The President at this point introduced his successor, President-elect Patrick F. McGowan, of the Board of Aldermen, who occupied a seat beside him during the session.

The Clerk proceeded to read the minutes of the Stated Meeting of December 5, 1905.

On motion of Alderman Boerner, further reading was dispensed with and the minutes were approved as printed.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

No. 2520.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, December 11, 1905.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

Dear Sir—The Board of Estimate and Apportionment, I am informed, has granted, upon the application of this Department, an appropriation of \$3,000,000 out of Corporate Stock, for the purpose of completing school buildings in course of con-

struction and the purchase of needed sites, and I am writing to urge your personal and favorable attention to the end that an approval thereof may be had at the hands of the Board of Aldermen at the earliest possible date, and before the holidays if practicable. This Department is virtually at a standstill regarding the acquisition of sites, and in the near future will be relative to the completion and erection of buildings, by reason of want of funds, and it is absolutely essential that the amount referred to be procured at once to prevent injury to the interests of the Department.

I am deeply appreciative of the many favorable actions of your Board in the past touching the needs of this Department, and because of that am writing you with confidence that they will not fail me at this time.

I shall be glad to furnish you, as well as the Board of Aldermen, with any further information you may desire, either personally or by letter, and beg to remain,

Very respectfully yours,

HENRY N. TIFFT,

President, Board of Education.

Department of Finance—City of New York, }

December 11, 1905. }

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 8, 1905, authorizing the issue of \$3,000,000 Corporate Stock for the purpose of providing means for the construction, permanently bettering and equipping of school buildings and additions thereto, and the acquisition of sites therefor in The City of New York, together with copy of a communication from the Chairman, Committee on Buildings, Board of Education, and report of the Principal Assistant Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

December 6, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—By resolution adopted by the Board of Education on November 22, 1905, the Board of Estimate and Apportionment was requested to authorize the issue of Corporate Stock during the current year, for the acquisition of sites for new school buildings and additions thereto, to the amount of \$1,237,751. I would report:

For your information, I give a statement of the school building fund, etc., for the year 1905 as furnished by the Board of Education.

Principal Assistant Engineer.

November 13, 1905.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Dear Sir—Permit me to submit to you the following brief summary of the financial status of the Board of Education, as far as Corporate Stock is concerned, for the erection of buildings and the acquisition of sites:

On the 6th of November, this year, the balance available to the credit of the Building Committee was.....

\$34,362 73

On September 29 the Board of Estimate and Apportionment authorized the issue of Corporate Stock to the amount of.....

3,000,000 00

—which became available through the approval of the Board of Aldermen on October 24.

Total.....	\$3,034,362 73
------------	----------------

Contracts were let on November 6, amounting to.....	341,646 53
---	------------

Leaving a balance of.....	\$2,692,716 20
---------------------------	----------------

The Building Bureau has plans and specifications in an advanced stage of preparation so that the contracts can be let before January 1, 1906, for the following work:

Borough of Manhattan.

Addition to Public School 135, First avenue and Fifty-first street.

Addition to Public School 68, No. 116 West One Hundred and

Twenty-eighth street.

Addition to Public School 32, No. 357 West Thirty-fifth street.

Addition to Public School 121, No. 227 East One Hundred and

Second street.

Addition to Public School 27, No. 206 East Forty-second street.

Addition to Public School 172, One Hundred and Ninth street, east

of Second avenue.

Hall of the Board of Education, Fifty-ninth street and Park avenue

Estimated value of the above work.....

\$605,000 00

Borough of The Bronx.

Addition to Public School 54, Amethyst avenue, Van Nest.

Estimated value.....

115,000 00

Borough of Brooklyn.

Addition to Public School 24, Arion place and Beaver street.

Addition to Public School 8, Hicks and Middagh streets.

Addition to Public School 30, Wolcott street.	
Addition to Public School 114, Canarsie.	
Addition to Public School 83, Bergen street and Schenectady avenue.	
Addition to Public School 150, Sixth avenue and Fiftieth street.	
Estimated value	1,024,200 00
Borough of Queens.	
Public School 25, Jamaica avenue, Flushing.	
Public School 66, Union place, Brooklyn Hills.	
Public School 85, De Bevoise avenue, Long Island City.	
Estimated value	596,000 00
In addition to the above, we will need for equipment of schools, contracts for the general construction of which have been let:	
Borough of Manhattan.....	\$390,925 00
Borough of The Bronx	50,000 00
Borough of Brooklyn.....	166,800 00
Borough of Queens	50,450 00
Borough of Richmond.....	25,000 00
	683,175 00
Total	\$3,023,375 00
The deficit, therefore, on January 1, 1905, will be about.....	\$330,659 00

Or, in other words, operations in the letting of contracts must cease prior to that date, unless more funds are made available.

In addition to the above, the Sites Committee is in an equal, if not worse, condition.

On October 11 the balance available for the Committee on Sites was \$3,394,721.63. All this amount is at least mortgaged by the sites selected and approved by the Board of Education and now either in the hands of the Comptroller or the Corporation Counsel, and I am very much afraid that the figures which will ultimately cover the cost to the City of school property, as above referred to, will by far exceed the above mentioned amount.

Therefore it appears to me absolutely necessary that some additional funds should be turned over to the Committee on Sites, so that they will be in a position to acquire more sites in the congested districts.

All of which is respectfully submitted.

Yours respectfully,

RICHARD H. ADAMS,

Chairman, Committee on Buildings.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three million dollars (\$3,000,000) for the purpose of providing means for the construction, permanently bettering and equipping of school buildings and additions thereto and the acquisition of sites therefor, in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 8, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding three million dollars (\$3,000,000) for the purpose of providing means for the construction, permanently bettering and equipping of school buildings and additions thereto and the acquisition of sites therefor in The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding three million dollars (\$3,000,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 2521.

Department of Finance, City of New York, }
December 11, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 8, 1905, approving of the issue of Corporate Stock of The City of New York to the amount of \$115,000 for the purpose of providing means for the construction of a bridge to carry Jerome avenue over the Mosholu parkway drive and approaches in the Borough of The Bronx, together with copy of a report from the Engineer of the Department of Finance relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

J. W. STEVENSON, Deputy Comptroller.

November 27, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In reference to the accompanying communication of Hon. Louis F. Haffen, President of the Borough of The Bronx, addressed to the Honorable George B. McClellan, Mayor, requesting the Board of Estimate and Apportionment to appropriate \$115,000 to defray the expenses of constructing a bridge to carry Jerome avenue over Mosholu parkway drive and approaches, I beg to submit the following report:

The proposed improvement is to be located at the intersection of Jerome avenue with Mosholu parkway, in the Borough of The Bronx, and is for the purpose of avoiding a grade crossing at this point, the idea being to carry the traffic on Jerome avenue, including the surface railroads, by means of a bridge over the parkway.

Accompanying the Borough President's letter is a communication from Mr. Josiah A. Briggs, Chief Engineer of the Borough of The Bronx, giving the quantities of work to be done, in order to carry out the proposed plan, and an estimate of the cost of the same based upon prevailing prices, including engineering, inspection and contingencies. Accompanying this communication is a plan showing the general scheme, but no detailed design for the bridge has as yet been prepared.

It undoubtedly is desirable to avoid grade crossings of this character, as the driveway and avenue cross at right angles, and the crossing at grade would be attended with both danger and inconvenience, and the more so as commercial and other traffic increases at this point.

I am of the opinion that the general scheme is a desirable one, and the amount requested for the purpose of carrying it out not excessive. I would therefore recommend that, if the financial condition of the City permits, the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of one hundred and fifteen thousand dollars (\$115,000) for the construction of a bridge to carry Jerome avenue over the Mosholu parkway drive and approaches in the Borough of The Bronx.

Respectfully,

MERRITT H. SMITH, Principal Assistant Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and fifteen thousand dollars (\$115,000), for the purpose of providing means for the construction of a bridge to carry Jerome avenue over the Mosholu Parkway Drive and approaches in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 8, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred and fifteen thousand dollars (\$115,000), for the purpose of providing means for the construction of a bridge to carry Jerome avenue over the

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 8, 1905, approving of the issue of \$20,000 Corporate Stock for the use of the Topographical Bureau of Queens County.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty thousand dollars (\$20,000), for the use of the Topographical Bureau of the Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty thousand dollars (\$20,000), the proceeds whereof to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment December 8, 1905.

J. W. STEVENSON, Secretary.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty thousand dollars (\$20,000), for the use of the Topographical Bureau of the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Alderman James moved the adoption of the ordinance.

