LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, July 19, 1879.

JACOB M. PATTERSON, Jr., Esq., Clerk of the Common Council: DEAR SIR—With your communication, dated July 2, 1879, you transmit the resolutions of the Board of Aldermen, adopted June 24, 1879, requesting me to report to the Board by what right any portion of the property lying between Sixteenth and Seventeenth streets, Avenue C and the East river, can be used for any other than market purposes, and if, in my opinion, the use of such property, as the site for an hospital for the reception of patients, will not vitiate the title of the city to the

Upon examination, I find that the premises in question were conveyed by Robert W. Lowber and wife to the Mayor, Aldermen, and Commonalty of the City of New York, by deed dated the 10th day of March, 1857, and recorded in the office of the Register of the City of New York, in Liber 772 of Conveyances, at page 326.

The deed is a full covenant, warranty deed, without condition or restriction, and imposes no

obligation upon the corporation to use the property for any specific purpose.

It is probable that the statement in the preamble of the resolution transmitted to me, that the property was conveyed to the city, to be used exclusively for the purpose of a public market, was based upon the resolution of the Common Council, under which the purchase was made. This resolution, which took effect March 2, 1857, may be found in volume 25 of the Joint Proceedings,

at page 41.

By the terms of that resolution, the Comptroller was directed to purchase, without delay, for the uses and purposes of a market, the property of Robert W. Lowber, in question; and it was further resolved that the premises, when purchased, should be subject to the control and supervision of the Commissioners of the Sinking Fund.

While these resolutions undoubtedly indicated the intention of the corporation in purchasing the premises, and the use which it was proposed to make of them, they nevertheless constitute merely a declaration of intention, and not a restriction which it is beyond the power of the municipal

But even did the resolutions constitute such a restriction, as the limitation was not incorporated in the deed, nor the premises purchased at a reduced rate in consequence of a specified purpose to which they were to be put, the condition was one from which the city could be relieved by authority

of the Legislature.

It has been decided by the Court of Appeals, in the case of The Brooklyn Park Commissioners against Armstrong (45 N. Y., 234), that property acquired by a municipal corporation for public purposes may be sold free from the trust imposed in its acquisition, if such sale be authorized by the Legislature, and that the right to discontinue the public use of land thus acquired, and to sell it to private parties, under the sanction of the Legislature, exists, notwithstanding the fact that such abandonment and sale will lessen the value of the surrounding property, which has been assessed for the benefit and advantage to it from the maintenance of the public use. There is no contract in such cases with the owners of such adjacent property to maintain the public use.

With reference to the property in question, the Legislature has given to the Commissioners of

contract in such cases with the owners of such adjacent property to maintain the public use.

With reference to the property in question, the Legislature has given to the Commissioners of the Sinking Fund specific power to sell or lease the same.

It is provided as follows, in section 102 of the Charter of 1873:

"The said Board" (of Commissioners of the Sinking Fund) "shall have power to sell or lease, for the highest marketable price or rental, at public auction or by sealed bids and always after public advertisement and appraisal, under the direction of said Board, any city property, except wharves and piers. But if said property be market property, excepting the market between Sixteenth and Seventeenth streets, east of Avenue C, the market in Gouverneur slip, and the market in Old slip, it shall not be sold or leased," unless under specified conditions.

The effect of the exception last quoted is to leave in the Commissioners of the Sinking Fund full power to dispose of the property in question, either by sale or lease, and in case of a sale or lease, the purchaser or tenant could put the property to any lawful use which he should see fit.

I am therefore of the opinion that, under the authority conferred upon them by the Legislature, as well as by the resolution of the Commissioners of the Sinking Fund have a right to authorize the use of the property in question, for other than market purposes, and that any lawful use thereof, authorized by them, will not vitiate the title of the city to the property.

M., at which time such bids or estimates will be publicly opened by the head of said Department and read.

Each bid or estimate must be enclosed in a sealed envelope, endorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates. Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them thesein; and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the same work; and that it is mall respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the corporation any difference between the sum to which he would be entitled on its completion, and that which the contract may be awarded at any subsequent letting; the amount in each case to

surety.

The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

The contract for the work, if awarded at all, will be awarded to the lowest bidder, whose proposal, considering the price, quality, and durability of the pavement which he offers to lay will, in the opinion of the Department, be most advantageous to the city.

But the Department reserves the right to reject all the bids received in response to this advertisement if it shall deem it for the interest of the city so to do, and to readvertise until a satisfactory proposal shall be received. But the contract, when awarded, will be awarded to the lowest bidder, with adequate security, for the particular kind of pavement which shall be adopted by the Department.

ment.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract, within forty-eight hours after written notice that the same has been awarded to his or their bid or estimate; and in case of neglect or refusal so to do, he or they will be considered as having abandoned it and as in default to the corporation.

same has been awarded to his or their bid or estimate; and in case of neglect or refusel so to do, he or they will be considered as having abandoned it and as in default to the corporation.

The work to be done is the grading and paving of such portions of the walks and foot-paths in said park as the Commissioners of said Department shall designate on the map and ground, and is estimated to amount to about 41,000 square feet.

This estimate is only approximate, and not to be held as entitling the contractor to any claim for damages, should the actual amount of work be greater or less. He understands that he contracts with reference to the actual amount of space to be paved or repaved, so designated on the map or plan of the park and on the ground. Each bidder must furnish with his bid or estimate full and complete specifications for the work, showing the mode of making and laying the pavement he proposes to lay. A copy of the specifications, furnished by the bidder to whom the contract may be awarded, will be annexed to and form part of the contract.

Bidders will state in writing and also in figures, a price per square foot for laying the pavement. This price is to cover the furnishing of all the necessary materials, tools, and labor, the removal of old walks (where there are any), the excavation and grading of the bed for the pavement, and the full and entire performance of the whole work set forth in the contract and specifications. The time allowed to complete the whole work will be ninety days, and attention is called to the claim of the contract, by which the damages for delay beyond that time are fixed and liquidated at \$100 per day.

The amount in which security is required for the performance of the contract, is five thousand dollars.

The form of the contract which the successful bidder will be required to execute and with reference to which all bids must be made, can be seen at the office of the Department. Further information as to the nature and amount of the work, the forms of proposals, etc., if
