Memorial from the Municipal Art Society was presented and read as follows, together with communication from the Interborough Rapid Transit Railroad Company and report of counsel, on the matter of advertising signs in the subway:

THE MUNICIPAL ART SOCIETY OF NEW YORK,  
NOS. 37 AND 39 WEST THIRTY-FOURTH STREET, NEW YORK,  
November 9, 1904.

Mr. ALEXANDER E. ORR, President, Rapid Transit Commission, No. 320 Broadway, City:  
DEAR SIR—On behalf of the Municipal Art Society, I respectfully beg leave to submit the inclosed memorial relative to signs in the Subway.

Yours very truly,

(Signed) CALVIN TOMKINS, President.

NOVEMBER 9, 1904.

To the Rapid Transit Commission, Mr. ALEXANDER E. ORR, President, No. 320 Broadway, City:

DEAR SIR—Understanding that your Commission has called a halt in the defacement of the Subway for advertising purposes, on behalf of the Municipal Art Society I respectfully urge that, while your Board take prompt action to abate the existing nuisances, it refrain from any act or expression that might be inferred to assume any jurisdiction on your part to permit advertising. Our reason for this request is that after examination of the law by the counsel of the Society it seems clear to us that you have no such power. As to this: Your Commission has no power beyond that given it by law. The law gives you none.

"The Rapid Transit act (No. 6) authorizes the Board of Rapid Transit Railroad Commissioners to prepare plans and specifications for the construction of a railway, including appurtenances, deemed by it necessary to secure the greatest efficiency, public convenience and safety, including plans and specifications \* \* \* for landing places, buildings, platforms, stairways \* \* \* and other suitable appliances incidental and requisite to what the said Board may approve as to the best and most efficient system of rapid transit in view of the public needs and requirements."

Private advertising is not a public need or requirement, or necessary to the efficiency of the railway or to public convenience or safety.

The act (No. 35) further authorizes the Board, for and in behalf of the City, to enter into a contract for the construction of such road "in accordance with the plans and specifications so adopted, \* \* \* and on such terms and conditions not inconsistent with the aforesaid plans and specifications, as said Board shall determine to be best for the public interests. \* \* \* Such contract shall also provide that the person, firm or corporation so contracting to construct said road or roads shall \* \* \* equip, maintain and operate said road or roads for a term of years \* \* \* upon such terms and conditions as to the rates of fare to be charged and the character of service to be furnished and otherwise as said Board shall deem to be best suited to the public interests, and subject to such public supervision and to such conditions, regulations and requirements as may be determined upon by said Board."

The contract, in brief, is to be one solely for the construction and operation of a railroad.

As to the provision in your operating contract—"The contractor shall not permit advertisements in the stations or cars which shall interfere with easy identification of stations or otherwise with efficient operation."

While this probably reserves to the Commission the right to exclude advertisements, even though otherwise lawfully installed, it so clearly inhibits rather than permits that, had our Society years since attacked this contract on the ground that by purporting to grant advertising privileges you had exceeded your powers, you might successfully have defended it on the ground that it did no such thing.

Again, the act provides:

(No. 63). That the road when constructed shall remain the absolute property of the City, and "shall be and be deemed to be a part of the public streets and highways of said City, to be used and enjoyed by the public upon the payment of such fares and tolls, and subject to such reasonable rules and regulations as may be imposed and provided for by the Board of Rapid Transit Railroad Commissioners in said City."

I need not dwell upon how absurd on its face is any claim that you can authorize the use of "the public streets" for private advertising purposes, whether by obstruction, defacement or otherwise, or remind you that neither the City nor the State has conferred upon you the authority to do so. Besides obstructing the public streets, the presence of these signs is a defacement and their mounting a malicious injury to public property, which on the one hand your Commission cannot legally permit and on the other has expressly forbidden. For example, your contract provides:

"The stations must be finished in a decorative and attractive manner, such as is consistent with and suitable to buildings of such character."

And again, "all details of the stations must be so arranged as to facilitate cleaning and to permit if desired a thorough washing of all parts of the stations and their approaches by means of a hose."

It is self-evident that any probable use of the subway for advertising must violate both these provisions.

As the matter now stands, the public has to deal with admitted trespassers on public streets and wanton defacers of public buildings. So fully do these law-breakers appreciate this that their contracts with advertisers provide that signs are at the risk of the latter, and that such contracts shall terminate should the contractors have no right to lease space. From careful inquiry we conclude that the subway operators have equally well protected themselves against reclamation, even should advertising be excluded. It is highly important, therefore, that your Commission refrain from any action that shall either excuse these trespassers or substitute yourselves in their place.

In closing, we venture to hope that it may not be necessary for our Society to go beyond this memorial.

Respectfully submitted,  
(Signed) CALVIN TOMKINS, President.  
NEW YORK, November 17, 1904.

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners,  
No. 320 Broadway, New York City:

DEAR SIR—We have examined the memorial from the Municipal Art Society, dated November 9, 1904, which you have referred to us, and we now beg to report as follows:

The purpose of this memorial is stated, by the writer, Mr. Calvin Tomkins, in these words: "Understanding that your Commission has called a halt in the defacement of the subway for advertising purposes, on behalf of the Municipal Art Society, I respectfully urge that while your Board take prompt action to abate the existing nuisances, it refrain from any act or expression which might be inferred to assume any jurisdiction on your part to permit advertising." The reason for the foregoing request is that the Municipal Art Society is advised by its counsel that the Rapid Transit Commission has no power to permit advertising in the subway, and sections 6, 35 and 63 of the Rapid Transit Act are quoted in support of this position.

Without attempting a detailed examination of the language of the Rapid Transit Act, it is enough to say that it gives authority to the Rapid Transit Board to enter into a contract for the construction and operation of a railway. The act provides specifically that the person, firm or corporation contracting to construct the railway must agree, at his or its own cost and expense, to equip and operate it "upon such terms and conditions as to the rates of fare to be charged and the character of service to be furnished, or otherwise, as said Board shall deem to be best suited to the public interests, and subject to such public supervision and to such conditions, regulations and requirements as may be determined upon by said Board."

The act is silent as to advertising privileges. A lease of a railway would ordinarily carry with it all the customary incidents of railway operation, such, for example, as the sale of newspapers at the stations and the right of advertising in cars and stations. It is common knowledge that intramural railways usually derive a considerable revenue from advertising privileges, both in cars and in stations. The underground railways in Paris and London and the elevated railways in New York are conspicuous examples of this fact.

It is perfectly plain that whatever rights the Interborough Rapid Transit Company may have to use the subway stations for advertising purposes, such rights are not derived from any express grant contained in the contract, but rest solely on the claim of that company that the privilege to advertise is a recognized and customary incident of the operation of a railroad of this class. Whether this claim be well founded or not, the Rapid Transit Commission certainly had the power to restrict such privilege, and, had it thought it expedient to do so, it might have prohibited advertising, both on the station platforms and in the cars. What effect, if any, such a prohibition would have had upon the ability of the Commission to obtain a bidder we need not discuss. What the Board did, was to limit whatever general powers the lessee of the property would have had if the contract had been entirely silent upon the subject.

We do not understand from the memorial of the Municipal Art Society precisely what it is desired that the Rapid Transit Commission should now do or refrain from doing. Our opinion is, that it will have done its full duty if it takes pains to see that such advertisements as are placed in and about the station platforms do not in fact "interfere with easy identifications of stations or otherwise with efficient

operation," leaving it to the lessee to defend itself in court against any attack which may be made by the Municipal Art Society or others upon what it conceives to be its rights with reference to the sale of advertising privileges.

The lessee is not asking the Board to take any action to strengthen its legal position with reference to the sale of advertising privileges, and we therefore express no opinion about what the duty of the Board would be if such an application were presented.

Respectfully yours,  
(Signed) G. L. RIVES,  
BOARDMAN, PLATT & SOLEY.

NEW YORK, November 17, 1904.

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners,  
No. 320 Broadway, New York City:

DEAR SIR—At the last meeting of your Board a resolution was adopted which, in sweeping terms, required this company to cease placing advertisements in the stations in the subway, until their location and the manner of erecting them be first approved by your Board.

Out of respect for your Honorable Board, Messrs. Ward & Gow yielded to our request that they acquiesce in your order, and suspend all further work of placing signs or advertisements in the subway, until after the meeting of your Board to-day, although they claimed, and we are also advised by counsel, that your Honorable Board exceeded its powers in making such an order, and that we are not required to first submit to your Board for its approval the location and manner of erecting signs.

That our acquiescence may not be construed as a waiver of right, we beg to say that we are advised and claim that the lease of the Rapid Transit Railway, by its terms, as authorized by the Rapid Transit Act, "includes the railway constructed under the routes and general plan thereof prescribed by the resolutions of the Board adopted on the 14th day of January, and the 4th day of February, 1897, together with terminals, stations and all other appurtenances whatsoever of the said railroad, but not including the equipment thereof," and that as lessee this company is entitled to use the same for railroad purposes, including all of the collateral uses to which railroad property is customarily put by companies owning and operating the same, one of which is to post or exhibit advertisements on the station walls. This right is recognized and somewhat restricted by the provisions in the lease reading: "The contractor shall not permit advertisements in the stations or cars which shall interfere with easy identification of stations or otherwise with efficient operation."

But this restriction must be reasonably construed as a restriction upon, not a revocation of, the right granted. Whether or not it is violated in any given case would be a question of fact, the determination of which would depend upon the circumstances of that particular case. It does not, we are advised, require the submission to the Board in the first instance for approval of the location of any particular advertisement, nor warrant the adoption of any general sweeping rule such as that no signs shall be permitted upon any of the station walls facing the railroad, nor that an area be reserved around the names of stations so great as to amount practically to the exclusion of all signs and advertisements from station walls. If in any instance any advertisement offend against the restriction in the lease, the Board may require its removal.

Relying upon the rights conferred by the lease this company, several months ago, entered into a contract with Messrs. Ward & Gow, granting them the exclusive privilege for a term of years of advertising in the cars and on the station walls of all the railroads operated by this company, including the subway.

We have transmitted to you a letter from those gentlemen calling attention to the advertisements which they have placed in the Eighteenth street station as typical of the manner in which they propose to place them in other stations.

We are as anxious to preserve the appearance of the stations as your Honorable Board could be, but it will be remembered that one of the inducements offered to bidders on the original contracts was this very right of advertising, which in the Brooklyn Extension contract was much more restricted. In reliance upon the rights conferred in the McDonald contract, we have entered into obligations with Messrs. Ward & Gow which it is our duty to preserve inviolable, as we believe it must be your intention to preserve inviolable your obligations towards us.

Very respectfully yours,

INTERBOROUGH RAPID TRANSIT COMPANY,  
(Signed) By AUGUST BELMONT, President.

In the discussion which followed on this matter, President Orr, Commissioner Claflin and Commissioner Jesup explained the understanding which had been had at the time Contract No. 1 was being prepared: that the advertising privilege was inserted intentionally as an additional means of profit to induce bidders on the proposed contract. They said that there was, on that account, a strong moral obligation on the part of the Board to support the operating company in this part of its contract.

The Comptroller moved the following resolution:

Resolved, That it is the judgment of this Board, as derived from its own observation and from the report of its Engineer, that the display of any advertisements along the side walls of the stations fronting the tracks interferes with the easy identification of the stations.

After further discussion it was decided that no action should be taken on this resolution for the present, but that the Board would first visit the Eighteenth Street Station, which had been prepared by the advertising contractors as a proposed typical station.

Communication as follows was read from H. H. Vreeland, President of the New York City Railway Company, inclosing report of his Chief Engineer as to the condition of the surface tracks in lower Broadway, as a result of subway construction there, and the Chief Engineer reported verbally that this matter was being carefully looked after:

NEW YORK, November 14, 1904.

To The City of New York, the Board of Rapid Transit Railroad Commissioners, the Rapid Transit Subway Construction Company, and the Degnon Contracting Company:

DEAR SIRS—In justice to all concerned, I desire to call your attention to the injury which is being done to the tracks and other street railroad property operated by this company on Broadway, below Beekman street, as the result of the subway construction now in progress. We shall, of course, expect our tracks and other property on that part of Broadway to be restored to the condition in which they were prior to this construction without expense to ourselves, and to be compensated for any damages which may be suffered by us as lessee, or the Metropolitan Street Railway Company as owner, of the property in question, as contemplated by the contract under which the construction is being done.

I inclose a copy of a report of our Chief Engineer, dated October 14, 1904, which calls attention to some of the respects in which our property is being injured. Much of the injury which has been done does not appear upon the surface, or upon a casual examination, and the injury is increasing every day. I am writing this letter now in order that all concerned may be fully informed of the situation.

If you will designate an Engineer to take this matter up, our Chief Engineer will be glad to point out to him more in detail the injury resulting from the subway construction to the property operated by this company.

Yours truly,  
H. H. VREELAND, President.

NEW YORK CITY RAILWAY COMPANY,  
ENGINEERING DEPARTMENT,  
NEW YORK, October 14, 1904.

Mr. H. H. VREELAND, President:

DEAR SIR—A careful examination of the Broadway track, between Fulton street and Bowling Green, shows that both tracks have settled more or less over the whole distance, the settlement carrying from nothing to 12 inches maximum below the former grade of Broadway, and this settlement is also accompanied by a considerable deviation of the rails from the proper line.

There are many short depressions in the rail, although for the greater part the settlements are long and easy. The abrupt depressions cannot fail to produce vertical bends which it will be impossible to straighten out from the rail.

Thus far we have found thirteen (13) broken yokes which will have to be replaced from our stock. More broken yokes will probably develop when the track is jacked back to grade.

The result of this settlement and the consequent jacking up to grade of the track, will be more or less broken conduit; many broken handhole boxes; feeder ducts broken to such an extent that they will all have to be relaid. This will neces-

sitate drawing out the cables, re-leading the most of them and drawing them in again.

The settling of the track, in addition to the short kinks which it puts in the rails, also puts a strain on the joints which will be productive of considerable trouble and added expense in maintenance in the future.

Furthermore, the movement of the tracks and conduits has loosened all the tubing with which the conduit is lined to such an extent that within the last week it has several times come into contact with our conductor bars, causing electrical trouble and consequent delay to traffic.

It is my opinion that all of the tubing from Park Row to South Ferry will have to be cut out. All bolts and tie rods in this track construction will also have to be gone over and tightened up, having been loosened by the sinking of the track. The width of the slot opening has been subject to great variation, on account of the displacement of the track, and several accidents have occurred lately through carriage wheels going into the wide slot.

Also special work, such few pieces as are included in the track under consideration, is all out of shape and will probably have to be renewed in the immediate future.

It seems to me that the condition of this track is such that it would warrant steps being taken to make a substantial claim against the Rapid Transit Contractor.

Yours respectfully,

(Signed) M. G. STARRETT, Chief Engineer.

The Comptroller brought up the matter of proposed legislation, and moved the following resolution:

Resolved, That the counsel be instructed to prepare a proposed bill embodying such provisions as were in the resolutions adopted by this Board on March 18, 1904, and such other matters as they may recommend, and that with such proposed bill they also report as to such other matters as they may have investigated and excluded.

The Comptroller reported on the matter of the request of the contractor for release of two million-dollar deposits to secure the contract: that the matter had been referred to the Corporation Counsel and he would report as soon as he heard from him.

Letter, as follows, of the Art Commission of The City of New York was read, and the Chief Engineer reported that the plans for the bridge had been forwarded to the Art Commission by the Bridge Commissioner:

ART COMMISSION OF THE CITY OF NEW YORK,  
CITY HALL, NEW YORK CITY, November 7, 1904.

Rapid Transit Commission, No. 320 Broadway, City:

DEAR SIRS—We are in receipt of a communication from his Honor the Mayor, acting under section 637 of the Charter, stating that he requests the action of the Art Commission upon the designs of the proposed bridge over the Harlem Ship Canal at Broadway.

Copies of the form adopted by the Art Commission for such submissions will be furnished upon application and I shall be glad to facilitate prompt action in every possible way.

While the law does not limit the actual submission to the public official as distinguished from the architect or some other private individual directly concerned, certain inquiries that otherwise might be necessary may be dispensed with if the actual submission comes from yourself. Yours respectfully,

Communication as follows from Schmidt & Gallatin was read and referred to the Committee on Plans:

SCHMIDT & GALLATIN, No. 45 BROADWAY,  
NEW YORK, November 14, 1904.

Mr. ALEXANDER E. ORR, President, Rapid Transit Railroad Commission, No. 320 Broadway, New York:

DEAR SIR—We understand that your Board is about to consider the proposed plans for further subway extensions.

Referring to our proposition, dated May 4, 1904, making application for a rapid transit subway route under Thirty-fourth street, to be equipped with moving platforms, we respectfully request you to appoint a day on which we may meet your Board on the Committee on Plans, for the purpose of further advancing said proposition.

In order to do so properly and effectively we would respectfully ask your permission to bring to such a meeting certain experts, well known in the community and their respective professions, who will give their opinion in regard to the engineering and traffic questions involved and whose testimony, we feel confident, will be of much value and assistance.

Hoping that you will kindly make the appointment for an early day.

Yours very respectfully,  
(Signed) SCHMIDT & GALLATIN.

At this point the Mayor withdrew from the meeting.

