The Clerk was then directed to road the following letter from the City Clerk to the County Clerk, which is as follows :

THE CITY OF NEW YORK—OFFICE OF THE CITY CLERK, CITY HALL, NEW YORK, December 3, 1898.

Hon, WM. SCHMER. County Clerk, New York County .

DEAS SIR—The election laws make the Municipal Assembly the Board of Canvassers for the head determination of the votes east in "The City of New York, or any portion thereof" for city offices, and requires said Board to meet on the first Monday in December for said purpose. By

offices, and requires said Board to meet on the first Monday in December for said purpose. By the same law the City Clerk is made Secretary of said Board.

Owing to the provisions of law in relation to the votes of citizens of the State entitled to vote, who were absent from their legal residences in the service of the United States as soldiers or sailors, which votes have not as yet been canvassed by the Election District Inspectors, it is evident that the Board of County Canvassers will not have completed the canvass of all the votes cast at the election, and therefore cannot make the certificates and statements requisite to enable the Board of City canvassers to make the determinations of the result as to city officers.

It therefore appears that, although the Municipal Assembly must meet on December 5, it will be necessary for them to adjourn until such time as the laws fix for the return, canvass and statements of these soldiers and sailors votes.

ments of these soldiers' and sailors' votes.

For those reasons, and in the absence of any precedents, inasmuch as you, as County Clerk and Secretary of the Board of County Canvassers of the County of New York, are the official proximate in the custody, distribution and certification of said votes to the Municipal Assembly, as the Board of City Canvassers, as well as the Board of Election District Canvassers, and to the Board of County Canvassers of the County of New York, I respectfully suggest that you address a communication to the Board of City Canvassers setting forth the status of the canvass so far as relates to the volts cast for city officers, which in this instance comprises the Justices of the City Count of New York, roted for in that portion of the County of New York formerly constituting the City of New York, roted for in that portion of the County of New York formerly constituting the City of New York. ing the City of New York.

Upon such a statement from you, the Board of City Canvassers at this tree meeting will be able to act intelligently upon the subject and avoid any subsequent error in procedure.

Very respectfully,

P. J. SCULLY, City Clerk and Secretary, Board of City Canvassers.

To which the following reply was received:

COUNTY CLERK'S OFFICE - NEW COUNTY COURT-HOUSE, I NEW YORK, December 5, 1898.

NEW YORK, December 5, 1898.

To the Honorable the Board of City Currenters of The City of New York :

GENTLEMEN—As Clerk of the Board of County Carouseses of the County of New York I have the honor to inform you that, owing to the provisions of law in relation to the votes of critical of the State of New York entitled to vote who were absent from their legal residences in the service of the United States as soldiers or sailors, which votes have not been caroused by the Election Inspectors, the Board of County Caroussers have not completed the carouss of all the votes and at the election held on the 8th day of November, 1898, and cannot make at this time the certificates and statements requisite to enable the Board of City Caroussers to determine the result of sail election as to candidates for city offices.

Agreeably to chapter 674 of the Laws of 1898, the Board of County Caroussers shall convene on the sixth Thursday after saic election day for the purpose of caroussing the statements and returns of the Inspectors of Election as to all ballots cast at such election by soldiers and sailors, and the result of such carouss shall be promptly submitted to your Honorable Body.

Respectfully yours,

WHILLIAM SUHMER, Clerk of New York County, and Clerk of the Board of County Caroussers of New York County.

At this point Councilman Leach saked for the reading of the Corporation Counsel's minimum.

At this point Councilman Leich asked for the reading of the Corporation Counsel's spinion

in the premises. Which is as follows:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 2, 15g8.

P. J. Schley, Esq., City Clerk:

Sig.—I am in receipt of your communication, hearing date Newmber 2st, requesting me in advise you as soon as possible if the office of fustice of the City Court is a State or Municipal office. Further, you ask whether if it is a Municipal office, is the determination made by the Municipal Assembly, and, if so, upon what day must it first meet.

Under the former decisions of the Court of Appeals the office of Justice of the City Court would have been held to be a State office, and there is very grave doubt whether in orinance such should not be the decision over now.

should not be the decision even now.

In view, however, of the recent action of that Court, which it is the daty of the community to follow, in my opinion, a Justice of the City Court must be held to be a City and not a State

This carries with is the duty on the part of the Municipal Assembly to ment on the first Monday of December and take the action provided for in section 138 of the Election Law, except as hereinnter mentioned.

herematter mentioned.

If it had not been for the cuactment of chapter 674 of the Laws of 150%, commonly homen as the Soldiers and Sailors Election Law, it would have been the duty of the Municipal Assembly to have performed all the acts mentioned in section 138 of the Election Law, and your own metals the steps provided for in the latter part of that section.

It is in no way probable that the vote of the absent soldiers and sailors can in any may after the result of the election of a Justice of the City Court.

But the provisions of section 1 of that act are very broad, and are as follows:

"Whenever in time of war any qualified elector of this State shall be in the annual military service of this State or of the United States, in the army or navy thereof, and by power than a absent from his election district, such absent elector shall be entitled to your as fully at the wron present at his place of residence in the manner hereinafter provided."

This section, as will be seen, gives the addiers and sailors and absolute right to very and the Soldiers and Sailors felection Law, while very defertive, must be so construct it parallels, as to give the absent soldier or sailor the right to exercise elective franchise for every offer to be undefer.

