COMMISSIONERS OF THE SINKING FUND.

Abstract of the Proceedings of the Commissioners of the Sinking Fund, at the meeting held July 14, 1882.

Present—William R. Grace, Mayor; Allan Campbell, Comptroller; J. Nelson Tappan, Chamberlain; and John McClave, Chairman Finance Committee, Board of Aldermen.

The minutes of the last meeting were read and approved.

The Comptroller reported that the balance June 30, 1882, to the credit of "The Sinking Fund for the Payment of Interest on the City Debt," was \$653,808.01; and that the amount of interest payable from said fund August 1, 1882, was \$66,897.06, leaving a surplus of \$586,910.95; and recommended that the sum of \$500,000 of said balance be transferred to "The Sinking Fund for the Redemption of the City Debt," as provided by law; and submitted the following resolution for that purpose, viz.:—

Resolved, That a warrant be drawn in favor of the Chamberlain on account of the "Sinking Fund for the Payment of Interest on the City Debt," for the sum of five hundred thousand dollars (\$500,000), transferring that amount to the "Sinking Fund for the Redemption of the City Debt," as provided by section 2 of chapter 383 of the Laws of 1878.

On motion, the resolution was adopted.

The Comptroller submitted the following reports, viz.:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
July 13, 1882.

To the Commissioners of the Sinking Fund:

GENTLEMEN—At the last meeting a resolution to authorize the leasing of the ferries between Twenty-third street and Tenth street, East river, and Greenpoint, Long Island, was laid over. These ferries are now leased to the Greenpoint Ferry Company; the leases expire on August 1st, 1882.

I submit separate resolutions to authorize the leasing of these ferries, for the term of eight years and ten months, from August 1st, 1882, when the existing leases expire, in order that the period of the new leases may correspond with the term of an existing lease executed by the Department of Docks of a part of the wharf property required for ferry purposes at the landing near the foot of Twenty-third street, East river, for the term of ten years from the 1st day of June, 1881.

When the leases expire, June 1, 1891, the whole of the wharf property required for ferry purposes will come under the control of the Commissioners of the Sinking Fund, and may then be leased along with the franchise, as provided by chapter 498, Laws of 1880.

The wharf property at the foot of Tenth street cannot now be leased with the ferry franchise, because it is in possession of private parties, whose rights of ownership are doubtful and will be the subject of legal determination.

The rates of ferriage at these ferries have been established by law and ordinance of the Common Council, schedules of which are attached to the present leases, and they are considered reasonable and satisfactory.

The rate for foot-passengers is three cents at both ferries, and no complaint has been made of any of the rates of ferriage.

Respectfully,

ALLAN CAMPBELL, Comptroller.

1. Resolved, That pursuant to chapter 498 of the Laws of 1880, the Comptroller be and he is hereby authorized and directed to sell at public auction, the franchise to run a ferry between a point at or near Twenty-third street, East river, and Greenpoint, Long Island, along with a portion of the wharf property belonging to the City, used and required for ferry purposes, at the Twenty-third street landing, for the term of eight years and ten months from the first day of August, 1882, the upset price of the ferry franchise to be five per cent. of the gross receipts for ferriage, and the upset or minimum amount of yearly rental of the wharf property to be \$4,000, as valued by the Commissioners of Docks, the lease to contain the covenants and conditions prescribed by law and the ordinances of the Common Council, and such as are required by a resolution of this Board adopted March 17, 1881, for ferry leases, and according to a form of ferry lease prepared by the Counsel to the Corporation, on file in the Comptroller's office; provided also that the rates of ferriage now established and charged at said ferry, as set forth in the schedule of rates of ferriage attached to the present lease of said ferry, shall not be exceeded during the term of the new lease, and that returns of receipts from ferriage, sworn to by the lessee, shall be made to the Comptroller quarterly, in such form as he may prescribe, and that the ferry books of account shall be subject to his examination.

2. Resolved, That pursuant to chapter 498 of the Laws of 1880, the Comptroller be and he is hereby authorized and directed to sell at public auction the franchise to run a ferry between a point at or near the foot of Tenth street, East river, and Greenpoint, Long Island, for the term of eight years and ten months from the first day of August, 1882, at the upset or minimum price of five per cent. of the gross receipts for ferriage, the lease to contain the covenants and conditions prescribed by law and the ordinances of the Common Council, and such as are required by a resolution of this Board adopted March 17, 1881, for ferry leases, and according to a form of ferry lease prepared by the Counsel to the Corporation, on file in the Comptroller's office; provided, also, that the rates of ferriage now established and charged at said ferry, as set forth in the schedule of rates of ferriage attached to the present lease of said ferry, shall not be exceeded during the term of the new lease, and that returns of receipts from ferriage, sworn to by the lessee, shall be made to the Comptroller quarterly, in such form as he may prescribe, and that the ferry books of account shall be subject to his examination.

