• Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed,, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

#### HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a webbased system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal. which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport. cityofnewyork.us/page.aspx/en/rfp/request\_browse\_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page

**83624Y0075-AUTOMATED RECONCILIATION TOOL AND RELATED SERVICES** - Request for Information - PIN# 83624Y0075 - Due 1-14-24 at 5:00 P.M.

Pursuant to Section 3-05 of the NYC Procurement Policy Board Rules, it is the intent of the New York City Department of Finance ("DOF") to enter into sole source negotiations with Trintech, Inc. ("Trintech"), to maintain and support the Automated Reconciliation Tool and Related Services, Frontier Cash Web Client. This service is to assist the DOF'S

Citywide Payments Services & Standards ("CPSS") Division to enhance New York City's ("NYC") ability to track and recognize cash and cash equivalent transactions in multiple NYC Bank accounts. NYC Agencies collect cash receipts by a wide variety of methods and media that flow through numerous accounts at different commercial banks. Daily reconciliation of these numerous cash in-flows is an important CPSS oversight function and enhanced reconciliation tools that improve timeliness and accuracy are an important component of CPSS management, best practices, and proper compliance of cash inflows.

Any vendor, besides Trintech, that believes it can provide the above references services is invited to express its interest by submitting a response in PASSPort. Please complete the Acknowledgment tab and submit a response in the Manage Responses tab. If you have questions about the details of the RFx, please submit through the Discussion with Buver tab.

#### PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES

NYCHA is currently accepting applications for Pre-Qualified List (PQL) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established four (4) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting and Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab

All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQL's and to obtain applications, please visit NYCHA's website at: https://www.nyc.gov/site/nycha/ business/nycha-pql.page.

HASA 18 MONTH NAE WITH HOUSING WORKS FOR PERMANENT CONGREGATE HOUSING - Negotiated Acquisition - Other - PIN# 06924N0006 - Due 1-3-24 at 8:00 P.M.

HRA/HASA intends to extend the Housing Works contract for 36 units of Permanent Congregate housing and supportive services to HASA clients for 18 months. The current contract will end December 31, 2023 and is being extended because the agency cannot afford a delay to these services that provides permanent supportive housing for Persons Living with HIV/AIDS (PLWHA). The RFP for this contract is scheduled for release in FY25 and will be awarded by July 1, 2025. The proposed Negotiated Acquisition Extension (NAE) term will be from January 1, 2024 through June 30, 2025 which will cover the time until a new contract is in place. The total contract amount for this NAE will be \$1,071,192.00. Procurement and award is in accordance with Section 3-01(d)(2)(vii) for the reasons set forth herein.

HOUSING WORKS- COVID TESTING, ISOLATION AND  $\overline{\textbf{VACCINATION}}$  - Negotiated Acquisition - Other - PIN#06924N0008 - Due 1-2-24 at 8:00 P.M.

Pursuant to Section 3-04 of the PPB Rules, Department of Social Services is entering into a Negotiated Acquisition (NA) contract with Housing Works to provide timely COVID testing, isolation and vaccination services for DSS shelter clients and for provider staff at DSS facilities for FY24 with a contract amount of \$6,896,592.00.

Housing Works is the best candidate for this Negotiated Acquisition at this time because HRA contracted with this provider to administer COVID-19 testing and vaccinations from January 1, 2021 to June 30, 2023 to HRA shelter clients and to vulnerable individuals at HRA housing sites. This NA would essentially allow Housing Works to continue to provide this important and time-sensitive public health service and the necessary administrative support to achieve the following aims: allow rapid isolation of infected persons; link persons infected with COVID to care; decreased the risk of COVID transmission; and reduce the number of infections and deaths among DSS clients. An RFP is being developed for these services. Since the award will not be in place for July 1, 2023, this Negotiated Acquisition (NA) would allow DSS to continue providing COVID testing, isolation and vaccinations for our vulnerable clients and provider staff for Fiscal Year 2024.

Pursuant to §3-04(b)(2)(i)(D) of the Procurement Policy Board Rules, there is a compelling need for these services that cannot be timely met through competitive methods. This Negotiated Acquisition (NA) would allow DSS to continue providing COVID testing, isolation and vaccinations for our vulnerable clients and provider staff for Fiscal Year 2024 while the Agency is working on a new RFP for these services.

