MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 2, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted April 23, 1895, to permit James Curran to keep a sign in front of No. 512 West Thirty-sixth street, on the ground of the report of the Commissioner of Public Works that "signs which extend across the whole sidewalk, as proposed in this resolution, are prohibited by general ordinance and are illegal and objectionable obstructions."

W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to James Curran to place and keep a sign extending from the house-line to the curb in front of his premises, No. 512 West Thirty-sixth street, provided the said sign shall not be in any way an obstruction to pedestrians, the work to be done and material supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 2, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted April 23, 1895, for fencing Ninety-seventh to Ninety-eighth street, on Lexington avenue, and the north side of Ninety-seventh street and the south side of Ninety-eighth street, running east one hundred and ninety-five feet from Lexington avenue, on the ground of the report of the Commissioner of Public Works that this is a resolution accompanied by an ordinance which authorizes an assessment. It has always been held that the language describing the work to be done should be identical in the resolution and the ordinance for an assessment work. In this respect, the resolution and ordinance are not identical, and the ordinance does not state that the lots are to be fenced in.

W. L. STRONG, Mayor.

Resolved, That the east side of Lexington avenue, from Ninety-seventh to Ninety-eighth street, and the north side of Ninety-seventh street, running east one hundred and ninety-five feet, and the south side of Ninety-eighth street, running east one hundred and ninety-five feet from Lexington avenue, be properly fenced with a picket fence, at the cost of the respective property-owners, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 2, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted April 23, 1895, to inclose the block bounded by Ninety-sixth and Ninety-seventh streets, Madison and Fifth avenues, with a picket fence, on the ground of the report of the Commissioner of Public Works, that "in this case also the language in the resolution and in the ordinance describing the work to be done is not identical, although the purport and effect is the same. It is also considered desirable that the resolution and ordinance should state that the 'vacant lots' in the blocks described be fenced in where not already done, inasmuch as the Consolidation Act, sections 865 and 878, confines the authority to pass ordinances and levy assessments for 'fencing' to 'vacant lots.' Too much care cannot be taken in the wording of resolutions and ordinances involving local assessments, as the validity of assessments may be disputed in consequence of any inaccuracy or vagueness of language."

W. L. STRONG, Mayor.

Resolved, That the block known or bounded by Ninety-sixth and Ninety-seventh streets, Madison and Fifth avenues, be inclosed with a picket fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 2, 1895.

To the Honorable the Board of Aldermen:

I return herewith, for amendment, resolution of your Honorable Body, adopted April 23, 1895, to pave One Hundred and Fifty-eighth street, from Eleventh avenue to the Boulevard Lafayette, with granite blocks, on the ground of the report of the Commissioner of Public Works, that "The Water Purveyor reports that the street is graded and provided with a sewer, water-mains and gas-mains, and that it should be paved. He expresses the view, however, that, in consideration of the surroundings, which consist of fine residences, and of the fact that there is a church on the street, and the grade is suitable for asphalt pavement, the street should be paved with asphalt instead of granite blocks."

W. L. STRONG, Mayor.

Resolved, That the carriageway of One Hundred and Fifty-eighth street, from Eleventh avenue to the Boulevard Lafayette, be paved with granite-block pavement, and that crosswalks be laid at each intersecting and terminating street or avenue, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 2, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted April 23, 1895, to inclose the block bounded by Ninety-eighth and Ninety-ninth streets, Madison and Fifth avenues, with a picket fence, on the ground of the report of the Commissioner of Public Works, that "In this case also the language in the resolution and in the ordinance describing the work to be done is not identical, although the purport and effect is the same. It is also considered desirable that the resolution and ordinance should state that the 'vacant lots' in the blocks described be fenced in, where not already done, inasmuch as the Consolidation Act, sections 865 and 878, confines the authority to pass ordinances and levy assessments for 'fencing' to 'vacant lots.' Too much care cannot be taken in the wording of resolutions and ordinances involving local assessments, as the validity of assessments may be disputed in consequence of any inaccuracy or vagueness of language."

W. L. STRONG, Mayor.

Resolved, That the block bounded by Ninety-eighth and Ninety-ninth streets, Madison and Fifth avenues, be inclosed with a picket fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 2, 1895.

