[1]Denominator only includes patients for whom the current hospitalization occurs in the reporting quarter. Any patient whose current hospitalization occurred in a different quarter than the preceding (but still within 30 days) will be counted in the quarter of the current hospitalization.

[2]Data for July '19 are excluded from Q3 2019 due to transitioning to new electronic health record.

[3]Denominator is based on individuals in custody during the census period and does not reflect average daily population during the census period.