### **AGENCY RULES**

#### **HEALTH AND MENTAL HYGIENE**

■ NOTICE

#### **BOARD OF HEALTH**

### Notice of Adoption of Amendments to Article 13 of the New York City Health Code

In accordance with section 1043 of the New York City Charter ("Charter") and pursuant to the authority granted to the Board of Health ("Board") by section 558 of said Charter, a notice of intention to amend Article 13 (Laboratories) of the New York City Health Code ("Health Code") was published in the City Record on October 27, 2023 inviting the public to offer comments on these proposed amendments. The New York City Department of Health and Mental Hygiene ("Department") held a public hearing on these proposed amendments on November 27, 2023. No member of the public spoke at the public hearing or submitted written comments. The Department has not made any changes to the proposed amendments and requests that the Board adopt the proposed amendments as set forth below.

At its meeting on December 19, 2023, the Board of Health adopted the following resolution.

#### Statement of Basis and Purpose

The Department's Division of Disease Control conducts disease surveillance and control activities for most of the diseases required to be reported pursuant to Article 11 (Reportable Diseases and Conditions) of the Health Code. The Division of Disease Control also enforces Article 13 (Clinical Laboratories) of the Health Code, which regulates the performance of laboratory tests and reporting of test results. In addition, the Department is required to comply with various provisions of Part 2 of the New York State Sanitary Code, found in Title 10 of the New York Codes, Rules and Regulations, with respect to control of communicable diseases.

To conduct more effective, timely and complete disease surveillance and control, the Board now amends Article 13 of the Health Code as described below.

Syphilis reporting

The Board amends Health Code § 13.03(b)(2) to require laboratories to report all negative syphilis test results and to simplify reporting requirements when laboratories perform required follow-up testing. The Health Code previously required the reporting of all positive and indeterminate syphilis test results, but only some negative syphilis test results. Amending the Health Code to enable the collection of all negative syphilis test results will improve diagnosis and treatment of

patients and their sexual partners.

In 2021, there were 9,965 reported cases of syphilis among New York City residents. Without appropriate treatment, syphilis can damage the heart, brain and other organs and can be life-threatening. Testing and diagnosis of syphilis is complex. Accurate diagnosis often requires an assessment of multiple types of tests and a review of testing history to determine whether a patient is currently infected and, if they are, their disease stage and treatment regimen. Without knowledge of prior negative test results, a reinfection can be misinterpreted as evidence of prior infection, delaying treatment and increasing the risk of disease progression, poor health outcomes and disease transmission. Since a syphilis diagnosis triggers contact tracing (notifying sexual partners and offering testing), delays in diagnosis can also impact partners' health and further increase the risk of onward transmission. In addition, having all negative syphilis test results will allow the Department to monitor compliance with the Health Code requirement for providers to test pregnant persons for syphilis during 28 to 32 weeks of pregnancy (see, Health Code § 11.33). This requirement was added to the Health Code in 2019 to reduce the risk of congenital syphilis, which is preventable with timely identification and treatment of syphilis in a pregnant person. Reporting of all syphilis test results will allow the Department to identify providers in need of education regarding the testing requirement, thus advancing efforts to reduce cases of congenital syphilis in New York City. Having negative test results will also help the Department monitor whether infants exposed to syphilis receive appropriate follow-up testing, consistent with Centers for Disease Control and Prevention guidelines.

The Board also adopts changes to simplify reporting requirements where follow-up syphilis testing is performed following an indeterminate test result. With reporting of all syphilis test results by this amendment, separate reporting rules will not be needed when specimens are referred to another laboratory for additional testing. This reporting change will streamline reporting for laboratories and improve reporting accuracy.

Hepatitis B Reporting

The Board amends Heath Code § 13.03(b)(3)(B) to require laboratories to report all hepatitis B e antigen and all hepatitis B surface antigen test results, including negative and indeterminate results. The Health Code currently requires, pursuant to § 13.03(a), the reporting of all positive test results for any disease or condition required to be reported pursuant to Article 11, including hepatitis B. Additionally, the Health Code currently requires, pursuant to § 13.03(b)(3)(B), laboratories to report all hepatitis B DNA test results, including positive, negative and indeterminate results, and further requires laboratories to report all hepatitis B surface antigen and hepatitis B surface antibody test results for children under 5 years of age when patient age is known. Amending the Health Code to require the reporting of all hepatitis B surface antigen test results for all ages, as well as all hepatitis B e antigen test results, will improve individual patient outcomes and decrease hepatitis B morbidity and mortality in New York City.