To the Honorable the Board of Aldermen:

I return herewith, for amendment, resolution of your Honorable Body, adopted April 23, 1895, to pave One Hundred and Forty-sixth street, from the Boulevard to the New York Central and Hudson River Railroad, with granite-blocks, on the ground of the report of the Commissioner of Public Works, that "The street is graded and provided with a sewer, water-mains and gas-mains, and needs paving. In the absence of any special provision regarding the foundation for the pavement it would have to be laid in the ordinary way on a sand bed. I concur in the view of the Water Purveyor, however, that, owing to the steep grade of the street, the pavement should be on concrete foundation, and I recommend that the resolution and ordinance be so amended."

W. L. STRONG, Mayor.

Resolved, That carriageway of One Hundred and Forty-sixth street, from the Boulevard to New York Central and Hudson River Railroad tracks, be paved with granite-block pavement, and

that crosswalks be laid at each intersecting and terminating street or avenue, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 2, 1895.

To the Honorable the Board of Aldermen:

I return herewith, without approval, the resolution of your Honorable Body, adopted April 23, 1895, to pave Ninety-eighth street, from Madison to Fifth avenue, on the ground of the report of the Commissioner of Public Works, that "The ordinance accompanying the resolution, which should authorize the assessment for the improvement, is left blank. Then, I concur with the Water Purveyor in recommending that the resolution and ordinance should provide either for an asphalt pavement or trap-block on concrete foundation. The grade of the street is nearly level, and it is, or will be, a residential street, making an asphalt pavement suitable and desirable."

W. L. STRONG, Mayor.

Resolved, That the carriageway of Ninety-eighth street, from Madison to Fifth avenue, be paved with trap-block pavement, and that crosswalks be laid at each intersecting or terminating street or avenue, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, May 7, 1895.

Hon. JOHN JEROLOMAN, President, etc., etc.:

DEAR SIR—I am directed by the Mayor to refer to you the attached communication from Egbert L. Viele, Chairman of the North Side Board of Trade, that you may bring the same to the attention of the Board of Aldermen at their next meeting.

I have the honor to remain, sir, yours very respectfully,

B. L. BURROWS, Confidential Clerk.

NORTH SIDE BOARD OF TRADE OF THE CITY OF NEW YORK,

NO. 278 ALEXANDER AVENUE, NEW YORK, April 29, 1895.

Hon. WILLIAM L. STRONG, Mayor of the City of New York:

DEAR SIR—The Committee of the North Side Board of Trade appointed to co-operate with the City authorities in a suitable commemoration of the opening of the Harlem river for the purposes of commerce are very desirous to begin the work of preparation for this event, which it is proposed shall take place on the 6th day of June, in accordance with your suggestion.

We therefore beg leave respectfully to ask that you will make such a recommendation to the City Council at its next meeting as you may deem proper, with a view to the appointment of a Committee of that body to act in co-operation with the Joint Committee of the Board of Trade in this matter.

I have the honor to remain, on behalf of the Committee, very respectfully, your obedient servant,

EGBERT L. VIELE, Chairman.

In connection herewith Alderman School offered the following:

Whereas, The proposed opening of the Harlem river for commerce is to be suitably observed on June 6, 1895; and

Whereas, The said improvement is another step in the onward march of progress of our great metropolis; therefore be it

Resolved, That the members of the Common Council, as the direct representatives of the people of the City of New York, participate in the commemoration services and that a committee of five be appointed by the President to confer with his Honor the Mayor, the North Side Board of Trade, General Viele, and others interested in the celebration, and make all suitable arrangements and report to this Board on the 28th instant.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

REPORTS.

The Committee on Salaries and Offices, to whom was referred the annexed resolution in favor of appointing Howard J. Cole a City Surveyor, respectfully

REPORT:

That, having examined the subject, they believe the said Howard J. Cole is competent to discharge the duties of the office. They therefore recommend that the said annexed resolution be adopted.

Resolved, That Howard J. Cole, residing at No. 427 St. Nicholas avenue, New York City, be and he hereby is appointed a City Surveyor.