Counsel presented form of agreement as to the Times Building, Forty-second street and Broadway, and the following resolution was moved:

Resolved, That the officers of this Board be and they hereby are authorized to execute contract in form substantially as follows:

Agreement made this twenty-seventh day of October, nineteen hundred and four (1904) by and between the New York Times Building Company, a corporation organized and existing under and pursuant to the laws of the State of New York, hereinafter called the "Building Company," party of the first part; the Interborough Rapid Transit Company, a corporation organized and existing under and pursuant to the laws of the State of New York, hereinafter called the "Transit Company," party of the second part, and The City of New York, acting by the Board of Rapid Transit Commissioners for said City, hereinafter called the "City," party of the third part, Witnesseth:

Whereas, Pursuant to law and to a certain contract made between the City and one John B. McDonald, dated the 21st day of February, 1900, and various amendments thereto, the said City is constructing a Rapid Transit Railroad under and along certain streets in The City of New York, and especially under and in front of the premises bounded by West Forty-second and West Forty-third streets and Broadway and Seventh avenue, in Manhattan Borough, in The City of New York; and

Whereas, The Building Company claims to be the owner in fee of the northerly portion of the premises hereinbefore described, subject to a certain easement through said premises granted by the Subway Realty Company to The City of New York by deed dated February 4, 1903, and recorded in the office of the Register of the County of New York on the 27th day of February, 1903, in Block Series Section 4, Liber 92 of Conveyances, page 89; and to be the owner of a leasehold expiring February 1, two thousand and three, of the southerly portion of said premises; and is erecting on the whole of said premises an office building which will extend above the street level at least sixteen stories, and which building will extend below the street level to a depth of about 55 feet, containing a basement and several sub-basements; and

Whereas, By the said contract, bearing date the 21st day of February, 1900, made between the City and the said John B. McDonald, the said McDonald has agreed to use, maintain and operate for a term of fifty years the said Rapid Transit Railroad when constructed; and

Whereas, By instrument bearing date the 1st day of August, 1902, the said McDonald has, with the consent of the Board of Rapid Transit Railroad Commissioners, assigned to said Interborough Rapid Transit Company so much of the said contract of February 21, 1900, as provided for the use, maintenance and operation of the said Rapid Transit Railroad; and

Whereas, The City has, for the purpose of the proper maintenance and operation of said Rapid Transit Road, designated that a station be placed and maintained at or near the intersection of West Forty-second street and Broadway; and

Whereas, The Transit Company deems it necessary, convenient and expedient to use a part of the lower portion of the building to be erected by the Building Company as a means of ingress and egress, in order that easy and ready access to and from said station may be had from Seventh avenue and the west side of Broadway; and

Whereas, The Building Company has agreed to allow such ingress to and egress from such lower portion of its building upon the terms and conditions hereinafter mentioned:

Now, therefore, in consideration of the premises and of the sum of one dollar by each of the parties hereto to the other in hand paid, the receipt whereof is hereby acknowledged, said parties agree to and with each other as follows:

First—The Building Company agrees to provide the entrances and exits shown on the plan numbered 543, marked Schedule A, hereto attached, and which plan is signed in behalf of the said Building Company and said Transit Company by their respective , and in addition three entrances through its building, on the street level, to wit: One on Forty-second street, one on Broadway and one on Seventh avenue, and covenants and agrees to keep the said entrances and exits open during the life of this contract, or so long as the conditions herein required to be kept and performed by the Transit Company, are faithfully kept and performed by it; also, that at all such times it will keep passageways within the building lines, between the station platforms and the sidewalks, including the steps within the building lines leading to the station platforms, free from obstructions and in a clean and suitable condition for the passage of passengers on said railway, to and from the said platforms. It being understood and agreed that neither the maintenance of such passageways nor anything herein contained, is intended or shall be construed as a dedication of such passageways, or any part thereof, to public use, or for any purpose other than to provide passageways to and from the station platforms of said Transit Company, for the use of its patrons, during the life of this contract, or so long as the conditions herein required to be kept and performed by the Transit Company are faithfully kept and performed by it, and the Building Company may close any one of said entrances and passageways through said building so as to exclude the public therefrom, not exceeding one day in each year; such time of closing to be previously approved by the Transit Company, provided that no more than one of such entrances and passageways may be so closed at any one time.

Second—On condition that the Building Company, its successors or assigns, shall keep the entrances and exits designated on the plans hereto annexed open at all hours for ingress and egress, except as aforesaid, the Transit Company covenants and agrees that it will cover or cause to be covered and kept covered the stairway and opening thereof hereof planned at or near the northwest corner of Forty-second street and Broadway, and that it will not at any time during the existence of said contract with the City, or any renewal thereof, unless legally required so to do by the City, or other lawful authority, build any stairway or maintain or provide any entrance to said subway station at any point on the northerly side of Forty-second street, between Broadway and a line parallel to Seventh avenue and distant twenty-four (24) feet easterly therefrom; and that unless legally required by the City to open, build, maintain or provide another entrance or entrances to said subway station at some point within the sidewalk space around the said building, it will not open, build, maintain or provide at any other place within the sidewalk space around the said building, any entrance or entrances to the subway station other than those shown on the plans hereto annexed and hereinbefore referred to.

Third—The Transit Company covenants and agrees to brilliantly light with electricity, whenever artificial light is necessary, during the day and night, the arcades in the ground story of said building, and also in the first basement thereof, at its own cost and expense and free of all cost to the Building Company. It is further understood and agreed that the fixtures to be lighted by the Transit Company are to be installed by the Building Company, in accordance with the lighting plans hereto annexed, marked Schedules B and C, and made part hereof, and that the cost of such installation and the maintenance of such fixtures shall be borne by the Building Company. It is understood and agreed, however, that if said Building Company shall fail to maintain arcades on the ground story and first basement levels, that then

the obligation on the part of the Transit Company, to light said levels, as herein provided, shall cease and terminate; and that the Transit Company does not undertake and shall not be required to light any booths or shops in, or adjacent to, such arcades.

Fourth—The Transit Company consents that the name of the station situated at Forty-second street and Broadway shall be designated and called "Times' Square Station," and covenants and agrees that it will allow the Building Company the use of any commercial tubes placed in the subway tunnel and which it may own or control upon as favorable terms as are accorded any person or corporation, the Government of the United States alone excepted.

Fifth—It is expressly stipulated and agreed by and between the parties hereto that the Building Company reserves to itself, its successors and assigns, any and all of its rights and privileges, whether under its vault permits or otherwise, except as hereinbefore specified, and that except as otherwise expressly provided herein the present building line shall be the line indicating the limit of each party for station maintenance.

Sixth—It is further understood and agreed that if the Transit Company, or its successors and assigns, shall procure a renewal of said contract of February 21, 1900, or of so much thereof as provides for the use, maintenance and operation of said Rapid Transit Railroad, then this agreement shall be deemed to be extended over such renewal period.

Seventh—The City hereby consents to this agreement and hereby releases the said John B. McDonald and the Transit Company of and from any and all obligations heretofore assumed to build the stairway and entrance hereinbefore referred to and planned for the northwest corner of Forty-second street and Broadway, and covenants and agrees, on condition that the Building Company, its successors or assigns, shall keep the entrance and exits designated on the plans hereto annexed open at all hours for ingress and egress, that it will not at any time during the existence of said contract, bearing date the 21st day of February, 1900, made between it and said John B. McDonald, or any renewal thereof, build or direct or cause to be built any stairway, or maintain or provide or direct or cause to be maintained or provided, any entrance to said subway station at any point on the northerly side of Forty-second street, between Broadway and a line parallel to Seventh avenue and distant twenty-four feet easterly therefrom.

Eighth—This agreement shall be binding upon the parties hereto, their successors and assigns.

In witness whereof this agreement has been executed for The City of New York by its Board of Rapid Transit Railroad Commissioners, under and by virtue of a resolution duly adopted by the said Board, and the seal of the said Board has been hereto affixed and these presents signed by the President and Secretary of the said Board, and the said Interborough Rapid Transit Company and said New York Times Building Company have caused these presents to be executed in triplicate by their proper officers, and their respective corporate seals to be hereto affixed and attested by their respective Secretaries, the day and year first above written.

INTERBOROUGH RAPID TRANSIT COMPANY,  
No. 23 NASSAU STREET,  
NEW YORK, November 17, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, City:

DEAR SIR—I beg to advise that The Bronx Viaduct Section of the Rapid Transit Railroad will be ready for operation in connection with the Manhattan Elevated Division from One Hundred and Forty-ninth street and Third avenue to One Hundred and Eighty-first street, from and after 12.01 A. M. on the 26th of November, 1904. I have therefore to request that your Board will approve the opening of that portion of the road for operation from and after that date.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
CHIEF ENGINEER'S OFFICE, NO. 320 BROADWAY,  
NEW YORK, November 22, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—It is requested that an additional room be arranged for at the office of the Engineer of the Second Division in the Arcade Building, on Broadway. The securing of this additional room will obviate the necessity of holding two offices now in use in the field, and will also save the expense of telephone, lighting and heating. The additional room is absolutely necessary to take care of the present force, and will be less expensive than the two offices proposed to be abandoned.

Very truly yours,

(Signed)

WM. BARCLAY PARSONS, Chief Engineer.

The following resolution was moved:

Resolved, That the Chief Engineer of this Board be and he hereby is authorized to execute a lease for an additional room in the Arcade Building, as requested in his report printed above.

Counsel reported that the following letter had been received from the Comptroller as to the release of the two million dollars deposit to secure Contract No. 1, and it was understood that counsel would prepare form of an agreement for presentation at subsequent meeting, to provide for this release on the terms suggested:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
November 21, 1904.

Hon. GEORGE L. RIVES, Counsel, Board of Rapid Transit Railroad Commissioners:

SIR—Your recent communication, dated October 21, 1904, concerning the proposal of the Board of Rapid Transit Railroad Commissioners to return the two deposits of \$1,000,000 each, made by John B. McDonald, the contractor who has constructed the Rapid Transit Railway, was referred by me to the Corporation Counsel of the City for his advice. Under date of November 18, 1904, he submitted to me an opinion in which he stated that upon all the facts set forth therein, he believes that I would be justified in approving the recommendation submitted by you.

Upon all the facts cited by the Corporation Counsel, I have determined to acquiesce in the suggestion of the Commissioners, upon the condition that the sureties upon the remaining bonds of said contractor, including the Interborough Rapid Transit Company, shall stipulate that they will consider their responsibility under said bonds extended to include any liability which would have been covered by the said cash deposits if they had not been refunded.

Respectfully,

EDWARD M. GROUT, Comptroller.

Counsel reported that Mr. Reese, owner of premises No. 207 Broadway, had preferred a claim for damages for invasion of their basement by the contractors. The matter was referred to the Comptroller for examination and report.

The Board then went into executive session.

The Board then resumed public session.

The Comptroller moved the following resolution:

Resolved, That it is the opinion of this Board that, in pursuance of its powers under the law and the contract, it should direct that no advertisements be displayed along the side walls of the station platforms fronting the tracks and below the frieze of such side walls; and that no signs be affixed in any part of the station or platforms except in the manner this day reported to this Board and recommended by the Chief Engineer; and that no signs be affixed at any time unless the certificate of the Chief Engineer be first obtained, that the directions of this Board have been complied with.

Resolved, further, That the Chief Engineer is directed to report to the Board at its next meeting definite rules, regulations and diagrams to carry out the terms of this resolution.

Ayes—President, Vice-President, Acting Mayor, Comptroller and Commissioners Langdon, Smith, Jesup and Claflin.

Nays—None.

Carried.

The Comptroller moved the following resolution:

Resolved, That the placing of slot machines in the subway stations is inconsistent with the most efficient operation of the railroad, and that such machines are obstructions which in the public interests should be removed.

Ayes—President, Vice-President, Acting Mayor, Comptroller and Commissioners Langdon, Smith, Jesup and Claflin.

Nays—None.

The President presented letter of Ward & Gow, dated November 21, 1904, as to advertising.

The following correspondence was presented:

CITY OF NEW YORK—OFFICE OF THE MAYOR,

Hon. ALEXANDER E. ORR, President, Rapid Transit Commission, New York City:

SIR—The Mayor directs me to transmit to you the inclosed communication from the Central Federated Union.

Respectfully,

(Signed) JOHN H. O'BRIEN, Secretary.

OFFICE OF THE CENTRAL FEDERATED UNION,  
UNIVERSITY SETTLEMENT BUILDING, NO. 184 ELDRIDGE STREET,  
NEW YORK, November 7, 1904.

To the Hon. Mayor McCLELLAN, Greater New York:

DEAR SIR—Herewith you will receive a synopsis of the history which led to the construction of the underground tunnel, covering the very auspicious part taken therein by the organized labor movement of The City of New York.

We deem it a duty to the people of this City, as well as ourselves, that you be made acquainted with these facts, and hence the convention of this body which convened on November 6, 1904, that being the tenth anniversary of the people's referendum vote for municipal rapid transit, decided upon this action.

Very truly,

(Signed)

CENTRAL FEDERATED UNION.  
ERNEST BOHM, Corresponding Secretary.

*Protest Adopted by the Central Federated Union, Sunday, November 6, 1904, the Tenth Anniversary of the Popular Vote on Municipal Rapid Transit.*

Noting with regret the unscientific method adopted by the Chamber of Commerce, and by its representatives on the Rapid Transit Commission, in the writing of rapid transit history, we, the Central Federated Union, hereby resolve, on this 6th day of November, the tenth anniversary of the people's vote for municipal rapid transit, to break our silence and to insist that this referendum, an historic fact as important as any in rapid transit history, be no longer ignored. It becomes our duty to proclaim this fact, inasmuch as the trade unions of this city, with hearty unanimity, as well as the mass of the people in a petition of fifty-five thousand signatures, fought for this referendum throughout the legislative sessions of 1893 and 1894, while the Chamber of Commerce opposed it bitterly. The trade unions secured this right from the Legislature of 1894, and on November 6 of that year the people decided for municipal rapid transit by a vote of 132,647 against 42,916.

This vote became and it has remained the keystone in the arch of municipal rapid transit. When in May, 1896, the Appellate Division of the Supreme Court rendered its famous decision against the first plan, and when thereupon the Rapid Transit Commission issued an address to the people, saying: "Its (the Court's) decision seems to us to be as effectual a prohibition of municipal construction as would have been a decision that the rapid transit act was unconstitutional," then in that dark hour it was the voice of the people, as expressed in the referendum of 1894, which commanded the Rapid Transit Commissioners not to abandon their post of duty, but to prepare another plan of a municipal rapid transit railway.

The tablet in the City Hall Subway Station, which evidently is intended to summarize the history of this undertaking, makes no reference to the people's vote. The tablet reads as follows:

"The first Municipal Rapid Transit Railroad  
of the City of New York"  
"Suggested by the Chamber of Commerce."  
"Authorized by the State."  
"Constructed by the City."

In justice to indisputable history, we protest against an omission, which amounts to a perversion of the truth.

Resolved, That copies of this protest be sent to his Honor, Mayor McClellan, the Rapid Transit Commission and the press.

Various communications were presented by the President, and ordered on record.

NEW YORK, November 15, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, City Hall, City:

SIR—Your communication of the 9th of November has been received inclosing the letter from the Central Federated Union, dated the 7th of November, containing the protest adopted by the Union on the preceding Sunday, as to the wording on the commemorative tablet at the City Hall station of the Rapid Transit Railroad.

To those who are familiar with the history of rapid transit in New York City it may seem unnecessary to make any further statements in regard to it at this late day, but inasmuch as the Central Federated Union seems to have confused different acts and dates relative to rapid transit legislation, it has seemed to me wise, in the interest of historical accuracy, to communicate with you on the subject.

The Chief misapprehension of the Central Federated Union seems to be as to the part taken in rapid transit by the Chamber of Commerce. Long before the present Rapid Transit Board, or its predecessors, that of 1891, or the Board of 1890, had been heard of, the Chamber of Commerce, through its members, was agitating the necessity for addi-

tional rapid transit facilities in The City of New York. It was in January, 1888, that Mayor Abram S. Hewitt, for very many years a prominent member of the Chamber of Commerce, in a message to the Board of Aldermen, specially urged the necessity for a rapid transit railroad, which should be built with the City's money, and owned by the City. I well remember in the spring of that year going before the Railroad Committee of the Board of Aldermen, to whom this recommendation of Mayor Hewitt was referred, and urging upon that committee the necessity for the adoption of Mayor Hewitt's plan. I should, perhaps, not think it worth while to mention this visit were it not for the fact that I was accompanied by Mr. Morris K. Jesup, at that time a prominent member of the Chamber of Commerce, and now, as you know, its President, and from the further fact that this futile effort on the part of individual members of the Chamber of Commerce to persuade our City Fathers of that day of the necessity for municipal rapid transit, has been recently called to my mind in a striking manner, by the receipt of a letter from one of the few surviving members of that committee, which is as follows:

14 OCTOBER, 1904.

A. E. ORR, Esq.:

MY DEAR MR. ORR—You will remember that in the spring of 1888, you and Mr. Jesup came before the Railroad Committee of the Board of Aldermen and indorsed Mayor Hewitt's scheme for a subway as explained in the Mayor's message.

I opposed the plan, but I now learn that you were right, and I am glad the subway is finished.

The late Judge Fitzsimons was Chairman of that Committee, and I think most of the seven members are now dead.

With kind regards,

Yours faithfully,

It was on January 8, 1891, that the Chamber of Commerce formally took action as a body on this matter. At that time it unanimously adopted the following resolution:

"Whereas, The growth of the City and the convenience of its inhabitants are seriously interfered with by reason of the want of the necessary and adequate rapid transit facilities; therefore be it

"Resolved, That the Chamber of Commerce urge upon the Legislature and Governor of the State the immediate passage of a suitable bill creating a competent Commission, irrespective of party, who by their standing and intelligence will ensure fair and honest action upon the many interests involved, and who shall be empowered to take all needed measures to provide for the citizens of New York a complete and efficient system of rapid transit, the emoluments whereof shall largely accrue to the City's benefit and not to that of any private corporation."

It was largely as a result of this action that the Rapid Transit Act of 1891 was passed by the Legislature and signed by the Governor. The work of the Commission appointed under this Act bore no fruits.

Again, in 1894, the Chamber of Commerce, still strongly impressed with the importance of additional rapid transit facilities, took up the question of rapid transit, and appointed a committee specially charged with the duty of recommending a plan which would, at the earliest possible moment, insure this most desirable result. On April 5, 1894, this committee reported to the Chamber a bill entitled "An Act to amend chapter 4 of the Laws of 1891, entitled 'An act to provide for Rapid Transit Railroad in cities of over one million inhabitants.'" This bill was approved by the Chamber of Commerce and submitted to the Legislature by its committee. The Chamber, through its committee, several times appeared before the legislative committee, to whom the bill was referred, and, after its amendment in a few particulars, the bill finally became a law. The Act provided for the appointment of a Commission to consist of eight members, of whom the Mayor, the Comptroller and the President of the Chamber of Commerce should be ex officio members, and the other five, evidently in recognition of the action of the Chamber of Commerce, were all members of the Chamber of Commerce. Another feature of this bill was the referendum clause, providing for a submission to the voters of the City of the question whether or no a Rapid Transit Railroad should be constructed with the City's credit. Under this Act, as everybody knows, the Rapid Transit Railroad has been constructed and is now being operated.

On October 4, 1894, in view of the then existing conditions, the Chamber of Commerce adopted resolutions, a copy of which is hereto appended, marked A.

On November 1, 1894, the Chamber of Commerce issued an address to the voters of the City, urging their approval of municipal construction at the succeeding election. A copy of this address is attached, and marked B.

It was with all these facts in mind that the Rapid Transit Board adopted the form of tablet, which is now to be seen in the City Hall Station of the Subway. In view of all the circumstances, it seemed to be only a matter of duty to recognize the fact that the idea of municipal construction was originally suggested by the Chamber of Commerce; that the authorization contained in the Rapid Transit Act was obtained from the Legislature and the Governor of the State, and last, and most important of all, that the road was constructed by the City of New York.

Yours respectfully,

(Signed) A. E. ORR, President.

"A."

OCTOBER 4, 1904.

Whereas, The Rapid Transit Commissioners, appointed under the act passed by the last Legislature, have adopted routes and plans for the construction of a rapid transit road in the City of New York, but are prevented by law from further proceeding in the matter until there shall have been a vote of the people at the ensuing election upon the question whether a rapid transit railway shall be constructed by the City at the public expense; and

Whereas, The scheme of municipal construction, provided by law, requires also that the road, when constructed, shall be operated by the contractor for a term of not less than thirty-five years, and for an annual rental which will pay the interest on the City bonds and the principal when the bonds mature, thus making the road pay for itself, and so relieving the taxpayers from any additional burden by reason thereof; and

Whereas, The Board of Rapid Transit Commissioners has approved of the principle of municipal construction and operation of a rapid transit road, as affording a practical solution of the rapid transit question in this City, the attempts of the former Commission to secure the building and operation of such a road, through the agency of private capital, having failed; and

Whereas, It appears that the statute providing for municipal construction affords full protection to the City against extravagance and corrupt practices in the construction and operation of such road;

Resolved, That we approve of the construction of a rapid transit railway by the City at the public expense, under the conditions and limitations prescribed by the act providing for the same, and invite all citizens having the best interests of this City at heart to unite with us in an effort to secure a favorable vote of the people upon the question, and thus enable the Rapid Transit Commission to proceed with the construction and provide for the operation of a rapid transit railway, which shall be owned by the City, and which shall be constructed and operated with entire regard for the safety, comfort and convenience of the people.