More than 243,000 people are living with chronic (active) hepatitis B in New York City, with 5,346 new cases reported in 2021. Most people who acquire hepatitis B infection as adults will clear the virus on their own, but many will progress to chronic hepatitis B, which can lead to serious health issues, including cirrhosis and liver cancer. All people with chronic hepatitis B require engagement in care and regular monitoring for liver damage and other complications; a subset require treatment with antiviral medications.

Hepatitis B e antigen and hepatitis B surface antigen testing are used to diagnose hepatitis B infection and determine whether a person has chronic infection requiring treatment. Hepatitis B e antigen and hepatitis B surface antigen testing may also be used for people already diagnosed with chronic hepatitis B, including for disease monitoring, providing important information on infectiousness and treatment eligibility, and case classification by the Department.

Without negative hepatitis B e antigen and hepatitis B surface antigen test results, the Department has limited knowledge regarding follow-up testing and treatment of people who have tested positive for hepatitis B. Amending the Health Code to require the reporting of negative hepatitis B e antigen and hepatitis B surface antigen test results will allow the Department to better estimate the proportion of New Yorkers with hepatitis B infection who are appropriately tested and linked to care, identify gaps in access to care, develop targeted interventions to increase linkage to care and improve provider knowledge of hepatitis B testing and treatment guidelines, and increase disease monitoring.

Hepatitis C Reporting

The Board amends Heath Code  $\S$  13.03(b)(3)(C) to require laboratories to report all hepatitis C antibody test results, including positive, negative and indeterminate results. The Health Code currently requires laboratories, in addition to reporting all positive hepatitis C test results pursuant to  $\S$  13.03(a), to report all hepatitis C nucleic acid

amplification test results. Amending the Health Code to require the additional reporting of all hepatitis C antibody test results will improve individual patient outcomes and decrease hepatitis C morbidity and mortality in New York City.

More than 86,000 people are living with chronic hepatitis C in New York City, with 2,832 new cases reported in 2021. Approximately 15% of people with hepatitis C will clear the virus on their own, but most will develop chronic hepatitis C, which can lead to serious health issues, including cirrhosis and liver cancer if left untreated. Identification of acute hepatitis C infection (infection within six months following exposure to the virus) allows an opportunity to recognize and break chains of hepatitis C transmission. However, of the 2,832 cases of hepatitis C reported to the Department in 2021, only 130 were identified to be acute infections through resource-intensive case investigation.

Hepatitis C antibody testing is an initial screening test to determine whether a person has a current or prior hepatitis C infection, which should be followed by a confirmatory hepatitis C RNA test. More complete detection of acute infection could be made possible by identifying people who had a negative hepatitis C antibody test within 12 months of such negative hepatitis C antibody test. Such a pattern would indicate seroconversion and recent infection, which would prompt the Department to investigate the transmission event and engage the individual in care. Reporting of negative hepatitis C antibody results will thus allow the Department to better recognize recent hepatitis C transmission and detect clusters, improve its understanding of hepatitis C disease burden in New York City, identify inequities in hepatitis C screening to inform targeted outreach and other public health interventions, and support earlier linkage to care, treatment and cure for people with recent infection, thereby reducing the risk of transmission.

#### **Statutory Authority**

The authority for these amendments to the Health Code is found in sections 556, 558 and 1043 of the Charter. Section 556 of the Charter provides the Department with jurisdiction to regulate all matters affecting health in New York City. Section 558 of the Charter empowers the Board to amend the Health Code and to include all matters to which the Department's authority extends. Section 1043 grants the Department rule-making authority.

The amendments are as follows:

Note:

Text in [brackets] is to be deleted.
Text <u>underlined</u> is new.
Asterisks (\*\*\*) indicated unamended text.

"Shall" and "must" denote mandatory requirements and may be used interchangeably unless otherwise specified or unless the context clearly indicates otherwise.

