**Bellevue and Allied Hospitals.**

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, May 2, 1916, at 3.30 a. m.

Present—Dr. Brannan, the President, in the chair; Messrs. Paulding, Sachs, Stern and Robbins, Trustees. Excused—Mr. O'Keefe, Mr. Farley and Mr. Kingsbury, Commissioner of Public Charities.

The minutes of the meeting of April 18 were held as read and approved.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows:

The daily average census at the various hospitals during the month of April was as follows: Bellevue, 1,389; Gouverneur, 180; Harlem, 240; Fordham, 193; Neponset, 89.

Subject to your approval Mr. Buyard Collins was temporarily appointed to the position of Employment Agent and Welfare Worker at Bellevue, to succeed Mr. Link, who resigned.

R. H. Perry, Resident Physician on the Children's Service, resigned on April 30. W. C. Fargo, Resident Physician to the Nursery and Child's Hospital, is recommended to fill this vacancy.

On Saturday, April 27, the New York Surgical Society met at Bellevue. Permission was given the Second Division for Dr. Gwathney to give an anaesthetic, as the Instructor in Anaesthesia was obliged to be in court that day.

On Friday morning, April 28, the circus visited the hospital.

A recent order from the Finance Department regarding the issue of pay orders for employees leaving the service at the end of the month is working not only a hardship but a great injustice, as the only pay orders honored are for employees dismissed from the service. Those resigning after an honorable service are obliged to wait until the regular pay day for their money. This not only puts a premium upon dismissal, but encourages insubordination on the part of employees so that they may be dismissed in order to receive pay for their service.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent as follows:

The appointment of Buyard Collins as Employment Agent and Welfare Worker at Bellevue, to succeed Mr. Link, resigned, was approved, subject to the usual provision of the Municipal Civil Service Commission.

The resignation of Dr. Perry, Resident Physician on the Children's Service, was

accepted, effective April 30, and the appointment of Dr. Fargo to this place was approved.

The granting of permission to Dr. Gwathney to give an anaesthetic at Bellevue on Saturday, April 29, was approved.

It was resolved, to extend to Barnum and Bailey's circus, on behalf of the patients of Bellevue, a vote of thanks for their kindness in giving a performance at the hospital on Friday, April 28th.

After discussion, it was resolved, to bring to the attention of the Comptroller the difficulty the department has had in dealing with its employees through a recent ruling of the Finance Department in regard to the issuance of pay orders, and to request him to modify the ruling on this subject in so far as it relates to Bellevue and Allied Hospitals.

**COMMITTEE REPORTS.**

The President presented a list of bids received at the office of the Central Purchase Committee on April 21 for (a) stock vegetables, (b) meats and poultry. Dr. Brannan reported that on April 26 he requested Dock Commissioner Smith not to renew the permit of the firm of Candee, Smith & Howland to occupy the property between 25th and 26th sts and the East River, directly east of the Bellevue Training School for Women Nurses, and called his attention to a report relating to the fire hazards to the training school caused by the wooden sheds of this firm. After discussion, it was moved, seconded and carried, to request the President to represent the Board of Trustees at the meeting

of the Board of Estimate and Apportionment in an effort to obtain action upon this request at that meeting, and it was further

Resolved, to authorize the purchase of the "Helen C. Juilliard" as soon as these funds become available.

**COMMUNICATIONS.**

A letter was presented from the Committee on Tax Budget of the Board of Estimate and Apportionment requesting the city departments to present the departmental estimate for 1917 not later than June 1, 1916. On motion, duly seconded and carried, it was

Resolved, To appoint a Budget Committee to prepare this estimate for Bellevue and Allied Hospitals for the year 1917, this committee to consist of the members of the Committees on Finance, Supplies and Officers and Employees.

A communication was presented from the Police Commissioner recommending that some action be taken by the Board of Trustees with a view to establishing a prison ward at Harlem Hospital. At the same time a report was submitted from the General Medical Superintendent showing the number of prisoners at that hospital during the last four months. After discussion, it was moved, seconded and carried, to inform the Police Department that the Trustees do not consider it feasible to establish a prison ward at Harlem Hospital, on account of the small number of prisoners and the difficulty of creating a separate ward in so small a hospital, which would only duplicate the facilities existing for that purpose at Bellevue.

