BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK, MAYOR'S OFFICE, CITY HALL, THURSDAY, December 19, 1895, eleven o'clock A. M.
The Board met in pursuance of an adjournment.
Present—Wm. L. Strong, the Mayor; Ashbel P. Fitch, the Comptroller; John Jeroloman, the President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments; Francis M. Scott, the Counsel to the Corporation.
The minutes of the meeting held December 18, 1895, were read and approved.

On motion, the Board proceeded to the consideration of the Final Estimate for the year 1896.

The final estimates for the Building Department and Board of Education were taken up for consideration.

The Comptroller presented the following:

DECEMBER 18, 1895. *To the Board of Education:*

The Finance Committee to which was referred the communication from the City Superintendent recommending that application be made to the Board of Estimate and Apportionment for such allowance as will cover the expense of the census, authorized by chapter 350 of the Laws of 1895, and suggesting that the expenses incurred and likely to be incurred will amount to about six hundred dollars (\$600), respectfully submits the following resolution for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of six hundred dollars (\$600), from the appropriation for 1895, entitled "Salaries of Teachers in Grammar and Primary Schools," which is in excess of its requirements, to the fund for same year, entitled "Incidental Expenses of the Board of Education," which is insufficient for the purposes thereof. Said sum to be made applicable to the payment of expenses incurred and to be incurred in relation to the biennial school census authorized by chapter 350 of the Laws of 1895.

A true copy of report and resolution adopted by the Board of Education, December 18, 1895.

ARTHUR McMULLIN, Clerk, Board of Education.

CITY SUPERINTENDENT'S OFFICE, NEW YORK, December 18, 1895. *To the Honorable the Board of Education:*

In a former communication to your Board attention was called to the matter of the biennial school census, which was to be taken this year for the first time.

The census of the first six Wards was taken by the attendance officers in the employ of the Board of Education. After the November election the Board of Police Commissioners reconsidered their refusal to have the census taken by the Police force, and agreed to take it provided they were put to no expense.

The law is compulsory—the census must be taken; and, if it be not taken by city or town authorities, it would be taken by the State authorities and would then become a local charge for the expense incurred.

In order that the census might be begun as promptly as possible and be carried on efficiently, I obtained sixteen hundred census-books from the State Superintendent of Schools, at an expense of \$480.

These were properly indorsed, according to election districts, and were forwarded to the several Police Precincts; expense for expressage, \$28.25. An additional expense of \$51.60 was incurred for printing and for copying pencils. The total expense incurred thus far is \$559.85. It will be necessary to pay expressage for the return of the census books to the hall of the Board of Education, probably not to exceed the sum of \$25.

In my judgment the expense incurred together with all sums likely to be needed will not be more than \$600.

I would recommend that application be made to the Board of Estimate and Apportionment for such allowance as will cover the expense of the census.

Very respectfully,
(Signed) JOHN JASPER, City Superintendent.

And offered the following:

Resolved, That the sum of six hundred dollars (\$600) be and hereby is transferred from the appropriation made to the Board of Education for the year 1895, entitled, "Public Instruction—For Salaries of Teachers in Grammar and Primary Schools," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the same Board for 1895, entitled, "For Incidental Expenses of the Board of Education," the amount of said appropriation being insufficient.

Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

DECEMBER 18, 1895.

Whereas, In the communication of the City Superintendent, dated December 14, 1895, and read at this meeting of the Board, it appears that the sum of fifty-five thousand dollars will be required in order to carry out the provision of law (chapter 1041, Laws of 1895) entitled "An Act to amend the Consolidated School Law, providing for the study of the nature and effects of alcoholic drinks, and other narcotics in connection with physiology and hygiene in the Public Schools"; said expenditure being necessary to supply the schools with suitable text-books, etc.; therefore

Resolved, That the Board of Estimate and Apportionment be and it is respectfully requested to increase the amount provisionally appropriated to the Board of Education for the year 1896, entitled "Supplies, Books, Maps, Slates, Stationery, etc., for all the Schools" from two hundred and thirty-four thousand two hundred and seventy-one dollars to the sum of two hundred and eighty-nine thousand two hundred and seventy-one dollars.

A true copy of preamble and resolution adopted by the Board of Education, December 18, 1895.