**RESOLVED**, that the section heading and subdivision (b) of section 13.03 of Article 13 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, are amended to read as follows:

### $\S$ 13.03 Report of Findings, Supplemental Testing[,] and Submission of Isolates.

\*\*

(b) (1)

\*\*\*

- (2) With regard to syphilis[, in addition to reporting any positive or reactive test results, any treponemal or non-treponemal results, whether qualitative or quantitative, shall be reported to the Department, and additional testing must be performed and the results reported, as follows]:
- (A) [Any negative or non-reactive test results, or any quantitative results, on syphilis tests associated with positive or reactive results] All syphilis test results, whether positive, negative or indeterminate, shall be [separately] reported to the Department. For purposes of this paragraph, syphilis tests include, but are not limited to, treponemal tests, non-treponemal tests and direct detection tests, such as darkfield microscopy, direct fluorescent antibody and polymerase chain reaction tests.
- (B) Where the result of a <u>treponemal or non-treponemal</u> syphilis test is indeterminate, the laboratory must [report the indeterminate test result to the Department] <u>perform additional testing as provided herein</u>. For purposes of this [subsection (b)(2)] <u>subparagraph</u>, an indeterminate test result is one in which the result of a test is weakly reactive, minimally reactive, equivocal, inconclusive, or otherwise indeterminate; an indeterminate result does not include instances where two separate tests have conclusive but discordant results.

- i. When a treponemal test result is indeterminate, the laboratory must perform, or refer the specimen to another laboratory for the performance of, a second treponemal test on the same specimen using an alternate treponemal test within 24 hours of obtaining the indeterminate result [and report the results of that second test to the Department]. Where the result of the second treponemal test is also indeterminate, whether performed by the same laboratory or a different laboratory, no additional treponemal test is required.
- ii. When a non-treponemal test result is indeterminate, the laboratory must perform, or refer the specimen to another laboratory for the performance of, a second non-treponemal test on the same specimen using the same or an alternate non-treponemal test within 24 hours of obtaining the indeterminate result [, and report the results of that second test to the Department]. Where the result of the second non-treponemal test is also indeterminate, whether performed by the same laboratory or a different laboratory, no additional non-treponemal test is required.
- [(C) If a laboratory has been referred a specimen to perform only tests associated with a positive result or an indeterminate result obtained at the referring laboratory, and such associated syphilis tests have yielded only negative or non-reactive results, then only the referring laboratory shall report said negative or non-reactive results to the Department within 24 hours of obtaining the results from the testing laboratory.
- (D) If a laboratory obtains negative or non-reactive results or an indeterminate result on a specimen submitted for syphilis testing and refers a specimen for further syphilis testing to another laboratory, and such further syphilis tests yield positive or reactive results, then, in addition to the testing laboratory reporting such positive or reactive results, the referring laboratory shall report both the negative or non-reactive results or indeterminate result obtained by it and also the positive or reactive results of any such further syphilis testing within 24 hours of obtaining the results from the testing laboratory.
- (E) If a laboratory has been referred a specimen to perform only tests associated with an indeterminate result obtained at the referring laboratory, and such associated syphilis tests have yielded only indeterminate results, then, in addition to the testing laboratory reporting such indeterminate results, the referring laboratory shall report both the indeterminate result obtained by it and also the indeterminate results of such further syphilis testing within 24 hours of obtaining the results from the testing laboratory.]

(3)(A)

\*\*\*

- (B) With regard to hepatitis B, all hepatitis B DNA, hepatitis B e antigen and hepatitis B surface antigen test results must be reported, including positive, negative[,] and indeterminate results. In addition, all [hepatitis B surface antigen and] hepatitis B surface antibody test results, including positive, negative[,] and indeterminate results, for children ages 0 days to 1,825 days (birth up to the fifth birthday) must be reported electronically in accordance with subdivision (c) of this section when patient age is known. Blood bank laboratories and other laboratories that perform hepatitis B DNA, hepatitis B e antigen or hepatitis B surface antigen tests on donated blood are exempt from reporting negative and indeterminate hepatitis B DNA, hepatitis B e antigen or hepatitis B surface antigen test results for such donated blood.
  - (C) With regard to hepatitis C:
- (i) All hepatitis C nucleic acid amplification <u>and hepatitis C antibody</u> test results, including [both] positive, [and] negative <u>and indeterminate</u> results, must be reported electronically in accordance with subdivision (c) of this section. Blood bank laboratories and other laboratories that perform hepatitis C nucleic acid amplification <u>and hepatitis C antibody</u> tests on donated blood, without a positive hepatitis C antibody test, are exempt from reporting negative hepatitis C nucleic acid amplification or hepatitis C antibody test results for such donated blood.

