In submitting the Budget for the year 1874, for the action of the Board of Estimate and Apportionment, I have thought it proper to accompany it with a statement of the reasons for the allowance of the amounts therein specified.

* This is only an apparent increase of \$53,438.41 for the Department of Taxes and Assessments, and is caused by the appropriation for this Department having been made on county account for seven months in 1873, amount-ing to \$59,600.41; showing an actual decrease in the appropriation for 1874 of \$6,162. † The increase in the general appropriation for "printing, stationery and blank books" in 1874 over that for 1873, is accounted for by the fact that it covered only seven months in the latter year, from May 18t to Dec. 315. Norz.—The appropriation for extra contingencies in 1872 was—\$200,000; and has been reduced to amount stated above by transfers. The appropriation for extra contingencies in 1873 is—\$200,000; and has been reduced to amount stated above by transfers.

I.-THE LEGISLATIVE DEPARTMENT.

The reduction of \$16,322.17, exhibited in this Department for the year 1874 is chiefly occa-sioned by the omission of the advertising and printing, which was included in the estimate for 1873. This reduction is only apparent as, by the Charter, the advertising and printing is provided for under another head in this budget.

IL-THE MAYORALTY.

The amount paid into the Treasury thus far (October 31), in the year 1873, is....... 46,403 oo

III.-THE DEPARTMENT OF FINANCE.

There is a net decrease of \$2,010.69 in this Department, although the Bureau for the Collec-tion of Assessments has been added to it this year, and the volume of business generally has been largely increased by the Charter.

IV .- THE DEPARTMENT OF TAXES AND ASSESSMENTS.

The reduction in this Department is made up of \$3,000 in stationery, which, by the Charter, is provided for under another head, and \$1,400 in contingencies, and for salaries, \$1,762, amounting in the aggregate to the sum of \$6,162; \$3,000 of which appears in this estimate under another head head.

V .- THE LAW DEPARTMENT.

ws an increase of \$28,484.60, chiefly in salaries, on account of a large increase of business in this Department.

VII.-THE DEPARTMENT OF PUBLIC PARKS.

Net increase

There is an increase in this department of \$120,500, made up by the following items:

Maintenance and government of parks and places. Repairs to pavement—City Hall Park (new item). Repairing sea wall—Battery. Jas for lighting parks—1872 and 1873. Harlem River bridge.	7,500 00
Observatory, Museum and Gallery of Art-Maintenance of	\$120,500 00

VIII.-THE DEPARTMENT OF BUILDINGS.

The increase in this Department is \$20,000 for salaries on account of an increase of the number of officers employed, and a more effective prosecution of the business of the Department.

IX .- THE DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

The net increase of \$44,685 50 is occasioned by the allowances made for new buildings and improvement of old buildings under the charge of this department, greatly increased accommoda-tion being absolutely necessary. A reduction was made in the amount called for by the Free Labor Bureau and School Ship "Mercury," providing for the same to July 1, 1874.

The item for printing and stationery is also omitted, the expense for this being provided for under another head, as in other departments.

X .- THE HEALTH DEPARTMENT.

A decrease in this Department of \$26,569.19 is mainly in the items for contingencies and print ing, the latter being provided for under another head, as in other cases under the Charter.

XI.-THE POLICE DEPARTMENT.

In this Department an increase is shown of \$244,342.47, made up by the following items:

 Police Fund to provide for increase in the force. For supplies (more being required). Construction of stables, Eighty-seventh and Eighty-ninth streets. For street cleaning—an increased expenditure being required to perform the work more effectively. For rents.	\$95,650 67 40,000 00 26,785 80 100,000 00 1,906 00
For rents	\$204,342 47

XII.-THE FIRE DEPARTMENT.

The additional amount required for this Department is \$200,111 00 for the following pur-

poses :

\$200,111 00

\$244,342 47

There is no room for doubt that the new fire steamboat, which will navigate the waters adja-cent to the city, would be of great service to the shipping and to the dwellings and structures near the water. It is to be provided with adequate pumps of large capacity. The aerial ladder is thought by the Department to be a valuable addition to the apparatus of the Department for saving life and property. The new buildings asked for are necessary.

XIII.-THE BOARD OF EDUCATION.

The estimate of the Board of Education shows an increase over 1873 of \$452,500, which is occasioned by an increase on the amount of salaries of teachers and others of \$61,000. The balance is required for purchasing sites and erecting new buildings and alterations and repairs of

In the year 1871 the Legislature authorized \$680,000—to be raised by the issue of bonds for new buildings—which amount has been expended during the years 1871, 1872 and 1873. The amount required for this purpose in the year 1874 must be raised by tax, and is included in the present estimate, which accounts for the greater part of the increase for this Board. Many of the school buildings were left by the predecessors of the present Board in a very bad condition, their repairs being greatly neglected. Although the sum of \$200,000 was appropriated for this pur-pose in 1873, more is needed for repairs, and, as the population increases, the need for new build-ings increases, and it is better to pay it from taxes than to go more into debt.

XIV .- THE COLLEGE OF THE CITY OF NEW YORK.

The amount is the same as was appropriated under this head in 1873, and as required by law.

XV.-ADVERTISING, PRINTING AND BLANK BOOKS.

Under this head is provided the expenses of the publication of THE CITY RECORD, the salaries of the Supervisors and his Assistants, and contingent expenses; also the expenses of advertising and all printing, stationery and blank books required by the Common Council and the Departments, as provided by the new charter. For this purpose the appropriation from May 1, 1873, was \$45,905 76. For 1874 the amount is estimated at \$92,000.

This appropriation includes those items of decrease for printing and stationery referred to under their respective heads in the estimates for the departments.

XVI .- THE CITY COURTS AND COURT EXPENSES.

The estimate under this head is for the expenses and salaries of justices, clerks and attendants of the Police and Civil Courts ; also for the expenses and salaries of clerks and officers of the

500,000.00

The increase in the item of interest on the City Debt is shown by the following statement :

A balance of \$1,326,071.61 remained unexpended of the appropriation for interest for 1872, and was applied to the interest account of 1873—thus requiring a less amount to be raised in 1873 than the actual amount of interest.

than the actual amount of interest. For 1874, the estimate includes the amount necessary to provide for the interest on the debt of the city, and an amount to meet any additions to the same in pursuance of laws now in force, re-quiring the issue of bonds for public improvements. The item of \$250,000, under the head of Reduction of the City Debt, is included, in con-formity to the provisions of sec. 17, of chap. 535, of the laws of 1873. The following table shows the amounts of the Departmental Estimates, and the purposes named and the amounts included in this budget; and also exhibits the reductions made from origi-nal estimates :

The inrease in the item of "Interest," to be provided for in 1874, arises mainly from the issue of stocks to pay the proportion of awards, etc., due by the County for lands taken in the opening of the Northern Boulevard above One hundred and fifty-fifth street, and also in part from bonds to be issued to pay the quota "chargeable to the City and County of New York for Canal and General Fund deficiences under and in pursuance of Chapter 734 of the Laws of 1872." as provided in Sec.
