

To the Board of Estimate and Apportionment:
Gentlemen—The Committee on Salaries and Grades recommends approval of requests made by the Police Commissioner for modification of four personal service schedules, involving establishment of new rates for two positions, for permission to fill two vacancies and establishment of a new position, as follows:

Modification of Schedules.

Meeting of:	Cal. No.	Schedule No.	Proposed Action.
May 17, 1918	111D	1602	Increasing number of Sergeants, at \$1,950, from 750 to 767, to provide for 17 Sergeants appointed after Oct. 5, 1917, and prior to Jan. 1, 1918, for whom no provision was made in the 1918 budget, the necessary funds, \$33,150, being provided by reducing the allowance for Patrolmen.
May 31, 1918	66		
May 24, 1918	132D1	1606	Increasing rates for two Pressmen from \$26 to \$29 per week, and one Feeder from \$18 to \$22 per week, from Jan. 1, 1918, in order that these employees may receive the prevailing rate of wages, and recommending to the Board of Aldermen the fixing of the new rates; the \$520 necessary to be provided by issue of special revenue bonds, pursuant to subdivision 7 of section 188 of the Greater New York Charter.

Meeting of:	Cal. No.	Schedule No.	Proposed Action.
May 24, 1918	132D2	1600	Increasing rate for Stenographer and Typewriter from \$1,680 to \$1,800, and reducing rate for Secretary to Fourth Deputy Commissioner from \$3,060 to \$2,100, scheduling \$840 as balance unassigned. This change is requested in order to permit of an increase of \$120 per annum in salary of Harry V. Russell, Stenographer, and to provide for the position of Secretary at the rate now being paid.
May 31, 1918	141D1	1607	Increasing rate for two Roofers (Metal), from \$5 to \$5.60 per day, 277½ days, from January 1, 1918, in order that these two employees may receive the prevailing rate of wages for tin-smithing work, as fixed by the Board of Aldermen; the \$333 necessary to be provided by issue of special revenue bonds, pursuant to subdivision 7 of section 188 of the Greater New York Charter.

Vacancies.			
Direct Reference No.	Schedule No.	Proposed Action.	
358	1604	Marine Engineer, at \$1,560, to be filled at the same rate by appointment from Civil Service eligible list of Edward J. Burke, who is to be assigned to duty on the steamer "Patrol."	
368	1601	First Deputy Clerk, at \$3,500, to be filled at same rate by promotion of Roger K. Walsh from Second Deputy Clerk, at \$2,100.	

Establishment of New Position.			
Meeting of:	Cal. No.	Proposed Action.	
May 24, 1918	108	Recommending to Board of Aldermen the establishment, pursuant to section 56 of the Greater New York Charter, of the position of Policewoman, at \$1,200 per annum, for 10 incumbents. The Commissioner makes this application pursuant to chapter 651 of the Laws of 1917, which gives him power during the continuance of the state of war existing to make such appointments; persons so appointed, however, to serve without pay until the Board of Aldermen, upon recommendation of the Board of Estimate and Apportionment, shall determine that such persons be paid compensation and shall fix the amounts of such compensation. Persons appointed are exempt under the law from Civil Service examination. Funds to pay these employees will be provided out of existing appropriation.	

The Committee recommends the adoption of the attached resolutions granting the requests. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan;, President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

No. 624.

A true copy of resolution adopted by the Board of Estimate and Apportionment, June 14, 1918.

JOSEPH HAAG, Secretary.
June 5, 1918.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

June 5, 1918.

To the Board of Estimate and Apportionment:
Gentlemen—The Committee on Salaries and Grades, without recommendation, reports on four communications from the Board of Education relative to the fixation of rates for Janitors, as follows:

Meeting of:	Calendar No.	Proposed Action.
Mar. 15, 1918	119	Fixing compensation of the Janitor of the Morris High School, Borough of The Bronx, at \$8,616 per annum.
May 3, 1918	79	Fixing compensation of Janitor-Engineers temporarily assigned to public schools as follows: No. 1, Manhattan, effective Feb. 14, 1918, at \$4,044, less \$325. No. 1, Manhattan, effective Feb. 19, 1918, at \$4,044, less \$325. No. 19 (Annex), Brooklyn, effective Feb. 23, 1918, at \$732. No. 85, Manhattan, effective Feb. 25, 1918, at \$2,448, less \$221. No. 18, Manhattan, effective Feb. 23, 1918, at \$2,292, less \$338. No. 126, Manhattan, effective Feb. 25, 1918, at \$1,380, less \$299.
May 3, 1918	80	Fixing compensations of Janitor-Engineers temporarily assigned to public schools as follows: No. 104, Brooklyn, effective March 1, 1918, at \$2,784, less \$221. No. 63, Brooklyn, effective March 1, 1918, at \$1,848, less \$221.

Meeting of:	Calendar No.	Proposed Action.
May 3, 1918	81	No. 122, Manhattan, effective March 5, 1918, at \$2,328, less \$325. No. 36, Manhattan, effective, March 4, 1918, at \$1,860, less \$299. Fixing compensation of Janitors as follows: Public School No. 52, Manhattan, at \$4,380, effective January 29, 1918. Old Fire Headquarters Building, Manhattan, at \$4,260, effective October 1, 1917, and at \$4,860, effective October 15, 1917. Morris High School, The Bronx, at \$8,616, effective September 17, 1917. Public School No. 89, Brooklyn, at \$3,398, effective March 1, 1917. Public School No. 93, Queens, at \$4,860, effective September 1, 1917.

In a communication from the Auditor of the Board of Education to the President of the Board of Aldermen, the Auditor states that the State Department of Education in relation to the fixation of salaries has given the following ruling:

"* * * The law is perfectly clear upon these points and there can be no question as to the absolute power of the Board of Education in controlling the funds which the municipal authorities are required to appropriate for school purposes, in the creation of new positions, fixing the salaries of such positions, etc."

The Committee on Salaries and Grades therefore submits these matters, without recommendation, for the consideration of the Board. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

Which, on motion of the President, Borough of Manhattan, was made a General Order for the day.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burke, Calman, Cassidy, Collins, Cox, Cunningham, Curley, Dempsey, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Molen, Moore, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Van Name, by John Bowe, Assistant Commissioner of Public Works; President Connolly, by W. Augustus Shipley, Assistant Commissioner of Public Works; the Vice-Chairman—65.

Resolved, That the above named grades of positions be and the same are hereby abolished in the Department of Docks and Ferries.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 14, 1918. JOSEPH HAAG, Secretary.

Board of Estimate and Apportionment, Committee on Finance and Budget, June 13, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Finance and Budget, at its meeting on June 10, 1918, considered two communications, which were referred to it on June 7, 1918 (Cal. No. 78), from the Commissioner of Plant and Structures, dated May 31, 1918, and the Commissioner of Docks, dated June 4, 1918, calling attention to chapter 646, Laws of 1918, which provides for the transfer of jurisdiction over ferries, from the Department of Docks and Ferries to the Department of Plant and Structures, to take effect July 1, 1918, and which authorizes the Board of Estimate and Apportionment to transfer the funds and employees affected thereby.

The subject was referred to the Secretary of the Board. Since then, on June 11, 1918, the Dock Commissioner submitted a list of the positions which he recommends for transfer to the Department of Plant and Structures.

The Secretary reports that the proposed transfer of funds from "other than personal service" accounts will be submitted by the Commissioner of Docks later in the month.

From the information, it appears that in the case of the proposed transfer of certain individuals and groups which were not specifically allowed in the budget for "ferry" purposes, further study will be required to determine whether such are necessary for the maintenance and operation of the ferries.

It is, therefore, recommended by the Secretary that action be deferred on the following items of the request of the Dock Commissioner, dated June 11, 1918:

Code 2800	1 Assistant Secretary to Department	\$4,000 00
Code 2802	1 Clerk	1,200 00
	2 Clerks at	840 00
	1 Stenographer and Typewriter	900 00
	1 Storekeeper	1,800 00
	6 Storekeeper's Helpers at	888 00
Code 2805	1 Clerk	2,100 00
	1 Foreman Machinist	1,680 00
Code 2819	Per diem employees of entire schedule.	

The remainder of the officers and employees stated in the request are required to effect provisions of new section 604 of the Charter.

It is necessary that four separate actions be taken by the Board, the transfer of necessary officers and employees, the transfer of funds, the recommendation for the establishment of necessary positions in the Department of Plant and Structures and the revision of schedules affected, all of which are recommended to the extent noted.

This proposed action, I am informed, meets with the approval of the Commissioner of Plant and Structures.

The adoption of the attached resolutions (4) will effect the recommendations herein contained. Respectfully,

JOSEPH HAAG, Secretary.

Which was referred to the Committee on Salaries and Offices.

An Ordinance Amending an Ordinance in Relation to the Rehearing of Charges Against Members of the Police and Fire Departments of the City of New York.

By Alderman Donnelly — AN ORDINANCE amending an ordinance in relation to the rehearing of charges against members of the Police and Fire Departments of The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. When a member of the Police [Force] Department or Fire Department shall have been dismissed or reduced, after trial by the Police Commissioner or Fire Commissioner, from the position or rank theretofore held by him, or when a probationary member of the Police Department or Fire Department shall have been dismissed, the person aggrieved may make written application to the Mayor, setting forth the reasons for demanding a hearing or rehearing of the charges or causes upon which he was dismissed or reduced, and provided that such dismissed or reduced member or probationary member of such [force or] department shall waive in writing all claim against The City of New York for back pay, the Mayor may in writing consent to such hearing or rehearing, stating the reasons why such charges should be heard or reheard. Such application for a hearing shall be made within one year after this enactment or within one year from the date of the dismissal or reduction, if such dismissal or reduction occurs after this act takes effect. Such rehearing shall be had before the Police Commissioner of The City of New York if the applicant [he] was a probationary member or member of the Police Department, and before the Fire Commissioner if the applicant [is] was a probationary member or member of the Fire Department, and if such Commissioner shall determine that such probationary member or member has been illegally or unjustly dismissed or reduced from his position or rank, such Commissioner may restore him to the position or rank from which he was dismissed and allow him the whole of the time since any such dismissal or reduction to be applied on his time of service in such Department, or for such other and further relief as such Commissioner may determine just, or affirm the dismissal or reduction, as he may determine from the evidence.

An Ordinance to Amend Article 15 of Chapter 23 of the Code of Ordinances, Relating to "Sidewalks."

By Alderman Hatch —

Broadway Association, Inc., Executive Offices, 1482 Broadway, New York, June 6, 1918.

Hon. JAMES A. HATCH, 49 Wall Street, New York City:

My Dear Alderman—I have had a complaint made to me that some people are in the habit of sweeping their sidewalks and let the dirt go into the ventilating gratings along the line of the subway on Broadway. This probably applies to all other ventilating gratings.

If this is not against the law it ought to be. I know that we have an ordinance which prevents people from sweeping their sidewalks and putting the refuse into the gutter after 8 A. M., but whether the matter that I speak of is covered, I do not know.

Can you find out if there is such an ordinance, and if not, will you have one drawn and introduced in the Board of Aldermen as soon as possible?

A complaint which I have on this matter at the present moment says: "At various times walking along Broadway early in the morning I have noticed a number of people, in sweeping the sidewalks, brush the dirt into the gratings left for the ventilation of the subway. This refuse will lay in heaps in the pans underneath the grating, rain will soak through, it will decay and in time will be a detriment to the health of people walking along the street and will gradually find its way into the subway and will distribute poisonous germs."

Trusting you will take this matter up promptly and let me know the result of your investigation, yours truly,

E. W. ESTES, Executive Secretary.

AN ORDINANCE forbidding the sweeping of dirt into ventilating gratings.

Be it Ordained, by the Board of Aldermen of the City of New York, as follows:

Section I. Chapter 23, article 15 of the Code of Ordinances, relating to sidewalks, is hereby amended by adding thereto a new section to be known as §188-A, and to read as follows:

§188-A. No person shall sweep any substance from a sidewalk or other place into a grating used for the purpose of ventilating any subway railroad in this city or into any grating of similar nature.

Section II. This ordinance shall take effect immediately.

An Ordinance to Amend Article 1 of Chapter 13 of the Code of Ordinances, Relating to Hospitals.

By Alderman Vladeck —

AN ORDINANCE to amend article 1 of chapter 13 of the Code of Ordinances relating to hospitals.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Sec. 1. Section 5 of article 1 of chapter 13 of the Code of Ordinances is hereby amended to read as follows:

Sec. 5. [Members of the fire and police departments and the department of street cleaning.] *City employees injured in course of duty.*

Any regular employee of The City of New York [Any member of the uniformed forces of the fire or police departments] who shall be injured while actually employed in the discharge of [police or fire] duty, [as the case may be] or while under orders of his superior officers, [in the police or fire house, as the case may be, or a member of the uniformed force of the department of street cleaning who shall be injured while actually employed in the discharge of duty] when certified to by the head of the department, shall be received by any hospital for care and treatment at the usual ward patient rates. The bill for such care and treatment at such rates, when certified by the superintendent or other person in charge of such hospital and approved by the head of the department concerned [by the police commissioner, fire commissioner or the commissioner of street cleaning, as the case may be,] shall be paid subject to audit by the comptroller.