Three letters, dated April 28, were presented from the State Board of Charities submitting reports of inspections of Bellevue, Gouverneur and Neponset Beach Hospital for Children, in each instance placing the plant in Class II and the administration in Class I. After discussion, it was moved, seconded and carried, to instruct the General Medical Superintendent to meet the needs and remedy the defects as far as possible.

A communication was presented from Henry Bruere, City Chamberlain, under date of April 26, transmitting a report on the automobile service rendered to Bellevue Hospital by the central garage since Jan. 1. On motion, duly seconded and carried, it was resolved to request the Secretary to reply to this report.

A letter was presented from Dr. N. Gilbert Seymour, thanking the Trustees for the appointment as Director of the Tuberculosis Clinic in the Out-Patient Depart-

ment at Gouverneur Hospital, and recommending that Dr. I. P. Starr receive the salary heretofore paid to Dr. Seymour. After discussion, it was moved, seconded and carried, to refer the matter to a committee consisting of the President and the Secretary.

A communication was presented from the Medical Board of Fordham Hospital giving a list of successful candidates in the competitive examination for appointments to the house staff for 16 months each, as follows: F. X. McGovern, March 1; J. T. Finnegan, J. C. Brady and J. Bursten, July 1; O. M. Radin, J. F. Henneley and J. E. Goldstein, Nov. 1; F. J. Labruier, March 1, 1917. On motion, duly seconded and carried, these appointments were approved.

A letter was presented from the Department of Health calling attention to the Simpson Bill, Introductory No. 496, whereby the jurisdiction of the subject of overcrowding public conveyances would be taken from the Department of Health and vested in the Public Service Commission, which bill is now awaiting the signature of the Governor. After discussion, it was moved, seconded and carried, in the interests of the proper administration of public health laws to instruct the President, on behalf of the Board, to present a formal protest against this bill and request the Governor to disapprove it.

A letter was submitted from the Charity Organization Society presenting correspondence relating to the interpretation of the law governing the commitment of the insane. On motion, duly seconded and carried, action was deferred pending the receipt of an opinion on this subject from the Law Department.

A communication was presented from the Automatic Electric Company requesting an extension of time to complete their contract for the installation of an automatic telephone system at Bellevue Hospital on account of delays in obtaining possession of the battery room, and also because of freight congestion. On the recommendation of the Building Committee, it was moved, seconded and carried, to extend the contract time for thirty days after the completion of the battery room.

A letter was presented from the Southern Surety Company, surety on the abandoned contract of the Andrews Building Company, requesting an additional six weeks' time to complete the contract for the construction of the machine room, coal vault and storage room at Harlem Hospital. On the recommendation of the Building Committee and the architect it was moved, seconded and carried, to grant the Southern Surety Company six weeks' time from May 2, 1916, on account of the fact that it takes the pump manufacturers that length of time to deliver the pump required on the work.

A communication from the National Surety Company requesting an extension of time to complete the abandoned contract of the International Gas and Electric Fixture Company for the installation of lighting fixtures in pavilions I and K of Bellevue Hospital was presented. On the recommendation of the architect and the Building Committee, it was moved, seconded and carried to grant the contractor on extension of time until May 31, 1916, on account of delays caused by changes in certain gas piping in the building.

A communication was presented from the Architectural Contracting Company, requesting an extension of time from May 12 to 31 to complete their contract for the construction of balconies at Neponset Beach Hospital for Children on account of delays in obtaining supplies due to freight congestion. On the recommendation of the architects and the Building Committee, it was moved, seconded and carried to grant this request.