RUFUS R. RANDALL, JOSEPH T. HACKETT, FRANK J. GOODWIN, THOMAS DWYER, THOMAS M. CAMPBELL, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goetz, Goodman, Goodwin, Hackett, Hall, Kennefick, Lantry, Marshall, Muh, Murphy, Noonan, Oakley, O'Brien, Olcott, Parker, Randall, Robinson, Schilling, School, Tait, Ware, Wines, Woodward, and Wund—31.

The Committee on Bridges and Tunnels, to whom was referred the annexed resolution in favor of "indorsing the speedy erection of the New York and New Jersey Bridge," respectfully

REPORT:

That due notice of a public hearing on said resolution was given, and that such hearing was held in the Aldermanic Chamber, on April 25, 1895; that Hon. Andrew H. Green and others appeared in favor of said resolution, and no one in opposition, and your Committee, having further considered and examined the subject, believe that the proposed improvement would be of great advantage to the City of New York. They therefore recommend the adoption of the annexed preamble and resolution:

Whereas, The trade and commerce of the City of New York are subjected to burdens and obstacles by the existing insufficient modes of transit across the Hudson river, that impose hindrances to the full measure of prosperity to which this city is entitled by reason of its natural situation; and

Whereas, The continued growth and prosperity of this city require bridge facilities that will, directly and without interruption, connect the continent with the city and insure unbroken wheel traffic from every point of the country into and out of the city that will prevent a diversion of its trade to other rival commercial centres; and

Whereas, Fog and ice on the river interfere, not infrequently, with the freight and passenger traffic across the Hudson river, suspending at times and rendering dangerous communication with this city; and

Whereas, The interference with the enormous commerce of the port, the delay of the mails and the inconvenience and dangers to thousands seeking to reach their homes in this city, occasioned by the inclemencies of the seasons, is a matter of most serious consideration not measurable by money valuation;

Resolved, That the Board of Aldermen of the City of New York, appreciating the necessity for prompt and adequate relief from the delays, dangers and vexations of the present modes of transit across the Hudson river, hereby recommends and calls upon all public authorities, national, state and municipal, to aid and support and in every reasonable way facilitate and forward the erection of the New York and New Jersey Bridge across the Hudson river, at the City of New York, which will meet the requirements of trade and promote the comfort and convenience of the people.

CHARLES WINES, WILLIAM TAIT, JOHN T. OAKLEY, BENJAMIN E. HALL, Committee on Bridges and Tunnels.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goetz, Goodman, Goodwin, Hackett, Hall, Kennefick, Lantry, Marshall, Muh, Murphy, Noonan, Oakley, O'Brien, Olcott, Parker, Randall, Robinson, Schilling, School, Tait, Ware, Wines, Woodward and Wund—31.

The President put the question whether the Board would agree to accept said report and adopt said resolutions. Which was decided in the affirmative.

The Committee on Law Department, to whom was referred all communications and matters relating to the revision of the City Ordinances, under resolution adopted by the Board of Aldermen, January 24, 1888, and approved by the then Mayor, Hon. Thomas F. Gilroy, January 30, 1888, submit the following as a partial

REPORT:

That the resolution under which said compilation was made is in words and figures, as follows: "Resolved, That his Honor the Mayor be and he is hereby requested and authorized to instruct the Counsel to the Corporation to compile all the ordinances of the City of New York now in force, and the Clerk of the Common Council be and he is hereby instructed and directed to co-operate with the Counsel to the Corporation in this work. The work to be submitted to the Common Council on completion."

Your Committee finds that, in pursuance to said resolution, the Counsel to the Corporation retained special counsel, namely, Thomas F. Gilroy, Jr., and Robert L. Wensley. That on or about the 4th day of December, 1894, said Messrs. Wensley & Gilroy, Jr., reported back to the Counsel to the Corporation the compilation prepared by them, and that on the 29th day of January, 1895, the Counsel to the Corporation submitted such compilation to this Board, and the same was referred to the Committee on Law Department with instructions to consider same, and make such report in the premises as they deemed proper.

Your Committee find that the work done by such special counsel, as employed by the Counsel to the Corporation, was of a simple clerical nature, and consisted merely in omitting from their compilation such ordinances as had been repealed and were obsolete, and submitting such as they found to be in force on the 31st day of January, 1894. That for such services, which might properly have been rendered by a subordinate in the office of the Counsel to the Corporation, or an under clerk of this Board, said Messrs. Wensley & Gilroy, Jr., received at various intervals sums aggregating \$5,100.

