For The Executive Budget  
Fiscal Year 2014

## Bronx

The City of New York  
Michael R. Bloomberg, Mayor

## **FY 2014 Executive Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Executive Budget** reports the FY 2014 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2014 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2014 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Council District(s):** The City Council district(s) where the capital project is located.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Executive Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

37	103201401C	<p><b>Request:</b> Install new high intensity, motion sensor, security lighting at Charlton-Thompson Garden located at E. 164 St. between Boston Road and Cauldwell Avenue.</p> <p><b>Explanation:</b> Charlton-Thompson Gardens in Bronx Community Board Three, serves as a memorial to two African American Congressional Medal of Honor award recipients from the Korean War. This park was recently re-constructed in 2010 due to its former deteriorated condition. Of major concern to area residents and to the Friends of Charlton-Thompson Garden Preservation Committee and the National Association of Black Veterans in Bronx County, is the fact that the park has been the subject of vandalism and graffiti practices, which have affected the integrity of this memorial for two of our nation's war heroes. The installation of high intensity motion sensor lighting would serve to curtail unwarranted and unwonted acts of vandalism in the future.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 16</p> <p><b>Supported by:</b> Friends of Charlton-Thompson Garden National Association of Black Veterans Inc.</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 01	104201101E	<p><b>Request:</b> Maintain the annual budget for Community Boards.</p> <p><b>Explanation:</b> The budgets for the community boards have remained flat for the last 15 years, seeing no cost of living increases except for union mandated wage adjustments. Community Boards have been and will probably be asked to implement PEG cuts over the next few years in an attempt to balance the budget. The amount of savings garnered (less than 1/10000th of a percent) is miniscule in comparison to the overall city budget, but devastating to the day-to-day operations of the individual community boards. And so we call for no cuts to our annual budget due to increased costs in both salaries, purchases and contracts.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>In FY 2014, the community boards' budget is maintained.</p>
02	104200201E	<p><b>Request:</b> Funding to Increase the number of Police Officers in the Confines of the 44th Precinct and PSA 7</p> <p><b>Explanation:</b> Because of our unique status as "the Capitol District" of Bronx County, there is an excessive drain on manpower and resources to cover the Yankee Stadium area, the Civic Center, multiple commercial strips, and so on. Our district has seen a major surge in housing units, the creation of commercial development and as a result have seen an increase in pedestrian and vehicular traffic especially from the development of the Gateway Center Mall and Yankee Stadium.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> 44th Precinct Council 44th Precinct Clergy Council</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Additionally, No Stopping signs need to be installed in the area around the proposed Target Store, at Senger Avenue and Wenner Place.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Ferry Point Park Advocates</p>	Please contact the Borough Commissioner's office to discuss this request.

18	110201408E	<p><b>Request:</b> Hutchinson River Parkway East and Senger Place should be reinforced with pavement material to protect the infrastructure below the street. Additionally there should be a five ton limit sign placed on Senger Place and the Hutchinson River Parkway Service Road.</p> <p><b>Explanation:</b> with the development of the Target Store on Brush Avenue, it is anticipated that large trucks will be coming through the area. It is well known that the heavy trucks cause vibrations that damage water mains, sewer lines and electrical conduit lines underneath the street. That is why the above streets need to be reinforced with concrete.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Ferry Point Park Advocates</p>	Please contact the Borough Commissioner's office to discuss this request.

**The Register of Community Board Budget Requests for the Executive Budget** reports the FY 2014 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2014 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2014 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Council District(s):** The City Council district(s) where the capital project is located.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Executive Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

01	201200601C	<p><b>Request:</b> Creation of a new firehouse in the North side area.</p> <p><b>Explanation:</b> The Greenpoint and Williamsburg communities are growing greatly in population and new businesses. With the pending rezoning and waterfront development there is a tremendous increased need for enhanced public safety. There is no firehouse to serve the North side community and the waterfront area. 05	203201202C	<p><b>Request:</b> Provide Funding to Convert Marcy/Kosciuszko Pool Into a Year-Round Facility.</p> <p><b>Explanation:</b> This is a project whose time is long overdue. This facility is only used two months out of the year and for the other ten months of the year, it just sits unused. As we stated last year, the pool is housed on a site that can be used as a pool/recreation center with programs occupying a portion of the site and the rest of the area as community spaces with various uses. P.S. 256 is located across the street and Councilmember Vann stated that the site should be a contiguous campus abutting the school, which would be ideal for that site. Your response is that this is included in the budget for the out years however when we inquired, it was not in the 5-Year or 10-Year Plan. It is critical that this project be moved up to avoid damages that will cost in liabilities to the City (SEL- 002348). 07	203201301C	<p><b>Request:</b> Reconstruct Halsey Street from Tompkins Avenue to Broadway.</p> <p><b>Explanation:</b> We are still actively requesting this project be completed. It was originally made in 2004. A portion of Halsey Street was reconstructed from Bedford Avenue up to Tompkins Avenue and not the entire length as was originally requested. Community Board 3 believing it would be completed, removed it from its priority list once work had begun on Halsey Street. It is recognized that some of the streets have been repaved, but we would like to see the street completed from Tompkins Avenue to Broadway. It is in deplorable condition and we are once again placing it in our priorities to have the work completed this time. 03	203201205E	<p><b>Request:</b> Provide Funding for a Feasibility Study for a Bedford-Stuyvesant Community Justice Center.</p> <p><b>Explanation:</b> With the current violent crime statistics, gun violence and assaults committed by young people, it is obvious that conventional means are not working. Youth murder rates are more than twice as high as other neighborhoods. Children are making poor decisions because of gang intimidation etc. A Bedford-Stuyvesant Community Justice Center would be an alternative incentive to keep our youth out of the system and go back to a healthy crime-free way of life. It would also foster a healthier crime free community. Once a study is done, we can begin to work towards that goal. Community Board 3 is requesting that funding be made for a comprehensive feasibility study for a Community Justice Center.</p> <p><b>Responsible Agency:</b> Office of the Criminal Justice Coordinator</p>	<p>OMB supports the agency's position as follows: The agency will try to accomodate this request within existing resources and will pursue any grant funding that becomes available.</p>
04	203200902E	<p><b>Request:</b> Increase the Number of Inspectors for Housing Code Compliance.</p> <p><b>Explanation:</b> There is so much construction going on in Bedford-Stuyvesant. In light of that, we are requesting that there be funding made available for additional inspectors for housing code compliance. So often we hear of collapses, fires, toxic contamination and such that surround projects. It is not uncommon for developers to take short cuts, but this City as a responsible overseer should be able to have adequate personnel in place to monitor what is happening in our communities. Our request is not an unreasonable one. The citizens of this fine City deserve to be safe.</p> <p><b>Responsible Agency:</b> Department of Buildings</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>

05	203201202E	<p><b>Request:</b> Purchase Smart Boards for all Classrooms in Community District 3's Public Elementary, Middle and High Schools.</p> <p><b>Explanation:</b> Our children must be equipped for success. Community Board 3 continues to request Smart Boards in all public elementary, middle and high schools. Smart Boards are unique in that they speak to the way our youth operate in the 21st Century. Our state test scores in English and math continue to fall. This has not changed for the better. It is time the children are met where they are most able to be responsive. Smart Boards are the answer, the children are technologically adept and will respond well. We are talking about the future of this nation.</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>OMB supports the agency's position as follows: DOE supports the use of technology in schools. Pending the availability of additional funds in the DOE's budget and/or Capital Plan, the DOE will see to addressing this need in schools.</p>
06	203200502E	<p><b>Request:</b> Hire Additional Manpower for Sanitation Enforcement.</p> <p><b>Explanation:</b> In the matter of dumping: in lots, vacant buildings, parks, closed businesses and even at our litter baskets, we need to have additional manpower to deal with those issues. This happens late at night or in the early morning hours. Dog excrement is everywhere. All of this contributes to dirty sidewalks. Without adequate enforcement covering multiple shifts, this condition cannot be obliterated. Community Board 3 is requesting that funding be made available for enforcement officers.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>Funding for Sanitation Enforcement is baselined in the Agency's Expense Budget. Distribution of Enforcement staff is determined by the Agency.</p>

07	203200914E	<p><b>Request:</b> Continue Funding for Obesity Prevention and Outreach Programs.</p> <p><b>Explanation:</b> We request funding for Obesity Prevention and Outreach Programs. This problem is not going away. As the statistics continue to be bleak, our children in Head Start programs and public elementary schools are obese. Public high school students are obese and let's not forget the adults in Bedford-Stuyvesant. In this community, most people and children exercise little or not at all and eat inadequate servings of fruits and vegetables per day. Obesity is a major health concern. It causes health problems across generations, i.e., diabetes, high blood pressure, high cholesterol, cancer and heart disease. It is imperative that information be disseminated by DOHMH. It is an epidemic and the Mayor had to regulate sugary drinks.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	DOHMH plans to continue funding for obesity programming.
08	203201206E	<p><b>Request:</b> Restore the Monument at Saratoga Park.</p> <p><b>Explanation:</b> Saratoga Park has been renovated and looks great. We are still awaiting the renovation of the monument. In its surrounding environment, the state of the monument really stands out. Community Board 3 would like to see it restored to its original greatness and stand as the great symbol it was intended to be.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the final design contract has been let.

09	203201301E	<p><b>Request:</b> Develop a Comprehensive Program for Enforcement Officers to Deal With the Rising Unrest in Police/Community Relations.</p> <p><b>Explanation:</b> This request is so crucial for us as a society. Relations with our law enforcement officers is at an all time low. Police/Community relations continue to plummet, especially with PSA 3. Our community affairs have fostered excellent relationships with the residents in the community. We would like to see their model become department-wide. If residents and the police were not mistrustful, crime could be greatly reduced. So many lives would not be foolishly lost. Community Board 3 is aware that there is sensitivity training in place, however we request that a comprehensive new plan be developed that will be effective for the officers and the community.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: Additional NYPD resources for this project are unavailable at this time due to funding constraints. However, the program will continue to operate within current funding levels.</p>
10	203201302E	<p><b>Request:</b> Increase/Develop Programming for Mentoring Youth.</p> <p><b>Explanation:</b> Our youth are precious resources being wasted due to lack of stimulation. Many of our young people are latch-key children with a great deal of unstructured time on their hands. With programs in place to utilize their skills and challenge their minds after school and on weekends, we can stop some of the violence, gang/other criminal activities. Community Board 3 is requesting that programs be developed and funded to eliminate so much idle time, to promote positive behaviors and develop responsible community citizenry. We have to wake up and take a stand.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: DYCD is currently developing a Mentoring Program through the Young Men's Initiative, which will include a site in the district.</p>