"The three (3) tracks hereby authorized across Farmers Avenue shall be constructed and maintained over and above the surface of such avenue in the manner and subject to the terms and conditions hereinafter named:

"(a) The Company shall construct a bridge of sufficient width and capacity to accommodate the three (3) tracks hereby authorized, and also the two (2) main line tracks of the Company now laid and existing across Farmers Avenue on the surface thereof, carrying said Farmers Avenue under said bridge at the width shown on the tentative plan for this territory, and upon the completion of said bridge, shall remove from the surface of said Farmers Avenue, the three (3) unauthorized tracks and the said two (2) main line tracks now constructed thereon, and shall thereafter maintain the said tracks on said bridge.

"(b) Said bridge shall be constructed with a clearance of at least fourteen (14) feet over the surface of Farmers Avenue. For the purpose of constructing said bridge with the prescribed clearance, the Company shall perform all the work of changing the street grades and the drainage system and of providing the drainage outlets made necessary by the construction of said bridge, and shall also replace or restore the street pavement which may be disturbed during such work; all to be done under the supervision and subject to the approval of the President of the Borough of Queens. The method of constructing said bridge and changing the street grades shall be subject to the approval of the Board. Before commencing work, the Company shall submit to the Board for its approval a plan showing the methods of such work. The grade of said bridge and of Farmers Avenue shall be as shown on the map and profile attached to and made a part of this contract or as may be hereafter fixed by the Board.

"(c) The Company shall commence and complete the work of constructing said bridge and of changing the street grades and drainage system, as above provided, within one (1) year after the date of the execution of this contract by the Mayor, and shall within the same period remove from the surface of Farmers Avenue the three (3) unauthorized tracks and the two (2) main tracks now constructed thereon; otherwise the right and privilege hereby granted to construct, maintain and operate three (3) tracks across Farmers Avenue shall cease and determine, unless said period shall be extended, as hereinafter provided.

"(d) The Company shall bear the entire cost and expense of constructing said bridge, changing the street grades and the drainage system, providing drainage outlets and replacing or restoring the street pavement, as above provided, and shall also pay all damages to property owners, resulting from change of street grades, except as to such portion of such cost and such damages as would relate to or result from the elimination of the crossing at grade of the two (2) existing main line tracks. Said last named portion shall be apportioned in the manner provided by the Railroad Law for the elimination of existing grade crossings, except that in no event shall the City's share of such portion exceed the sum of forty-eight thousand five hundred dollars (\$48,500), and the Company agrees to assume and repay to the City any sum in excess of the said forty-eight thousand five hundred dollars (\$48,500), which the City may be required to pay as its share of such portion. The Company shall at its own entire cost and expense, for the entire

term of this contract, whether original or renewal, maintain the said bridge and the piers and abutments thereof in good order and repair."

and  
WHEREAS, Section 2, Seventeenth, in the second paragraph thereof, provided as follows:

"It is provided that the period herein fixed for completing the reconstruction of the bridge across South Street and performing the work in connection therewith, and for completing the construction of the bridge across Farmers Avenue, removing the surface tracks from the said avenue and performing the work in connection therewith, may be extended by the Board, but the total extension of time in the case of either of said streets shall not exceed in the aggregate one (1) year, and provided further that when the commencement or completion of such construction or reconstruction shall be prevented by legal proceedings in any court, or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided further that in no case shall such delay be deemed to begin until the Company shall have given notice to the Board of any such court proceedings or other occasion of delay and delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings."

and  
WHEREAS, Pursuant to section 2, Sixth, as above, the period for the completion of construction of the bridge across Hamilton Street and the work in connection therewith is about to expire—i. e., on May 4, 1916; and

WHEREAS, Pursuant to section 2, Tenth, as above, the time for the completion of construction of the bridge across Farmers Avenue and the work in connection therewith expired on May 4, 1915; and pursuant to Section 2, Seventeenth, as above, the Board, on the application of the Company and by resolution adopted April 30, 1915, and approved by the Mayor May 4, 1915, granted an extension of time up to and including May 4, 1916, within which to complete the construction of the bridge across Farmers Avenue and the work in connection therewith, which period is about to expire; and

WHEREAS, The Company, by a verified petition dated March 27, 1916, has applied to the Board for a further extension of time of three (3) months within which to complete the construction of the bridge across Hamilton Street and the Bridge across Farmers Avenue, and to complete the work in connection therewith, as required by said contract, as amended:

Now, THEREFORE, in consideration of the sum of Fifty Dollars (\$50) to be paid by the Company to the City on or before June 30, 1916, and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1, First: All the remaining portion of Section 2, Sixth, of said contract of May 4, 1914, beginning with and including paragraph "(c)" is hereby amended to read as follows:

"(c) The construction of said bridge or archway shall be completed in no event later than August 1, 1916. During the period prior to August 1, 1916, and pending the construction of said bridge or archway, the Company may construct, maintain and operate the tracks hereby authorized across Hamilton Street at the same grade as the surface of said street; provided, however, that the Board may, by resolution, direct the removal of such tracks from the surface of Hamilton Street and the construction of a bridge or archway across said street before August 1, 1916.

The Company shall complete the construction of the bridge or archway hereinafter provided for on or before August 1, 1916, or within the time fixed by the Board, should the Board direct the prior removal of the surface tracks and the Company shall, on or before such date, or within such time, as the case may be, remove from the surface of Hamilton Street the sixteen (16) tracks and the two (2) main line tracks and thereafter maintain and operate the same upon said bridge or archway, subject to the terms and conditions of this contract.

Should the Company fail or neglect to complete the construction of the said bridge or archway on or before August 1, 1916, or within the period fixed by the Board, should it direct the prior removal of the surface tracks, as the case may be, or should the Company within the same time fail to remove from the surface of Hamilton Street the sixteen (16) tracks hereby authorized and also the said two (2) main line tracks, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine on and after August 1, 1916, or on and after the date fixed for the prior removal of the surface tracks.

Should the Company not take advantage of the privilege to construct, maintain and operate the tracks hereby authorized upon the surface of Hamilton Street as hereinafter provided, and fail to complete construction of the said bridge or archway on or before August 1, 1916, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine on and after August 1, 1916.

Second: Paragraph "(c)" of Section 2, Tenth, of said contract of May 4, 1914, is hereby amended to read as follows:

"(c) The Company shall commence and complete the work of constructing said bridge and of changing the street grades and drainage system, as above provided, on or before August 1, 1916, and shall within the same period remove from the surface of Farmers Avenue the three (3) unauthorized tracks and the two (2) main line tracks now constructed thereon; otherwise the right and privilege hereby granted to construct, maintain and operate three (3) tracks across Farmers Avenue shall cease and determine on and after said August 1, 1916.

Third: The second paragraph of Section 2, Seventeenth, of said contract of May 4, 1914, is hereby amended to read as follows:

"It is provided that the period herein fixed for completing the reconstruction of the bridge across South Street and performing the work in connection therewith may be extended by the Board, but the total extension of time shall not exceed in the aggregate one (1) year; and provided further that when the commencement or completion of such reconstruction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such reconstruction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company. And provided further that in no case shall such delay be deemed to begin until the Company shall have given notice to the Board of any such court proceedings or other occasion of delay and delivered to the Board copies of any injunction or other orders

and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings."

SECTION 2. It is mutually understood and agreed that, except as herein expressly provided, nothing in this contract contained shall be deemed to affect in any manner the provisions of the contract entered into between the City and the Company, dated May 4, 1914, as amended by said resolution adopted by the Board April 30, 1915, and approved by the Mayor May 4, 1915, and the Company hereby promises, covenants and agrees, on its part and behalf, to conform to and abide by and perform all the terms, conditions and requirements in such contract of May 4, 1914, as modified by said resolution, and as further modified or altered by the provisions of this instrument.