Sec. 2. This ordinance shall take effect immediately.

Resolution Prescribing the Procedure of the Board of Aldermen in Relation to the Annual Budget.

By Alderman Lee —

Whereas, The Board of Aldermen, by the terms of section 226 of the City Charter, is given certain joint authority with the Board of Estimate and Apportionment over the passage of the annual budget; and

Whereas, In the past years the influence exercised by the Board of Aldermen in the enactment of the budget has not been consistent with the powers and dignity of a city legislature, therefore be it

Resolved, By the Board of Aldermen of the City of New York, as follows:

(1) That the Finance Committee shall undertake, or cause to be undertaken, immediately upon their receipt a thorough study of all departmental and other estimates transmitted to the Board of Aldermen, pursuant to the amended provisions of section 226 of the City Charter; and

(2) That the said Committee shall make immediate request to the Board of Estimate and Apportionment for permission in behalf of its members or their fully accredited representatives to attend and take an active part on behalf of the Board of Aldermen in all hearings held before the sub-Committee and the main Committee on Tax Budget of the Board of Estimate and to have full and free access to all the proceedings and records of the said Board in all matters pertaining to the preparation of the budget; and

(3) That the members of the said Committee, or their duly accredited representatives, shall keep or cause to be kept a complete record of all the details of the budget making, which same shall be accessible to each and every member of the Board of Aldermen; and shall within seven days after the transmission of the said budget by the Board of Estimate and Apportionment to the Board of Aldermen make a full and complete report of their findings, together with detailed recommendations as to action by the said Board upon the said budget; and

(4) That the said Committee shall, prior to the said transmission of the budget to the Board of Aldermen, hold at least two public hearings, at which all citizens may be heard in reference thereto; and

(5) That the said Committee shall, prior to the first day of December in each year, make a further report to the Board as to such changes in the budget-making process which in its opinion should be recommended in the future to the State Legislature or other governing bodies; and

(6) That the said Committee be and it is hereby authorized and empowered to employ such investigating, clerical and other assistance as may be necessary to carry out the provisions of this resolution, and to fix compensation of persons so employed within the appropriation provided for in section 7 following; and

(7) That the Board of Estimate is hereby requested, pursuant to the provisions of section 188, subdivision 8 of the City Charter, to authorize the issuance of special

revenue bonds in an amount not exceeding \$5,000, to cover the necessary expenses of the said Committee incidental to the carrying out of the provisions of this resolution for the year 1918.

An Ordinance Relating to the Certification of Civil Service Lists for the Various Boroughs in the City of New York.

By Aldermen Moran, Schmitz, Atwell, Cunningham and McCann—
AN ORDINANCE in relation to the certification of civil service lists for the various boroughs in the limits of The City of New York, by restricting such certifications to eligibles residing in the respective boroughs, to be known as section 11, of Article 2, of Chapter 16 of the Code of Ordinances.

1. Whenever the President of a borough shall request the Municipal Civil Service Commission to certify an eligible list from which to make an appointment or appointments to any position or positions in any branch of the service, under the jurisdiction of such Borough President, said Municipal Civil Service Commission shall render an eligible list composed exclusively of residents of the Borough for which such service is required.

2. Whenever there is no list of persons residing in the borough from which requisition is made and urgent reasons exist for filling a vacancy the Borough President may nominate a person to the Municipal Civil Service Commission for non-competitive examination, and if such nominee shall be certified by such Commission as qualified, after such non-competitive examination, he may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination, but such provisional appointment shall not continue for a longer period than four months, nor shall successive provisional appointments be made to the same position.

3. This ordinance shall take effect November 1, 1918.

Resolution Urging Upon the People of the City a More Generous Display of the National Colors and Also Those of Our Allies in This War.

By Alderman Stapleton—

Resolved, That the Board of Aldermen urge upon the people of the city a more generous display of the National emblem, particularly during Flag Week; and be it further

Resolved, That the Board of Aldermen take this occasion, when a great offensive is being launched against our Italian ally, to request the citizens of this city when they display the flags of our allies to include therein the flag of Italy, as a token of our appreciation of the splendid service rendered by that nation to the cause of civilization and humanity, and of our confidence that the courageous Italian army will emerge victorious from the struggle now being waged.

Resolution Requesting Heads of Departments to Grant Leaves of Absence, with Pay, to Members of Spanish War Veterans to Attend Annual Encampments.

By Alderman O'Rourke—

Memorial and Executive Committee, New York County, United Spanish War Veterans New York City, June 18, 1918.

Whereas, A number of the employees of the City of New York are members of the United Spanish War Veterans, a patriotic organization devoted to the support of the Government and defense of the National honor; and

Whereas, The fifteenth encampment of the Department of New York will be held at Mount Vernon, N. Y., on July 15, 16 and 17, 1918; and

Whereas, The National Encampment will be held at Baltimore, Md., on September 2, 3, 4, 5 and 6, 1918; now therefore be it

Resolved, That the heads of departments and bureaus of the City Government be and are hereby requested to grant leave of absence, with pay, to all employees who are members of the United Spanish War Veterans on July 16, 16 and 17 and September 2, 3, 4, 5 and 6, 1918, to attend aforesaid encampments; provided, however, that satisfactory evidence of such attendance shall be furnished to the head of department or bureau, as the case may be, and if required; and be it further

Resolved, That his honor, John F. Hylan, Mayor, be and is respectfully requested to approve this resolution.

Which was unanimously adopted.

REPORTS OF STANDING COMMITTEES.

Report of the Committee on General Welfare—

No. 496 (G. O. 80).

Report of the Committee on General Welfare in Favor of Adopting an Ordinance to Amend Chapter 24, Article 2, Section 17, Subdivision 7, of the Code of Ordinances, Relating to Speed.

The Committee on General Welfare to which was referred on May 28, 1918 (Minutes, page 281), the annexed ordinance to amend chapter 24, article 2, section 17, subdivision 7, of the Code of Ordinances (transferred from the Committee on Codification of Ordinances), respectfully

REPORTS:

The purpose of this amendment is to make clear that the severe penalty very properly provided for violations of the speed regulations, as set forth in section 17, should not be extended to other sections of article 2. It was undoubtedly the intention of the codifiers that the penalty, ranging from a \$25 fine or imprisonment for two days to a fine of \$100 or sixty days' imprisonment, or both such fine and imprisonment, should be visited on those who travel on our public streets at a dangerous rate of speed, and should not apply to violations of the other sections of article 2. The penalty of \$100 dollars, which obtains now for violations of section 18 of this ordinance, clearly bears out this contention.

You Committee therefore recommends the adoption of the ordinance, which merely strikes out the word "article" and substitutes in place thereof the word "section."

AN ORDINANCE to amend chapter 24, article 2, section 17, subdivision 7 of the Code of Ordinances.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That the provisions of chapter 24, article 2, section 17, subdivision 7, be and the same hereby are amended to read as follows:

By striking out the word "Article" in the fourth line of said subdivision and inserting in the place and stead thereof the word "Section."

Report of the Committee on Privileges and Elections—

No. 23.

Report of the Committee on Privileges and Elections in the Matter of Contest of John L. Dempsey Against William W. Colne for Member of the Board of Aldermen for the 46th District in Favor of Said John L. Dempsey.

The Committee on Privileges and Elections to which was referred on January 7, 1918 (Minutes, page 10), the annexed notice of contest by John L. Dempsey against William W. Colne, for the office of member of the Board of Alderman for the 46th District, respectfully

REPORTS:

That it has looked into the question with more than ordinary care and it has examined 9,835 ballots, with the result that 955 were found blank and 121 void, the remainder disclosing that John L. Dempsey received 4,161 and William W. Colne received 4,156 and Mr. Mendelson received 442, a plurality in favor of John L. Dempsey of 5 votes.

In view of the foregoing findings the Committee reports in favor of John L. Dempsey being duly elected as Alderman of the 46th District.

JAMES J. MOLAN, CHARLES W. DUNN, MATTHEW G. FULLUM, JOEL FOWLER, JAMES A. BELL, MAURICE S. CALMAN, JAMES McNULTY, FRANK A. O'BRIEN, Committee on Privileges and Elections.

In connection herewith Alderman Friedman offered the following minority report: New York, June 18, 1918.

To the Board of Aldermen of The City of New York:

The report of the undersigned, forming a minority of your Committee on Privileges and Elections, sets forth the following facts which we deem established by the evidence in regard to the election of William W. Colne to membership in this Board, which election had been protested by one John L. Dempsey.

Both the parties to the contest ran for the office of Alderman in the 46th Aldermanic District, New York City, at the general election held in November, 1917, as the candidates of the Republican and Democratic parties respectively, and a certificate of election was duly issued to W. W. Colne by the Board of Elections of The City of New York and he duly qualified and is now sitting as a member of this Board.

Your Committee on Privileges and Elections held hearings on said contest, beginning February 21, 1918, and frequently until the present time and all the ballot boxes and envelopes containing void and protested ballots were opened by said committee and the contents carefully counted and examined.

Both contestants were represented at all meetings of the Committee by counsel.

The result of the count and examination shows the following:

Colne.

Civilian vote in boxes	4,139
Soldier vote in boxes	69
	4,208
Declared void by Committee, civilian votes	55
	4,153
One soldier vote in void and protested envelope	1
	4,154
Civilian vote in void and protested envelopes	2
	4,156
Total conceded to Colne by majority of Committee.....	4,156

Dempsey.

Civilian vote in boxes	4,022
Soldier vote in boxes	185
	4,207
Declared void by Committee, civilian votes	54
	4,153
Soldier votes in void and protested envelope	5
	4,158
Civilian vote in void and protested envelopes	2
	4,160
Total conceded by majority of Committee to Dempsey.....	4,160

From the above figures there is an apparent plurality of four votes for Mr. Dempsey, but there were 81 ballots erroneously counted for Dempsey over the protest of the undersigned which would give Mr. Colne a plurality of 77, which we contend is the correct figure, and we report that he should be retained in his seat.

JOHN DIEMER, JACOB W. FRIEDMAN.

Alderman Gaynor then moved that the whole matter lay over for one week.

The President put the question whether the Board would agree with said motion of Alderman Gaynor.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Beckerman, Bostwick, Braunstein, Burke, Calman, Diemer, Falconer, Friedman, Gaynor, Hatch, Held, Hogan, Lee, Post, Quinn, Smith, Squiers, Vladeck, Wirth and Wolff—20.

Negative—Aldermen Atwell, Bassett, Bell, Buckley, Cassidy, Collins, Cunningham, Curley, Donnelly, Dunn, Farley, Ferguson, Fowler, Fullum, Gilmore, Haubert, Hilkemeier, Kenneally, Kenney, McCann, McCourt, McGarry, McManus, McNulty, Molen, Moore, Mullen, O'Brien, O'Rourke, Roberts, Ryan, Schmitz, Schweickert, Stapleton, Walsh, Wise, Zettler; the Vice-Chairman—36.

Excused—Alderman Cox—1.

Alderman Friedman then moved the substitution of the minority for the majority report.

The President put the question whether the Board would agree with said motion of Alderman Friedman.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bostwick, Burke, Diemer, Falconer, Friedman, Gaynor, Hatch, Hogan, Post, Quinn, Smith, Squiers and Wirth—13.

Negative—Aldermen Atwell, Bassett, Bell, Buckley, Calman, Cassidy, Collins, Cunningham, Curley, Donnelly, Dunn, Farley, Ferguson, Fowler, Fullum, Gilmore, Haubert, Hilkemeier, Kenneally, Kenney, McCann, McCourt, McGarry, McManus, McNulty, Molen, Mullen, O'Brien, O'Rourke, Roberts, Ryan, Schmitz, Schweickert, Stapleton, Walsh, Wise, Zettler; the Vice-Chairman—38.

Excused—Beckerman, Braunstein, Held, Lee, Vladeck and Wolff—6.

The President then put the question whether the Board would agree to accept said majority report.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Buckley, Calman, Cassidy, Collins, Cunningham, Curley, Donnelly, Dunn, Farley, Ferguson, Fowler, Fullum, Gilmore, Haubert, Hilkemeier, Kenneally, Kenney, McCann, McCourt, McGarry, McManus, McNulty, Molen, Mullen, O'Brien, O'Rourke, Roberts, Ryan, Schmitz, Schweickert, Stapleton, Walsh, Wise, Zettler; the Vice-Chairman—38.

