

THE CITY RECORD.

OFFICIAL JOURNAL.

(ENTERED AS SECOND-CLASS MATTER, POST OFFICE AT NEW YORK CITY.)

VOL. XXX.

NEW YORK, FRIDAY, JULY 25, 1902.

NUMBER 8,883.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, COUNCIL CHAMBER, CITY HALL, FRIDAY, JUNE 13, 1902.

The Board met in pursuance of an adjournment.

Present—Seth Low, the Mayor; Edward M. Grout, the Comptroller; Chas. V. Fornes, the President of the Board of Aldermen; Jacob A. Cantor, the President of the Borough of Manhattan; J. Edward Swanstrom, the President of the Borough of Brooklyn; Louis F. Haffen, the President of the Borough of The Bronx; Joseph Cassidy, the President of the Borough of Queens; George Cromwell, the President of the Borough of Richmond.

The Minutes of the meetings held January 28, February 4, 7, 14, 21, 28; March 4, 7, 14, 21, 25, 26, 31; April 1, 2, 3, 4, 7, and 8, 1902, were approved.

The Mayor presented the following communications from the President of the Borough of The Bronx in relation to a desired amendment to the Minutes of February 28, 1902.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, March 26, 1902.

Hon. SETH LOW, Mayor, City Hall, Borough of Manhattan:

DEAR SIR—I inclose you herewith a statement which I intend to make at the first meeting of the Board of Estimate and Apportionment at which the question of the approval of the Minutes of the said Board of February 28, 1902, can be made.

I intend to move to expunge certain portion of the letter of the Comptroller, which appears upon page 269 of the Minutes, and inclose you a copy of my motion so that you will be informed in advance.

Yours truly,

(Signed) LOUIS F. HAFFEN, President of the Borough of The Bronx.

I move to expunge so much of the letter of the Comptroller which appears on page 269 in the Minutes of the Board of Estimate of February 28, 1902, as follows:

"Which the President of the Borough has assured me he would be satisfied to contract for each year to the extent of the work possible to do in that year."

I did not give the Comptroller any such assurances; he must have understood my remark, that I would be satisfied if the work could be paid for to the extent of one-third thereof each year. It would not be economical, nor to the interest of the City, if the work were divided into three parts, because in one section there is much cutting, or excavating, and in another section there is considerable filling, and when the contract is let, as it is provided for in resolution of the Board of Public Improvements as one contract, it would cost the City much less than if subdivided into three parts, as suggested by the Comptroller.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
June 5, 1902.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment, The City of New York:

DEAR SIR—You will remember that on March 26, 1902, I wrote you that I intended to move to expunge certain portions of the letter of the Comptroller which appears on page 269 of the Minutes of the Board of Estimate and Apportionment. I desire before the Minutes of the Board meetings are adopted to have an opportunity to make the motion I outlined in my communication of March 26, 1902.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

Which were ordered printed in the Minutes.

The President of the Borough of Brooklyn offered the following:

Resolved, That the Commissioner of the Department of Bridges be and he is hereby requested to prepare and submit to the Board of Estimate and Apportionment survey maps and plans upon which condemnation proceedings can be instituted to acquire title to property for the plaza approach to Williamsburgh Bridge.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to purchase of land for the plaza of the Williamsburgh Bridge:

DEPARTMENT OF BRIDGES, CITY OF NEW YORK,
COMMISSIONER'S OFFICE, PARK ROW BUILDING,
MANHATTAN, NEW YORK CITY, N. Y.,
June 12, 1902.

To the Honorable the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—Herewith I send you for approval contracts for the purchase by the City of the following lands in Brooklyn, required for the plaza of the Williamsburgh Bridge:

Jacob Beisiegel, No. 245 South Fifth street, \$6,500; Albert Kleemeyer, No. 262 South Fifth street, \$8,500; Albert J. Henning, No. 250 South Fifth street, \$6,500; Maria Hayden, No. 252 South Fifth street, \$6,500.

Immediate action upon these contracts by your Board and the Comptroller will greatly facilitate the purchase at reasonable prices of other property required for the Brooklyn Plaza.

Respectfully,

G. LINDENTHAL, Commissioner of Bridges.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 13, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. G. Lindenthal, Commissioner of Bridges, in communication under date of June 12, 1902, transmits to the Board of Estimate and Apportionment for its approval, contracts for the purchase by the City of the following lands, required for the plaza of the Williamsburgh Bridge:

Jacob Beisiegel, No. 245 South Fifth street.....	\$6,500 00
Albert Kleemeyer, No. 262 South Fifth street.....	8,500 00
Albert J. Henning, No. 250 South Fifth street.....	6,500 00
Maria Hayden, No. 252 South Fifth street.....	6,500 00

In reply I would report that I have had the premises examined and consider the asking prices just and reasonable, and think that the Board of Estimate and Apportionment, pursuant to chapter 652 of the Laws of 1899, can properly give its approval to the above noted contracts, subject to the consent of the Comptroller as required, to comply with the provisions of section 149 of the amended Greater New York Charter.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That pursuant to the provisions of chapter 652 of the Laws of 1899, the Board of Estimate and Apportionment hereby approves of the purchase by the Commissioner of Bridges, with the assent of the Comptroller, as required by section 149 of the Greater New York Charter of the following named premises required for the plaza of the Williamsburgh Bridge:

No. 245 South Fifth street, Jacob Beisiegel, owner.....	\$6,500 00
No. 262 South Fifth street, Albert Kleemeyer, owner.....	8,500 00
No. 250 South Fifth street, Albert J. Henning, owner.....	6,500 00
No. 252 South Fifth street, Maria Hayden, owner.....	6,500 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Manhattan presented the following, in relation to asphalt for paving:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, June 13, 1902.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—At the request of Mr. John B. Pine I inclose the within letter from him, directed to me, for such action as the Board may think proper.

Very truly yours,

JACOB A. CANTOR,
President, Borough of Manhattan.

JOHN B. PINE, COUNSELLOR AT LAW,
No. 63 WALL STREET, NEW YORK,
June 5, 1902.

Hon. JACOB A. CANTOR, President, Borough of Manhattan, City Hall, New York:

MY DEAR SIR—As I understand that you contemplate advertising for bids for asphalt paving in this borough, I beg to call your attention to a provision of the specifications recently approved by the Board of Estimate and Apportionment, which renders it impossible for companies using rock asphalt to compete on equal terms with those using sheet asphalt.

These specifications, or rather the contract attached thereto, provide (section 22, page 42, paragraph 1) that rock asphalt shall be laid with a thickness of two and one-half inches, while the same contract provides (section 21, page 41, paragraph H) that sheet asphalt shall be laid with a thickness of two inches. You will readily see that the one-half inch required of rock asphalt makes a serious difference in the cost of laying the pavement, and places the rock asphalt companies at a disadvantage.

It is not customary in other cities to require a greater thickness in the case of rock asphalt than in the case of sheet asphalt, and I am prepared to show that there is no reason why there should be any greater thickness required, as experience has demonstrated that rock asphalt pavement laid with a thickness of two inches only and without binder is more durable than sheet asphalt of the same thickness laid with binder, and, further, that rock asphalt is entirely free from cracks and defects, is not slippery, and is not affected by the heat of the sun.

I represent a rock asphalt company which desires to bid on contracts for city paving, and I beg to inquire whether the specifications cannot be amended before such bids are offered, so as to require a uniform thickness of two inches for both rock asphalt and sheet asphalt.

Yours respectfully,

JOHN B. PINE.

Which was referred to the Borough Presidents.

The Secretary presented the following from the Commissioner of Parks, Borough of Brooklyn, in relation to an appropriation for the Brooklyn Institute of Arts and Sciences:

DEPARTMENT OF PARKS, BOROUGH OF BROOKLYN AND QUEENS,
LITCHFIELD MANSION, PROSPECT PARK,
BOROUGH OF BROOKLYN, June 7, 1902.

MR. JAMES W. STEVENSON, Secretary of Board of Estimate, Comptroller's Office:

DEAR SIR—Referring to my visit to you on last Wednesday, I inclose herewith copy of the letter dated June 4, referring to the Brooklyn Institute, which you handed me.

Upon receipt of the revised figures which you gave to Professor Hooper the Park Board rejected all bids for work on the Institute on the ground that the appropriation was insufficient, and decided to readvertise in the hopes that we could get lower figures, or that a bond issue might increase the available funds so that the contract can be awarded with safety.

Yours very truly,

RICHARD YOUNG, Commissioner.

THE BROOKLYN INSTITUTE OF ARTS AND SCIENCES,
OFFICE, 502 FULTON STREET,
BROOKLYN, June 4, 1902.

Hon. EDWARD M. GROUT, Comptroller of The City of New York, 280 Broadway, New York City:

MY DEAR SIR—On behalf of the trustees of the institute, I beg leave to call your attention to the importance of making provision during the year 1902, by the issue of Corporate Stock of The City of New York, for certain necessary additions to the building and equipment of the Brooklyn Institute Museum, Eastern Parkway and Washington Avenue.

The amount of money to the credit of the Museum of Art and Science Fund on June 1, 1902, was, according to the statement of the Deputy Comptroller, J. W. Stevenson, \$334,195.42. This amount will, we understand, cover the following items: Liability on account of the contract of P. J. Carlin & Co. \$13,386 22
Cost of completing the interior of the second section of the

Museum (as per lowest bid received by Department of Parks, May 29)	297,900 00
Architects' fees on \$297,900	14,895 00
Fee of Heating Engineer, say	3,150 00
Fee of Electrical Engineer, say	1,500 00

Total..... \$330,831 22

In order to make the second section of the Museum available for use by the public the following additional work is required:

A power house and power plant, estimate	\$82,000 00
Front steps with substructure and central approach to the Museum, as per lowest estimate	46,100 00
Natural History Cases	32,000 00
Furniture and fixtures for lecture hall and galleries on first, second and third floors	26,000 00
Decorating of walls of galleries	5,000 00
Architects' fees, 5 per cent.	9,555 00

Total..... \$200,655 00

If any portion of this work were to be delayed, we would recommend the omission of the front steps, substructure and central approach—\$46,100—and the construction of a temporary approach costing \$3,000. It would therefore appear to be necessary to provide for the issue of Corporate Stock of the City during the current year for an amount not less than \$150,000 in order that we may be able to use this central section.

Very respectfully yours,

A. AUGUSTUS HEALY, President of the Board of Trustees.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the amended Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of bonds, to an amount not exceeding one hundred and fifty thousand dollars (\$150,000), for the purpose of providing means to pay for the completion of an addition to the Brooklyn Institute of Arts and Sciences, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the amended Greater New York Charter, to an amount not exceeding one hundred and fifty thousand dollars (\$150,000).

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Department of Bridges, dated June 12, 1902, also a resolution of the joint Boards of Local Improvements of Newtown and Jamaica, in the Borough of Queens, in relation to an appropriation for the Blackwell's Island Bridge.

Which were referred to the Commissioner of Bridges.

The Secretary presented the following in relation to the construction of sewers in the Borough of The Bronx:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, May 19, 1902.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I respectfully request that the Board of Estimate and Apportionment provide for a bond issue of \$32,000 for sewer reconstruction and cleaning in the Borough of The Bronx. Of this total, \$26,000 are to provide for reconstructing sewers and appurtenances and cleaning outlet sewer at Williamsbridge, and \$6,000 thereof for cleaning Brook avenue sewer.

The urgency of these works is shown in the report of the Engineer in Charge of Sewers, a copy of which is hereto attached.

Yours truly,

LOUIS F. HAFFEN.

(Copy.)

OFFICE OF ENGINEER IN CHARGE OF SEWERS. May 5, 1902.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

SIR—In conversation with President Haffen last week it was suggested by him that his attention be called to the necessity for the issue of bonds required for certain purposes hereinafter mentioned relative to work to be done in the Bureau of Sewers.

I therefore call your attention to the necessity of bond issues as follows:

1. Reconstructing sewers and appurtenances at Williamsbridge	\$20,000 00
2. Alteration of Williamsbridge outlet sewer	6,000 00
3. Cleaning Brook avenue sewer	6,000 00

Total of bond issues required..... \$32,000 00

The reasons for the request for issuance of bonds are as follows:

1. The reasons for asking for this issue of bonds (\$20,000) are as follows:

This issue is asked for to provide for the reconstruction of outlet lines of sewers in the following named streets in Williamsbridge:

Flower street, from Pleasant avenue to Second avenue, and in Second avenue, from Flower street to Fifteenth street.

There are at present sewers in the streets named which were constructed some years ago to complete work initiated by the authorities of the former Village of Williamsbridge, and which provided for sewerage up to Fifteenth street. Since the building of sewers, however, it has been found necessary to extend the sewerage system northerly to drain Wakefield section; contracts for such extensions now being prosecuted.

It is therefore absolutely essential to provide larger sewers for an outlet line to meet the added duty imposed by the extensions referred to.

Therefore the request for issuance for bonds as above is made, the necessity therefor being urgent.

2. The reasons for asking for this issue of bonds (\$6,000) are as follows:

The outlet sewer in Williamsbridge and Wakefield passes through Bronx Park and is carried under the Bronx river by an inverted siphon. It has been found that this siphon requires frequent cleaning at a cost of much time and expense, and it is proposed to construct a settling basin in the main line of the sewer, thereby providing against the trouble arising from the frequent obstruction thereof.

This is a matter of urgent necessity and the issue of bonds for this work should be at once authorized.

3. The reasons for asking for this issue of bonds (\$6,000) are as follows:

Brook avenue sewer is the main outlet line for the sewerage and drainage of an area of about four square miles and a considerable mileage of the streets within this territory is unpaved, the surface wash carries quantities of earth and sand into the sewers and a portion of this silt deposits in the Brook avenue sewer, which is subject to tidal action; an examination made a few months ago developed the fact that in its length of 10,000 feet there is a deposit of about 4,800 cubic yards of silt, which should be recovered and for which purpose the issue of bonds hereinbefore referred to is asked and should be at once authorized, as the work in question is one of great importance and should be at once taken in hand.

Respectfully,

(Signed) CHARLES H. GRAHAM, Engineer in Charge of Sewers.

Which were ordered on file.

The Secretary presented the following from the Corporation Counsel in relation to an appropriation for main relief sewers in the Borough of Brooklyn:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, June 6, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received a letter from the Deputy Comptroller, dated May 22, 1902, in regard to the request made by the President of the Borough of Brooklyn, that the Board of Estimate and Apportionment authorize the issue of Corporate Stock to the amount of \$250,000, to pay for the construction of main relief sewers in the Borough of Brooklyn. The letter concludes as follows:

This work was formerly carried out under the authority of chapter 379 of the Laws of 1894, which provided for the issue of bonds not to exceed in the aggregate the sum of \$2,000,000. This amount has been issued, or will be issued, to meet pending claims. I have been unable to find any authority in the Charter for issuing Corporate Stock to meet the expense of building main relief sewers.

"Will you kindly advise me whether there is such authority, and if not, whether the City has authority to provide funds in any other way to pay for this class of improvements."

In my letter to you, dated May 7, 1902, in regard to certain proposed resolutions of the Board of Estimate and Apportionment affecting the construction of relief sewers in the Borough of Brooklyn, I dealt with this subject to some extent, and with the "Main Sewer Relief and Extension Fund" of the City of Brooklyn authorized by the Laws of 1889, chapter 354, and Laws of 1894, chapter 379.

So far as the statutes just referred to provide for the construction of relief sewers, their terms have been complied with; the sewers have been built; and all the bonds authorized have been or will be issued.

I am aware of no provision of the Charter or of any other statute, under which it could be claimed that there is authority to construct relief sewers at the public expense.