The President put the question whether the Board would agree with said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Callahan, Chambers, Collins, Donohue, Doull, Dowling, Flynn, Gaffney, Goldwater, Goodman, Gunther, Harburger, Harnischfeger, Higgins, James, Jones, Kenney, Kline, McCall, McCarthy, Malone, Marks, Arthur H. Report No. 3421.

Board of Estimate and Apportionment, }
Office of the Chief Engineer,
December 5, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on November 24, 1905, the Commissioner of Bridges submitted with the accompanying communication, dated November 13, 1905, general plans for the proposed Hudson Memorial Bridge over the Harlem river at Spuyten Duyvil Heights.

The project of building such a bridge was brought to the attention of the Board of Estimate and Apportionment on May 13, 1904, when a communication was submitted from the Hudson Tri-Centennial Association, through Mr. T. P. Fowler, its President, urging that the three hundredth anniversary of the discovery of the Hudson river, which will occur on September 12, 1909, be properly commemorated, and suggesting as a proper means of doing so the dedication on that date of a monumental bridge across Spuyten Duyvil creek, connecting Inwood Heights, in the Borough of Manhattan, with Spuyten Duyvil Heights, in the Borough of The Bronx. The communication was referred to the President of the Borough of Manhattan and the Engineer of the Board, and a report was submitted by them under date of June 24, 1904. As a result of the recommendations contained in this report, the Board authorized an issue of Corporate Stock in the sum of ten thousand dollars to provide for preliminary surveys, borings and plans. The Department of Bridges was subsequently authorized to retain the services of Messrs. Boller and Hodge, Consulting Engineers, to prepare plans for such a structure, and these plans the Commissioner of Bridges has submitted with his communication now under consideration.

The plans are accompanied by a diagram showing the proposed location of the bridge, this location having been determined upon as the most feasible one after careful surveys and borings to determine the character of the foundation. Its axis will be nearly parallel with the shore line of the Hudson river, and it will admirably fit the topography of the hills on either side of the Harlem river. The plans provide for a steel arch with a span of 800 feet, this length of span being deemed advisable to secure solid rock foundations and avoid the difficulties and uncertainties of deep foundations constructed by the use of pneumatic caissons. The approaches to the main arch are by a series of masonry arches of dignified and imposing design. The plans provide for a bridge 100 feet in width, while the present Washington Bridge has a width of but 80 feet. The estimate of cost is as follows:

If built with granite facings, parapet walls and coping, \$2,925,000.

If built of concrete, with granite coping and parapet walls, \$2,450,000.

I have requested of the engineers who prepared the designs an estimate of the saving which would be affected in reducing the width of the bridge from 100 to 80 feet, and they advise me that the estimated difference is \$236,000, of which the saving in steel would be \$99,000; in masonry, \$80,700; and in roadway paving, \$27,000. The difference is relatively slight as the expensive work will all be retained, and only the filling between the faces will be diminished.

I cannot but believe that a width of 80 feet would be sufficient for this structure, allowing a roadway of 50 feet and two sidewalks of 15 feet each. This roadway would be greater than that of either the proposed Manhattan Bridge or the Blackwell's Island

Bridge. It has been said that the contraction of the roadway on a structure of this kind and importance would create an unpleasant impression, but a glance at the diagram accompanying the communication will make it apparent that these approaches are all curbed roadways with an open space at each end of the bridge, so that no contraction of the driveways need be apparent.

The considerations which should be given due weight in determining whether or not this structure should be built are sentiment, the present need of such a connection, the needs of the immediate future and the desirability of carrying the Riverside drive to the northerly limits of the city.

Centenaries, bi-centenaries and tri-centenaries of important events in the history of this city are occurring with increasing frequency, and it has been thought proper to observe them with appropriate ceremonies. Such an observance of the three hundredth anniversary of the discovery of the Hudson river might certainly be desirable if it took the form of some improvement essential to the proper development of the city.

As to the present need of such a bridge—the Inwood Heights are now practically inaccessible, one narrow and steep road known as the Bolton road, winding from Dyckman street up to the summit occupied by the Episcopal House of Mercy. It is probable that few of the residents of New York City have ever visited these heights, but the situation is a commanding one and the view probably surpasses that from any other point in New York City. The nearest high-level crossing between the two boroughs is that at Washington Bridge on the line of West One Hundred and Eighty-first street, between two and a half and three miles distant, measured along the Harlem river. The opening of the Rapid Transit Railroad has resulted in a phenomenal development of the northerly end of Manhattan Island and of the adjacent sections of the Bronx, and I believe it safe to predict that by the time this bridge would be completed it would be extensively used.

This structure should also be considered in connection with the probable, if not inevitable, extension of the Riverside drive. An extension of this drive from One Hundred and Thirty-fifth street to the Boulevard Lafayette is now being constructed. The Boulevard Lafayette, the name of which has recently been changed to Riverside drive, furnishes a further extension to Dyckman street, from which the only means of reaching Spuyten Duyvil parkway or the extensive park system of the Borough of The Bronx is by way of Broadway and the bridge across the Harlem River Ship canal on the line of that street, which bridge is a low-level bridge, to be occupied by surface railroad tracks, with a second story accommodating the Rapid Transit Railroad. Broadway will doubtless be taxed to its full capacity by trucking and heavy teaming of all kinds, so that within a short time the demand for an extension of the Riverside drive along or over the Inwood Heights and across the Harlem river to Spuyten Duyvil will be irresistible.

It seems clear, therefore, that this proposed viaduct is one which must be built in the near future, and I see no reason why it should not be begun at once, so that it can be completed in time for the three hundredth anniversary of the event which it is designed to commemorate.

The bridge itself will be of no use without proper connections. These are practically already established in the Borough of The Bronx, but in Manhattan it will be necessary to build a proper road along the Inwood hill from the end of the bridge to Dyckman street, a distance of about 3,400 feet. It is proposed to place the roadway of this bridge at an elevation of 175 feet above mean high water, which would be about thirty feet higher than that of the Washington Bridge, but it will be possible to reach this elevation by a road the grade of which will not exceed five per cent.

The Inwood hill is at present occupied by a few houses which are almost inaccessible. Owing to the precipitous sides of this hill it does not seem possible to lay out a street system which will permit of the utilization of the property for residences or for any purposes, unless it be divided into large plots to be occupied by public or semi-public institutions. The value of the land is not therefore great at the present time, and it is, in my judgment, to be regretted that this entire hill was not purchased by the City at the time when the large parks in the Borough of The Bronx were secured and set aside for park purposes. The City will probably secure it and devote it to such purposes at some future time, if not at present, and I would suggest that serious consideration be given to the idea of buying it before its values are seriously affected by the building up of the adjacent territory, a substantial increase of these values being inevitable.

If the Board decides to authorize the construction of this viaduct it will be necessary to provide a certain sum of money at once in order that a beginning may be made. The engineers who prepared the design estimate the cost of the steel structure at \$800,000, the remainder being for foundations and masonry. Foundations for the abutments could be put in at once, and I believe that if the Board of Estimate and Apportionment were to authorize an issue of Corporate Stock in the sum of \$1,000,000 it would provide all the funds which would be needed for the coming year.

As to the use of granite facing, I believe that while concrete would doubtless answer the purpose, this structure would be so monumental in character, forming as it will a conspicuous feature of what will doubtless be the greatest driveway in the world, that it would be wise to use granite facings in accordance with the first estimate of the engineers.

I believe, however, that there is no necessity of making the bridge more than eighty feet in width, and would recommend the approval of the plans on this basis.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one million dollars (\$1,000,000), to provide means for the acquisition of land and construction of a monumental bridge, or viaduct, to be erected across the Spuyten Duyvil creek, connecting Inwood Heights, in the Borough of Manhattan, with Spuyten Duyvil Heights, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 8, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding one million dollars (\$1,000,000), for the purpose of providing means for the acquisition of land, and the construction of a monumental bridge or viaduct to be erected across the Spuyten Duyvil creek, connecting Inwood Heights, in the Borough of Manhattan, with Spuyten Duyvil Heights, in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one million dollars (\$1,000,000), the proceeds whereof to be applied to the purposes aforesaid."

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 2524.

Department of Finance, City of New York, }
December 11, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 8, 1905, approving of the establishment of additional grades of the position of Pilot in the Department of Correction, and recommending to the Board of Aldermen the fixing of the salaries of said additional grades at the rates of \$1,400 and \$1,620 per annum, together with copy of a report of the Auditor of Accounts, Investigations Division, Department of Finance, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

J. W. STEVENSON, Deputy Comptroller.

December 6, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In regard to the request of Commissioner Francis J. Lantry, of the Department of Correction, that the Board of Estimate and Apportionment establish in the Department the grade of Pilot at \$1,620 per annum, and the grade of Pilot at \$1,400

per annum, which matter was referred to the Investigations Division for examination, I beg to report as follows:

The civil list for 1905 shows that there are employed in the Department of Correction:

Two Pilots at \$1,200 a year.