Report accepted, and, on motion, the resolutions were adopted.

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
July 13, 1882.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Comptroller, to whom was referred, at the last meeting, a communication from James McWilliams, relative to the leasing of the second story of the Centre Market building, respectfully

REPORTS:

That he has investigated the matter, and herewith submits the reports of an examination of the premises made at his request, by Mr. Douglas Smyth, Architect, and Thomas McAvoy, Superintendent of Repairs and Supplies, Department of Public Works, of the condition of the building and the effect upon it of the heavy steam-power presses employed by Mr. McWilliams, in his printing establishment, occupying one portion of the second story.

I also submit affidavits of the effect of the steam-power machinery on the building when occupied by the Eleventh Regiment, made by F. Unbekant, Colonel Commanding, and Henry Besier, Armorer of the Regiment.

These reports and affidavits show positively, that the operation of the heavy steam-power machinery employed by Mr. McWilliams has jarred and injured the walls of the building to such an extent as to be considered dangerous, and that the constant vibration of the machinery, if continued, will eventually disintegrate the bearing-walls of the market building.

Under these circumstances, I respectfully submit that the resolution adopted by the Commissioners of the Sinking Fund, making it a condition of a lease of the second story of the Centre Market building, that "no machinery requiring steam power shall be permitted to be used on the said 'market premises,' should be confirmed, and such occupation and use be prohibited in said building.

Respectfully,

ALLAN CAMPBELL, Comptroller.

[Documents referred to, ordered on file.]

Resolved, That the resolution adopted May 16, 1882, authorizing the Comptroller to sell the lease of the second story of the Centre Market building, with a condition that "no machinery requiring steam power shall be permitted to be used on the said market premises," is hereby confirmed, and that such use and occupation of said premises is hereby forbid and prohibited.

Report accepted, and, on motion, resolution adopted.

III.

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
July 5, 1882.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Comptroller, to whom was referred, March 13, 1882, a petition from Robert Irwin, to be reinvested with the title to the premises, on the corner of Seventy-ninth street and Fourth avenue (now under foreclosure and sale for satisfaction of a mortgage to the city), respectfully

REPORTS:

That a petition of the same nature was presented to the Commissioners of the Sinking Fund by Mr. Irwin, and referred to the Comptroller upon the 29th of last October, on which the Counsel to the Corporation gave an opinion adverse to the power of the Board to comply with the petition to remit the interest, taxes and costs due on the premises under foreclosure and sale, on payment of the principal.

On January 13, 1882, the opinion of the Counsel to the Corporation on said petition, was submitted to the Commissioners of the Sinking Fund, when, on motion of the Recorder, a resolution was adopted, authorizing the Comptroller to execute a deed to the petitioner, reinvesting him with the title to the property referred to in said petition, upon his complying, within sixty days from the date thereof, with the opinion of the Counsel to the Corporation in respect to the payment of the mortgage debt and costs of foreclosure and sale.

This resolution was not complied with by the petitioner, but on March 13, 1882, Mr. Irwin presented another petition, alleging that the Counsel to the Corporation had, with respect to the first petition, "reported upon a mistake of fact adversely to said petition."

This second petition was also sent to the Counsel to the Corporation for his reconsideration, and his opinion thereon, dated June 5, 1882, is herewith submitted, in which he states that, after consultation with Mr. Knox, counsel of the petitioner, and careful consideration, he "is still of the opinion that the Commissioners of the Sinking Fund have no power to relieve Mr. Irwin from the payment of the interest on the mortgage, it being pledged to the payment of the interest of the city debt as the principal of the mortgage is pledged to the payment of the principal of such debt;" and further also, he states, that "neither do I find any power in the Commissioners of the Sinking Fund to relieve Mr. Irwin from the payment of any taxes that may have been levied or assessed upon the said lot under foreclosure sale."

In regard to the expenses incurred by the city, the Counsel to the Corporation further says: "So far as the costs are concerned, I think Mr. Irwin should pay at least what disbursements the city has made in the matter for searcher's fees in the suit, and of the referee, to compute and sell, and also the sum which the city was compelled to pay the purchaser at the sale (on his motion to be relieved from his purchase) for his expenses in searching the title."

Upon a review of the whole matter I fully concur in the conclusions of the Counsel to the Corporation, and now submit a resolution denying the prayer of the petitioner and directing the sale at public auction of the property in question, as provided by law, for a sum of not less than the amount of the mortgage debt and all costs and expenses attending the suit and previous sale of the premises under foreclosure of the mortgage thereon, as advised by the Counsel to the Corporation.

Respectfully,

ALLAN CAMPBELL, Comptroller.

[Opinion of Counsel to the Corporation ordered on file.]

