Logan, East One Hundred and Seventy-ninth street, Westchester, that his name be restored to the list for Janitor-Engineer was granted, it appearing from his communication that he was appointed in the Board of Education on April 1, 1906, but resigned immediately for the reason that he was assigned to a school where it was necessary to employ so much extra help that his salary would not have amounted to \$600 a year.

An affidavit was presented from Charles Schultz, No. 282 South Second street, Brooklyn, to the effect that he failed to receive the notice sent him by the Board of Water Supply regarding a possible appointment to the position of Axeman, for the reason that he had a few days prior to the sending of said notice changed his address; and requesting that his name be restored to the list. The request was granted.

The request of Louis H. Lubarsky, No. 27 Avenue C, that his name be restored to the list of Topographical Draughtsman, Board of Water Supply, was granted, he having declined an appointment in that Department on September 24 for the reason that he was unable to leave the city on account of illness.

A letter was presented from James J. Driscoll, Clerk in the Department of Finance, waiving his right to certification from the competitive list of Senior Clerk in favor of Mr. Harry W. Clayton, in order that he might be appointed in the Finance Department, at a salary of \$1,200. A communication was presented from Elbert C. Murray, Clerk in the Department of Finance, requesting that his name be placed upon the list for promotion to fifth grade Clerk, promulgated August 22, 1906. The Secretary stated that the candidate had passed the examination with a percentage of 93, but that his name was not placed upon the eligible list for the reason that it was subsequently learned that he had been but four months in his grade. The request was granted.

The request of Edward P. Murray, Katonah, N. Y., that his name be restored to the eligible list for Transitman was granted upon his statement that he failed to receive the notice sent him by the President of the Borough of Queens on August 1, regarding a possible appointment, and that he therefore was unable to respond.

CITY OF NEW YORK—BOARD OF ESTIMATE AND  
APPORTIONMENT.

**PUBLIC NOTICE IS HEREBY GIVEN**  
that at a meeting of the Board of Estimate  
and Apportionment, held October 26, 1906, the  
following petition was received:

To the Honorable Board of Estimate and Ap-  
portionment of the City of New York:

The petition of the Nassau Electric Railroad  
Company respectfully shows:

1. Your petitioner is a street surface railroad  
corporation duly organized and existing under  
the Laws of the State of New York, and has  
duly made and filed, pursuant to section 90 of  
the Railroad Law, a statement of the names and  
description of the streets, roads, avenues, high-  
ways and private property in or upon which it  
is proposed to construct, maintain and operate ex-  
tensions or branches of its railroad as herein set  
forth.

2. Your petitioner desires to obtain from the  
City of New York and hereby respectfully applies  
for its consent to a grant of the franchise, or  
right to use certain streets, roads, avenues, high-  
ways or public grounds within or belonging to  
the City of New York for the construction and  
operation in and upon the surface thereof of ex-  
tensions or branches of its street surface railroad  
to consist of a double or single track surface  
railroad (including necessary connections,  
switches, sidings, turnouts, crossovers and suit-  
able stands or other structures necessary for the  
accommodation and operation of said railroad by  
the overhead or other system of electricity or  
other motive power which may be lawfully used  
upon the same), for public use and conveyance  
of persons and property for compensation.

3. The following is a description of the said  
certain streets, roads, avenues, highways, drive-  
ways or public ground within or belonging to the  
City of New York, in, through, upon and along  
which your petitioner desires to extend its rail-  
road, to wit:

#### Route A.

Beginning at the intersection of Atlantic ave-  
nue and Alabama avenue and extending thence  
southerly on Alabama avenue to Livonia avenue;  
and on Livonia avenue, from Vesta avenue to  
New Lots road. From the intersection of Livonia  
avenue with New Lots road, it is proposed to  
construct a double track street surface railroad  
on New Lots road, from Livonia avenue to Ber-  
rigan street; on Berrigan street, from New Lots  
road to Sutter avenue, and on Sutter avenue  
easterly to the old Brooklyn City line, at or near  
Forbell avenue, under and pursuant to franchise  
granted by the City of Brooklyn to your petitioner  
by resolution of the Common Council adopted  
June 19, 1893.

#### Route B.

Beginning at the intersection of Liberty avenue  
and Forbell avenue, in the Borough of Brooklyn,  
and thence extending southerly on Forbell avenue  
to Spring creek.

#### Route C.

Beginning at the intersection of Thirty-ninth  
street and Eighth avenue, in the Borough of  
Brooklyn, and thence extending southwesterly on  
Eighth avenue to Seventh avenue; thence south-  
erly on Seventh avenue to Seventy-ninth street,  
and thence southeasterly on Seventy-ninth street  
to Stillwell avenue, connecting at Stillwell avenue  
with tracks to be constructed thereon by the Coney  
Island and Gravesend Railway Company, under  
franchise granted to the said Coney Island and  
Gravesend Railway Company by the Commis-  
sioners of Highways of the Town of Gravesend  
on August 29, 1893, and by the Town Board of  
the Town of Gravesend on August 31, 1893.

#### Route D.

Beginning at the intersection of Thirteenth ave-  
nue with Thirty-ninth street, in the Borough of  
Brooklyn, and extending thence southwesterly  
on Thirteenth avenue to Bay Ridge avenue.  
Your petitioner respectfully represents that ad-  
ditional transportation facilities are greatly  
needed in those sections of the City and upon  
the streets and avenues hereinabove described,  
and this application is made at the request of  
large numbers of persons residing in those locali-  
ties. The said routes are extensions of existing  
routes of transportation and their construction  
and operation as a part of the railroad system  
of your petitioner will enable residents of the  
localities to reach nearly all parts of the Borough  
of Brooklyn for a single fare of five cents.

Your petitioner has received and caused to be  
recorded as required by law the consents of abut-  
ting property owners owning more than half in  
assessed value of all the property abutting on  
said Alabama avenue, between Atlantic avenue  
and Livonia avenue; on Livonia avenue, between  
Vesta avenue and New Lots road, and on Eighth  
and Seventh avenues, between Thirty-ninth and  
Seventy-ninth streets (exclusive of property on  
said avenues owned by The City of New York),  
and upon the other streets and avenues men-  
tioned, your petitioner has received consents of  
large numbers of property owners and assurances  
of consents more than sufficient to comply with  
all legal requirements.

4. Your petitioner proposes to operate the rail-  
road to be constructed upon said streets and ave-  
nues by the overhead trolley system or by any  
other motive power other than steam locomotive  
power which may be approved by the State Board  
of Railroad Commissioners and consented to by  
the owners of property bounded upon said routes  
as provided by law.

Wherefore your petitioner prays that public  
notice herein of the time and place when and  
where this application will be first considered be  
given, as required by the provisions of section  
92 of the Railroad Law and of all other laws

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