The preamble and resolution were unanimously adopted.

"B."

ADDRESS TO THE VOTERS, NOVEMBER 1, 1894.

"To the Voters:

"The undersigned, Special Committee of the Chamber of Commerce on Rapid Transit, ask you to vote for municipal construction for the following reasons:

"1st. The cars of the Manhattan Elevated Railway, during the crowded hours of the morning and evening, are packed like a cattle train, both inside and on the platforms, with as little regard to the health and comfort of the passengers as if they were so many animals on the way to the market, and there is no hope for any immediate relief unless the proposed law is sustained by your votes.

"2d. We believe, and we are sustained in this opinion by the highest legal authority, that the proposed act is legal and constitutional, and that the cry of unconstitutionality is raised only from interested motives.

"3d. The taxable value of property in the City will be largely increased, thus increasing the City's income. And, in a series of years the City will own the road, free of all debt and encumbrances, thus making good the security for the bonds issued for the building of the road.

"4th. In addition to the guaranty which the high character and ability of the Commission assure, the provisions to prevent extravagance in construction and in the expenditure of money are ample and businesslike.

"5th. Especial advantages of municipal construction over private enterprise are that the interest charges will be one-half less by the former method, and the public will reap all the benefit therefrom. Furthermore, the road will be free from taxation because of the City ownership.

"6th. The rapid transit which the proposed bill will furnish will enable the people of the City to reach cheaper and more comfortable homes in the country at a minimum expenditure of time and money. It is expected that four tracks will be provided, and that express trains will reach Harlem from the Battery in fifteen to twenty minutes.

"7th. It is the belief of the Committee, founded upon competent authority, that all supposed engineering difficulties in the way of disturbing adjacent buildings are without serious foundation, and can be readily overcome.

# PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD AT NO. 320 BROADWAY, ON THURSDAY, THE 1ST DECEMBER, 1904.

There were present:

Alexander E. Orr, President, presiding, John H. Starin, Vice-President, Mayor George B. McClellan, Comptroller Edward M. Grout and Commissioners Woodbury Langdon, Charles Stewart Smith, Morris K. Jesup and John Claffin.

George L. Rives and Albert B. Boardman, counsel, William Barclay Parsons, Chief Engineer, and George S. Rice, Deputy Chief Engineer, also were present.

The minutes of the preceding meeting, that of November 22, were read and it was moved that they be approved.

Ayes—President, Vice-President, Mayor, Comptroller and Commissioners Langdon, Smith, Jesup and Claffin.

Nays—None.

Carried.

The following communication from Mr. Parsons was presented and read and referred to the Committee on Contracts: President Orr expressing at the same time the general regret of the Board at the receipt of Mr. Parsons' resignation and the hope that he could be retained by the Board as Consulting Engineer:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
CHIEF ENGINEER'S OFFICE, NO. 320 BROADWAY,  
NEW YORK, 1st December, 1904.

The Honorable ALEXANDER E. ORR, President, Rapid Transit Board, New York:

MY DEAR MR. ORR—With the opening of the East Side Line, much the greater part of Contract No. 1 is completed, while the comparatively unimportant parts remaining to be given over to operation are nearing completion. On Contract No. 2 all the main features of construction are decided and the principal difficult problems solved, and the work itself is already so advanced that the Fulton Street Station is a matter of early accomplishment, while the opening of the line to South Ferry will probably take place before the first half of next year is passed. The main work, therefore, for which the Rapid Transit Board was created can be said to be done. The Board is now about to enter upon the second step of its work, the building of new subways and the development of the existing one.

For ten and one-half years I have had the honor of serving the Board as its Chief Engineer, from the first beginning to the present completion. I now feel that the work that I began is finished, and that the future work, with its new plans and broad development, can well be trusted to other hands, permitting me to give my attention to new duties. It is with the deepest regret that I return to the Board the commission entrusted to me, then a very young man in 1894, when the Board was organized. I can never forget either the confidence imposed in me by the Board during the first period, when success seemed almost impossible of attainment, or the support given during the past five years when the work has been in progress. During this latter period our own work has been completed with extraordinary rapidity, according to the contract plans, and for the contract price and original estimate, except as special additions of more lines and stations have been made.

By the end of this year there will have been expended, under the direction of the Board, \$44,171,142. Representing about \$47,503,963 of actual cost of work, as the payments on Contract No. 2 are but one-fifth of the actual cost. In addition, equipment to the value of \$17,000,000 has been added by the construction company, under the approval of the Board; and franchises have been granted to private companies, work on which has already begun, and which, when completed, will cost \$50,000,000; while plans for new subways to cost, ultimately, \$60,000,000 have been begun. It is more than gratifying to be able to point out that such expenditures have been made without a single adverse question, nor for a moment stopped by an injunction.

To every member of the Board I am deeply indebted, not only for the official trust, confidence and support to which I have alluded, but to many acts of personal courtesy; and to you especially, my dear sir, with whom I naturally have been brought in closer relations, I owe more than is possible in any way to record. I desire to avail of this opportunity to express my appreciation of the manner in which the construction company, through its president, Mr. Belmont, and its engineers, have uniformly accepted my plans, and of the way in which the contractor, Mr. McDonald, and the sub-contractors have heartily co-operated to successfully carry out the work; and, above all, I wish to express my obligations for the faithful, honest and personally loyal services rendered by the engineering staff.

I fix no date for this resignation to take effect, leaving that to the convenience of the Board, but would suggest the end of the present year as a fitting time.

I am, my dear Mr. Orr,

Yours respectfully,

(Signed)

WM. BARCLAY PARSONS, Chief Engineer.

Letter of the President of the Interborough Rapid Transit Company and report of the Chief Engineer as to advertising signs in the Subway were read, as follows, and action on this matter postponed until next meeting:

INTERBOROUGH RAPID TRANSIT COMPANY,  
No. 23 NASSAU STREET,  
NEW YORK, November 30, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

MY DEAR SIR—I wrote you on November 17, stating generally what this company was advised by counsel were its legal rights with respect to permitting advertisements in the Subway stations. No further statement with respect to the subject has been made to your Board or to the press by this company, or by any officer on its behalf. The interest which is felt by the officers and directors of this company in the proper finish and maintenance of the stations may be best illustrated by the fact that this company expended, largely in the finish and ornamentation of the stations, upwards of \$900,000 in excess of the amount originally estimated and provided by this company for the construction contract.

In considering the question whether or not the advertising signs which have been placed in the Subway interfere with the easy identification of the stations, the only means of identification so far referred to have been the name tablets, medallions and emblems placed in the station walls.

During the progress of the work of construction the operating department of this company frequently objected to certain of the devices, emblems and color schemes adopted by your engineers as insufficient and inappropriate from an operating point of view, and immediately upon the opening of the Subway it became apparent that the names and devices in the stations to passengers in approaching trains were, in most instances, placed too high to be seen from the cars, and that some other means of identification would have to be adopted. The officials of this company have been studying this question carefully for some time, and now have under consideration several different suggestions which they hope may afford a solution of the difficulty. On the island platforms at express stations illuminated or transparent signs, bearing the name of the station, are used with satisfactory results, and it may be desirable to place some such device upon local station platforms, as well as to adopt other methods which may be easily seen from the car windows.

While we are not yet ready to make definite suggestions to your Board, we hope shortly to present for your consideration a comprehensive plan of station identification which will materially alter the effect upon such identification of the advertisements which have already been placed in the stations, and the determination of the places where such advertisements may be placed in the future without contravening the restrictions contained in the lease. In the meantime, we have taken steps to have the advertising signs removed from places where they interfere with the name tablets or with the proper methods of cleansing the stations and station approaches, and our Vice-President and our General Manager have been conferring with your Chief Engineer in an effort to reach an agreement as to the places where advertisements may now be placed in stations so as not to in any manner interfere with the present means of identification of stations, and I beg to assure you that it is the disposition of this company, if possible, to fully meet the views of your Board on this subject. In this connection, we must ask you to bear in mind the fact that, relying upon the rights acquired in the contract made with the City, acting by your Board, we in turn, under the advice of counsel, entered into agreement with Messrs. Ward & Gow, on the faith of which they have expended large sums, and also entered into contracts, and that we must in honor, to the best of our ability, live up to our contract obligations. I remain,

Yours very truly,  
(Signed) AUGUST BELMONT, President.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,  
NEW YORK, December 1, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—At the last meeting of the Board I was directed to prepare a report showing what spaces at various stations could be occupied by advertisements under certain limitations, as prescribed by the Board. I am in receipt of a letter from the Vice-President of the Interborough Company, reading as follows:

INTERBOROUGH RAPID TRANSIT COMPANY,  
No. 195 BROADWAY,  
NEW YORK, November 30, 1904.

WM. BARCLAY PARSONS, Esq., Chief Engineer, Rapid Transit Commission, New York City:

DEAR SIR—It is the desire of the Interborough Rapid Transit Company to meet the views of the Rapid Transit Commission as regards the placing of advertisements in the stations of the subway, so far as its contract with the lessees of these privileges from them will permit.

With the view to arranging, if possible, for an adjustment of this matter which may be acceptable to the Commission and the Interborough Company, it is suggested that you and the writer arrange a conference to take up the subject and agree, if possible, upon a joint report which will doubtless be acceptable to the Commission, the Interborough Company, and Ward & Gow.

Yours truly,  
(Signed) E. P. BRYAN, Vice-President.

I have had a conference with Mr. Bryan and a conference with Mr. Belmont, President of the Interborough Company, who have assured me that it is the desire of the Interborough Company to effect such an arrangement as will be satisfactory to the Board. The Interborough Company is now making a special investigation of each station along the line, as suggested by the Board, and will then take the matter up with me, as representing the Board.

In answer to the request of the company to withhold making a definite report until such a conference could be held, I ask that the time of making the report be extended until the next meeting.

Very truly yours,  
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

The Comptroller moved the following resolution:

Resolved, That the Secretary be hereby directed to request the Interborough Rapid Transit Company to submit to this Board a copy of its contract with Ward & Gow, with respect to advertising in the subway.

Ayes—President, Vice-President, Mayor, Comptroller and Commissioners Langdon, Smith, Jesup and Claflin.

Nays—None.

Carried.

Reports of Chief Engineer and Counsel on the matter of the claim of Richard Mock, No. 145 West Forty-second street, were presented as follows, and a copy ordered transmitted to the Finance Department:

NOVEMBER 28, 1904.

Hon. A. E. ORR, President:

DEAR SIR—The claim of Richard Mock, of No. 145 West Forty-second street, for \$42,000 alleged to be due for damages sustained by the claimant by reason of the construction work of the Rapid Transit Railroad in Forty-second street, in front of his premises, was the subject of a letter addressed to you under date of September 12, 1904, by the Finance Department of the City. The subject was referred by your Board to the Chief Engineer and Counsel for report. The report of the Engineer, dated November 19, 1904, has just been handed to us and we enclose the same herewith. You will observe that Mr. Parsons reports that "the stoop and area way and vault in front of this building were more or less disturbed on account of settlement due to rapid transit work." Mr. Parsons does not claim that this settlement was due to any negligence on the part of the contractor or sub-contractor, and if so the question of the liability of the City for damages and of the duty of the contractor to indemnify the City against any such claim, is open to question.

As to the amount of such damage, you will perceive that Mr. Parsons thinks that \$750 should have been enough to cover it.

The greater part of the claim, namely, \$40,000, is stated to be for "damages sustained by reason of loss to the business, cafe and restaurant of above-named claimant, on account of above-specified damages to the building and excavating as aforesaid, and the thereby rendering said place unsafe, untenable and unfit for such business during whole of such time of such above-mentioned four years, loss being at the rate of \$10,000 for each of said years through the falling off of the trade."

It is enough to say with respect to this claim that we know of no principle of law under which it could be sustained.

Respectfully yours,  
(Signed) G. L. RIVES,  
BOARDMAN, PLATT & SOLEY.

NEW YORK, November 19, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—In regard to the recent claim of Mr. Richard Mock, of No. 145 West Forty-second street, which was transmitted through the Department of Finance for investigation, and in which Mr. Mock claims damage to the extent of \$42,000, being \$2,000 for physical damage to his property and \$40,000, at the rate of \$10,000 a year for four years, for falling off in trade during the time when the damages and excavation in front of his building rendered the place unsafe, I beg leave to report that undoubtedly the stoop and areaway and vault in front of this building were more or less disturbed on account of settlement due to Rapid Transit work. The principal items that were necessary to be done to restore this building to its original condition are very approximately as follows:

4.1 cubic yards of brickwork used in construction of coal vault walls.  
4.8 cubic yards of new brickwork supporting steps. These steps were wholly rebuilt.

25.3 square yards of concrete floor for coal vault and concrete floor of areaway in front of entrance to bar, near the sidewalk level.

Resetting steps leading from area to the sidewalk, 47 linear feet of stone 18 inches by 5 inches.

Relaying of 40 square yards of bluestone sidewalk. (This work, however, was relaid by the Degnon Construction Company in fairly good condition.)

284 square feet of new bluestone flagging. I cannot judge whether this was necessary or not. I hardly think it was.

The principal item is the following:

300 square feet of marble risers and treads and sides of stoop, some of which has to be renewed, as several of the risers and treads were cracked. I cannot judge how much of this was new, as it was all redressed and has the same general appearance now.

There were some minor items, in the way of pointing and slight repairs to arches, etc., that were probably necessary.

In my judgment, \$750 should have made this work good.

I will remark as regards items, as follows:

Painting, graining and varnishing all wood and iron work on basement and first story front, etc.

Connected the area to house drain by cast iron, with running trap, and replaced all plumbing, etc.

Brass railing around area furnished—

Also repairing all inside work.

Damaged stone steps leading from area to sidewalk replaced with new ones.

These items belong to the building proper, which did not settle, and were not damaged by our work."

As to the damage for four years' interference with this building, the ground was not broken in front of this building until June and July of 1902, and the refilling was completed and the surface restored and the construction opposite the restaurant completed in 1903; the back-filling was put in the same month. The sidewalk flagging was placed in March, 1904, and finally relaid in June, 1904. A period, therefore, of two years, and not four years, marks the whole interference in front of his building which could in any way interfere with his business or render the building unsafe. As a matter of fact, the actual construction in front of this building covered a period from July, 1902, to October, 1903, a period of fifteen months.

Very truly yours,  
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

SEPTEMBER 12, 1904.

A letter of John Wanamaker was read as follows, and referred to the Committee on  
Contracts:

JOHN WANAMAKER,  
BROADWAY, FOURTH AVENUE, NINTH AND TENTH STREETS,  
NEW YORK, December 1, 1904.

To the Board of Rapid Transit Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—Supplementing what was orally said at the recent hearing of your  
Board on the question of an underground communication on Manhattan Island with  
the tunnel under the North River, we would add the following considerations:

The problem before your Honorable Body, as we know it, is to accommodate,  
so far as possible, every one who desires to visit The City of New York, both by  
way of ingress and egress, thus contributing to its commercial advantages as an  
entirety. There would necessarily be among this number, not only those who come  
to the city to purchase, but those who are employed in the city and live out of it,  
visiting it each day, and so contributing quite as much to the city's business life.  
Even this classification covers but a portion of those persons who come to The City  
of New York.

The practical problem, therefore, is one of equable distribution, and the present  
discussion is one phase of such general proposition. The North River tunnel will so  
materially aid and assist in bringing people to Manhattan Island that it will require  
the most careful consideration for their distribution. Consistent with the physical  
contour of the island, the heaviest travel must be north and south, and there are at  
present, on every important street running north and south, substantial accommoda-  
tions, either by way of surface, elevated or underground transit. It follows as a  
consequence that that method of distributing people will be most effective which  
reaches the greatest number of north and south lines of transportation, and to that  
end it seems to us that, in any event (assuming that there is to be a connecting  
subway on Manhattan Island with the North River tunnel), there should certainly be  
a condition precedent to the granting of authority for tunnel accommodations, first,  
for a cross-town tunnel, which would give the fullest opportunity to reach every part  
of the city, and then requiring openings on such cross-town street as your Hon-  
orable Body might designate, which will enable people coming through the tunnel  
to make their exit therefrom at any point where they can reach at once such further  
north and south transportation as best suits their immediate convenience.

This is but another way of stating our belief that the best general plan requires  
a tunnel east and west on Manhattan Island. It is true to a degree that any other  
line of tunnel route than the one indicated, and which might lead directly to a par-  
ticular locality, would be of benefit to the city at large if it benefited that locality,  
although this benefit would be of decreasing importance according to the distance  
therefrom of other centres where people largely congregate, and it would not justify  
discrimination against other sections unless its importance outweighed the import-  
ance of all the rest of the city, and particularly so when it is entirely possible, by a  
slight modification of the present plan, to be reasonably just to every interest. If such  
locality sought to be favored at the present moment, however, should have added ad-  
vantages over any other locality in the way of surface transportation, it is consistent  
to state that it is just, first, to develop a general plan which would place all localities  
as near as may be upon an equality, and after that consider the requirements of par-  
ticular sections of the city.

To be specific, there can be no doubt that a tunnel, such as proposed up Sixth  
Avenue, would be of great benefit to that locality, already well supplied, and there-  
fore of some benefit to the city at large, but it cannot be consistently argued that  
the facility that it would furnish for that section is of greater importance than the  
general benefit of all the rest of the mercantile sections of the city combined, or that  
the people who would seek that particular section would outnumber all those who  
would seek other points. It, therefore, seems to us that, inasmuch as this avenue is  
supplied with a fair degree of transit facilities now, the completion of a tunnel there  
until a tunnel is provided which will aid distribution throughout the entire city, is  
unjust to other sections, as well as illogical.

There is a further consideration in the fact that a tunnel across Manhattan Island  
and connecting directly with the present subway would greatly improve communica-  
tion between New Jersey and Brooklyn and would simplify the problem of best ser-  
vice for Brooklyn residents in their transportation on Manhattan Island.

That your Honorable Board might consider a tunnel under Sixth Avenue the  
proper result of a persistent demand cannot be as justly opposed after a tunnel has  
been provided across the city as it could be now.