Negative—Aldermen Bostwick, Burke, Diemer, Falconer, Friedman, Gaynor, Hatch, Hogan, Post, Quinn, Smith, Squiers and Wirth—13.

Excused—Beckerman, Braunstein, Held, Lee, Vladeck and Wolff—6.

Alderman Molen then offered the following resolution:

Resolved, That in pursuance of the report of the Committee on Privileges and Elections, just adopted by the Board of Aldermen, that the Clerk of this Board be and he is hereby directed to strike from the roll of membership of the Board of Aldermen the name of William W. Colne, representing the 46th Aldermanic District, and to substitute in place thereof the name of John L. Dempsey as the representative of the 46th Aldermanic District.

The President put the question whether the Board would agree with said motion of Alderman Molen.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Buckley, Calman, Cassidy, Collins, Cunningham, Curley, Donnelly, Dunn, Farley, Ferguson, Fowler, Fullum, Gilmore, Haubert, Hilkemeier, Kenneally, Kenney, McCann, McCourt, McGarry, McManus, McNulty, Molen, Mullen, O'Brien, O'Rourke, Roberts, Ryan, Schmitz, Schweickert, Stapleton, Walsh, Wise, Zettler; the Vice-Chairman—38.

Negative—Aldermen Bostwick, Burke, Diemer, Falconer, Friedman, Gaynor, Hatch, Hogan, Post, Quinn, Smith, Squiers and Wirth—13.

Excused—Beckerman, Braunstein, Held, Lee, Vladeck and Wolff—6.

Thereupon, on motion of Alderman Molen, the President appointed Aldermen Kenney, Gaynor and Calman as a Committee of Escort to have the newly elected member take the required oath of office. Subsequently, the Committee returned and the President welcomed Alderman Dempsey and bade him to his seat.

Reports of the Committee on Public Letting—

No. 532.

Report of the Committee on Public Letting in Favor of Adopting Substitute Resolution to Authorize the Commissioner of Public Charities to Hire and Repair Steamboats Without Public Letting.

The Committee on Public Letting, to which was referred on May 21, 1918 (Minutes, page 225), the annexed request of the Commissioner of Public Charities for authority to contract for hire of steamboats without public letting, respectfully

REPORTS:

That Deputy Commissioner Nugent appeared before the Committee and stated that three of the boats operated by the department are at present laid up, necessitating the hire of extra boats. Contracts for repairs could not be let on account of insufficient funds. Funds being now available, the Department advertised for bids and only one informal bid was received. Your Committee is advised in the accompanying supplemental request that the work can be done in a more satisfactory and expeditious manner by open market order than by public letting, and, in view of the urgency of the repairs, it recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Public Charities is hereby authorized and

empowered to contract for the hire and repair of department boats without public letting at an amount not exceeding \$25,000.

JOHN McCANN, JOHN F. McCOURT, THOMAS M. FARLEY, PETER SCHWEICKERT, WILLIAM K. WALSH, AUGUST FERRAND, CHARLES J. MOORE, Committee on Public Letting.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, May 14, 1918.

Re Request for Permission to Enter Into Contract Without Public Letting for Hire of Steamboats.

To the Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—I respectfully request permission of your Honorable Board to enter into a contract without public letting for the hire of steamboats at a cost of about \$4,500.

During the past winter several of the steamboats operated by the department were damaged by ice in the East and Harlem Rivers. This damage was to such an extent that we have been obliged to charter one steamboat continuously since early in January, and at times during that same period it was necessary for us to charter two steamboats. The boats which were damaged have not as yet been repaired due to the insufficiency of funds in our appropriation for repairs. Additional funds have been transferred to the department by the Board of Estimate and Apportionment in resolution dated May 10, 1918, and the department is now in a position to proceed with having the steamboats repaired.

On February 26, your Honorable Board adopted a resolution authorizing the department to enter into contracts without public letting for the hiring of steamboats to the extent of \$5,000. This authorization has been entirely exhausted and it is now necessary to secure this additional authorization so that the department will not suffer because of the lack of steamboat service until our own boats can be repaired. It is expected that all repairs can be completed in about sixty days.

I would appreciate your early action in this matter. Very truly yours,

BIRD S. COLER, Commissioner.

City of New York, Office of the Mayor, June 13, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City of New York:

Sir—I am transmitting herewith, for consideration by the Board, duly approved by the Mayor, communication from the Commissioner of Charities, requesting permission to repair five steamboats, without public letting, at a cost not to exceed \$25,000. Very truly yours,

GROVER A. WHALEN, Secretary to the Mayor.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, June 10, 1918.

Re Permission to Charter Steamboat and Repair Department Boats Without Public Letting.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—This department has advertised three times for bids to repair our steamboats. On one occasion we received only one bid, which was informal.

We have taken up this matter with the United States Shipping Board and they recommend that we have the work done by day's work and they will see to it that a dry dock is put at our service where our boats can be repaired. They have also promised to see that the work is properly checked up, in order that we may not be overcharged for work that is actually done.

In view of these facts, I would, therefore, respectfully request permission to repair the following boats of this Department, which are sadly in need of repair, without public letting: "The Bronx," "Fidelity," "Thomas M. Mulry," "Thomas S. Brennan" "William H. Wickham."

They are at present laid up and we are badly in need of a boat. We believe this work can be done by day labor at a price not exceeding \$25,000 for the five boats, including the hire of a boat to take the place of the boats being repaired.

Trusting that you will grant this permission, I am, Very truly yours,

S. A. NUGENT, First Deputy Commissioner.

Which, on motion of Aldermen McCann, was made a Special Order for the day.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Vladeck, Walsh, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Public Charities to Contract for Additional Work at Sea View Hospital Without Public Letting.

The Committee on Public Letting, to which was referred on May 21, 1918 (Minutes, page 226), the annexed request of the Commissioner of Public Charities for authority to contract for additional work at Sea View Hospital, without public letting, respectfully,

REPORTS:

That the accompanying letter of request state in detail the reasons for this request, and your Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Public Charities is hereby authorized and empowered to contract for certain additional work performed in the Group Building at Sea View Hospital, without public letting, in an amount not exceeding \$3,395.94.

JOHN McCANN, JOHN F. McCOURT, THOMAS M. FARLEY, PETER SCHWEICKERT, WILLIAM K. WALSH, AUGUST FERRAND, CHARLES J. MOORE, Committee on Public Letting.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, May 14, 1918.

Re Additional Work, Group Building, Sea View Hospital, Staten Island.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—We request permission of your Honorable Board to enter into a contract with A. L. Guidone & Son, Inc., in the amount of \$3,395.94 for certain additional work performed in the Group Building at Sea View Hospital, for which work Guidone is the contractor.

Shortly after the awarding of this contract, the location of this building was shifted to such an extent as to require about 175 cubic yards of additional concrete and about 640 yards of cinder fill. As it was impossible to get any other contractor to enter upon this work, it was necessary that Guidone perform the same.

The price above mentioned is the estimate of the department for the work in question, and which amount has been agreed to by the contractor. Very truly yours,

BIRD S. COLER, Commissioner.

Which was laid over.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Central Purchase Committee to Purchase Forage Without Public Letting.

The Committee on Public Letting, to which was referred on June 4, 1918 (Minutes, page 306), the annexed request of the Central Purchase Committee for authority to purchase forage without public letting, respectfully

REPORTS:

That Mr. Daly, of the Central Purchase Committee, advised the Committee that bids were received for these supplies and were approximately \$1,000 higher than prices received by open market order, hence the request.

Your Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee is hereby authorized and empowered to purchase in the open market, without public letting, forage in an amount not to exceed \$2,797.50.

JOHN McCANN, JOHN F. McCOURT, THOMAS M. FARLEY, PETER SCHWEICKERT, WILLIAM K. WALSH, AUGUST FERRAND, CHARLES J. MOORE, Committee on Public Letting.

City of New York, Central Purchase Committee, Municipal Building, May 31, 1918.

To the Honorable Board of Aldermen, City Hall:

Gentlemen—I respectfully request your permission to purchase in the open market,

without public letting, forage in an amount not to exceed \$2,797.50. On April 1st, a contract opening of bids was held by the Central Purchase Committee for delivering forage to the Department of Public Charities during the months of April, May and June. At this opening prices were submitted by only one concern, and as they were exorbitant, the bid was rejected and steps taken to purchase forage in the open market. This committee was exceedingly fortunate in this respect as we were able to purchase a three months' supply in the open market for immediate delivery at prices considerably lower than bid prices, affecting a saving of \$815.21 for the City of New York.

Below, in table form, is shown the items purchased in the open market as compared with cost if purchased according to bid price, also the amount of money saved:

		Open Market Purchase.		If Purchased According To Price Bid At Contracts.		Saving.	
				Opening.			
Oats, 49,000 lbs.	at \$0 035	\$1,715 00	at \$0 0404	\$1,979 60		\$264 60	
Hay, 48,450 lbs.	at 015	726 75	at 0237	1,148 26		421 51	
Straw, 14,150 lbs.	at 012	169 80	at 0168	237 85		68 05	
Bran, 6,800 lbs.	at 024	163 20	at 0325	231 00		57 80	
Oilmeal, 650 lbs.	at 035	22 75	at 04	26 00		3 25	
		\$2,797 50		\$3,612 71		\$815 21	

In view of the foregoing facts, I trust your Honorable Board can see the way clear to grant this request. Very truly yours,

JOHN J. DALY, Acting Director.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Central Purchase Committee to Purchase Coal Without Public Letting.

The Committee on Public Letting, to which was referred on June 4, 1918 (Minutes, page 307), the annexed request of the Central Purchase Committee for authority to purchase coal, without public letting, respectfully

REPORTS:

That, owing to the Federal regulation of fuel supplies, your Committee believes there would be no advantage in advertising for bids, and therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee is hereby authorized and empowered to purchase in the open market, without public letting, coal for all Departments under the jurisdiction of his Honor the Mayor for the balance of the year 1918.

JOHN McCANN, JOHN F. McCOURT, THOMAS M. FARLEY, PETER SCHWEICKERT, WILLIAM K. WALSH, AUGUST FERRAND, CHARLES J. MOORE, Committee on Public Letting.

City of New York, Central Purchase Committee, Municipal Building, May 31, 1918.

To the Honorable Board of Aldermen, City Hall:

Gentlemen—I respectfully request your permission to purchase in the open market, without public letting, coal for all of the departments under the jurisdiction of His Honor, the Mayor, during the months of July, August and September, and if it be possible also during the remaining months of the year 1918. Due to unsettled war conditions and owing to the United States Government assuming the distribution and setting of price on coal, it has been practically impossible to contract for it in any large quantities, as, for example, I will illustrate:

To-day, May 31, 1918, an opening of bids was held for delivering coal to Bellevue and Allied Hospitals and to the Departments of Public Charities, Correction and Health. Of the forty-six items advertised for in this opening, bids were received on only eleven. The thirty-five remaining items were not bid upon. Practically all the eleven items bid upon were at figures higher than it is believed coal can be obtained in the open market.

From the above facts your Honorable Board can readily see the difficulty to be anticipated in purchasing coal for any City Department at public letting and for that reason we request that you grant permission for the purchase of the City's coal in the open market for the remaining of this year and the first three months of 1919.

Very truly yours,

JOHN J. DALY, Acting Director.

Approved: JAMES A. HAMILTON, Chairman; DAVID HIRSHFIELD, Secretary.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Board of Education to Contract, Without Public Letting, for Such Work, Materials or Services Necessary and Incidental to the Prosecution of the Plan of the United States Government to Prepare Drafted Men for War Service in Various Branches of Usefulness.

The Committee on Public Letting to which was referred on June 4, 1918 (Minutes, page 311), the annexed request of the Board of Education for authority to enter into contract, without public letting, for such work, materials or services necessary and incidental to the prosecution of the plan devised by the United States Government to prepare drafted men for war service in various branches of usefulness by the use of Public School buildings for intensive training during the months of July and August next, respectfully

REPORTS:

That Mr. W. E. Grady, representing the Superintendent of Schools of the Board of Education, appeared before the Committee and stated that the Federal authorities have agreed to use certain public school buildings for the training of drafted men in various branches of usefulness for war purposes, and have contracted to pay to the Board of Education a per capita charge of \$1.75 per man per day for such instruction and maintenance. If the letting of the necessary contracts, etc., for the carrying on of such work is not exempted from public letting, it will be impossible to have arrangements complete in time for the commencement of such training and might be a serious inconvenience to the War Department.