Four Pilots at \$1,000 a year.

The General Manager of United Harbor No. 1, American Association of Masters and Pilots of Steam Vessels, stated in a letter to the Comptroller, under date of December 19, 1904, that 90 per cent. of the pilots are members of the organization, and that the prevailing rate of wages received by masters and pilots on passenger steamers is \$135 a month, or \$1,620 a year.

Commissioner Lantry stated to a representative of the Department of Finance that he desired to comply with the prevailing rate of wages law, and that he had been assured the rate for pilots on passenger steamers was \$135 a month; that the salary of \$1,620 a year was intended for Captain and Pilot on the large steamboats of the Department; that the salary of \$1,400 was to be paid to Captain and Pilot of small boats and Assistant to Captain and Pilot of the large boats.

In view of the fact that the creation of a position of Pilot at \$1,400 in the Department of Charities was not recommended in a report of the Investigations Division, under date of December 6, 1905, because of the existence of a grade of Pilot at \$1,350 in said Department, and in view of the fact that the work of Pilots in both the Charities and Correction Departments is similar in character, I would suggest that the position in the Correction Department be fixed at \$1,350 instead of \$1,400, as requested by the Commissioner.

It is therefore recommended that positions be created in the Department of Correction, as follows:

Pilot at \$1,620 per annum (for large boats).

Pilot at \$1,350 per annum (for small boats and for Assistant Pilot on large boats).

Respectfully yours,

(Signed) CHAS. S. HERVEY,

Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment at a meeting held December 8, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Pilot in the Department of Correction, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed at the rates of fourteen hundred dollars (\$1,400) and sixteen hundred and twenty dollars (\$1,620) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of said additional grades of the position of Pilot in the Department of Correction at the rates of fourteen hundred dollars (\$1,400) and sixteen hundred and twenty dollars (\$1,620) per annum.

Which was referred to the Committee on Salaries and Offices.

Subsequently, the Committee reported as follows:

The Committee on Salaries and Offices, to whom was referred on December 12, 1905, the annexed resolution in favor of fixing salary of position of Pilot in the Department of Correction, respectfully

REPORT:

That, having examined the subject, they therefore recommend that the said resolution be adopted.

PHILIP HARNISCHFEGER, JOHN H. DONOHUE, FRANK L. DOWLING, FRANKLIN B. WARE, MAX S. GRIFENHAGEN, Committee on Salaries and Offices.

Alderman Coggey asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Brenner, Chambers, Coggey, Collins, Doull, Dowling, Flynn, Gillen, Goldwater, Goodman, Haenlein, Harburger, Harnischfeger, James, Jones, Kenney, Kevin, Kline, Koch, Lochner, McCall, McCarthy, Malone, Marks, Morris, Arthur H. MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 2303.

City of New York—Office of the Mayor, }
December 11, 1905.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, an ordinance entitled "Ordinance to amend section 105 of the Building Code relative to fireproof buildings."

This ordinance aims to amend section 105 of the Building Code by striking therefrom the clauses relating to the compulsory use of so-called fireproof wood in buildings exceeding one hundred and fifty feet in height.

The Building Code as it now exists provides that "the floor surfaces of such buildings must be of stone, cement, rock, asphalt, tiling or some incombustible material, or the sleepers and floors may be of wood treated by some process approved by the Bureau of Buildings to render the same fireproof," and further that "the inside window frames and sash, doors, trim and other interior finish may be of wood covered with metal or of wood treated by some process approved by the Bureau of Buildings to render the same fireproof."

It is now proposed to omit the provisions that the sleepers, floors, inside window frames and sash, doors, trim and other interior finish may be of fireproof wood, and to allow the substitution of hardwood in its place. If such an amendment were to be adopted, it is obvious that the compulsory use of fireproof wood in high buildings would be almost wholly done away with.

This proposed change is a most important one, and it should be considered with the greatest care and caution. For the past six years the City has required the use of fireproof wood in buildings of a certain character, and to now reverse its former policy and abolish these requirements would, in my opinion, be a serious mistake, unless it can be shown with reasonable certainty that nothing can be gained by a continuance of its use.

I know of no good reason at present for wholly condemning the use of fireproof wood. While I am aware that it has been pronounced a failure by some, yet there are many who contend that its use safeguards life and property to a very great extent. Indeed, only last year your own Board passed an ordinance, which I subsequently vetoed, extending the compulsory use of fireproof wood to buildings of one hundred feet in height. If it was your opinion a year ago that the further use of fireproof wood was highly desirable, I see no reason why you should now approve of its elimination.

The whole question is too serious a one, in my opinion, to be disposed of without a thorough examination into the merits of the proposition. A full hearing should be given to those interested in the matter, and, if necessary, tests should be made and testimony of experts taken to the end that a decision may be reached which shall be based on proof rather than on mere speculation.

While dealing with this subject, I desire to call the attention of the Board to the fact that there are many existing inconsistencies in the Building Code which should be corrected, and that many of its sections are in great need of revision. I think it most desirable that these matters should be taken up and considered at the earliest possible moment. To this end I advise, if these views meet the approval of your Board, that authority be given me to appoint a Commission to inquire into these matters, and to prepare for submission to your Board a revision of the Building Code which may meet the needs of the present day.

Respectfully,

GEO. B. McCLELLAN, Mayor.

The Committee on Buildings, to whom was referred on October 3, 1905 (Minutes, page 69), the annexed ordinance to amend section 105 of Building Code (said ordinance having been introduced by Alderman Ware), respectfully

REPORT:

That, having examined the subject, they believe the proposed ordinance should be adopted.

They therefore recommend that the said ordinance be adopted.
AN ORDINANCE to amend section 105 of the Building Code relative to fireproof buildings.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
That section 105 of the Building Code of The City of New York is hereby amended to read as follows:

Section 105—Fireproof Buildings. Every building hereafter erected or altered, to be used as a hotel, lodging-house, school, theatre, jail, police station, hospital, asylum, institution for the care or treatment of persons, the height of which exceeds thirty-five feet, excepting all buildings for which specifications and plans have been heretofore submitted to and approved by the Bureau of Buildings, and every other building the height of which exceeds seventy-five feet, except as herein otherwise provided, shall be built fireproof, that is to say, they shall be constructed with walls of brick, stone, Portland cement concrete, iron or steel, in which wood beams or lintels shall not be placed, and in which the floors and roofs shall be of materials provided for in section 106 of this Code. The stairs and staircase landings shall be built entirely of brick, stone, Portland cement concrete, iron or steel. No woodwork or other inflammable material shall be used in any of the partitions, furrings or ceilings in any such fireproof buildings, excepting, however, that [when the height of the building does not exceed twelve stories nor more than one hundred and fifty feet,] the doors and windows and their frames, the trims, the casings, the interior finish when filled solid at the back with fireproof material, and the floor boards and sleepers directly thereunder, may be of wood, but the space between the sleepers shall be solidly filled with fireproof materials and extend up to the under side of the floor boards.

[BUCKS AND SLEEPERS.]

When the height of a fireproof building exceeds twelve stories, or more than one hundred and fifty feet, the floor surfaces shall be of stone, cement, rock asphalt, tiling or similar incombustible material. [or the sleepers and floors may be of wood treated by some process, approved by the Bureau of Buildings, to render the same fireproof.] All outside window frames and sash shall be of metal, or of wood covered with metal. The inside window frames and sash, doors, trim and other interior finish may be of hard wood. [covered with metal, or of wood treated by some process approved by the Bureau of Buildings to render the same fireproof.]

All hall partitions or permanent partitions between rooms in fireproof buildings shall be built of fireproof material and shall not be started on wood sills, nor on wood floor boards, but be built upon the fireproof construction of the floor and extend to the fireproof beam filling above. The tops of all door and window openings in such partitions shall be at least twelve inches below the ceiling line.

Explanation—Matter in italic is new; matter in brackets [] is old wording to be omitted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS, RESUMED.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting resolutions:

No. 2525.

Hon. CHARLES V. FURNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment December 8, 1905, approving of the establishment of additional grades of the position of Pilot in the Department of Public Charities, and recommending the fixing of the salaries of said additional grades at the rates of \$1,400 and \$1,620 per annum; together with copy of communication from the Commissioner of the Department of Public Charities and copy of report of the Auditor of Accounts, Investigations Division, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Department of Public Charities, }

November 28, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman Board of Estimate and Apportionment:

Dear Sir—I would respectfully request that the following new grades of salaries be established in this Department in addition to those already existing:

Pilot, \$1,620 per annum (for large boats);

Pilot, \$1,400 per annum (for small boats).