That such compilation as submitted is entirely without annotations, or any references to statutes or decisions applicable to such ordinances.

Your Committee appreciate the necessity for issuing at the earliest possible date an official compilation of the ordinances of this Board, and believe it is imperative that such compilation should be considered section by section, with a view to adopting amendments or modifications. That in view of the mass of work now before your Committee it would be impossible for them to consider these ordinances section by section without greatly delaying a final report.

That in consideration of this fact, your Committee would respectfully suggest that they be authorized to classify the sections of the submitted revision of the ordinances in such a way that each class may be arranged under headings corresponding in character to the titles and duties of the various Committees of this Board, and that such classification and the subjects thereunder be referred to the respective Committees of this Board, who shall consider the same, and report thereon at their earliest convenience, thereby acquainting each Committee with the ordinances relating to its particular Department, and also securing a more adequate and thorough consideration than could be given by your Committee on Law Department, for the reasons above mentioned.

Resolved, That the recommendations above submitted be and they are hereby adopted by this Board, and the Committee on Law Department be and they are hereby directed and instructed to prepare the classifications as above specified.

Respectfully submitted.

FREDERICK A. WARE, BENJAMIN E. HALL, RUFUS R. RANDALL, JACOB C. WUND, JOHN T. OAKLEY, Committee on Law Department.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative.

The Committee on Law Department, to whom was referred the annexed resolution in favor of abolishing public pounds in the Twenty-fourth Ward, and establishing of one in Taylor avenue, near One Hundred and Eighty-sixth street, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the said resolution be adopted.

Resolved, That the public pounds now located respectively on the premises on the west side of Arthur street, Fordham, four hundred feet south of Pelham avenue; on Arthur avenue, between One Hundred and Eightieth street and Kingsbridge road, in the Twenty-fourth Ward; and on the east side of Arthur avenue, between Kingsbridge road and Jacob street, being and the same are severally abolished; and be it further

LAW DEPARTMENT—OFFICE OF THE COUNSEL TO THE CORPORATION, }
NEW YORK, April 17, 1895. }

WILLIAM H. TEN EYCK, Esq., Clerk of the Common Council:

SIR—I have received a letter inclosed to me by you at the direction of the Hon. Frederick A. Ware, Chairman of the Committee on Law Department of the Board of Aldermen, asking my opinion as to the powers of the Board to act upon the following ordinances, namely:

1. An ordinance granting the privilege to hucksters, licensed vendors and push-cart peddlers to vend, sell and dispose of goods, wares or merchandise on Hester street, between Orchard and Clinton streets, and on Orchard, Ludlow and Essex streets, from Canal on the south to Grand on the north, and Market street and Suffolk street, from Division on the south to Grand on the north, under certain restrictions to the effect that the public thoroughfares should not be obstructed so as

to inconvenience public traffic; that sidewalks should be kept clear; that refuse should not be thrown or scattered upon the public streets and certain articles should not be sold except between certain hours, and that the dealers should provide, at their own expense, for laborers whose duty it should be to keep the streets clean, under the direction of the Street Cleaning Department.

2. A similar ordinance granting the privilege to hand-cart venders and peddlers to use Bayard street, from the easterly side of the Bowery to the easterly side of Forsyth street, and the northerly side of Division street and Eldridge and Allen streets, and the northerly side of Division and the south side of Grand streets, and the westerly side of Orchard, from the north side of Division to the southerly side of Grand street, and Canal street, from the easterly side of the Bowery to the westerly side of Orchard, and Hester street, from the easterly side of the Bowery to the westerly side of Orchard street, on Mondays, Tuesdays, Wednesdays and Saturdays of each week from six o'clock in the morning until ten o'clock in the morning; on Thursdays from six o'clock in the morning until ten o'clock at night; on Fridays from six o'clock in the morning until three o'clock in the afternoon, and on the two days before Hebrew holidays between the same hours as herein last mentioned.