I see no reason, however, why such sewers could not be built, and the cost thereof assessed upon the property benefited in the same manner and through the same procedure in the case of any other sewer. In general the sewers of this city of all kinds have been paid for through local assessment.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

The President of the Borough of Brooklyn moved that a copy of the above communication be sent to each of the Borough Presidents.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to a transfer of an appropriation to Contingencies, Board of City Magistrates:

OFFICE OF THE BOARD OF CITY MAGISTRATES, SECOND DIVISION,
BOROUGH OF BROOKLYN, June 5, 1902.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—At a meeting of the Board of City Magistrates of the Second Division of The City of New York, held on May 28, 1902, the following resolution was unanimously adopted:

"Resolved, That a request be forwarded to the Board of Estimate and Apportionment of The City of New York that the sum of twenty-five hundred dollars be allowed to this Board for its contingent fund, said amount to be transferred from the salary account."

As to this resolution permit me to say that several of the court rooms in this Division are at this time in a very poor condition and requisitions made upon the Department of Buildings for repairs to same have been returned. Mr. Helmle, the Superintendent in this Borough has stated that no furniture, etc., can be had from his Department, and requests for repairs to typewriter, etc., are returned with statement that same must be paid out of contingent fund of this Board. The contingent fund at this time amounts to only \$500 from which postal supplies are purchased for thirteen courts as also certain books, such as Almanac, Penal Codes, etc. The request for transfer from salary account is made, as I believe the sum of \$12,000 now in such account for two Magistrates is not needed under recent decision of Court of Appeals in the Magistrates case in this borough.

Respectfully yours,

ALFRED E. STEERS, President.

The following resolution was offered:

Resolved, That the sum of two thousand five hundred dollars (\$2,500) be and hereby is transferred from the appropriation made to the City Magistrates' Courts, Second Division, for the year 1902, entitled "Salaries" "Ten City Magistrates at \$6,000 each per annum," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Courts, for 1902, entitled "Supplies and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to the salary of Peter Murphy, Laborer in the Department of Health:

DEPARTMENT OF HEALTH—CITY OF NEW YORK,
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,
BOROUGH OF MANHATTAN,
NEW YORK, June 6, 1902.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

SIR—At a meeting of the Board of Health of the Department of Health, held June 4, 1902, it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to fix the salary of Peter Murphy, a Laborer in this Department, at the Willard Parker Hospital, Borough of Manhattan, at the rate of \$600 per annum, instead of \$480 per annum, from June 1, 1902, for the reason that his work is the same as that of other Laborers at the said hospital who are receiving \$600 per annum, and to make the salaries of all the Laborers at the hospital uniform.

A true copy.

C. GOLDBERMAN, Secretary.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the amended Greater New York Charter, that the salary of Peter Murphy, Laborer in the Department of Health, at the Willard Parker Hospital, Borough of Manhattan, be fixed at the rate of six hundred dollars (\$600) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Department of Taxes and Assessments, dated June 5, 1902, requesting the fixing of the salaries of various employees of the said Department.

The Mayor moved that it be referred back to the Department of Taxes and Assessments, with the request that this Board be furnished with an explanation in each particular case.

The Secretary presented the following in relation to the designs for alteration, etc., County Court House:

ART COMMISSION OF THE CITY OF NEW YORK,
CITY HALL, NEW YORK CITY, JUNE 11, 1902.

Board of Estimate and Apportionment, No. 280 Broadway, New York:

GENTLEMEN—I am directed by the Art Commission to return the designs for the alteration and extension of the County Court House, which were submitted by you to the Art Commission for action, and to certify that these designs were disapproved by the Commission on June 10. Certificate of disapproval, Committee's report, which was approved by the Commission, plans and papers submitted are sent herewith.

Respectfully,

MILO R. MALTBIE, Assistant Secretary.

Resolved, That the Art Commission hereby disapproves the designs for the alteration and extension of the County Court House, in New York County, as submitted to it by the Board of Estimate and Apportionment, under its resolution of May 16, 1902; that the blueprints "A," "B," "C" and "D," showing summarily the character of such designs be marked and filed as of record in this matter, and that the action of the Commission be certified to the Board of Estimate and Apportionment.

A true copy of resolution adopted by the Art Commission, June 10, 1902.

MILO R. MALTBIE, Assistant Secretary.

Report of Special Committee of the Art Commission of New York City in Relation to the Proposed Alterations to the New York County Court House.

Your committee, appointed to consider the plans for the additions to the New York County Court House, on City Hall Park, beg to report as follows:

The plans before us show that it is proposed to remove practically all of the existing building except the court rooms and offices on its extreme east and west sides.

It is proposed to construct an addition to the existing building, which would add about fifty per cent, to its present ground area and increase the height of the main structure to a point 125 feet above the sidewalk, i. e., 53 feet higher than the present building. It is proposed also to construct a dome 56 feet still higher over the central portion of the building, making a total height of 181 feet.

The new structure would extend 75 feet to the south beyond the main lines of the existing building, bringing its south wall within about 60 feet of the north wall of the City Hall building. All of this extension would be upon the ground of City Hall Park, and would greatly narrow what is now one of the main approaches to the Brooklyn Bridge Terminal. In order to compensate in part for this loss of space to the public it is proposed to leave a covered passage way, the entrances to which are 15 feet wide, through the basement of the new extension.

The Art Commission is required to act in the above matter, with reference to the design of the proposed building, and its location; and is especially directed by the law to approve or disapprove of buildings of such magnitude as the one proposed which shall extend over or upon any street, avenue, highway, park or public place belonging to the city.

As to the design of the proposed building, your committee feel that the new parts would be architecturally out of harmony with the portion of the old building allowed to remain. While the design of the old structure is inferior in character and could not with advantage be closely followed in the proposed addition, nevertheless it seems clear that the new parts would not sufficiently dominate the whole to give a distinct character to the finished structure, which (quite apart from any excellence of design the new parts might have) would prevent the completed building from having such dignity and sympathy as should belong to the most prominent courthouse in Greater New York. They feel further that the relations of the parts and the proportions of the proposed building when completed would be exceedingly unsatisfactory.

Your committee agree that this Commission is bound to take into consideration the public needs, and at times, where utilitarian demands are pressing, to waive unimportant objections in matters of taste; but it seems clear to them that in this case the weaknesses of the design are too radical to be corrected, or overcome, by any excellency of its detail; and they feel that if the building must be arranged in ground plan essentially as shown, it would not be difficult to obtain designs for the exterior much more artistic and satisfactory than those under consideration.

In the opinion of your committee, it is the intention of the law that in the case of the proposed erection of a Public Building involving an expenditure of over \$1,000,000, the Art Commission shall not approve any design for such building, unless the same, apart from the fitness of the structure for its practical purposes, shall also insure for it a measure of architectural excellence commensurate with its prominence and the expenditure involved.

In this case your committee cannot lose sight of the fact that it is proposed to expend a very large sum of money, and they do not feel that the aesthetic effect or practical value of the building as proposed would justify the cost involved.

Finally, your committee are of the opinion that the proposed encroachment upon the Park area, and especially upon the thoroughfare leading directly from the Bridge to Broadway, constitutes in itself a serious objection to the proposed plan. It seems evident that, notwithstanding the device of a passage through the basement of the building, no little inconvenience would be occasioned to the public. Beyond this, the encroachment in the direction of the City Hall would be objectionable from the mere fact that it would reduce the Park space, which is now none too ample for public uses.

Apart from the practical objection that the new building would cut off much light from the City Hall, your committee feel that the new structure, rising so much higher than the City Hall and within about sixty feet thereof, would materially lessen the importance and dignity of that ancient and beautiful building. At the same time the architectural effect of any facade of such dimensions as those proposed for the south front of the Courthouse would be necessarily lost because of its close proximity to the City Hall.

For the foregoing reasons your committee recommend that the plans for the enlargement of the New York County Courthouse be disapproved by the Art Commission.

Which was laid over, for an opinion of the Corporation Counsel, in pursuance of a request made June 6, 1902.

The matter of telephone exchanges for the boroughs of Manhattan and Brooklyn was laid over.

The Secretary presented the following, in relation to the salaries of James F. Moore and Edward P. Cringle, Deputy Tax Commissioners.

CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS,
STEWART BUILDING, 280 BROADWAY,
JUNE 11, 1902.

Mr. J. W. STEVENSON, Deputy Comptroller, City:

DEAR SIR—Your communication of even date to President Wells, with inclosure relating to the increasing of the salaries of Deputies Moore and Cringle, which the Board of Estimate and Apportionment referred back to this Department for a statement of the reasons for such increase, is received.

In the absence of President Wells, I would state that in preparing the schedule of salaries in this Department, in accordance with the provisions of section 10, chapter 466, Laws of 1901, as amended by chapter 436, Laws of 1902, the salary of Deputy Moore was reduced from \$3,000 to \$2,700 per annum, and that of Deputy Cringle was increased from \$2,100 to \$2,550 per annum.

But by reason of a clerical error both deputies were entered in the \$2,100 per annum grade, and such error now necessitates the action of the Board of Estimate and Apportionment to enable said Deputies to obtain the salary intended.

With this correction made, the Department of Taxes and Assessments is well within the appropriation granted.

Respectfully yours,

SAMUEL STRASBOURGER, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS,
STEWART BUILDING, 280 BROADWAY,
May 24, 1902.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I am directed to inform you of the following resolutions adopted by the Board of Taxes and Assessments at a meeting held May 23, 1902, which I transmit for your action thereon:

"Resolved, That the salary of James F. Moore, Deputy Tax Commissioner in this Department, be and is hereby increased from \$2,100 to \$2,700 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, and in conformity with the rules and regulations of the Municipal Civil Service Commission; said increase of salary to take effect June 1, 1902."

"Resolved, That the salary of Edward P. Cringle, Deputy Tax Commissioner in this Department, be and is hereby increased from \$2,100 to \$2,550 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, and in conformity with the rules and regulations of the Municipal Civil Service Commission; said increase of salary to take effect June 1, 1902."

Respectfully,

CHAS. H. WOODHULL, Assistant Secretary.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the amended Greater New York Charter, that the salaries of the Deputy Tax Commissioners in the Department of Taxes and Assessments be fixed as follows:

James F. Moore, Deputy Tax Commissioner, per annum.....	\$2,700 00
Edward P. Cringle, Deputy Tax Commissioner, per annum.....	2,550 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The consideration of an appropriation of \$17,000 for repairs to the Borough Hall, Borough of Brooklyn, was laid over.

The Mayor presented a communication from the Commissioner of Docks and Ferries, dated June 10, 1902, recommending as the location of a public bath the newly made ground between Twenty-third and Twenty-fourth streets between Avenue A and the Bulkhead.

Which was referred to the President of the Borough of Manhattan.

The matter of the disposition of the Free Floating Baths which cannot be used in the boroughs of Manhattan and Brooklyn was taken up for consideration.

After discussion the subject was referred to the Borough Presidents for consideration and report.

The Mayor offered the following:

Resolved, That, pursuant to the provisions of section 47 of the amended Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding three hundred and twenty thousand dollars (\$320,000), to provide means for the construction and equipping of interior public baths and the acquisition of sites therefor in The City of New York, as follows:

In the Borough of Manhattan.....	\$220,000 00
In the Borough of Brooklyn.....	100,000 00
	<u>\$320,000 00</u>

—and that when authority shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of three hundred and twenty thousand dollars (\$320,000); the proceeds thereof shall be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to the purchase of property on south side of Pitkin avenue and west side of Hicks street, in the Borough of Brooklyn, for sites for interior public baths:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, JUNE 4, 1902.

Hon. SETH LOW, Chairman, Board of Estimate and Apportionment, New York City:

DEAR SIR—I write to request the Board of Estimate and Apportionment, through you, to adopt a resolution authorizing the purchase of sites for interior baths in the Borough of Brooklyn. The prices are specified and set opposite each of the proposed baths in the accompanying list.

These sites have been selected by the Park and Playground Association, acting in conjunction with Mrs. Tunis G. Bergen. They have all received the approval of Mr. Alfred T. White, a gentleman who is very much interested in all work, whether public or private, which tends to ameliorate the conditions of the poor. The prices are very low. The options have been obtained as if they were intended for private purchasers. The locations are in every respect desirable, because they are in the most congested parts of this borough.

Yours very truly,

J. EDW. SWANSTROM, President, Borough of Brooklyn.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
JUNE 12, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. J. Edward Swanstrom, President of the Borough of Brooklyn, in communication under date of June 4, 1902, requests the Board of Estimate and Apportionment to adopt a resolution authorizing the purchase of sites for interior baths in the borough. The prices are specified and set opposite each of the proposed baths in the accompanying list.

In reply I would report that I have had the sites examined, in compliance with your instructions, and submit my opinion of the respective asking prices.

No. 1. Navy Yard Section, No. 200 Nassau street, 74 feet 9 inches west of Gold street, lot 25 feet 1 inch by 87 feet 3 inches, with two story and attic frame dwelling, with brick basement, 21 feet by 30 feet. This is Ward No. 5, Section 1, Volume 1, Block 109, Lot No. 9, assessed at \$2,100 in name of Israel Meyers. Price \$4,250.

This price, while full value, is not excessive. The lot alone is worth about \$2,500, and figuring the building at 8 cents a cubic foot, brings the total up to about the price asked.

No. 2. South Brooklyn Station, vacant lot 25 feet 8 inches by 97 feet 6 inches by 27 feet 4 inches by 99 feet 8 inches (about) on the west side of Hicks street, 214 feet 3 inches north of Degraw street. Price \$2,500.

This is Section 2, Volume 1, Block 320, Lot No. 69, assessed at \$1,200 in name of Alex. Edwards. The price is full, but not excessive.

No. 3, Williamsburg Section, No. 88 Moore street, 100 feet east of Graham avenue, lot 25 feet by 100 feet, with old three-story frame store and dwelling 20 feet by 30 feet and one-story frame addition. Price asked \$6,500.

This is Ward No. 16, Block 69, Lot No. 22, assessed at \$3,000 in name of Louis Grossman. This is a densely populated neighborhood and property is held very high, but the price asked is excessive. The building is old and dilapidated and rents for only \$384 a year. The full market value of the property is not over \$5,000 to \$5,500. In fact, I am informed that a sale at \$4,700 was in negotiation a few months ago, but the buyer backed out and forfeited \$100.

No. 4, Brownsville District, plot 50 feet by 100 feet, vacant, on the south side of Pitkin avenue, 75 feet west of Watkins street, adjoining the Hebrew Educational Institute. Price asked \$4,000.

This is Ward No. 26, Block 69, Lot No. 31, assessed at \$1,000, in name of Aaron Levy. The property is worth from \$3,500 to \$4,000. The latter figure would not be called excessive.

No. 5, Greenpoint Section, No. 119 Eagle street, between Manhattan avenue and Franklin street, north side, 250 feet west of Manhattan avenue, lot 25 feet by 100 feet, with old two-story frame dwelling, 20 feet by 20 feet, assessed at \$1,600, in name of Michael Flood. Price asked \$2,000.

This is Ward No. 17, Volume 1, Block 51, Lot No. 54. The price is fair. In fact, some appraisers would consider it low.

For the purpose intended, these sites are well chosen.

Respectfully,

EUG. E. McLEAN, Engineer.

INTERIOR PUBLIC BATH SITES—BOROUGH OF BROOKLYN, ON WHICH 30-DAY OPTIONS HAVE BEEN OBTAINED.

No. 1, Navy Yard Section.

Fourth and Fifth Wards, No. 200 Nassau street, between Bridge and Gold streets; dimensions, 25 feet 1 inch by 90 feet. Price, \$4,250. Apply to Isaac H. Cary, No. 200 Fulton street, Brooklyn.

No. 2, South Brooklyn Section.

Between Atlantic and Hamilton avenues, Sixth Ward, vacant lot on Hicks street, between Harrison and Degraw streets (No. 488 Hicks street); dimensions, 27 feet by 98 feet. Price, \$2,500.

Apply to J. H. D. Bergen & Sons, No. 214 Court street, Brooklyn.

No. 3, Williamsburg Section.