#### **BOARD OF HEALTH**

### Notice of Adoption of Amendments to Article 11 of the New York City Health Code

In accordance with section 1043 of the New York City Charter ("Charter") and pursuant to the authority granted to the Board of Health ("Board") by section 558 of said Charter, a notice of intention to amend Article 11 of the New York City Health Code ("Health Code") was published in the City Record on October 27, 2023 inviting the public to offer comments on these amendments. The New York City

Department of Health and Mental Hygiene ("Department") held a public hearing on these amendments on November 27, 2023. No one spoke at the public hearing and no written comments were received. The Department has not made any changes to the proposed amendments and requests that the Board adopt the amendment text as published in the City Record.

At its meeting on December 19, 2023, the Board of Health adopted the following resolution.

#### Statement of Basis and Purpose

The Department's Division of Disease Control conducts disease surveillance and control activities for most of the diseases required to be reported pursuant to Article 11 (Reportable Diseases and Conditions) of the Health Code.

To conduct more effective, timely and complete disease surveillance and control, the Board now amends Article 11 of the New York City Health Code as described below.

### $Reporting\ Carbapenem-Resistant\ Organism\ (CRO)\ from\ Animals$

Carbapenems are a class of antibiotics that are effective against many types of bacteria, including bacteria that may be resistant to other types of antibiotics. The Department is requesting that the Board amend Health Code  $\S11.25(a)(2)$  to add carbapenem-resistant organisms (CRO) to the list of reportable diseases in animals, making it reportable by veterinarians, animal care professionals, and veterinary diagnostic laboratories.

Antimicrobial resistance is a growing threat to humans and animals. Like people, animals can be infected with CROs, and like human healthcare facilities, veterinary hospitals can have CRO outbreaks. While the risk of CRO-infected animals to human health is unknown, suspected CRO transmission has occurred between veterinary professionals and animal patients. And human and animal bacteria are routinely shared between owners and pets living in the same household, showing the potential for CRO transmission in households.

CROs have been detected in animals in the United States. In 2018, a cluster of animals with CRO was identified at a Philadelphia veterinary facility. The facility, in collaboration with the local health department, used multiple interventions to control CRO spread among veterinary patients. W CRO infections are already being detected in NYC pets, as seen by data shared by a high-volume NYC veterinary hospital. A 2017 retrospective analysis from this facility identified 32 CROs cultured from pets over a five-month period. Currently, there are no routine mechanisms for the Department to be notified about CRO infections among animals in real time to enable molecular characterization, infection prevention, and containment in animal care facilities.

One Health is a collaborative, multidisciplinary approach, born from the idea that human health is deeply connected to animal and environmental health. In a 2019 report on Antibiotic Resistant Threats in the United States, CDC emphasized that a One Health approach is critical for combating antibiotic resistance. CDC highlighted that to address gaps in the fight against antibiotic resistance, we need state and local tools to detect and respond to antibiotic-resistant threats; improved local antibiotic resistance data to better understand trends and inform outbreak response; and increased collaboration between public health and health care to prevent the spread of resistant organisms.

This Health Code amendment uses a One Health approach to address the needs outlined by CDC and this revision is consistent with recently proposed changes for human CRO reporting in NYC. By making CROs in animals reportable, the Department will be better equipped to monitor CRO trends in animals, identify risk factors for CROs in animals, and guide interventions for CRO prevention and containment.

#### **Statutory Authority**

The authority for this amendment is found in Sections 556, 558 and 1043 of the Charter. Section 556 of the Charter provides the Department with jurisdiction to protect and promote the health of all persons in the City of New York. Sections 558(b) and (c) of the Charter empower the Board to amend the Health Code and to include all matters to which the Department's authority extends. Section 1043 grants the Department rule-making authority.

The adopted rule to read as follows: Note:

Matter in [brackets] is to be [deleted]. Matter <u>underlined</u> is <u>new</u>.

Asterisks (\*\*\*\*) indicate unamended text.

"Shall" and "must" denote mandatory requirements and may be used interchangeably unless otherwise specified or unless the context clearly indicates otherwise.

