The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, December 15, 1882.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted December 5, 1882, requiring the Ninth Avenue Railroad Company to continue and extend its railroad from its present terminus along Ninth avenue, Grand Boulevard and Tenth avenue to One Hundred and Twenty-fifth street, and along Tenth avenue to the Harlem river, for the following reasons:

After full consultation with the Counsel to the Corporation, I am advised that the Ninth Avenue Railroad Company, believing themselves to have the right to so continue their tracks without any action on the part of your Honorable Body, have brought their action in the Supreme Court to enjoin the city from interfering with them in the laying of their tracks. That action is now pending and is in a position to be speedily tried. The Counsel to the Corporation instructs me that there are three points involved in the litigation. The first of them is that the railroad company, under no circumstances, has any right to construct its tracks without your direction; second, that it is doubtful whether even your direction can invest them with any right so to do, inasmuch as (1) lapse of time has worked a forfeiture of the franchise, and (2) it is questionable whether or not the resolution of 1853 is still effective in view of the fact that the Bloomingdale road, the fee of which was in the abutting owners, has practically gone out of existence and its place taken by the Grand Boulevard, the fee of which is in the city. Under these circumstances I am of the opinion that, since the litigation must be continued, it is inadvisable to pass this resolution, inasmuch as the court may hold even after its passage that it is of no effect. If, on the other hand, the Court holds that the points taken by the Corporation Counsel, other than the one relative to the direction, are not well taken, it will then be ample time for action on the part of the municipal authorities. The resolution is objectionable on

other grounds, namely: that it fails to make proper provision requiring the railroad company to keep its tracks in proper order, to maintain paving between them and for a certain distance beyond them at its own expense, and to regulate and keep the grades, in conformity with the direction of the Commissioner of Public Works.

W. R. GRACE, Mayor.

Whereas, The growth of the city on the west side requires that additional railroad facilities should be furnished to accommodate the increasing population of that part of the city contiguous to or bordering on the line of the Ninth Avenue Railroad; and

Whereas, The resolutions adopted by the Common Council on or about the 28th day of December, 1853, granting unto James Murphy, William Radford, and Miner C. Story, their assigns and associates, the right and privilege to construct and operate the said railroad, contained a provision that said railroad should be continued from Fifty-first street along the Ninth avenue to the Bloomingdale road; thence along the Bloomingdale road to the Tenth avenue; thence along the Tenth avenue to the Harlem river, whenever required by the Common Council, and as soon and as fast as said avenues are graded; and

Whereas, The Ninth Avenue Railroad Company has only constructed the railroad which it is authorized to build and operate as far northerly as the junction of Ninth avenue and Sixty-fourth street, or thereabouts; and

Whereas, The proper accommodation of the public demands that said railroad be continued and extended upon the route mentioned in the said original resolution adopted as aforesaid, on or about the said 28th day of December, 1853; therefore be it

Resolved, That the Ninth Avenue Railroad Company be and it is hereby required, as soon as practicable, to continue and extend its railroad from its present terminus in Ninth avenue at or near Sixty-fourth street to the Grand Boulevard (formerly called the Bloomingdale road); thence along the said Boulevard to the Tenth avenue, and thence along the Tenth avenue to One Hundred and Twenty-fifth street; and that when Tenth avenue shall be properly regulated and graded for the convenient operation of a horse railroad, that said railroad, as soon thereafter as public convenience may require, shall be further extended and continued from time to time along Tenth avenue to the Harlem river.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, December 16, 1882.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted December 5, 1882, giving permission to Peter Jung to place a swinging sign in front of No. 34 Murray street, for the reason that it is intended to place this sign across the sidewalk from house to the Elevated R. R. structure and would be dangerous.

