## Orders Issued by the Board of Health.

Orders of the Board for the abatement of nuisances are issued under the supervision of the Assistant Sanitary Superintendents in the various boroughs, upon the facts and evidence contained in the written reports of the Sanitary Inspectors, the result of

personal inspection of premises complained of. These orders call the attention of owners, lessees and agents to violations of the Sanitary Code and Health Laws in each case, and require the necessary alterations, repairs, cleaning and improvement of the premises named within three days from the receipt of the order. If, upon reinspection, it is found that the requirements of the order have not been complied with, a suit for penalty is commenced against the delinquents under sections 1172 and 1222, chapter 466, Laws of 1901.

Summary of clerical work performed in the various boroughs in connection with the issuance of Board Orders, negative reports filed, and fees paid and certificates issued, the result of searching for sanitary violations against premises; also written references forwarded to other city departments, as follows:

## Searches and Transcripts of Births, Marriages and Deaths.

Certified copies of the records of Vital Statistics as may be found to be on file in the Bureau of Records are furnished to applicants authorized to receive same, namely, interested parties, next of kin, legal representatives, etc., upon payment of the fee in such cases prescribed by the Board of Health. Written orders are signed by the Assistant Chief Clerk in the various boroughs and issued to the Assistant Registrar of Records, authorizing the search and issuance of a transcript of the record, which, in accordance with the regulations of the Board is authenticated by affixing the seal of the Department of Health, and attested by the signature of the Assistant Chief Clerk of the borough. When search is made and the record is not found to be on file, an official certificate is issued to that effect.

Summary of applications for searches made to the Assistant Chief Clerks in the various boroughs, showing fees received and work performed in connection with searches and transcripts of the records of births, marriages and deaths on file in the Bureau of Records in the Department:

## DEPARTMENT OF FINANCE.

Department of Finance, Bureau for the Collection of Assessments  
and Arrears of Taxes, Assessments and Water Rents,  
No. 280 Broadway,  
New York, October 29, 1906.

## NOTICE OF EXPIRATION OF TIME TO REDEEM LANDS AND TENEMENTS IN THE BOROUGH OF MANHATTAN SOLD FOR CERTAIN UNPAID TAXES AND WATER RENTS.

Under direction of Herman A. Metz, Comptroller of The City of New York, notice is hereby given to the owners, lessees, occupants and all persons otherwise interested in the lands and tenements hereinafter particularly described as sold, and to the mortgagees of the real estate so sold, their assignees or personal representatives, that the lands and tenements, described in the following list, within that part of The City of New York known as the Borough of Manhattan, were sold at public auction by the Collector of Assessments and Arrears of said City on the 14th, 21st and 28th days of June, 1905, on the 20th and 25th days of September, 1905, and on the 23d day of October, 1905, for the respective terms of years stated in the following list, in default of payment of taxes of any or all of the years 1886 to 1901, and water rents of any or all of the years 1885 to 1900, due on the said property.

And notice is hereby further given that unless the lands and tenements so sold be redeemed by the persons claiming title to the same or interest therein, or by some other person or persons, on or before the expiration of two years from the dates of sale of the said lands and tenements, respectively, which will be on the 14th, 21st and 28th days of June, 1907, on the 20th and 25th days of September, 1907, and on the 23d day of October, 1907, as the said lands and tenements are specifically enumerated in this advertisement under the respective dates of sale, by paying to the Collector of Assessments and Arrears of said City for the use of the purchasers of said lands and tenements so sold, their heirs, executors, administrators or assigns, the sums of money for which the same were sold, together with interest thereon at the rate of fourteen per centum per annum, from the respective dates of sale and the expenses allowed by law, the said lands and tenements will be conveyed to the respective purchasers, their heirs, executors, administrators or assigns, by leases executed by the said Comptroller, in the name of The City of New York, under the common seal of the City, for such term of years as the same were sold, viz., for the respective terms of years stated in the following list.

EDWARD A. SLATTERY,  
Collector of Assessments and Arrears.

## • BOARD OF ARMORY COMMISSIONERS.

The City of New York, October 26, 1906.

A meeting of the Armory Board was held this day, at 2 o'clock p. m., at the office of the Mayor, in City Hall.

Present—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Secretary presented printed copies of the minutes of meeting held October 8, 1906. Which were approved.

A communication was received from the Secretary to the Commissioners of the Sinking Fund, of date October 19, 1906, transmitting a certified copy of resolution adopted by that body on October 19, 1906, accepting the bid of John Wanamaker for Item No. 1, supplying furniture in Squadron "C" armory, in the Borough of Brooklyn.

Ordered filed.

The Secretary reported the receipt of a lien, in the amount of \$1,955.50, filed by David A. Parshall, against James McFerran, contractor for the Second Battalion Naval Militia Armory.

Which was referred to the Comptroller.

The Secretary reported a very unsatisfactory condition in relation to the completion of the Second Battalion Naval Militia Armory; that while only a small amount of work remains to be completed, but little progress is being made, and the contractor cannot be found, and his representative at the armory gives but little satisfaction in answer to inquiries for him. The Secretary presents herewith also a communication from Lord & Hewlett, the architects for the said building, complaining of such negligence on the part of the contractor.

Referred to the Committee on Armories for Brooklyn and Queens.

The Secretary presented applications for payments, properly certified, to John B. Malatesta, in full for his contract for furnishing and erecting an iron railing around the Sixty-ninth Regiment Armory; and to Hunt & Hunt, architects, account of professional services, Sixty-ninth Regiment Armory; and the Mayor offered the following resolutions:

Resolved, That the Comptroller be authorized to pay to John B. Malatesta, No. 3170 Jerome avenue, Borough of The Bronx, the sum of one thousand four hundred

and ninety-five dollars (\$1,495), as per accompanying voucher in full for his contract for furnishing and erecting an iron railing around the Sixty-ninth Regiment Armory, in the Borough of Manhattan.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

Resolved, That the Armory Board does hereby approve the bill and expense of Messrs. Hunt & Hunt, architects, amounting to the sum of thirty-seven dollars and thirty-eight cents (\$37.38), in full as per accompanying voucher, for professional services rendered in preparing plans and specifications and the supervision of the erection of an iron railing around the Sixty-ninth Regiment Armory (under the contract of John B. Malatesta); and that the Commissioners of the Sinking Fund be requested to concur in the same.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Secretary reported the meeting of the Committees on Armories, held October 13, 1906, at which the following matters were considered:

First—A communication from Pilcher & Tachan, architects, in relation to violations in the construction of Squadron "C" Armory; also from John Kennedy & Son, contractors, in relation to the same.

Which the Committee recommend shall be filed and taken up on the final certificate for the armory.

Second—A communication from Colonel Duffy, commanding the Sixty-ninth Regiment, N. G., N. Y., requesting permission to withdraw the estimate for furnishings of new armory for his organization.

Which the Committee recommend be allowed.

Third—Communication from Colonel John Foote, commanding the Fourteenth Regiment, N. G., N. Y., for a revision of the lighting system in the large drill hall and squad drill room; and some repairs and alterations to the administration part of the building.

On which the Committee beg to report progress.

Fourth—Communication from Lord & Hewlett, architects, in relation to snow guards on the roof of the Second Battalion Naval Militia Armory.

The Committee directed the Secretary to notify the architects to explain at the next meeting of the Armory Board why the provisions in the specifications were not sufficient in this case.

Fifth—Communication from Clinton & Russell, architects, in relation to an amendment to the contract of Louis Wechsler for lockers to be installed in the Seventy-first Regiment Armory.

The Committee recommend that this amendment be made without expense to the Armory Board.

Sixth—Communication from the Commanding Officer of the First Battalion Naval Militia, relative to a change in the situation of the proposed site for the location of its armory ship.

Which the Committee recommend, and present resolutions herewith rescinding the one already adopted by the Board, and providing for the new dock, as suggested.

