BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
TUESDAY, October 15, 1901.

The Board met in pursuance of an adjournment.
Present—Robert A. Van Wyck, the Mayor; Bird S. Coler, the Comptroller; John Whalen, the Corporation Counsel; Thomas L. Feitner, the President of the Department of Taxes and Assessments.
Absent—Randolph Guggenheimer, the President of the Council.

The reading of the minutes of the meetings held October 1, 2, 3, 4, 7, 8, 9, 10, 11 and 14, 1901, was dispensed with.

The Comptroller presented the following:

DEPARTMENT OF PARKS—THE CITY OF NEW YORK,
THE ARSENAL, CENTRAL PARK,
September 4, 1901.

To the Board of Estimate and Apportionment, New York City:

GENTLEMEN—Herewith I beg to forward for the approval of your Honorable Board, pursuant to the requirements of chapter 556 of the Laws of 1897, as amended by chapter 635, Laws of 1900, form of proposed contract and specifications for the excavation and removal of rock from the site of the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue and Fortieth to Forty-second streets, the same being approved as to legal form by the Corporation Counsel and so indorsed by him.

The necessity for this contract has arisen by the development of rock in the excavation for the library foundations at grades not specified in Contract No. 1 for that work now in progress.

Sufficient funds to accomplish this work, whose cost is estimated at ten thousand dollars (\$10,000), are already available.

It being very important that the same should proceed with as little delay as possible, I beg to request your early consideration of the matter.

Respectfully,
GEORGE C. CLAUSEN,
Commissioner of Parks, boroughs of Manhattan and Richmond.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
September 5, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. George C. Clausen, Commissioner of Parks, boroughs of Manhattan and Richmond, in communication under date of September 4, 1901, forwards to the Board of Estimate and Apportionment for their approval, pursuant to the requirements of chapter 556 of the Laws of 1897, as amended by chapter 635, Laws of 1900, form of proposed contract and specifications for the excavation and removal of rock from the site of the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue and Fortieth and Forty-second streets, the same being approved as to legal form by the Corporation Counsel, and indorsed by him. The Commissioner says: "The necessity for this contract has arisen by the development of rock in the excavation for the library foundations at grades not specified in Contract No. 1 for that work now in progress."

He also states that sufficient funds to accomplish this work (the cost of which is estimated at \$10,000) are already available.

In reply, would report that the rock to be excavated, and for which proposed contract is made, is located in the southwesterly corner of the vault, boiler and engine room in Fortieth street, and it is estimated that there is about 2,000 cubic yards.

The work of excavating for and constructing this vault is being done under two contracts, designated as Contracts Nos. 1 and 2.

It has always been the contention of the Engineers of this Department that Contract No. 1 could not be extended to include any work in this vault on account of the limits, as shown on Plan No. 11, also the depths or grades designated in Contract No. 1; but in accordance with opinion of the Corporation Counsel, dated October 22 and December 14, 1900 (copies of which are attached), all the classes of work required to construct the vault, and for which fixed prices have been made and determined by Contract No. 1 (contract of Eugene Lentilhon) shall be done under and in accordance with the provision of Contract No. 1, and paid for at the prices as specified by Contract No. 1, and he concludes his opinion of October 22, 1900, by stating that "I cannot see any objection to the architects requesting or ordering the contractor to perform such work."

The work to be done under section 4, contract No. 1, is as follows, viz.:

(a) Excavate earth for cellars and trenches to an average depth of 10 feet below grade 97, as shown on Plan No. 11.

(b) Excavate earth for foundation trenches with necessary sheet piling to an average depth of 5 feet below grade 87, as shown on Plan No. 11.

(c) Excavate earth for foundation trenches with necessary sheet piling to an average depth of 5 feet below grade 82, as shown on Plan No. 11.

(d) Rock excavation.

(e) Concrete footings.

(f) Rubble masonry for foundation walls.

(g) Block fillings.

(h) Back filling.

(i) Test borings.

From the above (Item c) it will appear that the lowest grade specified for earth excavation is 77, and this is for foundation trenches; but in accordance with opinions, above noted, of the Corporation Counsel, earth has been excavated in the Fortieth street vault to a grade of 66 in places, and paid for at \$1.97 per cubic yard, the price specified in Contract No. 1 for earth excavation for foundation trenches, with necessary sheet piling to average depth of 5 feet below grade 82, as shown on Plan No. 11. Therefore, in my opinion, if the earth excavation for foundation trenches, specified in Contract No. 1, can be construed to include earth excavation in the vault and to depths lower than shown in Plan No. 11, I think the contractor, Eugene Lentilhon, should be ordered to excavate the rock in the Fortieth street vault and to receive the price per cubic yard as specified in Contract No. 1.

There is no explanation how the "rock excavation" called for on page 9, Item d (Contract No. 1, Eugene Lentilhon), shall be excavated, except in the trenches.

The surface of rock as uncovered at the bottom of trenches, is to be benched off in level steps left clean. Loose or rotten work to be excavated and the pocket cleared ready to receive concrete.

Respectfully,
CHANDLER WITHINGTON, Principal Assistant Engineer.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 22, 1900.

Hon. GEORGE C. CLAUSEN, President, Department of Parks:

SIR—A communication from your Department, dated October 9, 1900, was received, which reads as follows:

"I am directed by the Commissioner of Parks for the boroughs of Manhattan and Richmond to request your advice as to the validity of a proposed modification of the contract for the removal of the Forty-second Street Reservoir and the construction of foundation work for the New York Public Library Building, which is explained in a communication from the architects, Messrs. Carrere & Hastings, and a proposition from the contractor, which are inclosed herewith.

"The advantages to be secured by the proposed modification are quite material to the Department and acceptable to the contractor and the modification would seem to be a desirable one. It will not increase the cost of the whole work of the contract as originally estimated and named in the contract certificate. A representative of the architects, who can explain more fully the character, extent and desirability of the modification, will call at your office for the purpose whenever it may be desired.

"As the matter must necessarily rest in abeyance until your opinion as to the legal propriety of the proposition is received, an early reply will facilitate the work and be appreciated."

Since receiving the above communication, Mr. Owen Brainard, the representative of the architects, Messrs. Carrere & Hastings, has called at this Department with the contract, specifications and plans, and after a careful study and consideration of the same, it is my opinion that the work desired to have done by the architects may properly and reasonably be done under the contract of Mr. Eugene Lentilhon for the removal of the Forty-second Street Reservoir and other work in the Nineteenth Ward of The City of New York, provided that the work, both as to quantity and character, comes strictly within the contract and the specifications, and especially in that part of the specifications which describes the work to be performed and the materials to be furnished under sections 1, 2, 3 and 4, which quantities of materials and work should not exceed materially the quantities mentioned in (a), (b), (c), (d), (e), (f), (g), (h) and (i) of section 4 of said specifications.

If the quantities of excavation, concrete, rubble masonry, brickwork and back filling has been materially diminished by reason of discovering that the foundations are sufficient without going to the depth contemplated in the original plan, and there being nothing in the contract or specifications or plans limiting to a definite line the extent of the work, sidewise and endwise, it is my opinion that under the terms of the contract, the excavations may be extended laterally for the cellars and trenches which are required for foundations for cellars and trenches which are required for the substantial completion of the foundations, and that there is nothing in the contract which limits or excludes the performance and completion of work requisite to the carrying out of the original plans as described in Drawing No. 11, even though it includes areas, retaining-walls and subways, illustrated and shown on detailed drawings contemplated in the contract and which often result in the regular carrying out of such work. Drawing No. 11 does not limit the work to any definite line, but all the sections are broken off to show that the extent of work was not intended to be limited to any definite point or line.

Paragraph 11, page 10, expressly provides in the matter of excavation "that the contractor shall remove the earth for cellar and for foundation trenches to the depth and width required;" paragraph V. provides that "concrete footings will be placed at the bottom of trenches wherever required;" paragraph VI. provides "that foundation walls will be laid on top of the concrete where so directed;" paragraph X. provides for the laying of "brickwork in trenches where required."

These clauses, when interpreted in the light of the contract, may properly be interpreted to mean that this work shall be done where required by the architects or by the needs of the work itself. Either interpretation would permit that it should be ordered under the terms of this contract.

In reply to that part of your letter which proposes a modification of the contract, it is my opinion that no such modification is necessary or desirable. In fact, if the trench work may not be properly included under the terms of the present contract, it could not be added thereto as extra or additional work by a modification of the same contract.

Since the contractor is agreeable to undertaking and doing the work under his contract, and the estimated quantities and character of the work and materials will not be changed nor the appropriation exceeded, I cannot see any objection to the architects' requesting or ordering the contractor to perform such work and to his including the same in his regular progress estimates under the contract.

Respectfully yours,
JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 14, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—A communication from your Department, dated December 5, 1900, was received, which reads as follows:

"In examining into the matter of the plans, etc., of the so-called Contract No. 2, New York Public Library, for constructing Fortieth Street Vault for the boiler and engine room and other rooms, I find an opinion given by you to Hon. George C. Clausen, President, Department of Parks, under date of October 23, 1900, a copy of which is inclosed herewith.

"In this opinion you say that a portion of the work may properly and reasonably be done under the contract of Mr. Eugene Lentilhon (Contract No. 1), provided that the work both as to quantity and character comes strictly within the contract and the specifications, and especially in that part of the specifications which describes the work to be performed and the materials to be furnished under sections I., II., III. and IV., which quantities of materials and work should not exceed materially the quantities mentioned in (a), (b), (c), (d), (e), (f), (g), (h) and (i) of section IV. of said specifications.

The quantities estimated in Contract No. 1 (the Lentilhon contract), in section IV. for earth excavation divisions (b) and (c), I am informed by the Engineer of this Department, will be increased from 10,000 to 11,000 cubic yards above the estimates of Contract No. 1, amounting in money to about \$20,000. The concrete under division (e) of section IV. will be increased about 30,000 cubic feet, amounting to about \$6,600. These are very material increases.

"Will you please inform me whether these material increases, evidently not heretofore considered, will, in any way, lead to a modification of your opinion, and, if not, how these increased amounts can be paid for under Contract No. 1."