Community Board 3 requests that funding be put in place to disseminate data regarding their programs that are beneficial to those persons caring for the elderly.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: At this time, DFTA has very limited or no funding for this purpose. Community Board 3 is requesting funding for newer selections of books at the Brooklyn Public Libraries.</p> <p><b>Responsible Agency:</b> Brooklyn Public Library</p>	<p>OMB supports the agency's position as follows: BPL supports this project as requested by the community board. 01	206200502C	<p><b>Request:</b> Area wide Repairs to Gowanus Watershed Flooding Problems (9th Street &amp; 2nd Avenue corridors)</p> <p><b>Explanation:</b> Sufficient funds are requested to undertake preliminary design investigations; final design and ultimate repair of the 9th Street and Second Avenue corridors abutting the Gowanus Canal. Issues that need to be addressed include negative and insufficient curbs that have resulted in flooding and drainage problems, defective and missing sidewalks and episodic infrastructure failures. Between the rise in public use of the Gowanus Canal and increasing business activity on these street segments, there is an anticipated need resulting from expected new demands in pedestrian and vehicular traffic that must be met. Also, 9th Street is a Coastal Evacuation Route relied on for evacuating our waterfront communities to the west - and yet, in many rain events, the area around the bridge floods out.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Council Districts:</b> 38, 39</p>	The agency will try to accommodate this request within existing resources.
02	206200706C	<p><b>Request:</b> Redesign of 4th Avenue Medians for Improved Safety (Flatbush Avenue to 15th Street)</p> <p><b>Explanation:</b> Sufficient funds are requested for the design and construction of new traffic medians on 4th Avenue between Atlantic Avenue and 15th Streets that would improve pedestrian and vehicular safety along this busy traffic corridor. New medians would include protected pedestrian refuge areas and improvements to the existing turning bays which are too short for queuing vehicles. Raised, planted medians (with irrigation systems) would prevent unsafe midblock jaywalking which occurs frequently and is often a contributing cause to high accident rates.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 33, 38, 39</p>	This location needs to be investigated by both DOT and DEP. 03	206200704C	<p><b>Request:</b> Creation of a Red Hook Workforce Development Center</p> <p><b>Explanation:</b> Sufficient funds are requested for the (possible) acquisition, design and construction of a workforce development center in the Red Hook community. Red Hook has seen the creation of hundreds of new jobs in the last few years from large-scale retail development, introduction of tourism-related industries, and induced commercial development. Its residential population is in need of a local job center where employment training services can be offered. A local center would provide employment training, centralized recruiting services for new economic development, courses that promote local entrepreneurship, and generally support the development of the local workforce preparing them for jobs. Because of transportation hurdles, residents cannot easily access services in Downtown Brooklyn.</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p> <p><b>Council Districts:</b> 38</p> <p><b>Supported by:</b> South Brooklyn Industrial Development Corporation</p>	<p>The agency will try to accommodate this issue within existing resources. The playground has a sufficient amount of open space and can benefit from a new use that would provide more seasonal attractions as a draw for the local community. The borough can also benefit from this new regional use as skateboard facilities in public parks are infrequent and growing in popularity in the City of New York.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 33, 38, 39</p> <p><b>Budget Line:</b> P-K011</p> <p><b>Project Id(s):</b> P-206TGRP</p> <p><b>Supported by:</b> Friends of Douglass/Greene Park</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. For the sake of access and mobility through the district, there are only a handful of east-west connectors that span the Gowanus Canal, on which the community is wholly reliant. Deferred investment increases the likelihood of structural failures, more costly repairs, and longer periods of inconvenience to the community when the bridge is out of service. 13	206200705C	<p><b>Request:</b> Enhancements to the Brooklyn-Queens Expressway Trench ("Fix the Ditch")</p> <p><b>Explanation:</b> Sufficient funds are requested to remediate the problems associated with the Brooklyn-Queens Expressway Trench running through our district parallel to Hicks Street. The BQE Trench inhibits local access and mobility between the Columbia Street District, Carroll Gardens and Cobble Hill neighborhoods. The concentration of traffic flowing through the trench creates vibrations, noise, odors and other air emissions that impact the residential communities adjacent to the trench. The trench generally has been viewed as an open wound which divides communities and detracts from the district. This bridge received a FAIR rating yet is one of the few east-west connectors that provide access and mobility throughout our district. It is a vital corridor that links our waterfront to inland points. Deferred public investment increases the vulnerability of this structure as unanticipated structural failures may occur, resulting in increased cost and time of repair and unwarranted impacts on the surrounding community. The tiny cave-like basement cafeteria is the largest open space in the school. The low tin roof and cement walls do little to absorb the loud whir of giant freezers or the noise of the fans used to cool the space due to the lack of air conditioning and window space. When you add more than 350 students during lunchtime the sounds reverberate around the room. The noise drowns out any conversations happening at the tables. Prior to the opening of Pier 6, this area was generally unused by pedestrians and was almost exclusively a southbound route used by commuters seeking to avoid the Brooklyn-Queens Expressway. Additionally, traffic calming devices are requested by the community to enhance public safety. This new street will not only provide additional capacity to handle the new traffic volumes destined for the cruise ship terminal under construction at Pier 12, but will also provide an alternative for the relocation of the Van Brunt Street leg of the City's local Truck Route network in Red Hook. It will ensure that the local street grid is not only not negatively impacted by the cruise terminal traffic but that it will benefit from relieving Van Brunt Street of trucks and removing the existing conflict by directing trucks closer to the industrial section of the neighborhood.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 33, 38, 39</p> <p><b>Supported by:</b> NYC Economic Development Corporation</p>	<p>OMB supports the agency's position as follows: Funds are unavailable for this project. 01	206200404E	<p><b>Request:</b> Restoration of Police Patrol Strength Personnel.</p> <p><b>Explanation:</b> Sufficient funds are requested to recruit and retain police patrol strength to safeguard the impressive strides in public safety over the past decade. Historically, as crime decreases and budget pressures increase, police staff suffers which begins the downward spiral of public safety and increasing crime. Maintaining a strong police force is even more necessary in the aftermath of 9/11 to ensure public safety and restore a high degree of confidence in keeping and attracting residents, businesses and tourists to the City - all essential to the City's economy. Over the past few years we have seen a dramatic decrease in the size of the police patrol strength at the precinct level and this has the community most alarmed.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> 76th Precinct Community Council 78th Precinct Community Council</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 03	206201201E	<p><b>Request:</b> Increased Funding for Day Care Centers</p> <p><b>Explanation:</b> Sufficient funds are requested to maintain current levels of day care services provided to the district. ACS had previously suggested that an incredibly disproportionate share of cuts be applied to day care services in the Brooklyn CB6 district. 4 out of the 15 centers citywide slated for closure were specifically targeted to the district. Most of these slots are located in facilities directly adjacent to public housing (Red Hook and Gowanus Houses), whose residents rely on these services to enable them to work and/or attend school. Eliminating day care services removes one of the most important safety nets in the community. ACS had not attempted to renegotiate day care center leases, or otherwise lower their operating costs, before deciding to eliminate the service altogether.</p> <p><b>Responsible Agency:</b> Administration for Children's Services</p>	<p>The agency will try to accommodate this issue within existing resources. 04	206200511E	<p><b>Request:</b> Increased Funding for Senior Centers.</p> <p><b>Explanation:</b> Sufficient funding is requested to increase operating budget allocations in existing senior centers. At a minimum, additional funding is sought to help keep pace with cost of living increases which over time take more and more resources away from the base operating budgets from programming and salary monies. Effectively, by not providing for regular, modest increases the senior centers' budgets are being decreased over time as basic costs only go up. This need is especially pressing with an aging population, as more and more "baby boomers" will be placing increasing demands on these facilities, which is anticipated to increase in the near future.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: DFTA will continue to advocate for increased funding support for aging services.</p>

Overflowing litter baskets create additional work for the department in discretionary cleaning, contributes to the clogging of catch basins, and results in the unfair issuance of summonses to victims of the strewn litter. Litter on commercial strips negatively contributes to the consumer's shopping experience, detracts from the residents' quality of life, and forces the businesses to shoulder the burden for the City after the mess.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Park Slope Chamber of Commerce Park Slope Civic Council</p>	<p>Funding for Basket Collection is baselined in the Agency's Expense Budget. 19	206200512E	<p><b>Request:</b> Additional Funding for Battered Women/Families Protection and Counseling Programs</p> <p><b>Explanation:</b> Additional funding is requested to expand the spectrum of services that provide assistance to victims of domestic violence - from counseling to protection to shelter - in order to ensure that adequate resources exist to help this vulnerable population in need. Outreach and promotional materials are needed to reach the population, provide them with convenient access to services and help educate communities on the importance of these services to remove any fear and stigma that may be attached to these facilities.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>OMB supports the agency's position as follows: All clients are regularly assessed for home care/home making needs. If the agency determines that the person is eligible and the need for such services exists, the services will be provided. HRA is committed to ensuring that all client needs regarding ambulation and activities of daily living, self-reliance and independence will be addressed.</p>

21	206200703E	<p><b>Request:</b> Establishment of a District wide Tourism Center</p> <p><b>Explanation:</b> Sufficient funds are requested for the acquisition, planning and construction of a district wide tourism center to provide a focal point for the growing tourism industry in our district. Such features as our historic brownstone residential communities (Carroll Gardens, Cobble Hill and Park Slope), Columbia Street, Gowanus and Red Hook waterfront features, Prospect Park, and other local points-of-attraction, are growing in popularity as tourists are flocking more and more to our district. A tourism center that would highlight the cultural, shopping, restaurants and other features of the district will help ensure that marketing and promotion of the district's amenities were fully leveraged.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>
22	206199703E	<p><b>Request:</b> Expansion of Waterfront Enforcement Division.</p> <p><b>Explanation:</b> Sufficient funds are requested to hire additional Waterfront Enforcement Division personnel, currently 6 persons citywide, to ensure that adequate coverage of the City's 578 miles of waterfront will be preserved and protected. Waterfront Enforcement Division personnel are responsible for enforcing the City's building code for waterfront properties, some of the most valuable and sensitive properties in the City. This would be a good way to reverse the trend of neglect suffered by the City's lack of waterfront development policies over the past few decades, and signify a commitment to the renewed importance of the City's waterfront as an asset and resource to draw from.</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p> <p><b>Supported by:</b> Metropolitan Waterfront Alliance</p>	<p>The agency will try to accommodate this issue within existing resources. However, the current fleets of front and rear wheel drive sedans and vans assigned to commands have performed adequately in severe weather conditions. All rear wheel drive NYPD vehicles are fitted with snow chains when conditions necessitate.</p>
24	206200405E	<p><b>Request:</b> Replacement Fleet Vehicles (NYPD)</p> <p><b>Explanation:</b> Sufficient funds are requested to ensure the timely replacement of fleet vehicles including RMP's , vans, undercover cars, unmarked vans, 2-wheel scooters, 3-wheel scooters, and bicycles. Increasing the frequency of replacing fleet vehicles should ultimately lead to a more efficient use of vehicles that would be in service a greater portion of the time and require less maintenance over the life of the vehicle. Also, resale value of used vehicles would be higher, resulting in enhanced revenue for the City.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: Vehicles are replaced within funding constraints of the NYPD.</p>

01	208200701E	<p><b>Request:</b> Increase Funding for Community Boards.</p> <p><b>Explanation:</b> The 59 Community Boards are vital in the City's operating process. However, Community Boards still woefully lack adequate funding. The City Charter mandates that a planner should be in each Community Board and that it is imperative to us to meet our Charter mandate and to evaluate development projects. The meager budgets provided for the boards do not keep pace with inflation and any increased operating costs. The costs for acquiring much needed newer technology, computer software, upgraded hardware as well as internet/web access capabilities is expensive. In order to continue delivering the most valuable mission per the 1989 revised City Charter, we staunchly advocate for increased budget allocations for all Community Boards in the amount of \$350,000.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>In FY 2014, the community boards' budget is maintained.</p>