Seventh—The Committee considered the matter of the bids for grills and tanbark for Squadron "C" Armory, and for furniture for the Seventeenth Separate Company, which were received at the meeting of the Armory Board on October 8, 1906, and recommend that the contract be let for the grills, and that the tanbark for Squadron "C" armory and the furniture for the Seventeenth Separate Company be re-advertised.

The Committee presented the following resolutions for carrying out the recommendations:

Resolved, That the following resolution adopted at a meeting of the Armory Board held July 2, 1906, namely:

"Resolved, That the sum of thirty-five thousand dollars (\$35,000) be and is hereby appropriated for furnishing and installing in the new Sixty-ninth Regiment Armory, at Twenty-fifth and Twenty-sixth streets and Lexington avenue, in the Borough of Manhattan, the following items:

"Chair rails;  
"Picture moulding through the building;  
"Platforms and gallery chairs;  
"Furniture;  
"Kalamine doors and windows, as prescribed by the Building Department;  
"Architects' fees and inspection;  
"That the Commissioners of the Sinking Fund be requested to concur therein, and to authorize the Comptroller to issue bonds to provide funds therefor; that the Board of Aldermen be requested to empower the Armory Board to purchase these items without public letting."

—be and is hereby rescinded.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

Resolved, That the contract between The City of New York and Louis Wechsler for the erection and completion of the lockers in the Seventy-first Regiment Armory, Park avenue and Thirty-fourth street, in the Borough of Manhattan, be amended as follows:

First—That the color of the lockers as now installed in said armory be accepted in place of sample color in office of architects.

Second—That a metal angle to cover the space between the wall and locker at the top, securely fastened to wall, be installed above all lockers. Also where lockers stand back to back, a strip of metal shall be placed across the top of lockers and on open ends, if any, and butt pins securely riveted.

These changes to be made without additional cost to the Armory Board.

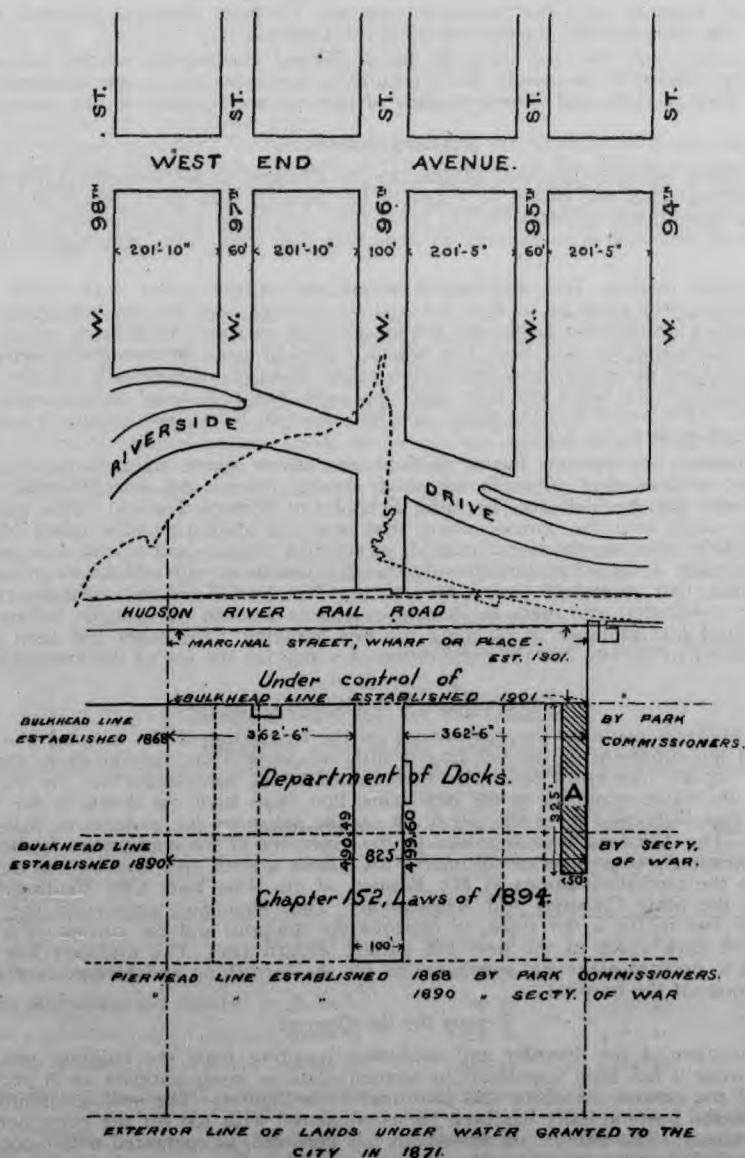

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

Resolved, That the following preamble and resolution adopted by the Armory Board at meeting held July 12, 1906, namely:

"Whereas, The commanding officer of the First Battalion, Naval Militia, N. Y., has made a requisition upon the Armory Board for suitable dock, mooring and berthing facilities for the use of the organization, on the Hudson river, between Ninety-fourth and Ninety-fifth streets, in the Borough of Manhattan, and has presented a map of the proposed dock, 325 feet long by 50 feet in width, at that place, under the control of the Department of Docks and Ferries, by the provisions of chapter 152 of the Laws of 1894, and states that the same will be suitable and adequate for the purpose; and

Whereas, The Committees on Armories have presented the following map,

—and recommends that such suitable facilities are necessary, and shall consist of a dock 325 feet long by 50 feet wide, marked 'A' on the map, with docking and mooring facilities, with a berth on the south side of the pier and an approach thereto, to be suitably dredged, where necessary, for the docking of the armory vessel;

Resolved, That, in accordance with the provisions of the amendment of section 142 of the Military Code, made under chapter 149 of the Laws of 1904, and the authority thereby vested in the Armory Board, the Department of Docks and Ferries be and is hereby directed to furnish without charge or expense to the First Battalion Naval Militia, of New York, the dock, berthing and mooring facilities, recommended as necessary for their use.

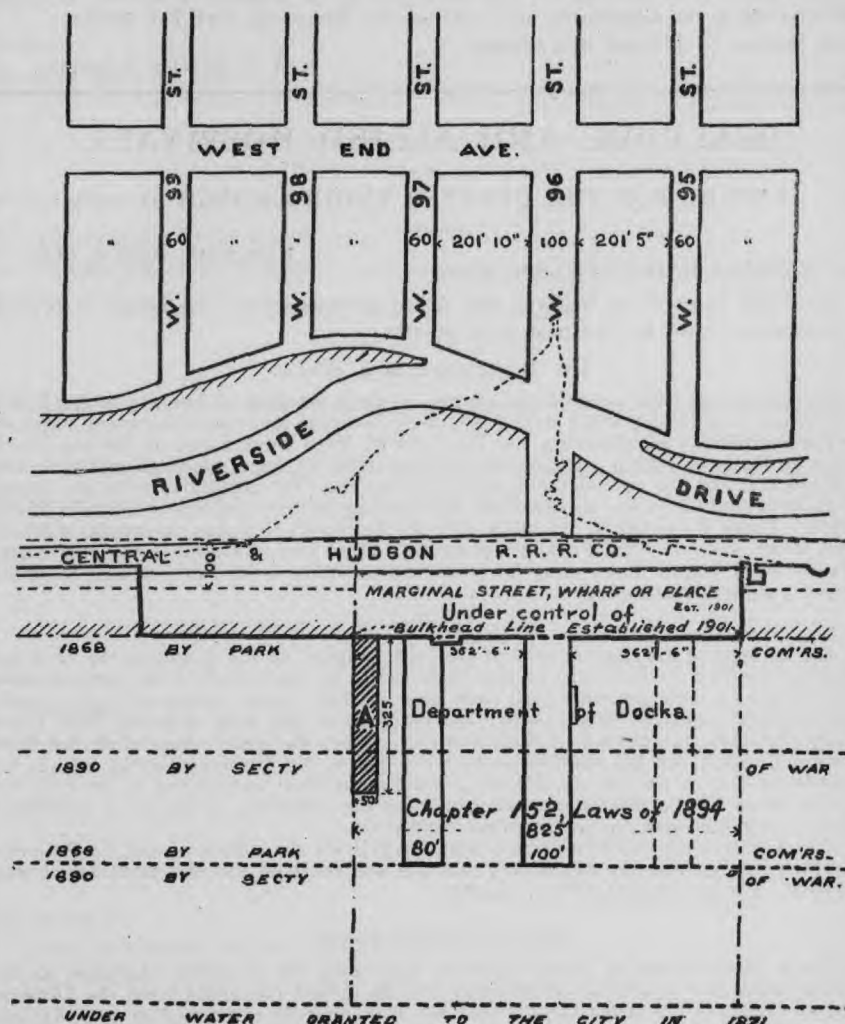

—be and are hereby rescinded.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