An investigation of the increase of quantities under Contract No. 1, the subject of your communication, shows that such increase is the result of changes and alterations made in good faith by the architects within their powers and by and with the consent and approval of the Department of Parks.

The question is to what extent may such changes be carried. This must be determined by the facts of each individual case. It would be unfortunate to have it understood that the quantities named in the proposals for bids and estimates could be materially or greatly changed, and it might also in some cases be equally unfortunate to be restricted to the quantities designated, which quantities must by the nature of the work in many cases be approximated only.

In my opinion of October 22, I limited the changes so that the quantities of materials and work should not exceed materially the quantities mentioned in section 4 of said specifications. In doing so I acted upon the report of the architect, which recited that "the work thus to be done cannot increase the total quantities of such work beyond the amount stipulated," and for the reasons above cited, that the best interests of the City require that the change in the quantities specified should be restricted.

In view of the facts and circumstances attending this case, it is my opinion that the work and materials ordered by the architects to be done and furnished under Contract No. 1 may properly be ordered and required under that contract, even though the quantities do exceed materially the "earth excavation for foundation furnished with necessary sheet piling" and also the quantities "of concrete footing," which increase is the natural and necessary result of changes made by the architects with the consent and approval of the Department of Parks, provided that the total aggregate cost or price of said quantities do not exceed the contract price bid by the contractor and certified by the Comptroller.

Respectfully yours,
(Signed.) JOHN WHALEN, Corporation Counsel.

DEPARTMENT OF PARKS—THE CITY OF NEW YORK,
THE ARSENAL, CENTRAL PARK,
September 25, 1901.

To the Board of Estimate and Apportionment, New York City.

GENTLEMEN—I beg to acknowledge receipt of a letter of the 16th inst. from the Clerk of your Honorable Board communicating your action of the 11th inst. in referring to me a report of the Engineer of the Finance Department and a copy of an opinion of the Corporation Counsel relative thereto in the matter of necessary excavation and removal of rock on the site of the New York Public Library Building, and also returning without your approval form of contract and specifications providing for that work.

The rock to be removed lies below the grade to which such excavation is provided for in Contract No. 1, covering the Library foundation work.

The same grade limit (77) is also named in Contract No. 1 for earth excavation, although it appears that earth below that depth has been removed by the contractor at his contract price. This earth work was done under the opinion of the Corporation Counsel referred to by the Engineer, who contends that if Contract No. 1 could be construed to cover earth excavation below grade 77 it should also be construed to cover rock at the same depth. The cases are entirely different. When the question of earth excavation came up the opinion of the Corporation Counsel was asked as to whether the additional work so involved could be done by a modification of Contract No. 1 so as to include it. While the matter was being considered, the contractor stated his willingness to do the extra work at the price named in his contract for similar work above the specified grade. The Corporation Counsel then advised that, in view of the contractor's willingness, a modification was unnecessary. He stated in his opinion that "since the contractor is agreeable to undertaking and doing the work under his contract and the estimated quantities and character of the work and materials will not be changed nor the appropriation exceeded, I cannot see any objection to the architects requesting or ordering the contractor to perform such work and to his including the same in his regular progress estimates under the contract."

In the case of the rock now under discussion the contractor is not only unwilling but declines to do the extra work at his contract price for similar work above the grade named.

The Law Department having also advised that a modification of Contract No. 1 to such an extent would not be legally permissible, the form of a new and separate contract covering this work has been drawn and duly approved by the Corporation Counsel. I return the form of contract and specification herewith and respectfully request your approval of the same.

I beg to add that it is most important that this work should proceed. The delay is very embarrassing and causes other portions of the work on the building to remain at a standstill, in view of which your early consideration of the matter is earnestly sought.

Respectfully,

GEORGE C. CLAUSEN,
Commissioner of Parks, Boroughs of Manhattan and Richmond.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
September 27, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. George C. Clausen, Commissioner of Parks, boroughs of Manhattan and Richmond, under date of September 25, 1901, forwards a communication answering the objections raised by the Engineers of this Department, in report dated September 5, 1901, to the approval of a contract for the excavation and removal of rock from the site of the New York Public Library, Astor, Lenox and Tilden foundations, Fifth avenue and Fortieth to Forty-second street.

He states that the case between earth and rock is "entirely different," and that "when the question of earth excavation came up the opinion of the Corporation Counsel was asked as to whether the additional work so involved could be done by a modification of Contract No. 1 so as to include it."

In this the Commissioner is in error; the request to the Corporation Counsel was for his "advice as to the validity of a proposed modification of the contract (Contract No. 1), for the removal of the Forty-second Street Reservoir and the construction of foundation work," which is explained in a communication from the architects, Messrs. Carrere and Hastings.

I attach a copy of this letter of the architects, and would call your attention to that portion of it which refers to the work proposed to be done in the vault under Contract No. 1:

"The work which might be so done would consist of excavation for all of Contract No. 2, portions of the concrete work, of rubble work and of brickwork."

I also attach a copy of a letter to the architects, dated October 26, 1900, signed by Clinton H. Smith, Assistant Secretary, Park Board, in which he states that he is directed by Commissioner Clausen "to say that inasmuch as the Corporation Counsel, from whom an opinion has been received under date of the 22d instant, advises that there is no legal objection to such arrangement of the work, and, in view also of your recommendation in the matter, he fully approves of the course indicated, and authorizes the same to be proceeded with under your direction and with the proper limitation as to quantity and character of the work."

"I inclose herewith for your information and guidance a copy of the Corporation Counsel's opinion, from which you will observe that a modification of Mr. Lentilhon's contract will not be necessary, but that the work may be ordered done as if contemplated when the contract was made."

In the letter of explanation of the architects dated September 25, 1900, which accompanied the request of the Park Department to the Corporation Counsel for advice in the matter, in the opinion of the Corporation Counsel, nor in the instruction to the architects forwarded by Clinton H. Smith, Assistant Secretary, Park Board, I find no special mention of earth excavation, therefore, both rock and earth excavation are included when the word "excavation" is used.

The Corporation Counsel, under date of October 22, 1900, states that it is his opinion "that the work desired to have done by the architects may properly and reasonably be done under the contract of Mr. Eugene Lentilhon, for the removal of the Forty-second Street Reservoir and other work in the Nineteenth Ward of The City of New York, provided that the work, both as to quantity and character, comes strictly within the contract and the specifications, and especially in that part of the specifications which describes the work to be performed and the materials to be furnished under sections I., II., III. and IV., which quantities of materials and work should not exceed materially the quantities mentioned in (a), (b), (c), (d), (e), (f), (g), (h) and (i) of section IV. of said specifications."

In response to my request for advice as to what may be considered a material increase, I called attention to the increase of earth and concrete; the Corporation Counsel, by opinion dated December 14, 1900, states that "In view of the facts and circumstances attending this case, it is my opinion that the work and materials ordered by the architects to be done and furnished under Contract No. 1 may properly be ordered and required under that contract, even though the quantities do exceed materially the 'earth excavation for foundation furnished with necessary sheet piling,' and also the quantities 'of concrete footing,' which increase is the natural and necessary result of changes made by the architects with the consent and approval of the Department of Parks, provided that the total aggregate cost or price of said quantities do not exceed the contract price bid by the contractor and certified by the Comptroller."

It will be noted that only earth and concrete were included in the opinion in reply to my request. Rock was not considered by me then, as I had no means of knowing that there would be any, but in my opinion, if the earth and concrete might be increased, the rock may be also.

I would note that the total quantity of rock estimated in Contract No. 1 was 1,800 cubic yards; that only 373 cubic yards have been excavated and removed, which, with the 2,000 cubic yards estimated for the vault, would bring the total rock excavation to 2,373 cubic yards, or only 573 cubic yards more than the estimated quantity for Contract No. 1; and at the contract price of 30 cents per cubic yard, would only amount to \$171.90 above the estimated cost for rock excavation.

The willingness of the contractor to do the work, in my opinion, does not enter the case. The question is simply, has the City the right to order and direct the contractor under the terms of Contract No. 1 to excavate and remove the rock from the vault in Fortieth street, and in view of all the communications and opinions of the Corporation Counsel, I still contend that this work should be done under Contract No. 1, and paid for at the price bid in Contract No. 1, and that no additional contract is necessary.

As the question appears to be an interpretation of the opinions of the Corporation Counsel, I would suggest that the matter be referred to the Corporation Counsel for an opinion if it is necessary to make a new contract for the removal of the rock from the Fortieth street vault of the New York Public Library.

Respectfully,

EUG. E. McLEAN, Engineer.

SEPTEMBER 25, 1900.

To GEORGE C. CLAUSEN, Esq., Commissioner of Parks, Borough of Manhattan, N. Y.:

DEAR SIR—In view of the fact that the execution of the proposed Contract No. 2 on the New York Public Library would require a further appropriation by the Board of Estimate and Apportionment, we suggest that so much as possible of the proposed work be done under Contract No. 1. The work which might be so done would consist of excavation for all of Contract No. 2, portions of the concrete work, of rubble work and of brickwork. The work thus to be done would not increase the total quantities of such work beyond the amounts stipulated in Contract No. 1. The work then remaining to be done under Contract No. 2 could undoubtedly be contracted for at an amount much less than the unexpended balance of the appropriation. This would save the delay incident to the obtaining of further appropriation from the Board of

Estimate and Apportionment, and would also avoid some complications in the joining of Contracts Nos. 1 and 2.

If this suggestion meets with your approval, we will direct Mr. Lentilhon to proceed with the excavation work, concrete work, rubble work and brickwork for the Fortieth street extension, and will reduce Contract No. 2 by omitting the work to be done under Contract No. 1.

Respectfully yours,

(Signed)

CARRERE & HASTINGS.

OCTOBER 26, 1900.