Sixteenth Ward, No. 88 Moore street, 100 feet east of Graham avenue; dimensions, 25 feet by 100 feet. Price, \$6,500. Apply to Arthur B. Gritman, No. 126 Broadway, Borough of Brooklyn.

No. 4, Brownsville Section.

Twenty-sixth Ward, Pitkin avenue, 75 feet west of Watkins street, land adjoining Hebrew Educational Institute, in the heart of Brownsville; dimensions, 50 feet by 100 feet. Price, \$4,000.

Apply to H. Myershon, corner Pitkin avenue and Stone avenue, Borough of Brooklyn.

No. 5, Greenpoint Section.

Seventeenth Ward, No. 119 Eagle street, between Franklin street and Manhattan avenue; dimensions, 25 feet by 100 feet. Price, \$2,000. Apply to Sloan Brothers, Greenpoint.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the following sites for interior public baths in the Borough of Brooklyn: Brownsville District, plot 50 feet by 100 feet on the south side of Pitkin avenue, 75 feet west of Watkins street, adjoining the Hebrew Educational Institute, at a price not exceeding \$4,000. South Brooklyn District, lot 25 feet 8 inches by 97 feet 6 inches by 27 feet 4 inches by 99 feet 8 inches (about), on the west side of Hicks street, 214 feet 3 inches north of Degraw street, at a price not exceeding \$2,500; and authorizes the President of the Borough of Brooklyn to enter into the necessary contracts (approved as to form by the Corporation Counsel) for the purchase of said sites, which are to be presented to the Comptroller for his consent, pursuant to the provisions of section 149 of the Greater New York Charter.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The matter of the transfer of the Aquarium to the New York Zoological Society was laid over for further consideration.

The Secretary presented the following, in relation to the salary of E. B. Southwick, Entomologist, Department of Parks:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
ARSENAL, CENTRAL PARK,
JUNE 11, 1902.

To the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—In the final revised Departmental Estimate submitted for the Department of Parks, boroughs of Manhattan and Richmond, a sum of \$1,800 was asked for the salary of Mr. E. B. Southwick and a sufficient amount was appropriated by your Board to pay the same. Through a typographical error, however, in the proposed salaries for 1902, Mr. Southwick's salary was fixed at \$1,500 per annum.

Mr. Southwick renders valuable services to the city and it was not my intention to reduce his salary. I believe that \$1,800 is in no degree excessive.

In order that Mr. Southwick may not suffer through the clerical error, made in the hurried preparation of the Revised Budget, I respectfully request that the necessary action be taken fixing the salary of E. B. Southwick, Entomologist, Department of Parks, boroughs of Manhattan and Richmond, at \$1,800 per annum, from May 1, and that when such action is taken by your Board, that the matter be forwarded to the Board of Aldermen for action.

I beg to repeat that the administration appropriation is sufficient to permit of this action without an additional appropriation, and the action is in reality merely the correction of a clerical error.

Respectfully,

W. R. WILLCOX, Commissioner of Parks,
Boroughs of Manhattan and Richmond.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the amended Greater New York Charter, that the salary of E. B. Southwick, Entomologist in the Department of Parks, boroughs of Manhattan and Richmond, be fixed at the rate of eighteen hundred dollars per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of Section 56 of the Greater

New York Charter, that the salary of an additional stenographer and typewriter in the Department of Finance be fixed at \$750 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of Section 56 of the Greater New York Charter, that the salary of an additional Examiner in the Department of Finance be fixed at \$1,800 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to sites for Apparatus houses, Fire Department, Boroughs of Brooklyn and Queens:

HEADQUARTERS FIRE DEPARTMENT—CITY OF NEW YORK,
157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, February 3, 1902.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—This Department desires to acquire, as sites for apparatus houses, by recourse to condemnation proceedings, the following described property:

Borough of Queens.

Parcel No. 1.—Lot No. 3 and part of Lot No. 4, on the northerly side of Jackson avenue, 112 feet 9 3/4 inches from the corner forming the intersection of easterly line of Kouwenhoven street, and the northerly line of Jackson avenue, as per dimensions on diagram on file in Comptroller's office. Owner, Ludwig Sikora; authorized agent, George J. Ryan, No. 44 Jackson avenue, Borough of Queens.

Borough of Brooklyn.

Parcel No. 5.—Lot, 25 by 100, located at No. 185 Cook street; owner, Mrs. Schleicher, No. 181 Cook street.

Parcel No. 9.—Lot No. 417 Manhattan avenue, size 25 by 100; authorized agents, Sammis & Clark, No. 461 Graham avenue.

Parcel No. 10.—Plot 40 by 100, on northwesterly side of East Thirteenth street, about 70 feet south of Avenue C; owner, Fred Goetz, No. 731 Coney Island avenue; authorized agent, Frank H. Blau, No. 744 Coney Island avenue.

Parcel No. 11.—Plot 40 feet by 99 feet 2 3/4 inches by 98 feet 8 3/4 inches on south side of Forty-fifth street, beginning about 240 feet east of Fourteenth avenue; owner, Mr. Paulson; authorized agent, T. P. Leslie, Forty-fifth street and Fort Hamilton avenue.

Upon recommendation of the former Deputy Commissioner, Boroughs of Brooklyn and Queens, the consent of the Comptroller was asked October 2, 1901, to the purchase of the property above described at private sale, pursuant to the provisions of section 149 of the Greater New York Charter. Under date of October 17, 1901, the Comptroller forwarded a report, dated the 14th of said month, addressed to him by the Engineer of the Department of Finance. A summary of that part of which relates to the sites in question is as follows:

	Price Asked by Owner.	Valuation of Comptroller.
Parcel No. 1 (Jackson avenue site).....	\$1,800 00	\$1,400 00
Parcel No. 5 (185 Cook street).....	2,400 00	2,100 00
Parcel No. 9 (417 Manhattan avenue).....	1,800 00	1,500 00
Parcel No. 10 (East Thirteenth street site).....	1,500 00	1,200 00
Parcel No. 11 (Forty-fifth street site).....	1,000 00	650 00

This report was forwarded to the Deputy Commissioner, for his consideration, and under date of December 28, 1901, he recommended, as he had found it impossible to arrive at a satisfactory arrangement in the matter of price with the owners of these respective parcels of land, that the property be acquired by condemnation proceedings.

Section 255 of the Greater New York Charter, as it now exists, provides that the Corporation Counsel "shall not institute any proceeding for acquiring title to real estate by condemnation proceedings, except for opening streets, unless the same shall have been approved by the Board of Estimate and Apportionment upon a statement to be furnished said Board of the valuation of such real estate as assessed for purposes of taxation."

The Department of Taxes and Assessments, to whom application was made, date of December 30, 1901, for the purpose, under date of the 15th instant, reported the assessed valuation for the year 1902, of the several plots mentioned, for the purposes of taxation, as follows:

Borough of Queens.

Parcel No. 1.—On the northerly side of Jackson avenue, 112 feet 9 3/4 inches easterly from Kouwenhoven street, and extending irregularly south to the latter street to a point distant 137 feet 9 3/4 inches from its junction with Jackson avenue, 25 feet front on each street, as per diagram; assessed on the records for the year 1902 at an appraised value of \$550.

Borough of Brooklyn.

Parcel No. 5.—25 by 100, on the northerly side of Cook street, 407 feet 4 inches eastward from Bushwick avenue, known as Lot No. 17, Block 164, Ward No. 18; assessed for \$700.

Parcel No. 9.—Known as No. 417 Manhattan avenue, located on the westerly side of Manhattan avenue, 75 feet north of Meeker avenue, 25 by 100, known as Lot No. 22, Block 242, Ward No. 17; assessed at \$500.

Parcel No. 10.—40 by 100, on the southerly side of Forty-fifth street, 240 feet east of Fourteenth street, known as Lot No. 5, Block 4, Ward No. 30; assessed at \$500.

Parcel No. 11.—Situated on the southwest corner of Avenue C and East Thirteenth street, extending 114 feet 5 inches on East Thirteenth street and 117 feet 1 1/2 inches on Avenue C, known as Lots Nos. 6, 7, 8, 9 and 10, Block 252, Ward No. 29; assessed at \$200.

In obedience to said law, I have the honor to request that your honorable Board please adopt a resolution authorizing the Corporation Counsel to institute the necessary legal proceedings for the acquirement of the properties in question as sites upon which to erect apparatus houses for this Department.

In connection with this subject, I desire to invite your attention to the following extract from a report of the present Deputy Commissioner, boroughs of Brooklyn and Queens, dated January 20, 1902, viz:

"I have looked into the matter, and am informed by the Deputy and Battalion Chiefs who were engaged in the selection of said sites, that they deem the locations designated to be the best for the localities they are intended to protect, and are all needed for the better protection against fire in the localities mentioned, it being very desirable that increased facilities be provided for the protection of life and property against fire in such districts."

The early adoption of the resolution herein requested will be greatly appreciated.

Yours respectfully,

THOMAS STURGIS, Commissioner.

HEADQUARTERS FIRE DEPARTMENT—CITY OF NEW YORK,
157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, JUNE 10, 1902.

Hon. EDWARD M. GROUT, Comptroller of The City of New York, No. 280 Broadway, Borough of Manhattan:

SIR—I have the honor to transmit herewith, duly executed, contract for the purchase of site upon which to erect an apparatus house for this Department, in the Borough of Queens, as follows:

Beginning at a point on the northerly line of Jackson avenue, distant 112 feet 9 3/4 inches easterly from the corner formed by the intersection of the northerly line

of Jackson avenue and the southeasterly line of Kouwenhoven street; running thence northerly at right angles to Jackson avenue 80 feet 7 3/4 inches; thence northwesterly 15 feet 5 1/2 inches to the southeasterly line of Kouwenhoven street; thence northeasterly along Kouwenhoven street 25 feet; thence southeasterly and at right angles with Kouwenhoven street 25 feet and 3/4 of an inch; thence southerly and at right angles with Jackson avenue 90 feet 2 1/2 inches to the northerly line of Jackson avenue, and thence westerly along the northerly line of Jackson avenue 25 feet to the point or place of beginning.

The Engineer of your Department reported originally when the property was sought to be acquired at private sale that it was worth but \$1,400. As the owner declined to accept this sum for parting with the same, and as it was necessary to acquire the site, application was made to the Board of Estimate and Apportionment, under date of February 3, 1902, to adopt a resolution authorizing its acquisition by condemnation proceedings.

The matter was again referred to you and your Engineer reported that as condemnation proceedings would be expensive, it might be well to pay \$1,600 for the property, and which price the owner, Ludwig Sikora, was willing to accept.

The funds necessary for the acquisition of this site have been provided in the bond issue of \$241,000 for the purchase of sites and the erection of buildings thereon for the purposes of this Department, in the boroughs of Brooklyn and Queens, approved April 10, 1901, by the Board of Estimate and Apportionment, pursuant to the provisions of what was then section 48 of the Greater New York Charter, the required ordinance to give effect thereto having been adopted by both branches of the Municipal Assembly, and approved by the Mayor June 5 of the same year.

The Deputy Commissioner, Boroughs of Brooklyn and Queens, having recommended the purchase at \$1,600, which I approve, I have the honor to request that to conform with the requirements of section 149 of the revised Greater New York Charter, you kindly indorse upon each of the four copies of the contract herewith inclosed, your approval in writing to its acquirement at the price named, and then cause the same to be returned to this Department.

Yours respectfully,

THOMAS STURGIS, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 25, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Thomas Sturgis, Commissioner, Fire Department, in communication under date of February 3, 1902, to the Board of Estimate and Apportionment, requests the Board to adopt a resolution authorizing the Corporation Counsel to institute the necessary legal proceedings for the acquisition of the following parcels of property, as sites upon which to erect apparatus houses for the Fire Department:

Borough of Queens.

Parcel No. 1—On the northerly side of Jackson avenue, 112 feet 9 5/8 inches easterly from Kouwenhoven street, and extending irregularly south to the latter street, to a point distant 137 feet 9 5/8 inches from its junction with Jackson avenue, 25 feet front on each street; assessed for the year 1902, at an apportioned value of \$550.

Borough of Brooklyn.

Parcel No. 5—25 feet by 100 feet on the northerly side of Cook street, 407 feet 4 inches eastward from Bushwick avenue, known as Lot No. 17, Block 164, Ward No. 18; assessed for \$700.

Parcel No. 9—Known as No. 417 Manhattan avenue, located on the westerly side of Manhattan avenue, 75 feet north of Meeker avenue, 25 feet by 100 feet, known as Lot No. 22, Block 242, Ward No. 17; assessed at \$500.

Parcel No. 10—Plot 40 feet by 100 feet, on the northwesterly side of East Thirteenth street, about 70 feet south of Avenue C, known as Lots, Nos. 63 and 64, Block 253, Ward No. 29; assessed valuation \$500; owner Fred Goetz, No. 731 Coney Island avenue.

Parcel No. 11—Plot 40 feet by 99 feet 2 3/4 inches by 98 feet 8 1/4 inches on south side of Forty-fifth street, beginning about 240 feet east of Fourteenth avenue, owner Mr. Paulson, authorized agent T. P. Leslie, designated on the tax maps of the Borough of Brooklyn as Lot No. 5, Block 4, Ward No. 30; assessed valuation \$200.

In reply, I would report that since the cost of each site is so small, the highest asking price being only \$2,400, I have been negotiating with the owners, and in all cases have received better offers, as follows:

Parcel No. 1, Jackson Avenue Site—This plot was originally offered to the City for \$1,800, and in my previous report of October 14, 1901, I appraised it at \$1,500. The authorized agent, George J. Ryan, No. 41 Jackson avenue, Long Island City, for the owner, Ludwig Sikora, now consents to sell this property for \$1,600, which is probably as low as the cost would be under condemnation proceedings, if not lower, and I recommend that it be purchased at private sale for \$1,600.

Parcel No. 5, No. 185 Cook Street—The original asking price for this site was \$2,400, and I have estimated it to be worth \$2,100. The authorized agent, Mrs. Gertrude Bonner, has given a partial consent that the property can be purchased by the City for \$2,200. Taking everything into consideration, I consider this a good proposition, and would recommend that it be accepted.

Parcel No. 9, No. 417 Manhattan Avenue, Borough of Brooklyn—The owner of this lot has become demented, and therefore no agreement can be entered into to purchase the property at private sale. However, an equally available lot of the same size, 25 feet by 100 feet, just around the corner, on the north side of Richardson street, and 150 feet west of Manhattan avenue, being lot 14 in block 2723, is offered to the City by the authorized agents, Sammis & Clark, 416 Graham avenue, for \$1,500. There is little, if any, difference in the value of the two sites. I would therefore recommend that this suggestion to purchase the lot on Richardson street, instead of the plot on Manhattan avenue, be referred to the Commissioner of the Fire Department for his approval.

Parcel No. 10, East Thirteenth Street Site—The original asking price for this parcel was \$1,500, and I estimated that it was worth \$1,200. The owner, Fred Goetz, has since offered the property for \$1,400; this, I still consider excessive, but I have been unable to obtain another plot in the vicinity for \$1,200; therefore, perhaps it would be advisable to accept Mr. Goetz's proposal, in view of the expense attached to condemnation proceedings. I would add that Mr. Goetz is Chief Clerk in the office of the Kings County Register.

Parcel No. 11, Forty-fifth Street Site—Plot 40 feet by 99 feet 3 3/4 inches by 40 feet 98 feet 8 1/4 inches on the south side of Forty-fifth street, about 240 feet east of Fourteenth avenue. This plot was originally offered to the City for \$1,000, and I appraised it at \$650. The owner, Mr. Paulson, through his authorized agent, T. P. Leslie, Forty-fifth street and Fort Hamilton avenue, now agrees to sell this plot for \$750. Although this price is full, I consider it more economical to accept this offer than to acquire the property by condemnation proceedings.

SUMMARY.

Parcels recommended to be acquired by private purchase, and the price to be allowed for each.

Borough of Queens.

Parcel No. 1, Jackson avenue site, \$1,600 00

Borough of Brooklyn.