This request is made in order that Pilots in this Department may be promoted to the same rate of wages that is paid by private ferry companies in the Harbor of New York.

Yours respectfully,

JAMES H. TULLY, Commissioner.

December 6, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In regard to the request of Commissioner James H. Tully, of the Department of Public Charities, that the Board of Estimate and Apportionment establish in the Department, in addition to those already existing, the following grades:

Pilot, at \$1,620 per annum (for large boats);

Pilot, at \$1,400 per annum (for small boats);

—which matter was referred to the Investigations Division for examination, I beg to report as follows:

The Civil List for 1905 shows that there are employed in the Department of Public Charities:

One Pilot, at \$1,350 a year.

One Pilot, at \$1,200 a year.

One Pilot, at \$1,050 a year.

Two Pilots, at \$900 a year.

One Pilot, at \$3 a day.

The general manager of United Harbor No. 1, American Association of Masters and Pilots of Steam Vessels, stated in a letter to the Comptroller, under date of December 19, 1904, that 90 per cent. of the Pilots are members of the organization, and that the prevailing rate of wages received by masters and pilots on passenger steamers is \$135 a month, or \$1,620 a year.

A representative of the Department of Finance learned at the Department of Public Charities that the Pilots' organization has cited a number of private corporations which pay pilots \$135 a month; that it is proposed to fix the salary of Pilots in charge of the two large boats of the Charities Department, the "Brennan" and the "Fidelity," at \$1,620 a year, the prevailing rate for pilots on passenger steamers; that the Assistant Pilot on the "Brennan" be paid under the present grading \$1,200 or \$1,350, according to experience and length of service; that the Commissioner does not ask for an Assistant Pilot on the "Fidelity"; that the Department asks a \$1,400 a year salary for Pilots in charge of the smaller boats, to which rate Pilots may be gradually advanced from lower present grades when their experience and length of service justify it.

In view of the fact that a grade of Pilot at \$1,350 is already established in the Department, it would seem unnecessary to establish another grade at \$1,400, only \$50 per annum more, and that the Pilots on the smaller boats would seem to be adequately compensated at \$1,350 per annum.

It is therefore recommended that the request of the Commissioner of Public Charities be granted, so far as it applies to the grade of Pilot at \$1,620 per annum, for the compensation of the Pilots for the large boats.

Respectfully yours,

(Signed) CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 8, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Pilot in the Department of Public Charities, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed at the rates of fourteen hundred dollars (\$1,400) and sixteen hundred and twenty dollars (\$1,620) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of said additional grades of the position of Pilot in the Department of Public Charities at the rates of fourteen hundred dollars (\$1,400) and sixteen hundred and twenty dollars (\$1,620) per annum.

Which was referred to the Committee on Salaries and Offices.

Subsequently, the Committee reported as follows:

The Committee on Salaries and Offices, to whom was referred, on December 12, 1905, the annexed resolution in favor of fixing the salary of position of Pilot in the Department of Charities, respectfully

Very truly yours,

(Signed) WM. TRAVERS JEROME, District Attorney.

December 6, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In regard to the request of the District Attorney of the County of New York, that the Board of Estimate and Apportionment recommend to the Board of Aldermen the fixing of additional grades in the position of Clerk, Stenographer, Process Server, Messenger, etc., in his office, referred to this Division for examination, I beg to report as follows:

The District Attorney states that in many instances the designations at present applied to positions in the administrative force of his office are entirely misleading, as they do not indicate the duties performed by the persons holding the respective positions; that he has long had it in mind to apply for correction of this anomalous and confusing situation, but that other matters of importance have prevented his doing so.

He further states that he now finds it necessary, owing to a number of resignations therefrom, to reorganize his office force, and desires to have positions graded upon rates of annual compensation and as contemplated by the State Civil Service rules; that it is not his intention now to fill the additional grades asked for, but that he would like to have them fixed so that if at any time in the future he should wish to make any promotion warranted by his appropriation, he may be able to do so without frequent applications to the Board of Estimate and Apportionment, each one trifling in itself. For instance, if he should desire to promote an Office Boy to the position of Junior Clerk, a fixing of the grades as requested would afford an opportunity for doing so that does not exist now.

As an instance of inappropriate and misleading designation, the District Attorney cites that of a Clerk in the Bail Bureau having the pay-roll designation of "Assistant Docket Clerk, Court of General Sessions, Part I." He states that his pay-roll is filled with designations no less absurd.

The additional grades which are asked to be provided contemplate certain increases of salary, among which are the following:

It is proposed to raise the salary of Deputy Chief Clerk Andrew Fay from \$2,700 to \$3,000 per annum. As Mr. Fay has been employed in the office for twenty years, it would seem that an increase of \$300 in his salary might be only deserved recognition of long and meritorious service.

The same may be said in the case of Mr. John J. Buckley, now designated as "Deputy Chief Clerk and Auditor," at a salary of \$2,700. It is asked that his position be designated as that of "Auditor," and that the salary be fixed at \$3,000. Mr. Buckley has been in the service sixteen years and is doubtless entitled to the recognition of merit sought to be given him.

It is also proposed that the salary of the Chief Stenographer, Mr. Charles W. Gould, an attorney-at-law, be increased from \$1,600 to \$2,500. The District Attorney states that, in addition to performing the duties of Chief Stenographer, Mr. Gould has charge of the Complaint Bureau created by the District Attorney for the purpose of receiving and investigating the complaints of people claiming to have been defrauded by individuals and concerns engaged in swindling the public, especially the poor and ignorant, who are unable to employ counsel to protect their interests; that the Bureau is open day and night, Sundays and holidays excepted, and that the work it devolves upon the Chief Stenographer requires a high degree of intelligence and a thorough knowledge of civil and criminal law. It would therefore seem that the salary proposed might not be unreasonable.

In the positions of Indictment Clerk and Grand Jury Clerk, each filled by an attorney-at-law at a salary of \$1,400, it is asked that an additional grade be fixed at a salary of \$1,500, making promotion possible.

An additional grade is proposed for the position of Information Clerk at a salary of \$1,800, the only grade at present being at a salary of \$1,500. The new grade is desired in order to afford an opportunity for promotion when deemed advisable.

The same statement is made with regard to additional grades proposed in the positions of Stenographer and Messenger. In the former position the highest grade at present is \$1,500. The proposed grade of \$1,800 is asked for purposes of possible promotion. The present highest grade in the position of Messenger is \$720, the salary of the Chief Messenger being \$1,500. A grade of \$1,200 is asked for purposes of promotion.

It is also proposed to substitute in place of "County Detectives," receiving \$1,000 and \$1,200 a year, different grades of a new position, to be designated as that of Process Server, at salaries of \$1,000, \$1,200, \$1,400, \$1,500 and \$1,800, respectively.

The position of Chief Clerk was included in the list of proposed new or additional grades through mistake, the salary at present being \$5,000.

The object of the District Attorney, as already stated, is not at once or in the near future to make any considerable number of the increases in salary that would be made possible by fixing the additional grades asked for, but to be himself in a position to make promotions in accordance with the letter and spirit of the Civil Service rules at such times as the best interests of his office may seem to warrant his doing so. The salaries designated do not seem to be out of proportion with those paid for similar service in other Departments.

I would therefore respectfully recommend the creation of the following positions in the office of the District Attorney of New York County:

Auditor	\$3,000 00
Deputy Chief Clerk	3,000 00
Clerk	2,400 00
Clerk	2,100 00
Clerk	1,800 00
Clerk	1,500 00
Clerk	1,200 00
Clerk	900 00
Clerk	720 00
Information Clerk	1,800 00
Indictment Clerk	1,500 00
Grand Jury Clerk	1,500 00
Junior Clerk	600 00
Junior Clerk	480 00
Chief Stenographer	2,500 00
Stenographer	1,800 00
Process Server	1,800 00
Process Server	1,500 00
Process Server	1,400 00
Process Server	1,200 00
Process Server	1,000 00
Messenger	1,200 00

Yours respectfully,
(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 8, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of positions in the District Attorney's office, New York County, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

Alderman Marks moved to refer this resolution to the Committee on Salaries and Offices.

Which motion was lost.