Your Committee, realizing that the urgency of the matter requires all formalities to be waived recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Education is hereby authorized and empowered to enter into contract, without public letting for such work, materials or services necessary and incidental to the prosecution of the plan of the United States Government to prepare drafted men for war services in various branches of usefulness, approximate amount, \$40,000.

Department of Education, City of New York, Board of Education, Park Ave. and 59th St., N. Y., May 31, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—At the meeting of the Committee of the Whole of the Board of Education held on May 29, 1918, the following preamble and resolution was adopted:

Whereas, The Board of Education has been invited by the Federal Government to participate in the work of preparing drafted men for war service in various branches of usefulness requiring skilled labor; and

Whereas, It is planned that certain schools which possess the necessary vocational equipment shall be utilized for the intensive instruction and maintenance during the months of July and August of about 2,000, for which service, when rendered,

the United States Government will pay approximately \$1.77 per capita per day. The transaction will represent a disbursement of about \$220,000, which will be returned to the Board of Education by the warrants of the Federal Government upon the presentation of duly approved vouchers; and

Whereas, The services required to be performed are in the nature of patriotic duty to the common welfare, safety and efficiency; involves in the end no expense to the Board of Education, and is of special or emergency character involving the most prompt action at all times and by all persons and agencies, in order that the services may be performed when required to be performed with alacrity and without delay, hindrance or formality; and

Whereas, The successful prosecution of this important function entrusted to this Board may be retarded or rendered difficult unless ordinary procedure be waived; therefore, be it

Resolved, That the Board of Aldermen be, and it is hereby respectfully, requested to authorize the Board of Education to enter into contracts without public letting, for such work, material or services as may be necessary and incidental to the prosecution of the plan devised by the United States Government to prepare drafted men for war service in various branches of usefulness requiring skilled labor by the use of public school buildings for intensive training during the months of July and August next.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

Substitute Resolution to Be Submitted to the Board of Aldermen.

Whereas, The Board of Education has been invited by the Federal Government to participate in the work of preparing drafted men for war service in various branches of usefulness requiring skilled labor; and

Whereas, It is planned that the Vocational School for Boys which possesses the necessary vocational equipment shall be utilized for the intensive instruction and maintenance during the months of July and August of about 400 men, for which service, when rendered, the United States Government has contracted to pay \$1.75 per man per day. The transaction will represent a disbursement of approximately \$40,000, which will be returned to the Board of Education in the form of warrants issued by the Federal Government upon the presentation of duly approved vouchers; and

Whereas, The services required to be performed are undertaken at the urgent request of the Federal Government and are in the nature of patriotic duty involving in the end little or no expense to the Board of Education, and as said services are of an emergency character involving the most prompt action at all times and by all persons and agencies, in order that the services may be performed when required to be performed with alacrity and without delay, hindrance or formality; and

Whereas, Because of the very limited time within which the work must be organized, the successful prosecution of this important function entrusted to this Board may be retarded or rendered difficult unless ordinary procedure be waived; therefore be it

Resolved, That the Board of Aldermen be and is hereby respectfully requested to authorize the Board of Education to enter into contracts, without public letting, for such work, material or services as may be necessary and incidental to the prosecution of the plan devised by the United States Government in co-operation with the Board of Education to prepare drafted men for war service in various branches of usefulness requiring skilled labor by the use of the aforesaid public school building and the equipment contained therein for intensive training during a period of eight weeks beginning on or about July 1, 1918.

Which, on motion of Alderman McCann, was made a Special Order for the day.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Collins, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Vladeck, Walsh, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—59.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Police to Purchase an Automobile Without Public Letting.

The Committee on Public Letting, to which was referred on June 11, 1918 (Minutes, page 343), the annexed request of the Commissioner of Police for authority to purchase an automobile, without public letting, respectfully

REPORTS:

That Deputy Commissioner Frederick A. Wallis appeared before the Committee and stated that the Police Commissioner is without a car, as the one recently authorized by the Board has been assigned for use by the Mayor, and the reason he asks for exemption from public letting is that he proposes to purchase a Stutz car. It being a standard price car, there would be no advantage in advertising for bids.

Your Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Police is hereby authorized and empowered to purchase in the open market, without public letting, one model "S" six-passenger Stutz automobile at a cost not to exceed \$2,935.

JOHN McCANN, JOHN F. McCOURT, THOMAS M. FARLEY, PETER SCHWEICKERT, WILLIAM K. WALSH, AUGUST FERRAND, CHARLES J. MOORE, Committee on Public Letting.

City of New York, Police Department, Office of the Commissioner, June 1, 1918.

The Honorable the Board of Aldermen, New York City, N. Y.:

Gentlemen—It is respectfully requested that the Board of Aldermen, pursuant to section 419 of the Greater New York Charter, authorize the purchase of one Model "S" 6-passenger Stutz automobile in the open market, instead of by contract at public letting, at a cost not to exceed \$2,935. Respectfully,

R. E. ENRIGHT, Police Commissioner.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Abolish the Grade of Position of Medical Consultant in the Law Department.

The Committee on Salaries and Offices, to which was referred on April 9, 1918 (Minutes, page 48), the annexed resolution to abolish the position of Medical Consultant in the Law Department, respectfully

REPORTS:

That Mr. Greiner, Chief Clerk in the Law Department, advised the Committee that the position is no longer necessary, as the Law Department engages medical advice, as need requires, instead of having a medical consultant under salary.

It, therefore, recommends that the said resolution be adopted.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen that the position of Medical Consultant, established for the Law Department, pursuant to section 56 of the Greater New York Charter, at the rate of \$6,000 per annum, be abolished from and after April 5, 1918.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish Various Grades of Positions in the Department of Public Markets.

The Committee on Salaries and Offices, to which was referred on June 4, 1918 (Minutes, page 301), the annexed resolution to establish various grade of positions in the Department of Public Markets, respectfully

REPORTS:

The Commissioner of Public Markets appeared before your Committee and stated that the establishment of these various grades of positions were absolutely necessary for the purpose of carrying on the work of the Department, and your Committee therefore recommends the adoption of the resolution.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of grades of position in the Department of Public Markets, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Messenger	\$1,200 00	One

Report of the Committee on Salaries and Offices in Favor of Filing an Ordinance to Amend the Code of Ordinances in Relation to the Rehearing of Charges Against Members of the Police and Fire Departments.

The Committee on Salaries and Offices, to which was referred on June 11, 1918 (Minutes, page 349), the annexed ordinance amending an ordinance in relation to the rehearing of charges against members of the Police and Fire Departments of The City of New York, respectfully

REPORTS:

The introducer of this ordinance, Alderman Donnelly, appeared before the Committee and stated that he was preparing another ordinance which would more effectively carry out his views in regard to the subject matter of this proposed ordinance and asked that this ordinance be placed on file.

Your Committee, therefore, makes such recommendation.

AN ORDINANCE amending an Ordinance in relation to the rehearing of charges against members of the Police and Fire Departments of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. When a member of the Police Force or Fire Department, *probationary or permanent*, shall have been dismissed or reduced, after trial by the Police Commissioner or Fire Commissioner, from the position or rank theretofore held by him, the person aggrieved may make written application to the Mayor, setting forth the reasons for demanding a rehearing of the charges upon which he was dismissed or reduced, and, provided that such dismissed or reduced member of such force or department shall waive in writing all claim against the City of New York for back pay, the Mayor may, in writing, consent to such rehearing, stating the reasons why such charges should be reheard. Such application for a hearing shall be made within one year after this enactment or within one year from the date of the dismissal or reduction, if such dismissal or reduction occurs after this act takes effect.

Such rehearing shall be had by and between the Police Commissioner of The City of New York, if the applicant be a member of the Police Department, and before the Fire Commissioner, if the applicant is a member of the Fire Department, and if such Commissioner shall determine that such member has been illegally or unjustly dismissed or reduced from his position or rank, such Commissioner may restore him to the position or rank from which he was dismissed or reduced and allow him the whole of the time since any such dismissal or reduction to be applied on his time of service in such department, or for such other or further relief as such Commissioner may determine just, or affirm the dismissal or reduction, as he may determine from the evidence.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in *italics*.

Which report was accepted.

At this point Alderman Vlaeck moved that the Committee on Public Thoroughfares be discharged from further consideration on Int. No. 300, Ord. No. 28, being "An Ordinance to provide for the operation by The City of New York of passenger and other car service over the Williamsburg Bridge."

After discussion by Alderman Vlaeck, Beckerman and Vice-Chairman, Alderman O'Rourke moved the previous question.

The President put the question "Shall the main question be now put?"

Which was adopted.

The President then put the question whether the Board would agree with said motion of Alderman Vlaeck.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Beckerman, Bostwick, Braunstein, Burke, Calman, Diemer, Falcoer, Ferrand, Friedman, Gaynor, Hatch, Held, Hogan, Lee, Quinn, Smith, Squiers, Vlaeck, Wolff—19.

Negative—Aldermen Atwell, Bassett, Bell, Buckley, Burden, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Dempsey, Donnelly, Dunn, Farley, Ferguson, Fowler, Fullum, Gilmore, Haubert, Hilkemeier, Kenneally, Kenney, McCann, McCourt, McManus, McNulty, Molen, Mullen, O'Brien, O'Rourke, Roberts, Schmitz, Schweickert, Stalpeton, Walsh, Wise, Zettler; the Vice-Chairman—39.

Excused—Alderman McGarry—1.

Alderman Friedman at this time moved in behalf of the major minority that they protested against the consideration of all votes cast by Alderman Dempsey, and requested that this protest be noted on the Minutes.

Which was so ordered by the President.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Docks to Contract for Insuring Ferryboats Operated by the City Without Public Letting.

The Committee on Public Letting, to which was referred on May 21, 1918 (Minutes, page 231), the annexed request of the Commissioner of Docks for authority to contract without public letting for insuring of ferryboats operated by the City, respectfully

REPORTS:

That Commissioner Hulbert appeared before the Committee and explained the reason for this request, and that bids were asked for and none received. The attached memorandum submitted by the Commissioner explains the matter in detail.

Your Committee believing it to the City's interest to grant the request, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Docks is hereby authorized and empowered to enter into a contract, without public letting, for insuring ferryboats operated by The City of New York at a cost not exceeding \$64,500.

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, May 20, 1918.
Hon. ALFRED E. SMITH, President of the Board of Aldermen, City Hall, New York City:

Sir—I transmit herewith memorandum in relation to the policy of carrying for the benefit of the City of New York, Fire, Accident and Collision insurance on the ferryboats operated by the City.

Pursuant to the provisions of Section 419 of the Greater New York Charter, I respectfully request that the Board of Aldermen adopt a resolution authorizing and empowering me as Commissioner of Docks, to enter into a contract without public letting for insuring ferryboats belonging to the City of New York at a cost not to exceed \$64,500, pursuant to Proposition "B" contained in the said memorandum.

Respectfully yours,

MURRAY HULBERT, Commissioner of Docks.

May 18, 1918.

Memorandum in relation to insurance of ferryboats.

At a meeting of the Commissioners of the Sinking Fund held July 8, 1907, a resolution was adopted authorizing the Commissioner of Docks to secure and carry for the benefit of the City of New York fire, accident and collision insurance on the ferryboats which are now or may hereafter be operated by the City.

Insurance was accordingly secured and carried on ferryboats operating on the Municipal Ferries between the foot of Whitehall Street, Manhattan, and the 39th Street, Brooklyn, and St. George, Staten Island, until July 16, 1914, when it was discontinued by the previous City Administration.

In my opinion it is absolutely necessary that the ferryboats should be insured. They are, owing to the nature of their construction and operation, subject to unforeseen damage which must be repaired immediately if the successful operation of the ferries is to be continued.

The preparation of contracts, the approval of forms by the Corporation Counsel, advertising, awarding, attaching certificates and approval of sureties by the Comptroller consumes about two months, even if these preliminaries are pushed vigorously, and in the meantime the damaged boats are lying idle, which means a serious derangement of the ferry service.

The dry docks in this port are now working to their full capacity night and day and extraordinary wages are paid to workers. Besides the natural increase in the number of commercial craft in this harbor, there is an ever increasing number of United States Army and Navy vessels requiring repairs and overhauling, which will make the dry dock repair situation daily more acute. I am informed that in the near future it will be impossible to secure bids on a contract calling for a lump sum for repairs to vessels, including ferryboats, so that no damage can be made good by contract after advertised bids except on a cost and percentage basis, which means that all such work must be done practically without public letting. In my opinion, the best way to overcome these difficulties is to insure the ferryboats. In the past when insurance was carried, the companies upon notice of damage immediately ordered the boats to a dry dock and the work was expeditiously completed.