I think, therefore, the duty of the Municipal Assembly will be, after taking the action provided for in section 138, except a determination as to who is elected Justice of the City Court to then adjourn until it receives the result of the canvass made under section 13 at the Soldiers and Saltons Electron Law by the Board of County Canvassers.

The Board of County Canvassers, under that law, are supposed to perform their functions on the sixth Thursday after electron, but owing to a mistake in the act the sixth Thursday will really be the seventh Thursday, which is December 22.

I recommend, therefore, that the Municipal Assembly adjourn to some hour, in be fixed by it, on December 23, at which time it can make the final canvass and determination as in this office.

An examination of the Soldiers and Sailors Election Law shows that one of the many omissions in that law is of all provisions relating to canvassing of votes for a city office, but notwithstanding this omission in the act, I think it will be safer in adjourn, as already suggested, and then to make the declaration of the result by adding in to the prior canvass the result of the soldiers and sailors vote.

Voter

Yours, JOHN WHALEN, Corporation Counsel.

JOHN WHALEN, Corporation Counsel.

Councilman Brice then offered the following resolution:

Whereas, The County Clerk of the County of New York, in consequence of the provisions of chapter 574 of the Laws of 1858, commonly known as the Soldiers and Sailors Election Law, has been unable to prepare for transmission to this Board the statements for the entire computation of the votes of the soldiers and sailors of The City of New York who voted for candidates for the offices of Justices of the City Court while absent from their homes in the service of the Federal Government; and whereas said soldiers' and sailors' votes will not be ready until December 22; therefore be it

Resolved. That, in view of the above this Persel.

Resolved, That, in view of the above, this Board do now take a recess until Friday, December

23, 1898, at one o'clock v. M.

Which was adopted.

And the Chairman declared that the Board of City Canvassers took a recens until Friday,

At a meeting of the Board of Police of the Police Department of the City of New York, held on the 24th day of September, 1868.

Present—Commissioners York (President), Seaton and Abell.

The minutes of September 23 were read and approved.

In the matter of a protest against the Primary Return in the Twenty-lifth District of the Seventeenth Ward, Brooklyn, in which Frank W. Brinkmayer, Alvin T. Walsh and others protest against the carvaes of the vote cost at said primary upon the ground that two persons, viz., William Endie and James Guliney, are checked upon the roll as having voted, whereas they submit affiliavits that they did not vote at such primary.

The Board, after hearing the parties and considering the matter, determine that under the provisions of the Primary Election Law, where the unit of representation is an election district, the canvass of the votes remains wholly with the Board of Primary Inspectors in such election district, and that the Police Roard, a Custodian of Primary Recards, is not called upon to canvass said vote, and for that reason is obliged to accept the statement of canvass and declaration made by the Inspectors of Primary Election as smal in so far as the Custodian of Primary Records is concerned, and does, therefore, dismiss this protest in so far as any action can be had with reference to it by this Board.

PRESIDENT OF ROADS OF PUBLIC IMPROVEMENTS.
TOPOGRAPHICAL BUREAU, BORDON OF THE HEORY.
ONE HUMBER AND SEVENTI-SEVENTH STREET AND TOPOGRAPHICAL November 29, 1598,

Mr. Jonn H. Mooreny, Secretary. Board of Public Improvements of

Mr. John H. Mrovey, Scream. Based of Paulis Improvements.

Sign to explication of John Displace & Co. to construct a private state in Hawns Fort, Elizabing, Third Ward, Docompt of John as, to connect with the present city sewer at Amay and Marray treets, as shown on the map inclosed therein, I have to state that I have examined all the maps which were obtained from the honory Cown of Flushing in relation to severing and draining, which were fully by the Trooten of the former town and by special commissioners. It is recommended, therefore, before action to any of the sewering questions is taken, that the Commissioner of Severs prepare and submit to the Board of Public Improvements a complete plan, showing flucation and size and grades of the constructed sewers.

It is impresible to give a discission on sewer matters and the above recool map is made, especially since a statement was made to me that several sewers are overtasted at the present time.

The papers and the older print relating to the above matter are herewith retarded.

The papers and the blue print relating to the always matter are herewith returned.

Respectfully,

LOUIS A. RISSE,

Chief Topographical Engineer and Engineer of Concourse.

DEAR SIR-Lam in receipt of a letter, dated the arst inst., from the Secretary of the Board of Public Improcements, transmitting, for my internation, a copy of an opinion of the Corporation Coursel, to the effect that under the contract for the Brook Avenue Beam Tuonol "asphalt may be substituted for granife paving blocks, providing such substitution be made at the same price as bid for and that the increase in cost involve no more than \$3,950, but that no terribny outside of the contract area should be consider at as forming a part of the work of constructing a steel beam structure and abutments at the crossing of Brook avenue and the Port Morris Railroad, between East One Hundred and Filty-seventh street and Third avenue."

While the Corporation Counsel's opinion further states that the question of the modification of the contract by substituting a sphalt for granite may be decided in accordance with the wishes of the Board of Public Improvements. I learn that the Law Department agrees with my view that instance as the original specifications for this improvement were approved by the Board of Essimate and Apportionment, it is necessary that said Board should ratify the proposed change in

the contract. It is now in order for the Board of Public Improvements to sufficient the substitution of asphalt for granite, whereupon I will submit the outlier to the flound of Estimate and Apportionment for approval.