3. A similar ordinance granting to hand-cart venders and peddlers the privilege of selling similar materials on Division street, from the westerly side of Clinton street to the easterly side of Orchard street, and on the easterly side of Orchard street, from the northerly side of Division street to the southerly side of Grand, and on Ludlow, Norfolk and Suffolk streets, from the northerly side of Division street to the southerly side of Grand street, and on Hester street, from the easterly side of Orchard street to the westerly side of Clinton street, on Mondays, Tuesdays, Wednesdays and Saturdays of each week, from six o'clock in the morning until ten o'clock in the morning, on Thursdays from six o'clock in the morning until ten o'clock at night; and on Fridays from six in the morning until three in the afternoon.

It has frequently been decided with reference to ordinances of the description of the three above recited, that such occupation of the public streets constitute obstructions which prevent the use and enjoyment of the streets for the ordinary purposes for which they are maintained, and that it deprives not only residents upon them, but the public as well, of the free and unobstructed use to which they are entitled. In the case of *The People ex rel. O'Reilly vs. The Mayor*, a similar ordinance of the Common Council authorized licensed venders to sell and occupy Forty-second street west of Eighth avenue, on certain nights between certain hours, under restrictions similar to those contained in the first ordinance above recited. It was there held that such a use not only constituted an obstruction, but that it could not be authorized by the Common Council.

I am therefore of the opinion, and so advise the Law Committee of the Common Council, that the proposed ordinances are not within the power of the Board and will afford no protection to the venders who attempt to exercise such privileges thereunder.

4. An ordinance designating the portion of the sidewalk at the northwest corner of Sixth avenue and Forty-second street for the public sale of newspapers and periodicals. The portion of the sidewalk authorized for the purpose in question is under the stairway of the elevated railroad occupied by a covered booth or stand about ten feet long by three and a half wide and seven feet high, and the ordinance contemplates a grant to the owner of the stand, Samuel Weinberg by name.

The ordinance recites chapter 455 of the Laws of 1884 as legislative authority for the grant of the privilege. This act in terms amends subdivision 4 of section 86 of the Consolidation Act and if it were still in force would undoubtedly furnish authority to pass the ordinance in question. But subdivision 4 was again amended by chapter 37 of the Laws of 1888, in such a manner as to eliminate the authority granted by the act of 1884, to pass ordinances for the use of portions of streets and sidewalks for the sale of newspapers and periodicals, and by a still later act of the same year, chapter 115 of the Laws of 1888, the power of the Board as to this was conferred by an amendment of subdivision 3 of section 86 of the Consolidation Act.

This last act is the only authority for the passage of such a resolution as that under discussion, and subdivision 3, as amended by it, reads as follows:

"To regulate the use of sidewalks and prevent the extension of building fronts and house fronts within the stoop-lines, to grant permits for the erection of booths and stands within the stoop-lines, the owner or owners of the said premises consenting thereto, for the sale of newspapers, periodicals, fruits and soda-water only."

I am, therefore, of the opinion that the ordinances in question, purporting to grant the privilege of selling newspapers along the curb, is not within the power of the Common Council to pass, and I so advise the Law Committee. I am, yours, respectfully,

FRANCIS M. SCOTT, Counsel to the Corporation.

Alderman Goodman moved that the report and accompanying opinion of the Counsel to the Corporation be laid over for one week and that the whole matter be printed in the CITY RECORD.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

The Committee on Law Department, to whom was referred the annexed resolution in favor of permitting P. Schoonmaker to keep a carriage step-stone in front of No. 109 West One Hundred and Twenty-sixth street, respectfully

REPORT:

That, having examined the subject, they find that the Board has no power to grant such permission. They therefore recommend that the said resolution should not be adopted.

FREDERICK A. WARE, JOHN T. OAKLEY, JACOB C. WUND, RUFUS R. RANDALL, Committee on Law Department.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative.

The Committee on Law Department, to whom was referred the annexed resolution in favor of amending the ordinance providing appropriation for minor expenses of the Department of Public Works, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted. Whereas, The minor expenses of the Department of Public Works have materially increased with the growth of the city to an extent which make it necessary that the ordinances of this commonality adopted by the Common Council in 1881 be amended, in order that said Department may be enabled to meet necessary incidentals without embarrassment; therefore

Resolved, That section 13 of article 1, chapter 6, be amended by striking out the words "One hundred" and inserting in place thereof the words three hundred, so that the section as amended will read:

Sec. 13. For the purpose of defraying any minor or incidental expenses contingent to the Department of Public Works as cannot be conveniently accounted for on separate vouchers, the Commissioner of Public Works may, by requisition, draw upon the Comptroller for a sum not exceeding three hundred dollars.