Whereas, The commanding officer of the First Battalion, Naval Militia, N. Y., has made a requisition upon the Armory Board for suitable dock, mooring and berthing facilities for the use of the organization on the northern side of the dividing line half way between Ninety-seventh and Ninety-eighth streets, North river, and has presented a map of the proposed dock, 325 feet long by 50 feet in width, at that place, under the control of the Department of Docks and Ferries, by the provisions of chapter 152 of the Laws of 1894, and states that the same will be suitable and adequate for the purposes; and

Whereas, The Committees on Armories have presented the following map,

MAP OF PROPOSED BERTH, DOCK AND MOORING FACILITIES FOR THE USE OF THE FIRST BATTALION, NAVAL MILITIA.

—and recommends that such suitable facilities are necessary, and shall consist of a dock 325 feet long by 50 feet wide, marked 'A' on the map, with docking and mooring facilities, with a berth on the south side of the pier, and an approach thereto, to be suitably dredged, for the docking of the armory vessel:

Resolved, That in accordance with the provisions of the amendment of section 142 of the Military Code, made under chapter 149 of the Laws of 1904, and the authority thereby vested in the Armory Board, the Department of Docks and Ferries be and is hereby directed to furnish without charge or expense to the First Battalion Naval Militia of New York the dock, berthing and mooring facilities recommended as necessary for their use.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

At the recommendation of the President of the Board of Aldermen the bids received at the last meeting for grills and for tanbark in Squadron "C" Armory were laid over for the further consideration and report of the Committee on Armories.

Brigadier-General James McLeer offered the following:

Resolved, That the bids for furniture to be installed in the armory of the Seventeenth Separate Company in the Borough of Queens (Item No. 8) be rejected; that the deposits received from the bidders be forwarded to the Comptroller with the request that he return the amounts received from said bidders; and that the Secretary be directed to re-advertise for bids or proposals for said furniture.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Secretary presented an application for payment by Isaac A. Hopper & Son (Inc.), properly certified, on account of their contract for alterations and repairs to the Fourteenth Regiment Armory, in the Borough of Brooklyn; and the Mayor offered the following:

Resolved, That the Comptroller be authorized to pay to Isaac A. Hopper & Son (Inc.), contractors, the sum of three thousand eight hundred and thirty-seven dollars and seventy-five cents (\$3,837.75), as per accompanying voucher, on account of their contract for alterations and repairs to the Fourteenth Regiment Armory, in the Borough of Brooklyn.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Secretary stated that an application had been made for a final payment by John Kennedy & Son, contractors, for the erection of Squadron "C" Armory.

On motion of Brigadier-General McLeer it was laid over for the consideration and report of the Committee on Armories for Brooklyn and Queens.

A communication was received from the Secretary to the Commissioners of the Sinking Fund, of date October 16, 1906, transmitting an extract from minutes of a meeting of that body, held October 10, in relation to furniture for the Sixty-ninth Regiment Armory.

Which was referred to the Committee on Armories for Manhattan and The Bronx.

A communication was received from Walter E. Parfitt, architect, of date October 23, 1906, in relation to trusses in the extension to the Thirteenth Regiment Armory, in the Borough of Brooklyn.

Which was referred to the Committee on Armories for Brooklyn and Queens.

The Secretary reports that the American Bonding Company has filed an application for payment in the sum of one thousand dollars (\$1,000) for completing the contract of O. Charles Meyer, for an improvement to the armory of the Second Battalion Naval Militia, in the Borough of Brooklyn.

At the suggestion of the Secretary the matter was laid over, and the Secretary was directed to refer the same to the Corporation Counsel for advice before paying the bill.

A communication was received from Pilcher & Tachau, architects for Squadron "C" Armory, transmitting a communication from John Kennedy & Son, contractors, in relation to the sewer connections in that armory.

Which was referred to the Committee on Armories for Brooklyn and Queens.

On motion, the meeting adjourned, and the Board proceeded to examine the plans which were presented by the advisory architects for the proposed armory building for the Second Battery, N. G., N. Y.

The Board then reconvened, and the report of the advisory architects was read and referred to the Committee on Armories for Manhattan and The Bronx.

A motion to adjourn was adopted.

E. A. FORNES, Secretary.

## BELLEVUE AND ALLIED HOSPITALS.

### REPORT FOR THE QUARTER ENDING MARCH 31, 1906.

New York, April 1, 1906.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to present the following report for the past three months:

#### The Department as a Whole.

In accordance with a resolution adopted at their meeting of January 9, the Board of Trustees submitted a letter to the Board of Estimate and Apportionment suggesting the desirability of acquiring for The City of New York some of the sea beach within its limits or within a reasonable distance from it, upon which to establish and maintain a resort for convalescent patients from the City hospitals, fresh air homes for children, public parks, playgrounds and bathing facilities for the recreation of the people. There is, perhaps, no other city in the world that has so many miles of ocean shore, and yet New York has practically none that is available for public use. It is earnestly hoped that it may be possible to acquire a desirable stretch of shore for the purposes mentioned.

#### Supplies.

On account of the poor quality of the milk supplied to the hospitals the contractors were notified on February 27 that milk would be purchased in the open market and charged to their account, until such time as they could comply with the conditions of their contract. Since then a communication has been received from them asking that they be relieved of their contract, which has been referred to the Corporation Counsel for his opinion as to what action the Trustees should take. An expenditure not to exceed six dollars a month has been authorized to provide for the inspection of the dairies supplying milk to the hospitals, in order to determine whether they conform to the required conditions.

The Trustees advertised a second time for bids for the supply of coal to Bellevue and Harlem hospitals, and again only one bid was received and the price asked was excessive. The bid was, therefore, rejected.

#### Salaries of Pupil Nurses.

The Commissioner of Public Charities has called the Trustees' attention to the fact that since the separation of Bellevue and the Allied Hospitals from the Department of Charities the latter Department has inadvertently continued to pay the salaries of the Pupil Nurses supplied by it to the Gouverneur, Harlem and Fordham Hospitals, without being reimbursed by the Board of Trustees as provided by the Commissioners of the Sinking Fund in 1901. The Department of Charities will be repaid for the services of these Nurses for the remainder of the current year from the funds of Bellevue and Allied Hospitals, as soon as it is determined what is the proper method of making the payment.

#### New Medical Rule.

A new rule was put into effect at the beginning of the year requiring the presence of a member of the attending staff at every operation involving general anaesthesia, to supervise the details of the operation, including the administration of the anaesthetic. The rules of the hospitals already provided that no member of the house staff should perform a surgical operation without the permission of the member of the attending staff on duty, except in case of extreme emergency, but it was thought better to make, in addition, definite provision for the presence at all operations involving general anaesthesia of an older and more experienced surgeon than the doctors who have not completed their service on the house staff.

The question of the desirability of establishing dental clinics in the out-patient departments of the City hospitals having been suggested by the Association for Improving the Condition of the Poor and the Children's Aid Society, a committee of the Trustees has been appointed to investigate the need for them and the possibility of carrying them on in conjunction with the other clinics of the out-patient departments.