**RESOLVED**, that paragraph 2 of subdivision (a) of section 11.25 of Article 11 of the New York City Health Code, as set forth in Title 24 of the Rules of the City of New York, be amended to include

carbapenem-resistant organisms to the list of reportable animal diseases communicable to humans, in alphabetical order, and for such list to now read as follows:

### \$11.25 Reports and control of animal diseases communicable to humans.

(a) Diseases reportable.

(2) Animals infected with any of the diseases set forth in this paragraph shall be reported to the Department within 24 hours of confirmed diagnosis by telephone or in writing by submission of a report form via facsimile, mail or in an electronic transmission acceptable to the Department:

#### **BOARD OF HEALTH**

#### Notice of Adoption of Amendments to Article 203 of the New York City Health Code

In compliance with section 1043(b) of the New York City Charter ("the Charter") and pursuant to the authority granted to the New York City Board of Health ("Board of Health") by section 558 of the Charter, a notice of intention to amend Article 203 of the New York City Health Code ("the Health Code") was published in the New York City Record on October 27, 2023, and a public hearing was held on November 28, 2023. Two individuals testified at the hearing and seven written comments were received. At its meeting on December 19, 2023, the Board of Health adopted the following resolution.

#### Statement of Basis and Purpose of Rule

Medication-induced termination of pregnancy involves the intentional use of medicines to end a pregnancy. More than half (54%) of induced terminations of pregnancy ("ITOPs") in the United States are conducted using this method.¹ Eligible patients who opt for medication ITOPs can receive their medication from a licensed provider, or from a retail or mail-order pharmacy.

Currently, the most common medication ITOP in the United States is a two-drug regimen using mifepristone and misoprostol. This regimen is approved for use up to 10 weeks of pregnancy,² and research has shown provision beyond 10 weeks is safe and effective.³ The U.S. Food and Drug Administration ("FDA") first approved mifepristone for medication abortion in 2000, and issued subsequent updates to its approved use in 2016 and 2021. Since 2016, the FDA labeling for mifepristone no longer indicates that the medication should be used only in the clinician's office. Since 2021, the FDA has allowed patients to receive the medication either in person or via mail delivery. As of January 2023, the FDA also authorized retail pharmacies to dispense mifepristone. With the removal of the requirement for in-person dispensing, telemedicine has increasingly become a more common modality for patient access. Patients can safely and effectively receive

- Abortion care guideline (who.int)

and use mifepristone along with misoprostol at home and routine inperson follow up is not normally necessary after a medication ITOP.

All ITOPs in New York City must be reported to the Department pursuant to Article 203 of the Health Code. However, there has been some uncertainty among health care providers about whether medication ITOPs should be reported pursuant to Article 203 because the Health Code does not include an explicit provision for a medication ITOP that occurs in the home without a health care provider in attendance then or afterwards. This amendment is intended to eliminate that uncertainty.

The Board is amending Article 203 to specifically include medication ITOPs within the existing definition of ITOP, clarify that they must be reported to the Department when the patient is within New York City at the time the abortion medication is prescribed or ordered, and specify the timing of the reporting. In addition, the Board is modifying first sentence of section 203.07(a) to insert the words "certification and" preceding "confidential medical report," which had been inadvertently omitted when that section was recently amended.

Seven written comments were received and two individuals testified at the public hearing on November 28, 2023. The comments all reflect the uncertainty that exists in the public and medical community about the current long-standing requirement to report all ITOPs, including medication-induced ITOPs, to the Department as part of its important vital records function. These reporting requirements are important to the development of appropriate population-level services and policies ensuring equity-based reproductive health care for all. The comments also expressed concern that information reported could become public. It bears emphasizing that all vital records reports, including termination of pregnancy reports, are kept strictly confidential and are protected by stringent City, State, and Federal law. The same holds true for the reporting of ITOPs, as clarified by these amendments. Moreover, all vital records data is reported by the Department in a manner using protective statistical methods to ensure that re-identification of any individual is impossible. As such, no changes have been made in response to the comments.

The Board is, however, making three changes from the proposed rule. First, the Board is making the definition of "medication-induced termination of pregnancy" in section 203.01(f) clearer by deleting unnecessary language. Second, the Board is changing "prescribing" to "prescribing or ordering" in section 203.03(a)(5) in order to be consistent with language describing the same event in other provisions of Article 203. And finally, the words "including five business days" are being added to the amendment of section 203.03(c) to clarify that all ITOPs must be reported within that period of time.

