A report from the Engineer-in-Chief, on Secretary's Order No. 4962, in reference to the application of the Gas Engine and Power Company for permission to build hoistways on the Piers west of Brook avenue on Bronx Kills, was received, read and ordered to be placed on file; and the following resolution, offered by President Koch, was adopted:

Resolved, That permission be and hereby is granted to the Gas Engine and Power Company to erect and construct hoistways on the Piers west of Brook avenue on the Bronx Kills, near Harlem river, to be and remain only during the pleasure of the Board, and subject to such payments for the privilege as the Board may hereafter determine; in case they are unable to show clearly their title to the land under water at the said premises, all the work to be done under the supervision and direction of the Engineer-in-Chief of this Department.

Joseph L. Liscomb, the Dock Superintendent, to whom was referred the application of the New Haven Steamboat Company for permission to berth steamboat "C. H. Northam" at Pier foot of Fifth street, East river, during the time occupied in repairing said steamboat, reported thereon that the berthing of the said steamboat thereat would not interfere with any commercial interests, and recommended that the same be granted.

On motion, the report was received, the communications taken from the table and ordered to be placed on file, and the President directed to notify the said steamboat company that their application has been granted, the said steamer to be and remain thereat during the pleasure of the Board, and provided they pay as compensation for the use thereof at the rate of \$6 per day; and the President was also directed to notify Dock Master Eugene McCarthy of the action of Board.

Commissioner Stark offered the following resolution, which was adopted:

Resolved, That in accordance with the resolution adopted by the Common Council, December 15, and approved by his Honor the Mayor, December 17, 1885, the offices of this Department, so far as practicable, be closed for the transaction of business on Saturday, December 26, 1885, and January 2, 1886.

Commissioner Stark offered the following resolution, which was adopted:

Resolved, That the Board of Docks of the City of New York deem it advisable and practicable that in the matter of applications for grants of land under water, around and about the City of New York, an opportunity shall be given to this Board to be heard before the Commissioners of the Land Office of this State on such application, and that the President of this Department be requested and authorized to appear before said Land Commissioners to urge suitable action in the premises.

The President, to whom was referred the matters in connection with the removal of West Washington and Gansevoort street Markets, submitted the following report and resolution which was received, read, and ordered to be spread in full on the minutes, as follows, and the resolution adopted:

NEW YORK, December 23, 1885.

To the Board of Docks:

GENTLEMEN—The undersigned to whom was referred matters in connection with the removal of West Washington and Gansevoort street Markets, under resolution heretofore adopted on the 7th day of October, 1885, reports that he has carefully investigated the matter and finds on the 30th day of August, 1872, the following preamble and resolution, offered by Commissioner Voorhis, was unanimously adopted by the Board, then consisting of Messrs. Laimbeer, Vanderpoel, and Voorhis.

Whereas, The time will soon arrive when, in the opinion of this Board, it will become necessary to excavate the solid filling lying westerly of the line established for the permanent bulkhead wall to be erected between the foot of Dey street and the foot of Vesey street, in order that there may exist no obstruction to the free flow and ebb of the tides upon the completion of the permanent improvement of that section of the North river water front, under the established plan therefor, as adopted by this Department and approved by the Commissioners of the Sinking Fund; therefore, be it

Resolved, That the Comptroller of the City be and hereby is respectfully requested to notify the lessees and occupants of the property known as the West Washington Market to vacate their respective premises on or about the 1st day of January, 1883, or as soon thereafter as arrangements are perfected by this Department for the prosecution of the work of improvement of that section of the water-front of the city under the plan of 1871.

Resolved, That the occupants, of Pier, old 20, North river, under the lease made to Francis McDonald, deceased, be and hereby are notified, in conformity with the terms thereof, that this Department, on behalf of the Mayor, Aldermen and Commonalty of the City of New York, will determine and annul the said lease on January 1, 1883, or as soon thereafter as arrangements can be completed for the rebuilding of said pier upon the plan adopted for the permanent improvement of that section of the water front; such notice hereby given being in lieu of the three months' notice stipulated for in the said lease.

Resolved, That the Treasurer be and hereby is directed, authorized and empowered to ascertain, at the earliest practicable date, the lowest terms upon which this Department can agree with the alleged owner or owners of Piers 19 and 24, North river, and of the northerly half of Pier, old 22, North river, sometimes called 23, for the purchase thereof by this Department, on behalf of the Mayor, Aldermen and Commonalty of the City of New York, as authorized by subdivision 4 of section 6, chapter 574, Laws of 1871; any such agreement, if made, being subject to the approval of the Commissioners of the Sinking Fund.

Resolved, That the Engineer-in-Chief be and hereby is directed to prepare plans and specifications for the construction, either by contract or by the force of the Department, as may hereafter be determined on, of a bulkhead wall upon the plan of the wall now in the course of erection at the Twenty-third street-Section on the North river, extending northerly from a point at about the northerly side of Pier 19, North river, to a point at about the southerly side of Pier 24, North river, and for the construction of two or more new wooden piers, extending westerly from said proposed wall, in conformity with the plan adopted therefor, subject to such alteration to the width and location of

said piers as may be necessary consequent upon a change in the said plan north of these premises, made under the provisions of chapter 738, Laws of 1872.