At the request of the Medical Board of Bellevue Hospital it has been decided to give to each member of the house staff who has been appointed for the stated period of one year and has served the full term to the satisfaction of the Medical Board, a certificate stating these facts but differing in form from the diploma given to those that have served for the longer term of two years.

Dr. I. O. Woodruff, House Physician on the First Medical Division, was taken ill with diphtheria in the discharge of duty in the children's wards, on March 1, and was sent to the Minturn Hospital at the expense of this Department. He has recovered and returned to Bellevue Hospital, where he will be graduated from the House Staff on June 30 of this year. Dr. J. T. Pilcher, House Physician on the Fourth Medical Division, having developed appendicitis, was successfully operated upon on March 25. His condition is very good and there seems no doubt that he will make a speedy recovery.

The Corporation Counsel having referred to the Trustees a copy of a bill before the Legislature which would empower the Board of Estimate and Apportionment, at its discretion, to authorize the Board of Trustees of Bellevue and Allied Hospitals to acquire a site for and to erect an additional public hospital, it was resolved to inform him, without reference to the merits of this particular bill, that it was the opinion of the Trustees that such a hospital was greatly needed on the west side of the City.

The Superintendent has been instructed to take up the matter of the fire drills at the hospitals, with a view to increasing their efficiency, if possible.

#### BELLEVUE HOSPITAL.

The four places of Admitting Physician at Bellevue Hospital have been vacant since their creation in 1904. They have been placed in the non-competitive class by the Municipal and State Civil Service Commissions in order to make it possible to fill them by the appointment of graduates of the Bellevue house staff whose training

and experience would make them best fitted for this admitting work, and who could be selected for their proved competency in the duties that they would be called upon to perform. But it has been impossible to find good men for the four vacancies at the salary of \$600 per annum, without maintenance, and the Municipal Civil Service Commission and the Board of Estimate and Apportionment have been requested, therefore, to increase the compensation to \$1,000 per annum, without maintenance.

#### Medical Appointments and Resignations.

On January 9 the Board of Trustees received a communication from Dr. Charles Phelps resigning his place as Attending Surgeon to the Fourth Division of Bellevue Hospital, to take effect on January 10, and the following resolution was adopted:

"Resolved, That the Board of Trustees accepts with regret the resignation of Dr. Charles Phelps, who for fifty years past has been active in many capacities in the interests of the sick of this City;

"Resolved further, That Dr. Charles Phelps be and he hereby is appointed Consulting Surgeon to Bellevue Hospital."

On January 19 the following changes in the Attending Staff were approved by the Trustees: Dr. Charles Chetwood, transferred from the position of Attending Surgeon on the First Division to the similar position on the Fourth Division, left vacant by the resignation of Dr. Phelps; Dr. T. A. Smith, promoted from Assistant Attending Surgeon to Attending Surgeon on the Fourth Division, in place of Dr. Fluhrer, resigned; Dr. L. W. Hotchkiss, promoted from Assistant Attending Surgeon to Attending Surgeon, in place of Dr. Chetwood, transferred; Dr. J. C. Ayer, promoted from Adjunct Assistant Attending Surgeon to Assistant Attending Surgeon, in place of Dr. Hotchkiss, promoted; Dr. A. S. Vosburgh, appointed Surgeon to Out Patients and Adjunct Assistant Attending Surgeon to the hospital, in place of Dr. Ayer, promoted.

On January 30 Dr. Edwin Beer and Dr. William S. Terriberry were appointed Assistant Attending Surgeons, and Dr. William A. Downes was appointed Surgeon to Out Patients and Adjunct Assistant Attending Surgeon to the hospital, on the Fourth Division.

#### Changes, Improvements, etc.

It has been the custom of the hospital to isolate the tuberculous patients, but on account of the small number that can be accommodated in the tent on the hospital grounds and the unusually large number of such patients under treatment, it has been difficult to follow this custom strictly. Accordingly, two of the general wards of the hospital have been set aside for tuberculous patients until their numbers shall be reduced.

The desk of the Policemen on duty in the men's prison ward has been transferred from in front of the sewing room to the prison ward. By this arrangement the officers are close at hand in case of an emergency in the prison ward, and space is provided at the entrance of the sewing room for bandage cutting and gauze picking machines.

The management of the Charity Hospital of New Orleans being desirous of establishing there a system of medical records similar to that of Bellevue Hospital, the Board of Trustees granted Miss L. Atlanta Ramsdell, who is in charge of the record room, under the Clinical Record Committee of the Medical Board, a leave of absence for one month from January 29, without pay, in order that she might superintend the installation of this system at the Charity Hospital.

#### Census for the Quarter.

With the continuation of the mild weather through the greater part of the winter the census of Bellevue Hospital has been lower than it was for the corresponding quarter of 1905. The average number of patients in the hospital daily has been 872, as compared with 926. The number of admissions has been 6,504, as against 7,144, and the total number of patients under treatment 7,382, as against 8,021.

The work of the Out Patient Department has shown an increase over that for the first quarter of last year, 21,385 visits having been made by patients during the quarter, as compared with 18,875 last year, and 557 more patients having been treated in the hospital dressing room than in the corresponding quarter of 1905.

#### The New Pavilions.

The brick buildings occupying the site of Pavilions A and B of the new Bellevue Hospital have been torn down, a fence has been erected separating the site from the Bellevue Hospital grounds, and the contractors are now carrying on the work of excavation, preparatory to driving the piles for the foundations. In order that there may be no delay by reason of any changes that may be necessary from time to time in the water and plumbing pipes on the grounds, the Superintendent has been authorized to issue orders for such changes, as the occasion may arise. Mr. Louis C. Frees, the General Inspector of Construction for the new Fordham Hospital, has been transferred to the same position for the new Bellevue Hospital.

Notice has been received from the Sinking Fund Commission of the assignment to this department of the newly made ground in the rear of the new bulkhead wall between Twenty-sixth and Twenty-eighth streets, as an addition to the site of the hospital.

#### Training Schools.

The following resolution was adopted by the Trustees at the meeting of March 13: "Resolved, That the Board of Trustees has learned with great regret of the approaching withdrawal of Miss Delano from the position of Superintendent of Training Schools, and desires to express its hope that this withdrawal may not be permanent;

"Resolved further, That the Board recognizes the difficulties with which Miss Delano during her term of service has had to contend, and the marked ability and success with which she has performed the duties, both onerous and delicate, which have at times attached to her position. The Board is glad to place on record this testimony of esteem for her personally and satisfaction at the character of her work, together with an expression of its belief not only that this work has redounded to the credit and reputation of the hospital in the public eye, but also that it has been productive of real and lasting benefit to the service."

On January 19 Messrs. Parish & Schroeder were appointed architects for the building to be erected on East Twenty-sixth street, opposite Bellevue Hospital, for a nurses' home for the Bellevue Training School for Women Nurses. This appointment was made with the understanding that before it should go into effect Messrs. Parish & Schroeder should visit a number of training schools and submit a report for each one, upon a list of important subjects in connection with its construction and arrangement, that should be satisfactory to the Board of Trustees. They have done very creditably, and there is, therefore, a large amount of valuable information now at hand for reference in planning the new building. An order has been given for the survey of the site and the preparation of a map for the use of the architects.

#### GOVERNEUR HOSPITAL.

The progress made by the contractors on the new wing of the hospital has been slow, and the condition of the building is little advanced from that given in the last quarterly report. An extra order has been issued to the contractors for the work of widening the three windows in the new wing that have been cut down to the floor, in order that beds may be easily rolled out on the balconies for patients to enjoy the open air. The Trustees have approved of the estimates of the contractors for installing a watchman's time detector system, a fire alarm system and fire lines in accordance with the recommendations of Mr. Bonner, of the New York City Visiting Committee of the State Charities Aid Association. They have also authorized the addition of 30 feet to the boiler stack, to improve the draught, and the cutting of a window in the dark room of the new out patient department. The architect has been requested to prepare plans and specifications for the furnishing and fittings of the dispensing room of the hospital.