01	212198023C	<p><b>Request:</b> Money Must be Restored to Demolish and Construct a New 66th Precinct Station House on the Footprints of the Present Site. The Air Rights Over the Long Island Railroad Must be Acquired to Build a Lot to House the Trailers for the Police Personnel While Construction is Going on. Once Completed, the Lot Can be Utilized for Both Police Personnel and Visitors.</p> <p><b>Explanation:</b> Although some construction has occurred at the Precinct, these renovations are only Band-Aid in nature. Much more is needed to improve working conditions. Good working conditions are conducive to fostering good police work. Additional space is needed to house Police Officers and civilians and can only be accomplished by demolishing the present site and building a new state-of-the art Precinct. Money saved by not having to acquire land will pay for a new building. There is no available land, private or City owned, in this district. Air rights over the LIRR can be used to house trailers during demolition and construction and then be used as a parking lot for personnel. This request is 31 years old. 02	212200808C	<p><b>Request:</b> Build a Sound Barrier in Back of the Annex Lot Which is Used as a Parking Lot for BK12's Trucks.</p> <p><b>Explanation:</b> It is imperative that a sound barrier be built in back of this lot which abuts the private homes on Dahl Court. We have been inundated with complaints concerning noise and pollution from these trucks in the early morning hours when trucks are revving up. Many of these homes were purchased when the Annex Garage was still on this lot and all trucks were housed there. Homes are expensive and owners put a lot of money into them. They were not aware that the Annex Garage would be demolished and the lot would be opened for parking of Sanit. trucks. Without this sound barrier, noise pollution has become a major problem and has greatly affected the quality of life for these homeowners.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Council Districts:</b> 44</p>	<p>OMB supports the agency's position as follows: Work on this project/program has either been completed or will be finished in FY 2013.</p>

Sewer lines are too small as well as ancient and cannot accommodate heavy rains, thus causing flooding into basements. 04	212200702C	<p><b>Request:</b> Remove the Bocci Court at Brizzi Park and Make This Park a Comfort Station Park/Maintenance Area.</p> <p><b>Explanation:</b> The Bocci Court at this location is never used and because there are a number of homeless that use this Park, especially at night, the Court is used as a urinal and for defecation by the homeless. This Park is used by many children including those in a nearby school for children with autism. This Bocci Court is not conducive to a safe or healthy environment for those using the Park, especially children. This Park needs to be made into a Comfort Station Park/Maintenance area which is staffed with full time personnel. 01	212200701E	<p><b>Request:</b> Increase Community Board Budgets.</p> <p><b>Explanation:</b> Some years ago, monies were taken out of the Community Board budgets and were never fully replenished. Public School attendance is dwindling in this District while Private School enrollment has increased. Most of these Private Schools have year round lunch programs with perishable foods. Private Schools only receive two pickups a week while the Public Schools are picked up daily. Private Schools are experiencing sanitary problems, because garbage must be contained inside the building over weekends and for days at a time - causing rodent problems and health problems. 01	214198407E	<p><b>Request:</b> Maintain and increase baseline operating budgets of Community Boards.</p> <p><b>Explanation:</b> Maintain and increase funding to Community Board 14 to enable the Board to maintain sufficient staff to adequately handle the full range of current responsibilities, to cope with the impact of inflation on the OTPS budget and to provide an adequate OTPS budget to reflect current responsibilities. Without at least maintaining current funding levels, the Board will be unable to continue to satisfy its Charter responsibilities effectively. Requiring Community Boards to plan for a cut, even those that have been restored, prevents proper planning and hinders an efficient flow of expenditures.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	In FY 2014, the community boards' budget is maintained.

01	214199301E	<p><b>Request:</b> Provide funding for increased police and civilian personnel in the 70th Precinct.</p> <p><b>Explanation:</b> Low numbers of police personnel present unnecessary challenges to maintaining the trend of decreasing crime. A shortage of civilian personnel necessitates keeping police in the Precinct house rather than on the street, further curtailing a visible police presence and potentially removing a disincentive to commit criminal acts. In addition, employing civilian personnel where appropriate is a more efficient use of public funds.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>The agency will try to accommodate this request within existing resources.</p>

01	214201003E	<p><b>Request:</b> Fund additional allocation for Night Street Resurfacing Program to include Coney Island Avenue as a priority.</p> <p><b>Explanation:</b> The need for continuous resurfacing to repair heavily used and deteriorating commercial thoroughways demands that a Night Street Resurfacing Program be sufficient to meet the needs within CD 14 and that it operate continuously throughout the year.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: In the Preliminary Budget, Citywide personnel/program/ equipment funds are maintained in FY 2014. 01	214201101E	<p><b>Request:</b> Increase funding for tree pruning and maintenance including the longstanding commitment to maintaining trees above the lot lines in Prospect Park South.</p> <p><b>Explanation:</b> CB14 is one of the greenest community districts in the City of New York. In recent years, the frequency with which the Department prunes and maintains trees has been drastically reduced, creating hazards and creating an inordinate amount of tree debris on a regular basis. The recent increase in the budget is not sufficient to address the backlog. Therefore, funding for street tree pruning and maintenance must be increased to accommodate the needs of our district. The Prospect Park South neighborhood has Landmark status that uniquely includes the landscaping plan in its designation. It is important that Parks continue its historically significant pruning arrangement.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 08	215201303C	<p><b>Request:</b> Fire Alarm Upgrade - to rehabilitate the campus-wide interior fire alarm system and provide Central Station Monitoring at Kingsborough Community College.</p> <p><b>Explanation:</b> The existing Fire Alarm Systems are isolated within each building, reporting only locally. They are antiquated, dating back to the 1960's and 70's period. Replacement parts are no longer available. It is nearly impossible to maintain and operate these systems given the lack of replacement parts, and even when they are functional, response times are delayed due to the absence of Central Monitoring. This is the pre-eminent life safety system on Kingsborough's Campus. It must be brought up to current codes and remain fully functional to ensure that the campus is safe to carry on it's academic mission and it's many other community services.</p> <p><b>Responsible Agency:</b> Board of Higher Education</p> <p><b>Council Districts:</b> 44, 45, 46, 47, 48</p> <p><b>Budget Line:</b> HN-0206</p> <p><b>Project Id(s):</b> KG202-006</p>	<p>OMB supports the agency's position as follows: This Capital Project is included in the City's Capital Commitment Plan. 09	215201405C	<p><b>Request:</b> T7 Building Electrical and HVAC Upgrades at Kingsborough Community College.</p> <p><b>Explanation:</b> The T7 Buildings HVAC System was placed into service in 1972. It is in very poor condition and well beyond it's expected life cycle. The HVAC System is comprised of gas fired ammonia absorbers and gas furnaces. These ammonia units are no longer common to the industry. Their glycol pumps and condensing units fail regularly and require extensive labor and materials at start up. There are approximately 94 tons of air conditioning, roof mounted units which require replacement with modern, energy efficient units. Kingsborough would be able to create new teaching and computer labs in this building if the HVAC and Electrical Systems were upgraded.</p> <p><b>Responsible Agency:</b> Board of Higher Education</p> <p><b>Council Districts:</b> 44, 45, 46, 47, 48</p>	<p>OMB supports funding this project through internal reprioritizing within CUNY's Capital Budget or when resources can be made available.</p>

The existing college spaces are heavily utilized and cannot be converted into the needed spaces without great expense and disruption to the current programs. All of the College's current available space is occupied with existing programs. The proposed Health Technologies Education Center will provide the following programs with specialized classrooms, labs and research spaces, Bio-Technology Lab, Respiratory Therapy, Radiation Technology and Veterinary Technician programs.</p> <p><b>Responsible Agency:</b> Board of Higher Education</p> <p><b>Council Districts:</b> 44, 46, 48, 45, 47</p>	<p>OMB supports funding this project through internal reprioritizing within CUNY's Capital Budget or when resources can be made available.</p>

This results in prolonged down-time and curtailment of building use, effecting classroom activities and other building functions. This project would enable the College to extend the life of the T4 and T5 Buildings by 20+ years and continue using them for curricula and programs which cannot be housed in other locations.</p> <p><b>Responsible Agency:</b> Board of Higher Education</p> <p><b>Council Districts:</b> 44, 45, 46, 47, 48</p>	<p>OMB supports funding this project through internal reprioritizing within CUNY's Capital Budget or when resources can be made available.</p>

It has deteriorated the existing equipment and has resulted in breakdowns. The proposed new Air Handlers will cool the 103,200 gross sq. ft. building which houses art studios, classrooms, science labs, lecture halls and an art gallery. As these conditions worsen, more and more of the spaces on campus will have to be closed in order to safeguard the College community. Roof replacement of Kingsborough's buildings will provide a leak-free environment and ensure the internal integrity of facilities, as well as removing the threat of building closings due to environmental hazards. 21	215201002E	<p><b>Request:</b> Additional Health Inspectors For Restaurants.</p> <p><b>Explanation:</b> With the proliferation of restaurants in this District, we find the current number of inspectors insufficient to safe guard the health of our constituency.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: Restaurants are inspected at least once every year. # Register of Community Board Budget Requests

---

For The Executive Budget  
Fiscal Year 2014

## Manhattan

The City of New York  
Michael R. Bloomberg, Mayor

## **FY 2014 Executive Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Executive Budget** reports the FY 2014 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2014 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2014 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Council District(s):** The City Council district(s) where the capital project is located.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Executive Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

CS	301200201C	<p><b>Request:</b> Construct connections between East River Bikeway/Walkway and the Battery Park City esplanade.</p> <p><b>Explanation:</b> There are currently esplanades/bikeways along both the East River and Hudson River starting at the Battery and stretching northward. There is, however, no easy connection between them that would enable travelers to go around the battery and proceed up the other side of Manhattan. It has long been a goal of many downtown organizations to create a continuous waterfront esplanade and bikeway around Manhattan. The small connection between these two esplanades/bikeways at the Battery would be a major step towards realizing this goal.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 1</p> <p><b>Supported by:</b> Alliance for Downtown New York Battery Park City Authority</p>	<p>OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the construction contract has been let.</p>

