#### LEGISLATIVE DEPARTMENT.

[From the Proceedings of the Board of Aldermen, March 9, 1876.]

Alderman Billings called up G. O. 96, being a preamble and resolution, as follows:

Whereas, It appears by the certificate of the Commandant of the Seventy-first Regiment of the National Guard, dated January 10, 1876, together with the certificate of the Adjutant-General dated January 12, 1876, that each of the companies of the said regiment has reached the minimum number of non-commissioned officers, musicians, and privates, established by section 12 of the act entitled the Military Code, who regularly attend the drills and parades of such companies; and the captain or commandant of each of such companies has made a demand, countersigned by the commandant of the said regiment to which such companies belong, for a suitable and convenient armory, drill-room, and place of deposit for the safe-keeping of the arms, uniforms, equipments, accountements, and camp equipage furnished under the provisions of the said act for the use of each of such companies; and

Whereas, The Commander of the First Division and the Inspector-General, as appears by their certificate dated January 10, 1876, deem expedient that a regimental armory be provided, to be used

Whereas, The Commander of the First Division and the Inspector-General, as appears by their certificate dated January 10, 1876, deem expedient that a regimental armory be provided, to be used by all the companies of the said regiment, and have approved the premises hereinafter mentioned as suitable and convenient premises for a regimental armory to be used by all the said companies of the said regiment, and the said commandant of the said regiment has made a demand, dated January 10, 1876, that suitable and convenient premises, approved by the said Division Commander and Inspector-General, be provided for a regimental armory to be used by all the companies of such regiment, such accommodation not being provided in a State arsenal within the County of New York; and

Whereas, The proper demands, countersigns, and certificates prescribed by the Military Code have been made and provided by and on behalt of the said regiment and the companies thereof;

Resolved, That the leasing of premises for an armory and drill-room for the use and occupation for military purposes of the Seventy-first Regiment of the National Guard in the City and County of New York be and the same is hereby authorized, and that the Clerk of this Board be and he is hereby authorized and directed to execute a lease, in the name of the Mayor, Aldermen, and Commonalty of the City of New York, and to affix the seal of the said Corporation thereto, of the entire premises on the second story of the building bounded by Broadway, Sixth avenue, Thirty-fifth and Thirty-sixth streets, in the City of New York, described in the leases thereof, dated February 16, 1869, executed in pursuance of resolutions of the Board of Super visors of the County of New York, and heretofore used and occupied as an armory by the Seventy-first Regiment, for the term of three years from the 1st day of May, 1876, at the yearly rent of twelve thousand dollars, payable quarterly, to be used and occupied by all the companies of the Seventy-first Regiment for a regimental armory; tha previous written consent of the owners; also, that the superstructure shall be kept in good repair during the term of said lease, by and at the expense of the owners of said property, and the usual fire clause in leases; and that the Comptroller be and he is hereby directed to pay the said rent quarterly.

Alderman Morris moved to amend by striking out the words "twelve thousand," before the word "dollars," and inserting in lieu thereof the words, "eight thousand."

The Chairman pro tem. put the question whether the Board would agree with said motion.

Which was decided in the negative.

Alderman Howland moved to insert the words, "and that there be inserted in said lease the usual fire clause," in lieu of the words, "and the usual fire clause in leases." The Chairman pro te n. put the question whether the Board would agree with said motion.

Which was decided in the affirmative. The Chairman pro tem. put the question whether the Board would agree with said preamble

Which was decided in the affirmative by the following vote (a majority of all the members

elected voting in favor thereof):

Affirmative—The Chairman pro tem., Aldermen Billings, Cole, Cudlipp, Gross, Guntzer, Hess, Howland, Lysaght, Purroy, B. Reilly, Sauer, Seery, Tuomey, and Wade—15.

Negative—Aldermen Morris—1.

#### APPROVED PAPERS.

Resolved, That the Comptroller be and he is hereby respectfully requested to report to this Board, at his earliest convenience, a list of the property now leased by the city, which is at present unoccupied, giving the location of each particular piece of property so leased and unoccupied.

Adopted by the Board of Aldermen, March 2, 1876. Approved by the Mayor, March 4, 1876.

Resolved, That permission be and the same is hereby given to Richard Sager to erect a wooden post, not to exceed in dimensions seven inches square, with an iron rail not to exceed four inches by one and one-half inches, extending to the house front, opposite the house on the southwest corner of First avenue and Third street, and on the Third street front thereof, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, February 24, 1876. Approved by the Mayor, March 2, 1876.