The amendments are as follows:

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

RESOLVED, that subdivision (c) of section 203.01 of Article 203 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, is amended, and a new subdivision (f) is added to such section, to read as follows:

- "Induced termination of pregnancy" means the purposeful interruption of an intrauterine pregnancy with the intention other than to produce a live-born infant and which does not result in a live birth.
  - This definition includes "medication-induced termination of pregnancy" as defined in this article.
  - This definition excludes management or prolonged retention of products of conception following a spontaneous termination of pregnancy.
- "Medication-induced termination of pregnancy" means an induced termination of pregnancy using medication prescribed or ordered by a licensed heath care practitioner. A medication-induced termination of pregnancy occurs in the City when a licensed heath care practitioner prescribes or orders the medication for a patient.

RESOLVED, that subdivisions (a) and (c) of section 203.03 of Article 203 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

When a termination of pregnancy occurs in the City it shall be reported as follows:

National Academies of Sciences, Engineering, and Medicine. The safety and quality of abortion care in the United States. Washington, DC: National Academy of Sciences; 2018.

- If the event is investigated by the office of chief medical examiner, by a medical examiner within that office; or
- If the event is a medication-induced termination of pregnancy, by the licensed health care practitioner prescribing or ordering the medication.
- A certificate of termination of pregnancy required by this section shall be filed within 24 hours after the event if a disposition permit [to dispose of the conceptus] issued pursuant to Article 205 of this Code is required or requested, and in all other cases a certificate of termination of pregnancy shall be filed [within five business days after the event] with any office maintained and designated by the Department for such purposes within five business days, including within five business days after the date the medication for a medication-induced termination of pregnancy was prescribed or ordered.

**RESOLVED,** that subdivision (a) of section 203.07 of Article 203 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, is amended to read as follows:

The certificate and confidential medical report of a spontaneous termination of pregnancy and the certificate of induced termination of pregnancy shall be confidential and not subject to disclosure or to inspection by persons other than the Commissioner or authorized personnel of the Department. The Commissioner or the Commissioner's designee may, however, approve the inspection by others of such medical reports and reprive the inspection by others of such metal reports and certificates for scientific purposes or in accordance with federal, New York State, or New York City law.

#### **NOTE:**

- Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel
  excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline
  invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item
  on your invoice.
- 2. The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.
- 3. Items 1 4 on contract 4287148 and 5 20 on contract 4287149 are effective as of June 1st, 2022.
- 4. Items 1 4 on contract 4387063 are effective as of December 19, 2022.
- 5. Federal Superfund Tax is included in the DCAS weekly pricing schedule, and it should not show as an additional fee.

#### REMINDER FOR ALL AGENCIES:

All entities utilizing DCAS fuel contracts are reminded to pay their invoices on time to avoid interruption of service. Please send inspection copy of receiving report for all gasoline (E70, UL PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

Starting November 1st, City agencies must transition from non-winterized fuel to winterized fuel.

Please make sure your agency orders winter fuel according to the fuel options listed on the weekly price schedule.

#### READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays. 5:00 P.M., except on legal holidays

NOTICE TO ALL NEW YORK CITY

CONTRACTORS
The New York State Constitution ensures that all The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

## CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES The City of New York is committed to achieving

excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth
of goods, services, construction and construction-related
services every year. The NYC Procurement Policy Board
Rules require that agencies primarily solicit from
established mailing lists called bidder/proposer lists.
Registration for these lists is free of charge. To register
for these lists, prospective suppliers should fill out and
submit the NYC-FMS Vendor Enrollment application,
which can be found online at www.nyc.gov/selltonyc.
To request a paper copy of the application, or if you
are uncertain whether you have already submitted
an application, call the Vendor Enrollment Center at
(212) 857-1680.

### SELLING TO GOVERNMENT TRAINING WORKSHOP

WORKSHOP
New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

#### PRE-QUALIFIED LISTS

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any demial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

#### NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit yway now gov/pocss. or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on MWBE Certification and Access. click on M/WBE Certification and Access

#### PROMPT PAYMENT

PROMPT PAYMENT
It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in

HOW TO READ CR PROCUREMENT NOTICES
Procurement notices in the CR are arranged by
alphabetically listed Agencies, and within Agency, by
Division if any. The notices for each Agency (or Division)
are further divided into three subsections: Solicitations,
Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.