Messrs. CARRERE & HASTINGS, No. 28 East Forty-first Street, City:

GENTLEMEN—Referring to your letters of September 25 and 26, respecting the proposition to execute a portion of the work required for the boiler and engine-room extension on the south side of the New York Public Library Building under Contract No. 1, thereby reducing the amount of work to be done under the proposed Contract No. 2, Commissioner Clausen directs me to say that inasmuch as the Corporation Counsel, from whom an opinion has been received under date of the 22d instant, advises that there is no legal objection to such arrangement of the work, and in view also of your recommendation in the matter, he fully approves of the course indicated, and authorizes the same to be proceeded with under your direction and with the proper limitation as to quantity and character of the work.

I inclose herewith for your information and guidance a copy of the Corporation Counsel's opinion, from which you will observe that a modification of Mr. Lentilhon's contract will not be necessary, but that the work may be ordered done as if contemplated when the contract was made.

Respectfully,

(Signed)

CLINTON H. SMITH, Assistant Secretary, Park Board.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 12, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. John Whalen, Corporation Counsel, in communication under date of October 10, 1901, in relation to the matter of the approval by the Board of Estimate and Apportionment of a contract for the excavation and removal of rock from the site of the New York Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue and Fortieth street to Forty-second street, states that "in consideration that it would require a long period of time to determine by suit whether or not Mr. Lentilhon is compelled under his contract to excavate the rock in question, and of the further fact that it is very doubtful whether a reasonable construction of the contract required that he should excavate below a level of 77 feet, it is my opinion that this work should be advertised for and a contract awarded as is recommended by the architects, and that, as Commissioner Clausen has outlined in his communication to the Board of Estimate and Apportionment, dated September 25, there are the best of reasons that further delay should be avoided and that great public improvements should not suffer by reason of a difference of opinion as to the technical construction of the contract, which, if decided either way, would not materially increase the cost of the work."

In reply, I would report that I have fully expressed my views in my former reports, which points have not been answered in opinion of the Corporation Counsel. I would make but one statement wherein the Corporation Counsel is in error. He states that it will not make any material increase in the cost of the work. In my judgment, it will make an increase in cost of between \$5,000 and \$6,000, if the removal of the rock is done under an additional contract instead of under Contract No. 1.

Not wishing to raise technical points which cannot be substantiated by a suit, I return the contract with the opinion of the Corporation Counsel which advises that it receive the approval of the Board of Estimate and Apportionment.

Respectfully,

EUG. McLEAN, Engineer.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 10, 1901.

To the Honorable Board of Estimate and Apportionment of the City of New York:

GENTLEMEN—A communication from your Honorable Board by its Secretary, Thomas L. Feitner, dated October 3, was received, which reads as follows:

"Herewith I transmit a communication from the Department of Parks, dated September 4, 1901, submitting forms of contract and specifications for the excavation and removal of rock from the site of the New York Public Library, etc.; also reports of the Engineer of the Finance Department, opinion of the Corporation Counsel and communication from Carrere & Hastings, relative thereto, which were presented and referred to you at a meeting of the Board of Estimate and Apportionment, held October 1, 1901."

This communication was accompanied by a report of the principal Assistant Engineer to the Comptroller, dated September 5, and a communication from Engineer Eugene McLean to the Comptroller, dated September 27, in which engineers' reports the propriety of including certain rock excavation in Contract No. 1, Eugene Lentilhon, contractor, is discussed at great length. The whole question is determined upon a very narrow construction of an ambiguous contract as to what are the precise limits of the work undertaken under Contract No. 1, which are not, either by specifications or the contract or by the plans, specifically and precisely determined. Whether or not Contractor Lentilhon could have been required to do any work outside of the line in dispute is a doubtful question. Certain changes and alterations had been made in the original plan for the Public Library. Work that had been designed and been located within the court area was planned to go outside of the limits or boundaries of the Library Building as originally planned. The appropriation for Contract No. 2 was insufficient to do this work, together with other necessary work included within the original specifications and plans for said Contract No. 2, and there being a surplus of funds applicable to Contract No. 1, Contractor Lentilhon consented to do and undertake this work originally designed to go within the court, and afterwards changed to go outside the lines of the building. Whether or not it was strictly within Contract No. 1 is a nice question about which there might be a difference of opinion, but the question was such an open one that it was my opinion that it could properly, in view of the circumstances, be included in Contract No. 1, and the bulk of the work was done under Contract No. 1. No contention was made that the price paid to the contractor for Contract No. 1 was exorbitant or unreasonable. Whether or not any earth was to be excavated below the level described in the specifications was not known at this office, and I do not think that the fact that earth was excavated below a certain level is material in determining the present question. The work has to be done and must be paid for, and two months have already been wasted in the discussion of the question as to whether or not the contractor under Contract No. 1 is required to excavate this rock.

In explanation, I am advised by the architects that Mr. Lentilhon was requested to take this rock out, and that he firmly declined, for the reason that it was work of a different character from that which he had undertaken to do, and that it was work below the grade or level to which he had, by his contract, agreed to go with the excavations. Furthermore, I am advised that the present rock excavation was not contemplated at the time that Mr. Lentilhon consented to continue the excavation under Contract No. 1, and that investigation had shown, with some degree of certainty, that the excavation was earth instead of rock; that the necessity for the extra excavation to a greater depth is to give the boilers more head room, so that mechanical stokers may be used to feed the boilers, and that such an arrangement seems to be very desirable, as it will effect a great saving and is a modern improvement in boiler attachments.

The contention of Mr. Lentilhon is, in my opinion, a sound one, as the expense of excavating rock to the depth required would be greater than what has been, or would have been, to excavate at the higher levels mentioned in this contract. Moreover, I am informed that he has no ledge rock excavation so far under his contract, that the specification provided that "the surface of rock as uncovered at the bottom of trenches is to be benched off in level steps, left clean. Loose or rotten work to be excavated and the pocket cleared ready to receive concrete."

It should be noted that the excavation of rock, so far as mentioned, is confined to the trenches. The rock excavation in question is for a boiler-house or room, and is, therefore, not of the character described in the specifications.

In view of the foregoing, and of the further consideration that it would require a long period of time to determine by suit whether or not Mr. Lentilhon is compelled under his contract to excavate the rock in question, and of the further fact that it is very doubtful whether a reasonable construction of the contract requires that he should excavate rock excavation below a level of seventy-seven feet, it is my opinion that this work should be advertised and a contract awarded as is recommended by the architects, and that, as Mr. Clausen has outlined in his communication to your Honorable Board, dated September 25, there are the best of reasons that further delay should be avoided and that great public improvement should not suffer by reason of a difference of opinion as to the technical construction of the contract, which if decided either way would not materially increase or change the cost of the work.

Respectfully yours,

JOHN WHALEN, Corporation Counsel.

DEPARTMENT OF PUBLIC CHARITIES, BOROUGH OF MANHATTAN AND THE BRONX,
COMMISSIONER'S OFFICE, FOOT OF EAST TWENTY-SIXTH STREET,
NEW YORK, October 9, 1901.

To the Honorable Board of Estimate and Apportionment :

GENTLEMEN—I would respectfully call your attention to the fact that on February 8, 1901, I submitted to your Board preliminary plans for the proposed new public hospital to be built on Lenox avenue, between One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, and stated that the estimated cost of such a building would be \$275,000. I would now ask that your Board authorize the Comptroller to issue bonds in that amount, \$275,000, for the construction of such a hospital, to be known as the Twelfth Ward Hospital. On November 12, 1901, the City will come into possession of the site selected, and I should like to proceed at once to have the working plans, specifications and advertising prepared so that there shall be no delay in the construction of this hospital, which is needed more than anything else for the efficient service of the Public Charities.

Sincerely yours,
JOHN W. KELLER.

And offered the following :

Resolved, That the Board of Estimate and Apportionment hereby approves of an expenditure from the proceeds of bonds of two hundred and seventy-five thousand dollars (\$275,000), for the purpose of providing means for the construction of a new public hospital to be built on Lenox avenue, between One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, Borough of Manhattan, to be called the New Harlem Hospital, including architect's fees, inspection and necessary incidental expenses, and that when authority shall have been obtained therefor from the Municipal Assembly, the Comptroller be authorized, pursuant to the provisions of section 48 of the Greater New York Charter, to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of two hundred and seventy-five thousand dollars (\$275,000).

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

To the Board of Education :

The Committee on Finance, to which was referred the report of the Committee on Buildings recommending award of contract for erecting Richmond Borough High School No. 1, New Brighton, Borough of Richmond, respectfully reports that, in response to the usual duly authorized advertisement, the following bids were received :

Thomas Cockerill & Son.....	\$173,000 00
Ph. Wolff & Son.....	197,996 00
Rutan & Henningham.....	164,900 00

The Committee on Buildings recommends that the award be made to the lowest bidders, in which recommendation the Committee on Finance concurs, and submits for adoption the following resolution :

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of one hundred and sixty-four thousand nine hundred dollars (\$164,900) be and the same is hereby appropriated from the proceeds of Corporate Stock to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue of which is hereby made ; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education, with Rutan & Henningham, contractors, for erecting Richmond Borough High School No. 1, New Brighton, Borough of Richmond, requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contract to be entered into by it, for and on behalf of the Board of Education, with the contractors named, to whom the award is hereby made ; said contract to be in such form and with such security for the faithful performance of the same as shall be satisfactory to the Committee on Finance ; the rules of this Board in regard thereto and as to the payments to be made on account thereof to be complied with.

RICHMOND BOROUGH HIGH SCHOOL NO. 1.

DEPARTMENT OF EDUCATION, BOROUGH OF RICHMOND.

This new building is to be erected on the west side of Jay street, on the site bounded by Wall street on the south and Stuyvesant place on the west.

The high school will provide for an attendance of 800 students, and the building is so planned that an assembly room seating about 800 may be built on the west side.

The plot rises naturally towards the west about 20 feet, thus bringing the basement above grade at the front of the building. Advantage is taken of this to place the offices of the principal and a room for manual training on this floor, thus leaving more floor space above for classrooms.

The balance of the basement is given to lunch and bicycle-rooms, the boiler and coal rooms being placed in a sub-basement under the central part of the building.