That subsequently on the 10th day of January, 1883, a delegation from the West Washington Market Association, consisting of Messrs. Robert G. Cornell, Simon Hatch, and others appeared before the Board and were heard in respect to the question of their removal therefrom in order that this Department can proceed with the work of the permanent improvement of the water-front thereat, under the plan of 1871. It was urged by them that provision should be made for their accommodation in some other location by the City authorities before requiring them to vacate the present market; that no notice had been given to any of them by the Comptroller that they would be required to remove, and that arrangements to accommodate the whole market could not be made in less than one year, within which time it was expected that if the City did not furnish them with a market, that the association itself would provide a place for carrying on their business, and presented a petition signed by the occupants and lessees of the stalls in the market, requesting that the Department defer action in the matter for a period not exceeding one year.

On motion, the communication was laid on the table, and the Board informed the delegation that due consideration would be given to the matter, and that the association would be duly informed of the action of the Board in the premises.

That on the 17th day of January, 1883, a resolution to postpone the action of the Board upon the foregoing preamble and resolution, adopted on the 20th August, was lost, and subsequently upon reconsideration, laid upon the table (see pages 370 and 371, Annual Report, ending 30th April, 1883).

Thus the resolution adopted by the Board on the 30th day of August, 1882, is still in existence, and should be carried into effect, if the Board so deems it advisable.

Resolved, That the President and Treasurer of this Board, be and are hereby authorized and directed to examine into the advisability of carrying out the resolution heretofore adopted on the 30th day of August, 1882, and to report to this Board such plan or plans as they may deem feasible and proper to carry the said resolution into effect.

Respectfully,

JOSEPH KOCH.

The following requisitions were read, and, on motion, approved:

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses and lots and improved or unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in these proceedings, or in any of the lands affected thereby, and who may be opposed to the same, do present their objections in writing, duly verified, to us at our office, No. 73 William street, (third floor), in the said city, on or before the twenty-third day of January, 1886, and that we, the said Commissioners, will hear parties so objecting within the ten week-days next after the said twenty-third day of January, 1886, and for that purpose will be in attendance at our said office on each of said ten days at 2½ o'clock P. M.

Second—That the abstract of the said estimate and assessment, together with our maps, and also all the affidavits, estimates and other documents which were used by us in making our report, have been deposited in the office of the Department of Public Works, in the City of New York, there to remain until the twenty-third day of January, 1886.

Third—That the limits embraced by the assessment aforesaid are as follows, to wit: All those lots, pieces or parcels of land, situate, lying and being in the City of New York, which taken together are bounded and described as follows, viz.: westerly by a line parallel or nearly so with, and distant about four hundred feet westerly from, the westerly side of Railroad avenue East; northerly by the southerly side of One Hundred and Sixty-first street; easterly by a line parallel, or nearly so, with and distant about seven hundred feet easterly from the easterly side of Railroad avenue East, as widened, extending from the southerly side of One Hundred and Sixty-first street to a point where the westerly side of Morris avenue, it extended, would intersect the centre of One Hundred and Forty-third street, and by the westerly side of the Mott Haven Canal, from the head thereof to the bulkhead line in the Harlem river, and southerly by an irregular line extending westerly from a point where the westerly side of Morris avenue, if extended, would intersect the centre of One Hundred and Forty-third street, to the head of the Mott Haven Canal, and by the bulkhead line in the Harlem river; excepting from said area all the streets and avenues heretofore opened, and all the unimproved land included within the lines of streets, avenues, roads, public squares, or places shown and laid out upon any map or maps filed by the Commissioners of the Department of Public Parks, pursuant to the provisions of chapter six hundred and four of the Laws of eighteen hundred and seventy-four and the laws amendatory thereof, or of chapter four hundred and ten of the Laws of eighteen hundred and eighty-two, as such area is shown upon our Benefit Maps deposited as aforesaid.

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
Room 6, No. 31 CHAMBERS STREET,
NEW YORK, December 16, 1885.

TO CONTRACTORS.

BIDS OR ESTIMATES IN ACCORDANCE WITH section 321 of the Consolidation Act of 1882, inclosed in a sealed envelope, with the title of the work and the name of the bidder indorsed thereon, will be received at this office until Wednesday, December 30, 1885, at 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department and read, for PAVING WITH TRAP-BLOCK PAVEMENT, TWENTY-SIXTH STREET, FROM EIGHTH AVENUE TO TENTH AVENUE.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at the office of the Water Purveyor, Room 1, No. 31 Chambers street.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt, or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifteen thousand (\$15,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until

such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department, where the plans will be on exhibition for information of bidders.

The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Any bidder for this contract must furnish satisfactory testimonials that he is engaged in the business of "Butcher" in the City of New York, and has the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Commissioners of Public Charities and Correction; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of FIFTY THOUSAND DOLLARS (\$50,000.)

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or free-

holder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the Meats required, before making their estimates.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year.