ARTHUR McMULLIN, Clerk, Board of Education.

CITY SUPERINTENDENT'S OFFICE, NEW YORK, December 14, 1895. *To the Honorable the Board of Education:*

It is, no doubt, well known to the Board that in the present year there was enacted a law requiring the pupils of the Common Schools of the State of New York to study from suitable text-books "the nature of alcoholic drinks and other narcotics, and their effects upon the human system." This provision of law applies to all grades below the second High School grade with the exception of those in which the children are not yet able to read; in those lower grades the children are to be taught orally.

From a careful estimate which has been made I find that more than 115,000 pupils above the fourth primary grade must be supplied with suitable text-books, that is, with text-books which not only are adapted to the mental capacities of the pupils but are found to be in accord with certain special requirements of the law governing the books to be used.

The Board has recently placed upon the list of supplies for 1896 text-books which may be used for this study, and the Committee on Supplies has now received bids for the same. From a calculation based on these bids and on the probable number of text-books to be supplied it appears that the sum of \$55,000 will be required in order to enable the schools to carry out the law as it stands on the statute-book.

I would respectfully recommend that the Board take such action as will enable the Principals and Teachers of the Grammar and Primary Schools to perform the duty required of them by the act under consideration.

Very respectfully,
(Signed) JOHN JASPER, City Superintendent.

Referred to the Counsel to the Corporation.

The final estimates for the College of the City of New York and Normal College were taken up and considered.

The Comptroller offered the following:

Resolved, That the sum of five hundred dollars be, and the same is hereby transferred from the appropriation made to the Department of Taxes and Assessments for the year 1895, entitled "Salaries—Department of Taxes and Assessments, Salaries of Secretary, Deputies and Employees," the same being in excess of the amount required for the purposes and objects thereof to the appropriation made to the same Department for the year 1895, entitled "Contingencies—Department of Taxes and Assessments," the amount of said appropriation being insufficient.

Which was adopted by the following vote: Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The following communication was received:

NOVEMBER 22, 1895.

The Board met to resume consideration of the Provisional Estimate of 1896.

The President called Alderman Olcott, Chairman of the Committee of the Whole, to the chair. After some time spent in consideration of the Provisional Estimate for 1896, Alderman Olcott, Chairman of the Committee of the Whole, reported back to the Board of Aldermen, as follows:

That the report of the Finance Committee of the Board of Aldermen, adopted November 7, 1895, in relation to the appropriation for the Register's Office for 1896 (for summary see CITY RECORD, November 9, 1895, page 3342), be taken by the Finance Committee, and that they appear before the Board of Estimate and Apportionment and urge the carrying out of the resolution contained in said report.

That the Committee on Finance fully investigate what amount, if any, should be added to the appropriation for the Register's Office in order to carry on the work of that Department, and that the Finance Committee further urge the Board of Estimate and Apportionment to make the required additional appropriation.

Alderman Olcott moved the adoption of the report of the Committee of the Whole.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

The minutes of the meeting held December 19, 1895, were read and approved.

William Rhinelander Stewart, President of the State Board of Charities, appeared and presented the following copy of a preamble and resolution, adopted by the State Board of Charities.

Whereas, The State Board of Charities has been requested to appear by its President before the Board of Estimate and Apportionment of the City of New York, in support of a pending application to the said Board by the Commissioners of Public Charities of the City of New York, for an appropriation to enable said Commissioners to employ suitable agents to determine whether the inmates of Charitable Institutions are those received and retained pursuant to law and are proper subjects of support at public expense or should be discharged; and

Whereas, This Board is of the opinion that the appropriation of a reasonable sum for the purpose named, and the employment by the Commissioners of Public Charities of the City of New York of competent and faithful agents, would greatly reduce the number of children and other persons now supported as public charges and thereby save large sums of money annually to the City of New York; and

Whereas, The performance of such work by said agents would in no wise interfere with the powers or duties of the State Board of Charities or of its own inspectors, and, as the recommendation herein contemplated is in no sense intended as a limitation or delegation of any of the rights, powers or obligation of the State Board of Charities; therefore

Resolved, That President Stewart be authorized to recommend that the Board of Estimate and Apportionment of the City of New York make such appropriations to the Commissioners of Public Charities of New York City as will enable them to employ a sufficient number of suitable agents for the purpose hereinbefore mentioned.