Parcel No. 5, No. 185 Cook street, 2,200 00

Parcel No. 9, Richardson street, north side, 150 feet west of Manhattan avenue, 1,500 00

Parcel No. 10, East Thirteenth street site, 1,400 00

Parcel No. 11, Forty-fifth street site, 750 00

In conclusion, if my recommendations meet with your approval, I would suggest that they be referred to Hon. Thomas Sturgis, Commissioner, Fire Department, for his consideration and approval.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That pursuant to the provisions of chapter 151 of the Laws of 1894, the Board of Estimate and Apportionment hereby approves of the purchase at private

sale, by the Fire Commissioner, with the assent of the Comptroller, as required by section 149 of the Greater New York Charter, of the plot of ground beginning at a point on the northerly line of Jackson avenue, distant 112 feet 9 5/8 inches easterly from the corner formed by the intersection of the northerly line of Jackson avenue and the southeasterly line of Kouwenhoven street; running thence northerly at right angles to Jackson avenue 80 feet 7 3/4 inches; thence northwesterly 15 feet 5 1/2 inches to the southeasterly line of Kouwenhoven street; thence northeasterly along Kouwenhoven street 25 feet; thence southeasterly and at right angles with Kouwenhoven street 25 feet and 3/4 of an inch; thence southerly and at right angles with Jackson avenue 90 feet 2 1/2 inches to the northerly line of Jackson avenue, and thence westerly along the northerly line of Jackson avenue 25 feet to the point or place of beginning; in the Borough of Queens; from Ludwig Sikora, for the sum of one thousand six hundred dollars (\$1,600).

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to appointment of a Consulting Hydraulic Engineer, Department of Water Supply, Gas and Electricity.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

COMMISSIONER'S OFFICE, 13-21 PARK ROW,
CITY OF NEW YORK, JUNE 17, 1902.

Hon. SETH LOW, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—By section 455 of the revised Greater New York Charter, it is provided, among other things, that "the Commissioner of Water Supply, Gas and Electricity may at any time employ, when thereto authorized by the Board of Estimate and Apportionment and the Board of Aldermen, a Consulting Hydraulic Engineer to his Department of at least fifteen years' experience as a Civil Engineer; and a Consulting Engineer of Lighting and Electricity to his Department, who shall be an expert in all matters relating to lighting and electricity and whose training shall also have included instruction in the capacity of Civil Engineer."

In accordance with the said section, I beg to request that the Commissioner be authorized to employ a Consulting Hydraulic Engineer to the Department of at least fifteen years' experience as a Civil Engineer; that the employment be for such period as the Commissioner may deem necessary, not to exceed three months; and that the fee and compensation to be paid to such Consulting Engineer shall not exceed the sum of twenty-five hundred dollars.

It is, in my judgment, of the utmost importance that the Department shall at this time have the benefit of the service of a Consulting Hydraulic Engineer; and the reasons why I urge the immediate appointment of such a Consulting Engineer are, briefly, as follows:

With the approach of summer and the possibility of a shortage in some parts of the city in the water supply, it is eminently desirable that the wisest measures shall be concerted to avoid any water famine. The Department is confronted with grave and difficult problems in connection with the development of existing water systems and the possibility of their extension into new territory. New filter plants have been installed at Springfield, L. I., and at the Jamaica Pumping Station, L. I., tests of which should be made as complete as possible, not only to establish the sufficiency of these plants, but, also, because of the necessity for constructing a filter plant at the mouth of the Hempstead Reservoir, under appropriation recently granted by your Board. The extension of the driven well system, for which appropriation has recently been made, should be most wisely and economically undertaken; the problem of water waste investigated; and a variety of other matters, all tending to the improvement of existing water systems, should be examined. In order that the work of the Department may be conducted most profitably and advantageously to the people for the ensuing year, the opinion and advice of a Consulting Engineer, to be obtained before the estimate of the Department for the coming year shall be prepared, would be of great service.

It is my purpose to retain, and, in fact, I have retained, subject to the authorization required by the Charter, as such Consulting Hydraulic Engineer, Mr. John R. Freeman, of Providence, R. I., a Civil Engineer of more than fifteen years' experience and a recognized authority in the field of hydraulic engineering, well known to the people of this City, because of his report upon the water systems of the metropolis to the late Comptroller of the City, Mr. Coler, in the spring of 1900.

I submit herewith a form of resolution, and trust that it will be considered and adopted by your Board at its next meeting.

I am respectfully yours,

(Signed) J. HAMPDEN DOUGHERTY,
Commissioner of Water Supply, Gas and Electricity.

The following resolution was offered:

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized, with the concurrence of the Board of Aldermen, to employ a Consulting Hydraulic Engineer to his Department of at least fifteen years' experience as a Civil Engineer; such employment to be for such period as the Commissioner may deem necessary, not exceeding in all three months; and that the fee and compensation to be paid to such Consulting Engineer shall not exceed the sum of twenty-five hundred dollars.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 490 of the Laws of 1883, and sections 169 and 170 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of one million six hundred and ten thousand dollars (\$1,610,000), being the balance unissued of bonds required by the Aqueduct Commissioners, pursuant to resolution adopted by said Commissioners November 19, 1901, the proceeds whereof to be applied for the purposes of carrying out the provisions of said chapter 490 of the Laws of 1883.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following, an appropriation for a fire alarm system for the Borough of Richmond:

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty-five thousand dollars (\$25,000) for the establishment, equipment and maintenance by the Fire Commissioners of The City of New York of a fire alarm telegraph system for the Borough of Richmond.

Adopted by the Board of Aldermen May 27, 1902, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, June 10, 1902, without his approval or disapproval thereof; therefore, as provided in section 10 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted by three-fourths vote of said Board, May 27, 1902, in relation to the expenditure of twenty-five thousand dollars (\$25,000) for the establishment, equipment and maintenance by the Fire Commissioner of The City of New York of a fire alarm telegraph system for the Borough of Richmond; and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of twenty-five thousand dollars (\$25,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Mayor presented a communication from the Department of Parks, boroughs of Manhattan and Richmond, submitting a schedule of improvements required in the Department.

Which was referred to the Comptroller for examination and report.

The Mayor presented the following in relation to an appropriation for ice water fountains:

THE MODERATION SOCIETY'S FREE ICE WATER FOUNTAINS,
NEW YORK, May 6, 1902.

To the Hon. SETH LOW, President, Board of Estimate and Apportionment:

HONORABLE AND DEAR SIR—Our Society awaits anxiously for your kind aid and promise for a contribution from the Board of Estimate and Apportionment for the ensuing year.

As we mentioned before, for twenty-two years we have carried on this great charity with contributions only, and at the same time over fifty cities and towns have adopted and paid the full amount for free ice water fountains; but New York City does nothing.

The summer is near and the prospects for a hot, sultry one. Will you not get us an appropriation from your Board of at least \$1,000 for the various fountains and free ice water and free ice for the laborers and poor?

Yours very truly,

JOHN C. BARNES.

Which was ordered on file.

The Mayor presented a communication from James L. Wells and others requesting that compensation be given to Rev. John Boyle, rector of St. Luke's Church, for spiritual ministrations to the patients in the smallpox hospitals on North Brother Island.

Which was referred to the Department of Health for consideration and report.

The Mayor presented a communication from the Board of Elections, dated June 5, 1902, transmitting an estimate of the cost of voting machines.

On motion, the Secretary was directed to furnish a copy of the said communication to each member of this Board, and place the matter upon the calendar for the next meeting of this Board.

The Mayor presented a communication from the Ozone Park Carnegie Library Association, dated June 12, 1902, requesting the selection of the plot of ground at Broadway and McCormick avenue, Ozone Park, Borough of Queens, as a site for a Carnegie Library.

Which was referred to the Committee on Carnegie Library Sites for the Borough of Queens.

The matter of the compensation for the West Tenth Street Connecting Railroad Franchise was taken up for consideration.

After discussion, the matter was referred to the Mayor and Comptroller.

The Mayor presented the following in relation to placing electric wires underground:

CITY OF NEW YORK,
DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
13 TO 21 PARK ROW,
NEW YORK, June 9, 1902.

Hon. SETH LOW, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—Section 526 of the revised Greater New York Charter, provides, among other things, as follows:

"Whenever the said Board of Estimate and Apportionment shall deem it desirable and practicable, after hearing all parties interested, that the electrical conductors in any street, avenue, highway or public place of The City of New York, lying within the boroughs of Brooklyn, Queens and Richmond, be placed underground, the said Commissioner of Water Supply, Gas and Electricity shall notify the owners or operators of the electrical conductors above ground in any such street, avenue, highway or public place, that said electrical conductors shall be placed underground within a certain time to be fixed by the said Commissioner, which said time shall be sufficient for the proper construction of underground conduits or other channels in said street, avenue, highway or public place."

It being the clearly defined policy of the Charter and the law that aerial electrical wires and conductors of every description shall, as speedily as practicable, be removed and electrical conductors in subways substituted in their place. I felt it to be my duty some weeks ago to notify the various corporations, whether transportation companies, illuminating companies or telephone or telegraph companies, operating in the Borough of Brooklyn, that such is the policy of the Charter, and to invite them to a conference with me upon the general question of relieving the streets of the Borough of Brooklyn at an early date from the present load of overhead electrical constructions. In my letter I called attention to the fact that the owners and operators of electrical wires in Manhattan, although reluctant at the outset to make any change in their overhead system, were now unanimously of the opinion that the burial of their wires had operated beneficially to themselves as well as to the public. My letter to the various Brooklyn companies contained this statement: "In Fulton street, from the Borough Hall to Flatbush avenue, trolley feeder wires are strung under the elevated structure, while troughs for telephone wires have been built along the structure, and at various points where the wires leave the structure to enter buildings abutting along the street the telephone and trolley feeder wires are in such close proximity as to make contact possible. It is not at all uncommon to find pole lines on both sides of the street, the pole line on one side carrying from ten to twenty or more electric light wires, while the pole line on the other side of the street sustains fully as many telephone wires, and in many streets trolley feeder wires and overhead trolley wires are added. In fact, the streets contain a network of wires, unsightly in appearance and dangerous to property and to life, as has been too often demonstrated. These conditions are not exceptional, and they create a state of affairs which, it seems to me, is intolerable and demands redress."

The corporations which I invited to confer with me accepted the invitation, and we have discussed existing conditions and prospective relief. The companies with which I have had conference are the following: The Brooklyn Rapid Transit Company, which is a securities and business corporation owning the stock of the Brooklyn

Heights Railroad Company, which in turn is the lessee operating all the trolley railroads in Brooklyn, with the exception of the Coney Island and Brooklyn Railroad Company; The Edison Electric Illuminating Company, which, as owner or lessee, is operating all the electrical illuminating plants in the Borough of Brooklyn, outside of the Twenty-ninth Ward of the borough; The New York and New Jersey Telephone Company; The Western Union Telegraph Company; The Postal Telegraph-Cable Company and the Coney Island and Brooklyn Railroad Company, which operates the DeKalb Avenue, Franklin Avenue and Smith and Jay Street lines.

All of the above named corporations professed a readiness to co-operate with the head of this Department in the earliest practicable removal of overhead wires from the Borough of Brooklyn. They realized that my intention was not to advocate or enforce a plan which would be financially injurious to the companies, and that it was not my expectation that all the overhead wires within the Borough of Brooklyn should be removed during the course of the next year. But it was made plain to them that the Department was thoroughly in earnest in its resolution to make a beginning and steadily to compel action on the part of the companies until the unsightly and dangerous network of overhead electrical constructions shall be permanently banished from the borough. No denial was made by any company of the allegations in my letter which I have quoted above regarding the condition of overhead wires in the borough; on the contrary, every participant in the conference admitted the fact. It is also significant and worthy of comment that although the people of the borough are, in their own streets, subjected to the presence of wires carrying a high tension current in close proximity to wires conveying a current of low potential, the companies operating wires of low potential express the greatest disinclination to have their wires in ducts in the same subways with wires of high potential. The desirability of union on the part of the companies employing high or low potential systems in the construction of subways appears to be self-evident, because of the extent of space which the subways occupy and of the disadvantage to the public of disturbance of the streets for various subway constructions. Obviously, a single subway of sufficient accommodations for the high tension wires and a separate subway for the low tension wires would be economical from every point of view; but the protest of the telephone and telegraph companies against entering subways carrying trolley feeder wires and electric illuminating wires was as decided as it was just; in fact, the rules of this Department would not permit high and low tension wires in the same subway.

The New York and New Jersey Telephone Company has been constructing subways for a number of years, and claims to have commenced underground construction before the adoption of the first legislation looking to the removal of overhead wires. The representative of that company at the conference said: "We do not want them (the trolley wires and electric wires), if we can help ourselves, anywhere near us."

The Commissioner—"Why?"

A—"There is such a tremendous high current, and even with the best insulation their current escapes and it plays havoc with us. Our current is a very light current, the same as with telegraph companies, but the moment our wires cross one of their wires and becomes 'grounded'—there is danger. The Board of Subway Commissioners of Brooklyn insisted that signal wires should be on one side of a street and the light bearing and power wires on the other to avoid the possibility of contact."

In answer to the Commissioner's question, the operators of these high tension wires acknowledged the danger of high and low tension wires on the same side of a street. Mr. Leslie, representing the Brooklyn Edison Electric Illuminating Company, stated that he should dislike to operate a conduit containing the company's high tension wires and the trolley feeder wires to any great extent. He says: "Our waterside station generates a current of 6,600 volts, and we have had very few interruptions to these cables carrying that pressure, and I ascribe it to a very considerable extent to the fact that no one could get into these conduits except our own people, who were always careful and who always knew the character of the service being carried on in the conduits." I have alluded at length to this subject because the rules of the Department forbid high and low tension wires in one subway, and the different companies would not agree to occupy such a subway. Yet the confused intermingling of overhead wires of all descriptions, both high and low tension, presents even worse conditions in the public highways.

* The system prevails, wherever there are elevated railroad structures, of stringing wires indiscriminately under such structures, whether they be trolley feeder wires, electric light wires, telephone or telegraph wires, despite the dangers which the operators of the various companies say exist where the wires are brought into close proximity in subways. The peril to passersby along the street is obvious under this method of procedure. Furthermore, it is a fact admitted by the companies that numerous wires diverge from the elevated structure to pass into properties along the streets; and it frequently happens that electric light wires and telegraph or telephone wires run from the elevated structure to a neighboring house within a very few inches of each other. The danger is less in the case of wires strung upon poles, because the distance between the high tension and low tension wires where they leave the poles is usually greater than that which prevails where the wires leave the elevated structure. The elevated railroad companies obtain a rental from the various companies which use the elevated structure as a support for their wires. A serious question arises as to the right of the elevated companies to farm out such privileges; the right, however, has been sustained by the courts in so far as to authorize these companies to permit telegraph companies to string their wires under the structure.

Inspection of the maps which some of the companies have submitted to me, upon which are delineated the streets in which they now have trolley and trolley feeder wires suspended, or electric light wires or telephone or telegraph wires, as the case may be, shows that an enormous mass of overhead wires of all descriptions is to be found all over the borough. The Brooklyn Rapid Transit Company, on November 1, 1901, had 655.8 miles of aerial electrical trolley feeder wires alone, and this number has not been diminished since. It maintains 382.02 miles of trolley railroad within the Borough of Brooklyn and 433.9 miles of railroad in all. The Coney Island and Railroad Company has 19.59 miles of aerial electrical trolley feeder wires and operates 23.6 miles of railroad. The Edison Electric Illuminating Company has declined to state how many miles of aerial electrical conductors it operates within the borough; but, as it claims the right to maintain overhead conductors, under franchises, which it alleges cover the entire borough (a subject which will be discussed later), it is to be presumed that it maintains a large mileage of overhead wires. The New York and New Jersey Telephone Company has 8,974 miles of aerial electrical conductors; the Postal Telegraph-Cable Company, 69 miles of such conductors; the Western Union Telegraph Company has 500 miles of wires on poles in streets.

