## BIO

**Q. What do you do in your job?**

My primary responsibility is financial planning. I oversee two units: Fiscal and Accounts Payable. My team and I ensure our agency has sufficient funding to perform its necessary duties in the current and out years.

**Q. How long have you been working for the City?**

I've been working for the City for about 10 years. I spent the first 5 years at NYCHA and the remaining at Office of Payroll Administration (OPA) and Financial Information Services Agency (FISA). Time passes by so fast! Overall, the work experience has been wonderful. Throughout my career, I've been fortunate to have great mentors, hardworking teams and peers to help me along on my path. Although it will be a while, I plan to retire with the City... in 22 years, 9 months and about 14 days. But who's counting?

**Q. Name a special interest or hobby.**

Swimming. It's really therapeutic.

**Q. What's your favorite thing about City service?**

I love the synergy at OPA/FISA. When there's a new initiative, we all collaborate to make it happen and it evolves into something better.