The following communication was received:

LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, December 24, 1895. To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In compliance with the action of the Board referring the request of the Board of Education for an increase of \$55,000, in the appropriation to the Board of Education for text books, claimed to be rendered necessary to enable the Board to comply with the provisions of chapter 1041 of the Laws of 1895, being "An act to amend the consolidated school law providing for the study of the nature and effects of alcoholic drinks, and other narcotics in connection with physiology and hygiene in the public schools" to the Corporation Counsel for an opinion, I respectfully report:

Said chapter provides as follows:

"§19. The nature of alcoholic drinks and other narcotics and their effects on the human system shall be taught in connection with the various divisions of physiology and hygiene, as thoroughly as are other branches for not less than four lessons a week for ten or more weeks in each year in all grades below the second year of the high school in all schools under state control, or supported wholly or in part by public money, and also in all schools connected with reformatory institutions. The local school authorities shall provide needed facilities and definite time and place for this branch in the regular course of study. All pupils who can read shall study this subject from suitable text books, but pupils unable to read shall be instructed in it orally by teachers using text books adapted for such oral instructions as a guide and standard, and these text books shall be graded to the capacities of primary, intermediate and high school pupils. For students below high school grade such text books shall give at least one-fifth their space, and for students of high school grade shall give not less than twenty pages to the nature and effects of alcoholic drinks and other narcotics, but pages on this subject in a separate chapter at the end of the book shall not be counted in meeting the minimum. No text book on physiology not conforming to this act shall be used in the public schools except so long as may be necessary to fulfill the conditions of any contract existing at the time of the passage of this act."

"§20. * * * No state school money shall be paid for the benefit of any district, city, normal or other school herein mentioned until the officer or board having jurisdiction and supervision of such school has filed, with the officer whose duty it is in each case to disburse the state school money for such school, an affidavit made by such officer, or by the president or secretary of such board that he has made thorough investigation as to the facts, and that to the best of his knowledge, information and belief, all the provisions of this act have been faithfully complied with during the preceding school year."

This act took effect August 1, 1895.

The provisions are specific, not only as to the number of lessons a week for ten or more weeks in which the subject shall be taught and the requirements that pupils shall pass a satisfactory examination on the subject, but also that the local school authorities shall provide suitable text books, and that such text books should give at least one-fifth their space to the subject.

The act is also mandatory, in that if the provisions above alluded to are not complied with and proof thereof by way of affidavit filed no State school money shall be paid.

So that, in my opinion, if the City should neglect or refuse to appropriate the sum necessary to provide the text books required by the act it would preclude itself from receiving any share of the State school moneys.

I am, therefore, of the opinion that some appropriation should be made to the Board of Education to enable them to comply with the law.

Very respectfully,

FRANCIS M. SCOTT, Counsel to the Corporation.

Laid over.

SHERIFF'S OFFICE, COUNTY COURT-HOUSE, CITY AND COUNTY OF NEW YORK, NEW YORK, December 23, 1895. To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The unusual number of prisoners confined this year in the County Jail has about exhausted the appropriation of \$3,000 for "Support of Indigent Prisoners, etc.," and I therefore respectfully request the transfer of \$235 from the appropriation entitled "Salaries—Sheriff's Office—For Compensation of Jury Notice Servers," which is in excess of the amount required, to the appropriation for "Support of Indigent Prisoners, etc.," which is insufficient.

I am compelled also to request the transfer of \$350 from "Salaries—Sheriff's Office—For Compensation of Jury Notice Servers," which is in excess of the amount required, to the appropriation for "Incidental Expenses of the Sheriff's Office and the County Jail, etc.," which is wholly insufficient for the purposes thereof.

In addition to the many entirely unlooked for demands made upon this appropriation for account of the Sheriff's Office, bills for repairs, materials, etc., for the County Jail, which were believed to be a proper charge upon the Department of Public Works have been presented to me, payment having been refused by that Department.

Respectfully,

EDWARD J. H. TAMSEN, Sheriff.