We would have preferred to have confined all our reasons to general proposi-  
tions, leaving deductions therefrom as applicable to the present problem. Inasmuch,  
however, as the advocates of a tunnel under Sixth Avenue have confined themselves  
entirely to the question of a benefit to that section, we believe it not inconsistent to  
refer to the desirability of the cross-town tunnel, which would reach, approximately,  
the intersection of Eighth street and Fourth Avenue. With the approval of your  
Board the original plans of the subway, now open, were modified by the widening  
of Fourth Avenue at Eighth street, to meet possible, present and future congestion of  
traffic. That point will always be one of importance to the city on account of its  
converging lines. In addition to the streets meeting at right angles, there are con-  
verging streets, and the widening of Elm street, extending to Lafayette place, makes  
Fourth Avenue and Eighth street, and the open space thereabout, approachable from  
more directions than (with one or two exceptions) any other location in The City  
of New York. If there is, therefore, any particular section which is to be consid-  
ered on account of its peculiar location, its present conditions and future possibilities,  
it is the section in the immediate neighborhood of Eighth street and Fourth Avenue,  
and the people for whose transportation to that point the proposed east and west  
tunnel would be a great accommodation would represent as many diverse interests  
as those who would seek any other point anywhere in the city.

While we consider the location argument as pertaining and applicable to Eighth  
street and Fourth Avenue as to Sixth Avenue, we wish to be understood, however, as  
urging the cross-town tunnel on the general proposition that thereby it is possible  
to distribute more people to more points more readily by more lines of transporta-  
tion than the present exclusive proposal of a tunnel under Sixth Avenue.

We, therefore, submit that the proper course for your Board is to first insure the  
general distribution along the lines here suggested and thereafter, or contemporane-  
ous with such east and west tunnel, make such further provisions for north and  
south underground communication as, in your judgment, may seem wise.

Very respectfully yours,  
(Signed) JOHN WANAMAKER.

A request of the Brownsville Board of Trade for a hearing as to a Subway exten-  
sion to that place was read and hearing set down for the next meeting.

Counsel reported progress in their efforts to obtain consents of property owners  
for the Flatbush Avenue and Ocean Avenue extension for the Brooklyn Subway.

Counsel presented form of agreement as to release of \$2,000,000 deposits, and  
the following resolution was moved:

Resolved, That the officers of this Board be and they hereby are directed to exe-  
cute an agreement in form substantially as follows:

Agreement made the day of ..... in the year nineteen hundred and four,  
between The City of New York (hereinafter called the City), acting by the Board of  
Rapid Transit Railroad Commissioners for The City of New York (hereinafter called  
the Board), party of the first part; John B. McDonald, of The City of New York  
(hereinafter called the Contractor), and Rapid Transit Subway Construction Com-  
pany (hereinafter called the Construction Company), parties of the second part; and  
Interborough Rapid Transit Company (hereinafter called the Interborough Company),  
party of the third part—

Whereas, Heretofore and on the 21st day of February, 1900, the City, acting by the  
Board, entered into a contract with the contractor for the construction, equipment and  
operation of a rapid transit railroad in The City of New York, the said contract being  
hereinafter styled the contract for construction and operation; and

Whereas, On the said 21st day of February, 1900, and immediately after the execu-  
tion of the contract for construction and operation, the City, acting by the Board, en-  
tered into another contract with the contractor modifying the said contract for con-  
struction and operation, the said modifying contract being hereinafter styled the agree-  
ment for modification of contract; and

Whereas, Upon entering into the said contract for construction and operation and  
the said agreement for modification of contract, the Contractor gave to the City as  
security:

a. A continuing bond in the penalty of one million dollars for the performance of  
the said contract for construction and operation, with Perry Belmont as surety thereon.

b. A bond in the penalty of five million dollars to secure the construction and equip-  
ment of the railroad, upon which bond the sureties are: Rapid Transit Subway Con-  
struction Company (one of the parties to this agreement), the United States Fidelity  
& Guaranty Company, the City Trust, Safe Deposit & Surety Company of Philadelphia,  
American Surety Company of New York and National Surety Company.

c. A deposit with the Comptroller of The City of New York of the sum of one  
million dollars in cash; and

Whereas, The Construction Company, one of the Contractor's sureties, thereafter and  
about the 1st day of January, 1901, in accordance with the provisions of the agreement  
for modification of contract, made a further deposit with the Comptroller of The City  
of New York of certain securities of the value of more than one million dollars as addi-  
tional security for the construction and equipment of the railroad; and

Whereas, By written instrument, dated the 10th day of July, 1902, the Contractor,  
with the written consent of the Board, concurred in by six members thereof, duly as-  
signed the right or obligation to maintain and operate the said Rapid Transit Railroad  
for the term of years specified in the said contract and all rights included in the leasing  
provisions of the said contract, together with the obligation to provide equipment for  
the said railroad, unto the Interborough Company, which company also guaranteed the  
performance by the Contractor of the provisions of his said contract not so assigned  
to it; and

Whereas, By written instrument, dated the 24th day of November, 1903, it was  
agreed that the continuing bond originally given as aforesaid with Perry Belmont as  
surety thereon might be surrendered and cancelled upon the Contractor and the Inter-  
borough Company giving to the City another bond in amount at least one million dollars;  
and

Whereas, On or about the 7th day of January, 1904, the said continuing bond, with  
Perry Belmont as surety, was surrendered and cancelled, and a new continuing bond in  
the penalty of one million dollars was given in its place, with John B. McDonald and  
the Interborough Company as principals, and the Fidelity and Deposit Company of  
Maryland and United States Fidelity and Guaranty Company, as sureties; and

Whereas, The Comptroller of The City of New York now holds the sum of one  
million dollars in cash deposited on or about the 21st day of February, 1900, by the Con-  
tractor; and also certain securities constituting the above-mentioned deposit of one  
million dollars, made by the Construction Company about the 1st day of January, 1901,  
such securities being either those originally deposited or others duly deposited in addi-  
tion thereto or in lieu of securities withdrawn; and

Whereas, In and by the said contract for construction and operation it was further  
provided that when the Contractor should have fully completed the construction and  
equipment of the railroad, according to the terms thereof, and the operation of the same  
should have begun pursuant to the said contract, the Board should so certify, and upon  
such certificate the Comptroller should pay and deliver to the Contractor the deposit of  
one million dollars (\$1,000,000) made upon entering into the said contract, as aforesaid,  
or so much thereof as should not have been reserved or used or applied for any of the  
purposes in the said contract mentioned, and that the Contractor should also then be  
entitled to be credited upon the rental with a sum which should be equal to the interest  
on the said deposit (if made in cash) from the time of such deposit at the rate of interest  
provided for in the bonds which should have been issued and sold by the City to provide  
for the construction of the railroad; and

Whereas, The said Rapid Transit Railroad is now almost entirely constructed and  
equipped, and the security held by the City other than said two deposits of one million  
dollars each is ample to protect the City against any possible claims against the Con-  
tractor in respect to his obligations to construct and equip the railroad; and

Whereas, The Contractor, the Construction Company and the Interborough Com-  
pany desire and the Board approves a modification of the said contract for construction  
and operation:

Now, therefore, in consideration of the premises, but subject to the consents here-  
inafter provided, it is agreed that the said contract for construction and operation and  
the said agreement for modification of contract be and the same hereby are modified  
so as to provide that the cash and securities now held by the Comptroller of The City  
of New York, constituting the two above-mentioned deposits of one million dollars each  
(which said securities are described in detail in the schedule annexed to this agreement)  
together with the right to receive any and all interest accrued upon the Corporate Stock  
or bonds constituting part of said securities at the date of the delivery thereof, and all  
unpaid coupons for interest on any of said bonds shall be forthwith delivered to Rapid  
Transit Subway Construction Company, notwithstanding the railroad is not yet in all  
respects completely constructed and equipped.

And it is further agreed that the Interborough Company shall be credited upon the  
rental of the railroad hereafter to come due and payable, with an amount equal to  
interest on the deposit of one million dollars (\$1,000,000) in cash, made on or about  
February 21, 1900, to be calculated at the average rate of interest provided for in the  
bonds which have been issued and sold by the City to provide for the construction of the  
railroad from the date when the said deposit was made.

The parties of the second and third parts, upon such delivery being made, release  
The City of New York and the Board from all and all manner of claims in respect to  
the said cash and the said securities which they or any one of them may have in re-  
spect to the said cash or to the said securities or any of them; and also in respect to  
any interest or income upon the securities of the value of more than one million dol-  
lars (\$1,000,000) deposited on or about January 1, 1901, as above mentioned, and those  
for which the same or any part thereof shall have been exchanged, hereby acknowl-  
edging that all the said interest or income which has become due from time to time  
upon any of the securities so deposited has been duly paid over to them.

And it is further agreed that all the obligations of the Contractor and the Inter-  
borough Company under the contract and under the modifications thereof heretofore  
made shall be fully carried out and performed and that all such obligations and the  
obligations of the Interborough Company as guarantor and of the several sureties upon  
the bonds above mentioned and described shall be deemed to include any liability which  
would have been covered by the said deposits or either of them if the cash and secu-  
rities constituting the same had not been delivered to the Rapid Transit Construction  
Company as provided in this instrument.

Provided, however, and it is hereby expressly agreed, that this agreement shall  
take effect when and only when the following consents hereto shall be duly had, to

wit: the consents as subjoined of the Comptroller of The City of New York, the United States Fidelity and Guaranty Company, the City Trust, Safe Deposit and Surety Company of Philadelphia, American Surety Company of New York, National Surety Company and Fidelity and Deposit Company of Maryland.

In witness whereof this contract has been executed for The City of New York by its Board of Rapid Transit Railroad Commissioners under and by resolution duly adopted by said Board, concurred in by six of its members, and the seal of the Board has been hereto affixed and these presents signed by the President and Secretary of the said Board; and the said John B. McDonald has hereto set his hand and seal; and the said Rapid Transit Subway Construction Company and Interborough Rapid Transit Company have respectively caused their corporate seals to be hereto affixed and attested by their Secretaries and these presents to be signed by their Presidents all on the day and year above mentioned.

At this point the Mayor withdrew from the meeting.

Counsel reported that a question had arisen as to the right to insert stairway beams in the wall of the building belonging to the Mercantile National Bank, owner of the premises southwest corner of Dey street and Broadway, which had been adjusted with its counsel, subject to the approval of this Board, the result of which would be to save six inches in width of the sidewalk on Dey street, and suggested a resolution, which was moved by the Vice-President, as follows:

Resolved, That the President and Secretary of the Board be and they are hereby authorized and empowered to execute, acknowledge and deliver to the Mercantile National Bank of The City of New York an agreement in such form as may be approved by the Chief Engineer and Counsel to the Board, which agreement shall contain, first, a grant from the bank to the City for a nominal consideration of a right and license to place in the wall of the present bank building, or of any future building on the same site, steel and iron beams and supports for the stairway leading from Dey street to the subway station at Dey street and Broadway; and, second, an agreement that the bank may at its own expense at any time hereafter, open a door from the bank building to the station platform, in such location and of such form and character as the Chief Engineer shall prescribe.

The Comptroller reported in behalf of the Committee on Plans, to whom had been referred the application of Joseph Schmitt for an entrance from his property at the northeast corner of Fourteenth street and Fourth avenue, to the subway station at that point. He said that the circumstances in the case were most peculiar, Mr. Schmitt having acted in perfectly good faith, on the understanding that such an entrance was to be allowed, and having expended, it appeared, quite a large sum of money in various ways, looking toward the establishing of such an entrance, including the purchase of an adjacent piece of property. He said it was the unanimous view of the Committee that the rule previously established by the Board not to allow entrances to the subway from saloons or rathskellers was a sound one and should always be adhered to. The Committee, however, had found it impossible to arrive at an adjustment of the matter with Mr. Schmitt which seemed fair in any other manner than by granting him the entrance referred to.

On this understanding of the case the following resolution was thereupon moved:

Resolved, That this Board hereby consents to the establishment of an entrance between the premises of Joseph Schmitt, northeast corner of Fourteenth street and Fourth Avenue and the subway station at that point, provided that the said Schmitt shall execute an agreement, to be approved by Counsel, releasing the City from all obligations connected with the construction of the subway at that point; provided, further, that the permit shall be revocable at the pleasure of this Board.

## BOARD OF REVISION OF ASSESSMENTS.

A meeting of the Board of Revision of Assessments was held in the Council Chamber, City Hall, on Thursday, December 22, 1904, at 11.12 o'clock A. M.

Present—N. Taylor Phillips, Deputy and Acting Comptroller; George L. Sterling, Assistant and Acting Corporation Counsel; Frank A. O'Donnel, President of the Department of Taxes and Assessments.

On motion of the Deputy and Acting Comptroller, the minutes of the previous meetings of the Board not yet approved, were approved as printed in the CITY RECORD.

## BOROUGH OF THE BRONX.

The assessment list for paving the roadway of Belmont place (East One Hundred and Eighty-fourth street), with asphalt pavement, on a concrete foundation, from Third avenue to Arthur avenue, and objections of Home for Incurables, filed by Joseph A. Flannery, attorney, the hearing in which matter had previously been postponed, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of November 26, 1904.

Mr. Tobias, attorney, representing Mr. Joseph A. Flannery, attorney, was heard in opposition to the assessment upon the property of the Home for Incurables for the reason that owing to its situation and conditions it cannot make use of Belmont place, the access to it being by another avenue, and that, therefore, the property receives no benefit from the work in question.

Mr. John J. Brady, owner of property assessed for the improvement, appeared.

On motion of the President of the Department of Taxes and Assessments, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members voting in the affirmative.

## BOROUGH OF MANHATTAN.

The assessment list for sewer in Fort Washington avenue, between Broadway and One Hundred and Eighty-first street, and objections, referred back to the Board of Assessors at meeting of May 26, 1904, with instructions to invite the opinion of the Corporation Counsel in regard to the questions raised in the objections, were presented by the Deputy and Acting Comptroller, having been returned by said Board under date of December 21, 1904, together with the opinion of the Corporation Counsel, of December 19, 1904, as to the legality for assessing more than one-half the cost of the work upon the property benefited.

Mr. Joseph A. Flannery, attorney, who had filed objections to the assessment on behalf of the New York Institution for the Blind, and others, was heard in opposition to the assessment upon the property of the said institution, situated on the west side of the avenue, known as Block 2139, Lot No. 1, for the reason that owing to the topographical conditions of the property, it being 160 feet above tide water, excepting immediately along the north side of West One Hundred and Sixty-fifth street, in which street there is a sewer draining into that in Boulevard Lafayette, it cannot make use of the sewer in question, and therefore it is not benefited by it, also that plans are being prepared for building upon the property in its present condition for the uses of the institution.

No others appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed against the assessment were overruled, and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for paving with asphalt pavement One Hundred and Forty-fourth street, between Hamilton terrace and Convent avenue, and objections, referred back to the Board of Assessors at meeting of May 26, 1904, with instructions to invite the opinion of the Corporation Counsel upon the questions raised in the objections filed against the same, were presented by the Deputy and Acting Comptroller, having been returned by the said Board under date of December 21, 1904, together with the opinion of the Corporation Counsel of December 19, 1904, in regard to the claim that the street had been previously paved and the expense thereof paid by the owners of the property abutting thereon.

No on appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed to the assessment were overruled and the assessment list was confirmed, all the members voting in the affirmative.

## BOROUGH OF THE BRONX.

The assessment list for regulating and paving with granite block pavement Brook avenue, from East One Hundred and Fifty-sixth street to Third avenue (except where already paved), also setting curb and crosswalks where necessary, and objections of Charles Palm, filed by A. C. Hottenroth, attorney, and of the New York and Harlem Railroad Company, as owner, filed by Ira A. Place, attorney, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of December 15, 1904.

Mr. Robert L. Luce, attorney in charge, was heard in opposition to the assessments charged against the property of the railroad company for the reason that the same, which is devoted to a public use, and used exclusively for railroad purposes, is not benefited by the improvement in any way, and therefore cannot be legally assessed for it.

Mr. Herbert G. Andrews, attorney, representing Mr. A. C. Hottenroth, attorney, was heard in opposition to the assessment charged against Lot Ward No. 45, Assessment No. 16, in Block 2364, for the reason that the same has no frontage on the avenue.

On motion of the Assistant and Acting Corporation Counsel, the objections filed in said matter were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The Deputy and Acting Comptroller presented the assessment list for regulating, grading, curbing, flagging and laying crosswalks in Canal place, from the south line of One Hundred and Thirty-eighth street to the south line of One Hundred and Forty-fourth street, and objections of Lillie Deiche, Robert Hall and Harry W. Bell, filed by A. C. Hottenroth, attorney, received from the Board of Assessors under date of December 15, 1904.

Mr. Herbert G. Andrews, attorney, representing Mr. A. C. Hottenroth, attorney, stated that he rested upon the objections filed by him as to the excessive cost of the work and the incidental expenses connected therewith.

On motion of the Deputy and Acting Comptroller, the said objections were overruled and the assessment list was confirmed, all the members voting in the affirmative.

## BOROUGH OF MANHATTAN.

The assessment list for alteration and improvement to sewer in Fifty-first street, between Park and Fifth avenues, with objections of Harriet F. Herrick and others filed by James A. Deering, attorney; H. Seligman, filed by T. H. Baldwin, attorney; D. B. Toucey, and others, filed by Mulqueen & Mulqueen, attorneys; trustees of St. Patrick's Cathedral, and others, filed by Agar, Ely & Fulton, attorneys; Alva E. Belmont and others, filed by Joseph A. Flannery, attorney, papers relative thereto, and transcript of testimony taken before the Board of Assessors in said matter, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of December 21, 1904.

Mr. John G. Agar, of counsel, was heard in opposition to the proposed assessment upon the property of the trustees of St. Patrick's Cathedral and St. Joseph's Seminary, for the sewer in question, for the reason that during the year 1876 a sewer in Fifty-first street, from a point 143 feet east of Fifth avenue to Park avenue, was constructed and paid for by the said trustees, which was entirely adequate for the Cathedral and the rector's residence; that the property is not benefited in any amount whatever by the new sewer, also that the Seminary property is not connected with it, being drained by the sewer in East Fifty-second street.

Mr. Joel J. Squires, attorney, representing Mr. James A. Deering, attorney, opposed the assessment upon the property of his clients for the reason that there already was a sewer in said street, between Park and Fifth avenues, sufficient for the requirements of the property, and that as no additional benefit was received the expenditure for the new sewer was wholly unnecessary.

Mr. Mulqueen, attorney, was heard in opposition to the assessment on the property represented by him on the ground that for certain reasons the cost of the work was increased to an excessive amount, and that the new sewer replaced the old one which was entirely adequate for the needs of the property.

Mr. Joseph A. Flannery, attorney, appeared in opposition to the amounts assessed upon the property of his clients.

No others appearing in opposition, after notice, the Deputy and Acting Comptroller moved that this assessment list for sewer in Fifty-first street be returned to the Board of Assessors with the following directions for reduction, and to be confirmed in harmony therewith as so reduced, viz.: To reduce the entire amount of the assessment, excepting as to the block on the north side of Fifty-first street, between Madison and Fifth avenues, 30 per cent.; to reduce the assessment on St. Patrick's Cathedral to \$300; to reduce the assessment on the pastoral residence of St. Patrick's Cathedral to \$100; to reduce the assessment on St. Joseph's Seminary, Lot Ward No. 14, 50 per cent. of \$1,158.57, for the reason that the trustees of St. Patrick's Cathedral in 1876 or thereabouts, built and paid for a sewer in East Fifty-first street which drained these properties, and which was fully adequate, and it did actually furnish sufficient capacity for said street, and was in good condition when taken up and replaced by the new sewer under consideration, said action being taken at the instance of a person or persons owning property on the north side of Fifty-first street, between Fifth and Madison avenues.

