LAWS OF NEW YORK, 1883.

CHAPTER 110.

AN ACT reappropriating money for the erection of an armory in the city of New York.

Passed March 16, 1883; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The sum of one hundred thousand dollars, heretofore appropriated by chapter two hundred and seventy-two of the laws of eighteen hundred and seventy-nine, "for the erection of an armory in the city of New York for the use of the eighth regiment, national guard, state of New York, a battery of artillery, a troop of cavalry, and for the headquarters of the third brigade," is hereby reappropriated for the erection of an armory in the city of New York, for the use of the eighth regiment, national guard of the state of New York, to be expended under the direction of the adjutant-general, the inspector-general and the chief of ordnance of this state; but no part of this appropriation shall be expended by them except upon a contract for the completion of such armory at a cost not to exceed one hundred thousand dollars, nor until an indefeasible title to a suitable site for such armory, free from all incumbrance, shall be vested in the people of this state, without cost to the state, and to be approved by the above-named officials, or a majority of them; provided that if the city of New York is the owner of any real estate, by indefeasible title, suitable as a site for an armory for said eighth regiment, and acceptable to the above-named officials, the city of New York may lease the same to the state of New York for such purpose for the term of ninety-nine years, at one dollar per year, and the above-named officials may accept the same for said purpose. Such contract shall be awarded by them to the lowest responsible bidder therefor, after reasonable and public advertisement for such work.

Sec. This act shall take effect immediately.

CHAPTER 189.

AN ACT to authorize the dock department of the city of New York to construct a pier for the use of the police department of said city.

Passed April 4, 1883; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The dock department of the city of New York is hereby authorized and required to construct a pier for the use of the police department of the city of New York, of such dimension and material as to said dock department may seem proper, upon the lands under water, situate and belonging to said city, between the new pier, number one, North river, and Castle Garden. The work of such construction shall be performed and the expense thereof shall be paid in the same manner as if said pier was shown upon the plans for the water front of said city, heretofore determined upon by the department of docks, and adopted by the commissioners of the sinking fund of said city, pursuant to the provisions of section ninety-nine of chapter one hundred and thirty-seven of the laws of eighteen hundred and seventy, as amended by section six of chapter five hundred and seventy-four of the laws of eighteen hundred and seventy-one.

Sec. 2. When said pier shall be completed, the said dock department shall set apart the same for, and the police department shall have the exclusive use of said pier and of the waters adjacent thereto.

Sec. 3. The police department is hereby authorized to erect, subject to the approval of the department of docks, upon said pier such buildings and structures as may be required for the accommodation of business of such department, and it shall not be lawful to set apart or use or occupy the said pier, or any part thereof, for any purpose other than use by the police department, without the consent of the said police department. Provided that if at any time the said police department shall relinquish the right to such use, and shall cease to use the same, said pier shall thereupon revert to and be under the control of the dock department to the same extent as other piers erected according to the plans above referred to now are. The dock department shall keep the said pier in repair.

Section 1. The seal adopted and in use by the department of docks of the city of New York since its organization, being a device of the arms of said city surrounded by the words, department of docks, city of New York, engraved upon a metal disk two and one-quarter inches in diameter, is hereby declared to be the seal of the said department, and the same may be renewed whenever necessary. An impression of such seal made directly on paper shall be as valid as if made on a wafer or on wax.

Sec. 2. Every lease, contract or other instrument, executed in pursuance of any authority conferred on said department by law, and sealed with such seal, attested and proved according to law by the secretary of said department, shall be received in evidence, and may be recorded in the proper recording offices in the same manner and with the like effect as if sealed with the seal of the corporation of the city of New York, attested and proved by the clerk of the common council thereof.

Sec. 3. All leases, contracts and other instruments duly executed by said department under its seal, and bearing date prior to the passage of this act, are hereby declared to be of the same force and effect as if executed under the said seal of the corporation of the said city.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The agreement of lease constituted by the formal resolution of the department of docks of the city of New York, adopted November twenty-seventh, eighteen hundred and seventy-eight, and in the writings pursuant thereto on file in said department of pier number thirty-six, North river, shall continue in full force and effect, notwithstanding the delay caused in reconstructing said pier by the pendency of suits against the municipal authorities of the city, by persons claiming bulkhead or pier rights under grant from the city or state, and subject nevertheless to the operation of any relief awarded such claimants in any such litigation; and, in so far as not affected thereby, the rights of the respective parties shall continue as in said agreement of lease set forth.

Sec. 2. This act shall take effect immediately.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment.

Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

Commissioner of Jurors,

HEALTH DEPARTMENT.

HEALTH DEPARTMENT—OFFICE OF THE SECRETARY
No. 301 MOTT STREET,
NEW YORK, April 18, 1883.

PROPOSALS FOR THE ERECTION OF A BOILER HOUSE ON NORTH BROTHERS' ISLAND, CITY AND COUNTY OF NEW YORK.

PROPOSALS, SEALED AND INDORSED AS herein required, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 2.30 o'clock P. M. of the 1st day of May, 1883, at which time they will be publicly opened and read by said Commissioners for the erection of a Boiler House on North Brothers' Island, City and County of New York.

The proposals must be addressed to the Board of Health of the Health Department of the City of New York, be indorsed "Proposals for the erection of a Boiler-house on North Brothers' Island, City and County of New York," and must contain the name and address of the parties making the same.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for both classes of work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until

such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all proposals not deemed beneficial to or for the public interest.

Plans may be examined and specifications and blank proposals obtained by application to the Secretary of the Board, at his office, 301 Mott street, New York.