W. R. GRACE, Mayor.

Resolved, That permission be and the same is hereby given to Peter Jung to place a swinging sign in front of No. 34 Murray street; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

Whereas, The recent enforcement, by the constituted authorities, of laws which, by reason of more enlightened, reasonable and considerate ideas of humanity, had become to be viewed as subversive of the liberty to individual citizens in a government, Democratic in form, and coercive to sectarian and so-called religious exactments, has excited the community of this the most cosmopolitan city of the known world, subjecting the poorest of citizens to the most inconvenience by loss of the means for their subsistence;

Therefore this Common Council of the City of New York, by resolution, herewith express their earnest and severe deprecation at the folly of the State Legislature in the re-enactment by codification of laws which custom and human progress had caused to view as most puritanical and obsolete. And we therefore ask the Legislature to assemble (which fortunately will be Democratic) to repeal at the earliest possible opportunity the odious Sabbatarian clauses in the "Penal Code," that the citizens of this the "Excelsior State" may enjoy the privileges guaranteed by "Magna Charta" unfettered by laws originating in religious fanaticism.

Adopted by the Board of Aldermen, December 5, 1882.

Received from his Honor the Mayor, December 16, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Whereas, The unfinished condition of station of the elevated railway at Third avenue and One Hundred and Twenty-ninth street, causes much inconvenience and annoyance to the thousands of our citizens who daily have occasion to ascend and descend the uncovered stairways leading thereto, which, in stormy weather, are not only abominably dirty, and unfit for use, but are often absolutely dangerous; be it therefore

Resolved, That the Manhattan Elevated Railway Company be and it is hereby directed, without delay, to cause the stairways and platforms leading to its station, at Third avenue and One Hundred and Twenty-ninth street, to be covered, in order to afford proper and much needed protection, particularly in inclement weather, to those of our citizens who travel on said road.

Adopted by the Board of Aldermen, December 12, 1882.  
Approved by the Mayor, December 16, 1882.

FIRE DEPARTMENT, CITY OF NEW YORK,

NEW YORK, December 14, 1882.

## TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor, and doing the work required for constructing two houses for the Fire Department—one to be erected at No. 269 Henry street, for Engine Company No. 15, and one to be erected at No. 742 Fifth street, for Hook and Ladder Company No. 11—will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 155 and 157 Mercer street, in the City of New York, until 10 o'clock A. M., Wednesday, December 27, at which time and place they will be publicly opened by the head of said Department and read.

Separate estimates must be made and presented separate envelopes for each house.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and drawings, which form part of these proposals.

Each house to be completed and delivered in one hundred and fifty (150) days after the date of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at twenty-five (\$25) dollars per day.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in a sum not less one-half the amount of the estimate; and that if he shall omit or refuse to execute the estimate; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of four hundred (\$400) dollars. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

The form of the agreement and specifications, and drawings, and showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

The above quantity is estimated and approximated only, and bidders are notified that if the Department shall require more than that quantity, the contractor must furnish all that is required and will be paid therefor only at the rates or prices named in the contract; and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of five thousand (\$5,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. ## TO CONTRACTORS.

**SEALED BIDS OR ESTIMATES FOR FURNISHING** during the year 1883, Condensed Cows' Milk, for the various institutions under the charge of the Department of Public Charities and Correction, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock, A. M., of the 23d day of December, 1882. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for furnishing Condensed Cows' Milk," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time,

at such times and in such quantities as may be directed by the said Department. The entire quantity required to be delivered during the year will be about two hundred and fifty-five thousand (255,000) quarts.

The above quantity is estimated and approximated only, and bidders are notified that if the Department shall require more than that quantity, the contractor must furnish all that is required and will be paid therefor only at the rates or prices named in the contract; and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the penal sum of ten thousand (\$10,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The quality of the milk must conform in every respect to the requirements of the specifications.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued from time to time, as set forth in the proposed form of contract.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department.

Dated New York, December 11, 1882.

## PUBLIC NOTICE.

PROPOSALS INCLOSED IN SEALED ENVELOPES, and indorsed with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Department of Street Cleaning, No. 51 Chambers street, in the City of New York, under and in pursuance of authority conferred by chapter 367, Laws of 1881, entitled "An act to create a Department of Street Cleaning in the City of New York, and to provide for the cleaning of the streets of said city, for the removal of snow and ice therefrom, and for the collection of ashes, garbage and street sweepings, and the disposal of the same," passed May 26, 1881, three-fifths being present, until 12 o'clock M., of Wednesday, December 20, 1882, at which time and place the proposals will be publicly opened and read: For the final disposition of the street sweepings, ashes, and garbage, collected in the City of New York and delivered at the several dumps or dumping-places of the Department of Street Cleaning in said city, for the term of four years, from the first day of January, 1883.