Which motion was agreed to, all the members voting in the affirmative.

## BOROUGH OF BROOKLYN.

The assessment list for regulating, grading and curbing Fifty-fifth street, from New Utrecht avenue to Cowenhoven lane, with objections of Emily P. Litchfield, and report thereon of the President of the Borough, of December 14, 1904, were presented by the Deputy and Acting Comptroller, having been received from the Board of Assessors under date of December 21, 1904.

After consideration, no one appearing in opposition after notice, on motion of the Assistant and Acting Corporation Counsel, the objections filed were overruled, and the assessment list was confirmed, all the members voting in the affirmative.

## BOROUGH OF THE BRONX.

The assessment list for sewer and appurtenances in Ryer avenue, from East One Hundred and Eighty-third street to East One Hundred and Eighty-seventh street, and objections of Mary E. Ryan and others, filed by John J. Brady, attorney, referred back to the Board of Assessors at meeting of December 15, 1904, for further consideration, were presented by the Deputy and Acting Comptroller, having been returned by said Board under date of December 21, 1904.

Mr. Brady was heard in opposition to the great cost of the work, and especially to the apportionment of the assessment upon the property on the east side of the avenue, between One Hundred and Eighty-fourth and One Hundred and Eighty-seventh streets, for the reason that the avenue north of One Hundred and Eighty-fourth street is only 50 feet in width, while south of said street it is much wider; that the natural frontage of the property is on Valentine avenue, for which it has been assessed for a sewer in said avenue, and that the principal object for building the sewer to One Hundred and Eighty-seventh street was to afford an outlet to the sewer below One Hundred and Eighty-fourth street, where the greater part of the expense of the work occurred.

After consideration, on motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors, with instructions to reduce the assessment upon Lots Map Nos. 1, 2, 3, 4 and 5 40 per cent., and that the assessment as so reduced be confirmed, all the members voting in the affirmative.

At 1.20 o'clock P. M., on motion, the Board adjourned.

HENRY J. STORRS,  
Chief Clerk, Board of Revision of Assessments.

## COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock A. M., on Wednesday, December 21, 1904.*

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller Patrick Keenan, Chamberlain; Charles V. Fornes, President, Board of Aldermen, and John T. McCall, Chairman Finance Committee, Board of Aldermen.

The minutes of the meetings held November 30 and December 5, 1904, were approved as printed.

The Comptroller presented the following report of the Engineer of the Department of Finance and offered the following resolution, relative to the proposed lease to the New York Central and Hudson River Railroad of certain trackage rights on the marginal street on the North river, between West Thirty-second and West Thirty-seventh streets (see pages 661, 778, 816, 863):

DECEMBER 20, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Pursuant to the resolution of the Commissioners of the Sinking Fund, at the meeting held December 5, 1904, referring the matter of terms and conditions granting the New York Central and Hudson River Railroad certain trackage rights on the marginal street on the North river, between West Thirty-second and West Thirty-seventh streets, to a conference committee to be composed of a representative from the railroad, the Chief Engineer of the Dock Department and the Engineer of the Department of Finance, I would advise you that such conference was held, Mr. Ira A. Place representing the railroad, Mr. John A. Bensele the Dock Department and Mr. H. P. Nichols the Department of Finance.

The minor terms were substantially agreed upon, and Mr. Place stated that he would leave the rate of compensation to be determined by a vote of the Commissioners of the Sinking Fund.

Mr. Place objected to three of the conditions in the resolution, and insisted that these points should be settled by the Corporation Counsel, as they were matters of law.

This was done, and the Corporation Counsel, in an opinion dated December 16, 1904, advised the Comptroller that the amendments offered should not be inserted in the lease.

Subsequently Mr. Place held a conference with you and claimed that as the rate of compensation demanded by the City included the tracks which were to be laid in Twelfth avenue, under the authority of the resolution adopted by the Board of Aldermen in 1867, that there should be some reference made to the same in the lease, in order that it could not be claimed in the future that the railroad company was not paying anything for the tracks so laid in Twelfth avenue under the said resolution.

In consequence I have caused to be inserted after the clause providing for the compensation, the following:

"The annual rental, as fixed above, is determined by the Commissioners of the Sinking Fund as full compensation for all the tracks in the streets shown by dotted red lines on the map attached."

All of the remaining points of difference were arranged, and I am now enabled to present a form of resolution upon which all the parties to the conference are substantially agreed.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to the New York Central and Hudson River Railroad Company, of the right to lay, maintain and operate railroad tracks in and upon the marginal street where now constructed and open on the North river, between West Thirty-second street and West Thirty-seventh street, in the Borough of Manhattan, and as shown on a map entitled "New York Central and Hudson River Railroad, Proposed Improvement on Twelfth Avenue, Between Thirty-second and Thirty-seventh Streets, Dated July 9, 1904. H. Fernstrom, Chief Engineer."

The centre lines of the proposed tracks being shown in red dashed and dotted lines on the said map, copy of which is attached hereto and made part hereof, and upon the following terms and conditions:

First—The lease shall be for a period of time coterminous with the lease now held by the New York Central and Hudson River Railroad Company for the pier at the foot of West Thirty-sixth street, and authorized by this Board on August 12, 1904, unless sooner terminated, and at the following annual rentals:

During the first ten years, or until October 8, 1914, \$1,580 per annum.

During the second ten years, \$1,800 per annum.

During the third ten years, \$2,000 per annum.

Provided that if The City of New York is or shall become entitled to acquire, and shall at any time during the term of the lease acquire or otherwise come into possession of any or all of the property within the lines of the marginal street, between Thirty-fourth and Thirty-fifth streets, Thirty-fifth and Thirty-sixth streets, and Thirty-sixth and Thirty-seventh streets, no compensation shall be awarded for the right to have railroad tracks thereon, and the railroad company shall thereafter pay an additional sum of one dollar per linear foot per annum for each track, switch or siding upon the property so acquired.

The annual rental as fixed above is determined by the Commissioners of the Sinking Fund as full compensation for all the tracks in the streets shown by dashed and dotted red lines on the map attached.

Second—Upon the expiration or other termination of this lease the railroad company shall forthwith remove the plant and property, with its appurtenances, from the streets, and the surface of the streets shall be restored to a condition equal to that of the surrounding surface or pavement. In default of the performance of this condition by the railroad company, its successors or assigns, the proper local authorities may cause such property and plant to be removed from the streets aforesaid and the surface thereof to be restored in the manner above described at the expense of the railroad company, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

Third—The lease hereby given shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever either by the act of the New York Central and Hudson River Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Commissioners of the Sinking Fund, or their successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—The said railroad may be operated by any motive power, other than overhead electrical power, which may be approved by the Board of Railroad Com-

missioners, in accordance with the provisions of the Railroad Law, and subject to such ordinances of The City of New York as are now in force, or which may be hereafter adopted.

The number of cars to be included in any train operated upon the railroad shall be limited to ten, and the speed of the engines and cars shall never exceed six miles per hour. No car or engine shall be permitted to remain stationary within the limits of any open street or marginal way at any time, and no freight shall be loaded upon or unloaded from said cars while within the limits of any such street or way. Failure to comply with any of the above provisions shall make the company liable for a penalty of fifty dollars for each offense.

Fifth—The railroad constructed under this lease shall be maintained and operated solely for the purpose of the transportation of goods, wares and merchandise and for no other purpose, and especially for no purpose in connection with the passenger traffic as commonly understood.

Sixth—Such railroad shall be constructed and operated in the latest improved manner of street railroad construction and operation, and solely upon the terms and according to the lines and surveys and of the character of the rails and other parts of the construction approved by the Commissioner of Docks, and shall be maintained in good condition throughout the term of this lease.

Seventh—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Eighth—The New York Central and Hudson River Railroad Company, its successors or assigns, shall at the time of the laying of the tracks hereby authorized to be laid, pave with granite blocks upon a good and sufficient concrete foundation, the roadway of Twelfth avenue, between the northerly side of Thirty-fifth street and the southerly side of Thirty-seventh street, under the supervision of the President of the Borough of Manhattan, and shall pay the cost and for the inspection thereof.

Ninth—The railroad company, its successors or assigns, shall keep in permanent repair the portion of the surface of the streets between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of the street, and in that event, the railroad company, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Tenth—The railroad company, its successors or assigns, shall at all times keep the street between the tracks, and for a distance of two feet beyond the rails on either side thereof free and clear from ice and snow.

Eleventh—This lease is upon the further express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted relating to surface railroads operating in The City of New York, shall be strictly complied with.

Twelfth—The railroad company, its successors or assigns, shall commence the construction of the railroad under this lease and complete the same within one year from the date when it has obtained the necessary permits and resolutions of the City officials and Departments and on or before January 1, 1906, otherwise this lease shall be forfeited forthwith and without any proceedings either at law or otherwise for that purpose; provided, however, that such time may be extended by the Commissioners of the Sinking Fund in their discretion for a period not exceeding six months.

Thirteenth—The existing tracks, as shown by dotted black lines on the map attached, shall be removed from Twelfth avenue and the marginal street on or before the completion of the construction of the said new tracks, and not later than January 1, 1906.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, relative to a lease of bulkhead space between One Hundred and Thirtieth and One Hundred and Thirty-first streets, North river, to Messrs. Weber & McLoughlin:

NEW YORK, December 6, 1904.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—Under date of April 18, 1903, pursuant to a resolution adopted by the Commissioners of the Sinking Fund on April 1, 1903, a lease was entered into between this Department and Emmett McLoughlin and Louis S. Weber for a term of five years from May 1, 1903, with the privilege of a renewal term of five years, covering the bulkhead commencing at the southerly side of the pier at the foot of West One Hundred and Thirty-first street, North river, and running thence southerly a distance of 100 feet, together with upland in rear of said bulkhead running easterly a distance of 100 feet from a line 55 feet easterly of the present bulkhead-line and extending in a southerly direction a distance of 75 feet, being an area of 7,500 square feet of upland; the rental for the first term to be at the rate of \$2,000 per annum, and the rental for the renewal term to be at an advance of 10 per cent. over the rental for the first term. The lease granted the privilege of erecting and maintaining coal handling appliances and fence.

In connection with the occupation of the said lands under the lease it was necessary for Messrs. Weber & McLoughlin to drive a cluster of piles at a point about 124 feet south of the southerly line of the West One Hundred and Thirty-first Street Pier, North river, about 20 feet offshore from the bulkhead-line, and the lessees now desire that a lease be granted them to cover the additional bulkhead space, extending from a point 100 feet south of the southerly line of West One Hundred and Thirty-first street, southerly to the northerly line of the property leased to the Riverside and Fort Lee Ferry Company at the foot of West One Hundred and Thirtieth street, North river, a distance of about 25 feet more or less; and they also ask for a lease of additional upland area, 25 by 100 feet in dimensions, immediately adjoining to the south the upland now leased.

Under a permit granted to the Weber & McLoughlin Company on September 23, 1903, the applicants are now in occupation of the said additional bulkhead space of about 25 feet, with the privilege of maintaining the cluster of piles to serve as an anchorage for a hoisting cable, at a rental of \$100 per month. This bulkhead area applied for is of practically no use to the City and the upland area applied for is unoccupied and is available for leasing.

I would therefore recommend that a lease of the said bulkhead space, together with the additional upland area, and with the privilege of maintaining cluster of piles for cable anchorage in front of the bulkhead, be granted to Messrs. Weber & McLoughlin, to commence on the first day of the month following approval by the Commissioners of the Sinking Fund, and to be for a term coterminous with the existing lease, namely, to May 1, 1908, with the privilege of renewal for a term of five years; the rental for the first term to be at the rate of \$400 per annum, and for the renewal term at an advance of 10 per cent. over the rental for the first term.

The remaining terms and conditions of the lease to be similar to those contained in the lease now held by the applicants.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

I see no objections to the approval of this lease.  
EUG. E. McLEAN, Engineer, Department of Finance.

December 14, 1904.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to Messrs.

Weber and McLoughlin, of the bulkhead space extending from a point one hundred feet south of the southerly line of West One Hundred and Thirty-first street southerly to the northerly line of the property leased to the Riverside and Fort Lee Ferry Company at the foot of West One Hundred and Thirtieth street, North river, a distance of about twenty-five feet, more or less, together with additional upland area twenty-five feet by one hundred feet in dimension, immediately adjoining the southerly line of the upland now leased, with the privilege of maintaining a cluster of piles for cable anchorage in front of the bulkhead, to commence January 1, 1905, and to be for a term coterminous with the existing lease, namely, to May 1, 1908, with the privilege of a renewal for a term of five years; the rental for the first term to be at the rate of four hundred dollars (\$400) per annum, and for the renewal term at an advance of ten per cent. over the rental for the first term. The remaining terms and conditions of the lease to be similar to those contained in the lease now held by Messrs. Weber and McLoughlin, and as recommended by the Commissioner of Docks in communication dated December 6, 1904.

Which was unanimously adopted.

The following communication was received from the Commissioner of Docks relative to the vesting of title in the City of certain wharf property between Pier, new 7 and Pier, old 18, East river:

NEW YORK, November 30, 1904.

N. TAYLOR PHILLIPS, Esq., Deputy Comptroller and Secretary, Commissioners of the Sinking Fund:

SIR—A resolution was recently adopted by the Board of Estimate and Apportionment authorizing the acquisition of certain water-front property on the East river, pursuant to the provisions of chapter 740 of the Laws of 1904.

Commissioners of Estimate and Assessment have been appointed in the proceedings for the acquisition of this property, and in order that the City may obtain possession thereof and that this Department may be in a position to proceed with the much-needed improvements, I would respectfully request that a resolution be adopted by you vesting in the City the title to the following parcels on a date five days after the said Commissioners of Estimate and Assessment file their oaths of office:

Piers, old Nos. 9 and 10.

Bulkhead between the easterly side of Pier, new No. 7, and westerly side of Pier, old No. 9.

Bulkhead between easterly side of Pier, old No. 9, and westerly side of Pier, old No. 10.

Westerly half of bulkhead between the easterly side of Pier, old No. 10 and the westerly side of Pier, old No. 11.

Piers, old Nos. 16 and 17, East river.

Bulkhead between the easterly side of Pier, old No. 16, and the westerly side of Pier, old No. 17.

Bulkhead between the easterly side of Pier, old No. 17, and the westerly side of Pier, old No. 18.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

Section 823B of the Charter (chapter 740, Laws of 1904) provides that the Commissioners of the Sinking Fund may, by resolution, direct that the title to the wharf property, etc., shall vest in the City, provided that thirty (30) days after the title so vests, there shall become due and payable to the owners, subject to all existing liens, etc., 60 per centum of the assessed valuation of such property.

In consequence, it will be necessary for the owners to prove title before the Commissioners, in order that the Comptroller may pay such 60 per cent.

The Dock Commissioner requests that title shall vest five (5) days after the oaths have been filed. This would not leave sufficient time for title to be proven, certified to the Comptroller and the amounts paid within the limit fixed by the law, and in consequence I would suggest that the Commissioners of the Sinking Fund adopt a resolution vesting title in the City thirty (30) days after the filing of the oaths of the Commissioners instead of five (5) days, as proposed by the Commissioner of Docks. This will allow sixty days for the proving of title and payment of the awards, a time not over long if the title in any one case is complicated. The assessed valuation of the above is \$557,500.

EUG. E. McLEAN, Engineer, Department of Finance.

December 15, 1904.

In connection therewith the Comptroller offered the following resolution:

Resolved, That, pursuant to the provisions of section 823B of the Greater New York Charter, the Commissioners of the Sinking Fund hereby direct that the title to the following parcels of wharf property and all interest therein shall vest in The City of New York, on a date thirty days after the filing of the oaths of the Commissioners appointed in the proceedings for the condemnation of the property:

Piers, old Nos. 9 and 10, East river.

Bulkhead between the easterly side of Pier, new No. 7, and westerly side of Pier, old No. 9, East river.

Bulkhead between easterly side of Pier, old No. 9, and westerly side of Pier, old No. 10, East river.

Westerly half of bulkhead between the easterly side of Pier, old No. 10, and the westerly side of Pier, old No. 11, East river.

Piers, old Nos. 16 and 17, East river.

Bulkhead between the easterly side of Pier, old No. 16, and the westerly side of Pier, old No. 17, East river.

Bulkhead between the easterly side of Pier, old No. 17, and the westerly side of Pier, old No. 18, East river.

Which was unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution authorizing a lease of premises at No. 120 Livingston street, Borough of Brooklyn, for the Board of Elections:

Lessor, Arthur Simonson.

The lessor refused to execute the lease without the insertion of a clause in regard to the widening of Livingston street, and the Hon. John R. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of August 12, 1904, in regard to these premises by inserting the clause, "If Livingston street is widened during the term of the lease, this lease to terminate immediately upon the vesting of title in the City and without recourse to either party."

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises at No. 46 Jackson avenue, Borough of Queens, for the use of the First District Municipal Court:

DECEMBER 14, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In a communication under date of December 2, 1904, the Hon. T. C. Kadien, Justice of the First Municipal District Court of the Borough of Queens, requests a renewal of the lease of premises No. 46 Jackson avenue, First Ward, Borough of Queens. The original lease of these premises was authorized by the Commissioners of the Sinking Fund January 20, 1899. (Minutes of Sinking Fund, 1899, pages 6 and 409.)

The premises consist of a store and one floor over the store, with an aggregate area of 1,500 square feet, which have been occupied since for court purposes. The conditions prevailing at that time made it necessary to procure a place promptly and, consequently, the accommodations which were afforded, while by no means adequate, were the best that could be had.

The lessor in a letter herewith attached, dated December 8, 1904, requests that the renewal lease be at the rate of \$780 per annum.

This lease expired October 15, 1904, and consequently the City is a hold-over tenant for a term of one year.

I have made an examination of these premises and find the same not adapted for court purposes, as valuable law books are stored on the floor, and the Justice presiding has no private room, and a new court room should be provided. After negotiation with the lessor, she has agreed to accept \$600 per annum, the same as previously paid.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the renewal of the lease of premises No. 46 Jackson avenue, First Ward, Borough of Queens, for a term of one year from October 15, 1904, at an annual rental of \$600, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mary Dennler.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Mary E. Dennler, of premises on the south side of Jackson avenue, Borough of Queens, and numbered 46, occupied by the Municipal Court of the First District, Borough of Queens, for a term of one year from October 15, 1904, at a rental of fifty dollars (\$50) per month, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions, relative to the renewal of the lease of the Richmond Building, corner Richmond terrace and York street, Borough of Richmond, for the use of several municipal departments:

DECEMBER 16, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held March 29, 1904, authorized the renewal of the lease of the building known as the Richmond Building, situated on the corner of Richmond terrace and York street, Borough of Richmond, exclusive of the store now occupied by a druggist on the ground floor, for the use of the several municipal departments, for a term of one year from May 1, 1904, at an annual rental of \$3,000, payable monthly. Lessor, William T. Van Vredenburg. The lessor refused to execute the lease at this rental, and the President of the Borough of Richmond, in a communication under date of December 6, 1904, states:

"I think it is safe to estimate that the present occupants of the Richmond Building can be accommodated in the new Borough Hall by the first of November next, and requests a lease at the rental of \$3,250 per annum."