FREDERICK A. WARE, BENJAMIN E. HALL, RUFUS R. RANDALL, JOHN T. OAKLEY, JACOB C. WUND, Committee on Law Department.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative.

REPORTS RESUMED.

The Committee on Railroads, to whom was referred the annexed resolution directing said Committee to ascertain from the Counsel to the Corporation as to the rights of the Hudson River Railroad to run "dummy engines" on certain thoroughfares in the City of New York, respectfully

REPORT:

That they have complied with the direction contained in said resolution, and attach hereto the opinion of the Counsel to the Corporation in said matter.

Resolved, That the Railroad Committee of this Board are hereby directed to ascertain from the Counsel to the Corporation, when and for what term of years the New York Central and Hudson River Railroad were granted permission to run dummy engines and freight trains from their depot on Hudson street, along Canal, West, and Eleventh avenue to their terminus at Thirtieth street; also, the section and year in which the law was enacted, and a complete and accurate copy of all the proceedings in connection with the granting and amending of said franchise, and that the Counsel to the Corporation be requested to furnish said information at his very earliest convenience, and that the said committee report the same at once to this body so that this Board may take some intelligent and suitable action for the relief of merchants and residents along said route, to abate the nuisance of which they have so frequently and ineffectually complained of for many years past without receiving any relief.

LAW DEPARTMENT—OFFICE OF THE COUNSEL TO THE CORPORATION, }
NEW YORK, April 22, 1895.

WILLIAM H. TEN EYCK, Esq., Clerk of the Common Council:

SIR—I am in receipt of your communication of April 16, 1895, inclosing copy of a resolution passed by the Common Council, and referred to the Committee on Railroads, requesting me to furnish the Board with information regarding the term of years that the New York Central and Hudson River Railroad were granted permission to run dummy engines and freight trains from their depot on Hudson street, etc., the year the law was enacted, and also to furnish a copy of the proceedings in connection with the granting and amending of said franchise.

This request is so fully covered by an opinion of my predecessor, the Hon. George P. Andrews, under date of March 2, 1883, to Walter H. Bunn, Esq., Clerk of the Assembly (Vol. 21 of Opinions, page 83), that it would be a work of supererogation to do more than quote from it.

Judge Andrews says:

"The Hudson River Railroad Company was incorporated under an act of the Legislature entitled 'An Act to authorize the construction of a railroad from New York to Albany,' chapter 216, Laws of 1846, as amended by chapter 31, Laws of 1847, and chapter 30 of the Laws of 1848.

"Section 3 of chapter 216 of said Act of 1846 contains, among other things, the following provision: 'The said directors may locate their railroad on any of the streets or avenues of the City of New York, westerly of and including the Eighth avenue, and on or westerly of Hudson street, provided the assent of the corporation of said city be first obtained for such location.'

"Under this section it was necessary that the municipal authorities should take action before the route of said railroad company could be extended through any street of the City of New York; and, accordingly, the Common Council did, by ordinance of May 6, 1847, grant permission to the said company to lay its tracks in certain city streets, West and Canal streets being among the number. Thereafter, by resolution of September 25, 1849, the Common Council permitted said railroad company to extend its route through Canal and Hudson streets to Chambers street.

"The right to operate steam dummies in the streets named in the foregoing resolution of the Assembly is claimed by virtue of a resolution of the Common Council, dated June 22, 1867, which is in part as follows:

"Resolved, That permission is hereby granted to the Hudson River Railroad Company, during the continuance of their charter, to use 'dummy engines' to draw their cars between their several passenger and freight stations in the City of New York, upon condition that they pay in each year a license fee of fifty dollars for each of said engines used by them during that year; and to lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business."

"I do not know what position is taken by the railroad company in regard to the effect of this resolution, but it may be claimed that said resolution constitutes an agreement which cannot be terminated by the City prior to the termination of the company's charter.

"I do not think this claim, if made, is well founded. A municipal corporation cannot, by such a contract, abridge its legislative power; nor could the Common Council in 1867 hamper the City by any arrangements or stipulations which would prevent a subsequent Common Council from enacting any law that might be deemed essential for the public good.

