## NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by de-fective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., with-out the knowledge or consent of the owners of the prem-iees.

ont the knowledge or consent of the owners of the premi-ters. The main object of the use of water-meters is to enable is Department to detect and check the useless and un-warrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this ob-pect can only be accomplished by enforcing payment for the water wasted. Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises re-sonsible for the amount of water used or wasted. Notice is therefore , iven to all householders that, in all allowance will be made on account of waste of water oplumbing, or wasteful use of water by trenants or occu-pants of buildings, though such leakage or waste may ave occurred without the knowledge or consent of the owners of the buildings. Muse owners are further notified that whenever their fremises become watant, and are likely to reman vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will he allowed for, any portion of one year.

GRANTS OF LANDS UNDER WATER. GRANTS OF LANDS UNDER WATER. THE OWNERS OF LANDS IN THE CITY OF New York, which were formerly under water, and which were granted by the City ot New York, are noti-fied that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their succes-sors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be re-parted and repayed, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot. The matter will shortly be presented to the Commis sioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and applica-tion for releases should therefore be made at once. They may be sent to the undersigned. Dated NEW YORK CITY, August 7, 1888. JOHN NEWTON, Commissioner of Public Works.