Above the basement there are three stories, including 21 rooms for active school work, and provision is made for chemical, physical and biological laboratories, two commercial practice-rooms, study hall and lecture-room, and also a large assembly hall which, in the event of an assembly hall being added at the rear of the building, will be used as a gymnasium.

Ample closet, store and wardrobe-rooms have been provided.

The style of the building is what is known as English Collegiate, and the principal feature is a central tower rising for a short distance above the main roof and providing an appropriate space for tank and vent ducts. In one angle of the tower the chimney for the boilers is placed and in this way provision is made for features which are usually detrimental to the appearance of a building.

The various appliances throughout the building will be as perfect as it is possible to make them. The ventilating system will be of the "Plenum" variety, so called because a full supply of fresh air is forced by powerful fans into all the rooms, driving out by pressure the air which has become contaminated by use.

The contract was awarded by the Committee on Buildings to Messrs. Rutan & Henningham, the lowest bidders, for the sum of \$164,900, and approved by the Board of Education on September 23, 1901.

Hon. BIRD S. COLER, Comptroller :

SIR—At a meeting of the Board of Education held on September 23, 1901, a resolution was adopted appropriating, subject to the approval of the Board of Estimate and Apportionment, the sum of one hundred and sixty-four thousand nine hundred dollars (\$164,900) from the proceeds of Corporate Stock to be issued by the Comptroller pursuant to section 48 of the Greater New York Charter, application for the issue of which is made, said sum to be applied in payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education, with Rutan & Henningham, contractors, for erecting Richmond Borough High School No. 1, in New Brighton, Borough of Richmond.

This building will be erected upon the site recently acquired for the purpose at St. George, Staten Island, and will have a commanding position overlooking the bay.

A complete description of the building has been furnished me by Superintendent of School Buildings Snyder, together with a blue-print of the perspective sketch, which are inclosed.

Proposals were invited for the above work on carefully-prepared plans and specifications and by advertisement in the CITY RECORD. Three bids were received, namely: \$164,900, \$173,000, \$197,996. Award was made to the lowest bidders, Rutan & Henningham, at their bid of \$164,900. I am of the opinion that the appropriation as made can properly receive the approval of the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following :

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education, by resolution adopted September 23, 1901, for the appropriation of one hundred and sixty-four thousand nine hundred dollars (\$164,900) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter and the ordinance of the Municipal Assembly approved by the Mayor April 16, 1901, for the purpose of providing means for the payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with Rutan & Henningham, contractors, for erecting Richmond Borough High School No. 1, at New Brighton, Borough of Richmond.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

To the Board of Education :

The Committee on Finance, to which was referred the report of the Committee on Buildings recommending awards of contracts for furniture for new Public School 79, Borough of Queens, respectfully reports that, in response to the usual duly authorized advertisement, the following bids were received :

COMPTROLLER'S OFFICE,
September 30, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education at a meeting held on September 23, 1901, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of forty-six thousand four hundred and twenty-four dollars (\$46,424), from the proceeds of Corporate Stock to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue of which is made; said sum to be applied in payment of the contracts to be entered into by the Committee on Buildings for and on behalf of the Board of Education, with the under-mentioned contractors, for the purposes mentioned and in the sums specified:

Proposals were invited for the above work on carefully prepared plans and specifications and by advertisement in the CITY RECORD. Various bids were received as enumerated in the report of the Committee on Finance, which accompanies the resolution; award was made to the lowest bidder in each case, as above.

The heating and ventilating in Public School 184 will be by the Plenum system of indirect radiation, reinforced by direct radiation from radiators and coils.

Sanitary work at Public School 22 will consist in the complete plumbing of the new addition and the drainage of the yards.

The private sewer to be built in connection with Public School 182, in The Bronx, consists in laying an 8-inch salt-glazed vitrified pipe, from in front of the school building on Avenue A to and along Seventh street to Westchester creek, a distance of about 3,300 feet. By this means the necessity of cesspools will be obviated and the health of the school materially increased.

I am of the opinion that the appropriation as made may properly receive the approval of the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.

DESCRIPTION OF PUBLIC SCHOOL 80.

Location—To be erected on a lot 125 feet frontage on Greenpoint avenue, 125 feet frontage on Pearsall street, and 200 feet deep; the lot, being located in centre of block, runs from street to street.

Memo.—The building is located in center of lot and is the central block or nucleus of a building twice the size, the purpose being to add additions to each end as future necessities require.

Size—The structure, an eighteen-room building, in size is 111 feet from south to north and 62 feet wide, three stories and basement.

Construction—Concrete footings, common hard brick foundations and backing, granite base course, limestone ashlar and water table, gray terra-cotta trimmings and red Croton brick for all face work.

Copper cornices, gutters and leaders.

Slate roof.

Fireproof floors, partitions and ceilings. Iron stairways with stone treads and platforms.

Basement—The basement (Sheet No. 6) under whole building will contain boilers, heating and ventilating apparatus, coal-bin, playgrounds for boys and girls and separate toilets for the smaller boys and girls.

First Story—The first story (Sheet No. 7) contains six class-rooms and Principal's and Teachers' rooms.

Second Story—The second story (Sheet No. 8) contains six class-rooms and separate toilets for larger boys and girls.

Third Story—The third story (Sheet No. 9) contains two class-rooms, assembly and a store-room and library.

Heating and Ventilation—The heating and ventilation will be the Plenum system, operating with a blower, drawing in fresh air from outside which is warmed by passing through steam coils in the heating chamber and afterward distributing the warm air through galvanized ducts to all rooms with openings near ceiling. The exhaust or ventilation will be through galvanized ducts with openings near floor. These ducts are carried up direct to attic space where they are united into two larger ducts, in turn connected with the ventilators on roof through which the vitiated air escapes from building.

There is also further and necessary warming of rooms by direct radiation or coils placed on walls under windows and elsewhere to maintain an equable temperature throughout the building.

Sanitary—The sanitary appliances provide for suitable apparatus for the necessary conveniences of the teachers and pupils, males and females being placed in opposite ends of the buildings. All waste sewage will be disposed of in cesspools which are provided.

Grounds—The grounds (Sheet No. 4) are laid out with a necessary roadway on the east side for the delivery of coal and other supplies, and requisite cement walks to all entrances and exits. The remaining portion of lot is sodded and seeded with lawn grass.

Iron fence on the Greenpoint avenue front, and board fence on the Pearsall street front and sides adjoining neighboring property.

Stone curbs and cement sidewalks for the Greenpoint avenue and Pearsall street fronts.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 1, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, at meeting held on September 23, 1901, adopted a resolution appropriating, subject to the approval of the Board of Estimate and Apportionment, the sum of eighty-seven thousand eight hundred and seventy-three dollars (\$87,873) from the proceeds of Corporate Stock to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue of which is made; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education, with William P. McGarry, contractor, for erecting new Public School 80, Borough of Queens.

Proposals were invited on carefully prepared plans and specifications and by advertisement in the CITY RECORD, and eight bids were received, ranging from \$87,873 to \$114,433; award was made to the lowest bidder, William P. McGarry, at his bid of \$87,873.

I inclose a full description of this new building as furnished me by Superintendent of School Buildings Snyder; the building to be fireproof construction throughout.

The appropriation as made may properly receive the approval of the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted September 23, 1901, for the appropriation of eighty-seven thousand eight hundred and seventy-three dollars (\$87,873), from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor April 16, 1901, for the purpose of providing means for the payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with William P. McGarry, contractor, for erecting new Public School 80, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

To the Board of Education:

The Committee on Finance respectfully reports that on February 18, 1901, this Board adopted a resolution requesting the Board of Estimate and Apportionment to appropriate a sum which included the estimated cost of the awards, costs, charges, expenses and expert witness fees in the matter of acquiring the undermentioned school sites:

BOROUGH OF BROOKLYN.

Humboldt Street, between Engert Street and Meeker Avenue, Metropolitan Avenue, near Manhattan Avenue.

On March 14, 1901, the Board of Estimate and Apportionment approved the request of this Board to the extent of \$9,500.

The following is a statement of the awards, costs, charges, etc., of the school sites mentioned:

Humboldt street, between Engert street and Meeker avenue.....	\$4,937 35
Metropolitan avenue, near Manhattan avenue.....	11,412 00
Total.....	\$16,349 35
Appropriation by Board of Estimate and Apportionment.....	9,500 00
Deficit.....	\$6,849 35

The first-mentioned site proceeding is in course of settlement, requisition having already been made for the necessary funds. In order to settle the last-mentioned proceeding it will be necessary to obtain an additional appropriation from the Board of Estimate and Apportionment.

The following resolution is submitted for adoption:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of six thousand eight hundred and forty-nine dollars and thirty-five cents (\$6,849.35) be and the same is hereby appropriated from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller pursuant to section 48 of the Greater New York Charter, application for the issue of which is hereby made; said sum to be applied (in addition to the appropriation authorized by the Board of Estimate and Apportionment March 14, 1901), to the settlement of the award, costs, charges, expenses and interest in the proceeding to acquire title to the site on northerly side of Metropolitan avenue, east of Manhattan avenue, in the Borough of Brooklyn; requisition for said sum of six thousand eight hundred and forty-nine dollars and thirty-five cents (\$6,849 35) being hereby made upon the Comptroller.

A true copy of report and resolution adopted by the Board of Education on October 9, 1901.
A. E. PALMER, Secretary, Board of Education.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education, by resolution adopted October 9, 1901, for the appropriation of six thousand eight hundred and forty-nine dollars and thirty-five cents (\$6,849.35) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor, April 16, 1901, for the purpose of providing means for the payment of the award, costs, charges, expenses and interest in the proceeding to acquire title to the site on the northerly side of Metropolitan avenue, east of Manhattan avenue, in the Borough of Brooklyn, in addition to the appropriation authorized by the Board of Estimate and Apportionment March 14, 1901.

