OPINION OF THE COUNSEL TO THE CORPORATION.

The powers of the Dock Department in the City of New York extend to the filling in of the shallow waters on and about Randall's Island, and the sinking of crib work to facilitate the discharge of cargoes from boats engaged in the Bureau of Street Cleaning in the Department of Police.

LAW DEPARTMENT, OFFICE OF THE
COUNSEL TO THE CORPORATION,
NEW YORK, Dec. 11, 1873.

The Honorable the Commissioners of the Department of Docks:

GENTLEMEN, In a letter addressed by me to the Police Department, dated June 19, 1873, I advised that no action by the Common Council was necessary to authorize the Board of Police to fill up the shallow waters on and around Randall's Island, and that the proper course was for that Board to apply to the Department of Docks for permission. Authority to grant such permission is vested exclusively in the Department of Docks by subdivision 2 of section 6 of chapter 574 of the laws of 1871. (Laws of 1871, volume 2, page 1,235. The statute to which I refer provides that the Department of Docks shall have the exclusive charge and control (subject, in certain particulars, to the Commissioners of the Sinking Fund) of all the wharf property belonging to the corporation, including all the wharves, piers, bulkheads and structures thereon and waters adjacent thereto, and all the slips, basins, docks, water fronts, and the appurtenances, easements, uses, reversions, and rights belonging thereto, and exclusive charge and control of the repairing, building, re-building, maintaining, altering, straightening, leasing, and protecting said property, and all cleaning, dredging, and deepening necessary in and about the same.

By the charter of 1873, now in force, it is provided that the Department of Docks shall possess such powers and perform such duties as at the adoption of this charter were vested in the then existing Department of Docks, excepting only that the Board shall not have power to change the exterior line of piers and bulkheads as then established by law. (Laws of 1873, chap. 335, sec. 38.)

In that letter I stated that at the request of the Board of Aldermen the matter had already received the consideration of the Dock Department, and that, as I was informed, the Chief Engineer was of the opinion that such shallow waters might be used as a dumping ground without injury to the public interests. I presumed that upon an application by the Board of Police directly to the Department of Docks, the desired permission would be obtained without difficulty, subject to such restrictions as would be necessary to protect the health of Randall's Island, and to prevent encroachments upon the navigable waters of the harbor. After inquiry at the offices of the Comptroller and Secretary of State, I could not learn that any grant of land under or around Randall's Island had ever been made to the city. But as the city is the owner of the upland part of the island, it is not likely that any question would arise. If the city owns the

land under water, it has, of course, the right to fill it up, provided no injury to the harbor be the consequence; and if the title is still in the State, there would be no difficulty, if the question should ever arise, in obtaining a grant from the Commissioners of the Land Office.

In my judgment, and I am satisfied there can be no question upon the subject, the powers granted to the Dock Department by the Charter of 1870, amended in 1871, and confirmed in 1873, are ample to allow the Department to sink crib-work on the north or northeast side of Randall's Island, or around Sunken Meadow, on or inside of the exterior water line, to accommodate the boats of the Police Department connected with the Street Cleaning Bureau, and to facilitate the discharge of their cargoes.

I am, gentlemen,
With great respect,
Your obedient servant,
E. DELAFIELD SMITH,
Counsel to the Corporation.