The reason why the New York and New Jersey Telephone Company has a greater mileage of aerial conductors than any other of the electrical companies operating in Brooklyn is that its system requires two wires for each telephone installed, to run from the house to the telephone exchange; thus, one telephone a mile and a half from the central office requires three miles of wire. The wires do not carry any perceptible current of electricity and are not dangerous per se; and it is the policy of the company, wherever possible, to cable its conductors in place of running separate wires, which greatly reduces the objection to the unsightly conditions arising where large numbers of separate wires are placed on a pole. Were all the company's wires cabled to conform to the size of the trolley feeder cables, it would have only a few more miles of cable than the trolley railroads now operate. It may be said, also, in this connection, that the New York and New Jersey Telephone Company has, according to its statement, already placed 42,211 miles of its conductors in subways within the borough, and it mentions a number of streets from which it could shortly remove the present aerial system.

The telephone and telegraph companies contend that it is inadvisable for them to combine so as to substitute a single subway for the accommodation of their overhead wires, yet it would seem that such a combination is eminently desirable in the public interest. The only substantial objection raised by any of the low tension companies to combining in subways is the objection to combine their wires with the high tension wires. There is a general concurrence of sentiment among the companies that the policy of building subways and substituting underground conductors in lieu of aerial ones is proper, the only difference, if any, between them and the Department being with respect to the rapidity with which this policy can be carried into execution. In answer to questions respecting the time which it would take, if the companies were to proceed with reasonable expedition, to remove overhead wires, the Brooklyn Rapid Transit Company asserted, with respect to its feeder wires, that they could be replaced underground in the most populous parts of the entire Borough of Brooklyn in three years. The Coney Island Railroad fixes the same time, and the New York and New Jersey

Telephone Company a like period. Neither the Western Union nor the Edison Electric Illuminating Company give any answer to the question, and the Postal Telegraph-Cable Company state that it is "unable to say."

An impression seems to have arisen that the Department was proposing to require the removal from the streets of trolley wires in such a manner as to interfere with the unity of the existing transportation system. Obviously, such a project would be unwise and would meet with popular disapproval, but no such plan has been in mind. The Department proposes merely that the heavy trolley feeder wires, which simple inspection will show any observer, line the sides of numerous streets or run under the elevated structures, shall be removed from their present locations and that trolley feeder electrical conductors shall be placed underground. If an area with a radius of two miles from the Bridge be adopted, subways could be built within it before July 1, 1903, and the work already done, although not consecutive in character, but disjointed and finished in spots, is sufficient to indicate that if the plan be steadily pursued, the streets within a radius of two miles from the Brooklyn Bridge can within the course of a year be relieved of this overhead danger.

There is no reason why the electric illuminating wires should not also be removed from a similar area within a like period. Serious questions arise as to the legal right of the Edison Electric Illuminating Company to maintain any overhead wires at all within the Borough of Brooklyn. In answer to inquiries of the Department, the company bases its claim to install and maintain aerial electrical conductors upon a franchise issued to Messrs. Pope, Sewell & Co. and Messrs. Charles Cooper & Co., May 19, 1884, by the Common Council of the former City of Brooklyn. The company states in a letter to me of April 30, 1902: "Franchise of 1884 to Charles Cooper & Co. and to Pope, Sewell & Co. authorizes overhead wires, so that the Edison Company now owns two franchises for the entire Borough of Brooklyn; one its original franchise of 1888 for an underground system, and the other, the franchise of 1884, originally granted to Cooper & Co. and to Pope, Sewell & Co., divided by assignment between the Citizens' Company and the Municipal Company, and again united under the ownership of the Edison Company by the merger of the Citizens' and Municipal Companies into the Edison Company." And later in the same letter, in describing its methods of operation, it says that under the Citizens' and Municipal franchises, the Edison Company has the absolute right "to construct and operate its aerial or overhead electrical conductors," and that under the Kings County and Amsterdam franchises (which it controls) it has the right to construct and operate aerial or overhead electrical conductors only by permission of the Subway Commission or its successors in office. Its absolute claim, which is founded upon the franchise granted by the Common Council of Brooklyn, May 19, 1884, seems to me to be in conflict with the statute passed June 14, 1884, chapter 534 of the Laws of 1884, the first paragraph of which is as follows: "All telegraph, telephonic and electric light wires and cables used in any incorporated city of this State, having a population of 500,000 or over, shall hereafter be placed under the surface of the streets, lanes and avenues of said city." Inasmuch as the law has been sustained as constitutional (and I do not and that the first section of it has been repealed), it would seem to me that the Edison Electric Illuminating Company had no authority after the date of the passage of the act to erect poles and string aerial electric light wires, despite said franchise. On May 26 I addressed a letter to the Brooklyn Edison Electric Illuminating Company, calling attention to this enactment, and that it applied to Brooklyn, as Brooklyn then had a population of over 500,000. I have just received reply that the act of 1884 has been superseded or repealed, and that, if it is still law, the company's franchise is protected as a contract by the provision of the Federal Constitution, prohibiting legislation impairing the obligation of contracts. I do not think the reply valid. I have already stated that I understand the first section of the act of 1884 to be in force. If the company's franchises are protected against the act of 1884, the provisions of the Revised Charter are nugatory to prevent the continuance of the company's overhead wires. Its franchises were granted conditionally, and if the company have violated the conditions, the franchise would be revocable. But whether the constructions now maintained by said company are illegal or not there can be no question that the company should, as rapidly as practicable, relieve the congested streets of the borough, within the above-described area, from the presence of its aerial constructions. These are a great source of danger in a variety of ways. Strung, as its wires repeatedly are, over or under telegraph and telephone wires on poles of great height, they are in constant danger of being thrown either to the street or in contact with the low tension wires, and the moment such contact occurs and the insulation of the wire is sufficiently abraded, the low tension wire becomes a conductor of the high-tension current. Nor is the danger obvious, because the current may be carried miles, and either a pedestrian upon the street or a lineman attempting to repair at a distance from the point of contact of the wires, receives a shock sufficient to kill or permanently injure, or a current might be carried over low potential conductors into a building, which, not having been safeguarded against the destructive current of a high potential system, would probably be set on fire, as happened in Brooklyn in February last, at No. 504 Hamilton avenue, office of Nelson Bros., according to a report of the New York Board of Fire Underwriters to me.

Under its franchise the Brooklyn Edison Electric Illuminating Company is bound to give the City certain free lamps proportioned in number to its service to private consumers, but if the records at my command are accurate, it fails to fulfill this agreement. It fails, also, to repair the streets of the borough that it opens for the purpose of erecting its poles, and these derelictions should, it seems to me, be considered when it asks to continue to maintain an overhead system that imperils life and property. During the storms of last February it is a well-known fact that poles gave way or wires were unfastened and thrown in a confused and dangerous network upon the streets, that horses were killed, and, in many instances, human life was endangered. Similar, if not worse, accidents have occurred in the other boroughs of the City where wires of varying potential are suspended overhead.

Repeated complaints have been received from the Fire Department as to the interference with the humane and beneficial work of that Department caused by the presence of these wires in the streets. The firemen are often prevented from raising their ladders, they receive shocks of more or less severity due to the contact of high and low tension wires occasioned in the manner heretofore indicated, and when they find it necessary to cut wires, the entire neighborhood upon that circuit may be left in darkness.

I have recently received a letter from the President of the South Brooklyn Board of Trade, which, in speaking of the injury to wires wrought by the heavy storm last winter, says: "Taking Tenth street, for instance, the storm mentioned made such havoc there that the wires are in disorder still." No uniform policy seems to prevail with regard to the extension of the overhead wire system. In some streets regulations of the Subway Commission have been ignored, which prohibited high and low tension wires indiscriminately upon the same side of the street, for poles carrying high and low tension wires exist on the same side of the street to-day, and poles carry an enormous burden of wires, unduly freighted them and rendering the poles themselves dangerous by reason of the enormous weight attached to them. In some cases the high tension electric light wires run over, and in others, under telephone or telegraph wires upon the same poles, or in such a manner that the linemen who have to repair these low tension wires must, in climbing, pass the dangerous high tension wire. Recently, in the Borough of Richmond, the death of one of the repair gang was occasioned by reason of the fact that in the discharge of his duty he had to climb above this dangerous wire, and the complaints in that borough are numerous regarding this kind of construction, which obtains also in the Borough of Brooklyn. The telephone, telegraph and electric light companies are, by the terms of the franchise under which they have a right to construct subways, obligated to furnish ducts for the wires of public departments of the City government.

To what extent aerial telegraph wires can be subjected to State control may constitute somewhat of a question. There is no doubt that regulative legislation, judiciously enforced, which does not interrupt or seriously inconvenience a telegraph company, does not infringe upon the power of Congress to regulate commerce. Assuming the elevated railway to be an independent post-road of the United States, and that it has the authority to permit the telegraph companies, which are also arms of Federal commerce, to string their wires under its structure, there still remains certain regulative control in the State over telegraph wires; and the State may require them to be removed from poles and replaced by subway constructions.

The policy which I should advocate is briefly as follows:

That the following classes of overhead wires be removed within an area of two miles from the Brooklyn Bridge:

1. The trolley feeder wires of the Brooklyn Rapid Transit Railroad Company and the Coney Island and Brooklyn Railroad Company. The Coney Island and Brooklyn Railroad Company has not yet constructed any subways, but there is no reason why

it should not at once commence such work. The Brooklyn Rapid Transit Company has already built a number of subways within this area, and within the next year it might easily complete the construction to such an extent as to relieve this portion of the borough from overhead trolley feed wires without incurring a financial burden of too serious a nature.

2. The Edison Electric Illuminating Company should remove its overhead wires from the same area, because it is doubtful whether it has the right to maintain them there at all, and because these wires carry a dangerously high electric current and are one of the most serious menaces to life and property in the borough.

The New York and New Jersey Telephone Company should also remove its overhead conductors from the same area, because it has already constructed a large amount of subways, and the work which it is proposing to do, if properly carried on, will enable it to achieve this much desired result within the same time, and the telegraph and signal companies should also remove their wires.

The system of subway construction employed by the Brooklyn Edison Company is a solid tube system, consisting of bare copper conductors placed inside of an iron pipe and filled solid with a resinous composition which keeps the conductors rigidly separated and which acts also as an insulator. The rules of this Department forbid the construction of subways of this kind in the future, the greatest objection to such construction being that conductors rigidly installed in a conduit cannot be withdrawn when a short-circuit or breakdown in the conductors occurs, and the only way in which either can be located is by opening the street. This may require the opening of three or four blocks before the point is reached. As the company does not repair the pavements, the system is even more objectionable. A subway of this character could not be used by the City for its own wires, and this constitutes another objection to this form of construction.

In view of the examination and investigation which I have made of this subject, it is apparent to me that the aforesaid companies might readily, within a period of one year, relieve the aforesaid area from these unnecessary overhead wires. I have therefore notified them to commence and prosecute this work in such a manner as to accomplish that end within the said time, assuming that you will concur in the view that such removal is both desirable and practicable.

I make this report to your Honorable Board, and beg that you will at an early date, to be determined by you, give a public hearing to all parties interested, including not only the companies but the inhabitants of the Borough of Brooklyn, to the end that the sanction of your Board may be added to the notice which I have given, and that these unsightly and highly dangerous incumbrances may be removed from the highways of the borough within the aforesaid time, or as early as practicable thereafter.

Very respectfully yours,

J. HAMPDEN DOUGHERTY,

Commissioner of Water Supply, Gas and Electricity.

Which was referred to the Chief Engineer of this Board, and the Secretary directed to furnish a copy thereof to each member of this Board.

The Mayor presented a communication from the Department of Docks and Ferries, dated June 3, 1902, requesting this Board to authorize the institution of condemnation proceedings to acquire title to the southerly half of Pier, old, 24, and the northerly half of Pier, old, 26, East river.

The President of the Borough of Brooklyn moved that the communication be referred to the Mayor with power.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Mayor presented a communication from R. Ross Appleton, secretary of Carnegie Committee of the Brooklyn Public Library, dated June 11, 1902, requesting the selection by this Board of the site located at the corner of Bushwick and DeKalb avenues, at a valuation of \$30,000.

Which was referred to the Committee on Carnegie Library Sites, Borough of Brooklyn.

The Mayor presented the following in relation to the salary of Owen Keefe, Harnessmaker, Department of Parks:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
ARSENAL, CENTRAL PARK,
June 12, 1902.

To the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—On April 30, 1902, your Honorable Board, among the other employees of this Department, boroughs of Manhattan and Richmond, fixed the pay of two Harnessmakers at \$3.50 per day. Through a clerical error, however, the pay of Owen Keefe, Harnessmaker, was fixed at \$3 per day. As the work of these men is uniform, it is desired that their pay shall be uniform, and I therefore request that you will pass the necessary resolution to fix the pay of Owen Keefe, Harnessmaker, Department of Parks, boroughs of Manhattan and Richmond, at \$3.50 per day.

After the above action is taken, please forward the document for the necessary concurrence of the Board of Aldermen.

Respectfully,

W. R. WILLCOX, Commissioner of Parks.
Boroughs of Manhattan and Richmond.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the amended Greater New York Charter, that the salary of Owen Keefe, Harnessmaker, in the Department of Parks, boroughs of Manhattan and Richmond, be fixed at the rate of three dollars and fifty cents (\$3.50) per day.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

On motion, the Board adjourned to meet on Friday, June 20, 1902, at 10 o'clock a. m.

(The meeting of this Board was continued for the consideration of Public Improvement matters, the record of which will appear in separate minutes of this Board of this date.)

J. W. STEVENSON, Secretary.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK.

New York, June 25, 1902.

The Board met pursuant to adjournment.

Present—Commissioner Ernst J. Lederle, Ph. D., President; Alvah H. Doty, M. D., the Health Officer of the Port.

The minutes of the last meeting were read and approved. The Finance Committee presented the following bills, which were approved and ordered forwarded to the Comptroller for payment:

Whereas, The premises Maspeth avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom. All obstructions be removed from the cesspool connected drain of the cow stable forthwith.

Whereas, The premises Maspeth avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom. The cesspool in the rear of the cow stable be disinfected, emptied and cleaned by a licensed scavenger; that the open drain leading to the pond from said cesspool be disinfected and filled with fresh earth; that the manure box be provided with a tight-fitting cover.

Whereas, The premises Maspeth avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom. The cesspool in rear of cow stable be disinfected, emptied and cleaned by a licensed scavenger, and that a properly constructed drain be provided leading from the stable to the cesspool; that the manure box be provided with a tight-fitting cover.

Whereas, The premises Maspeth avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom. The cesspool of the east stable be disinfected, emptied and cleaned by a licensed scavenger; that a water-tight cesspool properly connected with the west stable be provided and that the open drains leading from the east and west stables to Maurice avenue be disinfected and filled with fresh earth forthwith.

Whereas, The premises Maurice avenue, near Astoria avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom. A properly constructed water-tight cesspool properly connected with the cow stable be provided thereat, and that the open drain leading from the said stable be disinfected and filled with fresh earth; that a proper supply of fresh, clean water be provided for the use of the cows thereat; that a properly constructed manure box, with a tight-fitting cover be provided.

Whereas, The premises Maurice and Astoria avenues, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; the manure be removed from the premises forthwith, and that the ground space be disinfected and covered with fresh earth; that a properly constructed manure box with a tight-fitting cover be provided thereat; that a properly constructed water-tight cesspool connected with the cow stable be provided; that the open drain leading from the stable to the swamp be disinfected and filled with fresh earth.

Whereas, The premises west side of Villa avenue, four houses south of Potter place, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that all offensive earth be removed from beneath the stable floor, and the ground space cleaned, disinfected, cemented and so graded and drained as to discharge all surface water and liquid matter into the street sewer by and through a properly trapped, extra heavy iron drain; that the floors of the horse stalls be provided with a valley drain, properly trapped, and connected with the sewer-connected drain.