To the Board of Education:

The Committee on Finance respectfully reports that in the matter of the settlement of damages in the case of Singer vs. The City of New York for an encroachment of school premises (Public School 66, Borough of The Bronx), in which settlement it was agreed by the owner of the property encroached upon by the school building to accept the sum of \$2,500, with interest from July 1, 1893, to the date of settlement, it has been further agreed by the Assistant Corporation Counsel in charge of the matter, by reason of the fact that the City was not ready at the time first agreed upon to settle, that a further sum for interest be allowed from June 15 to September 9, 1901, upon which last-mentioned date the deed was delivered and accepted by the City. In view of the before-mentioned facts the following resolution is submitted for adoption:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of thirty-five dollars (\$35) be and the same hereby is appropriated from premiums derived from the sale of Corporate Stock, heretofore issued by the Comptroller, pursuant to section 48 of the Greater New York Charter; said sum to be applied in payment of interest from June 15 to September 9, 1901, on the sum of twenty-five hundred dollars (\$2,500), which last-mentioned sum represents the damages for encroachment of school premises (Public School 66, Borough of The Bronx) on the property of one Singer, the owner. Requisition for said sum of thirty-five dollars (\$35) is hereby made upon the Comptroller.

Proposals were invited for the above work on carefully prepared plans and specifications and by advertisement in the CITY RECORD, and various bids were received, as enumerated in the report of the Committee on Finance, which accompanies the resolution. Award was made to the lowest bidder in each case.

Public Schools 136 and 137 are under their respective contracts to be wired completely for electric light and bell service and the contract also covers the furnishing of all fixtures.

The heating and ventilating in Public School 137 will be the same as that used in Public School 123, appropriation for which was previously approved by the Board of Estimate and Apportionment.

I am of the opinion that the appropriation as made may properly receive the approval of the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the appropriation of thirty-seven thousand nine hundred and ninety-three dollars and eighty-one cents (\$37,993.81) from premiums derived from the sale of Corporate Stock of The City of New York, pursuant to section 48 of the Greater New York Charter, said sum to be applied in payment of the contracts to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with the following-named contractors, and as follows:

Proposals were invited for the above work on carefully prepared plans and specifications and by advertisement in the CITY RECORD.

For the heating and ventilating apparatus nine bids were received, ranging from \$52,981 to \$59,897, and for the installing of the electric light three bids were received, which ranged from \$21,536 to \$25,389. Award was made to the lowest bidder in each case.

The heating and ventilating plant will consist of four 18-foot boilers, two heating chambers, two 8-foot blowers, to be propelled by two 27-horse-power steam engines. The Plenum system reinforced by direct radiation will be followed throughout.

The electric work will consist in wiring the building for electric light and electric bells throughout, and the furnishing of all fixtures, both gas and electric. No electricity will be generated in the building, the current being taken from the supply in the street.

The appropriation as made may properly receive the approval of the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That, pursuant to the provisions of chapter 412 of the Laws of 1897, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of seventy-four thousand five hundred and forty-four dollars (\$74,544) to provide means for the payment of the contracts to be entered into by the Committee on Buildings for and on behalf of the Board of Education, with the following-named contractors, and as follows:

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
WEDNESDAY, October 16, 1901.

The Board met in pursuance of a resolution adopted October 1, 1901, fixing this date for a hearing for taxpayers and others interested in the Budget for the year 1902.

Present—Robert A. Van Wyck, the Mayor; Edgar J. Levey, the Deputy Comptroller; John Whalen, the Corporation Counsel; Randolph Guggenheimer, the President of the Council; Thomas L. Feitner, the President of the Department of Taxes and Assessments.

The reading of the minutes of the meetings held October 1, 2, 3, 4, 7, 8, 9, 10, 11, 14 and 15, 1901, was dispensed with.

The Board proceeded to the consideration of the Budget for the year 1902.
The following representatives appeared and made statements:
The Flushing Association, in relation to the appropriations for the water supply, highways, libraries, etc., in the Borough of Queens.
The Taxpayers' Alliance of the Borough of The Bronx, in relation to parkways.
The Outdoor Recreation League, in relation to Hamilton Fish Park and DeWitt Clinton Park.
The veterans of the G. A. R.
F. R. Sturgis, M. D., in relation to various charitable institutions.
The taxpayers of Rockaway Beach, in relation to the Fire Department, fire-alarm system, etc.

The Deputy Comptroller presented the following:
To the Board of Education:

The Committee on Sites submits herewith two similar surveys, maps or plans of each of the following-described plots of land and premises in the Borough of Brooklyn, chosen and determined by the School Board for said borough on November 7 and December 4, 1900, as sites for school purposes, which sites this Board on May 22, 1901 (see Journal, pages 583-586), determined to take proceedings to acquire:

1. Howard avenue, Prospect place and St. Mark's avenue. (Assessed valuation, as stated by the Department of Taxes and Assessments, \$3,800.)
2. Havemeyer, North Sixth and North Seventh streets. (Assessed valuation, as stated by the Department of Taxes and Assessments, \$20,960.)
3. Avenue K, East Thirty-eighth and East Thirty-ninth streets. (Assessed valuation, as stated by the Department of Taxes and Assessments, \$2,200.)

The following resolutions are submitted for adoption:
Resolved, That the two similar surveys, maps or plans made by Noyes F. Palmer and R. L. Williams, City Surveyors, Borough of Brooklyn, under the instructions of the Committee on Sites, of each of the following-described plots of lands and premises chosen and determined as sites for school purposes by the School Board for the Borough of Brooklyn and approved by this Board, and submitted by said Committee pursuant to the resolution heretofore adopted in relation thereto, to wit:

1. Beginning at the corner formed by the intersection of the northerly line of Prospect place, late Warren street, with the westerly line of Howard avenue; running thence northerly along the westerly line of Howard avenue two hundred and fifty-five (255) feet seven (7) inches to the southerly line of St. Mark's avenue, late Wyckoff street; thence westerly along said southerly line of St. Mark's avenue two hundred (200) feet; thence southerly and parallel with Howard avenue two hundred and fifty-five (255) feet seven (7) inches to the northerly line of Prospect place; thence easterly along said northerly line of Prospect place two hundred (200) feet to the westerly line of Howard avenue, the point or place of beginning.

2. Beginning at the corner formed by the intersection of the northerly line of North Sixth street with the westerly line of Havemeyer street, late Seventh street; running thence northerly along said westerly line of Havemeyer street two hundred (200) feet to the southerly line of North Seventh street; running thence westerly along the said southerly line of North Seventh street two hundred (200) feet; thence southerly and parallel or nearly so with Havemeyer street two hundred (200) feet to the northerly line of North Sixth street; thence easterly along said northerly line of North Sixth street one hundred and ninety-nine (199) feet ten (10) inches to the westerly line of Havemeyer street, the point or place of beginning.

3. Beginning at the corner formed by the intersection of the northerly line of Avenue K with the easterly line of East Thirty-eighth street, running thence northerly along the said easterly line of East Thirty-eighth street two hundred and twenty (220) feet; thence easterly and parallel with Avenue K two hundred (200) feet to the westerly line of East Thirty-ninth street; thence southerly along the said westerly line of East Thirty-ninth street two hundred and twenty (220) feet to the northerly line of Avenue K; thence westerly along the said northerly line of Avenue K two hundred (200) feet to the easterly line of East Thirty-eighth street, the point or place of beginning, be and the same are hereby approved by this Board; that such approval thereof be attested by the signature of the President of this Board subscribed thereon, and that the same be filed, one of each in the office of the Board of Education and the other in the office of the Register of the County of Kings, as required by law, and that three copies of each of the said surveys, maps or plans be made and attested in like manner.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to approve the action of the Board of Education in the matter of the sites described in the preceding resolution, and is hereby requested to authorize the Corporation Counsel to take such proceed-

ings as may be necessary or proper for the acquisition of said sites, under and in pursuance of the statutes in such case made and provided, and that the President of the Board of Education and the Chairman of the Committee on Sites be and they hereby are authorized and directed, on behalf of the Board, to sign and verify petitions in the proceedings to be instituted to acquire by condemnation the title to such sites.

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of fifty-three thousand four hundred and eighty-seven dollars and fifty cents (\$53,487.50) be and the same is hereby appropriated from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue of which is hereby made, said sum being estimated to be sufficient to pay the awards, costs, charges and expenses and expert witnesses' fees in the proceedings to acquire title to the hereinbefore-described sites, requisition for said sum of fifty-three thousand four hundred and eighty-seven dollars and fifty cents (\$53,487.50) being hereby made upon the Comptroller.

Resolved, That the Board of Education, deeming it for the public interest that the title to the lands and premises hereinbefore described, and all interest therein, should be acquired by The City of New York, at a fixed or specified time, does hereby direct that at a date four months after the filing of the oaths of the Commissioners of Estimate who may be appointed by the Supreme Court in the proceedings to acquire the title to each of said lands and premises, the title to said lands and premises and all interest therein shall vest in The City of New York.

A. E. PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 8, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, at a meeting held September 23, 1901, adopted resolutions requesting the Board of Estimate and Apportionment to approve the action of the Board of Education in the selection of the following sites in the Borough of Brooklyn:

1. Howard avenue, Prospect place and St. Mark's avenue (assessed valuation as stated by the Department of Taxes and Assessments, \$3,800).

Beginning at the corner formed by the intersection of the northerly line of Prospect place, late Warren street, with the westerly line of Howard avenue; running thence northerly along the westerly line of Howard avenue two hundred and fifty-five (255) feet seven (7) inches to the southerly line of St. Mark's avenue, late Wyckoff street; thence westerly along said southerly line of St. Mark's avenue two hundred (200) feet; thence southerly and parallel with Howard avenue two hundred and fifty-five (255) feet seven (7) inches to the northerly line of Prospect place; thence easterly along said northerly line of Prospect place two hundred (200) feet to the westerly line of Howard avenue, the point or place of beginning.

2. Havemeyer, North Sixth, North Seventh streets (assessed valuation as stated by the Department of Taxes and Assessments, \$20,960).

Beginning at the corner formed by the intersection of the northerly line of North Sixth street with the westerly line of Havemeyer street, late Seventh street; running thence northerly along said westerly line of Havemeyer street two hundred (200) feet to the southerly line of North Seventh street; running thence westerly along the said southerly line of North Seventh street two hundred (200) feet; thence southerly and parallel or nearly so with Havemeyer street two hundred (200) feet to the northerly line of North Sixth street; thence easterly along said northerly line of North Sixth street one hundred and ninety-nine (199) feet ten (10) inches to the westerly line of Havemeyer street, the point or place of beginning.