The person or persons to whom the contract may be awarded will be required to furnish suitable and sufficient scows or boats for the reception of said substances and material, when the same are delivered at said dumps or dumping-places of the Department of Street Cleaning; to defray the expense of trimming, towing, and unloading said scows or boats, and all other expenses incurred in disposing of said substances and material, and to conform to and obey all laws of the United States, of the State of New York, ordinances of the Board of Aldermen of the City of New York, the Sanitary Code of the Board of Health of said city, touching the removal from said city of said substances and material or dumping thereof, or any part thereof, either within the limits of said city, or in the waters of the North or East rivers, adjoining the counties of New York, Kings, Westchester, or Richmond, or in the bay of New York, or Raritan bay, within the jurisdiction of the State of New York, or in the waters of Jamaica bay, or in the waters of the Atlantic ocean, within three miles of Coney Island, or within three miles of Rockaway Beach or Far Rockaway, or within less than one mile beyond the outer bar.

If any part of said substances and material should be required by any person or persons, or department of the City of New York, for the purpose of filling in lots, or for other purposes, the Commissioner expressly reserves the right to deliver as much of said substances and material as he may deem necessary for such purposes, without invalidating the terms of the contract.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate per cubic yard, measurements and estimates to be made by an Engineer appointed by the Commissioner of Street Cleaning, on the boats or scows of the contractor or contractors, at the several dumps or dumping-places of the Department of Street Cleaning; or if the street sweepings, ashes and garbage are bid for at a separate price for each class of work, and the said Commissioner accepts bids in that form, the measurements and estimates may be made by said Engineer on the substances and material delivered at the dumps or dumping-places, upon the scows or boats at said dumps or dumping-places.

Bidders will be allowed, at their option, to bid a price per cubic yard upon the work, as a whole, as a mass, or a separate price for each class of the work, the bid or bids being for the performance of the whole work, as herein-after described and classified, to wit:

1. Street sweepings, two hundred thousand cubic yards.  
2. Ashes, seven hundred thousand cubic yards.  
3. Garbage, one hundred thousand cubic yards.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and, in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, whereupon the Commissioner of Street Cleaning may either make another selection from the proposals submitted in accordance with this public notice, or readvertise and relet the work, as he may consider best for the public interest.

If the person or persons to whom the contract may be awarded, shall neglect or delay to commence the work or any portion thereof, on or after the first day of January, 1883, the Commissioner of Street Cleaning may perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said person or persons, and deduct the same from any amount due or to become due under the contract.

Bidders are required to state in their proposals, under oath, their names and places of residence, the names of all persons interested with them therein, and, if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or proposal for the above work; and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a Department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested. Each proposal shall also be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that, if the contract be awarded to the person or persons making the proposal, they

will, on its being so awarded, become bound as his or their sureties for its faithful performance, in the amount of fifty thousand dollars; and that, if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that each is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract as stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller of the City of New York.

Permission will not be given for the withdrawal of any bid or proposal, and the right is expressly reserved by the Commissioner of Street Cleaning to reject any or all bids, or to select the bid or bids the acceptance of which will, in his judgment, best secure the efficient performance of the work. No bid will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each proposal must be accompanied by a certified check on a solvent banking corporation in the City of New York payable to the order of the Comptroller of the City of New York, for five per cent. of the amount bid for the performance of all the work required by said contract to be done in any one year. On the acceptance of any bid, the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract the check of the accepted bidder will be returned to him.

The contract will contain a stipulation or condition that it may be terminated on ten days' notice to the Contractor by the Commissioner of Street Cleaning, with the approval of the Mayor.

All bids must be made with reference to the form of contract and the requirements thereof on file at the Department of Street Cleaning, or they will be rejected; and the same is referred to as a part of this notice.

Blank forms of contract may be obtained at the Department of Street Cleaning, 51 Chambers street, New York City, on or after Tuesday, December 12, 1882.

JAMES S. COLEMAN,