The City has been in occupation of this building for a number of years, and I consider the increase of \$250 per annum asked by the owner reasonable, and would respectfully recommend that the Commissioners of the Sinking Fund rescind their resolution of March 29, 1904, in relation to these premises and adopt a resolution authorizing a renewal of the lease of the building known as the Richmond Building, situated on the corner of Richmond terrace and York street, Borough of Richmond, exclusive of the store now occupied by a druggist on the ground floor, for the use of the several municipal departments for a term of eighteen months from May 1, 1904, at a rental of \$3,250 per annum, payable monthly, with the privilege of renewal for six months at the same rental, providing that, in the event of a renewal, notice thereof be given to the owner at least two months before the expiration of the lease, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, William T. Van Vredenburg.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the resolution adopted by this Board, at meeting held March 29, 1904, authorizing a renewal of the lease of the building known as the Richmond Building, situated on the corner of Richmond terrace and York avenue, Borough of Richmond, exclusive of the store now occupied by a druggist on the ground floor, for the use of the several municipal departments, be and the same is hereby rescinded.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from William T. Van Vredenburg, of the building known as the Richmond Building, situated on the corner of Richmond terrace and York avenue, Borough of Richmond, exclusive of the store now occupied by a druggist on the ground floor, for the use of the several municipal departments for a term of eighteen months from May 1, 1904, at an annual rental of thirty-two hundred and fifty dollars (\$3,250), payable monthly, with the privilege of a renewal for six months at the same rental, providing that, in the event of a renewal, notice thereof be given to the owner at least two months before the expiration of the lease, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the President of the Borough of Queens, relative to a renewal of the lease of premises at No. 51 Jackson avenue, Long Island City:

Honorable Commissioners of Sinking Fund, City Hall, Manhattan:

GENTLEMEN—Mr. Cassidy desires me to forward you herewith bill of William Richensteen for rent of premises of the rear half of third floor of the building No. 51 Jackson avenue, Long Island City, from September 8 to December 8, 1904.

Mr. Cassidy also desires me to say to you that he would like to have the lease for the above premises renewed.

Yours respectfully,

GEO. S. JERVIS, Secretary to President.

Approved for renewal for a term of one year from December 1, 1904, otherwise upon the same terms and conditions as contained in the existing lease.

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from William Richensteen, of the rear half of the third floor of the Post Office Building, No. 51 Jackson avenue, Long Island City, for the use of the President of the Borough of Queens, for a term of one year, from December 1, 1904, at an annual rental of five hundred dollars (\$500), payable quarterly; otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Which was unanimously adopted.

The following communications were received from the Department of Street Cleaning, relative to the leasing of a dumping-board on the East river, just south of Fourteenth street, Borough of Manhattan:

NEW YORK, October 22, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Sinking Fund Commissioners:

SIR—I request the consent and approval of your Board, pursuant to section 541 of the Greater New York Charter, for a lease from the Bouker Contracting Company (Nos. 21 to 24 State street) of that portion of their dump at the foot of East Fourteenth street, facing upon the southern bulkhead, with the exclusive use thereof for the Department of Street Cleaning, for a term of six (6) months from the date of occupancy, at the rate of \$12 per day, including Sundays and legal holidays, with the right to either party to terminate the lease upon twenty-four (24) hours' notice, in writing; the lessor to keep the dumping-board and its approaches in good repair.

Respectfully,

JOHN MCG. WOODBURY, Commissioner.

NEW YORK, November 4, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Sinking Fund Commissioners:

SIR—Referring to communication of the 22d ult., in reference to the hiring from the Bouker Contracting Company of a part of the dump at East Fourteenth street, Manhattan, I have to say that the hiring will include the right of access on the runway for our carts, and the exclusive right of the Department to tie up scows at the dump which is on the southern bulkhead, and beginning at a point about 38 feet, more or less, west of the angle formed by the same with the eastern bulkhead-line, extends westerly along said southern bulkhead-line 46 feet, and is connected with the runway referred to above, which is intended to give access to both dumps.

Respectfully,

JOHN MCG. WOODBURY, Commissioner.

In connection therewith the Comptroller presented the following report of the Engineer of the Department of Finance, and offered the following resolution:

DECEMBER 9, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In regard to the application of the Commissioner of Street Cleaning, dated October 22, 1904, for authority to make a lease with the Bouker Contracting Company, of a dumping board on the East river, just south of Fourteenth street, for a term of six (6) months, at a rental of \$12 per day, including Sundays and legal holidays, with the right of either party to terminate the lease upon twenty-four hours' notice, I would report:

The Department of Street Cleaning had no dump on the East river between the foot of East Twenty-eighth street and Stanton street, and the Commissioner determined that it was absolutely essential to the proper and economical work of his Department that a dump be secured at a point intermediate between the above locations, and in consequence made arrangements for the hiring of the private dump at the foot of Fourteenth street, which he now requests authority to lease.

The annual rental of this dumping board at the rate proposed, of \$12 per day, would be \$4,380.

The City of New York is to-day the owner of a large percentage of its water-front, and as a business proposition I believe it is the first duty of the City to provide for its own necessities before making leases of its holdings to private parties.

At this very point, viz., the foot of Fourteenth street, the City owns the bulkhead (111 feet in length), and is leasing the same under a ten-year lease for an annual rental of \$525, or about one-eighth of the rental in the proposed lease.

It may be possible that there is sufficient room at this point between the present bulkhead and the pier and bulkhead-line as established, for the construction of a dump, and as Dock Department leases include a clause which permits of their cancellation when the Commissioner of Docks shall determine that the premises "shall be used for some other purpose than for the purpose of the collection of wharfage," the lease might be canceled and the Street Cleaning Department put in possession.

I only cite this case as an instance of what might be done and money saved, but it may be that some other arrangement can be made fully as satisfactory to the Street Cleaning Department, and yet not require the canceling of any lease.

For your information I will state that the rent-roll of the Dock Department shows that dumping board privileges on the City's property have been given under permits, and under leases for a term of years at prices ranging from \$300 to \$2,800 per annum, but at certain locations where the Dock Commissioner opened bids for the privileges, much higher prices were realized.

I am therefore of the opinion that the Commissioners of the Sinking Fund should refuse to authorize leases of this character, and notify the Commissioner of Street Cleaning to that effect, and forward the papers to the Commissioner of Docks with a request to furnish the Department of Street Cleaning with the necessary facilities.

The dump in question has been used by the Department of Street Cleaning since October 24, 1904, and in order that the Department may not be hampered in its work until other arrangements can be made, I would recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay for the use and occupation of the dump for a period not exceeding three (3) months or until January 24, 1905.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That the Comptroller be and is hereby authorized and directed to pay to the Bouker Contracting Company, the sum of twelve dollars (\$12) per day for a period not exceeding three months or until January 24, 1905, being the rental of the dumping board on the East river, just south of Fourteenth street, in the Borough of Manhattan, occupied by the Department of Street Cleaning.

The report was accepted, the resolution unanimously adopted and the Secretary directed to transmit a copy of the report to the Dock Commissioner.

The following communication was received from the Department of Street Cleaning relative to an agreement to be entered into with August Belmont & Co. for the privilege of dumping snow and ice into the Harlem river from their bulkhead just north of the Madison Avenue Bridge, Borough of The Bronx:

NEW YORK, December 1, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Sinking Fund Commissioners:

SIR—I request the consent and approval of your Board, pursuant to section 541 of the Charter, of an agreement with Walther Luttgen and August Belmont, composing the firm of August Belmont & Co., for a license to dump snow and ice from trucks, carts and other vehicles of the Department of Street Cleaning into the Harlem river from their bulkhead just north of the Madison Avenue Bridge, for the winter season of 1904-05, and ending the first day of April, 1905, at the rental for the whole of said period of \$200, providing that no dumping is done into the slip and that all dumping be done from the end of the dock; also that the dock be accepted in its present condition, and that the City assume all liability for accidents occurring to teams or wagons of the Department or Contractors employed by the City in

such dumping; otherwise upon the same terms and conditions as contained in the agreement made for the winter of 1903-04 for the said license.

Respectfully,  
F. M. GIBSON,  
Deputy and Acting Commissioner.

I would respectfully recommend that the Commissioners of the Sinking Fund approve of the agreement between the Commissioner of the Department of Street Cleaning and August Belmont & Co. for a license to dump snow and ice into the Harlem river from their bulkhead north of the Madison Avenue Bridge, for a period from the date of execution of the agreement to April 1, 1905, at the rental for the whole of said period of \$200, being the same as paid under resolutions of the Commissioners of the Sinking Fund (see Minutes of Sinking Fund, 1902, page 1,067, and 1903, page 126), otherwise on the same terms and conditions as contained in the agreement for the season of 1903-1904, except that the City assume all liability for accidents occurring to teams or wagons of the Department of Street Cleaning or contractors employed by the City in such dumping.

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau, Department of Finance.

In connection therewith, the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of the agreement to be made between the Commissioner of Street Cleaning and August Belmont & Co., securing for the City the privilege of dumping snow and ice from trucks, carts and other vehicles into the Harlem river from their bulkhead just north of the Madison Avenue bridge, in the Borough of The Bronx, for a period from the date of the execution of the agreement to the first day of April, 1905, at a rental of \$200 for the whole of said period; provided, however, that the dumping is to be done by the Department of Street Cleaning, or its agents, at the end of the pier only, and not in the slip adjoining it; also that the dock be accepted in its present condition and that the City assume all liability for accidents occurring to teams or wagons of the Department, or contractors employed by the City in said dumping; otherwise upon the same terms and conditions as contained in the agreement made for the winter of 1903-04 for the said license.

Which was unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises No. 446 East Seventy-second street, Borough of Manhattan, for the Board of Education:

DECEMBER 16, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held November 23, 1904, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a renewal of the lease of the premises No. 446 East Seventy-second street, occupied as an annex to Public School 82, Borough of Manhattan, for a period from March 20, 1905, to July 1, 1906, with the privilege of renewal for an additional year, on the same terms and conditions as in the existing lease. Owner, Normal College Alumnae Association. Isabella Sullivan, President."

The Board of Health and Bureau of Buildings having reported favorably on the condition of these premises for school purposes, I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the renewal of the lease of premises No. 446 East Seventy-second street, occupied as an annex to Public School 82, Borough of Manhattan, for a term from March 20, 1905, to July 1, 1906, with the privilege of renewal for an additional year, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Normal College Alumnae Association. Isabella Sullivan, President.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City from the Associate Alumnae of the Normal College, of the parlor floor of premises No. 446 East Seventy-second street, Borough of Manhattan, for a term from March 20, 1905, to July 1, 1906, with privilege of a renewal for an additional year, at an annual rental of three hundred and sixty dollars (\$360), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following report and resolution were received from the Board of Education, relative to a lease of the "Old School House," at Pleasant Plains, Borough of Richmond:

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on October 19, 1904.

In connection therewith the Comptroller presented the following report and offered the following resolution:

DECEMBER 7, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, at a meeting held on October 19, 1904, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they hereby are requested to authorize a lease of the first floor of the building known as the "Old School House," at Pleasant Plains, Borough of Richmond, as a kindergarten annex to Public School 3, for a period from December 1, 1904, to July 1, 1905, with the privilege of renewal for one year, at an annual rental of \$250, payable quarterly; the owner, John M. Van Wyck, Prince's Bay, Staten Island, to make all necessary repairs to the building; the Board of Education to erect the necessary sanitary accommodations in yard and furnish light, heat and janitor's services."

I have had an examination made of the premises and believe that while the rent asked is full value, it is not excessive.

The Board of Education transmitted with their communication reports from the Bureau of Buildings and the Department of Health, as to the sanitary condition and as to the structural strength of the building to be used for school purposes. This report was dated November, 1903.

I have requested the Bureau of Buildings and the Department of Health to furnish this office with an additional report. The Bureau of Buildings have complied with the request, and have stated that the building is in good condition to be used for school purposes. The Department of Health has also favorably approved of the lease of the premises, but at this writing we have not as yet received a written report.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Board of Education for a lease of the first floor of the building known as the "Old School House," at Pleasant Plains, Borough of Richmond, as a kindergarten annex to Public School 3, for a period from the date of occupation to July 1, 1905, at an annual rental of \$250, payable quarterly, with privilege of renewal for an additional term of one year upon the same terms and conditions; owner, John M. Van Wyck, Prince's Bay, Staten Island, to make all necessary repairs to the building; the Board of Education to erect the necessary sanitary accommodations in yard and to furnish light, heat and janitor service.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City from John M. Van Wyck, of the first floor of the building known as the "Old School House," at Pleasant Plains, Borough of Richmond, for use as a kindergarten annex to Public School 3, for a period from the date of occupation to July 1, 1905, at an annual rental of two hundred and fifty dollars (\$250), payable quarterly, with the privilege of a renewal for an additional term of one year upon the same terms and conditions; the owner to make all necessary repairs to the building; the Board of Education to erect the necessary sanitary accommodations in yard and furnish light, heat and janitor service—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Tenement House Department, relative to a lease of the entire fourth floor at No. 44 East Twenty-third street, Borough of Manhattan:

DECEMBER 6, 1904.

Mr. N. TAYLOR PHILLIPS, Secretary, Sinking Fund Commission, No. 280 Broadway, City:

DEAR SIR—I respectfully submit for your consideration on the following facts the following proposition, namely, the question of the moving of the offices of this Department, in the Borough of Manhattan, now located in the buildings No. 61 Irving place and No. 240 Fourth avenue, to the building on the southwest corner of Fourth avenue and Twenty-third street, known by the street number 44 East Twenty-third street. The premises now used by this Department, in the Borough of Manhattan, are held under two leases. The lease for the premises at No. 61 Irving place will expire on the 1st day of February, 1907. The annual rental for these premises is \$8,000. The lease of the premises No. 240 Fourth avenue will expire on the 1st day of February, 1905. The rental of these premises is \$1,550 a year. The premises at No. 61 Irving place are owned by the New York Telephone Company, and I herewith transmit to you a letter from that company consenting to the cancellation of the existing lease for the same as of the 1st day of May next. The aggregate floor space which the Department now has at No. 61 Irving place is 7,743 square feet. The floor space which the Department would have at No. 44 East Twenty-third street is approximately 14,180 square feet. I also herewith submit to you a written proposition from the owners of the building No. 44 East Twenty-third street, with accompanying diagrams. The proposition is as follows: To lease to this Department for a period of five years beginning on the 1st day of May next, the entire fifth floor of said building and the Fourth Avenue end of the fourth floor, aggregating 11,940 square feet on the fifth floor and 2,240 square feet on the fourth floor, or totaling 14,180 square feet, at a rental of \$13,000 per annum. The owners of the Twenty-third street building to partition, according to the diagram submitted to them, the fifth floor of such building into offices suitable for use by this Department. Mr. Dean, the representative of the owners of the Twenty-third street building, orally states that possession can be had of the premises in the Twenty-third street building on the 1st of February next, rent free for the months of February, March and April.

The reasons why I favor the moving of the offices from No. 61 Irving place and No. 240 Fourth avenue to No. 44 East Twenty-third street, involving the surrender of the existing lease for No. 61 Irving place and the non-renewal of the lease of No. 240 Fourth avenue and the moving of the offices of this Department to the building No. 44 East Twenty-third street, under a lease containing terms as above, are: The offices at No. 61 Irving place are not large enough to adequately accommodate the office force. They are now overcrowded. The area is overcrowded to an extent which would simply amaze you if you could visit the offices and see the existing situation. For instance, fourteen persons sit and work in a room of 335 square feet, forty-five persons sit and work in a room of 1,200 square feet, forty persons sit and work in a room of 828 square feet and eight persons sit and work in a room of 200 square feet. The office at No. 240 Fourth avenue is used only as a meeting place for Inspectors and cannot be used for any other Department purpose. It, in common with the office at No. 61 Irving place, is overcrowded. Time is lost and work impeded by not having the entire Manhattan branch of the Department in one building. These reasons make it desirable to move from the present quarters occupied by this Department. No additional space is obtainable at No. 61 Irving place. This I learn from the New York Telephone Company, who own the building. No additional space is obtainable at No. 240 Fourth avenue.

The reasons why No. 44 East Twenty-third street appears to me to be a desirable location are, that the building is centrally situated, and it is important that the Manhattan office should be centrally situated; in the building is a subway station, and this would add greatly to the convenience of the public who have occasion to go to the offices of the Department; it would also be a convenience to the employees of the Department in reaching and getting from the office. Careful inquiry in the general neighborhood shows that apparently there is no other office or loft building as available in which quarters can be obtained. Some time ago I made inquiry as to rentals in the Metropolitan Life Insurance Building, which is on the northwest corner of Twenty-third street and Fourth avenue, and found it a costlier building, the rental being much more per square foot. As to the proposed rental of No. 44 East Twenty-third street, my opinion is that the rental value of the fifth floor is about \$9,500. The rental value of the fourth floor, which would be included in the lease, is by the square foot just about the same as the rental value of the fifth floor. On the one hand, it may be said that it is the lighter and better side of the floor which would enhance its rental value, but offsetting this is the fact that it is not a portion directly accessible to the stairs and elevators, which would tend to decrease its rental value.

One very important reason for recommending the building No. 44 East Twenty-third street for the Manhattan office is the fact that the branch office of the Corporation Counsel, attending to tenement house matters, is located in that building. Personally I believe that it would be wise policy to rent, if they could be obtained for a fair sum, two entire floors in that building and then to make arrangements for the moving of the offices of the Corporation Counsel in that building down to one of these floors. While this would give the Department somewhat more room than it would need for the present it probably would only be a wise policy in the light of the growing requirements of the Department.

The proposition as you will see includes the putting up of the partitions required by the Department. These partitions would lead to the subdividing of the fifth floor into approximately eighteen rooms and also to the expense of heating and lighting. I think that it is possible that as the result of negotiations the price might be somewhat reduced. The appropriation made for rentals of this Department was this year \$20,100. The rent in Brooklyn and in The Bronx would not be increased. We find ourselves at the end of this year with a balance, which was transferred from the rental account to the salary account by recent action of the Board of Estimate and Apportionment, of \$2,000. It will therefore be seen that the proposed rental of \$13,000 would only exceed the amount provisionally appropriated to this Department for rentals and available for use in the Borough of Manhattan by \$1,291, and this \$1,291, if no other arrangement could

be made, it is quite likely could be transferred from the account of Supplies and Contingencies in this Department to the account of Rentals.

I write you fully about this matter as it is one of the greatest importance to this Department and I wish you to be fully informed. I shall also send a letter, in its general outlines similar to this, to Hon. George B. McClellan, Mayor of the City.

Yours respectfully,

THOS. C. T. CRAIN, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

DECEMBER 12, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In a communication under date of December 6, 1904, the Commissioner of the Tenement House Department requests a lease of the entire fifth floor and portion of the easterly end of the fourth floor of the building on the southwest corner of Fourth avenue and Twenty-third street, known as No. 44 East Twenty-third street, Borough of Manhattan, for the use of his Department.