3. Avenue K, East Thirty-eighth and East Thirty-ninth streets (assessed valuation, as stated by the Department of Taxes and Assessments, \$2,200).

Beginning at the corner formed by the intersection of the northerly line of Avenue K with the easterly line of East Thirty-eighth street; running thence northerly along the said easterly line of East Thirty-eighth street two hundred and twenty (220) feet; thence easterly and parallel with Avenue K two hundred (200) feet to the westerly line of East Thirty-ninth street; thence southerly along the said westerly line of East Thirty-ninth street two hundred and twenty (220) feet to the northerly line of Avenue K; thence westerly along the said northerly line of Avenue K two hundred (200) feet to the easterly line of East Thirty-eighth street, the point or place of beginning.

—and also requesting that the Corporation Counsel be authorized to take such proceedings as may be necessary for the acquisition of the above-described sites, pursuant to chapter 284, Laws of 1900; and further deeming it for the public interest that title to the lands should be acquired by the city, at a fixed or specified time, direct, that at a date four months after the filing of the oaths of the Commissioners of Estimate who may be appointed by the Supreme Court in the proceedings to acquire title to the said lands and premises, title to the same and all interest therein shall vest in the City.

For the purposes of defraying the cost of such proceedings, the sum of \$53,487.50 is appropriated, subject to the approval of the Board of Estimate and Apportionment.

In reply I would report as follows:

1. Howard avenue, Prospect place and St. Mark's avenue.
The proposed site is located on the westerly side of Howard avenue, between Prospect place and St. Mark's avenue, being 255 feet 7 inches on Howard street and 200 feet on Prospect place and St. Mark's avenue.
A school in this vicinity is required to relieve the congestion in Public Schools Nos. 28 and 87. In Public School No. 28 there are 1,012 children taught in part time classes, and in Public School No. 87, 435 children. The location is central, and would recommend that it be acquired.

2. Havemeyer, North Sixth and North Seventh streets.
The site selected (200 feet by 200 feet) is located on the northwesterly side of Havemeyer street, between North Sixth and North Seventh streets. I consider that the site is well located for school purposes and is necessary to relieve Public Schools Nos. 17, 19, 38 and 50, all of which have children taught in part-time classes; Public School No. 17, 568; Public School No. 19, 142; Public School No. 38, 98, and Public School No. 50, 78, making a total of 886 which would be given full-time accommodations by the opening of a school on the proposed site.

3. Avenue K, East Thirty-eighth and East Thirty-ninth streets.
The proposed site (200 feet by 220 feet) is located on the westerly side of Avenue K, between East Thirty-eighth and East Thirty-ninth streets, being 200 feet on Avenue K and 220 feet on East Thirty-eighth and East Thirty-ninth streets. The site is within three blocks of the present old school building, Public School 119, but I do not consider the present site a desirable one and a portion of it will be taken in the opening of Alton street. The establishment of a school on the proposed site will also allow the City to surrender the lease at the end of the term for premises No. 1895 Flatbush avenue, which are leased at \$250 per annum to August 1, 1903.

All of the sites selected are, in my judgment, good and necessary for school purposes, and I consider that the Board of Estimate and Apportionment can properly approve of the action of the Board of Education and by the concurrent vote of all the members of the Board, approve of the institution of condemnation proceedings by the Corporation Counsel to acquire title to the same; and I would recommend that the Board of Estimate and Apportionment approve of \$53,487.50, the amount appropriated by the Board of Education as sufficient to pay the awards, costs, charges and expenses and expert witnesses' fees, in the proceedings to acquire title to the hereinbefore-described sites.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment, by the concurrent vote of all its members, hereby authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of title to premises located in the Borough of Brooklyn, as follows:

1. Howard avenue, Prospect place and St. Mark's avenue;
2. Havemeyer, North Sixth and North Seventh streets;
3. Avenue K, East Thirty-eighth and East Thirty-ninth streets;

—as more particularly described in the resolution of the Board of Education adopted September 23, 1901, and
Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the said Board, by resolution adopted September 23, 1901, for the appropriation of fifty-three thousand four hundred and eighty-seven dollars and fifty cents (\$53,487.50) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter and the ordinance of the Municipal Assembly approved by the Mayor April 16, 1901, for the purpose of providing means for the payment of the awards, costs, charges and expenses and expert witnesses' fees in the proceedings to acquire title to the said property.

Which were adopted by the following vote:
Affirmative—The Mayor, Deputy Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The President of the Council moved that this Board do now adjourn.
Which was adopted by the following vote:
Affirmative—The Mayor, Deputy Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 207 Stewart Building, on Tuesday, October 8, 1901, at 11 o'clock A. M.

Present—Commissioners Ryan (President), Ten Eyck, Power and Windolph.

The minutes of meetings of October 1 and 2, 1901, were read and approved.

Commissioner Ten Eyck, reported the examination and audit of estimates contained in Vouchers Nos. 14,183 and 14,184, inclusive, amounting to \$59,920.49, and of bills contained in Vouchers Nos. 14,185 to 14,196, inclusive, amounting to \$509.56.

Which were approved and ordered certified to the Comptroller for payment by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The following communication was received from the Chief Engineer:

REPORT NO. 280.

NEW YORK, October 8, 1901.

To the Honorable, the Aqueduct Commissioners:

GENTLEMEN—In relation to communication of Nelson T. Samson, dated July 15, 1901, addressed to Commissioner Dalton of the Department of Water Supply, claiming damages by reason of surveyors' stakes left standing in his land, which letter you referred to me September 16, 1901, I would report that, upon investigation, I learn that the surveys of Mr. Samson's land were made by the Engineers of the Department of Public Works.

Yours respectfully,

W. R. HILL, Chief Engineer.

Commissioner Ten Eyck moved that the report be ordered filed and that the communication of Nelson T. Samson, above referred to, be returned to the Department of Water Supply with copy of the above report.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The following communication was received:

MT. KISCO, N. Y., October 4, 1901.

To the Honorable the Aqueduct Commissioners:

GENTLEMEN—My father, John Mulhall, owned a small farm of ten acres, of which 1.8 acres was condemned for the New Croton Reservoir. The condemned portion cuts off the remaining part of the farm completely from the highway, and it is impossible to get access to this part without crossing the portion acquired by the City.

A right of way to be granted by the City was surveyed by your Engineer, but when the award was made, about a year ago, no mention was made of a right of way.

Owing to the death of my father, my mother and I wish to sell the remaining 8.2 acres of our farm, but we find that we cannot do so unless we receive some assurance from your Honorable Board that the purchaser will have a right of way over the City's land to the public highway without such a right of way our land is worthless.

If you would kindly send me some official letter stating that the desired right of way would be granted, as has been done in similar cases, I would be much obliged.

Very respectfully,

KATIE C. MULHALL

Commissioner Ten Eyck moved that the above communication be referred to the Chief Engineer for report.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

A communication was received from Frederick Seely, Inspector of Masonry, dated October 4, 1901, and addressed to the Chief Engineer, making application for six months' leave of absence, from October 8, 1901.

Commissioner Windolph moved that the application be denied.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The following communication was received from the Secretary:

NEW YORK, October 8, 1901.

To the Aqueduct Commissioners:

GENTLEMEN—This is to report the receipt of \$237 from Division Engineer Wegmann, being the amount of rents collected on buildings on the Croton River Division of the New Croton Aqueduct during the month of September, 1901, which amount has been transmitted to the City Chamberlain for the credit of the "Additional Water Fund," and his receipt therefor is on file.

Respectfully,

HARRY W. WALKER, Secretary.

Commissioner Ten Eyck moved that the same be ordered filed.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Commissioners then adjourned.

HARRY W. WALKER, Secretary.

THURSDAY, THE 7th DAY OF NOVEMBER, 1901,

at 10.30 o'clock A. M., in Yard No. 1 of the Department of Street Cleaning, in West Fifty-sixth street, between Eleventh and Twelfth avenues, in the Borough of Manhattan, City of New York, sell Trucks, Carts, Wagons, Push-carts, Boxes and other movable things.

PERCIVAL E. NAGLE,
Department of Street Cleaning.

DEPARTMENT OF STREET CLEANING,
MAIN OFFICE, NOS. 13 TO 21 PARK ROW,
BOROUGH OF MANHATTAN.

NOTICE TO CONTRACTORS.

PROPOSALS FOR BIDS OR ESTIMATES FOR CONTRACT FOR FINAL DISPOSITION OF ASHES AND STREET SWEEPINGS FOR THE BOROUGH OF MANHATTAN AND THE BRONX.

SEALED BIDS OR ESTIMATES FOR THE above-mentioned contract, indorsed with the title of the work and with the name and address of the persons making the same and the date of presentation, will be received at the main office of the Department of Street Cleaning, Nos. 13 to 21 Park row (14th floor), Borough of Manhattan, until 12 M. of

FRIDAY, THE 1st DAY OF NOVEMBER, 1901.

at which time and place the said bids or estimates will be publicly opened by the head of the Department.

The amount of security required will be Fifty Thousand Dollars (\$50,000).

The term of the contract will be for one year from December 31, 1901.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no person be so interested it shall distinctly state that fact; also, that the bid or estimate is made without any connection with any other person making a bid or estimate for the above-mentioned contract, and that it is in all respects fair and without collusion or fraud; that no member of the Municipal Assembly, head of a department, deputy thereof, or clerk therein, chief of a bureau, or other officer of the corporation is directly or indirectly interested therein or in any of the work or supplies to which it relates or in any portion of the profits thereof, as principal, surety or otherwise.

Each bid or estimate shall be verified by the oath in writing of the party making the same that the several matters stated therein are in all respects true.

The compensation to be paid to the contractor must be stated at a price per annum and this price must be written out in full and also be given in figures.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in the City, payable to the order of the Comptroller for five per centum of the amount for which the work bid for is proposed in one year to be performed.