Alderman Doull then moved the adoption of the resolution.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Bridges, Callahan, Chambers, Coggey, Collins, Donohue, Doull, Dowling, Downing, Flynn, Gaffney, Gass, Gillen, Goodman, Gunther, Haenlein, Haggerty, Harburger, Harnischfeger, Higgins, James, Jones, Kenney, McCall, McCarthy, Malone, Marks, Arthur H. Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 8, 1905, approving of the establishment of additional grades of the position of Stenographer and Typewriter in the Department of Finance, and recommending to the Board of Aldermen the fixing of the salaries of said additional grades at the rates of \$600 and \$720 per annum, together with copy of a communication from the Comptroller relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,
J. W. STEVENSON, Deputy Comptroller.

Department of Finance, City of New York,
November 28, 1905.

To the Board of Estimate and Apportionment:

Gentlemen—Request is hereby made that additional salaries for the position of Stenographer and Typewriter in the Department of Finance be established at \$600 and \$720. The lowest salary at present established for Stenographer and Typewriter in this Department is \$750.

Respectfully,
(Signed) EDWARD M. GROUT, Comptroller.

Whereas, The Board of Estimate and Apportionment at a meeting held December 8, 1905, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Stenographer and Typewriter in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed at the rates of six hundred dollars (\$600) and seven hundred and twenty dollars (\$720) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the additional grades of the position of Stenographer and Typewriter in the Department of Finance at the rates of six hundred dollars (\$600) and seven hundred and twenty dollars (\$720) per annum.

To the Board of Estimate and Apportionment:

Gentlemen—I request that you recommend to the Board of Aldermen that the salary of Secretary to the Comptroller be fixed at \$4,000 per annum. The position is held by Mr. O. E. Stanton, whom I appointed on January 1, 1902, at a salary of \$3,000 a year. He has continued to occupy the place at that salary and has given efficient service. I am informed by the Comptroller-elect that Mr. Stanton will be continued in his present position, and I think that he is entitled to an increase in salary not only because of his ability, but on account of his experience in the office which will make him valuable to my successor. This suggestion is approved by Mr. Metz.

Respectfully,
(Signed) EDWARD M. GROUT, Comptroller.

Whereas, The Board of Estimate and Apportionment at a meeting held December 8, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Private Secretary to the Comptroller, Department of Finance, be fixed at the rate of four thousand dollars (\$4,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Private Secretary to the Comptroller, Department of Finance, at the rate of four thousand dollars (\$4,000) per annum.

Board of Estimate and Apportionment,

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—There are one or two vacancies in the staff of the Board of Estimate and Apportionment, to fill which several attempts have been made, but there has been great difficulty in securing men to accept appointment for the precise grades already established. The greatest difficulty has been found in securing topographical draughtsmen, of which there are two grades at present, namely, one at \$1,350 and one at \$1,500,

and I believe that more satisfactory results would be obtained by the creation of the grade of Assistant Engineer at \$1,800 per annum.

An undue amount of time has been devoted by the Engineers of the office to work which could readily be done by a competent clerk, especially one familiar with the routine of street opening and condemnation proceedings, and in order to permit of the appointment of such a clerk I think it would be wise to establish several grades, so that when a man eligible for appointment is found there will be a grade to fit him.

There is one Assistant Engineer on the staff at a salary of \$5,000 per annum, which salary is admittedly higher than that usually paid to men of such title, and as he is in every respect qualified to assume the duties of the Chief Engineer, I think it would be wise to change the title to that of Principal Assistant Engineer.

I beg, therefore, for the reasons above given, to recommend the creation of the following additional grades on the staff of the Board of Estimate and Apportionment, namely:

Title.	Salary.
Principal Assistant Engineer, per annum.....	\$5,000 00
Assistant Engineer, per annum.....	1,800 00
Law Clerk, per annum.....	1,350 00
Clerk, per annum.....	900 00
Junior Clerk, per annum.....	540 00

Respectfully,

NELSON P. LEWIS, Chief Engineer.

"Assistant Engineer, per annum.....	\$1,800 00
"Clerk, per annum.....	900 00
"Junior Clerk, per annum.....	540 00"

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—Your Board, under date of April 28, 1905, adopted a resolution recommending to the Board of Aldermen the fixing of salaries of certain members of the clerical and uniformed forces of this Department at increased rates. This recommendation has not, up to the time of the adoption of the Budget for 1906, been concurred in by the Board of Aldermen. The same increases submitted to your Board and approved by it by said resolution of April 28, 1905, were provided for in the estimate of this Department for that Budget, and that Budget having been adopted by the Board of Aldermen and approved by the Mayor, the question arises whether this is not substantially a compliance with section 56 of the Charter, so as to fix the salaries at the amounts recommended by your Board without further action of your Board and the Board of Aldermen. But as this question involves a point of law, I submit it to your Board for such action as it may deem advisable.

The said estimate provides also for increases in the salaries of the Drivers of this Department as follows:

Under the appropriation "Carting," 1,575 Drivers at \$800 per annum each, with extra pay for Sundays, at \$2 per Sunday (estimated); and

Under the appropriation "Sweeping," for extra pay for Sundays for 3,050 Sweepers at \$2 per Sunday each (estimated).

The recommendation for an increase in the pay of Drivers was made because of the very laborious work of the men engaged in carting refuse for this Department and it was intended to apply to such Drivers only as are actually engaged in driving carts.

I submit herewith a form of resolution to be adopted by your Board authorizing this increase in the pay of Drivers and the allowance of extra pay for Sunday work for Sweepers and Drivers.

Respectfully,

(Signed) JOHN McGAW WOODBURY, Commissioner.

This request is made in order that the Comptroller may add the prefix "Chief" to the present position of Auditor of Accounts, the annual salary of which is now \$5,000.

The establishment of this position and salary will therefore not increase either the number of positions or salaries of this Department.

To the Honorable Board of Aldermen:

Gentlemen—The consent of your Honorable Board is hereby respectfully requested to allow this Department to award a contract for sculptured statues and carving of pediment on Brooklyn Institute of Arts and Sciences without public letting. The character of the work is such that a master-hand is necessary to represent in most significant effect the ideals of the museum. To throw the award open to competition so that any person who considers himself qualified to secure the work if his price were low enough, would inevitably produce a mediocre result. The fullest artistic return for the money expended can only be obtained by the selection of a sculptor of the very highest standing. There is sufficient money available for the monolithic sculptures and carving of the pediment on the facade of the building, the amount of one hundred and twenty-two thousand dollars (\$122,000) having been appropriated to cover the entire cost of the work, and it is the opinion of the architect of the building and competent sculptors that the work can be completed within the appropriation. It is the judgment of the Trustees of the Institute, the architects of the building and also my own, that a satisfactory result cannot be secured by public letting. The sculpture work for the Institute should be done under the direction of a sculptor in whom the City government could and would place the highest confidence. I am, therefore, satisfied that to throw the award open to public competition would divert that end and would be a great mistake.

Trusting that the necessary authority to award without public letting will be granted, I am

Sir—Inclosed herewith you will find a copy of a resolution adopted by the Board of Health at its meeting held Wednesday, December 6, 1905, requesting the Board of Aldermen to authorize the Board of Health, pursuant to the provisions of section 419 of chapter 466 of the Laws of 1901, to contract for and purchase in the open market, without public letting, at the lowest price obtainable, such furniture and fixtures as are necessary or required to be used in completely furnishing the Administration Building located on the grounds of the Willard Parker and Reception Hospital, foot of East Sixteenth street, Borough of Manhattan, belonging to the Department of Health, at an amount not exceeding \$10,000, which is forwarded with the request that you will undertake to submit same to the Board of Aldermen at its next meeting, for consideration. As this building is practically completed and ready for occupancy, the need of immediate action by the Board of Aldermen is very urgent.

Respectfully yours,

EUGENE W. SCHEFFER, Secretary.

The President laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 2536.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, November 6, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City Hall, New York City:

Dear Sir—During the past few weeks this Department has had to materially decrease the pressure in the distributing water mains in the Borough of Brooklyn for a portion of each day. This action became necessary on account of the continued dry season since last spring, the rainfall being far below the normal figure as compared with previous years. The supply of water required to meet the demands of the consumers of this borough during the cold weather, without reducing the pressure, will probably exceed 140,000,000 gallons per day, and in order to furnish this supply it is absolutely necessary that additional sources be located.

The insufficient conduit capacity of the present time makes it impossible to deliver more than 120,000,000 to 130,000,000 gallons per day at the Ridgewood Pumping Station; however, immediate relief can be obtained by locating temporary driven well stations along the conduit line. A survey of this land by the Department Engineers describes the best locations as being in the vicinity of culverts known as "C," "L" and "N," and from each of these stations it is estimated that from 2,000,000 to 4,000,000 gallons daily can be obtained.