#### Census for the Quarter.

On account of the disorder and confusion resulting from the building work on the new wing it has been impossible to accommodate as many patients as in previous years and the census, therefore, has continued to be lighter. The average number of patients in the hospital daily has been 76, as compared with 100 for the corresponding quarter of 1905. The number of admissions has been 686, as compared with 1,069, and the total number under treatment 764, as against 1,165.

## Medical Appointments and Changes.

The only medical appointment that has been made for Gouverneur Hospital during the quarter has been that of Dr. S. C. Mason as interne to the hospital from January 15, to take the place of Dr. C. H. Van Norman, who failed to report for duty. The Trustees have approved of the action of the Gouverneur Medical Board in allowing the members of the House Staff to continue to serve on the surgical side of the out patient department until additional appointments to this side of the out patient staff can properly be made. It has been decided that the examinations for internes at Gouverneur Hospital shall be open on equal terms to men and women.

The House Staff have requested that the new rule dividing the service, so that one side of the staff shall have six months of medical and eighteen months of surgical service and the other side six months of surgical and eighteen months of medical service, shall not affect the members of the staff who were appointed prior to its enactment. This request has been granted.

## HARLEM HOSPITAL.

Notice was received from the Sinking Fund Commission under date of January 26, of the renewal of the lease of the Harlem Hospital building for an indefinite period, subject to sixty days' notice by either party before its termination. The Commission has been requested also to renew the lease of the Annex Building at the present rental of \$85 per month, with the privilege of termination by either party after thirty days' notice.

## Census for the Quarter.

While the average daily census of patients in Harlem Hospital has been slightly lower than for the corresponding quarter of 1905, being 54, as compared with 56, the number of admissions has continued to be considerably higher, being 784, as compared with 604, and the total number of patients under treatment has been 858, as against 680. The demands upon the hospital have continued to increase with the growth of the section of the city in which it is located, and it has been very difficult to carry on the work in the old and inadequate buildings in use at present.

## Medical Appointments and Changes.

The following changes in the medical staffs of Harlem Hospital have been approved by the Trustees during the past quarter: Dr. Joseph E. Lumbard, appointed Anæsthetist to the hospital, January 9; Dr. Augustus F. Dempewolf, resigned from the position of Surgeon to Out Patients, January 30; Dr. Walter S. Reynolds, appointed Physician to Out Patients, January 30; Dr. Ida Oshlag, appointed Assistant Physician to Out Patients in the eye clinic, January 30; Dr. Clarence M. Graham, appointed Assistant Surgeon to Out Patients in the children's clinic, March 7; Dr. D. D. Campbell, appointed House Surgeon, January 2; Dr. J. L. Felder and Dr. Charles Ginsberg, appointed Internes to the hospital, January 19.

Upon the recommendation of the Medical Board, the house staff has been divided into a medical and a surgical side. This change is desirable on account of the growth of the service, and a great advantage of making it at the present time is that the service will be running smoothly under the new order of things when the hospital is moved to the new building, where such a division of the staff will be a necessity. Acting upon the request of the Trustees, the Executive Committee has drawn up an excellent set of rules for the administration of anæsthetics. A letter having been received from the Sisters of St. Francis Hospital, asking the privilege of calling on Harlem Hospital occasionally for an ambulance, the Superintendent has been instructed to grant their request if it can be done without detriment to the Harlem Hospital service.

## The New Harlem Hospital.

The contractors for the new Harlem Hospital have continued their dilatory methods and it has been necessary to inform them that if they do not place a larger force of men on the work they will be dismissed and other contractors employed to finish the building. This has resulted in some improvement. The contract for the erection of iron balconies to the hospital was finally awarded on January 30, four months' time being allowed for its completion, in order that this work might not interfere with that of the general contractors. It having been found that, in accordance with the architects' plans, the contractor had provided a plaster cornice and an ornamental iron grille at the base of the skylight in the operating theatre, and a bead molding above the wainscot, instructions have been given for their removal and for refinishing the walls, in order that the operating room may have as few surfaces as possible to catch the dust.

The erection of the ambulance station and power house has progressed very satisfactorily, and it is probable that these buildings will be completed soon after the main building.

## FORDHAM HOSPITAL.

The amount of work done by Fordham Hospital has been steadily increasing. Although the unusually mild weather continued through the greater part of the winter, the number of patients treated in the hospital was very large, the average daily census being 51, as compared with 45 for the corresponding quarter of 1905. The number of admissions has been 306, as compared with 268, and the total number under treatment 360, as against 313.

The resignation of Dr. Thomas Darlington from the position of Attending Physician to Fordham Hospital on account of the pressure of his duties as head of the Health Department, was accepted with regret by the Trustees at their meeting of February 27, and he was appointed Consulting Physician to the hospital. On January 2 Dr. Louis H. Taft was appointed Junior Assistant, and Dr. William H. Mitchell Second Junior Assistant, to the House Staff.

## The New Fordham Hospital.

A communication under date of February 6 was received from the contractors for the new Fordham Hospital requesting that an extension of time be granted them for the completion of their contract, on account of unforeseen difficulties and changes in their work. The Board requested them to use all possible means to finish the building at the specified time in July, informing them, however, that if it should become necessary a proper extension of time would be granted them.

Plans and specifications are about ready for advertisement for bids for installing a vacuum cleaning system in the new building as soon as it is completed. As at Gouverneur Hospital, provision has been made for changing two windows to doors, from the wards to the balconies, in order to allow patients to be rolled out in their beds or wheeled chairs to enjoy the open air.

The planning of the grounds of the new hospital has been awarded to Mr. R. F. Almirall, the architect for the building, and Mr. Almirall has already submitted preliminary sketches for the consideration of the Board of Trustees.

Respectfully submitted,

JAMES K. PAULDING, Secretary.

## BOARD OF ESTIMATE AND APPORTIONMENT. (PUBLIC IMPROVEMENT MATTERS.)

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,  
HELD IN ROOM 16, CITY HALL, TUESDAY, OCTOBER 30, 1906.

The Board met in pursuance of an adjournment.

Present—Hon. George B. McClellan, Mayor; Hon. Herman A. Metz, Comptroller; Hon. Patrick F. McGowan, President of the Board of Aldermen; Hon. John F. Ahearn, President, Borough of Manhattan; Hon. ### VESTING TITLE TO FLATBUSH AVENUE EXTENSION, BROOKLYN.

The Comptroller, as Chairman of the Committee to which this matter was referred on October 26, presented the following report, signed by two of the Committee.

Which was read and placed on file.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
October 30, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment, held on October 26, 1906, there was referred to a sub-committee of this Board, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn, a report presented to the Board of Estimate and Apportionment in the matter of the vesting of title to Flatbush avenue extension, in the Borough of Brooklyn.

The Board of Estimate and Apportionment, at a meeting held on May 18, 1906, adopted a resolution rescinding a resolution of February 23, 1906, vesting title to Flatbush avenue on December 1, 1906, and adopted a new resolution advancing the date of the vesting of title to November 1, 1906.

This Committee has examined into the matter of the vesting of this title and finds the following state of facts:

1. The President of the Borough of Brooklyn has no money at the present time for the improvement of this street.

2. Should the original resolution be allowed to stand, vesting title on November 1 and the houses removed, the new street will be in an impassable condition from the time the houses are removed until the spring.

3. If it is not the intention of the Borough President to improve the street, there will be no necessity for removing the houses, and therefore there will be no necessity for vesting title. The City will thus save \$15,000 monthly.

4. We believe that better results can be obtained by the rescinding of the resolution of the Board of Estimate and Apportionment and by the adoption of a resolution which will set the time for the vesting of title as March 1, 1907. In that event the houses can be advertised to be sold and removed, and the property turned over to the President of the Borough of Brooklyn on May 1, 1907. It will work no hardship upon the City nor upon the property owners, nor upon the tenants who by removing from the houses during the winter months would have hard work to obtain locations elsewhere.