MISCELLANEOUS REPORTS, COMMUNICATIONS, ETC.

The weekly statement of the Comptroller was received and ordered on file.

The following communications were received from the Sanitary Superintendent:

1. A report in respect to plans and specifications of Moses Selig for the erection of a slaughter house for poultry at Nos. 526-528 East Eightieth street, Borough of Manhattan, which was approved.

2. A report in respect to precautions taken at North Brother Island for preventing the spread of contagious disease, and the Secretary was directed to forward a copy of the same to the Board of Aldermen in reply to the resolution of the Board of Aldermen adopted June 17, 1902.

3. A report from Assistant Bacteriologist Cabot, reporting Pasteur treatment of O. J. Biddle, Charles G. Allen, Jr., and Carrie A. Sanderson, and the discharge from treatment of Joseph Hennessey, and recommending that in the cases of

Charles G. Allen, Jr., and Cora A. Sanderson the fee for treatment be reduced one-half, which was approved.

4. A report in respect to the burial of bodies of patients who have died at the Riverside Hospital of this Department, Borough of The Bronx, and the Secretary was directed to notify Thomas Hynes, Commissioner of Correction, that orders have been given that there shall be no coffins containing bodies of patients allowed to leave the hospital at North Brother Island unless hermetically sealed.

5. A list of goods at the Willard Parker Hospital, Borough of Manhattan, with the recommendation of the Assistant Sanitary Superintendent that they be condemned and ordered destroyed, which was approved and the same duly ordered.

6. A communication from the Assistant Sanitary Superintendent of the Borough of Richmond recommending that Public School No. 19, Greenleaf avenue, West New Brighton, Borough of Richmond, be closed on account of an outbreak of smallpox in house adjoining the school, and the Secretary was directed to request the President of the Board of Education to close said school.

7. A report in respect to vacant lots at No. 511 West One Hundred and Sixty-sixth street, Borough of Manhattan, and, on motion, it was

Resolved, That a copy of the report of Sanitary Inspector Bramley in respect to the dangerous condition of vacant lots at No. 511 West One Hundred and Sixty-sixth street, Borough of Manhattan, be forwarded to the President of the Borough of Manhattan, with the request that for sanitary reasons the said lots be fenced.

8. A report in reference to the sanitary condition of property bordering on Beaver pond and outlet to Baisley's pond, a part of the water supply of the Borough of Brooklyn, and the Secretary was directed to forward a copy of the same to the Commissioner of Water Supply, Gas and Electricity.

9. A report from the Hospital Physician at the Riverside Hospital in regard to complaint against Leonard Berrigan, Hospital Clerk, and, on motion, the said Berrigan was dismissed from the service.

10. A report of examination of sewage disposal plant at Jamaica, Borough of Queens, and the Secretary was directed to forward a copy of the same to the Commissioner of Water Supply, Gas and Electricity.

11. A report relating to inspection of bone dump of the New Jersey Agricultural Company, at the foot of West Fortieth street, Borough of Manhattan, and the Secretary was directed to notify said company that it is creating a nuisance through the improper conduct of its business and to warn the company that a repetition of such practices will result in revocation of permit.

A copy was received of a resolution adopted by the Board of Aldermen June 18, 1902, requesting that the heads of the several Departments close their respective offices on Saturday, July 5, 1902, and the Secretary was directed to notify the borough offices.

A copy of a resolution adopted by the Board of Aldermen May 13, 1902, requesting the Board of Estimate and Apportionment to appropriate the sum of fifteen thousand dollars (\$15,000) for salaries of ten or more Meat Inspectors of the Department of Health, was received from the Comptroller and referred to the President.

A copy was received of a resolution adopted by the Board of Estimate and Apportionment May 16, 1902, in respect to fire or marine insurance, and ordered on file.

A communication was received from Commissioner De Forest, of the Tenement House Department, in respect to commencing of actual work of the Tenement House Department on or about August 1, 1902, which was ordered on file.

A petition was received in behalf of Reverend John Boyle in respect to his services as chaplain at North Brother Island, and was laid on the table.

A communication was received from the Women's Health Protective Association in respect to the burning of soft coal, also in regard to the adoption of an ordinance requiring the placing of cuspidors in railway trains, which was ordered on file.

A communication was received from John Aquaro, M. D., in respect to the charges brought against him on June 11, 1902, and ordered on file.

A report was received of a meeting of the Medical Board of the Willard Parker and Riverside hospitals, held June 10, 1902, and referred to the General Medical Officer.

A guaranty bond of the United States Guaranty Company in behalf of William L. Craig, of the Department of Health, City of New York, for the sum of three thousand dollars (\$3,000) was received and accepted. Also a bond from Henry Freeman, No. 269 East One Hundred and Twenty-seventh street, Borough of Manhattan, for the sum of five hundred dollars (\$500) in behalf of Charles S. Curtis, of the Department of Health, City of New York, was received and accepted.

On motion, it was

Resolved, That, pursuant to the provisions of section 1182 of the Greater New York Charter, Charles J. Burke, M. D., be and is hereby appointed Assistant Registrar of Records in this Department, Borough of Manhattan, vice Taylor, removed.

A communication was received from the Assistant First Deputy Commissioner of Labor in the Borough of Manhattan in respect to a case of tuberculosis at premises No. 76 Mulberry street, and the Secretary was directed to request that permit issued by the Department of Labor be revoked, for the reason that proper precautions are not taken to prevent contamination of goods.

On motion, it was

Resolved, That W. Wheeler Smith be and is hereby appointed Supervising Architect of the new hospitals of this Department.

On motion, it was

Resolved, That Messrs. Mersereau & Hamilton be and are hereby appointed Architects of this Department for the construction of fireproof vault and alterations and repairs to buildings.

On motion, it was

Resolved, That the Secretary be and is hereby directed to make Requisition No. LI. upon the Comptroller for the sum of five hundred dollars (\$500), account of Fund, Supplies and Contingencies, 1902 (Manhattan), for the purpose of defraying any minor or incidental expenses contingent to the Department of Health, pursuant to the resolution adopted by the Board of Aldermen June 15, 1897, and approved by the Mayor June 26, 1897.

A copy of a resolution adopted by the Board of Estimate and Apportionment on May 16, 1902, transferring the sum of \$5,891.48 to this Department from the appropriation made to the Tenement House Department, for the purpose of paying salaries of Sanitary Inspectors and Policemen engaged in tenement house work for the month of May, 1902, was received and ordered on file.

On motion, it was

Resolved, That the following-named persons be and are hereby appointed in this Department, pursuant to the rules and regulations of the Municipal Civil Service Commission, with designation and salary as follows:

BOARD OF ARMORY COMMISSIONERS.

New York, July 14, 1902.

A meeting of the Armory Board was held this day, at 11 o'clock a. m., at the office of the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The minutes of the meeting held June 26, 1902, were presented to the members by the Secretary, and they were adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

Two communications were received from the Secretary of the Commissioners of the Sinking Fund, under date of June 28 and July 8, transmitting certified copies of resolutions adopted by that body, as follows:

(1) Approving of the bid of Cappiello & Hazell for materials and labor required in the erection and completion of the proposed bulkhead for the Second Naval Battalion.

(2) Authorizing the issue of Corporate Stock to pay awards and interest in the matter of acquiring title to certain lands in Lexington avenue for the Sixty-ninth Regiment Armory.

(3) Amending resolution authorizing a lease of premises in the Borough of The Bronx for the use of the Second Battalion.

(4) Authorizing the Comptroller to issue Corporate Stock to the amount of \$850, for clearing up Thirty-fourth street front of the site of the Seventy-first Regiment Armory.

Ordered filed.

A communication was received from Perez M. Stewart, Superintendent of Buildings, under date of June 27, and also one of June 30, in relation to the ruins of the Seventy-first Regiment Armory.

A report from J. Hollis Wells, Engineer, on the same subject, under date of July 8, was also received.

A communication from Contractor Murphy, giving estimates for removing the debris on the site of the Seventy-first Regiment Armory.

An Inspector from the Department of Buildings made a statement in regard to the dangerous condition of the ruins.

After a discussion relative to the present condition of the walls and the construction of a new Armory, Brigadier-General George Moore Smith offered the following:

Resolved, That Messrs. Clinton & Russell, architects, be appointed to prepare plans and specifications for a new Armory for the Seventy-first Regiment, to be located on the site of the present ruins, and that they be directed to confer with the Superintendent of Buildings as to the destruction of the present walls and the disposition of the debris necessary for making everything in connection therewith safe to the public.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Chairman directed the President of the Department of Taxes and Assessments to arrange with the Architects as to their charges, the preparation and execution of a contract for services, and also as to the care of the ruins.

The Mayor offered the following:

Resolved, That the Superintendent of the Department of Buildings be requested to continue his work of the removal of the walls and debris under the direction of the Architects, Messrs. Clinton & Russell.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

Colonel Kipp, representing the Seventh Regiment, appeared before the Board and renewed his request for the prompt action of the Board in relation to the alterations and repairs to the steam heating plant in the Armory of that organization.

Colonel Wells, representing the Architects, stated that the plans for this work had been prepared by their firm and that the estimated cost was \$11,500. The Secretary stated that after making a suitable allowance for cost of inspection and deducting the amount which was available from the appropriation for repairs and supplies to that Armory, \$4,000 would be needed.

The Mayor offered the following:

Resolved, That four thousand dollars be appropriated for alterations and repairs to the steam heating plant in the Seventh Regiment Armory, in accordance with the plans and specifications already drawn by Messrs. Clinton & Russell, Architects, and when the Corporation Counsel has approved said specifications, the Secretary be directed to advertise for bids and estimates for the same, and that the Sinking Fund Commissioners be requested to concur in said action, and authorize the Comptroller to issue bonds for the payment thereof.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Secretary presented an application from Luke A. Burke on account of his contract for the erection and completion of the First Battery, N. G. N. Y., on the southerly side of Sixty-sixth street, 150 feet south of Columbus avenue. Certificates by the Architects and the Assistant Clerk of the Works accompanied the application.

The Mayor offered the following:

Resolved, That the Comptroller be authorized to pay to Luke A. Burke, Contractor, the sum of eight thousand seven hundred and seventy-one dollars (\$8,771), as per accompanying voucher, on account of his contract for materials and work required in the erection and completion of the armory building for the First Battery, N. G. N. Y., on the southerly side of Sixty-sixth street, 150 feet east of Columbus avenue, Borough of Manhattan.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

The Secretary presented a list of bills chargeable to the Armory Board and remaining unpaid on January 1, 1902.

He was directed to send a copy to each Member of the Armory Board.

The Secretary presented a statement of the appropriation and expenditures on Armory accounts up to June 30, 1902, and was directed to send copies of the same to the members of the Armory Board.

A communication was received from the Deputy Comptroller, advising the Armory Board of a deposit to its credit of \$533,303.27.

Ordered filed.

The Vice-Chairman reported that he had communicated with the Corporation Counsel, in relation to the employment of Messrs. Hogan & Slattery, as Architects for the Armory building of the Second Battalion, Naval Militia, but as yet had received no answer.

A motion to adjourn was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the President of the Board of Aldermen, Brigadier-General James McLeer and Brigadier-General George Moore Smith.

JOHN J. GUSTAVESON, Secretary.

DEPARTMENT OF STREET CLEANING, ROOM 1421 NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 1 o'clock p. m., on

MONDAY, AUGUST 4, 1902.

Boroughs of Manhattan and The Bronx. No. 1. FOR FURNISHING AND DELIVERING 60 ASH CARTS, AS SPECIFIED, OR EQUAL THERETO.

The time for the delivery of the articles, materials and supplies and the performance of the contract is 90 days.

The amount of security required is 10 per cent. of the amount of the bid or estimate.

The bidder will state the price of each article contained in the specifications or schedules herein contained or hereto annexed, by which the bids will be tested. The bids will be read from the total for each article and awards made to the lowest bidder. The bids will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

form approved by the Corporation Counsel and containing the terms approved by the Board of Estimate and Apportionment, can be obtained upon application therefor at the office of the said Commissioner.

JOHN Mc G. WOODBURY,
Commissioner of Street Cleaning,
City of New York, July 14, 1902.

See General Instructions to Bidders on the last page, last column of the "City Record."

July 25

DEPARTMENT OF STREET CLEANING, MAIN OFFICE, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN.

TO CONTRACTORS.

CONTRACT FOR THE FINAL DISPOSITION OF GARBAGE AND RUBBISH AND LIGHT REFUSE IN THE BOROUGH OF THE BRONX.

SEALED BIDS OR ESTIMATES FOR THE above work endorsed, with the title, also the name of the person or persons making the same and the date of presentation will be received at the Main Office of the Department of Street Cleaning, Nos. 13 to 21 Park Row, Borough of Manhattan, until 1 o'clock p. m. of

FRIDAY, JULY 25, 1902,

at which time and place the bids will be publicly opened by the head of the Department and read.

The amount of the security will be twenty thousand (\$20,000) dollars.

The period of the contract will be for five years from 1st day of December, 1902.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in the City of New York, payable to the order of the Controller for five per centum of the amount for which the work bid for is proposed in any one year to be performed. The check should be enclosed in the envelope.

From the bids so received the Commissioner may select the bid or estimate the acceptance of which will in his judgment best secure the efficient performance of the work, or he may reject any or all of said bids as provided by section 544 of the Greater New York Charter.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which with the proper envelope in which to enclose the bid together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, and containing the terms and conditions approved by the Board of Estimate and Apportionment by its resolution of July 8, 1902, can be obtained upon application therefor at the office of the said Commissioner.

JOHN Mc GAW WOODBURY,
Commissioner of Street Cleaning,
City of New York, July 13, 1902.

See General Instructions to Bidders on the last page, last column of the "City Record."

July 25

ASHES, ETC., FOR FILLING IN LANDS.

PERSONS HAVING LANDS OR PLACES in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge, by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park Row, Borough of Manhattan.

JOHN Mc GAW WOODBURY,
Commissioner of Street Cleaning.

DEPARTMENT OF PARKS.

OFFICE OF THE DEPARTMENT OF PARKS, ARSENAL BUILDING, FIFTH AVENUE AND SIXTY-FOURTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Park Board at the above office of the Department of Parks until 3 o'clock p. m., on

THURSDAY, JULY 31, 1902.

No. 1. FOR FURNISHING AND DELIVERING COAL FOR PARKS IN THE BOROUGH OF MANHATTAN.

The time for the completion of the work and the full performance of the contract is as required before December 31, 1902.

The amount of security required is eight hundred dollars.

No. 2. FOR FURNISHING AND DELIVERING BRIDLE PATH GRAVEL AND LIMESTONE SCREENINGS ON CENTRAL AND RIVERSIDE PARKS, MANHATTAN.

The time for the completion of the work and the full performance of the contract is as required before September 15, 1902.

The amount of security required is two thousand dollars.

No. 3. FOR PAVING WITH ASPHALT ROADWAY PAVEMENT THE WALK ADJOINING THE SEA WALK IN BATTERY PARK BETWEEN THE AQUARIUM BUILDING AND BATTERY PLACE, IN THE BOROUGH OF MANHATTAN.

The time for the completion of the work and the full performance of the contract is thirty consecutive working days.

The amount of security required is forty-five hundred dollars.

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained at the office of the Department of Parks, Arsenal, Central Park, Borough of Manhattan.

WILLIAM R. WILLCOX,
JOHN E. EUSTIS,
ROBERT YOUNG,
Commissioners of Parks.

Dated July 18, 1902.

See General Instructions to Bidders on the last page, last column of the "City Record."

July 31

DEPARTMENT OF WATER SUPPLY GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Water Supply, Gas and Electricity, at the above office of the Department of Water Supply, Gas and Electricity, until 2 o'clock p. m., on

THURSDAY, AUGUST 7, 1902.

No. 1. FOR FURNISHING AND DELIVERING LUBRICATING OILS.