The Tenement House Department occupies some 7,743 square feet in the building No. 61 Irving place, which is now under lease at an annual rental of \$8,000, expiring February 1, 1907, and a portion of the premises No. 240 Fourth avenue, containing 1,022 square feet, at an annual rental of \$1,550, expiring February 1, 1905. This makes a total of \$9,550 for the space now occupied.

I have had the premises on the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, examined, and also the present quarters of the Department, and find that the present condition of overcrowding the employees has reached a stage that should be relieved at the earliest possible moment, while the accommodations offered the public should also be improved.

The owners of the premises at Twenty-third street and Fourth avenue have leased the fifth floor since these negotiations have commenced, but are willing to lease the entire fourth floor, containing 12,300 square feet, at an annual rental of \$10,000, for a five-year lease, and erect the necessary partitions, toilets, etc., and furnish heat and elevator service and to give free rent from February 1, 1905, to May 1, 1905. The Commissioner, after considering the matter, believes that this floor would meet the requirements of his Department instead of the amount of floor space he requested.

The difference in the rental of the premises now occupied and the lease proposed is only \$450, but the Department will gain about 3,545 square feet of floor space, and will be further benefited by having offices in a building centrally located and having the advantage of immediate subway connection, and that all employees will be under the direct control of the head of the Department.

The alterations desired by the Commissioner consist of the subdividing of this floor into twenty-three separate rooms and changing and erecting new toilets, the expense of which will all be borne by the lessor.

The Telephone Company, the present lessor of the premises No. 61 Irving place, has written a letter under date of November 17, 1904, attached hereto, which states in part:

"The New York Telephone Company will arrange for the cancellation of the 'lease May 1, 1905, if formally requested at an early date."

The rental asked for this floor, \$10,000 per annum, is at the rate of eighty cents per square foot, which, considering the amount of alterations required, is reasonable, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the entire fourth floor of the premises known as No. 44 East Twenty-third street, Borough of Manhattan, for a term of five years from May 1, 1905, at an annual rental of \$10,000, payable quarterly, possession to be had February 1, 1905, without rent to May 1, 1905, the lessor to put in all the necessary partitions and alterations required by the Tenement House Department, as per plan submitted by them, and to furnish heat and elevator service. Lessor, Island Realty Company.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Island Realty Company, of the entire fourth floor of the premises known as No. 44 East Twenty-third street, Borough of Manhattan, for the use of the Tenement House Department, for a term of five years from May 1, 1905, at an annual rental of ten thousand dollars (\$10,000), payable quarterly; possession to be given on February 1, 1905, without rent to May 1, 1905; the lessor to put in all the necessary partitions and alterations required by the Tenement House Department, as per plans submitted by them, and to furnish heat and elevator service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution authorizing the lease of premises at No. 437 West Thirty-seventh street, Borough of Manhattan, for the Department of Water Supply, Gas and Electricity (see page ):

DECEMBER 7, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held October 21, 1904, authorized a renewal of the lease of the ground floor of the front and rear buildings and yard of No. 437 West Thirty-seventh street, Borough of Manhattan, for a term of three years from January 1, 1905, at an annual rental of \$780, payable quarterly. The lessor refused to execute the lease unless she received an increase in rental.

Mr. Frank J. Goodwin, Deputy and Acting Commissioner of the Department of Water Supply, Gas and Electricity, in a communication under date of November 17, 1904, requested an increase of \$180 per annum for these premises.

After negotiation with the owner she has agreed to accept the sum of \$900 per annum, which rent, while full value, is not excessive. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution adopted October 21, 1904, by inserting the words "at an annual rental of \$900, payable quarterly," instead of the words "at an annual rental of \$780, payable quarterly."

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That so much of the resolution adopted by this Board at meeting held October 21, 1904, as relates to a renewal of the lease of the ground floor of the front and rear buildings and yard of No. 437 West Thirty-seventh street, Borough of Manhattan, for the Department of Water Supply, Gas and Electricity, be and the same is hereby amended by substituting "\$900" per annum as the rental in place of "\$780."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Trustees of Bellevue and Allied Hospitals relative to a renewal of the lease of premises No. 521 East One Hundred and Twentieth street, Borough of Manhattan, used as an annex to Harlem Hospital:

NEW YORK, December 9, 1904.

Sinking Fund Commission, No. 280 Broadway, New York City:

GENTLEMEN—The Trustees of Bellevue and Allied Hospitals respectfully request that the Commissioners of the Sinking Fund renew for one year, with the privilege of further renewal for one year, the lease of the premises No. 521 East One Hundred and Twentieth street, used as an annex to the Harlem Hospital. The date of occupation was December 1, 1902, and the lease expired December 1, 1904. The owner is Mrs. Catherine J. Nagle, of No. 3 East One Hundred and Twenty-ninth street, and the annual rental is \$840, payable monthly. The expense of alterations and repairs is borne by the City. Heat and light are also provided by the City, but the water tax is paid by the owner. The premises are the most reasonable that can be secured in the neighborhood for the purpose desired, and the appropriation from which the rental is to be paid is sufficient to cover it.

Respectfully,

JOHN W. BRANNAN,

President, Board of Trustees.

Approved for renewal for a term of one year from December 1, 1904, otherwise upon the same terms and conditions as contained in the existing lease, with the privilege of renewal for a further term of one year upon the same conditions.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Mrs. Catherine J. Nagle, of premises No. 521 East One Hundred and Twentieth street, Borough of Manhattan, used as an annex to the Harlem Hospital, for a term of one year from December 1, 1904, at an annual rental of eight hundred and forty dollars (\$840), payable monthly, with the privilege of a renewal for a further term of one year upon the same conditions, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made. Which was unanimously adopted.

The following communication was received from the Fire Commissioner, turning over to the Commissioners of the Sinking Fund the premises known as No. 100 Cedar street, in the Borough of Manhattan:

BOROUGH OF MANHATTAN, December 2, 1904.

Honorable Commissioners of the Sinking Fund, No. 280 Broadway, Borough of Manhattan:

The Comptroller presented the following report and offered the following resolution, relative to a sale at public auction of the premises known as No. 100 Cedar street, Borough of Manhattan:

DECEMBER 14, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The City of New York acquired the premises known as No. 100 Cedar street, Borough of Manhattan, which are used for Fire Department purposes, on February 13, 1860, from Calixte Harvier and wife, for the sum of \$13,500.

The Honorable Nicholas J. Hayes, Commissioner of the Fire Department, in a communication under date of December 2, 1904, authorizes the Commissioners of the Sinking Fund to sell the property occupied by the Fire Department at No. 100 Cedar street (size 25 feet 2 inches by 50 feet), if larger premises will be acquired by the City in the same neighborhood for the use of his Department.

The Board of Estimate and Apportionment recently authorized the purchase of the premises No. 113 Liberty street (size 25 feet 2 inches by 100 feet 2 inches) for the use of the Fire Department, to take the place of No. 100 Cedar street, and as an offer has been made to the City for the purchase of this property for \$125,000, I would respectfully recommend that the Commissioners of the Sinking Fund, pursuant to section 205 of the Greater New York Charter, sell the property No. 100 Cedar street, Borough of Manhattan, more particularly bounded and described as follows:

Beginning at a point on the southerly line or side of Cedar street, distant 25 feet westerly from the intersection of said southerly line or side of Cedar street with the westerly line or side of Temple street; thence running southerly and parallel or nearly so with said Temple street 50 feet; thence westerly and parallel with Cedar street 25 feet; thence northerly and parallel or nearly so with Temple street 50 feet to the southerly line or side of Cedar street; thence easterly along the southerly line or side of Cedar street 25 feet 2 inches, more or less, to the point or place of beginning.—at public auction at a minimum or upset price of \$125,000 upon the following

#### Terms and Conditions:

The highest bidder will be required to pay 10 per cent. of the amount of his bid, together with the auctioneer's fees at the time of the sale; 30 per cent. upon the delivery of the deed, which shall be thirty days from the date of the sale, the remaining 60 per cent. either to be paid at the time of the delivery of the deed or at the option of the purchaser to remain on bond and mortgage for five years, with interest at the rate of 6 per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax and assessments and insurance clauses.

The bond and mortgage may be paid off at any time within the term thereof on giving thirty days' notice to the Comptroller, or may be paid in installments of not less than \$5,000 on any day when interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Corporation Counsel, and the sum of \$12.50 will be charged for drawing, acknowledging and recording the same.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids. Said land is sold subject to the use by the Fire Department of The City of New York, free of rental or other charges of any nature, until the premises No. 113 Liberty street, are made available to accommodate the present engine company now located in the Cedar street building, but that such term shall not extend longer than January 1, 1906.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

The following communication was received from the Department of Bridges, relative to fire insurance on the rolling stock and appurtenances connected with the Brooklyn Bridge:

DECEMBER 14, 1904.

Hon. N. T. PHILLIPS, Secretary, Sinking Fund Commission, No. 280 Broadway:

SIR—The fire insurance on passenger cars Nos. 25 to 84, inclusive, on the Bridge Railway of the Brooklyn Bridge, and on the Bridge Shops at No. 22 High street and Nos. 21 and 23 Nassau street, and on the Brooklyn Bridge offices Nos. 179 and 181 Washington street, Brooklyn, expires on the 12th and 14th of December, 1904; and I hereby respectfully request the Sinking Fund Commission to authorize me to renew said insurance in amounts as follows:

\$150,000 on Passenger Cars Nos. 25 to 84, inclusive, \$4,500 on No. 22 High street, Brooklyn, Bridge Shops; \$8,500 on Nos. 21 and 23 Nassau street, Brooklyn, Bridge Shops; \$5,000 on Nos. 179 and 181 Washington street, Brooklyn Bridge offices, the premium on which will be about \$1,919.33.

In regard to the above insurance, I would call your attention to the matter of insuring this property which came before your Commission in communications from the Commissioner of Bridges, dated April 19, 1902, and May 6, 1902, in which your attention is called to paragraph 11 of Part III. of the contract between the Commissioner of Bridges and Frederick Uhlman, receiver of the Brooklyn Elevated Railroad Company, dated June 23, 1898, under which the Brooklyn Bridge Railroad is operated by the Brooklyn Rapid Transit Company, which reads as follows:

"Eleventh—The rolling stock and appurtenances connected with said Bridge and covered by this agreement are to be kept insured by the 'Commissioner.' In case of their destruction or injury by fire, the amount collected upon the policies covering the same is to be expended in replacing or repairing the same."

Upon this application the Commissioners of the Sinking Fund at meeting held on May 7, 1902, approved the action of the Commissioner of Bridges in renewing the policies of fire insurance at that time.

The insurance expiring at this time, viz., on the 12th and 14th inst., as per list above set forth, I have directed to be renewed pending the action of the Sinking Fund Commission, and would again respectfully ask that this action of mine be ratified and approved at your next meeting.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

On motion, the action of the Commissioner of Bridges in renewing the fire insurance policies was approved.

The Comptroller presented the following report and offered the following resolution relative to a sale at public auction of the City's interest, which it has by virtue of a lease from the Supervisor of the Town of New Utrecht to the City of Brooklyn, in certain property in the Thirtieth Ward, Borough of Brooklyn:

DECEMBER 3, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—J. C. Sanders, in a communication under date of October 31, 1904, requests that property owned by him in the Town of New Utrecht, located on Dahlgren place, Gatling place, Gelston avenue, Ninety-second street and Fort Hamilton avenue, be released by resolution of the Commissioners of the Sinking Fund from the operation of three leases made to the Town of New Utrecht on December 6, 1886, which sales run for a period of one hundred years.

Mr. Sanders' request for a release, and the amount of money for which the lots were sold is as follows:

"Property owned by J. C. Sanders at Fort Hamilton, New York City.	
"Ward 30, Block 1139, Lots Nos. 21, 22, 23, 24, 2, 3, 4, 5, Assessment for the opening of Ninety-second street; recorded Liber 1715, page 143, Kings County Register's Office.....	\$298 42
"Sold to the Town of New Utrecht, December 6, 1886, for 100 years.	
"Ward 30, Block 1140, Lots Nos. 20, 21, 22, Assessment for the opening of Ninety-second street; recorded Liber 1715, page 143, Kings County Register's office.....	170 44
"Sold to the Town of New Utrecht, December 6, 1886, for 100 years.	
"Ward 30, Block 1143, Lots Nos. 18, 20, Assessment for the opening of Ninety-second street; recorded Liber 1715, page 143, Kings County Register's office.....	93 41
"Sold to the Town of New Utrecht, December 6, 1886, for 100 years.	
"Total .....	\$562 27

The deed delivered to the Town of New Utrecht under these sales was made by Cornelius Ferguson, Supervisor of the said town, and was recorded in the Register's office of the County of Kings, in Liber 1715 of Conveyances, page 143.

I find that the property under consideration became the property of the City of Brooklyn on the annexation of the Town of New Utrecht to the said city. The body having authority in the City of Brooklyn to dispose of this class of City property was the Common Council, that being the legislative body of the City, and upon the annexation of the City of Brooklyn into the Greater New York that power was divested, by the Amended Greater New York Charter, to the Commissioners of the Sinking Fund. By section 205 of the Charter of the Greater City, it is provided that the Commissioners of the Sinking Fund must sell City property at public auction for the highest marketable price, after due advertisement and appraisal, under the direction of the said Board.

In accordance with this provision, it becomes necessary for the Commissioners of the Sinking Fund to appraise the City's interest in and to these three leases for one hundred years. This might be determined by commuting an annual rental based upon the value of the property. It is my opinion that should the City receive the sums paid out by the former Town of New Utrecht, with interests on the sums to date, together with a sum sufficient to pay for the expenses which have been incurred on account of this unpaid assessment and sale thereof, such as advertisement, drawing and recording the deed, and further expenses now incurred by the sale of this property, under

the section above mentioned, that the interests of The City of New York will be fully protected without hardship upon the owner of the property. This course has been pursued and adopted in previous cases that have been acted upon by the Commissioners of the Sinking Fund, and I would respectfully recommend that the Commissioners of the Sinking Fund authorize a sale at public auction of all the right, title and interest of The City of New York in and to the following-described property, which it has by virtue of a lease from Cornelius Ferguson, Supervisor of the Town of New Utrecht, to the City of Brooklyn, which lease, containing the property under discussion, together with other property, is recorded in the Register's Office of the County of Kings, in Liber 1715 of Conveyances, page 143:

All those certain lots known as and by the numbers 21, 22, 23, 24, 2, 3, 4, 5, in Block 1139, Ward 30, which was sold December 6, 1886, for one hundred years, to the Town of New Utrecht, for the sum of \$298.42; that the interest of The City of New York in and to the same be appraised at the sum of \$622.20, and in addition thereto the purchaser to pay the auctioneer's fee and \$100 for the expenses of examination, advertising, etc.

2d. Also all those certain lots known as and by the numbers 20, 21 and 22, in Block 1140, Ward 30, which was sold December 6, 1886, for one hundred years, to the Town of New Utrecht, for the sum of \$170.44; that the interest of The City of New York in and to the same be appraised at the sum of \$355.37, and in addition thereto, the purchaser to pay the auctioneer's fee and \$100 for the expenses of examination, advertising, etc.

3d. Also all those certain lots known as and by the numbers 18 and 20, in Block 1143, Ward 30, which was sold December 6, 1886, for one hundred years, to the Town of New Utrecht, for the sum of \$93.41; that the interest of The City of New York in and to the same be appraised at the sum of \$194.76, and in addition thereto, the purchaser to pay the auctioneer's fee and \$100 for the expenses of examination, advertising, etc.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a sale at public auction of the interest of the City, which it has by virtue of a lease from the Supervisor of the Town of Gravesend to the City of Brooklyn in certain property in the Thirty-first Ward, Borough of Brooklyn (application of Rachel Kendall; see page ):

DECEMBER 20, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In a communication under date of October 5, 1904, this office recommended to the Commissioners of the Sinking Fund the adoption of a resolution authorizing the sale at public auction of all the right, title and interest of The City of New York in and to the property described below, which it has by virtue of a lease from William V. D. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 24, 1896, and recorded December 29, 1896, in Liber 3, page 249, section 21, in the Kings County Register's Office.

All that certain lot known as and by Parcel 5 upon the assessment roll for the grading of Neptune avenue in the late Town of Gravesend, now Thirty-first Ward, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 9th day of August, 1894, for the sum of fifty and forty-three one-hundredths dollars (\$50.43), which said lot was thereafter leased to the City of Brooklyn for 100 years.

All that certain lot known as and by Parcel 5 upon the assessment roll for the opening of Neptune avenue, in the late Town of Gravesend, now Thirty-first Ward, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 9th day of August, 1894, for the sum of six and thirty-one one-hundredths dollars (\$6.31), which lot was thereafter leased to the City of Brooklyn for 100 years.

All that certain lot known as and by Parcel 24 upon the assessment roll for the opening of Courtland avenue, in the late Town of Gravesend, now Thirty-first Ward, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 9th day of August, 1894, for the sum of twenty and seventeen one-hundredths dollars (\$20.17), which said lot was thereafter leased to the City of Brooklyn for 100 years, and that the interests of The City of New York in and to the same be appraised at the sum of one hundred and twenty-four and twenty one-hundredths dollars (\$124.20), of which amount \$47.29 is the interest on the three amounts above named at the rate of 6 per cent. per annum, from the 9th day of August, 1894, to the date of such sale.

A sale at public auction was held on November 18, 1904, pursuant to a resolution adopted by the Commissioners of the Sinking Fund on October 21, 1904. The property was purchased by Mrs. Kendall, who paid the sum of \$126.

The resolution of the Commissioners of the Sinking Fund did not include in its description the three parcels, but inasmuch as the whole amount of money has been paid by the purchaser to the City, and that the City is not injured in any way, and has received all the money, therefore I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution amending the resolution of October 21, 1904, and when so amended shall read as follows:

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Comptroller be and is hereby authorized and directed to sell at public auction, after due advertisement, for cash to the highest bidder, all the right, title and interest of The City of New York, which it has by virtue of a lease from William V. D. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which said lease is dated December 24, 1895, and recorded December 29, 1896, in Liber 3, page 249, section 21, in the Kings County Register's Office, in and to

First—All that certain lot known as and by Parcel 5 upon the assessment roll for the grading of Neptune avenue, in the late Town of Gravesend, now Thirty-first Ward, Borough of Brooklyn, City of New York, which was sold to the Town of

Gravesend at a sale for unpaid assessments, held on the 9th day of August, 1894, for the sum of \$50.43, which said lot was thereafter leased to the City of Brooklyn for 100 years.

Second—All that certain lot known as and by Parcel 5 upon the assessment roll for the opening of Neptune avenue, in the late Town of Gravesend, now Thirty-first Ward, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments, held on the 9th day of August, 1894, for the sum of \$6.31, which said lot was thereafter leased to the City of Brooklyn for 100 years.

Third—All that certain lot known as and by Parcel 24 upon the assessment roll for the opening of Courtland avenue, in the late Town of Gravesend, now Thirty-first Ward, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 9th day of August, 1894, for the sum of \$20.17, which said lot was thereafter leased to the City of Brooklyn for 100 years.

Resolved, That the minimum or upset price for said land be and is hereby appraised and fixed at one hundred and twenty-four and twenty one-hundredths dollars (\$124.20).