A tentative proposition for fire, marine and collision insurance on the ferryboats belonging to the City has been received as follows:

	Proposition A.		Proposition B.	
"Manhattan"	\$300,000	\$7,500	\$400,000	\$8,000
"Brooklyn"	300,000	7,500	400,000	8,000
"Bronx"	300,000	7,500	400,000	8,000
"Queens"	300,000	7,500	400,000	8,000
"Richmond"	300,000	7,500	400,000	8,000
"Mayor Gaynor"	300,000	7,500	400,000	8,000
"Bay Ridge"	200,000	5,000	275,000	5,500
"Nassau"	200,000	5,000	275,000	5,500
"Gowanus"	200,000	5,000	275,000	5,500
	\$2,400,000	\$60,000	\$3,225,000	\$64,500

It will be noted that the quotations above involve a lower rate under Proposition "B", which is based upon insuring each of the boats for a larger amount than they have heretofore been insured for. Owing to the increased cost of labor and material, the boats cannot be replaced or rebuilt in case of total loss for the amounts set forth in Proposition "A."

It will also be noted that Proposition "B" provides for \$825,000 more insurance than is provided for in Proposition "A" for a premium only \$4,500 in excess of that quoted in Proposition "A." \$100,000 additional insurance is provided for the six large boats and \$75,000 additional insurance is provided for the three small boats. These amounts of insurance can be collected in case of total loss by fire or marine disaster. Boat insurance rates are governed largely by the amount of insurance carried in proportion to the reproducible value, hence the lower rates for the larger amounts of insurance.

The City has heretofore insured these boats at rates varying from \$1.53 to \$2.11. In view of the fact that the losses sustained by the City heretofore have consisted entirely of damage to the boat by collision, etc., and that if these boats were to be damaged during the ensuing year to the same extent physically, it would cost the insurance companies twice as much to make the repairs at the present time as it cost them while the former insurance existed, it is apparent that the rates quoted above are much lower than the City has heretofore paid.

The policies which it is proposed to furnish will cover all the hazards included in the former policy with additional features of coverage, as follows:

"Loss or damage to hull or machinery through negligence, bursting of boilers, breakage of shafts or any latent defect in the machinery or hull or from other causes."

The policies formerly used restricted coverage of this nature unless caused by stranding.

In brief, the advantages which will be gained by insuring the ferryboats are as follows:

(1) The City will not be liable for damages resulting from collision or accident.

(2) It enables this Department to make immediate repairs to damages in excess of \$1,000, and avoids the delays under the present system caused by the preparation and advertising for contracts, and in addition the obtaining of appropriations by the action of the Commissioners of the Sinking Fund and the Board of Estimate and Apportionment.

(3) It affords the public the quickest relief in the matter of bringing transportation service back to normal.

(4) The adjustment of claims against the Municipal ferryboats are more readily made and greatly facilitated through the medium of the insurance adjusters.

For your information I submit herewith a statement of the most recent collision and accidents to the ferryboats:

	Estimated Damage to Ferryboats	Estimated Damage to Other Boats
Aug. 18, 1917 Ferryboat "Mayor Gaynor" in collision with the Murray		\$5,265 00
Nov. 25, 1917 Ferryboat "Manhattan," lost propeller.....	\$6,000 00	
Nov. 27, 1917 Ferryboat "Gowanus" in collision with schooner, "Priscilla"	200 00	3,240 00
Dec. 13, 1917 Ferryboat "Richmond" in collision with S. S. "Boston"	5,250 00	13,000 00
Feb. 3, 1918 Ferryboat "Brooklyn" in collision with tug "Leader"		2,500 00
Feb. 3, 1918 Ferryboat "Gowanus" in collision with tug "H. McCord"		4,780 00
	\$11,450 00	\$28,785 00

The amount of damage liable to occur in any one year is problematical, but it is reasonable to assume that the cost of insurance will be in excess of the claims paid, but there is always the risk of a disaster or complete loss.

The inconvenience and delay caused by public letting is exemplified in the case of the ferryboat "Manhattan" which was out of use from November 25, 1917, to March 6, 1918, due to loss of propeller wheel and consequent damage to the tail shaft. In this case, after all the preliminaries had been gone through, extending over a period of some months, the contract was advertised and no bids received, which made it necessary to obtain permission from the Board of Aldermen to award this work without public letting. Meanwhile the loss of the services of the boat made it impossible to maintain the schedule.

The loss of the services of the ferryboat "Manhattan" made it necessary to place the ferryboat "Mayor Gaynor" on the Staten Island Division. As this boat is comparatively small-built for the 39th Street service,—it has not the speed of the larger boats and the result was the disruption of the running schedule.

A resolution was adopted by the Commissioners of the Sinking Fund, May 9,

1918, approving of the policy of authorizing this Department to secure and carry for the benefit of the City, fire, accident and collision insurance on its ferryboats.

Which, on motion of the Vice-Chairman, was laid over for one week.

S. O. 72 (Int. No. 595).

Resolution Approving Appropriation of \$300,000 by the Board of Estimate and Apportionment for the Proper Carrying Out of the Provisions of Section 14 of Chapter 813 of the Laws of 1917, and Authorizing the Commissioner of Public Markets to Make Purchases in Connection Therewith Without Public Letting.

Resolved, *First*—That the Board of Aldermen hereby approves the appropriation of Three hundred thousand dollars (\$300,000), authorized by the Board of Estimate and Apportionment by its resolution adopted May 24, 1918, for the purpose of carrying out the provisions of section 14, chapter 813 of the Laws of 1917, in such manner and under such conditions as seem to the Commissioner of Public Markets to be to the best interests of the inhabitants of the City of New York;

Second—That the Comptroller is hereby authorized and directed to raise the said sum by the sale of special revenue bonds and to place the sum of Three hundred thousand (\$300,000) dollars out of the proceeds of such sale in the "Food and Fuel Purchase Fund, Commissioner of Public Markets" established under the resolution of this board adopted May 14, 1918, and approved by the Mayor May 21, 1918;

Third—That the Comptroller is hereby authorized and directed to advance to the Commissioner of Public Markets for the purchase of food and fuel and to defray the cost of handling and sale thereof, and for any incidental expenses incurred therein, any and all amounts placed or hereafter placed to the credit of such fund, and the Commissioner of Public Markets is hereby authorized to use such sums advanced to him to pay for such purchases made by him and to defray the cost of handling and sale thereof and any incidental expenses incurred therein;

Fourth—That the Commissioner of Public Markets is hereby directed to furnish to the Comptroller vouchers for all expenses paid out of said fund and to account therefor at such intervals as the Comptroller may prescribe.

Which, on motion of Alderman Squiers, was committed to the Committee on Public Letting.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$142,770, to Provide for the Purchase of Fire Hose.

The Committee on Finance, to which was referred on June 4, 1918 (Minutes, page 316), the annexed resolution for special revenue bonds, \$142,770, to provide for the purchase of fire hose, respectfully

REPORTS:

That this matter was recommended for the purpose of further consideration, and your Committee, after again hearing the Fire Commissioner and Mr. Roberts of the investigating bureau of the Board of Estimate and Apportionment and despite the annexed report of the said investigating bureau, is still of the opinion that the request is reasonable.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and forty-two thousand seven hundred and seventy dollars (\$142,770), the proceeds whereof to be used by the Fire Commissioner for the purpose of purchasing fire hose.

All obligations contracted for hereunder to be incurred on or before December 31, 1918.

City of New York, Office of the Mayor, May 9, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City of New York:

Dear Sir—I send you herewith, for the consideration of the Board of Aldermen, communication dated May 7, from the Fire Commissioner, approved by the Mayor, requesting an authorization of \$142,770 special revenue bonds for the purchase of 94,950 feet of fire hose of various sizes. Very truly yours,

GROVER A. WHALEN, Secretary to the Mayor.

Fire Department, City of New York, May 7, 1918.

Hon. JOHN F. HYLAN, Mayor of the City of New York:

Sir—It is requested that the Board of Aldermen authorize a special revenue bond issued to the amount of \$142,770, for the purchase of 94,950 feet of fire hose of various sizes as shown in the subjoined table, which also gives the estimated cost per foot, estimated cost for each size and total estimated cost:

				\$142,770 00

The hose situation in the Fire Department for some time back has been in somewhat perilous condition. During the past winter there were times when grave danger existed and serious fire loss was narrowly averted. Unless adequate provision is made to procure hose, and at once, a situation will develop that may be a source of very great danger. At the present time there is a shortage of 94,950 feet, taking into account that hose more than eight years old is unsafe for further use.

Long experience of the Fire Department has shown that after hose has been in use for eight years it is no longer safe or reliable. There are, of course, many instances where hose has been serviceable for more than eight years. This long service, however, is more than offset by the fact that many lengths of hose, on which the guarantee has expired, do not last eight years.

Up to about seven years ago hose manufacturers guaranteed their product against defective material and workmanship for a period of four years. Thereafter this department found it necessary to reduce the guarantee period to three years as contractors would not bid if a longer guarantee were exacted.

When it is remembered that the Fire Commissioner is willing to assume that hose is serviceable for a period of five years beyond the time which contractors consider it safe to guarantee hose, it will be admitted that fixing the service limit at eight years is about as far as it is wise or safe to go.

Getting fire hose is becoming more difficult every day. Manufacturers are confronted with many difficulties in procuring material, and skilled labor is at a premium. No matter how willing manufacturers may be, procuring fire hose will become more of a problem daily for Fire Departments.

The United States Government is a very large user of fire hose and its orders are commands and must be cared for by manufacturers to the exclusion of all other business; hence the importance of trying to procure deliveries, or at least make a contract: at the earliest moment so as to reduce to a minimum the probabilities of being set back because of Federal Government orders or prior orders from other sources.

Assuming that favorable action on this request be taken at the next meeting of your board, it would be at least a month before bids could be opened for furnishing hose. The very earliest delivery that could be hoped for would be sixty days thereafter, and then only in limited quantities; thus it would be three months before any hose would be delivered and three months hence the shortage will be greater than it now is.

The general opinion among hose manufacturers is that the price of hose will continue to rise and that the procuring of yarn for making the hose jackets will become increasingly difficult. Some manufacturers are of the opinion that it will be necessary, within a short time, to procure a United States Government certificate before any yarn can be obtained from the mills.

That there will be much difficulty in procuring sufficient to meet the needs of this department, even under the most favorable conditions that may exist, cannot be questioned. It is, therefore, urged that prompt and favorable action be taken on this request to assure having a supply sufficient to meet any contingency that may arise and be protected against the possibility, in fact, the probability, that six months hence hose manufacturers may be declining orders, no matter how attractive a price the City may be willing to pay.

My experience during the past four months has convinced me that the procuring of any high grade manufactured product is one of the most serious problems that this department will have to contend with at least during the period of the war.

While this request is only for funds to take care of the current yearly requirements, I am strongly of the opinion that it would be a very wise precaution for your board to authorize an issue of \$100,000, in addition to the amount requested, which would insure the department's being well equipped in this important respect for the next three years.

This department is beset with so many problems and difficulties which require constant, and, in many cases, immediate attention, that it would greatly relieve the situation if the hose problem were properly covered for a long period and other pressing matters could receive the attention that their importance demands.

Not only would this very important requirement be properly cared for as stated, but a great saving would also be effected. From the information I have been able to gather, it is possible to assure your honorable board that \$100,000, available now, will permit contracting for a quantity of hose that would cost at least \$125,000 if making a contract were delayed a year. Respectfully,

THOMAS J. DRENNAN, Fire Commissioner.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Room 1300, Municipal Building, May 27, 1918.

No. 505—Fire Commissioner—Request for an Issue of Special Revenue Bonds, \$142,770, for the Purchase of Fire Hose.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—In accordance with your request I have investigated the above matter and report thereon as follows:

The Fire Commissioner bases his request upon the theory that he should purchase enough hose to bring the quantity in stock up to the quantity of each size established as the standard for the Department and, in addition, to replace all hose over eight years of age.

Careful search has failed to reveal anything in the records of the Fire Department to indicate either that hose becomes unreliable after eight years of service or that the average life is eight years. In the absence of any evidence to support it it does not seem proper to use the assumed life of eight years as a basis for an appropriation.

On November 30, 1917, the Board of Estimate and Apportionment made a transfer of \$94,000 for the purchase of fire hose, this being the amount estimated as necessary in order that the Fire Department should have its full quota of each size of hose on July 1, 1918, and in addition be able to condemn 27,000 feet of one make of hose which was accepted in 1908 and 1909 in spite of the fact that the couplings were defective. This hose has demonstrated that it is unreliable for long continued pressures of over 200 pounds per square inch, and it should be condemned or removed from all districts where high pressures are probable. It is possible that it can be safely continued in service by being distributed in small lots to outlying fire companies where pressures of over 125 pounds are unlikely and where it will take the place of two and one-half inch hose.