There was also a protest, dated October 23, 1906, presented to your Committee against the vesting of title to Livingston street on November 1, 1906, and requesting that the Board of Estimate and Apportionment "take no steps to vest title until the City is in a position to proceed with the actual construction of a new thoroughfare." The petition was signed by Abraham & Straus, Fred. Loeser & Co., B. G. Lattimer, Brooklyn Bank, Wm. Berri's Sons, Smith, Gray & Co., Sterling Piano Company and nineteen others, representing the best business interests of the City.

We therefore are of the opinion that the Board of Estimate and Apportionment should rescind the resolution adopted vesting title on November 1, 1906, and adopt a new resolution, which is hereto annexed, vesting title on March 1, 1907.

Respectfully submitted,

H. A. METZ,  
Comptroller.

P. F. MCGOWAN,  
President, Board of Aldermen.

The following petitions were placed on file:

THE PROSPECT HEIGHTS CITIZENS' ASSOCIATION OF BROOKLYN.  
BROOKLYN, N. Y., October 27, 1906.

The Board of Estimate and Apportionment, City Hall, New York:

GENTLEMEN—Individually and as Secretary of this Association, I am interested in the, to my mind, most important improvement that the Borough of Brooklyn has before it, the extension of Flatbush avenue. Before the election last year our Association addressed the different candidates in regard to this matter, and since that time have held a mass meeting, which was enthusiastic for the immediate opening. Later on, your Board informed us officially that the time for the opening had been set for December 1, and on account of that promise no further public demonstrations were made. I am now informed that your Board since that time has formally set the time for November 1, but that on Tuesday next expect to take up the matter of putting it over for a further delay. The records in your office show that the people of Brooklyn are anxious to have this improvement begun at once, for many reasons, the most important of which are:

1. Additional street room will help the solution of the transportation problem.
2. The proposed widenings of streets will be unnecessary.
3. The avenue should be finished, irrespective of the completion of the Manhattan Bridge, and should be commenced now so that there will be no doubt that when the bridge is completed the avenue will be not only ready for traffic, as the gores, etc., which it is necessary for the various property owners to buy and sell will have been in a measure adjusted and the avenue be more presentable than it otherwise would be.

Again pleading for this important improvement, on behalf of this representative association, believe me,

Yours very truly,

J. C. KLINCK, Secretary.

To Board of Estimate, City of New York:

GENTLEMEN—We, the undersigned taxpayers and merchants doing business in the Borough of Brooklyn on Fulton street, between Flushing avenue and the City Hall, respectfully petition your Honorable Body not to inflict further injury upon our business, needlessly, by vesting title and tearing down buildings for the Flatbush avenue extension this winter.

For several months past Fulton street has necessarily been torn up by the construction of the subway. To proceed to demolish a number of buildings fronting on one of the busiest sections of this thoroughfare would, at this time, further increase the difficulties under which business on this street is being done. This work should not be undertaken until the actual improvement of the new street can be carried on to completion, without delay.

Existing conditions on Livingston street are an indication of what might be expected on Fulton street if such work is prematurely undertaken.

We therefore respectfully petition your Honorable Body to take no steps to vest title until the City is in a position to proceed with the actual construction of the new thoroughfare.

Dated Brooklyn, N. Y., October 23, 1906.

MILLARD R. SMITH,  
SMITH, GRAY & CO.,  
and others.

The President of the Borough of Brooklyn asked unanimous consent to give a hearing for thirty minutes to property owners and others, who were present.

No objection being made, the hearing was opened.

After hearing Dr. Brush, Hon. Cord Meyer, Mr. Frothingham, Mr. Schwartz, Dr. Caldwell, Mr. Morris Garlick, Mr. W. C. Burling and Mr. Herbert O'Brien, the hearing was closed and the following resolutions were adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the resolution adopted by the Board on May 18, 1906, directing that title be vested in The City of New York upon the 1st day of November, 1906, to each and every piece or parcel of land lying within the lines of the approach to the Manhattan Bridge (Flatbush avenue extension), in the Borough of Brooklyn, not heretofore vested in The City of New York, be and the same is hereby rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Brooklyn—2.

Whereas, The Board of Estimate and Apportionment, on the 11th day of December, 1903, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the approach to the Manhattan Bridge (Flatbush avenue extension) from Fulton street to Nassau street, in the Borough of Brooklyn, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said bridge approach, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 12th day of July, 1904; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1907, the title to each and every piece or parcel of land lying within the lines of said approach to the Manhattan Bridge (Flatbush avenue extension) not heretofore vested in The City of New York, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

On motion, the Board then adjourned to meet on Friday, November 2, at 10.30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

Reports and resolutions were adopted as follows:

Approving and ratifying the action of the Committee on Buildings, taken in accordance with recommendations of the City Superintendent of Schools, Associate City Superintendent Davis and District Superintendent Shiels, in discontinuing the further use for school purposes of the Recreation Pier at the foot of Third street, East river, Borough of Manhattan.

Approving and ratifying the action of the Committee on Buildings in accepting the proposition of Otto Metz to omit from his contract the work of erecting partitions on the recreation pier and allow a deduction of \$2,665 from his contract in lieu of the work thus omitted.

Extending the thanks and appreciation of the Department of Education to the Department of Docks and Ferries for the spirit of prompt and courteous co-operation which it has uniformly manifested in granting the use for school purposes of the said recreation pier at a period when the congested conditions prevailing in Districts Nos. 4 and 5 rendered occupancy of the same a positive desideratum.

Requesting Commissioners of the Sinking Fund to authorize a renewal of the lease of the basement floor of the premises No. 417 East Eighty-fifth street, Manhattan, occupied as an annex to Public School 77, for a period of one year from October 7, 1906, with the privilege of renewal for an additional year, at an annual rental of \$600, and on the same terms and conditions as contained in the existing lease. Owner, Mrs. Frances Gold, No. 417 East Eighty-fifth street, City.

Requesting the President of the Borough of The Bronx to take up the matter at once of paving, with some suitable material, East One Hundred and Sixty-sixth street, between Boston road and Jackson avenue, in front of the Morris High School, and if possible to have said work done before the commencement of winter weather.

Appropriating the sum of eleven hundred dollars (\$1,100) from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied in payment of the following bills:

Louis Gluck, Public School 25, Manhattan, blackboards	\$505 00
Alfred Nugent's Son, Public School 4, Queens, laying concrete sidewalk	256 00
C. H. Browne, Public School 50, Queens, various furniture	339 00

Mr. Greene presented a departmental estimate for the year 1907 amounting to \$26,795.398.13, with the following resolution:

Resolved, That the foregoing estimate of the moneys that will be required for the support of the public schools during the year nineteen hundred and seven be duly authenticated and submitted to the Board of Estimate and Apportionment and the Board of Aldermen.

Mr. Greene called attention to sundry provisions of the departmental estimate, and stated that, in accordance with the resolution adopted at the last meeting (see Journal, page 1420), printed copies of the same had been sent to all members of the Board.

Mr. Freifeld moved that the consideration of the departmental estimate be postponed until the next regular meeting of the Board or until a special meeting to be called for the purpose.

The motion was seconded by Mr. Babbott.

Mr. Kelley moved, as an amendment, that the consideration of the departmental estimate be made a special order for 5 o'clock at the next regular meeting of the Board.

The amendment was accepted by Mr. Freifeld.

Mr. Man moved, as a substitute, that the departmental estimate as presented by the Committee on Finance, be adopted, with leave to any member of the Board to bring up any question regarding it at the next regular meeting.

The motion was seconded and lost.

Mr. Cosgrove moved that the consideration of the departmental estimate be taken up at a special meeting of the Board to be held on Monday, September 24, 1906, at 5 o'clock p. m.

The motion was seconded and lost.

Mr. A. Stern called attention to the fact that the position of Private Secretary had been eliminated from the list of Clerks, etc., for the City Superintendent's Bureau, and moved that the departmental estimate be amended so as to restore said position and provide a salary of \$2,500 per annum therefor.

The motion was seconded and lost.

