HEADQUARTERS FIRE DEPARTMENT,  
NEW YORK, September 2, 1891. }

Present—President Henry D. Purroy, in the chair, and Commissioners S. Howland Robbins and Anthony Eickhoff.

The President made the following statement relative to what had appeared in various newspapers concerning the Department about the time of the Park place disaster, on the 22d ultimo:

"As to matters which have occurred during my absence, I do not intend to say anything at present, inasmuch as I am not, as yet, thoroughly informed in regard to them, but I do desire to say emphatically that when, on August 20, I left town for my vacation, none of the employees of this Department were then improperly absent from their posts of duty.

"For many years, in the Fire Department, as in the cases of all the other city departments, the employees have been allotted a reasonable time during the summer months for vacation. It follows that where the number of employees is as great as in this Department, many of them are necessarily absent at the same time, but it is the duty of the heads of bureaus to see that the work of the absentees is performed temporarily by others, and that thus the public interests shall not suffer.

"As to the Commissioners, Commissioner Robbins took his vacation in July, Commissioner Eickhoff took his during August, and I left the city on the 20th of August to take mine. When I left, both Commissioners Robbins and Eickhoff were on duty. I went first to Saratoga, and from there to the northwestern part of the State, and from there to Canada. I was not in the way of newspapers, but when I learned that a serious accident had occurred in the city, I telegraphed to Commissioner Robbins subscribing to the fund for the sufferers thereat and giving him my views.

"When in Canada, during the last nine days, I saw no newspapers, and it was only accidentally that late last Monday night I came across a New York newspaper, when I at once interrupted my vacation and immediately took a through train to this city."

## Map of the City of New York, Showing Ward Lines.

The 811 deaths represent a death-rate of 25.00, against 22.45 for the previous week and 20.29 for the corresponding week of 1890.

Contagious and infectious diseases show a slight increase, the number of cases reported of diphtheria, measles, scarlet fever and typhoid fever being respectively 68, 48, 64 and 92, against 69, 38, 61 and 79 for the previous week. Diphtheria increased between Twenty-sixth and Eighty-sixth streets, East, and slightly also below Fourteenth street, east of Avenue B, and in the annexed district, decreasing, as a rule, elsewhere. Measles, as a rule, decreased pretty generally, excepting below Liberty street and above Eighty-sixth street, the marked increase in those localities being due to the cases reported from the Barge Office and Randall's Island Hospital. Scarlet fever increased south of Fourteenth street, east of Avenue B, and between Twenty-sixth and Fortieth streets, West, decreasing, as a rule, in other parts of the city. 43 out of the 92 cases of typhoid fever were below Fourteenth street, 30 above Eighty-sixth street, and 6 in the annexed district, leaving 13 for the remainder of the City, of which 8 were east of Sixth avenue.

By order of the Board.

EMMONS CLARK, Secretary.

Each estimate must contain the name and place of  
residence of the person making the same, the names of  
all persons interested with him therein, and if no other  
person be so interested, it shall distinctly state that fact.  
That it is made without any connection with any other  
person making an estimate for the same work, and is in  
all respects fair and without collusion or fraud. That  
no member of the Common Council, head of a depart-  
ment, chief of a bureau, deputy thereof, or clerk  
therein, or other officer of the Corporation, is directly  
or indirectly interested in the estimate or in the work to  
which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing,  
of the party making the same, that the several matters  
therein stated are true, and must be accompanied by the  
consent, in writing, of two householders or freeholders in  
the City of New York, to the effect that if the contract is  
awarded to the person making the estimate, they will,  
upon its being so awarded, become bound as his sureties  
for its faithful performance, and that if he shall refuse  
or neglect to execute the same, they will pay to the Cor-  
poration any difference between the sum to which he  
would be entitled upon its completion and that which  
the Corporation may be obliged to pay to the person to  
whom the contract shall be awarded at any subsequent  
letting; the amount to be calculated upon the estimated  
amount of the work by which the bids are tested.

The consent last above mentioned must be accom-  
panied by the oath or affirmation, in writing, of each of  
the persons signing the same, that he is a householder  
or freeholder in the City of New York, and is worth the  
amount of the security required for the completion of  
the contract, over and above all his debts of every  
nature, and over and above his liabilities as bail, surety,  
or otherwise, and that he has offered himself as surety  
in good faith, with the intention to execute the bond  
required by law.

No estimate will be considered unless accompanied by  
either a certified check upon one of the State or National  
banks of the City of New York, drawn to the order of  
the Comptroller, or money, or the amount of five  
per centum of the amount of the security required for  
the faithful performance of the contract. Such check  
or money must not be inclosed in the sealed envelope  
containing the estimate, but must be handed to the  
officer or clerk of the Department who has charge of  
the estimate-box, and no estimate can be deposited in  
said box until such check or money has been examined  
by said officer or clerk and found to be correct. All  
such deposits, except that of the successful bidder, will  
be returned to the persons making the same within  
three days after the contract is awarded. If the suc-  
cessful bidder shall refuse or neglect, within five days  
after notice that the contract has been awarded to him,  
to execute the same, the amount of the deposit made by  
him shall be forfeited to and retained by the City of  
New York as liquidated damages for such neglect or  
refusal; but if he shall execute the contract within the  
time aforesaid, the amount of the deposit will be  
returned to him.

THE COMMISSIONER OF PUBLIC WORKS  
RESERVES THE RIGHT TO REJECT ALL BIDS  
RECEIVED FOR ANY PARTICULAR WORK IF  
HE DEEMS IT FOR THE BEST INTERESTS OF  
THE CITY.