Owing to the fact that the purchases of hose with the funds transferred in 1917 were confined to the 2½ and 3 inch sizes, the quantities of hose, as compared with the established quota on May 9, 1918, as stated in the Fire Commissioner's letter, were as follows:

1½ inch—Deficit, 21,100 feet;
2½ inch—Surplus, 18,850 feet on hand and due;
3 inch—Surplus, 35,450 feet on hand and due;
3½ inch—Deficit, 4,300 feet.

No action has been taken as yet with regard to the 27,000 feet of 3 inch hose which is weak at the couplings.

Statistics obtained from the Fire Department show that during the first 10½ months of 1917 the quantity of hose condemned, destroyed and lost, including the hose burst at the annual hose test in June, average for each size per month, as follows: 1½ inch, 410 feet; 2½ inch, 6,576 feet; 3 inch, 1,705 feet; 3½ inch, 429 feet.

Eliminating the 27,000 feet of 3 inch hose mentioned from consideration, the quantity of hose necessary up to January 8, 1919, at the above rates of loss may be calculated as follows:

Condition on May 9, 1918.	Probable Loss in 8 Months to January 8, 1919.	Total Quantity Needed.
1½ inch, deficit, 21,100 feet	3,280	24,380
2½ inch, surplus, 18,850 feet	52,608	33,758
3 inch, surplus, 8,450 feet	13,640	5,190
3½ inch, deficit, 4,300 feet	3,432	7,732

The unit prices estimated by the Fire Commissioner, as compared with the last prices paid, together with the dates of previous orders or contracts, is shown by the following tabulation:

Size.	Price Estimated.	Last Price Paid.	Date.
1½ inch.....	\$0 60	\$0 4889	May 18, 1917
2½ inch.....	1 20	95	Dec. 14, 1917
3 inch.....	2 40	2 10	Dec. 14, 1917
3½ inch.....	3 00	1 84	Oct., 1916

It would appear that the estimated unit prices might be slightly reduced and the appropriation required estimated as follows:

Size.	Quantity.	Price.	Total.
1½ inch.....	24,400	\$0 55	\$13,420 00
2½ inch.....	33,750	1 00	33,750 00
3 inch.....	5,200	2 25	11,700 00
3½ inch.....	7,750	2 60	20,050 00
Total			\$78,920 00

If it is desired to make an appropriation to give the department its standard quantity of each size of hose for an extra month in 1919, after January 8, the amount to be added by the same method of calculation would be \$11,820.50.

Respectfully, W. H. ROBERTS, Assistant Engineer.

The President put the question whether the Board would agree with said report and adopt such resolution.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$2,160, to Provide for Four Temporary Stenographers in the City Magistrates' Courts.

The Committee on Finance, to which was referred on June 4, 1918 (Minutes, page 308), the annexed request of the City Magistrates' Courts for special revenue bonds, \$2,160, to provide for four temporary Stenographers, respectfully

REPORTS:

That, having examined the subject, your Committee believes the request reasonable and the funds should be provided. The attached communication and letter of request explain the matter in detail.

Your Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand one hundred and sixty dollars (\$2,160), the proceeds whereof to be used by the Board of City Magistrates, for the purpose of providing for the services of four temporary Stenographers from July 1 to September 30, 1918.

FRANCIS P. KENNEY, B. E. DONNELLY, J. J. O'ROURKE, ROBERT L. MORAN, JOHN S. GAYNOR, ALGERNON LEE, EDWARD V. GILMORE, WM. P. KENNEALLY, Committee on Finance.

City of New York, City Magistrates' Courts, 300 Mulberry Street, May 31, 1918.

To the Honorable Board of Aldermen, City Hall, New York City, N. Y.:

Gentlemen—At the suggestion of the Board of Estimate and Apportionment, I respectfully request your Honorable Board that special revenue bonds be issued in the sum of twenty-one hundred and sixty dollars (\$2,160), to provide for four (4) temporary Court Stenographers for a period of three (3) months, beginning July 1, and ending Sept. 30, 1918, in order that the regular Court Stenographers in the City Magistrates' Courts may be given a reasonable vacation during the foregoing period.

The facts and circumstances pertinent to this request are fully set forth in the accompanying request to the Board of Estimate and Apportionment, and the report to the Chief Clerk of the City Magistrates' Courts, which are hereto annexed and made a part of this request.

In the request to the Board of Estimate and Apportionment dated May 2, 1918, three temporary Stenographers for four months were asked, but in view of the fact that the said Board has suggested that this request be made to your Honorable Board, and owing to the delay occasioned thereby, it is now desired that four Stenographers for three months be granted, in order that the vacation schedule for the regular Stenographers may begin July 1, 1918. This involves no additional cost.

It is respectfully urged that speedy action upon this request be taken.

Respectfully yours,

WILLIAM McADOO, Chief City Magistrate.

City of New York, City Magistrates' Courts, 300 Mulberry St., May 2, 1918.

To the Honorable Board of Estimate and Apportionment, New York City:

Gentlemen—I respectfully request that your Honorable Board provide funds; by transfer or otherwise, to permit the Board of City Magistrates to obtain the services of three temporary Court Stenographers for a period of four months, from June 1 to Sept. 30, 1918, inclusive.

These Stenographers are to be employed in the various City Magistrates' Courts in the Boroughs of Manhattan, Bronx, Brooklyn, Queens and Richmond. This will entail an expense of twenty-one hundred and sixty dollars (\$2,160), which may be transferred from the Miscellaneous Account, Code No. 3048, Accruals of Salaries and Wages, 1918. If this is not possible, I would respectfully request that revenue bond funds in the amount of \$2,160, be issued and that our account No. 2932, Wages, Temporary Employees, be modified to conform with the above.

The Stenographers in the Magistrates' Courts get less vacation period than those of any other Court in Greater New York. Their work is of the most exacting character and the hours in the Courts are long. Each Stenographer has to do his turn in the Night Courts. The Courts do not close any day in the year, Sundays and holidays not excepted.

In 1916 and 1917, upon a similar request, the Honorable Board of Estimate and Apportionment granted an allowance of four temporary Stenographers for a period of three months, it being the judgment of the Board that this would provide for a three weeks vacation for the Stenographers in these Courts. However, upon arranging the schedule for the summer vacation, it was found that the very best possible allowance of vacation time for each Stenographer was between fourteen to sixteen days in 1916, and sixteen to eighteen days in 1917.

It may be stated that the situation for the summer period of 1918 is in all respects similar to that of 1916 and 1917. It is estimated that the allowance of three temporary Stenographers for a period of four months will make possible a vacation of about three weeks for each of the regular Stenographers.

In order to demonstrate to your Honorable Board that a genuine effort has been made to provide a vacation for the Court Stenographers, a series of tentative schedules have been drafted in a report to the Chief Clerk of the Department, copy of which is hereto annexed and made a part of this request. An examination of this report will show that it is impossible, without the additional help requested, to provide a reasonable vacation during the summer months.

In view of the fact that the vacation period in these Courts commences on June 1, it is earnestly hoped that your Honorable Board will see its way clear to act favorably upon this request at an early date, in order that schedules may be arranged. Very respectfully,

New York, April 18, 1918.

FRANK OLIVER, Esq., Chief Clerk, 300 Mulberry St., New York City:

Dear Sir—Pursuant to your direction, Mr. Berl and myself have prepared a series of possible vacation schedules for the Magistrates' Court Stenographers, for the summer period of 1918, and in order to present the situation as clearly as possible, it will be necessary to set before you what each tentative schedule entails.

The Magistrates' Courts are in session 365 days in the year. They do not close Sundays or Holidays.

Schedule "A."

There are fourteen courts in the Boroughs of Manhattan and The Bronx, to be covered by a full staff of eighteen Stenographers (assuming that the present vacancy is filled in time to make operative whatever schedule may be adopted).

By fixing the vacation period from May 1 to Oct. 31, utilizing every one of the eighteen Stenographers, it will be possible to give each Stenographer twenty-one (21) consecutive days' vacation, and a relief day out of every seven days, but providing for no reserve Stenographer to cover possible sickness or absence due to subpoenas or other cause. (This plan contemplated taking Miss Shuster from Headquarters and assigning her to the Traffic Court.)

Schedule "B."

This schedule, covering the period from June 1 to Oct. 4, provides for a vacation period of fourteen consecutive days, and at the same time providing one relief day in every seven days, but provides no reserve Stenographer.

Schedule "C."

By fixing the vacation period from June 1 to Sept. 30, utilizing the full staff of Stenographers as set forth in "A," it would be possible to give each Stenographer a vacation of twenty-one (21) consecutive days, followed or preceded by a straight assignment of 102 days' work, without any relief, or three periods of seven (7) days off, with intervening periods of approximately thirty-five days constant work, without relief. This plan, however, would provide for a reserve Stenographer.

Schedule "D."

Taking the period from June 16 to Sept. 30, and again utilizing the full staff, would provide a vacation of twenty-four (24) days, to be taken either in four periods at six (6) days, with intervening periods of eighteen (18) to twenty-four (24) working days, without relief, and no reserve Stenographer to cover emergency, or, if it is desired to take the twenty-four (24) days consecutively as a vacation, it will necessitate working eighty-four (84) days continuously, without relief.

The foregoing tentative schedules show the best possible provision that can be made with the present staff (including the appointment to fill present vacancy), without asking for additional help.

Schedule "E."

This schedule is the one put in operation during the summer period of 1917, which, with additional help of four substitute Stenographers for a period of three months, provides a vacation period of sixteen to eighteen days consecutively, and a relief day out of every seven days, and in addition provided for one reserve Stenographer. This reserve Stenographer, in addition to covering "Reserve," took

regular periods of assignment in various courts during the vacation period. This plan provided for Miss Shuster covering as reserve.

None of the foregoing schedules provide for covering the Richmond Magistrates' Court during the vacation period of the Stenographer regularly assigned to that Court. The Brooklyn Stenographic staff, in arranging their vacation schedule, find themselves unable to cover this Richmond Court, and if it falls to the lot of the New York Stenographic staff to take up this relief in Richmond, it will necessitate a complete rearrangement of the Schedules A, B, C, D, involving further curtailment of time off, and imposing additional hardship on an already fully occupied staff.

It will readily be seen that the adoption of any one of the schedules A, B, C and D, involves not only the breaking up of the vacation period into three parts, with variously long periods of days of constant work without relief, but practically nullifies the beneficial character of a vacation, namely, the opportunity to leave the City for rest and change of scene for any length of time. It is out of the question for men with families to arrange their vacations, unless it is granted during the closed school season, and for one straight period.

It may be suggested further, that the character and volume of work done by the official Stenographers in the Magistrates Courts during the year require a high state of physical and mental efficiency, consequently the imperative need for a reasonable period of rest and recreation during the hot summer months, in order that they may return to duty better equipped for the important and exacting work of the fall and winter months.

It is, therefore, respectfully recommended that a request be made of the Board of Estimate and Apportionment for the granting of three additional Stenographers for a period of four months, at a cost of \$2,160.

In order that the schedule for the vacation period may be put in operation, it is respectfully suggested that this matter be presented to the Board of Estimate and Apportionment at the earliest possible moment. Respectfully submitted,

JAMES GRAHAM, Chairman, Stenographer's Committee; SAMUEL BERL, Assignment Clerk.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, JUNE 19, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

- 11—Two additional wash basins for females. (Dec. 20, 1917.) Re order No. 6, based upon the present number of females employed, 125, dressing room is of sufficient size. Re order No. 10, 79 males now employed, present number of toilets sufficient. Re order No. 11, additional faucets have been supplied for each wash sink; 80 inches of sink with five faucets. Order No. 12, four basins provided; about 50 per cent. of the female employees are engaged in a clean process, and the other 50 per cent. is a dirty process, and while the wash basins provided do not meet the Code requirements as to number, same will do for the number of females employed.

Recommendation: Waive orders Nos. 10, 11 and 12; also order No. 6, with the understanding that sufficient toilet and washing facilities will be provided in new addition when erected.

2. Premises affected, Brooklyn, 45-53 Keap st.; appellant, W. Newell, Treasurer, M. T. Davidson Co. 1—Provide suitable and convenient water closets for workroom employees or reconstruct present trough water closets to meet Rule 10. (May 20, 1918.) 65 male employees; the trough water closet provided is separated into five 24-inch compartments, no seats; rim of tank has a 4-inch wide wood runner; flush is automatic through 5½-inch pipes located one at each compartment; the tank when filled will hold 15 gallons, and flushes at about 15-minute intervals; closet located just outside of building and reached through door leading from workroom; drain pipe 4 inches in diameter; wood ledge projecting into each compartment, obstructing same; closets located on ground floor. Recommendation: Individual flush water closets to be provided, or, in lieu thereof, accept

present trough installation if reconstructed as follows: Provide individual seats arranged to be easily raised or removed; tank to be provided that will discharge at least 25 gallons at each flushing and flushings to occur at 3-minute intervals while factory is in operation; perforated wash-down pipes to be provided at front and rear of trough, to be supplied with water whenever tank discharges, so as to wash down sides of trough; provision made to properly heat enclosure whenever weather conditions require it.