It is the purpose of the Department to place in each of these stations one of the standard types of centrifugal pumps with the necessary boilers and appurtenances to be connected with the driven wells.

It is the opinion of the Chief Engineer that within sixty days after the requisite funds have been appropriated to carry out this improvement to reinforce the water supply in the Borough of Brooklyn from 7,000,000 to 10,000,000 gallons of water can be obtained daily from the three stations.

The estimated cost of this work is \$30,000, and as it requires prompt action in order that the consumers shall receive a supply of water sufficient for their needs, I would ask that immediate consideration be given this matter and this Department be authorized to expend, without public letting, this sum of money for the building of these stations.

Very truly yours,

(Signed) JOHN T. OAKLEY, Commissioner.

P. S.—Resolution for adoption by the Board is inclosed.

Resolved, That, in accordance with the provisions of section 419 of the Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity is hereby authorized and empowered to secure and purchase, without advertising for competitive bids or proposals, three centrifugal pumps with appurtenances complete, the expense not to exceed thirty thousand dollars (\$30,000).

Alderman Donohue called up Special Order No. 157, being a report and resolution, as follows:

No. 2138.

The Committee on Finance, to whom was referred on July 11, 1905 (Minutes, page 34), the annexed communication from the Trustees of Bellevue and Allied Hospitals, asking for \$50,000 Special Revenue Bonds for supplies, salaries and repairs, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary. They therefore recommend that the annexed resolution be adopted.

Bellevue and Allied Hospitals,
Foot of East Twenty-sixth Street,
New York, July 6, 1905.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—The Trustees of Bellevue and Allied Hospitals have the honor to hand you herewith a report which was presented to them at their meeting on June 20, and to request that additional appropriations for their department be provided for by an issue of Special Revenue Bonds to the amount of \$50,000, as follows: \$40,000 for Supplies and Contingencies, \$3,000 for Salaries, and \$7,000 for Additions, Alterations and Repairs.

Thanks to the increased provision of beds at Bellevue Hospital by the erection of the portable Ducker buildings last February, we have not been under such pressure to transfer patients to the hospitals on Blackwell's Island. Previous to that time we received a report about once a week from these institutions, of the death of a patient occurring within seventy-two hours after the time of transfer. Since then there has not been a single report of a death, although there are, no doubt, still cases of hardship involved in the transfer of patients from our wards on account of the need of beds for our incoming acute cases.

The increased census, resulting from the larger number of persons applying for relief at the hospital and from our keeping these patients for a longer period than formerly, has naturally caused an increase in the expense of the department, as shown in Dr. Gregory's letter.

Respectfully,

JOHN W. BRANNAN, President Board of Trustees.

Bellevue and Allied Hospitals—Bellevue Hospital,
Superintendent's Office, Foot East Twenty-sixth Street,
New York, June 20, 1905.

To the Board of Trustees, Bellevue and Allied Hospitals:

Gentlemen—I beg to submit the following report to your Honorable Board regarding the matter of additional appropriations under the following items:

Under the item "Supplies and Contingencies," an additional appropriation of \$40,000 will be needed. Our appropriation under this item for the current year is \$350,460.78, of which we have spent during the first five months \$163,627.78. During the corresponding period of the year 1904 our expenditures under this heading were \$143,788.17, showing an increase in 1905 of \$19,839.61. However, of this amount \$10,000 expended for furniture and fittings in the new portable buildings was an extraordinary expense, and this, deducted from the above, leaves a net increase of \$9,839.61, or 6.85 per cent. This increased amount was required on account of our increase in daily census. During the first five months of the year 1905 the average daily census of the Department, based on patients, was 1,161, compared with 1,094

during the corresponding period of the previous year, an average daily increase of 67 patients, or 6½ per cent.

It will be observed that the increased expenditures are proportionate to our increase in population, and scarcely increase our per capita cost. This increase in census has resulted from the fact that we are no longer compelled to transfer patients to other institutions before they are in a fit condition to go, as heretofore, which dangerous custom was necessitated by our constant endeavor to make room for those more urgently needing the accommodations of the hospital. The increase of census due to natural increase in population of the City must also be considered.

Assuming that there will be the same proportionate increase in census and consequent expense for the remainder of the year, which, from present indications, will undoubtedly be the fact, an additional appropriation of \$40,000 under this item will be required to offset the threatened deficit of \$28,553.96 (\$18,533.96 for increased census and \$10,000 for furnishings in portable buildings), and provide for unforeseen emergencies, such as epidemics, intense and continuous heat, etc. It must be remembered that the above estimate is based on the patients alone, and that the increase of help, as a result of increased census, must also be considered.

Under the item "Additions, Alterations and Repairs," we shall need an additional \$7,000. As you are well aware, the buildings are old and in need of constantly increasing repairs. The above will hardly be adequate if the greatly needed central sterilization plant is installed.

Under the item of "Salaries" we should have a special appropriation of \$3,000 to carry into effect the improvements in the management and personnel of the Reception Office. In this office patients and visitors are first received and their impression of the hospital in general is largely dependent upon the way they are here treated. It is very important therefore that it be brought to as high a degree of efficiency as possible. In compliance with the request of your Board, I have carefully inquired into the conditions existing in this office and beg to offer the following tentative suggestions for improving the efficiency of this important department.

1. A position should be created for a capable man who should have entire charge of this office and be held strictly responsible for the proper conduct of this department. A man capable of properly filling such a position cannot be obtained for less than \$900 per annum.

2. Still more important is our force of Stretcher Carriers. These men transport the patients from the ambulances to the wards and come in intimate contact with the patients, their friends and visitors. Neat, orderly appearance, as well as kind, gentlemanly conduct, is therefore most especially desirable in this class of employees. We pay our Stretcher Carriers only \$12.50 per month, increasing to \$20 after several months of service. For such small compensation it is impossible to secure the grade of men we require, and consequently most of our men are recruited from lodging-houses and similar places, remaining with us but a short while. To get proper men for this class of work it would be necessary, I think, to pay \$30 to \$35 per month.

3. The employment of a female graduate Nurse in our male insane ward has proven satisfactory, and I think the substitution of a female graduate Nurse for the male Nurse now employed in the Reception Office would not only have a restraining influence on the men employed, but also a favorable effect on the patients and visitors.

The changes above suggested would entail an increased expenditure of \$3,000 per annum.

Respectfully submitted,

M. S. GREGORY, Acting Superintendent.

Resolved, That, upon the annexed request of the Trustees of Bellevue and Allied Hospitals, the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty thousand dollars (\$50,000), the proceeds whereof shall be applied to meet the following expense accounts of the said Bellevue and Allied Hospitals:

Supplies and contingencies.....	\$40,000 00
Salaries	3,000 00
Additions, alterations and repairs.....	7,000 00
	\$50,000 00

JOHN T. McCALL, PHILIP HARNISCHFEGER, JOHN H. DONOHUE, FERDINAND HAENLEIN, JAMES W. REDMOND, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

On motion of Alderman Owen J. Murphy the above vote was reconsidered.

Alderman Downing recommended that the paper be recommitted to the Committee on Finance with instructions to hold a public hearing thereon.

Alderman Redmond moved as an amendment that the paper be again laid over and again made a Special Order for the next meeting at 2 o'clock p. m., and that the Clerk be instructed to invite the Register of Kings County to attend at that time.

Which amendment was adopted.

Report of Committee on Street Cleaning—

Nos. 356 and 733.

The Committee on Street Cleaning, to which was referred the annexed matters, Int. No. 356 and Int. No. 733, respectfully

REPORT:

That, having examined the subject, and believing that the same require no further consideration, they ask to be discharged therefrom, and that the said matters be placed on file.

Department of Street Cleaning,
New York, March 16, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I request the authority of the Board of Aldermen, pursuant to section 419 of the Greater New York Charter, for the purchase of two automobile carriages for the use of this Department in the boroughs of Manhattan, The Bronx and Brooklyn, without having to advertise for bids for the same, and let to the lowest bidder.

The Board of Aldermen by a resolution adopted November 9, 1903, approved of and concurred in a resolution by the Board of Estimate and Apportionment September 2, 1903, authorizing an issue of bonds, as provided by section 546 of the Greater New York Charter, for the purchase of these automobile carriages.

Owing to the complicated requirements of section 1554 in regard to the purchase of patented articles, as interpreted in the two recent decisions of the Appellate Division of the Supreme Court (in Rose vs. Low and Barber Asphalt Company vs. The City of New York), I find it to be practically impossible to purchase by advertised contract let to the lowest bidder, the kind of patented automobile necessary for the use of this Department.