Whereas, The present condition of Tompkins square is a disgrace and a reproach to any civilized government. Instead of affording a promenade for our citizens or a play-ground for the children resident in the vicinity of the square (and it is located in the centre of one of the most populous and densely crowded sections of the city), it has been a nuisance to the neghborhood for years past, and it is now positively dangerous to walk in or across it, as the surface is broken up by excavations in some places from ten to thirty feet deep, and in mounds and hillocks in others, from twenty to fifty feet high, and rendering the square useless for public purposes; be it therefore

Resolved, That the attention of the Commissioners of Public Parks be and is hereby respectfully called to the present outrageous condition of Tompkins square; and the said Department is also hereby respectfully requested, at the earliest practicable period, to improve the surface of the square, so that it can be used, as was originally intended, for park purposes; and that the amount authorized by the Legislature to be extended in such restoration, be immediately applied to the uses for which such appropriation was made.

Adopted by the Record of Aldermen, February 24, 1876. civilized government. Instead of affording a promenade for our citizens or a play-ground for the

Adopted by the Board of Aldermen, February 24, 1876. Approved by the Mayor, March 2, 1876.

The Committee on Public Works, to whom was referred, with instructions to report at the next meeting, the annexed communication, asking that the Board of Aldermen take measures to supply work for the unemployed workingmen in the city, respectfully

REPORT:

That the subject of the petition has on several occasions, during the past two or three years particularly, engaged the serious attention of the Common Council, and on every such occasion with like results. The corporate authorities of this city, as has been repeatedly shown, are absolutely powerless to afford, in any manner, the relief asked for in the petition. It is not in their power to appropriate a single dollar, or employ a single laborer, and this disability imposed upon the city authorities has been so clearly and often set forth and published, in reply to like applications, in this and former years, that it is simply time and labor wasted in further dissertation on the question. Even the causes that have led to this deplorable result have been pointed out to the workingmen, and they have

also been shown how to apply the remedy.

It is needless to reiterate here, what has been so often proved by word and deed, that this Common Council, by every legitimate means within its power, and so far as it possesses the power, will legislate for the best interests of the workmen of the city, keeping in view, also, the many other interests which it is bound to foster and protect. It must not be forgotten or lost sight of, that the government of the city is elected to care for all its people, and to protect every one in the enjoyment of his rights. This is the proper and legitimate function of all governments, and any government that departs from this line of conduct, or is partial in its laws to any one class, is certain to prove tyrannical and oppressive to all others. The bane and curse of this city, for the past twenty years, has been special legislation at Albany, in the interest of one or the other political party in the State and city. It made the "ring frauds" possible, by which the city lost or was defrauded out of millions of dollars, and increased taxation for the legitimate annual expenses of the government from \$8,000,000, in 1858, to \$36,000,000, in 1876.

There are at the present time many descriptions of work upon which large numbers of laborers might be employed, authorized either by the State Legislature or the Common Council. So far as the Common Council is concerned, it has made it a point, upon all occasions, to provide employment for laborers and others by the passage of the necessary ordinances, where the interest of the city and the owners of property, who have to pay for the work, seemed to require that such improvements be made.

Among the principal or most important works that can be immediately undertaken and completed, the following may be mentioned:

Regulating, grading, etc., Kingsbridge road, from One Hundred and Fifty-fifth street to Spuyten Duyvil creek.

Regulating, grading, etc., Eighth avenue, from One Hundred and Twenty-fifth street to Harlem

Both the above were advertised for public letting, last year, at the urgent solicitation of the owners of property, who are required to pay the assessments for the work; and had they been commenced, larger numbers of workmen could have been employed during the past fall and present winter. By some unexplained or inexplicable reason, the contracts were not made, nor the work commenced. It is for the Departments charged with the work, or the Department of Finance, to explain the reason of the failure. Whoever is responsible deserves the severest censure.

The work on the Eastern Boulevard should be continued, at the earliest practical period. This will afford employment for a vast number of men—laborers, rockmen, and bricklayers—and the work is not only asked for by the owners interested in paying for it, but is most strenuously urged by the East Side Association.

The work on the Morningside Drive and Park, commenced last season, and suspended shortly after being commenced, should at once be resumed. The work is one of advantage to the city, the property-owners, and to the large number of men that could be employed upon the work.

property-owners, and to the large number of men that could be employed upon the work.