"Section 178, chapter 86, Laws of 1813, provides for the exercise of legislative control by the Corporation of the City of New York over its streets, constituting a trust the execution of which cannot be avoided by a contract of this nature. The corporation is also invested by the Charter, chapter 335 of the Laws of 1873, with a like power of legislation.

"Section 17 of chapter 335, Laws of 1873, provides as follows:

"The Common Council shall have power to make, continue, modify and repeal such ordinances, regulations and resolutions as may be necessary to carry into effect any and all of the powers now vested in, or by this act conferred upon, the corporation, and shall have the power to enforce obedience to such ordinances and observance thereof, by ordaining penalties for each and every violation thereof, in such sums as it may deem expedient, not exceeding one hundred dollars; and shall have power to make such ordinances, not inconsistent with law and the constitution of this State, and with such penalties, in the matters and for the purposes following in addition to other powers elsewhere specially granted, namely:

"1. To regulate traffic and sales in the streets, highways, roads and public places.

"2. To regulate the use of the streets, highways, roads and public places by foot passengers, animals, vehicles, cars and locomotives."

Copies of the ordinances referred to by Judge Andrews and with which your Board has requested me to furnish it, are hereto annexed. Respectfully yours,

FRANCIS M. SCOTT, Counsel to the Corporation.
AN ORDINANCE.

The Mayor, Aldermen and Commonality of the City of New York, in Common Council convened, do ordain as follows:

Section 1. Permission is hereby granted to the Hudson River Railroad Company to construct a double track of rails, with suitable turn-outs, along the line of the Hudson river, from Spuyten Duyvil creek to near Sixty-eighth street, occupying so much of the Twelfth avenue as lies along the shore; thence winding from the shore so as to intersect the Eleventh avenue at or near Sixtieth street; thence through the middle of the Eleventh avenue to about Thirty-second street; thence on a curve across to the Tenth avenue, intersecting the Tenth avenue at or near Thirtieth street; thence through the middle of the Tenth avenue to West street, and thence through the middle of West street to Canal street.

Sec. 2. The said Hudson River Railroad Company shall grade, regulate, pave and keep in repair a space twenty-five feet in width in and about the tracks in all the avenues and streets through which the said track or tracks shall be laid whenever the Common Council shall deem the interest of the public to require such pavement to be done. The said company shall lay such rail track through the avenues and streets in conformity to such directions, as to line and grade, as shall be given by the Street Commissioner, and shall conform their said railroad to the grades of the avenues and streets through which it shall extend, or cross, as shall be from time to time established by the Common Council, if the latter so require; and shall lay their rails or tracks, in the streets or avenues, in such manner as to cause no unnecessary impediment to the common and ordinary use of the street for all other purposes and so as to leave all the water courses free and unobstructed. It shall be especially incumbent on the said Hudson River Railroad Company, at their own cost, to construct stone bridges across such of the streets intersected by the railroad as may, by the elevation of their grades above the surface of said road, require to be arched or bridged, whenever, in the opinion of the Common Council, the same shall be necessary for public convenience; and also to make such embankments or excavations as the Common Council may deem necessary to render the passage over the railroad and embankments at the cross streets easy and convenient for all the purposes for which streets and roads are usually put to; and the said company shall also make, at their own cost and charge, all such drains and sewers as their embankments or excavations may, in the opinion of the Common Council, render necessary; and said company shall be at all times subject to such regulations, with reference to the convenience of public travel through such streets and avenues as are affected by the said railroad, as the Common Council shall, from time to time, by resolution or ordinance, direct; and the Corporation hereby reserves the right to require said company, at any time after the Eleventh avenue shall be made to Fourteenth street, to take up their rails in the Tenth avenue, and lay them in the Eleventh avenue to said Fourteenth street, and through Fourteenth street to connect with West street.

Sec. 3. The said company shall, within one year from the passage of this ordinance, and before entering upon any contracts for grading, file in the office of the Street Commissioner a map showing the location and intended grade of said railroad.

Sec. 4. Permission is hereby granted to the Hudson River Railroad Company to run their locomotives as far south as Thirtieth street, and no farther.

