Petition of Fred C. Cocheu and others for grading and paving Seventy-third street, between Sixth and Fort Hamilton avenues.

Following report from the Department of Highways:

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, June 25, 1900.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—In reference to your letter of May 23, 1900, forwarding petition signed by Fred C. Cocheu (and six others) for grading and paving Seventy-third street, between Sixth avenue and Fort Hamilton avenue, with vitrified brick, I beg to advise you that there is no record in this Department to show that this street ever has been opened, ceded or dedicated to the City, and certainly the street should be legally opened before proceedings for its improvement are instituted.

It is also found that the estimated cost of paving this street with vitrified brick, as requested in the petition, is \$21,000, while the total assessed value of the property within the district of assessment is but \$40,400. The estimate submitted is, therefore, only for the regulating and grading of the street and paving of the gutters after it shall have been opened.

10,000 cubic yards of grading.

3,340 linear feet of curbing.

1,060 square yards of brick pavement in gutters.

Total estimated cost, \$9,000.

A proper district of assessment would be one-half the block on each side of the street, including an area having an assessed value of \$40,400.

Respectfully,

(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

DEAR SIR:—In reply to your letter of May 22, 1900, forwarding petition signed by Mr. Fred. C. Cochran, and six others, for the grading and paving of Seventy-second street, between Sixth avenue and Fort Hamilton avenue, with vitrified brick, I beg to advise you that it is found that the estimated cost of the improvement asked for is \$23,600, while the total assessed valuation of the property amounts to but \$25,800. WEST END BOARD OF TRADE, OF THE BOROUGH OF BROOKLYN,
BROOKLYN, N. Y., June 25, 1900.

To the Local Board of Improvements, Fifth District:

GENTLEMEN—The West End Board of Trade respectfully brings to your notice the great public inconvenience which is felt from the want of a proper system of numbering dwellings and other premises in this locality; and with a view of having an improvement effected the following suggestions are made for consideration and, if deemed practical, approval.

All the premises lying between the bay and First avenue to be numbered from 1 to 100; between First and Second avenues to be renumbered from 101 to 200; those between Second and Third avenues to be renumbered from 201 to 300, and so on.

The absence of street designations at the intersection of streets and avenues is, also, a matter to which the Board earnestly invites your attention. It is believed that the public convenience would be greatly subserved if the numerical (or other) street and avenue designations were inscribed on the public lamp-posts in the same manner which usually obtains in other large centers of population.

Your early and favorable action in the above regard will be much appreciated by

Yours respectfully,

MONDAY, NOVEMBER 5, 1900.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Materials and Work Required for the Alterations and Improvements to the Laundry at the Bellevue Hospital Grounds," with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

The Board of Public Charities reserves the right to reject all bids or estimates if deemed to be for the public interest.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The said work to be completed in 60 days. Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the amount of Five Hundred (\$500) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, or of a Guaranty or Surety Company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in such case to be calculated upon the estimated amount of the work by which the bids are made. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances if the contract shall be awarded to the person or persons for whom he consents to become surety. The said sureties may consist of responsible guaranty companies. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn in the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

For particulars as to the quantity and quality of the materials, or the nature and extent of the work required, bidders are referred to the specifications.

Bidders are cautioned to examine the specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department. Such references are cause for rejecting bids when they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The specifications may be seen at the offices of Morgan & Slattery, Architects, No. 1 Madison avenue, Borough of Manhattan.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, trust or security companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate they will, on its being so awarded, become bound as his sureties for his faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances of The City of New York if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of Six Hundred (\$600) Dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check

or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation and the contract will be re-advertised and let, as provided by law.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans. The work and materials must conform in every respect to such printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.