3. Premises affected, Niagara Falls, Union st.; appellant, Union Carbide Co., Ashley T. Cole. 1—Make window openings onto fire escape balconies 2d floor at least 3 feet square. 2—Provide fireproof windows on course of fire escape. (File No. 975.) This building is mainly used for office purposes, 12 to 15 draftsmen being employed; building connected by means of bridge to a factory building; in near future extension is to be added to this building, and an additional stairway built.

Recommendation: Waive orders Nos. 1 and 2 on condition that number of factory employees be not increased.

4. Premises affected, Niagara Falls, Union st.; appellant, Union Carbide Co., Ashley T. Cole. 1—Exit signs. 2—Red lights at exits. 3—Prohibit occupancy. 4—Two legal means of exit. 5—Exit doors to open outwardly. 6—Handrails on stairs. 3-story nonfireproof building erected since Oct. 1, 1913; open lofts; no sprinkler; no fire alarm; no combustibles carried. Occupancy at time of inspection, 7, all of whom were on the main floor; 2d floor to be used for hospital purposes; 3d floor for assembly; exits, one 52-inch stairway in northeast corner of building, enclosed with fire-resisting partitions; horizontal exit in form of a bridge extending from landing platform between 2d and 3d floors to another building; bridge has no fireproof base and no fireproof doors; imperfect fire escape along westerly wall, with nonfireproof openings; fire escape of straight-run type with 24-inch stairs, 7-inch tread; 8½-inch rise; extends to ground by means of stationary ladder; fire escape structurally unsafe; treads of connecting stairs are not built strong enough, and bars forming stairs are laid flat instead of edge bars forming landing are placed flat; fire escape structurally too light and fastened by lag screws to outside of building instead of being bolted through wall. At times there will be as many as 20 persons on 2d floor, and when assembly hall is in use as many as 100 on 3d floor.

Recommendation: Accept as exit an exterior screened stairway connected to building by means of balconies or runways 8½ feet long, the openings to said balconies on 2d and 3d floors to be a nonfireproof door 2 by 6 feet, said door opening outwardly so as not to obstruct the runway; stairs to be screened so as not to obstruct 6 feet high; underside of balconies or runways leading from building to stairway to be covered with corrugated metal for a distance of 8 feet from exterior wall of building. As means of exit from 2d floor, in addition to said exterior screened stairway accept the present interior stairway, closed, with fire-resisting partition. As means of exit from 3d floor, in addition to exterior screened stairway, accept bridge leading to adjoining building. Orders Nos. 1, 2, 5 and 6 to be complied with.

5. Premises affected, Buffalo, 303 East st.; appellant, Associated Manufacturers' & Merchants' Association, John P. Carey. Provide exhaust system for woodworking machines. 2-story frame building; 1st floor used as garage by owner. 2d floor used by this company; building measures 35 x 35 feet; ceiling low; at time of inspection there were seven men at work (in addition to foreman); upon reinspection but three men at work; shop equipment, consists of planer, jointer, combination saw, band saw and two turning lathes, with dust usually found in natterness so equipped where no efforts have been made to eliminate dust. If space under machines, such as planer, jointer, circular saw and band saw were properly boxed, with a door to remove the shavings and dust daily, much of the trouble would be overcome.

Recommendation: Accept the boxing of machinery, with door to remove dust and shavings, said dust and shavings to be removed daily, provided such boxing will remove the dust hazard so as not to be injurious to health.

6. Premises affected, Buffalo, 69-71 Holt st.; appellant, I. H. Hilbrand. 1—Provide one approved interior water closet suitably and conveniently located for use of employees. Appellant operates an abattoir at this location. There are two employees who live with the owner; no water closet on the premises, but employees and owner use water closet in owner's home, which closet is located across a small yard from shop; water closet in owner's home is accessible to employees at all times. It was the intention of the owner to add to his plant and install a water closet for employees, but business has been such that he was unable to do so. This case is now in court, and when the appellant was arraigned the judge directed him to make this appeal for modification.

Recommendation: Waive order to install water closet inside on condition that water closet in owner's home is always accessible to employees and that not more than two persons are employed.

7. Premises affected, Johnstown, 56-72 Miller st.; appellant, Charles King. 1—Additional exit from all floors of building. 2—Prohibit occupancy. (Feb. 27, 1918.) 1, 2, 3, and 4-story, anti-dust building erected before Oct. 1, 1913; divided lofts; no sprinkler; no combustibles; no fire alarm; occupancy, 19; above 1st floor, 11; above 2d floor, 2; occupancy; exits, interior stairway from 1st floor to attic and stairway in 3-story part from 1st to 3d floors; eight doors on 1st floor, seven of which slide and one opens in; no doors on stair line; no safe egress from roof; 4th floor used for drying skins; to concentrate heat a ceiling was put in at eaves which makes a low attic reached by a stairs; nothing but unused material or equipment kept in attic; three employees in 3-story wing work very close to open entrance to 2d floor main building; an inclined runway leads off 2d floor to 2-story shed.

Recommendation: Accept present exit if window leading to one-story wing off 2d floor be made into a door and either a wooden enclosed stairway or iron stairway is installed at south side, with pent house or balcony at roof level; electric wires now crossing roof to be raised to a height of 6 feet. Straight ladder to be installed in west end of main building inside of building from 4th to 2d floors; straight ladder to be installed in south end of three-story wing from 3d to 1st floors inside of building; these ladders to be accepted while occupancy above 1st floor be not increased and not more than two persons are employed in easterly end of building.

8. Premises affected, Newburgh, 420-424 Broadway; appellant, H. J. Wilkins. 5—Enclose stairway, northwest corner of building, in partitions of fire-resisting material. 6—Provide safe means of exit from foot of stairway, northwest corner of building to open area. 8—Enclose elevator shaft in partitions of fireproof material. 9—Self-closing fire doors at openings to elevator shaft. (April 12, 1918.) 2-story nonfireproof factory building erected since Oct. 1, 1913; no sprinkler; combustibles carried; no fire alarm; occupancy, 10; above 1st floor, 1; exits, two interior stairways, one unenclosed and one properly enclosed with fireproof partitions; doors to same open outwardly and are self-closing; building used as bakery, only one man is regularly employed on 2d floor; never more than two per-

sons on this floor at any time; stairway referred to in orders Nos. 5 and 6 is outside the main building and terminates in a 1-story frame structure; stair run enclosed with fireproof partitions, but enclosure stops about 4 feet inside of exterior wall of the 1-story addition; balcony at 2d floor landing constructed of metal slats. Orders Nos. 8 and 9, elevator in question provided with self-closing trap door.

Recommendation: Accept stairway when balcony has been made fireproof by two 4-inch concrete slabs, bottom of stair covered with metal lath and ¾-inch of Portland cement plaster; enclosure to be extended to outside of 1-story building, with steps leading to grade. In view of very small occupancy of 2d floor waive orders Nos. 8 and 9.

9. Premises affected, Niagara Falls, Buffalo ave.; appellant, The Carborundum Co. Provide exits in Building No. 30 in accordance with section 79-a of the Labor Law. 4-story building measuring 80 by 210 feet, with a new two-story addition measuring 20 by 224 feet. New construction being more than 50 per cent. of the area, brings the building under section 79-a. Building of fireproof construction; open lofts; sprinkler with two sources of water supply; no combustibles; fire alarm signal system; occupancy, 119; above 1st floor, 79; above 2d floor, 74; exits, two interior fireproof enclosed stairways in two-story part; one interior fireproof enclosed stairway in 4-story section, with sliding doors; imperfect exterior stairway along the southerly wall of the 4-story portion; said stairway has 26-inch stairs, 8-inch treads, 7½-inch rise and completely screened, provided with fireproof doors; exits remote; no safe egress from roof; stairways in new two-story section do not extend to roof with bulkhead.

Recommendation: Accept as exits from the 4-story portion the present fireproof enclosed stairway on condition that sliding doors to stairway enclosure be kept open at all times when anyone is at work in the building, and the exterior screened stairway with 8-inch tread, pitched at about 45 degrees. As means of exit from the 2-story part accept the two fireproof enclosed stairways now provided.

10. Premises affected, Rochester, 91-97 St. Paul st.; appellant, V. E. Whitmore. Building to be used for factory purposes, with more than 25 above the 2d floor; also more than 25 above 1st floor, requiring stairway enclosed fire-resisting and fire alarm signal system. 5-story nonfireproof tenant factory building erected before Oct. 1, 1918; open lofts; sprinkler; combustibles carried; no fire alarm; occupancy at present, 16; above 1st floor, 6; above 2d floor, 3; exits, two interior stairways not properly enclosed with fire-resisting partitions, doors to which open outwardly and are not self-closing; perfect fire escape on westerly side with fireproof openings 6 feet 6 inches high by 2 feet wide; exits remote; no safe egress from roof. Owner contemplates renting 3d, 4th and 5th floors to tenant or tenants who will employ more than 25 persons; present tenants will vacate; exits, one interior stairway from 1st to 5th floors, and an auxiliary stairway from 3d to 4th floors; stairway from 1st to 5th floors located at northeast end of building and enclosed with matched board partitions, substantially constructed.

Recommendation: Accept stairway enclosed as follows, on condition that not more than 50 persons are employed on any one floor; add one thickness of ¾ths matched sheeting to present wood partitions of stairway in northeast corner of building, said sheeting to be placed at 2d, 3d, 4th and 5th floors, and cover same both sides with No. 26 gauge sheet metal. Equip all door openings in said partitions with approved self-closing Kalamein doors and window openings with wired glass, metal frame and sash or metal covered frame and sash with wired glass. No partition to obtain a window opening in excess of 720 square inches in area. Partition at basement and 1st floor to be made 2-inch by 4-inch studs, spaced 12-inch centers, wire lath and Portland cement mortar on each side; basement and 1st floor openings to be equipped with doors, etc., as above specified. If more than 25 above the 1st floor, Class "C" fire alarm system to be installed.

11. Premises affected, St. Johnsville, Lion ave.; appellant, Lion Mfg. Co. 17—Two additional wash sinks for female employees. 16—One additional water closet for females. (March 13, 1918.) On each floor near the water closets is one wash sink 36 inches long, equipped with hot one faucet. The foreman of the "Making" Department states that there are 80 females on 2d floor and 3 on 3d floor; there are three water closets on 2d floor assigned to females. Males on 1st, 2d and 3d floors number 41, 25 of whom are on 3d floor, one water closet on 1st floor and two on 3d floor assigned to males.

Recommendation: While number of female employees be not increased, accept as compliance with No. 17, the installation of an additional faucet at wash sink on 2d floor. Order No. 18 to be complied with by installing additional water closet for females on 2d floor.

12. Premises affected, Utica, 112-116 Liberty st.; appellant, Vassar Hosiery Mill. Prohibit employment. Additional exit. (Nov. 20, 1917.) 3-story and attic nonfireproof tenant factory building erected before Oct. 1, 1913; divided lofts; no sprinkler; combustibles carried; no fire alarm; occupancy, 17; above 1st floor, 17; above 2d floor, 15; exits, two interior stairways, one from 1st to 2d floors only, and the other from 1st to 3d floors; doors to stairways open outwardly, but are not self-closing; imperfect fire escape on the side, with nonfireproof openings to balconies; exits remote; safe egress from roof; stairs are straight-run to street; fire escape is pitched at 60 degrees and extends from 3d floor to roof of one-story part, with stairway from roof to ground; appellant occupies 3d floor, 2d floor used for storage, except one small room used for experimental purposes devising improvements for machinery; attic is dark and used only for location of electric motor; storage is so placed as to make stairway at easterly end not available to 2d floor employees; owner later intends extending 1-story part of building to 3 stories, and plans will be filed calling for such addition and an enclosed tower stairway at westerly end.

Recommendation: While conditions and occupancy remain unchanged, accept the present fire escape provided window on 3d floor leading to fire escape be made into a door and two windows on course on 2d floor be fireproofed or walled in and unobstructed passageway maintained on 2d floor from experimental room to windows leading to 1-story addition.