From the bids or estimates so received the Commissioner of Street Cleaning may select the bid or bids, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of the said bids.

Bidders are requested to make their bids or estimates upon the blank prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel and showing the form and manner of the work, can be obtained upon application therefor at the office of the said Commissioner.

Dated New York, October 17, 1901.

The plans, drawings and specifications for work in the Borough of Manhattan can be seen at the office of the Commissioner of Sewers, Nos. 13 to 21 Park Row.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above of the work for which the estimate is made, with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein; if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check or money to the amount of five per cent. of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work required or the materials to be furnished, bidders are referred to the printed specifications and plans.

Bidders will write out the amount of their estimates in addition to inserting the same in figures. The Commissioner reserves the right to reject all bids or estimates if he deems it for the interests of the City so to do.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor.

JAS. KANE,
Commissioner of Sewers.

NOTICE IS HEREBY GIVEN THAT THE Board of Public Improvements of The City of New York, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by extending the eastern line of Bedford avenue, from Sullivan street northerly to Bedford avenue, and the change of grade at the intersection of Bedford avenue and Malbone street, in the Borough of Brooklyn, City of New York, and that a meeting of the said Board will be held in the office of the said Board, at Nos. 19 to 21 Park row, Borough of Manhattan, on the 20th day of November, 1901, at 2 o'clock P. M., at which such proposed change of line and grade will be considered by said Board ; all of which is more particularly set forth and described in the following resolutions, adopted by said Board on the 23d day of October, 1901, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by extending the eastern line of Bedford avenue, from Sullivan street northerly to Bedford avenue, and the change of grade at the intersection of Bedford avenue and Malbone street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

"A"—Laying-out.

The eastern side-line of Bedford avenue is extended northerly from the northern side-line of Sullivan street in the prolongation of the eastern side-line of Bedford avenue, between Sullivan and Malbone streets, as laid down on the Town Survey Commissioners' map of Kings County, filed in the office of the Register June 13, 1874.

"B"—Grades.

The grade at the intersection of Bedford avenue and Malbone street to be 64.3 feet above mean high-water datum.

Resolved, That this Board consider the proposed change of line and grade of the above-named streets at a meeting of this Board to be held in the office of this Board on the 20th day of November, 1901, at 2 o'clock P. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change of line and grade of the above-named streets will be considered at a meeting of this Board to be held at the aforesaid time and place, to be published in the CITY RECORD and corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of November, 1901.

Dated New York, October 29, 1901.

AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE,
 ROOM 207, STEWART BUILDING,
 NO. 280 BROADWAY,
 NEW YORK, October 11, 1901.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Aqueduct Commissioners, at the above office, until 12 o'clock noon.

TUESDAY, DECEMBER 17, 1901,
FOR DOING THE WORK AND FURNISHING THE MATERIALS REQUIRED TO BUILD A PUMPING PLANT IN THE ENGINE-ROOM AND SHAFT NO. 25 OF THE NEW CROTON AQUEDUCT, NEAR ONE HUNDRED AND SEVENTY-NINTH STREET AND AMSTERDAM AVENUE, NEW YORK CITY.

The securities required will be \$20,000 for the completion of the contract in accordance with its terms and provisions, and \$40,000 to indemnify and save the City harmless against and from all suits and actions of every nature and description arising out of the claim or claims for or on account of any infringements of patents that may be filed prior to three years after the date of the execution of the contract, or prior to two years and two months after the completion and acceptance of the plant per date of Engineer's certificate.

The entire contract must be completely performed on or before the expiration of ten months after the date of the execution of the contract.

The work is authorized by chapter 490, Laws of 1883, State of New York, and amendments thereto.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title, "Pumping Plant," for which the estimate is made, with his or their name or names and the date of presentation, to the Aqueduct Commissioners, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the said Commissioners and read, and the award of the contract made according to law as soon thereafter as practicable.

The Commissioners reserve the right to reject any and all bids if they deem it for the interest of the City so to do.

Each estimate shall contain the name and place of residence of each of the persons making the same, the names of all persons interested with him therein ; and that no officer of The City of New York is directly or indirectly interested therein, as provided in chapter 490, Laws 1883, and in the blank form or bid mentioned below and furnished by the Commissioners.

The estimate must be verified.

Each bid or estimate shall give the names of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check or money to the amount of ten per centum (\$2,000) of the amount of the bond required for the faithful performance of the contract.

The check must not be inclosed in the envelope with the bid or estimate.

For particulars as to the approximate quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioners, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor to the Secretary at the above office of the Aqueduct Commissioners, where the plans and drawings can be seen.

A designation or plan of the type of pumping machinery and its erection, with all its appurtenances complete, together with a statement of the power that would be required to operate the plant, shall be furnished by the Contractor and the same shall be accepted as to form.

By order of the Aqueduct Commissioners,

JOHN J. RYAN,

President.

HARRY W. WALKER,

Secretary.

at 2 o'clock P. M., when they will be publicly opened in the presence of the Commissioners appointed under the provisions of chapter 434 of the Laws of 1897, as amended by chapter 653 of the Laws of 1900, or such of them as shall attend, as provided by law, for the whole or a part of the following-described Registered Stock of The City of New York, bearing interest at the rate of three per cent. per annum, from and including the date of payment therefor, to wit:

The above-described stock is free and exempt from all taxation in the State of New York, except for State purposes, pursuant to the provisions of section 8 of chapter 653 of the Laws of 1900.

The principal of and interest on said stock are payable in gold coin of the United States of America, of the present standard of weight and fineness.

CONDITIONS OF SALE.

No proposal for stock shall be accepted for less than the par value of the same.

Proposals containing conditions other than those herein set forth will not be received or considered.

Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the state or national banks of The City of New York, TWO AND ONE-HALF PER CENT. of the amount of said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them, at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposits thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid to the Sinking Fund of The City of New York for the Redemption of the City Debt.

Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law.

The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and then inclosed in a sealed envelope addressed to the Comptroller of The City of New York.

SITUATED IN THE COUNTIES OF
KINGS AND QUEENS.

The amount of security required is Five Hundred
Dollars (\$500).
The time allowed to complete the contract is four
(4) months.

The person or persons making an estimate shall
furnish the same in a sealed envelope, indorsed with
the title given above, of the work for which the estimate
is made, with his or their name or names and the date
of presentation, to the head of said Department, at the
said office, on or before the date and hour above named,
at which time and place the estimates received will be
publicly opened by the head of said Department and
read, and the award of the contract made according to
law as soon thereafter as practicable.

The Commissioner reserves the right to reject all
bids if he deems it for the interest of the City so to do.

Each estimate shall contain the name and place of
residence of each of the persons making the same, the
names of all persons interested with him therein; and
that no officer of The City of New York is directly or
indirectly interested therein, as provided in sections
246 to 252 of the Revised Ordinances, 1897, and in the
blank form or bid mentioned below and furnished by
the Department.

The estimate must be verified.
Each bid or estimate shall be accompanied by the
consent, in writing, of two householders or freeholders
in The City of New York, or of a guaranty or surety
company duly authorized by law to act as a surety,
and shall contain the matters set forth in the blank
form of bid mentioned below.

No estimate will be received or considered unless
accompanied by a certified check, payable to the order
of the Comptroller of The City of New York, or money
to the amount of five per centum of the amount of the
bond required, as provided in section 420 of the Greater
New York Charter.

For particulars as to the quantity and quality of the
supplies or the nature and extent of the work required
or of the materials to be furnished, bidders are referred
to the printed specifications.

Bidders are requested to make their bids or estimates
upon the blank form prepared by the Commissioner, a
copy of which, with the proper envelope in which to
inclose the bid, together with a copy of the contract,
including the specifications, in the form approved by
the Corporation Counsel, can be obtained upon applica-
tion therefor in Room No. 1708, No. 21 Park row,

Four hundred (400) tons (of 2,000 pounds) of egg size
(as per specifications).
One hundred (100) tons (of 2,000 pounds) of stove size
(as per specifications).

The coal to be delivered in such quantities and at
such time or times (prior to the first day of February,
1902), as shall be directed or required by the Fire
Commissioner.

The amount of security required for the faithful per-
formance of the contract is One Thousand Four Hun-
dred Dollars (\$1,400).

The person or persons making an estimate shall
furnish the same in a sealed envelope, indorsed with
the title given above, of the work for which the estimate
is made, with his or their name or names and the date
of presentation, to the head of said Department, at the
said office, on or before the date and hour above named,
at which time and place the estimates received will be
publicly opened by the head of said Department and
read, and the award of the contract made to the lowest
bidder with adequate security, as soon thereafter as practicable.

Each estimate shall contain and state the name and
place of residence of each of the persons making the
same, the names of all persons interested with him
therein, and if no other person be so interested it
shall distinctly state that fact; also that it is made
without any connection with any other person making
an estimate for the same purpose, and is in all respects
fair and without collusion or fraud, and that no member
of the Municipal Assembly, head of a department,
chief of a bureau, deputy thereof or clerk therein, or
other officer of the Corporation, is directly or indirectly
interested therein, or in the supplies or work to which
it relates, or in any portion of the profits thereof. The
estimate must be verified by the oath, in writing, of the
party or parties making the estimate, that the several
matters stated therein are in all respects true.

Each bid or estimate shall be accompanied by the
consent, in writing, of two householders or freeholders
in The City of New York, or of a guaranty or surety
company duly authorized by law to act as a surety,
and shall contain the matters set forth in the blank
form of bid mentioned below.

No estimate will be received or considered unless
accompanied by a certified check, or money to the

amount of five per centum of the amount of the bond
required, as provided in section 420 of the Greater New
York Charter. The Fire Commissioner reserves the
right to reject all bids if he should deem it for the
interest of the City so to do.

For particulars as to the quantity and quality of the
supplies, or the nature and extent of the work required
or of the materials to be furnished, bidders are referred
to the printed specifications.