Resolved, That the petition of Robert Irwin be denied, and that the Counsel to the Corporation be requested to proceed with the sale of the premises referred to in his petition, in the manner provided by law, for a sum not less than the total amount of the mortgage debt and costs due thereon, together with arrears of taxes and assessments due upon the said premises, and all fees and expenses attending the foreclosure suit and sale thereof; provided, however, that the petitioner shall have the privilege of paying the whole amount found to be due, within thirty days after the passage of this resolution, for the redemption of the title to be reinvested in him of the said premises.

Report accepted, and, on motion, resolution adopted.

W. H. DIKEMAN, Secretary.

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
NEW YORK, April 22, 1882.

RULES AND REGULATIONS ESTABLISHED for the government and proper care of piers, bulkheads, slips, and other wharf property, under the provisions of subdivision 7 of section 6 of chapter 574 of the Laws of 1871, by the Board of the Department of Docks, and published, to take effect on and after

MAY 1, 1882.

The said subdivision 7, among other things, provides as follows:

"The violation of or disobedience to any rule, regulation, or order of said Board shall be a misdemeanor, punishable by a fine not exceeding five hundred dollars, or by imprisonment not exceeding thirty days, or by both such fine and imprisonment, on complaint of said Board."

And every person guilty of a violation of or disobedience to any of the following rules or regulations, in addition to the penalties thereby fixed and imposed, to be recovered in civil actions, is liable to be prosecuted for a misdemeanor and to be punished by such fine and imprisonment, or by both.

No. 1.—No piles shall be driven, nor shall any platform be erected, nor shall any filling-in of any kind be made on any part of the water-front of the city, without a written permit therefor being first had and obtained from the Board, under a penalty of two hundred and fifty dollars, for every such offense, to be recovered from the owner, lessee, or occupant of any pier or bulkhead, or of any water-front property or right, who shall cause or permit any such work to be done upon his premises before such permit therefor has been obtained, and under the further penalty of fifty dollars for each and every day which shall elapse before any piles so driven, or platform so erected, or material so filled-in, without such permit being first obtained, shall be removed, after the expiration of the time which may be allowed for such removal, by a notice served upon such owner, lessee, or occupant, by the Corporation Wharfing for the district, to be also recovered from such owner, lessee, or occupant.

No. 2.—No shed, building, office, tally-house, or other structure shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign, or advertising device, or other erection or obstruction of any kind be placed or maintained upon any pier, bulkhead, or other wharf structure, nor upon any reclaimed land, without a written permit therefor being first had and obtained from the Board; and if the owner, lessee, or occupant of any such premises, or the owner, lessee, or agent of any such structure, erections, or obstructions, shall fail to comply with a notice served by the Corporation Wharfing for the district to remove any such structure, erection, or obstruction, after the expiration of the time allowed by such notice for the removal, such owner, lessee, occupant or agent, shall forfeit and pay a penalty of twenty-five dollars per day for each and every day, which shall elapse before any such structure, erection or obstruction, shall be removed, after the expiration of the time for the removal thereof specified in said notice.

No. 3.—No cargo shall be discharged from any vessel upon any bulkhead or wharf structure, at which such vessel is being unladen, after service by the Corporation Wharfing for the district, upon the owner, consignee, master, or other officer, or stevedore, of such vessel, of a notice that such bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of two hundred and fifty dollars for every such offense, and a further penalty equal in amount to the damages of every description which shall be caused by the further discharging of cargo upon such bulkhead or wharf structure, after the service of the said notice, both of such penalties to be recovered from such owner, consignee, master or other officer or stevedore, severally and respectively.

No. 4.—All goods, merchandise, and materials of every kind, landed or placed on any pier, bulkhead, or other wharf structure, or upon reclaimed land, must be removed therefrom without unnecessary delay, and within twenty-four hours after the Corporation Wharfing for the district shall have served upon the owner, shipper, or consignee, of such cargo, a notice to remove the same, under a penalty of fifty dollars per day for each and every day, during which any part of said cargo shall remain upon such pier, bulkhead, structure, or land, after the expiration of the said twenty-four hours, to be recovered from such owner, shipper, or consignee, severally and respectively.

No. 5.—All goods, merchandise and materials of every kind encumbering any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Board to any warehouse or yard, at the sole risk and expense of the owner of any such property, and all expense incurred for such removal and storage or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

No. 6.—No person shall construct or maintain any engine-house, tally-house, or other small structure, under a permit of the Board, on any unshedded pier, or other wharf structure, unless the same be placed on wheels so

as to admit of easy removal thereupon when required, and to prevent the accumulation of dirt or refuse thereunder, under a penalty of twenty-five dollars per day for each and every day which may elapse before the discontinuance of such offense.