And offered the following:

Resolved, That the sum of two hundred and thirty-five dollars (\$235) be and hereby is transferred from the appropriation made to the Sheriff's Office, for the year 1895, entitled "Salaries—Sheriff's Office—For Compensation of Jury Notice Servers," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the same office for 1895 entitled "Support of Indigent Prisoners in County Jail, etc.," the amount of said appropriation being insufficient.

Resolved, That the sum of three hundred and fifty dollars (\$350) be and hereby is transferred from the appropriation made to the Sheriff's Office, for the year 1895, entitled "Salaries—Sheriff's Office—For Compensation of Jury Notice Servers," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the same office for 1895 entitled "Incidental Expenses of the Sheriff's Office and the County Jail, etc.," the amount of said appropriation being insufficient.

NEW YORK, October 28, 1895.

The following circular, addressed to candidates for the Assembly and Senate of this State, has been brought to the notice of the Board of Fire Commissioners:

"OFFICE OF TRUSTEES AND TREASURER OF THE EXEMPT FIREMEN'S BENEVOLENT FUND OF THE CITY OF NEW YORK, No. 174 CANAL STREET, NEW YORK, October 18, 1895.

"DEAR SIR—The undersigned, a Committee of the Association of Exempt Firemen, the Volunteer Firemen's Association, and the Veteran Firemen's Association of the City of New York, representing 4,500 Volunteer Firemen, have been instructed to ask from you, if in the event of your election to the Assembly on November 5th next, you will favor the passage of a bill for the extension of the two per cent. tax now enjoyed by the widows and orphans of, and aged, sick and indigent Volunteer Firemen for such further period of years as may be necessary to meet their wants.

"Your immediate response is requested, as the result of your reply will control the political action of a large number of your fellow-citizens, members of the late Volunteer Fire Department, and their friends.

"Very truly yours,

"ROBERT NOONEY, RICHARD CULLEN, GEORGE W. ANDERSON, CHARLES E. GILDEKSLEEVE."

The Fire Commissioners are of the opinion that the two per cent. tax collected from foreign insurance companies doing business in the City of New York should properly be paid to the regular Fire Department after the expiration on January 17, 1897, of the existing law.

This tax is levied under an act of the Legislature passed in 1849, which provides that the fund so collected should be paid to the treasurer of the Fire Department, in the localities where the same might be collected. In 1866 the act was amended so as to divert the fund from the Treasurer of the Fire Department to the Trustees of the Exempt Firemen's Benevolent Fund, for a period of five years. Extensions of this provision of law, for limited periods, have been made from time to time, and the final extension—that of 1887—expires on the 17th of January, 1897. What was at first given as a charitable donation by act of the Legislature has come to be claimed as a right by this benevolent association, which with increasing funds must have a constantly diminishing, and now very small number of beneficiaries to whom the fund should be rightfully paid.

This tax is collected from about ninety companies, on business being done by them, under protection afforded by the present Fire Department. Nine-tenths of these companies began business after the Volunteer Fire Department was disbanded, and have never received any protection from the Volunteer Firemen or the Exempts.

The Fire Commissioners hold the opinion that the subject of a proper disposition of this fund is one for careful consideration by those charged with the duty of legislating for the people. Voters of all parties must regard with condemnation an attempt to influence the action of prospective legislators by implied promises of support, or covert threats of hostility, by an association or body of men seeking to control the disposition of moneys in which the entire community has a direct and positive interest.

The Fire Commissioners desire to do their part in maintaining the good name of the Department, and they have no desire to know or to notice the political opinions or actions of any individual member of the force which receives its pay from taxes levied upon citizens of all parties, and the Commissioners have no right and entertain no wish to interfere in any manner with the political and personal rights which Firemen, as individuals, enjoy in common with all their fellow-citizens.

Adjourned.

CARL JUSSEN, Secretary.

DEPT. OF PUBLIC CHARITIES.

DEPARTMENT OF PUBLIC CHARITIES FOR INSANE ASYLUMS, NEW YORK, January 3, 1896.

PROPOSALS FOR GROCERIES—SEALED BIDS for furnishing Groceries during the first three months of 1896, in conformity with samples and specifications, will be received at the office of the Department of Public Charities for Insane Asylums, No. 66 Third Avenue, in the City of New York, until 10 o'clock A. M. of Wednesday, January 15, 1896.

GROCERIES.

24,000 pounds Rio Coffee, roasted.