10. Premises affected, Yonkers, 9-11 Warburton ave.; appellant, Staley & Tobin. 1—Enclose exit stairs. 2—Fire alarm signal system. 3—Fire drills. (March 5, 1918.) 3-story nonfireproof tenant factory building erected before Oct. 1, 1913; open lofts; no sprinkler; combustibles; no fire alarm; occupancy, 13; above 1st floor, 5; above 2d floor, 5. At time of inspection there were 34; 1st floor used for mercantile purposes; 2d floor, pool room; 3d floor, manufacturing coats and suits. At time of inspection there were 34 employees on 3d floor; upon reinspection but five were at work on factory work; number of employees rarely if ever exceeds 25 above 2d floor. Exits, one interior straight-run stairway 57 inches wide leading from 3d floor to street, and stairway 26 inches wide leading to adjoining 2-story building with pent house on roof, accessible by means of door from 3d floor workroom to roof of adjoining building. In view of present occupancy the building complies with the law.

Recommendation: Waive orders Nos. 1, 2 and 3, providing conditions remain as at present and occupancy of 3d floor at no time exceeds 30.

14. Premises affected, Utica, 244 Jay st. (old number 6-8 Jay st.); appellant, James Neilson. Provide suitable and convenient inside water closet for male employees. This is a carriage repair shop, wherein four persons are employed. The building is in bad condition. An outside privy provided, which is located some 15 or 20 feet from factory building.

Recommendation: Waive order. If on next regular inspection conditions warrant, order to be reissued.

And it appearing that there are practical difficulties and unnecessary hardship in complying with the strict letter of the law and the rules and regulations of the Industrial Code on the buildings above noted, and that in granting the recommendations set forth the spirit of the law and of the Industrial Code Rules will be observed and public safety secured; and

It further appearing that each of the appellants herein has been notified that he would be given an opportunity to appear and be heard at this time and place if he so desired, and such of the appellants who appeared having been heard by the Commission, therefore

Be it resolved by the State Industrial Commission that variations set forth herein be and the same hereby are granted to the appellants specified in each case, during the period that conditions remain as of this date.

STATE OF NEW YORK, OFFICE OF THE STATE INDUSTRIAL COMMISSION, ss.:

I, WILLIAM S. COFFEY, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 12th day of June, 1918, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 15th day of June, 1918.

Corporation Sale of Buildings and Appurtenances Thereto on City Real Estate by Sealed Bids.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of The Bronx.

Being the buildings, parts of buildings, etc., standing within the lines of E. 161st st. on its

southerly side, from Mott ave. to a point about 100 feet east of Sheridan ave., in the Borough of The Bronx, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 25, 1918, the sale by sealed bids at the upset or minimum prices named in the description of each parcel of the above buildings and appurtenances thereto, will be held by direction of the Comptroller on

THURSDAY, JUNE 27, 1918,
at 11 a. m., in lots and parcels and in manner and form and at upset prices as follows:

Parcel No. 2. Two and one-half story frame house, 873 Sheridan ave. Upset price, \$250.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368 Municipal Building, Manhattan, until 11 a. m., on the 27th day of June, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 27, 1918," and must be delivered or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, Manhattan," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

SUPREME COURT—FIRST DEPARTMENT.

Filing Bill of Costs.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EASTERN BOULEVARD, from the property of the New York, New Haven and Hartford Railroad to Hunts Point road, in the 23d Ward, Borough of The Bronx, City of New York, as amended by a resolution of the Board of Estimate and Apportionment adopted on the 20th day of April, 1911, and by an order of this Court bearing date the 29th day of December, 1911, and entered in the office of the Clerk of the County of New York on the 3d day of January, 1912, so as to omit from said proceeding that portion of the said Eastern Boulevard between Truxton street and the property of the New York, New Haven and Hartford Railroad.

NOTICE IS HEREBY GIVEN THAT THE supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held at the County Court House in the Borough of Manhattan, in The City of New York, on the 21st day of June, 1918, at 10 o'clock in the forenoon of that day, or as soon thereafter as Counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Bronx, there to remain for and during the space of ten days, as required by law. At the same time the Court will be asked to determine the amount of said costs and expenses incurred prior to the amendment of the proceeding, pursuant to the resolution adopted by the Board of Estimate and Apportionment, April 20, 1911, and which should not be included in the assessments to be levied in said proceeding.

Dated, New York, June 10, 1918.

NOTICE IS HEREBY GIVEN TO THE owner or owners, respectively entitled to or interested in the real property, title to which is sought to be acquired in the above proceeding, and to all others whom it may concern, to wit:

That the Supreme Court of the State of New York at a Special Term for trials, held in and for the County of Kings, has, after considering the testimony and proofs offered by The City of New York, and the parties and persons who have appeared in the above proceeding, completed its estimate of the compensation which should justly be made by The City of New York to the respective owners of the real property so acquired in this proceeding, and has prepared a transcript of its estimate of the damages so ascertained and estimated. Said transcript of estimate is accompanied by the damage map used by said Court upon the trial of said proceeding, and states the several sums respectively estimated for each parcel shown on said damage map, with the names of each owner as far as ascertained. Said transcript of estimate, dated June 7, 1918, is signed by Hon. Stephen Callaghan, the Justice of the Supreme Court presiding at the trial of the above proceeding, and said transcript, accompanied by said damage map, together with the proofs upon which the same is based, was filed in the office of the Clerk of the County of Kings on the 8th day of June, 1918, for the inspection of whomsoever it may concern.

NOTICE IS HEREBY FURTHER GIVEN that The City of New York, or any person or persons whose rights may be affected by said transcript of estimate and who may object to the same or any part thereof, may within fifteen days after the first publication of this notice on June 11, 1918, set forth their objections to the same in writing, duly verified in the manner required by law

as ascertained. Said transcript of estimate, dated June 7, 1918, is signed by Hon. Stephen Callaghan, the Justice of the Supreme Court presiding at the trial of the above proceeding, and said transcript, accompanied by said damage map, together with the proofs upon which the same is based, was filed in the office of the Clerk of the County of Kings on the 8th day of June, 1918, for the inspection of whomsoever it may concern.

NOTICE IS HEREBY FURTHER GIVEN that The City of New York, or any person or persons whose rights may be affected by said transcript of estimate and who may object to the same or any part thereof, may within fifteen days after the first publication of this notice on June 11, 1918, set forth their objections to the same in writing, duly verified in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by the objector, and his postoffice address, and file the same with the Clerk of the County of Kings and within the same time serve upon the Corporation Counsel of The City of New York, at his office, 153 Pierrepont st., Borough of Brooklyn, City of New York, a copy of such verified objections.

NOTICE IS HEREBY FURTHER GIVEN that on the 27th day of June, 1918, at ten o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon, the Corporation Counsel of The City of New York will apply to Hon. Stephen Callaghan, the Justice of the Supreme Court signing said transcript of estimate or tentative decree, at his chambers in the Garfield Building, 26 Court st., in the Borough of Brooklyn, City of New York, to fix a time when said Justice will hear the parties so objecting.

Dated, New York, Borough of Brooklyn, June 11, 1918.

NOTICE IS HEREBY FURTHER GIVEN that The City of New York, or any person or persons whose rights may be affected by said transcript of estimate and who may object to the same or any part thereof, may within fifteen days after the first publication of this notice on June 11, 1918, set forth their objections to the same in writing, duly verified in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by the objector, and his postoffice address, and file the same with the Clerk of the County of Kings and within the same time serve upon the Corporation Counsel of The City of New York, at his office, 153 Pierrepont st., Borough of Brooklyn, City of New York, a copy of such verified objections.

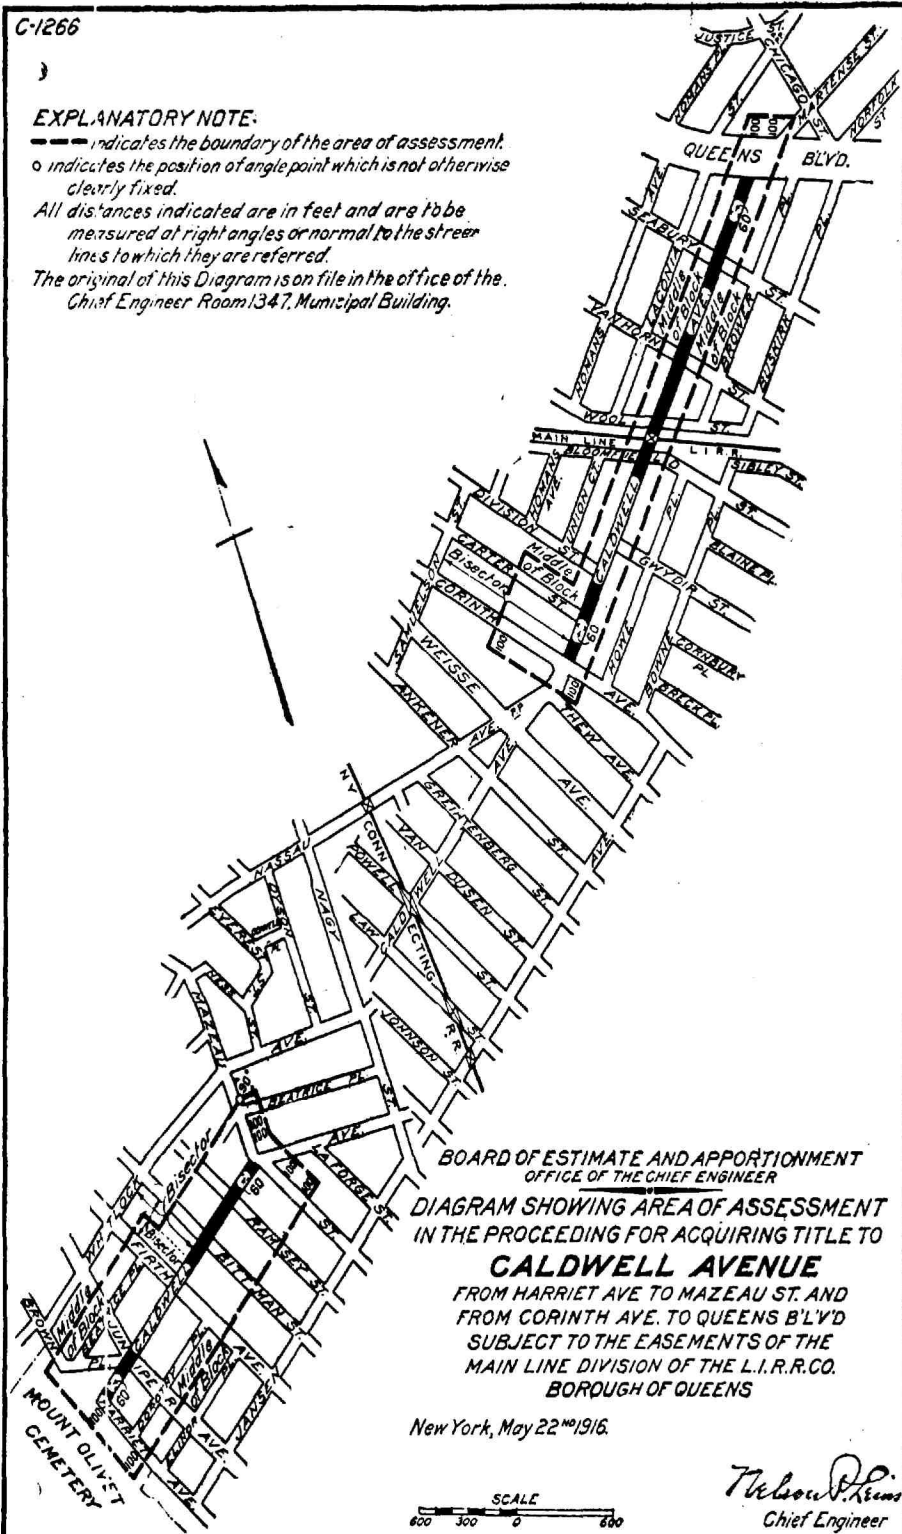

NOTICE IS HEREBY FURTHER GIVEN that on the 27th day of June, 1918, at ten o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon, the Corporation Counsel of The City of New York will apply to Hon. Stephen Callaghan, the Justice of the Supreme Court signing said transcript of estimate or tentative decree, at his chambers in the Garfield Building, 26 Court st., in the Borough of Brooklyn, City of New York, to fix a time when said Justice will hear the parties so objecting.

Dated, New York, Borough of Brooklyn, June 11, 1918.
WILLIAM P. BURR, Corporation Counsel,
153 Pierrepont st., Brooklyn, N. Y. j11.21

Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 10th day of July, 1918, at 2.30 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office in the Municipal Building, Court House Square, L. I. City, in the Borough of Queens, in The City of New York, on or before the 8th day of July, 1918, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 11th day of July, 1918, at 2.30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 30th day of June, 1916, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded as shown on the following diagram:

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Esti-

mate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the

Borough of Queens, in said City, there to remain until the 10th day of July, 1918.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 10th day of September, 1918, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to the provisions of the Greater New York Charter, as amended.

Dated, New York, June 12, 1918.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