Respectfully,

JOHN MCG. WOODBURY, Commissioner.

Whereas, The Department of Street Cleaning of late has been seizing various merchandise, etc., from merchants in different parts of the city, without giving them notice of such removals; be it

Resolved, That the Department of Street Cleaning be and it is hereby requested to give at least twenty-four hours' notice of any obstruction of any street or sidewalk which it has the intention of removing before ordering such removal.

FRANCIS P. KENNEY, JOHN D. GUNTHER, FREDERICK BRENNER, PATRICK F. FLYNN, PHILIP HARNISCHFEGER, Committee on Street Cleaning.

Which report was accepted.

Reports of Committee on Finance—

No. 2426.

The Committee on Finance, to whom was referred on November 14, 1905 (Minutes, page 415), the annexed ordinance in favor of an issue of Corporate Stock, \$1,000,000, for acquisition of lands required for bridge over the East river, known as Manhattan Bridge (No. 3), respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one million dollars (\$1,000,000), for the purpose of providing means for the acquisition of lands required for the bridge over the East river, between the boroughs of Manhattan and Brooklyn, known as Manhattan Bridge (No. 3).

Be it Ordained by the Board of Aldermen of The City of New York,

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment November 3, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of one million dollars (\$1,000,000), for the purpose of providing means for the acquisition of lands required for the bridge over the East river, between the boroughs of Manhattan and Brooklyn, known as Manhattan Bridge (No. 3), and for the necessary expenses connected with the construction of said bridge, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one million dollars (\$1,000,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN T. McCALL, JAMES E. GAFFNEY, PHILIP HARNISCHFEGER, WILLIAM WENTZ, JOHN DIEMER, Committee on Finance.

Alderman McCall asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Brenner, Callahan, Chambers, Coggey, Collins, Diemer, Doull, Downing, Gillen, Goldwater, Goodman, Griffenhagen, James, Jones, Kenney, Kevin, Kline, Koch, Lochner, McCall, McCarthy, Malone, Morris, Arthur H. No. 2467.

The Committee on Finance, to whom was referred on November 28, 1905 (Minutes, page 810), the annexed ordinance in favor of an issue of Corporate Stock, \$650, for erection of a drinking fountain at the junction of the Boston road and Prospect avenue, in the Borough of The Bronx, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary.

They, therefore, recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of six hundred and fifty dollars (\$650), for the purpose of providing means for the erection of a drinking fountain at the junction of Boston road and Prospect avenue, Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment November 24, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding six hundred and fifty dollars (\$650), for the purpose of providing means for the erection of a drinking fountain at the junction of Boston road and Prospect avenue, Borough of The Bronx; and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding six hundred and fifty dollars (\$650), the proceeds whereof to be applied to the purposes aforesaid."

Which was made a Special Order for the next meeting at 2 o'clock p. m.

No. 2541.

By the Vice-Chairman—
Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration resolution now in his hands (Int. No. 2479), permitting B. Altman & Co. to erect, keep and maintain storm doors, an awning or marquee and an ash-lift in the Borough of Manhattan.

Which was adopted.

The paper was subsequently received from his Honor the Mayor, and is as follows:

Resolved, That, any and all ordinances to the contrary notwithstanding, permission be and the same is hereby given to B. Altman & Co. to erect, keep and maintain storm doors, a marquee or awning, and an ash lift, as hereinafter described and more particularly shown on the several diagrams hereto annexed, on the two sides of the premises to be constructed by said firm on Fifth avenue, Thirty-fourth and Thirty-fifth streets, in the Borough of Manhattan:

"A"—A storm door on the Thirty-fourth street side, within the stoop line of the premises, a distance two hundred and twenty-two feet easterly from Fifth avenue.

"B"—A storm door on the Thirty-fifth street side, within the stoop line of the premises, a distance of two hundred and seventy-three feet easterly from Fifth avenue.

"C"—A marquee or awning, to cover carriage entrance, on the Thirty-fifth street side, a distance of about eighty-four feet easterly from Fifth avenue.

"D"—An ash lift in the sidewalk near the curb, to be securely covered and fastened when not in use, and to be safeguarded against all possible damage when open, a distance two hundred and seventy-five feet easterly from Fifth avenue.

The work to be done at the expense of the said B. Altman & Co., under the direction and supervision and to the satisfaction of the President of the Borough of Manhattan; such permission to continue only during the pleasure of the Board of Aldermen.

Alderman McCall moved a reconsideration of the vote by which the foregoing resolution was adopted.

Which motion was adopted.

The paper was then ordered on file.

By President Haffen—

The City of New York,
Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park, December 11, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—In view of the incomplete and unsatisfactory condition of the roadways and sidewalks on the various streets crossing the Port Morris Branch Railroad, which are being constructed to the new grades under chapter 424 of the Laws of 1903, and in order to make the same safe and proper for use by vehicles and pedestrians during the winter months, I wish to lay a temporary roadway of broken stone and temporary walks of suitable materials at a probable cost of \$3,000.

As it is necessary that this work should be done immediately I would respectfully request that the Board of Aldermen authorize me to enter into a contract or purchase materials and do this work without public letting.

Respectfully,

LOUIS F. HAFEN, President, Borough of The Bronx.

Resolved, That the President of the Borough of The Bronx is hereby authorized to enter into a contract or to purchase without public letting to the amount of three thousand dollars (\$3,000) the necessary materials, broken stone, etc., and do the work of improving the roadway and sidewalks of the various roadways and sidewalks on the streets crossing the Port Morris Branch Railroad, which are now under contract with the City.

Which was made a Special Order for the next meeting at 2 o'clock p. m.

No. 2544.

By Alderman Boerner—

Resolved, That it be and is hereby respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that two electric lights be placed and lighted in Roebing street, between South Eighth street and Division avenue, in the Borough of Brooklyn.

Which was adopted.

No. 2545.

By Alderman Chambers—

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to number and renumber the buildings situated on the southerly side of East Seventy-first street, between Lexington and Third avenues, in said borough, in such manner and to such extent as may be necessary.

Which was referred to the Committee on Streets, Highways and Sewers.

No. 2546.

By the same—

Resolved, That Mark T. Hayes of No. 164 East Seventieth street, Borough of Manhattan, be and he is hereby appointed a City Surveyor.

Which was referred to the Committee on Salaries and Offices.

That permission be and the same is hereby given to F. O. Mayer to erect and maintain two ornamental lamp posts and lamps on the sidewalk, near the curb, in front of his premises, No. 3054 Third avenue, in the Borough of The Bronx, provided that said lamp posts and lamps shall not be used for advertising purpose; the work to be done, and illuminant supplied at his own expense, under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 2549.

By Alderman Malone—

AN ORDINANCE to establish the width of Eighty-fourth street, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That the width of the sidewalk of Eighty-fourth street, between Second and Third avenues, in the Borough of Brooklyn, be fixed at eight feet from curb, and that the

President of the Borough of Brooklyn, in all improvements to be made in such street, take notice thereof.

Which was referred to the Committee on Streets, Highways and Sewers.

No. 2550.

By Alderman Twomey—

Resolved, That the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he hereby is authorized to purchase by contract, without public letting or otherwise, a model of the building of the Metropolitan Museum of Art in Central Park, showing existing and proposed portions or features complete, at an expense not to exceed the sum of fifteen thousand dollars (\$15,000), payable from funds now available for the purpose, provided by the issue of Corporate Stock, under chapter 108, Laws of 1904, as amended by chapter 97 of the Laws of 1905.

Which was referred to the Committee on Public Letting.

No. 2551.

By Alderman Tolp—

Whereas, It is believed to be to the best interests of the vast east side, in that thereby the streets and thoroughfares may be rid of the many push-carts there employed, to have The City of New York erect a public market in which said push-carts can be housed; and

Whereas, The establishment of such a market, to which should be confined the many push-carts which are being operated in the locality referred to, would aid materially in keeping the streets clean and wipe out a condition which is a menace to health, and thus make living there much pleasanter to the many who can not afford better quarters; and

Whereas, The acquisition of the necessary land, the erection thereon of a two or three-story open structure, the top of which could also be used as a roof garden or playground for children, would afford market facilities for at least, if not more, than two thousand push-carts, relieving the present congested condition of the streets, it is believed could be arranged so as to bring sufficient revenues to the City as would provide for maintenance and pay the interest on the bonds necessary to establish it; and

Whereas, It is further believed that the erection of such a structure would prove most beneficial if confined within the area south of Houston street and east of the Bowery; therefore

Resolved, That the Board of Estimate and Apportionment be and hereby is requested and earnestly urged to take under advisement the plan outlined in the preamble hereof, with the hope that therefrom may be evolved an idea as to the solution of the problem, which the growing evil of the push-cart is foisting upon the municipality.