01	301200701E	<p><b>Request:</b> Increase Community Board budget to \$250,000.</p> <p><b>Explanation:</b> The current allocation is woefully inadequate to address the rapidly increasing needs faced by our Lower Manhattan Community Board. Community Boards play a critical role in providing local residents and workers with a voice in determining policies and priorities for their community. An increase would greatly assist us in fulfilling our important mission, particularly at a time when Lower Manhattan is undergoing tremendous construction and redevelopment projects that challenge the quality of life of our residents and workers.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p> <p><b>Supported by:</b> All 59 Community boards</p>	<p>In FY 2014, the community boards' budget is maintained.</p>
02	301199602E	<p><b>Request:</b> Increase personnel of 1st Precinct for quality of life issues such as bus idling, street vendors, crime, traffic enforcement, drug enforcement, disruptive bars, and clubs-related noise.</p> <p><b>Explanation:</b> The population in Lower Manhattan is continuing to grow rapidly, and it has become a large, vibrant 24-hour community. One of the effects of this growth is that residents often live adjacent to bars, nightclubs, and other uses that can negatively impact their quality of life. Additional personnel and appropriate equipment are needed to ensure the NYPD can address quality of life crimes as well as larger crimes.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> Tribeca Community Association Seaport Community Coalition</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 04	301198903E	<p><b>Request:</b> Increase personnel and resources to increase frequency of garbage pick-ups.</p> <p><b>Explanation:</b> Because of heavily concentrated commercial and tourist activity in Lower Manhattan, Sunday and holiday cleaning is essential to preventing public wastebaskets from overflowing. Holiday interruptions to Monday recycling have also been a problem for residents. Overflowing wastebaskets exacerbate the burgeoning rat population downtown. More personnel are needed to service the waste baskets, ensure streets are clean after street fairs, and to manage the rat population downtown.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Seaport Community Coalition Southbridge Towers</p>	<p>Funding for Basket Collection is baselined in the Agency's Expense Budget. Mitigation measures are essential to improving pedestrian safety at these locations. While heavy traffic volumes and pedestrian safety have always been an issue in these areas, with the initiation of the multi-year Hudson Street Reconstruction Project, issues have only been exacerbated. DOB's monitoring of construction projects is essential to ensure the safety of construction workers on the projects, as well as the safety of those who live, shop, and work in their vicinity. 11	301199306E	<p><b>Request:</b> Increase funding of After School and Summer Youth and Recreation programs.</p> <p><b>Explanation:</b> The youth population in Lower Manhattan has increased dramatically in recent years, yet our community has only one City-funded program, which has been stretched to capacity. The limited Department of Youth Services (DYS) programs that do exist downtown have not had an increase in funding in many years. These services are vital to our community and funding must increase to adequately address the growing numbers of youth in the district.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p> <p><b>Supported by:</b> Independence Plaza Tenants Association</p>	<p>OMB supports the agency's position as follows: DYCD has sustained budget cuts due to the sustained economic downturn. Increase funding for security and maintenance, books, periodicals and other information resources for the Branch Libraries.</p> <p><b>Explanation:</b> Lower Manhattan's population has grown tremendously. The new library in Battery Park City will help address the increase in demand for public libraries downtown. It is important that funds are allocated to ensure that the two downtown libraries are able to be open at times when residents and children need them most.</p> <p><b>Responsible Agency:</b> New York Public Library</p>	<p>OMB supports the agency's position as follows: With the support of the Community Boards, the Borough Presidents, the Mayor and the City Council, five and six day library service was restored in neighborhood libraries. 17	301200201E	<p><b>Request:</b> Increase personnel for Parks Department maintenance and PEP officers.</p> <p><b>Explanation:</b> There are several heavily used parks in the district, including Battery Park, City Hall Park, and Washington Market Park. New or improved parks are also being created. With a fast growing population, the need for maintenance is increasing. 18	301200202E	<p><b>Request:</b> Provide maintenance funds for East River bikeway/walkway, including for the upkeep of lighting along it.</p> <p><b>Explanation:</b> The NYC EDC constructed the bikeway/walkway along the East River but no provisions were ever made for the maintenance of this facility. As a result, it has fallen into serious disrepair. Many of the lights along the esplanade have been out for some time, and the dimness of the area at night negatively impacts its safety and usage. An agency with the capability to properly maintain such a facility should be put in charge of the maintenance, and we believe that the DPR is best suited for this. This is a major loss for our community. The Dapolito Center is a hub of activity and is well-used by young and old alike. The Parks Department needs to give this situation its fullest attention and work to get the Center open as soon as possible. 06	302200902C	<p><b>Request:</b> Allocate Funds to Design and Build a New Open Space and Public Recreation Facilities on Land Owned by the NYC Department of Environmental Protection on Hudson Street Between West Houston and Clarkson Streets.</p> <p><b>Explanation:</b> The NYC Department of Environmental Protection purchased this lot with the commitment, starting in 1996, that it would be turned over to the Department of Parks and Recreation upon completion of work on the new water tunnel shaft to be built there. Work on the shaft is now complete. PlaNYC identifies the need for new locations for playgrounds and Community Board 2 remains one of the most under-served in both total park area and particularly areas large enough for active recreation. This site is ideal for open space and recreation because of its proximity to J.J. Walker Park, a public high school building and the Dapolito Recreation Center. Community Board 2 is working with community members and groups to develop ideas for the use of this space.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 3</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.</p>
07	302200903C	<p><b>Request:</b> Allocate Funds to Design and Build a New Park on Land Owned by the NYC Department of Environmental Protection at the Corner of Grand and Lafayette Streets.</p> <p><b>Explanation:</b> The NYC Department of Environmental Protection purchased this lot with the commitment that it would be turned over to the Department of Parks and Recreation upon completion of work on the new water tunnel shaft to be built there. Work on the shaft is now complete. Community District 2 remains one of the most underserved in both total park area and particularly areas large enough for active recreation, and this area has new residential growth and this area is underserved even by Community District 2 standards.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 1</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 08	302201301C	<p><b>Request:</b> Allocate Funds to Design and Build a New Park on Land Owned by the NYC Department of Environmental Protection on East 4th Street Adjacent to the Merchant's House Museum.</p> <p><b>Explanation:</b> The NYC Department of Environmental Protection purchased this lot with the commitment that it would be turned over to the Department of Parks and Recreation upon completion of work on the new water tunnel shaft to be built there. Work on the shaft is complete. This project will protect needed public open space and also add an important amenity for the Merchant's House Museum.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 2</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 09	302201302C	<p><b>Request:</b> Allocate Funds to Plant Three Hundred Trees in Tree Pits where Trees are Missing or Dead on Streets and in Parks and Playgrounds Within Community District 2.</p> <p><b>Explanation:</b> Trees are very important to the quality of life along our heavily trafficked streets. Many trees have died over the years and have not been replaced. This causes trip hazards to pedestrians and creates an unmanaged appearance. Property owners eventually remove the pits causing the loss of a valuable tree location and an additional cost to the City when the tree is replanted.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 1, 2, 3</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 10	302201005C	<p><b>Request:</b> Fund the Replacement or Repair of Damaged Granite Crosswalks on Mercer Street (Both North and South Sides), at Prince, Broome, and Grand Streets and on Greene Street (Both North and South Sides) at Prince, Spring, and Broome Streets.</p> <p><b>Explanation:</b> The crosswalks on Mercer and Greene Streets in SoHo are in serious disrepair. Their large granite slabs have cracked and crumbled severely, never having conformed to the curvature of the street grading that is necessary for rain drainage into the corner catch basins. CB 2 is greatly concerned that the present condition is hazardous, which could result in serious injury by a pedestrian. In addition, in their present condition, the crosswalks appear unusable by someone using a wheelchair. These intersections should be reconstructed with a paving that would not splinter as these granite slabs have done and that would be in keeping with the historic district and the streets' historic Belgian blocks.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 1</p> <p><b>Supported by:</b> Disabled-In-Action SoHo Alliance</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>
11	302201109C	<p><b>Request:</b> Fund Renovations to the Interior Spaces (including for ADA Compliance), a New Ceiling, Lighting and Flooring on the 1st and 2nd floor as Well as New Furniture and Equipment for the Hudson Park Library.</p> <p><b>Explanation:</b> This library is heavily used by youth, seniors and many others and needs renovation to expand services to various populations. Although the interior was recently repainted, the need for renovation goes well beyond a coat of paint. In addition, the library has a large amount of underutilized space, in part because of a lack of access.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Council Districts:</b> 3</p> <p><b>Supported by:</b> Hudson River Park Mothers Group</p>	<p>OMB supports the agency's position as follows: NYPL supports this proposal as requested. 12	302201108C	<p><b>Request:</b> Allocate Funds to Widen the Sidewalk on the South Side of Spring Street Between Washington and Greenwich Streets.</p> <p><b>Explanation:</b> An increase in the residential population on this street, and many new commercial uses, have led to greater pedestrian activity and crowding on the south sidewalk. The street bed here is four lanes wide, an excessive width endangering pedestrians, and no longer needed in this formerly industrial area where UPS once used this street as a roundabout. The street is a two-way from 9A to Washington Street, then a one-way going east from Washington Street to Greenwich Street (and beyond), resulting in eastbound vehicular traffic dangerously surging into the wider one-way-east expanse. Sidewalk widening also can offer some separation and relief from the negative impacts of the huge Sanitation garage being built west of Washington Street.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 3</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>
13	302201305C	<p><b>Request:</b> Allocate Funds to Renovate the Roof at Pier 40.</p> <p><b>Explanation:</b> The roof at Pier 40 has been in serious disrepair for many years and it is getting worse. The structural damage and constant leaking necessitates a reduction in the amount of space the Hudson River Park Trust can allocate for parking, which reduces the amount of income to maintain the pier and the Hudson River Park.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 3</p>	<p>The Department of Parks and Recreation does not maintain this facility.</p>

14	302201403C	<p><b>Request:</b> Allocate Funds to Install New Equipment in the Bleecker Street Playground.</p> <p><b>Explanation:</b> Much of the equipment in the Bleecker Street Playground, including the climbing features, has been there since the 1990s. This is a heavily-used playground, so the wear and tear on the equipment is substantial.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 3</p> <p><b>Supported by:</b> Friends of Bleecker Playground</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 15	302200907C	<p><b>Request:</b> Allocate Funds to Improve the Pedestrian Environment, Minimizing Vehicular Use and Using a More Holistic Approach to Integrating Bus Priority, Walking, and Bicycling Through Design and Construction on Broadway Between 14th Street and Canal Street. This Will Enhance this Valuable Retail Area as an Orderly and Attractive People-Gathering Place.</p> <p><b>Explanation:</b> Although the bus bump-outs appear to be working in allowing several buses to stop at once and accommodate both locals and tourists, a less piecemeal approach aimed at reducing traffic and integrating alternate transportation modes can create a more functional, people-friendly and less congested corridor. A pilot program is requested, similar to the one on Market Street in San Francisco, where most cars are being banned, while retaining muni-buses, delivery trucks, taxis and bicycles, to be followed by public art displays in storefronts, concerts, and other events, and the creation of mini-plazas, featuring outdoor seating, tables, food kiosks, and landscaping. The NYC Bicycle Master Plan includes Broadway as a bike lane location.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 1, 2</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

16	302201307C	<p><b>Request:</b> Allocate Funds to Plant Trees on Streets and in Parks and Playgrounds at Fifty Locations in Hudson Square.</p> <p><b>Explanation:</b> This is a previously industrial area, so there are very few street trees. The area has new residential buildings and anticipated rezoning will soon encourage more residential development. Nearby construction of a new multi-district Sanitation garage increases the need for the positive impact of street trees. The request conforms with a citywide tree planting initiative.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 3</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

CB 2 urges that DOT and PANYNJ work together, along with the Hudson Square BID, to devise a plan and implement improvements to address these problems.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 1, 2, 3</p>	<p>NYC DOT completed this project with an in-house initiative.</p>

Also, Renovate the Interior Space (Including Making it ADA Compliant); purchase new furniture and install a new fire alarm system.</p> <p><b>Explanation:</b> The Jefferson Market Library is in a 19th-century building that requires extensive renovations and upgrades to its interior spaces to make it more comfortable and accommodating to both its staff and the public.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Council Districts:</b> 3</p>	<p>OMB supports the agency's position as follows: NYPL supports this proposal as requested. 21	302201404C	<p><b>Request:</b> Allocate Funds to Renovate Jackson Square Park, Including Upgrading the Pavers, Lighting and Repainting the Fence.</p> <p><b>Explanation:</b> Despite significant amounts of money raised by the Jackson Square Alliance to maintain the park, there has been serious deterioration that can only be remedied with a capital upgrade. Some of that includes: insufficient electricity for the holiday lights (at times, an extension cord must be run into nearby buildings); the fountain has a large crack that must be repaired; the drinking fountain and benches are not ADA accessible; the Belgian block pavers have deteriorated creating a tripping hazard; and the perimeter fence is rusting and needs to be repainted.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 3</p> <p><b>Supported by:</b> Jackson Square Alliance</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 27	302201103C	<p><b>Request:</b> Allocate Funds for an Adult Day Care Center in Chinatown for Elders with Dementia.</p> <p><b>Explanation:</b> This is particularly important for the Chinese elders because families are especially hesitant to bring even the poorest and oldest elders who are no longer able to care for themselves (especially those with Alzheimer and other dementias) to residential care. Day care is often provided by people who are elderly themselves or by children and youth. In Addition, DOT Should Fund the Repair of Existing Pedestrian Ramps that Are Unusable Because of a Degraded Condition or Because They Are Not Even with the Adjacent Street.</p> <p><b>Explanation:</b> In its response to this request last year, DOT stated that this project will be undertaken over the next several years and that it had received additional funding for this purpose. However as DOT is already aware, as a result of the pedestrian ramp study that was completed in CD 2 in 2007, there are a high number of corners in our district either without a pedestrian ramp or with ramps that are unusable because they are degraded or are not even with the roadbed. We recognize that there are many complex corners throughout our historic districts where it will take more planning and funds to install pedestrian ramps. CS	302201107C	<p><b>Request:</b> Implement a Way finding Program in CB 2's Historic Neighborhoods to Reduce Excessive Street Signage and Simplify and Coordinate Signage.</p> <p><b>Explanation:</b> More and more signs are being installed in our streets, frequently bunched together in many sizes, shapes, colors, and reaching tall heights. This combination not only make them difficult to read, but creates confusion and endangers pedestrians, bicyclists, and motor vehicles, while producing negative and unattractive visual impacts, particularly detrimental to our historic districts. CB 2 needs sign simplification and a Way finding program to reduce clutter and direct both pedestrians and vehicles through streets to important places and facilities.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 1, 2, 3</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