The time for the completion of the work and the full performance of the contract is 300 days.

The amount of security required is two thousand dollars.

No. 2. FOR FURNISHING, DELIVERING AND LAYING WATER MAINS IN BAINBRIDGE, BEACH, BOSCOBEL, CLINTON, COLLEGE, DAILY, FRANKLIN, HOLLIS, INWOOD, JACKSON, JEROME, MARION, MORRIS, WALTON, WASHINGTON AND 41st AVENUES, IN ONE HUNDRED AND FORTY-FOUR, ONE HUNDRED AND FIFTY-FOUR, ONE HUNDRED AND SIXTY-FOUR, ONE HUNDRED AND SIXTY-SEVENTH, ONE HUNDRED AND SEVENTY-FIRST, ONE HUNDRED AND EIGHTY-SECOND, ONE HUNDRED AND EIGHTY-THIRD, ONE HUNDRED AND EIGHTY-SEVENTH AND TWO HUNDRED AND SIXTIETH STREETS; IN CLINTON, LORILLARD, MOUNT HOPE AND WILKENS PLACES, AND IN KINGS BRIDGE ROAD AND BRONX AND PELHAM PARKWAY.

The time for the completion of the work and the full performance of the contract is 300 days.

The amount of security required is fifty thousand dollars.

The bidder will state the price of each item or article contained in the specifications or schedules, per pound, ton, dozen, gallon, foot, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms may be obtained and the plans and drawings may be seen at the office of the Department, Room 1521.

ROBERT GRIER MONROE,
Commissioner.

Dated July 18, 1902.

See General Instructions to Bidders on the last page, last column of the "City Record."

July 17

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, NEW YORK, JULY 17, 1902.

NOTICE OF SALE AT PUBLIC AUCTION.

ON WEDNESDAY, JULY 30, 1902, at 11 o'clock a. m., the Department of Water Supply, Gas and Electricity will sell at public auction to the highest bidder, by Byron L. Kennelly, Auctioneer, at the Department Pipe Yard, foot of East Twenty-fourth street, Borough of Manhattan:

About 150 tons of old scrap cast iron.
10 tons old scrap wrought iron, and steel and pipe.
1,000 pounds old scrap composition metal.
1 old boiler.

TERMS OF SALE.

The upset prices at which these materials will be sold are: \$7.00 per ton of 2,000 pounds for the old scrap cast iron; \$8.00 per ton of 2,000 pounds for the old scrap wrought iron, steel and pipe; \$0.08 per pound for the old scrap composition metal; \$5.00 for the old boiler. No bid below these prices will be considered or accepted.

Successful bidders must make cash payment in bankable funds at the time and place of sale.

Bids will be received for one or more of the separate descriptions of these materials, but no bid will be considered or accepted for less than the entire quantity in each case.

The purchaser or purchasers must remove all the material from the pipe yard within thirty (30) days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City. The purchaser must remove the material as directed by the officer of the Department in charge at the pipe yard, and will not be allowed to select material for removal at will.

ROBERT GRIER MONROE,
Commissioner of Water Supply, Gas and Electricity.

July 30

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION, 148 EAST TWENTY-THIRD STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Correction at the above office until 11 o'clock a. m. on

TUESDAY, AUGUST 5, 1902.

No. 1. FOR FURNISHING AND DELIVERING DRUGS, MEDICINES, ETC.
The time for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1902.
The amount of security required is fifty (50) per cent. of the amount of the bid or estimate.

Borough of Manhattan.

No. 2. FOR FURNISHING AND DELIVERING OILS, IRON, STEAM FITTINGS AND MISCELLANEOUS ARTICLES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is ten (10) days.

The amount of security required is fifty (50) per cent. of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item and awards made to the lowest bidder on each item.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

THOMAS W. HYNES,
Commissioner President.

Dated July 16, 1902.

- Lot No. 29. Raft of 35 spruce piles. Average length 25 feet.
- Lot No. 30. Raft of 29 yellow pine butts. Average length 20 feet.
- Lot No. 31. Raft of 70 yellow pine butts. Average length 20 feet.
- Lot No. 32. Raft of 82 yellow pine butts. Average length 20 feet.

TERMS OF SALE.
The sale will commence at 10 o'clock a. m. Each of the above lots will be sold separately and for a sum in gross.

The estimated quantities stated to be in the several lots are believed to be correct; but the Commissioner will not make any allowance from the purchase money for short deliveries on any lot, and bidders must judge for themselves as to the correctness of the estimate of quantity when making their bids.

If the purchaser or purchasers fails or fail to effect the removal of the material within ten days from the date of sale, he or they shall forfeit his or their purchase money or moneys and the ownership of the material.

Terms of sale to be cash, to be paid at the time of sale.

An order will be given for the material purchased.
Dated THE CITY OF NEW YORK, July 17, 1902.
JACKSON WALLACE,
Deputy and Acting Commissioner of Docks.

July 16, 1902.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER A, FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at the above office until 12 o'clock m. on

TUESDAY, JULY 29, 1902.

Borough of Manhattan.

Title: Contract No. 246.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REPAIRING THE WOODEN PIER AT THE FOOT OF WEST FIFTY-FIFTH STREET, NORTH RIVER.

The time for the completion of the work and the full performance of the contract is on or before the expiration of forty-five calendar days.

The amount of security required is THREE THOUSAND DOLLARS.

Bids will be compared and the contract awarded at a lump or aggregate sum.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the said department.

JACKSON WALLACE,

Deputy and Acting Commissioner of Docks,
Dated July 16th, 1902.

See General Instructions to Bidders on the last page, last column of the "City Record."

July 16, 1902.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in the City of New York, until 12 o'clock noon, on Monday, July 28, 1902, for the right to DUMP AND FILL IN behind the bulkhead recently built along Park avenue and along One Hundred and Thirty-fourth street, on the westerly side of the Harlem river, between One Hundred and Thirty-fourth street and One Hundred and Thirty-fifth street, between said crib work and the upland banks within the lines of said streets, Borough of Manhattan.

TERMS AND CONDITIONS OF SALE.

The filling will be put in to a height of about 5 feet or less above mean high-water mark over the above-described area.

The privilege to fill in the said described area will be sold to the highest bidder, one-half the price for such right or privilege must be paid at the time of sale and the remaining half when one-half of the work of filling in has been completed.

The total estimated quantity to be filled in is about 17,000 cubic yards, more or less. This total estimated quantity of 17,000 cubic yards is approximate only and is estimated without allowance for sinkage or settlement below the mud line.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the crib-bulkhead, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the crib and carried from the crib toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the crib, at which time, if so directed by the

Engineer, the filling may be commenced from the shore toward the crib.

All material must be dumped and filled in only in such manner, at such points and in such order or procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Fries, or such officer or employee as may be designated by him.

No filling shall be placed directly on the top of the crib until all the remainder of the filling is done, unless specially so directed by the Engineer.

Rip-rap stone coming directly on or against the crib-work must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of shales, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the crib the filling shall be brought up level with the under side of the backing log of the crib at each section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, and shall be completed within ninety days from the date of the receipt of said notification. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling the time for completing said filling shall be extended so much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper.

The purchaser shall, during the work of filling in and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper.

The purchaser will be required to furnish a bond in double the amount of the purchase price, as security for the satisfactory performance of the said work, in accordance with the terms and conditions hereof.

Dated THE CITY OF NEW YORK, July 1, 1902.

JACKSON WALLACE,

Deputy and Acting Commissioner of Docks.

July 16, 1902.

THE CITY RECORD.

THE CITY RECORD IS PUBLISHED DAILY, Sundays and legal holidays excepted, at No. 2 City Hall, New York City. Annual subscription, \$9.30, postage prepaid.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL DEPARTMENT BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m., on

WEDNESDAY, AUGUST 6, 1902.

1. For grading lots on the south side of Thirty-seventh street, between Fourth Avenue and Fifth Avenue, known as Lot No. 32, Block 701, Eighth Ward Map.

The Engineer's estimate of the quantities is as follows:

1,102 cubic yards of excavation.

Time for the completion of the work and the full performance of the contract is ten (10) working days.

The amount of security required is \$300.

2. For grading lots on the south side of Greene Avenue, between Marcy Avenue and Tompkins Avenue, known as Lots Nos. 37 to 43, inclusive, Block 28, Twenty-third Ward Map.

The Engineer's estimate of the quantities is as follows:

7 cubic yards of excavation.

Time for the completion of the work and the full performance of the contract is thirty-five (35) working days.

The amount of security required is \$300.

3. For grading lots on the south side of Sixtieth street, between Third Avenue and Fourth Avenue, and on the west side of Fourth Avenue, between Sixtieth street and Sixty-first street, known as Lots Nos. 10 and 11, Block 951, Thirtieth Ward Map.

The Engineer's estimate of the quantities is as follows:

347 cubic yards of excavation.

Time for the completion of the work and the full performance of the contract is ten (10) working days.

The amount of security required is \$300.

4. For grading lots on the south side of Eleventh street, between Eighth Avenue and Prospect Park, West, and on the north side of Twelfth street, between Eighth Avenue and Prospect Park, West, known as Lots Nos. 31, 32, 33 and 34, Block 1007, Twenty-second Ward Map.

The Engineer's estimate of the quantities is as follows:

622 cubic yards of excavation.
20 cubic yards of filling, not to be bid for.

Time for the completion of the work and the full performance of the contract is ten (10) days.

The amount of security required is \$300.

5. For grading lots on the north side of Seventeenth street, between Eighth Avenue and Prospect Park, West, known as Lots Nos. 40 and 55, Block 270, Twenty-second Ward Map.

The Engineer's estimate of the quantities is as follows:

1,324 cubic yards of excavation.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is \$300.

6. For grading lots on the south side of Sterling place, between Vanderbilt Avenue and Butler place, known as Lot No. 29, Block 1170, Ninth Ward Map.

The Engineer's estimate of the quantities is as follows:

2,332 cubic yards of excavation.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is \$300.

7. For grading lots on the north side of Chauncey street, between Rockaway Avenue and Broadway, known as Lot No. 4, Block 113, Twenty-fifth Ward.

The Engineer's estimate of the quantities is as follows:

50 cubic yards of excavation.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is \$400.

8. For grading lots on the east side of Fifth Avenue, between Forty-eighth street and Forty-ninth street, known as Lot No. 1, Block 775, Eighth Ward Map.

The Engineer's estimate of the quantities is as follows:

5,345 cubic yards of excavation.

Time for the completion of the work and the full performance of the contract is thirty-five (35) working days.

The amount of security required is \$1,000.

The bidder will state the price of each item or class of work contained in the specifications or schedules, per cubic yard, or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms may be obtained and the plans and drawings may be seen at the office of the President of the Borough of Brooklyn, Room 15, Municipal Department Building.

J. EDW. SWANSTROM,
President.

Dated July 10, 1902.

July 25

CHANGE OF GRADE DAMAGE COMMISSION.

PURSUANT TO THE PROVISIONS OF chapter 537 of the Laws of 1893, entitled "An act providing for ascertaining and paying the amount of damages to lands and buildings suffered by reason of changes of grade of streets or avenues made pursuant to chapter 721 of the Laws of 1887, providing for the creation of railroad tracks in the Twenty-third and Twenty-fourth Wards, in the City of New York or otherwise," and the acts amendatory thereof and supplemental thereto, notice is hereby given that public meetings of the Commissioners appointed pursuant to said acts will be held at Room 8, Stewart Building, No. 286 Broadway, Borough of Manhattan, in the City of New York, on Tuesdays and Thursdays of each week, at 2 o'clock p. m., until further notice.

Dated New York, July 3, 1902.

WILLIAM D. LEONARD,

JAMES R. BURNET,

JOHN S. WISE, JR.,

Commissioners.

LAMONT McLOUGHLIN,

Clerk.

BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, NEW BRITTON, N. Y., July 23, 1902.

NOTICE IS HEREBY GIVEN, IN ACCORDANCE with section 432 of the Greater New York Charter, that a petition signed by residents of the Staten Island District for Local Improvements, to set curb and lay gutter, and to construct sidewalk, in front of the property of Rinaldo Fisher, on Main street, in the Fifth Ward of the Borough of Richmond, has been presented to me and is on file in this office for inspection, and that a meeting of the Local Board will be held in the Borough Office, in the First National Bank Building, at St. George, Borough of Richmond, on the 31st day of August, 1902, at 10 o'clock in the forenoon, at which meeting said petition will be submitted to said Board.

GEORGE CROMWELL,

President of the Borough.

MAYBURY FLEMING,

Secretary.

July 25

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, NEW BRITTON, N. Y., July 23, 1902.

NOTICE IS HEREBY GIVEN, IN ACCORDANCE with section 432 of the Greater New York Charter, that a petition signed by residents of the Staten Island District for Local Improvements, to open a street known as Second street, in the First Ward of the Borough of Richmond, from York avenue to Franklin avenue, on the lines on which said Second street is now in use for building purposes from York avenue westward, has been presented to me and is on file in this office for inspection, and that a meeting of the Local Board will be held in the Borough Office, in the First National Bank Building, at St. George, Borough of Richmond, on the 31st day of August, 1902, at 10 o'clock in the forenoon, at which meeting said petition will be submitted to said Board.

GEORGE CROMWELL,

President of the Borough.

MAYBURY FLEMING,

Secretary.

July 25

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, FIRST NATIONAL BANK BUILDING, ST. GEORGE, NEW BRITTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond, at the above office until 12 o'clock m., on

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND PAVING OR REPAVING WITH ASPHALT BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF WATER STREET, FROM HAY STREET TO WRIGHT STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

2,200 square yards of asphalt block pavement.
300 cubic yards of concrete, including mortar bed.
350 linear feet of new curbstone furnished and set on concrete foundation.
50 square feet of new 3-inch flagstone furnished and set.
1 basin head reset.
1 hole cut in flag and iron cover.
1 new standard dripstones furnished and set.
1,000 feet B. M. yellow pine timber cut and fastened in place.
1 cubic yard of brickwork.

The time for the completion of the work and the full performance of the contract is 25 consecutive working days.

The amount of security required is twenty-five hundred dollars (\$2,500.)

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND PAVING OR REPAVING WITH GRANITE BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF RICHMOND TERRACE FROM WEST SIDE OF YORK AVENUE TO EAST SIDE OF WESTERVELT AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

2,250 square yards of new granite block pavement, including sandbed laid with paving cement joints.
500 cubic yards of concrete.
1,150 square feet of new bridgestone furnished and laid.
1,450 linear feet of new curbstone furnished and set.
50 linear feet of new 3-inch flagging furnished and set.
30 linear feet of new 12-inch coping furnished and set.
2 new standard dripstones furnished and set.
1 new standard receiving basin with connections.
2 cubic yards of brickwork.

The time for the completion of the work and the full performance of the contract is 40 consecutive working days.

The amount of security required is five thousand dollars (\$5,000.)

No. 5. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND PAVING OR REPAVING WITH GRANITE BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF JERSEY STREET, FROM SOUTH SIDE OF RICHMOND TERRACE TO SOUTH SIDE OF FIFTH STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

4,100 square yards of new granite block pavement including sandbed laid with paving cement joints.
850 cubic yards of concrete.
800 square feet of new bridgestone furnished and laid.
2,750 linear feet of new curbstone furnished and set.
20 linear feet of new 10-inch coping furnished and set.
2 cubic yards of brickwork.

The time for the completion of the work and the full performance of the contract is 50 consecutive working days.

The amount of security required is eight thousand dollars (\$8,000.)

No. 6. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING, GRADING AND PAVING WITH MACADAM PAVEMENT THE ROADWAY OF BEACH AVENUE, FROM NEWDORP LANE TO BURBANK'S, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

300 cubic yards of excavation.
2,050 square yards of macadam pavement.
30 square yards of new granite block pavement.

The time for the completion of the work and the full performance of the contract is 30 working days.

