**PR-135 POWER DISTRIBUTION IMPROVEMENTS AT PORT RICHMOND WASTEWATER RESOURCE RECOVERY FACILITY** - Innovative Procurement - Judgment required in evaluating proposals - PIN# 82623I0001 - Due 2-3-23 at 4:30 P.M.

The New York City Department of Environmental Protection (DEP), intends to issue a Request For Qualifications (RFQ), to obtain Statements of Qualifications (SOQs) from qualified teams interested in providing design-build services for the Upstate Roadway Reconstruction & Improvements Project.

DEP is committed to using best practices as defined by the Design-Build Institute of America in its selection of the design-build team and for carrying out a collaborative design-build approach to project delivery. DEP will utilize a two-step best value selection process that prioritizes design, quality, experience, and qualifications. Only the design-build teams receiving the three (3) highest rated scores for their SOQs will be placed on the short-list, and subsequently invited to submit a proposal in response to the Request for Proposals (RFP). The best value selection process for the RFP will evaluate the ability of the design-build team to design, construct, and manage the project, and to provide a quality asset, on-time and on budget, for a competitive fixed price. DEP will make stipends available to short-listed firms that participate in the RFP process but are not ultimately awarded a design-build contract.

**CORRECTED: MATERIALS INNOVATION HUB RFEI** - Request for Information - PIN# 10049 - Due 5-3-23 at 11:59 P.M.

The New York City Economic Development Corporation (“NYCEDC”), invites academic institutions, material innovators, industry, coalitions and others to submit responses for the development of a Materials Innovation Hub. The goal of the Materials Innovation Hub is to make New York City (“the City,” or “NYC”) the center of biomaterial innovation, research and development (“R&D”) for industry and commercialization. By creating an open access Materials Innovation Hub, the City will become the center of biomaterial products that transform industry through fostering corporate partnerships, creating new workforce opportunities, and advancing the City’s carbon-neutral goals. The Materials Innovation Hub, will focus on the connection between key NYC legacy industries – including, but not limited to, medicine, packaging, construction, fashion – for which biomaterial products and applications will become increasingly prevalent. The Materials Innovation Hub, should also provide space and resources for a diverse group of growth-stage life sciences companies, encourage collaboration across industries, and foster a sense of community between the Materials Innovation Hub and the life sciences and green economy ecosystems.

NYCEDC plans to select an operator on the basis of factors stated in the RFEI which include, but are not limited to: the quality of the respondent, the quality of the proposed R&D organization, and the quality of the proposed project.

It is the policy of NYCEDC to comply with all Federal, State and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-owned Business Enterprises (MWBES) share in the economic opportunities generated by NYCEDC’s projects and initiatives. Please refer to the Equal Employment and Affirmative Compliance for Construction Contracts Addendum in the RFEI.

This project has Minority and Women Owned Business Enterprise (“M/W/DBE”) participation goals, and all respondents will be required to submit a Contractor Statement on M/W/DBE Goals with their response. To learn more about NYCEDC’s M/W/DBE program, visit <http://edc.nyc.gov/opportunity-mwdb>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/W/DBE, please visit: <https://sbsconnect.nyc.gov/certification-directory-search/>.

NYCEDC established the Contract Financing Loan Fund programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE) interested in working on public construction projects. Contract Financing Loan Fund facilitates financing for short-term mobilization needs such as insurance, labor, supplies and equipment.