The Aim is to Improve Pedestrian Safety by Simplifying and Rationalizing these Crossings Through Traffic Calming and Other Geometric Changes to Narrow the Roadway, with the Possible Installation of a Bicycle Lane.</p> <p><b>Explanation:</b> Although CB 2 understands that DOT has instituted some improvements like painted neckdowns on Seventh Avenue South and "No Standing" regulations on Bleecker at Barrow Street, this complex intersection caused by the widening of Seventh Avenue South several years ago is both confusing and dangerous to cross because of its irregularity and its influx of traffic coming from so many different directions. CS	302201303C	<p><b>Request:</b> Allocate Funds to Study and Reconstruct the Complex Intersections of Seventh Avenue South and Bleecker and Barrow Streets. The Aim is to Improve Pedestrian Safety by Simplifying and Rationalizing these Crossings Through Traffic Calming and Other Geometric Changes to Narrow the Roadway, with the Possible Installation of a Bicycle Lane.</p> <p><b>Explanation:</b> Although CB 2 understands that DOT has instituted some improvements like painted neckdowns on Seventh Avenue South and "No Standing" regulations on Bleecker at Barrow Street, this complex intersection caused by the widening of Seventh Avenue South several years ago is both confusing and dangerous to cross because of its irregularity and its influx of traffic coming from so many different directions. CB 2 also understands that funding would not be available until the future, but still considers realignment of these intersections of utmost importance to ensure pedestrian safety, comfort and orientation.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Council Districts:</b> 3</p>	OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.
CS	302201304C	<p><b>Request:</b> Allocate Funds to Renovate DeSalvio Playground at the Corner of Mulberry and Spring Streets.</p> <p><b>Explanation:</b> The pavings in the park are in poor condition. The play equipment is outdated. A population shift in the neighborhood has brought many families with young children to the area.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 1</p> <p><b>Supported by:</b> Friends of DeSalvio Playground</p>	OMB supports the agency's position as follows: This request is partially funded. 01	302201001E	<p><b>Request:</b> Ensure that Any Proposed Cuts to Community Board Budgets are Rescinded.</p> <p><b>Explanation:</b> Community boards have not had an increase to their operating budgets in more than twenty years and it seems like we are annually fighting proposals to cut our budgets. In calendar year 2011, CB 2 held 168 public meetings and passed 608 resolutions making us, arguably, the busiest community board in New York City. This creates a relentless burden on our embattled staff to keep up with the avalanche of applications and related inquiries that are sent to us. In a fairer world, we would have a larger budget with which we could hire an additional staff person to take some of the pressure of our overworked staff. Under the circumstances, we must resign ourselves to advocating against proposed cuts that would make it even more difficult to meet our City Charter-mandated responsibilities.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>In FY 2014, the community boards' budget is maintained.</p>
02	302200901E	<p><b>Request:</b> Allocate Sufficient Funds to Ensure that the Libraries in Community District 2, including the Hudson Park Branch, the Mulberry Street Branch and the Jefferson Market Branch, Are Open Six Days with Expanded Hours and Diverse Programming for Children and Seniors and Sufficient Staff to Support these Functions.</p> <p><b>Explanation:</b> Budget cuts to all branches of the New York Public Library resulted in a shrinking of the hours during which the libraries were open. There has been an increase in the number of toddlers and children in our district and libraries are always well-used by our senior citizens. We feel strongly that library budgets should be protected in the coming fiscal year.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Supported by:</b> Hudson River Park Mothers Group</p>	<p>OMB supports the agency's position as follows: With the support of the Community Boards, the Borough Presidents, the Mayor and the City Council, five and six day library service was restored in neighborhood libraries. NYPL needs continued support to maintain this level of service and increase hours, materials and central library services.</p>

03	302200904E	<p><b>Request:</b> Allocate Funds for the Hiring of Additional Inspectors to be Regularly Assigned to the Evening, Early Morning, and Weekend Shifts.</p> <p><b>Explanation:</b> A major weakness in the enforcement of the sidewalk cafe rules by the Department of Consumer Affairs is the lack of inspectors working regular shifts on the weekends, at night, and on Sunday prior to the noon opening time when many violations occur. These are peak sidewalk café times and it is imperative that DCA has inspectors in the field at these times. Many of the complaints we receive regarding sidewalk cafes pertain to illegal activity at these times.</p> <p><b>Responsible Agency:</b> Department of Consumer Affairs</p>	<p>OMB supports the agency's position as follows: The NYPD is the primary enforcement agent for nightlife and vending issues. DCA will try to accommodate the remainder of this request within existing resources.</p>
04	302200903E	<p><b>Request:</b> Allocate Funds to Increase Enforcement in Community District 2 (e.g. Traffic Policing Near the Holland Tunnel, Enforcement of Idling Engine Laws and Enforcement of Motor Vehicle Laws for Trucks).</p> <p><b>Explanation:</b> Community Board 2 is hopeful at the prospect that the agency (NYPD) will try to accommodate this enforcement need within existing resources. The need for enforcement near the Holland Tunnel (whose entrance is reported to have the highest concentration of particulate matter in the City) continues to be of great concern, as it is throughout District 2, in terms to both alleviate congestion (and thereby air pollution) and avoid pedestrian/vehicular, as well as vehicular/vehicular conflicts. It is imperative that the City make every effort to ensure strict enforcement of motor vehicle laws in that area and throughout the district.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>The agency will try to accommodate this request within existing resources.</p>

05	302201401E	<p><b>Request:</b> Allocate Funds for the Installation of a Jenn Swing at both Seravalli Playground and J.J. For a relatively small amount of money, this situation can be remedied.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Disable In Action of Metropolitan New York</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 06	302201301E	<p><b>Request:</b> Allocate Funds to Increase the Number of Inspectors Employed by the Department of Buildings.</p> <p><b>Explanation:</b> Approximately two-thirds of Community District 2 is landmarked. 08	302201003E	<p><b>Request:</b> Allocate Funds to Increase Staffing Levels so the Landmarks Preservation Commission Can Respond More Efficiently and Expeditiously to the Concerns and Needs of our Many Landmarked and Historic Areas.</p> <p><b>Explanation:</b> Approximately two-thirds of CD 2 is designated as historic or landmarked. Funds should be allocated to increase staffing levels to facilitate the review of applications and effectively monitor compliance with approvals and check on violations and complaints.</p> <p><b>Responsible Agency:</b> Landmarks Preservation Commission</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>
09	302201103E	<p><b>Request:</b> Allocate Funds to Conduct Study to Mitigate Traffic Speed &amp; Promote Pedestrian Safety on Washington Sq. S. (West 4th St. between MacDougal Street and Washington Square East) Up to 6th Avenue on the West and Broadway on the East.</p> <p><b>Explanation:</b> Vehicular traffic rushes through this corridor. It makes it difficult and dangerous for pedestrians to cross, both when traffic is proceeding directly from 6th Avenue to Broadway or turning from the south into West 4th Street/Washington Square South, as streets heading north hit the T-intersection at Washington Square Park. The high volume of pedestrian traffic from the NYU community, park users, and both adults and children in the surrounding community makes this a particularly vulnerable area. DOT is asked to look at a range of both short and long-term solutions such as more and differently timed traffic lights, "Stop" and "Yield to Pedestrian" signs.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

10	302201102E	<p><b>Request:</b> Fund Programs that Allow the Elderly to Function in the Community, Such as Senior Centers, Daily Meal Delivery, Village Visiting Neighbors, Assisted Living, etc.</p> <p><b>Explanation:</b> These programs result in happier and healthier seniors, as well as save hospital and nursing home costs. Current cuts have short-changed the needs of our elderly. Reorganization and strategic prioritizing of city/state/federal agencies may be needed.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: DFTA funds many contracts to provide these services and will continue to advocate for increased funding support for aging services.</p>
11	302201101E	<p><b>Request:</b> Fund Outreach to the LGBTQ Community by Increasing Funding for The Door and Other Groups.</p> <p><b>Explanation:</b> Thousands of LGBTQ find our neighborhood more accepting than most, and many need help with HIV and other problems that they are unable or unwilling to secure in their home neighborhoods. In addition, educational and vocational needs are often unmet, resulting in hostility and distress among the youth as well as our residents. Increased support for groups that help these youth is needed. We applaud DYCD'd Family Therapy Intervention Pilot.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: DYCD funding is allocated through public solicitations including Requests for Proposals.</p>
12	302200906E	<p><b>Request:</b> Allocate Funds to Hire Additional Enforcement Agents to Respond to the Growing Number of Noise Complaints.</p> <p><b>Explanation:</b> Community Board 2 has the second highest number of noise complaints in Manhattan. The Department of Environmental Protection (DEP) needs to hire additional enforcement agents so they can do more than respond to a call made to "311." When a hot spot is identified, DEP should proactively send enforcement agents into the area to address the problem.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>The agency will try to accommodate this request within existing resources.</p>

13	302201004E	<p><b>Request:</b> Allocate Funds to Hire Additional Enforcement Agents to Address Taxi Violations in Community District 2.</p> <p><b>Explanation:</b> There are many areas in our district, including the Meatpacking District, Bleecker Street area, SoHo, NoHo, Little Italy and Chinatown, that attract a large amount of taxi traffic. We have seen a dramatic increase in the number of complaints about taxi cabs blowing their horns, especially late at night and in the early morning hours, as they cruise the Meatpacking District in search of passengers leaving the late-night clubs. We need more Taxi and Limousine Commission enforcement agents on the street to target violations, particularly noise violations, that adversely impact area residents.</p> <p><b>Responsible Agency:</b> Taxi and Limousine Commission</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>
14	302200103E	<p><b>Request:</b> Fund a "Safe Space" Shelter Program for Homeless Transgender Individuals in the NYC Shelter System.</p> <p><b>Explanation:</b> Transgendered individuals are special targets for abuse and violence within the shelter system as constituted now. Transgendered individuals require separate facilities.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>The vast majority of NYC shelters serve men and women separately. We also operate shelters for persons with special needs, including people living with mental illness, physical disabilities, and substance abuse, and operate such special needs shelters for both men and women. It is the policy of DHS to assign a shelter applicant to the appropriate shelter to meet their programmatic needs. DHS respects the shelter preference of transgendered clients and we assign transgendered clients to men's or women's shelters based on the applicants' choices.</p>