The President put the question whether the Board would approve the departmental estimate as submitted by the Committee on Finance and adopt the resolution attached thereto, and it was decided in the affirmative by a unanimous vote.

On motion, the Board adjourned at 5.15 o'clock p. m.

A. EMERSON PALMER, Secretary.

Adopting the following minute and instructing the Secretary of the Board to transmit a copy thereof to Mr. Arthur McMullin:

On the first of September last Mr. Arthur McMullin was placed upon the retired list; after a lifetime devoted to the service of the public schools of this city. Upon graduating in 1856 from the Free Academy (now the College of The City of New York) he became a tutor in that institution, and held that position until 1861, when he entered upon duty in the public school system proper, serving as principal of Public School 43 and later of Public School 54. In 1872 he was promoted to the office of Associate Superintendent, which he relinquished in 1886 to become Clerk of the Board of Education of the former City of New York. He held this office and that of Secretary of the School Board for Manhattan and The Bronx until 1899, when he returned to the congenial work of supervision as an Associate Borough Superintendent, continuing under the present system as a District Superintendent. Mr. McMullin was actively connected with the school system of New York for half a century. He was painstaking and untiring in the discharge of his duties in every position to which he was called, and has earned the honorable retirement accorded to him and the leisure which all who know him will hope that he may long enjoy.

#### New Business.

The President announced that the next order of business would be the election of a member of the Executive Committee to fill the vacancy caused by the resignation of Mr. Tift from the Board, this matter having been laid over at the previous meeting. (See Journal, page 1606.)

Mr. M. S. Stern nominated Mr. Guggenheimer as a member of the Executive Committee.

The nomination was seconded by several members.

Mr. Greene moved that the Secretary be instructed to cast one ballot for Mr. Guggenheimer as a member of the Executive Committee.

Adopted by a unanimous vote.

The Secretary cast one ballot, as instructed.

The President thereupon announced that Mr. Guggenheimer had been duly elected a member of the Executive Committee, to fill the vacancy caused by the resignation of Mr. Tift from the Board of Education.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 5:50 o'clock p. m.

A. EMERSON PALMER, Secretary.

## BOARD OF ESTIMATE AND APPORTIONMENT.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held October 26, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Nassau Electric Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the Laws of the State of New York, and has duly made and filed, pursuant to section 90 of the Railroad Law, a statement of the names and description of the streets, roads, avenues, highways and private property in or upon which it is proposed to construct, maintain and operate extensions or branches of its railroad as herein set forth.

2. Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to a grant of the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof of extensions or branches of its street surface railroad to consist of a double or single track surface railroad (including necessary connections, switches, sidings, turnouts, crossovers and suitable stands or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, drive-ways or public ground within or belonging to The City of New York, in, through, upon and along which your petitioner desires to extend its railroad, to wit:

## Route A.

Beginning at the intersection of Atlantic avenue and Alabama avenue and extending thence southerly on Alabama avenue to Livonia avenue; and on Livonia avenue, from Vesta avenue to New Lots road. From the intersection of Livonia avenue with New Lots road, it is proposed to construct a double track street surface railroad on New Lots road, from Livonia avenue to Berriman street; on Berriman street, from New Lots road to Sutter avenue, and on Sutter avenue easterly to the old Brooklyn City line, at or near Forbell avenue, under and pursuant to franchise granted by the City of Brooklyn to your petitioner by resolution of the Common Council adopted June 19, 1893.

## Route B.

Beginning at the intersection of Liberty avenue and Forbell avenue, in the Borough of Brooklyn, and thence extending southerly on Forbell avenue to Spring creek.

## Route C.

Beginning at the intersection of Thirty-ninth street and Eighth avenue, in the Borough of Brooklyn, and thence extending southwesterly on Eighth avenue to Seventh avenue; thence southerly on Seventh avenue to Seventy-ninth street, and thence southeasterly on Seventy-ninth street to Stillwell avenue, connecting at Stillwell avenue with tracks to be constructed thereon by the Coney Island and Gravesend Railway Company, under franchise granted to the said Coney Island and Gravesend Railway Company by the Commissioners of Highways of the Town of Gravesend on August 29, 1893, and by the Town Board of the Town of Gravesend on August 31, 1893.

## Route D.

Beginning at the intersection of Thirteenth avenue with Thirty-ninth street, in the Borough of Brooklyn, and extending thence southwesterly on Thirteenth avenue to Bay Ridge avenue.

Your petitioner respectfully represents that additional transportation facilities are greatly needed in those sections of the City and upon the streets and avenues hereinabove described, and this application is made at the request of large numbers of persons residing in those localities. The said routes are extensions of existing routes of transportation and their construction and operation as a part of the railroad system of your petitioner will enable residents of the localities to reach nearly all parts of the Borough of Brooklyn for a single fare of five cents.

Your petitioner has received and caused to be recorded as required by law the consents of abutting property owners owning more than half in assessed value of all the property abutting on said Alabama avenue; on Livonia avenue, between Vesta avenue and New Lots road, and on Eighth and Seventh avenues, between Thirty-ninth and Seventy-ninth streets (exclusive of property on said avenues owned by The City of New York), and upon the other streets and avenues mentioned, your petitioner has received consents of large numbers of property owners and assurances of consents more than sufficient to comply with all legal requirements.

4. Your petitioner proposes to operate the railroad to be constructed upon said streets and avenues by the overhead trolley system or by any other motive power other than steam locomotive power which may be approved by the State Board of Railroad Commissioners and consented to by the owners of property bounded upon said routes as provided by law.

Wherefore your petitioner prays that public notice herein of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise in accordance with the provisions of the Greater New York Charter and the Laws of the State.

Dated at the Borough of Brooklyn, City of New York, October 11, 1906.

THE NASSAU ELECTRIC RAILROAD COMPANY.

By E. W. WINTER, President.

[SEAL]

Attest:

C. D. MENEELY, Secretary.

City and State of New York, County of Kings, ss.: Edwin W. Winter, being duly sworn, deposes and says that he is the president of the Nassau Electric Railroad Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of the said corporation, to wit, its president; and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as president thereof.

E. W. WINTER.

Sworn to before me this 10th day of October, 1906.

D. F. URQUHART, JR.,

Notary Public, Kings County.

City and State of New York, County of Kings, ss.: On this 10th day of October, in the year one thousand nine hundred and six, before me personally came Edwin W. Winter, to me known, who, being by me duly sworn, did depose and say that he resided in The City of New York, New York; that he is president of the Nassau Electric Railroad Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that

the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

D. F. URQUHART, JR.,

Notary Public, Kings County.

—and the following resolutions were thereupon adopted:

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue Dinsmore place, from Logan street to Chestnut street, and lay out a new street from Logan street to Chestnut street, Borough of Brooklyn, and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on November 16, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on October 19, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing Dinsmore place, from Logan street to Chestnut street, and by laying out a new street from Logan street to Chestnut street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

**Closing and Discontinuing Dinsmore Place.**  
The southerly line of Dinsmore place begins at a point on the easterly line of Logan street distant 305.25 feet northerly from the intersection of the northerly line of Atlantic avenue with the easterly line of Logan street as the same are laid out upon the map of the City, and runs easterly in a straight line 666 feet to a point on the westerly line of Chestnut street distant 190.52 feet northerly from the intersection of

the northerly line of Atlantic avenue with the westerly line of Chestnut street.

The northerly line is fifty (50) feet from and parallel with the above-described line, and extends through the same limits.

**New Street.**  
The southerly line of the new street is to coincide with the northerly line of Dinsmore place as above described.

The northerly line is to be fifty (50) feet from and parallel with the above-described southerly line of the proposed new street, and is to extend through the same limits.

Note—These dimensions are approximate.  
Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 16th day of November, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 16th day of November, 1906.

### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

**IN PURSUANCE OF SECTION 1018 OF** the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for **OPENING AND ACQUIRING TITLE** to the following-named avenue in the **BOROUGH OF MANHATTAN:**

#### TWELFTH WARD, SECTION 8.

**AUDUBON AVENUE—OPENING,** from One Hundred and Seventy-fifth street to Fort George avenue. Confirmed October 22, 1906; entered November 9, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northwesterly prolongation of the middle line of the blocks between West One Hundred and Sixty-fourth street and West One Hundred and Sixty-fifth street with a line parallel to and 100 feet northwesterly from the northwesterly line of Eleventh avenue (Boulevard); running thence northwesterly along said parallel line to its intersection with the westerly line of Kingsbridge road; thence, continuing northwesterly along a straight line to the point formed by the intersection of the easterly line of Kingsbridge road with a line parallel to and 100 feet northwesterly from the northwesterly line of Eleventh avenue; thence continuing northwesterly along said parallel line to its intersection with the middle line of the block between West One Hundred and Eighty-ninth street and West One Hundred and Ninetieth street; thence northwesterly along said middle line of the block and its prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Wadsworth avenue; thence northwesterly along said parallel line to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Fairview avenue; thence southwesterly, westerly and northwesterly along said line parallel to Fairview avenue to its intersection with the southeasterly line of Kingsbridge road; thence northwesterly along said southeasterly line of Kingsbridge road to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Fairview avenue; thence southeasterly, easterly, northeasterly and again southeasterly along said line parallel to Fairview avenue and its prolongation to its intersection with a line parallel to and 100 feet northerly from the northerly line of Fort George avenue; thence easterly, northeasterly, easterly, southeasterly and southerly following the windings of Fort George avenue along said last mentioned parallel line and southwesterly along a line parallel to and 100 feet southeasterly from the southeasterly line of Amsterdam avenue to its intersection with the middle line of the block between West One Hundred and Sixty-fourth street and West One Hundred and Sixty-fifth street; thence northwesterly along said middle line of the blocks to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." \* \* \*

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 8, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

### NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF THE** Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for **LOCAL IMPROVEMENTS** in the **BOROUGH OF BROOKLYN:**

#### TWENTY-SIXTH WARD, SECTION 13.

**PINE STREET—SEWER,** from Glenmore avenue to Pitkin avenue, and **PINE STREET—OUTLET SEWER,** from Pitkin avenue to Sutter avenue. Area of assessment: Both sides of Pine street, from Conduit avenue to Sutter avenue; both sides of Pitkin and Belmont avenues, from Euclid avenue (Market street) to Crescent street; north side of Sutter and Glenmore avenues, and south side of Conduit avenue, from Euclid avenue (Market street) to Crescent street.

—that the same was confirmed by the Board of Revision of Assessments on November 8, 1906, and entered November 8, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for the benefit on any person or property shall be paid within sixty days after the date of entry of the assessments interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessments shall remain unpaid for the period of sixty days after the date of entry thereon in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." \* \* \*

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays until 12 m., and all payments made thereon on or before January 7, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the Commissioner of the Department of Parks, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

Being the two buildings located on Bay Ridge parkway at Fifth avenue, between Sixty-sixth and Sixty-seventh streets, in the Borough of Brooklyn.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

**FRIDAY, NOVEMBER 30, 1906**

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances or any portion thereof within said period, will work forfeiture of ownership of said buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the President of the Borough of Brooklyn, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

All the right, title and interest of The City of New York in and to the buildings remaining within the area of the property acquired for the proposed opening and extending of Grand street, from Hooper street to Havemeyer and South Fourth streets, which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan. The sale will take place on

WEDNESDAY, NOVEMBER 28, 1906

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

TERMS AND CONDITIONS. The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said

period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions, being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by

law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Park Department, said buildings being situated in the

#### Borough of Brooklyn

and erected upon property bounded and described as follows:

Beginning at a point on the northerly line of Sunnyside avenue distant 42.54 feet westerly from the westerly line of Warwick street; thence easterly along the northerly line of Sunnyside avenue 2,031.54 feet, more or less, to the westerly boundary line of the National Cemetery; thence southerly along the westerly boundary line of the National Cemetery 285 feet, more or less, to the northerly line of Jamaica avenue; thence westerly along the northerly line of Jamaica avenue 2,067 feet, more or less, to a point 400 feet easterly from the easterly line of Barbey street; thence northerly at right angles to Jamaica avenue 115 feet, more or less; thence easterly parallel with Jamaica avenue 7.21 feet, more or less, to a point in the southerly side of Sunnyside avenue distant 47.60 feet westerly from the westerly line of Warwick street; thence northerly 62 feet, more or less, to the point of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

**WEDNESDAY, NOVEMBER 28, 1906**

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt-roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against from all damages and costs to which it, they or any of them, be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, AUCTIONEER.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the purposes of an athletic field, under the jurisdiction of the Board of Education, said buildings being situated in the

#### Borough of Brooklyn.

and erected upon property described as follows: Being the property lying between Avenues K and L, East Sixteenth and East Seventeenth streets, in the Borough of Brooklyn.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

**FRIDAY, NOVEMBER 30, 1906**

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Board of Education, said buildings being situated in the

#### Borough of Manhattan

and erected upon property bounded and described as follows:

Beginning at a point on the easterly side of Hudson street distant 71 feet northerly from the northerly line of Grove street, and running thence

easterly along the northerly line of the site of Public School 3 one hundred and nine (109) feet to an angle in said line; thence northeasterly and still along the northerly line of the site of Public School 3 sixty-six (66) feet three (3) inches to the westerly line of Bedford street; thence northerly along the westerly line of Bedford street 51 feet 6 inches; thence southwesterly along the northerly line of the premises No. 105 Bedford street 62 feet 7 inches; thence westerly along the northerly line of the premises No. 492 Hudson street 87 feet 10 inches to the easterly line of Hudson street; thence southerly along the easterly line of Hudson street 43 feet to the northerly line of the site of Public School 3, the point or place of beginning, be the said several dimensions more or less.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

#### MONDAY, DECEMBER 3, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

### FIRST DEPARTMENT.

In the matter of the application of the Counsel to the Corporation for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York, relative to the estimate of the loss and damage and to the assessment of the benefit and advantage resulting from the closing of the **KINGSBRIDGE ROAD**, between One Hundred and Thirty-seventh street and One Hundred and Forty-ninth street (except where said road has been retained or title thereto has been legally acquired for street purposes), in the Twelfth Ward of The City of New York.

**WE, THE UNDERSIGNED COMMIS-**sioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate as to Damage Parcel No. 1 and assessments for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of November, 1906, and that we, the said Commissioners, will thereafter reconsider our said estimates, or the part or parts thereof so objected to, and in case the same shall appear to us to require correction, but not otherwise, we shall and may correct the same accordingly.

Second—That the abstracts of our said estimate and assessment, together with our damage

and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the office of the Clerk of the County of New York, in the County Court House, in the Borough of Manhattan, in The City of New York, there to remain until the 26th day of November, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by West One Hundred and Fifty-fifth street, on the south by West One Hundred and Twenty-fifth street, on the east by Eighth avenue and on the west by Amsterdam avenue, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 8th day of January, 1907, at the opening of the Court on that day.

## SUPREME COURT—SECOND DEPARTMENT.

### SECOND JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands, premises, rights and property necessary to be taken for the improvement of the waterfront of The City of New York, for ferry purposes, between the southerly line of Thirty-eighth street prolonged, the southerly line of Thirty-ninth street prolonged, the westerly line of Second avenue and the pierhead line established by the Secretary of War in 1890, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 8th day of June, 1906, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 13th day of June, 1906, and indexed in the Index of Conveyances in Section 3, Block 702, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the improvement of the waterfront for ferry purposes between Thirty-eighth and Thirty-ninth streets, Borough of Brooklyn, as particularly described in the petition of The City of New York filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, parties and persons respectively entitled to or interested in the lands and premises, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose aforesaid or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our office, Room 92, No. 166 Montague street, Borough of Brooklyn, New York City, on the 26th day of November, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, November 14, 1906.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