Bidders are requested, in making their bids or esti-
mates, to use the blank prepared for that purpose by
the Commissioner, a copy of which, and also the proper
envelope in which to inclose the same, together with
the form of agreement, including specifications, in
the form approved by the Corporation Counsel, and
showing the manner of payment for the work, can be
obtained upon application therefor at the Headquarters
office of the Fire Department, in the Borough of Man-
hattan, New York City.

SUPREME COURT.**FIRST DEPARTMENT.**

In the matter of the application of The City of New
York relative to acquiring title, wherever the same
has not been heretofore acquired, to lands required
for the widening of ELTON AVENUE (although
not yet named by proper authority), between East
One Hundred and Sixty-first street and East One
Hundred and Sixty-second street, in the Twenty-
third Ward of The City of New York, in the

Borough of The Bronx, as the same has been hereto-
fore laid out and designated as a first-class street
or road.

WE, THE UNDERSIGNED, COMMIS-
sioners of Estimate and Assessment in the
above-entitled matter, hereby give notice to all persons
interested in this proceeding, and to the owner or
owners, occupant or occupants of all houses and lots
and improved and unimproved lands affected thereby,
and to all others whom it may concern, to wit:

First—That we have completed our estimate and
assessment, and that all persons interested in this
proceeding, or in any of the lands, tenements and
hereditaments and premises affected thereby, and
having objections thereto, do present their said objec-
tions, in writing, duly verified, to us, at our office,
Nos. 90 and 92 West Broadway, in the Borough of
Manhattan, in The City of New York, on or before the
21st day of November, 1901, and that we, the said Com-
missioners, will hear parties so objecting, and for that
purpose will be in attendance at our said office on the
25th day of November, 1901, at 3 o'clock P. M.

Second—That the abstract of our said estimate and
assessment, together with our damage and benefit
maps, and also all the affidavits, estimates, proofs and
other documents used by us in making our report, have
been deposited in the Bureau of Street Openings of the
Law Department of The City of New York, Nos. 90
and 92 West Broadway, in the Borough of Manhattan,
in said city, there to remain until the 3d day of De-
cember, 1901.

Third—That the limits of our assessment for benefit
include all those lands, tenements and hereditaments
and premises situate, lying and being in the Borough
of The Bronx, in The City of New York, which, taken
together, are bounded and described as follows, viz.:
Beginning at the point of intersection of the middle
line of the blocks between East One Hundred and
Sixty-ninth street and East One Hundred and Sixtieth
street with a line drawn parallel to and distant 100
feet westerly from the westerly line of Courtlandt ave-
nue; running thence northerly along said parallel
line to its intersection with a line drawn parallel to
and distant 100 feet northerly from the northerly
line of East One Hundred and Sixty-second street;
thence easterly along said parallel line to its inter-
section with a line drawn parallel to and distant 100
feet easterly from the easterly line of Melrose avenue;
thence northerly along said parallel line to its
intersection with the westerly prolongation of the
middle line of the block between East One Hundred
and Sixty-third street and East One Hundred and
Sixty-fourth street; thence easterly along said pro-
longation and middle line to its intersection with a line
drawn parallel to and distant 210 feet westerly from
the westerly line of Washington avenue; thence north-
erly along said parallel line to its intersection
with the middle line of the blocks between
East One Hundred and Sixty-fourth street and East
One Hundred and Sixty-fifth street; thence easterly
along said middle line to its intersection with the
middle line of the blocks between Washing-
ton avenue and Third avenue; thence southerly along
said middle line to its intersection with the middle line
of the block between East One Hundred and Sixty-
third street and East One Hundred and Sixty-fourth
street; thence easterly along said middle line to its
intersection with the westerly line of Third ave-
nue; thence easterly along the southerly line of Teas-
dale place with the easterly line of Third ave-
nue; thence easterly along the southerly line of Teas-
dale place to its intersection with a line drawn
parallel to and distant 100 feet easterly from the
easterly line of Third avenue and of St. Ann's
avenue; thence southerly along said parallel line
to its intersection with the easterly prolongation
of a line drawn parallel to and distant 100 feet north-
erly from the northerly line of that part of East One
Hundred and Fifty-ninth street lying between Elton
avenue and Third avenue; thence westerly along said
prolongation and parallel line to its intersection with
the middle line of the blocks between Elton avenue
and Third avenue; thence southerly along said
middle line to its intersection with the middle line of
the blocks between East One Hundred and Fifty-
seventh street and East One Hundred and Fifty-
eighth street; thence westerly along said middle
line to the middle line of the blocks between Elton
avenue and Melrose avenue, thence northerly
along said middle line to its intersection with the
middle line of the blocks between East One Hundred
and Fifty-ninth street and East One Hundred and
Sixtieth street; thence westerly along said middle line
to the point or place of beginning, excepting from said
area all streets, avenues and roads or portions thereof
heretofore legally opened as such area is shown upon
our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented
to the Supreme Court of the State of New York,
First Department, at a Special Term thereof, Part III.,
to be held in the County Court-house, in the Borough
of Manhattan, in The City of New York, on the 24th
day of December, 1901, at the opening of the Court
on that day, and that then and there, or as soon
thereafter as counsel can be heard thereon, a motion
will be made that the said report be confirmed.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY,
October 23, 1901.

FIRST DEPARTMENT.

In the matter of the application of The City of New
York relative to acquiring title, wherever the same
has not been heretofore acquired, to EAST ONE
HUNDRED AND SEVENTY-SIXTH STREET
(although not yet named by proper authority),
from Arthur avenue to Southern boulevard, in the
Twenty-fourth Ward, Borough of The Bronx, in The
City of New York.

NOTICE IS HEREBY GIVEN THAT WE, THE
undersigned, were appointed by an order of the
Supreme Court bearing date the 3d day of September,
1901, and duly entered in the office of the Clerk of the
County of New York, at his office in the Borough
of Manhattan, in The City of New York, on the 2d
day of October, 1901, a copy of which order was duly
filed in the office of the Register of the County of New
York, and indexed in the Index of Conveyances, Block
Nos. 2945, 2946, 2947, 2949, 2950, 2951, 2953, 2954, 2958,
2959, Commissioners of Estimate and Assessment for
the purpose of making a just and equitable estimate
and assessment of the loss and damage, if any, or of
the benefit and advantage, if any, as the case may be,
to the respective owners, lessees, parties and persons
respectively entitled unto or interested in the lands,
tenements, hereditaments and premises required for the
purpose by and in consequence of opening the above-
mentioned street or avenue, the same being particularly
set forth and described in the petition of The City of
New York, and also in the notice of the application for
the said order thereto attached, filed herein in the
office of the Clerk of the County of New York on the
2d day of October, 1901; and a just and equitable
estimate and assessment of the value of the benefit and
advantage of said street or avenue so to be opened or
laid out and formed, to the respective owners, lessees,
parties and persons respectively entitled unto or interested
in the said respective lands, tenements, hereditaments
and premises not required for the purpose of opening,
laying out and forming the same, but benefited thereby,
by, and of ascertaining and defining the extent and
boundaries of the respective tracts or parcels of land
to be taken or to be assessed therefor, and of per-
forming the trusts and duties required of us by chapter
17, title 4 of the Greater New York Charter, and the
acts or parts of acts supplementary thereto or amendatory
thereof.

All parties and persons interested in the real estate
taken or to be taken for the purpose of opening the said
street or avenue, or affected thereby, and having any
claim or demand on account thereof, are hereby re-
quired to present the same, duly verified, to us, the
undersigned Commissioners of Estimate and Assess-
ment, at our office, ninth floor, Nos. 90 and 92 West
Broadway, Borough of Manhattan, in The City of New
York, with such affidavits or other proofs as the said
owners or claimants may desire, within twenty days
after the date of the first publication of this notice, to
wit, November 1, 1901.

And we, the said Commissioners, will be in attend-
ance at our said office on the 2d day of December,
1901, at 2 o'clock in the afternoon of that day, to
hear the said parties and persons in relation thereto.
And at such time and place, and at such further or
other time and place as we may appoint, we will hear
such owners in relation thereto and examine the proofs
of such claimant or claimants, or such additional proofs
and allegations as may then be offered by such owner,
or on behalf of The City of New York.

In matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of BRADLEY AVENUE (although not yet named by proper authority), from Borden avenue to Greenpoint avenue, in the First Ward, Borough of Queens, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, were appointed by orders of the Supreme Court, Second Department, bearing date the 30th day of March, 1900, and the 22nd day of March, 1901, and duly entered in the office of the Clerk of the County of Queens at his office in Jamaica, in the Borough of Queens, City of New York, on the 18th day of April, 1900, and the 11th day of October, 1901, a copy of which order was duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and de-

scribed in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 18th day of April, 1900, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned, Commissioners of Estimate and Assessment, at our office, ninth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 14th day of November, 1901, at 4 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, October 19, 1901.

JOHN B. MERRILL,
PATRICK J. MARA,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to HAMILTON TERRACE (although not yet named by proper authority), from West One Hundred and Forty-first street to West One Hundred and Forty-fourth street, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 6th day of November, 1901, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of November, 1901, at 1 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in said city, there to remain until the 18th day of November, 1901.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which taken together, are bounded and described as follows, viz.: Beginning at the point of intersection of the westerly line of St. Nicholas avenue with the easterly prolongation of the middle line of the block between West One Hundred and Fortieth street and West One Hundred and Forty-first street, running thence northerly along the westerly line of St. Nicholas avenue to its intersection with the easterly prolongation of the middle line of the block between West One Hundred and Forty-fifth street, thence westerly along said prolongation and middle line of the block to the easterly line of Convent avenue; thence southerly along the easterly line of Convent avenue to its intersection with the easterly prolongation of the middle line of the block between West One Hundred and Fortieth street and West One Hundred and Forty-first street; thence easterly along said prolongation to the point or place of beginning, excepting from said area all streets, avenues and roads, or portions thereof, if heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 17th day of December, 1901, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated Borough of Manhattan, New York City, October 4, 1901.

BENNO LEWINSON, Chairman,
JOSEPH M. SAVAGE,
ADOLPH HOHLE,
Commissioners.

JOHN P. DUNN,
Clerk.