The amount of security required is one thousand dollars (\$1,000.)

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure or article by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, can be obtained upon application therefor at the office of the President. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Richmond Building, New Brighton, Borough of Richmond.

GEORGE CROMWELL,

President.

THE CITY OF NEW YORK, July 23, 1902.

See General Instructions to Bidders on the last page, last column of the "City Record."

WILLIAM H. JASPER, Secretary, No. 320 Broadway, CITY OF NEW YORK, BOROUGH OF MANHATTAN, July 25, 1902.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

BOROUGH OF THE BRONX.

List No. 7134, No. 1. Paving Freeman street, from East One Hundred and Sixty-ninth street to Southern Boulevard, with asphalt pavement.

List No. 7157, No. 2. Sewer and appurtenances in Garden street, between Crotona avenue and Southern Boulevard.

List No. 7158, No. 3. Sewer and appurtenances in Marion avenue, from the existing sewer in East One Hundred and Eighty-ninth street to Kingsbridge road.

List No. 7159, No. 4. Sewer and appurtenances in East One Hundred and Seventy-sixth street, from Southern Boulevard to the summit west of Marmion avenue.

List No. 7160, No. 5. Sewer in East One Hundred and Seventy-eighth street, from Lafontaine avenue east to Hughes avenue.

List No. 7161, No. 6. Sewer and appurtenances in East One Hundred and Eighty-seventh street, from Valentine avenue to Rye avenue.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Freeman street, from One Hundred and Sixty-ninth street to the Southern Boulevard, and to the extent of half the block at the intersecting and terminating streets.

No. 2. Both sides of Garden street, from Southern Boulevard to Crotona avenue; also, block bounded by Crotona avenue, Grote street, East One Hundred and Eighty-second street and Garden street.

No. 3. Both sides of Marion avenue, from One Hundred and Eighty-ninth street to Kingsbridge road.

No. 4. Both sides of One Hundred and Seventy-sixth street, from Southern Boulevard to a point distant about 295 feet west of Marmion avenue; both sides of Vineyard place, Mohegan avenue, Waterloo place, and Trafalgar place, from One Hundred and Seventy-fifth street to One Hundred and Seventy-sixth street.

No. 5. Both sides of One Hundred and Seventy-eighth street, from Lafontaine avenue to Hughes avenue; also, block bounded by Lafontaine avenue and Arthur avenue, East One Hundred and Seventy-seventh street and East One Hundred and Seventy-eighth street, including Block 3068, Lots Nos. 64 and 67.

No. 6. Both sides of One Hundred and Eighty-seventh street, from Valentine avenue to Rye avenue; both sides of Rye avenue, from One Hundred and Eighty-third street to One Hundred and Eighty-seventh street; east side of The Concourse, from One Hundred and Eighty-third street to Field place; both sides of Valentine avenue, from One Hundred and Eighty-fourth street to One Hundred and Eighty-seventh street; north side of One Hundred and Eighty-fourth street, from Rye avenue to Valentine avenue; and north side of One Hundred and Eighty-fourth street, extending about 133 feet east of Valentine avenue.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before August 21, 1902, at 3 p. m., at which time and place the said objections will be heard and testimony received in reference thereto.

BENJAMIN E. HALL,
HENRY B. KETCHAM,
ENOCH VREELAND,
Board of Assessors.

WILLIAM H. JASPER, Secretary, No. 320 Broadway, CITY OF NEW YORK, BOROUGH OF MANHATTAN, July 22, 1902.

PUBLIC NOTICE IS HEREBY GIVEN TO all persons claiming to have been injured by a change of grade in the regulating and grading of the following-named streets, to present their claims in writing to the Secretary of the Board of Assessors, No. 320 Broadway, on or before July 31, 1902, at 3 o'clock p. m., at which place and time the said Board of Assessors will receive evidence and testimony of the nature and extent of such injury. Claimants are requested to make their claims for damages upon the blank form prepared by the Board of Assessors, copies of which may be obtained upon application at the above office.

OFFICIAL PAPERS.

"New York Times," "New York Sun," "New York Daily News," "Commercial Advertiser," "New Yorker Zeitung," "Lester's Weekly."

PHILIP COWEN, Supervisor.
July 1, 1902.

To all persons who may be interested as owners, lessors or otherwise in the water front property lying between Eighteenth street and Twenty-third street, and in the lots required by the City for the improvement of the water front thereat, in accordance with the plans of the Department of Docks.

Whereas, The Board of Estimate and Apportionment has, under date of June 30, 1903, authorized the Corporation Counsel to initiate proceedings for

the acquisition of certain property for the improvement of the water front on the North river, between the northern side of Eighteenth street and the southern side of Twenty-third street; and Whereas, Pursuant to the provisions of chapter 511 of the Laws of 1902, this Board is given power to direct by resolution that the title to the said lands, etc., shall vest in The City of New York at such time after the filing of oaths of Commissioners of Estimate and Assessment, to be appointed by the Supreme Court, as may be deemed expedient; and

Whereas, It is the sense of the Commissioners of the Sinking Fund that the title to the said lands, etc., should vest as soon as practicable after the appointment of said Commissioners, in order that the improvement of the water front may proceed at the earliest possible time; therefore be it

Resolved, That the property owners are hereby given notice that it is the intention of the Commissioners of the Sinking Fund to vest title in the City of New York for the said property thirty days after the filing of oaths of the Commissioners of Estimate and Assessment, to be appointed by the Supreme Court; and be it further Resolved, That this resolution be published in the "City Record" for thirty days.

By order of the Commissioners of the Sinking Fund, pursuant to resolution adopted July 1, 1902.

EDWARD M. GROUT,
Comptroller.

DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE, July 21, 1902.

July 25

SUPREME COURT.

SECOND DEPARTMENT.

In the matter of the application of the Armory Board, by the Corporation Counsel of The City of New York, relative to acquiring title by The City of New York to certain lands situate on Union street, Bedford avenue and President street, in the Borough of Brooklyn, in The City of New York, duly selected by said Board and approved by the Commissioners of the Sinking Fund as a site for Armory purposes, under and in pursuance of the provisions of chapter 512 of the Laws of 1902.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate in the above-entitled matter, appointed pursuant to the provisions of the statutes relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessors, parties and persons interested in the lands or premises affected by this proceeding or having any interest therein, and have filed two true reports or transcripts of such estimate, one a majority and one a minority report or transcript, in the office of the Board of Armory Commissioners of The City of New York, at No. 80 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate and who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, July 21, 1902, file their objections to such estimate, in writing, with us at our office in the office of the Corporation Counsel of The City of New York, in the Borough Hall, in the Borough of Brooklyn, in said city, as provided by statute, and that we, the said Commissioners, will hear parties so objecting at our office on the 5th day of August, 1902, at two o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Third—That our reports herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof for the hearing of motions, in the County Court of Kings, in The City of New York, on the 25th day of August, 1902, at the opening of the Court on that day; and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated The Borough of Brooklyn, City of New York, July 24, 1902.

DESMOND DUNNE,
JOHN PYBURN,
WILLIAM McLAUGHLIN,
Commissioners.

JOSEPH M. SCHENCK,
Clerk.

July 24

SECOND DEPARTMENT.

In the Matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening WEST STREET, from Franklin avenue to Forty-third street, in the Twenty-ninth and Thirtieth Wards in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held for the hearing of motions, at the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 5th day of August, 1902, at 10:30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of ten days, as required by the provisions of section 999 of title 4 of chapter 19 of chapter 378 of the Laws of 1897.

Dated Borough of Brooklyn, New York, July 21, 1902.

JOHN H. DOUGLASS,
DANIEL J. O'BRIEN,
JOSEPH O'Rourke,
Commissioners.

CHARLES S. TAYLOR,
Clerk.

July 21

SECOND DEPARTMENT.

In the Matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EAST THIRTY-SECOND STREET, between Church avenue and Avenue C, in the Twenty-ninth Ward in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

NOTICE IS HEREBY GIVEN THAT THE supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held for the hearing of motions, at the County Courthouse, in the Borough of Brooklyn,

in The City of New York, on the 5th day of August, 1902, at 10:30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said supplemental and additional bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of ten days, as required by the provisions of section 999 of title 4 of chapter 19 of chapter 378 of the Laws of 1897.

Dated Borough of Brooklyn, New York, July 21, 1902.

THOMAS F. SMITH,
JOHN W. CARPENTER,
SEWARD SHANAHAN,
Commissioners.

CHARLES S. TAYLOR,
Clerk.

July 21

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EIGHTY-FIFTH STREET, from Narrows avenue to Fifth avenue, from Fort Hamilton avenue to Tenth avenue, from Twelfth avenue to Waters avenue, from Fifteenth avenue to Sixteenth avenue, and from Eighteenth avenue to Stillwell avenue, in the Thirtieth and Thirty-first Wards, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 25th day of July, 1902, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Eighty-fifth street, from Narrows avenue to Fifth avenue, from Fort Hamilton avenue to Tenth avenue, from Twelfth avenue to Waters avenue, from Fifteenth avenue to Sixteenth avenue, and from Eighteenth avenue to Stillwell avenue, in the Thirtieth and Thirty-first Wards, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Eighty-fifth street, from Narrows avenue to Fifth avenue, from Fort Hamilton avenue to Tenth avenue, from Twelfth avenue to Waters avenue, from Fifteenth avenue to Sixteenth avenue, and from Eighteenth avenue to Stillwell avenue, as aforesaid, are shown on a map known as the General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings, prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming a part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, and dated June 20, 1902, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 26th day of June, 1902.

Dated Borough of Brooklyn, City of New York, the 15th day of July, 1902.

GEORGE L. RIVES,
Corporation Counsel,

Borough Hall, Brooklyn, N. Y.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening SIXTY-SIXTH STREET, from New York Bay to Twenty-second avenue in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 25th day of July, 1902, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Sixty-sixth street, from New York Bay to Twenty-second avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Sixty-sixth street, from New York Bay to Twenty-second avenue, as aforesaid, are shown on a map known as the General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings, prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, and dated June 20, 1902, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 26th day of June, 1902.

Dated Borough of Brooklyn, City of New York, the 15th day of July, 1902.

GEORGE L. RIVES,
Corporation Counsel,

Borough Hall, Brooklyn, N. Y.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EIGHTY-FOURTH STREET, from First avenue to Fourth avenue, from Seventh avenue to Tenth avenue, from Twelfth avenue to Seventeenth avenue, and from Eighteenth avenue to Stillwell avenue, in the Thirtieth and Thirty-first Wards, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special

Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 25th day of July, 1902, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Eighty-fourth street, from First avenue to Fourth avenue, from Seventh avenue to Tenth avenue, from Twelfth avenue to Seventeenth avenue, and from Eighteenth avenue to Stillwell avenue, in the Thirtieth and Thirty-first Wards, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Eighty-fourth street, from First avenue to Fourth avenue, from Seventh avenue to Tenth avenue, from Twelfth avenue to Seventeenth avenue, and from Eighteenth avenue to Stillwell avenue, as aforesaid, are shown on a map known as the General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings, prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming a part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, and dated June 20, 1902, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 26th day of June, 1902.

Dated Borough of Brooklyn, City of New York, the 15th day of July, 1902.

GEORGE L. RIVES,
Corporation Counsel,

Borough Hall, Brooklyn, N. Y.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to Pier old No. 26, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York, on the East river, pursuant to the plan heretofore adopted by the Board of Docks, and approved by the Commissioners of the Sinking Fund.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that an application will be made to a Special Term of the Supreme Court of the State of New York in and for the First Judicial District, to be held in Part I. thereof at the County Court House in the City of New York, Borough of Manhattan, on the 25th day of July, 1902, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition, in the name of and for the benefit of The City of New York, for the execution of a certain plan for the improvement of the water front of The City of New York, pursuant to the statutes in such case made and provided, and determined upon by the Board of Docks on the 13th day of April, 1871, and approved by the Commissioners of the Sinking Fund on the 27th day of April, 1871, as altered and amended by the Board of Docks on the 26th day of October, 1900, which alteration and amendment was approved by the Commissioners of the Sinking Fund on the 14th day of November, 1900, and which said plan and alteration and amendment thereof are on file in the office of the Department of Docks and Ferries, of all the wharfage rights, terms, easements, emoluments and privileges not now owned by The City of New York and appurtenant to the premises described as follows, to wit:

All the interest in the pier known as Pier old No. 26, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, said pier being an undivided half interest. Said pier is situated about twenty-five feet easterly of Peck Slip and is bounded and described as follows, to wit:

Beginning at a point in the old bulkhead between Peck Slip and Dover street where the easterly side of the Peck Slip Pier East, or Pier old No. 26, East river, intersects the same, and running thence southerly along the easterly side of said old pier about 244 feet to its outer end; thence westerly and along the outer end of said old pier about 40 feet to the westerly side of said pier; thence running northerly along said westerly side about 248 feet to the old bulkhead between Peck Slip and Dover street; thence easterly along said bulkhead about 42 feet to the point or place of beginning.

Dated New York, July 12, 1902.

GEORGE L. RIVES,
Corporation Counsel,

No. 2 Tryon Row,
Borough of Manhattan,
New York City.

FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to Pier old No. 24, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York, on the East river, pursuant to the plan heretofore adopted by the Board of Docks, and approved by the Commissioners of the Sinking Fund.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that an application will be made to a Special Term of the Supreme Court of the State of New York in and for the First Judicial District, to be held in Part I. thereof at the County Court House in the City of New York, Borough of Manhattan, on the 25th day of July, 1902, at the opening of the Court on that day or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition, in the name of and for the benefit of The City of New York, for the execution of a certain plan for the improvement of the water front of The City of New York, pursuant to the statutes in such case made and provided, and determined upon by the Board of Docks on the 13th day of April, 1871, and approved by the Commissioners of the Sinking Fund on the 27th day of April, 1871, as altered and amended by the Board of Docks on

the 26th day of October, 1900, which alteration and amendment was approved by the Commissioners of the Sinking Fund on the 14th day of November, 1900, and which said plan and alteration and amendment thereof are on file in the office of the Department of Docks and Ferries, of all the wharfage rights, terms, easements, emoluments and privileges not now owned by The City of New York and appurtenant to the premises described as follows, to wit:

All the interest in the pier known as Pier old No. 24, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, said pier being an undivided half interest. Said pier is situated about 75 feet westerly of Peck Slip and is bounded and described as follows, to wit:

Beginning at a point in the old bulkhead between Beekman street and Peck Slip where the westerly side of the Peck Slip Pier West, or Pier old No. 24, East river, intersects the same, and running thence southerly along the westerly side of said pier a distance of about 145 feet; thence deflecting to the east and running still southerly about 160 feet; thence deflecting to the west and running still southerly about 51 feet to the outer end of said old pier; thence easterly about 40 feet to the easterly side of said old pier; thence running northerly along the easterly side of said old pier about 48 feet; thence deflecting to the west and running still along the easterly side of said old pier about 186.65 feet; thence running still northerly a distance of about 117 feet to the old bulkhead between Beekman street and Peck Slip; thence westerly along said bulkhead a distance of about 40 feet to the point or place of beginning.

Dated New York, July 12, 1902.

GEORGE L. RIVES,
Corporation Counsel,

No. 2 Tryon Row,
Borough of Manhattan,
New York City.

SECOND DEPARTMENT.

In the Matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening FOURTEENTH AVENUE, from Eighty-sixth street to Cropper avenue, in the Thirtieth Ward in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held for the hearing of motions, at the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 5th day of August, 1902, at 10:30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of ten days, as required by the provisions of section 999 of title 4 of chapter 19 of chapter 378 of the Laws of 1897.

Dated Borough of Brooklyn, New York, July 21, 1902.

THOMAS F. MURPHY,
CHARLES REINHOLMER,
THOMAS D. HONSEY,
Commissioners.

CHARLES S. TAYLOR,
Clerk.

July 21

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICES TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supply, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.