We feel that this effort would be abetted by the hiring of additional enforcement agents. In addition, we hope the additional agents will write violations for other types of illegal street furniture, such as A-frame signs and planters.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>
16	302200101E	<p><b>Request:</b> Fund an Adult Daycare Facility Program for Persons with Alzheimer's Disease Who Reside in Chinatown.</p> <p><b>Explanation:</b> There are currently no daycare services for Alzheimer patients in the Chinatown area, thus causing premature nursing home placements. As Alzheimer patients fall back to their original language, daytime services must be provided in their original language when that language is other than English (e.g. Chinese). We recognize that DFTA was hired in the Alzheimer's Long Term Care Unit to assist with appropriate referrals, but we repeat our request for the creation of an Adult Daycare Facility Program.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: Staff was hired in the Alzheimer's Long Term Care Unit to reach out to the Asian community to assist with appropriate referrals and linkages.</p>

19	302200003E	<p><b>Request:</b> Provide Funding for Development and Training for a Defibrillator Pilot Program to Increase Survival Rates Following Cardiac Arrest Incidents in Our Area.</p> <p><b>Explanation:</b> The proposal would fund a pilot program to allow cardiac defibrillators to be made available in commercial establishments and residential buildings in order to improve the very low (2%) survival rate now experienced in our area following cardiac arrest. Very often survival is decided by the number of minutes/seconds between onset and the administration of emergency care. The program would reduce the negative effect of NYC realities (i.e. heavy traffic, high-rise buildings with access problems, etc.) which are largely responsible for making our survival rate so poor. Unfortunately, due to the closing of Saint Vincent's Hospital, another health center needs to be identified to provide the necessary training.</p> <p><b>Responsible Agency:</b> Fire Department</p>	<p>OMB supports the agency's position as follows: Approval of this request is contingent upon the receipt of private funding and/or budgeted through elected officials' funding.</p>

01	304201302C	<p><b>Request:</b> Provide funding for major gut renovations at 330 and 332 W. 51st Street</p> <p><b>Explanation:</b> As part of Western Rail Yards Points of Agreement in 2009, (HPD) committed to work to preserve 150 units of private SRO units. One portion of site at 330-332 W. 51st St. consists of two adjacent buildings with 140 units, of which 90% are occupied. The managing company, Lantern Organization, has been discussing a budget with HPD. Upon review, Lantern's engineer determined the existing buildings are structurally sound. CB4 wants to ensure units that are preserved are of the highest quality. These units should represent a long term investment in affordable housing. 12	306200305C	<p><b>Request:</b> Develop Additional Permanent Housing for Homeless Families in Community District 6.</p> <p><b>Explanation:</b> There is an insufficient supply of housing for homeless families. 01	306200801E	<p><b>Request:</b> Increase Patrol Staffing Levels for 13th and 17th Precincts.</p> <p><b>Explanation:</b> Police Pcts operating in the Dist. must be adequately staffed so that basic policing can be fully performed. We understand that both the 13th &amp; 17th Pct. staffing is down. We believe some enforcement issues, those related to safety of the aging population in the Dist., to pedestrian safety and to quality of life issues cannot be aggressively pursued at current staff levels. Therefore, in addition to maintaining sufficient staffing to protect residents from physical harm and economic loss, we would like to see staffing increased in both precincts to meet following concerns: Enforce against illegal bike riding etc., Increase safety of pedestrians/bikers, Enforce traffic/noise violation code, More cops on bikes, More attention to issues w/ homeless esp. at 30 St Shelter &amp; other shelters.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 03	306201207E	<p><b>Request:</b> Fund Full Service Hours at Kips Bay, Epiphany and Grand Central Libraries and Protect Six Day Service in 2012.</p> <p><b>Explanation:</b> Community Board 6 requests that all library service cuts in the 2009, 2010 and 2011 budgets be restored and baselined in the 2013 budget. The City must maintain a minimum of six day service and increase the number of hours the libraries are open each day. In these challenging economic times, it is particularly important that the libraries' resources, including computer resources, are available to all members of our community when needed.</p> <p><b>Responsible Agency:</b> New York Public Library</p>	<p>OMB supports the agency's position as follows: With the support of the Community Boards, the Borough Presidents, the Mayor and the City Council, five and six day library service was restored in neighborhood libraries. 04	306201201E	<p><b>Request:</b> Increase Operating Funds for Community Boards to \$250,000.</p> <p><b>Explanation:</b> The 2012 budget maintained the previous years' allocation for Community Boards but that action did not restore cuts from previous years nor did it take into account the fact that Community Boards have not had a budget increase in over 20 years. Inflation alone has eroded the purchasing power of the budgets and despite efforts to reduce expenditures wherever possible, the Boards face ever-increasing costs.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>In FY 2014, the community boards' budget is maintained.</p>

Computers require periodic upgrades for hardware and software to continue to meet the changing need of users. It is important to meet the increased demand for computer access in our libraries so that the community can use these resources for job searches, improving skill sets and pursuing a variety of academic and personal research. 08	306201208E	<p><b>Request:</b> Expand the Number of Traffic and Parking Enforcement Agents</p> <p><b>Explanation:</b> We have elsewhere requested an increase in staffing at the 13th and 17th Precincts. This request is specifically directed at the need for increased enforcement of parking and traffic violations which is under a separate command in the Police Department. Residents are pedestrians and view traffic as a nuisance. Vehicles in pedestrian crosswalks or traveling in a dangerous manner are a threat to all residents but particularly our aging population. In addition, drivers who cause a nuisance through noise from horns or unmuffled exhausts, should be penalized. As a recent development, the new bike and bus lanes are not being respected. The Community Board requests a higher level of attention to its elderly population. Increased availability of home assistance may become particularly important after the cutbacks in services at senior centers throughout the area. We appreciate the Agency's stated commitment to advocating for federal and state funds and to work with other city agencies.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: At this time, DFTA has very limited or no funding for this purpose. 14	306200532E	<p><b>Request:</b> Add Air and Noise Pollution Control Inspectors for Community District 6.</p> <p><b>Explanation:</b> DEP's Hansen Reports indicate that noise is the #1 complaint in the District. In addition to late night noise from bars and other establishments, we are experiencing an increase in traffic congestion due to the reduction in traffic lanes when bike lanes and bus lanes were implemented. The result has been slower traffic, more noise, and more pollution. We ask for additional air and noise pollution control inspectors to ensure that the agency can be proactive in addressing violations 24 hours a day. Relying solely on a complaint-based system means that investigations may not provide for a timely response to address on-going violations.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>The agency will try to accommodate this request within existing resources.</p>

16	306200104E	<p><b>Request:</b> Allocate Additional Funding for Respite Care for Seniors in Community District 6.</p> <p><b>Explanation:</b> The provision of Respite Care encourages people to continue to care for aging spouses and parents in their homes rather than resorting to disruptive, impersonal, and expensive alternatives. This is a request for city funded services, not for an expansion of Medicaid services. We appreciate the Agency's assertion that they will continue to advocate for federal and state funds and to work with other city agencies.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: At this time, DFTA has very limited or no funding for this purpose. 20	306200703E	<p><b>Request:</b> Fund a Shopping and Escort Service for the Frail and Homebound.</p> <p><b>Explanation:</b> Sometimes the simplest of services can add significantly to the seniors' quality of life. We recognize that city services to the elderly have been impacted by reduction in federal and state funding. However, with the reduction in services at Senior Centers citywide, a service to assist individuals in taking care of basic activities of daily life in the community is a necessary and, we believe low-cost response to the needs of our elderly neighbors. If city funds are not available to provide these services directly, we ask that the City expend funds to partner with community organizations to provide the services.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: At this time, DFTA has very limited or no funding for this purpose. Renovation of the Bloomingdale Branch Library (West 100th Street between Amsterdam and Columbus Avenues).</p> <p><b>Explanation:</b> An on-going explosion in residential construction in the vicinity of the Bloomingdale library is placing increasing demands on this widely-used facility which is already overdue for refurbishment. The Bloomingdale branch shares an outdated facility with DOH. The building's roof, mechanicals and physical plant are in desperate need of renovation, which is being addressed in piecemeal, stop-gap fashion. The library needs a modern fire alarm, exterior lighting, elevators and interior design upgrades. In addition, modern library services require greater access to technology which in turn requires upgrades to electrical load and data conduits. The renovation must address ADA compliance, new furniture and new equipment. A phased renovation of the Bloomingdale library is essential.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Council Districts:</b> 8</p>	<p>OMB supports the agency's position as follows: NYPL supports this proposal as requested. Funding for additional Appraisers, Assessors, Tax Auditors.</p> <p><b>Explanation:</b> Selection of job titles within the Department of Finance which are a net benefit for the city's bottom line. Property Assessors, Appraisers, and all Tax Auditors generate significantly more revenue for New York City than they will cost the city in compensation. Departments within the DoF which employ these revenue generating job titles should always be fully staffed and never subject to across the board staffing cuts. Hiring additional revenue generating workers within the DoF will help address systemic issues within the DoF which allow tax exemptions and abatements to be misapplied to NYC real estate, costing the city \$100s of millions in uncollected revenue -- revenue that can be applied to other budget priorities on this list.</p> <p><b>Responsible Agency:</b> Department of Finance</p>	OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the scope is now underway.

03	307201201E	<p><b>Request:</b> 2014-- 3. Hunger.</p> <p><b>Explanation:</b> The poverty level increases to be high, and the number of people without sufficient funds to feed themselves and their families continues to rise. The West Side Campaign against Hunger has had an increase this past year of 15% in people using their services, which brings the increase since 08 to 68%. The year's increase has included 22% in seniors and 18% in families with children. Funding has not kept pace with the increase in need, and should be increased.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>
04	307200803E	<p><b>Request:</b> 2014-- 4. Additional funds for skilled trades personnel at Amsterdam Houses, Frederick Douglass Houses, Wise Towers and DeHostos.</p> <p><b>Explanation:</b> NYCHA developments in CD7 have a significant backlog of repair requests in residents apartments. Repairs are made when there are enough of them to warrant the issuance of a contract. Having skilled trades (plumbers, electricians, carpenters) do the work at these developments would result in timely repairs, a reduction of the backlogs and increased well-being for the residents.</p> <p><b>Responsible Agency:</b> Housing Authority</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>

05	307201202E	<p><b>Request:</b> 2014-- 5. Permanent staffing for Districts #7 and #14 (Riverside Park).</p> <p><b>Explanation:</b> Funding must be provided to adequately staff our park properties, including workers trained in pest control who can address the growing rodent populations in our parks. Hiring freezes and attrition have drastically reduced Parks personnel at all levels. Parks has relied on the Job Training Program, which now provides 60% of Parks staffing, to fill the gaps over the years. Now the JTP budget has been cut back, reducing the number of people who can work in the parks. The lack of permanent, experienced personnel and the reliance on decreasing numbers of JTPs threatens all the work that has been done to restore our parks. People are using the parks more, creating additional demands for park personnel.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>In the Executive Budget, Citywide personnel/program/equipment funds are increased in FY 2014. After Adoption, agencies will schedule specific allocations.</p>
06	307201401E	<p><b>Request:</b> 2014-- 6. Supportive services to help people stay out of institutions.</p> <p><b>Explanation:</b> The Mayors Budget eliminated programs which provided services which helped older people who required intensive services to be able to remain at home, rather than be placed in institutions which could provide those services. These services included Respite Care for Alzheimers caregivers, Day Care for those who needed specialized programs, and Case Managers for the homebound. The City Council restored funding for the Case Managers. All these programs should be automatically based in the Mayors Budget, so agencies providing these services can operate knowing that they can operate without anticipating that they will be eliminated the next year if the Council does not intervene. Institutionalization will cost much more than community based services.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>More information is needed from the community board before making a funding decision. The agency will contact the board.</p>