Blank forms of bid or estimate, the proper envelopes  
in which to inclose the same, the specifications and  
agreements, and any further information desired, can be  
obtained at Rooms 1, 5, 9 and 10, No. 31 Chambers  
street.

THOS. F. GILROY,  
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY  
ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT  
act of the Legislature (chapter 449, Laws of 1889),  
which provides that whenever any streets or avenues in  
the city, described in any grant of land under water,  
from the Mayor, Aldermen and Commonalty containing  
covenants requiring the grantees and their successors to  
pave, repave, keep in repair or maintain such streets,  
shall be in need of repairs, pavement or repavement  
the Common Council may, by ordinance, require  
the same to be paved, repaved or repaired, and  
the expense thereof to be assessed on the property  
benefited; and whenever the owner of a lot so assessed

shall have paid the assessment levied for such paving,  
repaving or repairing, such payment shall release and  
discharge such owner from any and every covenant and  
obligation as to paving, repaving and repairing, con-  
tained in the water grant under which the premises are  
held, and no further assessment shall be imposed on  
such lot for paving, repaving or repairing such street or  
avenue, unless it shall be petitioned for by a majority of  
the owners of the property (who shall also be the owners  
of a majority of the property in frontage) on the line of  
the proposed improvement.

The act further provides that the owner of any such  
lot may notify the Commissioner of Public Works, in  
writing, specifying the ward number and street number,  
of the lot that he desires, for himself, his heirs and  
assigns, to be released from the obligation of such  
covenants and elects and agrees that said lot shall be  
thereafter liable to be assessed as above provided, and  
thereupon the owner of such lot, his heirs and assigns  
shall thenceforth be relieved from any obligation to  
pave, repair, uphold or maintain said street, and the lot  
in respect of which such notice was given shall be liable  
to assessment accordingly.

The Commissioner of Public Works desires to give  
the following explanation of the operation of this act:  
When notice, as above described, is given to the  
Commissioner of Public Works, the owner of the lot or  
lots therein described, and his heirs and assigns, are  
forever released from all obligation under the grant in  
respect to paving, repaving or repairing the street in  
front of or adjacent to said lot or lots, except one assess-  
ment for such paving, repaving or repairs, as the  
Common Council may, by ordinance direct to be made  
thereafter.

No street or avenue within the limits of such grants  
can be paved, repaved or repaired until said work is  
authorized by ordinance of the Common Council, and  
when the owners of such lots desire their streets to be  
paved, repaved or repaired, they should state their desire  
and make their application to the Board of Aldermen  
and not to the Commissioner of Public Works, who has  
no authority in the matter until directed by ordinance of  
the Common Council to proceed with the pavement,  
repavement or repairs.

THOS. F. GILROY,  
Commissioner of Public Works.

## ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,  
STAATS-ZEITUNG BUILDING, TRYON ROW,  
NEW YORK, September 17, 1891.

PROPOSALS FOR ESTIMATES FOR FURNISHING Safe, Fire Hose, Kitchen Range and Utensils and Armorer's Tools for the Armories of the Eighth, Ninth, Twenty-second and Sixty-ninth Regiments, Troop "A," Signal Corps and the Second Battery, N. G. S. N. Y., New York City, will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 10.30 O'CLOCK A. M. OF THE 9TH DAY OF OCTOBER, 1891, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for furnishing Furniture, Safe, Fire-hose, Kitchen Range and Utensils and Armorer's Tools for the Eighth, Ninth, Twenty-second and Sixty-ninth Regiments, Troop 'A,' Signal Corps and the Second Battery, N. G. S. N. Y., New York City," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of ONE THOUSAND FIVE HUNDRED (\$1,500) DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons

signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of SEVENTY-FIVE DOLLARS (\$75). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit shall be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt on contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the Armory of the Twenty-second Regiment, southeast corner of the Boulevard and Sixty-eighth street.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined and specifications and blank forms for bids or estimates obtained, by application to the Inspector, John Guy, at the Twenty-second Regiment Armory, southeast corner of the Boulevard and Sixty-eighth street.

1,240 pieces of Granite, consisting of:

Class 1.—566 Headers and 546 Stretchers, containing about 23,000 cubic feet.

Class 2.—128 Coping-stones, containing about 10,240 cubic feet.

For further particulars, see the drawings referred to in the specifications forming part of the contract.

N. B.—As the above-mentioned quantities of cubic feet, though stated with as much accuracy as is possible, in advance, is approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of similar stones now owned by the Department of Docks, and of the plans and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic foot, to be specified by the lowest bidder, shall be due or payable for the entire work.

The first delivery of granite under this contract will be made as soon as practicable after the date of the execution of this contract, and will proceed thereafter with reasonable dispatch, and all the work to be done under this contract is to be fully completed on or before the 1st day of July, 1892, and the amounts in each delivery are to be divided between the several classes, as ordered by the Engineer-in-Chief. The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates the price per cubic foot for the stones to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person

be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Thursday, October 8, 1891, until 10 A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Pavilion for Insane, B. I.," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWELVE THOUSAND (\$12,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety.

The adequacy and sufficiency of the security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept, but do not execute the contract and provide such proper security, as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully; as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Dated New York, September 23, 1891.  
HENRY H. PORTER, President,  
CHARLES E. SIMMONS, M. D., Commissioner,  
EDWARD C. SHEEHY, Commissioner,  
Public Charities and Correction.
