The Committee recommended that the designs be given preliminary approval with the recommendation that a more classic form of pediment over the main entrance be substituted for the present one.

The report of the Committee was adopted and the following resolution passed:

Certificate 1692—Resolved, That the Art Commission hereby approves, but as preliminary drawings only, the designs and location of a public comfort station and tool house in Isham Park, Manhattan, represented by Exhibits "759-A", "759-B", "759-C", "759-D", "759-E" and "759-F", of record in this matter.

The committees on Submissions 1760 and 1761 reported that they had been withdrawn.

The following committees reported progress:

Submission 1765—Van Cortlandt Family Burial Ground Fence.

Submission 1772—Long Island Railroad Bridges; Restoration of Rotunda, City Hall; Assay Office Facade; Relocation of Statues, City Hall; Photographing Old New York, Quarters and Staff.

The Commission adopted unanimously the following testimonial:

"The sudden death at sea of Mayor William J. Gaynor robbed The City of New York of the most picturesque figure in its civic life. A man of mature years, wide experience in public affairs, great intellectual acumen, with an unusual mastery of expression, he possessed independence of judgment in rare degree, and acted courageously upon his conclusions. His touch was so firm that he shaped the policy of every department on which he laid his hand. He felt the need of the Municipal Art Commission, and always accepted its advice, and on all occasions gave it his cordial support. It was his custom to preside at its annual meeting. He humorously said on one occasion that it was "the only City department that gave him no anxiety." It is, therefore, peculiarly fitting that we should inscribe in our minutes an expression of our personal loss, and a recognition of Mayor Gaynor's intelligent cooperation with his fellow members of the Commission."

On motion the meeting adjourned to October 20.

JOHN Q. ADAMS, Assistant Secretary.

Whereas, The Board of Estimate and Apportionment is considering the advisability of amending the proceeding relating to Southside boulevard, from Parkinson avenue to Rosebank avenue, in such a way as to make it relate to Southside boulevard, from Rosebank avenue to the land heretofore acquired for this street distant about 1,050 feet south of Parkinson avenue, and of placing 75 per cent. of the entire cost and and expense of the proceeding, including the expense of the Bureau of Street Openings, maps for use in the proceeding, and any damages allowed for intended regulating, upon a local district of benefit and to include the following area:

Beginning at a point on the southwesterly right of way line of the Staten Island Rapid Transit Railway, distant 1,000 feet easterly from the easterly line of Southside boulevard, the said distance being measured at right angles to Southside boulevard, and running thence southwardly along a succession of lines each of which is distant 1,000 feet easterly from and parallel with the successive tangents in the easterly line of Southside boulevard or their prolongations, the said distance in each case being measured at right angles to the respective tangents, to the intersection with a line at right angles to Southside boulevard, and passing through a point on the prolongation of its westerly side distant 1,000 feet southerly from its southerly terminus opposite Monument No. 37, the said distance being measured along the prolongation of the westerly line of Southside boulevard; thence westwardly along the said line at right angles to Southside boulevard to the intersection with the prolongation of a line distant 1,000 feet westerly from and parallel with the westerly line of Southside boulevard as laid out south of Clove road, the said distance being measured at right angles to Southside boulevard; thence northwardly along the said line parallel with Southside boulevard and along the prolongation of the said line, to the intersection with a line midway between Neckar avenue and Weser avenue, as these streets adjoin Pierce street; thence northwardly along the said line midway between Neckar avenue and Weser avenue, and along the prolongation of the said line to a point distant 1,000 feet westerly from the westerly line of Southside boulevard, the said distance being measured at right angles to Southside boulevard; thence northwardly and always distant 1,000 feet westerly from and parallel with the westerly line of Southside boulevard and its prolongation as laid out in the first tangent south of Rosebank avenue to the intersection with the southwesterly line of Rosebank avenue; thence northeastwardly and parallel with Norwood avenue to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Talbot place, as this street adjoins Norwood avenue on the southeast, the said distance being measured at right angles to Talbot place; thence southeastwardly along the said line parallel with Talbot place, and along the prolongation of the said line, to the intersection with the easterly right of way line of the Staten Island Railway; thence northwardly and southeastwardly along the respective easterly and southwesterly right of way lines of the Staten Island Railway, and of the Staten Island Rapid Transit Railway, to the point or place of beginning. (The lines of the streets hereinbefore referred to which have not been incorporated upon the City plan, are intended to be those as in use and as commonly recognized.)

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