No. 7.—No vessel of any kind shall be loaded or discharged by horse power, nor shall stones or similar cargo be discharged from any vessel, upon any pier, bulkhead or other wharf structure, unless proper planking be provided to protect the surface of such pier, bulkhead or other wharf structure from injury consequent upon the travel of the horse, or the throwing of the stones or similar cargo thereupon, under a penalty of five dollars a day for each horse so employed, and of twenty-five dollars for each offense of discharging such stones or like cargo, upon such pier, bulkhead, or other wharf structure, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 8.—No sand shall be discharged from any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water, and if the surface of any such wharf structure is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered on account of sand discharged upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered on account of sand discharged upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 9.—The owners, lessees and occupants of every pier, wharf and bulkhead in the City of New York shall keep the same in good repair, and the slips adjacent thereto properly dredged; and whenever, in the judgment of the Board, it shall be necessary so to do, written notices, signed by the President or Secretary of said Board, shall be served upon the owners, lessees or occupants, or collector of wharfage of any such pier, wharf or bulkhead, or the slip adjoining the same, on or in which repairs or dredging are required by said Board, specifying the nature and extent of the repairs or dredging so required, and the time within which such repairs must be made, or such dredging done; and in case the owners, lessees or occupants so notified, fail to comply with the terms and requirements of such notice, they shall forfeit and pay a penalty of fifty dollars per day for every day which shall elapse before they comply with such notice.

No. 10.—No ashes, refuse, offal, fruit, vegetables or any other substances, shall be thrown into the waters surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the city, under a penalty of twenty-five dollars for every such offense, to be recovered from the owner, lessee, or occupant, severally and respectively, of any pier, bulkhead, wharf structure, or other property, from which any such substance shall be thrown, or from the person actually throwing the same; or if any such substance be thrown from any vessel lying in waters within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee, or master of such vessel, severally and respectively.

No. 11.—No snow or ice shall be dumped into the waters adjacent to the water-front of the city, except from the piers, bulkheads and other places designated from time to time, by the Board, for such dumping, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow and ice shall be dumped, or from the person actually dumping the same, severally and respectively.

No. 12.—All lumber, brick, or other material in bulk discharged on any bulkhead not shedded, shall be at once removed, or, if not so removed, shall be placed at least twenty feet from the edge of the bulkhead, pending removal, under a penalty of fifty dollars per day, for each and every day such lumber, brick or other material shall remain on the bulkhead, to be recovered from the owner or consignee of such lumber, brick or other material, or from the person placing, or causing the same to be placed, on such bulkhead, severally and respectively.

No. 13.—The charges for wharfage and dockage of all vessels admitted to any of the piers or bulkheads constructed under the new plans adopted by the Department, shall be at the same rates as are now, or shall hereafter be, fixed and established by laws of this State, until otherwise ordered by the Board.

No. 14.—The term "Board," when used in the foregoing rules and regulations, shall be taken to mean "The Board of the Department of Docks of the City of New York," and the term "Corporation," when so used, shall be taken to mean "The Mayor, Aldermen and Commonalty of the City of New York."

NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or

receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

WATER-CLOSET RATES—For hoppers, of any form when water is supplied direct from the Croton supply, through any form of the so-called single or double valves, hopper-cocks, stop-cocks, self-closing cocks, or any valve or cock of any description attached to the closet, each per year twenty dollars.

For any pan-closet, or any of the forms of valve, plunger, or other water-closet not before mentioned, supplied with water as above described, per year, ten dollars.

For any form of hopper or water-closet, supplied from the ordinary style of cistern filled with ball-cock and overflow pipe that communicates with the pipe to the water-closet, so that overflow will run into the hopper or water-closet, when ball-cock is defective, or from which an unlimited amount of water can be drawn by holding up the handle, per year, each, five dollars.

For any form of hopper or waste-preventing cisterns, that are approved by the Engineer of the Croton Aqueduct, which are so constructed that not more than three gallons of water can be drawn at each lift of the handle or depression of the seat, if such cisterns are provided with an overflow pipe, such overflow pipe must not connect with the water-closet, but be carried like a safe waste, as provided by the Board of Health Regulations, per year, two dollars.

Cistern answering this description can be seen at this Department.

JOHN H. CHAMBERS, Water Register:
SIR—From your letter of this date, in reference to certain rates included in the scale of water rents established by me on the 1st instant, it appears that there is a misapprehension in regard to their application. In order that the matter may be clearly understood, I have to inform and instruct you that the new rates in reference to water-closets are not intended to and do not apply to existing houses and fixtures, but will be applied to all new houses hereafter erected or completed, and to all existing houses where the water-closets and fixtures therein referred may hereafter be put in. These water-closet rate are to go into general effect May 1, 1883.

Respectfully,
HUBERT O. THOMPSON,

—or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock A. M., of Friday, the 21st day of July, 1882. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries and Dry Goods," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.
Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