Resolved, That the Mayor and City Clerk of The City of New York are hereby authorized to execute a confirmatory deed to Rachel Kendall upon showing the payment of the sum of one hundred and twenty-six dollars (\$126) to the proper officers of the City authorized to collect the same.

Respectfully submitted for approval.

Jacob Appell .....	\$262 28

Which resolution was unanimously adopted.

The following applications were received from the Railway Corporation and the Western Union Telegraph Company, for a refund of amounts paid for street vault privileges, and taken by the City in connection with the construction of the Rapid Transit Subway:

SEPTEMBER 22, 1904.

To the Commissioners of the Sinking Fund, No. 280 Broadway, New York:

GENTLEMEN—I beg to call your attention to the following matter: On June 29, 1898, my clients, Messrs. Radway & Co. (Incorporated), applied for and obtained a permit for the construction of a vault in front of their building No. 55 Elm street, and paid therefor the sum of \$868, being at the rate of \$2 per square foot for 434 square feet. Subsequently and in the spring of 1903, said vault was taken by the City for the construction of the underground Rapid Transit Railway and pipe galleries. A portion of it has since been restored, but Radway & Co. have now the full use of only 56.07 square feet and the partial use of 40.05 square feet. By the full use, I mean there is a clear space from the floor of the cellar to the vault lights. By the partial use I mean that a portion of the underground structure projects upward from the floor some six or eight feet so that only the upper portion of the vault is clear.

It seems proper therefore that the amount paid by Radway & Co., as aforesaid, should be refunded to them, excepting for the space of which they have the full use, at the rate of \$2 per square foot, amounting to \$112.14, and for the space of which they have the partial use at the rate of \$1 per square foot, amounting to \$40.05; total, \$152.19; leaving the balance which I claim should be refunded, \$715.81, and I would respectfully ask that this Commission authorize the refunding of the same.

As a precedent for such action, I beg to refer to the action of the Commissioners of the Sinking Fund, in December, 1901, in regard to a similar claim made by the owners of Puck Building, reported in minutes of the Commissioners for the year 1901, pages 502 to 505. A claim based on the foregoing facts has heretofore been filed with

the Comptroller, and the Secretary of Radway & Co. has been examined before the Auditor in regard to the same, and all the papers containing full information and proof are now in the custody of the Division of Law and Adjustment in the Comptroller's office.

Very respectfully yours,  
GEORGE I. WOOLLEY.

NEW YORK, September 23, 1904.

*The Sinking Fund Commission of New York City*, No. 280 Broadway, New York City:

DEAR SIRS—By referring to records in this office we find that in November, 1872, this company paid The City of New York the sum of \$844.75 for vault privileges on the northwest corner of Broadway and Dey street.

The records of the Bureau of Highways show that two payments were made, viz.: November 21, 1872, \$738.25, and November 23, 1872, \$106.50. In view of the fact that the construction of the station for the Rapid Transit Subway has deprived us of the entire vault space paid for as shown above, we request that said sum of \$844.75 be refunded to us.

Very respectfully,  
A. R. BREWER,  
Secretary, Western Union Telegraph Company.

In connection therewith the Comptroller presented the following report and offered the following resolution:

In the Matter  
of

Claim No. 31,753 of the Radway Corporation for the refund of \$715.81, being a portion of the amount paid by said corporation for the privilege of constructing a vault under the sidewalk in front of the premises No. 55 Elm street, Borough of Manhattan; and of the similar application of the Western Union Telegraph Company, not entered as a claim, for the refund of \$844.75 paid by it for the privilege of constructing a vault under the sidewalk at the northwest corner of Broadway and Dey street, Borough of Manhattan.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Radway Corporation has filed in this Department a claim No. 31,753 for the refund to it of the sum of \$715.81, being a portion of the amount paid by it for the privilege of constructing a vault under the sidewalk in front of its building, No. 55 Elm street, Borough of Manhattan, and The Western Union Telegraph Company has addressed a communication to you, which has not been entered as a claim, requesting a similar refund of \$844.75 paid for the privilege of constructing a vault under the sidewalk at the northwest corner of Broadway and Dey street, Borough of Manhattan.

In the matter of the claim of The Radway Corporation, an examination has been held in this office and testimony given by John S. Radway, which has been signed by him, and which is transmitted herewith. The Engineer of this Department has also submitted a statement, which is herewith transmitted, and communications have been received from the Board of Rapid Transit Railroad Commissioners.

It appears from said documents that the corporation in question alleges that it has owned the premises No. 55 Elm street since 1886; that on June 29, 1898, it made application for a permit to construct and maintain a vault under the sidewalk in front of the building No. 55 Elm street; that said permit was granted upon the payment of \$868, compensation for 434 square feet of vault space; that said vault was subsequently constructed and used until the spring of 1903, at which time in the construction of the Rapid Transit Railroad the greater portion of said vault was destroyed; that at the present time the company has the full use of 56.07 square feet and the partial use of 40.05 square feet (in the latter case the floor is elevated from the original level, so that only the upper portion of the vault is clear); and that the company therefore claims a refund of \$715.81, being the amount paid less \$112.14 for the 56.07 square feet fully in use and \$40.05 for the 40.05 square feet partially in use.

A diagram accompanies this report, setting forth the facts in detail.

It appears, however, that the Commissioner of the Sinking Fund allowed two heretofore disallowed on the ground that the permits for the occupation of space for vault purposes were revocable licenses, so understood at the time of granting, and subject to revocation without refund at any time when the City might need the use of such space.

It appears, however, that the Commissioner of the Sinking Fund allowed two refunds upon advice of the Corporation Counsel—one in connection with the Puck Building Estate on Elm street, as shown by the minutes of the Commissioners of the Sinking Fund December 10, 1901, page 502; and the other in connection with the estate of John P. Duncan, corner Fulton and Broadway, as shown by the minutes of the Commissioners November 18, 1903, page 1,059.

In regard to the application of the Western Union Telegraph Company for a refund in connection with the premises at Broadway and Dey street, it appears from the report of Engineer Albert Carr of the Engineer's Office of the Board of Rapid Transit Railroad Commissioners, herewith submitted, together with a diagram transmitted by him, and from a report of the Engineer of this Department, herewith transmitted, that all of said vault space formerly occupied by the company has been taken by the Rapid Transit construction work; and that payments were made for said vault privilege respectively in the sum of \$738.25 on November 21, 1872, and on November 23, 1872, in the sum of \$106.50.

It is not at all easy to reach a conclusion as to the attitude which it would seem that the Commissioners of the Sinking Fund should adopt in considering requests for refunds. By section 605 of the proposed new Codified Ordinances, it is provided that henceforth the Borough President shall annually exact rental for space used for the construction of vaults under sidewalks, at the rate of four per cent. of the square foot assessed valuation, computed upon the square foot assessed value of the abutting property. If this ordinance shall go into effect, the result will be that all permanent privileges heretofore granted will be revoked and an annual rental will be exacted. The result will be, as far as past payments are concerned, the holders of all privileges will be in no better position than the claimants. In other words, the present claimants will have had their space taken away from them and will be required to make no payments therefor, and the owners whose privileges are continued will have to pay as though they have never made a previous payment. For this reason it would seem advisable to refuse to make the refunds under consideration for, if they were made, there would seem to be no reason why a person who shall henceforth be required to pay an annual rental, should not also demand and receive refunds of the amounts heretofore paid by him.

In view of the fact that, in my opinion, there is no legal claim for said refunds, and of the fact that the equities of the said claimants would seem to be overbalanced by the considerations which I have hereinbefore set forth, it would seem that their demands should be disallowed.

Respectfully,  
JAMES F. MCKINNEY, Auditor of Accounts.

Approved:  
EDWARD M. GROUT, Comptroller.

Resolved, That the application of the Radway Corporation for a refund of seven hundred and eighteen dollars and eighty-one cents (\$718.81), being a portion of the amount paid for the privilege of constructing a vault under the sidewalk in front of premises No. 55 Elm street, and also the application of the Western Union Telegraph Company for a refund of eight hundred and forty-four dollars and seventy-five cents (\$844.75) paid for the privilege of constructing a vault under the sidewalk at the north-

west corner of Broadway and Dey street, Borough of Manhattan, be and the same are hereby disallowed.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution, relative to a refund to Mrs. Annie Smith of amount of house rent paid in error:

DECEMBER 7, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Under a misapprehension the Collector of City Revenue, etc., collected from Mrs. Annie Smith the sum of fifty dollars for house rent for the premises No. 981 East One Hundred and Seventy-eighth street, presumably upon the line of a street opening. The opening was for a sewer for which the premises could not be charged for rent. Mrs. Smith now asks for a refund of the amount so erroneously paid. I therefore recommend that this amount be refunded.

Respectfully,  
JAMES H. BALDWIN, Deputy Collector of City Revenue, etc.

Payments made: May 14, \$30, and June 30, 1904, \$20; total, \$50; deposited to credit of the Sinking Fund for the Payment of the Interest on the City Debt.

I. S. BARRETT, Bookkeeper.

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of Mrs. Annie Smith for the sum of fifty dollars (\$50), refunding her this amount of house rent paid in error on premises No. 981 East One Hundred and Seventy-eighth street, as per statement of Collector of City Revenue submitted herewith.

Which resolution was unanimously adopted.

The Comptroller presented the following report, relative to bonds sold November 23, 1904:

*To the Commissioners of the Sinking Fund:*

## COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock A. M., on Wednesday, December 28, 1904.*

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Patrick Keenan, Chamberlain, and Charles V. Fornes, President, Board of Aldermen.

The following communication was received from the Commissioner of Docks, requesting that he be authorized to make and serve upon the owners of the bulkhead rights between the north side of Fourth street and the southerly side of Fifth street, on the East river, an offer to purchase the same for \$15,000:

New York, December 14, 1904.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—Under date of September 17, 1904, a communication was forwarded to you asking authority to serve upon the owners of the bulkhead rights between East Houston and East Third streets, and between East Third and East Fourth streets, offers for the purchase thereof.

In this connection I beg to advise you that it is also very desirable that the City should acquire the bulkhead rights between the north side of Fourth street and the southerly side of Fifth street, on the East river, which is assessed for the year 1904, according to information furnished by the Department of Taxes and Assessments, at \$15,000.

I would respectfully request that the Commissioners of the Sinking Fund adopt a resolution authorizing me, as Commissioner of Docks, to make and serve upon the owners of the said bulkhead rights an offer of \$15,000 for the purchase of same. The bulkhead at that point has a length of 193 feet, more or less.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

I see no objections to the approval of this request.

EUG. E. McLEAN, Engineer, Department of Finance.

Which was unanimously adopted.

The following communication was received from the Department of Water Supply, Gas and Electricity, relative to a lease of premises No. 234 Herkimer street, Borough of Brooklyn:

CITY OF NEW YORK, December 27, 1904.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission, No. 280 Broadway, City:

DEAR SIR—I desire to recall my letter of December 2, relative to the lease of premises Nos. 59 to 63 Clinton avenue, as a storehouse for the use of the Bureau of Lamps and Gas, in the Borough of Brooklyn, having learned that the present owner will not renew the lease under the existing conditions, and to ask that premises on the south side of Herkimer street, between New York and Brooklyn avenues, being a one-story brick building with a frontage of 27 feet 6 inches by 180 feet in depth, be leased for the period of two years from the date of occupation at the annual rent of \$900 and \$1,000.

Very truly,

FRANK J. GOODWIN, Deputy Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

DECEMBER 27, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Department of Water Supply, Gas and Electricity, in a communication under date of December 2, 1904, requests a renewal of the lease of the premises Nos. 59 to 63 Clinton avenue, Borough of Brooklyn, for the use of this Department, as a storehouse for the Bureau of Lamps and Gas, on the same terms and conditions as are in the existing lease.

It appears that this property recently changed ownership, and the new owners, Messrs. Lippman Brothers, are not willing to renew the lease unless the rental be increased to \$1,500 per year, instead of the present rent of \$65 a month. This increase of rent was considered excessive, and the Department of Water Supply, Gas and Electricity have subsequently submitted another site in a letter under date of December 27, 1904. This new location is known as No. 234 Herkimer street, a lot 27 feet 6 inches by 185 feet, covered with a one-story brick stable. This location is more central for the work of the Department, and the rent asked, \$900 for the first year, and \$1,000 for the second year, is reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises known as No. 234 Herkimer street, Borough of Brooklyn, size 27 feet 6 inches by 185 feet, consisting of a one-story brick stable, for the use of the Bureau of Lamps and Gas, for a term of two years from the date of occupation, at an annual rental for the first year of \$900 and \$1,000 for the second year of the term. Lessor to put the premises in tenantable condition.

Lessor, Steve Williamson.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Steve Williamson, of the premises known as No. 234 Herkimer street, Borough of Brooklyn, size twenty-seven feet six inches by one hundred and eighty-five feet, consisting of a one-story brick stable, for the use of the Department of Water Supply, Gas and Electricity, for a term of two years from the date of occupation, at an annual rental of nine hundred dollars (\$900) for the first year and one thousand dollars (\$1,000) for the second year of the term, payable quarterly; the lessor to put

the premises in tenantable condition—and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a lease of premises on the southeast corner of One Hundred and Eighty-third street and Crotona avenue, Borough of The Bronx, for the Board of Education:

DECEMBER 27, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held November 10, 1904, authorized a lease of the store and the use of the toilet and sink on the first floor of the building, situated on the southeast corner of One Hundred and Eighty-third street and Crotona avenue, Borough of The Bronx, for the use of the Board of Education for a period from November 15, 1904, to July 1, 1905, with the privilege of renewal for one year, at an annual rental of \$240, payable quarterly. The owner to pay water rent and to replace any broken glass. Lessor, Mrs. Amelia Kestrer.

It appears that in the original resolution of the Board of Education, the name of the lessor was incorrectly spelled, and the Board of Education at a meeting held December 21, 1904, requests that the resolution of the Commissioners of the Sinking Fund adopted November 10, 1904, be amended by striking out the name "Mrs. Amelia Kestrer" and insert in lieu thereof the name of "Mrs. Emilie Kaestner," and I would respectfully recommend that this action be taken by the Commissioners of the Sinking Fund.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Resolved, That the resolution adopted by this Board at meeting held November 10, 1904, authorizing a lease to the City from Mrs. Amelia Kestrer of the store and use of the toilet and sink on the first floor of the building situated on the southeast corner of One Hundred and Eighty-third street and Crotona avenue, Borough of The Bronx, for the use of the Board of Education, be and the same is hereby amended by substituting "Mrs. Emilie Kaestner" as the name of the lessor in place of "Mrs. Amelia Kestrer."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Fire Department, turning over to the Commissioners of the Sinking Fund leased premises on West Eighth street, Coney Island, and leased premises on East Twenty-third street, between Voorhies and Emmons avenues, Borough of Brooklyn:

To the Commissioners of the Sinking Fund:

GENTLEMEN—Referring to resolutions adopted by the Commissioners of the Sinking Fund, July 20, 1904, authorizing and directing the Comptroller to pay the rental of premises occupied by Engine Company No. 145, on West Eighth street, Coney Island, for a period of one year from June 29, 1904, at an annual rental of \$1,000, and of premises occupied by Engine Company No. 140, on East Twenty-third street, between Voorhies avenue and Emmons avenue, Sheepshead Bay, Borough of Brooklyn, for a period of one year from June 1, 1904, at the rate of \$500 per annum, and in connection therewith requesting that both houses be turned over at the earliest possible moment in order that such rental might be derived therefrom as it would be possible to obtain, I have the honor to inform you that the same are hereby surrendered to your Commission for such disposition as may be deemed advisable, as this Department will not require the use thereof after 8 A. M., December 26, 1904.

Yours respectfully,

THOMAS W. CHURCHILL, Deputy and Acting Fire Commissioner.

Which was referred to the Comptroller, in order that such revenue may be derived therefrom as can be obtained.

The Comptroller presented the following statement and offered the following resolution, relative to a transfer of \$800,000 from the Interest to the Redemption Fund:

DECEMBER 28, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I hereby certify that the available cash balance to the credit of the "Sinking Fund for the Payment of Interest on the City Debt" at the close of business December 24, 1904, P. M., was \$1,517,459.70.

Respectfully,

JOSEPH HAAG, Chief Accountant and Bookkeeper.

Resolved, That a warrant, payable from the "Sinking Fund for the Payment of Interest on the City Debt," be drawn in favor of the Chamberlain for the sum of eight hundred thousand dollars (\$800,000), to be by him deposited to the credit of the "Sinking Fund for the Redemption of the City Debt, No. 1," thereby transferring this amount of surplus revenues of the "Sinking Fund for the Payment of Interest on the City Debt" to the "Sinking Fund for the Redemption of the City Debt, No. 1," pursuant to section 209 of the Greater New York Charter.

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolutions, relative to a sale of \$100,000 of Three Per Cent. Assessment Bonds, held by the Sinking Fund as an investment, and transferred to the Sinking Fund for the Redemption of the City Debt, No. 2, and the Redemption of \$500,000 of Six Per Cent. Permanent Water Loan Bonds of the City of Brooklyn:

DECEMBER 27, 1904.

To the Commissioners of the Sinking Fund:

GENTLEMEN—On the 1st of January, 1905, \$500,000 of Six Per Cent. Permanent Water Loan Bonds of the late City of Brooklyn, redeemable from the "Water Sinking Fund of the City of Brooklyn," will become due. The available cash now in said Sinking Fund, amounting to \$33,657.52, and the Surplus Revenue of 1904 of the Water Revenue of the Borough of Brooklyn, amounting to \$400,000, which is now being transferred to said Sinking Fund, will not be sufficient to redeem said bonds. I therefore recommend that one hundred thousand dollars (\$100,000) of the Three Per Cent. Assessment Bonds of The City of New York, now held by said Sinking Fund as an investment, be sold and transferred to the "Sinking Fund for the Redemption of the City Debt, No. 2," and I present herewith a resolution to authorize such sale and transfer. I also present a resolution to authorize the redemption of said bonds.

Respectfully,

EDWARD M. GROUT, Comptroller.

Resolved, That one hundred thousand dollars (\$100,000) of the Three Per Cent. Assessment Bonds of The City of New York, payable on or after November 1, 1904, held by the "Water Sinking Fund of the City of Brooklyn," be transferred to the "Sinking Fund for the Redemption of the City Debt, No. 2," and that a warrant for the par value of said bonds and accrued interest thereon to the date of transfer, be drawn on the said "Sinking Fund for the Redemption of the City Debt, No. 2," in favor of said "Water Sinking Fund of the City of Brooklyn."

Resolved, That the Comptroller be and is hereby authorized to redeem from the Water Sinking Fund of the City of Brooklyn Six Per Cent. Permanent Water Loan Bonds of the City of Brooklyn, which mature on January 1, 1905, amounting to five hundred thousand dollars (\$500,000).

Which resolutions were severally unanimously adopted.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICE TO CONTRACTORS.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk thereof, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract or in the supplies, work or business to which it relates, or in any portion of the profits, thereof. The bid or estimate must be verified by the oath, in writing of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract or who is a defaulter, as surety or otherwise upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