PROPOSED FORM OF CONTRACT.  
This contract, made and executed in duplicate this \_\_\_\_\_ day of \_\_\_\_\_ 19\_\_\_\_, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Manhattan Refrigerating Company, a domestic corporation (hereinafter called the Company), party of the second part, witnesseth:

Whereas, On or about March 18, 1898, the said permission was transferred by the grantee thereof to the Manhattan Refrigerating Company (the Company); and

Whereas, Under date of May 23, 1898, the Company entered into an agreement with the Comptroller of the City, authorizing the Company on certain terms and conditions to construct and maintain its system of refrigeration in the new West Washington Market and the buildings and stands thereof; and

Whereas, Pursuant to the said resolution and the said agreement, the Company and its predecessor did construct, maintain and operate conduits, pipes and appurtenances within the limits of West Washington Market and under and along several of the streets named in the aforesaid resolution of the Board of Aldermen outside the limits of the market; and

Whereas, Under date of December 8, 1915, the Company applied to this Board for a franchise to construct, maintain and operate conduits and pipes for refrigeration purposes in a certain specified district in the Borough of Manhattan, which to some extent includes the streets named in the said resolution of the Board of Aldermen outside the limits of the West Washington Market; and

Whereas, The Company has stated its willingness and intention to surrender any and all rights acquired by it pursuant to the aforesaid resolution of the Board of Aldermen, except so far as they may include permission to construct, maintain and operate conduits, pipes and appurtenances within the limits of the West Washington Market and in such portions only of the streets outside the limits of the market as may be necessary to connect the refrigeration system in the market with the Company's plant.

Now, therefore, In consideration of the premises and of the mutual covenants and agreements herein contained, the parties hereto do covenant and agree as follows:

—signed by T. A. Adams, President, a copy of which is hereto annexed and made a part of this contract.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from August 1, 1916, with the privilege of renewal of said contract for the further period of ten (10) years upon a fair revaluation of such right and privilege.

If the company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within one (1) month after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years, an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than two hundred and fifty dollars (\$250).

During the second term of five years, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than four hundred dollars (\$400).

During the third term of five years, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

The gross receipts mentioned above shall be the total receipts of the Company or any subsidiary of the Company or of any purchaser of refrigeration from the Company for purpose of resale from all business of furnishing refrigeration to consumers except those located in West Washington Market.

(c) An annual payment for each linear foot of conduit constructed within the limits of the streets under the franchise hereby granted (excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business) as follows:

For conduits of outside dimensions, including insulation and other covering, not exceeding 30 inches by 18 inches—twenty-five cents (25c).

For conduits of outside dimensions, including insulation and other covering, exceeding 30 inches by 18 inches—but not exceeding 35 inches by 20 inches—thirty cents (30c).

An annual payment of two dollars (\$2) for each manhole constructed within the limits of the streets under the franchise hereby granted. The annual charges shall commence on August 1, 1916.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between August 1, 1916, and December 31, 1916, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal) notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof or of any of the streets, avenues or highways included within the district herein described or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions in the same streets, avenues, highways and other property of the City included within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of the original term of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits, pipes and appurtenances of the company constructed pursuant to this contract within the streets, avenues, highways and other property of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets, avenues, highways and other property of the City shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues, highways and other property of the City in which the Company is hereby authorized to operate.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction or maintenance of public works in the streets, avenues, highways and other property of the City, wherever the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the

manner directed by the City officials having jurisdiction over such public work.

In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-second—If the Company shall fail to give efficient public service at rates not exceeding those herein or hereafter fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the street shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith require the payment of said sums herein provided for, or where the damages are not liquidated by the terms of this contract such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw such amount from the security fund deposited with him. The finding of the Board as to the amount to be paid by the Company shall be final and can only be attacked on the ground of fraud or mistake. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of two thousand five hundred dollars (\$2,500), and in default thereof, this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

These provisions for the recovery of such damages are in addition to the right to forfeit the franchise, conferred by section 3, subdivision Twenty-first, of this contract.

Twenty-fifth—The grant of this franchise, so far as it shall include or affect the so-called Gansevoort Market Lands in the block bounded by Little West 12th Street, Washington Street, Gansevoort Street, West Street, and Tenth Avenue, is and shall be subject to such other or further conditions, restrictions, agreement or consent as the Comptroller of the City may see fit to impose or require, pursuant to the authority and control over such lands vested in him by the Charter of the City.

Twenty-sixth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Delivery or mailing of such notice or direction as and when

above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

**Twenty-eighth**—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such buildings by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurte-

nances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furings, plaster, chimneys, projecting bricks, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a sale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