07	307199502E	<p><b>Request:</b> 2014-- 7. Increased funding for after-school and OST programs in public schools and in neighborhood CBOs in MCD7.</p> <p><b>Explanation:</b> Program capacity has declined due to decreased funding and higher costs and now serves 25,000 less children than four years ago. Program enhancements mean children are more fully served, but fewer of them receive those enhanced services. The inconsistent manner in which funding has been allocated to OST programs has undermined its ability to plan and coordinate service for children in need. Funding must be increased to meet the cost of enhanced service and increase the number of children served. CB 7 seeks a pledge of funding consistency to the OST program. CB 7 seeks increased and consistent funding to support the working poor through regular afterschool programs and through enhanced OST programs.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: DYCD has sustained budget cuts due to the sustained economic downturn. The addition of funds will require assistance from the State and Federal governments.</p>
08	307201402E	<p><b>Request:</b> 2014-- 8. Increase funding for permanent housing.</p> <p><b>Explanation:</b> When programs are being developed by the Department of Homeless Services, priority should be given to those which prevent homelessness and develop and maintain permanent housing, not to creating new temporary shelters which diminish the number of permanent low-income housing units.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>OMB supports the agency's position as follows: This request includes several proposals. 09	307200911E	<p><b>Request:</b> 2014-- 9. Restoration of the number of police officers in precincts and PSAs.</p> <p><b>Explanation:</b> The number of uniformed officers in our precincts and housing developments has been reduced to minimal levels (121 in the 20th; 127 in the 24th; and 128 in PSA6). If current budget reductions are enacted, PD Academy classes could be cancelled. This coupled with attrition and retirements will further reduce the number of patrol officers to an unacceptable level. CB7 seeks a restoration of the overall headcount to 50,000 and the number of uniformed patrol officers to 40,000, which would fully staff community policing, sector patrols, enforcement of traffic and bicycle regulations, and special units.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
10	307201403E	<p><b>Request:</b> 2014-- 10. Pest control personnel. \$50K</p> <p><b>Explanation:</b> Parks has one exterminator for Manhattan. The rodent population in parks has exploded in recent years. In District 7, Verdi Square, Strauss, Theodore Roosevelt and Riverside Parks, the Broadway Malls, and several playgrounds have had extreme rodent infestations. An additional exterminator would allow Parks to address infestations through a variety of measures in a more than one-shot approach.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>In the Executive Budget, Citywide personnel/program/equipment funds are increased in FY 2014. 11	307201404E	<p><b>Request:</b> 2014-- 11. Increase resources to support Special Education Reform.</p> <p><b>Explanation:</b> DOE's worthwhile initiative to educate special education students in the least restrictive environment suffers from a lack of teacher and administrative training and is under threat of undermining the appropriate education these children deserve and are insured under the law.</p> <p>More funding is needed for schools to better manage the enormous changes that have been mandated. While Special Education funds now follow children to their neighborhood schools, it is inadequate to meet need and the new funding formula now incentivizes movement of children into general education classrooms even when they may not be ready. Funding for communication with families on special education reform also needs to be increased so that they have information needed to advocate for their children's needs.</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>Please contact your local Special Education Administration Manager at the Children First Network to learn how specialized instruction/programs are provided in your area.</p>
12	307200401E	<p><b>Request:</b> 2014-- 12. Increased funding at branch libraries to restore 6-day service with full staff.</p> <p><b>Explanation:</b> Branch libraries provide access to technology and resources to support job searches, in addition to providing research and learning facilities and support. Branch libraries also offer essential programs to engage learners of every age, including vulnerable teens and youth. The serial cuts to NYPL's budget, which outpace the partial restorations at the last minute, have led to the loss of essential staff, as well as the realization among those who remain that their essential contributions are not valued. The total cost required to sustain these lifelines is trivial in comparison to the scope of the City budget, and unconscionable when viewed in terms of value added. Full funding for 6-day branch library service is essential and one of the best bargains to be found in our budget cycle.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Project in Coordination with:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: With the support of the Community Boards, the Borough Presidents, the Mayor and the City Council, five and six day library service was restored in neighborhood libraries. NYPL needs continued support to maintain this level of service and increase hours, materials and central library services.</p>

13	307199311E	<p><b>Request:</b> 2014-- 13. Funding for additional basket service at night and on weekends and holidays.</p> <p><b>Explanation:</b> CD7s 1,000 litter baskets are never empty and often they are overflowing. DSNY cut a Sunday basket truck, making it impossible to service all of the districts baskets. Additional basket service is needed from 4PM to midnight on Sundays and from midnight to 8AM on weekdays. The current service helps keep streets and sidewalks clean, with fewer incidents of rodent infestation and clogged catch basins and street drains, and reduces floatables in the Hudson River. Additional service on the night shift, weekends and holidays would improve conditions when thousands of tourists are in the district.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>Funding for Basket Collection is baselined in the Agency's Expense Budget. The frequency of collection and location of litter baskets is determined by the Agency.</p>
14	307201303E	<p><b>Request:</b> 2014-- 14. Hiring of civilian personnel to perform administrative and clerical positions in NYPD.</p> <p><b>Explanation:</b> The goals of crime reduction and greater public confidence in the police have been realized in great measure through increased patrol strength. Patrol strength and its positive community impacts are being jeopardized as more officers must perform administrative work or are moved into special initiatives. To maintain patrol strength without breaking the budget, the NYPD should rescind the hiring freeze for civilians in administrative and clerical positions, restore civilian personnel to 14,400, and free uniformed officers for precinct patrol.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>The agency will try to accommodate this request within existing resources.</p>

15	307200915E	<p><b>Request:</b> 2014-- 15. Funding for additional Early Care and Education.</p> <p><b>Explanation:</b> Adequate child care is a necessity for working families and Head Start and pre-K programs, all newly merged under the title Early Care and Education, are proven drivers of achievement in school for years to come. ACS's district-wide funding allocations leave pockets of significant unmet need in our District for publicly-funded child care, pre-K and Head Start services in our District. As achievement gaps increase throughout District 3, CB7 seeks increased funding to support achievement through Early Care and Education.</p> <p><b>Responsible Agency:</b> Administration for Children's Services</p>	<p>The agency will try to accommodate this issue within existing resources. 16	307200003E	<p><b>Request:</b> 2014-- 16. Park Enforcement Personnel for Riverside Park and District 7. \$60K/Officer</p> <p><b>Explanation:</b> Manhattan North above 59th Street (River to River, including Central and Riverside Park) is patrolled by 11 officers. In the summer, these officers do swimming pool duty, so the numbers are effectively even fewer in summer, when the parks are busiest. (In addition four fixed-post officers, who are paid for under dedicated funding, patrol Riverside Park South and are available in Riverside Park only for emergency conditions.) An additional team of 6 officers for each of Manhattan North and Riverside Park above West 72nd Street (12 new PEP officers) would increase safety and help address graffiti and other vandalism, homeless, alcohol, off-leash, and other conditions throughout Riverside Park and in district parks and playgrounds on a steady basis.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>In the Executive Budget, Citywide personnel/program/equipment funds are increased in FY 2014. Install signs at exits of all arterial highways leading to/from NJ stating NYC's policy of no turns on red, and stating the speed limits in NYC.</p> <p><b>Explanation:</b> Many motorists from other states/regions are unaware of NYC's traffic laws, speed limits. The exits from the Henry Hudson Parkway are, in some cases, the first places where motorists touch down on NYC streets. Signage must be posted to alert these motorists exactly what the law is regarding right-turn-on-red, as well as NYC's unique speed limit.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: This request includes more than one proposal. 18	307200901E	<p><b>Request:</b> 2014-- 18. Summer Youth Employment Programs.</p> <p><b>Explanation:</b> Summer Youth Employment Programs serve several needs. They provide alternatives to gang influence for at-risk youth; provide models and pathways to employment; develop positive work habits and self-esteem. In addition, without this work force, community-based organizations serving children and youth cannot meet their adult-to-child ratios, making those programs less effective. SYEP was slashed from more than 52,000 youth in Summer 2009 (FY10), the baseline number of positions funded in Summer 2010 (FY11) and Summer 2011 (FY12) fell to 17,000 each year. Over 100,000 youth apply for these positions annually. The baseline for funding should be returned at a minimum to the Summer 2009 levels.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: The agency has worked with the Mayor in funding SYEP through City-tax levy funding and private donations to make up for the significant loss in federal funding. Expansion of the program depends on the availability of state and federal funding.</p>

20	307201204E	<p><b>Request:</b> 2014-- 20. Increase in LPC personnel.</p> <p><b>Explanation:</b> The increase in the number of applications to alter designated buildings will increase dramatically with the proposed designation of the West End Historic District. At least 5 or more researchers and preservation personnel should be added to the current staff to be able to process these within a reasonable time frame. There has been a tremendous surge in interest in preserving architecturally and historically significant buildings. The Landmarks Preservation Commission would benefit from the addition of a full time or even part time person to be a direct liaison with the Department of Buildings to work on meshing the computer systems so mistakes are less likely to happen. This does not include Central and Riverside Parks. Many of these street trees have dead branches; most have not been trimmed for a long period of time. Funding for emergency pruning and a 10-year pruning cycle would make it possible for Parks to respond more rapidly to requests for tree pruning and to assure that trees and their branches do not pose safety concerns as witnessed in the recent hurricane.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>In the Executive Budget, Citywide personnel/program/equipment funds are increased in FY 2014. 23	307201407E	<p><b>Request:</b> 2014-- 23. Childhood obesity.</p> <p><b>Explanation:</b> Childhood obesity is recognized as a serious problem throughout the country. Comptroller Thomas DiNapoli says medical expenditures for New York's 1.4 million obese and overweight children were \$327 million 2011. This is a special problem in New York, where there are few places for children to get exercise. Schools no longer all have gyms. Playgrounds specifically built for children, such as at Booker T. Washington School, are made available on a scheduled basis to adult teams, lessening the opportunity for children to use this scarce resource. School playgrounds are locked after the school day because there is no staff to supervise them. It is recommended that two school playgrounds in the CB7 District receive funding of \$55,000 for personnel allowing the playgrounds to remain</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>Funding for this type of program is decided at the local level. Reports based on NYCCAS and the health impact report are available at: <a href="http://www.nyc.gov/html/doh/html/eode/nyccas.shtml">http://www.nyc.gov/html/doh/html/eode/nyccas.shtml</a>.</p>