Sec. 5. The said Hudson River Railroad Company shall be and are hereby prohibited from running a stated train between any points below Thirty-second street, for the carrying of passengers between those points, under the penalty of twenty-five dollars for each passenger from whom fare shall be received therefor.

Sec. 6. This ordinance shall not be construed as binding upon the Corporation, nor shall it go into effect until the said Hudson River Railroad Company shall first duly execute, under their corporate seal, such an instrument in writing, covenanting and engaging, on their part and behalf, to stand to, abide by and perform all such conditions and requirements contained in the second and third sections of this ordinance as the Mayor and the Counsel to the Corporation shall by their certificate approve, and not until such instrument shall be filed, so certified, in the office of the Comptroller of this city.

Whereas, Chapter 716 of the Laws of 1894 gives honorably discharged soldiers and sailors of the late war preference over all other persons for promotion in the various departments; and

Whereas, The Police Department and Fire Department embraces among its members men who have frequently risked death to save the lives of other people, and for their heroic conduct on divers occasions have justly been decorated with the medal of the Roll of Honor; and

Whereas, The said chapter 716 of the Laws of 1894 operates unjustly so far as many Policemen and Firemen who have saved human life from fire and drowning is concerned; therefore be it

Resolved, That the Common Council of the City of New York favors "Roll of Honor" Policemen and Firemen occupying the same status so far as promotion in the Police and Fire Departments are concerned with honorably discharged soldiers and sailors of the late war, and the Common Council respectfully requests the State Legislature to at once pass a bill providing for this justice to meritorious Police officers and Firemen; and be it further

Resolved, That the Legislative Committee of this Board be and it is hereby most earnestly urged to at once prepare a suitable bill, and proceed to Albany, and use every honorable effort to secure the passage of a proper measure for the relief of "Roll of Honor" Policemen and Firemen.

The undersigned, your sub-committee appointed to visit Baltimore, with instructions to investigate the car-fender system in vogue in that city, beg leave to present the following, supplementary to the report already submitted.

The cordiality of our reception, the hospitality exemplified toward us, and the benefits derived because of the personal attention on the part of the city authorities, deserves more than passing notice.

His Honor Mayor F. C. Latrobe evinced an interest in our presence which clearly indicated a disposition to pay that respect to visiting officials from other cities which their positions entitled them to, but which respect is not generally accorded. His example is worthy of imitation by other municipalities, and we hope will ever be emulated by the authorities of New York.

We offer the following resolutions to be submitted to the Board of Aldermen, with the hope that they may meet with hearty approval:

Resolved, That the thanks of this Board are eminently due and are hereby tendered to the Honorable F. C. Latrobe, Mayor of the City of Baltimore, Md., for the kind and hospitable manner in which he received the Committee representing the Railroad Committee of this Board on the occasion of their visit to that city April 3, 4 and 5, instant.

Resolved, That our thanks are also hereby tendered to Col. W. H. Love, the Private Secretary of the Honorable the Mayor of Baltimore, for courtesies liberally and unstintingly extended to our Committee.

Resolved, That a certified copy of the foregoing resolutions, properly authenticated and engrossed, be transmitted to the Honorable F. C. Latrobe, Mayor, and also to Col. W. H. Love. Adopted by the Board of Aldermen, April 23, 1895. Approved by the Mayor, May 2, 1895.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Contract and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, Criminal Court Building, Centre, White, Elm and Franklin streets, New York.

received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A. M. of

TUESDAY, MAY 21, 1895,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of One Thousand Dollars. The Engineer's estimate of the quantity of coal to be furnished and delivered is about 600 tons.

It is expected that about 500 tons will be required to be delivered at the West Fifty-seventh Street Yard of the Department of Docks, and that about 100 tons will be required to be delivered at the East Twenty-fourth Street Yard.

Where the City of New York owns the wharf, pier or bulkhead at which materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed delivery of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

A ton of coal under these specifications shall be 2,240 pounds avoirdupois.

The work to be done under the contract is to be commenced within ten days from the date of the receipt of an order from the Engineer to begin the delivery of coal, and the delivery will be continued in lots of about 200 tons, at such times and places and in such manner as may be directed by the Engineer, and the delivery of said coal will be fully completed on or before the 1st day of September, 1895; and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per ton, for furnishing and delivering coal, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated

upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST.

AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons

for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.
