shall comply with the following provisions:

- (1) #Accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.

Such driveway shall have a minimum width of 15 feet and a maximum width of 18 feet and shall serve one-way traffic. Such driveway shall include a designated area for the drop-off and pick-up of users of the facility with a minimum length of 25 feet and a minimum width of 10 feet. Such drop-off and pick-up area shall abut a sidewalk with a minimum width of four feet that connects to the child care facility entrance and all public sidewalks. No parking spaces shall be located within such driveway. Where the width of the #street# frontage of the #zoning lot# accessing such driveway is 75 feet or less, the minimum percentage of #front yard# required to be planted pursuant to Section 23-451 (Planting requirement) shall be reduced to 25 percent,
- (5) For any #zoning lot# containing child care services, driveways and open #accessory# off-street parking spaces may occupy no more than 50 percent of the #lot area# not covered by #buildings#. For #zoning lots# containing ambulatory diagnostic or treatment health care facilities, driveways and open #accessory# off-street parking spaces may occupy no more than 66 percent of the #lot area# not covered by #buildings#.
- (6) All parking areas not within a #building# shall be screened from adjoining #zoning lots# and #streets# by a landscaped strip at least four feet wide densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.
- (7) Any lighting provided in off-street parking areas shall be directed away from #residences#.

Special Permits by the Board of Standards and Appeals

SPECIAL PERMIT USES

73-125 Ambulatory diagnostic or treatment health care

In R3A, R3X, R3-1, R4A, R4B or R4-1 Districts, the Board of Standards and Appeals may permit ambulatory diagnostic or treatment health care facilities listed in Use Group 4, limited $\,$ in each case to a maximum of 10,000 square feet of #floor area#, provided that the Board finds that the amount of open area and its distribution on the #zoning lot# conform to standards appropriate to the character of the neighborhood. where such facilities are located in #lower density growth management areas#, such facilities are located on #zoning lots# that comply with the minimum #lot area# and #lot width# regulations of Section 23-35 (Special Provisions for Zoning Lots Containing Certain Community Facility Uses in Lower Density Growth Management Areas).

In addition, for #buildings# in R3, R4, and R5 Districts in #lower density growth management areas# subject to the provisions of paragraph (b) of Section 24-013 (Exceptions to the bulk regulations of this Chapter) the Board may permit the #development# of a #building# pursuant to the #bulk# regulations of Article II, Chapter 4 (Bulk Regulations for Community Facility Buildings in Residence Districts).

In order to grant such special permit, the Board shall find that the amount of open area and its distribution on the #zoning lot# conform to standards appropriate to the character of the neighborhood.

Additionally, in #lower density growth management areas#, the Board shall find that:

- the distribution of #bulk# on the #zoning lot# will not unduly obstruct access of light and air to adjoining properties or #streets#; and
- the scale and placement of the #building# on the #zoning lot# relates harmoniously with surrounding #buildings#.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

74-49

Residential Use in C4-1 Districts in Staten Island In the Borough of Staten Island, in C4-1 Districts that occupy at least four acres within a #block# and in other C4-1 Districts for #zoning lots# that, on December 21, 2005, greater than 20,000 square feet, had a #lot area# greater

than 20,000 square feet on December 21, 2005, or on any subsequent date, the City Planning Commission may permit #residences#, provided such #residences# comply with the #bulk# regulations for R5 Districts as set forth in Article II, Chapter 3, or, for #mixed buildings#, Article III, Chapter 5.

74-901

Certain community facility uses in R1 and R2 Districts and certain Commercial Districts

In R1 and R2 Districts, and in C1 and C2 Districts mapped within such #Residence Districts# for any #development#, #extension# or #enlargement# or change of #use# involving any #community facility uses# other than domiciliary care facilities for adults or those for which a permit is required by the Board of Standards and Appeals pursuant to Sections 73-12 (Community Facility Uses in R1 or R2 Districts) or 73-13 (Open Uses in R1 or R2 Districts), the City Planning Commission may permit the allowable community facility #floor area ratio # $\underline{\text{and }\#\text{lot coverage}\#}$ of Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) to apply to all such #uses#, provided that the following findings are made:

- that the distribution of the #bulk# of the total #development# will not unduly obstruct the access of light and air in and to adjoining properties or public #streets#, and will result in satisfactory site planning and satisfactory urban design relationships of #buildings# to adjacent #streets# and surrounding #developments#;
- (b) that the architectural and landscaping treatment and the height of the proposed #building# containing such #uses# blends harmoniously with the topography and the surrounding area;
- (c) that the proposed #development# will not require any significant additions to the supporting services of the neighborhood or that provision for adequate supporting services has been made; and
- that the #streets# providing access to such #use# (d) are adequate to handle the traffic generated thereby or provision has been made to handle such

The Commission may request a report from appropriate governmental agencies with respect to #community facility uses# requesting a special permit under this Section. To minimize traffic congestion in the area, the Commission may require where necessary off-street parking facilities and #accessory# off-street loading berths beyond the amount required by the district regulations.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Chapter 9 Special Hillsides Preservation District

119-30 SPECIAL REVIEW PROVISIONS

* *
119-31
Authorizations

119-312

Authorization of certain uses within the Special Hillsides Preservation District

The City Planning Commission may grant authorizations for #commercial uses#, #community facility uses#, #group parking facilities# of 30 cars or more and for #cnlargements# to any such #uses# and facilities.

Any #group parking facility# with 30 cars or more, and, in #residence districts#, any #community facility use# or #enlargement# thereof shall be allowed only by authorization of the City Planning Commission. In order to grant such authorizations, the Commission, upon review of the a site plan, shall find that:

- (a) the proposed #development#, #enlargement# or #site alteration# will not disturb adversely affect the drainage pattern and soil conditions of the area; (b) the proposed #development#, #enlargement# or
- #site alteration# has minimal impact on the
 existing natural topography and vegetation and
 blends harmoniously with it;
 (c) such #development#, #enlargement# or #site
 alteration# is so located as not to impair the
- essential character of the surrounding area;
 (d) the design of such #development#, #enlargement#
 or #site alteration# takes full advantage of all
 special characteristics of the site;
- (e) vehicular access and egress for such
 #development#, #enlargement# or #site alteration#
 is located and arranged so as to draw a minimum of
 vehicular traffic to and through local #streets# in
 nearby #residential# areas; and
- (f) where vehicular access and egress is located on an arterial, such location affords the best means for controlling the flow of traffic generated by such #development# to and from such arterial.

The City Planning Commission may permit modifications to parking lot landscaping and maneuverability requirements for applications for such authorizations of #group parking facilities# for over 30 cars or for #enlargements# to #group parking facilities# if such modifications preserve vegetation and natural topography.

* * 119-317

Modification of requirements for private roads and driveways

For any #development#, #enlargement# or #site alteration#, the City Planning Commission may authorize variations in the requirements for #private roads# and driveways on any #Tier II zoning lot# as set forth in Section 119-214 (Tier II requirements for driveways and private roads) as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts), 25-624 (Special parking regulations for certain community facility uses in lower density growth management areas) and 25-631 (Location and width of curb parking programments).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the requested modification will not disturb the drainage pattern and soil conditions of the area;

The foregoing amendments are promulgated pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043 of the New York City Charter.

In accordance with Titles 4-B and 4-C of Article 4 of the Real Property Tax Law, the original rule set forth the procedures required for an owner to obtain a property tax abatement for the installation of a green roof and/or a solar electric generating system, the certifications and other requirements, and the process for revocation of the property tax abatement.

This set of amendments makes corrections and clarifications to the original rule. Most notably, in Paragraph (5) of Subdivision (c) of Section 105-02, the definition of "Placed in service" is being revised for clarity and ease of administration and to delete a portion that pertained only to abatement applications received on or before March 15, 2009.

Statement of Basis and Purpose of Rules

These rules amend the rules of the Taxi and Limousine Commission ("TLC") in two respects. Primarily, the rules implement the Livery Drivers' Independent Benefit Fund Law, which provides certain workers' compensation benefits to livery drivers. Secondarily, the rules amend existing TLC rules governing the enforcement of the New York Black Car Operators' Injury Compensation Fund Law, by correcting a technical omission in those rules.

The TLC's existing rules were amended by rules approved by the Commission on September 16, 2010 which incorporated these provisions into the Commission's current rule book, that is, the rule book that will be replaced on April 1, 2011. This rule amends the version of the Commission's rules that becomes effective April 1, 2011.