The matter is further exacerbated by the significant current and planned development in the district. The current allocation of funds is much too small to eliminate the current problems.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: DOHMH continues to increase the number of inspections performed annually. We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. DOHMH and other City agencies are also taking important steps to address bed bugs in NYC. In 2010, the NYC Bed Bug Advisory Board published policy recommendations on managing bed bug infestations. 01	311201001E	<p><b>Request:</b> Restore the budget of Community Boards to \$206,895 per fiscal year.</p> <p><b>Explanation:</b> Community Boards play a vital role in planning and quality of life advocacy. As the Community Board OTPS budget has not been increased over the past several years, a budget cut this fiscal year will be more than Community Boards can absorb given their historically low yearly budget allocation.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	In FY 2014, the community boards' budget is maintained.
02	311201004E	<p><b>Request:</b> Increase funding for Meals on Wheels programs servicing CB11 seniors.</p> <p><b>Explanation:</b> CB11 senior citizens who live on fixed income and are immobile must have easier access to Meals on Wheels program. The program must be better promoted and streamlined in low income communities like East Harlem.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	After clients are assessed, home delivered meals are authorized based on individual client need. Clients may choose hot or frozen meals as appropriate. For more information call 311.
03	311201003E	<p><b>Request:</b> Restore Funding To Reopen All Senior Centers In CB11 That Were Closed Due To Budget Constraints In FY 2011.</p> <p><b>Explanation:</b> Efforts to consolidate DFTA services will disproportionately impact CB11 seniors, who already had limited access to senior services. 04	311200903E	<p><b>Request:</b> Expand Funding for East Harlem Based Employment Training Programs to Target Employment Opportunities in Expanding Regional Industries and Development-Based Employment Growth in East Harlem.</p> <p><b>Explanation:</b> To capitalize on the increased commercial development in East Harlem and the accompanying job growth, our workforce development and job training agencies need a substantial commitment in resources. Currently, there is only one active and functioning job training program in the community while we have an unemployment rate of 17.1% and more people out of the labor force than in our labor force.</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
05	311200904E	<p><b>Request:</b> Provide More Funding for Community Board 11 After-School Programs.</p> <p><b>Explanation:</b> Program funds should not only target elementary and middle school aged students but also high school students who often age-out of traditional programs. Keeping youth off the streets and engaged in productive behavior is vital in CD11, where many of our older youth have difficulty finding employment.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: DYCD has sustained budget cuts due to the sustained economic downturn. The addition of funds will require assistance from the State and Federal governments.</p>
06	311200902E	<p><b>Request:</b> Hire More Teachers for Community District 11 Schools to Serve Our Bilingual and Dual Language Populations.</p> <p><b>Explanation:</b> Compared to classrooms in more affluent neighborhoods in the City, classrooms in East Harlem are overcrowded. CD11 youth face more challenges at home and in the community. To combat these challenges appropriately, the City must make a substantial contribution to their education. To truly have a substantial measurable impact on education outcomes, class sizes must be significantly reduced.</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>Further study by the agency of this request is needed. 08	311199801E	<p><b>Request:</b> Hire additional Pest Control inspectors and exterminators to inspect businesses and buildings (including City-owned buildings) in Community Board Eleven to reduce rodent and bed bug infestation</p> <p><b>Explanation:</b> Having one exterminator for the borough of Manhattan has proven catastrophic for CD #11. CD #11 has a high concentration of vacant lots that are not fenced, making them accessible to dumpers. The accumulation of garbage on our lots is the contributing factor to rodent/rat infestation. It has become almost impossible to get our lots baited due to the borough just having 1 exterminator. The Health hazard situation posed is alarming, therefore more exterminators are needed.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p> <p><b>Project in Coordination with:</b> Department of Sanitation</p>	<p>OMB supports the agency's position as follows: DOHMH continues to increase the number of inspections performed annually and has expanded our successful rat indexing approach to Manhattan (which does has more than one inspector). We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. # Register of Community Board Budget Requests

---

For The Executive Budget  
Fiscal Year 2014

## Queens

The City of New York  
Michael R. Bloomberg, Mayor

## **FY 2014 Executive Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Executive Budget** reports the FY 2014 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2014 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2014 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Council District(s):** The City Council district(s) where the capital project is located.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Executive Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

We ask that the Mayor , elected officials and OMB work with community boards to find alternative means to address the City's financial short falls. In addition, the advent of Hurricane Sandy and Irene underscored the need for improved communications with 311. We need the ability to share and retrieve information in order to analyze data impacting our community.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	In FY 2014, the community boards' budget is maintained.

11	405201202C	<p><b>Request:</b> Provide Capital Budget Funding for Removal of Dead Street Trees and Street Tree Stumps and Plant New Street Trees in Their Place.</p> <p><b>Explanation:</b> In the CB 5, Queens area, communities lost well over 100 trees due to the devastating 2010 Microburst/Tornado and Hurricane Irene in 2011. The great majority of these trees have been removed. Unfortunately, stumps have not been removed in many locations and replacement trees need to be planted after stumps are removed. There is also a critical need generally for removal of street tree stumps, numbering 21,000 in the county of Queens alone. Many blocks have more vacant pits, and pits with only a stump, than they have trees.</p> <p>After dead trees and every aging street tree stumps are removed, we need at least 900 street trees to be planted in the communities of Ridgewood, Maspeth, Middle Village and Glendale, Street trees are vital in reducing air pollution and in beautifying streets.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 26, 29, 30, 34</p> <p><b>Supported by:</b> Ridgewood Property Owners Civic Association</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. Principe Park in Maspeth.</p> <p><b>Explanation:</b> The existing dirt baseball fields at Principe Park (formerly Maurice Park), which were reconstructed in the mid-1990's, have deteriorated significantly. The jogging path around the ball fields is very narrow and there isn't any security lighting in this part of the park. These fields need to be reconstructed, and the best option for multiple sports use (such as, baseball, football, soccer) may be to install a safe artificial field turf-type surface which reportedly will give much better wear. 34	405201101C	<p><b>Request:</b> Provide Site Acquisition at the Former St. Savior's Church Site and Establish a Public Park.</p> <p><b>Explanation:</b> The former St. Savior's Church site, located at 57-40 58th Street in Maspeth, was a square block in size, and is a prime piece of vacant land in an area of West Maspeth where there isn't any parkland or green space. Recently, part of the property was developed with warehouses but a significant piece of the original historic site remains cleared. Area residents have advocated that the City of New York purchase this property and develop it as a public park. Establishing a park at this site would beautify the area which is primarily residential, and provide important green space adjacent to the West Maspeth Industrial area.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 30, , , 26</p> <p><b>Supported by:</b> Citizens of Maspeth &amp; Elmhurst Together (COMET)                      Juniper Park Civic Association</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

36	405201105C	<p><b>Request:</b> Provide Funding for the Establishment of a Dog Run in CB5Q.</p> <p><b>Explanation:</b> Residents have advocated for the establishment of a more permanent dog run in Juniper Valley Park in Middle Village. Recent cost estimates are projected to be somewhere in the range of \$750,000. It is questionable whether there is sufficient open space to accommodate a dog run inside Juniper Valley Park since there are so many competing uses there including seven (7) ball fields, a running track, two (2) children's playgrounds, a football/soccer field, bocce, tennis and basketball courts, and a roller hockey rink, in addition to landscaped areas,</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Council Districts:</b> 30</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 37	405200605C	<p><b>Request:</b> Fund Studies and Implement Maspeth Industrial Area Infrastructure Improvements.</p> <p><b>Explanation:</b> The Maspeth Industrial Area, bordered by Rust Street, Grand Avenue and Newtown Creek, has numerous infrastructure problems. 01	405199301E	<p><b>Request:</b> Assign Additional Personnel for the 104th Police Precinct Patrol Force.</p> <p><b>Explanation:</b> Within the last 3 years, the patrol strength of the 104th Pct. had dropped under 130 officers. In 1995, there were approx. 200 officers, exclusive of sergeants &amp; lieutenants for Ridgewood, Maspeth, Middle Village, and Glendale. At least 170 officers are needed for the 104th Pct., plus supervisors, to cope with robbery, burglary, violent crime, domestic violence threats, inadequate response times, speeding, auto theft and rowdy youth conditions often caused by substance abuse. The new Atlas Park Shopping Development, which opened in Spring 2006, has put additional pressure on our already overloaded precinct.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> Numerous Local Civic Groups</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 03	405199101E	<p><b>Request:</b> Hire Inspectors and Plan Examiners, in Sufficient Numbers, to Cope with Illegal Uses of Property and Questionable Construction.</p> <p><b>Explanation:</b> A separate afternoon/evening and weekend inspection team of 10 inspectors for Queens is critical because inspectors very often can't gain access in the daytime during the work-week. Communities throughout Queens have been plagued with illegal apartments posing dangerous conditions, school overcrowding and more pressure on limited City services. Construction inspectors and plan examiners in adequate numbers are needed to curtail contractors building homes larger than the zoning permits. Currently, Queens has only 19 plan examiners and 18 construction inspectors.</p> <p><b>Responsible Agency:</b> Department of Buildings</p> <p><b>Supported by:</b> Numerous Local Civic Groups</p>	<p>The agency will try to accommodate this issue within existing resources. In order to alleviate these very problematic conditions, which are potential health hazards and hamper business investment: 1. Restore Clean Team personnel to clean dump-out and drop-off locations on a regular basis, 2. 05	405199204E	<p><b>Request:</b> Provide Funding for Educational and Recreational Programs.</p> <p><b>Explanation:</b> Funding for after school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. While Beacon Programs are welcome, it is vital that funding for other quality "local" education and recreation programs be a priority.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>Program siting decisions are based on the Request for Proposals process, area needs and available funding. The following are necessary programs to meet some of the needs of senior citizens: 1) Provide adequate funding for Meals-on-Wheels programs; 2) Provide adequate funding for congregate meals programs; 3) Provide funding for senior transportation programs; 4) Fund Health Care Program for the elderly and Senior Home Care; 5) Fund Emergency Food Program for Seniors.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: At this time, DFTA has very limited or no funding for this purpose. 08	405199302E	<p><b>Request:</b> Continue 5 Times Per Week Garbage Collection and Begin 5 Day a Week Recycling Collection for Schools.</p> <p><b>Explanation:</b> The reduction to 2 days per week garbage collection caused unsanitary conditions around many local schools. School collection, 5 days per week, is critical during the school year and during the Summer. It is also important that recycling collection at schools be increased. Five times a week recycling collection is needed for many public schools, as the current conditions result in recyclables crowding school sidewalks.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>OMB supports the agency's position as follows: This program is currently funded and the Department of Sanitation recommends its continued support.</p>

09	405198311E	<p><b>Request:</b> Assign Sufficient Personnel for Maintenance of Parks in District 5, Queens.</p> <p><b>Explanation:</b> Sufficient park workers are needed to meet work requirements for the cleaning and maintenance of the 229.7 acres of parks in CD5Q. Currently, there are only 12 Parks Dept. maintenance staff, including supervisors, assigned for this massive parkland. Skilled maintenance workers (there are only 2 for all of Queens Districts 5, 9, 10 &amp; Forest Park) should be funded year-round. Depending almost totally on WEP workers to maintain parks shows a lack of concern for what to many is a most important community asset. Reseeding, aerating and fertilizing ball fields need to be priorities so that large capital expenditures are not wasted. Funding is also needed to hire seasonal workers and playground associates during months of greatest park use.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>In the Executive Budget, Citywide personnel/program/equipment funds are increased in FY 2014. 13	405199305E	<p><b>Request:</b> Increase the Number of Sanitation Police and Enforcement Agents.</p> <p><b>Explanation:</b> Because of previous lay-offs, there are now fewer Sanitation Police citywide for illegal dumping. Sanitation Police positions should be greatly increased for illegal dumping, especially since they are revenue producing and dumping is severely hurting business investment. One SEA agent is needed daily in Q5. 17	405199603E	<p><b>Request:</b> Hire Traffic Control Agents, School Crossing Guards and Additional School Safety Officers.</p> <p><b>Explanation:</b> The City should earmark funding to hire additional traffic control agents: (Traffic Enforcement Agents-Level II), so that heavily travelled Queens intersections can be staffed. This will diminish the need to assign police officers, who are paid more. In consideration of dangerous traffic conditions, funding is needed to hire at least 2 additional school crossing guards for District 5, Queens schools. The need to expand services beyond the hours of Monday to Friday, 8:30am to 4:30pm, should be seriously considered. According to information the 109th Precinct is 4th in overall index crime complaints in the city and 1st in Queens for radio runs (approximately 6,000 per month). The Fair Share Allocation for manpower has to take into consideration the quality of life issues that the precinct has to deal with. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.</p>

# Register of Community Board Budget Requests

---

For The Executive Budget  
Fiscal Year 2014

## Staten Island

The City of New York  
Michael R. Bloomberg, Mayor

## **FY 2014 Executive Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Executive Budget** reports the FY 2014 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2014 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2014 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Council District(s):** The City Council district(s) where the capital project is located.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Executive Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.