A large number of men could, with advantage, be employed in completing the sewers on the main Boulevard, work which, upon inspection, appears to have been well and economically performed by the day. Old and experienced men have heretofore had charge of the work; and your Committee take the liberty of saying that if all the work for the city were to be done by the day, and inspected as efficiently as this has been, the taxpayers would have no reason to complain of the system of doing

work for the city by the day.

The Common Council has quite recently passed resolutions for laying large Croton water pipes in certain portions of the city, particularly south of Canal street. The act, chapter 477, Laws of 1875, leaves it discretionary with the Commissioner of Public Works whether this work shall be done by contract or by the day. It is but fair to presume that the work will be well, efficiently, and economically done, whichever system is ultimately adopted. The well-known ability and energy of the present Commissioner is evidence sufficient upon the point. By the day system, however, much delay would be obviated, such as advertising for bids, opening, awarding, and confirming the contracts, etc., and the work could be immediately commenced. By the day, also, it is beyond question that this work, or a particular portion of it, should be done, and for this reason; imperfectly caulking one joint on one of the large water-mains might result in the most disastrous consequences, in case of a break or leak, and would entail expenses far in excess of the difference of cost between the two systems, for doing the entire work by the day. In this connection, it may be well to state, that the pipes heretofore laid by contract, under the supervision of the Engineer of the old Croton Aqueduct Department, have had to be taken up and relaid at an enormous expense. The mains in the Eighth avenue is a case in point. It is notorious also, that the expense of the repairs to sewers built by contract under the direction of the same Engineer in that Department, is such as to warrant the statement that it would be cheaper to have many of them rebuilt. For work of this character—sewers and water-pipes—the day system appears to work to the most advantage.

The wall intended to inclose the Central Park could, also, at this time, with advantage, be completed. It would afford employment to a large number of mechanics and laborers. The work of cleaning out the deposit from the bottom of the lakes in the Central Park would, also, if prosecuted at this time, afford work to a large number of men. The Commissioners of the Central Park could, also, with advantage both to the city and the laboring men, purchase large stone and employ a great number of men in breaking them up for macadamizing purposes.

number of men in breaking them up for macadamizing purposes.

It is also hereby recommended that your Honorable Body immediately pass the resolution and ordinance providing for working a country road on the line of the Riverside Drive, being General Order No. 70 on the list of Unfinished Business. This work is asked for by the owners of property, who will be assessed to pay therefor, equally with the city, as half the property on the line of the proposed improvement is owned by the Corporation. This will also afford employment to a vast num-

The Department of Docks can also, with advantage to the city, employ a large number of men in the work under its supervision, and the attention of the Department is herewith respectfully called to the resolution of the Common Council, passed last year, requesting that all the stone used be cut and dressed in this city, by resident workmen.

By ordering the several descriptions of work above enumerated, and other work that may have escaped the notice of your Committee, but which is controlled by the several Departments of the city government, to be commenced as early in the season as possible, it is to be hoped that, with the cheering prospect of better times in all departments and branches of private business and enterprise, a return of confidence among capitalists, a good and lucrative market, both at home and abroad, for our surplus products and manufactures, and the impetus that will be given to all description of business, by natural causes during the Centennial year, the end of the panic of 1873 and its consequences will disappear, and the country may, with every prospect of success, enter upon a new era of prosperity.

Your Committee respectfully offer for your adoption the following resolution:

Resolved, That a copy of this report, and accompanying recommendation or suggestions, be transmitted to each Department charged with the performance of the work therein mentioned, with a request from the Common Council that such work be undertaken as soon as possible, and prosecuted to completion without any unnecessary delay.

WM. H. McCARTHY, Committee on HENRY D. PURROY, Public Works.

Adopted by the Board of Aldermen, February 24, 1876.

Received from his Honor the Mayor, March 2, 1876, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That Daniel S. Hart be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of Daniel S. Hart, whose term of office has expired.

Adopted by the Board of Aldermen, February 24, 1876.

Resolved, That Myer Masten be and he is hereby appointed a Commissioner of Deeds, in place of Max Moses, who has resigned.

Adopted by the Board of Aldermen, February 24, 1876. Approved by the Mayor, March 2, 1876.

Approved by the Mayor, March 2, 1876.

Approved by the Mayor, March 4, 1876.

Resolved, That Benjamin W. Buchanan be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of James McGowan, who has failed to qualify.

Adopted by the Board of Aldermen, March 2, 1876.

Resolved, That John N. Buckley be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of Burton N. Harrison, resigned.

Adopted by the Board of Aldermen, March 2, 1876.

Approved by the Mayor, March 4, 1876.
