STABILIZATION OF THE MEDALLION TAXI INDUSTRY - Negotiated Acquisition - Other - PIN# 15621N0001001 - AMT: \$67,000,000.00 - TO: New York Business Development Corporation, 50 Beaver Street, Albany, NY 12207.

It is imperative that TLC start processing relief payments through a Community Development Financial Institution (CDFI), to stabilize the medallion taxi industry, mitigate serious danger to this essential transportation service, and stimulate the industry's recovery from the pandemic. Medallion owners are burdened with taxi medallion loans they are unable to pay. Market share and earnings are on a downward trend, which has given rise to an unsustainable imbalance between medallion loan payments and cash flow from the operation of a taxi medallion. Conditions have worsened during the pandemic and there was an unforeseen halt in trips in the Manhattan Central Business District and at airports, which is the core foundation of the taxicab industry. Relief is urgently needed to address the imbalance between outstanding medallion loan payments, and the actual earnings from the operation of a taxi medallion.

Statement of Substantial Need for Earlier Implementation

I hereby find, pursuant to \$1043(e)(I)(d) of the New York City Charter, that there is a substantial need for the implementation, immediately upon its final publication in the City Record, of the rule amending the Noise Control Code Penalty Schedule (Chapter 47 of Title 15 of the Rules of the City of New York) to conform to Local Law 80 of 2021.

Local Law 80 of 2021 amended the Administrative Code of the City of New York in relation to Noise Control Code penalties. The local law becomes effective November 15, 2021 and therefore requires the amendments to the penalty schedule to take effect on the same date.

The earlier implementation of the rule is necessary in order to ensure that the appropriate penalties are in place on November 15 so as to comply with the effective date of the local law.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption

NOTICE IS HEREBY GIVEN that, pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development ("HPD") by Sections 1043 and 1802 of the New York City Charter and Section 23-961(b) of the Zoning Resolution, HPD is adopting amendments to Chapter 41 of Title 28 of the Rules of the City of New York. A notice of proposed rulemaking was published in the City Record on September 15, 2021. A public hearing was held on October 19, 2021.

Statement of Basis and Purpose of Adopted Rule

On March 22, 2016, the City Council approved amendments to the Zoning Resolution of the City of New York establishing a Mandatory Inclusionary Housing ("MIH") program which requires new housing developments, enlargements or conversions of more than 10 dwelling units or more than 12,500 square feet of residential floor area constructed in areas designated for MIH in the Zoning Resolution, to provide permanently affordable housing to qualified households. MIH Areas are designated through the land use review process as part of zoning actions that increase housing capacity.

The amendments also provided that HPD may establish alternative provisions for setting the Monthly Rent for Affordable Housing Units

located on MIH Sites. The rule amendments provide such alternative provisions for Affordable Housing Units in Buildings subject to a project-based Housing Assistance Payments Contract ("HAP Contract"). Such provisions would not apply to buildings participating in the Housing Choice Voucher program or any other tenant-based Section 8 program.

Affordable Housing Units in the MIH program are restricted to occupancy by Qualifying Households with an income not exceeding the applicable Income Band as specified in the Zoning Resolution or as provided by special permit of the Board of Standards and Appeals. Furthermore, the Zoning Resolution caps rents for such units at 30% of the Income Band applicable to that unit, minus the amount of any applicable utility allowance. Since MIH Affordable Housing Units must be registered as rent stabilized with the State Division of Housing and Community Renewal ("DHCR"), the legal regulated rents also cannot exceed 30% of the applicable Income Band.

Currently, Buildings that have a project-based Section 8 contract are eligible for subsidies from the United States Department of Housing and Urban Development ("HUD") covering the difference between the tenant's payment and the HUD Contract Rents for such unit. However, because the MIH program requires Building owners to register rents at no higher than 30% of the applicable Income Band, once such a Building becomes a participant in the MIH program, it would no longer be able to take full advantage of this subsidy. In other words, the subsidy would have otherwise equaled the difference between the tenant's payment and HUD Contract Rents rather than the more limited difference between the tenant's payment and 30% of the applicable Income Band.

The rule amendments would allow such MIH projects to register HUD Contract Rents as the Legal Regulated Rent, which could be above the current cap of 30% of the applicable Income Band. This would allow owners of such projects to continue to collect the full subsidy available through the HAP Contract.

Specifically, the rule amendments authorize rents for rental Affordable Housing Units on MIH Sites that are subject to project-based HAF Contracts during the term of such contract to exceed 30% of the applicable Income Band at initial occupancy and upon lease renewals if:

(a) such rents do not exceed HAP Contract Rents established by HUD:

(b) the tenant portion of the rent does not exceed the lesser of:

(1) 30% of the applicable Income Band, OR

(2) the tenant's maximum payment under the HAP Contract; and

(c) for any such MIH Site subject to a separate agreement with a federal, state or local governmental agency or instrumentality requiring a number or percentage of dwelling units to be rented to homeless households for initial occupancy and/or for re-rental upon a vacancy, the Affordable Housing Units are utilized to satisfy this requirement to the extent that there are enough Affordable Housing Units available.

The rule amendments also are part of a comprehensive rules review initiative undertaken by the NYC Mayor's Office of Operations, working with the City's rulemaking agencies, the Law Department, and the Office of Management and Budget. The initiative identified rules that will be repealed or modified to reduce regulatory burdens, increase equity, support small businesses, and simplify and update content to help support public understanding and compliance. The rule amendments advance this initiative by simplifying the language of existing Inclusionary Housing Rules. Furthermore, the rule amendments correct an inaccurate citation to the Zoning Resolution.

HPD's authority for these rules is found in section 1802 of the New York City Charter and section 23-961(b) of the Zoning Resolution.