No empty packages are to be returned to bidders or contractors, except such as are designated in the specifications.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President, or his duly authorized agent, of said Department and read.

THE BOARD OF PUBLIC CHARITIES FOR INSANE ASYLUMS reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or a clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated

damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The term of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities for Insane Asylums will insist upon its absolute enforcement in every particular.

S. C. CROFT, President; JOHN P. FAURE and JAS. R. O'BRIEN, Commissioners, Department of Public Charities.

FIRE DEPARTMENT.

NEW YORK, December 27, 1895.
TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING the materials and labor and doing the work required in making repairs, etc., to the fire-boat "William F. Havemeyer" (Engine Company No. 43) of this De-

partment, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, January 8, 1896, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done bidders are referred to the specifications, which form part of these proposals.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within fifteen (15) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at twenty (20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in the sum of one thousand (\$1,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a household or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty (\$50) dollars. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. DEPARTMENT OF PUBLIC WORKS

COMMISSIONER'S OFFICE, NEW YORK, January 4, 1896.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M. on Thursday, January 16, 1896, at which place and hour they will be publicly opened by the head of the Department:

No. 1. FOR ALTERATION AND IMPROVEMENT TO SEWER IN TWENTY-SECOND STREET, between Second and Third avenues.

No. 2. FOR SEWERS IN ELEVENTH AVENUE, both sides, between One Hundred and Eighty-sixth and One Hundred and Eighty-seventh streets.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room No. 9, No. 31 Chambers street.

CHARLES H. T. COLLIS, Commissioner of Public Works.

NOTICE TO TENANTS AND PROPERTY HOLDERS IN REGARD TO REMOVAL OF SNOW.

ATTENTION IS CALLED TO THE PROVISIONS of an act passed by the Legislature of this State on April 1st, 1895, as follows:

CHAPTER 201.

"AN ACT to provide for the assessment and collection of the expense of removal of snow and ice from the sidewalks of public streets and avenues in the City of New York."

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Whenever any owner, lessee, tenant, or occupant or person having charge of any building or lot of ground in the City of New York shall fail to comply with the provisions of any ordinance of the said city for the removal of snow and ice from the sidewalk or gutter in the street, on the side of the street on which the said building or lot fronts, the Commissioner of Public Works of the said city shall cause such removal to be made, and thereupon the

expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Commissioner of Public Works to the Comptroller of the said city, who shall pay the same in the same manner as the expense of removing snow from the streets of the city is paid; and immediately after the making of the payment of such expense as so certified to him, the said Comptroller shall make and deliver a certificate thereof to the Board of Aldermen of the said city, and the said amounts so certified shall, by the said Board of Aldermen, annually be added to and made to form a part of the annual taxes of the next ensuing fiscal year against the lots against which the said amounts shall be so certified respectively, and the same shall be collected in and with and as part of the annual taxes for such fiscal year, for or during which the same shall have been so incurred and certified.

Section 2. This act shall not be regarded as interfering with the owner of any lots throwing into the roadway of the streets or avenues any snow or ice which may be removed from the sidewalk or gutter directly in front of such lot.

Section 3. The term lot, as used in this act, shall include a space not to exceed twenty-five feet in width fronting the street, avenue or lane upon which the violation is charged to have been committed or omitted.

Section 4. This act shall take effect on the first day of November, eighteen hundred and ninety-five.

The City Ordinance to which the above statute applies reads as follows:

"Section 669. Every owner, lessee, tenant, occupant or person having charge of any building or lot of ground in the city of New York shall, within eight hours after the fall of any snow, and within eight hours after the forming of any ice on the sidewalk or in the gutter in front of any such building or lot, remove, or cause the same to be removed, from such sidewalk or gutter, under the penalty of three dollars for every such neglect, to be paid by the said owner, lessee, tenant, occupant or person having charge severally and respectively; but where said snow falls or ice forms between the hours of eight o'clock in the evening and five o'clock in the morning, this ordinance will be complied with by removing, or causing the same to be removed, before nine o'clock of the morning succeeding its fall or formation."

It becomes my duty to give notice that the provisions of the foregoing statute will be rigidly enforced in all cases where the City Ordinance is not complied with.

CHARLES H. T. COLLIS, Commissioner of Public Works.