Resolved, further, If the same be deemed necessary, that his Honor the Mayor be and he is hereby requested to appoint a commission to inquire into and report within reasonable time on the feasibility of the plan hereinbefore suggested.

Which was adopted.

Alderman Owens moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, December 19, 1905, at 1 o'clock p. m.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Health of the Department of Health until 10 o'clock a. m. on

WEDNESDAY, DECEMBER 27, 1905,

FOR FURNISHING AND DELIVERING WHITE ASH ANTHRACITE COAL, AS REQUIRED, TO THE DEPARTMENT STEAMBOATS IN THEIR BUNKERS, AS DIRECTED, THE PLACE FOR COALING TO BE LOCATED ALONG THEIR ROUTES BETWEEN THE FOOT OF EAST SIXTEENTH STREET, BOROUGH OF MANHATTAN, AND NORTH BROTHER ISLAND, BOROUGH OF THE BRONX, THE CITY OF NEW YORK, OR AT DOCKS WITHIN A RADIUS OF TWO MILES OF THE TERMINAL POINTS, DURING THE YEAR 1906.

The Department steamboats ply daily between North Brother Island, Borough of The Bronx, and the foot of East Sixteenth street, Borough of Manhattan. They will call at the dock of the Contractor daily, or as often as necessary, to receive such coal as is required to keep their bunkers well supplied. The dock of the Contractor must be located along the routes of the steamboats, or within a radius of two miles from either terminal. The dock of the Contractor must be a regularly equipped coal dock, fitted with machinery for handling coal and for loading the same into boats quickly and to the satisfaction of the Department. Such apparatus should be in the nature of a chute to be lowered into the steamboats' bunkers, through which the coal can be rapidly passed, or must be of some other modern type satisfactory to the Department. Provision must be made at the dock to coal the boats upon demand without any unnecessary or unreasonable delay. Notice will be given the Contractor by telephone, at least one hour before a boat arrives at the Contractor's dock, that it will require coal at some given hour; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The time for the completion of the work and the full performance of the contract is during the year 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid.

Bids will be compared and the contract awarded to the lowest bidder for the contract complete, as indicated by the specifications.

Blank forms and further information may be obtained at the office of the Chief Clerk of the

Department of Health, southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan.

THOMAS DARLINGTON, M. D.,
President;

ALVAH H. DOTY, M. D.,

BOARD OF CITY RECORD.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received at the office of the Supervisor of the City Record, Park Row Building, Nos. 13 to 21 Park row, in the City of New York, until 11 o'clock a. m., on

THURSDAY, DECEMBER 14, 1905,

FOR SUPPLYING PRINTED, LITHOGRAPHED OR STAMPED FORMS, PAMPHLETS, PRINTED BLANKS AND STATIONERY, INCLUDING LETTER AND WRITING PAPER AND ENVELOPES, WITH PRINTED HEADINGS OR INDORSEMENTS, ETC., FOR THE USE OF THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK DURING THE YEAR 1906.

The time of delivery shall not be later than June 30, 1906, except under the following conditions:

First—Delivery must be made not more than 30 days after the receipt of copy, if required by the Supervisor.

Second—Where revised copy is required by the character of the sample, all work shall be completed within 30 days after such revised copy is received from the Department by the contractor.

The amount of security shall be twenty-five per cent of the amount of the bid.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation, to the Supervisor of the City Record, at the said office, on or before the date and hour above named, at which time and in the office of the Mayor, the estimates received will be publicly opened by the Board of City Record and read, and the award of the contract made according to law as soon thereafter as practicable.

The bidder must state the item price for each item and the total price of each schedule. The bids will be tested and the award made as a whole to the bidder whose aggregate bid is the lowest for the entire contract; but the Board of City Record may, in its discretion, award the contract by schedules.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

The said Board reserves the right to reject all bids or estimates if it deems it to be for the interest of the City so to do.

Delivery will be required to be made at the office of the City Record from time to time and in such quantities as may be directed by the Supervisor of the City Record.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, to be had at the office of the Supervisor and on file in the office of the Comptroller.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Board of City Record, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the City Record, where further information can be obtained.

Samples are on exhibition at Rooms Nos. 813 and 814, Park Row Building.

CORPORATION SALE OF TAX CERTIFICATES.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, DECEMBER 26, 1905,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to certain tax sale certificates registered in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn, known by the certificate numbers 5655 and 5656, being for the sale of the non-payment of taxes on lots fronting on Atlantic avenue, in the Borough of Brooklyn, between Troy and Schenectady avenues, and known as Lots Nos. 15 and 16, in Block 157, of the Twenty-fourth Ward, Borough of Brooklyn.

The minimum or upset price at which the said certificates are to be sold is hereby appraised and fixed at \$1,500 for the two certificates. The sale of the said certificates will be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money at the time of the sale. The assignment of the certificates of sale for taxes, duly executed by the proper officer, will be delivered to the purchaser at the time of the sale, and shall be taken by the said purchaser without recourse.

The Comptroller may, at his option, resell the certificates if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved.

By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board, held November 28, 1905.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, DECEMBER 18, 1905,

at 11 a. m., on the premises, the buildings and appurtenances thereto belonging erected upon real estate acquired as an additional site for college purposes, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following-described parcel of land under the jurisdiction of the Board of Trustees of the College of The City of New York, being the buildings situated on the property at Amsterdam avenue, between One Hundred and Thirty-ninth and One Hundred and Fortieth streets, in the Borough of Manhattan, more particularly described as follows:

Beginning at a point formed by the intersection of the southerly line of One Hundred and Fortieth street with the easterly line of Amsterdam avenue; running thence easterly along the southerly line of One Hundred and Fortieth street 100 feet to land now owned by The City of New York; thence southerly and parallel with Amsterdam avenue 199.83 feet to the northerly line of One Hundred and Thirty-ninth street; thence westerly along the northerly line of One Hundred and Thirty-ninth street 100 feet to the easterly line of Amsterdam avenue, and thence northerly along the easterly line of Amsterdam avenue 199.83 feet to the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Monday, December 18, 1905, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler

settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

PUBLIC NOTICE.

WHEREAS, THE COMMISSIONER OF

Water Supply, Gas and Electricity of The City of New York, acting for and in behalf and in the name of The City of New York, in pursuance of the provisions of chapter 466 of the Laws of 1901, as amended, has selected and determined certain real estate (as the term "real estate" is defined in the said act) in the County of Kings, as and for sources of public water supply in and for The City of New York, and deems it necessary to take and acquire the same and all the rights, titles and interests therein, and to extinguish all claims for damages on account of such rights, titles and interests, or growing out of such taking, for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for The City of New York, and of providing additional water works to supply The City of New York with water;

Whereas, The said Commissioner has prepared and submitted to the Board of Estimate and Apportionment, under date of November 15, 1905, a map showing the real estate situated between Avenue D and Manhattan Beach Division of the Long Island Railroad, extending from East Eighty-sixth street to East Ninety-second street, required for a driven-water station, to be taken and acquired as aforesaid, as provided in the said act; therefore be it

Resolved, That a public notice be given of a hearing to be held by the Board of Estimate and Apportionment of The City of New York in the old Council Chamber, Room 16, City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1905, at 10.30 o'clock a. m., at which a full opportunity shall be afforded to any and all persons interested to be heard respecting such map and the taking and acquisition of the real estate as shown thereon;

Resolved, That such public notice be published once in each week for three successive weeks in the City Record, in the corporation newspapers, in two papers published in Kings County, in which county the real estate to be taken and acquired is situated, and in two daily papers published in The City of New York.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at the meeting of said Board held on the 1st day of December, 1905.

The bidder may quote on conveyance other than by stage. If by stage, the price per day must be quoted. If by trolley or other conveyance, the price per pupil per day and the manner in which it is intended to convey the pupils must be stated. If it is intended to convey by special car over a particular route, the price per day must be stated, and such other information must be given as will enable the Committee on Supplies to reach a proper determination.

In the event of a school or schools being closed the contract shall be terminated as to that school or schools.

Contract will be awarded to the lowest bidder. The Board of Education reserves the right to award the contract as a whole for the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, or to award it separately for the Boroughs of Manhattan, The Bronx, Brooklyn, Queens or Richmond, or item by item, if deemed for the best interests of the City.

Blank forms and further information may be obtained at the office of the Superintendent of School Supplies, Board of Education, the Borough of Manhattan, southwest corner Park avenue and Fifty-ninth street.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
